

FEDERATION MEETING VERY SUCCESSFUL

LADY OFFICIALS OF STATE ENTERTAINED BY SANFORD CLUB

The executive board of the Florida Federation of Woman's Clubs closed a most successful ten days' session on Tuesday afternoon that was marked by a spirit of congeniality and harmony that has made it one of the best meetings in the history of the Federation.

Mrs. Jennings, one of the best known and foremost women in the state, prominent socially, a leader in club circles and possessing an influence that is widespread, presides with a dignity and grace that compels admiration and attention.

Promptly at three o'clock Thursday afternoon the meeting was called to order and the board proceeded to dispose of a large amount of business.

Four clubs were admitted to membership in the Federation adding eighty-four new members to the constantly increasing membership.

Mrs. Jennings announced the election of Mrs. W. B. Young of Jacksonville as treasurer of the General Federation, also Miss Louise Meigs of Jacksonville as director from the state of Florida on the board of the General Federation.

An outline of the program for the coming convention to be held in November in Miami indicates that the meetings will be of unusual interest and importance and will be up to the standard maintained in the past.

The reports from the several chairmen of departments present proved that the Federation work was of increasing importance in the state and that the club spirit is constantly increasing and broadening.

The Thursday morning session of the board, which included very interesting talks on the Royal Palm Park in Dade county was interesting throughout and resolutions passed were indicative of the constructive work of the Federation.

A motion to authorize the building of a lodge in the Park was unanimously carried. The work will begin immediately.

Entertainment for Delegates Owing to the extreme warm weather the entertainments given in honor of the delegates were entirely informal but none the less enjoyable.

On Thursday evening a reception was tendered them at Hotel Carnes. The reception was held in the lobby of the hotel which had been simply decorated with vases of garden flowers.

Mrs. T. V. Moore, vice president at large was the charming guest of Mrs. J. W. Dickens.

Mrs. J. Edgar Lewis of Elrod, vice president Section 5 and Mrs. J. A. Hendley, state chairman of civics were with Mrs. C. B. Walker.

Mrs. N. C. Clark, president Woman's Club Dade City was the guest of Mrs. Geo. C. Herring.

Mrs. C. H. Edwards of Orlando and state chairman of conservation was entertained by Mrs. S. Puleston.

Mrs. Berkley Blackman, state chairman of literature motored in from the Wekiwa Ranch. Mrs. C. B. Lands, president of the Woman's Club, DeLand and Mrs. J. C. Ensign, president of Civic League, Orlando; Mrs. John Schnaar, Orlando, president Suffrage League, Orlando, and Mrs. A. B. Whitman, president of the Sorosis Club, Orlando, motored from their respective homes for each day's session.

Vera Terheun, Maud Lake, Serita Lake, Sarah Evelyn Williams, Dorothy Rumph and Mary Elizabeth Puleston, under the direction of their young teacher, Miss Wight. Mrs. Albert Fry presided at the piano. The youthful dancers interpreted the "Govott" with demure precision, treading the mazes of the stately dance with charming grace that won enthusiastic applause.

Mrs. Lucille Aspinwall Takach delighted with three beautiful selections which included an encore that would not be denied for Mrs. Takach is another first favorite in Sanford and elsewhere; the "Banjo Song" (Sydney Holmes; "In Juneteide" (Wm. Spencer Johnson) and "Out in Life's Garden" (Carrle Jacobs Bond). She was accompanied by her sister, Mrs. Albert Fry. A pleasant surprise of the evening was the gracious consent of Mrs. Iva Sproule Baker, state chairman music, to render a piano selection.

Punch was served throughout the evening by Miss Ruth McDaniel and Miss Virginia Brady and Miss Lillian Herring, assisted by several of the girls from Miss Wight's dancing class. These also served refreshments later in the evening.

The original appropriation for Sanford was \$70,000, but this sum could be supplemented by an additional appropriation after the final plans are drawn if the need of larger building can be brought to the attention of the Department.

It is necessary that the Board of Trade and all the people of Sanford get right behind Congressman Sears on this postoffice matter and keep it pushed up to the limit.

Following luncheon the guests were taken for an automobile ride in and around the city, through the courtesy of the Board of Trade.

Where They Were Entertained Mrs. Wm. S. Jennings, president of the State Federation was the guest of Mrs. Forrest Lake.

Miss Louise Meigs, a director of the General Federation and Mrs. Frank E. Jennings, president of the Jacksonville Woman's Club were entertained by Mrs. Henry Wight.

Mrs. A. W. Young, president of the Vero-Civic League was the attractive guest of Mrs. Ernest Galloway.

Guests of the Woman's Club at Hotel Carnes were Mrs. W. C. Richards, president Tampa Civic League; Mrs. Iva Sproule Baker, state chairman of music; Mrs. J. F. Van Dusen, Pres. New Smyrna Woman's Club; Mrs. Marie Frost, chairman of art, New Smyrna.

Mrs. J. Edgar Lewis of Elrod, vice president Section 5 and Mrs. J. A. Hendley, state chairman of civics were with Mrs. C. B. Walker.

Mrs. N. C. Clark, president Woman's Club Dade City was the guest of Mrs. Geo. C. Herring.

Mrs. C. H. Edwards of Orlando and state chairman of conservation was entertained by Mrs. S. Puleston.

Mrs. Berkley Blackman, state chairman of literature motored in from the Wekiwa Ranch. Mrs. C. B. Lands, president of the Woman's Club, DeLand and Mrs. J. C. Ensign, president of Civic League, Orlando; Mrs. John Schnaar, Orlando, president Suffrage League, Orlando, and Mrs. A. B. Whitman, president of the Sorosis Club, Orlando, motored from their respective homes for each day's session.

POSTOFFICE BUILDING IS PROGRESSING

SANFORD IS HEADQUARTERS FOR SIX COUNTIES HERE

Postmaster Elder is receiving communications from the Department every week regarding conditions here relative to the erection of the new Federal building. Soundings have already been made and the Department now wants facts and figures on the gas, water and sewers, etc., all of which means that the new building will soon be started.

Very few of our citizens know that in the past few months Sanford has been made the headquarters for supplies in the postoffices and federal buildings for six counties and this item alone would mean a much larger and better equipped building than the average city the size of Sanford should possess.

The original appropriation for Sanford was \$70,000, but this sum could be supplemented by an additional appropriation after the final plans are drawn if the need of larger building can be brought to the attention of the Department.

It is necessary that the Board of Trade and all the people of Sanford get right behind Congressman Sears on this postoffice matter and keep it pushed up to the limit.

Methodist Church Opens Sunday The handsome and up to date Methodist church is nearing completion.

Next Sunday morning the Sunday school will meet at the usual hour under very much more favorable circumstances than for sometime. The classes can go to their rooms again and we trust that nothing will come in the future to hinder the good work that has been going on.

Preaching services will be held here next Sabbath. Through the courtesy of the officials of the Congregational church the Methodists have been worshipping in their church for some weeks.

All the Methodists and their friends are cordially invited to return to their home next Sunday.

Plans are now being laid for a great Sunday school rally to take place on October 1st. It will also be Home Coming Day.

Since all the departments of church life are planned for in the new building and it will be ready for use in these departments a full attendance of the members is urged so as to have every department to run smoothly.

Rattlesnakes Galore

Some people think rattlesnake stories are calculated to scare people away from Florida but nevertheless the snakes are here and at this particular time of the year they can be found in many places. Homer Bullock a young lad of this city killed one the other day that measured six feet. A party coming back from Palm Springs the other day killed one near the road that measured over six feet. Mr. Brookins who has charge of the factory that is getting out switch grass on the St. Johns river reports that his men kill snakes almost every day of the moccasin and rattlesnake variety and that there are plenty of them in the tall grass. All of which goes to remind us that anyone walking through the woods or the grass and especially children should be mighty careful. The snakes are there and don't April Fool yourself about them.

ROUMANIA AND ITALY DECLARE WAR

AGAINST GERMANY AND WILL FIGHT WITH ALLIES

Roumania declared war against Austria Hungary last night, according to a dispatch received at Paris from Berne, Switzerland, and an official statement at Berlin confirms the report.

The decision of Roumania to enter the war was reached at a meeting of the crown council at Bucarest yesterday, says a news agency dispatch from Geneva and the federal council has been convoked for immediate sitting.

Roumania is the fourteenth nation to enter the war, and it is asserted by some that it can mobilize a million men. Its army is estimated at five hundred and eighty thousand. This entry opens a gateway for the Russians to attack Bulgaria from the north.

At Athens yesterday, fifty thousand Greeks joined in a demonstration before the residence of former Premier Venizelos.

Germany is expected to declare war on Roumania within twenty-four hours, according to a Hague dispatch. The general Federal Council met this morning. The Roumanian legation at Berlin is under police guard, and the Italian embassy was stoned yesterday.

No indications have been received as to the immediate effect of the Balkan military situation by the Roumanian war declaration, or moves already made by both sides.

The German Federal Council, which must consent to any war other than defensive called a meeting immediately.

Censors are releasing little news of the Macedonian campaign. The Bulgarians claim constant gains and are pushing into Albania. London announces only scattered artillery actions.

Bad weather is interfering with operations on the Somme front. Paris reports the repulse of German attacks at Fleury on the Verdun front.

Germany has declared war on Roumania, and an official statement records the capture of Roumanians on the Transylvanian frontier, indicating that fighting has already begun.

A dispatch from Rome states that Italy yesterday declared war on Germany and an official announcement made at Berlin reads: "The Italian government has declared through the Swiss government that it considers itself from Aug. 28th at war with Germany."

A Havas dispatch from Rome gives a communication published by the Stefani Agency and addressed by the Italian government to inform the German government that Italy considers herself at war with Germany from and after Aug. 28th.

WANT A NO FENCE LAW

Lake County to Have an Election to Vote on the Question "Believing that without another step being taken to place before the people of Lake county the many advantages that would accrue from a law placing cattle, sheep and hogs under fence, a no fence law would carry, Dr. W. D. Bush of Leesburg local health officer and in touch with the situation over the county, has started a petition asking for a vote upon the question in this county," says the Leesburg Commercial.

"Dr. Bush points out that Fruitland Park, Montclair, Whitney and Orange Bend have the hogs fenced in and that Okahumpka is ready for the same provision. He has found a large acreage that would be put in melons next season if it were not for the expense of fencing against hogs and cows. This costs according to various estimates, from \$100 to \$140 a mile. In one tract he found 3pp acres that would be placed under cultivation, put out in melons and in grove, were it not for the free cattle range."

"After careful investigation in practically every section of Lake county, Dr. Bush concludes that two-thirds of the voters will vote 'aye' on the fencing in of stock. The propaganda of better cattle and tick eradication shown the cattle men themselves the advantages of having their stock enclosed and under control so that the tick can be eliminated from the herds, and there will be very little opposition from the more progressive among even the owners of cattle."

Beach Party Mr. Harry Ward of this city who is spending several days at Daytona Beach, the guest of the Daytona Beach Hotel was the guest of honor at a birthday party given by Mr. and Mrs. Ayers, managers of the hotel in honor of Mr. Ward's fiftieth birthday on Wednesday of last week.

The celebration was held down on the beach, where a big bonfire was built and the guests roasted marshmallows, danced, sang songs and told stories until the wee hours of the morning. A big 20 lb. birthday cake was provided, holding 50 candles, and this with ice cream and the marshmallows served as most delicious refreshments.

After refreshments the host introduced Mr. M. S. Lucks as toastmaster, who after a very nice little speech called on several of the party for expressions in keeping with the occasion, and several of the party responded with very beautiful tributes to their friend, Mr. Ward and wished him many happy returns of the day.

Among those present were: Mr. and Mrs. Harry Ward, Sanford; Mr. Hann, Daytona; Mr. Pick Evans, DeLand; Miss Ella Evans, Gainesville; Mr. and Mrs. M. Frank Sanford; Mrs. J. Hardy and daughter, New York; Mr. and Mrs. J. C. Shelby, Newark, N. J.; Mr. and Mrs. M. S. Lucks, Detroit, Mich.; Miss Fowler, Detroit; Mr. and Mrs. W. F. Allen and daughters, Titusville; Mr. and Mrs. J. Burdick, Orlando; Mrs. Carrie Yelzer, Jacksonville; Mrs. Mary Phelps, Sanford; Miss Willie Dean, Orlando; Miss Minnie Burdick, Orlando; Mr. and Mrs. J. R. Stewart, Sanford; Miss Ada Dickson, Sanford; Mr. W. H. Aspinwall, Washington; Mr. and Mrs. K. Lanier, Leesburg; Mrs. L. Renshaw, Leesburg; Mr. and Mrs. I. Johns, Daytona; Mr. and Mrs. W. B. Buchanan, Sanford; Miss Emma Freeman, Daytona; Mr. and Mrs. W. Hatter, Cocoa; Mrs. E. F. Duren, Titusville; Miss Sadie and Foy Duren, Titusville.

Gone to North Dakota The many friends in Geneva and Sanford will be sorry to learn that Mr. and Mrs. H. Y. Tarbel and two children, Newell and Miss Thusa left Geneva last Tuesday for North Dakota, their home for many years.

Mr. Tarbel is one of the Michigan colony who came to Geneva three years ago but owing to peculiar conditions he decided to return to his first love—raising grain in the west. Mrs. Tarbel and daughter will visit in Paw Paw, Mich., for two weeks before joining Mr. Tarbel in Dakota.

This family will be greatly missed in many ways in Geneva and especially in church work, to which they were always faithful.

Of the entire Michigan colony which came only one family remains.

Attention, Citizens—Boosters If you are interested in trying to make this a convention city, be on hand at the Methodist church in the Brotherhood room at 8 o'clock Tuesday evening. There will be plans made by which we might obtain a convention, of seven hundred people, to be here in the fall of 1917.

Board of Trade members are especially requested to be present at this meeting, August 29, 1916, 8 p. m.

The Sanford people who have been away at various resorts are returning home and this city is assuming its accustomed busy appearance. There are many points of interest in and around this city and the various swimming pools and springs are very popular now.

RAILROADS OF AMERICA WILL STOP TRAINS

STRIKE DECLARED FOR NEXT MONDAY IS THE WORD

Sirs and Brothers: This is to advise that the vote of the employees in train and engine service on the eight hour day and time and one-half overtime proposition was overwhelmingly in favor of a strike.

Notwithstanding this, your representatives have been unable to effect a satisfactory settlement, and a strike under the laws of the respective organizations becomes effective on Sept. 4th, 1916, at 7:00 a. m.

Impart this information so those interested will understand that they are to promptly obey.

On a separate sheet the duties of members and offenders in the conduct of a strike are set forth.

Particular emphasis is placed on conducting the proposed strike as peacefully as possible. Among the duties of members set forth are these:

No men in road service involved in strike will perform any service after the hour set to strike unless he has already begun a trip, and has actually left the terminal.

You have identically the same right to refuse to perform service on a mail train as you have to refuse to perform service on a freight train.

All men on strike will keep away from the Company's property, except such men as are designated certain duties to be performed by the authority of organizations.

Every man should understand that the laws of the land must be obeyed. Acts of violence will not be tolerated.

The last card is played in negotiations trying to prevent what will be the most stupendous strike in the history of the United States and after useless parley, after President Wilson has exhausted every means in his power to avert the calamity the trainmen and the managers of the railroads decided to let the matter come to a break and the trainmen have ordered a strike on all the railroads to begin on Labor Day, next Monday, September Fourth. Just what the outcome will be no one at this time knows but that the strike will tie up the traffic of the United States goes without saying. Those who are in a position to know state that it will mean government ownership of railroads in one week after the strike is in force.

Washington, Aug. 29.—Wilson's negotiations for averting the threatened nation-wide railway strike were useless. A break or a settlement was apparently near. With the railways standing firm against an eight hour day and Brotherhood leaders standing against arbitrating, hope of preventing a tie-up seemed with congress. What congress can do none of the leaders seem to know. Wilson postponed his engagement with the railway executives until yesterday afternoon in order to gain time for the conference. The situation as viewed on all sides is the most perilous since the negotiations began. The hope of the President and administration lay in the possibility to get the Brotherhood men to give more time to negotiate.

Wilson's plan to break the deadlock in the railway situation was discussed at conferences and includes an eight hour law for railroads effective long enough in the future to allow the railroads to prepare and have passed a law creating an investigating commission and preventing lockouts, strikes, etc., pending investigation. This was discussed as the next step after the managers formally refused the President's former plan. Hope of adjourning congress this week was abandoned. The Brotherhood men have gone home, leaving twenty-four to handle the situation. W. G. Lee, head of the trainmen declared the Brotherhoods had no intention of arbitrating an eight hour day.

The strike will call out 400,000 men.

AUSTIN'S IDEAL
When Tim saw her, sweeping gracefully through the office, her golden hair falling lightly over her sturdy young shoulders, he forgot all about the little stenographer. The girl was Midge Jenkins, daughter of Mr. Dudley Jenkins, senior partner of Jenkins & Barr.

Once it was two years later and by this time Tim had come to regard the girl as his presiding divinity. Midge had brought her dog to the office with her.

was akin to a blow to have Mr. Jenkins say: "My daughter will be disappointed not to be at home." But it is the night of some sort of school festivity.

Then came a time when Jenkins and Barr parted company, and for business reasons Tim was retained by Barr instead of Jenkins. All that happened before Tim was two and twenty.

"Is this Mr. Barr?" She, the one who asked this question, was a quietly dressed little person who had been ushered into Tim Austin's presence by his office boy as a "young lady looking for a job."

For a week or so Tim saw little of the new typist. Once or twice he heard Barr say that she was pretty, but the idea of prettiness in any employee interested Tim not at all.

It was in March when the big snow-storm of the winter occurred that year, and Tim Austin was not especially surprised that out of the four or five members of the entire establishment who ventured out that day and arrived at work on time, the new typist was one.

Tim stopped with sudden surprise. For the first time he looked searchingly at the girl. Yes, it really was. It was the same hair, those were the same eyes, and that was the same voice.

"So long as you had money and position I never could have told you I loved you," Tim said, "but now it isn't so very difficult. It seems strange that I should be glad of your apparent misfortune. Perhaps I can do something for your father if he has failed. It is a long time since I have heard of him."

"Yes sir," I responded. "Well, I thundered the managing editor, 'that sort of thing must stop. Now, then, I want you to go up to Tebeau's hotel, and tell him, firmly, emphatically, that he can't use that sort of talk in this city, and that you have my orders, if he refuses to cut it, to roast him in the columns of this paper! Going up to him, he said, "Here's your hat, Mister. Upon being told that the hat did not belong to him he looked at the painter, then at the hat, and finally said, 'Well, it looks like you.'"

Orlando was slaughtered last Wednesday to make a Roman holiday for Mack Selph. Score 4 to 1 in favor of Sanford.

Farmer had plenty to eat but no appetite says a headline advertising Tamarack but since taking the stuff that contains 40 per cent he probably has a good appetite but no money to buy food.

Base ball continues to be the absorbing topic in Sanford and Orlando and as the time draws nigh for the settlement of the championship the interest waxes warmer and warmer. Here's hoping that we can have the same clean quality of the American sport until the end of the series and nothing but good feeling between the two cities.

City ordinances should cover the ground so thoroughly that old shacks, old fences, dirty lots and weeds could be removed at the discretion of the sanitary officer. There are some lots in this city that are a disgrace, there are old sheds and buildings in some places that are a crime, but they have been in the same condition for several years and no relief in sight. Plenty of work for the Woman's Club and the Board of Trade to do here along that line.

F. M. Prewett for many years city editor of the Gainesville Sun has resigned from that publication to take a similar position with the Plant City Courier. Fenton Prewett is a good one and will prove a most valuable addition to Wayne Thomas's force. But the Gainesville Sun was not left helpless for Prewett had that old veteran, Oliver J. Farmer engaged to take his place and Harry McCrary and Oliver J. will continue to give the people of Alachua the best daily in central Florida.

Young fellow named Pearce married Miss Tucker in a Florida town recently. Wedding announcement: Pearce-Tucker. Of course Pearce "tuck-er." It also might have been written: Tucker-Pearce, because that's just what the young lady did. Anyhow, they're satisfied and good luck to them.—Jacksonville Metropolis.

And much more could be said along the same line of preparedness but the bride is probably blushing as it is. And the dog days are af-

fecting the paragraphs somewhat don't you think?

We would like to whisper to Knott, Catts, Sturkie, et al, and all their heirs and assigns forever and hereafter that the columns of this paper are not open to any more slush about the alleged primary election of alleged governors. If any of them want to tell the dear people how it happened they will pay five cents per line or twenty cents per inch for it. In this part of Florida we are too busy to give Catts or Knott any more thought than is necessary to write a name on the ballot in November.

WANTS CLEAN POLITICS
Editorially the Orange County Citizen expressed itself very early in the state political game. In fact, it instantly opposed the notorious Sturkie resolution of the state Democratic committee for the reason, as stated that the resolutions would surely give rise to a campaign of personal abuse, rather than one of public measures.

This forecast has been amply sustained by the daily momentum given the rancorous fight between the gubernatorial contestants.

"Lord save some men from their friends"—the sort of friends.

The fight of the principals is nauseous enough, but the decomposing rot of their friends—some sort of friends—is even worse.

Rather than acknowledge a friend of the type of Charlie Jones of "Dixie," on the one hand, or Tom Watson of "The Jeffersonian," on the other—"Birds of a feather," we would give up the nasty fight and say to the man whose skirts are clean—"Senator Hudson, take the Governor's chair and let us have peace."—Orange Co. Citizen.

Right you are, Bro. Howard. We think Hudson should be Governor of Florida.

NEWSPAPERS ARE MERCHANDISE

The many trade journals published in the interest of the printing business are devoting columns of space to the problem of paper shortage and its high cost. The price of paper has more than doubled in the last few months, making it necessary for many papers to cut down the number of their pages and increase the subscription price; and along with economics in these directions thoughtful publishers are studying sides of the newspaper business to which they have hitherto been surprisingly indifferent.

"Your numerous friends," writes one man on the subject, "who expect free copies of your publication because they have known you so long, do they drop into the drug store and get five cent cigars for nothing because they have known the druggist so long?"
It costs just about four cents for eight pages of the print paper used in the Metropolis, so that every copy of the paper taken from the counter is privileged and supposed to be privileged friends without pay is equivalent to considerably over five cents worth of merchandise "sold on a bad account."

That is the trouble. People who have been taught to look upon a newspaper as so much merchandise, its space for sale and its cost to be met by the patronage it gains.

It has taken the big increase in the cost of publishing a newspaper to make even publishers come to a realization of some of these facts. And many of them are amazed to think of the ease with which they have been "worked" by people of all classes.

A church society decides to have an entertainment. They rent a hall,

they pay for lights and for professional directors and for the hire of countless things; they pay for everything needed in a businesslike way, until it comes to the newspaper which gets them the crowd and makes success possible, then they become indignant at a "newspaper asking money in a cause like this."

It would be unfair, however, to wholly blame the public for this attitude. It is largely the fault of the newspapers themselves, who have given so freely of their space as to lead people to take for granted their aid in every enterprise. And newspapers like to help in every way they can, but just lately with the cost of print paper soaring to almost prohibitive prices, newspaper men are wondering just how often the public stops to think of newspaper space as merchandise, for sale at so much a line.

They are wondering too how many "deadheads" among newspaper subscribers are rushing forward to pay for their newspapers as conscientiously as they pay for their groceries and their meat.

They are wondering if various institutions and various individuals that have been boosted and aided by kindly newspapers ever collect all the clippings and calculate the debt they owe, at so much a line.

But newspaper publishers don't dwell on these thoughts often or long. Under contract, with their subscribers to give the news, they do it day after day to the best of their ability and according to their best ideals with no thought of escaping either deadhead or bounder.

But judging from the widespread discussion of the cost of print paper and ink and the many articles of the need of cold blooded management of the successful newspaper, it looks as if the publishing business is going to be quite out of the fields of sentiment and philanthropy.—Miami Metropolis.

BENEFIT GAME FOR MACK SELPH WAS A HUGE SUCCESS

POPULAR THIRD SACKER REALIZED A NEAT SUM FROM GAME

The Mack Selph benefit game was a huge success, both from a financial standpoint and also because Sanford defeated them by a score of 4 to 1. Wilson was on the mound for the Celery City boys and twirled an excellent brand of ball. He kept his hits well scattered and outside of the first inning, when Orlando scored one run they didn't even know what HOME PLATE looked like. Sikes was on the mound for the Orioles and twirled a good game himself. It seems as if a pitcher down in this part of the country does twirl a fine article of ball, his teammates have to go and pile up a million of errors. Just the day before we boosted the Orlando infield as being a second Connie Mack's infield of 1914, and now they come back the next day and look like amateurs.

We still maintain that Sikes is a No. 1 talent and until the Orlando infield gives him good support and then he loses, then we will change our talk. Jim Moore's drive to right field surpassed the hit of the day before, when Jim had reached second base he turned around and had to take a laugh at Chambers who was the unlucky guy that Moore picked out to go after his long hit.

The benefit game was a tribute to the Orlando and Sanford towns. Never before in such small cities has such an affair been pulled off, Mack Selph will receive a fairly neat sum from the game and other arrangements will be made to get him a little more money. Mack was an idol with the Orlando fans and not known any too well by the Sanford people the Sanford ball club all called him "Their Friend" and the game played yesterday will always be remembered as a game that was played regardless of the base ball feeling and realizing what the game was for, both clubs refused to make a farce out of it as it is customary to make these games farces. The boys all played jam-up ball and the game was played as if it had counted in the series.

DEMOCRATIC EXECUTIVE COMMITTEE

MEETS IN JACKSONVILLE TO PERFECT ORGANIZATION

(Special to Herald)

Jacksonville, Fla., Aug. 24.—The State Democratic Executive Committee met today at 10:30 a. m., Seminole Hotel.

Fifty counties were represented, with only some fifteen new members.

Called to order by Geo. P. Raney of Tampa, who was temporary chairman. J. C. Sale of Bronson was elected temporary secretary.

Roll call by counties, whereupon motion was carried to declare the roll as called the membership of the committee for the next two years.

Officers of the committee for the next two years are: G. P. Raney, chairman, Tampa; J. C. Sale, secretary, Bronson; R. L. Eaton, treasurer, Monticello.

Upon completion of the organization chairman Raney stated that there were three presidential elec-

tors to be put upon the ballot for the general election. After many nominations and much balloting the following named gentlemen were nominated to go on the ticket: Frank Harris, Ocala; W. H. Price, Pensacola; M. H. Mabry, Tampa.

Chairman Raney was given power to appoint a State Campaign Committee of five Democrats, which committee was to have charge of arranging for the placing of the electoral nominees on the general ballot.

The nearest approach to a Catts-Knott controversy arose when Mr. Adams of Lafayette tried to introduce a resolution urging all committeemen to see that the electors of each county supported the nominees of the primary. This resolution was lost, inasmuch as it was immediately preceded by a motion to adjourn, by a gentleman who refused to withdraw such motion.

Seminole county was represented on the committee by Schelle Maines, a young attorney of Sanford. Meeting adjourned at noon sine die.

Sanford From a Supply Pastor's View Point

Through the kindness of the church at Sanford their pastor, Rev. George Hyman was granted a much deserved vacation during the month of July, during which time the writer enjoyed the coveted privilege of, in a feeble way, filling the pulpit.

We cannot use too extravagant terms in speaking of the people and work at Sanford. There is a spirit of unity and cooperation rarely found. Pastor Hyman has the undivided love, not only of his own congregation but of the entire city, which gives him a vantage ground from which he will be able to accomplish great things for God.

Their handsome church edifice is still incomplete, the church auditorium being yet unfinished, but they expect to begin work on it in the early autumn and complete it before the winter season is over.

The Sunday school department is finished and is the best word in Sunday school convenience. This Sunday school, of which Brother John D. Jinkins is its efficient superintendent is unquestionably one of the best organized schools in the state, showing the effects of Bro. Hyman's wide experience as Sunday school and B. Y. P. U. secretary of the state and his wonderful ability as an organizer. They have three B. Y. P. U.'s, viz: Temple, Flake and Junior, all doing efficient work, measuring right up to the standard of excellence.

The Flake Union ranked second at the recent assembly and failed in getting the banner in only one point. The Junior, however, brought the cup back with them for the second year and affirm that they are going to keep it another year.

In speaking of the future of the church at Sanford we might mention the fact that Sanford seems to be entering into a period of remarkable civic prosperity. A Board of Trade has recently been organized, numbering in membership at present 263.

About five acres of land is being reclaimed along the Lake Monroe shore, a gigantic piece of engineering costing some sixty thousand dollars, which adds wonderfully to the health and beauty of the city as well as to economic value.

There is substantial talk of a modern hotel being built in the near future and the surrounding country is practically connected with brick roads. All these mean remarkable growth in the near future and we may be sure the Baptist work will keep pace with civic prosperity.

It would not be amiss to mention here that Brother Hyman has recently had the title of "Dr." placed before his name, a fact that few of his friends know, but will be glad to learn, an institution of Tennessee recently conferring the D. D. degree.

Mr. Tom Tyner returned home sick from his vacation but he had a nice trip.

Mr. and Mrs. H. G. Lundquist took in the sights on Celery avenue Sunday, calling also at Mr. Giles Vincent's.

The convicts are busy putting through a road from Upsala to First which will be quite an improvement, but it is a pity it could not have gone straight from the depot.

Only a faithful few could be out Sunday on account of sickness of various kinds. We hope for a better turn-out next time.

BASE BALL NEWS OF INTEREST

By "RED" DAVIS

GEORGE WASHINGTON NEVER HAD A THING ON THIS PAGE

TERRIFIC DRIVE BY JIM MOORE CAUSED DECATUR TO BE TAKEN OUT OF THE BOX IN THE NINTH

ORLANDO CITIZENSHIP HAVE ST. VITUS DANCE WHEN MOORE CLEANS THE BASES

THE MOST WONDERFUL HIT EVER SEEN ON THE EXPOSITION GROUNDS IN ITS HISTORY--BALL WAS RELAYED TWICE FROM THE OUTFIELD--BIDDIE BURDICK AND LEON ALSO STAR AT THE BAT

By "Red" Davis
The outlook sure was dismal for WAL-LACE'S great nine that day. The score stood 6 to 2, and just one more round to play.

And then when BIDDIE died at first, and walked back with a frown. There was gloom in every feature from the fans from the Sanford town.

Why the ORLANDO bugs were leaving for they thought the game was won. Didn't DECATUR the MIGHTY DECATUR, have 'em stopped with just two runs.

Then a silent youth named MOORE came to bat and tced the plate. While his eagle eye was gleaming, and his batting pipe was great.

So DECATUR, the PERLESS DECATUR signalled TAYLOR and touched his hat. While he wound up with his fast ball, with MOORE at the bat.

The ball tore straight across the plate, and DECATUR'S grin was wide. His fast ball sure was working. STRIKE ONE, the Umpire cried.

I'll snawk low one over now, and make it a sure and deadly aim. Thought DECATUR as the horseshid toward the waving MOORE flew.

The rest is better left unsaid, 'tis sad when we recall. For over near that Cher-Cola sign they still look for that ball.

For MOORE, the MIGHTY MOORE, with a sure and deadly aim. Has knocked a screeching three bagger and the fans have gone insane.

His team mate came running home, as the ball went sailing. And they never mention MOORE'S name in that ORLANDO TOWN.

O still somewhere they sell gold bricks to simple country folks. And never trying that workout, sleeping city joke.

O still somewhere gloom abides and busy sports frogn. But they never mention JIM MOORE'S name in that ORANGE COUNTY TOWN.

Old CASEY, famous CASEY, who brought CREATED TAUGHT since childhood without an author's name. You'll have to take a back seat now, and best remove your hat.

For MOORE, the MIGHTY MOORE, is up at the bat. With everything looking dismal for Sanford up until the ninth inning the Orlando club had things a little their way last Tuesday, but when the ninth inning arrived the Orlando people had "cranked up" their machines and had already started for home, for it was two

outs and they had not the slightest idea of Sanford winning the game or coming anywhere close to tying them. Decatur was on the mound for Orlando and to think that the Sanford boys would be able to score four runs off his delivery would be talking through your hat (so they thought). To give you a real picture of that ninth inning rally would be easy to do. It was the most wonderful hitting ever seen in any one inning of play. Brinson first up sent one to deep left for three bases, later scoring on a throw to catch him on third. That score made the score 6 to 3. Connelly went in to bat for Palmer and was retired on strikes that made one out. Burdick next up had been hitting all through the game getting a triple and two singles, but failed to register in the last inning, and grounded out to short he was thrown out at first making two outs. Still three runs behind and two outs. Leon, always there with his deadly war club sent one to left for a single, went to second on a passed ball, and scored on Cobb's hit to left center. Bell arrived at the plate and sent one into safe territory putting Cobb on third and himself on first. With two runs behind and runners on first and third JIM MOORE came up and gave Decatur the once over, after looking the first one over Decatur thought, Well, I'll give him one on the outside and see what he can do with it. Jim said, Well, we need the runs and what's the use of letting these men stay on the sacks. During the other eight innings of play Moore had some how another been knocking the ball all over the lot, securing two previous hits to his last appearance to the plate Moore asked for one anywhere near the plate, and he got one just outside the base and did he hit it? Well, we should say so! It was the longest hit ever seen on the Exposition grounds this season. Bob Schuyler, the fleet footed center fielder of the Orlando club, was making time like BARNEY OLDFIELD in his BLITZ BENZ and when he did recover the ball it had to be relayed to Weilder and then back to the pitcher. Jim was detained at third base and every one thought sure he was coming home, as he had

already rounded third when WEILDER received the throw in. The damage had already been done, the score was tied, and O how they did cuss and knock, because Moore had hit such a long drive off of their PRIDE OF ORLANDO. He was taken from the box right away. Some one said he was taken out because he made MANAGER SCHUYLER run after the ball which was hit in the next county. But he was really taken out because he was "ALL IN." The Sanford boys had secured sixteen hits off his delivery. Included in these were three, three baggers and three doubles. It was some ninth inning rally and that one hit caused a lot of uneasiness on the part of the Orlando people. The score being tied, Currie was sent in to finish the game for Sanford and what we mean he finished it, and done a damn good job for the two innings he worked not a ball was knocked out of the infield. He struck out three men in the two innings and let it be known that he was some pitcher himself.

Burdick and Leon each secured three hits and they were all of the clean variety. Burdick's three bagger in the first inning paved the way for the first run for the Sanford club. Leon was busy himself, his bat was very much in the limelight. His two bagger and two singles were very costly in the run getting "SKEETE" BRINSON, secured a terrific three bagger in the ninth inning that took Decatur off his feet. It was an awful wallop. It not only found Decatur in that round but had secured a two bagger in the early part of the game Sikes went in to finish the game and he held the Sanford sluggers safe the rest of the way. The damage had been done and all that was asked of Sikes by the management was, PLEASE DON'T LET THEM SCORE ANY MORE. Below is the way the Sanford Slugger knocked Decatur out of the box:

BELL'S HOME RUN AND COBB'S DOUBLE WON A GOOD GAME

THE "HIGH SOCIETY" WAS WELL REPRESENTED AT THE GAME--ATTENDANCE 879 AND 1 DEAD-HEAD

Brinson and Bell also star in the field--Moore's smash also proved havoc to Orlando's chances The playing of Weilder also featured--Large crowd out

Before the largest crowd of the season Sanford defeated Orlando in a ten inning and very exciting game by a score of 4 to 3. Currie was in the points for Sanford and outside of the second inning when Orlando scored two runs he had things his way. The Orlando boys were helpless before his benders, no less than nine men being retired on strikes. Cox, ex-Charleston player was selected to work for Orlando and he too twirled a masterful game. In the eighth inning with Sanford one run behind Charley Bell sent one over the fence that tied things up and not only that his playing on short was the feature of the game. Bell received \$20.00 for his hit. We mention the fact, for it sounds bad to say a hatful (like our competitors say at Orlando). It was as long a hit as we have seen since the fence was staked down.

Jim Moore, the big son of swat sent one into deep center that caused the first run to come over the plate. In the last three games Jim has hit for three, three baggers. Its getting so now that Jim will have to hit the ball over the fence, for the Orlando outfield sure plays in the next county. But here's to the boy that deserves the credit. Paul Cobb in the tenth inning sent one of Moseley's spitters into right field that scored Leon from first. It ended a long and hard fought game which was anybody's until the last man had been retired. The most noticeable plays of the afternoon was the flashy fielding of "Skeet" Brinson on the first sack for the Sanford club. "Skeet" grabbed them out of the dirt and more than once received applause for his brilliant work. Weilder again de-

livered a great game on short for the visitors. It seems as if he ever misses a ball, he does so when there is two outs, he never blows up in the pinches. His playing was the feature on the visitors' side.

The second game was called at the end of the fourth inning on account of darkness. The game does not count, as the regulation game is supposed to go four and a half innings. Below is the box score:
