

### Japan's Recent Treaty With Russia Is Merely To Get Food, Not to Dominate Pacific, Says U. S. Ambassador Moore

By HARRY B. MONT. WASHINGTON, Apr. 13.—Japan's recent treaty with Russia doesn't mean that Nippon is conspiring with the Soviet government to dominate the Pacific. It only means that Japan wants to eat.

At least that's the explanation given by Frederick Moore, counselor to the Japanese foreign office, now in Washington.

"Japanese eat about one pound of meat per person per year," says Moore. "But they eat one pound of fish per person per day."

"The big sources of Japan's fish supply are the waters off Sakhalin Island and the Bering Sea. These are Russian waters. An understanding between Japan and Russia, covering the scope to be at lowered Japanese fishermen in these areas, in order to guarantee a fish supply for Japan, was the compelling motive behind the Japanese end of the agreement."

"Friendly relations between Japan and Russia also means a closer relationship between Japan and Europe. By sea, the trip from Japan to France via England, for instance, is about six weeks. By the Siberian Railway, this is cut to about two weeks."

"But as foreshadowing a Japanese-Russian alliance designed to dominate the Pacific—Japan herself would be the last to wish the development of Russia as a maritime power. Anyone can see why."

This man Moore, incidentally, is a unique figure in official and diplomatic circles.

An American by birth, citizenship and allegiance, he is at the same time an official of the Japanese government in a sort of super-diplomatic job.

His title is "counselor to the Japanese foreign office. His duties as his title indicates are advisory. He is expected to keep the Japanese viewpoint straight on things American with the idea always uppermost of "promoting amicable relation between Japan and the United States."

Moore graduated into his job after a score of years as a newspaper correspondent, stationed in the Far East. His many years in China and Japan for the Associated Press enabled him to see both sides of the of the oriental slant on affairs in general that can only be acquired by long and intimate association.

His knack as a newspaper man enabled him to see both sides of the problems that arose to bother Japan, for instance, and he acquired the habit of volunteering suggestions. He brought to the Japanese foreign office, unofficially, the white man's psychology, backed by a newspaper man's undiplomatic but very understandable mode of expression. He could strip a State Department communication of its high-sounding and ambiguous phrases, and tell the Jap statesmen just what Uncle Sam meant and why he meant it.

And the Japanese elder statesmen, recognizing though not publicly admitting that Japan is still a youngster among civilized nations, profited no little by his advice.

It was Baron Shidehara, former Japanese ambassador to Washington, now head of Japan's foreign office, who signed Moore up for his job undiplomatic diplomat. The fifth yearly contract has just been signed. Which would seem to indicate that Moore has been giving satisfaction as well as advice.

Moore alternates between Japan and the United States, first a year here, then a year there, in order to keep his contacts in both countries fresh. The United States is still "home" to him, however, and he's educating his children in the U. S. A.

Moore and Baron Matsudaira, the new Japanese ambassador, present the long and short of diplomacy in Washington.

Moore is tall, lanky—a human

### Merger of Packers Opposed In Hearing

WASHINGTON, Apr. 13.—The Armour-Morris merger puts too much buying power in one hand, W. L. Fisher, government counsel, declared in a hearing before Secretary Jardine to determine if the consolidation of the two concerns violates the Packers and Stockyards Act. Secretary Jardine took the case under advisement.

WASHINGTON, Apr. 13.—The most extensive raids in the history of Denver today resulted in 189 men and women being lodged in jail. The raids is the beginning of a seasonal offensive on liquor and vice. Fifty squads of officers invaded scores of hotels, soft drink parlors, pool rooms and private homes in a general roundup.

### NEW RADIO DEVICE

BALTIMORE, Apr. 13.—An announcement is made of the invention of a device which will enable radio fans to see as well as hear events in far distant places. The inventor, C. Francis Jenkins, promises in a report he read at a meeting of the American Chemical Society here that those who stay at home may see them presidential inaugural ceremonies from their own firesides, baseball games and so forth while they are actually happening.

### Conviction In Duval On Stolen Property Charge Is Reversed

TALLAHASSEE, FLA. 13.—The Supreme Court has reversed judgment of the criminal court of record for Duval county in the case of N. Stephenson and B. Bike, plaintiffs in error, vs. The State of Florida, defendant in error, in an opinion by Justice Ellis.

Stephenson and Bike were convicted of receiving and buying stolen property, it having been alleged that they knew it to be stolen, and the basis of their appeal to the Supreme Court was that the evidence was insufficient to support the verdict and that the trial court erred in its charges to the jury. The Supreme Court agrees that the assignment of error as to judgment for that reason reiterates the rule that it is essential to a conviction for receiving stolen property that the evidence shall show that the exclusion of a reasonable doubt that the accused had knowledge that the property in question was stolen at the time he received it, or that the circumstances of the transaction were sufficiently suspicious to put a person of ordinary intelligence and caution upon inquiry. Such proof was not shown by the record in this case, it was ruled.

Conditions of the award are that no scholarship is available in any state until announcement of its offer shall have been made through the press of the state. Other conditions are:

The scholarship is not available unless notice of its award with the name of the party shall have reached the college before June 1, 1925. Preference is to be given graduates of normal schools, colleges or universities.

The scholarships are not to be awarded to students who are in residence at Peabody College during the spring quarter of this year.

To become eligible, applicants for scholarships must agree and declare their intention: To remain in Peabody College throughout the entire summer quarter, June 8-Aug. 29; to pursue not less than ten credit hours of work throughout the entire summer quarter; to fulfill all conditions and requirements for credit in the courses they pursue.

A portrait of President Harding adorns the new one-and-one-half-cent stamp designed for use on third-class mail matter under the new postage rates. A one-half-cent stamp carrying a profile of Nathan Hale will be sold to take care of those who have on hand a supply of the old one-cent stamps.

### Four Scholarships At George Peabody College Announced

TALLAHASSEE, FLA. 13.—The State Department of Public Instruction has received notice from the George Peabody College for Teachers in Nashville, Tenn., that it will offer four non-transferable scholarships, of a value of \$25 each, for the summer quarter of 1925 to Florida, Georgia, Alabama and several other southern states. The scholarships are to be awarded solely upon the recommendation of the respective state superintendent of education.

Conditions of the award are that no scholarship is available in any state until announcement of its offer shall have been made through the press of the state. Other conditions are:

The scholarship is not available unless notice of its award with the name of the party shall have reached the college before June 1, 1925. Preference is to be given graduates of normal schools, colleges or universities.

### Botanists Finding New Plants As They Motor Through State

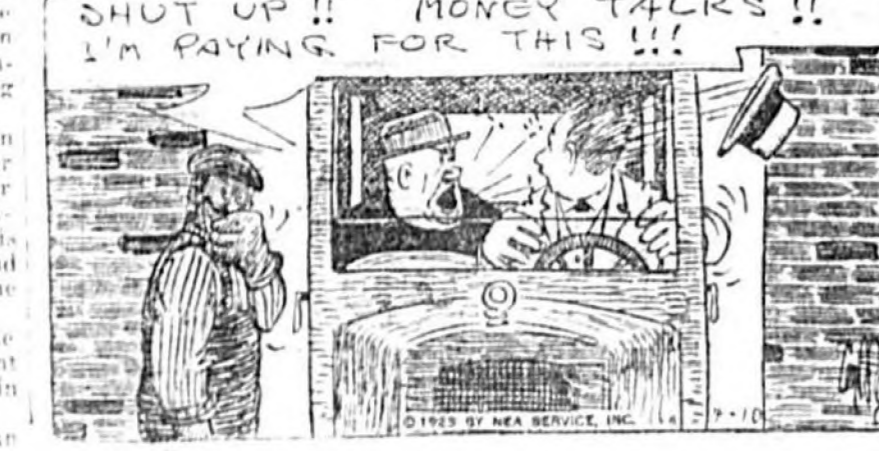

TALLAHASSEE, Apr. 13.—Dr. John K. Small, of the New York Botanical Garden and Dr. Edgar T. Wherry, of the United States Department of Agriculture, were in Tallahassee a few days ago to see Dr. R. M. Harper, of the Geological Survey, and Dr. Herman Kurz, of the State College for Women, and one or two other friends. They are on a botanical expedition through all the Gulf states, from Miami to El Paso, Texas, traveling by automobile and collecting rare plants along the way.

The automobile has been provided by Charles Deering, of Miami, who has been Dr. Small's patron for several years past, and who cultivates on his estate at Bernal Vista many of the plants gathered by Dr. Small on his travels.

Dr. Small has visited Florida about forty times before, and Dr. Wherry once or twice, but it will be the first trip to Texas for both of them. While here they went out to the Ocklocknee River with Drs. Harper and Kurz, and found several plants they had never seen before, some of which when taken back to headquarters and studied may possibly turn out to be new species and unnamed, it was stated following their visit here.

## \$13,024,903.00 in Actual Sales From January 2d to March 31st

NOTHER high record of sales for Coral Gables was established on March 31st. On that day the grand total of \$4,919,411.50 actually accomplished sales since January 2d was reached. The attainment of this figure is, without doubt, the greatest record which the Coral Gables sales organization, or any other real estate sales organization of the kind, has ever established. This record compares very favorably with the sales for the entire calendar year of 1924, amounting to \$13,765,807.50.

General Sales Manager C. W. Delong and the entire sales organization are to be congratulated upon the splendid work accomplished this season. And in a special way Miami is to be congratulated, also; for exceeding last year's great total in so short a time is a record which no other city has ever reached for similar work, and it is confirming evidence of highest rank of the growth and prosperity of the City.

High records are now an old story with Coral Gables. These have been established since Coral Gables' inception. Not only in sales, but just as effectively in beauty of improvements, in growth, construction and in every other feature which is manifested in notable suburban development.

You have read about Coral Gables. Let us take you to Miami and show you the great strides in development now being made, including the plans for Miami Riviera. Transportation is free in DeLuxe Highway Pullman Coaches. For full particulars and to make reservation, call at the local Coral Gables office.

Cupid Pushes Wheel Chair

When George Mock, 22 of Cincinnati, O., passed the home of Virginia Kinney, 29, he was impressed with the hearty, smile of the girl though she was unable to leave her wheel chair. Virginia has been an invalid since infancy due to infantile paralysis. Mock's visits became frequent. The other day he pushed the wheel chair to the courthouse and he and Virginia were married by Magistrate Harry McGraw.

Coroners Exhume Five Bodies In Conducting Poison Investigation

CHICAGO, Apr. 13.—Coroners of Cook county, Illinois and Porter county, Indiana, are preparing today to exhume the bodies of five members of the David Cunningham family, examining for poison. Authorities will redouble their effort to untangle the mystery of five deaths and two cases of sudden convulsions in the family within six years. Mrs. Anna Cunningham, mother of the family, under guard in a hospital here, attempted to kill herself by twisting a sheet into a rope to choke herself. The attempt was thwarted by a police woman standing her. The condition of the son, David, Jr., who is critically ill is unchanged.

Lyle Taking Active Part In Legislature

That Representative J. R. Lyle, of Seminole county is taking an active part in the business of the Legislature is evidenced by the number of committee appointments given to the Seminole member. Senator Overstreet, of this district being an old member, is on a number of important committees, and is chairman of two of the most important in that body, that of drainage and prisons and convicts. Representative Lyle is chairman of the committee on labor and is a member of committees on enrolled bills, governor's message and administrative reports and state institutions. Senator Overstreet's committees are, finance and taxation, appropriations, public printing, public roads, banking, judiciary, drainage and prisons and convicts.

**Delightful Shower Is Given Monday Night Honoring Miss Glisson**  
 Monday evening, Mrs. J. C. Dean and Miss Nonie Williams entertained at the home of Mrs. Dean with a miscellaneous shower, as a courtesy to Miss Ollie Vera Glisson whose marriage to Dr. Ralph Stevens is to be an event of April 22.  
 Mrs. Dean, Miss Williams and Miss Glisson received the guests in the spacious living room which was artistically decorated with vari-colored spring flowers.  
 During the evening Mrs. Henry Coleough, sang "All for You." Miss Rosamond Radford and Mrs. Dean both gave groups of readings which were delightfully enjoyed.  
 The guests were given cards to write good wish for the bride using their own names in them. A contest for drawing flowers was held and Miss Margaret Davis won a box of Coty's powder, which she presented to Miss Glisson.  
 The guests were invited into the dining room which had been uniquely arranged to represent a garden in which were many gay flower beds and an unusual "Wishing Well" at which each guest had her fortune told.  
 Two little girls dressed in green and pink carrying baskets invited Miss Glisson to gather flowers in the garden, as each flower was gathered, a gift was found tied to it.  
 The hostess assisted by Miss Marion Hand and Miss Martha Brown, served a delicious salad course. Favors of rose baskets tied with candies were given. There were 40 present.

**Musical And Dance Planned By Woman's Club For Next Week**  
 Two outstanding social events of the Sanford Woman's Club for next week are the musical with the program of Norwegian Music which is to be given Tuesday by the Music Department and the dance to be given by the House Committee Friday evening.  
 It takes but the announcement of another of the series of musical teas which have been the program of the Music Department this winter, to give promise of another of delightful entertainment.  
 Mrs. D. P. Drummond the charming and efficient chairman of the department announces a splendid program and promises another attractive and unusual setting.  
 The dance for Friday evening is for the purpose of raising funds for rugs for the club's house. Mrs. R. A. Newman as chairman promises many delightful features for this dance and splendid music. The tickets are now on sale by the committee.

**Mrs. Scott Is Hostess To Pipe Organ Club**  
 The Pipe Organ Club met Monday afternoon with Mrs. W. M. Scott on Oak Avenue. The rooms were most attractive with many vases of gay larkspur.  
 A large number of members were present. Many reports were given and Mrs. Forrest McAllister was reappointed, bazar chairman. Mrs. McAllister gave a splendid report of the Easter bazar and cooked food sale reporting a good sum made.  
 During the social hour the hostess served pleasing refreshments and each member was given a dainty corsage.  
 The next meeting will be with Mrs. W. A. Zachary at 519 West First Street, with Mrs. Zachary and Mrs. C. H. Pearce as hostesses.

**Delightful Party Is Given At Lake Mary**  
 The annual party of the boys and girls of Lake Mary given by Miss Claire and Master Billy Evans at the home of their parents was a most enjoyable afternoon to the 45 children present.  
 The afternoon started with an Easter egg hunt, followed by out of door games, and competitive sports, in which many of those taking part showed exceptional ability.  
 Miss Myrtle North was chosen the best looking girl in Lake Mary and Master Stanley Peckham the best looking boy by the balloting of those present.  
 At the conclusion of the afternoon, a march to the house was formed, where refreshments were served.

## MR. AND MRS. BODWELL ENTERTAIN WITH DINNER DANCE HONORING MR. AND MRS. HOWARD HULICK

Mr. and Mrs. Harry T. Bodwell in their usual gracious manner, entertained Monday evening at the Country Club with a dinner dance honoring Mr. and Mrs. Howard Hulick, who have recently become residents of Sanford.  
 Mr. and Mrs. Bodwell and Mr. and Mrs. Hulick received the guests, Mrs. Bodwell was beautifully gowned in a heavily beaded rose crepe and Mrs. Hulick wore a lovely gown of black lace trimmed with a single ornament of orange ostrich. Both ladies carried arm bouquets of golden Pernet roses.  
 The club had been converted into a fairy bower of loveliness using the Easter colors of yellow and white. Lacy palms were arranged to screen the walls and garlands of yellow and white were draped from the center of the room. The stairway was entwined with fern and a beautiful bowl of Easter lilies was placed at the bottom of the stair rail. The mantel was banked with fern and palms and here a long flower box held growing golden daffodils.  
 Covers were laid for 50 at the beautifully appointed dinner table which had at intervals down its length, great bowls of golden daffodils, Pernet roses and ferns, which were joined by sprays of lacy fern. Tiny yellow birds were perched upon the glasses to hold the place cards. Nut cups of yellow with a tiny daffodil were placed with the favors of fans for the ladies and cigars for the gentlemen; the favors were wrapped in yellow and bound with a flower. Over this scene of loveliness a golden glow was cast from the shaded lights.  
 Following the sumptuous eight-course dinner, dancing was enjoyed to a late hour. The music was furnished by the Fort Pitt Collegians of Orlando. During the evening punch was served from a beautifully decorated table. Favor dances with unusual favors added much to the abundant pleasure of the evening.  
 Mr. and Mrs. Bodwell and Mr. and Mrs. Hulick are sending the many beautiful flowers to the Fernald-Laughton Hospital.

## LAKELAND LOSES OPENER 15 TO 8 TO SAINTS TEAM

St. Petersburg Gathers 17 Hits Off Deliveries Of Luther and McRae Getting Almost As Many Tallies

ST. PETERSBURG, Fla., Apr. 14.—Gathering 17 hits off Luther and McRae, the St. Petersburg Saints opened the Florida State League season here Monday with a victory 15 to 8 over Lakeland. The Highlanders jumped into an early lead in the first inning when Kowalski scored ahead of Surface on the Lakeland centerfielder's home run to the right field bleachers.

A deluge of hits and runs descended on Luther in the first inning when the Saints used three single, a base on balls and three double to score four runs and again in the sixth when six runs were brought across the plate as a result of Doyle's double, a triple by Abell, two errors, base on balls and Brown's home run over Welch head to the edge of Tampa Bay.

Luther was unsteady for four innings, while McRae, who succeeded by him, was touched for four runs in as many frames. Knight showed good control, struck out seven men and passing two.

Ery is slated to hurl for Lakeland today while Edwards is the choice to pitch for the Saints.

## Walsh Proves Star As Sanford Defeats Tampa Club 6 To 2

(Continued from Page One) base. The run was scored when Curley singled. That was more than enough to win the game, but the winners added one more in the seventh, to make it sure. Agam Peterson paved the way by walking Walsh, who went to second when Thompson grounded out, and scored from there on Carter's single.

Walsh upset the dope that pitchers cannot hit by getting three hits out of four times up. His fourth time he flied out to center.

The same teams will play here today and Wednesday, going to Sanford for the last three days.

## Alleged Negro Thieves Are Caught At Miami

MIAMI, April 13.—Arrest here of two negroes reveals that they are members of a gang of negro robbers, who have been preying on wealthy homes at Palm Beach. Six hundred dollars in stolen goods have been recovered and police expect to recover approximately \$2,500 worth loot following a conviction of two negroes who admit 32 robberies of West Palm Beach.

General Grant's father-in-law presented Grant and his wife with a Negro boy slave for a wedding present.

## MAJOR LEAGUERS START CONTESTS FOR 1925 FLAGS

West Is Meeting West and East Is Meeting East in First Battles of Season; Griffmen Are In Gotham

NEW YORK, Apr. 14.—Eight immaculate baseball fields were ready for war and sixteen well-conditioned armies awaited the zero hour this afternoon.  
America's national game, buried under the gridirons and board tracks during the winter months, bursts forth once again in all its glory—the sun pouring into the bleachers, the fans cheering and hooting and the players, grimacing, sweating in seething conflict.

West met West and East met East in the jousts this afternoon, the first of a warfare which will endure for six months. The ranks in the early days will be depleted by injuries and illness, but will come to full strength when the sun is warmest.  
As this seasonal conflict gets under way the eyes of a quarter million enthusiasts are upon the field. The Yankee Stadium in New York, baseball's greatest structure, is expected to receive the largest throng, for there the world champions of 1924, led by the indomitable young general, Stanley Harris, will do battle with the Yankees of New York, the three preceding years champions of the American League and of the world in 1923.

The National League's champions, the Giants, encounter the Braves of Boston at the gigantic park in Boston, where another enthusiastic throng is predicted. The opening day games are as follows:  
American League  
Washington at New York.  
Chicago at Detroit.  
Boston at Philadelphia.  
National League  
New York at Boston.  
Pittsburgh at Chicago.  
Philadelphia at Brooklyn.  
St. Louis at Cincinnati.

## Woman Golf Star Of England Likes Fishing Holidays

LONDON, Apr. 14.—Miss Joyce Wethered, whom the British consider the best woman golfer the world has ever known, likes to go fishing so much that she is cutting down on her golf. Not long ago she decided not to enter any tournaments at all this year, except the British open championship for women. But she reserved the privilege of changing her mind and now says she may take on a tournament or two before the British women golfers go to Troon in May to withstand another of those invasions from the fairways of America.

When it was first learned that Miss Wethered intended to keep away from the croquet round of feminine tournaments this season, gossip spread the word about that she was tired of the carryings-on of enthusiastic every time she met, or seemed likely to meet, Miss Cecil Leitch, whom she dethroned as queen of Britain's golfing pastures. From the eager eyes and chattering voices of the feminine gallery at each of their encounters in the past, an alien observer could easily assume that the populace looked upon the battle as one recking with personal feelings, as much a fight as a game.

This gossip reached the ears of the champion, whereupon she let it be known that she had Miss Leitch were good friends, and declared she had other interests than golf, among them tennis, to occupy her time. Most of all, she said, she wanted more time for fishing.

## Cleveland Indians Look Forward To Successful Year

CLEVELAND, Apr. 14.—Well protected in all departments, with prospects of the best pitching staff in several years, the Cleveland Indians form the strongest team which has represented the city since 1911, when the locals were runners-up to the New York Yankees, in the opinion of President E. S. Barnard.

Indications are, however, that three regulars, First Baseman Burns, Third Baseman Lutzke and Outfielder Summa, will be out of the opening game Tuesday on account of sore arms or other disabilities.  
Manager Speaker says he has the best array of left-handed pitchers that ever were at Cleveland. He is also well supplied with substitutes, predicting that Fred Snodgrass, New Orleans recruit, will prove one of the finds of the year.

Indications are that the pitching staff will be composed of Smith, Edwards, Shaute, Buckeye and Yowell, Miller or Clarke, left-handers, and Uhle, Speer, Kerr, Levensen and Lehr or Luther Roy right-handers.  
All are in good condition except Levensen, who has not rounded into form.

## Ford Launches First Commercial Air Line
