Invasion Casualties Are Heavy

JERUSALEM (AP) — A punitive raid into Jordan by artillery-backed Israeli infantrymen, the third of its kind this month, set off a seven-hour battle that ended at dawn today with heavy casualties on each side.

Israeli spokesmen said 30 Jordanians were killed in the raid on army and police positions near Husan, six miles southwest of Jerusalem. Israeli acknowledged 5 of the raiders were killed and 29 wounded.

Jordanian army officers in Amman, the Arab capital, declared 99 or more of the Israelis were killed and the rest forced to retreat in disorder after blowing up a police post and some houses. By their account, 21 Jordanian soldiers, policemen and national guardsmen lost their lives.

Jordan said the Israeli attack was made in brigade strength, opening perhaps 2,000 or more infantrymen, 2 1/2 miles inside the armistice demarcation line. Jordanians had estimated Israeli strength in each of the two previous attacks this month at 1,000 men.

Israel's government grimly labeled the raid as a warning against aggression. Six Israelis had been killed in border incidents since Sunday.

The Israeli army said a Jordan army post as well as the police station was overrun and dynamited. Explosions from the battlefield were heard in Jerusalem through the night.

At mid-morning a spokesman for the U.N. Truce Commission said there had been no further shooting and all was quiet. Maj. Gen. E. L. M. Burns, the chief truce supervisor, left for the battle ground, where four U.N. observers already were conducting an investigation.

A Jordan army spokesman told a Damascus newspaper by telephone that Jordan forces had counterattacked before dawn today and killed more than 90 Israelis. The Syrian Cabinet was called into emergency session to study the new flare-up between Israel and Jordan.

ED "PORKY" OLIVER

PGA Runner-Up To Be Winter Golf Pro Here

BY HUGH B. ANSLEY
Last year's challenger for the top spot in the first annual Mayfair Inn \$15,000 P.G.A. Open has been named winter golf pro at the local Mayfair Inn Country Club.

Frank Mebane Jr. announced today that Ed "Porky" Oliver, runner-up in last year's P.G.A. Open here, will be the winter pro for the season.

Mebane, in naming Porky Oliver, revealed that Oliver is considered one of the greatest golfers of the Sport of the Palms.

The jovial Oliver is prominent in tournament circuits, and has been for several years. His quick and pleasing wit has made him a popular favorite among the spectators and fellow players. He has been a major winner in two past Labatt Opens.

Oliver, an amiable 320 pounder, has one of the most consistent drives and best iron shots in tournament golf, and he counted on his skill heavily as he entered last year's P.G.A. Open late and still finished second to slender Al Balding, Mayfair Inn Open winner from Canada.

Porky turned pro in 1940 and promptly won three tournaments. He was P.G.A. runner-up in 1940 and has been second man in the U.S. Open, the Masters, the Western and All-American. Last year he was runner-up in the Mayfair Inn P.G.A. Open.

Oliver will come to the Mayfair Inn Country Club from the Blue Hills Country Club of Boston, Mass., and he will compete in the second annual Mayfair Inn P.G.A. \$15,000 Open that will be played Dec. 13-16. He will then return to Sanford to be affiliated with the Mayfair Inn shortly after the first of the year and will remain for the winter season, January, February, and March. After taking second spot in the Mayfair Inn P.G.A. Open last year, Oliver said, "I had a lot of luck, and I'll be back next year hoping for more."

Oliver and his wife, Clara, have four children, and it is expected that his family will join him in Sanford. (Continued on Page 7)

Miss Grace Marie Stinecpher, Miss Stinecpher To Write College Column For Herald

It was revealed today by J. Marlon Harman Sr., executive editor of The Sanford Herald, that Grace Marie Stinecpher has accepted appointment as correspondent for The Sanford Herald. Miss Stinecpher will write a weekly column "Collegiate Echoes" featuring college campus news.

Miss Stinecpher attended Seminole High School and graduated in 1954 as Salutatorian of her class. While in high school she was active in many organizations and held several offices in student government. She was editor of the 1954 Salmagundi, and was publicity officer of the Seminole High School Band the year they went to the Mardi Gras. Also many will remember her as writer of the "Seminole Hi" column in The Herald during the year 1953-54.

For the past two years Miss Stinecpher has attended Maryville College in Maryville, Tenn., where she was a staff writer on the college newspaper among many other activities. In accepting the position of correspondent, Miss Stinecpher stated, "Knowing that Sanford residents are deeply interested in the accomplishments of their own college students since they are the future leading citizens of Sanford, it is my sincere desire to bring to the readers of The Sanford Herald a column containing a complete and detailed account of the Sanford college student. I would like this column to include news from each of the colleges that Sanford students are attending and reports on the accomplishments of the individual college students. I hope that the students themselves will realize that this is THEIR column and will offer suggestions and also help by sending me news of their own particular college. With the students and townspeople helping in this big way, I am sure that together we can create a very interesting and worthwhile column."

Miss Stinecpher is now attending Stetson University where she is a junior student of elementary education. She can be reached at Box 813, Stetson University, DeLand, or at 407-J in Sanford.

Security Council Tackles Suez Canal Dispute

UNITED NATIONS, N. Y. (AP) — Britain and France squared off for a preliminary test of strength with Egypt today as the U. N. Security Council tackled the Suez Canal dispute for the first time. The two West European powers said that at the meeting this afternoon of the 11-nation council they would fight vigorously against Egypt's move to charge Britain and France with actions threatening world peace.

The British-French stand was expected to trigger a sharp procedural debate over just what should be on the council's agenda and how it should approach the bitter dispute over Egyptian President Nasser's nationalization of the strategic East-West waterway. By the time the opening round is concluded, there should be some indications which way the council will lean when it comes to grips with the basic issues, probably a week from now.

British and French diplomats were busy putting into shape the proposal they plan to lay before the council after the preliminaries are cleared away. This will be submitted formally by British Foreign Secretary Selwyn Lloyd and French Foreign Minister Christian Pineau, who are expected here early next week.

U. S. Secretary of State Dulles also is expected to join in the later debate but there was no indication from Moscow whether Soviet Foreign Minister Dmitri Shepilov would come to New York.

Funeral Parlor Tells Completion Of Remodeling

The Grambow Funeral Home (formerly Gaultier), on Highway 17-92, south, this week announced the completion of extensive remodeling throughout their building. One of the newest firms in Sanford, Grambow's is under the ownership and management of William A. (Bill) Lockard and William L. Grambow.

Grambow, the firm's mortician, is a graduate of the Cincinnati College of Embalming and was formerly associated with funeral homes in Ocala and Miami, Lockard, the other member of the firm, is a graduate of Marietta College, Ohio, and has had varied business experience before coming to Sanford.

A formal grand opening of the firm's remodeled funeral parlor is planned for the near future.

LA Is Suffering Fresh Air Shortage

LOS ANGELES (AP) — There's a serious shortage of fresh air in Los Angeles, experts told a legislative hearing yesterday. Smog might cause thousands of deaths before anyone realized what was happening.

Panic might follow, a lot of people might go crazy. The experts testified at a hearing on smog's effect on public health.

Dr. Leslie A. Chambers, research director of the Los Angeles County air pollution control district, explained the problem. A layer of warm air often spreads over the cooler air in the Los Angeles basin. When the warm air reaches down below the height of the surrounding mountains it's like a lid.

Intermittent breezes break up the lid-like temperature inversion from time to time, letting in fresh air. Dr. Chambers said the five million living in the basin already use more fresh air than it can hold when the lid is on. If the inversion should hold for several days, he said, there would be no fresh air to breathe.

City's Financial Condition Sound

Krider Reports To Board

"The City of Sanford is in good, sound financial condition," Commissioner John Krider said Monday night. Commissioner Krider made the statement concerning Sanford's ability to cope with its monetary problems in the future and especially pointing to the retirement of bonds and long standing indebtedness.

Krider based his comment on a report prepared by City Clerk H. N. Sayer which analyzed Sanford's Tax Levy for Debt Service from 1946 through 1956 and projected the estimated income of the city for Debt Service for the next ten years.

Sayer's report states that "This projection represents an annual increase of \$11,000. In my report of 'Bond Retirement' of Feb. 3, 1956, it was estimated that it would require an annual increase of only \$5,000 to maturity to have all the bonds retired at maturity date."

Commissioner Krider told the Board of Sanford City Commissioners that in 1946, when a millage of 18 mills was levied the city received \$86,000; in 1947 with a 13 mill levy, \$105,000 was received; a 14 mill debt service levy in 1948 and again in 1949 realized \$133,000 and \$130,350; 9 mills were levied in 1950, 1951, 1952, which brought the city \$182,000 and \$141,150; debt millage in 1953 was reduced to 8 1/2 mills with a revenue of \$142,580; again in 1954 the debt service millage was reduced, this time to 6 mills with a revenue of \$85,710; in 1955 a 7 mill levy with a return of \$100,000. Fiscal 1956-57 was again set at six mills with an anticipated revenue of \$158,000.

Sayer, in his analysis, and in the projection of estimated appropriations for debt service for the next ten years with the tax levy remaining at six mills showed an \$11,000 gain in revenue each year through the fiscal year 1967-68. A total of \$283,000 would be collected in the final year of the projection.

Commissioner John Krider said, "I see no reason why our indebtedness cannot be retired by maturity date."

"I want to point out, emphatically, too," said Krider, "that the figures presented in the analysis and projection do not include any expansion of the city during the coming years."

"These are conservative figures," he said, "based on past two-year average increase."

"The City of Sanford's financial condition right now is certainly one that we can be proud of and have confidence in," Krider said.

Weather

Generally fair through Thursday; low tonight 53-60

Additional Local News On Page 7

"THERE'S NOT AN I know of," says Architect John Burton IV (holding sketch) as he explains the new Station Number 2 to the Board of Sanford City Commissioners. In the foreground is the scale model of Sanford's proposed Civic Center. City Manager Warren E. Knowles listens attentively to Burton's explanation. (Staff Photo)

Capital Improvement Program Will Bring Many Benefits To City

The Capital Improvement Program, approved by the Board of Sanford City Commissioners at their meeting Monday night, will bring benefits to the City of Sanford that are of widespread interest.

The eight-division program is estimated at \$478,467.96. However, as pointed out by Sanford's City Manager, Warren E. Knowles, cash on hand plus the trading in of old equipment, the amount of cash needed in commitments comes to only \$363,967.99.

Commissioner Earl Higginbotham Monday night said that a commitment for \$400,000 could be secured within seven days and even in less time if necessary. The commitment of \$400,000 will be used to draw against as cash is needed to complete each project as it is undertaken, City Manager Warren E. Knowles said.

A committee was appointed at Monday night's session to secure the commitment. Those named were: Mayor F. D. Scott, City Clerk H. N. Sayer, City Attorney Norman C. Hutchinson, and City Manager Warren E. Knowles.

Architect John Burton IV was given the "go ahead" at the last meeting of the Board of Commissioners to complete plans and specifications for the Sanford Civic Center, the Colored Swimming Pool, and the Fire Station No. 2. However, the "go ahead" was based on the final completion of securing a commitment for funds.

The entire Capital Improvement Program, pointed out City Manager Knowles, will not cost the taxpayer a single cent. All of the funds will come from the Florida Power and Light Company franchise agreement monies and even then, the estimated amortization period covers less than ten years.

Completion of the Sanford Civic Center will cost an overall \$190,000 which includes construction of the building, architect's fees, and equipment.

The new Sanford Fire Department Station No. 2, sketched and proposed by Architect John Burton IV is estimated to cost approximately \$31,800. However, two new pumps and fire hose will add \$42,270 to this phase of the Capital Improvement program.

The Colored Swimming Pool, planned for the Goldsboro Recreation Area, according to Architect Burton, will not exceed \$60,000. Burton told City Commissioners that the pools would be complete with showers, dressing rooms and necessary mechanical equipment for its operation.

The proposed Boat Basin, for which completed plans have not as yet been reviewed, is estimated to cost not more than \$35,000. The fifth phase of the Capital Improvement Program includes equipment that will be traded in. Already approved by the Board of (Continued on Page Seven)

Flossy In Atlantic

By THE ASSOCIATED PRESS

Hurricane Flossy, downgraded to storm status with half of its punch gone, swirled into the Atlantic today off the South Carolina coast. The season's sixth tropical storm left 13 dead and at least that many missing, plus property damage in the Gulf estimated at several million dollars.

The Miami Weather Bureau said the storm would regain some force after reaching the ocean north of Charleston, S. C., but probably not enough to get back into the hurricane class.

Flossy formed suddenly in the Gulf Saturday, aimed its center for a time at New Orleans, then swerved eastward and slammed the northwest Florida coast with 100-mile-an-hour winds late Monday. The storm's northeasterly journey brought drought relief to Georgia before shipping out over Jacksonville, Fla., and Capt. Robert D. Welford of Sapulpa, Calif., who died in the wreckage of his plane after it collided with a second jet which crashed into a home near Tallahassee, Fla., and killed a mother and her three children.

The hurricane hit Grand Isle, popular Louisiana vacation resort, destroying the Grand Isle Hotel and many houses and boats on the six-mile-long island. Damage was estimated at several millions of dollars.

Flossy churned high tides in Fla. waka near Panama City, Fla., and caused damage estimated at \$200,000. Damage to oil drilling equipment in the Gulf had previously been estimated at two million dollars.

Still missing were about a dozen fishermen and an undetermined number aboard the tug Roanoke E. somewhere in the Gulf.

"PEACE AT ANY PRICE" The rallying cry of President Filmore's campaign in 1846 sought to keep the states together despite the question of abolition of slavery. He was defeated by Buchanan.

De Bary Auxiliary To Present Fall Festival Nov. 10

By MARY FOWLER

The auxiliary to the De Bary Volunteer Fire Department will hold a meeting on Oct. 11, at the firehouse. The guest speaker will be Mrs. Katherine B. Odham of DeLand. All De Bary women are cordially invited to attend. At this time there will be further discussion of the auxiliary's plans to be presented the next month, a fall festival on Nov. 10 starting at 10 a.m. and lasting throughout the day and evening.

The firehouse at that time will be decorated in autumnal colors, with carnival booths attracting the countryside. Donations to these committees heads will be appreciated as they will be shown for early holiday shopping hints and will bring in needed revenue to the fire department. Mrs. Henry F. Lauber will be general chairman, with the following assistants: Mrs. Robert Vance, aprons and gifts; Mrs. Paul C. Fretschler, white elephant; Harry W. Soller, grab bag; Mrs. Talman Van Arsdale, The Pantry Shelf; Frank Hill, plants and flowers; Mrs. David J. Runkel and Mrs. Chris Butler, entertainment; David J. Runkel, Oliver Hassemer, Henry Lauber and Paul Fretschler serving up "red hats" and soft drinks.

The festival will be fun for all and especially for newcomers who will become acquainted as they patronize the concessions and enjoy the delicious "red hats" which the committee have had experience in serving, since they good naturally officiate at so many worthy affairs. Keep the date marked on your calendar, Nov. 10, "the only Saturday of that week."

Members Urged To Be At Auxiliary Session Thursday

The first general meeting of the fall season of the Women's Auxiliary of Seminole Memorial Hospital will be held in the City Hall Thursday at 8 p. m. It was announced this morning by Mrs. A. W. Epps, Sr., president. "This is a very important meeting," stated Mrs. Epps, who urges every member and committee chairman to be present. She also extends an invitation to any prospective members.

Proceeding the regular meeting the executive board will meet at 7:00 p. m., also in the City Hall.

Frenchmen Leave For South Florida Seeking Sunshine

JACKSONVILLE (AP) — Thirty-three shivering Frenchmen left here today for Southern Florida and what they hope will be a little sun.

They are junketing theater owners who have come to the United States to sample our movies. They were all agreed that they pay too much tax; shrugged off the government owned French TV as no threat to their industry; and saw in Hollywood's favored production a chance for foreign films to get on American TV.

They said French theaters are like those here except there are no drive-ins and French movies provided maid service for babies. Leo Dupis spoke for the group by asking "Isn't it usually warmer here?"

He was told that the mercury was between 90 and 100 last week but that today's chill was due to Hurricane Flossy.

As they boarded a bus for Ma. Richard, Tampa and Miami, one woman was complaining she was about to go home tugging porters for carrying her luggage. In France, she explained, people carry their own.

R. K. Burch Dies After Short Illness

Mr. Robert K. Burch, 74, died at Seminole Memorial Hospital at 2:30 p. m. last night following a short illness.

Mr. Burch was born on April 16, 1882 in Amityville, L. I., New York. He lived in Sanford for eight years, making his home with his son-in-law and daughter, Mr. and Mrs. R. L. Andrews on South Sanford Ave.

He is survived by three daughters, Mrs. R. L. Andrews, Sanford; Mrs. Kenneth Mayo, Fort George, N. Y.; and Mrs. Leonard Sherman, Lakewood, N. Y.; one son, Russell Burch, Amityville, N. Y.; also grandchildren five grand-grandchildren; two sisters, Mrs. Nora Klea, Amityville, N. Y.; Mrs. Willie Reed also of Amityville; one brother, Edward Burch, of Amityville, N. Y.

Remains will be taken to Amityville, N. Y. at 9:30 tomorrow afternoon where the funeral and burial will take place at 3 p. m. Saturday.

Funeral Home is in Sanford.

Integrated School Study Praised

WASHINGTON (AP) — A House subcommittee's investigation of Washington's integrated schools drew praise today from Chairman McMillan, D-DC of the House Dist. of Columbia Committee.

McMillan's committee is the parent of the investigating group. His action took on significance in the light of attacks on the legislation by the National Assn. for the Advancement of Colored People and by Rep. Wier, D-Minn., a member of McMillan's committee.

The NAACP has called for suspension of the hearings, and Wier has said the subcommittee counsel, William Gerber, should be suspended for what Wier called a "disgraceful performance."

McMillan sent Chairman James C. Davis, D-Ga. of the subcommittee a telegram congratulating both the "subcommittee and Gerber." The telegram was released as the subcommittee continued its

hearings by questioning Mrs. Miriam L. Beale teacher at Roosevelt Senior High School.

Asked about recent criticism of Mrs. Beale, principal of Roosevelt, by a Board of Education member, Mrs. Beale said that her own school children "know the criticism to be utterly false."

The board member, Wesley Williams, Negro, was quoted as saying that Mrs. Beale was impeding integration.

Mrs. Beale said children in her home room brought newspaper clippings of the statement and "remarked they were lies."

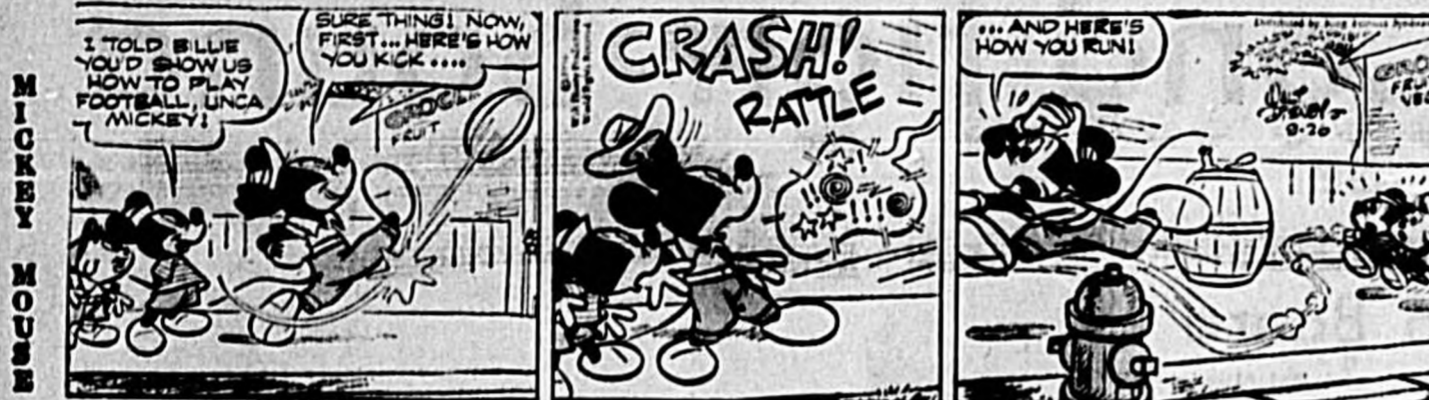

The witness praised the work of Mrs. Beale as a principal, and said that Mrs. Beale undertook to handle all disciplinary cases to allow teachers to concentrate on teaching.

She said these teachers have been trained for high school work and cannot afford to take the time and money and "go back to take elementary training courses."

Since integration, she said, disciplinary problems have increased fourfold, but that Mrs. Beale "has done a praiseworthy job of keeping the school running smoothly."

Asked concerning any increase in the use of obscene language at the school, Mrs. Beale said for the first time she has heard such language and found it written on my bulletin boards and on posters.

McMillan, in his telegram to Davis, said "congratulations on the fine work you and members of your subcommittee are doing in giving the people of the United States the true facts surrounding the low scholarly standings and other conditions existing in the schools of the nation's capital."

JOSEPH J. (SPECS) O'KEEFE continues his testimony in Boston at the trial of eight alleged co-conspirators in the \$1,218,000 Brink's holdup.

STEVENSON ARRIVES IN FLORIDA TONIGHT MIAMI (AP)—A d l a l Stevenson files into Florida tonight seeking Democratic presidential election support in a state which backed him overwhelmingly for nomination.

Business, Professional Women Can Boast Of Many Achievements

The men in this world may have consigned women to a place "in the home" but the women in this world have long been proving that their "place" is wherever they want it to be.

Under the weight of sheer determination, we dare say the women have left no field untraveled. At least we know of none.

For the moment, though, our attention is focused on the business and professional world, for the women who have moved into this once-masculine domain are celebrating a special week.

Beginning last Sunday and continuing through next Sunday, the members of the National Federation of Business and Professional Women's Clubs are observing "National Business Women's Week." The good ladies of the Sanford club, along with members throughout Florida are joining in the event.

The primary purpose of the organization, of course, is to further the cause of women in the business world. But the members also find time to partake of civic activities. In Sanford, for instance, the Business and Professional Women's Club members are active in many phases of our civic life. One of the major projects of the local organization is the sponsoring of a dental clinic.

But while the Business and Professional Women's Clubs are important for the work they do, we believe they are equally important for the achievements they symbolize. By their very existence, they offer proof that American women realize they can play extremely valuable roles in business and professional fields. The clubs bespeak the confidence and the ability of the women; they bespeak the willingness of the "weaker sex" to enter new fields of activity without hesitancy and with amazing success.

Here in Sanford, and among other Florida Business and Professional Women's Clubs, members have taken on as a project the rehabilitation of girls who return from the girls industrial school in Ocala.

The members also have a State Scholarship Fund which helps worthy girls go to school. The Sanford members of the Business and Professional Women have provided

\$500 for a Sanford girl to attend college.

Now, let's point out some of the objectives of the Business and Professional Women: (1) to elevate the status of women in the business and professions, (2) promote interest of business and professional women, (3) to bring about a spirit of cooperation among the business and professional women, (4) to extend appreciation of business and professional women through education along the lines of industry, scientific and cultural activities.

That they are welcome in those fields of activity we have pointed out goes without saying. And on that note we join Americans everywhere congratulating the business and Professional Women's Clubs on another anniversary. We know that, in the years ahead, they will add to their already notable achievements and we know, too, that Sanford, Seminole County, Florida, and the nation will be better for their having done so.

Convenience Foods

A syndicated column we noticed recently carried the title: "Servants On Sale at Grocery Counters."

This had to do with what is known as convenience foods—foods which have been prepared, processed and packaged in such a way that a minimum of time and work is required on the part of the housewife.

Nor is convenience limited to foods. All manner of things sold at retail—appliances, clothing, drug items—lessen the labor involved in day-to-day living.

The creation of convenience is expensive. It requires much handling and labor. It calls for elaborate processing plants and other facilities. But we want it—more and more of it—and in an economy where the consumer is king the producer, and retailers give it to us. This is something to keep in mind when we hear talk about "spread"—that is, the difference between what the farmer gets—or some other raw material producer gets—and what the consumer pays for a finished, ready-to-eat-or-use product. The more work that must go into a product, the larger the spread must be.

To take a very simple example, if we bought standing wheat from a field and went laboriously through all the steps necessary to turning it into bread, the cost would be much less than that of a sliced, neatly wrapped loaf on a store shelf.

But who would want to do that today? As for the size of the spread, under our competitive method of doing things, it is held to the minimum figure.

October 7-18 is "National Employ the Physically Handicapped Week," a time when stress is placed on the ability of disabled persons to hold jobs. Most physically handicapped persons have remaining abilities which qualify them to hold jobs well.

Tip to hunters: when in doubt, don't shoot—shoot!

Fall Season Well On It's Way

By SAM DAWSON
NEW YORK (U. S. —) When you slipped across the Equator Saturday it set up some special problems of business and industry.

And it brought all the old familiar change—overs for other businesses—aggravated this year by such cross purpose trends as greater demand from an increasing population and tight credit.

Business will cater, too, to the high spending mood of those in the money and the budget consciousness of those who aren't.

While the sun tan lotion and bathing suit salesmen trek south, the peddlers of pills step up production of poisons aimed at drying up the sales of America's 130 million cold sufferers.

With an eye on the oncoming Canadian cold waves, clothing stores are flooding the newspapers with ads for top coats and fur.

Winter resort owners are also busy. Advance reservations for a show a record fall and winter season in Florida, California, Ariz-

ona and Hawaii. Cruise ship owners report demand this season running far ahead of last.

Special problems assail the steel mills and railroads, however. Due to strikes in the steel and Great Lakes shipping industries last summer, movement of iron ore is now 18 million tons behind last year with freezing weather threatening to cut off the water route shortly. This will hit the mills at a time when production is running ahead of last year.

The Great Lakes Shippers' Advisory Board in Cleveland thinks the depleted ore stocks at the mills will mean 22 per cent increase in ore movement by rail this winter. And Interstate Commerce Commission sources fear that, starting next month, a worse car shortage than last year will be building up. The higher cost of getting their ore by rail will be plus steelmen.

Overcrowding in the problem for the oil industry as it starts its turn over in emphasis from gas-

oline in fuel oil production. Refiners are cutting back output as well as changing their mix so as to get more fuel oil and less gasoline from a barrel of crude.

Gasoline stocks are at record highs for this time of year—some 23 million barrels higher than a year ago—as the big season for gas consumption fades. Fuel oil stocks are up, too. The supply of heavy oil used by factories is almost a year ago stores of light fuel such as used in homes is up about three million barrels.

The distant Suez Canal casts a shadow over the whole American oil scene. Should the canal traffic stop, our wells might be called upon to increase output by one million barrels a day.

Many Called To Defend Tax Returns

By HAL BOYLE
NEW YORK (U. S. —) An interesting thing happened to my wife last week.

"Uncle Sam has asked me and a friend of mine to come in to-morrow and explain our 1932 and 1933 income tax returns," she said.

"That so?" I asked. "Who's the friend?"

"You," said Frances sweetly. "You'll have to go by yourself, I told her. 'I'm awfully busy to-morrow. Couldn't possibly go.'"

"Maybe you'd rather go to Alcatraz," said Frances. I suddenly decided I could make it after all.

Hundreds of thousands of Americans are being called in now to defend their back income tax returns. Word has been spread around that the experience is no worse than a bad cold, and that you aren't really a social success until it happens to you.

Since you might be next maybe you'd like a little rundown on what to expect.

Warned by the direful tales of friends who had survived the tax man's inquisition, we spent a sleepless night gnawing through desk and dresser drawers looking for old financial records. We found my grade school diploma class of 1924, our marriage diploma class of 1927, a picture of me in my first long pants, and a newspaper clipping predicting Al Landon would beat F. D. R. hands down.

But all that was left of 1932 and 1933 was a handful of scattered checks. They showed we had spent a lot of money but didn't say what for—except a check for \$15 on which Frances had, rather meanly I thought, scribbled: "For Mr. Bigshot's poker lesson."

Red-eyed from lack of sleep we showed up at the local office of the Internal Revenue Service. In a long room sat 75 agents at desks surrounded by taxpayers. No in-linenight taxpayers. Just lost-look-for the same reason we were.

We drew a handsome, soft-spoken young agent any mother would be glad to have as a son—that is, if she didn't have to appear before him as a taxpayer. He put us at "out at job."

"Our job isn't to collect more money from you," he said gently. "It's to determine that you have paid the exact tax. We often refund money."

Instead of a winter vacation in Florida I began to dream of a trip to Europe.

That bright vision faded quickly as the agent began checking our returns. Item for item, demanding specific proof for each deduction. The canceled checks I handed him feebly turned out to be only circumstantial evidence.

Russian Submarine Base Rumored

By BEN PRICE
Associated Press News Analyst
WASHINGTON (U. S. —) The U. S. Navy said that it had "no comment" on whether it had been able to confirm the existence of a Russian submarine base at Valona, Albania.

There have been vague reports out of Europe from time to time that such a base was under construction.

The latest reports come from a Chicago Daily News correspondent at Bonn who quotes German sources as saying work on the base began in 1942; that it has been capable of handling 100 subs under 300-foot cliffs and guarded by air bases and rocket launchers.

If this report is true it is one of the most important pieces of military news in recent years. It is logical enough to think the Russians would want such a base.

Albania has been a steady ally of the Soviets even though her northern neighbor Yugoslavia saw

it to break with Stalin in 1948 and travel an independent course.

Russia long has sought a means of gaining access to the Mediterranean Sea without depending on passage through the Turkish-controlled Dardanelles and Bosporus.

Valona, guarded its entrance by the island of Saseno, is 70 miles east-southeast across the Straits of Oranoe from the Italian port of Brindisi.

Through these straits pass all shipping entering the Adriatic Sea, lined by the east coast of Italy and the western coasts of Yugoslavia and Albania.

Further, Valona lies but 375 air miles from the American naval base at Naples, Italy; 475 air miles from the British naval and air base at Malta; and only 600 air miles across Greece from the British base at Cyprus.

A Valona base would project Russian stowpover into the heart of the Mediterranean. The Navy estimates Russia has about 600 submarines, a tremendous number when you consider that Germany started World War II with fewer than 70.

A base at Valona would be only 80 miles from the North African coast and in an excellent position to cut the Mediterranean in two. The presence of any large number of Russian submarines in the Mediterranean could raise hob in that area.

In the event of hostilities, France, Spain, Italy, Greece, Turkey, Yugoslavia, Egypt, Israel, Syria and all of North Africa would be open to direct attacks, not to mention their shipping.

To neutralize Valona or to bottle up subs north of the Straits of Otranto, particularly if there was heavy air cover, would be a real man-sized job.

If the base exists at Valona, its presence would be hard to conceal from even casual sea and air reconnaissance. If it doesn't exist so much the better. In either case,

Enterprise News

By HELEN SNODGRASS
Jules Gray of Atlanta, Ga. and Bill Sherbondy of Cleveland, O. were weekend guests of Mr. and Mrs. E. C. Lawson at their home on Stone Island.

Jimmy Conrad of Harrisonburg, Va. was visiting with his grandmother, Mrs. Ida Haselden.

Miss Joan Scott of Tampa was the weekend guest of Mr. and Mrs. Cecil Bellers.

Cecil and Doris Ann Williams of Bartlett, Ala. spent the weekend with Bobby, James, Larry and Linda Ann Wilborn enroute to the southern part of the state.

Mr. and Mrs. Alva Hayman of Orange City, Harry Hayden of DeLand and Miss Sylvia Hayman of DeLand were dinner guests of Mr. and Mrs. Ed L. Cunningham Sunday.

Mr. and Mrs. Earl Tyler of Miami are house guests of Mr. and Mrs. Wesley Tyler this week.

Mr. and Mrs. J. V. Richard left Tuesday for a visit with Miss Irene Richards in Washington, D. C.; Russell Palmer in New York; and Mr. and Mrs. Hartwell Davis in White Plains, N. Y. They plan to be away about two weeks.

Mr. and Mrs. Melton Yelvington and Mr. and Mrs. Tom Gal-lichter of Sanford were guests at a buffet supper at the home of Mr. and Mrs. Sam Lawson Saturday.

L. and Mrs. R. A. Duvall and son Ricky were called this week to San Francisco, Calif. by the accidental death of Mrs. Duvall's brother there.

Friends of Robert L. Cox wish for him a speedy recovery following surgery in the Orange Memorial Hospital Monday.

Mr. and Mrs. Don Winn were business visitors in Tampa Wednesday and Thursday.

Mrs. Grace Koole and her daughters, Carol and Donna accompanied by M/Sgt. and Mrs. Karl Nettle and Michael of Long-

Lake Mary

By VIRGINIA F. ANDERSON
Fred Howell of Atlanta, Ga. was a recent guest of his brother and sister-in-law, Mr. and Mrs. Roy L. Howell.

Mr. and Mrs. Morris W. Steiner and children have moved into the former Lettner house on West Lake Mary Boulevard.

Mr. and Mrs. P. D. Anderson were in Orlando Friday morning to attend the funeral of Mrs. B. M. Robinson, a pioneer resident of the city. She was a lifelong friend of Mrs. Anderson.

The Rev. and Mrs. C. C. White returned from a vacation spent at Winona Lake, Ind.

Mr. and Mrs. W. V. Castleberry spent the weekend with their son and daughter-in-law, Mr. and Mrs. C. J. Castleberry in Nicholas.

Mr. and Mrs. Joe Smathers arrived home, Saturday after an 11 day vacation which took them to 10 states and the District of Columbia. They especially enjoyed the Skyline Drive through Virginia and the Blue Ridge Parkway in North Carolina. They were accompanied by their Orlando friends, Mr. and Mrs. Alvin Guyman.

P. D. Anderson Jr. of Tampa was guest of his parents, Mr. and Mrs. P. D. Anderson, last Friday and Saturday.

Mr. and Mrs. Roy Howell Jr. and two sons, Milton and Stanley, of Waycross, Ga. spent the weekend with his parents, Mr. and Mrs. Roy L. Howell.

Mr. and Mrs. J. C. Tillis and children, Frances and Dannie were called to High Springs, over the weekend, by the critical illness of her brother, W. C. Matthews.

T. E. Franklin who has been a patient at the Florida East Coast Hospital in St. Augustine, has been brought home.

Sunday afternoon, Mr. and Mrs. P. D. Anderson visited her aunt, Mrs. Louise P. Wilson in her home in Enterprise.

The Teen Age Group of the Nazarene Church held a Bake Sale at the Post Office, Friday and made over \$6 which will go to the Parsonage Improvement Fund.

Residents of Lake Mary were very glad to avail themselves of the opportunity of buying their 1937 Drivers' Licenses from a representative of the County Judge's office, in town Thursday afternoon. This is a yearly courtesy extended by that office and is much appreciated by the community.

E. O. Fawcett is in town on business several days last week. They are enjoying their recently completed summer home near Wayneville, N. C. where they are sleeping under three blankets.

Mr. and Mrs. O. J. Lally returned Sunday after a summer spent in Georgia, Tennessee, and Indiana.

Mrs. Frank Minshew has returned from Atlanta, Ga. where she helped nurse her sister, Mrs. G. L. Driskill, who recently underwent surgery.

Mrs. C. W. Sjolhom spent last week visiting her sister, in Jacksonville, and her son-in-law and daughter, Mr. and Mrs. Gosser in Green Cove Springs. The Gosser returned to Lake Mary with her, for a short stay.

LAF-A-DAY

They never would give me a Hoover, but it's awfully nice of you to think I should have one!

Myocardial Infarction Attacking More Women

By MARGARET H. BUSHNELL, M. D.
RECENT reports seem to indicate that almost as many women as men are suffering from myocardial infarction.

These statistics, reported by a large St. Louis hospital, are surprising since it had been, and still seems to be, generally believed that for every woman who fell victim, three or even more men suffered from the condition.

Special Treatment
Like any serious heart condition, this one, in which the heart muscle becomes congested, requires individualized treatment.

Many problems encountered in recovering from the ailment must also be resolved with the particular patient in mind.

Virtually every one knows, I believe, that strenuous exertion is bad for anyone recovering from heart trouble. However, most patients are permitted moderate exercise like walking, a little golfing and this handling.

While physical overexertion can be harmful to the cardiac patient, mental stress may be just as bad. And it's more difficult to control.

It's important for anyone recovering from myocardial infarction to avoid great emotional tension. If a job, for instance, means heavy responsibility, it might be a good idea to seek another one.

It's natural for anyone recovering from a heart condition to be apprehensive. Fear, however, must be eliminated. If it isn't, it may only aggravate the ailment.

Collegiate Echoes

By GRACE M. STINECIPHER

This month over 100 Seminole High School Graduates are beginning a new academic year at the college of their choice. Of this large number, approximately 25 are attending Florida State University, 20 at the University of Florida, 18 at Stetson University, 7 at Florida Southern, 5 at the University of Miami, and about 30 students are enrolled in colleges outside of the state. Also there are several in nurse's training at various hospitals, and Sanford is well represented by students in the theological seminaries. These college students are the future leading citizens of Sanford and other communities.

Realizing this and knowing that you in Sanford are always interested in our accomplishments, this column has been established to feature college campus news.

Summer Experiences
Even though it was vacation most college students realized that summer is a valuable time, so many worthwhile and interesting things were accomplished by Sanford's college students during this past summer. Evidence of this is shown by the fact that many attended summer school at the various colleges — Ellen Driggers, Margaret Morrison, Gladys Hoyle, Peggy Wright, Mary Lou Copeland, Grace Marie Stinecipher, Jimmy Krider, Robert Baker, George Herndon, Betty Ann Munson, and Sara Jacobson were among those seen on the campus of Stetson University in nearby DeLand. Billy Park, Jimmy Bollinger, and Gail Dinkins were in classes at U of F; Gordon Toll enjoyed school at the University of Miami; Colleen Engstrom went away out to South Dakota for a summer season; and Rosemary Garner was in nurse's training in the hospital in Quincy, Florida in line with her studies at FSU.

Other summer activities included that of Joel Moss, student at U of F, who worked with a group of friends at Yellowstone National Park and also took a grand tour of the West. Beverly Cooper, who attends Alabama College in Montevallo, Alabama, was an instructor at the Joy Camps in Hazelhurst, Wisconsin thus giving her experience for her physical education major. Her main duties there were the teaching of boating, swimming, and archery.

Ronnie Anderson, who this year is assistant drum major of the FSU band, was an instructor at a camp in Ely, Vermont this summer. Besides teaching various crafts there, Ronnie had charge of the camp music — training various choirs and also a band. Bobby Morris was a delegate from UoF to an Agricultural Convention in Washington, D.C. during the summer.

Pete Hargis, formerly stationed at the Sanford NAB and an active worker in the First Baptist Church here, had an interesting job with the State Plant Board in and around Miami. He attends Stetson University where he is freshman advisor this fall. Nancy Routree and Martha Owen, both of FSU, spent their summer working with the City Recreation Program and also the Girl Scout Day Camp.

Out into the World
Several Sanford students received their Bachelor's degrees this spring and are now pursuing the vocations of their choice. Of these graduates, Bebe Bisbee is now teaching first graders in a Miami school; Ann Whitaker has a room full of sixth graders at the "Pinecrest" School here in Sanford; Caroline McInnis is employed as a teacher at Southside Primary School; and Mrs. Charles Beard, nee Margaret Malloy, is teaching English in a junior high school in Tallahassee.

Lucia Goff completed her nurse's training at a Norfolk, Virginia hospital, while Beverly Rogers finished at Riverside Hospital in Jacksonville. Both will take their State Board Exams this fall.

Ellen Lyon recently completed a two year business course at FSU and now is employed as a private secretary with a firm of lawyers in Tallahassee.

And College Begins
Three Florida Universities—U of F, FSU and University of Miami have already begun their classes

while the three other schools — Stetson University, Rollins College and Florida Southern — opened their doors for Freshmen Orientation this past Sunday. Students of Rollins and Florida Southern begin their classes on September 28 while those going to Stetson have until October 1.

UoF reports that 10,992 students have registered at the end of the second week of the fall semester. This is an all time high — 123 more than last year's previous high.

6,814 students are now enrolled at FSU, an increase of 312 over last year. Of this number, 3,542 are men and 3,182 are women.

Orientation Week is now in progress at Stetson University with several Sanford students taking part. Registration will take place on September 28-29 with the annual Freshman Talent Show on Friday night being a highlight of the week. On Saturday afternoon there are plans for a Student Government party. Faculty Talent Show, and Picnic Supper at Ponce deLeon Springs. A reception honoring the freshmen will be held that night.

School Food Assn. Holds First Meet To Get Acquainted

The first Fall meeting of the Seminole County School Food Association was held Thursday evening, Sept. 29, at the home of Mrs. W. A. Fessler on East 21st St.

This "get-acquainted" meeting gave the women a chance to welcome some new members. After a brief business discussion by the County School Supervisor, Mrs. Charlotte Whitman, refreshments were served, over which the members exchanged new ideas and recipes acquired at the state-wide summer training school in Tallahassee the past summer.

These present were Mrs. Cranston, Mrs. Charlotte Whitman, Mrs. Frances Cartledge, Mrs. Elba Lee, Mrs. Clarice Dele, Mrs. Louise Lee, Mrs. Flora Middleton, Mrs. Frieda E. Muir, Mrs. Gabriella Cloutier, Mrs. Zephyr Ellis, Mrs. Francis Cook, Mrs. Vivaleene Anders, Mrs. Alma Robinson, Mrs. Sara Sewell, Mrs. Edith Cason, Mrs. Sue Hutchinson, Mrs. Ruby Davis, Mrs. Ruby E. Howe, Mrs. Irene Ewell, Mrs. Lillian Siebold, Mrs. Kathryn White, Mrs. Blanche Parlin, and Mrs. Edith Coyner.

Sanford is also represented well on the Stetson team this year by Jim Hawkins and Jim Krider, both freshmen. Hawkins will be remembered as the star of the Sanford Celery Fed team last year, while Krider was an outstanding player of the same team in 1953. Krider has just finished his stretch in the army and entered Stetson this past summer. We should be hearing lots from these boys in the way of football during their four years at Stetson.

It is interesting to know and also somewhat unusual, that both Wade Jr. and Ronnie Garner, sons of Dr. and Mrs. Wade Garner, are attending the University of Miami Medical School in preparation for the medical profession. Wade is in his junior year where he is in surgical service at the Jackson Memorial Hospital at present and is a charter member of the Med School Student Council. Another interesting thing to know about Wade is that he made one of the highest grades of anyone taking the State and National Examinations this spring. Ronnie is in his sophomore year and is still attending classes at the University of Miami. Both boys are members of the Chi Phi Medical Fraternity. And if you look hard enough, you will also find another member of the Garner family in and around Jackson Memorial Hospital. This is Rosemary, who is there in line with her four year nurse's training program under the direction of FSU. Quite an unusual family!

Seen at the Sanford Seminoles opening game were Ernie Morris and Jim Owen, home for the weekend after their first two weeks at UoF.

It seems that Jimmy Brown, sophomore at U of F, after standing in line for hours in order to make out a schedule of classes, lost his schedule card and had to begin all over again — he lost out on a day of classes by this, too, to add to his misfortunes!

Your columnist can be reached at Box 513, Stetson University, DeLand, Florida or at 407-J in Sanford. News of college students will be appreciated.)

MISS KAY IVEY and Miss Frances Strickland, upon whom degrees were conferred at the Rainbow Girls Initiation Monday night, are pictured here with Miss Margaret Ellison, left Worthy Advisor and Miss Amoret Spier, right, Worthy Associate Advisor.

Personals

Miss Sandra Monforton and Miss Sonja Monforton have entered their second year at Virginia Intermont College in Bristol, Va.

Mrs. Claude Hendrick, with her infant daughter, Mary Anne, left by plane Tuesday afternoon for Atlanta, Ga., after having spent the past two weeks with her parents Mr. and Mrs. Harold Appleby.

Mr. and Mrs. E. A. Monforton have returned to their home, 1830 Sanford Ave., after a ten-day trip to Bristol, Va., Cincinnati, and Windsor, Ont. Their daughters accompanied them to Bristol.

DO — IT — YOURSELF TROUBLE

NEW PLYMOUTH, Idaho (AP) — Gene Killebrew has sworn off "do-it-yourself" projects after his first attempt. While connecting his new air conditioning system, he hooked into the hot water instead of the cold and wound up with a houseful of steam.

Degrees Conferred On Two Members At Order Of Rainbow Girls Initiation

Sanford Assembly No. 25, Order of the Rainbow Girls held initiation Monday night at the Masonic Hall, with Miss Margaret Ellison, Worthy Advisor, presiding. In a very beautiful and impressive ceremony, the degrees of the Order of Rainbow were conferred on Miss Frances Strickland and Miss Kay Ivey.

At the regular business meeting which followed the initiation, plans were discussed for the sale of candy bars, which will commence just as soon as the candy is received. The purpose of this money-making project is to earn enough money for the girls of the Sanford Assembly to attend the Grand Assembly, which will be held in St. Petersburg sometime in June. All of the money made on the sale of candy bars will be set aside for this one particular project, with none being spent for other pursuits.

Miss Nan Cushing was made general chairman of the candy sale and the group was divided into two teams, with Miss Margaret Ellison and Miss Amoret Spier named captains of the teams. The two teams will compete to see who can sell the most candy, and at the close of the project the losing team will give a party for the winners.

The next regular meeting of the Rainbow Girls will be on Oct. 8, at which time they hope to have the candy bars for distribution to the two teams. Special guests at the initiation were several members of the Order of Eastern Star and one member of the Masons.

Sanford Herald Visits Parkers — New Residents

Dr. Vann Parker lives with his wife and two children in a lovely new home on Grandview Ave., to which they moved only two and a half weeks ago. Their two children are Martha, a very charming little heartbreaker of two and a half, and Jerry, a handsome, husky lad of four months.

The Parkers moved to Sanford on July 1st, from Durham, N. C., where he had a residency at Duke Hospital. He is associated with Dr. Gordon Stanley, whom he met while at Duke and together they manage to take care of most of Sanford's children.

Dr. Parker, with what little spare time he has, indulges his favorite hobby of photography. He says he is just getting started and only has one camera, a stereo-realist.

Mrs. Parker is very interested in art and ceramics and is thinking of furthering her interest by attending the art and ceramics courses offered at Seminole High School. She says she has always been interested in this line of endeavor, but has not done nearly so much of it as she hopes to do in the future.

The Parkers like Sanford and are anticipating a great deal of pleasure in living among the people of Sanford, and the people of Sanford are certainly pleased to welcome this new family into their community.

NEW RESIDENTS of Sanford are Dr. Vann Parker and his family. Shown above are Martha, Mrs. Parker, Jerry and Dr. Parker.

De Bary News

BY MARY FOWLER

The Touring Florida party at the civic center recently was an unqualified success, with 160 attending. Dessert and coffee were served before the games began, in which the progressive system engaged a continuously changing partner break-up and thus bringing new members of the community together with residents who were interested in getting acquainted. A table of prizes delighted the winners and all reported a happy evening. The committee was: Mrs. George Wakefield, chairman, with Mrs. Sydney Wilkes, Mrs. Ray Peck and Miss Kay Ryan.

Miss Edith Selter, librarian at the DeLand public library, will be guest speaker at the DeBary Garden club on Friday, October 8th. A discussion of horticultural news will follow the business program.

Mrs. Arthur L. Willgoose entertained the executive board of the ladies auxiliary to All Saints Episcopal church Tuesday afternoon at her home. After the business session a tea was enjoyed.

The Home Demonstration group met today at the civic center. Mrs. Harold Eby of DeLand was guest speaker and informed her audience on tropical plants, shrubs and grasses.

Col. Harry L. Fritts has been deputized to take the place of Robert Hofstetter during October, while Mr. and Mrs. Hofstetter are vacationing on the West coast and entertaining guests at their home on Smyrna Drive.

Robert Cox, the genial photographer, is home from the hospital in Orlando, where he underwent emergency surgery last week. Robert is in fine condition,

Sanford, Oviedo Service Guilds Hosts To Seminar

The Sanford and Oviedo Guilds were co-hostesses Sunday afternoon to the Wesleyan Service Guild Orlando District Educational Seminar held at the First Methodist Church here. The meeting was presided over by Mrs. Janet Purcell, Orlando District Secretary. The methods and texts for approved study this year were presented under the direction of Mrs. Lucille Mays, District Chairman of Missionary Education and Service. These included Paul's Letters to Local Churches, Youth in A Responsible Society; Missions U.S.A.; and Southeast Asia.

Guests included members of Guild units from Apopka, Lockhart, Orlando, Winter Garden, Winter Park, Daytona Beach, DeLand, Mt. Dora, Oviedo, and Sanford.

After the study session the guests were invited to McKinley Hall for a social hour, where punch and cookies were served from a beautifully decorated table.

he says and is receiving friends at his home on Lake Monroe. Mr. and Mrs. Alfred Faron and baby daughter have been visiting in Long Island, at Massapequa and Coram.

Mrs. Poyntell Kemper and Mrs. Everett Waite have returned from an extended vacation in Avalon, New Jersey, where Mrs. Kemper has a summer cottage. They were near enough to call on Rev. Kemper, who has been in poor health but is recovering so that he is entertaining friends in his New York home across from the Cathedral of St. John the Divine.

Plantation Estates Property Owners will hold their first meeting of the season next Tuesday night at the mansion at 8 p.m.

Lutheran Church Ladies Aid Society Meets Monday

Thursday evening the Ladies Aid Society of the Lutheran Church of the Redeemer held its regular monthly meeting at the church.

The devotions were led by Mrs. Bill Southard who used as her topic, "To Give all Nations Peace".

Mrs. Henry Thurston presided over the business meeting. Committee reports were given and it was decided that a white elephant sale would be held at the next meeting. Tentative plans were made for a covered dish supper to be held in October with the definite date to be set later.

Mrs. Ruth Metzler showed colored slides taken the day of the dedication of the new church. Refreshments were served by the co-hostesses, Mrs. Henry Thurston and Mrs. John Senkarik, to the following: Mrs. J. R. Ervin, Mrs. Esther Truett, Mrs. Joe Melich, Mrs. David Green, Mrs. Bill Southard, Mrs. Jerry Senkarik, Mrs. Ruth Metzler, Mrs. C. Atkinson, Mrs. Mark Mack, Mrs. M. G. Hodges, and Mrs. J. S. Ekern.

Sunday School Workers Learn New Methods

Attending the teachers' conference held in Lakeland Sunday were Mr. and Mrs. Burkemler, Mrs. Ruth Metzler, Mr. and Mrs. John Senkarik, Mr. and Mrs. Jackie Senkarik, Jerry Senkarik. This conference was in the nature of a circuit meeting. Sunday school workshop and departmental conference, all combined.

St. Paul's Lutheran Church was host to this tremendously educational program, at which experienced lay workers explained to the teachers and Sunday school workers the new methods of teaching and new material available. In short this was an educational pro-

Miss Myrtie's Schedule

Schedule of Miss Myrtie Wilson, Home Demonstration Agent September 26 - October 2

Oct. 1 Art class will meet at Seminole High School at 7:00 p. m.

Oct. 2 Girls' 4-H Club Sanford Junior High School will meet at 11:45 8th grade.

Girls' 4-H Club 7th grade Sanford Junior High will meet at 12:42.

Ceramics class will meet at 7:00 p. m. at Seminole High School.

gram for Sunday school teachers and workers to help keep them in close touch with modern methods of Christian education.

Rev. Hingel, pastor of the St. Paul's Lutheran Church and Dr. Robert Nis, district circuit president, were principle speakers at the conference.

The meeting lasted from 3-8 p. m., after which the Lakeland church was host at a banquet style dinner. There were approximately 150 in attendance.

Lake Mary Women Fete Mrs. Harmon With Bridal Shower

By VIRGINIA P. ANDERSON

Saturday evening a group of Lake Mary friends gave Mrs. Jonnie Lee Harmon a bridal shower at the home of Mrs. Ida Keogh. Assisting Mrs. Keogh were her daughter, Mrs. Ellen Keogh, Mrs. H. M. Gleason and her daughter, Mrs. R. W. Keogh and Mrs. P. D. Anderson.

The guests enjoyed seeing the useful and lovely gifts, as Mrs. Harmon opened them.

The hostesses had carried out a pink, white and blue color scheme, with streamers in those shades meeting over the refreshment table. An arrangement of pink and white flowers at one end balanced the bowl of pink punch at the other end, with a white wedding cake, topped with a large pink rose bud, in the center of the white-covered table. The mints were blue and pink and each guest received a tiny, old-fashioned nosegay favor, made of gay gum drops! The honor guest was presented with an unusual corsage, made of candy kisses, silver wrapped and ribbon tied!

Invited to be with Mrs. Harmon were her sisters, Mrs. H. M. Cochran and Mrs. Orville Touchton and some thirty friends from Longwood, Orlando and Lake Mary.

CURFEW LAW WAIVED CINCINNATI (AP) — The National League 12:50 a. m. curfew law has been waived for the balance of the season on games involving pennant contenders Milwaukee, Brooklyn and Cincinnati.

League President Warren Giles announced yesterday that the curfew rule on night games is suspended "in regard to any National League game which could affect the 1956 championship."

The league rule says that no inning may be started after 12:50 a. m., local time.

Shower Honoring Mrs. Harmon Held In True Home

By VIRGINIA P. ANDERSON

Friday evening, Mrs. Jonnie Lee Harmon, was honored by Mrs. R. E. True, Mrs. J. M. Thompson and Mrs. R. M. Ball at the Lake Mary home of the former.

The guests assembled in the large Florida Room overlooking Crystal Lake, where many packages were piled on two, pink covered tables.

After several conversation-cessations, the honoree opened her gifts and everyone had a chance to admire them. At a late hour the hostesses served punch, pinwheel and heart shaped sandwiches, brownies and individual cakes, mints and nuts.

A pink color scheme was carried out with pink tapers shedding a soft glow over the refreshment table, which was covered with a white organza cloth over pink. The punch bowl, with its pink punch balanced a low arrangement of pink roses and carnations—the mints, the cake frosting, the sandwich fillings all were in shades of pink and the honor guest wore a corsage of pink rose buds on her black eyelet embroidered frock. Present were some 40 friends from Lake Mary and Sanford.

BUNNENSLIKE BEGGAR EL PASO, Tex. (AP) — Police in Juarez, Mexico, just across the border recently arrested a beggar who said he made \$15 to \$30 a day begging from tourists and Juarez residents.

The 60-year-old beggar, picked up in a routine roundup, carried three money bags. One contained dollars, another pesos.

P.G.A. Runner-Up

(Continued from Page One)

Sanford during the season.

Oliver gained literary recognition. When others stifle the air on golfing style in his article "The Golf Swing" in the book "THE GOLF CLINIC."

Oliver has often been applauded for his joking manner and hardy laughter during keen competition. When others stifle the air with tenor Porky just cracks another joke and enjoys himself. "Money golf is important but it just wouldn't be worth it without the laughs," he said. His style, however, is one of studied smoothness.

Commissioners is the purchase of two garbage packers, a dumper and loader, two dump trucks, a service truck chassis, and a street sweeper.

The addition of these mechanical units, as has been explained to Sanford's City Commissioners, will put the departments in which they will be used, up to a point where they can take care of the city's needs.

The sixth phase of the program is the air conditioning of the Sanford City Hall and Police Department offices. The overall program has placed the official offices of the City of Sanford in a condition where greater efficiency will be realized.

The 133 units in the street lighting phase of the Capital Improvement Program will be installed by city forces, according to City Manager Knowles when the Board of Commissioners approved the purchase of the more than 150 street lights Monday night from Raybro of Orlando at a cost of \$85,798.90 with installation costs set at \$3,228.

Lights will be installed on French Ave. from the Lakeland to Park Ave.; on Park Ave. from 25th St. to French Ave.; and on First St. from French Ave. to Sanford Ave.

IT'S THE '57 INNER FORD' IN ACTION

You're seeing why you'll ride sweet and low in the '57 FORD

On Wednesday, Oct. 3rd, you can see the new '57 Ford in all its glory. But (above) we're giving you a sneak preview of the "hidden beauty" that made the new Ford possible. You see, the new Ford was built from the inside out . . . just as a beautiful piece of architecture starts with its foundation. The new "Inner Ford" is the secret of Ford's magic . . . the inside story of why Ford is the longest, lowest, biggest, most spectacular Ford ever!

For the first time, you get a full-cradle frame that sweeps out as it dips down between the wheels. This helps give Ford a lower silhouette for 1957 . . . as much as 4 inches lower. You get full head room and leg room—

actually you get more inside room, easier entry than ever. Rear springs are mounted outside the frame so the rear seats are lower. The new drivetrain is tapered and hooks up with the differential lower down than ever before. This lets you ride sweet and low with full road clearance.

But this is just the beginning of the new Ford story! Wait till you try its exciting new sizzle! Wait till you see Ford's wonderful new bodies that ride sweet and low with Ford's remarkable new frames. They not only have quality in every built-to-last part and feature . . . but they say "quality" in every clean-lined, sculptured line. Your Ford Dealer will have something really new to show you for '57.

Your Tomorrow Starts with a New Kind of Ford — see it Oct. 3rd

Greyhound Coach Lauds Local Fans

Lyman head mentor Jim Payne said today that the Sanford football fans were responsible for the record smashing attendance at last Saturday's game when the Seminoles JV's tangled with the Lyman Greyhounds.

"We had the largest attendance in the history of Lyman football thanks to the people of Sanford," Payne said today. "We want your fans to know that we appreciate it," he continued, "it was a great help to our season and we hope the Sanford fans will continue coming out to watch our games."

Terry Goembel Gridster Of Week

After the second day of hard, intensive scrimmage and defensive work the Sanford Seminoles are looking up. "But just because they looked good today doesn't mean we're going to let up," head mentor Bill Fleming said. "We're not interested in a flash-in-the-pan ballclub. We want units that are consistent and dependable, and that's what we're going to get."

TERRY GOEMBEL (Staff Photo)

Terry Goembel is filling his bill better than anyone at the present. "The Bull" is showing well on defense and was the consistent ground gainer during the embarrassing loss to Cocoa. The 190 pounder was switched from the line to the fullback slot by virtue of his speed and desire. He is the third fastest member of the team, and he is picking up more razzle-dazzle with individual attention. Goembel will be serving the Seminoles defensively on the line. "We dislike using backfield men on the defensive line," Fleming said, "but we've got to have that power. I think Goembel is one of the few who can be switched about and still come through for us." The senior fullback has been selected as this week's outstanding gridster.

Another backfieldman to show up well for the Seminoles, Phil Byrd, the 145-pound, swivel-hipped break-away man for the Seminoles gained a lot of valuable experience in the Cocoa game. Although Byrd is a senior, his weight has limited his game

Minor Injuries Hinder Lyman

The Lyman Greyhound mentor staff was singing the blues today as a rash of minor ailments all but stopped work for the day. The complaints ranged from wrenched ankles, infected feet, and bruised knees to a small epidemic of virus.

The backfield was hurt the most. Halfback Jim Hopkins and quarterback Dave Stevens were shelved for ankle injuries. Fullback Lamar Helms is sidelined with an infection in a small foot laceration, and alternating fullback—end, Harold Stone, has a virus infection. The line has a heavy hole in it as Alton Boone, outstanding 183 pound tackle, was sent home because of virus and pounding of the knee. Boone, 235 pounder, suffered a re-occurrence of knee bruises. Only Helms, however, is on the doubtful list for Saturday night's game against Winter Park in Longwood.

Cocher Payne will face one of this season's toughest squads when his charges play host to the big, aggressive Parkers. Only those members of the Parker squad who see action against Cocoa Friday night will average about 175 pounds, and Van Horne will meet his match in weight when he faces one of several 275 pound Parker tackles.

Parker said he was well pleased with the team's showing Saturday night against the Sanford JV's. "The line did well, and the backfield turned in a good showing," he said. "As the season progresses we should have a fine halfclub if we aren't hurt by injuries." Payne still has trouble with his perennial plague—lack of reserves. "We'll have to get in better shape," he continued, "if we plan to iron-man it the rest of the season; and iron-man it we must."

Payne had particular praise for one of his reserves. Howard Judah, 160 pound sophomore, earned himself a berth on the starting club by virtue of his outstanding defensive play against the Seminoles JV's. "He was the boy that kept Sanford from scoring," Payne said.

Loucks Freshman Assistance Will Promote Studies

The members of Sanford Seminoles squad will be gunning for the Louck Freshman Assistance Scholarship for the second time this year. Capt. Earle T. Loucks, a civic minded gentleman who has been a football enthusiast for 33 years, together with his lovely wife wanted to do something to help the Sanford teams. They are not a rich couple with more money than they know what to do with, but they wanted to help someone. "The joy of giving is a very soothing thing," the amiable Capt. Loucks said. So the couple decided to give a scholarship to Seminoles High School.

The purpose of the scholarship is to improve the academic endeavor of athletes. The man who wins the Freshman Assistance Scholarship must have played every game of his senior year. From among those starters, the player with the highest four-year academic standing gets the scholarship. The Loucks have nothing to do with the selection of the award winner. The selection committee is headed by Fred Ganas, athletic director of Seminoles High. The other committee members are the principal of the school and the head football coach.

So that the purpose of the scholarship may be fulfilled, the full scholarship does not take effect until last year's freshmen are seniors. "We wanted to give this so that a boy would begin preparation in his Freshman year," Loucks said. Until then, each senior qualifying for the scholarship will receive \$100.00 after he has enrolled in an accredited college or university. After 1959 the Freshman Assistance Scholarship will be \$450.

This arrangement will be in effect for seven years, at which time the football players' scholarship will be studied. If the academic standings of the players have been improved the Loucks Freshman Assistance Scholarship will be continued. If not, the funds will be re-channelled.

Panthers Stomp Melbourne 31-7

BY BROWN AND WILLIAMS

The Cocoa Academy Panthers kicked off their season with a bang last Saturday night in Memorial Stadium before over 800 fans by steamrolling past a ragged Melbourne eleven 31-7. Behind the fine running of halfbacks Grady Roberson and the passing combination of Otha Abney to Lonnie Hardy the Panthers operated smoothly from the traditional Single-Wing and the new Straight-T for their easy win. The Panthers kept the Melbourne club bottled up all evening both on the ground and in the air, while tallying twice in the second quarter and once in each of the other stanzas.

Grady Roberson led the Panther drive of 85 yards late in the first quarter. Quarterback Lancaster, calling a good game all evening circled left end for paydirt from five yards out. The try for extra point was ineffective.

On the return kickoff the Panthers came up with the ball, but two plays later the Panthers fumbled and Melbourne capitalized on the error for the score. Melbourne's Davis ran from the five to score. The attempt for the extra point was good, and at the end of the first quarter the outclassed Melbourne eleven led in the game 7-0.

But it didn't take the Panthers long to get back in the ballgame. In the second quarter the Panthers struck pay dirt with a 20 yard pass from Abney to receiver Hardy. McFadden successfully converting for the extra point. The Panthers took a comfortable lead late in the second stanza when Abney tossed a long aerial to Hardy for a 80 yard pass-and-run scoring play.

In the 3rd quarter the Panthers' wall and penalties drove Melbourne to their own 1 yard line and attempted punt was blocked by Panther Addys Lamb. Ray Paul Knight recovered for Crooms for the end zone for the fourth TD, but the attempted conversion was stilled.

With five minutes left in the game Grady Roberson intercepted a pass thrown by Albert in the 37 yard line and made a breath-taking return for the fifth Panther

It was an important win for the Panthers, who are on probation in "Big 9" conference competition. Melbourne was rated as

Basilio Is Named Fighter Of Month

NEW YORK (AP)—Carmen Basilio's knockout of Johnny Saxton in their return welterweight title bout today earned the Chitenango elocuter the "fighter of the month" award from Ring magazine and dropped Saxton to second among the 147-pound contenders.

The new Ring ratings, released today by Editor Nat Folscher, had Saxton, the ex-champ, in the No. 2 spot behind another former titleholder, Tony DeMarco of Boston. Other changes in the division saw Art Aragon of Los Angeles move up to fourth from fifth in an exchange with Virgil Akins of St. Louis.

Harold Carter's victory over Johnny Summerlin advanced the aggressive Linden, N. J., heavyweight from eighth to sixth place.

a better-than-average "Big 9" club.

WEND SWIFT hair blows across her dark glasses as Greta Gerbo reaches Paris for a brief visit before flying to New York. Reporters, inquiring about her plans, received a customary reply, "I have nothing to say."

Air Force Stages Another Daring Flight Into Space

WASHINGTON (AP)—The Air Force has staged another in its series of daring piloted flights into space, this time to an altitude of almost 24 miles.

Capt. Iven C. Kincheloe, 38, who piloted the Bell X-2 rocket plane to that height, ventured twice as high as the altitude at which without protection, a man's blood would boil, bringing instant death.

Secretary of Defense Wilson declined, at a news conference Thursday, to confirm published reports that Kincheloe, probing heat and altitude problems of supersonic flight high above Edwards Air Force Base, Calif., had piloted the X-2 to an unprecedented altitude of 124,000 feet—23.85 miles—late in August.

Wilson also refused to confirm similar unofficial information released in New Orleans early in August that Lt. Col. Frank K. Everest Jr. flew the X-2 1,300 miles an hour at Edwards last July 25.

Wilson only would say "I think I could say that it has flown higher and faster than any other aircraft."

Wilson observed that with people talking about Russia "closing the gap" between U. S. and Soviet air power, "If we yap about everything we do the gap will be closed."

The X-2 has wings and tail of stainless steel and a body of the nickel alloy K-model, to give it greater resistance to the heat.

It is borne aloft by a B-36 mother plane and launched at about 30,000 feet.

The Curtiss-Wright rocket engine has the power output of a Navy cruiser steaming at high speed.

Because centrifugal force, at its high landing speed, would tear wheels apart, the X-2 lands on skid gear.

It was built by Bell Aircraft Co. of Buffalo, N. Y., and has been flying for the Air Force for two years.

Delta Air Lines Places New Model Plane In Service

MIAMI (AP)—(AP) Delta Air Lines has placed in service the first of a \$4,800,000 fleet of eight Convair 440 Metropolitan aircraft equipped with Collins airborne weather radar, E. H. Bishop, Miami District Sales Manager, has reported.

The new twin engine, pressurized 44-passenger transport is a faster and quieter version of the popular Super Convair 340, now in use by major airlines of the world.

Special sound proofing and a new type muffler give the Metropolitan the quietest cabin of any modern airliner.

Powered by two 2,500 horsepower Pratt & Whitney piston engines, the Convair 440 can take off and climb to more than 7,000 feet on one engine with a full load, if necessary. The plane has a normal cruising speed of 370 miles per hour.

Delta placed orders last year for eight of the new models which, with spare parts, cost \$4,800,000. Deliveries will continue into early 1959. The plane will be integrated into regular schedules over Delta's domestic system as they are delivered.

FRUIT FLY TRAPS GAIN BANGOROUS TO BUREAU
LAKE ALFRED (AP)—The State Plant Board says Mediterranean fruit fly traps hung in 10 Florida counties are dangerous to humans.

The board said it made the announcement because 171 of the traps have been stolen or broken into. The traps contain a concentrated insecticide.

Therm-O-Tane Invites Public To Opening

Doors will be officially opened tomorrow morning at 9 o'clock at the Therm-O-Tane Gas and Appliance Co.'s new \$25,000 showrooms, offices and warehouse, recently completed at 414 W. 9th St.

The general public has been invited to attend the all-day event, according to C. H. Robertson, vice president of the Therm-O-Tane organization.

"Our faith and confidence in Sanford, its continued growth and expansion, and the future of the entire Seminole County area, prompted us, of the Therm-O-Tane Gas and Appliance Co., to invest in this brand new ultra-modern building," said Robertson as he announced the final details of the formal opening.

"Here in our new location, we will have an opportunity to show our customers the very latest gas appliances for the home and business," Robertson commented. "The homemaker and homeowner can choose from ranges, water heaters, refrigerators, washers, dryers, space heaters and floor furnaces."

A special eight-page section of today's Sanford Herald is devoted to the Therm-O-Tane Gas and Appliance Co. formal opening tomorrow.

The history of Therm-O-Tane Gas and Appliance Co., as well as a picture display of the new building, is featured in Section B.

Mayor F. D. Scott will cut the ribbon tomorrow morning at 9 o'clock to throw open the doors of the Therm-O-Tane Gas Appliance Co., said Robertson.

Through the day we will give away valuable merchandise including a Dixie Range, A. O. Smith Perma-Glass 30-gallon Water Heater, Dearborn Hobo Chef, Warm Morning Space heater, Newton Inbuilt mixer, blender, and sharper, ice service set, and two radiale space heaters.

"In addition," Robertson said, "we are giving away an eight-o'clock carafe every hour after 9 o'clock."

Recalling the history of Therm-O-Tane Gas and Appliance Co., Robertson said that the company was originally incorporated in May 1947 with R. F. Nicholas as president and himself as vice president.

"We considered a number of other places to locate our firm but decided that the best possibilities for growth and our particular business existed in Sanford," he said.

Therm-O-Tane Gas and Appliance Co. opened business on June 1, 1947 at the corner of Fourth St. and Pine Ave., employing three persons. After one year's operation a branch was opened in Orlando with Nicholas becoming manager of that office and Robertson remained in Sanford as manager.

Customers and business have increased each year and now the staff of the local Therm-O-Tane Gas and Appliance Co. numbers 33. The area which Therm-O-Tane serves includes all of Seminole and Orange Counties and as far as Orange City in Volusia County.

Modern facilities at Therm-O-Tane Gas and Appliance Co.'s new showrooms, office and warehouse include an off-street parking lot, 2,800 feet of floor space for display and warehousing, plate glass display windows, acoustical kilnoise plaster, indirect lighting, and the very latest in modern decorative design.

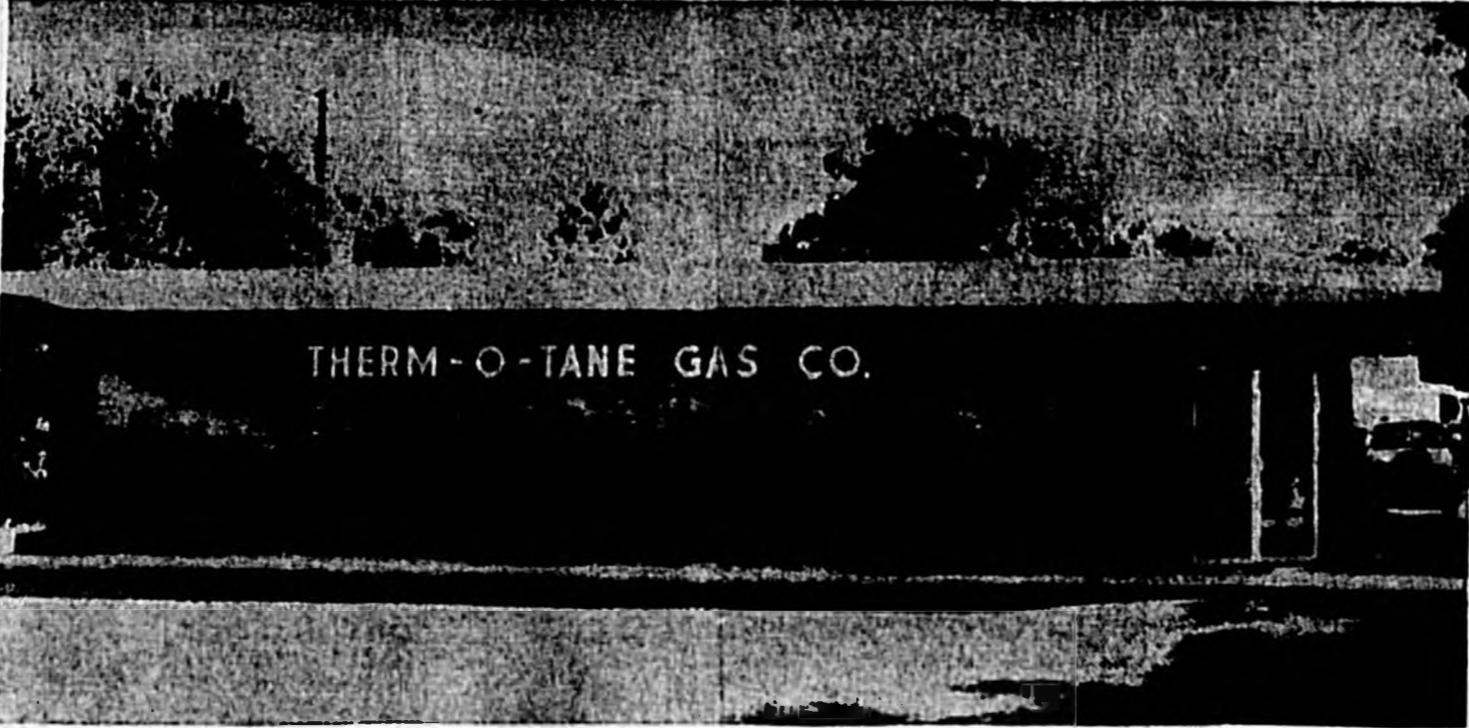

"We will be happy to see all our customers and friends at our formal opening tomorrow," Robertson said today, "and we all will be happy to have those with whom we are not yet acquainted come by to see us and join in the celebration of our formal opening."

Librace To Play At Favorite Night Club Of Princess

LONDON (AP)—One of Princess Margaret's favorite night clubs, the swank Cafe de Paris, said today it has signed Librace to appear there for a week "at the highest salary we ever paid anyone."

One of the club's managers, Maj. Neville Willing, said the night spot had only one regret: "It's just too, too bad that Princess Margaret won't be in London. She's off in Africa, as you know, but I know that she's an admirer of Librace and will miss missing him."

While Librace was testing the acoustics at his Royal Festival Hall—where he'll give a series of concerts beginning Monday night—a group of 30 young men paraded outside chanting: "Hate, hate, hate—we hate Librace."

THERM-O-TANE GAS CO.

FORMAL OPENING of the Therm-O-Tane Gas & Appliance Co.'s showrooms, warehouse and office, located at 414 W. Ninth St., will be held all day tomorrow. The building is at the corner of 9th St. and Laurel Ave. (Photo by Jameson)

Seminole Raceway Would Increase County's Economy

By RHODES CONKLIN Seminole Raceway at Casselberry, the historic harness horse training center, is on the verge of a re-activation that may be expected to pump almost a million dollars annually into the area's economic bloodstream.

This is big business. The business of training and racing harness horses is today an industry. Whether this industry takes root and transforms Seminole County's renowned raceway into the Saratoga of the South depends entirely upon outcome of the balloting on Nov. 6. At that time Seminole voters will approve or disapprove establishment of this vast new income-producing industry.

If voters say "yes" to allowing harness racing, then it can be expected that officials of Seminole Raceway will proceed with their plans for expanding the raceway to turn it into the winter-time mecca.

Just how re-activation of the raceway can be expected to build a million-dollar industry, is easy to explain. And this in no way takes into consideration any income from racing itself—although the county will gain from that too.

The million-dollar income, all new money introduced into the county from outside sources, will come only from enlargement of the track facilities and the large number of horses and people it will bring, both directly and indirectly.

Experience shows that some 300 employees will be required to care for and train the 600 trotters and pacers which will be stabled at Seminole Raceway. This includes trainers, assistant trainers, caretakers, blacksmiths, veterinarians and others on the payroll of the several stables using the plant.

Almost every stable varies in wage and salary set-up, but according to a survey, caretakers (they provide care for the horses) average about \$30 weekly. Assistant trainers receive a minimum of \$100 a week and trainers draw stipends in the three figure bracket.

A conservative average of \$75 weekly for all employees engaged in training of the horses, figures at \$22,500 total weekly payroll. Stretched over a 26-week period, which is about the length of time most trainers and stables remain, the payroll climbs to a whopping \$450,000 for the season.

But payroll alone is but part of the picture. Feed bills for the horses run to about \$3 per day per horse. Blacksmiths and veterinarians are kept busy. Even a horse in good condition can run up a \$15 bill annually for vet service. (Continued On Page Ten)

Flossy Uncovers Skeleton On Beach

FOIT WALTON BEACH (AP)—A badly weathered skeleton uncovered on the beach by hurricane Flossy has been taken to Crestview for study.

Sheriff Ray Wilson said he asked the Florida Sheriff's Bureau to help in attempts at identification.

Herald Will Sponsor Letter Writing Contest

In observance of National Newspaper Week which begins Monday Oct. 1 and continues through Oct. 8, The Sanford Herald is offering 17 \$25 Savings Bonds to school children of Seminole County who are Fifth Grade students or above.

One child from each of the 17 schools in Seminole County will receive a \$25 Savings Bond in recognition of his or her ability to tell what a newspaper does for the community.

Letters will be mailed this afternoon to the principals of the Seminole County Schools with student eligible to enter the contest.

Fred Perkins, Editor and Publisher of The Sanford Herald, in his letter to Seminole County School principals said: "We will award a \$25 Savings Bond to the student from your school who submits the best letter, not over 200 words in length, on the subject 'What A Home-town Newspaper Means To Our Community.'"

Prominent Seminole County citizens will serve as judges in the competition and letters will be judged on the basis of neatness, material content, and sincerity.

Those who have been selected to serve as judges are T. E. Tucker, President of the Florida State Bank; Mayor F. D. Scott, J. Bralley Odham, Jack Hall of Yowell's, and Mrs. Margaret Golt of the Seminole County School system.

The letters are to be submitted to the office of The Sanford Herald no later than 5 p.m. Friday, Oct. 6.

All of the winning letters will be published in The Sanford Herald as soon as the judging is completed.

Awards to the winning students will be made at appropriate times at the suggestion of each school principal.

School children eligible to participate in the competition for the best letter will be from Seminole High School, Sanford Junior High School, Lyman School, Sanford Grammar School, Pinecrest School, Lake Monroe School, Oviedo School, Wilson School, St. Luke's Christian Day School, and All Soul's Parochial School.

Others are: Crocus Academy, Goldboro School, Hopper Academy, Midway School, Oviedo Col-

A. Lee, S. Jones Entertain Mt. Dora Audience Tuesday

The ever increasing popularity of Sanford's diminutive entertainers, Allyson Lee and Suzanne Jones was demonstrated again when they scored a triumph before more than 100 Lions and guests at the Mt. Dora Lions Ladies party Tuesday night.

Joe Welmer, program chairman of Casselberry Lions arranged for the girls' appearance at Mt. Dora with M. C. Reid, program chairman of that club.

After presenting a complete program for the affair, including six piano selections and four vocal numbers, Welmer said the enthusiasm for the talented youngsters was so great that they were persuaded to remain for more entertainment at the conclusion of the party.

Dave Lundquist, of Orlando, District Governor of 25-8, commented that it has been his pleasure to hear Allyson and Suzanne on three occasions at Lions club affairs. He was loud in his praise for them, adding that they get better all the time.

Allyson's program included Chopin's Fantasie Impromptu, Debussy's Clair de Lune and Bumbly's Boogie. Suzanne sang On a Kiss, by Romberg, Love is a Many Splendored Thing and an original composition entitled River of Dreams, written and composed by Welmer.

Allyson is the 12 year old daughter of Mr. and Mrs. John L. Lee and Suzanne, age 13, is the daughter of Mr. and Mrs. C. O. Jones.

Suspicious Area Is Located Today Southeast Of State

MIAMI (AP)—A "suspicious" weather disturbance developed today far out in the Atlantic Ocean and began moving westward under conditions which forecasters said are "right" for the birth of a new hurricane.

A bulletin from the Weather Bureau at San Juan, Puerto Rico, said the disturbance was centered at 8 p. m. EST about 80 miles south-southwest of Martinique in the Windward Islands, or about 1,630 miles southeast of Miami.

There was a weak circular movement, with winds up to 30 miles per hour in squalls over a small area near the center. The disturbance was moving westward at about 17 m. p. h. and will move into the Caribbean sea today.

"No intensification is expected" during the next 12 hours, the San Juan bulletin said, but hurricane hunter planes were winging toward the area and forecasters in the Miami Weather Bureau noted that this is the time of year when most great hurricanes are born.

Hospital Notes

SEPT. 26 Admissions (Sanford) Rev. Henry Williams (Sanford) John W. Hall (Sanford) Discharges Edith Norris (Sanford)

SEPT. 27 Admissions Truby Walden (Sanford) Visiting Nurses: Private Rooms, 11 a. m.—3 p. m.; Semi-Private Rooms, 3 p. m.—4 p. m., 7 p. m.—9 p. m.; Pediatrics, 11 a. m.—8 p. m. (Parents and/or grandparents only); Obstetrics, According to accommodation and no visitors during feeding of babies.

Small craft from Grenada in the Windward Islands to Guadeloupe in the Leeward group were warned to remain in port for the next 12 hours. These chains of islands separate the Atlantic from the Caribbean.

The storm was discovered as hurricane Flossy, sixth tropical disturbance of the year, moved through North Carolina after a long voyage from the Gulf of Mexico.

For months, the whole world knew that death soon would reach the superb athlete. At times, her husband, George Zaharias, could hardly talk to Newman as emotion gripped him.

At one time, when her life was fading, a spark of competitive spirit flamed again, and from her hospital bed she shook her fist and declared, "I'll beat this thing yet!"

It was not until Sept. 23—a Sunday—that the hospital finally admitted the end was inevitable and near. A spokesman said this was possible because the Babe had lost interest in newspapers and no longer listened to her radio. They had avoided frank statements earlier for fear they would depress her.

Almost to the last, Babe put up a courageous show. But friends were sick at heart to see the decline of the once-great athlete. When remembrance of her specific feats had faded, sports fans still remembered her gusty outlook on

life. She never sank into a coma. She slipped off into death during her sleep.

George was in the room. "She died in her sleep," Zaharias said. "It was real nice and peaceful, as peaceful as a baby. She just floated away. It's been a long battle and the Babe fought it the way she knows how to fight, giving ground reluctantly all the way and an inch at a time."

At 1 a. m., all the members of the family now in Galveston filed into the room and one by one Babe recognized them and they spoke to her. "She gave them all the nod," George said. The big man paced the corridors all during the night. He was in and out of the room as he had been his

Krider Named CofC Manager

McKibbin Ike Schedules More Announces Major Campaign Talks New Head

John Krider, Sanford City Commissioner elect and president of the Florida State League, was named manager of the Seminole County Chamber of Commerce this morning by Clifford McKibbin, president-elect of the chamber.

McKibbin said this morning that "The incoming Executive Committee of the Seminole County Chamber of Commerce has spent many hours considering applicants for the position as manager of our local Chamber of Commerce."

"In making the announcement that Commissioner Krider has been chosen for one of our community's most important positions," McKibbin said, "we feel that the Chamber of Commerce has now taken a positive step toward progressiveness and an aggressive step toward making the Seminole County Chamber of Commerce the effective organization to which local citizens have looked forward."

Krider has accepted our offer to become the manager of the Seminole County Chamber of Commerce, a position which has been vacant for about 30 days," McKibbin said this morning. "With his strong enthusiasm for Sanford and Seminole County, there is no doubt we have secured the services of a man who will do much to make the voice of Sanford and Seminole County heard far and wide."

Krider said this morning that he will take over as Manager of the Seminole County Chamber of Commerce next Monday morning (Oct. 1) and by Oct. 15 "will be in full swing."

"I have given deep and careful consideration to the accepting of the offer to become manager of the local chamber of commerce and sincerely appreciate the confidence and faith that has been given me," Krider said.

"It will be several days before final plans for next year's Chamber of Commerce aggressive plans will be completed and ready to be announced," he said.

"I want to solicit the full cooperation of every citizen of Sanford and Seminole County in making the 1956-57 year for the Seminole County Chamber of Commerce the biggest year in its long time history," Krider commented.

"Mr. Krider's close association with Sanford and Seminole County's biggest projects, his thousands of friends and associates in national, regional, state, county and city circles will do much toward making him a most important cog in the programs we hope to get underway this year," President-elect Clifford McKibbin said today.

Commission Calls More Witnesses To Support Stand

WEST PALM BEACH (AP)—The Florida Railroad and Public Utilities Commission called more witnesses today to support its stand that the public interest requires continued independent operation of the Florida East Coast Railway.

Seven St. Augustine residents testified at the Interstate Commerce Commission hearing yesterday that they feared the city would suffer a serious economic blow if FEC should be taken over by the Atlantic Coast Line Railroad and the offices moved.

A. H. Tebault, publisher and general manager of the St. Augustine Record, said loss of FEC and East Coast Hospital, representing four million dollar annual payroll would be "a dangerous blow."

Tebault called FEC No. 1 industry in St. Johns County and said loss of rail payroll and employees "would be a calamity for this area from which I do not feel it would recover during my lifetime."

Former Resident J. M. Vickery, 69, Dies In Georgia

J. M. Vickery, 69, died at his home in Hartwell, Ga., yesterday morning.

Born in Hartwell on Feb. 21, 1887, Mr. Vickery moved to Sanford in 1918 and for many years served as a deputy sheriff under the late Sheriff C. M. Hand. He moved back to his former home about 15 years ago.

Funeral services will be held Friday at 3 p. m. from South Brothers Funeral Home in Hartwell, Ga. and burial will follow there.

Surviving are six children including two sons, Philip M. Vickery of Arlington, Tex. and J. W. Vickery, Sanford; four daughters, Mrs. V. C. Messinger, Sanford; Mrs. J. B. Lee of Latham, N. C.; Mrs. Michael Dugan of Ketchikan, N. Y. and Miss Theo Vickery of Key West, 10 grandchildren and five great grandchildren; also a number of nieces and nephews.

Tito, Khrushchev Leave For Surprise Visit To Russia

BELOGRADE, Yugoslav (AP)—President Tito left today with Soviet Communist party boss Nikita Khrushchev for a surprise visit to the Soviet Union.

Tito was accompanied by his wife Jovanka, Vice President Aleksander Rankovic and Djuro Pucar, chairman of the state of Bosnia-Herzegovina and a member of the Yugoslav Communist party Politburo.

Like Khrushchev's equally unexpected trip to Yugoslavia, Tito's latest visit to Russia was described as a vacation. The official Yugoslav news agency Tanjug said the party left the military airport of Batoljina on a special jet plane this morning and will spend several days resting on the Black Sea coast.

Khrushchev arrived in Belgrade Sept. 19 and got a private official welcome from which all outsiders were barred. Officials insisted his visit was only a holiday, but most observers believed he came to strengthen further the rapport with the Soviet have been forging with Tito.

Weather

Generally fair through Friday. High today 75-80.

Additional Local News On Page 10

Funeral services for Mr. Monroe will be held tomorrow afternoon (Friday) at 3:30 at the First Methodist Church with the Rev. Milton Wylst officiating.

Honorary Pallbearers are: Sam Pickens, E. K. Brady, R. W. Ware, Claude Harnden, Dr. J. N. Tolar, Clark Lowmyer, John Lowmyer, Barney Beck Sr. and Charles J. Moriwether.

Mobile Therapy Unit To Be Here Next Tuesday

Next Tuesday from 9 a.m. to 5 p.m. the Mobile Therapy Unit of the Florida Society for Crippled Children will be at Touchton's corner in Sanford in connection with a survey now being made on handicapped children and adults.

Don Satterlee, Director of the Unit, says that the purpose of the visit here is to determine the number and types of crippled persons who are not receiving physical therapy and who would be helped by regular treatment.

Members of the Seminole County Medical Society are cooperating in the one day schedule of the unit in Sanford according to the President Dr. Vincent Roberts.

Also assisting with arrangements are Dr. Terry Bird, Seminole County Health Officer and Mrs. Harold Appleby, longtime Easter Seal Chairman of the Central Florida Society for Crippled Children.

Any questions concerning the visit of this unit to Sanford should be referred to Dr. Roberts, Dr. Bird, or Mrs. Appleby.
