

CAR BURNING OIL?

Engineer's Discovery Stops it Quick

Without A Cent For Mechanical Repairs!

If your car is using too much oil, if it is sluggish, hard to start, slow on pickup, lacks pep and power—you are paying good money for oil that's burning up in your engine instead of providing lubrication. Why? Because your engine is leaking. Friction has worn a gap between pistons and cylinder wall. Oil is pumping up into the combustion chamber, fouling your motor with carbon. Gas is exploding down through this gap, going to waste.

SAVE \$50 TO \$150 REPAIR BILL

LIFE SQUEEZING TIGHTENING OUT OF A TUBE

Before you spend \$50.00 to \$150.00 for an engine overhaul, read how you can fix that leaky engine yourself, in just a few minutes, without buying a single new part, without even taking your engine down. It's almost as easy as squeezing toothpaste or shaving cream out of a tube, thanks to the discovery of a new miracle substance called Power Seal. This revolutionary, new compound combines the lubricating qualities of Moly, the "greasy" wonder metal, with the leak-sealing properties of Vermiculite, the mineral product whose particles expand under heat (Up to 50 times original size).

Just squeeze Power Seal out of the tube into your motor's cylinders through the spark plug openings. It will spread over pistons, piston rings and cylinder walls as your engine runs and it will PLATE every surface with a smooth, shiny, metallic film that won't come off. No amount of pressure can scrape it off. No amount of heat can break it down. It fills the cracks, scratches and scorings caused by engine wear. It closes the gap between worn piston rings and cylinders with an automatic self-expanding seal that stops oil pumping, stops gas blow-by and restores compression. No more piston slapping, no more engine knocks. You get more power, speed, mileage.

This genuine plating is self-lubricating too. For Moly, the greasy metal lubricant, reduces friction as nothing else can. It is the only lubricant indestructible enough to be used in U. S. atomic energy plants and jet engines. It never drains down, never leaves your engine dry. Even after your car has been standing for weeks, even in coldest weather, you can start it in a flash, because the lubrication is in the metal itself. That's why you'll need amazingly little oil, you'll get hundreds, even thousands of more miles per quart.

TRY IT FREE!

You don't risk a penny. Prove to yourself that Power-Seal will make your car run like new. Put it in your engine on 30 days' Free Trial. If you are not getting better performance out of your car than you thought possible—if you have not stopped oil burning and have not increased gas mileage—return the empty tube and get your money back in full. Power-Seal is absolutely harmless; it cannot hurt the finest car in any way. It can only preserve and protect your motor.

POWER SEAL MAKES WORN OUT TAXI ENGINE RUN LIKE NEW

Here are the Test Engineer's notarized figures showing the sensational increase in compression obtained in a 1950 De Soto taxi that had run for 93,086 miles. Just one POWER SEAL injection increased pep and power, reduced gas consumption, cut oil burning nearly 50%.

	Cyl. 1	Cyl. 2	Cyl. 3	Cyl. 4	Cyl. 5	Cyl. 6
BEFORE	90 lbs.	90 lbs.	105 lbs.	90 lbs.	80 lbs.	100 lbs.
AFTER	115 lbs.	115 lbs.	117 lbs.	115 lbs.	115 lbs.	115 lbs.

BEST INVESTMENT WE EVER MADE, SAYS DRIVER-OWNER

"We simply inserted the POWER SEAL per instructions and made no other repairs or adjustments. Compression readings were taken before and after and showed a big improvement in both cars. As a result the engine gained a lot more pickup and power which was especially noticeable on hills. What impressed us most was the sharp reduction in oil consumption. In one cab, we've actually been saving a quart a day and figure we have saved \$11.20 on oil alone since the POWER SEAL was applied a month ago. In the other cab, oil consumption was cut practically in half. We have also been getting better gas mileage. All in all, POWER SEAL turned out to be just about the best investment we ever made. It paid for itself in two weeks and has been saving money for us ever since, to say nothing of postponing the cost of major overhauls that would have run into several hundred dollars." *Town Taxi, Dunbarton, N. Y.*

SEND NO MONEY!

Simply send the coupon and your Power-Seal injection will be sent to you at once C.O.D. plus postage and handling charges. Or, to save the postage and handling charges, simply enclose full payment with the coupon. For 6-cylinder cars order the Regular Size, only \$4.95. For 8-cylinder cars order the Jumbo Size, \$7.95. Power-Seal is now available only by mail from us. Send the coupon at once.

RUDSON AUTOMOTIVE INDUSTRIES, Dept. 272
666 Fifth Avenue, New York 19, N. Y.

Please send me _____ tubes of the amazing new POWER SEAL.
 Regular Size, for 6-cyl. cars, \$4.95 Jumbo Size, for 8-cyl. cars, \$7.95
 On arrival, I will pay the postman the price indicated above plus postage and delivery charges. I must see an immediate improvement in the pep and power of my car, less oil consumption, greater gas mileage, reduced engine noise, easier starting, faster pickup, within 30 days, or you will refund my full purchase price.

WINNER—Lee Ann Meriwether (left), 19, "Miss California," was selected as the winner Saturday night of the Miss America contest at Atlantic City, N. J. She holds a trophy she won in bathing suit competition, while Linda Maul Weisbord, 21, "Miss District of Columbia," holds a trophy received for talent (International).

19-Year-Old California Beauty Starts Reign as Miss America

ATLANTIC CITY, N. J. (AP)—A long stemmed beauty from California, in the crown and robes of a queen, embarks on a year-long whirlwind tour as the 1951 Miss America.

Nineteen-year-old Lee Ann Meriwether of San Francisco, who was to be an actress and says there's no special boy friend in her life right now, is modest about her fate.

When the beauty judges, who selected her from among 49 other contestants Saturday night, wore more enthusiastic over Lee's measurements — which show in this way: Bust 34 1/2, waist 22 and hips 34 1/2.

In her first interview with newsman yesterday, Lee confided that she didn't think she'd give Mary Lee Monroe much competition and that the new "flat" look by Dior "came just in time to save me."

Across the world, in Tokyo, one of her "good friends," Army Pvt. John H. Reynolds of San Jose, Calif., beamed with excitement when he heard that Lee won the Miss America title.

Riverton said he was the "only guy she went steady with," that they weren't engaged, but that he was "hooked on it."

Lee's mother, Mrs. Ethel Meriwether, and Riverton were just "a very nice friend, but there's certainly no engagement."

Lee, unburdened and stately, set forth as she joined the Miss America robe and crown before a national television audience and a Convention Hall crowd of 15,000 Saturday night.

One of her first thoughts was of her late father, George Meriwether, who died last July in a tearful speech of thanks. Lee glanced toward the high ceiling of the hall and said quietly, "Daddy, I hope you know and I hope you're proud."

She said her father "wanted me to go to Stanford and be an actress."

But there wasn't enough money for Stanford, so Lee went to the City College of San Francisco. Money now won't pose too much of a problem, for Lee will receive about \$10,000 in public appearance fees, in addition to a new home in Ireland following a lingering illness.

Mrs. Garland was born Feb. 28, 1876, in Dresden, Germany. She was a member of the North Shore Eastern Star chapter in Chicago, Ill.

Survivors include two daughters, Mrs. Ida Keogh and Mrs. William Thorne Jr., both of Lake Mary; nine grandchildren and 15 great grandchildren.

Funeral services will be held tomorrow at 3:30 p. m. at the Harrison Funeral Home with the Rev. Lucian Scot of the Lake Mary Presbyterian church officiating. Burial will be at a later date.

Readings Slated By Theatre Guild

The first effort of the Sanford Theatre Guild this season will be the play, "Our Town," according to Tommy Thomas, who is directing the production.

First readings for the play will be held tonight at 8 o'clock at the City Hall auditorium, and about 25 parts are to be filled.

The production depicts a typical small town in New England, Thomas said, and is designed to expand out into the audience.

Zwicker Claims Under Orders In Peress Issue

General Testifies Has No Recollection Of Muttering Sen. McCarthy Is S.O.B.

WASHINGTON (AP)—Brig. Gen. Ralph W. Zwicker swore today he had no recollection of muttering at a public hearing in New York City that Sen. McCarthy was an "S.O.B."

And Zwicker, testifying before the Senate committee considering censure charges against McCarthy, insisted he was acting under explicit orders when he handled an honorable discharge of Maj. Irving Peress.

One of the censure charges against McCarthy is that he abused Zwicker in questioning the general last Feb. 18 in New York City about the Peress case.

McCarthy was acting then as chairman of the Senate investigation subcommittee.

Zwicker said he had no recollection of muttering at McCarthy during the hearing, but he admitted that he had heard McCarthy say "S.O.B." at that time.

Williams J. Harding of New York City told the committee that he was a spectator at the hearing and that he had heard Zwicker say "S.O.B." at that time.

Zwicker also was a spectator during that morning session. He was questioned by McCarthy but had closed doors that afternoon.

Asked about this today, as the committee begins what may be its final day of public hearings, Zwicker said that after hearing Harding's testimony "I searched my memory carefully and I have no recollection of making any such remark."

"Had you had any differences with Sen. McCarthy up to that time?" asked by Dr. Farris, an assistant counsel of the special committee.

"No, Sir," replied Zwicker. He went on to say that before he was called to testify before McCarthy that afternoon, he had a check with the senator and told McCarthy he (continued on Page Two)

Boy, 4 1/2, Struck By Pickup Truck

Chris Stothoff, 4 1/2, son of Mr. and Mrs. Herbert T. Stothoff, Bearfield Ave., narrowly escaped serious injury Saturday when his bicycle was struck by a pickup truck driven by a Negro.

The bicycle was demolished and the boy thrown about 100 feet clear of the truck. His injuries are reported minor by his mother.

Turning it "unavoidable," Mrs. Stothoff said she rode out on a driveway into the path of the truck. "She went on the wrong side of the road trying to avoid him. It just wasn't his time to go," Mrs. Stothoff said.

Investigating the accident, Sheriff J. L. Hobby also said it appeared unavoidable. No charges were pressed.

An accident occurred in the city Saturday at 3:56 p. m. when a 1933 Plymouth moving north on Park Ave. at 25th St., driven by Walter Arthur Yeager, 23, Orlando, AFB, damaged the rear bumper and trunk lid of a 1951 Nash sedan driven north by Cliff Thompson Rice, according to a police report.

In the police report filed by investigating officer C. C. Dodson, it is said the car driven by Rice had stopped for a red light and Yeager failed to stop in time. Thirty-five dollars damage was reported to the Nash and none to the Plymouth.

Both drivers were charged with careless and negligent driving.

Mrs. F. Garland, 78, Dies After Illness

Miss Frieda Garland, 78, resident of Lake Mary for the past seven years, died yesterday at 6:30 p. m. in the Volusia Nursing Home in Ireland following a lingering illness.

Mrs. Garland was born Feb. 28, 1876, in Dresden, Germany. She was a member of the North Shore Eastern Star chapter in Chicago, Ill.

Survivors include two daughters, Mrs. Ida Keogh and Mrs. William Thorne Jr., both of Lake Mary; nine grandchildren and 15 great grandchildren.

Funeral services will be held tomorrow at 3:30 p. m. at the Harrison Funeral Home with the Rev. Lucian Scot of the Lake Mary Presbyterian church officiating. Burial will be at a later date.

Ousted FHA Official Accused Of Accepting Over \$100,000

MRS. DOROTHY E. HICKS, 25, is shown in La Plata, Md., arriving at the grand jury hearing into the death of her husband, Lewis, a paraplegic war veteran whose body was found in his wrecked car. She agreed to appear after being taken into custody in Richmond, Va. Hicks' death was at first declared accidental. Later it was discovered that the acceleration of his car had been tampered with.

WASHINGTON (AP)—A federal official has charged that Clyde L. Powell, ousted assistant commissioner of the Federal Housing Administration, accepted more than \$100,000 from an apartment builder who dealt with FHA.

William F. McKenna, special deputy housing administrator who probed a reported multimillion-dollar federal housing scandal, made the accusation yesterday in the report of a Virginia trial court.

McKenna said that in 1947, Powell, who was fired last April after reading the report, told a newsmen:

"I deny that Mr. McKenna or anybody else has evidence that any builder or promoter ever paid me any money during my tenure of office with FHA in connection with other business."

Other allegations of improper links between builders and FHA employees were made by McKenna, who wrote:

"Sometimes an entire office force staff would be given gratuities on vacation trips by grateful builders."

Reports that Powell sustained big gambling losses led to investigations which brought a wholesale shakeup in FHA last spring.

McKenna said he and his staff found that 1,410 apartment projects built with FHA insured mortgages under a post-war program, netted these "battered" profits exceeding 10 million dollars.

"Windfalls" were made McKenna said, when builders pocketed the difference between the amount of the mortgages and actual construction costs, McKenna said.

The story of the corruption of FHA's post-war apartment construction program from 1946 to 1950 is largely the story of the reign of Clyde L. Powell.

Some "outfit" promoters paid Powell sums ranging up to \$100 and five figures each, McKenna said.

In his informal statement to newsmen, Eisenhower said that at the top secret Council meeting "the specific charges were advanced in advance of the meeting yesterday that the Council might enact some specific policy with respect to Quinlan as related to the Federal Housing Administration."

PEACE ROSES SENT TO RUSSIA

SAN DIEGO, Calif. — A ship bound for the way to Premier Malenkov of Russia today as a peace symbol for him and his 16 top associates in the Communist government.

They are Prof. Robert H. Smellie Jr., of Trinity College, Hartford, Conn., and Dr. Lee, a research associate at Columbia.

The process has been made available free to phosphate manufacturers for more than a year and they possibly have adapted it without public announcement. It is not classified as secret or confidential.

La Mer conducted his research on residues from Florida phosphate rock.

He compared his process to "curdling cream" milk by treating it with acid.

He explained that in the case of phosphate slime the solids are mostly clay and similar substances but they contain a commercially useful amount of uranium. The

Hurricane Edna Kills 20 In Northeast Area

Maine Damage Set At Over \$7 Million On Top Of \$10 Million, Carol Caused

PORTLAND, Maine (AP)—Washed out highways, rail road tracks and crops lay like a mangled wound today across territory raked by death dealing hurricane Edna from Massachusetts to Nova Scotia.

The cost in lives mounted to 20 — 13 of them in New England and eight in Maine alone, where autos were trapped in road and bridge washouts by streams that went wild under a record eight inch rain.

Maine Gov. Burton M. Cross after an air survey set loss there at more than seven million dollars on top of 10 million from almost 12 days before by hurricane Carol.

Two towns of New England, four million-dollar apple crops were counted lost.

All of Maine's dead were drowning victims. Four persons trapped in Massachusetts, one in Connecticut and one in Nova Scotia. Six highway fatalities in New York state were attributed to the hurricane.

Southern New England braced the devastation reminiscent of the 1930s, was spared heavy property damage and even in the areas hit by hot water, not wind, was blamed for much of the damage.

Telephone lines went out of service on a scale that once again saw repair crews head from southern New England into Maine, where their work was complicated by road washouts that caused a temporary ban on travel by all but emergency vehicles.

Last night state police said the main routes again were open. Hundreds of New Englanders left their coastal lowland homes, returning to find waters still in evidence, although subsiding.

At Augusta, the number three river rose 10 feet from normal. The next higher than its peak during last night's taff.

Laurel, Maine's historic town, has reported a family of 10 from the top of a automobile washed by little Nash Stream at night.

Chief Cleveland and his wife turning off Palmetto Ave. east on Second St., when he cut the steering wheel sharply, and a stopped car and his 10-year-old child out of control of the wet brick road into Lodge's. The child was killed, his mother was seriously injured and could have been killed by a car as well as in three people got out of the wheel.

On Saturday, the heaviest day, the department responded to a call at 3:30 a. m. at the Jackson apartment where a resident had been smoking in bed.

The trucks tolled next to a field just outside the city on E. Velery Ave. where lightning had caused a blaze.

The final runs of the day occurred at 7:29 and 7:35 p. m. Ten minutes apart. First to be reported was a burning electric wire pole on Seventh St. and Palmetto Ave. and ten minutes later an upset car flare at Third St. and Poplar Ave. set the asphalt pavement afire.

Talk Is Delivered On Estate Planning

Chief James Orlando, gave an informative talk on estate planning today when he appeared as guest speaker at the weekly Rotary Club luncheon at the Yacht Club.

He emphasized the importance of proper planning to take care of one's family in the event of one's death. He pointed out that new tax laws which will benefit such families.

He pointed out that new tax laws have a bearing on estate planning. Names was introduced by W. C. Hutchison Jr., program chairman today.

Budget Is Nearing Completion

The City Commission tonight is planning to complete the budget for 1954-55.

Following is a condensed version of the budget as it appears before additional action is taken, together with budget figures from last year's budget:

	1953-54	Sub Totals	1954-55	Sub Totals
REVENUE				
Operating—Gen. Gov't.	663,729		478,047.05	
Debt, Ser.—Gen. Gov't.	164,605		165,000	
Total—Gen. Gov't.	828,334		643,113.05	
Operating—Utility	70,884		117,467	
Debt, Ser.—Utility	17,015		37,105.83	
Surplus—Utility			32,129.87	
Total—Utility	87,899		222,702.50	
Grand Total—Revenue	916,233		865,815.55	
EXPENDITURES				
Operating—Gen. Gov't.	616,121.50		446,604.47	
Debt, Ser.—Gen. Gov't.	164,605		155,000	
Public Project Fund			8,500	
Total—Gen. Gov't.	780,726.50		609,726.50	
Operating—Utility	101,251		127,467	
Debt, Ser.—Utility	17,015		73,105.83	
Total—Utility	118,266		190,572.83	
Grand Total	898,992.50		800,299.33	

Uranium Can Come From Wastes

NEW YORK (AP)—A new method of obtaining uranium in commercial quantities from cheap industrial wastes was reported yesterday by a Columbia University chemist, Dr. Victor K. La Mer.

The report by La Mer, an international authority on colloid chemistry, was addressed to the American Chemical Society.

The process utilizes specially treated phosphate sludge water and other simple, basic chemicals to curdle and settle uranium-bearing solid materials out of slimsy water that up to now has been a costly byproduct of phosphate manufacture for fertilizer.

Two associates worked with La Mer, professor of chemistry at Columbia, in developing the process in a three-year research project.

Prober Makes Charge

Powell Says No Evidence

WASHINGTON (AP)—A federal official has charged that Clyde L. Powell, ousted assistant commissioner of the Federal Housing Administration, accepted more than \$100,000 from an apartment builder who dealt with FHA.

William F. McKenna, special deputy housing administrator who probed a reported multimillion-dollar federal housing scandal, made the accusation yesterday in the report of a Virginia trial court.

McKenna said that in 1947, Powell, who was fired last April after reading the report, told a newsmen:

"I deny that Mr. McKenna or anybody else has evidence that any builder or promoter ever paid me any money during my tenure of office with FHA in connection with other business."

Other allegations of improper links between builders and FHA employees were made by McKenna, who wrote:

Michigan Woman's Mail Is Jangling With Money

MT. PLEASANT, Mich. (AP)—A remark Mrs. Margaret Deibel made on a nationwide program last Friday has paid off like a slot machine—in nickels.

So far 43,000 letters have turned up at the Deibel home—most like him they have bills stuffed inside. Postmaster James Hooker expects another 10,000 letters for the Deibel in today's first delivery. Deibel estimates they'll keep coming for a couple of weeks.

Mrs. Deibel, 26, and her husband, an appliance salesman, began to become people of means at 9 a. m. Friday. That was when Gary Moore picked Mrs. Deibel from the audience at his network television show in New York where the couple was vacationing. He asked if Mrs. Deibel wanted any nickels.

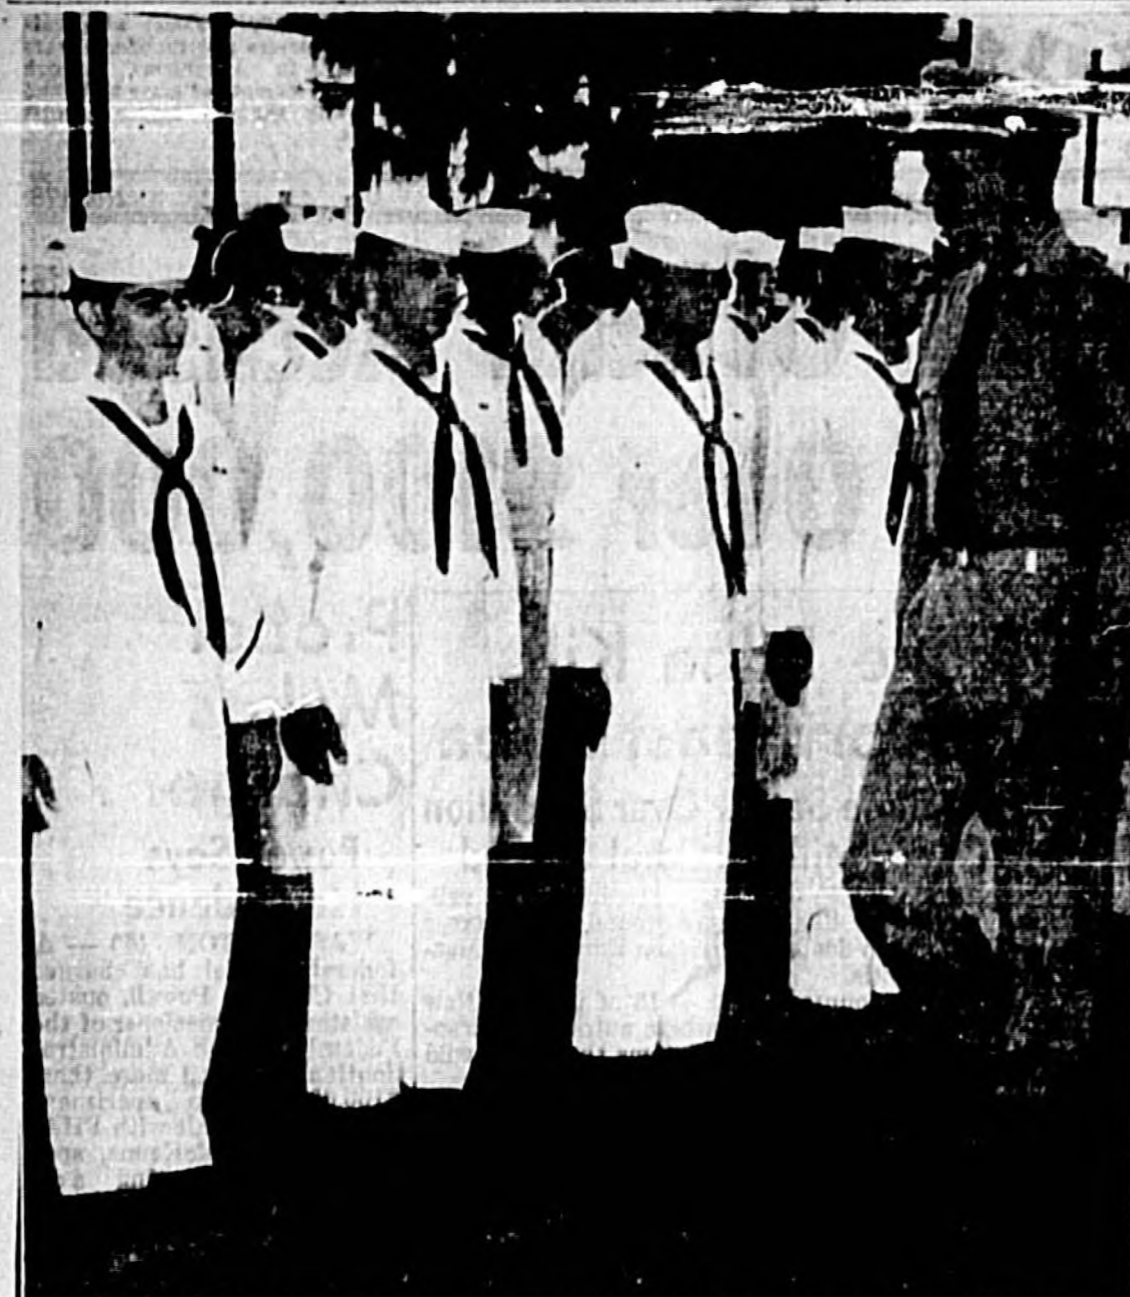

"We have everything we need. We're very happy and getting along fine."

Moore, understandably startled suggested that his television audience reward the couple by sending her nickels—just for fun.

The couple hasn't had a chance to count the money yet. And police aren't taking any chances. They're assigned a guard to the Deibel home and have transferred the money to the city jail. A certified public accountant will begin counting it today.

GOLF MATCHES AGE
MT. CLEMENS, Mich. — Gus Bauroth of Mt. Clemens plays golf every birthday to match his age by playing that many holes. Last year he was 78.
When Gus Bauroth turned 50 back in 1926, his children presented him a rocking chair and slippers. These are not for me, Gus de-

clined in a hurry, and went out to play 50 holes of golf.
And for years to follow, Gus played golf on his birthday . . . 55 holes . . . 60 . . . 65 . . . 70 . . . and, then 78.
On his 78th birthday, Gus' best score was a 46 for nine holes.
And when he returned to the clubhouse, he said:

TWO FRESH STARTERS FOR FSU SAVE COACH
TALLAHASSEE — Coach Tom Nugent says at least two freshmen will be in the starting lineup when Florida State University opens its football season here Sept. 18 against the University of Georgia.
One is Lou Haggell, stocky, hard charging guard from Panama City. Nugent hasn't identified the others.

Zwicker

(Continued From Page One)

Before Zwicker took the witness chair, an Army medical officer, Capt. William J. Woodward, testified that during the February hearing he heard McCarthy say in an aside that Zwicker was the "first Fifth Amendment general we've had before us."

Zwicker began his testimony by reading into the record the order he received from Washington directing him to give Peress an honorable discharge.

Zwicker was the commanding general at Camp Kilmer, N. J., where Peress received his discharge.
McCarthy has protested vigorously that Peress was promoted and given an honorable discharge although Peress had refused to sign Army loyalty papers.

Two of the committee's six members were absent from the start of today's hearings. Chairman's Watkins (R-Ill.) announced that Sen. Carlson (R-Kan) had been excused to attend to some business at the State Department, and that Sen. Case (R-Ind.) had been excused and is out of the city.

There were indications, meanwhile, that difficulties may arise in getting a full Senate to return to the starting lineup when McCarthy's Watkins (R-Ill.) announced that Sen. Carlson (R-Kan) had been excused to attend to some business at the State Department, and that Sen. Case (R-Ind.) had been excused and is out of the city.

In advance of today's hearing, Sen. Murray (D-Mont.) said in an interview he has no intention of quitting campaigning to come back to Washington for a vote.
They will have to get a couple of fellows in to bring me back here," Murray said before he left for Montana. "With all of the grave problems that are confronting the country, it is perfectly all right to be spending time arguing about McCarthy's conduct."

Murray, who has been critical of McCarthy in the past, said he thinks he and other candidates for reelection "have a lot more important things to talk about" than whether the Wisconsin senator's actions have tended to bring the Senate into disrepute.

There was no indication how many other candidates share Murray's attitude, but Sen. McClellan (D-Ark.) said he thinks enough senators will be willing to return to decide the issue by a substantial vote.
McClellan, who criticized McCarthy and others in a report on the McCarthy-Army controversy, said he believes any recommendations that may be made by the inquiry committee will have great influence on the Senate.

"The members of this committee are regarded with great respect by the Senate," McClellan said.
The smallest viruses are about one 25 millionth of an inch in diameter.
The Saar has nearly a million people in 921 square miles.

Longwood News

The old Slade Hammer Handle Factory on E. Church St. has been opened by the National Wood Hand Co. Robert R. Spaulding and U. S. S. Co. are the new owners. They are not filling a large order of packing house rollers and handles for a packing house in Winter Haven.

They are producing the necessary equipment for the citrus machinery. Now employing six persons they anticipate hiring some women in the near future to do inspection work. They have removed the former machinery and installed all modern machinery.

Due to the extent of the order they are now working on they are working day and night shifts.
Larry Jones of Longwood was appointed juvenile counselor by the Seminole County commissioners on Sept. 7.

Jones has had several years experience in the handling of juveniles before coming to Florida. He was affiliated with the State Prison in Trenton, N. J. for 16 years and following has been for two years at the Bordertown Reformatory, N. J. where there were between 1890 and 2000 boys from the ages of 12 and 2 years of age. He then served 18 months in a similar position that he will now be holding.

His duties will consist of working with juvenile Judge Eernest Householder and R. T. McSwain, Seminole County Superintendent. He will not receive complaints for the individual but acts as a juvenile counselor, collects facts and presents his findings to the court.

Jones has been a resident of Longwood for the past five years. He is well known as an auctioneer as well as his hobby of raising greyhounds. He was president of the Longwood Chamber of Commerce for 1933-34. He is married and his wife is a former school teacher, having taught in Morcy County, N. J. for 23 years.

Myrtle Wilson installed the new officers of the Longwood Home Demonstration Club on Thursday, Sept. 2, at the Longwood Recreation Park.
Officers are Mrs. George Ottobres, Mrs. L. Rocket, vice-pres.; Mrs. M. C. Duggins, treasurer; Mrs. Maude Tupper, delegate; and Mrs. George Miller, alternate.

The following committee and their chairman were appointed by president Mrs. Otto:
Mrs. Maude Tupper, home improvement; Mrs. George Miller, home ground beautification; Mrs. L. Rocket, food conservation, food and nutrition; Mrs. Charles Morris,

son, health; Mrs. V. Faint, publicity; Mrs. Earle Duncan, safety and fire prevention; Mrs. R. C. Murray, 4-H Club; Mrs. A. Anderson, music; Mrs. D. W. Carlson, community life and recreation; Mrs. Vincent Matecki, clothing; Mrs. B. C. Green, home industry and marketing, arts and crafts; Mrs. Clarence Snow, food production; Mrs. Vincent Matecki, sunshine; Mrs. Hallie Lavigne, family life and education; Mrs. H. Green, international affairs; Mrs. V. Faint, club record; and Mrs. Ralph Hammond, special program.

The executive committee of the Lyman PTA will hold its first board meeting at the home of Mrs. Carl S. Swafford, press, Altamonte Springs, on Thursday, Sept. 9, at 8 p. m.

The new officers have a full program for the coming semester. Mrs. Swafford has announced the following members appointed to this year's executive committee:
Mrs. Edgar Lyons, program; Mrs. Thomas Pinock, membership assisted by Mrs. Mmes. James Birkmeyer and Roy Goodwin; hospitality, Mrs. James Lambert and Mrs. John Wagner; Mrs. Herman Joyce, room representative; Bill Moon, ways and means, assisted by Leonard Andrew and Ross Mobbey; Mrs. Leonard Wagner, historian; Mrs. William Prosser and H. B. Norris, delegates; Mrs. P. T. Anderson Jr., publication; Mrs. James McGrath, corresponding secretary; P. T. Anderson, Jr., legislative; Miss Mabel Chapman, devotional; O. E. Weaver, civil defense; Walter Krohne, beautification; Mrs. Ralph Stevens, publicity; and Mrs. C. J. Hallett, study group.

Officers of the Lyman PTA for this year are, pres. Mrs. Carl S. Swafford, Altamonte Springs; vice-pres. Walter Krohne, Fern Park; secretary Mrs. William Prosser, Longwood; and treasurer, Ross Mobbey, Longwood.

The Longwood town council met in regular session on Thursday, Sept. 2, at the Town Hall.
The new sanitation ordinance 125 was read, and after discussion, it was decided to send it back to the town attorney, Webber Haines, Winter Park, for corrections and additions.

The zoning committee chairman, John Reams, gave its complete report and again stated they did not believe the town was ready for zoning. This committee will table their work for the present.

Seth Babcock requested the closing of all or part of Florida St. due to the depth of the lots. He was instructed that a petition must be signed by all the property owners affected to request the closing of any street in the town.

A complaint was also entered regarding the dust situation coming from the driveway between the Longwood Food Market and the railroad station. Jim Reiter, street commissioner, was given power to act on this matter. Also to find the cost of applying calcium choride and getting permission from the owners to apply to this to their property to correct the dust situation.

Councilman Williamson entered his resignation from the finance committee. This was not accepted. Four business places filed their applications for renewal of their A. B. C. licenses for the coming year. These were all granted.

The Longwood volunteer fire dept. met at regular session at 8 p. m. on Sept. 4, at the fire hall and Drills using the auxiliary pump were held.

Chief John Farina announced that all firemen will meet at the fire hall at 5 p. m. Sept. 13 through Sept. 17 to attend the fire instruction school being held at the Postgate company in Forrest City. This course will be held for five consecutive nights and all local firemen will attend.

The lady auxiliary of the Longwood volunteer fire dept. met for its first official meeting at the home of Mrs. Lillian Cox, Oxford St. on Tuesday, Sept. 7, at 8 p. m.
After much discussion it was decided to have a covered dish dinner at the Longwood Recreation Park on Saturday, Nov. 6.

The next meeting will be held at the home of Mrs. Ruth Farina, North St. at 8 p. m. Oct. 1. All members are urged to be present at this meeting.

Mrs. Jess Cottingham returned on Wednesday evening after pending several weeks with her daughter, Marguerite, who has been quite ill, and her sister-in-law who was ill, and two other daughters in Miami, Fla.
Mr. and Mrs. Maurice Rudolph, Lake Wayman Heights, and Mr. and Mrs. Harry Kadell, Sanford, attended the Shrine Convention in Miami.

Mrs. H. C. Batwick entertained at a surprise party for her daughter, Dean, on her 17th birthday. Guests present to help celebrate were, Doris Helms, Joan DeWolf, Melva Jean Carver, Mary Carmichael, Carol Barwick, Diane Rouben, Bobby Widdis, Jimmy Hopkins, Bobby Wells, Billy Wells, Sonny Shaw, Tommy French, Harold Helms, Danny Hopkins, Allen Thomas, Harry Scott, Dick Joyce, David Joyce and Martin Barwick. Also present were Mrs. Bernice Smith and son, Ricky.

It's the big Success today
You can read it in the sales figures—Buick's the car that's climbing to a phenomenal public preference. For Buick today is outselling all other cars in America—regardless of price class—except two of the so-called "low-price three." And every month strengthens Buick's new leadership position. It's a "hot" car for style, for power, for performance—and, most emphatically, for value.

It's the Beautiful Buy right now

Any way you look at it, Buick's the buy of the year, hands down. For Buick prices start close to the lowest—just a few dollars above those of the "low-price three." But those few more dollars you pay for a Buick buy you a lot more power, room, comfort, style, ride steadiness. And get this: with our tremendous sales volume right now, we can offer you a really top allowance on your present car. That's the added bonus you get from our big volume.

It's the 'High Resale' car for years from now

No Wonder! It's the High Resale!

With Buick's year-ahead beauty today, you'll be driving a car that's right up front in the style parade of tomorrow. And when you're ready to resell your Buick, it will still be fresh and new-looking, with the modern features the others will adopt in the coming years. And that means you're bound to get a higher resale price when you do trade it in. Drop in and see this beautiful buy right now.

No Comment

By Warner Chamblin Jr.
If you read in your newspaper that Congress appropriated money for a census of manufacturers, you probably thought it was of no interest to you. Well, you do have an interest in it. Your job, in fact, may depend upon it.

The reason you have some personal interest in the \$38 million appropriated for the census is that Top sales executives of both small and large business use the figures obtained by the census to determine what the public wants and does not want. By having this information they know where to expand and contract industrial production.

Without such information production would remain static. If this should happen people employed in contracting industries would lose their jobs. On the other hand there would not be the pecuniary increase in production facilities in industries which have a growing demand for its products. Thus, the new jobs which would be the result of the census are the jobs which are disappearing.

No, the figures are of great and developing importance which are presently employed but also of great importance for the new generation which will enter the employment field in a few years.

The census is being conducted by the Bureau of Economic Analysis, Department of Commerce. It is a very important job and one which should be given the highest priority. It is a job which should be given the highest priority.

Nurse Lady

By ADELAIDE HUMPHRIES

CHAPTER THIRTY-FIVE
WHEN DR. SELLARS and his assistant nurse reached Pleasantville that next Friday evening Mrs. Brandt told them that, unfortunately, Norman had been killed.

All of the other guests had gathered, about twenty people in all, and it was quite a gay gathering. "I do hope Norman gets here before the benefit starts," his mother said. "Some it was so sad, it would be a shame for him to miss it."

Elizabeth Brandt appeared to hesitate, or to waver the matter. It was not as if she had been that first time when she had seen her husband, and she had not been that first time when she had seen her husband. It was not as if she had been that first time when she had seen her husband. It was not as if she had been that first time when she had seen her husband.

Networks Start Campaigns To Switch Public To Color

NEW YORK (AP)—A multimillion-dollar network campaign to sell the television public on switching from black and white to color started last night.

The National Broadcasting Co. led off last night with Betty Hutton in an original musical comedy, "Hell and High Water."

By "Satin and Spurs," the first of 33 color "spectaculars" scheduled for the coming season.

The rival Columbia Broadcasting System opens its big color campaign next Wednesday night with "The Royal Family" featuring Helen Hayes, Claudette Colbert.

Both networks also will do color casts of their regular shows on a rotating schedule as they already have been doing on a limited basis.

"Satin and Spurs" was a first-hand spectacle on the few thousand color sets in existence, but cast out in black and white on ordinary home sets which are colorblind. But even in black and white, it was top TV fare.

Producer Max Liebman, often called the Ziegfeld of TV for his famous "Your Show of Shows" and the predecessor "Broadway Haven," turned out a taut, colorful, comic 90 minutes of video viewing. Blonde Betty Hutton was at her bouncing best and livened her performance with spicy dance numbers.

Prices: MATINEE — 50c, EVENING — 60c, CHILDREN ALL DAY — 25c. ALL CHILDREN DURING WEEK WILL BE ADMITTED FREE WHEN ACCOMPANIED BY PARENTS.

Trafficantes Trial Set For Sept. 30.

TAMPA (AP)—The trial of Santo Trafficante Jr. and Henry Trafficante on a charge of trying to induce a federal officer to accept a bribe, set for Sept. 30 in Hillsborough County Criminal Court.

The bar operators are accused of leading a big lobby campaign in Hillsborough and Pinellas counties. They are to be tried in Pinellas Sept. 29 on charges of operating a lobby and bribery.

Detective Sgt. Harry Dietrich of the St. Petersburg office, whose works of undercover work led to the charges, said he was given cash, an automobile, clothes and a television set in the belief he was protecting lobby writers and sellers.

In 1952 the U. S. auto industry produced 7,228,000 cars.

It is already apparent that a Union leader will wage a bitter fight in Congress next winter for repeal or amendment of the Taft-Hartley Labor Relations Act.

The first step in the campaign of friendly Senators and Representatives in November. Repeal appeals are going out from Union leaders to campaign funds to back Unions-backed candidates for Senate and House in all parts of the country.

If the Labor Union leaders agreed in dominating other House of Congress the deal will be done for a report by a committee for repeal or amendment of the law, and thus the fight would be thrust before Congress.

But the issue may spring up again on a recommendation from the Eisenhower Administration, as it did in the first session of the 83rd Congress. Some Republican members of Congress still want to enact what they describe as the relatively moderate modifications urged by President Eisenhower during his campaign.

In addition, Secretary of Labor Mitchell has disclosed that his Department is reviewing the so-called Taft-Hartley program with a view to proposing changes. What they may be at this time uncertain. But it is a Republican fact that Mr. Mitchell in the last session proposed changes which went far beyond the views expressed by Mr. Eisenhower.

There is some opinion in Washington that Union leaders are much surprised at the temper of Congress on the Taft-Hartley issue. There is evidence of widespread resentment among farmers over secondary boycotts and other restrictions. There are reports that many Union men are distressed over what they regard as failure of Union leadership. This is especially true in some areas where unduly high wages and "featherbedding" brought distress to some corporations with resultant unemployment, and finally a review of Union contracts. There also is some feeling in Washington that many business mergers result from business seeking the strength necessary to meet big Union on new terms.

What effect the Taft-Hartley issue may have in the fall campaign is problematical. In the first election after the Taft-Hartley Act was passed, a majority of the new Congress was composed of men and women who had voted for it.

DETROITORS SAVE SAWS
FT. JACKSON, S. C. — Mine detectors, the kind they use in wars, will be used to save timber from damage. Workers will take the gadgets into 12,000 acres of timberland at this Army post to detect shrapnel embedded in some of the trees in the logging area. Dr. Leo Labay, the Ft. Jackson forestry chief, estimates thousands of dollars in saw damage will be avoided.

Open Letter

To all the young men and women who begin their teaching careers this year:

You are joining all the other men and women who have dedicated their lives to teaching the young. It is a noble profession and their service to it has earned them the respect and gratitude of their fellow citizens. Their experience and wisdom will bolster you; your youth and enthusiasm will refresh them.

Not all of the schools where you will work, nor all of the equipment you will use, are ideal. Some schools will be crowded and in some your teaching load will be heavier than it should be because there are not enough teachers. We know this and we know the problems you will face. We will try to do something about improving things that need improvement. We know that not all the responsibility for how our children grow up rests with you and we will try to do our part to see that good instruction in the schools is not dissipated by mistakes made at home.

In return we ask that you do your best, that you teach, by example and word, honor and truth and goodness as well as reading and writing and arithmetic. We ask that you remember that the boys and girls who sit in your classrooms are not only our children but that they are our future and our hope as a people.

You will not always find your job plumorous; sometimes it may seem as dry as a desert. But there is excitement in teaching—the excitement of an idea passed from one mind to another. Your job will at times take patience and courage. Remember that great men and women have stood where you stand, have faced the same problems, and because they did man knows civilization

TODAY'S BIBLE VERSE

Bless the Lord, O my soul, and forget not all his benefits.—Psalm 103:2. No scientist has been able to enumerate the multitudinous details of bodily functions that are carried on without our understanding. God's love is closer to us than hands or feet.

JAMES MARLOW

Phase One Of Drama Nears End

WASHINGTON (AP)—Sen. McCarthy nears the end of the first act in one of the most important dramas in the history of the United States. His struggle to keep the Senate from censuring him.

There are three acts in this drama: Act 1: For two weeks a special committee has considered charges—by Sen. Flanders (R-Vt.), Morse (Ind-Rep.), Fulbright (D-Ark)—that his official conduct over the years calls for censure.

The committee's public hearings may end today or tomorrow. The Wisconsin Republican, as in other Senate inquiries involving him, has been the central figure. He didn't dominate these hearings. The chairman, Sen. Watkins (R-Utah), has kept him rigidly in check.

Act 2: Once the public hearings end, Watkins' committee goes into private conferences to decide what to do next. It can turn over to the full Senate a simple finding of facts, without recommendations of censure or other action.

If that happens, it is doubtful the full Senate will return before the Nov. 3 congressional elections to vote on McCarthy. It could wait. It would have the rest of November and most of December to act.

Or, the Watkins committee could recommend censure to the Senate. If that has been done sufficiently far ahead of Nov. 3, the full Senate wouldn't have much excuse for not returning to vote before election day.

Over the weekend some of McCarthy's friends reportedly said he expected a bad report card from the Watkins committee and, in order to prepare for what lay ahead, would do no cross-country campaigning before election day.

Act 3: The full Senate, or those who moved up, would go into session and lengthy debate to consider the evidence on the recommendations of the Watkins' committee. McCarthy and his Senate friends would fight.

If the Senate refused to censure him, McCarthy could take it as vindication of his conduct over the past four years since he became

as it is today.

You will never be rich, as material riches are reckoned. But in some distant day when a child you have taught has grown to manhood and made his mark on his times you will know a satisfaction that few men ever know. Your life, through your teaching will be perpetuated in the lives of your students. You are a teacher. We congratulate you for electing a life that will not always be easy but will always be useful. It is a proud, good thing to be a teacher.

County Agent's Column

Way Down South In Sanford, Florida

By C. R. Dawson, BSA., MSA.
SOVIETS — No wonder they never have depressions in Soviet Russia. How do you fall out of a pit?

SPARE THE ROD — When the electric age put the old time wood shed out of business, that was the same time we began hearing so much about juvenile delinquency.

COWBOY IN THE SKY — Horses are not out of a job yet but on one large North Texas layout the 510,000-acre Waggoner Ranch, they are getting a big assist from the helicopter. The pilot looks straight down into a jangle of cactus in which a dozen head of cattle are sheltering themselves. The helicopter drops toward them like an elevator, and they run wildly in all directions. Now, as precisely as a cowboy working a calf with a well trained horse, the pilot maneuvers his craft in tight figures at tree top altitude until he has all the cattle headed toward a clearing in the brush. The mounted cowboys, waiting in a long line in the clearing, hem in the animals.

There are two main reasons for using the copter: skilled cowboys are becoming extremely hard to find; the helicopter can do the work of fifteen men or horses. And mesquite grows so thick that some cattle are overlooked without aerial reconnaissance.

BUGS — Notable examples in the victory column are the controls achieved over the grasshopper, the malaria mosquito, the Colorado potato beetle, the cattle tick and the cotton boll weevil. There are many gains not as readily visible, such as increases in market value of livestock and poultry as the result of new insecticides.

LAWN GRASS — Fellow was saying of Soya grass that at long last there was a lawn grass that wasn't going to be bothered with insects or diseases. Of course he has not heard of Crumbus tetrallius, better known as the bluegrass webworm, and it only takes 25 to 30 of these pests per square yard to do some damage to your lawn.

A PESSIMIST — One who sizes himself up, and then gets sore about it.

famous hunting for Communists. Would he grow stronger there after in his search and his tactics? He might. McCarthy is an aggressive man. Apparently it's part of his philosophy of conduct. He told the Watkins' committee: "Let's not be puny."
McCarthy's critics, inside and outside the Senate, would hardly be silenced by clearance of McCarthy in this episode. No doubt they would continue to gun for him.
What faces him if the Senate censures him?
He would suffer no tangible damage in the sense of losing his Senate seat or the chairmanship of his investigating subcommittee. He'd keep both. Neither is at stake. Any damage he suffered, and it might be enough to ruin his career, would be in the minds of others.
Next to unseating him, censure is the strongest condemnation the Senate can inflict on a member.
His fans and his critics would, no doubt, never let the recollection of censure die although, since he doesn't stand for reelection until

LIBERAL TRADE IN ALLOWANCE

It's Up To You

By Howard E. K. Shner, L.H.H.
The schools of America are now beginning another year in the preparation of the new generation to become citizens, workers, leaders and friends of men in a world of strife and confusion. Children must be taught the basic reading, writing and arithmetic, but they must also be taught to think, understand and act. They should be taught the difference between right and wrong. They need to discover what is worth defending in our American way of life, and what must be changed or avoided in order to achieve higher material and spiritual standards. They must learn of God.

What kind of adults these young people will become depends in the many phases of teaching and on the multiple daily influences in their lives. Their character and the future of the nation—possibly the future of the world—depend on the quality of the faith, the belief, the understanding and the teachings of all of us as religious, moral and cultural guides. Teachers have a great responsibility for tomorrow's answers and we have given young seekers for knowledge. Too often we have considered questions and have given foolish answers. We have not always known the answers and we have given wrong answers or have evaded the questions.

On occasions we have laughed at our children for their queries. Is it any wonder that many youths have lost faith in their elders, their parents and their advisors? Is it any wonder that youth has become prey for subversive influences? Our enemies have ready answers willing to be sure, but given with such seriousness, confidence

and emphasis as to impress youth. We must formulate and elaborate the true answers with confidence and power and equip the young seekers to fashio na tomorrow that will be better than today.

Gamma Globulin Available Oct. 1
BERKELEY, Calif. (AP)—Cutter Laboratories of Berkeley has announced that gamma globulin will be available to physicians through normal channels starting Oct. 1st.
Heretofore, gamma globulin has been allocated only to police departments or to exposed persons through the Office of Defense Mobilization and the National Foundation for Infantile Paralysis.

Now you know!
The answers to everyday insurance problems!
By CLYFF CARRAWAY
CLYFF McKIBBIN

QUESTION: I saw somewhere a very sound test to apply to the purchase of any insurance but I've forgotten just what it was. Could you publish it in your column?

ANSWER: Insurance protects against financial loss from certain risks. The test is whether your finances could stand the maximum loss from a certain risk. If that maximum loss could ruin you financially it's wise to insure. If the maximum loss would be only irritating and inconvenient the insurance is a matter of preference and judgment.

If you'll address your own insurance questions to this office, we'll try to give you the correct answers and we'll charge no fee or obligation of any kind.

Men Making Money From Stumps

NEW YORK (AP)—Some people in America today make so much money the only way they can get rid of it is to hide it in the crochets of trees.

Howard S. Cobson is doing just the opposite. He's one of a number of men who are finding fortunes in old tree stumps.

He is pioneering in finding new uses for pine oil, found in cutover yellow pine timberlands of the Deep South.

"The tree doesn't contain pine oil in its growing state," explained Cobson. "It forms only in large stumps that have been in the ground for at least 20 years."

Once regarded as worthless, the stumps now are bulldozed or dynamited out of the ground then undergo a process of steam distillation. The products they yield including turpentine, pine solvents and resins, as well as pine oil are now valued at about \$600,000, 600 annually.

Pine oil is used to treat sprains, insect bites, minor cuts and head colds. It serves as a flotation agent in copper mining. It also is used in preservatives and perfumes.

But Cobson has done as much as any man to popularize it as a household deodorant, cleanser and laundry aid. He now aims to make every home in America have a pine tree fragrance.

In 1948 Dumas Miller, a Jackson, Miss. investor, took over a small janitorial supply house. Its product, called Pine-Sol, sold locally, did about a \$750,000 a year

business.
Looking about for someone to head the company, his eye fell on Cobson, a former farm boy with a lot of experience in the soap selling field.

Cobson took the job, but wasn't sure at first that he didn't have a lemon on his hands. The firm had only six employees three men to make the product, three out trying to sell it.

"The first weeks I did nothing but talk to everybody I could find who knew anything about pine oil," he recalled. "Then I decided that our best market was the American housewife herself. Why wouldn't she prefer cleaning house with a fragrant-smelling substance instead of an evil-smelling one?"

Cobson also improved his product by putting a detergent in it so that it would clean as well as deodorize. Then he set out to get national distribution.

"At first we were bottling and labeling by hand," he recalled. "Then we got semiautomatic and, finally, fully automatic equipment."

In five years he sold 20 million bottles, now distributes it in every state and 11 foreign countries. He figures it is used in two out of every seven homes in this country.

The firm has become the world's largest user of pine oil, does a multimillion dollar business each year. Cobson estimates it will gross \$10,000,000 annually by 1956.

That's a lot of money, but what will happen if the South run out of old pine stumps?

"Oh, there are still enough to last for another 35 years," Cobson said. "And, if it comes to that, pine oil can be produced synthetically."

During the Revolution there was a profitable gold mine at Newnan, Conn.

First Methodist Church Senior Youth Planning Retreat at New Smyrna Beach.

All blankets should be folded enough to keep them, really clean as the best means to discourage moths. This is especially important with electric blankets because moth preventives are injurious to the insulating material on the wiring.

When Supperme Finally Arrives, Everyone Is Ready

They may say, they may swim or they may play tennis. But what ever is on the sports agenda, you can be sure that when supperme comes around they'll be interested in food. Yes, we're talking about supperme. So if you are likely to have a group of youngsters at your house during the weekend, you might like to try a menu that we have found meets with applause from lusty appetites.

I've noticed that my teen-ager nephew and his friends are attracted to the same main course of their get-togethers: hamburgers or frankfurters. When I complained of the monotony of this fare, my nephew replied that since food was his profession he would let me make some small variation on the same theme! His mother and I took him at his word and served these spud-stuffed frankfurters with his and his pals' full approval.

To go with the frank, be sure to have a hot of hot-dog relish and a prepared mustard. A big bowl of coleslaw is also a must. Sprinkle with finely grated carrot and caraway oil with slices of water-cress or parsley. Frankfurter rolls, split and buttered before heating, will also be relished. Since these frankies are half-and-half food, have paper plates on hand.

For dessert the youngsters will like Checkerboard Cupcakes, and we are giving you directions for putting them together.

SPUD-STUFFED FRANKFURTERS
Ingredients: 8 frankfurters, 3 medium hot-peppered potatoes, 1/2 cup hot milk, 1 table-spoon butter or margarine, 1/2 tea-spoon salt, 1/2 cup dried sharp cheddar cheese (packed down), paprika.

Method: Split frankfurters lengthwise, but do not cut entirely through. Cook potatoes in boiling water until very soft, put through a sieve. Beat in hot milk, butter, salt and cheese. Using about 1/2 cup for each, stuff maximum three frankfurters. Run the times of a fork over potatoes; sprinkle with paprika. Broil about 6 inches from high heat until hot through and potatoes are lightly browned; watch carefully because this may take only 5 minutes or so. Serve at once. Frankfurters may be stuffed ahead of time and refrigerated; broiling time will be about the same.

CHECKERBOARD CUPCAKES
Ingredients: 9 chocolate or gingerbread cupcakes, 9 white cup-cakes, 3 tablespoons butter or margarine, 2 cups sifted confectioner's sugar, 2 squares (12 ounces) unsweetened chocolate (melted over hot water), 4 table-spoons undiluted evaporated milk, 1/2 cup shortening.

Method: Put cupcakes on a large board and cut each in half. Cream butter and sugar; beat in melted chocolate and enough evaporated milk to make good spreading consistency. (Makes about 1 cup.) Join one half of a chocolate cup-cake together with about half a tablespoon of the frosting. Now have the cupcakes again, cutting across the colors so that each half is part white and part chocolate. Join cupcake halves with more frosting on the white and chocolate quarters alternate.

Quick salad for small-fry: orange relish with finely grated carrots added to it. Serve on shredded lettuce with a mild-flavored salad dressing.

Lake Monroe Home Demo Club Has Year's First Meet

The Lake Monroe Home Demonstration Club held its first meeting of the year at the home of Mrs. Arthur Harris, with Mrs. J. E. Andrews as co-hostess. The session was called to order by the president, Mrs. Harris, and the devotional was offered by Mrs. J. H. Tindel.

Mrs. Lorena Dingman and Mrs. Ruby Shilmon of Lake Mary gave an interesting report on their trip to the State Home Demonstration convention and short course at Gainesville.

The president appointed the following committee chairmen to serve: sunshine, Mrs. Tindel; clothing, Mrs. J. C. Sapp; food conversation, Mrs. Dora Mae Harrell; nutrition, Mrs. Rosa Lee Hamilton; publicity, Mrs. C. E. Hittell; home improvement, Mrs. J. E. Andrews; devotional, Mrs. Paul Marx; recreation, Mrs. Annie McArthur; finance, Mrs. Joyce Eber and Mrs. Hazel Gardner; arts and crafts, Mrs. Oca Campbell and Mrs. Marjorie Jackson.

The next meeting will be held at the home of Mrs. C. E. Hittell. It will be an all-day session starting at 10 a.m. on Oct. 13. Each member is asked to take a lunch. The subject of the session will be a demonstration on cleaning sewing machines.

Refreshments were later served to the following: Miss Myrtle Wilson, home demonstration agent in Seminole county; Mrs. Hattie Kirk, Mrs. Lorena Dingman, Mrs. Ruby Shilmon, Mrs. J. H. Tindel, Mrs. C. P. Rayburn, Mrs. Dora Mae Harrell, Mrs. Joyce Eber, Mrs. Claude Hittell, Mrs. Annie McArthur, Mrs. Marjorie Jackson, Mrs. J. E. Andrews, and Mrs. Arthur Harris.

Southside P-TA Urges Parents To Attend Party

All parents are urged to attend the Get Acquainted party Thursday evening at Southside Primary School. The parents will go to their child's room at 7:30 p.m. to meet the teacher and other parents.

The group will assemble at 8 o'clock in the auditorium where the principal, Mrs. J. C. Mitchell, will introduce Arnold Williams, who will give a talk on the school safety program.

Refreshments will later be served in the lunchroom with each grade forming in separate sections at the punch bowls designed for the grades one through four.

High Holy Days Services Given By Beth Israel

Congregation Beth Israel held its first meeting of the year Friday at 8 p.m. at the Jewish Community Center. Preparations for the annual High Holy Days.

The schedule of services is as follows:

High Holy Days: (Even) Monday, Rosh Hashanah (Even) Monday, Sept. 27 8 p.m.; Rosh Hashanah (Day) Tuesday, Sept. 28 10 a.m.; Sabbath of Remembrance, Sabbath, Shuvah (Even) Friday, Oct. 1 8 p.m.; Day of Atonement, Yom Kippur (Even) Wednesday, Oct. 6 8 p.m.; Yom Kippur (Day) Thursday, Oct. 7 10 a.m.; Afternoon Service 3 p.m.

A luncheon was made and carried to have a Social and Meeting the latter part of October.

Those present were: A Kanner, Mr. and Mrs. Sol Abramson and son, Mr. and Mrs. Sol Gordon and family, Ben Katz, Mrs. Melvin Siskind, Mr. and Mrs. Phil Kessler, M. Provus, Dr. and Mrs. Edwin Epstein and daughters.

The members and friends of Congregation Beth Israel have been invited to the dedication ceremonies of the Deland Jewish Center and Synagogue at Deland on Sunday, Sept. 19 at 7:30 p.m.

When marshmallows are to be melted and used in a recipe, cut them into small pieces with a kitchen scissors to save melting time.

Mix deviled ham with cream or cream-style cottage cheese for a sandwich spread. Add minced chives or parsley, prepared horseradish or Worcester-shire sauce for extra seasoning.

McGrath-Gilbert Repeat Vows In Altamonte Springs Chapel

On Saturday evening Sept. 4 at the Altamonte Chapel, Altamonte Springs, Mrs. Hermine McGrath, daughter of Mr. and Mrs. James Arthur McGrath, Longwood, became the bride of Neil Grant Gilbert of Melbourne. The bridegroom is the son of Mr. and Mrs. Roland Wilson Gilbert, Tampa.

The ceremony took place at 7 o'clock with Rev. W. Menzel, chaplain officiating at the double ring ceremony.

The church was decorated with baskets of white gladioli and brought from candlelight holding burning white tapers. The couple knelt on a white satin pillow to receive the benediction.

Mrs. W. H. Brown, Altamonte Springs, accompanied with traditional music.

Mrs. McGrath gave her daughter in marriage. The bride was dressed in a formal gown of bridal satin, a full skirt ending in a chapel train. Her face was a family heirloom and worn by her mother at her wedding, was attached to a tiara of satin embroidered with pearls and rhinestones. She carried a colonial bouquet of white carnations interspersed with blue velvet and tied with satin streamers. Her only jewelry was a triple strand of pearls.

The bride chose as her only attendant her sister, Mrs. Herschel Demoret, Winter Park, matron of honor. The honor attendant was chosen in a blue length crepe dress and net gown with matching stole and mitts. She was a matching veiled tiara embroidered with pearls and rhinestones and carried a bouquet of yellow pom-poms tied with matching yellow satin ribbon.

Mrs. McGrath chose for her daughter's wedding a gown of navy blue lace, white accessories and a corsage of pink roses. The groom's mother wore a gown of figured crepe with white accessories and a corsage of white roses.

James Seymour, Winter Haven, was best man for his brother-in-law, William McLaughlin, Longwood, and Herschel Demoret, Winter Park, served as usher-groomsmen.

A reception after the ceremony was held in the parlor at the home of the bride's parents. The bride's table, overlaid with lace, was decorated with white gladioli and gladioli and the "bride" wedding cake was flanked by candelabra. The punch tables were similarly decorated.

Guests of the bride were Mrs. Rachel Kent, Winter Park, Mrs. W. J. Wells, Jr., and Mrs. Charles Searey, Longwood and Mrs. Clements Hallett, Fern Park. In charge of the bride's table was Mrs. Harry Davis, Orlando, and Mrs. B. D. McIntosh, Jr., Altamonte Springs, and Mrs. Herschel Gilbert, Orlando, served the cake. Mrs. Allan Forward, Forest City, and Mrs. Harry Loy Orlando, presided at the punch table.

The couple left on a wedding trip after the reception, Mr. Gilbert chose for her going away attire an ensemble of dark grey with red, accessories and the corsage from her bridal bouquet.

Mr. and Mrs. Gilbert are now at home in Eau Gallie.

Norway Students Live With Luxury

OSLO, Norway—Our American colleges have activities they are proud of, but they would have to go a long way to beat the tremendous scope of the Norwegian Student Assn in Oslo.

This organization has the usual social events, both formal and informal, and every week sponsors special guest speakers with open debates afterward.

One of its unique functions, however, is managing the Student byen. It is the hotel in which 1,000 students live and the largest in Oslo. Talking to Kare Dostlien, first vice-president of The National Union of Norwegian Students, I found that the hotel is a dormitory for students during the summer and is used as a hotel only during the summer months.

The proceeds make it necessary for the students to pay only 75 kroner (about \$12 a month) for a bed, with electric heating, bath, private hall and telephone.

Touring an building I saw that all the rooms obtained modern furnishings, and some even had private balconies. The rooms are organized in apartment groups. Off the hallway entrance of each apartment are two private rooms—a bath and a kitchen.

The Studentbyen is about 15 minutes from the city by tram, so the students still have the advantages of the city for entertainment during their weekends.

An unusual feature of the hotel dormitory is the possession of one of the greatest and finest art collections of Edward Munch, his drawings, paintings and sculptures. These works are in every student room in the hotel and are valued at some 3,000,000 kroner (600,000 dollars).

The collection is not insured against theft or damage because the donor felt money would be worthless if the paintings were gone.

Students also have charge of four other hotels and seven restaurants.

Another student project in progress since 1901, is a voluntary education program. The evening classes now have about 7,000 students.

The organization is also very active in political affairs and the association takes definite stands by resolutions on many important issues. During World War II, the association actively resisted the Nazis and had much to do with movement of arrest in the country.

Happy Birthday

Sept. 12

Personals

Miss Joan Wright, the daughter of Mr. and Mrs. J. A. Wright, will enroll at Wesleyan College in Macon, Ga. tomorrow. Miss Wright will be a sophomore.

Mrs. V. C. Messenger left yesterday afternoon for Katoomba, N. Y. where she will spend several weeks with her sister, Mrs. Mitchell Dugan.

Miss Peggy Wright has gone to Tallahassee to enter her freshman year at Florida State University.

After visiting for several days with Mr. and Mrs. Henry White Jr. and Miss Paul White, Mr. and Mrs. Tom Foster have left for Baton Rouge, La. where he will enter Louisiana State University.

Mrs. Charles Hudson of Pittsburg, Pa. arrived the latter part of last week to spend some time with her parents, Mr. and Mrs. J. M. Hayes.

Dr. and Mrs. C. L. Park went to Gainesville Saturday where they took their son, Bill, who will enter

News of Men In Service

NEWS OF MEN IN SERVICE
4th DIV., KOREA—M. Sgt. Iru S. Thompson, whose wife Luella, lives at 101 E. 10th St., recently joined the 4th Infantry Division in Korea.

Men of the "Haymond" division are undergoing intensive training to maintain the peak combat efficiency displayed by the unit from Osan to the Yalu river.

Sergeant Thompson, son of Mrs. Amanda Sapp's, 2608 Elmwood Ave., entered the Army in April 1953, and was formerly stationed at Fort McPherson, Ga.

You can take your baby for a spin in a washable crib on wheels. It has a protective nylon net canopy, outside covering and inside lining of washable plastic.

Mr. and Mrs. Albert Hardesty have returned to their home, 2417 Orange Ave., after spending the summer with their daughters and families in Akron and Columbus, Ohio, and Erie and Philadelphia, Pa.

Gladys Klaus Wed To Sherdell Owen In Buffalo, N. Y.

Miss Gladys Klaus was married on Aug. 28 to Sherdell Owen, son of J. C. Owen, 1315 Magnolia Ave. The wedding took place at the First Lutheran Church in Buffalo, N. Y.

Mr. Owen was graduated from the Ovada High School and at present is stationed with the United States Navy at Washington, D. C. After a wedding trip the couple will be at home in Washington.

Big Crowd Present For USO Song Fest

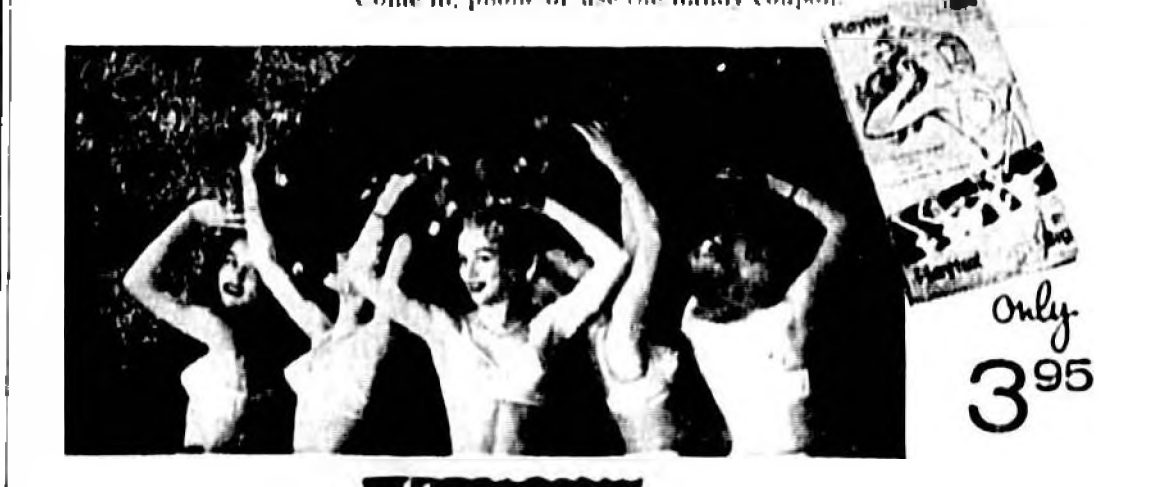

Mrs. James Blankenship furnished the piano accompaniment for the song fest last night at the USO with the singing being led by Miss Barbara Tall.

Refreshments of coffee and doughnuts were served by those present. A later crowd was on hand despite the fact that several squadrons of the Sanford Naval Auxiliaries Air Station are leaving and coming in.

Wednesday night a special evening is being planned with games to be played from 8 until 10 o'clock.

Commiss Indefinite Of Three Americans

HONG KONG (AP)—A United States consulate official said today that three Americans, ordered deported from the Communist-occupied territory, would not arrive here today.

The three are Richard Applegate, 37, of Medford, Ore., a National Broadcasting Co. correspondent; Donald Dixon, 25, New York International News Service correspondent; and Benjamin Krasner, 30, a sea captain, of Brooklyn.

The U.S. official telephoned from the Hong Kong Red China border that there was no indication when the trio would arrive. He did not elaborate but said the border watch was suspended until tomorrow. Peiping Radio said yesterday the trio were ordered deported from Kwangtung Province, Hong Kong borders Kwangtung.

Peiping Radio also said that Francis Redmond, former New York business man, had been con-

victed of espionage in Shanghai and sentenced to life in prison.

Peiping said the Applegate trio was picked up by a Red coastal defense unit March 21, 1953, aboard Applegate's yacht, Keri, after it "intruded into China's territorial waters of Kwangtung."

The trio had planned to sail to Macao, Portuguese colony on the mainland, to pick up David Cicero, INS Newport Service photographer and return him to Hong Kong.

Peiping Radio said the Chinese Ministry of Public Security recently ordered the three deported and instructed local authorities in Kwangtung Province to carry out the order.

There was no indication when or where they would be released. The broadcast said Applegate's yacht had been confiscated. Consulate officials and police stood by at all Hong Kong border

stations yesterday but there was no sign of the three.

Applegate, a World War II veteran, was NBC's Hong Kong correspondent.

At Medford, Applegate's mother declared "this is the happiest day of our lives. God is so good." His father, Frank, a retired contractor.

Dixon went to Korea for INS after joining its New York Bureau in 1951. He is a graduate of Syracuse University and a former staff member of the New Rochelle, N.Y. Standard Star.

"We're going to lock him in a room and just look at him," Dixon's joyous mother declared. "Next Tuesday is my birthday. This is my birthday gift—the only one I want."

Krasner's parents, Mr. and Mrs. Frank Krasner, said their son joined the maritime service in 1942 after a heart condition kept him out of the armed forces. He spent most of World War II sailing between the United States and Murmansk. He was shifted to Orient runs in 1949.

POLLY RANBURN SUBER, 19, of South Carolina, captured the swim suit honors in the preliminary judging at the "Miss America" beauty pageant in Atlantic City, N. J. She attended the University of South Carolina. Her major interest is music. (International)

Stevenson Dances; Son Plans To Wed

LOUISVILLE, Ky. (AP)—Adlai Stevenson Sr. stepped into the middle of a gay swing of social festivities today, celebrating the coming event that will make him a father-in-law.

The former Illinois governor and 1952 Democratic nominee for president flew to Louisville yesterday to join in a celebration of the announcement of the engagement of Nancy Lewis Anderson to his eldest son, Adlai Jr.

The pretty Miss Anderson had a kiss waiting when her future father-in-law stepped from the plane.

Adlai Jr. and Miss Anderson met here in June, 1953, when he was a second lieutenant in the Marine Corps stationed at Fort Knox.

Their engagement was announced Saturday. No wedding date has been set.

KOREAN FEVER STRIKES MANILA

MANILA (AP)—Investigation into a reported outbreak of haemorrhagic fever—a disease found among American troops in Korea in 1950—was ordered today by Philippine Health Secretary Paulino Garcia.

The Manila Children's Hospital reported 16 cases; 3 of them fatal, over the weekend. All were children.

JAILS CROWDED

CHICAGO (AP)—Chicago's City Jail and Correctional Farm are jammed with prisoners, Warden Frank Sain said today.

The farm near suburban Hinsdale is so overcrowded, Sain said, that prisoners have been sleeping on floors "and wherever they could." The farm, with a capacity of 500 prisoners, now houses 876. Sain said the overcrowding at the farm is the result of an overflow of inmates at The Bridewell, the city's house of correction. It has a capacity of 1,800 prisoners and houses 2,426.

MODEL '47' STILL ON OPEN ROAD

OKLAHOMA CITY (AP)—A 1953 Model T Ford can still percolate pretty nicely.

Allen Cherry, 32, and Tommy Loret, 26, of Bethany, Okla., proved this yesterday when they drove the ancient touring car from Bartlesville to Oklahoma City in 5 hours and 40 minutes—an average speed of about 30 miles an hour for the 164 miles.

Some accidents take YEARS to happen...

The real cause of some highway accidents could go back five...ten...fifteen years! Back to early reading and writing days...in dim or glaring light.

Yes, the eyestrain that started in grammar school days could have been the reason for the anguished, "I didn't see..." at the crash.

So don't take chances with precious eyesight. Now—at the beginning of the school year—is a good time to check the lighting in your home...to help prevent that accident from happening to your child.

Mayor, Commr. Krider Have Brawl At Meeting

Strolling In Sanford

Committee meeting of Cub pack 34 will be held at the Methodist Church at 7:30 p. m. tomorrow.

The Seminole County school board will meet at 10 a. m. Friday morning in the Court House to present bids for the purchase of books.

Life in the wilderness. Chief Deputy Sheriff and Mrs. O. G. Owen are beginning to think they live in the jungles instead of 1332 1/2 Ave. Mrs. Owen has recently killed two four-foot chicken snakes and last night, their dog killed a big possum.

Justice of the Peace Hugh Duncan has moved into his new office in the west end of the old building.

Trooper Robert Harrison of the Highway Patrol indicated today that the patrol is hearing down on violators of laws relative to school buses. He said he made two arrests yesterday.

School Superintendent R. T. Silve and his administrative assistant, Walter Zeigler, will go to Camp Blending to attend a sale of surplus school equipment tomorrow.

Fishing Contest Winners Told

The City Manager's office today announced the winners of the Black Bass fishing contest sponsored by the City recreation department.

The City Manager's office today announced the winners of the Black Bass fishing contest sponsored by the City recreation department.

Three persons were arrested yesterday afternoon and one this morning for passing school buses while they were stopped and unloading children, the Sheriff's office announced today.

Woman Fined On Bus Counts

In City Court yesterday Mrs. Bobbie Joe Allen Hunt pleaded guilty to charges of passing a school bus while it was stopped unloading children.

Democrat Wins Governor Race In GOP Maine

PORTLAND, Maine.—A Democrat elected governor of Maine today.

The GOP seat Margaret Chase Smith held in the U. S. Senate for 12 years was won by a Democrat today.

Edmund S. Muskie, 39-year-old Democratic national committee member, defeated Gov. Burton M. Cross, 51, in yesterday's first state election of 1954.

In modern times, no other GOP governor has ever been denied a second term.

The GOP seat Margaret Chase Smith held in the U. S. Senate for 12 years was won by a Democrat today.

Public Hearing Set For Oct. 11; Men Appointed

Mayor Earl Higginbotham and he had no animosity toward Commr. John Krider today following an altercation last night at the City commission meeting in which the officials took several swings at each other.

Commr. Krider, when pressed about the fight said he had no comment to make.

The mayor, when asked if he were going to take action against the commissioner who started the fight, said: "I am not a lawyer. I am concerned if I were with it, I would not fight it."

It is understood that today the mayor will be at the fire works party which will be held at the home of Mrs. Krider.

Krider related he was tired of hearing about the ball park and stadium around town.

The meeting was recessed, but was resumed at 10:30 a. m. for the resumption.

He explained he was merely using the stadium as an example of a city financing a project without funds in hand.

MIAMI BEACH, Fla.—The Denver local of the International Stereotypers and Electrotypers union proposed today that the Costello hospital home for union members at Denver be closed.

The group reported only five beds were occupied and the 14,000 member union has too few patients to warrant maintenance of a hospital.

The union is held its annual convention here.

Optimistic Picture Given President Concerning Economy Of United States

Attack On President Plan Of Terrorists, Puerto Rican Says

NEW YORK (AP)—A Puerto Rican Nationalist has testified that communists who masterminded the shooting in Congress last March also planned an attack on President Eisenhower.

The testimony was given by Gonzalez Lebron Salomay, yesterday at the trial of El Puerro Rican charged with a sedition conspiracy to overthrow the U. S. government by force and violence.

The witness is a brother of Dolores Lolita Lebron, who was arrested along with three men after they spat bullets into the House of Representatives.

Another defendant is John Panto Gauda, who Lebron Salomay said had told him of plans for attacks on Congress.

The Nationalist party speaks complete independence for Puerto Rico. This aim is opposed by the majority of Puerto Ricans, who turned down an offer of independence and voted to become a commonwealth of the United States.

Lebron Salomay has pleaded guilty to the charge of sedition conspiracy and testified as a government witness while being held in \$25,000 bail pending sentencing.

Krider remarked that something should be done if he couldn't get an opinion on City business without having the stadium thrown at him.

The meeting was recessed, but was resumed at 10:30 a. m. for the resumption.

He explained he was merely using the stadium as an example of a city financing a project without funds in hand.

AMERICAN PATROL IS FIRED UPON ON CZECH BORDER

BRNO, Czechoslovakia (AP)—The U. S. Army and West German border police yesterday differed over the fate of a frontier shooting incident involving American and Czech troops.

The Army's Europe headquarters here said in a brief preliminary announcement an American patrol was fired on by Czech border police on the night of Oct. 10 and 11.

The Czechs refused to let an investigation by U. S. military officials of the incident.

The U. S. Army announced it was believed to have been fired on by Czech border police.

WASHINGTON (AP)—The Communist party has won its bid for new arguments in the light of a 1954 act and Congress directed it to a government order that it be controlled in Moscow.

That order was issued by the subversive activities control board under the 1950 Internal Security Act, which provides that Communist action groups shall register with the Justice Department.

The Communist party has challenged the constitutionality of the act and of the SACB procedures in the act and must certain to go ultimately to the Supreme Court for decision.

The local U. S. Court of Appeals heard arguments on the case last spring, and was expected to rule sometime this fall.

Retailers Present Report 600,000 Stores Are Represented

WASHINGTON (AP)—President Eisenhower was told by the American Retail Federation today that during the first 10 months of his administration there has been a steady growth of confidence in the economic future of our country.

A report on that period, compiled with an optimistic forecast of even better times, was placed before the President by the federation's board of directors.

The report, which represents 600,000 retail stores in the United States, is the first since the federation was formed in 1947.

The year 1954 is proving to be an excellent one in the distribution of goods and better goods to the American people, said the committee which was headed by Rowland H. Jones Jr., the federation president.

The committee added that with a high level of economic activity, retail wages have increased.

It said average hourly wages rose up 1.4 percent in the first half of 1954 and average weekly wages have climbed 1.5 percent.

It said the committee is confident that the administration's policies, and the cooperation of Congress in implementing them, will contribute to a steady growth of confidence in the economic future of our country.

WASHINGTON (AP)—A six member committee headed by Sen. McClellan today started drafting a report on the official conduct of Sen. McCarthy.

The report, which may be critical of some of the Senator's actions, is to be made available to the Senate in the next few days.
