

2 MEN DIE AS THEY FALL OFF AKRON'S ROPES

One Other Of Crew Is Dangled Aloft For Two Hours In Tragical Drama Of Skies

SAN DIEGO, May 12.—(A.P.)—Lieutenant Commander Charles Rosenthal said today that the dirigible Akron will proceed to San Francisco during the day and be prepared to participate in fleet maneuvers tomorrow. Meanwhile the big ship swung calmly at anchor at Camp Kearney Field where two mechanics were killed in an attempt to repair her.

CAMP KEARNEY, Calif., May 12.—(A.P.)—A tragic drama of the skies was written in an unsuccessful attempt of the world's largest dirigible, the U. S. Akron, to land here yesterday.

Two men of the mooring crew were dashed to death and a third, Bud Court, was carried two hours dangling in a 200-foot rope from the great air straitjacket.

The dazed spectators saw the two men fall as the dirigible surged upward. Court swung precariously half a mile over their heads.

There he remained, suspended in a 200-foot rope from the Akron, which, after landing, was towed to the ship's deck.

A "downy" relief went up "Fifty air accidents have I seen, but none that killed the heart like this," said one San Diego, aircraft enthusiast.

The 200-foot rope of the Akron, which, after landing, was towed to the ship's deck, was cut by the dirigible's crew.

More Than \$2000.00 Has Been Pledged To Salvation Army

Twenty more than \$2000 of the \$2000.00 budget required to operate the Salvation Army for the coming year, had been pledged as noon today, according to Eugene Charles Johnson, state representative, who is chairman of the Advisory Board and a group of volunteers in staging the drive.

Thirty 30 speakers met at the Campaign Headquarters this morning to make preliminary reports of their efforts of yesterday, and to hear further inspirational remarks by H. R. Stevens, general chairman of the drive, Eugene Johnson, state officer.

After the drive has been extended for another day, it was decided that the workers are to report at Headquarters tomorrow morning for breakfast, to make their second report, following which they will make one last effort to bring the \$2000.00 figure already reported up to the \$2000.00 goal.

Heartening reports were made by many of the workers. It is estimated that more than \$2000.00 has been pledged to the Army since the start of the drive.

Assassin Confesses Plot To Slay Many

PARIS, May 12.—(A.P.)—Dr. Paul Gorgulov, assassin of President Doumer, was taken before a court yesterday for formal questioning about his personal history. He admitted an entry in his diary about his planning the assassination of the late President.

Final Tribute Paid To Slain President

PARIS, May 12.—(A.P.)—France bowed in sorrow today and paid last tribute at the funeral of Paul Doumer, venerable president, slain last week by an assassin's bullet. Parisians jammed the streets and stood in silence as the funeral procession filed to the great Cathedral of Notre Dame. It was such a funeral as Paris has not seen since the beloved Joffre, hero of the Marne, was buried last year. After the funeral oration, the coffin was left on the catafalque throughout the afternoon. At dusk it will be taken to the private plot at Desaugiers Cemetery where Doumer will be interred beside his four sons lost during the war.

AMERICANS BOW AT COURT BEFORE KING AND QUEEN

Twelve Matrons And Debutantes Introduced To Royalty

LONDON, May 12.—(A.P.)—Twelve American debutantes and matrons, who crossed the Atlantic to be introduced to Britain's king and queen, participated in a free show outside Buckingham palace last night for which much of London was the audience.

The main event of the evening was their presentation to their majesties beneath a golden canopy in the state ballroom.

The show was outside where they stood for hours in a long queue of illustrious awaiting their turn to enter the palace.

United States Ambassador Andrew D. Mellon was one of the late arrivals in the queue. Mellon wore ordinary evening dress, eschewing the silk beehives in which the late Col. George Harvey appeared at court.

Eight hundred persons, of whom 400 were debutantes, had invitations allowing them inside the palace but about 40,000 swarmed the high gate at the entrance to the Mall and gaped in wonder at so much fuss and feathers.

It was not a particularly well-mannered throng, as a crowd of men, women, and youths among whom could be found Cockneys, some of the ladies of Piccadilly, and lots of plain hard-working Londoners.

Some of them got so close to the windows that their noses left imprints on the glass.

Besides Mrs. David K. E. Bruce, daughter of Ambassador Mellon, last night's presenters include Miss Mary Elizabeth Beebe, of Wallingford, Pa.; Miss Helen Bryan, of Richmond, Va.; Mrs. Eugene H. Duggan, wife of the first secretary of the American embassy; Mrs. David E. Finkley, Washington, D. C.; Miss Hilda Foster, Boston; Miss Frances Freelinghusen, daughter of former Senator Joseph Freelinghusen, of New Jersey; Miss Alice Lovering, Boston; Miss Isabel McCrover, San Francisco; Miss Natica Nash, New York; Mrs. Cortland Parker, Princeton, N. J.; and Mrs. William T. Pigott, Helena, Mont.

Woman's Missionary Union For Prohibition

ST. PETERSBURG, May 12.—(A.P.)—Retention and strengthening of the prohibition law and complete eradication of lynching were not far from the mind of Mrs. Jesse Daniel Ames, Atlanta, as the major objective of the Women's Missionary Union of the Southern Baptist Convention.

Mrs. Ames, who is the director of women's work of the southern convention on inter-racial relations, made the principal address at today's session of the missionary union meeting in advance of the annual Southern Baptist Convention starting tomorrow.

HOOVER HOPES FOR PLAN TO BRING RELIEF

Is Collaborating With Robinson In Effort To Stimulate Business And New Jobs

WASHINGTON, May 12.—(A.P.)—President Hoover announced today he and Senator Robinson, Democratic leader, had canvassed the plan of the senator and the plans of the President to provide relief and stimulate employment and he expressed the hope of putting them all into concrete form.

After a conference the President expressed his appreciation of Robinson's action in "opening the way for unified action and his confidence that a solution would be found. It is agreed that the prerequisite of any plan is balancing the budget."

Shortly after the conference the President and his cabinet left to attend the dedication of the Masonic Memorial at Alexandria, Va. Senator Long announced that the Louisiana delegation of 20 to the Democratic National Convention would be solid for Franklin Roosevelt. The Senate Foreign Relations Committee reported favorably to the Senate the revised protocol for American adherence to the World Court.

Senator Logan, Kentucky, charged indirectly before the Senate Committee that funds for east-arriving groups to visit the Kentucky coal fields came from "communistic headquarters in Moscow."

The President and members of the board of the Reconstruction Corporation considered a memorandum to the reconstruction act which would allow states to borrow from it to meet unemployment relief needs.

A large number of subpoenas were issued by the Senate Banking Committee to compel appearance tomorrow of brokers who refused to let the committee examine their records.

Inclusion of "tariff duties on oil, coal, copper, and lumber, masquerading as excise taxes" in the tax bill were called "utterly indefensible" in the minority report made public by Senator Walsh, Massachusetts.

The powerful support of Senator Robinson, of Arkansas yesterday was thrown solidly behind a new move for federal relief for the unemployed.

From the Democratic leader of the Senate, came a broad plan for relieving suffering and aiding economic recovery through a \$200,000,000 relief fund and a \$200,000,000 reconstruction program.

Later a group of 10 Democratic senators pledged themselves to support the legislation and taxing beer to finance a \$1,500,000,000 construction program.

The new relief plans complicated an agreement arranged almost simultaneously by House and Senate leaders to adjourn Congress if possible by June 10, and resulted in suggestions for a compromise which could be enacted by that date.

Meanwhile, there were strong indications the administration was closely studying the relief problem with a view to possible legislation.

Woodmen Of World Decide Upon Picnic

Members of the local camp of Woodmen of the World, meeting at their club rooms Tuesday night, decided to stage the annual picnic and get-together of the group and families at Evansdale Park, Lake Mary, Thursday afternoon, May 20.

The picnic starts at 2:00 o'clock, and is for members of the order, their families, and several guests. Invitations will be mailed this week, according to C. C. Collins, camp commander of Florida Woodmen, who will be on hand to assist the gathering.

Group Seeks Probe Of Mine Conditions

CINCINNATI, May 12.—(A.P.)—Asserting they are taking no sides in the economic struggle in Kentucky between miners and coal operators, representatives of the American Civil Liberties Union left today for Kentucky. They will arrive at London, Kentucky this afternoon where their plea for a federal injunction permitting an unmolested investigation of conditions in the mine fields of coal and Harlan counties will be heard.

BAPTISTS FACING CURTAILMENT OF FINANCIAL PLANS

Decreased Revenues Must Be Met, Says Convention Speaker

ST. PETERSBURG, May 12.—(A.P.)—Porting the financial house in order to meet decreased revenues and changed economic conditions was advised yesterday by Dr. Hoyt C. Moore of Nashville, Tenn., as a major task of the Southern Baptist convention, to open here Friday and continue through next Wednesday.

Moore is a senior superintendent. He arrived yesterday and inspected convention facilities at the coliseum, where the four-day meeting is to be held.

"Except for decreased revenue," Dr. Moore said, "last year was one of the best in the history of the church. Gains were registered in church membership, baptisms, Sunday school members, people of work and in many more lines. Decreased contributions in 1931, combined with general economic conditions, have brought about conditions which the church will be obliged to meet. It is hoped and believed that action in this line will be taken at the St. Petersburg convention."

A number of specific plans have been suggested for reducing expenses and building up revenue of the various church divisions. Dr. Moore said church agencies had made drastic reductions in their operating expenses during the year in order to live within their incomes.

Seats for 5000 persons are installed in the coliseum. Indicating that probably 7000 persons will come here for the convention and the women's missionary union and Baptist Brotherhood meetings, which precede it.

The women's missionary union opened its two-day meeting yesterday.

An appeal to Southern Baptist women for full support in a campaign to increase membership in the union was made by Mrs. W. J. Cox of Memphis, in addressing the opening session.

Possibilities of increased membership were discussed.

Hall Seeks To Have Closing Day Changed

Postmaster J. P. Hall, who, as a member of the Board of Governors of the Seminole County Chamber of Commerce, Tuesday night told that group that he is endeavoring to effect a change in the schedule of closing hours at the post-office, today said that he would probably be 15 days before he would have official orders to make the change or not.

Mr. Hall told the trade body directors that he had applied for permission to close the postoffice on Thursday afternoons during the summer months. Instead of on Saturday afternoons, as is the custom at present. He stated that he believed that this would meet with the favor of the citizens, inasmuch as Sanford stores close on Thursday afternoon.

After discussing Mr. Hall's statement, the Board of Governors unanimously recommended that the action be taken as had been requested by Postmaster Hall.

A. C. L. CLUB TO MEET

C. E. Adams, president of the Sanford Progressive Club of the Atlantic Coast Line railroad, this morning announced an important business meeting for club members at the City Hall tonight at 7:30 o'clock. It is expected that important matters, vital to every club member, will be discussed, and a large attendance is urged.

NOT WORDS FLY IN DISCUSSION OF BANK LAWS

Charges Of Lying And Of Divulging Of Secrets Place Congress In Turmoil

WASHINGTON, May 12.—(A.P.)—Banking legislation yesterday embroiled Congress in a raging dispute which produced charges of lying and an accusation that a Senate committee employee had divulged confidential information to the detriment of American business.

In the face of vehement denials, Chairman Glass of the Senate Banking Committee clung insistently to his accusation that certain banking interests bought a member of the House in their fight against the branch banking restrictions of the McFadden act of 1927.

Senator Keam, of New Jersey, asserted that Dr. H. Parker Willis, economist for Glass' committee, sent cablegrams to French newspapers which resulted in heavy gold withdrawals from the United States.

The department of justice issued a statement saying there was no holding in its files to warrant or support Glass' charge that an opinion prepared by Frederick W. Lehman, solicitor general under President Taft, had been suppressed. It said the document, strongly questioning the legality of banking affiliates and chain departmental communication, never intended for publication. Glass insisted the opinion had been "suppressed."

Mitchell Palmer, attorney general under President Wilson, issued a statement denying inference.

Fletcher Urges Levy On Imported Lumber

WASHINGTON, May 12.—(A.P.)—Senator Fletcher, of Florida, yesterday placed before the Senate an appeal from the Southern Pine Manufacturers Association urging support for the lumber import levy in the new tax bill.

The names of at least three other Floridians, M. L. Leshel, of Bunnell; H. E. Kenney, of Caryville; and J. S. Foley, were signed to the petition, which was in the form of a resolution adopted by the lumber group recently in New Orleans. A copy of the resolution was made a part of the record.

In asking support of the tax the lumbermen in their resolution contended that "thousands of families are undergoing privation" because of equipment of lumber production but due to competition from Canada and Russia.

It asked that party principles be brushed aside during the existing emergency so that the tariff levy could be supported.

Corporation Tax Law Is Further Upheld

TALLAHASSEE, May 12.—(A.P.)—The supreme court today handed down a mandate dissolving a temporary injunction restraining Secretary of State Gray from enforcing the corporation tax law, declining to rehear the case in which it recently upheld the validity of the legislative act. The law requires all corporations to file annual reports with the Secretary of State and pay annual fees based on the amount of their capital stock.

KILLS GIRL AND SELF

NEWPORT NEWS, Va., May 12.—(A.P.)—Carrie H. Holston of Fox Hill yesterday shot his sweet-heart, Pearl Lufsey, to death and killed himself. A note addressed to the press said: "Please print our pictures together under the caption 'Lovers Die Together.'"

FREED OF MURDER CHARGE

SILVER CITY, Miss., May 12.—(A.P.)—Marion Hamilton, 22, was acquitted yesterday on a murder charge growing out of the slaying Monday night of James Ahrensby, 35, a farmer whose throat Hamilton said caused his mother's death from a heart attack.

Gaston Means Tells What An Honest Fellow He Is On Leaving Prison Under Bail

ADVERTISING OF CITRUS FRUIT IS TOLD BY EXPERT

Expert Talks To Committee Of 50 In Session At City Hall

The word Florida, with reference to Florida oranges and grapefruit, has a stronger influence in the buying habits of the consuming public than any other name, trademark, or brand, some 30 members of the Clearing House Committee of Fifty were informed at their monthly meeting at the City Hall yesterday.

The speaker was H. W. Wallace, Jr., representative of N. W. Ayer & Son, Inc., the advertising agency which has handled the national advertising campaign for the Clearing House during the past three years. His statement was based on a survey made by his organization after several months investigation of the nation's leading groceries and their newspaper advertising.

His address, the passage of a resolution commending James C. Morton and John B. Clark, committee members who have been elected on the Board of Directors of the Association, for their "distinguished service in the interests of the Committee and the citrus industry generally," and the presentation of a watch and chain to Dr. James Harris, of Lakeland, the only remaining committeeman who was one of the 50 organizers of the group in 1928, formed the highlights of the meeting.

Mr. Morton, who has been one of the most active men on the Committee, made the presentation of the watch to Dr. Harris, after he had expressed his and Mr. Clark's regrets at leaving the Committee.

Before concluding his talk, Mr. Morton told the group that the Association and the industry could be saved only by orderly distribution, extensive advertising, and standardization of pack, and he urged each member to strive toward those ends in every way.

"Unless the Clearing House does the things for which it was created, it should disband," he warned in conclusion.

Other speakers before the meeting were A. K. Sarginian, Orlando; S. O. Shindler, Sanford; and H. M. Papworth, Sanford member of the committee. N. H. Vissering, of Hudson Park, chairman, presided, with Fred Henderson, Winter Haven, acting as secretary.

Grove was selected as the next meeting place, with the election of officers scheduled as the more important matter of business.

Among those present, at the afternoon general session, and at an executive meeting followed by a luncheon tendered by Mr. Papworth, were J. G. Arbuthnot, Lake Alfred; J. D. Clark, H. Burnett, Waverly; E. Winton Hall, Dr. James Harris, A. F. Pickard, Lake Alfred; Fred Henderson, W. H. Hutchinson, Winter Haven; James C. Morton, Auburndale; N. M. Vissering and Max Walker, Balford Park; F. C. Bottom, Valrico; H. M. Caron, Wm. Turner, Lutz; A. T. Grant, Dunedin; E. E. Truett, Mt. Dora; O. H. Keene, Eustis; W. D. Carr, Ocala; B. J. Nordman, Deland; H. M. Papworth, Sanford; J. W. Stark, Brevard; Dr. A. A. Kent, Winter Park; P. P. Beatty, Cocoa; G. A. Draz, Mims; B. F. Haines, Altamonte Springs; R. R. Gladwin, Ft. Pierce; E. W. Vickers, Sebastian; H. C. Case, Ft. Myers; H. G. Murphy, Zolfo Springs; and W. M. Nolan, Arcadia.

Sailors Are Shot To Death For Revolting

LIMA, Peru, May 12.—(A.P.)—Eight sailors were convicted, sentenced to death, and shot yesterday for participating in last Sunday's rebellious naval revolt.

Fourteen of their co-conspirators were sentenced to 15 years in the penitentiary and 15 others to 10 years each. Three sailors were acquitted.

The naval council completed its consideration of the case about dusk, and preparations for the executions began at once at San Lorenzo prison. An hour later the eight condemned men entered the death house and received last religious services of a priest. After a slight further delay they were taken out and shot.

HOOPER O. K. D ON REJECTION OF TARIFF BILL

Presidential Message Bristling With Denunciations Leads To Action Of House

WASHINGTON, May 12.—(A.P.)—Reacting immediately to a presidential veto message that bristled with denunciations, the House yesterday voted to uphold President Hoover's flat rejection of the Democratic tariff bill.

Hardly had the Chief Executive's blistering communication been read than Representative Snell, Republican leader, confidently proclaimed that the bill would not produce the two-thirds vote necessary to override Hoover's demanded a roll call vote.

Representative Hines, floor leader for the Democrats, knowing the limitations of his party strength, termed such action futile. But the roll call proceeded. The vote was 178 to override to 168 to sustain. Thus the Democratic proposal that the President be stripped of his authority to change import duties upon recommendation of the tariff commission is dead so far as this session is concerned. The measure proposed that the commission report to Congress for action by the national legislature.

He listed in detail four major objections against the House approved bill. But above any other, he asserted, it was enough that the measure would "destroy the effectiveness of the flexible tariff" and remove the protection against the "org of politics and log-rolling" accompanying each periodic general revision.

The President held steadfastly by the present Smoot-Hawley bill, declaring it imperative that the American policy of a protective tariff be maintained.

"As a matter of fact," he said, "there has never been a time in the history of the United States when tariff protection was more essential to the welfare of the American people than at present. Prices have declined throughout the world but to a far greater extent in other countries than in the United States."

"Manufacturers in foreign countries which have abandoned the gold standard are producing goods and paying for raw materials in depreciated currency. They may ship their goods into the United States with great detriment to the American producer and laborer."

He stated in brief, as the objections President Hoover listed as his own against the bill:

(1) It creates "misimpression and uncertainty" as to its purpose. If its aim is to secure lower tariffs, he asserted, reductions should be made in the particular commodities at fault.

(2) It "practically destroys the 'flexible tariff' through resuming presidential authority to alter rates by as much as 50 percent at the recommendation of the tariff commission, restoring its power to Congress."

(3) In calling for an international tariff conference, it carries the "implication" of subjecting "our tariffs to international agreements."

(4) In requesting "reciprocal trade agreements under a policy of mutual tariff concessions," it would violate the American tariff policy of "uniform and equal treatment of all nations."

The President said that if the United States should enter upon "reciprocal concessions with any nation it would mean the principle of uniform and equal treatment. Reciprocal concessions, he said, would result at once in unequal treatment to those governments not a party to them."

Battle Is Renewed By Birth Control Backer

WASHINGTON, May 12.—(A.P.)—Margaret Sanger, internationally known birth control worker, today renewed her battle against laws prohibiting dissemination of such information. Appearing before the Senate Judiciary Committee she urged approval of a bill to exempt clinics, hospitals, libraries and others in the medical profession from existing laws.

Investigation Of Justices Produces Startling Results

JACKSONVILLE, May 12.—(A.P.)—Asserting that its investigation of office of justices of the peace revealed "a startling state of affairs," the Duval county grand jury yesterday returned indictments against five justices, a former constable and a former deputy sheriff.

With one exception the indictments charged malpractice in office and dealt with alleged illegal acceptance of money from persons with whom those indicted were dealing in an official capacity.

Justice J. B. Geiger, recently indicted by a federal grand jury in charges of conspiracy in connection with bribery, was charged yesterday with failure to keep records of cases in his courts.

Those indicted on malpractice charges were R. E. Copeland, J. A. Beard, Fred H. Hunt and John Gavanagh. Ed Tale, former constable, was charged with accepting illegal fees.

"A startling state of affairs has been uncovered," said the grand jury report. It said "preying upon the public, especially ignorant and humble persons," was practiced by justices of the peace. The report revealed the grand jury had a state auditor checking the records of the justices for some time.

The covetousness of all justices found guilty of malpractice. The jury also called upon the legislature to abolish the fee system.

TWO CONVICTS ESCAPE

TALLAHASSEE, May 12.—(A.P.)—The prison bureau was advised that Will Harvey and Sam Webb, negro convicts, escaped from a prison camp near MacClenny yesterday. Harvey was serving 10 years for assault with intent to murder in Orange county and Webb was serving two years for resisting an officer in Escambia county.

GIRL ACCUSES SALESMAN

DELAND, May 12.—(A.P.)—Circuit Judge Marion G. Howe yesterday recalled the Volusia county grand jury to consider charges of criminal attack against C. W. McDowell, Charleston, S. C., candy salesman, arrested Tuesday, after an alleged attack upon a 14-year-old girl.

RICHES MAKES READY

NEWARK, May 12.—(A.P.)—If the waiting is satisfactory Lou Riches will probably take off on a solo flight to Paris tonight. His monoplane was given a final conditioning today.

ELECTION DATE PROCLAIMED

ST. JOHN'S, N. F., May 12.—A proclamation was issued yesterday calling for a general election in Newfoundland Saturday, June 11. Nomination day will be June 1.

HITTING MARKS
SLIP AS RESULT
SUNDAY TILTS

Harrison, Reed
Remain in 300 List
Of Loop's Regulars

By PETER SCHAAL
As a result of the 18, 17, and 15
performances of the Daytona,
Winter Park, and Deland clubs
last Sunday, causing those clubs to
drop in the batting averages
and their players to new
positions as potential batting lead-
ers of the Central Florida Base-
ball League, games in the league
Thursday afternoon will be packed
with interest. The batters seem
to have found themselves around
the depths, sent there by every
The hitting lead of the league
rests on the youthful should-
ers of C. L. Roberts, the Deland
club leader, who, in 19 tries, has
accumulated 11 hits, for an average
of .578. Of course, Roberts has
been in but five of the seven
games, and must bow to Asa
Cocoo, as actual batting
leader. Well has cracked out 10
hits in 23 trips to the plate for an
average of .400 in seven games.
Only enough Bill Burns, New
Springer, outer gardeners, has
increased the same number of hits
the same times at bat, but only
in two games.
Another result of the extra hit-
ting of last Sunday is that 18 play-
ers, regulars, are in the charmed
circle of 300 batters. New faces
are those of Buck Taylor
and Skinny Vincent, of the
Daytona; Elmer Sparks, Bill
O'Brien, Cracker Graham and
Walter Mobley, of the Islanders; A.
Wright, of New Smyrna, who re-
turns to the fold after a game's
absence; and Jack Reed, of San-
ford.

The Deland outfit holds the
batting lead for the first
time, replacing Sanford, now in
second place. And, for the first
time this season, the Islanders are
out of the cellar as batters, having
collected enough hits Sunday to
move them in sixth place in batting
order of New Smyrna.
Games on Thursday are all in-
teresting, for Deland, up-and-
coming, will visit Cocoo to take
the league leaders in their own
backyard; the Islanders, appar-
ently ready for action after six
weeks' games, will be in San-
ford; and the Crackers will be mix-
ing it with the Parkers.
The Deland-Cocoo tilt promises
to be a hot one, for Red Gilliespie,
the Deland pitcher, who has allowed
only 14 hits in three games, will
oppose Bill Strickland, ace of the
Cocoo staff. It will be interesting
to see if the two clubs having the
most powerful batters, trying to
outdo each other's stride, the De-
land outfit is in second place, and
Cocoo, over the Islanders will cer-
tainly give them worlds of confi-

ding Buddy Lake, the 18-year-
old sensation will try again
to lead the Islanders as he did two
weeks ago. He will be faced by
Lance, than whom there are
no more active hurlers.
The Winter Park-Pulliva
contest, which has just been
announced, will be a hot one, for
the Pulliva hurler, who has just
been called up to the Crackers may
be called to hurl against the
Crackers and Lawrence Chubb. All
games start at 8:00 o'clock.
The batting, including Sunday's
results:

FIRESTONE TEAM
BEATS SOLDIERS
AT DIAMOND BALL

Ten To Two Victory Is
Featured By Shaw's
Invincible Pitching

By K. H. CULLUM
The Firestone Diamond Ball
team, under the leadership of Pat-
rick, clamped down on Fort
Lanning's Company D team last
night and gave them the trimming
of their young lives, the score
standing at the end of the game,
Firestone 10, Company D 2.
Firestone Shaw was on the mound
for Firestone and was abso-
lutely invincible, setting back
Company D in clocklike regularity,
striking out 15, walking three and
allowing only one hit. Up to the
sixth inning only three of Company
D players got as far as first in
the sixth inning, Kinlaw, first up,
hit a fly to right field which W.
McLelland ruled, Kinlaw going to
third on the error. Cook struck
out; Rines, next up, beat out a
single; Hughes hit one to Bales
in short center which he muffed
and Bines scored. This was the
only hit and only runs Company D
was able to garner during the game.
On the other hand Cook, pitch-
ing for Company D, did not fare
so well, yielding up 12 hits, good
for 10 runs, striking out 6 and is-
suing three free passes to first.
Piercy, playing right short for
Firestone, was the heavy hitter,
securing three hits out of four
times at bat, a single, a triple and
a home run. Morgan and Britt al-
so hit homers.
Aside from pitching a most won-
derful game, Shaw secured two
hits out of three trips to the plate.
On Thursday night the Truck
Growers and Medical Corps will
tangle up. While the Medical Corps
lost its last start, it has a
good team and will make the Truck
Growers hunt to win.

Athletics' Team
Certain Of 1st Place

In their 5 to 4 victory over
the Senators at Ninth Street
Monday afternoon, the Athletics
team in the Junior High School
baseball league was assured of
first place in the final standings,
with the Senators or Cardinals
scheduled to land in second place.
A double play, Wright to Shaw
to Brown, which nipped a Sena-
tor rally in the fifth inning, was
the feature of the game, as was
Allman's triple. The game was
called at the end of the fifth in-
ning by agreement.

Big Industrialist Is Speaker At Meeting Of University Club

FATEKOWN, N. Y., May 12.—(A.P.)—Owen D. Young, president of General Electric, gave the address at a meeting of the University Club at Fatekown, N. Y., today. He spoke on "The Industrialist's View of the Depression." Mr. Young said that the present paralysis in business was the result of a combination of factors, including the war, the loss of markets, and the general economic situation. He stressed the need for a return to normalcy and the importance of the industrialist's role in this process.

Mr. Young said that the industrialist's view of the depression is that it is a temporary condition, and that the only way to overcome it is by a return to normalcy. He stressed the need for a return to normalcy and the importance of the industrialist's role in this process. He also mentioned the need for a return to normalcy and the importance of the industrialist's role in this process.

Mr. Young said that the industrialist's view of the depression is that it is a temporary condition, and that the only way to overcome it is by a return to normalcy. He stressed the need for a return to normalcy and the importance of the industrialist's role in this process. He also mentioned the need for a return to normalcy and the importance of the industrialist's role in this process.

Business Position

Florida in general and Sanford in particular have been hard hit by the depression. The business position in Florida is generally poor, with many businesses closed and others operating at a loss. Sanford is no exception, with many businesses in a similar state. The depression has had a severe impact on the state's economy, and it is clear that a return to normalcy is needed to overcome these conditions.

Seeks Job As Convention Delegate

Franklin D. Roosevelt is seeking a job as a delegate to the Democratic National Convention. He has announced that he will be a delegate to the convention, which is to be held in Philadelphia, Pa., in September. Roosevelt is a prominent figure in the Democratic Party and has been a vocal critic of the current administration. His selection as a delegate is seen as a significant endorsement of his political views.

Trunk Growers Will Play Medical Team

Trunk growers in Florida are forming a medical team to combat the disease of trunk rot. This team will consist of experts in the field of plant pathology and will be responsible for conducting research and providing guidance to growers on how to prevent and treat this disease. The disease of trunk rot is a major threat to the citrus industry in Florida, and this team's efforts are expected to significantly reduce its impact.
