# The Sanford Herald

Thursday, December 21, 1972—Sanford, Florida 32771  
65th Year, No. 95 Price 10 Cents

By John A. Spolski

Now, let's see ... out of the pile of reminders written to myself, whom do we put on the back and "shaft." Gotta be careful I don't get the two crossed ...

Yesterday I was so concerned about the press losing its freedom of speech that perhaps I overlooked my own back yard. What's going on down there in Altamonte Springs? A woman resident of the area gets up to offer an opinion during the discussion of a motion, and she's told by Mayor Swford that she must first call in advance to be heard? Or, speak after the meeting is concluded? Might be just a tad-bit late by that time, Mayor. (The complete story is on Page 2A)

In case there was a question of intent ... that was "Not a pat-on-the-back!" The next one is, however, Most democratic during the course of conducting a public meeting is Sanford's Mayor Lee Moore.

Last call ... if you still haven't bought your Christmas tree, get it at a "going-out-of-business" price from the Optimist Club of Sanford. They're located at the corner of Highway 17-92 and Airport Boulevard (behind the Standard station). All of their proceeds go towards helping the youth of this county.

Tomorrow morning at 8:30, a very important meeting called by the executive committee of the Greater Sanford Chamber of Commerce as they "touch base" with the Orlando Sports Stadium Authority. As I understand it, a suggestion will be made for Orlando's consideration that they construct a new athletic stadium right here in Sanford at the airport. Plenty of room, with lots more available for expansion; not in a congested area; easily accessible for all of Central Florida. Hope it works ... but, I'll betcha the powers-to-be in Orlando give it nothing more than a polite snub.

Stop The Presses ... when I started acknowledging those sets of twins being born at the Seminole Memorial Hospital, I just knew that somehow or other, I'd forget to name one ... and then I'd catch it. Sure as a shot, our apologies to Mr. and Mrs. Johnny (Nancy) Hivers for helping the population explosion with the additions of Amy and April — two cute lassies.

Now if that's not enough, in today's Hospital Admissions column ... YOU'RE RIGHT! SOME MORE ... The glad hand extended to Mr. and Mrs. Robert (Laurie) Gordon on the birth of their twins ... a girl and a boy.

Anybody else wanna get in on this record. It now stands at five sets of twins born this month at this same hospital and I, my sense of intuition is correct. Dr. Vince Roberts had a hand in delivering all of these

# Truman 'Very Serious'

By F. RICHARD CICOONE  
Associated Press Writer  
KANSAS CITY (AP)—Harry S. Truman continued his stubborn fight for life today with the help of an innovative treatment which his doctors hoped will reduce the dangerous level of poison in the former president's blood stream.

Truman remained in very serious condition at Research Hospital and Medical Center where he has been struggling since Dec. 5 to recover from lung congestion, bronchitis, a weakened heart and, now, most critically, failing kidneys.

The fluid discharge of the kidneys increased somewhat Wednesday but continued to fail in purifying the blood. Dr. Wallace Graham, Truman's personal physician, said the blood urea nitrogen level is mounting in spite of increased output.

This means that Truman's kidneys, which were reported working at less than 10 per cent efficiency, will not have to remove waste byproducts from protein feeding and, at the same time, his system will receive essential amino acids intravenously.

# 9 Dead In Chicago Airliner Collision

CHICAGO (AP)—Two airliners carrying 138 persons collided on a fog-shrouded runway at O'Hare International Airport, killing nine persons in Chicago's second air tragedy in two weeks.

The collision late Wednesday involved a North Central Airlines jet with 45 persons aboard and a Delta Airlines Convair 440 with 86 passengers and a crew of seven. The Cook County morgue said the nine who died were North Central passengers.

One Delta passenger said after the accident that "two seconds could have made the difference in an air show." The crash occurred as the North Central DC9 — flight 575 to Madison, Wis. and Duluth and International Falls, Minn. — was taking off. The plane clipped the tail of the Delta craft, which was taxiing to a holding area after a flight from West Palm Beach and Tampa, Fla.

"There was a jolt," said Roy Ritter, 60, of Rockford, Ill., who was aboard the Delta plane. "After we slid down the emergency chute we saw the tail section of our plane 200 feet from the rest of it."

Two passengers aboard the Delta plane were injured, neither seriously. It was Ritter's first time in an airplane.

"If the guy in the other plane had been two seconds earlier we would have been done for," he said. Thirteen persons aboard the North Central jet were admitted to a hospital and 19 other passengers and a crew of four were unhurt.

Vincent Maloney, chief air traffic controller at O'Hare, said that visibility was a quarter of a mile at the time of the accident. He said many airlines feel such visibility is adequate. The airport was shut down for 55 minutes after the crash. Earlier in the day, the fog had forced the airport to restrict air traffic to emergency flights.

'AND THEY ALL CAME TO WORSHIP THE BABE' Nativity Scene, one of the many art works by the late sculptor Albin Polasek at the Polasek Foundation Museum, located on Osceola Avenue in Winter Park. (Ann Riley Photo)

# Casselberry Stakeout Local Robbery Foiled

By GARY TAYLOR  
Authorities foiled an apparent robbery attempt last night as they arrested three juveniles from the Longwood-Altamonte Springs area. Det. Sgt. Tony Calangelo, Det. Jerry Capshaw and members of the combined county-Sanford Police vice squad set up a stakeout at a Casselberry convenience store after they received a tip that it was going to be held up, according to Sheriff John Polk. The juveniles, 14, 15 and 16 years of age, were arrested at the Majic Market on SH 436 in Casselberry. Two of the youths were inside the store, while another waited in the car with the engine running.

The two entered the store, but then some customers also came to the business, and the agents decided to make their move because they had information that the trio was armed. Capshaw and Calangelo said the three were charged with attempted robbery and lodged in the Seminole county jail. They said the arrests were made through the cooperation of the Casselberry Police Department.

Capshaw and Det. Sgt. Richard Lee Dart, 20, of 390 Frances Avenue, Casselberry, on two counts of breaking and entering an automobile. Total bond was set at \$2,000. The detectives were called to the residence by Casselberry Police after Mr. and Mrs. Franklin Hepas notified authorities that they had a non-paying boarder, and they thought he had stolen property in his room.

The detectives recovered two checkbooks, a typewriter, a television set, a radio, and other items, all allegedly taken from cars in Lake Kathryn Estates. The combined county-Sanford Police vice squad executed a search warrant at 112 Essex Street, Apartment 20C, Village Green, in Altamonte Springs early this morning, and arrested Deborah Elaine Davis, 18, and Russell Edward Beaver, 27, both on charges of possession of marijuana, over five grams. They were both released on \$500 bond.

# Housing Authority Negotiation Denied

By BOB LLOYD  
Start of modernization work on 35-unit William Clark Court, one of Sanford's six low rent public housing projects, apparently has been delayed up to 45 days. Sanford Housing Authority executive director Thomas Wilson said today that the U.S. Department of Housing and Urban Development (HUD) Jacksonville office has refused to let the local authority negotiate with the low bidder on the project.

Modernization director Randy Gustafson went to Jacksonville Wednesday seeking approval to try negotiating the \$495,000 of Reginald Williams Construction Co. downward to the expected \$340,000 cost of the first phase of modernization. "The HUD refusal, given verbally, means we must re-

advertise the job for bids," Wilson said, "and that means a slim chance HUD could change 30 to 45 day holdup." (Cont'd On Pg. 2A Col. 1)

# Christmas Time Fire Prevention

With Christmas less than a week away, the Sanford Fire Department has offered some hints that may keep the holiday season a truly "happy" occasion. According to Lt. J. A. Poovey, training and fire prevention officer for the fire department, (Real trees should be kept wet, so they won't dry out and become a fire hazard. While following these tips won't insure safe Christmas, they will make the odds in favor of it much greater.

# News Digest

THE TOTAL AMOUNT OF NARCOTICS STOLEN from the New York City Police Department's property office may be nearly four times the amount disclosed last week. Police Commissioner Patrick V. Murphy calls it the worst instance of corruption uncovered so far.

GUNMEN KILL EIGHT persons and wound five in one of Northern Ireland's bloodiest days.

THE GHOST OF CHRISTMAS PAST, present and future haunts the holiday season for Americans who once were prisoners of war.

(Bob Orwig Photo)

SYMBOLIC GROUNDBREAKING ceremony using a golden-bladed bulldozer today officially marked start of construction on Sanford Lakelakefront of a 4,400 square foot two-story office building for local architect Eoghan N. Kelley. Foundations have already been laid for building that actually will be three cylindrical modernistic structures linked by ground level "bridges." Scheduled for completion in early February, the \$160,000 project is located in triangle formed by intersection of U.S. 17-92, N. French Avenue and Seminole Boulevard on Lakelakefront. Shown ready to 'doze up earth are (from left) general contractor E. E. Dean Snavely, Rev. Leroy Soper, U.S. Bank president John Mercer and Kelley (partially hidden). (Bob Lloyd Photo)

# Walden Terrace City OK's Subdivision

**By MARION BETHEA**  
Preliminary plans for a new subdivision in the city to be known as Walden Terrace were approved by City Council City Attorney Thomas Glenn Freeman told developer Glenn Green that the city's engineer had stated there is a drainage problem in the area which could only be solved by new pipes at enlarging the existing pipes. If, he said, council approved the preliminary plans, when the final plat is presented, the developer must have the drainage in conformity with the engineer's recommendations. Freeman further noted that the engineer had expressed the pipe not only is not large enough to carry the water, but the ease-

ment is not large enough for the additional pipes. Green stated that his company will run drainage pipes for whatever size their engineer requires approval and whatever size the city's engineer requires. Councilman Victor Miller was distressed over the notation by City Engineer R. C. Conkin that there is a 25 foot easement at the rear of the property. Miller contended the city is landlocked since there is no other access. Freeman, how-

ever, disagreed. Miller cast the only negative vote to approval of the preliminary plans on the basis of the drainage problem and the ingress and egress. Controversy arose when Mayor Granville Brown maintained there had been considerable discussion concerning the plats at a workshop meeting and no mention was made of roads. Miller rebutted that he did not read Conkin's letter until he went home since he did not have a copy. (Mayor Brown explained the copying machine was broken and there was a single copy presented for each councilman's personal at the meeting.)

In another matter, a motion was passed to rescind a previous motion to grant approval of the city's hospitalization insurance for employees to Southeast Trust Group. A subsequent motion awarded the insurance to Metropolitan Life Insurance Company.

plan was given as to the disposition of the tapes. Mayor Swofford contended the matter was immaterial since the public hearing is called for "as soon after 1:30 p. m. as possible." Dorfman still maintained the minutes should be "dressed up" and following a dissertation on the issue for approximately 15-20 minutes, moved for delay of approval of the minutes of the Dec. 12 meeting. Mayor Swofford stressed that it is his feeling "I hope we are not going to record everything that is said at the meetings." Mayor Swofford, in another matter, told the council of financial embarrassment in his frequent trips to Atlanta relative to the sewer system. The mayor requested that council provide him with a credit card or some other means of advance funds for the business. Dorfman said they should be precise. (Meetings are also taped, and no ex-

posed, disagreed. Miller cast the only negative vote to approval of the preliminary plans on the basis of the drainage problem and the ingress and egress. Controversy arose when Mayor Granville Brown maintained there had been considerable discussion concerning the plats at a workshop meeting and no mention was made of roads. Miller rebutted that he did not read Conkin's letter until he went home since he did not have a copy. (Mayor Brown explained the copying machine was broken and there was a single copy presented for each councilman's personal at the meeting.)

# Council Asks County Help In Street Paving Project

**By MARION BETHEA**  
ALTAMONTE SPRINGS — City Council has passed a motion requesting that the county participate in paving Ballard Street in its program of joint participation with municipalities. The city will fund the material and engineering upon the street, and the county will furnish the labor and equipment. Mayor Lawrence Swofford told council he had met with the County Commission to discuss their participation in certain roads, and that among these

# Altamonte Annexes Two Land Parcels

**By MARION BETHEA**  
ALTAMONTE SPRINGS — Extension of the city's boundaries occupied the attention of City Council, with annexation upon second and final reading of two parcels of property, annexation upon first reading of two others, referral to the city's zoning board upon another and a zoning status report upon still another. Also annexed on second and final reading is property encompassing one lot fronting Alpine Street, owned by Francis Jenier. Also annexed on second and final reading is the 18 acres of land owned by the Orlando Catholic Diocese known as the Borders property. The tract is located at the corner of an 4th and Montgomery Road. The applicants requested R-3 multiple family zoning. A mystery evolved concerning the Junior property in that prior to the annexation approval, a woman member of the audience raised her hand and said she wished to discuss the matter. Mayor Lawrence Swofford explained that the matter was referred to the city zoning board is 3.5 acres in the Wynmore Road-4 area owned by Meadows and Son Development Corporation, Orlando. The applicant has requested C-1 commercial zoning. Mayor Swofford queried City Attorney S. J. Davis, as to the status of rezoning of the front nine holes of the Valley Forge Country Club. The city, in May, approved rezoning of the property from

R-3 to C-1 in order that the applicants might build a shopping center. However, the ordinance was never presented for second reading. Nevertheless, Davis said there is no time restriction on second reading. Mayor Swofford told council the matter was referred to the city zoning board upon another and a zoning status report upon still another. Also annexed on second and final reading is property encompassing one lot fronting Alpine Street, owned by Francis Jenier. # 'Leaking Again' Contractor Pumping 'Enclosed Plastic' Into Dock

**By BOB LLOYD**  
The city of Sanford is requiring a Jacksonville contractor pump "enclosed plastic" into leaking dock unit on reconstructed pier A at the city-owned marina. City Manager Warren Knowles reported to city commissioners that the plastic "enclosed plastic" liquids will provide "positive floatation" even if the bottom of the hollow, floating concrete dock unit is cut out. Commissioners, Dec. 11 ordered final payment of \$2,376.33 to T. W. Blount, Jr. and Son Contractors held up until the commission is satisfied the dock installation has been completed as per contract. Dec. 12 commissioners Gordon Meyer and Julian Stenstrom personally checked the dock unit in question and found it "at least half full of water and radiating heat in the west marina basin than other units on the westermarsh finger on the south side of the pier. Harrison reported articles critical of the city-owned marina may appear in national boating magazines if steps aren't taken to satisfy complaints. Harrison also indicated there may be allegations of "discrimination" because there are no electrical outlets on some slips on marina docks and some slips have more than one outlet, available without running long extension cables. Harrison complained that the boaters are charged rent by the

Dock units on pier A sank in November 1969 and were subject of lengthy circuit court litigation to determine liability. The court ordered the city to construct a protective break-water at the basin entrance and a former lessee to pay for refloating the dock units. The city agreed to pay for electrical installations on the restored pier and install water service. An electrical contractor is expected to finish installing electric service boxes and wiring in early January and city crews the water service. City commissioners this week instructed Knowles to investigate allegations by Jack Harrison, owner of a 32 foot houseboat docked in the marina's east basin, that there have been three or more recent accidents at the marina in which persons have stumbled over electric extension cords laid across the docks to reach electric service boxes. Harrison told commissioners there's no provision on restored

# Sanford Housing Negotiation Axed

(Continued From Page 1)  
its mind. "We'll know for sure when we receive the official written word," he said. Wilson said he had anticipated HUD's reaction when the bids on the William Clark Court modernization came in so high. "Now we'll begin amending the specifications for the job to cut down on contractor's cost for labor," said Wilson. "We will try to pare the cost of labor by using our own modernization work force to do as much of the work as we can." Wilson emphasized that the changes won't affect the deteriorating housing project up to HUD standards only labor costs to contractors. The local authority won't re-advertise the job until after Jan. 1, Wilson said. All 480 units of public housing administered by the local authority are slated for modernization eventually. First phase federal funds amounting to \$75,000 were budgeted for use at William Clark Court because it is termed "in the worst shape."

# Protests Greet Tricia

VATICAN CITY (AP) — Pamphlets accusing President Nixon of "betraying the peace in Vietnam" were strewn in St. Peter's Square today while Pope Paul VI was receiving the President's daughter Tricia and her husband in audience. The pamphlets, signed by a leftist-slanted group called the Italy-Vietnam Committee, called for a mammoth demonstration in Rome Friday for peace in Vietnam. A four-car motorcade brought Tricia and Edward Cox through the square, and it was unlikely that anyone in the cars was aware of the pamphlets. Only the usual midweek scattering of Romans and tourists were in the huge square at the time, and there was no disorder. The Vatican disclosed no details of the audience, which was private and lasted about 20 minutes. Afterwards the Coaxes visited the Sixtine Chapel and the Vatican Museum. Mr. and Mrs. Cox came to Rome last Sunday from London on a private trip. They go on to Athens at the end of the week.

# Sanfordite Arrested After Girl Assault

Det. Karen Weber of the Sanford Police Department arrested Oliver Brown, 33, of 111 McKay Boulevard, Sanford, Wednesday morning while he was lewd and lascivious assault upon a female child. Brown is scheduled for arraignment today, before being transferred to the county jail. He was arrested in connection with the alleged assault of seven-year-old girl in the child's bedroom while her mother was not home. The incident reportedly occurred December 18, and the arrest was made Wednesday following an intensive investigation by Miss Weber and Det. Sgt. Eddie Hughes. Editorial Comment

Better Management Needed In Schools

The U.S. Chamber of Commerce claims schools could be improved dramatically by spending 1 to 2 per cent of their budget on research and development.

"Perhaps the single biggest cause of the present situation," the chamber says, "is the failure of education to participate in the management revolution that has swept American business and industry."

techniques difficult to implement in government enterprises other than one like defense, whose results are quantifiable.

Using the chamber's 1 to 2 per cent formula, \$550 million to \$1.1 billion would be allocated for R&D of the \$55 billion spent for elementary and secondary schools nationwide in the 1971-72 school year.

Many schoolmen respond to demands for application of profit-oriented management concepts to public education with the observation that schools deal with human beings, not return on investment.

There is something tragic about a national organization issuing a brochure which requires a reorganization of powerful Senate and House committees.

Swift Flight

Nostalgia trips are a part of our changing life. Ball bluffs have journeyed on steam engines' final runs, banishing them to museums and tourists trails.

By HAL BOYLE NEW YORK (AP)—Things a columnist might never know if he didn't open his mail.

Henry, are you all right? Henry... The President is leaning heavily on these councils, or task forces, chaired by White House staffers or by men given an additional White House title.

## 'Sign Treaty Or Lose Aid' Nixon-Thieu

SAIGON (AP) — President Nixon has told President Nguyen Van Thieu he will cut off all military and economic aid to South Vietnam if Thieu refuses to sign the peace agreement Nixon expects Hanoi to agree to in the near future, high-level South Vietnamese officials said today.

Nixon also told Thieu not to try to circumvent U.S. peace efforts by making proposals of his own, as he did on Dec. 12, the officials reported. They said Nixon considered Thieu's proposal — made while Henry A. Kissinger and Le Duc Tho were negotiating in Paris — untenable.

Nixon's reported ultimatum was contained in a personal letter delivered Tuesday by Gen. Alexander M. Haig Jr., who flew from Washington as Nixon's emissary. Thieu discussed it with his National Security Council and then sent a reply by Haig, but what he said was not revealed.

The South Vietnamese sources also reported that after the breakdown of the Kissinger-Thieu negotiations on Dec. 13, Nixon sent North Vietnam an ultimatum giving it 72 hours to agree to his demand that Hanoi recognize South Vietnam as a separate state.

When he received no reply, Nixon ordered heavy military pressure brought to bear. Mining of North Vietnamese ports above the 20th parallel was resumed Dec. 17, and the next night hundreds of U.S. bombers launched the heaviest attack of the war on the Hanoi-Haiphong industrial complex.

Nixon told Thieu that he has plans to force Hanoi to sign a fair and just agreement and predicted it would be concluded in the near future, the South Vietnamese officials reported. They said Nixon urged Thieu to join in signing an agreement because the United States has all the means to achieve a reasonable peace.

## Kissinger, Nixon Rift Is Denied

By GAYLORD SHAW  
 KEY BISCAYNE, Fla. (AP) — The White House firmly denies a rift exists between President Nixon and Henry A. Kissinger, but reports persist that Nixon has tightened the reins on his chief Vietnam peace negotiator.

"Any speculation that the President and Dr. Kissinger are not unified (on Vietnam policy) is absolutely without foundation and untrue," a presidential press secretary Ronald L. Ziegler said Wednesday before Nixon flew to his bayfront home here to spend the Christmas holidays.

En route to Florida, Kissinger conferred with Nixon aboard the President's jetliner. They will be joined here late today or Friday by Kissinger's top aide, Gen. Alexander M. Haig Jr., who was due in from Saigon.

The White House had no immediate comment on Saigon reports saying Haig gave President Nguyen Van Thieu a personal letter from Nixon warning that U.S. aid would be cut off if Thieu refused to sign a fair peace agreement.

Ziegler meanwhile, was emphatic in denying any disagreement between Nixon and Kissinger. "At no time ... has there been a division between the President and Dr. Kissinger regarding the negotiations," Kissinger himself has rejected what he called a "mischievous" theory that his relations with the President are frayed. "That is totally, 100 per cent wrong," he told one journalist.

Nonetheless, Washington's corps of Kissinger watchers — plus some of Kissinger's former Harvard colleagues — sense that all's not that well between the President and his assistant for national security affairs.

Much of the speculation is based on analysis of Kissinger's public reports on the secret peace negotiations. The President was mentioned specifically only three times in the optimistic speech of Oct. 26; but his role was 14 times in last week's announcement of an impasse.

Kissinger watchers also were curious about the fact that during a five-day Key Biscayne stay after the November election Nixon talked with Kissinger a number of times by telephone — but not in person. Kissinger was staying at a villa only a few blocks from the President's home.

## 3 More Planes Lost As U.S. Raids Again

By GEORGE ESPER  
 SAIGON (AP) — The U.S. Command today reported the loss of three more B52 heavy bombers as the heaviest raids of the war, continued on the Hanoi-Haiphong industrial complex.

A total of 12 crewmen are missing in the three B52 crashes, the command said.

Six other B52 crewmen nursed their crippled B52 part way home, then parachuted to safety in northeast Thailand Wednesday night.

The announcement raised total losses acknowledged by the U.S. Command since the heavy attacks began Monday night to six B52s and two fighter-bombers downed and 27 fliers missing.

Heavy civilian casualties also were claimed by North Vietnam.

North Vietnam claimed its forces have shot down 12 B52s and 11 fighter-bombers, including seven B52s and an F111 swing-wing fighter-bomber on Wednesday night.

Hanoi said President Nixon had lost his senses and declared, "The criminal bombings made by the U.S. aggressors have only dimmed the prospects of a peaceful settlement. The Vietnamese people are determined to fight and fight hard till complete victory."

As the U.S. air attack continued, the Viet Cong announced it would observe 34-hour ceasefires in South Vietnam for Christmas and the New Year, beginning at 1 p.m. Saigon time on Dec. 24 and Dec. 31.

Radio Hanoi broadcasts reported that the American raids wiped out entire villages, wrecked thousands of homes and demolished many economic, cultural and social establishments. One broadcast said the Eye, Ear and Throat Institute of the Bach Mai Hospital in Hanoi was hit Tuesday and many doctors were killed and wounded.

North Vietnam said that, according to initial figures, U.S. bombs by mid-day Tuesday had killed 315 persons and wounded 326.

# As Nation Begins Anniversary 'Old' Forgotten By Soviets

By WILLIAM L. RYAN  
AP Special Correspondent

begin the celebration on the 33rd anniversary of the birth of Joseph Stalin, a fact that is not mentioned in the Soviet press. If they are still around, the four old men, all of them staunch

Stalinists, might get a sardonic smile out of that. Soviet leaders always have had a knack for sweeping unwanted history under the rug, and mighty few of their 240-odd

million constituents are likely to be aware of a missing chapter in the story, a chapter about the four that might never have an officially recorded ending. The four are alive they rank

only as pensioners. If they should die, the Kremlin probably would feel no compelling necessity to let the Soviet public know about it. The names have been written out of history they helped make. For years the Soviet press has published nothing at all about them.

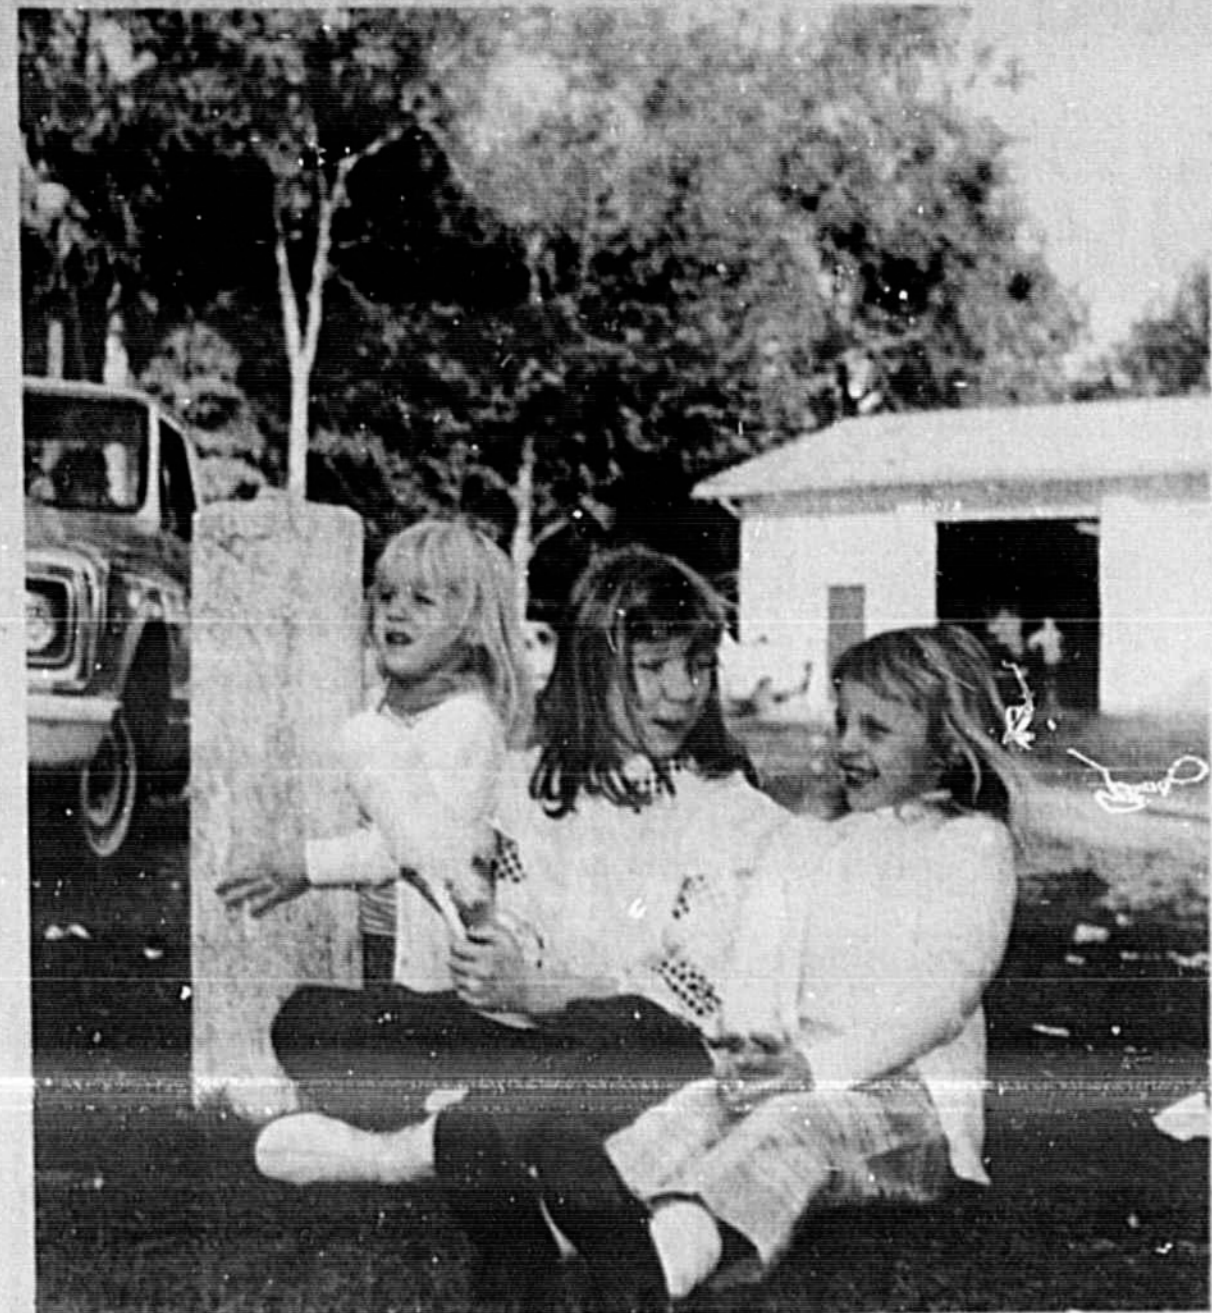

The four are Vyacheslav Molotov, who would be 83 in March; Lazar M. Kaganovich, 80 in January; Nikolai A. Bulganin, now 77; and Georgi M. Malenkov, who turns 71 on Jan. 8. Under Stalin the four had enormous influence and power. All were losers in the post-Stalin power struggles.

The winner by a close squeak was Nikita S. Khrushchev. He claimed that the party in 1957 "took the black sheep by the tails" and threw out Molotov, Malenkov and Kaganovich as "anti-party," though few ever could have been more thoroughly party men than they.

Their sin was being on the wrong side of the plotting. They were banished to minor jobs in remote areas and five years later expelled from the party. Bulganin, who was premier in 1957, fell in 1958 when Khrushchev wanted the job for himself. He, too, was banished to minor jobs.

Molotov was Stalin's chief aide in pre-revolution days. In the Soviet era he was Stalin's premier and then his foreign minister. In that role he was the personification of Soviet policy.

A "sly old fox," George Kennan called him, and Britain's Anthony Eden found him a "ruthless automaton."

AWAITING THE ARRIVAL OF Santa at Longwood's Christmas Party are Merry, Diane, and Martha Touchton. (Ann Riley Photo)

## Askew Family Christmas

TALLAHASSEE, Fla. (AP)—Gov. and Mrs. Reubin Askew are beginning to wonder if their two children have been playing Christmas time tricks on them. Friends and relatives were always envious because the Askew children would stay in bed until about 7 a.m. Christmas morning, Mrs. Askew said. "Now we think maybe they've been fooling us and getting up in the middle of the night, going in and peeking, then going back to bed," she said. "They have been making little remarks hinting at this."

Mrs. Askew's mother will be visiting this weekend from Sanford as will the governor's mother from Pensacola. His sister, Mrs. Elmer Stuard, brother, Roy Askew and their families, will also attend. Mrs. Askew said the governor "might be taking the children Christmas shopping over the weekend. They always go out and shop for mother and have a big time wrapping the gifts."

However, not everything will be like it was when Askew was a state senator and the family celebrated Christmas at home. For instance, tonight 35 inmates from Lowell Correctional Institution will gather on their front lawn to sing a Christmas folk music cantata, "It's The Lord's Thing."

"SOCK IT TO 'EM SANTA," says Sean Grimes, 6 weeks-old, son of Mr. and Mrs. C. Grimes of Longwood. (Ann Riley Photo)

# Over Ex-POW Ghost Of Noel Past Hovers

By PETER ARNETT  
AP Special Correspondent

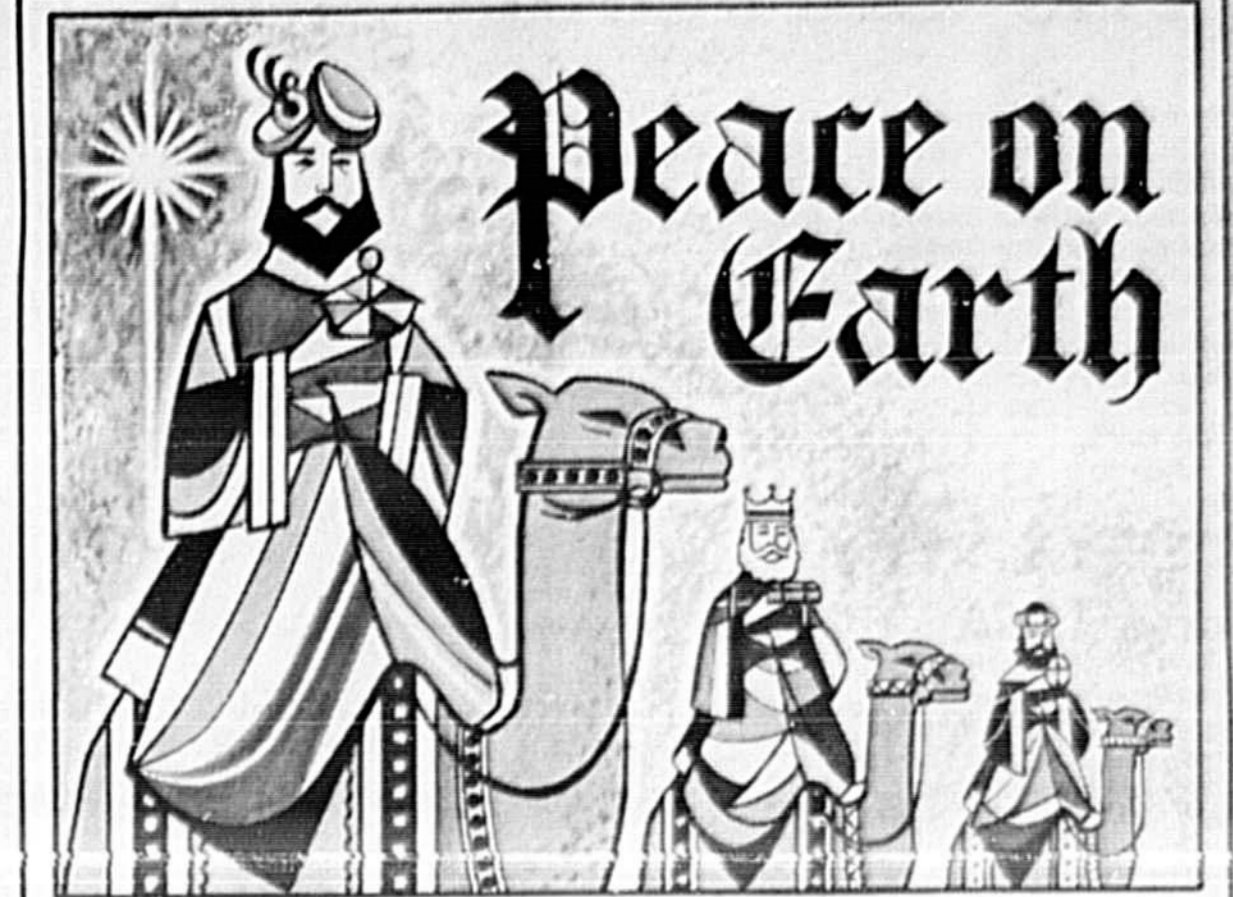

The "ghost of Christmas past" hovers over Navy Lt. Mark Gartley's decorated tree, carrying a bowl of thin soup in a wooden barracks room as a carol scratches out of a loud-speaker. That is how Gartley remembers some of the last four Christmases he spent in a Hanoi prison camp.

This year he is home in Florida with his family. As Air Force Maj. Edwar Elias sits down with his wife and child to a Christmas feast there will be a "ghost of Christmas past" at the table, wearing the faces of the disappointed relatives of Americans still in North Vietnamese prison camps, captured after he bailed out of a crippled jet on Aug. 10, 1968, and written to since his own release in September.

"We pray every meal that God be with these sorrowing people," said Elias's wife, Georgia. "The ghost of Christmas yet-to-be" will be welcomed at the festive family home of Navy Lt. Norris Charles in Tampa, Fla., and he hopes it will be carrying a "war finally over" sign. After his release from a Hanoi prison in September, Charles' wife Olga actively worked for Sen. George McGovern's September to personally escort him home, said in a telephone interview at her home in Clearwater, Fla. "Mark was so sorry that the talks failed.

The war must end. We must get the prisoners back by next Christmas at the latest." The men they left behind in Hanoi are uprooted in the minds of Gartley, Elias and Charles this Christmas season because they know they were the lucky ones. Their release was a positive signal from Hanoi that at last the ordeal of the prisoners might be ending, an ordeal for some that has lasted since 1965.

The released pilots brought back home messages of hope to the families of many of the 400 Americans then known definitely held in North Vietnamese prisons. Gartley, captured after he bailed out of a crippled jet on Aug. 10, 1968, personally visited the families of 25 of the men he had lived with.

## Reporter Charges 'News Suppression'

LABELLE, Fla. (AP)—A newspaper reporter convicted of trespassing at a farm-workers camp says "this is a case of the sugar growers trying to prevent the public from knowing what is happening in south Florida migrant labor camps."

John Purnell, 28, The Palm Beach Post's Belle Glade correspondent, had pleaded innocent to trespassing at the Saunders Labor Camp last Oct. 29. He also had pleaded innocent to driving without a proper Florida driver's license or state tags.

The author of numerous stories describing the life of south Florida's Jamaican and domestic farm workers and the sugar industry centered around Belle Glade, Purnell was found guilty Wednesday by Henry County Court Judge Broward Parsons at the end of his 3½ hour non-jury trial.

Purnell was jailed for two hours on the trespassing charge Oct. 29. He was arrested on traffic violations only 30 minutes after being ordered away from the camp by Claude Wiley, vice president and general manager of the facility.

Wednesday night Post editor Raymond Mariotti said of Purnell's conviction: "I was surprised at the verdict, especially on the trespass charges." "If a reporter cannot visit a labor camp then I'm concerned about the well being of the workers, most of whom are imported.

## Stores Requiring Check Casher Prints

Associated Press Writer SAN FRANCISCO (AP)—Some stores are literally turning thumbs down when it comes to accepting checks — they're asking the customer to submit to a thumbprint.

If the patron declines, his check will be refused, or, in some cases, he will be asked to submit to a photograph. The stores are using a fingerprinting machine which is unique in that it avoids customer contact with ink or chemicals. With the words, "Please personalize your check by pressing your thumb here," the customer is asked to deposit his invisible thumbprint on the back of his check. The clerk then inserts the check in a telephone size machine, called an Identifier, presses a lever and, presto, out comes a black fingerprint.

It's no different than writing your signature, except that you can't forge a fingerprint," Oscar Pieper, president of Identifier Corp. "People are very aware of crime today," he said. "Once they understand this is only to deter crime, they won't mind. What's the difference between their signing a check and giving a print?"

During a four-month trial in Redwood City stores, Police Chief John McDonald said bad check artists were so leary of the black box that reported fraud and forged cases were down 32 per cent from the same period the previous year. "All of a sudden people stopped passing bad paper in Redwood City," McDonald said. An estimated \$10,000 was saved by the city's merchants, including about \$4,500 by one large discount store.

The Identifier's main advantage, he said, is that it prevents forgers and those dealing in stolen checks from committing their crime without leaving behind incriminating evidence — their fingerprint. What's more, McDonald said, stores reported a sharp decline in checks returned for insufficient funds.

# Deltona Woman's Club And Chorus Present 'The Christmas Story' In Song And Verse

By FANNETTE EDWARDS

DELTONA — A most beautiful and inspiring presentation of "The Christmas Story" was given in song and verse by the members of the Woman's Club of Deltona, Sunday night in the club house on Normandy Boulevard.

The chorus, composed of 16 members of the club, sang the beautiful Christmas hymns in the evocative scene and popular Christmas songs in the opening of the program called the "Magic of Christmas."

Even little children of members of the club and jolly ole St. Nick appeared in the opening scenes. Chorus members were dressed in white robes with red caution scarfs trimming the necklines.

The director, Pauline Rose, was excellent. She was assisted by Miss Mildred Caskey. The narrator was Ruth Peetz and the pianist, Muriel Zager.

The nativity scene with the kind, beautiful Mary and the

gentle, sturdy Joseph and the manger surrounded by the Three Wise Men bearing gifts and the shepherds was exceptionally impressive.

The little baby Jesus, a real live baby, Christopher Dykes, was most adorable. He didn't

even cry all the while the lights were on him and the audience looked on.

The lighting was beautiful and all in all it was the most impressive Cantata I have ever witnessed.

Members of the chorus were Jean Ross, Dottie Mercorelli, Virginia Cornet, Cay Anderson, Florence Durand, Helen Falzone, Ruth Lamb, Betty Magee, Frances West, Ann Connell, Belle Jordan, Gerry Bateman, Bev Stuehnenberg,

Gwen Kartman, Marion Varman, Phoebe Levine and Sunny David. Male chorus members were Dale Miller, Hugh Lynch, Paul Rose and Angelo Mercorelli.

The program ended with all present singing, "Joy to the World."

portrayed by Kay Blair; Mary, by Verna Ely; Joseph, by Lamos Segerling; and the innkeeper, by Edna Boyette, the president.

The program ended with all present singing, "Joy to the World."

## Bridal Shower Honors Miss Barbara Thomas

Miss Barbara Thomas, Dec. 30 bride-elect of Al Peoples, was guest of honor at a bridal shower at the Bevier Road home of Mrs. Robert E. (Peggy) Brown, who was assisted by her mother, Mrs. Glen J. (Ruth) Price, as co-hostess.

The hostesses presented the bride-elect with a unique kitchen gadget corsage. Guests brought their favorite recipes which were presented to Barbara in a recipe book.

A round of lively party games were played with prizes awarded the winners.

Refreshments were served from a beautifully appointed table overlaid with a hand-crocheted cloth. A cake, decorated by the hostess, featured two hearts in the center inscribed with the names of the bride and groom. Served with the cake were lime sherbet punch, toasted nuts and butter mints.

Guests included Mrs. V. B. Thomas, mother of the bride; Mrs. E. J. Peoples, mother of the future bridegroom; Mrs. Lillian Bakka, grandmother of the bride; and Mrs. W. K. Borden, grandmother of the groom.

Also Mmes. C. P. Gonzalez, C. J. Hough, William R. Wimberly, Marie Sundvall, Casey Dunn, Eddie Barbour

Jr., Wilbur Yarborough, Jack Benton and Harry Kenny Jr.

Also Mmes. Hagie Cockman, Paul Miller, L. C. Green,

Leroy Benton, E. J. Peoples Jr., Romaine, T. W. Ferguson and Miss Sharon Wagner.

A CORSAGE FOR a bride-elect. Captured at a bridal shower are, from left, Mrs. E. J. Peoples, mother of the future bridegroom; Mrs. Robert E. Brown, hostess; Miss Barbara

## Miss Nurse, Lt. Jeff Scott Exchange Vows In Alabama

Miss Jean Allison Nurse and Lt. (j.g.) Jeff Charles Scott, U. S. Navy, were united in Holy Matrimony, Dec. 16, 1972 at 2:30 p. m. in the Dauphin Way United Methodist Church, Mobile, Ala.

The bride is the daughter of Mrs. Edward Allison Nurse, Jr. and the late Mr. Nurse, 2865 Hillburn Drive, Mobile, Ala. The groom is the son of Mr. and Mrs. David Scott, Sanford.

Given in marriage by George Donald Lindsey, Bethesda, Md., uncle of the bride, Miss Nurse chose a formal gown of Iota pea and venise lace over pearl taffeta trimmed with seed pearls. The A-line skirt,

lavishly trimmed with lace and pearls, fell from an empire bodice with similar lace and pearl trim. The same trim was

repeated on the high neckline and full bishop sleeves cuffed at the wrists.

The tubular train, edged in lace, had lace motifs fastened high at the waistline. She wore a Juliet hat with a tiered veil edged in lace and carried a Colonial bouquet of minute roses.

Miss Gerry Carlson, Dothan, Ala., was maid of honor and bridesmaids and matrons were Miss Paula Shellman, Miss Sharon Hillan, Mrs. Joey George Kelley and Mrs. Harold Harmon.

The attendants wore formal-length gowns of chiffon trimmed with ecru lace and satin ribbon insertion. The semi-full skirts fell from empire bodices with pin tucking and lace and ribbon trim, forming a bib effect. The standup necks and cuffs of Bishop sleeves featured lace and ribbon trim. Their veils were attached to bows of pearls and they carried victorian clusters of minute roses with long satin streamers.

Best man was Lt. (j.g.) Scott Williamson, Pensacola. Serving as ushers were Edward Lindsey Nurse, brother of the bride, Lt. (j.g.) William H. Miller, Lt. (j.g.) Gene N. Blain, Jr. and Sam Momary, Robert Martin Nurse, another brother of the bride, served as acolyte.

Karen Finch, flower girl, was attired in a dress similar to the other attendants and carried a basket of minute roses.

The reception was held in the Church Lounge. The couple left for a wedding trip to Miami.

and their new residence will be in San Diego, Calif.

MRS. JEFF CHARLES SCOTT

## 'A Century Of Fashion'

By VIVIAN BROWN

AP Newsfeatures Writer

You can really have a ball in a museum.

It may even be the best place to have such an event, said Charlotte Ford as she tied up some loose ends of a Firemen's Ball which highlighted a "Century of New York Fashion" at the Museum of the City of New York. Miss Ford is on the museum's board of directors.

"People feel closer to museums than other things, and it seems so easy to pass a fund-raising function in one — once you get it off the ground."

In planning a museum party, choose a ball theme with built-in museum backgrounds that provide charm, nostalgia or whatever, she advises. Their ball would have significance because the museum has a great display of old fire equipment. It also would provide the color scheme — ladies were asked to wear red, black, white and men were to carry red handkerchiefs.

It helps if you begin such a party with a fashion show tied into the museum, she said. Their show, "A Century of Fashion" interspersed old costumes with new gowns designed by top designers. Du Pont staged the show and underwrote the cost of the gowns, and everyone connected with the show, even the professional models who wore the old costumes, volunteered their services.

Her dress for the show complemented her peach-and-cream complexion and red-gold hair. The brilliant green, orange, white, blue and yellow abstract print of diam the fiber that resembles silk, was chosen because it represented the newest fash against the oldest fabrics of silk and cotton costumes in the show.

Rehearsing her role on the beautiful winding staircase in the rotunda of the museum, which was set up like a French fashion house for the show, she commented that it is a good idea to have the show at the start of the evening "so we will not have to leave the tables to do it."

The committee doesn't like to model anyway. When they are asked to do it, they all say "no, I'm too nervous," but I tell them "everybody is nervous." It is only by devotion to the museum that I am doing it.

She is a shy type. Miss Ford explained, one who prefers to sit in back of a room. She doesn't enjoy the small talk one must indulge in at cocktail parties — she doesn't drink anyway — so she avoids them as well as the typical society fund-raising party.

Her sister, Ann Uzielli, Mrs. Peter Duchin and Betsy Bloomigdale were among those who modeled the new fashions. The old costumes included the stylish garments worn at the turn of the century by Carnegies, Vanderbilts and Astors.

Museums are happy to cooperate in such ventures, observed curator Joseph Noble in expressing his delight at the prospect of the museum's first fashion show. He commented:

"People are more interested in museums than they used to be. At one time they thought of this museum as a place of mementos of the mounted classes — like a grandmother's attic where you collect antiques.

"SIGNING IN" for an evening of warmth, charm and Christmas cheer are Carole Potami, Gail Fisher and Dolly Rolly as they join the women from the Semoran Junior Women's Club for their annual tea. (Marilyn Gordon Photo)

## Scented Stocking Stuffers

By VIVIAN BROWN

AP Newsfeatures Writer

And then there are the last minute stocking stuffers from beauty counters, ho-ho.

For teen-agers there are delightful perfumed, frappe scented candles in replicas of old-time soda fountain glasses encased in the traditional metal holders that have been colored to match the strawberry, orange or lemon sodas, with foamy wax top and a shiny straw.

There is a great assortment of perfume containers — floral cameo ring and pendant, fragrant lockets, flacons, compacts in metal and enamel containers. One has a Wedgewood-like blue plaque in the center, others are rhinestone imbedded. A reproduction collection of Hatteras boxes of the 1700s is complete with romantic inscriptions and solid perfume.

Perfume is in crystal bottles such as one small dove-topped Lalique bottle that has been

designed for the evening bag. One little hat box contains three fragrances.

Even the cache pot has been pressed into glamor service brimming with bath powder. Also for the bath are fruit — strawberries, oranges and lemons — containing bath powder and reusable as ornaments.

A secret of the sea bath chest has a usable glass decanter. And for the organic toiletries

mind there is the famed transparent soap manufactured since 1799 of natural ingredients. This year it shows up in a Christmas red or blue gift box.

In the unique category is a tranquility herbal pillow (9 by 14"). Stuffed with 15 soothing herbs, it will last several years and has a washable cover.

And there are a great variety of marvelous hair products and brushes.

## Ann Patterson, Robert J. Streit To Marry

Mrs. and Mrs. James C. Kennedy, 153 Country Club Road, are announcing the engagement and forthcoming marriage of their daughter, Ann Patterson, to Robert J. Streit, son of Mr. and Mrs. Arthur C. Streit, of Route 1, Sanford.

The bride-elect, who is the granddaughter of Hubert Addington, 800 Santa Barbara Drive, Sanford, was born in Shelby, N.C. She is a 1970 graduate of Seminole High School and is employed as a teller at Sanford Atlantic National Bank.

Her fiancé, born in Pittsburgh, Pa., is working on his Associate of Science degree at Seminole Junior College and is Security Supervisor at Walt Disney World.

ANN PATTERSON

The wedding will be a January event with complete details announced at a later date.

## Burglars May Shatter Holiday With Thefts

NEW YORK (AP) — Good will toward mankind peaks during the Christmas holidays until the burglar — who does some of his best business during the season — shatters the mood by helping himself to presents under someone else's tree.

Just as caroling, Yule logs and decorated evergreens have become tradition, so have stories of families finding their homes plundered, gifts stolen and Christmas mood destroyed, says Milton D. Mullendore, loss control expert for Fireman's Fund American Insurance Companies.

"The danger that your holiday will be spoiled by a thief is increased because there is usually more to be stolen and better opportunities for the burglar to ply his trade," Mullendore said.

Season visiting parties, last minute shopping and fewer daylight hours all leave the home wide open for burglary.

Deterrents to burglars during the holiday are just as effective any other time of the year, he said.

Season visiting parties, last minute shopping and fewer daylight hours all leave the home wide open for burglary.

# At Daytona Mainland Lyman Cops Mat Tournament

DAYTONA — Picking themselves up off the canvas after an opening dual meet loss to Lyman, Greyhound wrestlers surprised host Daytona Mainland to capture Christmas Tournament yesterday at the Bucs' high school.

## Hounds Host Eau Gallie

Tonight the Greyhounds Grapplers will be trying to even the dual meet season record at 1-1 when they host the Commodores of Eau Gallie. "It won't be easy," says coach Bill Scott. "Especially after what Bill did to them in the Space Bowl football game."

Eau Gallie's last dual meet action was this past Monday when they lost a 35-21 decision to Titusville. They fell victim to the Greyhounds twice in two meetings last year.

The Junior Varsity teams will open the action at 6:30 p.m. and

The Hounds had a team total of 103½ points, beating out Mainland who finished with 94. Bishop Moore took third place with 71 points. DeLand came in with 35. Father Lopez had 25, Lake Brantley 17 and Leesburg nine.

One of the turning points of the Hound team was the 155 pound first round meeting between Daytona Mainland's Jim Rix and Lyman's Shane Miller. Rix had a four point lead on Miller in their first round

match with only 40 seconds remaining.

Miller recovered and got a reversal and full predicament to earn the victory. He went on to capture the 155 pound title by pinning his opponent in the final.

Doug Peters gave Lyman its first victory by default over Lake Brantley's Gary Ross. Peters was beating Ross when the Patriots 88 pounder injured his shoulder in the third period

of the match and could not continue.

The Hounds were shut out in the next five weight classes as far as first places but managed to pick up valuable team points with four third place finishes and a second.

Armando Payas took third at 105 pounds; Steve Lang finished in third place at 112. Gary Miller took third at 119. Cliff Hayes was a third place finisher at 126; and Guy Campbell was the runnerup at 132 pounds, losing in the finals.

John Zino started the Hounds on their way back and to the team title with a second period pin of his opponent from Mainland. Ray Loece won an 8-0 decision in the 145 pound tournament final.

Miller, one of the several newcomers to the Lyman team this year, pinned his opponent in the 155 pound final to make it three straight individual titles for the Hounds.

Mike Tennesson was a 5-2 victory in the 167 pound final. Glenn Hill then clinched the Hounds newest tournament trophy by scoring a first period pin over his opponent in the 185 pound final.

Bruce Hill, the former Lyman star, was decisively in the first round of his 103 pound class. Hill had been somewhat of a favorite in this class.

Mike Frazier of Brantley finished fourth in the 145 pound class.

Phil's top pass interceptor in this category, who averaged nine opposition aerials. Mike Sensibaugh of Kansas City led the AFC with eight.

Jerry Wilson of the AFC's Kansas City Chiefs topped the game's punters with a 44.8 yard average. The No. 1 AFC punter was Dave Chapple of the Los Angeles Rams at 44.2.

On punt returns, Ken Ellis of the Green Bay Packers led everyone with a 15.4 yard average while the AFC leader was Chris Farnsworth of the New York Jets with a 10.5 average.

On kickoff returns, the NFC again had the top man in Ron Smith of the Chicago Bears, who averaged 30.8 yards.

As breaking the 1,000-yard mark—as the 1962 league record of six players, tumbled—were Ron Johnson of the New York Giants with 1,182 yards; Larry Csonka of Miami, 1,117; Marv Hubbard of Oakland, 1,100; Franco Harris of Pittsburgh, 1,065; Calvin Hill of Dallas, 1,036; Mike Garrett of San Diego, 1,031; and John Brockington of Green Bay, 1,027.

And for a while last Sunday, Dave Hampton of Atlanta was a member of the club, too, reaching 1,000 yards on the second play of the final quarter against Kansas City.

But minutes later, he lost six yards on a pitchout, which he fumbled, then recovered. He carried just once more, for one yard, and wound up with 995 for the season.

Noris Snead, who quarterbacked the Giants to a respectable 8-6 mark, finished as the National Conference's No. 1 passer, Earl Morrall, who took over for injured Bob Griese and led the Miami Dolphins through more than half of their perfect season, topped American Conference passers.

Harold Jackson of the NFC's Philadelphia Eagles led the league in pass receptions with 62 for 1,448 yards. Oakland's

knew we'd beat Jacksonville by 25 points."

Roscoe Poindexter, a 6-foot-5 sophomore, contributed 20 points—on five field goals—on Long Beach State which jumped to a 44-20 halftime lead and coasted to victory, dealing Jacksonville its second loss against five triumphs.

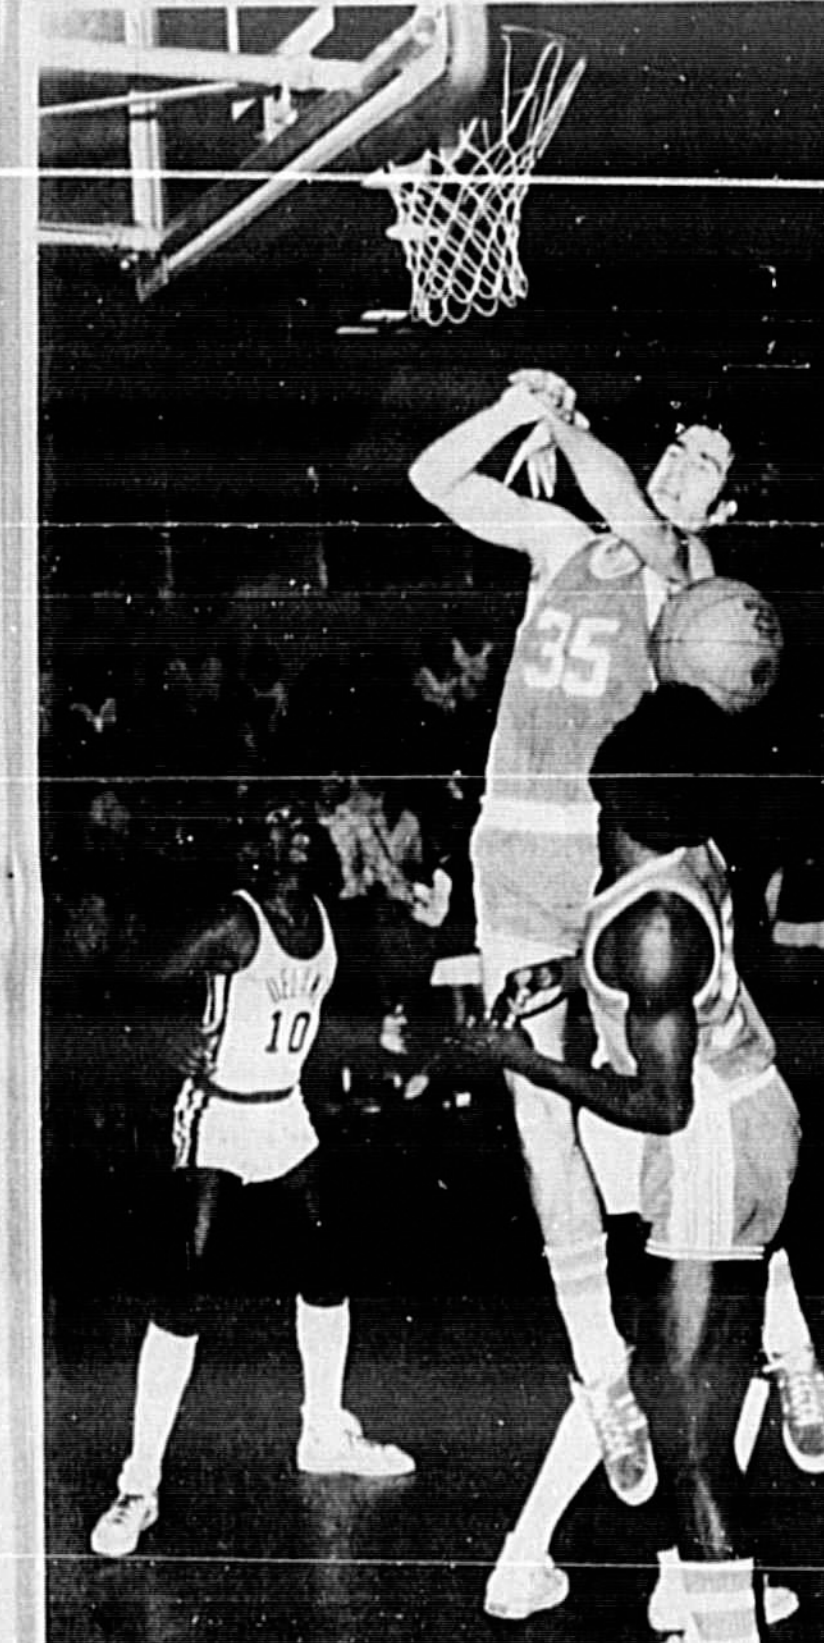

Jerry Tarkanian, 48er coach, said, "Our defense took Jacksonville out of the game. I told them that defense was going to win it for us and to be patient with their shooting. They were the toughest team we've faced so far."

Tarkanian claimed his first unit was the best defensive unit in the nation. Bradley, Jacksonville coach, praised Long Beach as an excellent, all-around team with solid depth. "Ratelle is a very unselfish player with a great attitude," he said. "Their rebounding ruined us." Jacksonville was outbounded 42-32.

Henry Williams and Leon Benbow each had 18 for Jackson.

Oral Roberts, ranked No. 16, scored a hard-fought 74-68 victory over Hofstra for third place in the inaugural two-day tournament which drew 3,879 fans Wednesday night at the Nassau Coliseum.

## Dodge Marks Big Increase

ORLANDO — Dodge dealers in the Division's Orlando sales region reported a 24.4 per cent increase in car sales and a 107.4 per cent increase in truck sales during the month of November compared with the same month last year.

T. E. Barcroft, regional sales manager, said combined sales for the month totaled 3472 units, compared with 2494 in the same month last year.

Car sales totaled 2549 units, up from 2049 in November, 1971 and Dodge dealers delivered a total of 923 trucks, vs. 445 in the same month last year.

The Orlando region includes Florida and southern Georgia.

**Scotty's Directors Call Debentures**

The Board of Directors of Scotty's Home Builders Supply, Inc. today called the Company's 6-1/4 percent Convertible Subordinated Debentures due May 15, 1986 for redemption on February 1, 1973 at 105.75 percent of the principal amount plus interest from the last interest payment date to the redemption date.

Pursuant to the terms of the Debentures, they may be converted into common stock of the Company on the basis of \$12.22 per share at any time prior to the close of business on January 31, 1973. Any holder converting prior to such time shall not be entitled to interest from November 15, 1972.

Previously reported per share earnings have been calculated on the basis of full conversion of the Convertible Debentures.

**Increase In Visitors**

WILLEMSTAD, Curacao, N. A. — Sharp October increases in both stayover visitors and cruise passengers, including a 31 per cent rise in overnight tourists from North America, are reported by the Curacao Tourist Bureau.

A total of 3,540 North Americans stayed over on the Caribbean resort island in October, 1972, compared to 2,706 for the same month last year. They spent 13,911 room nights on Curacao against 9,332 last October, a 49 per cent increase.

F. Roberto Suredi, new acting director of the government tourist bureau, said total stayovers for the month this year were 8,701, an 11 per cent increase over the 7,852 recorded in 1971. Number of nights visitors spent on the island also moved upward, from 34,289 to 36,326, for a 6 per cent improvement.

**Bite Put On City For Red Bug**

A request from Skylark Subdivision in Longwood asked to construct along Shepherd Road joining 17-92 on the west. Bush, County Engineer, said that the right-of-way is substandard, but the developer is trying to upgrade it. He suggested a roadway easement agreement with Florida Power corporation, along with a resolution of adoption with a 60-foot right of way.

County Attorney, Howard Marsee said that he could see no reason not to execute this document. The Board voted to move on this recommendation.

In a letter from city manager Ron Bergman, of Casselberry, the Board of Commissioners was informed that Casselberry has adopted its budget and is now interested in a participation agreement on the necessary work on Red Bug Road.

County Engineer William Bush was asked to suggest that the City of Casselberry adopt a resolution agreement calling for the city to pay the \$17,000 for materials for this work, with the County supplying equipment and labor.

**Hess Appointed Bank Officer**

John S. Hess has been appointed Financial Planning Officer of the Trust Department, Commercial Bank at Winter Park, President George F. Anderson announced recently.

Hess, a graduate of Stetson University, has also attended the College of Law and will soon receive his MBA Degree in Business Administration from the Stetson Graduate School.

He was previously employed as Commercial Development Manager of TM Communications, a subsidiary of Times Mirror of Los Angeles.

"We are pleased to have Steve Hess join our team of financial specialists," Commercial Bank President Anderson stated. "His education and experience equip this enthusiastic and capable young man well for his services in our fast-growing Trust Department which now ranks the 14th largest in Florida."

**Jack Eckerd Corporation To Acquire Eckerd Drugs Eastern Inc.**

CLEARWATER, Fla. — Jack M. Eckerd, chairman of the board of Jack Eckerd Corp., Clearwater, Fla., and J. Milton Hill, president of Eckerd Drugs Eastern, Inc., Wilmington, Del., today announced an agreement in principle whereby Jack Eckerd Corp. would acquire Eckerd Drugs Eastern, Inc., in exchange for approximately 144,200 shares of Jack Eckerd Corp. common stock.

The transaction is subject to the negotiation and execution of a definitive agreement.

For its fiscal year ending March 25, 1972, Eckerd Drugs Eastern reported a sales volume of approximately \$11,100,000 for 14 drug stores. Since that date, it has expanded its operations to include 20 drug stores located in Delaware and New Jersey.

Jack Eckerd Corp. common stock is traded on the New York Stock Exchange.

## Despite Controls Watch For Higher Prices

By JOHN CUNIFF  
AP Business Analyst

NEW YORK (AP) — While the nation continues to wage what appears to be a winning battle against inflation, the prices of some basic commodities are advancing strongly and ominously.

If the trend continues it will be revealed to the consumer in the form of higher prices for many essential items of food and clothing — items that cannot be boycotted or whose purchase cannot long be postponed.

In all likelihood the price rise for the basic ingredients of thousands of retail products has already been a factor in the administration's decision to seek an extension of price and wage controls beyond April 30.

If the trend continues it could conceivably force the administration into a stiffer attitude on inflation and controls.

Among the items whose prices are either rising or likely to head that way are cattle, hogs, grains, cotton and wool, all of which have become staples in the American diet or way of life.

Recording the surge, The Associated Press wholesale price index of 35 commodities reached an all-time high of 232.28 last week, a gain of 14 points in just one month.

Last week the price of wheat at Kansas City reached \$2.34 a bushel, or 96 cents a bushel higher than a year ago. Cotton, which sold for 25.4 cents a pound a month ago is now 20 cents higher than that.

The factors underlying the advances are as disparate and unrelated as adverse weather, foreign policy, and the recurring imbalances in the market due to various decisions of producers and buyers.

Most people are familiar with the cause of the grain price increase. Severe shortages in the Soviet Union caused them to buy massively from U.S. stocks. Purchases by Mainland China followed. It was a matter of demand-supply.

In the case of corn and cotton, the advance resulted from scarcities due primarily to an overabundance of rain that rotted crops or delayed their harvest.

Meat prices are rising because of marketing imbalances that stem from low production drops, leading to shortages, which lead to higher prices.

CLARK CHRYSLER-PLYMOUTH, in business in Casselberry, built at a cost of nearly \$1 million. G. A. Central Florida since 1947, has moved from its downtown Orlando location to its new facility on SR 436 in Casselberry. (Skip) Keilogg, president, is shown in inset.

## Rejuvenate That Turkey

By SUSAN DELIGHT  
Copley News Service

So — you have leftover turkey in your refrigerator and what should you do with it. You might have a party, or the turkey can be the backbone for post-holiday family meals.

If your family is one which thinks that leftovers are for the pets, you might have to camouflage the turkey by presenting it as an eye-pleasing casserole or combining it with ingredients which the family can't resist. The answer might possibly be such dishes as Golden Turkey Casserole or Jiffy Turkey Divan.

**JIFFY TURKEY 'N' STUFFING**

8 to 10 large slices cooked turkey (enough to cover bottom of baking dish)  
1 package (10 oz.) frozen broccoli spears, 1 can (10 1/2 oz.) condensed cream of chicken soup  
One-third cup chopped celery  
1 tablespoon instant minced onion or one-third cup chopped onion  
1/2 teaspoon salt  
1/2 teaspoon pepper  
1 egg  
1 can (8 oz.) refrigerated buttermilk or country style biscuits  
1/4 cup water

Oven 350 degrees. 4 to 5 servings.

In bottom of ungreased 8 x 9-inch square or 11x7-inch oblong pan, arrange turkey slices. Place broccoli over

**SATURATED COVERAGE WITH**

**The Herald Bargain Section**

25,750 copies are distributed to more than 100,000 readers throughout the area, including: Sanford, Enterprise, DeBary, Deltona, Ocoee, Longwood, Lake Mary, Casselberry, North Orlando, Fern Park, Altamonte Springs, Oviedo, Chuluota, Forest City, Goldenrod, part of Winter Park, Maitland and Geneva.

ONE MORE TIME — Turkey can be just as tempting the second time around, all it takes is a little imagination. Jiffy Turkey 'N' Stuffing makes a mouth watering main course that is sure to have your family begging for seconds instead of complaining about leftovers.

**CASSEROLE**

1/2 pound mushrooms  
1 1/2 one-third cups chicken bouillon  
1/4 cup butter  
4 cups cooked turkey  
2 cups hash brown potatoes (uncooked)

2 cups frozen peas, thawed and uncooked  
1 1/2 teaspoon all wood  
1 teaspoon Worcestershire sauce  
1/4 teaspoon black pepper  
1/4 teaspoon seasoned salt  
2 cups shredded cheddar cheese  
1 can (10 1/2 oz.) golden cream of mushroom soup  
1/2 cup chopped onion  
2 cups bite-size toasted corn biscuits, crushed to 1 1/2 cups

Wash and stem mushrooms. Summer stems in bouillon for 15 minutes. Slice crowns. Brown quickly in hot butter. Combine sliced mushrooms, turkey, potatoes, peas, seasonings, cheese and soup. Strain bouillon. Discard stems. Add 1 cup bouillon to turkey mixture. Cook onions in butter until golden. Add to mixture. Combine crumbs with a small amount of melted butter. Place mixture in large casserole. Bake casserole in a preheated 375 degree oven for 45 minutes. Top with crumbs. Bake 15 minutes, until brown and bubbly. Yield: 8-10 servings.

# WHAT ABOUT RETIREMENT? Disability benefit rule is changed

By FRANK CORRIK  
Copley News Service

Q. I read in your column some weeks ago that Social Security disability benefits were not paid until one had been disabled for six full months. But since then, I read that one only has to wait five months. Who's right? — Mr. B.C.

A. The law has just been changed. Effective Jan. 1, 1973, a disabled person can start to receive benefits after he has been disabled for five full months.

Even though the waiting period has been reduced, the definition of disability has not changed. A person is considered disabled for Social Security benefits only if he has a severe physical or mental condition which prevents him from working and is expected to last (or has lasted) for at least 12 months or is expected to result in death.

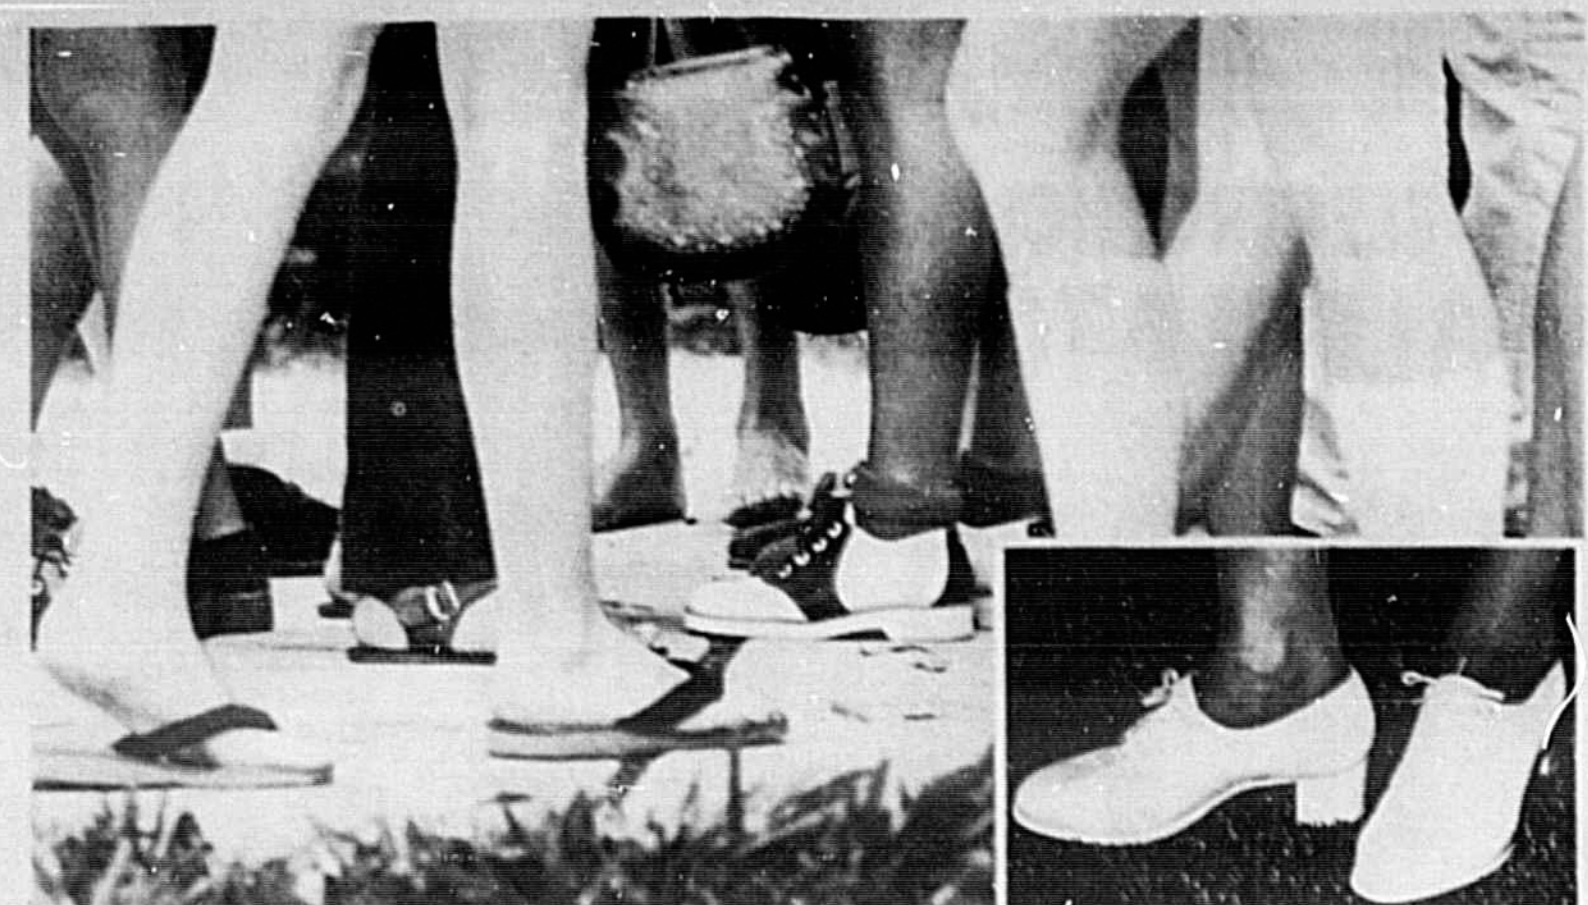

Q. What are the workmen's compensation program for the workmen? — E.T.

A. Workmen's compensation was created and exists for the protection of workmen. It is a unified, continuous program which starts with the promotion of safety to prevent injury or death. When injury occurs, it provides prompt and certain medical care and financial support. It leads to rehabilitation and return to gainful employment.

It is a human service, not a monetary operation. It is a social program, not a legal system.

The crux is adequacy. What is needed is a method of making the system more responsive to social and economic change, while preserving the principle on which it is based, and thus, bringing workmen's compensation in all jurisdictions to a level which reflects the conscience of the '70's (Fred Drexler, Industrial Indemnity Co.).

Q. My father died a year ago and I just found out that

SHOE SHUFFLE — Most of the shoes that we wear are not good for our feet, no matter how good they look. Inset photo shows an example of an ideal woman's shoe, the laced-up oxford. It gives excellent support. Unfortunately it is not in fashion.

## Pedologic Take Care Of Your Feet

By SHIRLEY GALLINA  
Copley News Service

More than half of the youngsters in the United States aren't walking around on a solid footing.

The U.S. Public Health Service in Washington, D.C., estimates that 60 per cent of American children have foot problems, and that the figure will reach 100 per cent by the year 2000.

Parents worry about their children's eyes and hearing. They teach the youngsters to brush their teeth, comb their hair and other elements of good grooming.

The most common surgery for children is for ingrown nails and for plantar warts, he says. "Plantar warts are caused by a virus, and usually, the virus gains entry through a break in the skin."

"This also occurs in adults, and you don't have to go barefoot to get the warts," he adds.

"In another case, a 12-year-old boy bumped the inside of his heel on a lawn sprinkler, which started the development of a bony tumor which caused him pain," Dr. Hazen recalls.

"After the tumor was surgically removed, the boy was back on the track team, and wrestling again."

Even a 7-year-old can show the beginnings of a bunion.

"You'll probably notice

# Quality Clothing Remains In Style

By GUS STEVENS  
Copley News Service

Times change and models change, but the ever-changing classics nevertheless remain in style. Doesn't make sense? Of course it does.

The Mercedes-Benz changes from year to year but the look and the three-pointed star remain the same. An auto buff can always pick an MBZ out of the crowd, year after year, model after model.

The same holds true for men's clothing. That which has no real style does not last more than a season and millions of poor guys are left with bad wardrobe vibes on their hands—or backs.

That which is useful and handsome survives. It doesn't matter how other styles change the classics refuse to grow old.

There are no "used" Mercedes-Benz automobiles, only classics. Similarly, clothing of quality keeps its class long

DEAR ABBY: My husband and I disagree on something and want you to settle it.

He appreciates fine wine and most of our friends are aware of it, so occasionally when we invite guests for dinner they bring a bottle of wine.

My husband thanks them for it, puts it away, and then he serves a bottle of wine, no matter what wine I say if a guest brings a bottle of wine, no matter what wine I say if a guest brings a bottle of wine, no matter what wine I say if a guest brings a bottle of wine...

DEAR ABBY: I am a 24-year-old woman whose divorce will be final in three months. I recently met a 44-year-old man. He is intelligent and charming. He says he loves me and will marry me the very moment I am free.

There is only one problem. He will marry me only if I consent to live with him until my divorce is final, and agree to start a family immediately!

To support his argument he says he isn't getting any younger and can't afford to lose any time. Also, if I become pregnant he's sure I won't change my mind.

Abby, this is contrary to everything I believe in and I can't agree to such a deal. But I dearly love this man and don't want to lose him. Can you help me?

DEAR DESPERATE: You would have to be "desperate" to go for a deal like this. Tell him, "no rice—no dice." And if he really loves you, you won't lose him.

DEAR ABBY: My husband and I disagree on something and want you to settle it.

BUILDING a house from the ground up for the Learn and Earn Program at Lakeview Middle School are from left, Jarvis Grant, Larry Williams and Freddie Conquest. The building will be used for storage of agricultural tools used in landscaping, and rooting of plants. These boys also designed and drafted this building before construction. (Staff Photo)

# Putting Stretch In Shirts Is Mark Of Sport Style

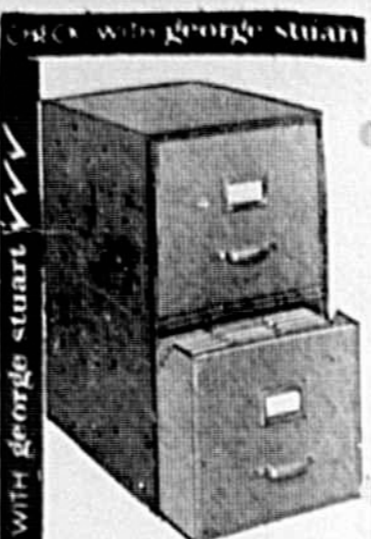

By HUGH THOMPSON  
Copley News Service

Exercise has become America's new national pastime, and the men's wear industry has gotten the message. Who knows where it all started. Maybe it was the Royal Canadian exercises of a decade ago, maybe the President's program on physical fitness more recently. Whatever the inspiration, there is a new breed of American male who is substituting physical fitness for the "easy life."

The men's fashion industry, with the aid of advanced technology, has come up with a new approach—dresswear—with fit, fashion and movement in sportswear. Comfortable clothes that move with the wearer now keynote men's wear, especially for active sports participation. One highlight of this movement is the totally new stretch broadcloth for men's shirts. This material gives and flexes with each move of the wearer, making it an extremely comfortable garment that can serve double duty. It has the appearance to make it practical for business wear, and the stretch-comfort to go on to the golf course or the bicycle path.

FAST RECOVERY — A new stretch woven broadcloth shirting of textured polyester and cotton is designed to recover its natural shape even after the most strenuous bike ride or golf game.

## In Reupholstering

### Mix Or Match Fabrics

By BARBARA HARTUNG  
Copley News Service

Q. I need to reupholster a divanport and chair for my living room. My rug is a soft green shag, walls are champagne and new draperies will be the same. Wood furniture is walnut. I also have a small rocker upholstered in tan and green tapestry, a black vinyl recliner and a brown leather chair. I do not want the velvet being shown now but I do wish a good, hard-finish material. The divanport and chair are of excellent construction and warrant a good fabric. There are two south, two east and a large north window in the room, which is 21 by 15 feet. — F.C.B.

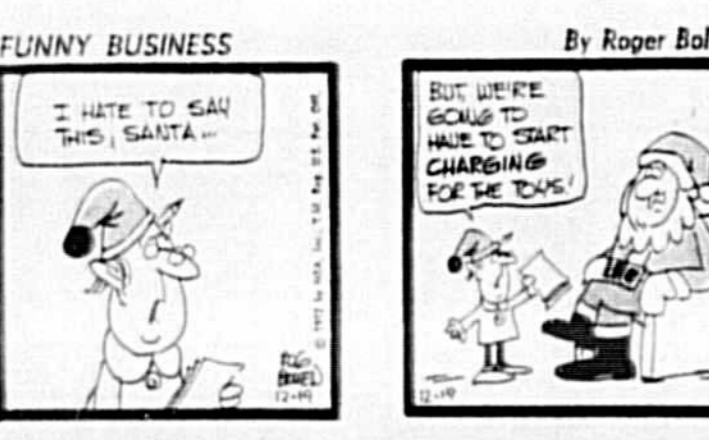

move the wallpaper on the ceiling if you don't like it. Then you might do the tank cover and accessories in the yellow, red and green from the toilet seat.

Q. I need help in choosing colors for draperies, walls and woodwork. My furniture is French Provincial. The couch and chair are iridescent colors of brown, green and orange. Carpeting is moss green. — A.W.

A. Depending on the light and size of the room, you might use beige or off-white for the walls, woodwork and matching draperies if it is a small room. If the room is sunny you might use pale moss green walls and a green multicolored woven drapery. Just be sure the drapery doesn't fight with the fabric of your couch and chair if it is patterned.

**Uniloy Plant Slated For Five Points**

By John A. Spolki

Honest, if you have a tip for me, more often than not a simple phone call will suffice, thank you.

Like this morning..... A gent comes walking in and hands me an envelope. "I'll give you a thousand guesses and you'll still be wrong on what was inside. About 12 Live Bugs, and a note that they were picked-off his car as it traveled between Cocoa and Melbourne on I-95. (When was the last time you ever got a gift like that, huh?)"

By BOB LLOYD

A Winter Park firm plans to build a 20,000 square foot manufacturing plant near Five Points to produce conveyors for the dairy and beverage industries starting in April.

William Todd, manager of Uniloy Conveyors, confirmed Thursday that the firm, a division of Hoover Ball and Bearing Corporation, Ann Arbor, Michigan, is purchasing 10 acres north of State Road 419 and construction on the new plant is slated to begin January 1.

Todd said access to the plant site will be by opening a platted street, Pennsylvania Avenue. The concrete block construction building will be completely air conditioned.

Todd said Uniloy now employs 23 persons in leased Winter Park facilities producing conveyors marketed primarily to the dairy industry throughout the nation.

"We're moving our present operation to Seminole County where there's room for expansion," he said.

Todd said the firm is beer and soft drink industries.

The new plant at Five Points will be designed for future expansion to 40,000 square feet.

Initial employment will be 30 persons with the first year's payroll estimated at \$125,000.

When the plant is expanded to 40,000 square feet Todd said employment is expected to top 75 persons.

"We chose Seminole County for the new plant because land was available and we've also found some of our best employees come from the Sanford area," Todd said.

He said six of the firm's employees at the Winter Park location reside in the Sanford area.

**Monorail Accident Injures 8**

By PAT LEISNER  
Associated Press Writer

TAMPA, Fla. (AP)—Twenty-eight people were injured, two seriously, today when a modernistic monorail bus carrying Christmas travelers at Tampa International Airport stopped abruptly from a speed of near 30 miles an hour, officials said.

Some 100 persons aboard the train were thrown about the pilotless vehicle when it stopped in the middle of a 1,000-foot long elevated track connecting the main terminal with one of four satellite loading terminals.

"There was glass inside the shuttle but I didn't have time to see where it came from because we had too many injured to look after," said Fire Rescue Capt. Howard Richards.

An airport spokesman said 24 of the injured were taken to two area hospitals. Two persons were listed in serious condition. Most suffered from cuts, bruises and sprains.

# Gambler Buys Orlando Complex

ORLANDO, Fla. (AP)—Nevada gambling magnate William F. Harrah, a mod millionaire who restores old cars as a hobby, is moving into bustling central Florida as the new owner of a posh apartment complex.

## Nevada's William Harrah—Guiding Philosophy: Hire Pros Who Know What They're Doing

Harrah, with gambling holdings in Nevada second only to billionaire, reclusive Howard Hughes, has bought a 200-apartment building for a reported price of \$10.87 million. The complex, called Americana, is being built by the Boston developer Jeters Corp. on a 30-acre tract off south Orange Blossom Trail near the sprawling \$400 million Walt Disney World amusement center.

In the early 1940s, Harrah had a reputation in Nevada where he was known as a free-wheeling owner of a large parlor. He would travel to rival casinos, raise one finger to the bartender and set up the house to drink. That free business and soon his parlor blossomed into a full gaming casino. Within two years he began turning his organization into such a smooth running business.

little gambling himself. And when he does he follows no rule book or system. He gambles, he once said, "on the seat of my pants."

Harrah has been married five times in three years within the past four years. His most notable marriage was to country singer Bobbie Gentry in 1969. Last month he wed Roxanne, a 32-year-old former model. Harrah has a reputation of being a perfectionist. He receives monthly reports on the status of employes battling weight problems and top executives in his coffee are reminded of their weights by a prominently displayed chart in the management conference room.

He's concerned with physical fitness enough to work out regularly and jog a mile a day. His hobby is restoring automobiles and like everything else, he does it big. It's said he has the world's largest collection of some 1,400 cars. About 1,000 of these are on display in Reno.

# For Central Florida Stadium Sought At Airport

By BILL SCOTT

The wheels that may some day bring a major league type football stadium complex to a 150-acre site at the Sanford Airport started in motion at this morning's Greater Sanford Chamber of Commerce executive meeting, when the group voted to pursue a recommendation from a member that the attempt be made to locate a facility here.

On a motion by Julian Stenstrom, with a seconding from Wayne Albert, the committee gave its support to a proposal advanced by Tom McDonald to interest Orange County officials to help Sanford acquire a stadium complex, which could be used for a National Football League team presently being mentioned for Central Florida, as a home base.

McDonald brought out that users such as a Billy Graham Crusade and numerous other events would be coming here, if a way is found to raise enough funds for the undertaking.

Selected on the stadium committee, which is being formed by McDonald were Stenstrom, Albert, John Spolski and J. S. Cleveland, airport manager.

McDonald said his first effort would be to appear before the Airport Authority at its January meeting to present the plan before that body for approval.

# Lawyer Says Donations Improper

By DONNA ESTES

LONGWOOD — Donations of taxpayers' funds to civic organizations are improper, in the opinion of City Attorney S. Joseph Davis Jr. but, the lawyer acknowledged "I am wrong sometimes," recommended last night to the City Council that an Attorney-General opinion be sought in the matter.

The opinion was asked from Davis last week when representatives of the Seminole County Association for Retarded Children appeared before the board seeking donation of some \$900 to operate the retarded adult educational program.

Council during budget hearings last summer agreed it would donate funds to the Seminole County Drug Action Committee in the new budget year. Davis' opinion of legality was not requested at the time and the funds have not as yet been released to the committee, according to records in the city clerk's office.

Davis told the Council last night that after researching the city charter he could find nothing authorizing the city to make such grants and further that, the donations would be of doubtful value to the city from a legal point of view.

"Where do you draw the line?" he asked. "These are taxpayers' funds." When representatives of SCARC argued the point, Davis replied that he, personally, is in sympathy with the cause, but that his opinion had to be based on what is legal for the city. "I am not here to win a popularity contest," the lawyer declared.

Council needed Davis' recommendation and instructed him to obtain the attorney-general opinion.

# HOLIDAY HANGOVER

and young Mr. Smith thought that the jolly fellow in the bright red suit was going to forget him with his presents this season. However, that wasn't the case as you'll see by turning to page 3A.

# New Land Use Plan Readied For County

By ANN SHECZKOWSKI

Seminole County planning and zoning board will be presented the latest revised Land Use plan up to the year 1980, according to County Planner, David Farr.

# Longwood Drainage In Court

LONGWOOD — The drainage problem suffered by several property owners in the northeast section of the city since a drainage ditch running across private property was closed by the property owner is to be settled in the court.

City Attorney S. Joseph Davis Jr. was instructed by the City Council Thursday night to file injunctive or whatever court action necessary "post haste" to have the ditch reopened.

Major Thoroughfare Improvements. These are classified by Major Arterials to have the ditch reopened. Major thoroughfare improvements, which are roads which connect major arterials and provide access to and from major traffic arteries, and "Major Collectors" — or roads which connect minor arterials and large residential areas or shopping and employment centers. The plan indicates that improvements will be needed on certain routes based on the land use patterns as outlined by 1980. Farr said that all flood prone areas are not and cannot be shown on the land use map. He is of the opinion that before any zoning or development is permitted in Seminole County, the USGS Flood Prone Mapping Series should be considered and no development or zoning should be allowed which is in contradiction to that series.

**WEATHER**

Yesterday's high 77 low 64 with 1.45 of an inch of rain. Showers and scattered thunderstorms today ending tonight. Turning cooler tonight.

Highs today in the 70s. Low tonight in the 50s. Partly cloudy Saturday with a high near 70. Rain probability decreasing to 60 per cent tonight.

**WEATHER**

MIAMI (AP) — National Airlines today said it would ask permission to lower its round-trip Miami-London excursion fares to \$380 for winter flights and \$400 for summer flights for passengers who book tickets 90 days in advance.

The airline said the request would be filed next week with the Civil Aeronautics Board in Washington.
