Bulgarian Issue

(Continued from Page One) Hungary is seen again. There the Communists have managed to split and effectively destroy the Small Holders Party which stood in their way.

Union itself. There have been many signs that this purge was coming. None of the three chief opposition papers has been publishing since early May.

Rotary Headquarters To Stay In Chicago

SAN FRANCISCO, June 12. (AP)—Rotary International winds up its four-day 38th Annual Convention with a general get-together today after voting by secret ballot to keep its international head-

quarters in Chicago, where it was first organized in 1905. Members voted 1,862 to 1,230 to reject Denver's long-standing bid.

Venetian Blinds REGULATE VENTILATION, TOO! You just can't keep the fly off the door. So... with a simple twist of the wrist regulate your venetian blinds to control ventilation.

THANKS TO YOU

The Central Florida Experiment Station is now a reality — secured for Seminole County and Central Florida thru your efforts and donations of time and money.

Many who would have gladly contributed are not represented on this list because the drive for funds went over long before we got to everyone.

Central Florida's position in the Vegetable field will be helped for generations to come by this fine addition to our business. Future generations should be thankful for this foresight in our most important industry.

THIS IS YOUR LABORATORY — USE IT — AND GOOD LUCK

## 700 Ships Are Tied Up After Seamen Strike

### Curran Says Over 11 Hundred Ships Will Be Affected Within Two Or Three Days

NEW YORK, June 16, (AP)—Secretary of Labor Schwelmbach dispatched Assistant Secretary John W. Gibson here today to attempt to end a work stoppage of CIO seamen which the union estimated tied up 700 ships in United States ports in its first day.

Gibson, former head of the Michigan CIO, arranged to leave by plane for New York and said he expected to confer with both management and labor representatives tonight.

Federal Conciliators Fred Livingston and William N. Margolis, meanwhile, announced indefinite postponement of sessions with shipowners and representatives of the National Maritime Union, the American Communications Association and the East Coast Division of the Maritime Engineers Beneficial Association.

Joseph Curran, N.M.U. president, predicted that if union demands were not met by owners, 1,150 ships would be affected in a few days by the "no contract, no work" dispute in which four other CIO unions are involved.

Although Curran did not detail the ports and number of ships in each, he said 500 of the nearly 700 ships were in east coast ports. More than 2,000 ships would be affected, Curran claimed, if current negotiations between the union and tanker companies failed. Tankers are not affected by the present stoppage.

Although no pickets showed up at the work stoppage, Curran said that after the expiration of contracts at midnight yesterday.

A West Coast CIO maritime committee spokesman, however, said that similar to the East Coast pattern as announced, the West Coast unions which are locked out will have their members remain on the jobs.

Pledges of mutual support by five CIO Maritime Unions indicated that a solid front of 200,000 CIO maritime workers would be involved in the stoppage.

The unions and their claimed (Continued on Page Four)

## Tribunal Again Refuses Review Of Curley Case

WASHINGTON, June 16, (AP)—The Supreme Court today refused for the second time to review the mail fraud conviction of Mayor James M. Curley of Boston.

The refusal apparently cleared the way for a renewal of Justice Department efforts to put the 72-year old mayor in jail to begin serving his sentence of six to eight months.

Curley, however, was reported ill in a Belmont, Mass. hospital. He was taken there last Friday suffering from what his physician described as hypertension induced by arterio-sclerosis.

The Boston executive has been a Democratic leader in Massachusetts for half a century. He is serving his fourth term as mayor. Previously he was governor of Massachusetts and served four terms as a U. S. representative.

The mail fraud charges resulted from war-time operations of Engineering Group, Inc., of this city. The government charged the firm realized about \$60,000 by falsely representing that it was able to obtain war contracts. In addition to the sentence Curley was fined \$1,000.

## Landis Reports On Plane Crash Inquiry

WASHINGTON, June 16, (AP)—Chairman Landis of the Civil Aeronautics Board said today that the Capital Airlines plane which crashed Friday night was descending through overcast in an effort to come into Washington "under the weather," an opinion given the pilot by always traffic control.

Landis told a news conference that procedure pending the accident which carried 10 persons to sudden death near the Virginia-West Virginia line was standard. It is "in the books" Landis added, through a recording device in the Washington airport control tower.

It is simply a hypothesis, the chief chairman said, that the pilot miscalculated his position, during a letdown from 7,000 feet.

## Enjoying The Scenic St. Johns

A group of Sanford Rotarians and their guests enjoying the recent trip up the St. Johns River on Gene Houtall's "Skyhawk" were Ed Higgins, Roy Williams, P. A. Mero, Gordon Hirsman, J. A. Young, B. L. Perkins, Sr., Lea Lisher, and Leonard R. Toy.

## Britain Seeks Red Participation In Marshall Aid To Europe Plan

LONDON, June 16, (AP)—Britain announced today she was seeking to enlist Russian participation in the Aid-to-Europe project advanced by Secretary of State Marshall, but Moscow already appeared reluctant to cooperate in any continental-wide pump-priming effort financed in large part by U. S. dollars. The British overtures, a foreign office spokesman said, will be made through Sir Maurice Peterson, British ambassador in Moscow.

MOSCOW, June 16, (AP)—Moscow commented disparagingly today on Secretary of State Marshall's proposal for coordinated plans to spur European recovery.

Foreign political observers said the commentary showed there was little likelihood that the Soviet Union would participate in such a project.

The Communist Party newspaper said Marshall's aid-for-Europe proposals, "despite their seeming novelty," merely extended the Truman Doctrine, which it called an attempt to "exert political pressure with the aid of dollars—a program of interference in the affairs of other states."

The article, signed by commentator Boris Leoniev, was the first reaction to Marshall's proposals to appear in the Soviet press.

"After carefully explaining that the policies of the United States are not directed against any country or doctrine," Leoniev said, "Marshall declared that any government which undertakes measures aimed at obstructing the restoration of other countries cannot expect aid from the U. S."

"So that there should be no doubt which nations precisely come under this mysterious head," (Continued on Page Four)

## 3 Jewish Terrorists Given Death Sentence

JERUSALEM, June 16, (AP)—A military court condemned three convicted Jewish terrorists to death as the United Nations Commission of Palestine opened its inquiry today amid an Arab general strike.

The Jews were accused of participating in the May 4 jail delivery which freed 251 prisoners from Acre prison and left 16 persons dead. Two other Jews tried with the condemned trio were sentenced to life imprisonment.

Irgun Zvai Leumi, underground organization which took responsibility for the prison break, was expected to appeal to the U. N. Commission in an effort to stay the sentences. Irgun repeatedly has threatened "blood for blood" retaliation against the British for death sentences against its members.

## 4 Witnesses Will Be Called At Papy Trial

TALLAHASSEE, Fla., June 16, (AP)—State Attorney Orton C. Parker, Jr., said today he plans to call only four witnesses at the bribery trial of former Rep. Bernie G. Papy of Key West on July 31.

Acting on orders of Circuit Judge W. May Walker, Parker furnished Papy's attorneys with the names of his witnesses and a bill of particulars setting forth the date, time and place in which Papy is charged with offering Bape Bralley Odiam of Sanford and Clarence H. Camp of Ocala cash bribes to vote against an anti-boobs bill.

Parker said he plans to call Odiam, Camp, Speaker Thomas D. Bessley and Mrs. Lamar Hodson, chief clerk of the House. He said, however, an investigation is continuing for additional witnesses.

## Rotarians Told Good And Bad Points Of City

### Young Men Recently Returned Suggest Civic Improvement

Four Sanford young men who have recently returned to Sanford from tours of duty in the armed services and studies at various educational centers today told Rotarians at their regular weekly luncheon at the Tourist Center some of the good and bad things about Sanford and made suggestions for the improvement of their home town. The program was arranged by Dr. C. W. Baker.

Billy Hutchison, who left Sanford four years ago and spent several years in New York, Philadelphia and Baltimore, and is now a student at the University of Florida, suggested that local business men get together and try to work out some plan of providing employment to college students during the summer months.

(Continued on Page Four)

## Slight Pepper Damage Caused By Heavy Rains

Some damage to peppers is believed to have resulted from heavy rainfall, especially in the Samsula section, according to local shippers. Rainfall since June 5 has been 6.79 inches, according to H. F. Whitner, weatherman.

Normal rainfall for June is 7.48, and last year during June the total rainfall was 12.58 inches, an excess of 6.05 inches. In July, 1946, the rainfall was even heavier, 14.07 inches and the result was flooding in farm areas.

Clearing of the Smith Canal by joint action of the Seminole County Farm Bureau and the County Commission, has proved a big help in this direction.

Following a dry period of several weeks there was a small shower on June 5 of .02 of an inch. On the 11th the rains started in earnest with .75 inch and 1.60 on the following day; on Saturday, 1.85 and Sunday, 1.83 and up to this morning, .74.

## Judge Refuses To Bar Wallace From Amphitheater Talk

WASHINGTON, June 16, (AP)—Federal Justice James M. Proctor refused today to bar Henry A. Wallace from speaking at the government-owned Watergate Amphitheater here tonight.

The judge rejected a petition from the American Anti-Communist Association, headed by Rep. O'Connell (R-Wis.), that he order Secretary of the Interior J. A. Krug to deny Wallace use of the Watergate. Krug's department has jurisdiction over the Watergate, an outdoor theater in park lands near the Lincoln Memorial.

"These matters do not fall within the judicial realm," Justice Proctor commented in dismissing the petition.

O'Connell left the court building with a declaration to report that he would take the matter up in Congress.

"I am going to tell the membership of Congress that until our government takes a truly anti-Communist stand here at home, that we in Congress should refuse to appropriate any money to fight Communism abroad," he said.

Wallace, who is crusading against the Truman foreign policy, is expected to discuss his anti-Communist views and perhaps also clarify his position in the 1948 presidential campaign.

# Tax Reduction Legislation Vetoed By Pres. Truman; G.O.P. Criticism Is Severe

## Knutson Thinks Veto Is Part Of Discredited Spending Policy Of New Deal

WASHINGTON, June 16, (AP)—Republican bigwig in Congress and out hit back at President Truman's tax bill veto today with words leaving little doubt they expect it to be a 1948 presidential campaign issue. Reaction from the bill's backers was immediate and, for the most part, caustic.

Rep. Knutson (R-Minn), author of the measure and chairman of the House Ways and Means Committee, issued a statement saying "the President's suggestion that we wait for tax reduction until next year is nothing but cold-blooded politics." Knutson's obvious reference was to the fact that 1948 is a presidential election year.

He declared that by the veto the President demonstrated "a sad lack of understanding of the needs of our economy."

Carroll Reece, Republican national chairman, said in a statement that "Mr. Truman has committed his administration to continued support of the tax and spend and spend, and elect and elect philosophy of the now discredited New Deal."

"That philosophy was repudiated by the American people last November, and I am confident it will be repudiated again and even more emphatically in 1948."

House Republican Leader Hallock (Ind) issued a statement declaring that Mr. Truman "has thwarted the will of the people, as expressed through their recently elected representatives in Congress."

"I hope," he went on, "that democratic President Truman does not continue to disregard the will of the people by resorting to the veto power on major legislation passed by a Republican Congress, and thus try to hamstring Congress by making it necessary to have two-thirds majorities for all measures unwanted by the New Deal masters of the Democratic party."

Rep. Anderson (R-Minn) suggested on the House floor today that the Republicans take the lead now in paying war veterans' terminal leave bonds with the funds resulting from continuance of wartime loans.

Earl Bunting, president of the National Association of Manufacturers, today termed President Truman's veto of the tax bill "a political gamble with the jobs and pocketbooks of the American people at stake."

In a statement, Bunting, here to address two conventions, asserted that "everybody's stake in tax reduction is fairly and squarely across the board... has been whittled away, knocked to bits, and stacked up as kindling wood for next year's political bonfires."

U. S. Paper Supplies Reach Record Low

NEW YORK, June 16, (AP)—The American Newspaper Association said today reporting daily newspapers had on hand and in transit at the end of May the lowest supply of newsprint on record.

The overall average of 23 days' supply at the end of May compared with 32 days at that 1946 date, 43 at the end of May, 1945, and 38 days in 1941.

Dallas reporting to ANPA used 302,994 tons of newsprint in May, an increase of 18.9 percent over 255,484 in May, 1946, and 16.2 percent over 220,837 in that 1941 month.

Total consumption of newsprint for all types of uses was estimated at 415,980 tons for May and 1,956,127 tons for the first five months of 1947. Reporting newspapers used 1,487,973 tons in the first five 1947 months, representing an increase of 18.9 percent over the 1946 period and 16.6 percent over those 1941 months.

## Income Tax Bill Provisions

WASHINGTON, June 16, (AP)—Here are the provisions of the Republican tax-cutting bill of which President Truman vetoed today:

1. Withholding against wages and salaries for tax purposes would be reduced July 1.
2. The tax cut on a yearly basis would be 30 per cent for persons with taxable income (after exemptions and deductions) of \$1,000 or less. This would mean the 30 per cent cut would apply to single persons with total earnings before exemptions and deductions, up to \$1,356; married persons \$2,222; married couples with one child \$2,777; married couples with two children, \$3,323.
3. Persons with taxable income between \$1,000 and \$1,400 would get a flat 52 to 57 annual tax reduction or a 20 per cent cut of their tax bill, whichever was the larger.
4. The tax reduction would be 20 per cent for taxable incomes above \$1,400 and up to \$137,000; 15 per cent on taxable incomes from \$137,000 to \$302,000, and 10 per cent on any income above \$302,000.
5. The measure would reduce the present ceiling of 85 per cent at which any income can be taxed, to 81 per cent in 1947 and 78.5 in 1948.
6. Persons over 65 years old would be given an extra annual exemption of \$240, bringing their exemption to a total of \$1,000.

## Stassen Urges Rebuilding Of Ruhr By U.S.

SWARTHMORE, Pa., June 16, (AP)—Presidential aspirant Harold G. Stassen called on the United States today to rebuild the Ruhr "as a center of modern peoples' capitalism in Europe."

The former Republican governor from Minnesota, in a clear-cut statement of his economic policy, advocated redevelopment of the Ruhr "without socialization and without monopoly, with the workers sharing in the fruits of high production, with its owners and managers making a profit from high production."

In an address prepared for the Swarthmore College, Stassen also listed as "priority" aid for "the rapidly dwindling dollar credit of England, 'this sturdy old, our friend and our ally.'"

"There is currently more danger from mistakes and errors of American world economic policy than in any other major question in this country," said Stassen, adding that the questions of "peace and plenty and freedom" hang in the balance on our economic policies.

He urged bipartisan support of a program in which the United States, which he said produces more than one-fourth of the world's goods and services, should lead the way towards "economic freedom of man, developed to the high degree through modern capitalism."

Only once did Stassen refer to Russia, where he spoke with Premier Josef Stalin last winter. The reference came when he spoke of the Ruhr development.

"Action in the Ruhr," he said, (Continued on Page Three)

## W. B. Richard, S 1-C, Visits California

William B. Richard, 20, seaman, first class, son of Mr. and Mrs. Sidney M. Richard of 1109 French Avenue recently visited San Francisco, Calif., while serving aboard the destroyer USS Russell.

The Russell, part of Task Force 81, participated in the Maritime Day celebration along with the battleship USS Iowa, four cruisers, 11 destroyers, and an aircraft carrier.

Before putting into San Francisco, the task force won an underway award for the coast of California.

## 4 Witnesses Will Be Called At Papy Trial

TALLAHASSEE, Fla., June 16, (AP)—State Attorney Orton C. Parker, Jr., said today he plans to call only four witnesses at the bribery trial of former Rep. Bernie G. Papy of Key West on July 31.

Acting on orders of Circuit Judge W. May Walker, Parker furnished Papy's attorneys with the names of his witnesses and a bill of particulars setting forth the date, time and place in which Papy is charged with offering Bape Bralley Odiam of Sanford and Clarence H. Camp of Ocala cash bribes to vote against an anti-boobs bill.

Parker said he plans to call Odiam, Camp, Speaker Thomas D. Bessley and Mrs. Lamar Hodson, chief clerk of the House. He said, however, an investigation is continuing for additional witnesses.

## No Chance Is Seen For Overriding Of Presidential Veto; Bill Said Unsound

WASHINGTON, June 16, (AP)—President Truman told Congress in his tax veto message today that "despite many gloomy predictions, there is no convincing evidence that a recession is imminent." He made the statement in discussing arguments that a tax reduction now would add to consumer purchasing power and help maintain employment.

NEW YORK, June 16, (AP)—Wall Street absorbed the news of the tax bill veto without a noticeable shock today as the stock market resumed its recent recovery move.

WASHINGTON, June 16, (AP)—President Truman vetoed today the \$400,000,000 tax reduction bill, virtually killing any possibility of a cut in income taxes this year.

The republican-dominated Congress will vote on whether to pass the bill over the veto, but backers of the legislation conceded they saw no chance for success. It requires a two-thirds vote to enact a law over the President's disapproval. Leaders said that can be mustered in the House, which will vote tomorrow, but not in the Senate.

In a message to Congress, Mr. Truman said the bill "offers dubious, ill-considered, and risky benefits at the expense of a sound tax policy and is, from the standpoint of government finances, unsound."

"The President declared it offers 'the wrong kind of tax reduction, at the wrong time,' he added: 'Proposals for tax reduction must be examined in the light of sound and carefully related fiscal and economic policies. Unless they are consistent with the demands of such policies, they should not be approved.'"

It was the second time in history that a President has vetoed a tax bill—and the first time one providing a tax cut has been (Continued on Page Three)

## Flood May Reach 40 Year Record Peak In Missouri

KANSAS CITY, June 16, (AP)—The latest flood threat on the Missouri River was centered today at St. Joseph where the "Big Muddy" reached a stage of 20.3 feet the highest water at that point since 1908.

Harry Aldrich, director of the U. S. Weather Bureau here, said the river had a long flat crest from St. Joseph to Rulo, Neb., where the river has been almost stationary for the past 36 hours. The Rulo reading at 9 A. M. was 20.6 feet. Aldrich said A. M. was advising St. Joseph to prepare for a crest of 20.5 feet.

The U. S. Army Engineers said they had received no early reports from St. Joseph, except that water was seeping through the levee protecting Rosecrans Air Field and was moving in on the road connecting the field with the city.

At Ottumwa, 30 miles upstream from here, the industrial city's 32,000 residents rode out the brunt of the flood yesterday without panic and with no reported loss of life.

At Cedar Rapids in eastern Iowa, meanwhile, the Cedar River crested at 18.25 feet, highest since 1933, but did no major damage.

## BUILDING PERMIT

James Bryan has obtained a City permit for construction, now under way, of a 41 by 45 foot concrete block building at Park Avenue and Twenty-fifth Street at estimated cost of \$12,000. The building will be used for restaurant purposes.

Locations Announced For Military, National Cemeteries Overseas

ATLANTA, June 16 (Special)—Locations of 14 permanent American Military Cemeteries and four National Cemeteries, which the War Department plans to establish as final resting places overseas for members of the Armed Forces who died during the war outside the continental limits of the United States if next of kin request burial to be made overseas, was announced today in a War Department dispatch to the Atlanta General Depot. The locations were agreed to jointly by the Quartermaster General and the American Battle Monuments Commission.

Engineers State No Radical Changes Are Forthcoming In Cars

By DAVID J. WILKIE Associated Press Automotive Editor French Lick, Ind., June 16 (AP)—Post-war automobile designing began where it left off at the time of Pearl Harbor and having gained virtually nothing from the automobile industry's experience, cannot present anything radically different in early forthcoming models.

RURAL COMMON SENSE

TEN ESSENTIALS FOR PROFITABLE FARMING ARE OUTLINED HERE By Spua Johnson The pillars of profitable farming are pretty well known by good farmers and by those who study farming. The following 10 points deserve careful consideration all the time, and will be especially helpful during times when prices for farm products may not be as high as they have been during recent years.

Effective Treatment Found For Type Of Infantile Paralysis

Engineers State No Radical Changes Are Forthcoming In Cars

By DAVID J. WILKIE Associated Press Automotive Editor French Lick, Ind., June 16.—Post-war automobile designing began when it left off at the time of Pearl Harbor and having gained virtually nothing from the automobile industry's experience, cannot present anything radically different in early forthcoming models. That's the way the car designers here told a summer meeting of the Society of Automotive Engineers (SAE) today. They said that changes will be little more than those that would evolve from one model year to another in normal times. The SAE closed its five-day session here recently with technical discussions of diesel engine developments, aircraft power plants and unusual types of engines. One somewhat unorthodox engine of the diesel type, combining the fuel injection method of the diesel with the traditional spark ignition of the gasoline unit, was described to the engineers by Allan H. Starr of Piedmont, Calif. He said it operated economically on a wide variety of fuels and propelled a 3,400-pound vehicle 35 to 45 miles on one gallon of fuel at a speed of 40 miles an hour. Starr described his engine as having the flexibility of a gasoline power plant and the economy of a diesel. The automotive industry's war production tasks, according to several of the engineers, taught a number of lessons in the efficient handling of materials but left little in the way of new devices or new principles engineering that could be successfully adopted to peacetime motorcar construction. The industry, they declared, has found little or no peacetime passenger car use for magnesium and looks for relatively few new uses for aluminum or cast iron pistons of course, will go indefinitely, but wider use of the lighter material cannot be called a new adoption insofar as pistons are concerned.

Mrs. Peron Receives Spanish Decoration

MADRID, June 16 (AP)—Mrs. Juan Peron, attractive wife of the Argentine president, raised her arm yesterday in the salango salute after Generalissimo Francisco Franco decorated her with the Cross of Isabel the Catholic.

TEN ESSENTIALS FOR PROFITABLE FARMING ARE OUTLINED

The pillars of profitable farming are pretty well known by farmers and by those who farm. The following 10 deserve careful consideration the time, and will be helpful during times when farm products may not be high as they have been during the past year. 1. High yields. High yield and large production per acre always bring the most profit. 2. Production of food and food for its people and its animals should be the first aim of any farm program, no matter what the kind of farm. 3. Distribution of labor. Productive work for as many as possible in each week and month will bring best results. 4. Distribution of income. Sales throughout the year assure income. Diversification will help to give better distribution of both labor and income. 5. Full use of land. Maximum productive use of acres of land on the farm is the goal. 6. Adequate capital. Farm assets should be planned to top fully and most efficient system of farming follows. 7. Economy of operation. Highest possible return per dollar of expense should be sought. 8. Wise buying and selling. Farm operations should be planned to provide for economic purchases and maximum profit sales. Adequate capital off side is a must. 9. Adequate reserves. Reserves are apt to arise in emergencies. 10. Records. A current of all financial transactions other important developments the operation of the farm be kept.

Unhappy Coincidences

In Washington, officials are now admitting freely that they look upon the Communist Coup in Hungary as part of a wider drive by the Soviets to consolidate their hold over all Eastern Europe. Perhaps these excerpts from one day or so's foreign news dispatches show most clearly why they think that. One Budapest factory group is reported to have listened attentively while the Hungarian premier, a Communist and virtual dictator of his country, boasted "that every thing was put over perfectly before the United States could rub its eyes, a task that was carried out by the brave and iron-fisted Communist party."

Out-Verning Verne

In 1873 the French author, Jules Verne, published his book, "Around the World in Eighty Days," and the public read its absurd extravagances with delight. In 1947, between June 17 and July 1, a group of this nation's leading newspaper editors and publishers will undertake a globe-girdling stunt that makes poor Jules Verne look mild indeed. The newspapermen's 18-day jaunt is to be made in a sleeper plane, one of Pan American World Airways' new Gold Plate Constellations. It will begin at New York and end in San Francisco after stops in Ireland, England, Turkey, India, China, Japan, Guam, Wake, the Philippines and Hawaii. Pan American's president, who bears the appropriate name of Lippe, will accompany the distinguished gentlemen of the press on this flight to celebrate the launching of the first world-circling service in the history of commercial aviation.

New Electoral Plan

How should the president be elected? A House subcommittee is considering a constitutional amendment by which the electoral vote of each state would be divided in proportion to the popular vote, instead of going solidly to the winner. This system would in 1944 have given Roosevelt 14 votes from California to Dewey's 11, and 12 votes in Ohio to Dewey's 14. The present method gave Roosevelt all California's 25 votes; and Dewey all of Ohio's 26. There is a good deal to recommend the change. The minority in a hopeless one-party state would have an incentive to come out and vote. By making a strong showing the Democrats could pick up an electoral vote or two in Maine, and the Republicans in Alabama. The net result would correspond more closely to the popular will. Outlawed would be outcomes like that in 1888, when Cleveland polled 100,000 more popular votes than Harrison, but Harrison got an electoral majority and the presidency.

Aid To Europe Plan

Much as we disagree with everything that Henry Wallace has been saying of late, we don't think he should be barred from Washington's Watergate Amphitheater tonight. Every time he makes a speech he helps to solidify the opposition to Communism in this country and he serves to convince those who believe in democracy that freedom is something which has to be worked for if it is to be preserved. By all means, let him talk.

Service Men Attend Vocational School

Service men made up nearly one-third of the enrollment of the Sanford Vocational School during the past term it was announced today by Mrs. R. C. Maxwell, principal. Total enrollment was 101 and of these 31 were service men and one a service woman. Thirteen service men received diplomas at Semcoole High School. Two women and one man, who received vocational school training, also got diplomas at the High School. Forty-five men and 56 women attended the school. In commercial subjects 12 men and 13 women were awarded certificates. All men receiving certificates were ex-service men. Forty-four students secured jobs as a result of their training of which 23 were permanent and 16 temporary.

Possible Result of Rent Bill Veto Shown

WASHINGTON, June 16 (AP)—If President Truman vetoes the rent control bill which Congress expects to send him this week there probably will be no federal ceilings at all after June 30, Senator Sparkman (D-Ala.) said today. Sparkman is the ranking Senate Democrat on the House Senate conference committee which reached final word last week on legislation to extend rent controls through next Feb. 29. The committee compromise was listed tentatively for House action today.

The Sanford Herald. Established in 1888. Published daily except Saturday and Sunday at Sanford, Florida. 111 Magnolia Avenue. Entered as second class matter October 27, 1919, at the Post Office at Sanford, Florida, under the Act of Congress of March 3, 1879.

MONDAY, JUNE 16, 1947. BIBLE VERSE FOR TODAY: IF WE ARE LOOKING ONLY A FEW SCORE OF YEARS AHEAD AT MOST WE MISS THE VAST PANORAMA OF ETERNITY. THERE IS WHERE OUR FUTURE LIES. CONSIDER THAT IN YOUR PROGRAM. And this is the promise that he hath promised us: even eternal life.—1 John 2:24-25.

Russia Sends Regrets for Killing of Swede—headline. Yes, so sorry, please. We see where they are going to build a huge newspaper mill up in Alabama. But we are afraid that won't help us any next week. It will be the two years before it gets into production.

Senator Vandenberg wants to see how much money we've got in the bank before committing ourselves to any more aid to Europe. That is the difference between a Republican and a Democrat. Now, a Democrat wouldn't care.

Ben Cohen, a State Department counselor, reveals that it will probably only cost 15 or 20 billion dollars to feed Europe during the next three or four years, which is about what we figured when the Greco-Turkish aid bill was passed. But what we'd like to know is how much it is going to cost after the three or four years is over.

We have no objection to bringing in several hundred thousands of these European Displaced Persons to live among us as our next door neighbors, but we don't think they ought to be brought over until they have a place to stay. And incidentally, we think the Federal Housing Expediter, the one who has been expediting veterans housing; ought to be the one to locate them their apartments.

Leontiev also saw in Marshall's proposals an effort to "convince the American people that 'dollar expansion' is dictated by a desire to prevent an approaching economic crisis in the United States."

The granting of American loans to independent European nations, the combatant declared, "has not justified itself, in the view of Marshall. Therefore he recommends that the European debtors of America create some sort of system of collective responsibility for these European debtors of Wall Street."

Europe is being told to initiate for itself a united, universal program of economic restoration, and the United States' role will be that of supporting this program. In other words, the program must be submitted to the Americans.

Leontiev summed up his remarks by declaring: "The real meaning of Marshall's resolutions," his public approval of the idea for a United States of Europe all indicates that the former political meaning of American policy has to be presented to the American people in an unembellished form."

He asked if the "necessity of containing" the country to the policies of the administration was not "what is really behind the stream of anti-Soviet slander and the bailing of democratic states in Eastern Europe which has been organized recently in the U.S.A."

Wilson Stresses Opportunities In Livestock Industry

JACKSONVILLE, June 16 (Special)—Continued high prices for meat products, and particularly for beef and pork, should center attention, more and more, on one of the greatest long-term opportunities facing Floridians, said William L. Wilson, Director of the State Markets today. "Our animals in beef cattle production during recent years have been amazing, but there are still wide open opportunities for expansion along this line. I feel we may safely assume that today's prices will not continue for any lengthy period, yet it is also true that we can't see right now just how long they will be paid. However, when a decline does come, I feel sure that our Florida producers will be able to put livestock on the market at a profit fairly comparable with producers in other states which supply the bulk of the nation's meat supply. This would mean, therefore, that producers appear assured of prices somewhat in line with those now being paid for a considerable period in the immediate future, and a good permanent demand for their cattle and hogs. Florida's excellent grazing lands have supported substantial numbers of cattle through most of the State's history. In recent years, however, we have improved our production facilities in many areas by the planting of improved pasture grasses, and introduction of more and more purebred stock. The feeding-out of livestock is also on the increase and I believe holds tremendous possibilities for adding to the profits of the producers. Commissioner Nathan Mayo of Florida's Department of Agriculture has long taken a very active interest in the State's livestock industry. Our State Market system operates a number of auctions, handling cattle, hogs and other animals. We now have plans actively under way for the early development of a half-dozen showplaces for purebred cattle. These exhibition centers are expected to spur interest in the production of better animals. "Sales on the Jay State Livestock Market last week totaled \$7,487.50, the one-day auction handling 82 cattle and 150 hogs. The Arcadia State Livestock Market's sale ran up a total of \$22,568.09, for the 557 cattle and 28 hogs which were sold."

RADIO PROGRAMS Station WTRR

Table listing radio programs for Station WTRR, including shows like 'The Big Show', 'The Big News', 'The Big Music', etc.

Maritime Strike

(Continued from Page One) memberships are the N.M.U., 90,000; American Communication Association, 3,000; International Longshoremen's and Warehousemen's Union, 80,000; Marine Engineers Beneficial Association, 15,000; Marine Cooks and Stewards, 12,000. Curran also made public a telegram from the AFL Seafarer's International union pledging "complete support" of the CIO seamen and promising that AFL men would refuse to work on ships that might be allocated by operators of struck lines to those not affected. The stoppage resulted from demands by the N.M.U. and the A.C.A. for wage boosts of 20 and 15 percent respectively, plus other contract improvements and suspension of the expired contract by the marine cooks, the MCB and longshoremen on the West Coast have agreed on contract extensions but promised to follow the lead of the others in the event of a "lockout."

Rotary Meet

(Continued from Page One) where mere monetary gain would not be the principal objective but rather the training and practical experience needed to give full meaning to their educational studies. Billy Crumley, another student at the State University, commended the many recent improvements which have been made in Sanford listing the radio station, the bus station, and active Jayco organization and much new construction, and suggested that steps should be taken to clean up the water front, have more boat races and encourage new industries. Agriculture, he added, is the backbone of this community, but he insisted that other industries should be developed here and more recreational facilities provided.

Headaches Are Serious

By W. V. BITTING Touchton Drug Co. A headache may derive from any one of 20 or more serious causes. Only a physician can correctly diagnose and prescribe the cure. A headache is a pain and a pain is always a symptom of something. A sedative may alleviate, but the underlying cause is still there and may progress unless the trouble is corrected. Your doctor cannot tell the reason why you suffer from headaches. He will seek to relieve the pain, thus relieving you from recurrent attacks and from the threat of a progressive malady. Follow this advice, exactly. Procure the most expertly compounded medication possible. This is the first of a series of Editorial Advertisements appearing in this paper each Monday. Copyright

Among those seen over the weekend were Mr. and Mrs. A. J. Williams, Mr. and Mrs. M. T. Haynes, Mr. and Mrs. W. G. Fleming, Dr. and Mrs. A. W. Epps, Sr. Mr. and Mrs. Harry Cooke, Mr. and Mrs. James Ridge, Mr. and Mrs. Walter Hah, Mr. and Mrs. Philip Grasshoff, Mr. and Mrs. George Thurston, Mr. and Mrs. A. L. Lyons, Mr. and Mrs. Braxton Perkins, Jr., Mr. and Mrs. Dale I. Scott, Jr., Mr. and Mrs. Walter Wheeler, Mr. and Mrs. John Galloway, Also William Herndon, E. B. Smith, Edward McCull, Donald Harper and Richard Deas.

GRAVES TO SPEAK

GAINESVILLE, June 16 (Special)—John Temple Graves II, prominent Southern editor, author, columnist and lecturer, will speak at the University of Florida on June 18, under the auspices of the College of Arts and Sciences Lecture Series and in cooperation with the Summer School Lecture Committee. The address, scheduled for 8 P. M. in the University Auditorium, will be "Gone With the Bomb."

He has been extended a year or more except for previous and unavoidable Hollywood commitments. The play has been reserved for stock and amateur presentation, which means every provincial Duse will be having a chance at one of the toughest roles of the decades.

Sanford Students Graduate At U Of F

Among the students from Sanford who graduated at the recent exercises held at the University of Florida in Gainesville on June 9 at Florida Field were Ralph Bohlander, Bachelor of Architecture; Isaac Milton Huddleston, Bachelor of Civil Engineering; Francis Eugene Rommlat, Bachelor of Science in Pharmacy; Gordon Douglas Stanley, Bachelor of Science; Artyle J. ... Bachelor of Laws. Clarence W. Iabill received his Masters Degree in Mathematics having received his Bachelor of Arts degree in Education in 1946 with honors. Mr. Branam graduated with high honors and Mr. Huddleston received his Civil Engineering degree with honors.

C. G. Club Enjoys Progressive Party

A progressive house party was held honoring the C. G. Club beginning Thursday with a spaghetti dinner held at the home of Mrs. Jack Batigan at 5:30 o'clock. Following the dinner the group enjoyed a theater party at the Ritz Theater and spent the night at the home of Mrs. G. H. Davis on Palmist Avenue. Mrs. W. A. Adams, Jr. served breakfast for the group at her home in Lily Court and Mrs. W. E. Kirchhoff entertained with a swimming party and luncheon at the Mayfair Inn on Friday.

Harry Lees Honor Whigham-Jones Party

Mr. and Mrs. Harry Lee entertained on Saturday with a beat party honoring Miss Jean Whigham and Donald Jones and members of their bridal party aboard the Lee yacht, Lolo II. The group met at the Sanford Boat Works late in the afternoon and enjoyed a cruise down the St. Johns river. Late in the evening the yacht anchored near Sanford and a chicken pilau supper was served by the hostess assisted by Miss Jean Hatper. The couple was present with an antique crystal cake plate by the host.

Mrs. Whitmire Given Shower On Friday

Mrs. R. C. Whitmire, the former Elizabeth Hughes, was the honor guest at a bridal shower given on Friday night by Mrs. Carrie Campbell at her home on Laurel Avenue. Mixed flowers and greenery were used in arrangements throughout the Campbell home. Games were enjoyed following which Mrs. Whitmire was presented with many lovely gifts by her friends. Mrs. Campbell's gift to the honored guest was a pair of bed lamps. Those invited to be with Mrs. Whitmire were Mrs. V. G. Hasty, Mrs. June Hoffman, Mrs. James Cullenper, Mrs. R. L. Brown, Mrs. Nell Holder, Mrs. Harry Huffman, Mrs. Harry Lee, Mrs. Valle Williams, Mrs. Camilla Little, Mrs. A. C. Madden, Mrs. J. Q. Galloway, Mrs. J. F. Rizer, Mrs. H. L. Osborn, Mrs. E. M. Whitmire, Mrs. Carrie Holder, Mrs. Jane Madden and Miss Pauline Hasty.

ATTENTION, YOUNG WOMEN!

... who are high school graduates between 18 and 24 years of age... Become Nurses!
Nursing is a grand profession, offering growing opportunity to a profitable and satisfying career. The Orange Memorial Hospital, Orlando, Florida, is recruiting a class of student nurses to take up training in the fall. Some vacancies remain to be filled by qualified applicants. The hospital is approved by the American Medical Association and the American College of Surgeons. Also approved for training under the G. I. Bill of Rights. Student Nurses live in a comfortable home supervised by carefully chosen home mothers, receive complete matriculation and three weeks vacation annually. Write for information today to the Director of Nursing Service. ORANGE MEMORIAL HOSPITAL, ORLANDO, FLORIDA. Be A Nurse!

Legion Auxiliary To Have Supper Tuesday

The monthly covered dish supper of the American Legion Auxiliary will be held on Tuesday night at the Legion Hut. It was announced today by Mrs. Seth Woodruff, vice president. She also announced that during the past year over \$550 had been donated to local benefits and almost that much for outside benefits. She declared that during the year the auxiliary had supplied gifts to Pratt General Hospital as well as to Ray Pines.

Meeting Of Balkan Pro-Red Army Chiefs Felt Greek Threat

B. J. M. ROBERTS, JR., AP Foreign Affairs Analyst: The gathering of Russian, Czech, Rumanian, Bulgarian and Yugoslav military leaders in Belgrade means lightning in the skies over Greece. Whether it is merely heat lighting, generated by the war of nerves, or whether it will bring the thunder of a real storm, remains to be seen. But regardless of how we may rationalize it, the nature and rapidity of Balkan developments leads inexorably to speculation whether world observers could be wrong in estimating how far Russian military adventurism which contains a threat of war. If we accept the theory that Russia is merely exploiting her postwar position but is in no position to take real chances, then we will look merely for a tightening of Balkan cooperation, perhaps a federation. This would result in increased long-term pressure on Greece but more as a part of the general situation in Europe than a direct and immediate threat. Just what, if the Communists should attempt a decisive move before the report of the Balkan investigating commission comes before the U. N. Security Council? Lack of mention of Albania in connection with the Belgrade conferences, less no particular mention, although her claims against Greece constitute one of the pivotal points in the dispute. Albania has little of even the national autonomy which the Communists have chosen to meet their other Balkan holdings, and will respond immediately to any orders from Tito. The situation is this: Regular military supply lines for the Greek guerrillas have been set up in Bulgaria, Yugoslavia and Albania (which surround Greece except for the sea and her flight border with Turkey). Regular training camps are in operation from which reinforcements are sent to the guerrillas. Regular field hospitals just inside the Communist countries care for guerrillas who would be brought back from Greek battlefields. In other words, the guerrilla bands in Greece, although they may contain many real patriots, actually constitute a Communist expeditionary force. Russia, then, is going to be terribly embarrassed before the security council. She will try to keep the fight to her discretion. But indications are that she will be backed into a corner where she will either have to call off her dogs or defy the U. N. with a veto of the Balkan pact, calling for a commission to keep watch over the area. This puts her in much the same position she was in over Iran. The chances are that the result will be similar. But no matter how thinking what might happen, with America's money and Britain's aid in Greece, if the Belgrade conference should decree one that threw of the dice before the U. N. case comes up, if those supply lines from the Russian sphere began to pour eastward augmented forces into the guerrilla war.

Mrs. Norman Edward Fell whose marriage to Mr. Fell was an event of June 8 at the First Baptist Church in a beautiful chapel held ceremony at 2:00 o'clock. After a short wedding trip the couple returned to Gainesville where Mr. Fell is attending the summer course at the University of Florida.

HOLLYWOOD

HOLLYWOOD, May 28 (AP)—Some artists may sneer at the movie, but there is at least one Hollywood hob. He is pianist Arthur Rubinstein, who says films are now an art. "After all," he said, "I am a genius declared. I am not to be fazed and listened to with awe, but could only give work, like any other artist." Rubinstein is currently doing his first acting chore for the movies in "Memory of Love." It is his fourth film chore. However, twice before, his heavy work has been featured on sound tracks and he was photographed at the piano in film. "Ah, but I am an actor now," he laughed. He demonstrated with a tone which he had to deliver to Lana, Apollonia, in various scenes. "I gave it various deliveries. All last night I practiced this line with different intonations," he said. "I guess I'm not as good an actor as I used to be. I'm a pianist, I am jealous of him."

WASHINGTON LETTER

WASHINGTON—An ex-teacher, short and on the plump side, but full of energy and high hopes for the people of her country, is the capital's next visitor. She is Madame Zoltan Tildy, wife of the President of Hungary, and this is her first visit to the United States. She came here, primarily as the guest of the Order of the Eastern Star of New York and the American-Hungarian Reformed Church organization. In Washington, she will stay at Blair House, the government's residence for distinguished visitors. She will be received by Mrs. Truman at the White House, and Ambassador Szepesi-Maszkai, the Hungarian Minister, is planning a reception and two dinner parties in her honor. From Washington she will go to several other American cities such as Pittsburgh, Cleveland, Trenton, Chicago and perhaps on out to the west coast.

WALTER SMITH, SON OF MR. AND MRS. RALPH A. SMITH, LEFT SANFORD TO ATTEND A COURSE OF STUDY PRESENTED BY THE AMERICAN RED CROSS AQUATIC SCHOOL JUNE 17-27 AT PINE MOUNTAIN STATE PARK AT CHIPLEY, GA.

Walter Smith, son of Mr. and Mrs. Ralph A. Smith, left Sanford to attend a course of study presented by the American Red Cross Aquatic School June 17-27 at Pine Mountain State Park at Chipley, Ga. After completing the course of study he will take charge of water front activities at a camp for boys at Ridgecrest, N. C. Mr. Smith has already won his American Red Cross Senior Lifesaving Medal and served last summer as a life guard at the University of Georgia swimming pool. This training qualified him for the position at the boys' camp.

TIBETANS, WHO CAN RESIST COLD AND HUNGER, DRINK HOTTED TEA AT FREQUENT INTERVALS.

Tibetans, who can resist cold and hunger, drink hotted tea at frequent intervals. The dress extra parade into RKO at 9:00 P. M., attired in their tuxans and formal... Sue Donagan, the South's Cotton Queen, thrilled at meeting Frank Sinatra... Angela Lansbury telling about a marriage proposal from an Alaskan fur trader... the long, grey lines of bicycles parked in multiple racks, denoting the current inactivity on the lots... conductor Eugene Ormandy, here for a movie week, eating alone in the RKO commissary... Alan Ladd, appearing on the set of his present Western, "Wildwest Smith," in street clothes, and Bob Preston shrieking in a high voice: "Oh, lookie, Alan Ladd in civvies!"

Tin was shortly after Cornwell to Italy shortly after the invasion of Britain by Caesar

Mr. Tildy being in opposition to the Nazis when the Germans invaded Hungary was condemned to die. He went into hiding. Mrs. Tildy was allowed to go free in the hope that her husband might be found. One of her two sons was arrested and badly mistreated by the Nazis.

MENUES

- Egg Custard
4 eggs
1/2 cup milk
1/2 teaspoon salt
1/2 teaspoon paprika
1/2 Few grains cayenne
1/2 teaspoon celery salt
Beat egg slightly and add rest of ingredients. Turn into small greased moulds and set in pan of hot water. Bake at 350 degrees for twenty-five to thirty minutes, or until set.
Baked Stuffed Tomatoes
4 tomatoes
2 tablespoons oil
2 tablespoons chopped green pepper
1/2 teaspoon salt
1/2 teaspoon freshly ground pepper
4 slices bacon
1 1/2 tablespoons bacon fat
1/2 cup crumbs
Remove tops from tomatoes, scoop out pulp, drain and measure and add an equal amount of stale bread crumbs. Dice the bacon and cook until crisp. Add rest of ingredients and mix well. Fill tomatoes and cover with the half cup of crumbs combined with two tablespoons of hot bacon fat. Bake at 350 degrees for 15 minutes, or until crumbs are brown.
Veal Chops with Mushroom Sauce
4 loin veal chops
Salad oil
Salt
1/2 pound mushrooms
1 cup water
1 tablespoon cornstarch
1 tablespoon cold water
1/2 cup beef stock
1/2 teaspoon sugar
Mushroom liquor
Kitchen Bouquet
Salt
Cover stems and skins from mushrooms with water and cook until liquid is reduced to one half cup. Strain. Mix cornstarch with Greese but more as a part of the general situation in Europe than a direct and immediate threat. Just what, if the Communists should attempt a decisive move before the report of the Balkan investigating commission comes before the U. N. Security Council? Lack of mention of Albania in connection with the Belgrade conferences, less no particular mention, although her claims against Greece constitute one of the pivotal points in the dispute. Albania has little of even the national autonomy which the Communists have chosen to meet their other Balkan holdings, and will respond immediately to any orders from Tito. The situation is this: Regular military supply lines for the Greek guerrillas have been set up in Bulgaria, Yugoslavia and Albania (which surround Greece except for the sea and her flight border with Turkey). Regular training camps are in operation from which reinforcements are sent to the guerrillas. Regular field hospitals just inside the Communist countries care for guerrillas who would be brought back from Greek battlefields. In other words, the guerrilla bands in Greece, although they may contain many real patriots, actually constitute a Communist expeditionary force. Russia, then, is going to be terribly embarrassed before the security council. She will try to keep the fight to her discretion. But indications are that she will be backed into a corner where she will either have to call off her dogs or defy the U. N. with a veto of the Balkan pact, calling for a commission to keep watch over the area. This puts her in much the same position she was in over Iran. The chances are that the result will be similar. But no matter how thinking what might happen, with America's money and Britain's aid in Greece, if the Belgrade conference should decree one that threw of the dice before the U. N. case comes up, if those supply lines from the Russian sphere began to pour eastward augmented forces into the guerrilla war.

# Sanford Celery Feds To Entertain Islets Tonight

## Goose Kettles Slated To Hurl Contest; Locals Drop Tilt Yesterday To 1's

By ARTHUR BECKWITH, JR., Herald Sports Editor

The Sanford Celery Feds are slated to entertain the Gainesville G-Men in a single contest at the Municipal Park tonight, if Jupiter Pluvius permits.

The local aggregation will play the first game since Sunday a week ago at the Municipal Park in the event that the showers allow the contest to be played.

During the past week, Sanford had tilts washed away with Palatka, Deland and Daytona Beach, however a single tilt was played in the Azalea Bowl in Palatka and the rained out tilt was scheduled to be played in Sanford.

Big Goose Kettles, Fed knuckelbagger, is scheduled to assume duties against the invaders tonight.

The Feds and Buddy Lake, Sanford moundsman, were treated roughly in an 8 to 1 contest of five innings duration at City Island Park yesterday. Glenn Garrett also worked on the mound for the Sanford aggregation.

Walley Gaddis, Islet hillman, allowed the Sanfridites but three bingles during the five-inning tour of duty, when the tilt was called off because of rain.

Sanford will play Gainesville in the University City tomorrow and will meet the Leesburg Pirates in Leesburg Wednesday night. Leesburg returns to the Municipal Park on Thursday night.

Steve Denier, a triad baseman who has been playing recently at Danville, Va., arrived in Sanford yesterday in response to a telephone call from Manager Don Murray, and will be given a five day trial with the locals, it was announced by the Sanford skipper today.

Denier is a chunky lad from Brooklyn who attracted Murray's attention when he was at Danville. "Steve was playing a whale of a game and was hitting over .300 when I last saw him work. He should be of great help to us," the manager stated.

Jim Blalock has been signed to a Fed contract after a five day trial period and Mayo Langston has been given his release, Murray also announced.

## Florida Players Tops In Southern Meet

NEW ORLEANS, June 16 (AP)—A combination of California and Florida, represented respectively by Frankie Parker of Los Angeles and Gardner Mulloy of Coral Gables, won the doubles champion in the 62nd annual Southern Tennis Tournament here yesterday.

Parker and Mulloy, the top seeded entry, beat Sam Match and Bob Curtis of Rise Institute, Houston, Tex., in the tourney finals 7-5, 6-3, 6-4.

Parker won the singles title Saturday, in a five-set victory over Jack Teuro of New Orleans, a Tulane freshman.

Results of other final matches yesterday, included:

Women's singles: Martha Barnett, Miami, defeated Jean Clark, Birmingham, 6-1, 2-6, 6-4.

Women's doubles: Miss Clark and Nancy Morrison, Palm Beach, Fla., beat Lucy Mouldous and Gerry Waterhouse, New Orleans, 6-2, 7-5.

Mixed doubles: Miss Clark and Richard "Bud" Hart, Miami, won from Miss Barnett and Curtis, 6-3, one set by agreement.

Among the leading contenders, all capable of taking down medalist honors, shared last year by Misses Berg and Suggs, are Polly Hiley of Fort Worth, the Trans-Mississippi Champion; Dorothy Kirby of Atlanta, runnerup to Miss Suggs in the Southern Women's event last month; Mrs. Sam Israel of New Orleans; Betty Jameson of San Antonio, Eileen Stubb of Augusta, Helen Dettweiler of Indio, Calif.; Jean Perkins of Cleveland.

Key Pearson of Houston; Mary Agnes Wall of Menominee, Mich.; Kathryn Hemphill and Hope Seligous of Greensboro, N. C.; Peggy Kirk of Findlay, Ohio; Dot Keilty of Los Angeles; Sally Sessions of Muskogee, Mich.; Mrs. George Wilcox of Miami, Fla.; and Mary Lena Faulk of Thomasville, Ga.

Score by innings:

Sanford	000-10
Daytona	130-31

(Game called and 31st rain)

Errors—Rickleton 2, Zuba, Hubbitts, Blalock. Two-base hit—Zander. Strlen. bases—Boerner, Moore. Double plays—Osthoff to Ivey to Zander; Shiles to Ivey to Zander. Left on bases—Daytona 4, Sanford 4. Bases on balls—off Lake 1, off Gaddis 4, struck out by Lake 1, off Garrett 2, by Gaddis 2. Hits—off Lake 18 in 2 1/2 innings for 3 runs, off Garrett 0 in 2 for 0. Passed balls—Zuba 2. King pitcher—Lakk. Umpires—Conner and Lavelly.

## Louise Suggs Faces Uphill Battle For Western Crown

By CHICK BOSCH

ATLANTA, June 16 (AP)—Louise Suggs, the long-knocking atom from nearby Lithia Springs, faced an uphill battle today as she opened defense of her Women's Western Golf Championship.

Tough assignments, however, are not unknown to the shy little brunette, particularly in this championship affair which she won at Des Moines last year with a 2-up victory over Patty Berg of Minneapolis.

The Minneapolis redhead and a half-dozen other competitors equally as well known, were in the contenders' circle with Miss Suggs as qualifying over the Capital City Country Club course got underway this morning. The field numbered over 100.

Not entered, because of her appearance in the British Amateur, Mrs. Bate Zaharias, whom Miss Suggs eliminated in the Western's semi-finals last year before tangling with Miss Berg, one of the game's top pros.

Among the leading contenders, all capable of taking down medalist honors, shared last year by Misses Berg and Suggs, are Polly Hiley of Fort Worth, the Trans-Mississippi Champion; Dorothy Kirby of Atlanta, runnerup to Miss Suggs in the Southern Women's event last month; Mrs. Sam Israel of New Orleans; Betty Jameson of San Antonio, Eileen Stubb of Augusta, Helen Dettweiler of Indio, Calif.; Jean Perkins of Cleveland.

Key Pearson of Houston; Mary Agnes Wall of Menominee, Mich.; Kathryn Hemphill and Hope Seligous of Greensboro, N. C.; Peggy Kirk of Findlay, Ohio; Dot Keilty of Los Angeles; Sally Sessions of Muskogee, Mich.; Mrs. George Wilcox of Miami, Fla.; and Mary Lena Faulk of Thomasville, Ga.

Pat for the hilly layout of 6,340 yards is 76. Miss Suggs fired a 72 Saturday in the event's mixed foursome play. Match play starts Tuesday with 18 holes until the championship finals of 36 holes Saturday.

"I haven't been playing well since I returned from South Africa," says the long-hitting Slammin' Sammy. "I've traveled so much this year that I'm just plum worn out. I'll bet I've traveled close to 70,000 miles since the first of the year."

The Thames River in England is 209 miles long.

Here is the first photo of the wrecked DC-4 Capital Airlines plane which crashed on a mountain near Leesburg, Va. There appeared to be no hope that any of the 50 persons aboard the craft had survived. The plane, from the air, looked like it had exploded and scattered its parts over a wide area. At lower left and right are the torn wing sections. Photo by Washington Times-Herald.

## Softball Tilt Will Be Played Tonight

The Robison Sporting Goods aggregation and the Mather Furniture entry in the City Softball League will meet in a single tilt at the Lake Front Park this evening at 8:00 o'clock.

Gasus Refrigerator Service will meet the Disabled Veterans tomorrow night and an open house will be held Wednesday evening.

Few of the numerous species of the tobacco plant can be used for smoking purposes.

## SEKKS TRIPLE CROWN

NEW YORK (AP)—Chuck Drexler, New York Yankee coach, needs only to serve on a Stadium pennant winner to become the first man ever to be associated with three New York flag winners. Drexler played with the New York Giants of 1933, coached the Brooklyn Dodgers of 1941 and is with the Yanks now.

## Olympic Committee Opens Important Session Today

STOCKHOLM, June 16 (AP)—The International Olympic Committee opened an important, week-long session here today, amid reports that Stockholm would join seven other cities in bidding for the 1952 Olympic games.

Final plans for the first post-war renewal of the International Games to be held next year in London are to be worked out during the meeting, with the selection of the 1952 site to be announced before the conference breaks up on Saturday.

Los Angeles, Detroit, Minneapolis, Philadelphia and Chicago have invitations ready to present to the body Thursday, along with Helsinki and Amsterdam, and their delegates are on the scene, attempting to line up support.

## Leesburg Pirates Pace League Batting

The Leesburg Pirates, with five regulars hitting over the .333 mark paced the hitting department with a .288 team average when official averages were released from the league statistics office over the weekend.

The Sanford Celery Feds are deep in the quagmire of the batting race with a team average of .247 for the lowest in the Florida State League.

Myrl Hoag, Gainesville G-Man skipper, continued to show that he is the man to defeat for the individual hitting honors, increased his average to three points below the .400 mark during the past week. Doug Johnson, Leesburg Pirate left fielder, gave promise that he is a contender for leadership by increasing his average to .362, four points higher than last week.

The Feds are paced at the plate by Buddy Lake, who is hitting at a .307 clip. Lake is followed by Martin Zuba, with .302, Jerry Silverman with .283 and Dave Brice with .277.

Bill Stanton and Charlie Bissen were two of the league's outstanding hurlers. Stanton has won seven and dropped two tilts while Bissen has copped five and lost three contests.

## New York Grid Rivals Set To Renew Feud With High Average

NEW YORK (AP)—The fierce rivalry between New York's teams in the rival National Football League and the All-American Conference will be renewed this fall as both teams continue to play home games in opposition to each other.

Three fall Sunday dates will find the rivals at home, less than a mile apart. On Sunday, Oct. 9, the New York Giants meet the Pittsburgh Steelers in the Polo Grounds while in Yankee Stadium the New York Yankees play the San Francisco 49ers.

On Sunday, Nov. 23, the Giants are at home with the Green Bay Packers while the Yankees play host to the Cleveland Browns.

## YOUR NEW REGULAR ARMY WANTS YOU TO KNOW HOW VOLUNTEERS ARE SELECTED

Would it surprise you to know that only about 60 out of every 100 volunteers for the new Regular Army can measure up to today's requirements for a soldier?

Only the top 60% of American youth—mentally, morally and physically—can pass the rigid tests.

There are reasons for this which your Army wants you to know:

- The men we send overseas must represent you to millions of people who are struggling towards democracy. They must be typical of our best.
- The truly modern Army requires a far higher type of soldier than ever before. The wide use of scientific material and the broad program of research necessitate a superior man. Your Army must lead the world in the caliber of its men if it is to provide adequate defense in the atomic age.

These are reasons why Army enlistment standards today are higher than ever before—why your new Regular Army, although comparatively small in size—is performing its world-wide duties well.

In Japan, for example, ours is the smallest occupation force per capita in world history—yet there is no record of greater achievement in such a short space of time.

If you can measure up to these standards, you will find enlistment in the new Regular Army a good career. You will live and work with friends whom you will value always. You will have opportunity for travel and high adventure, and a chance to qualify for Officer Candidate Schools and Technical Schools. Above all, you will have the deep satisfaction of doing an important job for your country.

Ask at any U. S. Army Recruiting Station about the many opportunities open to men who volunteer for three years.

A GOOD JOB FOR YOU  
**U. S. Army**
