Venezuela Deemed As Good Business Friends of The U.S.

JACKSONVILLE, Feb. 25 (AP)—Venezuela was pictured here yesterday as a good friend of the United States.

Thomas J. Maleady, first secretary of the American embassy at Caracas, drew the picture at a conference at the Commerce Department offices in the interest of improved industrial exchange between the two countries.

He said the needs of Venezuela are varied since the chief pursuit of its people was agriculture. But, he added, 40,000 of a 4,000,000 population were employed in the oil industry which plays an important part in the economy of the country.

"Judged by the value of exports, oil contributes about 90 percent toward government revenues," he said. "It furnishes sufficient foreign exchange to enable the country to pay for the goods it needs, including food, cotton, rayon and woolen yarns, equipment for their fabrication and other machinery, automotive vehicles and chemicals.

"America has long been the principal supplier for Venezuelan needs, and during war years we sent into the country as much as 84 percent of its total imports. Oil should be expected to be produced at the rate of 1,250,000 barrels; about one-fourth States, if drilling costs and other expenses can be limited so that it can compete on the pertoleum market with other oil expected to reach the international market shortly."

Earl Long

(Continued from Page One)

means of a trash can placed under the window, and the thief entered and walked across the bed of Mr. Levy's son, who was out for the evening. The rifled handbags were found on the window ledge, according to Sheriff office soon himself. The new Long regime, Earl indicated today, will seek to outdo the previous one in action but probably not in showmanship.

"We'll improve on everything Huey did," Earl declared, sitting in his home with a few friends receiving election returns.

"The roads he built were good roads for their day—but now our roads must carry five times the traffic."

His "number one project," he said, will be raising old-age pensions to $50 a month.

"The way those old people pulled at me and looked at me during the campaign," he recalled. "The way they asked me, 'Can we count on those $50 checks, sure?'" "I'd hate to die without having made good on my promise to those people."

Huey pursued his spectacular career to the slogans of "Share the wealth" and "Every man a king." Earl said his slogan would be something quieter—"service to the people."

He explained his comeback, after being beaten for governor in 1940 and lieutenant governor in 1944, this way: "I think maybe the Lord decided I could make a better governor at 52 than at 44."

Yesterday was Earl Long's only statewide victory except for election as lieutenant governor in 1936, the year after Huey's death. He became governor in 1939 when Richard W. Leche resigned. He was governor about 11 months.

The new governor will have a new house of representatives to work with and perhaps a new senate. More than half of the 100 house seats and at least 17 of the 39 senate places went to newcomers.

Escaped Convict

(Continued from Page One)

P. A. Mero, who was first called to the scene of the robbery.

The next morning, shortly before 9:00 o'clock, Irwin came to the H and A Department Store, according to Ben Katz, manager, and began to look at trousers, sweaters, shoes, etc. and flashed a lot of money. David Levy, who had been at the home of his brother, Sam, the night before, remarked to Mr. Katz after the negro had left, that the place had been robbed, and pointed out Irwin as a possible suspect.

At about 1:00 o'clock, while Patrolman Patterson was at the store questioning Mr. Katz about the moneyed negro, in walked Irwin in order to get the old clothes he had left when he donned his new attire. Patrolman Patterson then arrested him for questioning, according to Chief Williams.

Irwin was put into the police car by Patterson and attempted to escape from the car on First Street, but was seized by former Patrolman H. M. Young before he could get far.

Articles found on the negro were identified as having been stolen from guests at the party, said Sheriff Mero this morning. A complete investigation is being made of the case by Assistant State Attorney George A. DeCottes, Chief Williams asserted.

NO ADMISSION

AUSTIN, Tex., Feb. 25, (AP)—Herman Marion Sweatt, Houston negro, today lost another phase of his court right to gain admission as a law student in the University of Texas.

The third court of civil appeals upheld a lower court's refusal to grant Sweatt an order forcing the University to admit him as a student.

War Crimes Issue

(Continued from Page One)

tioned the interview.

She telephoned the information to Deane. On Saturday Miss Turner entered the press wireless office in Frankfurt and asked for Foust's copy. The girl employed there gave it to her. She dictated it to Deane in Nuernberg. The rebuttal by Taylor then was prepared.

Miss Turner said this version was correct. She denied a report that she represented herself as Foust's secretary to obtain the copy.

Taylor said he had been misinformed that the story would be published Saturday morning.

Asked if he believed it is legal to intercept newspaper copy, Taylor said he did not think he should comment on that. However he intimated that what would be illegal in the United States might not be in occupied Germany.

The difference here, the general said, is that the stories are filed over Army signals rather than commercial private circuits. His public relations office keeps a record of everything sent out over the Army signal channels.

"I take full responsibility for what my employees did," Taylor said. "Judge Wennedstrum made a statement designed for publicity. He made charges against the prosecution. I merely answered them."

Deane said he instructed Miss Turner in Frankfurt to "keep her eyes and ears open." She said her action was taken "as an individual."

County Candidates

(Continued from Page One)

Prosecuting Attorney, Superintendent of Schools and County Tax Collector. Tomorrow the Sanford ether will vibrate with the political views of 44 more aspirants who wish to "serve" as members of the Seminole County Board of Public Instruction, Board of County Commissioners, Tax Assessor and Sheriff.

March 9, when the regular County Commission convenes, has been set by the Jaycees as the date when winning candidates will "serve in office." On March 11, said Mr. Odham, the winners, county officials and principals will be guests of the Jaycees at the dinner meeting at the Mayfair Inn.

Czech Capitulation

(Continued from Page One)

signed last week in a deepening crisis and two Social Democrats who declined to go along today with the left wing.

The new cabinet retained Jan Masaryk, non-party man and son of Thomas Masaryk, the nation's first president, as foreign minister. Masaryk has preached cooperation with the west. But his retention was viewed here largely as an astute Communist move trading on the name of the beloved father of his country.

The new cabinet includes 11 other Communists besides Gottwald, two National Socialists, two Catholic Peoples' Party members and one Slovak Democrat, all of these friendly to the Communist program. Thus the opposition in the minor parties is not actually represented.

The Social Democrats in the cabinet represent the party which has been a key to the current crisis. It swung back to the support of the Communists this week after several months of estrangement, and with the switch, Zdenek Fierlinger vaulted to power again. Fierlinger, a pro-Communist who was deposed as party chairman last year, becomes minister of industry in the new cabinet.

Long before the official announcement from Hradcany, the presidential palace, the government radio announced that the President had capitulated to Communist demands. This announcement gave the impression that the last obstacle to iron Communist control of the nation had been swept aside.

Some 50,000 persons clogged the business section of the city for a Communist demonstration as the announcement came—in time to call off a general strike threatened by the Communists.

Gottwald himself made the announcement.

"The decision was not easy," the Premier said in an address over a loudspeaker system, "but in the end he (Benes) accepted the will of the people."

The crowd interrupted with cries of "Long lives Benes! Long live Gottwald!"

The Premier went on:

"We must be grateful to President Benes that he decided for the will of the people in something that was not in complete accordance with his own wishes.

"Reaction, which planned an attack on the new Czech Democracy, has been eaten. Go back to work and let us complete our tasks on the two-year plan."

NO PAPER

COLUMBUS, Ga., Feb. 25, (AP)—The Enquirer failed to make its appearance for the third straight morning today as its pressmen ignored a second demand from their national union chieftain that they return to work.

Twice ordered by International President George L. Berry to report for duty, the pressmen have refused to cross the picket lines of striking printers.

Neither the Enquirer nor the afternoon Ledger have been published since Monday.

Anti-Lynch Bill

(Continued from Page One)

However, no payment would be due if there was no negligence by peace officers in efforts to protect the victim.

The bill was introduced by Rep. Case (R-NJ).

The vote by which the bill was approved was not announced officially. Members reported privately it was three to two. Rep. Cravens (D-Ark), a committee member, said he voted against it.

Other members of the subcommittee are Representatives Case (R-NJ), Fellows (R-Maine), Devitt (R-Minn), Byrne (D-NY), and Feighan (D-Ohio). One of them presumably refrained from voting.

The full Judiciary Committee may consider the legislation at its next meeting, tentatively scheduled for tomorrow.

The legislation defines lynching as:

"An organized effort not only to punish the persons lynched but also to terrorize the groups, in the community or elsewhere, of which the persons lynched are members by reason of their race, creed, color, national origin, ancestry, language, or religion, and thus to deny to all members of such groups, and to prevent them from exercising, the rights guaranteed to them by the Constitution and laws of the United States."

Meanwhile 74 House Democrats have signed the Southerners' pledge to "oppose to the finish" President Truman's program for anti-lynching, anti-poll tax and anti-race segregation laws.

The count in this mobilization for war against his "civil rights" measures was disclosed today as some Dixie party rebels talked of broadening their campaign. These want not only to beat Mr. Truman's program but to keep him from getting the Democratic presidential nomination.

The Southerners' pledge is the one some 50 House Democrats drew up at a meeting last Friday. All who were there signed it, but no names were made public because they wanted to wait and let other southerners have a chance to add their names.

Among other things, the signers promised to co-operate with Southern governors who are battling the Truman program. A committee of governors saw Democratic Chairman J. Howard would use his influence to get the President's recommendations withdrawn from Congress. McGrath said, no.

There are the 74 House Democrats who signed the Southerner's pledge to "oppose to the finish" President Truman's civil rights program:

Mississippi—Reps. Colmer, Williams, Whitten, Winstead, Abernethy, Whittington, and Rankin.

Arkansas — Harris, Cravens, Hays, Mills, Norrell, and Gathings.

Louisiana — Larcade, Brooks, Boggs, Domengeaux, Passman, Morrison, Hebert and Allen.

Texas—Gossett, Fisher, Pickett, Teague, Wilson, Poage, West, Beckworth and Lucas.

Georgia—Cox, Brown, Vinson, Davis, Wood, Wheeler, Camp, Lanham, Pace and Preston.

Alabama—Hobbs, Battle, Jarman, Jones, Boykin, Rains, Grant Andrews, and Manasco.

Florida—Sikes, Price, Smathers, Peterson and Rogers.

Tennessee — Murray, Priest, Courtney.

Kentucky—Gregory.

South Carolina—Dorn, Richards McMillan, Riley, Bryson, and Rivers.

North Carolina—Clark, Barden, Bonner.

Virginia—Smith, Gary, Harrison, Hardy, Almond, Bland, Stanley.

7 Perish

(Continued from Page One)

Helen Marie, 11; James Allen, 8; Doris Ann, 6; Thomas, 4; Mary Kay 3; David, 18 months.

The Waterhouse farm is near Prairie Grove, a small community 10 miles northwest of here.

HOLLYWOOD Feb. 25 (AP)—Fire destroyed a lumber yard and a half dozen other business places and threatened residences in a square block early tdoay.

The flames shot swiftly through the Lounsberry and Harris Lumber Co. yard which runs through the center of a block bounded by Santa Monica Boulevard, Lexington and Las Palmas Avenues and Seward Street.

Besides the lumber yard, a chemical company, cleaning plant and photography shop on Santa Monica Boulevard and a sash and door plant, electric concern and salvage company in Lexington Avenue were burned. Numerous other establishments were endangered.

Georgia Man

(Continued from Page One)

nounced dead upon arrival. His head had been injured and his neck had been broken, according to Patrolman C. B. Sparks and Max Bass who investigated the accident.

N. W. Beard and D. J. Flanders, who were riding with Mr. Miller, were not reported as seriously injured. Jack Williams, negro passenger with Noble, was not reported hurt. The Chevrolet truck was reported to have turned over three times, following the collision underneath the traffic light. Both wrecked cars were taken to Ratliff's place.

The Brunswick men were on their way to Orlando to dismantle electrical equipment for the Orlando Morning Sentinel.

Wheat Straw Pulp May Be Supplement Newsprint Source

WASHINGTON, Feb. 25 (AP)—It may not be long before you are writing those love notes on wheat straw.

The Agriculture Department said today its technicians have developed what promises to be an economical and practical way to convert straw into fine papers. Earlier processes have been too costly.

Most paper now is made from wood.

If put to use, the new method could make use of the more than 95,000,000 tons of wheat straw that is burned and wasted yearly.

That much straw would make about 20,000,000 tons of cellulose pulp, the raw material from which paper is made. The department said that would meet the country's annual needs.

There still is one hitch. A method must be found to clean the straw when it is collected from fields Farm machinery manufacturers are working on this problem at the department's regional laboratoryat Peoria, Ill.

The department said straw pulp should find its "logical" use as a blend with wood pulp to prodce magazine, book, writing litho, offset, and several kinds of specialty papers.

"The process is now raedy for mill-scale trials," the department said. It added that successful use of straw should help relief current paper shortages and ease the price situation. A number of domestic paper companies were said to be interested in the new process.

Pilots Club

(Continued from Page One)

relations and world peace. Miss Mattinger stressed the importance of the nursing books and told of receiving letters from friends who are nursing in Japan and Greece who wrote of the crying need for nurses in these and other foreign countries.

Mrs. W. E. Hollyhead, Milk Bank chairman, reported that only $24 is left in the fund for milk which is furnished to needy families throughout Seminole County, both white and colored. It was announced that several other civic organizations and church groups are contributing to this fund. Anyone desiring to contribute is asked to contact Mrs. Hollyhead.

Mrs. Mary Rawlins, finance chairman, announced that a total of $90.41 had been realized from the sale of Christmas cards and also announced that another rummage sale will be held in the near future for the purpose of raising funds for worthwhile projects.

Mrs. Rawlins, Mrs. Lourine Beal and Mrs. Al Hunt were appointed as a nominating committee for officers in district four, Pilot International. A nominating committee for the local officers was also appointed, including Mrs. Rawlins, Mrs. R. C. Maxwell and Mrs. M. B. Smith.

Miss Rebecca Stevens appeared before the group in the interest of the American Legion Auxiliary for sponsors for Girls State in June. Mrs. Joel S. Field, president, revealed that $30 had been set up in the budget to sponsor a girl again this year to Girls State. Last year the club sponsored Miss Barbara Chapman.

A free will offering was taken for the "True Course Ever" fund, a loan fund maintained by International for Pilot Club members.

Anti- Truman

(Continued from Page One)

refuse to support any presidential nominee who did not stand for states 'rights on such issues as race segregation, poll tax laws, anti-lynching laws and state FEPC.

In the event the Democratic National Convention adopted a platform embodying the President's Civil Rights Program, McCorvey said the presidential electors could cast their votes "for some outstanding Democrat of the type of Senator Byrd of Virginia or Senator George of Georgia."

Such a plan, McCorvey said, would follow the strategy outlined by Senator Eastland of Mississippi. This strategy calls for the South to withhold its electoral votes from the Democratic Party nominee and throw the election into the House of Representatives.

PRICE FIXING

WASHINGTON, Feb. 25, (AP)—Pointing to the steel price rise, Senator Kilgore (D-WVa) said today it shows Congress should vote President Truman power to fix prices. Kilgore brought out this argument as official criticism of the price boost mounted and government officials hunted for signs of a new inflationary spiral.

threat of "collapse and Communism" in Europe.

And Ernest T. Weir, chairman of the National Steel Corp., added that a depression is sure to come if vast sums "wasted through inefficient spending abroad" are heaped atop the "fantastic cost of government at home."

Weir made it clear he does not oppose any aid to Europe. But he said he could not subscribe to the position that anything less than precisely $6,800,000,000 between now and July, 1949, would be money "poured down a rat-hole."

The Senate was ready to discuss a motion by Senator Lucas (D-Ill) to reconsider a resolution giving the Senate expenditures an additional $125,000 to finance general investigations.

Meanwhile there were these other developments at the capitol:

Rep. Bender (R-Ohio), chairman of a House Subcommittee studying war contracts, announced plans for a full investigation after the general accounting office reported evidence of "unprecedented" fraud in settlement of the contracts. Bender said that "millions of dollars of the taxpayers' money has been wasted and literally given to war contractors."

Rep. Shafer (R-Mich) proposed free insurance for all members of the armed services and all war veterans. He said he thought the government would save money giving the insurance rather than paying for collecting the premiums.

Stock Market

NEW YORK, Feb. 25, (AP)—Favored industrial stocks sparked a moderate rally in today's market.

Some of the oils were sharply higher. Railroads, motors, steels and rubbers provided early leadership, although morning gains were not fully maintained in many instances. Volume of dealings expanded somewhat over the previous session, totaling around 800,000 shares. Near the close predominant advances were in a range of fractions to a point or more.

Rails benefited from additional favorable earnings and dividend news. While support for many issues was provided by short covering and professional bidding for quick-turn profit in a technical rally, commission houses said customers stood aside because of uncertainty over tax revision and business prospects.

Carrier bonds were steady. Commodities were mixed. At Chicago wheat finished up ⅛ to 1⅜ cents a bushel, corn ⅛ to 3⅛ higher and oats down ⅝ to up 3⅛. Cotton near the finish was 55 cents to $1.05 a bale lower.

MARKETS AT A GLANCE

NEW YORK, Feb. 25, (AP)—

Stocks-- Higher; industrials lead slow rally.

Bonds-- Steady; selected rails improve.

Cotton-- Irregular; mill buying, profit taking.

Chicago:

Wheat-- Firm; cash house buying.

Corn-- Firm; good demand cash grain.

Oats-- Mixed; deferred contracts eased.

Hogs-- 75 cents to $1.00 higher; practical top $23.75.

Cattle-- Unevenly 50 cents lower to 25 cents higher; top $33.00.

Livestock Market

LIVESTOCK

THOMASVILLE, Ga., Feb. 25 (AP) (USDA)—Livestock arrivals totaled 400 cattle, 50 calves and 1,400 hogs at eight major packing plants at Albany, Columbus, Moultrie, Thomasville and Tifton, Ga., Dothan, Ala., and Jacksonville and Tallahassee.

The market on hogs was fairly active and at mostly steady prices. Composite quotations at eight plants for soft and semi-hard hogs were as follows: Medium to choice grade barrows and gilts, 180-240 lbs., 19-$20; 240-270 lbs., $19-$19.50; over 270 lbs., $18.50-$19, and a few down to $17 and less; 160-180 lbs., $18-$19; 140-160 lbs., $16.50-$17.50; 120-140 lbs., $12.50-$16. Medium and good sows, $14.50-$17.

Cattle trading in Georgia, Florida and Alabama was brisk and strong for canner, cutter and common grades, but was barely steady on medium and better grades of slaughter cattle. Good fed steers and heifers weighing from 800-900 lbs. and more were quoted from $23-$27. Common grades were $14.50-$21.50, mostly $16.50-$18.50. Canner and cutter grades of steers, heifers and bulls ranged $17-$17.75.

Medium beef cows were $17.50-$20.75; common $15-$17.25; with a few common around $18-$19. Cutter cows brought $14.50-$17, with canners from $11.50-$15.50, and Shelly canners $8-$12. Common and medium sausage bulls brought $15.50-$20.25.

Calves sold strong. Good and choice slaughter calves were scarce and quoted from $22-$27, with a few up to $29 in Florida. Medium grades were mainly $19-$22; common, $13-$20, and culls $10-$17.50.

Stocker cattle sold under a broad demand. Medium grades of steers, heifers and calves were quoted from $17-$20; common, $14.50-$17, and inferior lightweights 11-$16.

SEABOARD NET

NORFOLK, Va., Feb. 25 (AP)—In January the Seaboard Air Line Railroad netted $918,896, an increase of $117,358 over January, 1947, the SAL reported today.

The net income figure reported is that given monthly to the Interstate Commerce Commission. It does not include deductions for sinking funds and capital fund purposes to be charged against income next December.

Total railway operating revenues for the month were $11,771,604, compared with $11,102,411 for the same month last year.

Vegetable Market

JACKSONVILLE, Feb. 25 (AP)—Early New York prices on Florida fruits and vegetables as reported by the Federal State Market News Service:

Snap beans, bushels 6.00-7.00, few 7.25-7.50, poorer quality 3.50-4.00. Valentines, few 6.00-7.00; wax, few very poor, 1.00-1.50.

Lima beans, no sales reported.

Collards, bushels 1.50-1.75, few 2.00. Easter crates 1.62½-1.75.

Celery cabbage, 16-quart baskets 1.25-1.50; wirebound celery crates 5.00.

Strawberries, per pint 31-37, mostly around 35, few high as 39, poorer 25-30.

Broccoli rabe, eastern crates, 1.00-1.25.

Cabbage, 1½ bushel boxes, domestic round type 1.12½-1.37 1/2; red type 2.50-3.00, few 3.25; 1½ bushel hampers, domestic round type 1.50, few 1.75; red type 2.50-3.00, few 3.50; Savoy type 1.50-2.00; 50-pound sacks domestic round type 1.00-1.12½; red, few 2.00.

Dandelions, 1½ bushel crates, loose 2.00, bushels 2.00.

Eggplant, ordinary to fair good quality 3.00-6.00, best 6.00.

Endive chicory, bushels 1.50-1.

Escarole, bushels 1.00-1.50.

Lettuce, eastern crates Big Boston, 2 dozen 1.25-2.00; Romaine, few ordinary quality 1.00-1.25, bushels Big Boston, few 2.00.

Peppers, bushels California wonders, few sales 4.50-5.50, ordinary to fair quality 2.50-3.00; other Ballnore types 3.50-5.00, mostly 4.00-4.50, ordinary to fair quality 2.00-2.50.

Celery wirebound crates Golden heart 2-6 dozen 2.00-3.00, 4 dozen 1.75-2.75, 10 dozen 2.00-2.75, XXs 1.50; Pascal type, 2 dozen 2.7, 2½-3 dozen 2.50-3.00, 4 dozen 1., 2.75, 6 dozen 1.50-200.

U.S., Britain And France Protest Red Czech Revolution

Opposition Stifled With Police Rifles; Angry Students Are Driven To Cover

PARIS, Feb. 26 (AP)—Marseilles dispatches said today 2,000 strikers battled police on barricades erected on the approaches of a sugar refinery. The strikers adopted methods similar to those used last year when Marseilles was wracked by a wave of Communist-inspired strikes. They barricaded the national highway from Aix, main link with the interior, the dispatches said, and fought a pitched battle yesterday with troops and mobile guardsmen who finally dispersed them. Two strikers were arrested.

By ASSOCIATED PRESS

The United States, Britain and France jointly protested Communist Premier Klement Gottwald's new Czechoslovak government today as "disguised dictatorship."

The three governments, after consultation on the Czech political crisis leading to the Communist seizure, declared the crisis was "artificially and deliberately instigated."

With his new regime fully in control in Prague, the way was cleared for Gottwald to remake the border state between the East and West a copy of Soviet Russia.

What opposition remained was driven underground. Protesting voices in newspapers and on the radio were stilled. Parties opposing the Communists were accused of conspiracy and their leaders were called "agents of reaction." Police wielded rifle butts against protesting students.

Only a semblance of the seven-party coalition government remained. Ministers not openly

(Continued on Page Eight)

South's Democrats Put Off Action On Anti-Lynching Bill

Approval Of Full Judiciary Committee Virtually Certain, But Delayed Today

WASHINGTON, Feb. 26 (AP)—Senator Byrd (D-Va) told the Senate today he endorses "without reservation" Governor William M. Tuck's proposals to change Virginia's election laws. Tuck asked the Virginia general assembly today to change the law so that President Truman's name would be barred from the next presidential election ballot. Virginians would simply choose electors who could cast the state's electoral vote for anyone they pleased.

WASHINGTON, Feb. 26 (AP)—Southern Democrats, aided by a rule technicality, blocked House Judiciary Committee action today on anti-lynching legislation. But they still faced prospective defeat in the committee tomorrow on this issue, which is backed by both President Truman and the Republican majority.

The bill, which would let the federal government step in and prosecute anyone who takes part in a lynching, was approved yesterday 3 to 2 by a Judiciary subcommittee. It was scheduled to get action today by the full subcommittee, with approval virtually certain.

But the committee was still deliberating when the House met at 11 A. M. Southern members cited a rule against committee sessions while the House is sitting. So Chairman Michener (R-Mich) adjourned the committee meeting until tomorrow.

When the committee does get around to voting, approval of the measure appears certain. Republicans hold a 13-12 edge in the committee and only four of the Democrats are party rebels against Mr. Truman's program of "civil rights" legislation. The program also includes antisegregation and anti-poll tax legislation.

Rep. Cox (D-Ga), a leader in the Southern rebellion, told the House today the National Committee to Abolish the Poll Tax is "a Communist Front organization," according to records of the House Un-American Activities

(Continued on Page Eight)

Jax Judge Attacks Truman Civil Rights

JACKSONVILLE, Feb 26 (AP)—Circuit Court Judge Miles W. Lewis from the bench told a venire of jurymen today President Truman was "willing to destroy southern civilization in order to get the negro vote in the North."

The venire applauded when he said he did not intend to vote for Truman and asked the jurymen to do likewise. He was in the act of dismissing the 20 jurymen when he made his attack on Truman's civil rights program and anti-lynching bill.

"It is perfectly apparent to me," he said, "that Truman and his supporters are willing to destroy southern civilization in order to get the negro vote in the North. Since he takes that attitude, he is no longer worthy of our vote and support."

Judge Lewis said 'I've tried to do my duty and I said long ago as a judge of this court that all persons, regardless of religion, race or creed look alike to me.

'The time has come when the people of the South must stand together and preserve our institutions.

"I do not propose to vote for President Truman and I ask of you men to do likewise.'

THE WEATHER

LAKELAND, Feb. 26 (AP)—The Federal State Frost Warning Service forecast for peninsular Florida tonight and Friday was partly cloudy and continued mild with the outlook mild through Sunday.

WOODEN CHECKS

Arrested yesterday on a charge by the Winn-Lovett Company of passing worthless checks, J. E. English is being held in County Jail for investigation, it was announced this morning by Sheriff P. A. Mero. Bond set at $100 had not been paid as yet, it was reported this morning.

Trygve Lie Sees Palestine Chaos When British Quit

Quick Action by UN Only Alternative, UN Leader Insists

LAKE SUCCESS, Feb. 26, (AP)—The Little Assembly recommended today that the United Nations proceed with nationwide elections in Korea in defiance of a Soviet boycott. The vote was 31 to 2.

LAKE SUCCESS, Feb. 26 (AP)—Trygve Lie, secretary-general of the United Nations, said today Palestine will be chaos when the British withdraw unless the U. N. acts quickly.

Lie told his weekly news conference the U. N. becomes fully responsible for Palestine the moment the British leave. The British have said they will give up their Palestine mandate May 15 and withdraw completely by Aug. 1.

Lie refrained from commenting on the Palestine declaration of the United States before the Security Council Tuesday or its implications.

He also declined to say whether the U.N. has legal authority to enforce decisions of the General Assembly such as partitioning of Palestine.

Asked what the effect would be on the U.N. if the 1947 Assembly's partiiton project is not enforced, Lie said:

"If nothing happens, just chaos will be the result in Palestine."

He added that failure of the U.N. to carry out partition would reduce the prestige of the U.N. and lead to a general loss of confidence in its ability to settle world problems.

Lie spoke as the Security Council delegates took a breathing spell on the Palestine problem. At several points during questioning by reporters, Lie called on top aides to help with answers.

These views were expressed:

1. Arkady A. Sobolev of Russia, assistant secretary-general in charge of political and security affairs, said the Security Council is free to accept or not to accept the recommendations of the General Assembly. He added, however, that "responsibility is another thing."

2. Dr. Ivan Kerno of Czechoslovakia, assistant secretary-general in charge of legal affairs, was asked whether the Security Council, in handling a threat to

(Continued on Page Eight)

State January Auto Traffic Is Heavier

TALLAHASSEE, Feb. 26, (AP)—Florida's January automobile traffic generally is heavier than last year but the travel to and from the Miami area is a little lighter.

The State Road Department, tabulating totals from its electric counters stationed at 20 strategic points, reported a seven percent drop at Boca Raton on the main road to Miami.

Although the Boca Raton traffic count was less than a year ago, it was seven percent higher than in January, 1941, in the last pre-war tourist season.

As a whole, state traffic last month was five percent greater than a year ago and about 24 percent heavier than in January, 1941.

As Austin Revealed U. S. Stand On Palestine Issue

That the United Nations Security Council's action in the Palestine crisis should be "directed toward keeping the peace and not enforcing partition," was the crux of the address made at Lake Success, N. Y. by Warren Austin, the U. S. spokesman. Shown, at right, Austin said the U. S. proposes that the big five powers consult among themselves to determine whether a peace threat exists before intervening with an international force in the Holy Land troubles. At left, Russia's Andrei Gromyko listens intently, since the Soviet had joined with the U. S. in orginally agreeing on the partition. In center is British Colonial Secretary Creech-Jones, who said Britain's stand was unchanged. In rear, to his right, is Sir Alexander Cadogan. (International)

4 Die In Flaming B-29, 8 Parachute Out Before Crash

Flight Leader Says They Were On Instruments In Fog

MERIDIAN, Tex., Feb. 26 (AP)—Four members of a 12-man crew were killed in the crash of a B-29 bomber near here last night. The eight other crew members, including Col. Alan D. Clark of Fort Worth, Tex., 7th Bombardment Wing Commander, parachuted through the rain and fog to safety.

One of a flight of 20 B-29s bound for the West Coast, the bomber crashed in flames shortly after taking off from Carswell Air Base at Fort Worth, Tex. Clark was commander of the flight.

Names of the four victims, who were found in or near the scene of the wreckage, have not been released.

Besides Clark, the men who bailed out were 1st Lieut. Frank H. Riggs, Orange, Tex.; 1st Lieut. Frank M. Worley, Fort Worth; Capt. William S. Kern, Pasadena, Cal.; Staff Sgt. D. W. Aslin, Fort

City Is Organized For Scout Drive

The City and surrounding areas will be organized in blocks and canvassed by committeemen to raise funds for the local Boy Scouts, Roy Holler, chairman of the Boy Scout Drive, stated today.

Holler stated that 12 committeemen have now been appointed to assist with the drive and that others will be named later.

Those who have agreed to work and their districts to cover include A. C. Madden, Post Office; J. W. D. Moore, north side of West First Street between Park and Magnolia Avenues; Clarence Redding, South side of West First Street between Park and Magnolia Avenues.

Also Major Meeks, City Ice and Fuel employees; L. B. Mann, Lake Monroe; W. P. Champan, west side of Sanford; R. A. Smith, Chase and Company employees; E. G. Kilpatrack, Florida State Bank employees.

And Mrs. Joe Corley, east side of Sanford; Olive Hunt, Court House; Sarah Easterby, City Hall; and L. T. Sheppard, A.C.L. employees.

12,000 Educators Are Asked To Approve Military Training Bill

ATLANTIC CITY, N. J., Feb. 26 (AP)—Some 12,000 educators were asked today to approve a resolution calling for military training which will "provide a minimum of interference in the normal educational and vocational life of the youth involved."

The resolution is one of 21 policy statements submitted for a vote by the annual convention of the American Association of School Administrators.

Earlier this week the American Council on Education announced in Washington, D. C., it was opposed to universal military training. The council said three of every four teachers in the country also are against such training.

"We reaffirm our belief that adequate preparedness is necessary for national security," the AASA resolution said.

Included in the other resolutions were these:

"We wish to see greater emphasis on efforts (by UNESCO) to remove ignorance, fear and hatred by a more concerted attack at their source—the individual mind.

"We urge that the United States government provide an adequate staff (for educational programs in occupied countries), and that the public schools and other educational institutions be encouraged to grant leaves of absence to educators who are needed for this essential work.

"The advent of atomic energy makes it imperative that educa-

(Continued on Page Eight)

U. S. Gold Holdings Make Sharp Increase

WASHINGTON, Feb. 26, (AP)—Gold holdings of the government went above $23,000,000,000 today. This is a record high for any nation in history.

The United States now owns over three-fifths of the world's known supply of monetary gold. And it is steadily increasing its holdings.

Today's total of $23,028,263,000 worth of gold (at a value of $35 an ounce) is $2,039,000,000 more than the government had a year ago.

Most of the gold now coming in is shipped by other countries to pay for American products. They do not sell enough of their own goods in this country to get the dollars they need to pay for purchases here. So they make up the difference with gold.

In 1947 that difference was $8,736,300,000.

Taft Says Labor Act Is Reducing Strikes

WASHINGTON, Feb. 26, (AP)—Senator Taft (R-Ohio) said today strikes have been fewer under the Taft-Hartley Act -- but there may be trouble ahead.

The reason, he explained, is that the new law doesn't forbid walkouts for better wages and hours. And many union contracts expire in the next six months. Taft reviewed the law's operations in an article in Collier's magazine.

He said it is working satisfactorily, that it is preventing secondary strikes which "imposed unjust hardships on innocent third parties," and that it has already enabled unions to get rid of Communist officers "in a few cases."

SHEA TO SIGN

NAUGATUCK, Conn., Feb. 26 (AP)—Frank (Spec) Shea, New York Yankees' star rookie pitcher last season, said today he had agreed in a telephone conversation with General Manager George Weiss to sign his 1948 contract.

William Upshaw Stresses Kiwanis Ideals At Meeting

Carl Hubbell Is Presented With Deputy Sheriff's Badge

Kiwanis ideals, loyalty and enthusiasm were yesterday stressed by former Georgia Congressman William D. Upshaw, 81-year-old former candidate for President on the Prohibition ticket, in a talk sandwiched with witty stories, given to Kiwanians at the Tourist Center. He was introduced by Forrest Gatchel and by Mrs. Upshaw, who termed him the youngest old man in America.

Carl Hubbell, director of the New York Giants farm school, was presented with a deputy sheriff's badge. Sheriff P. A. Mero was unable to be present to pin the badge on Mr. Hubbell's lapel, and O. P. Herndon, county clerk, made the presentation.

In the group with Mr. Hubbell who were introduced by John Krider were Hal Gruber, manager of the Celery Feds; Bill McKechnie, manager of the Trenton, N. J., Club, and "Rubber" Jonnard, assistant to Carl Hubbell.

Mr. Upshaw was high in his praise of Sanford, expressed enthusiasm concerning the Fellow-

(Continued on Page Eight)

Dorothy Thompson Is Visitor In Sanford

Miss Dorothy Thompson, nationally known columnist and lecturer, was a guest in Sanford on Tuesday. Miss Thompson lectured at Stetson University in DeLand on Monday, Tuesday and Wednesday evenings and was accompanied to Sanford by a group of public relations officials from Stetson including Bland Taylor of the University.

Miss Thompson stated that she owns a farm in Woodstock, Vt. where a little celery is grown and so she was interested in the methods employed in producing it in Sanford. She was conducted on a tour of the farm of Lee Samuels on Celery Avenue by Mr. Samuels and E. M. Armitage. Mr. Samuels explained the growth of celery on his farm and took the group to the Chase and Company packing plant where the packaging process was explained. Miss Thompson was presented with samples of celery hearts and Pascal celery.

AUTO PRODUCTION

DETROIT, Feb. 26 (AP)—Motor vehicle production will hit a new postwar high mark this week, according to Automotive News.

The trade paper estimated today that United States factories will turn out 116,786 vehicles this week. The previous postwar high mark was 116,071 units assembled in the week ended Dec. 20, 1947.

Over ½ Of State's 40 Million Postwar Building Is Complete

TALLAHASSEE, Feb. 26 (AP)—More than half of Florida's $40,000,000 postwar building program either has been completed or is under contract.

Figures released by the State Improvement Commission today show that projects costing $10,000,000 in state funds have been substantially completed and are now in use.

Contracts have been awarded for an additional $13,500,000 worth of work and plans are to let contracts totaling $4,500,000 by July 1.

In addition, construction of a $1,250,000 Industrial commission building and a $1,250,000 State Road Department building is about 50 per cent completed. The industrial commission building is being financed with revenue certificates.

The 1947 legislature abolished the old flexible building fund, but it approved $19,100,865 worth of work previously contracted for by the cabinet and set up two special priority construction appropriations.

The first priority list called for $8,292,060. Contracts have been awarded for approximately half of the work. None of the projects in the $9,500,000 second priority list can be started until funds have been released for all first priority projects.

Among the projects already

Murderer Sought In 13 State Alarm For Knot Slaying

Victim Dies From Device That Chokes As He Struggles

NEW YORK, Feb. 26 (AP)—A 13-state alarm was broadcast today for a suspect in the strange and baffling Chinese torture knot slaying of a former Navy officer in a mid-Manhattan hotel.

The victim, Harvey Haeberle, a civilian employe of the Navy's photographic division, was found strangled in his ransacked hotel room early yesterday.

Clad only in shorts, the victim's hands were tied by strips of bed clothing which were also fastened to his throat. The fiendish device was arranged to choke Haeberle to death as he struggled to free himself. Detectives said the method used to kill Haeberle is one that has been employed for centuries by the Chinese to torture victims to death.

A maid discovered his body.

Police said a man was seen entering the victim's room shortly before 11 P. M. Tuesday. They gave this composite description of the suspected slayer:

Between 25 and 27 years old, five feet eight or nine, weight 140 to 160, dark-haired, wearing a red and black striped woolen

(Continued on Page Eight)

Director Appeals For Youth Leaders At Jaycee Meeting

Adjutant C. William James, youth work director for the Salvation Army in three southern states, voiced pleas for youth leadership at the noon luncheon of the Seminole County Junior Chamber of Commerce at the Mayfair Inn today.

"Let's not break the dream of our youths, we must keep them real. Tell them the truth about things which will confront them. They need most of all adults who are exemplary," he stated.

"If our young people can be allowed to fight on the battle fields and die for the country, they should be able to know the truth about life," he asserted.

"It has been said that we do not know how to handle our youths. They do not need to be handled, they need to be helped. We should begin to conserve our youths, and see beyond their present doings. Let's not break the dreams of the young people. Try to keep them real," he declared.

President Brailey Odham told the group of the Youth Government program being conducted in the schools of the county. He asserted that there are 90 students qualified for county offices and some have presented campaigns over radio station WTRR, so that "voters" in all schools in the county can make their selections for the offices.

President Odham retired from the meeting to go to WTRR to assist with another students' speaking campaign and turned the meeting over to Vice President I. E. Tucker.

Captain Byrd Hudson was in charge of today's program.

Senate To Debate ERP Figure Mar. 1

WASHINGTON, Feb. 26 (AP)—The Senate will begin debate on Monday on the $5,300,000,000 European Recovery Plan with Senator Vandenberg (R-Mich) as the leadoff man. Vandenberg, chairman of the Foreign Relations Committee, announced the arrangements today after the committee turned over the aid measure to the Senate. Drafted by the committee, the bill authorizes spending the $5,300,000,000 in the 12 months starting April 1 to help 16 Western European nations. Chairman Eaton (R-NJ) of the House Foreign Affairs Committee, said, meantime, that he thought that figure was "fair and sound." This is the first time that Eaton has expressed views on the amount of aid.

U.S. Agent Lashes Red Suppression Of German Press

Deputy Director Says People Fear Reds As They Did Nazis

BERLIN, Feb. 26 (AP)—A U. S. military government spokesman told the Germans tonight the Russians are suppressing freedom of expression in Germany with police methods.

"They have the same fear of truth and criticism which was displayed by the Nazi dictatorship," said I. P. Headon, deputy director of the Military Government Information Control Division, in a radio broadcast.

He said the United States would continue to press for this freedom because "We came to Germany to destroy a police state, not to participate in the creation of a new Gestapo."

Headon referred specifically to the recent Russian seizure of American produced printed matter sent into the Soviet zone. The seizures violated the four power agreement for the free distribution of information in all zones of Germany.

The pamphlets were German reprints of James F. Byrnes' book,

Negro Jazz Band Held For Inquiry

A negro jazz band of 10 men and one woman riding in a blue station wagon was stopped by Patrolman Jack Hickson at 2:15 o'clock this morning, and the occupants are being held for investigation by the Daytona Beach Police Department which at 1:55 A. M. telephoned police here to intercept the station wagon in which the band was headed for Tampa.

According to police here, the bandsmen are charged with stealing 10 pairs of roller skates. The station wagon, loaded with instruments, was parked overnight outside the station. It bears the inscription: "Tommy Philips, his sax and orchestra." The vehicle has a Florida license, also a 1948 Maryland license.

National Builders Association Planning For Low-Cost Housing

CHICAGO, Feb. 26 (AP)—The National Association of Home Builders today decided on a program including the Baltimore plan of slum clearance, the mortgage market, and low-cost housing.

The closing sessions of the NAHB also heard James F. O'Neil, National American Legion Commander, reiterate the Legion's stand on housing.

"The cold fact is, however, that our current economy has placed these homes (currently being constructed) beyond the reach of the average veteran with an average income," O'Neil said.

The Baltimore program of slum clearance, which calls for rigid enforcement of municipal sanitary codes, already has been approved by NAHB's board of directors. It was to be presented to the convention by Robert Bready, Baltimore, president of the Home Builders Association of Maryland.

Briefly, the program, besides enforcing codes, sets up a magistrate's court to deal with offenders. The basic code, however, contains a provision empowering the health commissioner to adopt "such ordinances as he may deem proper and necessary for the enforcement" of the code.

The mortgage market considerations, a spokesman said, were expected to deal with methods of obtaining easier credit without

Dr. E. D. Brownlee, Retiring Pastor Honored At Meet

Dr. E. D. Brownlee, retiring pastor of the First Presbyterian Church, was honored at a meeting of the Presbyterian Men's Club Tuesday evening at the church, at which 75 members were present, and was presented by George Stine, vice president elect, with gifts as a mark of appreciation for his many years of service to the church and organization.

George Touhy was elected as president of the club; George Stine as vice president; Ernest Galloway as treasurer, and William Brumley as secretary.

Dr. Brownlee was commended for his service by O. P. Herndon,

Merchants Barbecue Enjoyed By 200

Nearly two hundred Sanford merchants, their wives and friends, enjoyed a barbecue given last evening by the Sanford Merchants Association at the Elks Club picnic grounds. Andrew Stine was in charge of arrangements. W. A. Morrison is president of the Association.

W. E. Hathaway, veteran barbecue expert, received many compliments from those present for the fine beef, pork and lamb which was barbecued by him. He also provided some of his famous barbecue sauce.

Directors of the Association today expressed appreciation to their friends for the fine attendance. They especially thanked David Smith for ticket sales, Al Lyon for publicity work, Strickland-Morrison Company for use of trucks in bringing materials, the Hill Hardware Company, American Legion, the City of Sanford and Chamer of Commerce and other groups for aiding in providing facilities. W. C. Buie and his corps of meat cutting assistants, were also thanked.

The weather was ideal, with a full moon shining, and benches and seats were provided for everyone. A number of New Giant officials and players from the farm school were present.

CUB SCOUTS

A covered dish supper and meeting will be held by the Cub Scouts of Sanford at 6:30 o'clock Friday evening at the South-side Primary School with parents attending, it was announced today by Robert H. Reely, cub scout chairman. James Lustig is donating milk for the supper, said Mr. Reely.

Farm Bureau Aids Welfare On Incomes

The Seminole County Farm Bureau is co-operating with the State Welfare Board in furnishing accurate, current information regarding income of recipients, Mrs. Janis J. Colle, supervisor, announced today.

At a recent meeting, the Farm Bureau pledged co-operation in furnishing this assistance to the Welfare Board, and Dr. John W. Wilson, secretary of the Bureau, is advising all growers and shippers of the action of the group, said Mrs. Colle.

The program of public assistance and the responsibility of the Welfare Board to administer assistance only to those persons eligible for the various types, was explained by Mrs. Colle to the Farm Bureau members.

This aid is to the blind, to dependent children and to elderly people. Mrs. Colle pointed out that the grants given are to supplement other resources or income and that persons who are able to help themselves through employment, are encouraged to do so. The agency must, however, verify all income, and it was in this area that the County Farm Bureau pledged co-operation to facilitate.

INAUGURATION

GAINESVILLE, Feb. 26, (AP)—J. Thomas Gurney, Orlando attorney, and chairman of the board of control, representing the state of Florida, will install Dr. J. Hillis Miller as president of the University of Florida in ceremonies here on Mar. 5.

It is estimated that a well managed farm pond can produce as much meat per acre as the same area devoted to pasture.

Although only 11 per cent of U. S. farms had electricity in 1935, more than 61 per cent have electricity today.

WILLIAM C. FOSTER

UNDERSECRETARY of Commerce William C. Foster tells members of the House Interstate Commerce Committee in Washington that a proposed ban on the exporting of oil supplies might be "very dangerous." The committee had recommended the ban in a report on the nation's fuel crisis. Foster noted that the U. S. imports more oil than it exports. (International)

Nylon yarn is far more elastic than yarn of wool or silk, but when the same yarns have been made into plain knit fabrics the wool or silk fabric is more elastic than the nylon fabric.

Florida State News In Brief

OPENS CAMPAIGN

FORT PIERCE, Feb. 26, (P)—Dan McCarty will open his stump campaign for the governorship of Florida at a hometown rally here tonight.

FORCED LANDING

COCOA, Feb. 26, (P)—The Suella J, a B-29 with a crew of 14, made a forced landing at Titusville-Cocoa airport at 8 A. M. today while en route from the Azores to its home field, MacDill Field. The crew told airport attaches strong headwinds diminished the gas supply.

WORKERS SURVEY

TAMPA, Feb. 26 (P)—A survey will be begun Monday to determine accurately for the first time how many migratory workers are in Florida, the specific crop they now are working and the kind of employment for which they are best fitted.

Plans for the survey were made here at the first farm placement meeting in Florida since the Florida State Employment Service resumed charge of the Agricultural Placement Program Jan. 1.

CIRCUIT JUDGE BID

TALLAHASSEE, Feb. 26, (P)—Circuit Judge W. May Walker of Tallahassee announced today he will be a candidate to fill the unexpired term of Justice Rivers H. Buford on the Florida Supreme Court.

Justice Buford will retire Feb. 29. Governor Caldwell may appoint a successor to serve until next January when the office will be filled by a justice to be elected in November. The governor has given no indication of his choice.

REAL ESTATE SLUMP

BABSON PARK, Feb. 26, (P)—Continued good business over the country generally [illegible] and Florida real estate prices on the downgrade -- were forecast today at the conclusion of the Webber College business conference.

It was the 21st annual conference held by Roger W. Babson, economist, and from speakers came also these prophecies:

A leveling off [illegible]

Pressure for higher wages; and

Real estate [illegible] shift from large city to [illegible] urban areas.

Low Cost Housing

(Continued from Page One)

increasing interest rates.

Most convention consideration has centered about some form of government agency, similar to the RFC, which would purchase mortgage paper from lending institutions. Builders have been outspoken in opposing boosts in interest.

The low-cost housing thought centered about what NAHB terms the "minimum house"—a house stripped to the barest essentials consistent with health and safety, but expandable in terms of space.

This would sell, including land, within the $5,000 to $6,000 range, although cases of $3,750 costs were reported from Atlanta, Ga.

O'Neil, police chief of Manchester, N. H., told the convention in a prepared address that cost of veterans' homes could be reduced 20 to 25 per cent from current levels. This, he said, could be accomplished by the cooperative homestead features of the Legion's housing bill now pending in Congress.

He recommended as complementary congressional actions "reinstatement of the secondary market provisions which Congress eliminated last year," a reference to the NAHB stand on mortgages.

He also asked continuation of rent controls "lest the plight of veterans in retaining or finding shelter for themselves and families be further aggravated."

THURSDAY, FEB. 26, 1948

BIBLE VERSE FOR TODAY

ALL EXISTENCE IS A BATTLE. DON'T BE A COWARD EVEN THOUGH YOU MAY BE WOUNDED SORELY.—1 Ch. 19:

Senator Taylor of Idaho is to be Henry Wallace's running mate on the Third Party ticket. And, as the Tampa Tribune so aptly puts it, "The Senator from Idaho has proved himself to be one of the prize crackpots on the national scene".

From the "head gardner at the Mayfair" comes a magnificent bouquet of petunias in recognition of our recent tribute to the Mayfair's petunias. What a pleasant world this would be if everybody understood that you can catch more flies with petunias than you can with brickbats?

Governor Duff of Pennsylvania is on mighty solid ground in urging big business to lead the fight against inflation by starting a drive to, roll back prices. If retail prices do not come down, big labor will persist in its demands for higher and higher wages, which would eventually cost big business more than a cut in prices would now. And a cut in prices would cut the ground right out from in under big labor's new wage demands.

J. A. Murray, Tampa Tribune staff writer, whose perigrinations around the state we have been following with the closest interest, seems to believe that Fuller Warren at the moment is out in front in the race for governor, and will likely be high man in the first primary. However, he does not concede him an easy victory in the runoff against any of two or three other candiates likely to be in there with him. The English, Shands, McCarty support is not likely to turn to Warren.

We are glad to see the "powers" that be" in Sanford getting after the "Cuba" and "bolita" gamblers in this section whose racket has flourished during the war years to an unprecedented extent. Now that conditions are getting back to normal, there are not many people who can afford to lose the thousands of dollars which have been going to the operators every week. And, as indicated in this week's police docket where one white man, 19 negroes were fined most of the selling is done to negroes who can least afford to lose.

The Communists have taken over complete control in the hitherto democratic nation of Czechoslovaki in a sytematic procedure following routine Communist party tactics. First they demand a "voice" in government affairs. Then given a "voice" by the innocents, they use it to deny a voice to others. And the first thing you know they are the only voice that can be heard. That has happened in Poland, Yugoslavia, Bulgaria, Rumania, Hungary, and now Czechoslovakia, all since the recent war ended. And yet there are some people in this country who are so fat-headed that they still insist the Communists mean no harm.

We hope that every Sanford person read the story in Tuesday night's Herald on the present needs of American education. Five billion dollars a year more than is now being spent is needed to give our children the kind of an education they ought to have, the president of the American Association of School Administrators says. That is almost twice what we are now spending. But when we see how dilapidated some of our school buildings in Seminole county are, how over crowded and understaffed they all are, how much is needed in the way of libraries, scientific laboratories and recreational facilities, then we realize that for the nation as a whole five billion dollars more cannot be too much.

Red Cross Drive

The Seminole County campaign for the American Red Cross takes place next week with the Advanced Gifts Committee already contacting prominent citizens for their annual contributions. The goal this year is $7,199, and over 60 percent of it will be spent right here in Seminole County, only about $2,805 going to the national organization.

Sanford has been very fortunate in the past in not having any real disasters which called for large expenditures of money for rehabilitation work. but we cannot count too heavily on luck in this respect continuing indefinitely. One never knows when disaster will strike home and it is the better part of foresight to be prepared for it.

Florida itself was not so fortunate last year. On account of hurricanes which were followed by exceedingly destructive flood conditions lasting for many weeks, immediate relief was needed to provide for thousands of homeless persons and to help repair their damaged houses. As a result, more than $750,000 was spent by the Red Cross in Florida last year, though this state had contributed only $300,000 to the national organization.

When such disasters strike, there is no time to put on a drive to raise funds, to gather experienced relief crews and trained personnel. Something has to be done at once, or people will starve, suffer from cold and disease, and die of exposure. The American Red Cross is the only agency organized on a national scale, fully equipped and adequately financed to cope with such situations.

During the first ten months of last year the American Red Cross spent over eight million dollars providing help and assistance to 95,600 persons in 312 disasters including 161 fires, 50 floods, 37 ternadoes and 18 other storms and covering 46 states, the District of Columbia and Alaska. The Red Cross also assisted 2,029,000 veterans and their families and gave them financial aid amounting to $6,441,000.

The various activities of the Red Cross are far broader than we can cover here but a few of them include the blood plasma program, First Aid instruction, water safety and accident prevention, home nursing, Junior Red Cross, Gray Lady service, Nurse's Aide, and the production and supply service. Over 346,000 First Aid certificates were issued last year, and over 470,000 water safety certificates for the completion of life saving and swimming courses.

But the American Red Cross cannot continue to carry on its great and far-reaching humanitarian activities unless it receives your support. Give and give generously.

Army And Liquor

"From the way some mothers talk, you would think the army had invented sex." This harried remark with which a War Department official relieved his feelings might have included drunkenness as well. Teetotallers are admittedly not common in the army; but official figures suggest that the military establishment is not doing a bad job with the alcohol problem. In fact, the Army may be doing better than civil life.

Alcoholism, the army reports, dropped from 4.61 per 1,000 men in 1936 to 1.66 in 1945. The civilian figure reported for 1945 was 8.57 per 1,000. Does this mean that to cure the evils of liquor, we should put everyone into uniform?

Certainly not. But it does take some of the ground away from one argument against Universal Military Training. Young men in military training learn many useful things about living. In civil life the use of alcohol is too often handled on purely moral grounds: it's wicked or pious to drink or not to drink. Learning a little from the scientific point of view about wise uses and dangerously unwise abuses of more things than alcohol never hurt a young man yet.

The Old Constellation

If you want to chip in to save the historic frigate, Constellation, the Navy is allowed to receive your gift. This is by terms of a bill which has just passed the Senate, and now goes to the House. In this economical fashion Congress expresses its willingness to save a famous relic of early American naval history.

The Constellation, built in 1798, had its greatest glory in the war with France. (How many Americans know that there was a short-lived naval war with France at the end of the 18th century?) Later she fought against the Barbary pirates of Tunis and Algiers. During the War of 1812, when she might have added to her laurels, she was laid up. Now she lies in the Boston navy yard, which also shelters the more famous Constitution ("Old Ironsides," as Oliver Wendell Holmes' poem christens her). Unless something is done to preserve her, she will eventually rot away.

It will be interesting to see what the response is from lovers of gallant ships. Pennsylvania has already asked to have the Constellation moved to the Delaware River, where she was built.

Historians Seek Origin Of Ancient New England Mill

AP Newsfeautres

NEWPORT, R. I.—Historians are arming themselves to storm a tower that has never surrendered its secret in hundreds of years.

The old stone mill — whose ancient silence on a hill in Touro park has challenged generations of New England questioners— is soon to face a full battle line of science, archeologists and historians who seek what lost hands braced its arches and set its stones.

A familiar picture in American schoolbooks, the strange tower—which may be the oldest structure in the land — has for years never given the answer to these two questions of its origin:

1. Was it built by Vikings as their church or stronghold against savages of the 12th century new world?

2. Was it built on order of Gov. Arnold, first colonial governor of Rhode Island, between 1663 and 1666?

In New England historians and and householders have chosen sides on these two explanations for generations and now for the first time a direct study will dig for the answer.

The newly formed Newport Preservation Society, headed by Mrs. George Henry Warren, Jr., and sparked in this project by railroad magnate Robert R. Young, has at least been authorized by the Newport Park Commission to make excavation.

In its present state the tower stands like a hollow silo, its roof gone, and its grey fieldstone bulk supported by arches with eight columns.

Schoolboys know of it, too, from Longfellow's poem "Skeleton in Armor" in which the poet writes of the tower as the refuge of a Norse warrior.

Chief spokesman of the Norse theory was the late archeologist, Philip Ainsworth Means of Pomfret, Conn., whose book, published in 1942, declared flatly that the tower "is the nave of a round Norse church erected in the 12th century by men sent out by Bishop Eric Gnupsson, bishop of Greenland and Vinland."

The opposing school scoffs at the Vikings and quotes Gov. Arnold's reference in his will to his "stone built windmill." They argue, too, that Arnold's mention of such a structure was the only reference to it from the time of Newport's founding in 1639.

Once, historians claim, the tower had two floors and there were traces of a fireplace in it.

Pilgrim records show that the old mill was used as a powder house in the Indian wars. Up the years it served as a corn mill, a lookout tower and a hay mow.

Means called the tower "this most enigmatic and puzzling single building in the United States."

MILK PROBE

WASHINGTON, Feb. 26, (AP)—The Justice Department today announced the indictment of two dairy companies and six individuals "for conspiracy to fix the prices of fluid milk in the St. Louis, Mo., area." Clark also has ordered grand jury investigations of local milk prices in Chicago and Washington, D. C.

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Secretary of State Marshall says that so far as he knows there's nothing in reports that the Russians have been putting out peace feelers in Berlin for a settlement of the "cold war" with the U.S.A.

Well, if the general doesn't know about them it's a safe bet there haven't been any, because he would be about the first man informed of any such momentous development. As a matter of fact it's hard to see what possible basis there could be for thinking Moscow was making peace overtures.

Why should Russia want peace? By waging a carefully planned "cold war" of aggression (and sometimes not so cold, at that) she has brought virtually all of Eastern Europe and part of Central Europe under Soviet domination. At the same time she has extended her influence over Manchuria and a great section of Northern China, and just now has virtually annexed Northern Korea.

Meantime in other countries, not excluding the United States, Soviet agents and native adherents to the cult of the clenched fist have been giving demonstrations of what Communistic intensive organization can do. So, taking it the world around, the Bolshevists would seem to have done fairly well for themselves— on paper. Why, then, should they suddenly sue for peace?

In answering this question we must remind ourselves again that the cold war wasn't of spontaneous origin. As this column has pointed out before, it is a part of Bolshevism's thirty year old program of world revolution for the establishment of Communism. It is a project which never will cease until either (1) Communism succeeds in overrunning the world, or (2) the Red advance is halted by a material barrier—like the Marshall Plan, for example.

It is true that in Europe the Communist drive has slowed down to a crawl. However, this is due to the fact that Moscow already has taken over all the countries in which it had armed forces and thus is in complete control.

The Bolshevist satellite empire now includes everything up to the Stettin-Adriatic line, which is the frontier of demarcation between Red Eastern Europe and Democratic Western Europe. The Russians can't employ their troops to the west of that line, and so must depend on the usual Communists strong-arm tactics to create situations out of which Soviet regimes may be established. It is to prevent the success of these tactics, of course, that the Marshall Plan was devised.

But we have a far different picture in the Orient. Russian fighting forces are widely scattered in strategic positions which must encourage Moscow to believe that the Soviet has a good chance of bringing Manchuria and Northern China within its orbit of control, along with Northern Korea. The Bolshevists have double encouragement in the fact that the Chinese Communists, in their revolutionary efforts to establish themselves in Northern China and Manchuria, are in effect fighting Russia's battle for her.

No, I don't believe Moscow is for peace.

SORRELLS DIES

NEW YORK, Feb. 25, (AP)—John H. Sorrells, 52, executive editor of the Scripps-Howard newspapers, died of a heart ailment at his home here early today.

His wife, Ruth, was at his bedside.

Sorrells also was president of the Memphis Publishing Company which publishes the Memphis (Tenn) Commercial Appeal and the Press Scimitar.

ICE PICK AFFAIR

NEW YORK, Feb. 25, (AP)—Brooklyn police today sought a young husband accused of a second attack on his wife with an ice pick.

Bob Stevenson, 21, arrived in New York Sunday after being discharged recently from a Memphis, Tenn., hospital. Yesterday he went to the Brooklyn rooming house where his wife, Frances, 21, and 11-month-old Bob, Jr., had been living. They had planned to hunt an apartment.

Mrs. Stevenson was reported in serious condition at Wycoff Heights Hospital. Police said the attack was Stevenson's second on his wife. He had been committed to the Memphis hospital, they said, after he broke three bottles on her head in a Memphis hotel.

Red Cross Sunday Will Be Observed

Saturday and Sunday have been designated, respectively, as Red Cross Sabbath and Red Cross Sunday, it was announced today by A. Edwin Shinholser, chapter chairman of the Red Cross in Seminole County.

This period has been concurred in by the Federal Council of Churches of Christ in America, the Executive Board of the Synagogue Council, and the National Catholic Welfare Conference.

Mr. Shinholser pointed out that during 1947 State Chapters contributed $300,000 to the national organization, and during the same year, the National Red Cross sent back into the State for disaster assistance approximately $750,000.

Baptist WMU Has All-Day Meeting

The Women's Missionary Union of the First Baptist Church held an all-day meeting on Monday at the church with mission study chairmen in charge of the program. Thirty-five members were present for the meeting luncheon served buffet style at noon.

The topic of the program was a book, "Spiritual Frontiers" by Courts Redford, under the direction of Mrs. W. D. Gardiner. Eight chapters of the book were taught by Mrs. R. F. Cooper, Mrs. J. T. Hardy, Mrs. C. A. Anderson, Mrs. H. W. Rucker, Mrs. Forrest Gatchel, Mrs. George Dixon, Mrs. M. N. Cleveland and Mrs. W. P. Brooks, Jr.

GARDEN CLUB CALLED MEET

The board of the Sanford Garden Club will have a call meeting on Friday morning at 10:00 A. M. at the Garden Center on the lakefront.

HAPPY BIRTHDAY

Mrs. C. F. Proctor, Sr.

Mrs. Albert Zinser

Personals

Alfred Robson of Atlanta, Ga. is spending a few days with his parents, Dr. and Mrs. J. N. Robson.

H. E. Nutting of New York City is visiting his sister, Mrs. Arthur Branan at her home on Magnolia Avenue.

Mr. and Mrs. Roy Holler had as their guest over the past weekend, Isaac S. Kibrick, a nationally known lecturer on life insurance.

Mrs. Russel Simmons of Adel, Ga. has arrived in Sanford to spend a few days with her parents, Mr. and Mrs. P. N. Whitehurst.

Mrs. C. M. Richardson of Orlando is the guest of Mr. and Mrs. J. M. Cameron and W. P. Stone at their home on Celery Avenue.

Mrs. J. N. Burdick plans to leave this weekend for St. Augustine where she will visit with her son and daughter-in-law, Mr. and Mrs. Philip D. McRae.

Friends of W. P. Stone will be interested to learn that he has returned from the Sanitarium in Orlando where he received treatment for three weeks. He is much improved.

Mrs. W. J. Morrison left today for Jacksonville to visit her daughter, Mrs. Ralph Wight, II. Friends will be glad to learn that Mrs. Wight is getting along nicely at the Riverside Hospital.

Mr. and Mrs. Bernard Wilke and Mr. and Mrs. Charles Wilke have as their guests Mr. and Mrs. John Aarand and Mr. and Mrs. C. Wilke of Staten Island, N. Y. They plan to return to New York some time next week.

Mrs. Virginia Burney, worthy matron, O.E.S., and Leslie T. Sheppard, worthy patron, of Seminole Chapter have been invited to serve as grand page and assistant grand sentinel respectively, at a grand chapter meeting to be held in Tampa in the near future. sentinel respectively, at a grand chapter meeting to be held in Tampa in the near future.

MIAMI REDS

WASHINGTON, Feb. 26 (AP)—The House Un-American Activities Committee will investigate Communistic activities in Miami.

Rep. Vail (R-Ill) has been appointed to conduct the investigation. He plans to go to Miami next week, accompanied by Robert S. Stripling, the committee's chief counsel.

HOGAN HOT

ST. PETERSBURG, Fla., Feb. 26 (AP)—Ben Hogan's flashy shooting on the first nine of the St. Petersburg Open Golf Tournament today set him up as the one to beat in the $10,000 72-hole event. Hogan shot a six-under-par 30 for the nine holes. He fired birdies on the first five holes and the seventh.

Photo by Raymond Studios

Miss Elizabeth Fanning Thurmond, daughter of Mr. and Mrs. John Paul Thurmond, whose engagement to Charles Rodrick Bowes, son of Mr. and Mrs. Marcus William Bowes of Miami, is being announced today. Miss Thurmond attended local schools and Huntingdon College in Montgomery, Ala. She is at present employed as secretary in the law offices of George A. Speer, Jr., local attorney. Mr. Bowes served during the recent war as a member of the United States Marine Corps and is the Central Florida distributor for Bowes "Seal Fast" Corporation. Plans for the wedding will be announced at a later date.

Miss Thurmond Will Wed Charles Bowes

Mr. and Mrs. John Paul Thurmond announced today the engagement and approaching marriage of their daughter, Elizabeth Fanning, to Charles Rodrick Bowes, youngest son of Mr. and Mrs. Marcus William Bowes of Miami.

Miss Thurmond was born in Washington, Ga., and moved to Florida at an early age. She attended local schools and was graduated from Seminole High School as valedictorian of her class. During her senior year she was president of the girl's HI-Y and a member and later sponsor of the local chapter of the Sub-Deb Club. Following her graduation from high school she attended Huntingdon College in Montgomery, Ala., where she was a member of the Freshman Commission and pledged to Pierrettes, a dramatic club. For the past several years she has been employed in the law offices of George A. Speer, Jr.

Mr. Bowes attended Andrew Jackson High School in Miami prior to entering the United States Marine Corps in World War II. While serving in the armed forces he was attached to the First Marine Division for four years, 27 months of which were spent in the South Pacific theater. Mr. Bowes participated in campaigns on Guadalcanal and Cape Gloucester, New Britain. Following his discharge from the Marine Corps he attended Indiana University at Bloomington, Ind., for two years. For the past year he has made his home in Sanford and is the Central Florida distributor for Bowes "Seal Fast" Corporation.

Plans for the wedding, which will take place in the late spring, will be announced in the near future.

Dr. J. Hillis Miller, who will be installed as fourth president of the University of Florida at inauguration ceremonies Mar. 4 and 5. Prominent features of the two-day ceremonies will be a meeting of Southern Governors, and a Regional Conference on Educational Planning. Prominent educators from colleges and universities throughout the nation will attend the ceremonies, the most significant in the history of the University.

Eighteenth Annual Animated Magazine Presented Yesterday At Woman's Club

With an outstanding program of art, talent and speakers the eighteenth annual edition of the Animated Magazine was presented yesterday afternoon by the literature division of the Fine Arts Department of the Sanford Woman's Club. Mrs. A. M. Philips served as editor-in-chief and had chosen as the theme for the magazine "The Brotherhood of Man."

The large room of the club house was effectively decorated with Formosa azaleas and white plum blossoms. At one side of the stage stood the magazine, the cover of which was a painting of the band shell and pier done by Mrs. W. M. Scott. Also on the stage was the large grand piano upon which was played the prelude, a new feature for the magazine, by Helen Hutchison Tucker. About the room were hung the attractive paintings in blond wood frames contributed for display by the Centre Street Gallery in Winter Park. Arrangements for the display were under the direction of Charles Dawson.

Mrs. H. W. Rucker turned the pages of the magazine and welcomed the large number of members and guests present. She gave a brief history of the Animated Magazine from its conception among a group of Women's Club members about 20 years ago and its presentation 18 years ago with Mrs. E. D. Brownlee as editor-in-chief. Mrs. Rucker announced that the present edition of the magazine was dedicated to Mrs. O. P. Herndon, who was presented with an azalea plant.

Mrs. Philips told of the program for the afternoon and stated that she hoped it would leave the guests with a feeling of brotherhood and peace. A. E. Shinholser, young Sanford attorney, who followed Mrs. Philips on the program, stated that the "Brotherhood of Man" is not now and never has been a voluntary proposition.

"We in the United States consider ourselves superior in all ways to nations of the world, but we are actually not responsible for our success," stated Mr. Shinholser. "The credit should go to the hard work of our forefathers. For this reason we should not try to make others conform to our ideas, but should be tolerant of the ideas and ideals of other nations."

Mr. Shinholser closed his talk by saying, "When we are prepared to offer opportunities and advantages that are ours, to recognize the rights of others and not try to force our ideas on others, then we are truly of the brotherhood of man."

The Beatitudes were sung by Dick Aiken, accompanied by Mrs. George Touhy, after which Miss Sylvia Verdin, the guest speaker for the afternoon, was presented. Miss Verdin, a native of Mexico and an honor student at Rollins College, had as her subject "Our Neighbors to the South." She pointed out that peace can be obtained by education through better understanding among nations. For better education, Miss Verdin said, we must have leaders from the colleges. She told of the adult education classes at Rollins in the form of lectures and motion pictures.

Mentioning the American School Foundation in Mexico, she said that this school is considered an example to be followed in other foreign lands. She described the school's founding and stated that teachers were recruited from all over Mexico and the United States. From this college, she said, students are sent to the United States on a plan of individual recognition. In closing she said that America is entering an era of new opportunities culturally and commercially and will meet the challenge to build a greater world.

For the musical portion of the program Miss Catherine Soney and Miss Ann Lovell of Rollins ably rendered vocal and violin solos. Following Miss Soney and Miss Lovell was a presentation by Les Soeurs, the junior division of the Woman's Club. The Misses Maryanna Springer, Jo Ann Williams, Margaret Pattin, June Rose Dutton and Barbara Chapman told of their experiences at Girl's State held in Tallahassee from July 15 to 19 from the instructional and recreational viewpoints.

Making up one of the main attractions of the magazine was "The Jewel Song" from Faust rendered by Mrs. Charles E. Ginn, accompanied by Mrs. P. H. Fuller at the piano. Mrs. Ginn, in a Dutch costume, gave a beautiful rendition of the song in Italian.

Last on the program was the advertising portion announced by Mrs. W. M. Philips. The novel presentation of the ads was participated in by Mona Jobe, Diana Fleischer, Gene Elsberry, Tommy Russell, Cynthia Roumillat, Wallace Philips, Jr., Sandra Knder, Kay Ivey, John Ivey, Jr., Harriett Redding, Dorothy Williams and Judy and Sally Robb.

GRIMES WITH YANKEES

NEW YORK, Feb. 26 (AP)—Burleigh Grimes, former major league pitcher and Brooklyn Dodger manager, will join the New York Yankees coaching staff for spring training in Florida.

Grimes, a Yankee scout for several seasons, will report at St. Petersburg Sunday and work exclusively with pitchers.

The average brass contains about 70 per cent copper and 30 per cent zinc, although other brasses are made with different proportions.

Florida Teachers Pay Is Hot Issue During Campaigns

TALLAHASSEE, Feb. 26, (AP)—Everybody seems to be waiting for someone else to make the next move in the fight over Florida school teachers' summer salaries.

Circuit Judge Ross Williams of Miami heard arguments Monday in a Dade county teachers' suit for immediate payment of salaries for the vacation months of last July and August.

But he didn't rule specifically. He said he was waiting to see whether the State Board of Education will make a decision.

In Tallahassee, however, there is no indication the cabinet board will take any action until the courts have had their say.

James L. Graham, director of finance for the State Department of Education, said there has been no recent request for the board to make a ruling. He said he knows of no plan to bring it before the board.

It's a touchy issue to arise during an election campaign in which many state and county officials concerned are candidates.

The 1947 school law provides that teachers who work 10-month terms shall be paid in 12 equal monthly installments. It went into effect last July 1, while teachers were on vacation.

TRUMAN ON RENTS

KEY WEST, Feb. 26 (AP)—President Truman will act this week on a stop-gap bill extending rent control to Apr. 1 and another measure extending certain wartime maritime commission control over shipping. He is expected to sign both.

PHOTO PROCESS

COLUMBUS, Ga., Feb. 26 (AP)—The Columbus Ledger and Enquirer announced they would resume publication of afternoon and morning papers today with a photo-engraving process. Printers on the two newspapers walked out Sunday after new working conditions were posted. Pressmen refused to cross picket lines.

New York Giants Baseball School Comes To Close At Airport Site

The New York Giants 1948 baseball school is nearly at the end of the session, Carl Hubbell, director of the Giants farm system stated yesterday.

The Giants returned nearly 40 youngsters to their homes yesterday afternoon, leaving but a dozen aspirants in the Municipal Airport camp.

"We have signed some mighty good looking players from the school, but we are not sure that any of them will make the grade." Manager Hal Gruber of the Sanford Giants entry in the Florida State League said today.

The youngsters signed will be brought back to the Giants spring training camp and will be given additional instruction and assistance from the many instructors, coaches and scouts, who will be here to conduct the spring drills.

Eddie Montague, Giants scout, said that he likes the looks of several of the youngsters signed to Sanford contracts, and they will be of great assistance to the Sanford club when the baseball wars are on this summer.

"We are looking to get several players optioned to the Sanford club after the spring drills open," Gruber stated. "You know there will be a lot of fellows who are not ready to play A or B ball and will be sent to teams of lower classification. We hope to get our share of these players," Gruber added.

Announcement Of Louis - Walcott Bout Is Expected

CAMDEN, N. J., Feb. 26 (AP)—To the surprise of nobody, the return bout between Heavyweight Champion Joe Louis and Jersey Joe Walcott probably will be announced officially tonight.

The announcement that Walcott has agreed to the terms set down by the Twentieth Century Sporting Club is slated to be made at the presentation of the Police Gazette's "Heavyweight Championship Belt" to Jersey Joe in a public ceremony at Convention Hall.

The Police Gazette considers that Jersey Joe whipped the champion in their first encounter last December and is reviving its custom of years ago in awarding a belt to the titleholder.

But when Champion Joe and Challenger Jersey Joe meet in the Yankee Stadium June 23 over the 15-round route it'll be Louis that'll get the titleholder's share of the purse.

Oklahoma Mentor Has Inside Track To Yale Position

NEW HAVEN, Conn., Feb. 26 (AP)—The latest candidate reported as having the "inside track" for the vacant football coaching job at Yale is Charles (Bud) Wilkinson, coach at Oklahoma University.

At Oklahoma City, Dr. George L. Cross, O. U. president, said last night:

"It is my understanding that Bud has been offered the job."

The Daily Oklahoman was more specific. It said an unidentified member of the Yale alumni board had told Wilkinson:

"If you want the job, it's yours, we will recommend you to the school and the recommendation will be accepted."

Edwin F. Blair, chairman of the Yale graduate football committee, declined to confirm or deny that the Sooner coach had been offered the post left vacant by Howie Odell's departure for the University of Washington. Said Blair:

"All I can say is, 'No comment.'"

The Daily Oklahoman said Wilkinson had been offered a five-year contract with "many concessions." The coach himself did not deny the report, but said he planned no trip east to confer with Yale officials.

The report that Wilkinson is now the favored candidate came shortly after Norman J. Daniels of Wesleyan became the third football coach to express himself as unwilling to take the Yale job.

The Panama Canal is 51 miles long.

Four New Pitchers Sign Contracts For Local Club

Four pitchers have signed contracts from the New York Giants Baseball school being held at the Municipal Airport, it was announced today by Manager Hal Gruber of the Sanford Giants entry in the Florida State League.

The pitchers are all righthanded flingers and include Donald Unseid, 21, from Maplewood, N. J.; Jim McKenna, 20, from New York City; Charles Spinks, 20, address unknown and Joseph Schultz, 19, from Flushing, L. I. New York.

Half-Way Point Is Reached In 90 Day Greyhound Season

The half-way point in the 90-day greyhound racing meet will be reached tonight at the Sanford-Orlando Kennel Club when the 45th program of the current season will be offered.

It was announced today by Robert G. Baird, general manager of the Kennel Club, that the State Racing Commission had extended the racing season to benefit for the loss of seven running nights which resulted from the recent controversy between the dog owners throughout the state and the track operators.

Under the new dates granted, Mr. Baird said the Sanford-Orlando track season would extend through Apr. 19, instead of Apr. 10 as originally allotted.

Tonight's program of 10 events is scheduled to begin at 8 P. M.

Baroudi's Manager Says He Is Through With Fight Game

NEW YORK, Feb. 26 (AP)—The manager of fighter Sam Baroudi, who died after a bout in Chicago last Friday, says he is through with the game.

Mike Spinelli gave his resignation to the New York Boxing Managers Guild yesterday at the organization's request, and added that "I am abandoning management of boxers."

The Guild's board of governors met with Spinelli to investigate reports he attempted to leave Chicago as the fighter was dying in a hospital after a bout with Ezzard Charles.

Spinelli said he had intended to stop off in Akron, Ohio, and leave Baroudi's share of the $5,600 purse with the fighter's father. He said Baroudi's father had empowered him to collect the money.

Muskrats are important fur animals in hot Louisiana and frigid Alaska.

From where I sit ... by Joe Marsh

Where Does Your Money Go?

Read the other day where country folks and farmers spend more money, proportionately, on their homes than city dwellers do.

Doesn't seem hard to believe when you think it over. Take the folks in our town, for instance: They're home-loving people—who'd rather spend an evening by the fire with a mellow glass of beer than go out in search of entertainment or diversion.

So it's only natural they put more into what means most to them and to their children: their homes. They may not have too much to spend—but it goes for those permanent, abiding comforts that make home a nicer place to be.

And from where I sit, that budget calls for some of the niceties of home life too—like cider and popcorn for the kids from time to time, and a friendly glass of beer for Mom and Dad . . . things that belong with what we mean when we say "Home."

Joe Marsh

COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.
Herald Sports Editor

Hal Gruber, manager of the Sanford Giants' entry in the Florida State League, has received eight signed contracts from players who attended the New York Giants' baseball school here.

The players include two lefthanded pitchers, two righthanded pitchers, one infielder, two outfielders and one catcher.

Those signed include Frank Giordano and Connie Kavakis, outfielders; Len Matte, catcher; Bob Peppers and Bob Marshall, righthanded pitchers; Lyman Peck and Don Creasy, lefthanded pitchers, and George Streit, who is a first baseman.

Manager Gruber has also sent contracts to six of the 1947 players on the Celery Fed squad. Those contracts were sent to Buddy Lake, Martin Zuba, Johnny McManus, Tim Tyler, Jack McCammon and Johnny Tomat.

Gruber has also announced that Walt Harrington has been sold to the Juebec club of the Canadian-American League.

This list brings up to date on the signing of players for the Sanford club.

None of the contracts sent to players of the 1947 squad have been received by Manager Gruber.

We want to impress on the fans, who boost the Sanford club, that not any one man signed to a Sanford contract has "nailed down" a berth on the '48 edition of the Feds.

All of these men are going to be brought to the Sanford camp and given a thorough trial. Then, to Manager Hal Gruber that they if they prove to the Giants and have the ability to play good baseball, then they will stay.

These boys will be given stiff inspections and will be "eyed" by all of the scouts in the Giants' organization. They will have to be pretty fair prospects, or they will not be kept here.

The Giants are going to do everything they can to give us a winner in Sanford. Last year they had 23 farm clubs in their organization and 16 of them finished the season above the fifth slot, or in simple words, in the first division. Sixteen of their farm clubs were in the Shaughnessy playoff series. That is a pretty fair showing for any organization.

Johnny Toncoff

The status of Johnny Toncoff, who skippered the Palatka Azaleas last season is still uncertain as the 1948 Florida State League season draws near. Ray Ryan, general manager of the A's is expected to give a yes or no on Toncoff shortly, however.

Palatka was an independent ball club during the 1947 campaign and will remain in the same category for 1948.

Thus far they have announced that Al Pirtle and Bill Loveys will return for the '48 season, and the return of Toncoff will certainly aid the sagging Palatkans.

Ryan has signed a number of rookie prospects, but little is known of their ability to play in the FSL competition.

Among those signed by Ryan are Harold Barhorst, an 18-year-old righthand pitcher, twirled last season in the Western Ohio League and Ryan rates the 197-pound chunker highly; Frank Knowlton, 22, who pitched semi-pro ball at Athens, Ohio; Tom Tabb, 21, University of Kentucky rookie, is ticketed for shortstop; Ray Ridenhour, University of Miami (Ohio) shortstop; Dan Breannen, University of Cincinnati catcher; Al Schulze, 190-pound rookie third baseman, and Rookie Outfielders Robert Synan of Pocahontas, Va., and Walter Kowalski of West Virginia.

Less than half of one per cent of inter-city passenger travel in the United States in 1940 was by boat.

Six Conference Titles Set In College Basketball In Country

NEW YORK, Feb. 26 (AP)—The 1948 parade of college basketball champions has started. Six conference titles already have been decided. The list is expected to double by Saturday.

The six already decided:

Southwest Conference—Baylor.

Rocky Mountain Conference—Colorado State.

Southwest Border Conference—Arizona.

Central Conference — Iowa Teachers.

Mason-Dixon Conference (season play)—Baltimore Loyola.

Vermont Conference—Vermont.

Assured of at least a tie and expected to take it all are the Oklahoma Aggies in the Missouri Valley Conference; California in the southern division of the Pacific Coast Conference and Brigham Young in the Skyline Six. Kentucky, in the Southeast Conference, and North Carolina State, in the Southern Conference, finished on top in season play, but they still must win their league post-season tournament before officially gaining recognition as champs.

The Big Nine, Big Seven, Eastern Intercollegiate and the northern division of the Pacific Coast Conference still are doubtful, but may be decided by Sunday.

Hockey Executive Wants To Talk To Convicted Robber

DETROIT, Feb. 26 (AP)—Professional hockey's top executive, determined to unearth specific facts in a reported link between players and gamblers, redoubled his efforts today to talk to the imprisoned man he believes may tell him the full story.

Failing in his first attempts to contact high Michigan officials, National Hockey League President Clarence Campbell sought again to find some means of talking to James (Occo) Tamer.

The 36-year-old Tamer, a convicted bank robber now back in Southern Michigan prison as a parole violator, "Would be the man who could give us the information we need," Campbell said.

The hockey executive said he would try to reach Michigan's Governor Sigler this morning in an attempt to get on the trail of concrete evidence.

Among such evidence might be some mysterious wire recordings reportedly made of Tamer's telephone conversations with two National Hockey League players.

28 Phillies Signed For 1948 Season

CLEARWATER, Fla., Feb. 26 (AP)—Twenty-eight of the Philadelphia Phillies have signed their 1948 contracts.

The latest batch of five was received yesterday. They came from Al Lurisch and Oscar Judd, veteran flingers; Walt Dubiel, 27-year-old pitcher who has been up with New York Yankees; Charlie Gilbert, infielder, and Rookie Hurler George Thomas.

NEURALGIA
Nothing is more quickly effective for the relief of neuralgia and headache than Liquid Capudine. Also soothes upset nerves due to the pain. Use only as directed.
Liquid CAPUDINE

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.
CREOMULSION
for Coughs, Chest Colds, Bronchitis

Bathing is forbidden among many of the inhabitants of Tibet.

BIG TRADE

WEST PALM BEACH, Feb. 26 (AP)—The Florida International Baseball League Indians have sent Pitcher Pete Stein and Catcher Mike Fedunlak to Anniston in a swap for two pitchers.

The Indians will get Pitchers Bill Rogers and Ben Harrel from the Southeastern League team.

ZINN TO COACH LOOKOUTS

LITTLE ROCK, Ark., Feb. 26 (AP)—Veteran Jimmy Zinn, who pitched for many years in the majors, said last night he will coach this season for the Chattanooga Lookouts of the Southern Association.

Zinn was a coach for Sacramento of the Pacific Coast League last year. Since 1937 he has been a minor league manager or coach.

GIANTS GO WEST

NEW YORK, Feb. 26 (AP)—An advance party of the New York Giants will leave New York today for spring training camp at Phoenix, Ariz.

Legal Notice

IN THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF FLORIDA
United States of America,
Petitioner,
vs. No. 357-Orlando CIVIL
Eight (8) Tracts of Land in Seminole County, Florida
et al,
Defendants.

NOTICE OF CONDEMNATION PROCEEDINGS

TO WHOM IT MAY CONCERN:

WHEREAS, a Petition for Condemnation has been filed on January 9, 1948 in the above entitled Court whereby the UNITED STATES OF AMERICA, as Petitioner, prayed for the condemnation upon proper compensation of a perpetual easement to enter upon, dig, cut away and remove any and all of the land hereinafter described, as may be required for the construction and maintenance of the improvement to the St. Johns River, Jacksonville to Lake Harney Cut-off Channel via Woodruff Creek and Canal, and to maintain the portion so cut away and removed as a part of the navigable waters of the United States and to enter upon, use and occupy any portions of the land not so cut away and converted into that public navigable waters for the deposit of dredged materials together with such other purposes as may be needful for the preservation and maintenance of the improvement work; reserving, however, to the owners of said lands and their assigns all such rights and privileges in the lands as may be used and enjoyed without interfering with or abridging the right and easement above described, over the following described tracts of land:

TRACT NO. 56-(b)

A parcel of land, with all riparian rights appertaining thereto, lying in the unsurveyed part of Section 29, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of Reference is the S E corner of said Section 29.

From said Point of Reference run N. [illegible] W. 1152.50 feet along the east boundary of said Section 29 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project, which point of intersection is hereinafter referred to as the Point of Beginning.

From said Point of Beginning run S. 65°05'20" W., 1450 feet, plus or minus along said S R/W line to the High Water Line of Lake Monroe; thence run Northerly 320 feet, plus or minus, along the meander of said High Water Line crossing the mouth of Woodruff Creek, to an intersection with the N. boundary of said Section 29; thence N. 88°50'10" E. 120 feet, plus or minus along said N. boundary to an intersection with the S R/W line of said R/W Parcel No. 56, which S R/W line is parallel to, and 500 feet distant (when measured at right angles thereto) from said N R/W line; thence run [illegible] E., 1337.17 feet along said S R/W line to an intersection with the east boundary of said Section 29; thence run S. [illegible] E. 551.25 feet along said east boundary to the Point of Beginning, containing a net acreage of [illegible] acres more or less.

The land above described is shown as a portion of Right-of-Way Parcel No. 56 lying in the [illegible] part of Section 29, T-19-S, R-31-E, Seminole County, Florida on that certain map on file in the Office of the United States District Engineer, Jacksonville, Florida, entitled "St. Johns River, Florida, Jacksonville to Lake Harney Cut-off Channel via Woodruff Creek and Canal, Preliminary Real Estate Acquisition Map" dated June 1947 and bearing File No. 1-13-15315.

R/W 56-(c) & 56-(e)
R/W Parcel No. 56 (c)

A parcel of land lying in the W. [illegible] feet of the unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of Reference is the S W Corner of said Section 28.

From said Point of Reference run N. 0°00'30" W., 1152.50 feet along the west boundary of said Section 28 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project, which point of intersection is hereinafter referred to as the Point of Beginning.

From said Point of Beginning run N. 65°05'20" E., 55.13 feet along said S R/W line to a point; thence run N. 0°00'30" W., 551.25 feet to an intersection with the N R/W line of said R/W Parcel No. 56, which N R/W line is parallel to, and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run S. 65°05'20" W., 55.13 feet along said N R/W line to an intersection with said west boundary of said Section 28; thence run S. 0°00'30" E., 551.25 feet along said west boundary to the Point of Beginning, containing 0.63 acres, more or less.

R/W Parcel No. 56 (e)

Also a parcel of land lying in the E. 100 feet of W. 300 feet of the unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of reference is the S W corner of said Section 28.

From said Point of Reference run N. 0°00'30" W., 1152.50 feet along the west boundary of said Section 28 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project; thence run N. 65°05'20" E., 110.27 feet along said S R/W line to a point, which point is hereinafter referred to as the Point of Beginning.

From said Point of Beginning continue along said S R/W line N. 65°05'20" E., 101.08 feet to a point; thence run N. 0°00'30" W., 551.25 feet to an intersection with the N R/W line of said R/W Parcel No. 56, which N R/W line is parallel to, and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run S. 65°05'20" W., 101.08 feet along said N R/W line to a point; thence run S. 0°00'30" E., 551.25 feet to the Point of Beginning, containing 1.04 acres, more or less.

The land above described is shown as a portion of Right-of-Way Parcel No. 56 lying in unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, on that certain map on file in the Office of the United States District Engineer, Jacksonville, Florida, entitled "St. Johns River, Florida, Jacksonville to Lake Harney—Cut-off Channel via Woodruff Creek and Canal, Preliminary Real Estate Acquisition Map", dated June 1947 and bearing File No. 1-13-15315.

R/W 56-(f) & 56- (i)
R/W Parcel No. 56 (f)

A parcel of land lying in the E [illegible] feet of the W. 1330 feet of the unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of Reference is the S W corner of said Section 28.

From said Point of Reference, run N. 0°00'30" W., 1152.50 feet along the west boundary of said Section 28 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project, thence run N. [illegible] E., [illegible] feet along said S R/W line to a point, which point is hereinafter referred to as the Point of Beginning.

From said Point of Beginning continue along said S R/W line N. 65°05'20" E., 222.75 feet to an intersection with the west boundary produced of Government Lot 3 of said Section 28, thence run N. 0°00'30" W., 551.25 feet along the said west boundary produced to an intersection with the N R/W line of said R/W Parcel No. 56, which N R/W line is parallel to and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run S. 65°05'20" W., 222.75 feet along said N R/W line to a point; thence run S. 0°00'30" E. 551.25 feet to the Point of Beginning, containing 2.56 acres, more or less.

R/W Parcel No. 56 (i)

Also a parcel of land lying in the [illegible] feet of W. [illegible] feet of the unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of Reference is the S W corner of said Section 28.

From said Point of Reference run N. 0°00'30" W., 1152.50 feet along the west boundary of said Section 28 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project, thence run N. 65°05'20" E. [illegible] feet along said S R/W line to a point, which point is hereinafter referred to as the Point of Beginning.

From said Point of Beginning continue along said S R/W line N. 65°05'20" E., 165.75 feet to a point; thence run N. 0°00'30" W., 551.25 feet to an intersection with the N R/W line of said R/W Parcel No. 56, which N R/W line is parallel to and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run S. 65°05'20" W. [illegible] feet along said N R/W line to a point; thence run S. 0°00'30" E., 551.25 feet to the Point of Beginning, containing 1.93 acres, more or less.

The land above described is shown as a portion of Right-of-Way Parcel No. 56 lying in unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida on that certain map on file in the office of the United States District Engineer, Jacksonville, Florida, entitled "St. Johns River, Florida, Jacksonville to Lake Harney Cut-off Channel via Woodruff Creek and Canal, Preliminary Real Estate Acquisition Map" dated June 1947 and bearing File No. 1-13-15315.

R/W 56-(g)

A parcel of land lying in the E 160 feet of the W. [illegible] feet of the unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of Reference is the S W corner of said Section 28.

From said Point of Reference run N. 0°00'30" W., 1152.50 feet along the west boundary of said Section 28 to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project, thence run N. 65°05'20" E., [illegible] feet along said S R/W line to a point, which point is hereinafter referred to as the Point of Beginning.

From said Point of Beginning continue along said S R/W line N. 65°05'20" E., 176.41 feet to a point; thence run N. 0°00'30" W., 551.25 feet to an intersection with the N R/W line of said R/W Parcel No. 56, which N R/W line is parallel to and 500 feet distant (when measured at right angles thereto) from said S R/W line; thence run S. 65°05'20" W., 176.41 feet along said N R/W line to a point; thence run S. 0°00'30" E., 551.25 feet to the Point of Beginning containing 2.01 acres, more or less.

The land above described is shown as a portion of Right-of-Way Parcel No. 56 lying in unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida on that certain map on file in the office of the United States District Engineer, Jacksonville, Florida, entitled "St. Johns River, Florida, Jacksonville to Lake Harney Cut-off Channel via Woodruff Creek and Canal, Preliminary Real Estate Acquisition Map" dated June 1947 and bearing File No. 1-13-15315.

R/W 56-(k)

A parcel of land lying in the unsurveyed part of Section 28, T-19-S, R-31-E, Seminole County, Florida, more particularly described as follows:

Point of Reference is the [illegible] section corner located on the south boundary of said Section 28.

From said Point of Reference run N. 0°12'30" W., 572.12 feet along the east boundary of Government Lot 3 of said Section 28 to the N. E. Corner of said Government Lot 3, thence northerly N. [illegible] W., [illegible] feet along said east boundary line produced to an intersection with the S R/W line of R/W Parcel No. 56, St. Johns River, Jacksonville to Lake Harney Project, which point of intersection is hereinafter referred to as the Point of Beginning.

SHE'S WEARING MY CLASS PIN!
WHAT AM I, THE BONE AT A DOG-FIGHT?
SHE'S WEARING MY PIN, TOO!
COME OUT-SIDE! WE'LL SETTLE THIS MAN TO MAN!
YOU MEAN FIGHT OVER HER? ARE YOU WACKY?
I GOT A BETTER IDEA! WE'LL LET HER TAKE HER PICK!
CHOOSE!
BUT I LIKE YOU BOTH!
CHOOSE, WOMAN, CHOOSE!

Military Training

(Continued from Page One)

tion provide an adaptable social philosophy so that a truly democratic society may make atomic energy the servant, not the master, of mankind.

"We recommend a basic minimum annual salary for professionally trained teachers of at least $2,400.

"Pupils, teachers and administrators should cooperate to make the school a continuous experience in democratic living.

"We believe the American tradition of separation of church and state should be most vigorously and zealously safeguarded. We therefore oppose all efforts to devote public funds either to the direct or to the indirect support" of schools operated by "special interest groups, including religious denominations.

"The association reaffirms its support of federal aid for public elementary and secondary schools without federal control."

Yesterday, the National Education Association announced a 10-year plan under which an additional 2,000,000 children would be cared for by the nation's elementary schools.

The plan was described to the AASA by Dr. William G. Carr, secretary of NEA's Educational Policies Commission, as the first major advance in elementary education in 40 years.

"In the next 10 years the elementary schools of the United States will have to provide teachers, buildings, supplies and equipment for nearly 2,000,000 more children than they do now," the commission's report said. "The kinds of buildings, the qualities and training of the teachers for these children must be planned now."

The plan contained 93 specific recommendations dealing with school organization, administration, pupil personnel and teachers.

Kiwanis Luncheon

(Continued from Page One)

ship Front religious group which he is visiting at the Municipal Airport and hinted that he may decide to live here.

He referred to n address he made here in 1924 when he was campaigning for the Democratic nomination of William Gibbs McAdoo as candidate for President. Following the talk to Kiwanians Mr. Upshaw privately revealed that the Democratic Committee had urged him to accept the vice presidential nomination with Al Smith, but that he had refused to team up with a wet candidate.

Mr. Upshaw urged Kiwanians to carry on their ideals for the sake of the boys and girls growing up amid a Communism that shakes its fist at Americanism and at God.

"We must not only be loyal, but enthusiastic as well," he declared as he sat on the edge of President Frank Lamson's table, propped by his crutches. He urged boosting Sanford, its schools, teachers, merchants, bankers, and said that people will come from miles around to "see what it is all about."

"This nation we have was not only founded on Plymouth Rock, but on the 'Rock of Ages.' Build a better Sanford on the Rock of Ages," he concluded.

Secretary Martin Stinecipher announced that the Kiwanis Club had donated $50 toward improvement of Camp Howard, negro boy scout project on Island Lake. A $25 donation from Sheriff P. A. Mero and his three sons to Kiwanis sponsored Boy Scout Troop 5 was acknowledged.

Visitors included Dr. T. F. McDaniel, the Rev. W. P. Brooks, Jr., Ollie Silverstein of Chicago and Richard Tolson of the Key Club.

4 Die, 8 Safe

Worth; Staff Sgt. William W. Weaver, Falmouth, Ky.; Capt. Julian F. Moffat, Barksdale, Miss.; and Lieut. Col. Harry E. Goldsworth, Spokane, Wash.

"We were flying on instruments at 10,000 feet in a heavy rain and fog," Clark said. He said the plane was burning as it fell. The crash occurred near the farm home of Orus Solberg. The plane was still burning five hours later.

A search party and ambulances from Carswell Air Base started for Solberg's home shortly after the crash was reported by the farmer. The site of the crash is about 12 miles from here and over a difficult route.

The bombers were on a routine training flight to the West Coast via San Antonio and El Paso, Capt. William S. Waltman, 8th Air Force Public Relations Officer, said in Fort Worth.

Dr. Brownlee

(Continued from Page One)

the Rev. Douglas Charles, who has taken over his active duties, D. L. Thrasher and George Stine.

Said Mr. Herndon: "I believe that I express the sentiments of those present as well as many others when I say to you, Dr. Brownlee, that your life is a living example of the teachings of the man from Galilee, who gave to the world something they had never heard before, 'Love thy neighbor.'

"You have been a true disciple of Christ, and like the Master, who went about from place to place, among the poor and needy, comforting the sick and strengthening the wavering souls of men. For more than a third of a century you have been a good shepherd over your flock and have maintained a united church free from factionalism."

18,000 English Coal Men Go Back To Work

DONCASTER, Eng., Feb. 26 (AP)—Eighteen thousand miners returned to work today in eight Yorkshire coal mines shut down since Monday by a shotfirers' strike for higher wages.

Twelve other pits, most of which closed down yesterday and today, were expected to resume operation tonight.

The strikers agreed to return to work pending consideration of their wage claims by a national arbitration tribunal Mar. 10. The strikers' wages vary and specific wage demands were not announced.

South's Demos

(Continued from Page One)

Committee.

ATLANTA, Feb. 26 (AP)—A proposal that Senator George (D-Ga) seek the Democratic presidential nomination was received coolly by the Senator. Correspondence with George on the subject was disclosed today by Georgia's comptroller general, Zack D. Cravey.

Cravey had written that many Georgians, opposed to President Truman's civil rights program, thought George should seek the Democratic nomination.

George replied:

"While I strongly disapprove of the whole course taken by President Truman so far as the civil rights program goes, I do not wish to be drawn into any contest."

Cravey is a strong supporter of Herman Talmadge, who earlier this week was awarded control of Georgia's Democratic Party by the State Supreme Court. Talmadge declined comment on the George proposal.

In his letter to Cravey, George expressed hope "many of the crackpots, extreme left wingers and uplifters will leave the party, and we will be able to reorganize a true Democratic Party."

U.S. Agent

(Continued from Page One)

"Speaking Frankly;" anti-Communist writings of former Hungarian Premier Ferenc Nagy, and a series of New York Herald articles entitled "Behind the Iron Curtain."

The spokesman said Russian authorities confiscated remaining stocks of the pamphlets on news stands and ordered that Germans who had bought them must surrender them to the police.

"We worked long and hard to obtain the agreement for the free flow of printed material throughout Germany," Headon said. "We do not want to see this agreement tossed into the ashcan only a few months after it was signed. We shall continue to work for its acceptance as an essential condition for German unity and German freedom.

"The trouble seems to be that three of the occupying powers believe in freedom of expression at home and the fourth does not. Apparently this one power cannot afford to give the German people rights which it denies to its own citizens."

Big 3 Rap Reds

(Continued from Page One)

Communists were in most cases fellow travellers. Communists controlled the police, radios, newspapers and practically all else in Czechoslovakia.

With Czechoslovakia as surely a Communist state as are Yugoslavia, Albania, Bulgaria, Romania and Poland, Diplomats speculated that Finlandia might be next for a Communist coup.

The Russian newspaper Pravda blandly asserted that Czechoslovakia had obtained freedom and democracy.

The chances appeared dimmer than ever that Czechoslovakia would obtain a $350,000,000 loan she long has sought from the World Bank, largely financed by the U. S. Treasury. The country had received $243,002,138 of U. S. funds before the Communists took power. Most of it was the U. S. share of UNRRA.

Witnesses in Prague said today that veteran policemen cried last night as they tried to press back students protesting the Communist coup.

Young Slovak police, brought here specially for guard duty, set off the volley in which at least two youths fell wounded. They then picked 60 arbitrarily from the crowd and arrested them.

The disorder occurred during a sympathy march to President Eduard Benes' palace last night. The students have been pro- sentiments.
nounced in their anti-Communist

When police first moved out with rifles ready in an attempt to disperse the students, the youths started singing the national anthem. The police halted. They moved forward again when the song was finished.

Some students fled into a Catholic Church after the shooting. Witnesses said the police entered The others made for the altar. The sacristy and removed some. The police halted after a pursuit halfway through the church and then retired.

One student said the police had withdrawn 20 feet from the vanguard of students just before the shooting, and were nervously fingering their rifle bolts. The old Prague patrolmen, who were here when German occupation was in force, cried as they tried to control the throng.

The witnesses said students tried to drag their wounded comrades into their ranks but that the young Slovaks surged forward, pulled the victims away and then swung into the crowd with gun butts. The demonstration was broken.

Heaven was never like this! A scene from the United Artists release "Heaven Only Knows," with Robert Cummings, Brian Donlevy, showing today and Friday at the Ritz Theater.

Museum Director Relates Value Of Non-Objective Art

By CYNTHIA LOWRY
AP Newsfeatures Writer

NEW YORK — The Baroness Hilla Rebay von Ehrenweisen presided at a small table in her hotel suite overlooking a Fifth Avenue plaza, ladled cream of pea soup from a silver tureen and talked about non-objective painting.

"It is like trying to explain music in words," she said, sprinkling croutons on each plateful. "It is cosmic, it is order, balance and it is rhythm. It cannot be explained in words. But looking at these paintings bring to the brain a sense of order and of rhythm. But mostly it brings these things to the soul."

The baroness is the director of the Museum of Non-Objective Painting in New York, established and flourishing under a liberal Guggenheim grant. Alsace-born, this woman of ancient noble family is now an American citizen and officially is Miss Hilla Rebay. The title, however, still seems the more logical form of address.

All over her apartment walls are non-objective paintings — those strange compositions of geometric designs, some in brilliant hues and others stark blacks and whites. Some looked like blue prints of strange machines. But none had any relationship to forms encountered in nature: no human bodies, trees, flowers, sunsets.

"That is it," the baroness exclaimed energetically, waving a soup spoon toward a score of the paintings. "That is why people do not understand. They look for things they have seen in other paintings, the familiar. They do not at first see this pure artistic, cosmic form and force."

People, she declared, must look at paintings of this type as they listen to music, "as something beautiful in itself and not an attempt to reproduce a beautiful scene."

Short, square and with graying blonde hair braided over her rather large head in a typical German manner, the baroness talked fast and violently of the type of art to which she has devoted her whole adult life. The Museum is in the process of moving to a second temporary home where it will await the building of a new home — a museum designed by famed architect Frank Lloyd Wright for only non-objective paintings.

The building, for which the foundation is not yet prepared, will be Wright's first in New York. It is as revolutionary in concept as the type of art it will house.

"It will be all flowing—flowering out to the sky to catch the light," Baroness von Ehrenweisen said. "It will be all ramps, not stairs. There will be no sudden leaving a room with pictures and then, bump! walking down stairs and being in the street. Out of mood.

"The invention and development of the photograph made it unnecessary for the artist to recreate natural scenes," the baroness continued, very much in the manner of a platform lecturer. "So the artist is free to paint—and he must be a genius—and create an even purer form of art than music.

"Why? Because the composer can write pure rhythm and beauty but that composed music must be interpreted by a musician and instrumentalist. But the painter sets down his composition himself once and it is forever his own—caught there on canvas."

Coffee was poured as the baroness got around to one of her favorite non-objective theories: the school of painting as a panacea for ills of the brain and the soul.

"People who have such paintings in their home tell us over and over again that they are quieting to the children. They say the children become more orderly," she said.

"You can put such a painting in the cell of a criminal and it will bring his disordered mind to an orderliness. It will reach into his soul and make him a good man."

Psychiatrists, she said, frequently send their patients to the museum so that deranged men and women can absorb some of "this peace contained in the order and quiet of pure rhythm, balance and cosmic calm.

The kings of Dahomey in western Nigeria maintained units of female troops armed with blunderbuses and sharp knives throughout the 19th century.

peace, would have the right to set aside a decision of the Assembly from which the threat arose.

"The Security Council," Kerno said, "has the right to envisage how to restore peace regardless of the cause of the breach. The Security Council cannot set aside the Assembly's recommendations, but it can recommend that the Assembly reconsider them."

Questioned as to the legal authority of the U.N. to enforce partition, Lie said:

"I am studying the question, I can't give any comment now."

Lie declined to comment when asked whether there was any retreat from the partition plan on the part of the U.N. Sobolev said, however: "Some members proposed to retreat."

Sobolev referred to a Colombian proposal for the Security Council to consider calling a special Palestine session of the Assembly and said: "You may interpret the Colombian resolution as a retreat if you wish."

Lie and his cabinet agreed that the duty of the U.N. secretariat and the U.N. Palestine Commission was to continue their efforts to implement the partition plan unless they got new orders from the Security Council.

The Council yesterday recessed its Palestine debate until tomorrow afternoon.

LAKE SUCCESS, Feb. 26 (AP)—Russia accused the United States today of trying to enslave the Indonesian Republic. Soviet Deputy Foreign Minister Andrei A. Gromyko made the charge in the United Nations Security Council as it debated the Dutch-Indonesian conflict, now under truce. Gromyko attacked the truce worked out aboard the U.S.S. Renville off Java with the aid of the Council's U. S.-Australian-Belgian good offices committee.

He said the Renville agreement represents a "screen behind which the Dutch, with the help of the United States and other colonial powers, attempt to re-establish the colonial domination which was set up some years ago."

"I have said the United States has special interests in Indonesia," Gromyko said. "They are interested also in strangling the movement of freedom by the Indonesian people.

"The Renville agreement and the report on it to the Security Council is one of the most shameful documents ever written under the aegis of the United Nations. It ought to be put in a museum to show to what shameful extent they have gone."

Freshman Is Making Bid For Tide Post

TUSCALOOSA, Ala., Feb. 26 (AP)—Jack Brown, freshman from Selma, Ala., is making a strong bid for first-string quarterback duties on the Alabama football team.

The 178-pound youth ran with the first team yesterday in scrimmage and turned in an impressive performance at blocking back. He is battling Clarence Avinger and Ralph Cochran for the post left vacant by the graduation of Hugh Morrow.

Also in the first team backfield were Ed Salem at left halfback, Clem Welsh at right half and Red Noonan at fullback. Salem divided duties with Bill Cadenhead, regular right half last season; Gordon Pettus and Bob Cochran.

Livestock Market

THOMASVILLE, Ga., Feb. 26 (AP)—(USDA)—Livestock arrivals totaled 400 cattle, 150 calves, and 1,000 hogs at eight major packing plants at Albany, Columbus, Moultrie, Thomasville and Tifton, Ga.; Dothan, Ala.; and Jacksonville and Tallahassee, Fla.

Hogs sold fairly actively, with prices going steady to strong. Composite quotations at eight plants for soft and semi-hard hogs were as follows: medium to choice Barrows and gilts 180-240 lbs. $19-$20; 240-270 lbs. $19-$19.50; over 270 lbs. $18.50-$19, with instances down to $17 and less. Weights 160-180 lbs. $18-$19; 140-160 lbs. $16.50-$17; 120-140 lbs. $12.50-$14; medium and good sows $14.50-$17. The practical price limit in the areas was $20 for good and choice grade 180-240 lb. well shrunk soft and semi-hard barrows and gilts.

Cattle trading was fully steady, with the best action for canner, cutter, and common grades of slaughter cattle. Demand was also broad for stockers. Good fed steers and heifers weighing from 550 to 900 lbs and more were quoted from $23-$27. Common grades were $14.50-$21.50, mostly $16.50-$18.50. Canner and cutter grades of steers, heifers, and bulls ranged $12-$17.75.

Medium beef cows were $17.50-$20.75; common $15-$17.75, with a few common around $18-$19. Cutter cows brought $14.50-$17, with canners from $11.50-$15.50, and shelly canners $8-$13. Common and medium sausage bulls brought $18.50-$20.75.

Calves sold strong. Good and choice slaughter calves were scarce and quoted from $23-$25, with a few up to $26 in Florida. Medium grades were mainly $19-$23; common $15-$20 and culls $10-$17.50.

Stocker cattle sold under a broad demand. Medium grades of steers, heifers and calves were quoted from $17-$20, common $14.50-$18, and inferior lightweights $11-$16.

Vegetable Market

JACKSONVILLE, Feb. 26 (AP)—Early New York prices on Florida fruits and vegetables as reported by the Federal State Market News Service:

Snap beans bu plentiful fair to good 5.50-7.00, few high as 7.25-7.50, few ordinary low as 3.00. Valentines 7.00-7.50, wax mostly 7.50, few 6.00-6.50, poor quality low as 2.00.

Lima beans bu 7.00-8.00.

Collards bu 1.50-1.75, eastern crates 1.25-1.50.

Strawberries pint 20-36, mostly 33-35, few 25.

Broccoli-rabe eastern crates 1.00-1.50.

Cabbage 1½ bu boxes domestic round 1.00-1.50, 50 pound sacks 1.00-1.12½, 1¼ bu hampers few 1.75, red 1½ bu boxes 2.00-2.75, 50 pound sacks some small 1.00-2.00, 1¼ bu 2.00-2.50, savoy type 1½ bu boxes few 1.00, 1¼ bu hampers 1.50-1.75.

Dandelions 1½ bu crates loose 2.00.

Escarole bu 1.25-1.75, best 1.50-1.75, poorer 75-1.00.

Lettuce eastern crates Big Boston 1.00-2.00, romaine 75-1.00.

Peppers bu California Wonders few 5.00, other Bullnose 4.00-4.50, poorer 2.25-3.25, rode ordinary to good 2.50-4.00, Italianelles 5.50, hots 7.00, few 5.50.

Potatoes 50 pound sacks Bliss Triumphs US one 2.75, B size 2.50-2.75.

Radishes 16 qt baskets reds 2½ dz few 1.75.

Celery wirebound crates Goldenheart 3 dz few 2.50-3.50, 4-6 dz few 3.00-3.50, poorer and holdover 2.00-3.00, 8 dz 2.50-3.00, poorer 2.00-2.25, 10 doz 2.00-2.50. Pascal type 2-3 dz 2.50-3.25, 4 dz 1.75-2.00, 6 dz 1.50-2.00.

Squash bu yellow straight-neck 6.50, Italian type 3.00-3.50, ½ bushels 2.50-3.50, poorer 1.00-2.00.

Herkimers shelf cured 52½-62.

Processed 5 lbs 45½-49½.

Domestic Swiss (single tubs) best 73-75 others 60-72.

FLETCHER

Stock Market

NEW YORK, Feb. 26, (AP)—Stocks, with scattered exceptions, shifted to the offside in today's market although real pressure was lacking.

Scant bullish news was to be found and light selling ruled from the start. The ticker tape never worked up any animation, however, and dealings were among the slowest of the past year. Transfers for the full proceedings dwindled to around 600,000 shares.

The buoyant oils of Wednesday ran out of steam. Rails were more or less indifferent. Most steels and motors were in the losing column.

Aided by pleasing dividends and earnings were Lackawanna Railroad, on the first payment since 1931; American Rolling Mill, Packard, Anaconda, Follansbee Steel, Union Pacific and Santa Fe.

Profit cashing by professionals on the idea that the two-session comeback was purely technical tended to chill trends. Commission house clients held aloof or trimmed commitments because of persistent doubts regarding business, taxes, labor and foreign affairs. The Czechoslovakian coup and critical Palestine situation accentuated speculative and investment confusion.

Bonds were narrow. Major commodities stumbled. Cotton, toward the finish, was off 30 cents to $1.30 a bale. At Chicago wheat ended down 1½ to 2 cents a bushel, corn off 2 to up 3 and oats off 1¼ to 1½ advanced.

In a Tulsa, Okla., railroad station stairways leading to the tracks are painted in different colors. Trains are announced by the color of the stairway leading to them as well as the track number.

Newspaper Profit Shows Big Decrease

CHICAGO, Feb. 26 (AP)—Gross operating profit from newspaper operations of Chicago Daily News, Inc., amounted to $$2,138,282 for 1947, a decline of $649,842 as compared with 1946. The drop was due to increased operating costs John S. Knight, president and publisher, reported to the annual stockholders' meeting here Feb. 20.

An increase of $914,129 in the cost of newsprint and $888,311 in wages paid account for $1,802,440 of the increase of $2,180,151 in operating costs over the $10,813,310 level of 1946, Knight pointed out.

Gross income from the newspaper operation amounted to $15,131,743 representing a gain of $1,580,309 over 1946, and exceeding by $714 the gross revenue received in 1929 the next highest revenue year. Net income from the newspaper operations amounted to $1,773,647, with the Daily News Building operations netting $243,045.

Willis Andersen Joins U. S. Marines

ORLANDO, Feb. 26, (Special)—Willis Andersen, 19, son of Mr. and Mrs. M. H. Andersen, Route 2, Box 118, Sanford, recently enlisted in the U. S. Marines, Staff Sgt. Louis W. Barrineau, Leatherneck recruiting sergeant in Central Florida, said today.

A graduate of Seminole High School, Anderson is a former student of Alabama Polytechnic Institute, Auburn, Ala. For his playing while with Seminole, Andersen was voted Florida's outstanding high school player for 1946. He said that he planned to continue his football with the Marine teams.

Andersen has been transferred to Parris Island, S. C., where he will undergo the ten-week period of recruit training required of all Marine enlistees who have no previous military service.

Knot Murder

(Continued from Page One)

jacket, blue denim trousers, grey fedora hat and black shoes.

Haeberle, 35, who lived at Falls Church, Va., was an employe of the Navy's photographic division at Anacostia Air Station in Washington, D. C. The Navy said he served as its contact man with commercial studios making training films.

Police believe the slayer probably knew sailor's knots.

Other residents in the hotel, the Henry Hudson in West 57th Street, said someone flushed the toilet of Haeberle's bathroom for 10 or 15 minutes after 11 P. M. Police said the slayer may have been trying to destroy evidence.

Robbery also was a motive. The room was in complete disorder.

A guest and the hotel detective told police they saw a man answering this description approach Haeberle's door. He either knocked or saw the door partly open, then said,

"Hello, long time no see."

Police theorized Haeberle might have invited someone to his hotel room and the remark was a kind of pass-word.

Haeberle's wife, Mattie, arrived in New York last night from their Falls Church home. He had two sons, aged four years and nine months.

The victim, a lieutenant assigned to Navy educational film work during the past war, was a former resident of Lancaster, Pa. He was graduated from the University of Minnesota in 1934 and entered the Navy in 1942.

TWO ARABS KILLED

JERUSALEM, Feb. 26 (AP)—A fierce mortar battle between Jews and Arabs raged today near the Garden of Gethsemane outside Jerusalem, with Arabs reportedly firing from behind tombstones in a Jewish cemetery.

British police said two Arabs were killed and four wounded severely. Arabs reported one Arab woman died and one child and seven men were hurt. The police said two houses were demolished.

Anti-Poll Tax Bill Given Approval By Senate Sub-Group

Demands Of Southern Senator For Hearings Brushed Aside; 7 States Affected

RICHMOND, Va., Feb. 27, (AP)— A House of Delegates Committee today approved unanimously Governor William M. Tuck's plan to keep President Truman's name, if he is renominated, off the presidential ballot in Virginia. The bill was amended in two major particulars before being approved by the house privileges and elections committee.

One change would permit minor parties not on the Virginia ballot four years ago to get on the ballot if they qualify in ten other states, thus making it possible for the party of Henry A. Wallace to appear. A second amendment provides that only the state convention of a party may instruct its electors how to cast the vote of the state for President. Originally, the bill would have permitted this power to be delegated by the convention to the state committee.

WASHINGTON Feb. 27 (AP)—Anti-poll tax legislation was approved today by a Senate Rules Subcommittee which brushed aside a southern senator's demand for hearings. The measure would let voters ballot in federal elections whether or not they have paid state poll taxes. It is one of the laws President Truman has asked as part of his "civil rights" program.

Many southern party leaders are rebelling against the program which also includes anti-lynching, anti-job discrimination and anti-jim crow proposals.

The anti-poll tax bill already has been approved by the House. The Senate subcommittee's action sends it along to the full committee, advancing it one step toward the Senate floor.

Senator Stennis (D-Miss) appeared before the subcommittee and asked for hearings.

Chairman Jenner (R-Ind) said Senators Bricker (R-Ohio) and Myers (D-Pa) voted with him that there is no need for hearings.

"We decided that no public hearings were necessary because this matter has been explored fully by Congress in the past,"

Negro Cleared By Jury In Accident Death Of Miller

A verdict that Jonathon R. Miller, Brunswick, Ga. electrical worker, came to death Tuesday evening as the result of an accident involving his truck and another vehicle, was returned yesterday afternoon by a coroner's jury summoned by Justice of the Peace W. E. Watson.

Clarence Noble, negro farm hand, whose automobile was involved in the collision Tuesday evening at Park Avenue and Twenty-fifth Street that resulted in the death of Mr. Miller, was released from County Jail where he had been held, pending the jury's verdict.

The jury of which Jack Ratigan was chairman, stated that the negligence of Mr. Miller was the direct cause of the accident, but that "his negligence was not criminal due to conditions at the scene at the time."

The jury further recommended that the "authorities take immediate steps to change the light used for traffic control at the intersection, to one which will adequately warn and control traffic from all directions, and that caution signs about the light be placed on north and south approaches."

The jury included Mr. Ratigan, D. R. McNab, W. B. Ellerbe, J. L. Thornley and John M. Senkarik.

THE WEATHER

LAKELAND, Feb. 27 (AP)—The Federal State Frost Warning Service forecast for peninsular Florida tonight and Saturday was partly cloudy and warm with no frost seen through Monday.

Southerners Told To Clean Hands On Civil Rights

U. S. Justice Agent Says South Embarrasses This Nation

MONTGOMERY, Ala., Feb. 27 (AP)—A candidate for presidential elector from Alabama said flatly today he will vote against President Truman if he is renominated on his civil rights platform. State Rep. Norman Harris of Decatur announced his candidacy for the May 4 Democratic primary with this promise:

"I will not cast my vote for any candidate for President . . . who advocates a civil rights policy repugnant to the South, or who is the nominee of a political party which adopts such a platform."

ATLANTA Feb. 27 (AP)—Southerners were told today that before this nation cries shame on others for civil rights violations in the court of world opinion it must clean its own hands.

Abbott Rosen, chief of the U. S. Department of Justice, civil rights section, told an audience of whites and negroes that the situation for the United States is now "exceedingly embarrassing."

Rosen spoke to the Workshop on Civil Rights sponsored by the Southern Regional Council and eleven other civic and religious groups.

Rosen said he was a member of a government inter-departmental committee seeking to formulate a policy to which the U. S. could adhere before the United Nations.

The United Nations, he continued, is seeking to write an absolutely fundamental Bill of Rights for the world—to include such as the right to life, the right to vote, the right to education.

"We agree," he said, "that everyone in the U. S. has the right to life but when we come down to the right to vote one of the bright boys in the State Department points out that we cannot go beyond the facts of

(Continued on Page Eight)

New School Buildings Are Seen Necessary

A committee of state educators yesterday completed a survey of Seminole County schools, buildings and equipment, and suggested to Supt. T. W. Lawton that expenditure of about $1,000,000 may be necessary for a broad long range program for repairs, new buildings and additions in order for county schools to make necessary progress, Mr. Lawton declared this morning.

A full report concerning needs of the schools will be submitted later by the committee, which included Dr. John M. Leps, education specialist of the University of Florida, Dr. R. L. Johns of the State Department of Education, Miss Louise Smith, J. P. Baird, J. T. Campbell, H. L. Ashmore and Frank Commander, Jr. The group started the survey on Monday.

Attorney General Says FBI Finds No Bribery In Capone Men Parole

WASHINGTON, Feb. 27 (AP)—Attorney General Tom Clark says Federal Bureau of Investigation agents have found no bribery involved in the paroling of four former Al Capone gangsters.

The Federal Parole Board released the men last August after they had served about one-third of their 10-year sentences for an alleged conspiracy to extort $1,000,000 from the motion picture industry.

Telling a House Appropriations Subcommittee the paroles had been "seriously criticized," Clark said "The charge that was made was that someone had been bribed." He added:

"The FBI found no such evidence, although we put a considerable number of agents on it and they contacted some 300 people, including persons in and out of the penitentiary."

His testimony was made public today as the Appropriations Committee sent to the House a bill to finance the Justice Department in the year starting July 1.

The paroling of the four ex-convicts, Paul Ricca, Louis Campagna, Philip D'Andrea and Charles Gioe, has been under investigation for months by a subcommittee headed by Rep. Hoffman (R-Mich).

Hoffman said his committee never has been able to obtain the FBI's report on its investigation.

"All they have sent us is a summary that would be an insult to the intelligence of an 8-year-old child," he told a reporter.

Clark told the Appropriations Committee that the Justice Department had objected to all but Gioe's parole. On him, he said, "We had 'no comment.'" He described Gioe as a "minor defendant.".

The department objected to the

Senate Group Supports Cut In RFC Funds

House Committee Proposes Foreign Aid of 4½ Billions For First 12 Months

WASHINGTON Feb. 27 (AP)—The Senate Banking Committee voted unanimously today to curtail the Reconstruction Finance Corporation's lending powers and continue the agency 10 years beyond June 30.

The committee approved a bill that would put a $1,000,000,000 limit on the RFC's loan and investment authority. The present limit is $2,000,000,000.

The measure would reduce the agency's surplus from $550,000,000 to $50,000,000. Capitalization would be cut from $325,000,000 to $100,000,000.

This $725,000,000 would be returned to the Treasury. Senator Buck (R-Del), chairman of a subcommittee which drafted the bill, said he favors applying this on the national debt.

Meanwhile a special House committee on foreign aid proposed that European recovery be started with $4,500,000,000 (B) in aid the first 12 months.

It recommended another $2,000,000,000 to combat disease and unrest in Japan, Korea, China

(Continued on Page Three)

Greeks Launch 16 Mile Front Attack, Guerrillas Routed

ATHENS, Feb. (AP)—Press reports said today the Greek army had launched an offensive on a 16-mile front northwest of Ioannina near the Albanian border. Guerrillas were reported fleeing in disorder and offering no resistance.

Five towns fell, the accounts said. These were Vissani, Delvinaki, Meropi, Paliaopyrghon and Kato Meropi.

The dispatches said the front is between the Aoos River and the highway between Kalpaki and Kakkavia. The drive was pointed toward Kirovaltos. The reports said large quantities of food and supplies were captured.

Earlier dispatches from Epirus said the Greek army was conducting an offensive in the Zagoria district northeast of Ioannina. The accounts said the Greeks captured Skamneli and Franghedes. Fifteen guerrillas were killed and six captured.

A Salonika dispatch said guerrillas had shelled the town of Didymoteikhon, 28 miles north of Alexandroupolis and killed two civilians.

Results Of Election On Radio Tonight

Seminole County schools are seething today with political excitement as pupils cast their votes for mythical candidates for county offices, and final reports are scheduled to be announced over Radio Station WTRR this evening shortly after 7:00 o'clock, Bradley Odham, Jaycee president, announced today.

The voting is part of the Jaycee sponsored Youth Government program among white pupils in schools throughout the county. Preliminary returns, said Mr. Odham, indicate that "voters are solidly behind their favorites."

Protest Civil Rights Program

DEMOCRATIC NATIONAL CHAIRMAN Sen. J. Howard McGrath (seated) is shown with four of the five southern Democratic governors who conferred with him in Washington after declaring their opposition to the Administration's anti-discrimination legislation. Standing (l. to r.) are Ben. T. Laney of Ark., R. Gregg Cherry of North Carolina, William Preston Lane Jr. of Maryland and J. Strom Thurmond of South Carolina. The governors warned that the Solid South is no longer "in the bag" after McGrath refused to have the legislation withdrawn (International)

CIO Auto Union Says Political Ban Is Invalid

Groundwork Is Laid For Labor Action In Drive For Votes

WASHINGTON Feb. 27 (AP)—The CIO United Auto Workers went to federal court here today attacking the Taft-Hartley's Act's ban on union political spending. The suit contends the ban is unconstitutional and asks that the court issue an injunction to prevent the Justice Department from prosecuting the UAW for any parent CIO invited criminal prosecution and the provision be declared unconstitutional.

CIO President Philip Murray was indicted Feb. 11.

Today's move on behalf of the UAW, President Walter Reuther, and Secretary Treasurer Emil Mazey is a civil suit.

It asks for a "declaratory judgement" that the provision violates the constitutional guarantees of free speech, press, assembly and petition.

It also serves notice that the UAW intends to take part in the 1948 political campaign in many ways—through newspapers publication, distribution of voting records of congressmen, public meetings, radio broadcasts, paid advertisements in daily newspapers, handbills and pamphlets.

Tampa Track Winner Being Trained Here

"Misty B," Florida quarter horse champion, who romped away with another victory by outspeeding all competition at the Sunshine Park at Tampa yesterday, will be among the nine quarter horses being trained here who will compete in races a week from Sunday at the Dusty Boots track at the Municipal Airport, Jack Sassard, president of the Dusty Boots Riding Club announced today.

Cecil Cowart of Sanford has trained "Misty B" which is owned by "Geech" Partin of Kissimmee. The nine race horses are kept in stables built near the track during the early part of the racing season.

In addition to the quarter horse races there will be cow pony races here, said Mr. Sassard. He revealed that as the result of publicity given the Sanford track in Cattleman's Magazine, Ted Wagner, Pennsylvania horse breeder, had brought two fast quarter horses here for training.

SEVEN DISMISSED

WASHINGTON, Feb. 27 (AP)—The Army announced today the dismissal of seven employes in St. Louis for reasons of national security.

In addition, the Army said it has turned over to the FBI an unspecified number of other cases for investigation under President Truman's order for a loyalty check on government employes.

The discharged employes were dropped from the finance section of the Army administration center in St. Louis. The center handles records, including those of former soldiers.

FIRES DECREASE

TALLAHASSEE, Feb. 27, (AP)—A 55 percent reduction in woods blazes on protected land this winter was reported today by the Florida Forest Service.

House Group Cuts $84,417,168 From Sum Truman Asks

18 Per Cent Cut Made In "Voice of America" Appropriation

WASHINGTON Feb. 27 (AP)—The House Appropriations Committee today cut $84,417,168 from the $587,837,431 President Truman asked for the State, Justice and Commerce Departments and the federal courts.

This represents a total cut of 17 per cent. By agencies, however, the reductions range from 28 per cent for the Commerce Department to less than one per cent for the Justice Department. The money is for the fiscal year starting July 1.

An 18 percent cut in funds for the "Voice Of America" and other foreign information activities was also recommended by the House committee.

The committee figured the State Department could tell the world about America for an even $28,000,000 in the year starting July 1. The department had asked for $34,378,000 for its information and education services, including $14,385,275 for its "Voice of America" broadcasts. These are designed to counteract propaganda blasts by Russia and her satellites against the U. S.

Dan McCarty Opposes General Sales Tax

FORT PIERCE, Feb. 27, (AP)—Opposition to a general sales tax was voiced by Dan McCarty, local businessman and citrus grower, here last night as he formally opened his campaign for the Democratic nomination for governor.

The former speaker of the Florida House of Representatives said he favors revision of the state constitution, water control and expanded health and educational services.

McCarty also advocated development of more adequate highway and park systems, a greater advertising program and more attention to conservation.

He said changes are needed in the constitution "for administration of the state's business, taxation, the judiciary and consolidation of boards and commissions."

BENJAMIN WAGG DIES

Benjamin I. Wagg, 83 years old, died in Haverhill, Mass., this morning, it was disclosed by relatives.

Mr. Wagg formerly was a resident of Lake Mary from 1925 to 1944. He is survived by one son, Chester G. Wagg of Worchester, Mass., and two daughters, Mrs. Arthur W. George of Westwood, Mass., and Mrs. A. C. Trefry of West Palm Beach, formerly of Lake Mary, and three grandchildren.

Funeral will be in Haverhill, Mass., on Sunday.

ST. PETE TOURNEY

ST. PETERSBURG, Feb. 27 (AP)—With Ben Hogan and the other first-day leaders starting late today, 146 was good enough to give three comparative unknowns low score among the early starters in the second day of the St. Petersburg Open Golf Tournament.

Benes Predicts Evil Results For Czechs; Tension Grips Finns

Moscow Offers Helsinki Treaty For Mutual Defense: Swedes Informed

HELSINKI, Feb. 27, (AP)—Prime Minister Stalin has informed Finland she should sign a pact with the Soviet Union similar to those linking Russia and its other neighbors, sources close to the government said tonight.

PARIS, Feb. 27 (AP)—Foreign Minister Georges Bidault said today the Communist seizure of Czechoslovakia menaces the liberty of the rest of Europe. He told the national assembly the events in Prague pushed Europe back to where it was when Adolf Hitler was climbing to power.

"An event of incalculable consequence has now rendered futile all the efforts made to liquidate Europe from an intense tyranny," he said.

HELSINKI, Finland, Feb. 27 (AP)—Tension suggesting an atmosphere of government crisis pervaded Finland today with the announcement that Moscow has sent Helsinki a proposal for a new treaty.

The foreign ministry announced Russia has sent a letter direct to President Juho K. Paasikivi. The ministry did not say what kind of pact was intended.

It is well known that Finnish leaders for some time have been studying closely the agreements the Soviet Union has made one after another with the Balkan countries, a network of pacts linking those countries closely to Russia.

An authoritative source said Karl August Fagerholm, speaker of Parliament, would go to Stockholm, perhaps to inform the Swedish government of the Russian proposal.

Diplomatic quarters said the Russian letter was a "Soviet program declaration." Reports persisted that high-level discussions were under way in the Finnish government concerning a "new development in Russian-Finnish relations."

The cabinet met with the President this morning. Its discussions

Britain Sends Second Cruiser To Guatemala

LONDON, Feb. 27 (AP)—Britain is sending a second cruiser to British Honduras in a show of strength.

The admiralty announced today the cruiser Devonshire, with troops aboard, will join the cruiser Sheffield at Belize, the capital. The Devonshire is going from Jamaica, the Sheffield from Colombia.

The Central American colony is claimed by Guatemala, whose officials said dispatch of the first cruiser, announced yesterday, is a hostile act. The Guatemalan foreign ministry announced last night the country is willing to submit her claims to mediation.

The British said the cruisers were dispatched "because of possible incidents staged by irresponsible elements in neighboring Guatemala." The Guatemalan foreign ministry called this a pretext.

Democrats Check To GOP Congress Problem Of Farm Prices Support

WASHINGTON, Feb. 27 (AP)—The Democratic Administration today checked to the Republican Congress the problem of what to do about supporting farm prices after Dec. 31.

Unless Congress acts in the meantime, price supports for many farm commodities will be ended on that date.

This prospect might become an important issue in farm states in the coming presidential campaign.

Secretary of Agriculture Anderson outlined the Administration's position in letters to Senator Capper and Rep. Hope, Kansas Republicans who head the Senate and House Agriculture Committees.

Anderson wrote that he had asked Congress more than a year ago to pass new price support legislation, but that it had failed to do so. He said he does not want to take the responsibility for saying what those policies should be after the present law expires.

That law makes most farm products eligible for price supports at not less than 90 per cent of parity until the end of this year. Parity is a standard for measuring farm prices so they will be equally fair to producers and consumers.

After Jan. 1 the government is required to support crops like corn, wheat, cotton, tobacco, rice and peanuts at between 52 and 75 per cent of parity. It has permission to support others, but is not required to do so.

Commodities in this group include hogs, eggs, milk, butterfat, turkeys, chickens, potatoes, sweet potatoes, soybeans, flaxseed, peanuts for oil, dry beans and peas, and American-Egyptian cotton.

The present support programs

Russian Plan Is Rejected By U. S.

WASHINGTON, Feb. 27 (AP)—The State Department indicated today the United States will reject Russia's proposal that Poland, Yugoslavia and Czechoslovakia be consulted before the western powers decide anything about Germany's future. At a conference in London, the United States, Britain and France are now trying to work out plans for the economic unity of Western Germany. They met without Russia because they couldn't reach any agreement with Russia for unification of all Germany.

2 Christian Poles Die In Palestine's Partition Clashes

Jews Believe Men To Be British By Their Accent, Profanity

JERUSALEM, Feb. 27 (AP)—Two Christian Poles were found slain in Jerusalem today and police said they believed the men were "executed" by Jews convinced they had aided Arabs.

Their names were not available. One was a former Polish consular employe and the other a freelance journalist.

The deaths raised the death total in communal fighting since the partition of Palestine was voted by the United Nations last Nov. 29 to 1,431.

The Holy City was quiet during the morning after a night during which gunfire was heard almost constantly for seven hours.

The Jewish agency's independent investigation of the Ben Yehuda street bombing Sunday, in which 51 persons were known dead, opened today before a three-man board.

Two Jews who manned a road block through which the persons believed to have done the bombing entered the area, told the board:

"We are convinced the men

Editor And Reporter Fined For Contempt

NEWBURGH, N. Y., Feb. 27—The news editor and a reporter for the Newburgh News were fined $100 each and sentenced to 10 days in jail today for contempt in refusing to tell an Orange County grand jury where they obtained "numbers" lottery tickets reproduced in the paper.

They paid their fines and immediately were taken to jail.

The news editor, Douglas V. Clarke, 33, and the reporter, Charles L. Leonard, 27, refused to disclose their sources because "it would violate a confidence, and in the newspaper business a confidence is a sacred thing."

Clarke appeared before the grand jury Wednesday and Leonard Thursday.

Communists Take Rapid Action in Reorganizing Nation's Politics, Economics

PRAGUE, Feb. 17 (AP)—President Eduard Benes today swore in a new government loaded with Communists—a cabinet he is reported to have said "could have only evil results."

The frail, weary President received Communist Premier Klement Gottwald and the 12 new members of the cabinet at the presidential palace and told them "the decision to accept you was difficult personally for me."

The meeting was polite and stiffly formal. As the President spoke, Communists throughout the country were going ahead with swift determination to reorganize the country's entire industrial, educational and everyday life.

A presidential secretary said Benes has not resigned, but declined to make any further comment for the time being.

The ministry of interior ordered Communist-inspired action committees to fill vacancies in local and regional national front groups whose members have resigned or been fired in the growing purge.

The government radio carried an account of what happened at Hradcany Palace today. It said Gottwald promised the President his government would be "constitutional, democratic and parliamentary," and that he thanked Benes "for your confidence."

A close friend of the President said last night Benes had told Gottwald this new government could have only evil results and that he yielded to Communist pressure only because he feared

Registration For Lion's Baseball League Is Mar. 10

Registration for the Lions Club's Junior Baseball League will take place on Mar. 10, practice will start at the lakefront softball diamond and the first game of the season for the four team league will be on Mar. 15, it was announced today by Jack Morrison, league manager, at the Lions meeting at the Tourist Center today.

Plans were made to furnish players with T-shirts bearing Lions insignia. Last year between 60 and 70 boys reported for initial practice and at the end of the playing season there were about 45 boys on the teams, said Mr. Morrison. Games will be played at 4:15 o'clock on afternoons with Lions officiating as umpires.

Harry Robson announced that 175 small American flags with stands had been delivered to Supt. T. W. Lawton and that formal presentation of the flags, one for each teacher's desk, will be made in the near future. President W. O. Livingston announced that the state Lion convention will be held in St. Augustine on May 9 through the 11th. Application of Frank Swarthous for membership was announced. Eugene E. Paulson of Liberty, Mo. was a guest.

SCOUT TROOP 34

There will be a reorganization meeting of Boy Scout Troop No. 34 at 7:30 Monday evening at the Methodist Church Annex. All members are urged to be present.

LEMARRE TESTIFIES

WASHINGTON, Feb. 27 (AP)—Bleriot H. Lamarre testified today that Major General Bennett E. Meyers stopped his $125 monthly dividend in a joint government bond deal after Lamarre told Senate investigators about Meyers' business deals.

Lamarre told a federal jury about multi-million dollar purchasing of government bonds by Aid Corporation, a holding company owned by Meyers and his wife.

METEOR DERAILED

RALEIGH, N. C., Feb. 27 (AP)—Eight cars of the Seaboard Airline Railroad's Florida to New York passenger train, the northbound Silver Meteor, were derailed in the heart of Raleigh about 1 A. M. today.

Seaboard officials said that the train was traveling at slow speed in preparation to stopping at Raleigh and that none of the approximately 350 passengers was injured.
