

TRIBUNE HONORED

TALLAHASSEE, June 5, (AP)—The House today adopted a resolution commending the Tampa Morning Tribune "for its unselfish efforts for the benefit of the children, the parents, the teachers and the school system of the State of Florida."

His own interest in voluntary price reductions "is undiminished," Mr. Truman said, adding that "the drive for voluntary price reductions, while it has not gone far enough, has already yielded substantial results."

A bill permitting the governor in office in Florida to continue in the post until election of a successor in event of the death of the governor-elect was passed unanimously by the House today. The measure already has been approved by the Senate. It also places the secretary of state in line for the governorship in event of death of the person elected to replace the governor-elect if the Senate President and Speaker of the House are unqualified.

Sanford were tops in team support.

"I'm sure lucky to have Lake stay on the club because I know from the records that he is invaluable both in the field and at bat. From what I have heard of the team I am sure they will do their best to give Sanford the wins they deserve."

President Stine's only comment was that the officials of the club were willing to make the change because while they had utmost respect for Lake's ability, he and they believe that the new blood will be good for the club and the experience that Murray brings will improve the infield play.

and other business enterprises have greatly benefitted from the growth of fruit and produce sales at the market, due to the number of trucks that come here annually, he pointed out.

Mr. Lehman advocated the placing of a three foot drainage outlet along French Avenue to Lake Monroe before any paving and widening of French Avenue is undertaken by the State.

The present 18-inch sewer does not take care of heavy rains properly in the market vicinity," he declared. "We are at the foot of the hill, and Thirteenth Street and the Market area have been flooded deep enough to go about in row boats."

NO NEGROES APPLIED

COLUMBIA, S. C., June 5, (AP)—Applying in a federal court suit to open the University of South Carolina Law School to negroes, President M. F. Whitaker of State A and M College for negroes said today that no negro had ever applied for admission to a law school authorized at his institution.

Powerful Turbo-Jet Engine Developed

WASHINGTON, June 5, (AP)—The Army Air Forces disclosed today that six years' of secret work has developed the most powerful American turbo-jet engine yet announced.

This new engine, designated as the XJ-37, packs more power than a diesel railroad engine, but has less than one-fifth of one per cent of the diesel's weight.

The XJ-37 can be installed in the wing or fuselage, uses little fuel, and can be used either as a jet engine or as a turbine with propeller.

STOCK MARKET

NEW YORK, June 5, (AP)—Wall Street found scant buying inspiration in the news today and stock market leaders generally were permitted to shuffle over a moderately irregular route with dealings among the lowest of the year. The session was apathetic from the start. While modest plus signs were fairly well distributed near the close, mope losers persisted. Transfers for the full proceedings dwindled to around 550,000 shares.

Mine Report

(Continued from Page One) the explosion at the Central mine was the use of explosives in a non-permissible manner. "That the blasting practice in use in this mine was contrary both to the federal mine safety code and to the Illinois statute. "That the men doing the blasting, in some instances at least, contrary to law, used coal dust for stemming their shots; that in so doing, coal dust was used to fill in the drill holes after explosives had been inserted, instead of non-explosive, non-inflammable material as required by state law."

Frank Hague has resigned as
king of Jersey City! But the "imma-
gine" is still well in hand. He has
left his nephew in charge.

John Roosevelt seems to have
had a pretty serious run-in with
union forces out in Los Angeles.
A case where idealistic theories
clash with practical realities.

Those who advocate "federal
laws" against lynching because
negroes are unable to obtain
justice in state courts should con-
sider the verdict in the Athens, Ga.,
case where two brothers were freed
and one of them acquitted on charges
of beating a negro. This case was
tried in federal court.

Bright and idealistic young men
who see in World Federation, or a
One World government, the fu-
ture salvation of this troubled
planet, should consider the plight
of India, one continent unable to
unite under one government. How
in the name of Heaven are you
going to get Britain and Russia
under one government, while you
cannot get Hindustan and Pakis-
tan under one government?

The State House has passed a
bill making it illegal to dump
poisonous industrial wastes into the
St. Johns River. We hope it be-
comes a law. Then may be the
next session of the Legislature will
pass another bill making it illegal
to dump poisonous municipal
wastes into the St. Johns River.
For what good does it do to pro-
hibit the few industrial plants
along the St. Johns from dumping
their refuse into the river if you
are going to permit the population
cities along its banks to pollute it
with the filth of their sewers.

A United States deputy warns
in the United Nations committee
that the atomic bomb is ready
to be used on that Canada,
Britain, Russia, as well as the
United States, are already con-
ducting large scale atomic opera-
tions. But the real danger of atomic
weapons is in the hands of other
nations in their possible use in an-
other "meat attack" such as the
Japs pulled on us at Pearl Harbor.
When the next war starts, it will
probably come suddenly, without
much advance warning, and not
in one spot far out in the Pacific
but in a dozen different places
at once.

The Royal Poinciana blooming
in the backyard of Monte Morris
on East Second Street is the only
one of its kind that we have seen
in Sanford, or for that matter in
this part of Florida, although we
have heard of some out in Geneva,
Winter Park and one or two other
places. Extremely susceptible to
cold weather, the Poinciana is very
difficult to raise this far north.
Although they are found in great
abundance around Miami and Palm
Beach, and since they bloom in
winter when there is not much
chance of frost, they are particularly
valuable. They can be grown from
seed from the tree and if they
are protected from the cold
they will first thrive in five
years they are likely to survive.
Sanford should have more of them.

Looking At The Stars

Soon, probably early in 1948, man will be able to
look out into space twice as far as ever before. At California
Technical Institute's Astrophysical Laboratories on Mt.
Palomar, 127 miles from the school's Pasadena campus,
a giant 200-inch telescope that cost six million dollars is
being set in place. Photographs will be possible, according
to the magazine Science Illustrated, that will show what
condition matter was in almost as long ago as when the
stars were formed.

The 126-ton telescope tube, set in a 375-ton cradle,
will enable man to look back a billion years. He will view
stars whose light, traveling at 186,000 miles a second, had
to start a billion years ago to get to Palomar in 1948.
Quite incidentally, but comprehended more easily, the
mystery of the canals on Mars may then be solved. Possibly
the telescope will reveal that they were made by intelligent
creatures, now extinct. The telescope may give a glimpse
beyond our universe, may show that our immense universe
of 150 galaxies is finite, one among many. Further this
giant's look into the limits of creation will make it possible
to project the field of nuclear physics into the heavens
and yield new data on harnessing atomic power.

Such glimpses of immensity make a person feel very
small—or like a god. It all depends on the point of view.
A tiny speck, map, is viewed against the incomprehensibly
vast distances that make up the universe. But the knowl-
edge that makes such contractions as this telescope a tool
of humanity raises man to Olympian heights. And after a
look into the limitless beyond, how petty and unimportant
seem most of the worries and vexations of earthly life!

New Mormon Trek

A great event in the history of the West which took
place 100 years ago will be commemorated this summer.
This is the Mormon trek from Nauvoo, Ill., to the Great
Salt Lake of Utah, which began Feb. 4, 1846, and ended
July 24, 1847. The 1947 repetition of this journey will
have the advantage of modern modes of transportation,
for it will begin on July 16 and end a week later.

There will be 148 men, three women and two boys,
corresponding to the original company under Brigham
Young's leadership. They will travel in 72 automobiles
with covered-wagon tops, corresponding to the number
of wagons in Young's caravan. Even the daily diet of the
1846-47 pioneers will be followed, with buffalo, antelope,
deer and bear meat. It is to be hoped, however, that the
present-day travelers will fare better; for Young's party
found food scarce and travel conditions hard. Still, today's
party should get a good idea of what their ancestors went
through.

Anyone who considers what the Mormons have made
of a forbidding land with few natural advantages, must
acknowledge their sturdiness. And anyone who reads
history must be ashamed of the brutal treatment by their
non-Mormon neighbors, which sent the followers of
Joseph Smith on their trans-continental trek.

Just Yes Or No

Anyone who has had to do with lawyers, government
officials and other persons who lay down the law, will
sympathize with William S. Knudsen, the automobile
manufacturer who had charge of the nation's industrial
production during the war. According to his recent bio-
graphy, he was conferring with John L. O'Brien, the
Buffalo lawyer whom he had just made his chief legal
adviser.

"We are pretty busy around here, John," said Knudsen,
"so just tell me yes or tell me no, but don't give me the
reasons."

Most of us have at one time or another wished that
we, too, could dispense with the reasons. Wordiness is
one of the great modern evils.

note threatened an appeal to the
United Nations.

BUDAPEST, June 6, (AP)—
Matyas Rakosi, Hungary's No. 1
Communist and virtual dictator,
has told factory workers that his
party took over control of this
country "before the United States
could rub its eyes."

"We were able to solve the
crisis before the foreign press
food and aid, was able to inter-
rupt," Rakosi said. "Before the
United States could rub its eyes,
everything was perfectly put over."

"Such a task could only be car-
ried out when democracy is un-
dermined and led by the brave and
unflinching Communist Party."

Rakosi's description of the
events which culminated in the
resignation of Premier Ferenc
Nagy was delivered Wednesday,
but was not published in the press
here. The excerpts were found
today in an official text from the
files of MTI, the official govern-
ment news agency.

President Truman's view, that
the coup was an outrage, was not
published in any Hungarian news-
paper. Brief mention was made
that the peace treaty for Hun-
gary had been ratified by the
U. S. Senate, but there were no
comments.

In scenes reminiscent of the
German occupation, many persons
are huddling every night in Buda-
pest cellars to listen to foreign
news broadcasts. In cafes, con-
versations are carried on in whis-
pers. Members of parliament pass
by American correspondents with-
out a word.

A Hungarian who works for an
American bank in the town of
Gyomai, about 10 miles southeast
of Budapest, the political police
had confiscated all radio sets and
warned citizens not to listen to
foreign broadcasts.

The home of a Hungarian civil-
ian employee of the American
Graves Registration Service was
searched by political police.

Today's bulletin of the U. S.
Information Service, a State De-
partment office, carried President
Truman's rebuke about the Hun-
garian situation and the com-
ments of Aladar Szegedi-Massak,
Hungarian minister to Washing-
ton, denouncing the new Hun-
garian government.

Hungarians who rallied for the
bulletin came in hurriedly and
departed in even greater haste. The
lobby of the American legation,
usually full of Hungarians, has
been almost empty for a week.

an alleged vote fraud in Kansas
City. The witnesses are federal
Judges Albert L. Reeves, Albert
A. Ridge, and John Cashe Collet
and U. S. Attorney Sam Wear.

Attorney General Clark, heat-
edly denying that the Justice De-
partment had tried to "whitewash"
irregularities in the 1946 demo-
cratic primary, told the Senate
judiciary subcommittee yesterday
that the judges had decided the
evidence was not sufficient.

In the primary Rep. Roger
Slaughter, opposed by President
Truman, was defeated by Enos
Axell. Subsequently Axell lost the
election to Republican Albert L.
Reeves, Jr., son of Judge Reeves.

After the Justice Department
decided there was no basis for
federal action the Kansas City
Star made its own investigation.
Largely on the basis of evidence
uncovered by the paper, a state
grand jury indicted 78 persons on
charges of violating election laws.

The Senate met an hour early
in an effort to wind up congress-
sional action on the Labor bill
and send it to the White House
where President Truman can wor-
ry over it.

Senator Taft (R-Ohio) said he
expects final approval of the
bill, night despite a barrage by Demo-
crats led by Senators Pepper (D-
Pa.), Murray of Montana and
Barley of Kentucky.

Taft is standing on his resolu-
tion the Senate can pass the bill
over a presidential veto, provided
that is the action President Tru-
man takes after he receives the
measure.

The GOP-backed bill provides
various curbs on strikes and un-
ions.

Over in the House Democrats
claim Republicans have failed in
their campaign to trim \$4,000,-
000,000 from President Truman's
\$37,500,000,000 budget.

Rep. Cannon (D-Mo) said that
by their own figures the Republi-
cans have cut the budget by
\$3,250,000,000 and that with
most of the big money bills out of
the way "the Republicans will
never reach their \$5,000,000,000
cutting goal."

The House yesterday passed the
\$5,280,982,000 War Department
bill, trimming it \$435,809,000 be-
low budget estimates. Passage
came after the House passed
\$40,000,000 for new airplane pur-
chases.

to 2, by the House Finance Com-
mittee today.
But lines were drawn for a last-
minute floor fight as sponsors of
the measure started marshalling
their strength to bring it before
the whole House for consideration,
while opponents were equally de-
termined to stave off a vote until
the 60-day session ends. The
House had suggested adjournment
at noon, but the Senate—which
must agree—took no action on
the time.
The soft drink tax received 19
to 16 approval in the Senate. It
was proposed by Senator Mathews
of Jacksonville as a means of
meeting part of the huge deficit
Governor Caldwell has forecast
but House financial leaders have
disputed.

When the Senate bill reached
the House, Speaker Thomas D.
Beasley sparked an immediate
flurry of parliamentary debate by
referring the measure to the Com-
mittee on Finance and Taxation.

By throwing the House into a
short informal recess, he cleared
the way for the committee to con-
sider it, when opponents tried to
employ a standing rule to block
the Finance Committee meeting
while the House was in session.

Obstacles to the House passage
were rugged as Governor Cald-
well's friends mustered their
strength in an attempt to shove
the bill through. They had the
backing of school and college in-
terests, as well as various other
groups who preferred not to run
the risk of having the Governor
withhold appropriations for their
projects and institutions.

Caldwell has not asked for any
particular tax but he has said
the Legislature either should trim
its record appropriations or find
new revenue to avert a deficit.

The soft drink tax predicted
yield of \$10,000,000 a year was
calculated to meet the \$9,000,000
estimate of comptroller C. M. Gay
and School Supt. Colin English
for essential school and opera-
tions needs for the next two years
—and at the same time give the
Governor the \$10,000,000 reserve
fund he has insisted must be set
up.

Bottling company representa-
tives, however, maintained it
would not bring in more than half
what Mathews estimated.

The Bill, as it cleared the Sen-
ate, called for a tax of one cent
on each five ounce of retail price
of a drink, and 78 cents a gallon
on syrup used in mixing fountain
drinks.

It would apply only on carbon-
ated drinks, not natural-fruit
or milk beverages. It would be
collected by the State Beverage
Director through sale of special
tax crowns.

Beasley has more than 200 im-
petories, colleges and schools.

Eloise Cook Weds Michael B. Ward

Eloise May Cook, daughter of Mr. and Mrs. J. C. Cook, became the bride of Michael B. Ward, son of Mr. and Mrs. H. G. Ward, of Montgomery, Ala., on May 31 at the home of Dr. J. B. Root at 9:30 A. M. in the presence of a few friends. Dr. Root officiated during the ceremony. The rooms of the parsonage were decorated with roses, gladioluses and greenery which also formed a background for the lovely wedding.

The bride chose to wear for her wedding a light blue gabardine suit with a hat of blue, pink and white. Her accessories were white and she wore a corsage of sweetheart roses. Janice Cook, sister of the bride, served as her maid of honor and only attendant. She was gowned in pink and green chiffon with white accessories and a corsage of pink sweetheart roses.

Uncle of the bride, Jessie A. Cook, acted as best man for Mr. Ward.

Following the ceremony a small reception was held at the home of the bride's parents. Arrangements of roses and gladioluses decorated the table which was covered with a lace cloth. Late in the morning the couple left for a short wedding trip to be spent at Daytona Beach and at present are at home in the Welaka Apartments.

West Side Faculty Enjoys Luncheon

Members of the West Side School, faculty and guests, Mrs. Escar Price, Mrs. R. L. Beard and Mrs. B. D. Deke celebrated the closing of school with a luncheon on Wednesday at noon.

The dining table was covered with a lace cloth and decorated with a low arrangement of mixed flowers. Miniature baskets of candy held the place cards, marking the seating arrangements.

Following the luncheon which consisted of fried chicken, baked beans, salad, hot rolls, sliced cucumbers, celery, olives and ice cream the teachers presented the following with gifts and flowers: Mrs. J. B. St. John, Mrs. Brice, Mrs. Beard and Mrs. Deke. Teachers present were Mrs. Lotie Nix, Mrs. Harry Watt, Mrs. M'Lissa Benton and Mrs. Maude Satcher.

Mrs. Ball, Mrs. Boiz Honor Miss Stein

Mrs. William Ball and Mrs. F. E. Boiz entertained on Wednesday with a Coca Cola party and farewell shower in honor of Miss Charlotte Stein who is leaving Sanford in the near future to make her home with her aunt, Mrs. G. J. Willer, in Blue Island, Ill. The party was given at the home of Mrs. Boiz at 10:30 A. M. Pink roses were used in decorating throughout the Boiz home. Covering the dining table was a lace cloth centered with an arrangement of the roses in a silver bowl flanked with white candles in silver holders. Coca Cola was served from a tea-table in the dining room and open-faced sandwiches, salted nuts and individual cakes made up the delightful refreshment course. Assistance was given by Miss Rebecca Stevens.

Shower gifts were presented to the honor guest in a wicker bag by Joe and John Wimblish who were dressed as porters. Those invited to be with Miss Stein were the Misses Jean Sawyer, Lillian Boyle, Nancy Williams, Mary Southward, Caroline Lee, Dolores Lee, Helen Hayman, Mikay Browning, Kitty Odam, Joyce Goodspeed, Gloria Dampier, Mary Touchton, Audrey Toll, Evelyn Ratliff, Georgia Hutchins, Bobie Lee Morton, Betty Callum, Helen Slaughter, Harriett Matthews, Janice Cook, Louise Clark, Gay Finster and Miss Margaret Davis. Miss Penton Marries Robert S. Herndon

The marriage of Miss Mary E. Penton, daughter of Mr. and Mrs. M. E. Penton of Marianna, to Robert S. Herndon, son of Mr. and Mrs. Robert E. Herndon, was solemnized at 5:00 o'clock Saturday afternoon in the First Presbyterian Church. Dr. E. D. Brownlee performed the double-ring ceremony.

Nuptial music was played preceding and during the ceremony by Mrs. F. S. Vernay and the traditional wedding marches were used.

The bride, given in marriage by her father, wore a gray linen dress with navy blue accessories and her corsage was made up of a single orchid surrounded with orange blossoms.

She was attended by Miss Catherine Barnes of Eustis who wore a blue linen gown with white accessories and her corsage was of sweetheart roses and pink carnations.

Emmett Herndon, brother of the groom, served as best man and ushers were W. S. Brumley, Jr. and Harry Brownlee.

Mrs. Herndon was graduated from Florida State College for Women in 1945 and has spent this past year teaching at the Bay County High School. Mr. Herndon graduated from Stetson University in 1943 and spent 33 months as an engineering officer in the United States Navy on an aircraft carrier during the recent war. He is now attending the University of Florida where he will receive his Masters' degree this summer.

Mr. and Mrs. Herndon plan to attend summer school at the University of Florida in Gainesville.

# Locals Snap Losing Streak With 5 To 4 Win Over I's

## Revamped Feds Meet St. Augustine At Municipal Park At 8:15 Tonight

By ARTHUR BECKWITH, JR., Herald Sports Editor

The Sanford Celery Feds greeted their new manager, Don Murray, with their first victory in the past six starts last night at the Municipal park by nipping the Daytona Beach Islanders by a 5 to 4 margin.

Goose Kettles went the route for the locals and limited the Hartleymen to nine scattered blows and issued no free dinners. Kettles sent two Islet batters down by way of the strikeout route.

The Feds showed aggressiveness with the revamped lineup. Buddy Lake moved to third base, Johnny McManus shifted to short stop and Manager Murray took over at the keystone sack. Don Ricketson worked at the initial sack again last night while Jerry Silverman rests his ailing leg.

The game barely missed the possibility of going into extra innings when the Daytona shortstop, Osthoff, went scampering home and was thrown out by Johnny McManus as Osthoff was sliding across the platter.

Sanford tallied the first run in the second canto, Daytona Beach retained in the third with a pair to forge ahead in the contest. Sanford came back in the bottom of the fourth to punch across three

markers and tallied the winning margin in the sixth.

The locals entertain the league leading St. Augustine Saints at the Municipal Park tonight in a game that promises to present a hotly contested battle. The game will get started at 8:15 o'clock.

## COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.

### Celery Feds

The Sanford Celery Feds really received a shot in the arm with the announcement of the changing of the manager.

A tribute was paid to Buddy Lake's ability as a player and as a manager was clearly shown at the Municipal Park during the contest with the Daytona Beach Islanders. Every time the local "Fed" third sacker would come to the plate for his time to bat the fans would give him a heart warming welcome.

The complete change on the infield looked good last night. In fact there was more hustle shown by the local "Fed" than has been seen in a number of contests.

Johnny McManus showed up well at short stop, which is his regular position. Johnny came to Sanford as a short stop.

Lake handles the hot corner like a veteran and came up with several hot grounders that very few third sackers in the Florida State League would have handled.

The newly acquired "Fed" outfielder, displayed ability and proved to the local scribes that he can really throw that ball. He has such a terrific arm that he overthrew Martin Zuba at the home plate in the contest.

Diamond Dust  
Deland played without the services of Big Chuck Aleno last night and dropped the contest to the Gainesville G Men by a 4 to 0 margin. It certainly is true that the Red Hat defense and offense was built around the former Major Leaguer. . . . Jim Schenkel has signed to play with the Red Hat organization. St. Augustine trounced the Orlando Senators in a 12 to 1 game last night to forge one-half contest ahead of the Steineckemen to gain the leadership. . . . By virtue of Or-

Trotter. Losing pitcher—Meadows. Empire—Holl and Belbeck. Time of game—2:15. Attendance—722.

Deland's loss to the Saints and Leesburg's victory over the Palatka A's Orlando is now resting in the fifth slot in League standings, just four and one-half games ahead of the local Unions. Winston found himself in hot water again last night when he called Desmond Salter's smash that hit the third base sack a foul ball. Every player on the Pirate team had to grab the busy right fielder to hold him and prevent his scrambling the arbirer. The Feds play the Saints here tonight and meet the Orlando Senators here Sunday afternoon.

HELPS KIDNEYS  
Remove Harmful Impurities  
Backache, loss of the old pep, getting up at night, and headache are often caused by nothing more than improper kidney action due to excess acid in the urine. The kidneys are one of Nature's ways of removing impurities from the blood. And when these impurities back up, trouble may start.

So if you have these troubles, give your kidneys and bladder a good flushing out by taking Dr. Kimer's Swamp-Root. It works on the kidneys to flush them out, increasing the flow of urine to help relieve that excess acidity and ease that burning sensation when you pass water. . . . helps that bladder irritation that makes you get up at night. . . . Made of 16 herbs, roots, vegetables, and balsams, Swamp-Root is absolutely non-habit forming. Millions have taken it for generations. . . . often with wonderful results. Caution: take as directed. For a trial supply, send to Dept. K, Kimer & Co., Inc., Box 1215, Stamford, Conn. Or get full sized bottle of Swamp-Root today at your druggists.

## NEEL HAD LOST 35 LBS. GAINS 25 ON RETONGA

"If People Knew What Retonga Did For Me They Couldn't Make It Fast Enough," Declares Well-Known Home Owner. Tells About His Case.

Every day brings new praises for Retonga. Among the latest to give this famous medicine his strong public endorsement is Mr. W. M. Neel, well known home owner of 804 East Lake Ave., Tampa, Fla.

"If people knew what Retonga did for me they could not make it fast enough," declares Mr. Neel. "It seemed to me that every meal I would belch up a hot liquid as sour as vinegar. I dined meal-time and confined myself to soft foods, but so much gas formed in my stomach I sometimes felt like I would choke. I felt high strung and I got little sleep. I had to take a strong laxative every day, and often my muscles felt sore from head to foot. I lost 35 pounds and it looked like I was at my row's end."

"Retonga brought me wonderful relief. My appetite is fine, I eat everything and have regained 25 pounds. The constipation and aches in my muscles are relieved. My friends say I look like a different man. If anyone wants to know about Retonga, tell them to see me."

Retonga is intended to relieve distress due to insufficient flow of gastric juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Accept no substitute. Retonga may be obtained at Touchtons. —Adv.

Every man who knows pipes likes the look of a Sportsman. That unique natural-burl finish is partly the reason. But mostly, it's the way a Sportsman is shaped—with its extra thickness in bowl and shank. All fine imported buyere, of course—in generous quantity where you need it most—to absorb the heat and cool your smoke. If you want a long smoke—and a sweet, mellow one—put your tobacco in a Sportsman.

sparked with a full peace-time program of parades, parades, parades, and the bestowing of honors.

Old Dahlgren was packed with dotting parents, seethearts, and the gold braid of high rank as 471 graduates rose in a body and took their oath of office from Vice Admiral W. H. P. Blandy, director of last summer's atomic bomb experiments at Bikini and now Atlantic Fleet Commander.

Among the middies was his son, William Purnell Blandy.

Secretary of the Navy Forrestal said today the United States, to avoid another war, must solve "political, economic and security problems such as the nation has never faced."

This country is the "principal core of stability in a world shaken by six years of bitter and destructive fighting," Forrestal said in an address prepared for the graduating class of the Naval Academy.

He predicted that the years ahead will be "more deeply vexed and troubled" than those which have confronted any generation since the start of the Civil War.

"Today the foundations of control and authority are shaken," Forrestal continued.

"Economic stagnation of Germany and Japan enforces a substantial drain upon our own economy. We cannot exterminate, nor permit to starve, these millions of human beings.

"But we shall have to watch most carefully against a rejuvenation of the conditions which were Hitler, conditions which were largely the result of divergent policies among the victors after World War I had been won.

"In all of the great continents there are vast areas of unrest and of hunger which can develop into political chaos.

"There is no formula, no magic blueprint which can provide the solution to problems that have been centuries in the making and come from bitterness, from friction between races, and hatreds that have existed over the centuries.

"But we have made a beginning in the Charter of the United Nations and the meetings of the council of foreign ministers. However, acrimonious these discussions may be or become, they are better than resort to arms.

"It took 150 years before the concept of our federal government became fixed. Should we despair because the ideals contained in the United Nations Charter and the sincere aspirations of the statesmen who participated in its framing are not realized by Monday morning?"

**U. S. Note To Russia**

Rovlet involvement in the ousting of Nagy become of great importance, since these might be made the basis for a broader charge of Russian political aggression against Hungary.

**Indian Situation**

(Continued from Page One)

concerned but, at the moment, inconclusive study in Washington. Nobody knows what may happen. Some people hope nothing sensational will. But there is apprehension behind the State Department's calm facade.

As the Americans see it, the potential trouble arises from the relationship of Russia to India, the fact that they are Asiatic neighbors. The questions being asked by authorities are these:

1. Months hence, when India's links with Britain are cut to a minimum and Britain's direct responsibility for India slacks off, will the Soviets try by political or other means to take over?

2. If they do try, can the United States afford to let them succeed?

3. Might India become on a huge scale another Greece or Turkey?

4. If so, under what circumstances might the Truman Doctrine apply?

Most responsible officials here believe that at a strategic time the Soviets may enter the Indian situation just as they are already politically active in all their neighboring countries.

In general the American government is reported quite pleased with Britain's moves for India's freedom. There is some disappointment at what appears to be the need for dividing India. But authorities here say if that's the way the Indians want it, that's the way it has to be.

Nonetheless it is a reverse for American policy insofar as America had any Indian policy other than encouraging the freedom idea.

The American government has always talked in terms of a strong India and a strong China stabilizing peace in Asia. China at the moment is anything but strong, India divided will be far weaker than India united would have been.

The most authoritative American estimate is that the period of local and not snowball into anything like civil war.

Communists, of course, can aggravate natural conditions of unrest at such a time. American Party numbers about 50,000 members, not large among India's millions, but energetic and resourceful.

In the American view, what India needs is an uninterrupted opportunity to work out her own destiny. This means the outset rapidly decreasing interference in Indian affairs by Britain; no interference by America and none by Russia.

**Nationalists Start Counterdrive In China**

PEIPING, June 6 (AP)—The government poured new reinforcements into Manchuria by rail and sea today, and one Chinese press report said nationalist troops had launched a counterdrive in a strategic sector of the battle with Chinese Communists.

Red troops continued to menace Mukden, but Chinese dispatches reported a noticeable slackening of pressure on Kaiyuan and Changtu, 50 and 70 miles northeast.

**Arrested Students In China To Be Freed**

SHANGHAI, June 6 (AP)—Hsiao Tieh-Wu, commander of the Woosung garrison, promised today to release shortly Shanghai students and newspaper reporters arrested in a recent roundup if there was no substantial evidence they were Communist agents.

Several colleges and universities already had resumed classes following a four-week strike for more food, curriculum changes and an end to the civil war, which led to the arrests. Other schools were expected to reopen within a few days.

IN COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, STATE OF FLORIDA.

IN THE ESTATE OF LITTLE S. BEASLEY, Deceased.

To All Whom It May Concern: Notice is hereby given that MARIE S. GLADDEN filed her final report as Executrix of the estate of the late Little S. Beasley, deceased, and that she will apply to the Circuit Court in and for Seminole County, Florida, on the 8th day of July, 1947, for approval of same and for final discharge as Executrix of the estate of Little S. Beasley, deceased, on this 8th day of June, 1947.

MARIE S. GLADDEN, Executrix of the estate of Little S. Beasley, deceased.

CITATION

THE STATE OF FLORIDA TO THE HONORABLE H. W. WARD, County Judge of Seminole County, Florida, in and for Seminole County, Florida.

A sworn bill of complaint having been filed in the Circuit Court in and for Seminole County, Florida, in Chancery, by Fatima Fawcett Hardwick against you for divorce, these presents are therefore to command you to be and appear before said court on the 8th day of July, A. D. 1947, otherwise a Default Pro Confesso will be entered against you.

It is further ordered that this citation be published in The Sanford Herald once each week for the period of 21 days, the first day of publication being the 8th day of June, A. D. 1947.

**WHY CARRY INSURANCE?**

If you drive an automobile and carry insurance you should remember that the company taking your risk makes a profit on the premium you pay, or at least expects to make a profit, so why not carry your own insurance and save the premium? Suppose you do meet with an accident (hundreds do every day) involving liability and property damage, possibly serious injury or death to one or more persons; all that is necessary for you to do is to employ a good lawyer, take the case to court and enjoy a good verbal fight, and if you lose pay your lawyer, court costs and the judgment ( seldom over \$25,000). In that way you will save the profit the insurance company expected to make on your policy. B. U. T. If you do not like this idea of saving money and the right to operate your car, phone 104, and find out about our profit-sharing policies for careful drivers.
