"See! see!" Amy cries, using one of her new-found words. Her volo trembles with wonder, and suddenly the fish Bob brought her become man than ordinary. They're mapical creatures, slashing through the wate. rith e flick of their tails, golden pleams of fascination.

How thrilling is a baby's world-changing, growing. Every day brings a new experience, some added lore to shape the growing personality. Bob and I know how important these days are in Amy's development. Her acquaintance with the world now will affect her life greatly. That's why we take her to church every Suncioy. We want her to learn of God's love from earliest remembrance.

God is the light of the world. His Church offers you and your family the opportunity to make His presence a joyous reality in your lives.

FAA Takes Property For Use By Sanford

City of Sanford will receive the Sanford Naval Air Station for free from the Federal Aviation Agency as soon as an application for the base can be made to the FAA by city officials. This acquisition includes the entire base-approximately 1,-800 acres, including the 138-acre cantonment area which General Service Administration (GSA) had sought to sell to the city for \$700,000.

City will not be required to pay anything for the property as the base has been taken by the FAA away from the GSA for the purpose of an airport under a law used here for the first time, which gives the FAA authority to take hased - out government property for establishment of an airport, if the need s considered severe. This information was made

known during the weekend to Sanford Commissioner W. Vincent Roberts.

Roberts received a telephone call from Neil Peterson, an aide with Vice President Hubert H. Humphrey, who ad-vised the former mayor that the FAA legal counsel had decided to take the entire base for an airport and would offer Dr. Edith Duerr is expected

Choosing form-Bepresentative Ray Osborne, a personable and budy GOP comer, indicated that this office - first isutemani-governor for Florida in 30 years - would have more political than governmental meaning. Oreation of the office has two obvious results: I. Now there will be a second-in-command to take

Here's How!

Dr. Arthur Smith, in a recent economic letter for the First National Bank in Dallas, had a for the First National Bank in Dallas, had a suggestion for president-elect Richard Nixon. "As soon as possible after Jan. 20," he wrote, "disputch a task force of U.S. economists, pre-Serably those who like to be called New Econo-mists, to West Germany to find out how the West Germans have managed to emerge with a full economy, full employment, a large trade balance, resistance to inflation and all this with a sound, stable currency." Should Nixon take the advice, it would be blt-

arly ironic. After World War II, a compassionare United States sent several of its top govern-ment economists to help get West Germany back on its feet. The idea was to spread the secret of boom times fueled by budget deficits. The West Germans listened politely, and the economists came home confident that their message had soaked in. Then, lo and behold, when the West German government set forth its economic policies, they contained not a shred of the policies, they a American plan.

This triggered a state of doomsday dissertations by the New Economists, who agreed to a man that the mark and the policies behind it were not long for this monstary world. Two decades later the poor marks belong to the defi-cit economists, not the Germans. — Dallas (Tex.) Morning News

nor has to be chosen.

nor has to be chosen. Thus the two offices are closely linked. Objection to the manner of Lieutenant-Governor Ouborne's ar-riving in the office — by appointment — will be done away with when the 1970 election rolls along. By that time it is logical to expect that Governor Kirk will have done some needed fence-mending. His first two years in office have alignated much of the bi-partian support which gained him the office. It is community, with some apprehension that

It is, consequently, with some approximation that we view the extension of the governor's office in the setting-up of satellite offices in four other areas of

the state. These could perform needed services, But they certainly are an extension of the bureaucratic approach to governmental problems which, if once en-

THAT ADDED WEIGHT

Seminole County, points out, very much in step with the "one-man, one-vote" trend set in motion by the couraged, is almost impossible to curb. When the case of Sanator Gunter, represen When the case of Senator Ganver, representing Seminole-Orange counties, is viewed there appears a legislator who has lived in the atmosphere of our state legislature, has known intimately the credits and debits of the present bi-cameral body and pro-United States Supreme Court and now getting more than lip service nationally. Nor do we endorse the Gunter proposal without recognizing there is other and basic opposition to the unicameral proposal arising from other than selfish

and debits of the present decemental body and pro-posed a drastic change. Continuing a drive for a unicameral legislature, Senator Gunter has filed an amendment to bring about this drastic change. The amendment, however, must be approved by a three-fourths majority in both bodies before it can be put on the ballot for voter

are in favor of streamlining that already in existence and lowering its cost. New offices and new operations, We do not minimise the very high hurdle pre-sented to such an approval and acceptance by the very nature of man. It would not be easy for some of such as are inherent in the Kirk moves, cannot be done without dollars to pay the bills. Thus, as we said, overlooking such situations as these legislators to vote themselves out of jobs which these is not sensible, reasonable or in the interest of are becoming more interesting and better paid. Yet it is, as "Bill" Gunter, long-time friend of any taxpayer!

Huddle

Notes

By Tom Alexander SHOE

FEATURED IN TUESDAY's sports section (Jan. the entire country who did pick the New York Jets 7) was this story by NEA Sports Columnist Ira Berkow . . . one of the few writers throughout to beat the Baltimore Colts.

guerantes months.

ataliad with trada-ia

After yesterday's rousing upset of the Baltimore Colts by week one of the biggest thrills of North ahead. writers?" he asked each report-er who approached him in the another classic is set for next Saturday. It could be called the Jets dressing room. "Well, lis- super-bowl for junior-college basketball quints as the powerful ten," he would say with a scowl. Sanford based Seminole Junior College Raiders go after re-"AFL is here to stay and you'd venge from last years two beatings by traveling to Lake City better believe it. I guarantee." to meet the rough and awesome Timberwolves.

If you can remember back to last year, the Raiders were a bench and the well wishers letter-perfect until they were upset by Lake City, and a playand writers strained to get near off was needed to decide who would be the Division II king.

him, ft was at least 100 degrees The Raiders hosted the Lake City in the crowded Jets dressing the first game between the two high scoring squads and bested the visiting Timberwolves by three points, before what was perspiration. His long black said to be the largest basketball game, attendance wise, ever played in Seminole County. It also had to rate as one of the nost exciting.

Again this year it looks like another replay of last year's but the New York fans gave us tremendous action as the Raiders are perfect within Division a chance. Where were you II as is Lake City. Overall Sanford team is 13-1, being upset early in the season by scrappy Broward, 65-63. The Timberwolves are also perfect inside the Central Florida grouping, but have had a rougher time outside the conference by dropping three contests.

After talking to Coach Joe Fields, who is head mentor of the Timberweives, the Lake City coach expects his gym to be completely packed for the live wire contest. The Timberwelves are playing in their new gym which is located on campus, and Fields expects some 2,000 fans to be on hand for the Raider contest.

Coach Joe Sterling on the other hand is looking for rewenge from the team that upset him twice last year and will have his SJC team in what is expected to be great shape for the crucial tilt. Sterling is extremely happy with the progress of big 63" forward Talmadge Anderson, who is a freshman at the Seminole County school. Anderson is the second best foul shooter on the team, following only little guard Gary Sanborn in that category and many fans believe that he will have the jumping ability of Vernell Elizy next season. Anderson also has good range from both inside and outside the key on his tump shots.

Who is the player Field's fears most? Elizy is one of the strongest players in the state and the man the Timberwolves keyed in on last year and with the addition of hot shooting Simon Harper, Fields doesn't like his chances, but still he feels that little 5'8" guard Dover Wynn is the most dangerous player his team will face. Remembering back to last year, Fields was expecting a lot

a trouble from Elizy and fine 6'0" guard Join Thomas who is now at Appalachia State, but mini-guard Wynn was the bearer of Lake City's troubles as he tossed in 24 points from the outside range and kept the Timberwolves floating zone defense on the wire.

Here is a good tip . . . eat your supper early next Satarday then get into your car take highway 46 to Interstate 75 and then your on your way to Lake City . . . It is a two and one-half hour drive friends, but on your way up you can swap the strategedy on the game and on the way back you can talk about the fantastic baskethall you witnessed . . . It s bound to be the game of the year for the Raiders . . . If you can't make it, tune in to WTRR for play by play results with your favorite broadcasters Gil Luck and Bank Elwood . also tune into the game this Wednesday night as the Raiders journey to Jacksonville to meet Florida Junior College.

Yea - Oviedo . . . I guess Coach Dave Miller had other words to express his happiness as the Lions knocked off the Sanford Naval Academy Friday night for their first win of the basketball season . . . Oviedo High has been having 'one of those years' in sports, but look out. The Lions will be joining the tough A Class division in the state next year and things will start looking up . . . mark my word.

Coach Bill Daugherty has been having his headaches with the Lyman basketball schedule . . . The Lyman mentor has seen his team bested by no more than eight points six times this season by highly ranked teams such as the DeLand Bulldogs . . . but lookout, the Hounds are really starting to move. Sanford Seminole . . . Sanford Crooms . . . Sanford Naval . . no one seems to be having any luck in county action . . .

lets keep hoping fans maybe things will look better soon ... Thanks for Seminoie Junior College or basketball would be a thing of the past here in Seminole. Here is more on the junior college redistricting I was

talking about last week. It is now understood that there probably will be a meeting of all SJC officials at the end of this cases to study more compact districting. Within five years Florids's junior colleges have swelled to over 40 institutions . . where there was only 20 a few years back. Much more growth is expected with a total of 50 institutions before 1965. So fans, it looks like we might be seeing much more of Brevard and teams of this nature before too long.

-a starter in every previous New York game ing his head and grinning. "There's just so this season-did not start. In fact, he did not much you can do with that kind of money. play, except on the Jets' speciality units. I'm going to get a start on a new home with Wiping champagne off his forearms in the mine. Feeling (25) Grand

By LEE MUELLER NEA Sports Writer

NEW YORK (NEA) - At 25, rookie right tackle Sam Walton of the New York Jets is not yet a rich man. Only a year ago, he borrowed 75 cents from a roommate at East Texas State in order to go to the movies. Although he was New York's third-round

draft choice last spring, Walton's contract did not remotely rival that of Joe Willie Namath's or even that of receiver Don Maynard. It was, as the 6-foot-6, 270-pound tackle save, "an average kind of contract." An average kind of contract in the American Football League - according to a Jets'

spokesman - is almost \$20,000 a season. To Sam Walton, then, the Super Bowl and Baltimore Colts mean more than just the world professional football championship. They mean money-winners' share of \$15,000 per man, losers' share of \$7,500.

Walton talks about pride; about what a bunch of "dedicated, hard-driving cats" the New York Jets are. But he also talks about money. Among other things, it soothes sore

Against Oakland in the American Football League championship, for instance, Walton "It's just unbelievable," said Christy, shak-

dressing room afterwards, he smiled and said new cars. be didn't really mind not playing. "I'm willing to do anything to help the title and at least \$7,500 for playing in the team." he said. "I'm still a rookie, you know. Super Bowl - and that's for losing. I just I don't know all there is to know about this can't believe it." game yet. Besides, the money's what counts. Walton, a bachelor, says his money's going

Everybody wants that." that supercilious question (Who's better? AFL situations, too." or NFL?), the Super Bowl means money. Richards a 21-year-old rookie who made large sums of money for granted. Players least-paid Jets. however, especially Jet reserves like Walton, Back home in Charlotte, N. What Charlie did was shoot a American victory was in the came last year when Boros and Sifford played in an exhibition. "We ol men." said Charlie, "try to help each other."

He added, "the gallery mus have noticed it. I could hear them saying. "Look, he ain't hookin' no more."

Sifford have been playing gol or more than two decades. He was a caddie as a 10-year-old in

school basketball poll.

Oviedo Gains Initial Win; Blasts Academy beaten by Leesburg 54.52. The Oviedo Lions came out of uled games and will go to PGA tournament victory was in

Friday by defeating the Sanford Naval Academy, 78-43. The joy of the victory lasted for about 34 hours as the Lions were defeated Saturday by the Leesburg Jackets, 49-36. The Lions now stand with a 1-9 record. In the weekend contest the Lions Alonzo McKeever and Otis Wilson poured on the steam as McKeever had 35 points for the two games and Wilson was right behind with 25 markers. Steve Bratton, one of the Lions forwards, found some pep before the contest against the Academy as he racked up nine points and was high rebounder with his rebounds be-

ing in the double figure column. Bratton also showed a good rebounding effort against the tough Leesburg quint. In the Leesburg contest, the

as it was, the Jackets managed

to keep the lead through the entire contest. Oviedo's Baby Lions are showing-up the varsity squad as they now have a 5-4 record.

The Junior Varsity picked up a victory against the Academy for their fifth straight, but were LEESBURG Player

THE BLUE ENSIGN **U. S. COAST GUARD AUXILIARY**

By BILL JACOBS Division Public Relations Officer

The Sundown Safety Patrol is entering its second year. Flotilla 41 inaugurated this service to the boating public of Sanford and environs concurrently with the establishment of the Coast Guard Auxiliary unit in this community. Regardless of weather, the weekly patrol on the St. Johns has been maintained each Sunday, the patrolling craft a familiar sight to Lions went back to mistakes many river navigators. Flotilla 41 is in no way reimbursed and at the same time into the by the Coast Guard for this activity. The expense is borne by hole. Both teams had their individual Flotilla members who also give freely of their me in this undertaking to serve fellow boating less mistakes but the Lion quint . . . Ever realize how lonesome and frustrating it can be with had more trouble as they were a disabled engine or motor five miles from home on a deserted not hitting or rebounding up to river in the black of night? That is when the Coast Guard par. Even with the final score Auxiliary can certainly be welcome! The patrol on January of the contest being as close 5 was made by Commander Holmwood and his able crew, Dave Holmwood

> Frank M. Luecker has been appointed Skipper of Sea Explorers Ship 541, with plan to revise this organization, a member of the nautical branch of Boy Scouts of America, so to speak. Boys from 15 to 18 are invited to join this group, with membership a rewarding activity. Sea Exporers participate to a limited degree in Coast Guard Auxiliary assignments. For one thing, they may serve as crew members on the Sunday patrols. Training afforded by both the Sea Explorers and Coast Guard Auxillary is exceedingly beneficial to one contemplating a career in the Coast Guard or Navy.

Those interested in the course in basic seamanship and boating safety may join the class at any time. Call Staff Officer Joe Palermo at 295-1742 for information. Those desiring to know about Sea Explorers should phone Frank Luecker at 322-3699 Before an airline pilot takes off, he runs through a check

list, the extent of which depends on the equipment being flown. If you memorize the following letters you can have a mental check list for your boat before casting off: G - Gas or fuel

- A Anchor and line
- Z Life preservers life preZervers, that is!
- E Extinguisher, (where required)
- **B** Bailing device
- 0 Oar or paddle

S - Slow - a cardinal rule in moving from the dock, through the anchorage or past other craft. The word Gazebo, used in slang much as the word gink or SM FSM TP geezer, actually means a balcony or porch for viewing, or even a summer house.

Florida's roads will get steadily worse unless the state can come with about \$80 million more a year, according to State Road issioner Jay Brown. Brown told the State Budget aission Wednesday a twocent per gallon hike in the gas tex or use of funds from license tag sales are possible ways to catch up on highway needs in the next 16 years.

Although the Road Board's reuested budget for the coming ium will not come out of general revenue funds, the Budet Commission was hit for the hird straight day with proposals from other agencies for a

higger bite of tux monies. Most department heads asked for more money to pay staffers and for building, claiming the rrowth of the state was th

came from the Conservation De partment, which asked for a to tal of \$58.1 million for 1969-71. Other agencies conferned with natural resources wanted another \$30 million.

And the Department of Public Safety asked \$37,575,755 Tor the ment two years, including money for \$50 new employes. The reapending increase from 1967-69. Brown told Cabinet members that Florida's roadbuilding program "is considerably far behind" already and is sure to get WOTSC.

He said the Road Department plans to spend \$749 million in the next two years, including about \$482 million or road building projects.

The commissioner said the department hopes to carry over \$155 million from the present biennium and to collect \$672 million from earmarked funds or federal grants to fund its 1969-71 program. Conservation Director Rap

dolph Hodges said "a great awakening in public interest in conservation and demands for new services" accounts for his department's request for a \$24.3 million budget hike in the next two years.

Other agencies concerned with policing or preserving Florida's natural resources were the Board of Forestry, which requested \$17.4 million: the Board of Parks, \$7.2 million; and the Outdoor Recreational Council. \$5.5 million.

The Revenue Commission asked for \$9.7 million, mostly for pay hikes and hiring 4 more staffers.

Other requests submitted Wednesday were \$10,378,213 for Circuit Courts; \$4.067,806 for state attorneys: \$2,912,846 for public defenders \$1,361,393 for the Department of Transportation: \$1.428 493 for the Board of Archive and History: \$1,260,200 for the Supreme Court: and \$1.-042,235 for the Purchasing Commission.
