Home Building Path Cleared

The County Commission today cleared the way for construction of 44 high-cost homes on land located behind Freddie's Restaurant on U. S. Highway 17-92, approximately 15 miles south of Sanford.

Strolling In Sanford

A bald eagle was donated to the Sanford Zoo yesterday by J. W. Wolfley of the U. S. Fish and Wildlife Service, Orlando.

John H. Searcy of Longwood left by plane from Orlando Sunday with a party of engineers who are being flown to New York City by Radiation, Inc., of Melbourne and Orlando, to attend the meeting of the National Institute of Radio Engineers to be held at the Waldorf-Astoria Monday through Wednesday. Searcy graduated in the Class of '45 from the University of Florida with a Masters Degree in Electrical Engineering and has since been employed by Radiation, Inc., as a junior engineer.

Lions Expansion Discussed Today By C. H. McNulty

There are 12,000 individual Lions clubs in 85 nations, C. H. McNulty, executive head of the McNulty group of Banks in Florida, told the Sanford Lions Club today. McNulty, past director of Lions International, said clubs are building up tremendously in the Far East and European countries. Clubs have been operating in South American nations for 15 or 20 years and clubs have sprung up recently in Argentina, he pointed out. McNulty's talk centered around "The Spirit of Lionism." He explained the letters forming the word "Lions," pointing out that "L" stands for liberty, "I" for intelligence; "O" for our; "N" for nations; and "S" for safety. He said the idea of Lionism is to "create and foster understanding to all the people throughout the world."

About 25 new Lions clubs are being formed in Florida each year, he reported. McNulty told the group: "Don't be a chronic knocker; boost your city, boost your friends, and the street you live on."

Main Water Lines Location Changed

E. H. Johnson, superintendent of the Sanford Water Department, stated today that the Cragg Construction Co., who has the contract for changing the location of the large water main to carry the water from the wells on the Orlando Highway to the City water plant, finished this part of its contract yesterday about 5 p. m. Water consumers may now use City water to water their lawns and wash their cars during the day without interfering with the City's water conservation program.

Army Sends Home 5,367 Soldiers

HEIDELBERG, Germany, (AP)—The U. S. Army announced today it is sending 5,367 soldiers home from Europe for discharge because they scored "below standard" in mental and aptitude tests. The Army's European headquarters said all have had at least three years active service and are "ineligible for re-assignment due to current higher standards." The announcement said the discharges were "necessitated by the directed limitations on manpower ceilings and the need for maintaining quality of manpower in a reduced strength modern army."

Don Bales Elected Elks Exalted Ruler

Don Bales was elected Exalted Ruler of Sanford Elks Lodge 1241 at last week's meeting. Other officers elected were Roy Green, Esteemed Leading Knight; James R. Hoolahan, Esteemed Lay-Knight; James C. Lodge, Esteemed Leading Knight; Frank Bales, Treasurer; and Robert S. Hoolahan, Trustee.

LIONS HEAR BANKER—C. H. McNulty (left), executive head of the McNulty group of banks in Florida, was the speaker at today's meeting of the Lions Club. With him is Jack Stemper, club president. (Staff Photo)

Efforts Continued To Settle Dispute Federal Mediator Makes Attempt To End Nine-Day-Old Phone Strike

ATLANTA (AP)—A federal mediator continued efforts to settle the nine-day-old Southern Bell Telephone Co. strike today while the company reported new damage to cables. The mediator met separately again with representatives of the company and the CIO Communications Workers of America. A company spokesman said two major toll line circuits near Savannah, Ga., were slashed yesterday, a cable near Montgomery, Ala., was shattered by a pistol bullet and other bullets knocked out three cables in the Atlanta area.

Miami Police Hold Young Boy, Mother After Gun Scene

MIAMI (AP)—A 17-year-old boy and his mother were held today on a charge of assault with intent to commit murder in the shooting of a policeman with the boy's pistol. The boy, Frank Lutz, and his mother, Mrs. Antonia Lutz, 45, are charged with shooting I. E. Anderson, 30, in the Edison Center business district yesterday. Hemet Det. Robert Gow said. Anderson was shot three times, in an arm, under the other arm and in the back. Gow said that Lutz turned the pistol on the officer as Anderson started to arrest Mrs. Lutz on a complaint of passing worthless checks. The mother said she gave her son the .38 special pistol on his 17th birthday. Officers said they found two other guns in the hotel room occupied by the mother and son. Mrs. Lutz was quoted as saying she gave them to the boy because Frank liked to have pistols for "souvenirs."

Abutment Puts End To Unnoticed Entry

DETROIT (AP)—A daring young French-Canadian inched his way through darkness and drizzle from Windsor to Detroit last night on a narrow mile-long catwalk under the Ambassador Bridge 155 feet above the swirling Detroit River. Only a concrete abutment that blocks the catwalk on the American side kept Jean Claude Simard, 23, of Quebec, from making an unnoticed entry into the United States. He was rescued from his predicament by police and fire men. "Rescue, bah," he quipped joyfully in broken English at a police station. "I'm okay. Only when the police come I don't feel very good."

Local Residents Are Queried About Highly Debated Romance

BY SANDRA DUNN
HERALD STAFF WRITER
A question of much controversy these days is the romance hovering between Princess Margaret, 24, and Captain Townsend 40, in England. Recently a poll was taken in England to find out the opinions of the working man and statesman alike. Replies were numerous and different in causes, so "The Herald" decided to take a poll of the people in Sanford to see "what do you think of the romance between Princess Margaret and Capt. Townsend?"

MRS. HAROLD KASTNER... "I think it's their own private business... I think it's love let them get married."
LESTER THARPE... "They're free, alive, and 21 and they should be allowed to do as they please..."
DOT POWELL... "I wouldn't want to say because it's her own personal life..."
D. E. McNAB... "They ought to do what they want to do... I want to see them get married."
MRS. G. L. ANDERSON... "I think if it's true love, it should be..."

Cumberland River Swollen With Rains

NASHVILLE, Tenn. (AP)—The flooding Cumberland River, swollen with the area's heaviest rainfall in 30 years, was expected to crest today at 47 feet, seven feet above flood level. National Guard, Red Cross and civil defense personnel assisted hundreds to evacuate homes. Creeks and rivers went on a rampage yesterday after a downpour that totaled up to 7 1/2 inches in 24 hours. More rain was forecast today, but in comparatively harmless amounts.

Bush Is Elected Rotary President

The Board of Directors of the Sanford Rotary Club Monday nominated William Bush Jr. to succeed James Holzclaw as president. Wait Haynes was re-elected as treasurer and chosen again to act as secretary was Lou Ruppert. Bush will take over the presidency on July 1.

Williams, Cleveland Chosen Chairmen

Delegates To Attend Panama City Session

Dr. Terry Bird, County Health Officer, and V. J. Robbins, sanitarian with the Health Unit, will attend a meeting of the Florida Anti-Mosquito Association opening Sunday in Panama City. Dr. Bird said "any practicable ideas" advanced at the four-day meeting will be put into use in Seminole County.

Death Is Victor Over Two Couples In Race With Cop

COLUMBUS, Ohio (AP)—Two young couples tried to outrace a police car early today but they didn't get away. A train hit their car at a crossing and carried it 200 feet. All four were killed. One couple was thrown from the car while the other boy and girl were trapped inside.

Man Tells Reporter He Shot His Girl In Jealous Anger

MIAMI, Fla. (AP)—A balding 31-year-old unemployed laborer walked into the Miami Herald City room last night and told a reporter: "I just shot my girl. Police took Charlie Gilbert into custody and held him without charge pending an investigation. The victim, Mrs. Anne Davis, 43-year-old divorcee, was in serious condition. 'I hope I didn't kill her,' Gilbert told the reporter. 'I didn't mean to kill her. I just wanted to scare her.'"

Police Save Trio Trapped In Cave

NEW YORK (AP)—A teenage boy and two girls were rescued by police early today from a large cave under the Henry Hudson Parkway. They said they had been trapped there since Saturday. They claimed they couldn't get out because the entrance suddenly narrowed after they crawled inside. However, police said, friends who took the trio food had not been asked to get help to free them. The three were identified as Ronald Tevlin, 15, Jacqueline Weber, 13, and her sister Joelle, 16.

Compton Captured Without Resistance

AMARILLO, Tex. (AP)—Earl Compton Green, 27, Port Pierce, Fla., man accused of murder in California and armed robbery in Indiana and Florida, was captured without resistance by Amarillo police yesterday. Police said they stopped Green's car after receiving a tip from Ventura, Calif., officers that he was driving from Florida to the West Coast. He is wanted on a murder charge in Ventura. Taken with Green were an 18-year-old boy; Mrs. Green, 18; and the Green's 3-year-old daughter. The daughter was placed in the hands of welfare workers and the three adults jailed.

Family Income Has Big Upward Switch

WASHINGTON (AP)—Some 41 per cent of the nation's families have incomes of \$2,000 a year or more, and 55 per cent get \$4,000 or more yearly, the Commerce Department said today. A big upward switch in family income since the war was reported in a new study of family finances. It said that since 1947 the number of families living on less than \$4,000 a year has shrunk by 20 per cent, while the number of families with more than \$1,000 has increased by 70 per cent.

Local Men Appointed As Heads

Rep. Volie Williams Jr. has been named chairman of the constitutional amendments committee and Rep. Mack Cleveland Jr. has been appointed to head the judiciary general committee. The appointments were announced today by Ted David, speaker of the House.

Children's Group Hears Of New Bills To Be Proposed

Joyce Hotel, representing the State Welfare Department, spoke on the subject of new bills to be proposed at the next meeting of the legislature at the March 21 meeting of the Children's Committee. These bills take up the subjects of child funds to enable the Welfare to function and continuously having deficits. Another bill requires children or relatives to support their aged parents. Another places a lien on the homestead of aged people who receive aid. Many states have this law at the present time. Another bill simplifies the adoption proceedings.

White, 61, Dies Of Heart Attack

NEW YORK (AP)—Walter White, 61, eldest champion of Negro rights, died last night after a life devoted to improving the lot of colored people. He suffered a heart attack. His career was climaxed by the Supreme Court's ban against segregation in public schools last year. He had been a determined fighter against segregation and despite ill health had been in the front ranks of those pressing the anti-segregation suit. Since 1931 he had been executive secretary of the National Assn. for the Advancement of Colored People. He offered to resign because of illness in 1949 but the resignation was not accepted. He died at his home. By his bedside was his second wife, Poppy Cannon White, a white woman and food editor of House Beautiful magazine.

Top-Level Meeting Opposed By Ike, GOP Leaders Say

WASHINGTON (AP)—Republican congressional leaders said today President Eisenhower is opposed to a top level conference of the Western powers with Russia at this time. After the regular weekly meeting of GOP leaders with the President, Sen. Knowland (R-Calif.) told news men that Eisenhower still feels: 1. There must be some specific evidence of Soviet good faith before he would be willing to meet with Russia's Premier Bulganin. 2. Such a conference should not take place in any event until after the Paris agreements have been ratified. The agreements provide for arming West Germany.

Women Will See Movie On Cancer

The Seminole County Unit of the American Cancer Society will present a film for women only on "Breast Self-Examination" at the Fitz Theatre on Tuesday, March 29, at 10 a. m. A member of the Seminole County American Assn. will be on hand to answer any questions. There is no admission charge and no solicitation of funds will be made.

Police Raid Home, Burglars Take Over

OMAHA (AP)—Police raided the home of Anthony Washington and hauled him to jail on a charge of keeping a disorderly house. He was released on bond the next day, but was soon back at headquarters. Burglars, he told police, entered his home while he was jailed and took a pistol, clothing and his television set.

Actors Suffer Horseback Collision

LONG BEACH, Calif. (AP)—Actors Arthur Kennedy and Tony Curtis collided on horseback during filming of a Western movie on location here. Kennedy was taken to a hospital with a twisted ankle. Curtis was unhurt.

U. S. Soldiers Watch Russians On Farthest Corner Of America

By ELTON C. FAY AP Military Writer FT. RICHARDSON, Alaska (AP)—On the farthest corner of America, U.S. soldiers keep watch on what goes on in Russia. The men are members of a little known but highly valued organization—the Eskimo scouts of the Alaskan National Guard. The place is the Diomedes Island group astride the border between this country and the Soviet Union—Little Diomedes in the United States, Big Diomedes across a few miles of water in Siberia. Little Diomedes is the closest point to Red territory. But the area in which the scouts live and work stretches for almost 8,000 miles along the bleak, rocky coastline and islands facing out over sullen seas and ice toward Siberia. The Eskimo scouts (actually some of them are Indians) are probably the only members of a reserve type organization who are always on active duty without being called up or inducted into federal service. What they do in their daily work—hunting, fishing, trapping—is perfectly the mission they would have if on constant government duty. If there is a stranger in their land, they are almost certain, know about it. Perhaps they see him. Or perhaps there are only tell-tale signs—footprints, marks on a beach where a boat has land-

Stassen Requests Public Suggestions

WASHINGTON (AP)—Harold E. Stassen wants the public to send him suggestions on how he could approach his new job as President Eisenhower's special assistant for disarmament. Stassen, named to the new post created Saturday by Eisenhower, invited the public's ideas, suggests. The U. S. Public Health Service estimates that America will have over a half a billion colds in 1955. The first kindergartens were set up in Germany in 1837.

Use this great new gasoline with confidence of new motorist pleasure. STANDARD OIL COMPANY, CHICAGO, ILL.

W. Brown To Make Sanford Home

Career Navy men travel far and often. So, after serving 20 years in various parts of the U. S. and in foreign lands, the places they choose for retirement are sure to be excellent in all respects.

William M. Brown, aviation mechanist's mate chief, attached to Fleet Aircraft Service Squadron 51 at NAAS Sanford, was transferred to the Fleet Reserve on March 18 and has completed his 20-year career. He and his family will reside permanently at their present address, 2402 Orange Avenue.

Brown's mind has been made up on this point for a long time. He has considered the city his home after serving at NAAS Sanford on three different occasions. In December 1942, when the station was originally commissioned, Chief Brown was assigned here. It was during this 10-month stay here that he met and married Pauline Johnson of Monroe.

He returned here in May 1951 when NAAS was re-commissioned and remained until December '52. Eleven months ago, Brown returned once more with the hope of finishing his career here. He is affiliated with his brother-in-law, T. V. Brown, in the Sanford Avenue Amoco station at 2nd and Sanford Avenue. Although no relation, both men married sisters, Pauline and Helen Johnson, daughters of the late Rev. J. A. Johnson.

As Chief Brown reviews his naval career, he believes that his most significant experience was participation in "Operation Crossroads" at Bikini Atoll in June 1946. This operation was the famous atom bomb test in which the fourth and fifth bombs ever to be exploded were set off.

Chief Brown was in charge of the Aviation Department on the U. S. S. Albemarle, the seaplane tender on which the bombs were assembled for the history-making event. Asked to describe his reactions as Bomb "Baker" was exploded, Brown said, "It's very difficult for me to describe. The explosion was so tremendous that it was hard to believe what we were

witnessing. At first it was amazing and then, after thinking about what it meant, it was frightening. It seemed as if the lagoon was entirely blown up." The Albemarle was cruising nine miles outside the mouth of the lagoon and Brown said he could feel warm air pressure pushing against him seconds after the explosion, which was the underwater explosion, which was the most spectacular, according to Brown. The other bomb in the test was dropped from an airplane.

A native of Fayette, Ala., Brown enlisted in September 1935 and went through boot training at Norfolk, Virginia. Upon completion, he was assigned to Squadron VJ-1 at North Island, San Diego. He remained with that outfit until October 1940 and was then transferred to Jacksonville, where he was present for the commissioning of the aircraft carrier.

Early in 1941 he went to Lee Field, Green Cove Springs, and was present for commissioning of that field also. In December 1942, he came to Sanford where he witnessed still another commissioning ceremony. Leaving here in October 1943, he reported to the Naval Air Station, Beaufort, S. C., for duty and stayed until July 1944.

He then went across the U. S. to Seattle, Washington to join Torpedo Squadron 24, an organization with which he remained until May 1945. At that time he was ordered to Bomber Squadron 146, Orote, Guam.

After this tour of duty, Brown went abroad the U. S. S. Albemarle for participation in "Operation Crossroads". Nine months of duty on this ship ended in January 1947 after returning to Norfolk.

He was then transferred to shore duty once again at Jacksonville and served with Overhaul and Repair unit and Fasron-6 until May 1951 when he came back to Sanford for the re-commissioning here. From December 1952 until January 1954 he was a member of the ship's company of the aircraft carrier U. S. S. Coral Sea, which toured the Mediterranean. After

leaving that vessel, Brown returned again to Sanford for his final tour of duty.

No doubt Chief Brown could write a book about his experiences in the naval service but a few of the things that he remembers best includes:

1. Participating with the San Diego station swimming team between 1936-1940 under the coaching of Eddie Herzog and Frankie Prentice, two Olympic champions of that era. Herzog was a swimming great and Prentice was one of the country's diving stars. They competed against swimming teams in California, Oregon, Washington State and Hawaii;

2. The day he made Chief Petty Officer in December 1942. More than half a man's naval career spent as a CPO, as in the case of Chief Brown, is an accomplishment which few Navy men achieve; and

3. A commendation from Lt. A. E. Buckley, now a Captain, for his part in the salvage of a crashed VJ2-F airplane in approximately 10 feet of water near the San Diego Naval Air Station in 1937.

Brown has maintained an unblemished record during his career and on five different occasions has been awarded the Good Conduct Medal. He also has earned the Asiatic-Pacific Theatre, American Defense, WWII Victory, National Defense, and European Occupation Medals.

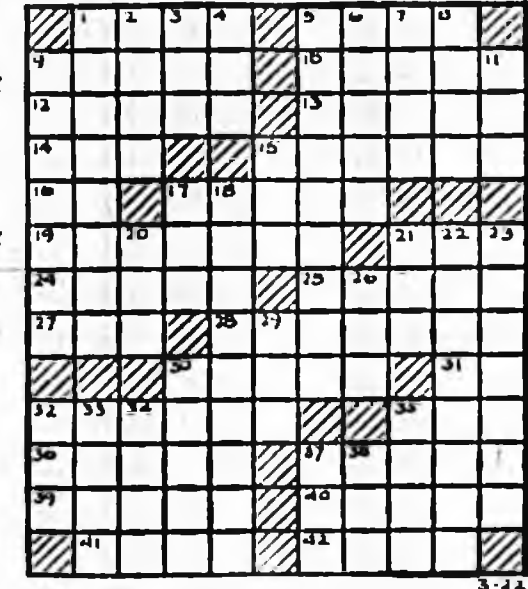

Mr. and Mrs. Brown are the parents of two sons, Billy, 9, and David, 5, who are anxious to follow in their father's footsteps.

NUMBERS GAME
EASTMAN, GA. (AP) — A perennial headache has come from multiple demands for municipal city tag No. 1.
City Councilman Hoke S. Wynne struck at the problem with a resolution, which was adopted unanimously, to sell 25 tags with No. 1 on them for 1953.
"And if this doesn't fill the need this year, we can get more next time," Wynne said.

Demos May Quit Fight For Tax Cut

WASHINGTON (AP)—Congressional leaders predicted freely yesterday House Democrats will abandon their fight for an income tax cut to avoid being blamed for slicing other revenues.

The House voted its \$20-a-person tax cut plan into a bill which would extend for another year corporate and excise tax rates due to expire April 1. The Senate rejected the tax cut and voted only to continue the other taxes. Unless they are extended, government income will drop an estimated three billion dollars a year.

French Assembly Approves Budget Of Nine Billion

PARIS (AP)—France's National Assembly has approved a budget anticipating nearly nine billion dollars in government income this year. But with military expenditures still to be figured, the intake is expected to fall about 10 per cent short of spending.

The Assembly approved the measure in a postmidnight session Sunday 392-211. It anticipates an income of 3,080,500,000,000 francs (\$8,800,000,000).

Premier Edgar Faure already has promised to revise the nation's controversial tax structure to meet complaints of irate small businessmen and shopkeepers.

The protest group is headed by Pierre Poujade, 34-year-old bookseller from central France, who claims 800,000 followers. Last week Poujade's faction won a major concession when Faure agreed to exempt any business with less than 50 million francs (\$171,428) annual turnover from the threat of inspection by roving tax collectors.

Tent Collapses On 400 Spectators

UVALDE, Tex. (AP)—Mothers screamed, frightened children cried but no one was seriously hurt when a windstorm Sunday collapsed a circus tent on 400 persons.

Soggy and heavy from lashing rains which accompanied the storm, the big Hagen Bros. Circus tent fell just before the lion and tiger act began—and just after other circus animals paraded around the arena.

Had the thunderstorm-spawned wind struck a moment earlier or later, the animals might have been freed among the spectators.

"I might have been scared if I had had time," said J. W. Stewart, Uvalde grocer who brought his two sons and a neighbor's two girls to the Jaycee-sponsored show on Uvalde's northern outskirts.

More Americans attended concerts than baseball games in 1953.

Now while your family is growing up, you, too, can SAVE ON FAMILY PROTECTION

"The way this family is growing", says Mr. J.B. of Jacksonville, Fla., "I was sure glad to hear of Gulf Life's new Preferred Risk protection plan. Now, while we're still young, we can have real family protection! This is the way it works out for me. The plan is available in units of \$10,000 or more. I took one unit. Since I'm 36, I am able to provide this for only about \$17 per month. If anything should happen to me, there are many ways it would pay off for my family. One would be an income of \$179.10 a month for 5 years (a total of \$60,765). Another way would be \$95.10 a month for 10 years (a total of \$11,412). BUT, if I'm still around until I'm 65, it pays me a guaranteed annual income of \$477 or \$39.76 a month."

This new Preferred Risk Plan fits neatly into your present insurance program. That insurance is among your most precious possessions. It can be adapted to your family's changing needs. Your Gulf Life man will be glad to help. Call him. He's at your service.

The Bomb Becomes Real

It is amazing and somehow unreal to know that we live with an enormous potential for destruction in our midst. That our lives which are frequently frantic, sometimes humdrum but always a matter of personal concern must recognize the mushrooming cloud and the flashes in the desert as an active part of our privacy.

The recently released data concerning fall-out and destructive probabilities of H-bomb warfare abruptly brought the flashes from the desert into the cities and towns and made of them a holocaust in the tortured imaginations of many people.

It is this unerring vision of waste and ruin that has long kept the government from making known this information. As long as experiments continue in worthless pockets of sand the public's interest is polite and indifferent. But to suppose where the sand is now a city tossed to indefinite extinction is more grimly real, more intensely personal.

Whatever measures the government recommends for protection should receive full co-operation. Neither panic nor procrastination is an intelligent response.

But more fundamental than any amount of preparation and protection is the necessary conviction of all men that neither of these will ever be needed. It is a dignified peace which every citizen wants. It is for peace that we shall censure ruthless and irresponsible talk and thought of a get-it-

over-quick war. Peace in our time is not a milk-sopped idea. Peace is the only way of insuring there will be an "our time."

A Center At Bologna

The School of Advanced International Studies of John Hopkins University has opened a center at Bologna, Italy, which will function in close co-operation with the University of Bologna. Twenty-five students from the United States, and a like number from France, West Germany, Italy and Austria will study courses in law, economics and politics as they are related to the four latter countries.

The idea is sound. It will help to bring together students from several friendly nations in an atmosphere where an exchange of ideas on important current problems will be possible.

At any center of learning students do more than study good books. A considerable part of their learning comes from associating with others in the give-and-take manner that is part of student life.

At the same time that the center at Bologna promotes knowledge it will promote international understanding. This will be on a small scale but the good that can come of it may be great. Many of the students will become leaders in their countries in one way or another. Because they will have had the chance to share an important experience with students from other lands they will be better leaders.

Curiosity Starts Strange Things

WASHINGTON (AP)—Let your senator get curious about what makes the ticker tape at the stock exchange tick and he'll get wound up in the strangest things.

Takers Are Found For Russian Aid After Two Years

UNITED NATIONS, N.Y. (AP)—Russia finally has found takers for two million dollars in aid she has offered for the last two years through the U.N. technical assistance program.

Six countries were reported yesterday to have accepted Soviet help this year in improving their economies. They will be sent Russian technicians or equipment, or will send their own experts to Russia for training.

Three of the nations were identified as Burma, India and Indonesia. Two others were understood to be in the Middle East and the third in Latin America.

Some 10 projects were reported involved. They include machine tools and technicians for an electronic calculating machine factory in India, equipment for water development in the same country and a low-cost housing exhibit in Latin America.

The column of air over a foot-square space at sea level weighs more than a ton.

Men Rise To Style

The time has come to say a word about men's fashions. Until recently one might have referred accurately to the male attire as men's furnishings, but since the rage for pink shirts and the somewhat earlier introduction of the "sincere" tie, the only word for it is fashion. The ups and downs of ladies' hem lines, the new look, the Dior look, and the oh my word, look! have nothing on the recent male look.

Bahama shorts for men introduced the knobby knee look and not long ago, Life magazine noted that separates are being offered for male inspection. Coral jackets to be teamed with a titillating variety of pastel slacks, lustrous lavender vests with hemlet prints on them and a really masculine variety of pallid shade shirts are decorating the haberdasheries throughout the nation.

Recognizing that it is all a matter of taste and what is one man's possum may be for another a pretty sorry gaulder, the fact remains that men have tossed their pork pies into the high style that the men have been towards the women's agonized ascent.

Men Rise To Style

up in the strangest things. Automatically, for instance, or why Bessie is having trouble getting married in Youngstown. Or why one of the nation's top-paid industrialists has to borrow at the bank for personal reasons.

The Senate Banking Committee, which is nearing the end of its study of how Wall Street operates, never has found out exactly what automatism is.

It was Chairman Fulbright (D-Ark) who observed plaintively that he was having trouble understanding what automatism was.

So, to be helpful, Harlow H. Currier, president of General Motors, who was on the witness stand at the time, threw out the word automatically as a substitute.

The senator recoiled, as a wall he might. And the matter was dropped with almost unseemly speed for a senatorial hearing.

Automation has been bothering others here too. President Eisenhower refers to it as "another word that has now arisen to plague us some."

To most folk it probably seems to mean: "Look, Mom, the factory's running without hands."

President Eisenhower says it means finding ways of doing work with fewer man-hours devoted to it. Currier calls it "making tools

to produce goods more efficiently than you did last year." Engineers, of course, define it as running a factory as nearly automatically as possible.

Bessie gets into the stock market hearing strictly by the back door.

Bessie is the name Wall Streeters use when they should be saying Bethlehem Steel Corp. A committee member, Sen. Douglas (D-Ill), wrote a letter to the Justice Department asking how about Bessie's known yen to merge with Youngstown Sheet and Tube Co. And the Justice Department has just replied that it will ask the courts, if Bessie persists, to halt the wedding.

Currier agreed with one senator that debt was a problem. He said he'd had to go to the bank for a personal loan so he could take advantage of his rights as a GM stockholder to buy more shares under the recent stock offering. He said that neither the company nor he really enjoys being in debt.

Because Aedes Aegypti mosquitoes are still common in the southern third of the United States, the threat of a yellow fever epidemic still exists there, says the World Health Organization.

POOR VINTAGE YEAR

HAL BOYLE

Pretty Girl Refuses Mink Coat

NEW YORK (AP)—Ever hear of a pretty girl turning down a free mink coat?

Well, Jeanne Strouse did—and there were no strings attached to the offer.

Jeanne, who yearned during her school days to grow up and have sexuplets, is blue-eyed, has light brown hair, and is growing on 22. She is an airline stewardess, typical of hundreds of American working girls who prefer life up among the fleecy clouds to a sedate office job.

On a recent flight the passengers included a middle-aged couple. The wife had two mink coats, and both she and her husband seemed weary of lugging the extra one around. They asked Miss Strouse if, please, wouldn't she accept it as a present.

At first Jeanne thought they were joking, but they insisted. She thought it over, thanked them—and shook her head no. The husband was amazed by her refusal, and the wife absolutely dumbfounded.

"Why?" she asked. "Every girl wants a mink coat. I don't understand you."

"Well, if I have a mink coat now," Jeanne told her, "what would there be left for me to want 10 years from now?"

Jeanne has logged 1,000 hours in the air flying between New York and Montreal for the Colonial Airline, which has operated nearly 25 years without a passenger fatality. She has found an airplane cabin a wonderful place to study human nature.

"People show their real personality while traveling," she said. "And it doesn't take you long to find out that most people are pretty nice."

"Men who travel regularly make the best passengers. They are rarely unreasonable, and are appreciative of anything you do for them."

"One passenger always brings a candy bar for the stewardesses. Another shows up with a box of candy for the crew, then goes to sleep. Many people are so used to tipping everybody that they offer the stewardesses a tip—usually \$1 or \$2. Of course we don't accept it."

One hosiery manufacturer always asks the name of the stewardesses and mails her a pair of nylon stockings.

"Few people get airsick any more. It usually is caused by nervousness, and few people are nervous about flying any more."

"Children are the most troublesome passengers, especially if they are with their parents. But a child

JAMES MARLOW

Road Plan Looks Dead In Congress

WASHINGTON (AP)—President Eisenhower's idea for a super-highway system, recently unveiled, seems certain to be vetoed again and put in the attic as an idea which got nowhere. It looks dead in Congress.

There it ran into stony opposition from the first, mostly from the Democrats. The lawmakers will probably vote to continue the present program but boost the amount of money the government spends on it.

Under that present program a total of 47 billion dollars would be spent on both main and secondary roads in the next 10 years. Ten billions of it would come from the federal government, 37 billions from states and local governments.

A special commission created by Eisenhower to study the nation's road needs—it was headed by retired Gen. Lucius D. Clay—last Jan. 11 handed the President a report calling for the biggest road-building program in American history.

It suggested an intensive, 10-year plan for a transcontinental network

of high-speed highways. On Feb. 22 Eisenhower sent a message to Congress which followed the Clay commission's reasoning, although he didn't say so exactly.

This was the kind of plan the Clay commission had in mind: Over the next 10 years 101 billion dollars to be spent, 31 billion by the federal government and 70 by state and local governments, or 34 billion more than under the present plan, which figures on a total of 47 billion.

While under the present plan federal money goes into both main and secondary roads, under the Clay plan most of the government money would go into superhighways, with the states spending only two billion on them.

The two most vigorous critics of the Clay proposal were Democratic Sen. Gore of Tennessee and Sen. Byrd of Virginia. The latter, on Eisenhower's side in many money matters, was against him on this.

These were some of the complaints about the Clay plan's 101 billion-dollar idea: It would give the federal government too much say over the states' highway systems, the proposed method of financing it was "slight-of-hand"; and it would be a happy hunting ground for politicians.

Of the federal government's 31-billion-dollar share under the Clay plan, 21 billion would be financed by selling bonds through a special government corporation. They'd be paid off in 30 years with an interest bill of 11½ billion dollars.

That would make the government's total cost 42½ billion. And, the critics argued, selling bonds through a government corporation might look like a way out of adding to the government's general debt but wouldn't be at all.

Gore is for holding on to the present system and the supporters of his idea suggest that the government's contribution of 30 billion dollars over 10 years be opposed perhaps to 15 billion or a little more. That would still be at least 16 billion less than the Clay commission proposed.

Heart and blood disease and cancer—account for about 75 per cent of U. S. deaths.

Is It A Good Deal?

That's the typical reply to any proposition nowadays. Quite naturally, we all want to be sure we have more to gain than to lose.

Annexation poses the same question for fringe residents of any community. It is a question that these potential citizens of the community must answer for themselves after sifting the facts.

City Manager Warren Knowles recently prepared figures on a \$12,000 house to allay fears of residents of outlying areas that Sanford wants them taken in for the taxes they could pay.

Such a house, he said, would be assessed at \$8,000, subject to a six-mill debt service tax at full assessment, or \$48.

The house would be subject to a seven and one-half mill ad valorem tax on \$3,000 only, because of homestead exemption, or \$22.50.

Because the city has more favorable fire insurance rates, the home owner would save \$31.75 per year. He would save a minimum of \$9 a year on his water bill, because of a one-third higher rate outside the city. If the city is picking up his garbage and trash now, he would save \$24 a year by being in the city.

The City Commission, of course, recently voted to discontinue garbage collection outside the city effective April 30. A proposal to increase water rates for outlying sections was also discussed. Action on the water plan other city services furnished fringe residents will probably be taken at the Commission next meeting.

A great future awaits Sanford. Homes are springing up rapidly,

HE WHO HATH GOOD HEALTH IS YOUNG

100 years ago the average person was old at the age of 40, and the subject of much congratulation if their sixtieth birthday ever arrived.

You have available many new discoveries and vitamins to give you added strength. You have learned that to consult your Physician periodically for a check-up often helps you to prevent serious illnesses.

You should approach old age at 70, and look forward to congratulations on your eightieth or ninetieth birthday, or even longer.

You are younger because you now can be healthier.

Try and Stop Me

By BENNETT CERF

BETTY FURNESS, the darling of Westinghouse, recently spent a week as the guest of Anne and Charles Legrove, in Beverly Hills. Mr. L. decided he was hungry just before going to bed one night and went downstairs to pilage some food. He found that Miss Furness had had a similar notion and was standing in front of an open refrigerator in the kitchen.

Charles blinked a couple of times and exclaimed, "I could have sworn I'd turned that television set off!"

The classified ad section of an Ohio newspaper betrayed an odd desire on the part of one reader. He sought an old-fashioned wooden potato-masher, explaining, "I want it for my mother-in-law." It turned out that absolutely nobody in the community had a wooden potato-masher he wanted to part with, but one helpful reader wrote:

"A wire potato-masher will suffice nicely for your mother-in-law. Just hit her a little harder!"

Miss Warmoth Given Shower

Mrs. C. L. Echols and Mrs. C. O. Jones honored Miss Marjorie Warmoth, popular bride-elect, with a miscellaneous shower at the home of Mrs. Jones, 2004 Lake Ave., Thursday at 8 p. m.

A spring theme was carried out with vases of flowers placed about the room. Games were played with prizes given to Mrs. Clyde Humphrey, Miss Frances Cobb and Mrs. C. A. Anderson.

The gifts were then presented to the honoree in a clothes basket covered with green and white paper and tied with a green bow.

The refreshment table was covered with a white linen cloth and in the center was a large open bouquet of spring flowers. Ribbon and faced sandwiches were served along with meringue cookies, green and white mints and punch. A novelty was that each ice cube in the punch bowl had a green frozen cherry in it to add to the theme.

Those invited were Mrs. N. C. Booth, Mrs. George Eady, Mrs. Fauer, Mrs. G. A. Harris, Mrs. Clyde Humphrey, Mrs. C. W. Johnson, Mrs. Amos Jones, Mrs. J. H. Raligan, Mrs. Harry Shaffer, Mrs. H. B. Whittier, Mrs. Fred Williams.

Miss Frances Cobb, Mrs. I. J. Butler Jr., Mrs. Leslie Clark, Mrs. O. E. Clause, Mrs. Walter Davis, Mrs. J. T. Garrison, Mrs. C. A. Anderson, Mrs. L. A. Olson, Mrs. Rowe, and hostesses Mrs. C. O. Jones and Mrs. C. L. Echols.

Mix drained canned whole kernel corn with a moist bread stuffing for roast chicken. Good for flavor change!

Jeff Donnell Has Two Legal Hubbies; Aldo Ray, Gobel

HOLLYWOOD — Jeff Donnell is a lucky girl. She has two delightful husbands—and it's legal.

Husband No. 1 is Aldo Ray, the big fellow with a voice like a foghorn on the San Francisco Bay. He is her real-life hubby.

Husband No. 2 is George Gobel, the sharp comic who was voted the most outstanding new personality on TV by the Television Academy. Jeff plays his wife Alice on the Saturday night show.

"Sure I'm lucky," said Jeff, a bright, fresh-faced girl with a lot of enthusiasm. "I can't think of any job I'd like more than playing Alice."

The alliance with George began two years ago when he and Jeff were appearing on NBC's Saturday Night Revue. They never appeared together on the big show, but Jeff became a Gobel fan. The closest they came to meeting was in a studio corridor.

They were walking toward each other, Jeff said. "I think you're wonderful." He said: "Thank you." Both kept on walking.

Two years later, Gobel was being prepared for a show of his own. To play his wife, and Gobel selected Jeff from a list. But she was getting married to Aldo that week and couldn't make it. Other actresses did the role in the first shows, and the idea was to have a different one each week.

But when Jeff finally played the part, all hands decided she should be the regular Alice. When she first reported to work, George told a bystander: "Two years ago I came to work greatly depressed; I thought things were going badly on the Saturday Night Revue. Then I looked over at rehearsal and saw this girl grinning at me. She thought I was funny even when I was contemplating suicide."

She still thinks George is the funniest man alive. The only way she can keep from busting out laughing in their domestic skits is to lose herself in the role of Alice.

What about "the real Alice," as George calls her?

"We get along wonderfully," Jeff said. "We're both the same age and have the same interests. We live close to each other and get together for dinner often."

"George and Aldo hit it off real well too. In fact the other night they were talking until 3:30 in the morning. And Aldo had to get up at 5:30 to catch a plane for Japan, where he is making a picture."

Couple Is Married In South Carolina

Miss Barbara Jeanine Miller and Wake Hunt of Fort Myers, were wed in Moncks Corner, South Carolina, March 19, by Probate Judge Shanna M. Crabtree of Berkeley County.

They are now making their home at 306 Palmella Ave., Sanford.

If you have baked your sheet sponge cake too slowly and it is too stiff for rolling up neatly, you may be able to remedy the trouble this way. Cover a very hot baking sheet with a wet cloth; place a sheet of paper on top of the cloth and the sponge cake on top of the paper. After a minute or so the cake will be steamed enough so it can probably be rolled up with ease.

Broiled grapefruit makes a refreshing ending for dinner when roast duck has been on the menu. Cut around each section with a small sharp knife to loosen pulp from membrane. Dribble honey over grapefruit and place under broiler, about 3 inches from source of heat. Broil about 5 minutes and serve at once. Brown sugar may be used instead of honey, if desired.

Garden Nook

By SAUDIE B. GUT

All during March we must keep busy at spraying, pruning, fertilizing, planting and watering, if we are to enjoy our gardens this summer when the hot weather or rains prevent us from being an energetic.

We must watch out for weeds before they take over and rob our plants of needed nourishment. A brush helps to keep weeds down, and the ones that come up through the mulch are easily pulled. Especially bad are the Spanish Needles (Bidenes) with daisy-like white flowers, and needle-shaped seeds. This weed is host to a black fly whose eggs laid in your flowers cause distorted and stunted blooms of chrysanthemums, marigolds, zinnias and others.

Aphids will be showing on new growth of trees and shrubs. Spray branch tips with Isotox. Wasp spray, rose dust or nicotine sulfate. For red spider on spring flowers such as calendulas and snapdragons use sulphur dust. On evergreens like camellias and gardenias an oil spray is used.

Azaleas and camellias should be lightly pruned to shape and to eliminate unsightly growth. The bare, gawky branches of azaleas should be cut well inside the bush to improve form and induce thicker growth.

If poinsettias have not been cut back already, do it now. Use discarded parts for fern inch cuttings which should be allowed to dry out in the shade till sap ceases to flow when pricked. Set cuttings in sand in full sun, or where wanted to grow, in one half sand, one half peat. Water sparingly. In August or early September give final pruning, which by the way has been kept up all summer, and use a balanced fertilizer every two weeks for quick growth and large flowers.

Hydrangeas should be fertilized every month through June. Use azalea fertilizer or aluminum sulphate (ground alum) for deep blue flowers or nitrate of soda for pink bloom. White hydrangeas do not change color.

Bulbs must not be taken up till foliage has yellowed and withered and growth cycle has been completed for the season. This applies to gladioli, monarda and watsonia corms as well as to all the spring flowering narcissus, tulips and lilies. In Central Florida these plantings are often left in the ground until they get crowded or a new location is desired. However, they should be dug if the area cannot be kept reasonably dry to prevent rot.

BIRTHS

Happy Birthday

Mr. and Mrs. Robert G. Johnson are announcing the birth of a 6 lb. 12 oz. girl, Denise Elaine, on March 15, in the Fernald Laughton Memorial Hospital. Mrs. Johnson will be remembered as the former Miss Barbara Harriett.

Personals

Lt. Colonel James H. Dyson flew here Saturday from Wilmington, Del. to spend the weekend with his parents Mr. and Mrs. W. R. Dyson. Col. Dyson then flew to Southern Pines, N. C. Sunday for a week's training before returning to Ft. Hood, Texas.

William W. Robinson, president of Cumberland Case Co. of Chattanooga, Tenn. left Friday for his home after visiting Mr. and Mrs. W. R. Dyson for the past 10 days.

Mrs. C. B. Palmer and son, Charles Andrew, of Miami spent a week recently with her mother-in-law, Mrs. L. A. Palmer, 820 Valencia Ave.

TUESDAY

The First Baptist Concord Choir rehearsal will be held at 6:30 p. m.

The First Baptist Church-wide Music school will begin at 7:30 p. m. in the church auditorium.

The First Baptist Intermediate Royal Ambassadors will meet at 7 p. m. at the church.

The Pilot Club will hold its dinner meeting in the Yacht Club at 6:30 p. m.

WEDNESDAY

The First Baptist Carol choir will hold rehearsal at the church at 3:30 p. m.

The First Baptist Church-wide Music School will begin at 7:30 p. m. in the church auditorium.

The Department of Fine Arts of the Sanford Women's Club will meet with music and drama from the Stetson Speakers Bureau of Stetson University. Hostesses will be Mrs. E. A. Montforton, Miss Ella Lee Kirchoff and Mrs. E. C. Harper. The public is cordially invited. Tea will be served.

THURSDAY

The First Baptist Carol choir will hold rehearsal at 3:30 p. m.

The First Baptist Junior Royal Ambassadors will meet at the church at 7 p. m.

The First Baptist Church-wide Music School will begin at 7:30 p. m.

Seminole Rebekah Lodge No. 47 will meet in the IOOF Hall at 8 p. m.

The Seminole County Education Association will meet at Southside School at 8 p. m. State Legislators will be present.

FRIDAY

The Stetson University Players will present a play, "The Boor" at the Sanford Tourist and Shuttleboard Club at 7:30 p. m.

The Duplicate Bridge Club will meet at the Yacht Club with seating to start at 7:45 p. m. and play to begin at 8 o'clock.

The First Baptist Church-wide Music school will begin at 7:30 p. m.

USO Activities Enjoyed By Group

Friday night at the USO a "Shipwreck" dance was held with the room being appropriately decorated with life preservers, palms, and moss. Miss Mary Lou Bowen and Miss Ruby Stenstrom were junior hostesses for the evening while Mrs. J. W. Brown and Mrs. Edward Kuhn acted as senior hostesses. Dancing was enjoyed on the patio until 11 o'clock.

Sunday night a "Hang-around" was enjoyed with television as the main attraction. Ice tea and cookies were served. Mrs. William LaFetra acted as senior hostess from the Sanford Tourist and Shuttleboard Club.

Wednesday night a "Just a Dance" will be held with the Misses Claire and Lucille Normand acting as junior hostesses. Senior hostesses will be from the Methodist Church.

Bette Davis Back From Maine Exile

HOLLYWOOD — The queen is back, so naturally I had to pay homage to her.

I'm speaking of Bette Davis, who long reigned over dramatic films until her voluntary exile to Maine. Perhaps the greatest and most consistent actress ever developed by the movies, she is back in Hollywood for a brief stay.

Fittingly enough, she is playing a regal role in "Sir Walter Raleigh." As she was in "The Private Lives of Elizabeth and Essex" with Errol Flynn in 1939, she is Queen Bess again. But this time the queen is portrayed older, more bitter and haughty.

Bette has never given a hint for glamor, and she is throwing caution to the winds in "Raleigh." When I saw her on the set, she was wearing virtually no makeup, so that her face had a washed-out look. Her hairline had been shaved back three inches and a red wig placed atop her head.

She is even submitting to a shock scene in which she'll show her head to be completely bald. No,

she isn't carrying reality so far as to shave all her locks. It will be accomplished by makeup magic.

Bette is being well paid for her trouble. It's reported she's getting \$33,000 a week for a minimum of three weeks, plus \$25,000 weekly if her role runs overtime. I'd be surprised if that isn't a record for movie pay.

Kansas City Expects No Miracles, Lou Says

By GAYLE TALBOT

TAMPA (AP)—“We do not,” the man said forcefully, “intend to go any lower. We’d better not, anyway, or they’ll have to start reorganizing the American League into a 10-team outfit quicker than they’ve been planning.”

In other words, Lou Boudreau, the first manager of the Kansas City Athletics, is cheerful about it. If, as some men claim, he is directing the worst ball club ever gathered in one uniform, Lou has no intention of letting it get him down. At least, not immediately.

“I don’t think the Kansas City fans will be expecting any miracles,” he said easily. “On the contrary, I think they will be ready to encourage us to do our best with what we have, and that might make a greater improvement in this club than you imagine. These boys have been taking an awful riding in Philadelphia and I really think they will react to better treatment.”

“I know all of them, of course, from managing against them either at Cleveland or in Boston the past three years. I can see the difference in them this spring. Every one of them is hustling, which is something you don’t see too often. They feel they have been given a new lease on life.”

The man from Illinois was asked if he had given thought to trading off his two highly desirable players, pitcher Arnold Portocarrero and third baseman Jim Finigan, for a set of new talent, the way Paul Richards has done at Baltimore.

“I’ve thought about it plenty,” he said. “Five clubs have talked to us about getting one or both of them, but I’ve decided it will be better for the time being to see what the change of scenery will do for the team as it stands. I feel the boys deserve the chance to see if they can narrow the gap.”

Was there one single player around whom his hopes for making an improvement revolved? “Bobby Shantz. Everything is wrapped up in Bobby’s ability to come back and pitch the way he did—or close to the way he did—before all his arm trouble started two years ago.”

INDIANS ARE VETERANS

CLEVELAND (AP)—The Cleveland Indians, champions of the American League, also lead the circuit in the number of 10-year veterans. The Tribe has nine. Four are pitchers—Bob Lemon, Bob Feller, Early Wynn and Hal Newhouser. The others are catcher Jim Hegan, outfielders Ralph Kiner and Dave Philley, and outfielder Hank Majeski and Vic Werz.

A few days after being selected as Best in Show in the annual Florida Breeders baby horse show at Hialeah paddock, the filly Mono Lady won the first juvenile race of the winter at this track.

Junior Gilliam Has Quite A Day

VERO BEACH, Fla. (AP)—Junior Gilliam had quite a day as a lead-off man for the Brooklyn Dodgers Sunday. The switch-hitting second baseman reached base five straight times and eventually scored the winning run in the 10th inning as the Dodgers nipped the New York Yankees 9-8. Gilliam had one hit in two official trips, scoring three times.

VERO BEACH, Fla. (AP)—The New York Yankees aren’t in the best of physical shape. Bob Cerv has pulled ligaments in his neck, Billy Hunter has a black eye and cut nose, Yogi Berra has a pulled leg muscle, Irv Noren and Andy Carey have leg ailments and Don Larsen a sore arm.

PHOENIX, Ariz. (AP)—Johnny Antonelli of the New York Giants continues to give the Cleveland Indians trouble. Antonelli, who defeated the Tribe in the second game of the World Series last fall and then came back to stop the Indians in a relief role in the fourth game, blanked Cleveland for five innings in an exhibition game Sunday.

The crafty southpaw allowed two hits and struck out six as the Giants won 7-3.

BARENTON, Fla. (AP)—Jim Wilson, Milwaukee Braves right-handed pitcher placed on waiver but unclaimed in the past winter, indicates he’s not ready to give up. Wilson, who threw a no-hit, no-run game against Philadelphia last summer, became the second of the Braves’ pitchers to go five innings Sunday. He gave up only three hits and no runs in his stint as the Braves beat the Cardinals, 5-4.

Braves’ General Manager John Quinn reported Wilson was placed on waivers last winter . . . with no takers. Wilson said after Sunday’s game, “every year I’ve been in baseball, I’ve had to fight for my job.”

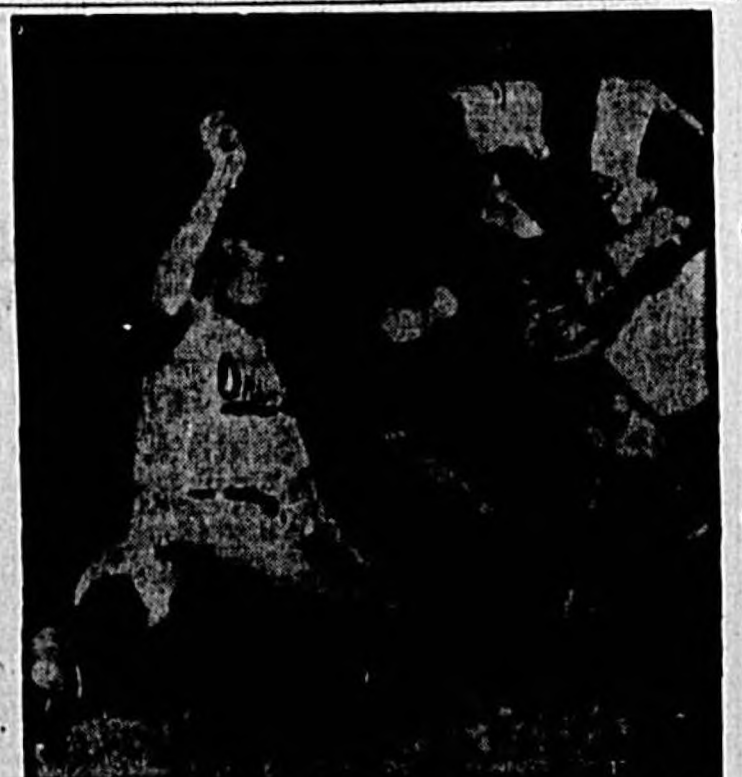

The youngest team in the American League is the Detroit Tigers. Their average is 25.5 years.

ONE DOWN, TWO TO GO! - By Alan Mauer

TONY TRABERT, THE DAVIS CUP CE, WHO HAS WON THIS YEAR IS HE EXPECTS TO EARN HIS AS A PRO NEXT YEAR

ALTHOUGH HE CAME A CRUMPER IN HIS EFFORTS TO START OFF 1955 WITH A VICTORY IN THE AUSTRALIAN SINGLES, HE DID BOUNCE BACK TO TAKE HIS FIRST U.S. INDOOR SINGLES TITLE

HE'S THE GLAMOROUS WINNER AND U.S. OUTDOOR SINGLES TITLE ARE A MUST FOR RAGUETTES WHO ARE HOPEING TO CRASH THE "WHAT CAN YOU KEEP" BRACKET.

PRAYS AND WRESTLES
WAYNESBURG, Pa. — Prayer can help a wrestler, says the captain of the Waynesburg College team. He should know because he's an ordained minister although still an undergraduate.

The Rev. Ray Carlson, appointed captain of the 1954-55 team, wrestles at 177 pounds. In the past three seasons he lost only one match, winning 12 by falls and seven by decisions.

Before each match the Rev. Capt. Carlson says a brief prayer.

TEAMMATES NOW
CHAPEL HILL, N. C. (AP) — Sophomore Bob Young and Lenzie Rosenbluth are teammates on the North Carolina basketball team. But in high school they were opponents. Young was runner-up to Rosenbluth in both scoring and MVP voting in the Glenn Falls, N. Y., high school tournament two years ago.

In addition to his college studies he's pastor of the nearby Jefferson Methodist Church.

IT IS OUR PLEASURE TO PLAY HOST TO THE "MILLERS" and "VIRGINIANS"

BOTH TEAMS ARE GUESTS AT THE

Mayfair Inn
JOHN H. STEMBER
Manager

OSWALDO SUAREZ of Argentina crosses the finish line to win the 5,000-meter run at the Pan-American games in Mexico City, Mexico. Suarez covered the distance in 13:30.6. Horace Astner, feller of the United States came in second. (International)

U. of F. Golfers Defeat Georgians

GAINESVILLE, Fla. (AP) — The University of Florida golf team scored an easy 24½-2½ victory over the University of Georgia yesterday.

Georgia Coach George Hillis said his team played the best golf of the year but it was the "worse beating we've ever taken." Georgia defeated Florida in both meetings last year.

Florida's Doug Sanders had a low medal score of 63, six under par for the 6,015-yard Gainesville Country Club course.

Lester Kelley was Georgia's low shooter with a 67. Only one player on the two teams shot over par.

FANT TRACK ON MUD HALLANDALE, Fla.

(AP) — Gulfstream Park has one of the nation's most unusual running strips. It is built on a pine inch cushion of mud.

The track is both buoyant and fast, however, as indicated by the world record of 1:59 4/5 for the mile and a quarter turned in by Coolton in the 1945 Gulfstream Park Handicap. In 1947 Pharoah well also set a world's mark of 1:13 4/5 for a mile and seven furlongs.

Detroit Rookies Blank Baltimore As Yanks Win, 19-8, Over Dodgers

By ED WILKS
The Associated Press

It was a couple of weeks ago that Bucky Harris, manager of the Detroit Tigers, said, "I'm looking for this kid Frank Lary to take his turn as a starting pitcher this year." And Bucky's been taking a good look at the 34-year-old right-hander ever since.

Lary, like a few other youngsters in the Tigers' Lakeland, Fla., camp, is one of those "maybes" in Detroit's hopes for the first division this season. He's not a big guy, only 5-11, but he packs 180 pounds and he appears to be strong.

Thus far, Lary has worked 11 innings for the Tigers, more than any other hurler in camp. He's up from Buffalo, where he had a 18-14 record last season, including a seven-inning no-hitter, before wind-

ing up the year with the Tigers at 0-0.

Harris figures that Lary, whose brother Al is trying to hang on with the Chicago Cubs, and perhaps lefty Bob Miller, a 19-year-old, should be able to take their turn with the likes of Ned Garver, Al Aber, Steve Gromek and Billy Hoist. If so, the Tigers would have some pitching depth to support a pretty set lineup that lagged just one game out of fourth place last season.

Lary gave up just one hit—and a run—in his first three innings against Boston. But next time out he was tagged for six runs in three frames by Kansas City.

Yesterday, however, he popped back to blank Baltimore through five innings. Two other rookies, Paul Foyack and Babe Berrier, continued the whitewash and Detroit won 4-0.

It was the Tigers' fifth victory in 12 spring decisions and first shutout.

The Milwaukee Braves defeated the Chicago White Sox 5-2 yesterday.

The New York Yankees, finally warming up at the plate, clubbed the Brooklyn Dodgers 19-8 with Bill Skowron and Bob Cerv each getting four hits. Don Zimmer had three hits, including a home run for the Brooks, but by the fourth

inning, the Yanks had an 11-3 lead off Russ Meyer and Pete Wojtyla. Well Blackwell started for New York and was wild, walking seven.

THE SANFORD HERALD
Tues., Mar. 22, 1955 Page 7

San Francisco Wins NCAA Meet

KANSAS CITY (AP) — The "dip" shot executed by Bill Russell displaced the old-fashioned "tip" and last-minute strategy succeeded as the University of San Francisco Dons took away the National Collegiate Basketball crown from LaSalle's Explorers.

San Francisco, rated No. 1 nationally in The Associated Press poll of writers and sportscasters, won the 17th NCAA-sponsored cage tournament, 77-63, over 1954 champion LaSalle before a packed house of 10,500 in Municipal Auditorium Saturday night.

In the preliminary game for third place the Big Seven Conference champion Colorado Buffaloes knocked off Iowa's Hawkeyes of the Big Ten, 75-51.

While the 6-foot-10 Russell was busy helping the ball downward and into the basket off his team mate's long shots, it was left for the Dons' K. C. Jones to come through with the job that really foiled the Explorers.

Jones, a senior who packs 202 pounds in a 6-11 frame, was given the task by Coach Phil Woolpert of stopping three-time All-American Tom Gola of LaSalle. Jones not only limited Gola to 6 field goals, but wound up with 16 field goals and 4 free throws for 24 San Francisco points.

Woolpert assigned Jones to Gola shortly before game time when it was apparent Jerry Mullen, ace defender of the Dons, wouldn't be able to go full steam because of an ailing ankle.

Gola's game total of 16 points, four of them on free throws, represented the best individual effort for Coach Ken Loeffler's LaSalle club at times had even the official scorers confused over who should be given credit for the bucket. The first three baskets chalked up for Russell came on guides as the lean Negro star pushed the ball into the goal.

Girls Take Over In Pan-Am Games

MEXICO CITY (AP) — The girls took over today where the boys left off for the United States and they promised to continue Uncle Sam's domination of the Pan-American Games.

Main event of the waning 1955 pre-Olympic program for 22 North and South American countries was the three-meter dive.

Leading the United States into the competition was Pat McCormick, the diving crown's worth owning.

Methodical power and well-conditioned numerical strength were the answers to the U.S. display of mastery to date in the games.

The leaders in unofficial point scoring:

United States 925, Argentina, 413½, Mexico 266½.

In swimming and diving, the major sport left on the 18-game agenda, the scoreboard listed:

United States 47, Argentina 28, Mexico 25.

The United States won three boxing championships out of the five divisions in which it sent qualifiers last night, while Argentina won the team championship. The United States was second.

Uncle Sam threw another knock out punch yesterday when an underdog foursome of Frank McKinley Jr., Fred Maguire, Buddy Barcke and Clarke Scholes whipped a favored Argentine team in the 400-meter medley relay.

The time was 4:20.1 and it was a brilliant team victory. High schooler McKinley from Indianapolis led off for a slim lead in the backstroke. Maguire, from Maplewood, N. J., held his own in the breaststroke. Barcke, husky ex-North Carolinian, gained a fair lead and Scholes, the 1952 Olympic record setter in the 100 freestyle, won going away.

IT WAS A LONG TRIP—Sheriff J. L. Hobby welcomes Coach Paul Miller of Oviedo along with his fine basketball team as they arrived at the banquet held in their honor at the Mur-Lou last Thursday night. (Staff Photo)

Uncle Sam threw another knock out punch yesterday when an underdog foursome of Frank McKinley Jr., Fred Maguire, Buddy Barcke and Clarke Scholes whipped a favored Argentine team in the 400-meter medley relay.

The time was 4:20.1 and it was a brilliant team victory. High schooler McKinley from Indianapolis led off for a slim lead in the backstroke. Maguire, from Maplewood, N. J., held his own in the breaststroke. Barcke, husky ex-North Carolinian, gained a fair lead and Scholes, the 1952 Olympic record setter in the 100 freestyle, won going away.

Public Baseball Meeting Tonight At 7:30 P.M.

Season Plans To Be Drafted

Plans for Sanford's entry in the Florida State Baseball League will be made at a public meeting at 7:30 p. m. today at City Hall.

The meeting was called by R. J. Bauman, president of Sanford Enterprises, Inc., to lay a firm foundation for operation of the team.

Sanford recently completed a full working agreement with the St. Louis Cardinals. The first game is only 22 days away.

Other cities operating in the eight-team league will be Daytona Beach, Lakeland, Cocoa, Orlando, Gainesville, St. Petersburg and Tampa.

League directors have decided on a split season again, the first and second half winners meeting for the pennant.

Sanford's agreement with the Cardinals means that the city will receive a trained baseball team.

TRACK NEEDS PROMOTION

PITTSBURGH — The University of Pittsburgh's veteran track coach Carl Olson believes the people of this city could be made to like track and field, wrestling, gymnastics and other such sports.

Says Olson: "The interest is there. All it needs is proper promotion plus imagination on the part of the people who run the program."

Proof of the interest was the 4,000 who came to the Pitt Field House to see a Swedish gymnastic team.

Martin Ruby, new Tulsa University line coach, played in the Cotton Bowl Game twice — each with a different team. In 1942 he played for Texas A & M. In 1944 he was on the Randolph Field team.

Morrison G. L. Ruscetta, Gus Robertson.
Clarence Phillips-Pro 68 and Willard Knight, H. Marshall, W. E. Vihlen.

Strolling In Sanford

Ronnie Anderson, son of Mr. and Mrs. O. H. Anderson, is among the members of the Air Force ROTC band promoted to airman first class in the cadet corps at Florida State University at Tallahassee. Promotions were announced today by Capt. Thomas V. Deering, commandant of cadets.

Earl Higginbotham, who underwent surgery in the St. Vincent's Hospital in Jacksonville Thursday, is reported to be doing well.

Charlie Morrison, who is celebrating his 63rd birthday today, received a card from Roy Holler, a long time tennis rival, who reads: "You are very fortunate at sixty three; An excuse for your tennis you have, you see. But you were no better at twenty three. You can fool tennis novices no more!"

Methodists Hold Quarterly Meeting

The Fourth Quarterly Conference of the Church Year will be held at the First Methodist Church tonight at 7:30 o'clock. Dr. Paul Fletcher, acting District Superintendent of the Orlando District of the Methodist Church since the tragic death of Dr. O. E. Rice, will be in charge of the meeting.

The Quarterly Conference is the governing body of the local churches in Methodism. Here the major decisions affecting the entire congregation are discussed and voted upon. The members of the Official Board, the Four Commissions, the Stewards and Trustees are elected at this Conference. In addition to the regular business and election of officials, the various organizations and committees of the local church make their reports of activities and progress during the past year.

The Quarterly Conference is an "open meeting," with the entire congregation invited and urged to attend.

FRENCH TEACHERS STAGE WALKOUT
PARIS (AP)—Union officials claimed that 90 to 95 per cent of France's public school teachers were out on a one-day strike today. The Education Ministry conceded that 75 per cent were idle in Paris.

PLANS ARE CHECKED by Art Harris, Jake Waters, Bob Tudor, Brailley Odham, and Jim Brown in front of the home that is being readied for "Open House" Saturday and Sunday, March 26, 27, at the Odham and Tudor, Inc. Pine Crest development. (Photo By Ernest Skidde)

Odham & Tudor Set Home Showing

Thirty-two three-bedroom homes, priced from \$11,500 to \$11,800, are being built by Odham & Tudor Inc. at Pine Crest Heights, the new company's first subdivision development.

The subdivision is located between 25th and 27th Sts. on French, Laurel and Elm Aves. and immediately north of the new Pine Crest elementary school.

Brailley Odham, Sanford business and civic leader, is president of the company. Associated with him are A. W. Tudor and Robert M. Tudor, owners of Tudor Construction Company of Alexandria, La., who together have over 40 years experience in general build-

Proceedings Show Exchange Of Words By Phone Directors

ATLANTA (AP)—A sharp verbal exchange on the role supervisors play in the Southern Bell Telephone Co. highlighted developments today on the 10th day of the strike in nine southeastern states.

A. T. Jones, national vice president of the CID Communications Workers of America, charged last night the company maintained a large number of supervisors to serve as "an army of professional strike-breakers."

A company spokesman replied that "supervisory men and women come up through the ranks and are well qualified to operate the business."

Jones said in a statement that company "supervisors consistently do the work of non-supervisory personnel" and that "the company has, by their own figures, one supervisor for every five workers."

The CWA official declared that telephone customers "pay through the nose" so that the company can maintain a large supervisory force.

Southern Bell issued this statement in reply:

"As the public knows, Southern Bell supervisory men and women come up through the ranks and are, of course, well qualified to operate the business."

State Band Contest Presents Problems

The Seminole High School Band and Orchestra Association held a meeting last night to discuss the events of the coming year. A discussion was held on the drawbacks that have arisen as to whether the band will attend State Contest in Jacksonville. Personal finances and transportation were among the biggest problems presented.

The SHS Band is entitled to go to State after winning straight superiors in the District Contest held in DeLand last week, the first time such a record has been achieved by this band.

APPLICATION ANNOUNCED NEW YORK

NEW YORK (AP)—The Consolidated Edison Co. of New York has announced an application to the Atomic Energy Commission for authority to build and operate a nuclear reactor for the generation of electricity at Indian Point in suburban Westchester County.

ROPE OF CONFIDENCE

ROME (AP)—Premier Mario Scelba won a vote of confidence in the Chamber of Deputies 278-211 today on the eve of his departure for state visits to the United States and Canada.

Williams Blasts Florida Cabinet For Mansion Plan

Rep. Volie A. Williams Jr. today blasted the state cabinet for tentatively approving plans for construction of a new Governor's Mansion "costing considerably in excess of the money we legislators appropriated in 1953."

The legislature appropriated \$250,000 for the mansion furnishings and acquisition of any necessary land.

In a long telegram to the Board of Commissioners of State Institutions (the cabinet), Williams declared that when he voted for the appropriation, "I felt we could easily have a mansion which would rival King Solomon's Temple."

His action followed publication of a news story regarding the cabinet's approval of preliminary plans for a mansion modeled after Andrew Jackson's "Hermitage."

The story quoted Gov. LeRoy Collins as saying the mansion might have to be built piecemeal to come within the \$250,000 appropriation.

The preliminary plans call for an ornate, six-columned central section of the mansion to be used for state functions. Wings would be added on each side one for living quarters for the governor's family and the other for guest facilities.

The governor would have an office. (Continued On Page Five)

Mrs. V. Messenger Resigns Position With The Herald

Mrs. Verne Messenger has resigned from her position as advertising manager of The Sanford Herald after working there for the past 18 consecutive years. It was revealed by Fred P. Perkins, Editor and Publisher, who expressed regret at losing "a valued and highly respected employee."

"After working steadily for more than 20 years without a day's sick leave or vacation, I feel I'm due a rest," commented Mrs. Messenger upon leaving. "I plan to enjoy playing home and keeping house and being able to spend more time with my husband who is not well."

Altogether, Mrs. Messenger had worked for The Herald for 19 years, first going there as proof-reader in 1931. She left there and subsequently worked with Purcell Company and later the Sadye Specialty Shop. In 1937 she returned to The Herald as circulation manager and assistant bookkeeper. In addition to her (Continued On Page Five)

Bodies Are Taken From Navy Plane

HONOLULU (AP)—Ground crews resume today the grim and hazardous task of removing charred bodies from the wreckage of a big Navy plane which slammed into a mountain side yesterday, killing all 66 persons aboard.

The remains of 21 victims were brought down the almost perpendicular slopes of the Waianae Range by nightfall yesterday. Operations halted then because of the treacherous descent and heavy rains.

The Navy RB-44 crashed about 15 miles northwest of Honolulu early yesterday in darkness and rain. The plane, operating under the Military Air Transport Service, was returning to Hickam Field after developing radio trouble on a flight to Travis Air Force Base, Calif.

Nine crewmen and 37 passengers perished when the four-engine plane hit the bare face of Pali Kea peak, about 200 feet from the top.

Television Voted For County Home

The County Commission voted yesterday to buy a television set for the County Home.

The action came after Ed Lane and Al Wilson of the Kiwanis Club told the Commission they had collected \$25 in donations toward purchase of a set. They asked the Commission to pay the balance.

The Commission said it would pay the entire cost of the set and told Lane and Wilson to return the money to the contributors.

Aruba Reportedly Returns To Port

HELSINKI, Finland (AP)—The Finnish tanker Aruba today was reported sailing back to Communist Russia, operating under the name of a fuel originally destined for Red China.

A highly placed source confirmed that the Aruba had turned about in the Indian Ocean.

U.S. congressmen have protested that the tanker is carrying strategic goods for Red China in violation of a United Nations embargo.

Miller Statement Lashed By Collins

TALLAHASSEE (AP)—A member of the Board of Control claims that Gov. Collins used his influence to switch the board's nominee for president of the University of Florida.

W. Glenn Miller of Monticello said yesterday the board had unanimously nominated Dr. Kenneth Williams, Ocala educator, for the post but rescinded the action on the nomination of Dr. Reitz yesterday. His next regular meeting is Tuesday.

Collins, who is chairman of the State Board of Education which must confirm the nominee, said he had never suggested that the Board of Control nominate anyone but had expressed an opinion on Dr. Williams when it was requested.

The Board of Education deferred action on the nomination of Dr. Reitz yesterday. His next regular meeting is Tuesday.

Miller, board vice chairman, said Collins appeared to be much upset when Chairman Lee Ballou of the Board of Control telephoned him Thursday from St. Petersburg with the news that the board had agreed upon Dr. Williams.

"He told the chairman that he would oppose Dr. Williams with everything in his power and he urged us to go back and rescind our action," Miller said.

"The entire board was dumfounded that the governor would take this attitude."

Capacity Crowd Attends Foodmart 'Lucky Buck' Sale

A record-breaking crowd was on hand last night for the Lucky Buck Auction sponsored by the Foodmart at 7:30 o'clock.

"Chuck" Atkinson, manager, thanked the crowd for its overwhelming response during the seven weeks' contest.

State Representative Douglas Stenstrom auctioned off the first item and was then relieved by "Col." Larry Jones, regular auctioneer, who kept the bids rolling until 10:30 o'clock.

Each dollar's worth of food bought during the seven weeks the contest ran received a lucky buck and the entire auction was run on these lucky bucks.

During the evening lucky bucks bought allowances on a new Packard, Clipper or Studebaker, a new home, an automatic washer, deep freezer, television, Mercury motor, waxes, dincite set, dinnerware, radio-phonograph, couch and paint for a six foot long chicken and steak dinner, color portraits, fruit baskets, laundry and cleaning fees, clocks, vacuum cleaners, floor polishers, toys, deep fryers, irons, toasters, coffee makers, fans, and many other items too numerous to mention.

A western band was provided for entertainment and refreshments of soft drinks and doughnuts were served.

Cancer Society Meets To Organize Women Of County

The Seminole County Unit of the American Cancer Society held a meeting in the Commissioners' room at the Court House yesterday afternoon to organize the women of outlying communities and to discuss the three-point program of education, research and service.

Present were Mrs. Barney Guthaus, Chuluota; Mrs. Tindel, Elder Springs; Mrs. J. A. Yarborough, Geneva; Mrs. Spirens, Lake Mary; Mrs. Gladis Hittell, Lake Monroe; Mrs. Morrison, Longwood; Mrs. Metta Starke, Sanford; Irving Pryor, general campaign chairman; R. T. McWane, liaison between the Cancer Society and Seminole County School; Miss Myrtle Wilson, home demonstration agent; Mrs. Evelyn Bales, lights-on-chairman; and Miss Katie Robinson, president of Young Women's Community Club, colored committee lights-on-chairman.

Mrs. Gertrude Dingfelder, president of the Seminole County Unit, presided.

Pollution Caused By Ditch Draining

Emptying of muck into a ditch that drains into Big Bear Lake is causing pollution and a health menace, a delegation from the area told the County Commission yesterday.

The delegation said that an individual dredging muck of private property is emptying the muck into the ditch.

Delegates were A. H. Taylor, Jr., N. M. Auerum, Mrs. O. H. Hughes, Mr. and Mrs. W. C. Bailey, and Mr. and Mrs. L. P. Cronk.

County Attorney Mark Cleveland told them their complaint was a civil matter, out of the jurisdiction of the Commission.

Old Age Benefit Law Necessity Told Pilots By Volie Williams

Volie A. Williams Jr., speaking before the members of the Pilot Club last night, pointed out the growing necessity of establishing a law which would reimburse the state for its contribution to persons receiving old age benefits. He pointed out, however, that this should be done only at the death of the person who received benefits and that to be taken from his or her estate. "Only in this manner can the state continue helping those who really need it and in adequate amounts," he reiterated.

"By the simple fact that a person has reached the age of 65 does not qualify him for old age benefits," emphasized Williams who also said by the same token a person who is eligible should receive an amount ample to live on, and as it now stands a person cannot live on the present benefits."

Williams also stressed the need for appropriations in state government to take care of the 300 mentally retarded children who are now on the waiting list for admission to the Florida Farm Colony; also for the 225 mentally

Dulles Called Upon To Disclose Source

Humphrey Makes Request Papers' Release Cause Of Action

WASHINGTON (AP)—Sen. Humphrey (D-Minn.) called upon Secretary of State Dulles today to disclose "who is responsible" for giving out a copy of the long-secret Yalta papers.

Humphrey said in an interview he had written Dulles asking whether the confidential source had been removed from the papers at the time an undisclosed source gave a copy to the New York Times.

"I will await a reply from our secretary of state before deciding whether to pursue this very important matter further," said Humphrey, a member of the Foreign Relations Committee.

Bitter partisan debate on release of the politically controversial papers kept the Senate in session several hours after its normal recess hour last night, with Humphrey demanding:

"What kind of security system do we have in the State Department? Who is the spy in the State Department?"

The department declined comment.

Humphrey noted that Dulles had said March 14 that the papers would not be made public for the time being because national security was involved. Only a day later, he said, someone gave a copy to the New York Times. Dulles then released generally, a week ago today, the previous secret report on the 1945 Big Three conference.

In New York, the Times had no comment. It had reported earlier that it was offered a copy of the papers March 14 if it would agree to publish them in full. It did so last Thursday morning.

Sen. Bridges (R-Ill.) told the Senate he agreed with Humphrey there "must have been an unauthorized leak." He said he would be glad to help find out who was responsible.

Kiwanians Hear Talk On 'Snobism'

Illustrating her talk with pencil sketches, Mrs. Thelma Reynolds spoke on "Snobism" at the weekly luncheon meeting of the Kiwanis Club.

Mrs. Reynolds sketched the various types of "snobs."

She drew a picture of a Texan, "an area snob," and said the type always says: "If a man is from Texas, he'll tell you, if he's not, don't embarrass him."

Edith Kirchhoff was program chairman.

An inter-club meeting with the Cloud club will be held here next Wednesday.

Mrs. J. Chappell Burial Tomorrow

Mrs. Jennie Chappell, 72, died at her home at Wilson Corner at 11:45 a. m. yesterday after a lingering illness.

Born May 22, 1882 in Marion, Ga., she has lived in Sanford since 1942 and was the wife of the late W. H. Chappell. She was a member of the Baptist Church in Green Cove Springs, and is survived by one son, Claude L. Chappell of Green Cove Springs; one daughter, Mrs. Carolyn Tomlinson of Sanford, and three grandchildren.

Funeral services will be at 4 p. m. tomorrow at the Church of Christ at Paula with Dr. W. P. Brooks Jr. of the First Baptist Church in Sanford officiating. Burial will be at Sylvan Lake cemetery.

Court May Devote Week To Hearings On Segregation

WASHINGTON (AP)—The Supreme Court may devote a full week, beginning April 11, to hearing suggestions on when and how to order an end to racial segregation in public schools.

In announcing yesterday that the court would begin hearing arguments next month, Chief Justice Earl Warren said a full week might be required if all interested parties use the full time allotted them.

The arguments had been scheduled for last Dec. 6, but were postponed after the death of Justice Robert H. Jackson. A full bench of nine judges will again be available when Jackson's successor Judge John Marshall Harlan takes his place on the court next Monday.

Money Is Voted For Forest Park

The County Commission voted yesterday to donate \$400 to the Forest Park school instead of making a contribution to the Easter Seal Campaign.

In other action, the Commission:

1. Rejected a request by Hubbard Cassberry to install a dam with locks at the lower end of Lake Kathryn.
2. Agreed to convey a half block in Longwood to the town on the condition a medical center is built within five years.

The Commission heard a letter from the Seminole County hospital trustees urging a continuation of the three mill hospital tax levy.

Confessed Killer Calmly Reads Story

MCLESTER, Okla. (AP)—Dr. Ben T. Galbraith, confessed killer of his wife and three young children, calmly read details of his confession in a newspaper after his transfer to jail to await arraignment scheduled today.

The arraignment will be on a murder charge stemming from the bizarre deaths in the family's fire-wrecked home last Thursday.

Vaccine Verdict To Come April 12

NEW YORK (AP)—April 12 is the date and Ann Arbor, Mich., the place for a jury of scientists to give its verdict on the value of the Salk polio vaccine.

The announcement will be made by Dr. Thomas F. Francis Jr., of Michigan, head of a team which has been analyzing the results of Salk vaccine trials involving nearly two million children.

Damage To Autos Reported At \$270; Woman Charged

Damage totaling \$270 was reported in a two-car accident which occurred today on Magnolia Ave. near the Third St. intersection.

One of the drivers, Mrs. Flora Loomton, 72, of 929 Ninth St., Fenemore, O., was charged with failing to yield the right of way and improper starting from a parking position.

Damage estimated at \$175 was caused to the left front end of Mrs. Loomton's 1931 Hudson sedan.

The other car, a 1934 Pontiac sedan driven by Dorothy Evans, 47, of 606 Park Ave., sustained \$98 damage to the right front end.

Patrolman Arnold Williams, investigating officer, said the accident took place at 10:06 a. m. when Mrs. Loomton's car pulled out from the curb.

The car driven by Dorothy Evans was going south, he said, and it drew near Mrs. Loomton's vehicle, the Ohio woman pulled into the lane of traffic in front of the Evans car. Mrs. Loomton's automobile traveled 38 feet from the point of impact.

German Rearming Is Up For Debate In French Senate

PARIS (AP)—Long-sought West German rearmament came up for debate in the French Senate today. The British and U.S. governments hoped this was the final parliamentary step in France's ratification of the Paris treaties.

Observers generally predicted the party to resist West German troops in Western defense would be approved without change. The Senate vote was expected late Friday. The treaties then would go to President Rene Coty for signature.

The National Assembly approved them Dec. 30.

If the Council of the Republic (Senate) accepts the treaties as they stand, the Western Allies will have topped one of the biggest hurdles in bringing the Bonn Republic into their defense alignment. Four smaller signatories have been waiting for a French decision before committing themselves. Nine of 13 countries involved have approved the treaties. The United States is still waiting to see what France does.

Court May Devote Week To Hearings On Segregation

WASHINGTON (AP)—The Supreme Court may devote a full week, beginning April 11, to hearing suggestions on when and how to order an end to racial segregation in public schools.

In announcing yesterday that the court would begin hearing arguments next month, Chief Justice Earl Warren said a full week might be required if all interested parties use the full time allotted them.

The arguments had been scheduled for last Dec. 6, but were postponed after the death of Justice Robert H. Jackson. A full bench of nine judges will again be available when Jackson's successor Judge John Marshall Harlan takes his place on the court next Monday.

Old Age Benefit Law Necessity Told Pilots By Volie Williams

Volie A. He pointed out, however, that this should be done only at the death of the person who received benefits and that to be taken from his or her estate. "Only in this manner can the state continue helping those who really need it and in adequate amounts," he reiterated.

"By the simple fact that a person has reached the age of 65 does not qualify him for old age benefits," emphasized Williams who also said by the same token a person who is eligible should receive an amount ample to live on, and as it now stands a person cannot live on the present benefits."

Williams also stressed the need for appropriations in state government to take care of the 300 mentally retarded children who are now on the waiting list for admission to the Florida Farm Colony; also for the 225 mentally
