Republican Women Censure Sid Vihlen

By DONNA ESTES
Herald Staff Writer

LONGWOOD — The Sanford Women's Republican Club Saturday unanimously adopted a resolution censuring GOP County Commission Chairman Sid Vihlen Jr. for voting to name local Democratic patronage chief Tom Freeman county attorney.

Mrs. Ruth Boutwell of Loch Arbor, in introducing the resolution said although Vihlen changed his political party to Republican from Democrat several years ago, he has in the recent past endorsed the candidacies of certain Democrats over Republicans.

The resolution recognizes Freeman as county attorney while he serves as city attorney of Winter Springs and Lake Mary.

SID VIHLEN JR.

Vihlen was appointed to the County Commission in 1970 by then-GOP Gov. Claude Kirk to fill the unexpired term of

"Vihlen cast support for the appointment... in spite of its detriment to Seminole County."

Democratic Dan Pelham. Vihlen was subsequently elected in late 1970 and ran unopposed for the resolution states, adding that Vihlen "joined with Democratic forces in this political maneuver in opposition to the remaining Republican commissioners and against the desires of the Republican party."

Ching its resentment at Vihlen's opposition to the Republican viewpoint, the women's group called upon him "to place the wishes of the residents of Seminole County and the party who placed him in office above his own personal selfish motivation."

Mrs. Brunner reported that Kelly has been named to the U.S. House of Representatives Agriculture Committee and the Banking and Currency Committee. Kelly will attend the 18th annual Jaycee banquet in Orange County on Jan. 25 and be in the district from Feb. 6 to 16.

CRUISIN' UP THE RIVER

On a Sunday afternoon, what could be more relaxing than to be northward bound up the St. Johns River in a comfortable houseboat. This particular craft, its white deck crowded with brightly-clad holidaymakers, cruises past the Seminole-Volusia recreation park and under the US 17-92 bridge, headed for the picturesque upper reaches of the St. Johns.

Seminole County Retailers Oppose Gasoline Price Hikes

By ED PRICKETT
Herald Staff Writer

A spokesman for Seminole County's Gasoline Retailers Association favors gas allocations for all service stations — not price hikes as proposed by President Gerald Ford.

Association President Donald Witt agreed with officials of the state's largest gasoline dealers association that allocations might put a halt to pressure from large oil companies to keep stations open longer hours.

Witt's remarks came as some gasoline dealers are asking Congress to investigate what they say is oil company pressure to sell more gas and stay open longer hours.

Witt agreed major gasoline suppliers have applied pressure. One way, Witt said, is through threatening to cancel leases unless stations comply with the firm's desires.

Florida's Allied Gasoline Retailers Association (AGRA) Executive Director William Tucker said almost all oil companies are applying pressure to station owners.

Longer hours or lower prices reduce a station's profit, but Tucker said most stations have 40 to 50 per cent higher allocations than last year, thus the pressure to sell more.

Witt speculated the pressure to stay open longer stems from the possibility of mandatory rationing, also a proposal being considered by Ford.

"That's the only thing I can see. Of course, I may be all wet. We'll see what happens," Witt said.

The resolution calls for allocations to dealers throughout the nation to be reduced 10 to 15 per cent from the federal allocation program set up last year. That allocation was based on the amount of gasoline sold in 1972-73.

"This type of reduction wouldn't hurt people in Florida because 90 per cent of the people are reducing their buying now," said Harry Milap, AGRA vice president.

Ford, in his State of the Union address, called for a \$3 increase in import duties on foreign oil and

other measures to drive up the cost of gasoline and cut consumption.

Then the association conducted a survey which showed that a majority of dealers were under pressure from big companies to sell more gasoline.

Some said they had even been threatened with loss of their stations if they failed to comply, the survey said.

Mutual Fire Aid 'Not In City's Best Interests'

By BOB LLOYD
Herald Staff Writer

Sanford City Manager Warren Knowles and Fire Chief G.M. Harriett today recommended city commissioners deny a county request for a mutual fire aid agreement.

Knowles said such an agreement isn't in the best interests of Sanford residents and taxpayers at this time.

The county fire department serves north Seminole from three locations with each station manned by two men with equipment designed for rural-type service, Knowles noted in a report to commissioners, and the units are "totally not suitable for urban fire protection."

"We now are in a \$250,000 program to overcome this degrading and to return all of the Sanford area to Class Five," Knowles told commissioners.

Years ago Sanford provided fire service in county areas but only after city commissioners limited the fire department to the city limits, except in cases where lives are in danger, was the city able to obtain the Class Five rating.

Sanford has mutual aid agreements with the cities of DeLand and Winter Park, which have fire equipment comparable to that of Sanford. Officials said the pacts provide for the out-of-city firemen to man Sanford stations, if necessary, should a major fire or fires require all of the Sanford equipment at one time.

Some of the worthless checks were written by people with otherwise perfect credit ratings whose records were unblemished before the economy began to decline and unemployment began to rise.

"I find more people are writing bad checks to grocery stores because you've gotta eat whether there's money or not," one local banker commented.

And a power company official said in the "last six months... I'd say there's been a definite increase."

"It's just the economy. It's the same

FIRE DAMAGE AT \$250,000

A Sunday afternoon fire, traced to a pot simmering on a stove, caused an estimated \$250,000 damage to eight units at Capistrano Apartments, 200 Maitland Ave., Altamonte Springs. Fire Chief Tom Siegfried said four units (left) were gutted and four others damaged. County firemen joined Altamonte units in a two-hour battle to control the fire. Firemen were hampered, Siegfried said, because lack of hydrants in the complex necessitated 700 feet hose runs that blocked Maitland Ave. When the complex was constructed city requirements didn't make hydrants mandatory, officials said today. Firemen Mark Selmer and Roy Walwright were treated for smoke inhalation and later returned to their posts. Three pets died in the fire — two cats and a dog — but firemen were able to rescue and revive 'Boodles,' (above) the peepoo pet dog of Mrs. Nancy Finton. (Herald Photos by Gordon Williamson and Bob Lloyd)

Appeal Action Expected

By BILL BELLEVILLE
Herald Staff Writer

Seminole County Commissioners are expected to take action tomorrow on a continued appeal by swimming pool contractor John Bloodworth that would reinstate his "certificate of competency" to operate in the county.

Bloodworth's certification was revoked Sept. 26, 1974, for six months by the county Swimming Pool Board because of customer complaints about poor service.

But Bloodworth's attorney, Bob Keiffer, told the commissioners in the initial appeal hearing that his client had "denied a due process of law" by the Swimming Pool Board.

Keiffer said that the Board held a meeting without notifying Bloodworth. In addition, at the time of the decision, a Board member was also involved in court litigation against Bloodworth, Keiffer said.

Tomorrow's 2 p.m. hearing is continued from one last month so that Keiffer could have time to turn in a brief stating his case to the county attorney.

Beginning at 7 p.m. tomorrow, the commission will hear a variety of zoning requests and appeals and will consider the adoption of an ordinance to place a surcharge on recording of legal documents, in support of Legal Aid.

Among the items are: a continued request to rezoning from Single Family (R-1) to Multiple Family (R-2) and Planned Unit Development (PUD). The request is being made for property located on the south side of SR 434, west of SR 434 and SR 431, by the Architectural Design Group.

A continued rezoning request that would change property adjacent to Casselberry on the south side of Lake Drive from Agriculture (A-1) to Residential (R-1A).

'Rubber Checks' Bounce Rate High

Seminole County officials are experiencing an increase in the number of "rubber checks" bouncing around as the economy continues in its tailspin.

Marked "Insufficient Funds," some area businesses are flooded with the worthless paper, according to officials.

"Some of the worthless checks were written by people with otherwise perfect credit ratings whose records were unblemished before the economy began to decline and unemployment began to rise."

"I find more people are writing bad checks to grocery stores because you've gotta eat whether there's money or not," one local banker commented.

And a power company official said in the "last six months... I'd say there's been a definite increase."

everywhere. If people don't have the money — they don't have the money," a Florida Power & Light Co. spokesman said.

G.P. Austin, a company service representative, said he's noticed lately that many persons writing bad checks are first time offenders.

Pete Jamison, a cashier at Flagship U.S. Bank of Seminole, said the crash in the construction industry also zapped the credit records of some clients.

"Suddenly the checks are bad when the company goes out of business," Jamison said.

Howard Hodges, president at Sanford Atlantic National Bank, said bad checks are "steadily increasing." Hodges said the increase is definitely tied into the sluggish economy.

Another banking official, Harold Brooks, vice president of Flagship Bank of Sanford, said the

bank's seen "not a great deal of insufficient fund checks, but there has been an increase."

Brooks also said a few situations are popping up where persons deliberately write bad checks.

A person opens an account with a small deposit. Then he immediately writes checks for large sums — just before skipping the city.

These are the kind of people Sgt. Bill Vinton looks for. Vinton, who works for the Seminole County Sheriff's Department, specializes in bad checks.

Fluoridation, Fire Issues Facing Area City Councils

Four of Seminole's cities — Oviedo, Casselberry, Longwood and Winter Springs — will hold city council meetings at 7:30 tonight. A fifth — Altamonte Springs — will meet at 8:30 p.m. Tuesday.

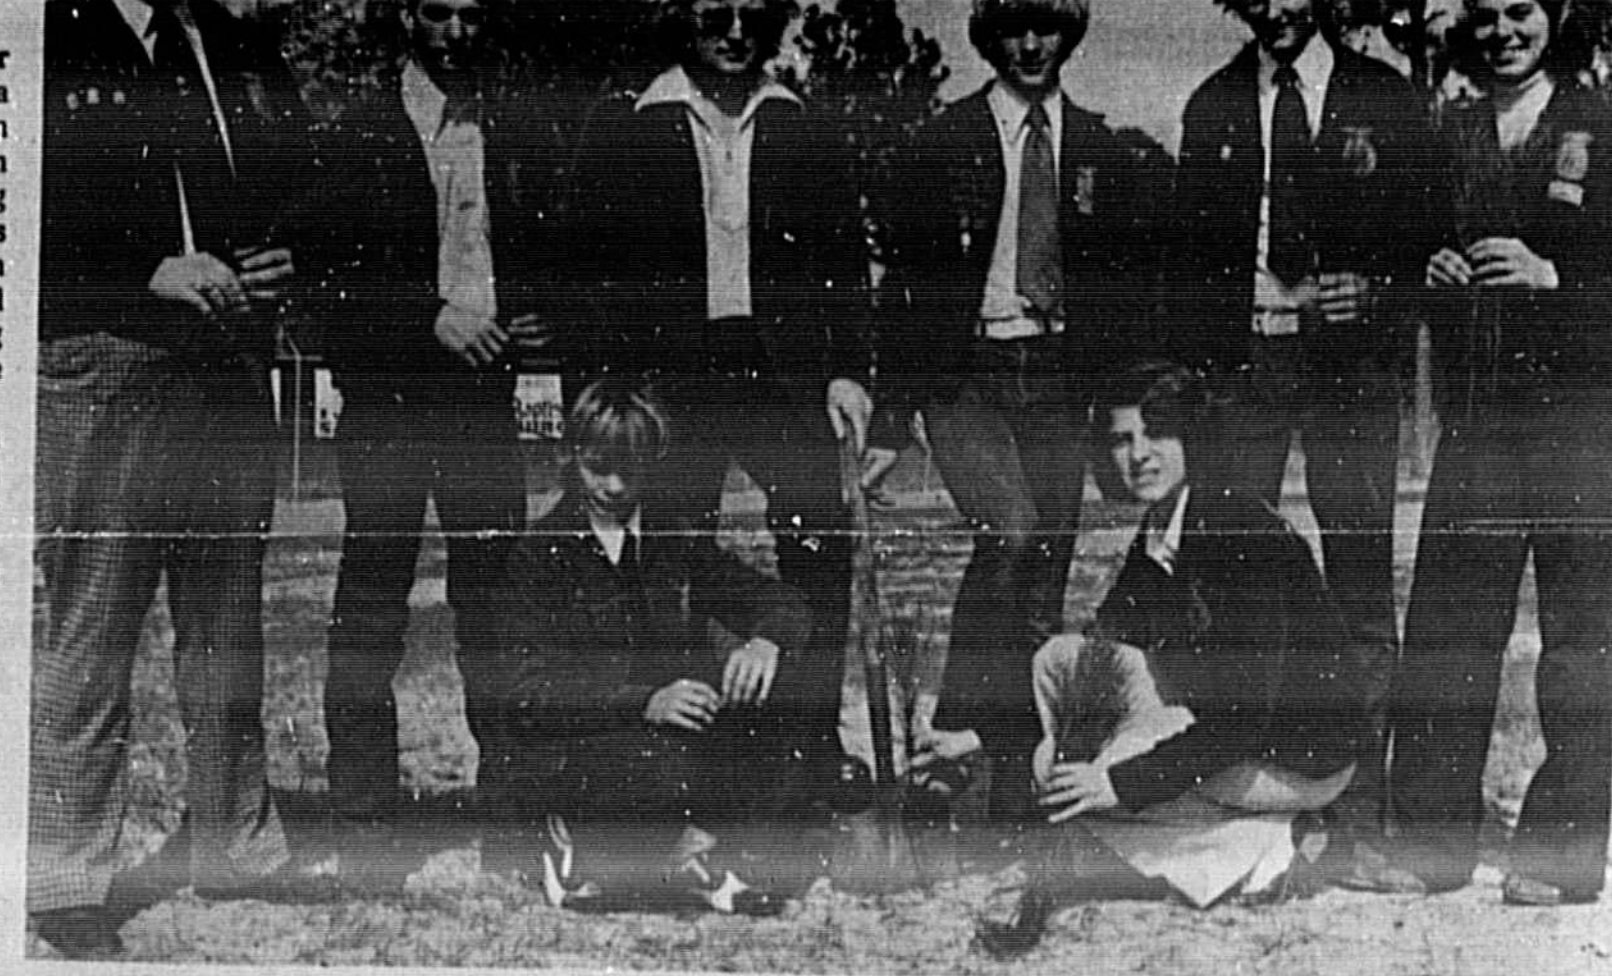

The Oviedo Council will hear a report from Fire Chief Charlie Beasley regarding replacement of equipment lost in a fire last week. The fire department's emergency rescue unit was burned and all equipment lost.

Other items on the agenda include: Councilman Arthur Evans' report on fluoridation of the city's water supply and the public works committee; a letter from the Seminole County Association for Retarded Children (SCARC) requesting funds; request for a street light at the end of Citrus Avenue in Oviedo Terrace; a bill from Seaboard Coastline Railroad for work done during the city's sidewalk project will be considered and the city attorney will present a lease agreement for rental of city property.

Casselberry Council will discuss sovereign immunity insurance and schedule a work session on the city's budget, which is currently about \$70,000 in the red. After the meeting, the Council will discuss a request for taxi service and ponder a proposed water service control ordinance during a workshop.

At Longwood's meeting, Anthony Agliano will speak on updating the group insurance program for city employees. City Supt. Ralph Fisher will make a recommendation concerning the water ordinance and Police Sgt. Tom Ling, vice president of the Fraternal Order of Police, has asked to be placed on the agenda.

Winter Springs Mayor Troy Piland will make his appointments to fill vacancies of the Planning and Zoning Board and Board of Adjustment tonight. Also on the agenda will be discussions with weekly court sessions; acceptance of water and drainage improvements in Ranchlands Section 8 from Florida Land Co.; estimates for a SCAT fire vehicle; hiring of a hcamer officer; Councilman Irene Van Epeel; Councilman Irwin Hunter — official zoning map; Wildo park on Moss Road; placement of offices in new building and trailer; and request by Mrs. Sandra Long for permission to keep more than two dogs.

ARBOR DAY PLANTING Members of Seminole High School's Forestry Class plant 50 slash pines on high school grounds in honor of Florida Arbor Week. Members are (standing l-r) Kyle Bauer, Paul Eldridge, Wayne Epps, asst. principal, Scott Downer, Gary Carlson and Frances Lommere. Kneeling are Terry Hart (left) and Virginia Lommere.

NATION IN BRIEF

Ex-CIA Director Set For Congress Hearing

WASHINGTON (AP) — Former CIA Director Richard M. Helms is returning for a second appearance before the Rockefeller commission on the spy agency's domestic activities. Another witness scheduled today was former CIA director John A. McCone, 73, who headed the agency from 1961 to 1965. Senate Democrats were expected to decide whether to create a special committee similar to the Watergate panel to investigate allegations of CIA wrongdoing.

Congress Goes To Work

WASHINGTON (AP) — The work of Congress, including action on new measures to fight inflation, recession and the energy crisis, will get under way after the lawmakers complete their housekeeping duties this week. The Congressional Joint Economic Committee will open hearings Thursday on President Ford's economic proposals.

Plan Would Cut Taxes

WASHINGTON (AP) — An official government advisory panel has called for a "substantial infusion" of general revenues instead of higher Social Security taxes to pay for increased retirement benefits. The recommendation, announced Sunday by the Social Security Advisory Council after months of study, represents a turnaround from its earlier tentative recommendation that Social Security taxes be increased.

'Lack Of Confidence' Forces Sale Of N.Y. Bank

By TERENCE HUNT Associated Press Writer Faced with "probable failure" and a lack of "public confidence," the Security National Bank of Long Island, third largest in the nation, has been sold to another New York bank.

Security National, of Hempstead, N.Y., said in a statement Sunday that its troubles resulted from a loss of investor confidence, which the bank said stemmed from the general economic decline and the failure of another Long Island bank, the Franklin National, last year.

"This gave rise to rumors and speculative, damaging news stories about the bank which caused substantial withdrawals of deposits and seriously impaired the bank's ability to obtain borrowings from its normal sources," Security National said.

Banking sources said Security National had suffered losses in loans to builders on New York's Long Island, where the construction industry is declining following a building boom during the 1960s.

Franklin National's failure followed heavy foreign exchange losses. Franklin National at one time was the nation's 20th largest bank and its failure was the largest in the nation's history.

The Federal Reserve Board in Washington, which authorized the sale of Security National without stockholder approval, said the controller of the currency had found "external forces and public confidence have adversely affected the opportunity to the point that an emergency exists."

Comptroller of the Currency James E. Smith declared an emergency at Security National and asked immediate action "to prevent a probable failure of that bank."

Security National, with deposits of \$1.3 billion and 80 offices on Long Island and 15 in New York City, was purchased by the Chemical Bank for \$40 million. Chemical, one of the nation's 10 largest banks, will assume all assets and most liabilities of the smaller bank.

In another economic development Sunday, the administration stepped up its campaign for President Ford's anti-inflation program. Reminded he once inquired he would resign if the budget deficit reached \$40 billion, Simon said that no longer is the case.

Interior Secretary Rogers C.B. Morton said there are areas of the program where Ford is willing to compromise with Congress but urged:

"Let's start with the President's program. Let's get the Congress, and then if it needs adjusting, let's adjust it."

Morton, appearing on NBC's "Issues and Answers," said congressional criticism of Ford's proposals is something to be expected in response to bold suggestions.

Treasury Secretary William E. Simon, appearing on NBC's "Meet the Press," declared that he will fight for Ford's program despite his dislike of the large deficits included in them. Reminded he once inquired he would resign if the budget deficit reached \$40 billion, Simon said that no longer is the case.

Survey Set On Offshore Oil Supplies

WASHINGTON (AP) — The United States may have four times as much oil as it already knows about, and the Interior Department wants to find out for sure through its offshore leasing program.

But even if those additional reserves are found, the nation could still fill its own demand at present levels for no more than 20 years at best.

The United States is scarcely an oil-poor nation, with proven reserves estimated at some 45 billion barrels by the U.S. Geological Survey. This is about 7 percent of the world total by government estimates. But the nation consumes about 4.5 billion barrels a year or more than 30 percent of the world's annual oil production.

That is clearly a formula for trouble, which made its point last winter when the world's major oil exporting nations temporarily reduced their shipments and simultaneously raised their prices.

For the immediate future, the United States must continue to pay the high price for foreign oil, under the constant threat of yet another embargo.

In the short range, both the administration and the oil industry agree that domestic oil production can not be quickly increased very much.

Ford has asked Congress to allow commercial oil production from the Naval Petroleum Reserve at Elk Hills, Calif., and estimated this could add about 160,000 barrels per day in 1975 and about 300,000 barrels daily by 1977.

Ford also said he would end federal price controls on domestic crude oil. The White House estimated this would increase production about 500,000 barrels a day over the next three or four years by allowing higher prices for oil which now is unprofitable to produce.

The Federal Energy Administration estimates that the government may have to support the price of oil at around \$7.70 per barrel to protect the investments it will take to produce new offshore oil.

How much oil these areas really contain will not be known until they are explored with drilling rigs, but the U.S. Geological Survey has estimated that the nation may have 73 to 146 billion barrels hidden away in addition to 45 billion barrels of proven reserves, for a total supply as high as 191 billion barrels. This would be enough for about 22 years at current oil consumption rates.

If the United States does strike oil again within its own boundaries, that will not bring back cheap oil.

Government and industry officials agree that oil produced by drilling rigs standing in hundreds of feet of water offshore will be more costly than oil drilled on land or in shallow waters.

Missing Vessel Sought

PORTLAND, Maine (AP) — An investigation into the disappearance of the Florida based research vessel Gulf Stream was resumed here today, following a recess during which a memorial service to the five crewmen aboard was held.

The body of one crewman, James Riddle, 36, of Dania, Fla., had been recovered a few days after the Coast Guard search for the missing vessel got underway Jan. 6, and Friday's ceremony paid tribute to him and his four colleagues.

At the opening of the probe Thursday, three witnesses testified that they saw or heard the 54-foot vessel two weeks ago, just after the Gulf Stream failed to return from its weekend mission.

Owned by Nova University in Fort Lauderdale, Fla., had been in Maine to conduct winter ocean current studies for Bigelow Laboratories.

The official search for the vessel was suspended Jan. 13.

Interior Secretary Rogers C.B. Morton said there are areas of the program where Ford is willing to compromise with Congress but urged:

"Let's start with the President's program. Let's get the Congress, and then if it needs adjusting, let's adjust it."

Morton, appearing on NBC's "Issues and Answers," said congressional criticism of Ford's proposals is something to be expected in response to bold suggestions.

Treasury Secretary William E. Simon, appearing on NBC's "Meet the Press," declared that he will fight for Ford's program despite his dislike of the large deficits included in them. Reminded he once inquired he would resign if the budget deficit reached \$40 billion, Simon said that no longer is the case.

Interior Secretary Rogers C.B. Morton said there are areas of the program where Ford is willing to compromise with Congress but urged:

Chamber Fete Deadline Nears

A Jan. 28 cutoff date has been set for making reservations for the Greater Sanford Chamber of Commerce's annual dinner to be held Jan. 31 at the Forest in Lake Mary.

Reservations can be made by calling the Chamber. Tickets are \$10 each and include a steak dinner and one complimentary cocktail.

Charles H. Smith Jr., industrialist and chairman of the Board of the U.S. Chamber of Commerce will be guest speaker.

At \$7.70 a barrel, offshore oil would be a bargain compared with current world prices, but it's nowhere near "the good old days" when \$3 oil was considered expensive.

How much oil these areas really contain will not be known until they are explored with drilling rigs, but the U.S. Geological Survey has estimated that the nation may have 73 to 146 billion barrels hidden away in addition to 45 billion barrels of proven reserves, for a total supply as high as 191 billion barrels. This would be enough for about 22 years at current oil consumption rates.

If the United States does strike oil again within its own boundaries, that will not bring back cheap oil.

Government and industry officials agree that oil produced by drilling rigs standing in hundreds of feet of water offshore will be more costly than oil drilled on land or in shallow waters.

Lake Mary Council Faces Police Move

LAKE MARY — This city is still in limbo regarding what it plans to do about its police department, but hopes to come to a final decision at a special 7:30 p.m. council meeting on Jan. 30.

After a Saturday work session, Council Burt Perinchief, commissioner of police for the Council, said, "I am predisposed to recommend the city continue with its own police force."

He reported to the Council Seminole County Sheriff John Polk could provide the city with four patrolmen, one sergeant and one additional car for \$78,500. This figure would include fringe benefits which the city does not offer as well as operating expenses for two cars (the city has one) and administrative cost.

The body of one crewman, James Riddle, 36, of Dania, Fla., had been recovered a few days after the Coast Guard search for the missing vessel got underway Jan. 6, and Friday's ceremony paid tribute to him and his four colleagues.

At the opening of the probe Thursday, three witnesses testified that they saw or heard the 54-foot vessel two weeks ago, just after the Gulf Stream failed to return from its weekend mission.

Owned by Nova University in Fort Lauderdale, Fla., had been in Maine to conduct winter ocean current studies for Bigelow Laboratories.

The official search for the vessel was suspended Jan. 13.

FLORIDA IN BRIEF

200 Jurors Summoned For Sanford Trial

ST. AUGUSTINE, Fla. (AP) — More than 200 prospective jurors were called to the courthouse today for the start of the murder trial of former St. Johns County Manager Alan G. Stanford Jr.

Circuit Court Judge E.L. Eastmore called for the jurors, saying "if that's not enough, I'll do something else." He refused to elaborate but still pending is a defense motion to move the trial out of St. Augustine.

Stanford, 50, has pleaded innocent to charges of killing his next-door neighbor, Athalia Ponsell Lindsay, 56, a one-time showgirl model and wife of former St. Augustine Mayor James Lindsay. She was found hacked to death with a machete on the front steps of her home last Jan. 23. Stanford has been free on \$20,000 bond and on unpaid leave of absence from his \$20,000-a-year post since he was indicted on March 1.

Florida Seaports Busy

MIAMI (AP) — Eight Florida seaports generated \$670.2 million worth of business last year but have been virtually ignored as a major industry, port officials say.

Capt. Robert Waldron of Miami, president of the Florida Ports Council, said a recent study shows the ports handled 79.4 million tons of cargo, provided direct and indirect employment for 98,135 people and had an annual payroll of \$416.5 million.

"This is one of the biggest industries in Florida and the industry of the future," Waldron said. "The idea of the study was to let our legislators know how much this business means to the state."

Of the seaports, Jacksonville claimed the greatest economic impact, \$177 million. The report showed Jacksonville was second in the state in ship tonnage with 16 million tons, shipped 30,000 jobs for a \$100 million annual payroll.

Justice Adkins On Drinking Probation

TAMPA, Fla. (AP) — Chief Justice James C. Adkins is on judicial disciplinary probation after admitting a drinking problem had interfered with his duties on the Florida Supreme Court, the Tampa Tribune and Gannett News Service report.

The story, in Sunday's Tampa Tribune, said Justice Adkins signed the probationary agreement in 1972 with the Judicial Qualifications Commission.

The pact curtailed his consumption of liquor and provided that violation would mean automatic removal from the high court, the news reports said.

The article, by Duane Bradford of the Tribune and Wayne Ezell of Gannett, said "accusations of events surrounding the heretofore secret agreement have been affirmed by two responsible persons in a position to know."

Adkins, 60, elected to the Supreme Court in 1968, refused to discuss the report, the story said.

"I have no comment on that at all," the chief justice was quoted as saying. "As far as I'm concerned, I'm bittering off on any judge making anything of the agreement."

Adkins' career may have been salvaged by then Chief Justice B. K. Roberts. The chief justice reportedly intervened on Adkins' behalf after Adkins was accused of the alleged misconduct.

Under the rules in effect in 1972, it could recommend a reprimand, forced retirement or removal from the bench, but the high court had the final authority on discipline.

Two justices, Joseph Boyd and Hal Dekle, recently underwent "misconduct hearings" before the commission, and the panel recommended they be removed. Their cases now rest with a special panel of judges.

Prosecutors charged Mrs. Mitchell lied before the grand jury to shield Dickinson's alleged interest in the bank. The bank was organized while he had power to charter and regulate Florida's financial institutions.

The grand jury that indicted Mrs. Mitchell also indicted Dickinson and his former law partner, Frederick C. Prior. Prior was convicted of perjury, and Dickinson is awaiting trial on charges of perjury, conspiracy and tax evasion.

Welfare Rolls To Take Drop

TALLAHASSEE, Fla. (AP) — The number of people on welfare will probably decrease next fiscal year despite an increase in the number of aid applicants as economic conditions worsen, state officials say.

O. J. Keller, Health and Rehabilitative Services secretary, said he expected the average number of monthly applications for aid to families with dependent children — AFDC — to increase from 5,760 to 11,594 next year.

The number applying for AFDC averaged 9,000 a month from July through November, 1974, up from the figure of 5,760 a month Keller used.

Ms. Bembry, the title she prefers, said the staff was allocated on the figure of 5,000 applications a month. The current caseload of persons receiving aid is 76,000, and they must be checked for eligibility twice a month, she said.

Authorities also expect the number of persons receiving food stamps to double next year. Keller has asked for \$2.3 million to hire an additional 745 persons to process applications.

NOMINATED

Brig. Gen. Thomas M. Ryan has been nominated by President Ford for promotion to the two-star rank of major general. Ryan is married to the former Gwatha (Penny) D. Mattox, a native of Tallahassee, Fla., and she is the daughter of Mr. and Mrs. Ben G. Mattox, 219 State Lane, Longwood. Gen. Ryan has also been named deputy chief of staff for logistics, Strategic Air Command (SAC) this month.

Ms. Bembry, the title she prefers, said the staff was allocated on the figure of 5,000 applications a month. The current caseload of persons receiving aid is 76,000, and they must be checked for eligibility twice a month, she said.

Authorities also expect the number of persons receiving food stamps to double next year. Keller has asked for \$2.3 million to hire an additional 745 persons to process applications.

Mitchell Case Goes To Jury For Action

TAMPA, Fla. (AP) — A federal jury is expected to return a verdict this week in the perjury trial of Mamie Mitchell, longtime private secretary of indicted former state comptroller Fred O. Dickinson.

Final arguments were scheduled today. Five days of testimony ended Friday with both sides resting their cases.

The 66-year-old widow, testifying in her own defense, said she was telling the truth when she told a federal grand jury that she, not Dickinson, owned stock in a Palm Beach bank. But she said she erred on May 2 when she gave the grand jury the date of a promissory note.

She testified that in January 1971 Dickinson put an option on 1,000 shares in the North Avenue National Bank. She said Dickinson decided to allow her to buy it at \$10 a share, she said. Dickinson's name and stock certificates were issued in her name.

The defense did not contest a prosecution claim that the promissory note was actually signed several months after the January 1971 date Mrs. Mitchell gave the grand jury.

"I was confused when I appeared before the grand jury — I didn't realize my mistake until I received my indictment," she said.

A neurologist testified that confusion about the note could have come from a memory lapse caused by a mild stroke she had in 1970. Prosecution witnesses rebutted his testimony.

Telephone Increase Seen

TALLAHASSEE, Fla. (AP) — Telephone bills for nearly two million Florida subscribers probably will go up after today.

The Public Service Commission was to consider a request from Southern Bell Telephone Co. for an interim rate increase of \$8.9 million as part of its total \$216.5 million hike request.

The state's largest telephone company, which serves about two-thirds of the population, has proposed increasing residential bills \$2 to \$3 each month and business bills \$4 to \$6.

Even before the meeting, the PSC was in a position of almost being forced to grant some increase as a result of a Florida Supreme Court ruling.

Church Group Hurt In Mishap

ASHEVILLE, N.C. (AP) — A member of a Stuart, Fla., church youth group was in guarded condition in an Asheville hospital after being injured in a bus wreck in the Great Smoky Mountains National Park.

Bobby Bradley was taken Sunday to Asheville from the Swain County Hospital in Bryson City, where four others were hospitalized with "not too serious" injuries.

Park ranger Gene Phillips said the bus was traveling down a steep grade on U.S. 441 when it apparently lost its brakes, collided with another vehicle and ran into a ditch.

Twenty-six persons were treated, the Swain County Hospital said.

WE WANT TO SELL CARS. YOU WANT TO SAVE MONEY.

Don't make any deal till you see your Chevrolet Dealer.

No matter what kind of price or sales talk you've been hearing, see your Chevrolet dealer before you buy.

He's anxious to give you his best possible deal. And according to Manufacturers' Suggested Retail Prices, he can begin by offering you the lowest priced car in many model categories, including America's lowest priced wagon (Vega), America's lowest priced mid-size car (Chevrolet Malibu Sedan Six), and America's lowest priced full-size car (Bel Air Sedan).

He can also offer a high trade-in on many used cars, so the actual cost of your new Chevrolet might be much lower than you'd expect.

He deals in America's favorite car — Chevrolet — which means you can get traditionally high resale value in a car you'll really like to own. And he has a wide range of models in stock and ready to go, right now, including compact Chevy Novas and economy-plus Chevy Vegas.

Pick the base Nova. Nova Custom, or luxurious new Nova LN. Whichever you decide on, you get a reliable, roomy, solidly built, easy-to-drive, easy-to-park compact car. There are two standard Novas engines: an economical six-cylinder or 4-cylinder V8. And the 75 Nova is engineered to last about \$100 less in scheduled maintenance than the 77 (in 50,000 miles of driving).

Vega gives you economy plus a lot of choices. The Vega Hatchback, America's most popular hatchback, is already priced \$85 below its nearest competitor. Other Vega models include America's lowest priced wagon, the Vega Novato, the Nitehawk LX and the Vega Estate Wagon. And the 75 Vega is engineered to cost about \$240 less in scheduled maintenance than the 77 (in 50,000 miles of driving).

Now that makes sense

Illness Clouds Brezhnev's Future
The controlled press in the Soviet Union ordinarily ignores rumors and speculation about behind-the-scenes events in the Kremlin.

Whether Mr. Brezhnev is seriously ill or whether his hold on the government is slipping for some other reason, his prolonged absence from view raises many uncertainties for the West.

It is never clear, when dealing with a Soviet leader, whether he has the full backing of his politburo in pursuing one policy or another.

WASHINGTON—(NEA)—There is an interesting battle taking place in town. The U.S. government is about to make its first territorial acquisition in 75 years, but a member of Congress is fighting the proposition.

JACK ANDERSON

Narcotics Agents Probing Each Other

WASHINGTON—The nation's top narcotics officials have been so busy investigating one another lately that they haven't had much time to cope with the dope peddlers.

The practice has been to turn over the slightest allegations to the inspectors to check out. Those who enforce the drug laws, the reasoning goes, should be so clean they can never become vulnerable to blackmail.

Now narcotics chief John Bartels has complained privately that his underlings have used investigations to blackmail one another. Cases have been held open, he has charged, as a "management tool" to keep officials in line.

Enforcements chief William Durkin, the No. 2 man, was accused of consorting with a New York prostitute. The alleged incident dated back to 1956, yet the case still remains open.

WORLD IN BRIEF

Khmer Rouge Capture Mekong River Island

PHNOM PENH, Cambodia (AP)—The Khmer Rouge captured an island in the Mekong River north of Phnom Penh, posing a threat to the government naval base at the junction of the Mekong and Tonle Sap rivers, field reports said today.

Refugees said the Khmer Rouge moved to the island by motorized canoes from the east bank of the Mekong, where they occupied a large stretch seven miles northeast of the capital.

Syrians Free Newsman

BEIRUT, Lebanon (AP)—Syrian security agents released Associated Press correspondent Nicholas Lunding today after holding him for three days, the United States Embassy in Damascus reported.

Refugees said the Khmer Rouge moved to the island by motorized canoes from the east bank of the Mekong, where they occupied a large stretch seven miles northeast of the capital.

AREA DEATHS

MRS. BARBARA NEWTON, 39, of 140 Temple Dr., Longwood, died Saturday.

Rev. James E. Cole, 87, of 519 Park Ave., Sanford, died Saturday morning.

HOROSCOPE

By CARROLL RIGHTER
For Tuesday, January 21, 1975

GENERAL TENDENCIES: The day is fine for a new approach to your regular routines. Make your surroundings more attractive.

TAURUS (Apr. 20 to May 20) Make your surroundings more charming. Seek the right solution to any problems you may have.

MOON CHILDREN (June 22 to July 21) Friends can be helpful to you now, so be sure to contact the right ones.

LIBRA (Sept. 23 to Oct. 22) Use your intuition, especially where business is concerned, and get excellent results.

SCORPIO (Oct. 23 to Nov. 21) Fine day for talking over important matters with associates and coming to a fine understanding.

SAGITTARIUS (Nov. 22 to Dec. 21) Changing your diet can bring you added vitality you need right now.

AQUARIUS (Jan. 21 to Feb. 19) Give more time and effort in making your home more comfortable.

PISCES (Feb. 20 to Mar. 20) Make appointments early and obtain the data you need.

IF YOUR CHILD IS BORN TODAY... He or she will be one of those planetarily lucky youngsters for whom everything seems to go right early in life.

THE STARS TELL... What you make of your life is largely up to YOU!

Carroll Righter's individual forecast for your sign for February is now ready. For your copy send your birthdate and \$1 to Carroll Righter Forecast, The Evening Herald, P.O. Box 629, Hollywood, Calif. 90028.

Terrorists Leave Paris After Attack Failure

PARIS (AP)—Three Arab terrorists left Paris in a French plane today after an unsuccessful attempt to attack an Israeli jetliner, a gun battle with police and an overnight siege during which they held 18 persons hostage in a room at Orly Airport.

The terrorists' destination was not immediately known. Previous reports said there were two terrorists and from three to seven hostages.

The terrorists' destination was not immediately known. Previous reports said there were two terrorists and from three to seven hostages.

"Oh, Well, There's Always '76!"

DON OAKLEY Getting More For The Buck

It's no secret that government has become the nation's biggest business, employing nearly 13-million people and accounting for 22 per cent of the gross national product.

Spending by state and local governments alone increased 40 per cent between 1968 and 1972, and at least up until the current recession hit, they were adding about 450,000 employees each year.

The country's taxpayers are demanding more services from federal, state and local governments than ever before — yet paradoxically they are screaming louder than ever about how much it's costing.

The answer is simple, says James Hayes: "More than ever, the American taxpayer feels he is being overcharged."

Hayes is president of the American Management Associations (AMA), a nonprofit organization that conducts worldwide management training programs for more than 100,000 business and government executives annually.

There are pockets of progress across the country. Here and there, innovative programs are saving cities hundreds of thousands of dollars a year.

But widespread inefficiency persists, and the reasons that stand out are the inherent difficulty of managing modern government and the shortage of qualified managers in government.

Probably little can be done about the former, but there may be an answer to the latter: Apply the proven management techniques of business to government.

This is the basis of a new training service being offered to government by the Professional Institute, a unit of American Management Associations.

The AMA has conducted management training programs for such public organizations and groups as the governor's cabinet of South Dakota, the Massachusetts State Board of Education, the personnel office of the Colorado and the cities of Richmond and Alexandria, Va.

When the people demand more and better services for their money, it is not really a paradox, says Hayes. What they are asking is that governments explain and justify in terms every citizen can understand what benefits are being received from the dollars and man-hours invested — in a word, productivity.

And the key to improving productivity in government, he contends, is through more professional management.

An Open Letter To Our Sanford Policemen And Their Chief, Ben Butler

It's not often that we tell our Sanford Policemen how much we appreciate them. But we're telling you now.

Because you keep the peace, we are able to live and work in safety.

We sleep easily at night because we know that you'll be riding by watching over our homes and property.

When we have an emergency, we call you and you come to our aid.

Our children walk to school and you keep an eye on them and keep them safe.

Our wives walk our streets without fear, knowing that you'll be there in an instant if they need help.

We drive our cars in confidence, knowing that you are patrolling our roads watching for dangerous drivers and faulty vehicles. If we have an accident, you're there to help immediately.

When we're threatened or just apprehensive, we call and you come, ready to risk your life for us if it comes to that.

You're peaceful men in an often violent world. But when we need protection, we get it.....from you.

When there's a police job to be done, we never wonder if you'll do the job. We know you will.

Because you're the best. Pros. Everyone of you. And we admire you for it.

The next time you pin on that badge, remember, there's more behind it than a blue suit. Us. The men and women and children of Sanford who owe you so much.

Thanks for being there when we need you. Thanks for being Sanford Policemen. Our Policemen. You honor us all.

A Well Deserved Tribute Paid For By Residents Of Sanford

Loggers Beating Her Door Down

By ABIGAIL VAN BUREN

DEAR ABBY: I am an attractive female divorcee who recently retired after a long, distinguished career as a university English professor. Now, that I have a great deal of free time, I would like to find suitable male companionship.

Although I receive numerous offers (the loggers in this town are practically beating my door down), I don't know how to meet men who could appreciate my best qualities, such as the art of conversation.

There must be some other retired women in small towns with similar problems. Have you any suggestions?

DEAR ANXIOUS IN IDAHO: Enroll in an adult education class and do a lot of listening. Conversation could be considered "dessert," and since you cannot live on dessert alone, are you prepared to provide some meat and potatoes?

DEAR ABBY: I just had to write to defend that woman who writes notes to her husband to remind him of things. I've been doing it for years.

First of all, that letter couldn't have been written by my husband because he doesn't believe in communication, and note-writing is a form of communication.

This wooden Indian I'm married to might send up smoke signals if he could find his lighter, but on the other hand, fires within the city limits of Dallas are frowned upon.

Anyway, I say three cheers for that note-writing wife. I sure wish my husband would write me a note once in a while. It would confirm the fact that he's still breathing.

DEAR IGNORED IN DALLAS: Your problem is far more serious than you realize. The ultimate in humiliation, women confide, is not in being belittled, berated, or even beaten. It's being ignored.

DEAR ABBY: I recently visited a friend in his New York apartment. We hadn't seen each other for 15 years. While

Dear Abby

he was in the kitchen mixing up drinks, I noticed that he had a splendid library. Then I noticed that he had a few books that I also owned.

I don't know what made me do it, but I took those books down from the shelf and turned them over to him.

He had borrowed those books from me years ago, and neglected to return them.

I put them back before he returned, and said nothing, since then my irritation has grown.

Should I now tell him that I want my books back?

DEAR IRKED IN INDIANA: No wonder your friend has such a "splendid library." He's a "collector."

DEAR ABBY: This is to encourage the 52-year-old woman whose husband wants a divorce. Let him have it, then sharpen up some of your old skills and get out on your own.

I was 47 when my husband entered his second childhood. He wanted a divorce to marry a younger woman. I fought and wept and begged; I thought my life was over. I finally came to my senses and let him go. At age 48, I went to work as a secretary, married my boss two years later, and couldn't be happier.

A 52-year-old woman can do anything a younger woman can do except have a baby? And what 52-year-old woman in her right mind would want that?

EVERYONE HAS A PROBLEM. WHAT'S YOURS? For a personal reply, write to DEAR ABBY, Box No. 47706, L.A., Calif. 90049. Enclose stamped, self-addressed envelope, please.

DEAR ABBY: I recently visited a friend in his New York apartment. We hadn't seen each other for 15 years. While

he was in the kitchen mixing up drinks, I noticed that he had a splendid library. Then I noticed that he had a few books that I also owned.

I don't know what made me do it, but I took those books down from the shelf and turned them over to him.

He had borrowed those books from me years ago, and neglected to return them.

I put them back before he returned, and said nothing, since then my irritation has grown.

Should I now tell him that I want my books back?

Canby can collector hauled 11 bags of aluminum cans on his VW bug this week to reap 15 cents per pound from Recycling Inc. of Sanford, which collects cans each Wednesday afternoon between 2 and 4 o'clock in the parking lot behind the Greater Sanford Chamber of Commerce Building. Around 2 a.m., after the bars close, is about the best time to go can hunting, hinted this "pro". (Herald Photo by Gloria Drogos)

Group Therapist Visits SJC

Dr. George Bach noted author, lecturer and founder of the Institute of Group Therapy in Los Angeles will conduct a series of workshops in the Central Florida area on Jan. 22, 24 and 25.

Sponsored by Seminole Junior College and entitled "Festival of Bach," the workshops are designed to teach people how to use specific techniques for living more constructively with aggression.

Participants examine methods of fighting fair with spouses, co-workers, bosses and subordinates. Attention also is focused on assertive sexing, on muscle and relaxation exercises, and on discovering unconscious forms of interpersonal hostilities.

There will be two main workshops. The first, scheduled on Jan. 23, from 7 p.m. to 10 p.m., at the Maitland Civic Center, is open to the general public and is designed as an introduction to Dr. Bach's work. Tickets may be purchased at Seminole Junior College or at the door on Jan. 23.

Designed for professionals, the second workshop will be held at Seminole Junior College on Jan. 24 and 25 and features an in-depth exploration of aggression therapy techniques. Pre-registration is necessary. Interested individuals need to contact Jim Sawyer or Maggie Culp at SJC for further information.

Dr. Bach requests that participants in all workshops dress comfortably and bring a blanket and a pillow to all sessions.

Born in Latvia, Dr. Bach is a naturalized U.S. citizen holding M.A. and Ph.D. degrees in psychology. Founder and current director of the Institute of Group Psychotherapy in Los Angeles, Bach specialized in individual and group psychotherapy, family therapy, and marriage counseling. He is the author of "Intensive Group Therapy," "The Intimate Enemy" (with P. Wyden), "Pairing" (with R. Deutsch) and "Aggression Lab" (with Yetta Bernhardt). A world traveler, Bach currently is gathering information about the cultural roots of growth movements, group therapy methods, regulation of aggressive behavior, and cross cultural expressions of family violence.

This tea is open to the public of Deltona, especially the men. Mrs. Derrell Porter was appointed chairman of the Club's annual card party which will be held March 27 at 12:30 p.m., in the Community Center, with luncheon being served first.

During the business meeting, attended by representatives of the 15 garden circles which comprise the Deltona Garden Club, Mrs. Frank T. Lesniak, vice-president, announced that the Club will sponsor a membership office following the Garden Club board meeting, Feb. 14.

A fascinating lecture on "The Florida Scrub" was delivered by Dr. T.E. Snotnerman, Professor of Education, at Stetson University at the regular monthly board meeting of the Deltona Garden Club Jan. 10, in the Deltona Community Center.

Dr. Snotnerman displayed and explained samples of many of the trees and plants which grow in the Florida scrub in the Deltona area.

Club Notes

Gamma Lambda Mrs. Albert Croninger, chairman of the forthcoming Placement Flower Show to be given by the club on April 19 and 20, announced that several of the Mackle Bros. model homes will be decorated by club members for this event.

Arts Club The DeBary Arts and Crafts Club will meet Feb. 6, at 10 a.m., in the DeBary Hall. Guest artist will be Mrs. Boyd W. Wierman of DeBary. She will give a demonstration of the processes involved in the making of "Apple Head Dolls."

The making of these dolls requires much time and talent. It is considered, according to Mrs. Wierman, one of America's pioneer folk arts.

Mrs. Wierman, a former artist and painting teacher now does china painting, apple head dolls and oil painting. She holds a Bachelor of Fine Arts degree from Ohio Northern University, Ada, Ohio. Her demonstration is open to the public.

Roadrunners The Tri-County Roadrunners Citizen Band Radio Club is sponsoring a Little Miss Valentine Contest to help raise funds for the Central Florida Zoo.

All area organizations are invited to sponsor a contestant. The winner will be selected on a penny-a-vote basis with all the proceeds to be donated to the zoo.

The contest is for girls ages 10 to 14. Girls interested in entering the contest and organizations interested in sponsoring a contestant should contact Anita Williamson, 711 Briarcliff, Sanford.

The winner will be crowned Feb. 15 at the Club's Valentine coffee break and will receive a robe, scepter and crown. The coffee break will start at 8 p.m. at the Greater Sanford Chamber of Commerce Building and is open to the public.

Age Brings About Softening Of Bones

By LAWRENCE E. LAMB

DEAR DR. LAMB: I would appreciate anything you can tell me about osteoporosis of the spine. I was told I have it and that I can never work again. Also not to bend forward.

Then I read in a paper that exercises of some form should be done. I am taking calcium pills, but the healing process is very slow.

Could you also tell me how long it takes to get over it and if the hot sun has anything to do with it? I am in pain most of the time. Am in my late 60s.

DEAR READER-Osteoporosis is softening of the bones. The vertebra may collapse or break as bone is lost. The mild form is the woman with the dowager hump. It starts after the menopause in many women and about 20 years later in men.

It is five times as common in women who are on a calcium-deficient diet. That is the big reason I always suggest that women get the equivalent of one quart of milk a day in their diet. The pain is caused from the pressure on nerves associated with degeneration of the vertebrae of actual collapse of one or more vertebrae.

Incidentally, the hot sun has nothing to do with it.

There are many different opinions about how to treat this problem. That usually means none of the measures recommended is too successful.

One reader wrote to me about his mother who had severe pain

and did not respond to diet and increased calcium. He stated that she improved dramatically when calcium was given by vein (if your doctor is interested in the reference, it is American Journal of Medicine, July, 1969, page 7, by Dr. Frederic C. Bartter).

Drs. Jenifer Jousey and Lawrence Riggs at the Mayo Clinic claim on the basis of their research that a combination of fluoride (the same substance as the dentists recommend for teeth), calcium and vitamin D is the only treatment method that offers a chance of completely stopping or curing the condition. (Postgraduate Medicine, October 1962)

Meanwhile, two British physicians, Drs. Gallagher and Norden, claim that giving the female hormone estrogen at the time of menopause or when the ovaries are removed surgically prevents the problem. Jousey and Riggs say that female hormones at best only arrest and usually only slow the bone loss.

Send your questions to Dr. Lamb, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, N.Y. 10101. For a copy of Dr. Lamb's booklet on balanced diet, send 50 cents to the same address and ask for the "Balanced Diet" booklet.

S.J.C.'s Adult Education will offer "Slim 'n Trim" at its South Seminole Center in the Pan American Bank Building at the intersection of 14 and 436. The class will begin at 10 a.m. on Jan. 27.

College Offers Public Courses

The class will meet each Monday and Wednesday for six weeks, ending on March 5. For reservations call the college.

Project 21st Century Woman invites you to an unusual seminar on Jan. 29, at 7:30 p.m., in the new Interstate Mall Campus (located on 436 in the Pan-American Bank Building).

If you are curious to learn how Soviet family life styles differ or are similar to those in the U.S.A.; and what are the typical role expectations of a Soviet wife in contrast to that of a wife in the U.S.A., then be sure to attend this stimulating presentation.

Dr. George Lensen and Mrs. Rumiya Lensen will present a program entitled, "Family Life in the Soviet Union." Rumiya is a former Soviet citizen and a Soviet University graduate.

The slide show will focus on people and life in Soviet Central Asia, which is relatively unknown to Westerners. Dr. Lensen, who is a professor of history at Florida State University, and his wife have just returned from the Soviet Union where they were on the Senior Scholar Exchange.

Two sections of Basic Interior Design class will start Jan. 22, and Jan. 30, and run for the next eight consecutive Tuesdays and Thursdays, respectively. For reservations call the college.

S.J.C.'s popular "Interior Design" classes are being offered again. They will be taught by Ms. Jill Smith, a graduate of Southern Illinois University and a member of the National Society of Interior Designers and the National Society of Business Designers.

Advanced Interior Design will start on Feb. 19, at 7 p.m., and run for eight consecutive Wednesday evenings. Completion of the Basic Interior Design course is a prerequisite for attendance in this course.

Two sections of Basic Interior Design class will start Jan. 22, and Jan. 30, and run for the next eight consecutive Tuesdays and Thursdays, respectively. For reservations call the college.

S.J.C.'s Division of Adult and Continuing Education will offer a four-session course in "Self Defense for Women" at the South Seminole Center, starting Jan. 14, at 7 p.m.

Duane Harrell, Chief Deputy in the Seminole County Sheriff's Department, will instruct the class.

If you know anyone 18 years of age or older who needs a high school diploma, tell him about the Adult Basic Education center recently opened at the Interstate Mall.

Seminole Junior College is sponsoring a study program to help adults prepare for the General Education Development test leading to a high school equivalency diploma.

IT'S A FACT!
YOUR PRESENT CAR IS
WORTH MORE ON A NEW
1975 MODEL

LET YOUR LOCAL
AUTO DEALER PROVE
IT TO YOU!

**THE RIGHT TIME TO BUY
IS RIGHT NOW!**

Selections are plentiful, gas mileage
is better on the '75 models. Trade-in prices
are at an all time high. Your local dealers
are well stocked with exciting new models
at sale prices. Buying now will get
things moving again, and you'll get
more value now than ever before!

LET'S GET TOGETHER

Your local Sanford area automobile dealers are waiting to offer you a fantastic deal on the new '75 model of your choice. You'll never get a better deal than now. You'll not only enjoy the ride, feel, economy and safety of your new car, but will be keeping your local economy strong.

Stop in and price the new car of your choice at one of the local dealers on this page. You'll discover that their prices are often lower than the bigger volume, large city dealers. Lower overhead means greater savings for you! Remember; all cars are created equal! Dealer's costs & retail prices are not determined by the number of cars they order.

SJC Wins Third Straight

By LEE GEIGER
Herald Correspondent

Before distinguished dignitaries gathered for the halftime dedication of the \$1.5 million gym, the Seminole Junior College Raiders turned back Head Coach Joe Sterling's charges took an early advantage and never were headed as the locals led at halftime 49-35.

The first half lead resulted from the Raiders' 13 of 15 successful attempts of the free throw line. The visitors were one of five from the charity stripe.

Leading the foul-shooting barrage was freshman forward Chip Nee. He hit on all eight attempts.

Trying to offset the Raiders' free throw shooting was FJC's freshman guard Greg Simms.

The 5-9 playmaker from Jacksonville hit nine

bombs from the outside in the first half but the Raiders were able to shut him off in the final 20 minutes.

The ball-hawking defense of the Raiders played a large part in their early lead as they forced 12 turnovers while failing to get off a shot on only four occasions.

In the second half, Florida Junior College tried to play catch-up.

Six-five forward Bernard Fussell led the offense with outstanding work both inside and outside. But the Raiders would not wilt under the attack and their lead did not slip to less than nine points until the final seconds when FJC edged to 81-75.

Nee, who came into the game as the Raider scoring leader, finished with 18 markers.

Also hitting double figures for the Raiders were Mike Williams with 15, Jim McIntyre and Freeman

Kennelbrew with 14, and Stan McNeal with 10.

The Raiders have now won three in a row and their record stands at 10-4.

Edgewater Dumps Seminole

By CHUCK McCLUNG
Herald Correspondent

ORLANDO — In the first few minutes of Seminole's basketball game with the Edgewater Eagles Saturday night, it was evident that the Tribe wasn't having one of its better games.

Coming off a better than 75 per cent shooting average the previous night against Winter Park, the Seminoles managed only three field goals for six points in the first quarter. They

could do no better until late in the final quarter — and that was too late — as they dropped their seventh game of the season, 61-48.

Seminole's Fred Washington was divorced from the ball most of the night. He hit a season high 30 points against Winter Park Friday but could manage only 12 against the Eagles. Washington dropped in eight the first half and did not score again until the last minute of the game.

Elliot "Peanut" Wheller guided the Eagles to their 17th win. They've lost four.

Wheller dropped in four of his first three minutes of the second stanza.

The scoreless span left Seminole with a 23-8 deficit with three minutes left in the quarter.

Edgewater's Dion Rainey sent eight of his 14 points in the second period. The combo of Rainey and Wheller led the hosts as the Eagles outscored

Seminole 17-10 in the quarter. The Tribe faced a 29-16 in-termission disadvantage.

The second half was no change as the Eagles upped their lead. Edgewater's Vernon Hair scored eight of his 15 points as Edgewater increased its margin to 48-26.

The Eagles outscored Seminole 22-14 for a 53-30 lead at the buzzer. Seminole's Randy Brown hit half of his 12 points in the session.

Seminole then began a desperation comeback.

The visitors threw up their own press that troubled the Eagle reserves in the fourth period. Washington and Brown combined for 10 points in the final eight minutes as Seminole outscored Edgewater 18-9.

In the JV match-up, Terry Smith led the Seminoles to a 40-32 triumph with 11 points. The Tribe is now 6-4.

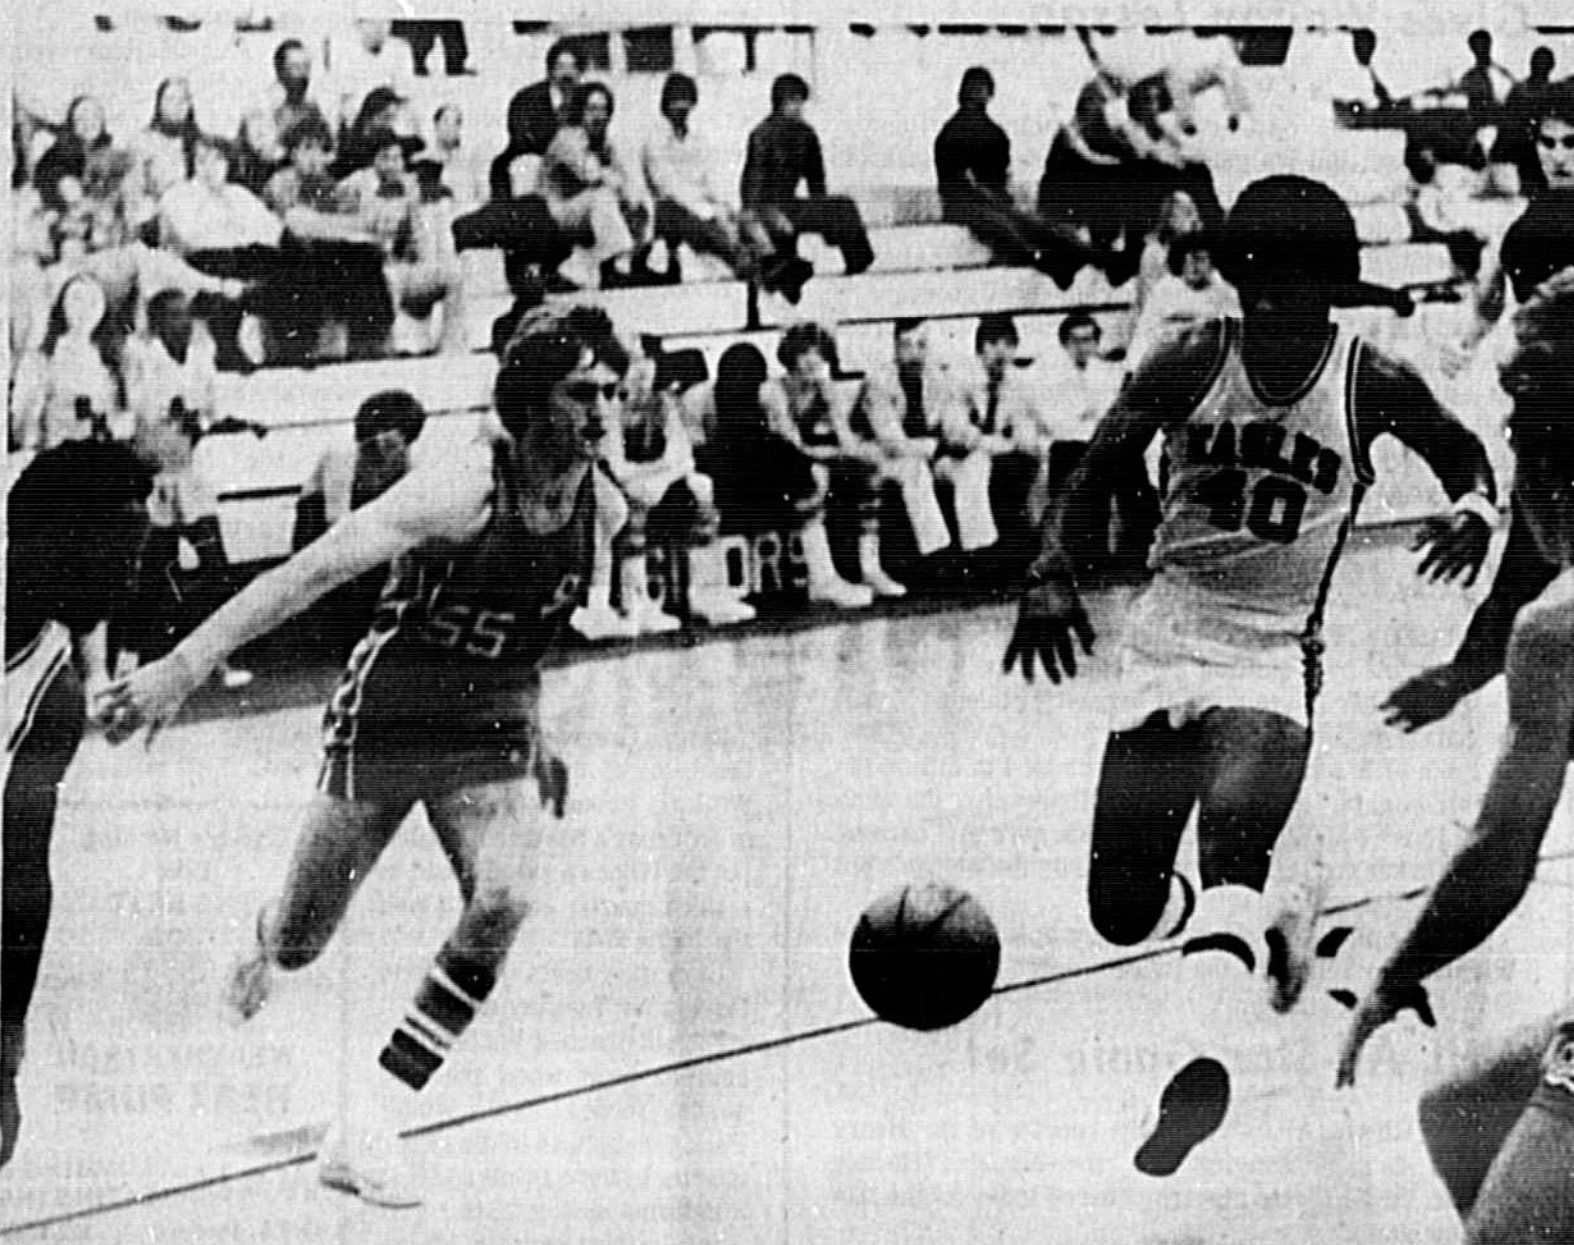

Duke McWhite led the Eagles with 12 points.

SEMINOLE: Brown 5 3 12; Brodie 6 2 2; Smith 4 2 10; Hollingsworth 2 0 4; Pringle 6 2 3; Washington 5 2 11; Cox 2 2 6. Totals 18 12 48.

EDGEWATER: Wheller 4 4 14; Gorman 3 0 4; Hair 3 9 15; Rainey 7 0 14; Blue 3 0 4; Curtis 1 2 4; Lewis 0 0 0; Tillman 0 0 0; Dainley 0 0 0; Holmes 0 0 0; Irvine 0 0 0; Fern 0 0 0. Totals 23 15 48.

Seminoles Win, Lose In Jax

Seminole High School's soccer team learned from a defeat on Friday and took an easy consolation win on Saturday in the Jacksonville Bolles Invitational Tournament.

The kicking Seminoles shutout Jacksonville Victory Christian 9-0, in a game which Coach Larry McCorkle played every member of the team.

The Seminoles are now 2-3 in the tournament.

The Seminoles led at half-time, 6-0 on two goals by Reginald Davis, and four by Ned Raines.

McCorkle said he did not want to run up the score and in the second half he put in his second string.

But even then, McCorkle could not keep the momentum of his team under control and the second stringers pushed the Seminoles' up three more goals.

Isiah Fields found the goal once and Daryl Sanders put the ball in the goal twice during the second half.

Outstanding in his first game was reserve goalie Paul Albini. Albini proved his ability when he stopped a Victory Christian free kick.

"The good thing about this game is that I got to find out more about them (the team) than in practice," McCorkle said. "The kids are game players, not practice players."

"We won and had a good time. Everybody got to play."

In their 4-1 defeat to Jacksonville Fletcher in the tournament's first game, the Seminoles were deceived into thinking the match would be easy after Ned Raines scored a goal in the first 30 seconds.

But Fletcher outplayed the Seminoles for the rest of the game and Raines' early goal was the only score for the Seminoles.

Pro Bowl Set Tonight

MIAMI (AP) — The answers to pro football's problems lie with "reasonable men sitting down and working out sensible settlements reasonably," one of the game's retiring stars suggests.

"We cannot continue to live in discord," added linebacker Willie Lanier of the Kansas City Chiefs who will be pulling on a jersey for the last time in tonight's Pro Bowl game at the Orange Bowl.

The game, matching all-star teams of the American and National Conferences, will have a 9 p.m. kickoff.

It will be televised nationally by ABC-TV.

Lanier, 29, a graduate of Morgan State and a defensive

Walton's Future: Guarded Secret

MILWAUKEE (AP) — If Bill Walton is trying to break his estimated \$2 million contract with the Portland Trail Blazers, the celebrated rookie center isn't saying. In fact, Walton's new counsel, Black Panther Party attorney Charles Garry, is denying it.

Walton confirmed Sunday he had severed his relationship with longtime associate Sam Gilbert, who helped the 6-11 center negotiate his original National Basketball Association contract, in favor of Garry.

And Gilbert claimed it was because Walton didn't want to play with the Blazers. And he said the only reason Walton returned to the Blazers after suffering with a bone spur above his left ankle, was that he couldn't break the contract.

It was too cold in Portland, Gilbert said. Walton had told him, and his feet hurt.

Walton had no faith in the team physician, Gilbert said he was told, and some of the players were getting down on him.

But asked whether the subject of breaking Walton's contract had ever come up, Garry said: "Absolutely not. The contract never came up in any of our discussions."

Garry said he didn't even really know why Walton had hired him. He said Walton told him "he wanted someone he could trust, would look after his own interests and be comfortable with."

"The only thing I've done is read his contract to understand it and familiarize myself with his work," said Garry.

Cougar Steals Horse Show

A cougar at a horse show? To the dismay of many horses, Fletcher, a seven-month-old cougar, was the star of the Dusty Boots Horse Show Sunday.

Fletcher and his human friend Charles Davis are from the Sanford zoo. More than \$50 from proceeds at the show will be presented to the Central Florida Zoological society to aid construction of a zoo north of Sanford.

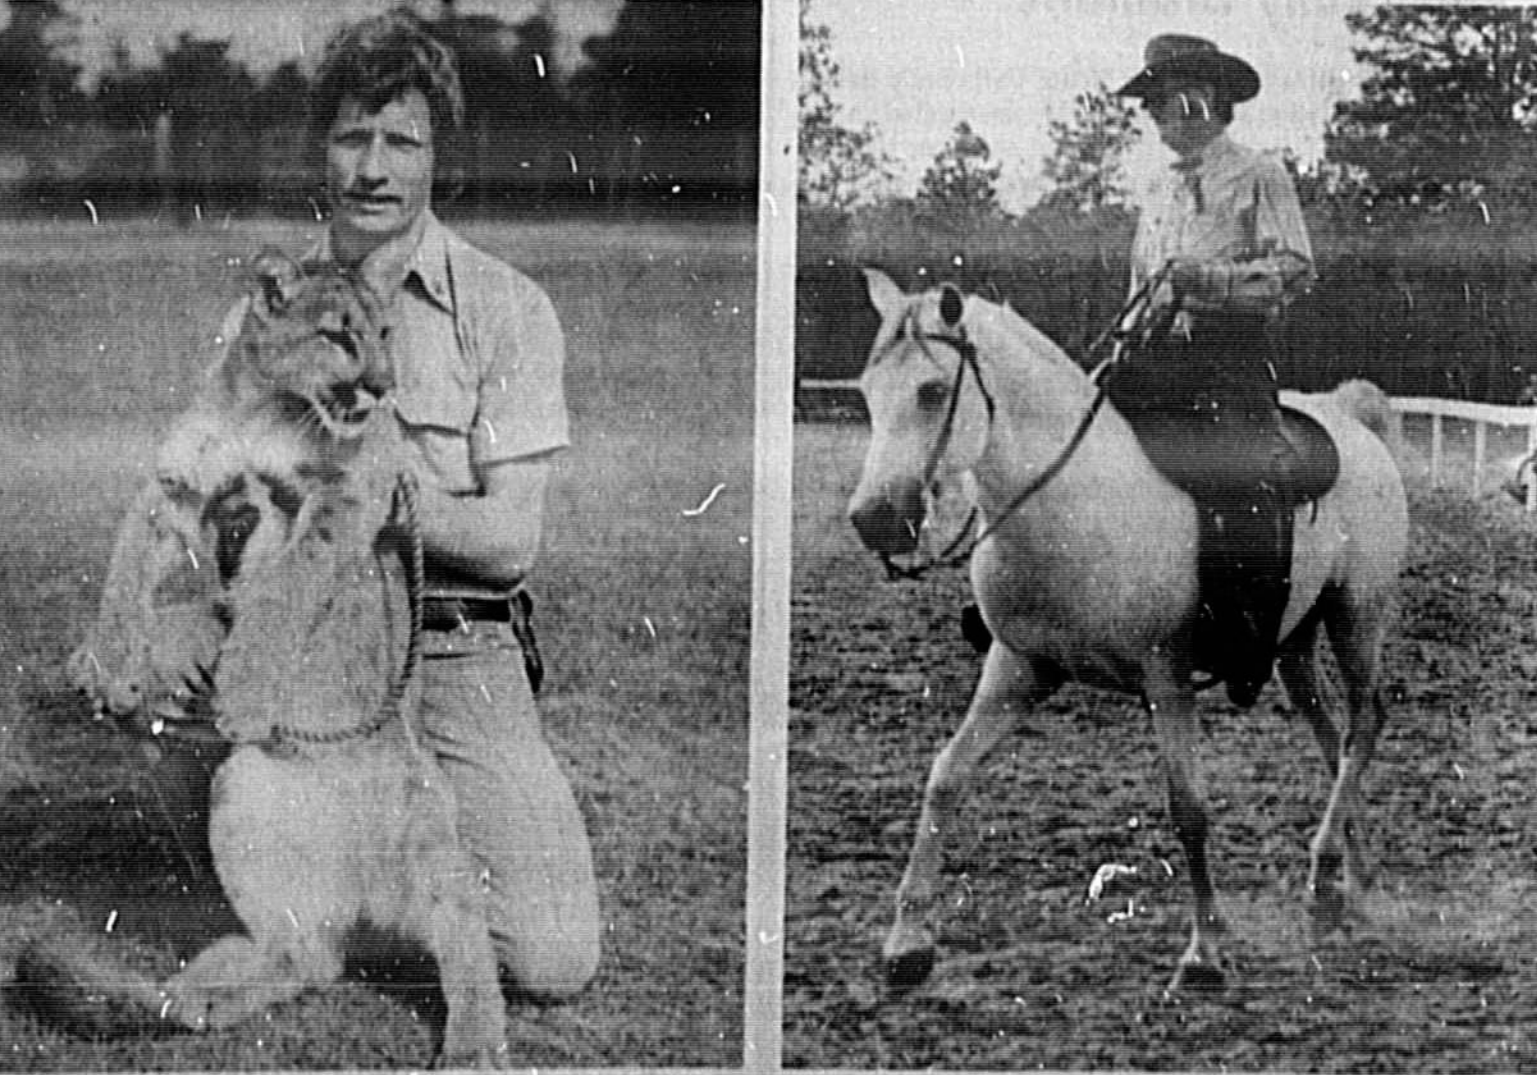

The Dusty Boots show, held at the Wilco arena in Paola, was the second show conducted for the benefit of the zoo.

Hubert Gilliard of Maitland won the Dusty Boots first annual sportsmanship award for outstanding sportsmanship during the 1974 show season. Richard Wilbur presented the award.

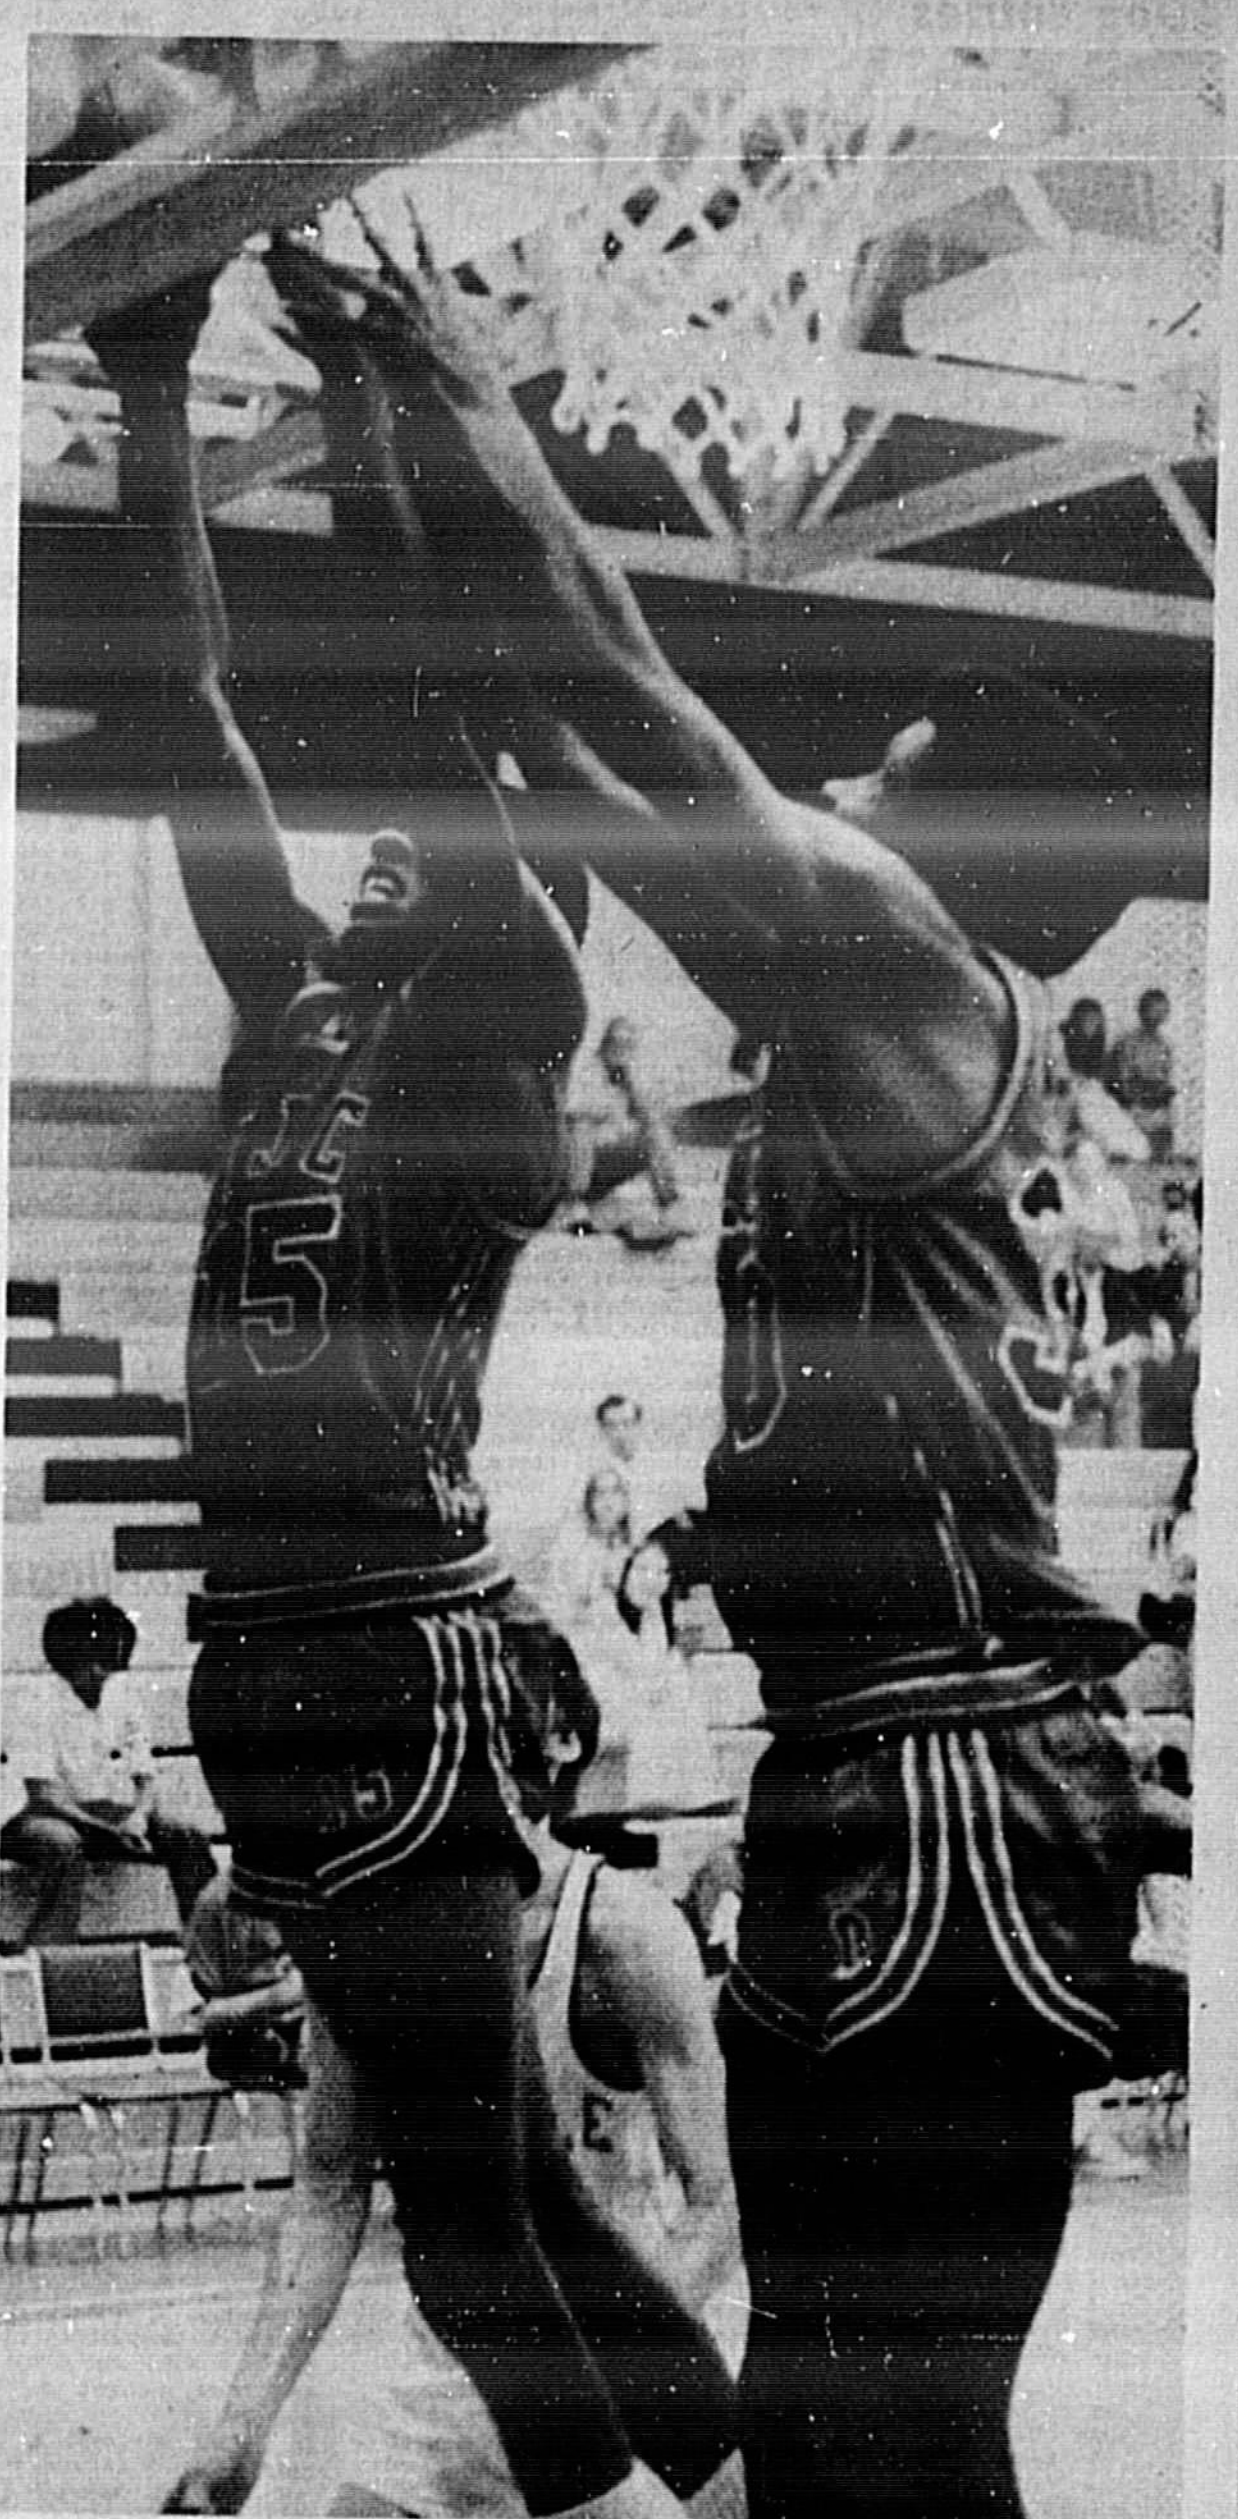

Competition was stiff in all events. Judge Lynn Each of Longwood weeded through English, Western and Halter showmanship classes before naming the top six contestants in each event.

A sack race opened the show with many spills. The object of the race is to ride your horse at a gallop 50 feet, dismount, squeeze into a burlap sack and hop back the 50 feet while leading your horse.

The only spills of the day came from contestants competing with their burlap sacks.

Fletcher, a seven-month-old cougar, and Charles Davis of the Sanford Zoo entertained at the Dusty Horse Show Sunday. At right, competition takes place in the senior Western Pleasure class. (Herald Photos by Linda Stephenson)

Curtis Simmons, No. 15, and Bernard Fussell, No. 30, both of Florida Junior College, leap for a rebound in Saturday night's game with Seminole Junior College. (Herald Photo by Lee Geiger)

No Letdown In Area Boxing News

Central Florida boxing news continues to increase daily as area fighters compete in bouts of Florida and major events are scheduled in this area.

From California comes word on three of the area's most popular fighters — "Termites" Watkins, "Irish" Gene Wells and "Dancing" Johnny Boudreau.

Watkins, the undefeated 18-year-old lightweight, fought his first main event as he took a lopsided 10-round decision from Vicente Hernandez in San Jose.

Wells went into his mid-weight encounter with the Mexican champion, Manuel Elizondo, a 3-1 underdog but took eight of the 10-rounds to score a unanimous upset decision.

Boudreau came away from his heavyweight tussle with Stan Ward with his unbeaten record. But the speedster had a blemish on it as Ward held him to a hard-fought draw.

In other area news, Tampa can expect its next professional card on the 30th of this month with the possibility of the North American and United States

his right hand man, Bruce Trampler, is trying to line up a series of fights that figure to be the finest ever in all the South.

The first bout that Trampler is working on is a heavyweight showdown between two of the hardest hitters in the world, Ernie Shavers and Mac Foster. If these two are lined up for

Miami Beach's Chris Dundee is negotiating for a title defense by the World Lightweight Champion Roberto Duran for March 18. Duran's opponent will be, if all the details can be worked out, his No. 1 challenger, Ray Lampink of Portland, Oregon.

Florida's former heavyweight champion, Jimmy Ellis, is set to meet "Smokin' Joe" Frazer in Australia on March 1. This will be a re-match of their 1970 title bout when Frazer stopped Ellis in four rounds.

Milwaukee veteran Karl Zurhede was signed to replace Mike Quarry in his crucial bout with top-rated "Indian" Yaqui Lopez. Quarry was forced to withdraw because of injuries received in his Jan. 3 fight with Jose Roman in Tampa.

Sanford's Vic Perer has a date later this month with Leon Fuchs in Georgia.

Highly-rated Richie Kates defended his North American Light Heavyweight title when he defeated Florida's Bobby Lloyd in Delaware.

Boxing

Central Florida heavyweight title on the line against Bowie Adams of Ocala.

Adams met McTier last year and had the hero of the Geritol Generation on the canvas early in the contest, but the champ went up to stop Adams in the fifth round.

Since that time Adams scored one-round knockout over Jim Holocene while McTier easily turned back Tommy Howard.

Out of the Orlando office of Pete Ashlock comes word that

Swim Area Opens

The swimming area at Wekiva (Wekiva Springs State Park) is open again after being closed since last September.

"The old retaining wall, acquired with the land, was in a state of collapse. It was endangering swimmers and users and causing serious erosion," Executive Director of the Department of Natural Resources Harmon Shields said.

"The construction project was undertaken to correct the situation and replace a portion of the wall encircling the spring. It is now completed."

Captain Daniel Paul, superintendent of Wekiva Springs thanked the public for their patience during the construction period. "They have been very understanding," he commented.

The state opened the site in July, 1970. It immediately became so popular with bathers and picnickers that overflow crowds sometimes caused park rangers to turn away people.

The natural beauty of the woodlands and heavy growth encircling the springs is one of the many reasons for the popularity of this state park. From a knoll overlooking the spring basin, visitors have a scenic view of the stream. The clear spring water is especially inviting to swimmers.

Also, collectors can find shark's teeth in the gravel around the spring's edge, when the entire state was covered by sea water.

Masked Yvaldi Meets Stomper

A spectacular night of professional wrestling is set tonight at 8:30 at the Orlando Sports Stadium as Milo Steinborn presents seven outstanding matches along with a special "Bull Rope" match.

Yvaldi Slim, a masked wrestler that bears a remarkable resemblance to Dusty Rhodes, will tangle with the Mongolian Stomper in the "Bull Rope" Match.

Rhodes recently lost a "loser leaves town" battle to The Stomper and if he is masquerading as Yvaldi Slim the N.W.A. will impose penalties that could result in a championship suspension.

In a Florida Match, "Big Bill" Watts tangles with his old nemesis Buddy Colt. Colt has held the Florida title and almost put Watts out of wrestling before he left the Georgia state to wrestle in Georgia.

Tonight's bout will be the first appearance for Colt in several months.

An Australian tag team bouts pits the North American Champion, Bob Armstrong, and his partner, The Great Malenko, against two of wrestling's roughest customers, Terry Funk and Bob Hoop.

In a special challenge match, Mike Graham goes up against strongman, "Iron Mike" McCard.

Billie Jean King Regretful

SARASOTA, Fla. (AP) — Billie Jean King says she has severe regrets over quitting the women's tennis tour, but she expects her future work in women's athletics to dull the pain.

"I'm a little sorry to see it end because I'm hitting the ball well again," said the 31-year-old star after dumping Chris Evert 6-3, 6-2 in Sunday's finals here and earning \$15,000 in her last regular appearance on the women's pro tour.

Ms. King plans to play only in a few special events and World Team Tennis in the future.

Lyman Drops Contest

Lyman Greyhounds stayed on the heels of the Winter Park Wildcats through the first half of Saturday's basketball match, but the Wildcats eased ahead in a third quarter rally and won the game 57-49.

Lyman hosts Orlando Edgewater Tuesday night.

Lyman matched Winter Park point-for-point when the first quarter ended 10-10. Winter Park pulled ahead in the second quarter by three points and held a halftime lead of 22-19.

In the third quarter, Winter Park doubled Lyman's scoring, 15-7.

At the end of the third quarter, Winter Park had built their lead to 37-20. Behind the scoring of Mike Johnson who hit 33 points during the game.

Lyman outscored the Wildcats during the final quarter 23-20 but Winter Park had built their lead to 57-20 behind the scoring of Mike Johnson who hit 33 points during the game.

Jon Kaufman had 16 points for Lyman and Darnard Wright added 10.

LYMAN: Chippis 3-8; Cleveland 1-2; Vance 6-11; Foyler 3-6; Hudson 2-3; Kaufman 5-14; Wright 2-6; Smith 1-2; Totals 14-31.

WINTER PARK: Hock 2-0; Toole 2-4; Hoff 2-0; Sterling 1-4; Lewis 2-10; Johnson 10-32; Totals 19-57.

Lyman 10 9 7 23-49
Winter Park 10 12 15 30-57

NHL All-Star Game Set

MONTREAL (AP) — With the spectre of the Henry Boucha incident hanging over the National Hockey League, the NHL's top players gathered today for the 28th All-Star game.

Leading the procession were the Boston Bruins who had threatened to boycott Tuesday night's event after league president Clarence Campbell handed down a 10-game suspension without pay to Boston left wing Dave Forbes for injuring the Minnesota forward in a stick-swinging melee 16 days ago.

Bartkowski Hot In Draft

MIAMI (AP) — Steve Bartkowski, a big, strong-throwing quarterback out of the University of California, looms as the hottest commodity in the approaching National Football League draft, and the Baltimore Colts have the best grab.

"We don't feel we need a quarterback, but believe we could use Bartkowski for good trading purposes," said Joe Thomas, Baltimore's general manager, after winning the coin flip for the No. 1 pick over Tex Schramm of the Dallas Cowboys.

Seminole Matmen Falter

Seminole High School's wrestlers dropped into the losing column Saturday night, being soundly defeated by Titusville 40-17.

Seminole's wrestling record is now 4-5.

The Seminoles get a chance to even their season record tonight when they host Leesburg at 6:30 p.m.

In Saturday night's game, 145-pound Tony Davis separated a heavily injured shoulder and is expected to be on the bench for the rest of this season.

Winners for the Seminoles were Bill Sanders in the 135-pound class, Kevin Kirkpatrick in the 115-pound class, Mike Hartwig in the 150-pound class and Bennie Mills in the heavyweight division.

Road Rally Dramatic

MONTE CARLO (AP) — The Monte Carlo Rally lived up to its reputation of producing the unexpected in a dramatic finale to its opening phase that put a lone Italian Lancia in the lead ahead of a group of darkshoe Fiats.

Four racing stages early Sunday wiped out the rest of the Lancia squad and saw the French Alpine-Renaults, perennially favorites with the Lancias, well down in the rear.

There had been little action since the start Wednesday until the competitors hit the mountains behind the Riviera Saturday night. There they met a mixture of fog, snow and torrential rain that impressed even the top professional drivers, and eliminated several of them.

Italians Sandro Munari and Mario Manacchi, in a Works Lancia Stratos, were fastest over three of the four stages and second on the remaining stage to take the overall lead.

CARNIVAL

James: "South knew enough about dummy play to see that there was no time to develop any diamond tricks. The 9-poppers would get their spades in first. He also had some idea about how to play the club suit. He won the spade in his hand; led a club to his ten. East gave up. West had two club stoppers and South came up two tricks short of his contract."

Oswald: "A little expert knowledge would have helped declarer. In fact it would have made the difference between

down two and game and rubber."

Jim: "One sees easily that the contract is going to make any time the East-West clubs divide 3-2. South's problem is to try to guard against a 4-1 split. If South had enough entries to dummy, he could lead to the ace and bring the contract home any time West held the singleton queen or jack. But that won't be any good here. The only 4-1 combinations he can guard against are those that find East with a singleton nine or eight. South should lead the ten of clubs and let it ride if West ducks. If West covers, South wins; leads low back to his queen to leave West with jack five and then takes the proven finesse against him."

BURNS ON BENNY: His Memory Will Live On

By DICK KLEINER
HOLLYWOOD—(NEA)—It was the day after he buried Jack Benny. George Burns, his friend of more than a half-century, had broken down when he tried to deliver a eulogy at the funeral services.

County Commission Studying Reorganization Plans

By BILL BELLEVILLE
Herald Staff Writer
County Commissioners studying the various paths to implementation of a county government reorganization yesterday, generally agreed that the county manager position recommended by a management study can be a "dangerous situation."

GEORGE BURNS: The show goes on.

On the stage, he owned it—and he did it.
Another pause. Another tear. Another big drag on the cigar, perhaps for reasons of security.

When the idea was first brought to him, she grinned, she said, "Ah, fella, I'm leaving the room now. This is the phone number of her agent and her manager."

Longwood Asks Sheriff's Aid At Council Meeting

By DONNA ESTES
Herald Staff Writer
LONGWOOD—Sheriff John Polk was called upon today to terminate individuals, Council said today. "Once the council had determined whether further cuts have to be made, it would be the sheriff's job to terminate individuals," Council said today.

Sheriff John Polk.

Chief Rasooli: It's A Political Move To Oust Me

By ED PRICKETT
Herald Staff Writer
Casselberry—City Council yesterday agreed to amend the ordinance creating the fire department, a move Fire Chief Roger Rasooli said is aimed at removing him from his job.

Forty-Three Arraigned In Court

By BOB LLOYD
Herald Staff Writer
Martin is charged in connection with the Jan. 1 rape of a 12-year-old girl at her Sanford home.

Jury Selection Under Way In Trial Of Grant Wilson

Selection of a circuit court jury began today at Sanford in the trial of an Altamonte Springs man accused in connection with the Oct. 11, theft of a Midway couple's life savings—reportedly \$80,000 to \$100,000.

ARBOR DAY CELEBRATED

Forest City Elementary School recently planted a palm tree, honoring Arbor Day, Mrs. Ann Pincock, of Gale Associates, who donated the tree, helped in the planting with an assist from Principal Arnold Otto while the entire school applauded their efforts.

Trial Dates Scheduled For Sanford Policemen

Six of seven Sanford policemen and auxiliary policemen arrested in connection with burglaries have entered pleas of innocent in circuit court at Sanford and trial dates have been set.

Mary Doing Fine Minus Paul, Peter

NEW YORK (AP)—What ever happened to Mary of Peter, Paul and Mary? The answer, my friend, is still blowing in the wind. She's still singing, but now also hosts her own nationally syndicated radio show each week.

Called "Mary Travers and Friend," the one-hour show features chats with prominent music groups or solo performers, as well as samples of their old and new recordings and those of other artists they admire.

She says one future guest is exclusive folk musicaire Bob Dylan, a friend of hers since the early 1960s when, as she puts it, "we hung out in the same coffee houses and started together." A tall, friendly woman of 38, she's worked solo since 1970, when the trio she calls "PPM" broke up after nine years of fame for both its music and its involvement in the civil rights and antiwar movements.
