### Library Stages Building Drive

By PHYLLIS BRANSON  
South Seminole Community Library, formerly the Altamonte Springs Community Library, is presently conducting a drive for funds to build a new facility at its location on Highland Avenue.  
Although each year the city of Altamonte Springs donates the sum of \$1,000 to the library, some of this money is applied toward the building program, but, instead, is used solely for the purchase of new books, it is explained.  
Funds derived from the small annual membership drive are used for supplies, such as library cards, pencils, Scotch tape, paper, etc.  
On May 10, 1968, the Altamonte Springs Community Library Association was formed and a 1968 meeting was held at the home of Mrs. Richard Busby who was elected president. Mrs. Paul French, secretary; J. H. Hodges, treasurer; and Dr. P. O. Schmitt, Jr., J. D. Morrison, Rev. R. E. Brown and Mrs. P. W. Kanan, trustees.  
After organization of the association, the library "went to get going" and contributions of books came from many friends and from neighboring libraries. Some of the workers who volunteered to help through the fall of 1968 had very special jobs. Some mistakes were made, however, their spirit remained undimmed and when a Florida State librarian visited, she was surprised to see all that had been accomplished.  
On January 21, 1969, an open house and tea was held for the public and four days later the library opened its doors. The club voted to contribute \$10 to the Deltona Little League.

### Deltona Club Sets Meeting

By MELBAE BANEY  
The High Twelve Club of Deltona will have a Ladies Day meeting at seven, March 28 at the Elks Club in Deland.  
Speaker will be Joseph E. McCaw, director of the Ethical Hygiene Training Center of Florida, who will give a demonstration and lecture on the uses of hypnosis. Arrangements for his appearance have been made by Jack Gage, program chairman of the meeting.  
Speaker for the club's March 22 meeting was Rev. Michael Kippenbrock of All Saints Episcopal Church in Enterprise. Father Kippenbrock spoke on "What High Twelve Means to Florida."  
In business of the meeting, Fred Drew, president, congratulated Past President Tom Maschard for his "conscientious efforts on behalf of High Twelve during his term of office the past year" and awarded him the past president's certificate. Certificate of membership was presented to Russell Duckworth. The club voted to contribute \$10 to the Deltona Little League.

### Gold Cup Winners Named

By JANE CASELBERY  
A Liberal Arts Festival at South Seminole Junior High School was held last night. Gold Cup winners at the festival are: Mary Heron and Kay Griswold, drama; and Lael Jackson, artistic division. (Jane Caselberry Photo)

### At Altamonte Springs Sewer Plan OK Expected

By DONNA ESTES  
The Orange-Seminole legislative delegation, federal urban renewal experts, the urban renewal director of Palatka and Sanford city officials are expected to throng the Police Benevolent Building Thursday night for an urban renewal forum.  
W. E. (Pete) Knowles, city manager, and Lynn Riser, building official, said the 8 p.m. session will bring together Jerry Wright, head of legal department of U.S. Department of Housing and Urban Renewal (HUD); Russell Jacobson, of HUD's Atlanta office; John Atkinson, Altamonte Springs urban renewal director; Jerry Dake, Sanford's new planning consultant for the city's workable program, and Sen. John Ducker, a state legislative delegation, as a resource panel to answer questions concerning city efforts to obtain urban renewal legislation for the city's blighted areas of Sanford.  
Mayor Lee P. Moore issued invitations to the legislative delegation at Saturday's Orlando legislative hearing of proposed bills submitted by the city for introduction during April at Tallahassee.

### Bureaucrats Fight Over \$\$

WASHINGTON (AP) - Foreign aid officials are chafing under what they consider to be too-tight strings on how they dispense dollars to developing countries.  
The strings are being kept tight by the Treasury Department, which is the aid program's cash dispenser. The State Department is the aid program's policy maker.  
So far disagreements involving particular aid programs have been settled on a case-by-case basis, officials say. But the arguments go on.  
Specifically at issue is the application of this policy to the general purpose aid loans designed to help countries improve their foreign exchange position and make local economic improvements.  
Under the balance of payments injunction, AID had drawn up "positive lists" of U.S. goods for which the aid-receiving countries must spend the money from the U.S. aid program.  
The lists are confined to American products not already bought widely in those countries.  
Treasury and Commerce Department specialists see the positive lists as a tool for promoting new U.S. exports and preventing aid-receiving countries from laying with U.S. aid funds, the American goods they would otherwise purchase anyway with their own money. They say this helps reduce the U.S. balance of payments drain.  
AID takes a dimmer view of the system, on grounds that it

### Space Center, Moon Shot Set May 18, Landing Slated in July

SPACE CENTER, Houston, Tex. (AP) - High level space officials have decided to send Apollo 10 around the moon for 63 hours, but man's first landing there will have to await the flight of Apollo 11.  
A source at the Manned Spacecraft Center said the space agency officials adopted this course at a meeting Tuesday.  
Apollo 10 will be launched May 18, the source said, and fly into lunar orbit, and two days later the lunar module will be lowered to within 10 miles of the lunar surface, leaving the third crewman behind in the command module.  
The lunar module descent stage will be jettisoned at 6:30 p.m.  
Fred Ganas, Seminole County's director of health education, is slated to be a panelist during the third annual National Health Seminar March 24-25 at St. Paul, Minn. Ganas will discuss "In Service Education in an Outgoing Program."

### Rolling Stones Gather Burs

ST. JOSEPH, Mich. (AP) - Man's most productive tool - the stone - still has a place in modern industry.  
In a Bendix plant here, triangular sandstones and automotive disc brake housings are dumped together into a rubber-lined chute vibrating 1,500 times a minute. The ensuing shakedown is violent enough to both effectively smooth out the 22 mm chine surface on each housing and wear out shoes at the rate of 27 pounds an hour.

FUTURE TEACHERS serving as teacher aides at Altamonte Elementary include (from left) Andrea Moreno, Terre Wells, Janna Gray, Linda Norris and Carol Kidd. All are juniors or seniors from Lynn High School. (Photo by Phyllis Branson)

## Local Bills Decision Due March 28

Members of the Seminole-Orange legislative delegation will go on record concerning proposed local bills for the two-county area at a public meeting scheduled for March 28 at the Orange County courthouse, Rep. E. Pope Bassett told The Herald today.  
Bassett said each piece of submitted legislation will be voted upon individually by the legislators.  
Seminole County legislation being considered includes a number of matters from the City of Sanford including urban renewal, airport authority and annexation while County Commission is asking for option to transfer water and sewer utility regulation to the Florida Public Service Commission, creation of a local government study commission and other items.  
Castellanos, Altamonte Springs and Logwood want charter amendments while North Orlando and Oviedo are asking for right of hot pursuit by their respective police departments.  
Sen. John Ducker, chairman of the delegation, reports last Saturday's hearing in Orange County was the final one in the current series.

## Driver Injured

An Altamonte Springs woman was treated for lacerations and abrasions at Florida Sanitarium and Hospital late Tuesday night after her car traveling along SR 434 near I-4 ran into an unoccupied car parked off the road, demolishing both vehicles.  
Seminole Deputy A. J. Colangelo reported Shirley Rae Powell, 25, Orienta Avenue, was removed to the hospital after her car struck an inoperative auto owned by Regina Richards, Orienta Avenue, late Tuesday night. Colangelo said Florida Highway Patrol indicated charges were pending against the Powell woman.

## Civitan's Offer 'Royal Guardsmen' Friday . . . Jr. Hi School

SAFETY FIRST - Melanie Thierry, Sharalee Beard and Debbie Keener, all members of the Spurlows, talked with Seminole High Student Council president William Bracken, senior class representative Sandra Bartholomew and Council vice president Timothy Harrison after yesterday's Chrysler Corporation and musical revue and safety show sponsored by the Jim Lash Chrysler-Plymouth.

## Music, Driving Safety Presented In Fast Revue

"Music for Modern America" got off to a running start and maintained the fast pace throughout the hour-long musical revue presented yesterday at Seminole High School.  
The voices of the 11 singers and the sounds of the 12-member musical group were skillfully blended and enhanced by the use of electronics. Though the acoustics in the SHS gymnasium leave something to be desired, the "mixer man" at the console controlled the sound so well that at times the performers sounded like a full chorus accompanied by an orchestra.  
The theme of the entire show was the importance of highway safety and driver education - several catchy "safety songs" were presented, and even the jokes centered about safe driving.  
Ken Campbell and Betty Campbell, of the county's driver education program, were honored with special highway safety citations. Sgt. Jim Humphrey, of the Florida Highway Patrol, put in a pitch for safety, too, during the program.  
Spurr Thurlow, leader of the Spurlows, pointed out that with the freedom of driving goes responsibility, that with the status an automobile confers should go accomplishment; and that the power of an automobile should be regulated by discipline.  
Jim Lash and Thomas Morrell, agency sales manager, were introduced to the audience. The agency, with Chrysler Corporation, sponsored the appearance of the Spurlows and the award of the citations and the safety medallions presented to students.  
- VIRGINIA SCRUGGS

## Homes For Elderly Studied By State

Seminole County soon will be participating in a pilot project in which concentrated efforts will be made to place elderly people in a private home, rather than in a nursing home, where they may experience a more desirable family living arrangement.  
All too often they are placed in nursing homes and other institutions because there are no families or private homes for them.  
The State Department of Public Welfare Foster Home for Adults program was approved by the 1961 Florida Legislature and expanded by the 1965 and 1967 Legislatures. The need is for homes in which special interest is taken in the client and where he may be made to feel comfortable. The foster family will be expected to provide regular housekeeping services and special services, such as arranging for medical care. There can be no more than two foster adults placed in the home. The foster family should not be dependent upon the income from the welfare client.  
Some adults are unable to live alone because of incapacities or infirmities such as forgetfulness. All clients placed will be ambulatory and capable of caring for their own personal needs, such as bathing, dressing, etc.  
For more information contact the Foster Care for Adults worker, Mrs. Janet Fiedler, at the State Department of Public Welfare office, 921 East First Street, Sanford, or call 322-1661 for an appointment.

## County Eyes Junk Autos

Attention was focused by the County Commission Tuesday on a problem which has plagued the residents of Longwood subdivision in Longwood for some several years - burning of the junk vehicles in the subdivision.  
The Foster Care for Adults worker, Mrs. Janet Fiedler, at the State Department of Public Welfare office, 921 East First Street, Sanford, or call 322-1661 for an appointment.

## 2 Snatchers Arrested

City detectives arrested two juveniles, ages 12 and 13 for purse snatching Tuesday.  
According to police records, the youths were booked after a purse belonging to Mrs. W. T. Corbett, 32 Monroe Avenue, DeBary, was taken while she stopped at Winn-Dixie store on First Street.  
The youths were booked for petty larceny and released to parents.

# Strikes And Spares

By DON MYERS  
 Associated Press Sports Writer  
**PALM SPRINGS, Calif. (AP)**—The owners of the 26 National and American league professional football teams momentarily put aside their debate over realignment today to hear bids by two cities seeking to stage the 1970 Super Bowl game.

Representatives from Miami, site of the last two championship games between the AFL and NFL, and New Orleans were set to present their arguments at a joint session of league owners.

Commissioner Pete Rozelle, hoping a decision will be forthcoming at this meeting, said he was not in the least surprised that the matter is taking so long to settle.

He recalled the period when the NFL was restructuring its 16 teams into divisions of four. "I took us three days of about 16 hours each day to break the two eights into four fours," he noted.

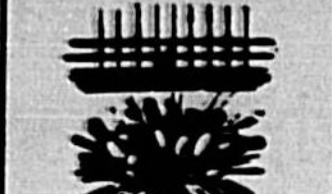

In separate meetings, the two cities were also discussing the interpretation of the word "realignment" as used in the NFL merger agreement of June 8, 1966.

He interpreted the statement that the present schedule is not related to the outcome of the 1969 Super Bowl game in which the AFL's New York Jets surprised the NFL's Baltimore Colts 16-7.

There are at least three AFL owners who contend the merger agreement specifically called for total realignment, thus eliminating the AFL as an identity of itself.

"They are Paul Brown of the Cincinnati Bengals, Gerald Phillips of the Denver Broncos and Joseph Robbie of Miami. Brown, former coach and general manager of the NFL Cleveland Browns, told The Associated Press: "When we paid our money to get into the league, we were told we would be in the Western Division but we don't let that bother us because we'll have realignment in 1970."

### CONGRATULATIONS, KIDS

By now you must have seen the pictures in our sports section. I'm talking about the annual tournament in the youthful bowling program.

On behalf of all the kids, I'd like to thank the two adult coaches for each of the leagues. Evelyn Wagner, early morning Bantams, and to Apes Butcher of the older Jr-Sr Division.

Without both of these ladies volunteering their time each week, it'd be most difficult to continue a Junior Bowling Program.

### RESPONSE FOR THE SIX GAME SWEEPER

Our response for the six game sweeper this past Saturday was most encouraging, mostly because we are continuing to have such excellent representation by new bowlers.

We're going to try it again on Saturday, April 12th, just one week before some of us try our hand at the men's state tourney.

### ON THE SCENES, PICK UP SOME OF THESE SPARE GREEN BACKS

On Saturday night during the "Midnight Bowling Inv. Open," before it slips away, special recognition to Letty Jim Lamb for best of a game during the sweepers. He was amazing that one-low pocket and had all strikes except the fifth frame to finish with a tremendous 271 game.

Our Bowler's Battle of the Week... Jim Lamb.

And now, as time and space permits... let's shine the spotlight towards our weekly league steadies and their good scores.

From the Sandra Fashion Mixed League — Jerry King an even dozen 200/350 series and Don Morrison 211.

The Friday Night Mr. & Mrs. League — George Drummond was recent consistent with games of 182, 185, 194 for a fine 572 set. Newcomer to the league, Dan Dougherty, posted the single-jangler out of his system after the opener and finished strong with a 197.

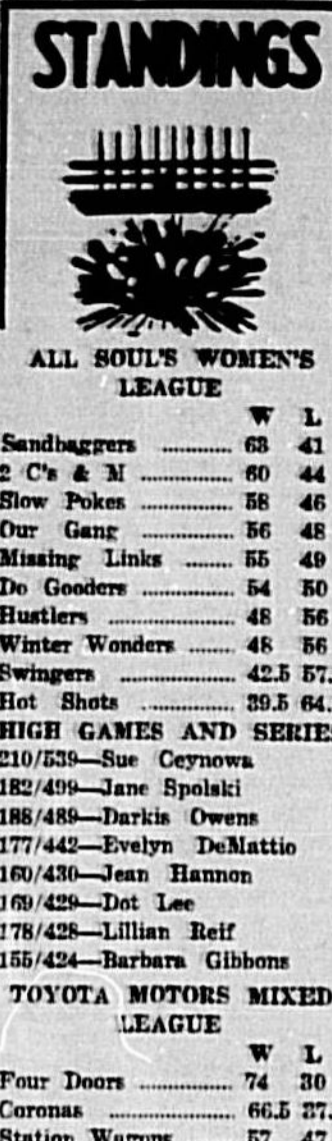

On Tuesday Night, the Unprofessionals had a couple of the pent strikers as well and then the "pros" — Williams of the Dearborn Electronics posted a 221, 202-600, while his teammate Hoffer tossed a 221 in this same league. Woody Wilson of the All Souls foursome clipped a 227-617; Coach John Franklin (Daniel's Service Station) 210, 212-568; Harold Herold (Pulkin Markets) 225-82, and Barry of the Howard's Atlantic team made it with three pins to spare, a 302.

Community United Methodist Church — Bill McKinnon 217-566; Don Stevens 165, Don Barnhart 185 and Ted Perry 197.

### ALTHOUGH THERE ARE SO MANY OF YOU WHO ARE AWARE OF THE FREE BOWLING LESSONS OFFERED EVERY SATURDAY MORNING AT 11:30, FOR BOTH YOUNGSTERS AND ADULTS, I HAVE MADE MENTION OF ALL THESE NEW KEGGERS MOVING INTO OUR AREA WHO JUST MIGHT NOT KNOW OF SAME.

And if you want to have your son or daughter enrolled in one of the finest recreational programs available in the area, then bring 'em in for the Saturday morning (ages 6 thru 12) Bantam League, 9:30 a.m., or the Junior Seniors (13 thru 19) at 11 in the afternoon.

Join the ever increasing crowd of people who bowl... making it the world's largest participation sport.

### CONGRATULATIONS, KIDS

By now you must have seen the pictures in our sports section. I'm talking about the annual tournament in the youthful bowling program.

On behalf of all the kids, I'd like to thank the two adult coaches for each of the leagues. Evelyn Wagner, early morning Bantams, and to Apes Butcher of the older Jr-Sr Division.

Without both of these ladies volunteering their time each week, it'd be most difficult to continue a Junior Bowling Program.

### RESPONSE FOR THE SIX GAME SWEEPER

Our response for the six game sweeper this past Saturday was most encouraging, mostly because we are continuing to have such excellent representation by new bowlers.

We're going to try it again on Saturday, April 12th, just one week before some of us try our hand at the men's state tourney.

### ON THE SCENES, PICK UP SOME OF THESE SPARE GREEN BACKS

On Saturday night during the "Midnight Bowling Inv. Open," before it slips away, special recognition to Letty Jim Lamb for best of a game during the sweepers. He was amazing that one-low pocket and had all strikes except the fifth frame to finish with a tremendous 271 game.

Our Bowler's Battle of the Week... Jim Lamb.

And now, as time and space permits... let's shine the spotlight towards our weekly league steadies and their good scores.

From the Sandra Fashion Mixed League — Jerry King an even dozen 200/350 series and Don Morrison 211.

The Friday Night Mr. & Mrs. League — George Drummond was recent consistent with games of 182, 185, 194 for a fine 572 set. Newcomer to the league, Dan Dougherty, posted the single-jangler out of his system after the opener and finished strong with a 197.

On Tuesday Night, the Unprofessionals had a couple of the pent strikers as well and then the "pros" — Williams of the Dearborn Electronics posted a 221, 202-600, while his teammate Hoffer tossed a 221 in this same league. Woody Wilson of the All Souls foursome clipped a 227-617; Coach John Franklin (Daniel's Service Station) 210, 212-568; Harold Herold (Pulkin Markets) 225-82, and Barry of the Howard's Atlantic team made it with three pins to spare, a 302.

Community United Methodist Church — Bill McKinnon 217-566; Don Stevens 165, Don Barnhart 185 and Ted Perry 197.

**Jim Nash Bombed 10-8.**

By DICK COUCH  
 Associated Press Sports Writer  
 Ten little Indians ran circles around Jim Nash in the Arizona desert and left the Oakland pitcher with a fair idea of what Custer went through at the Little Big Horn.

The Cleveland Indians tagged Nash for 10 runs on 21 hits—seven for extra bases—in the second inning Tuesday and held off the Athletics 10-8 in Mesa, Ariz.

For their ninth consecutive exhibition baseball victory.

Nash, a 13-game winner for the A's last season and the club ERA leader at 2.2, was raked for four singles, five doubles and two home runs by Tony Horton and Duke Sims—before Manager Hank Bauer finally lifted him with two out in the second.

Detroit's Denny McLain, the American League MVP and Cy Young Award winner, also took his lumps on the mound, yielding six runs in four innings. Four of them on homers by Bill White and Richie Allen—of the White and Richie Allen—of the Philadelphia Phillies 6-2.

White McLain and the world champion "Tigers" fundered. Bob Gibson pitched three scoreless innings, helping St. Louis' National League kings defeat Baltimore 9-5 to snap the Orioles' seven-game winning streak.

Gibson, MVP and Cy Young winner in the NL last year, recorded four of the Cardinal pitchers' 14 strikeouts. Paul Blair homered twice for the Orioles.

The Washington Senators, beaten in 11 of their previous 11 games, were held to one run for a 5-0 victory, with Joe Coleman scattering three hits.

The Home & School Association of All Souls School will hold its monthly meeting tomorrow evening, March 20, at 7:30 in the parish hall.

Basketball trophies will be presented to team members and a discussion of next year's athletic program will follow.

Los Angeles' triumph over Western Division champion Los Angeles swept Chicago 95-92. San Diego crushed Milwaukee 128-106 and Atlanta trounced San Francisco 128-115.

In the American Basketball Association, Indiana crushed New York 145-114, Denver took Chicago as scheduled.

Tuesday's Results  
 Baltimore 130, Seattle 120  
 Los Angeles 92, Chicago 82  
 Atlanta 128, San Francisco 115  
 San Diego 128, Milwaukee 106

Only games scheduled.  
 Chicago at Boston  
 Chicago at Houston  
 Los Angeles at Cincinnati  
 Baltimore at New York  
 Milwaukee at Phoenix  
 Seattle at Philadelphia  
 Only game scheduled.

Thursday's Game  
 Atlanta at San Diego  
 Only game scheduled.

ABA  
 Tuesday's Results  
 Dallas 117, Oakland 112  
 Denver 102, Miami 117  
 Indiana 145, New York 114  
 Only games scheduled.

Today's Games  
 Oakland at Los Angeles  
 Denver at Kentucky  
 Dallas at Houston  
 Minnesota at New Orleans  
 Only games scheduled.

Thursday's Game  
 Miami at Dallas  
 Only game scheduled.

## Seminole To Host Wildcats

By GARY TAYLOR  
 Herald Sports Staff  
 The Seminole High School baseball team was forced to postpone Tuesday's game against the Ocala Wildcats and have rescheduled the game for 4:00 today at the Seminole High field, weather permitting.

Seminole star Steve Shumaker, injured in last Friday's game against Ocala, is expected to be under the care of the trainer of the Minnesota Twins. Shumaker will be out of action for at least two weeks. Shumaker is under medication and whirl-pool treatment and will visit the Twins trainer on March 30 to determine when he will be able to return to action.

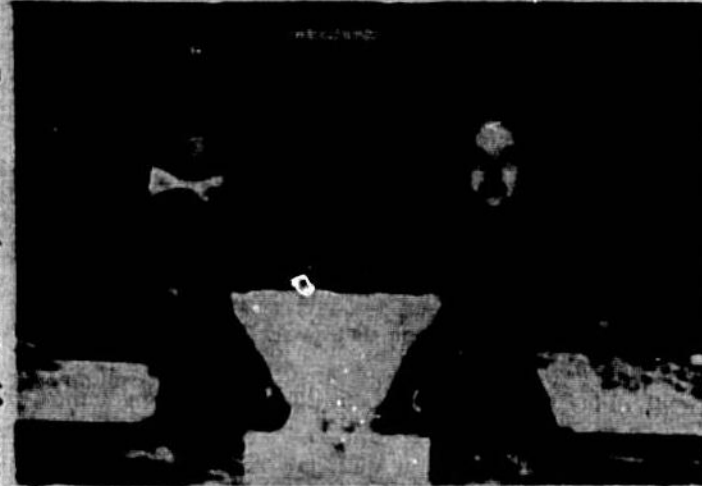

Senior hurler Bobby Landquist will join Skipper Senear and Mike Ridd as the third starting pitcher until the return of Shumaker. Landquist, who posted a 1-1 record last year while serving mostly in relief, has yet to see action this season.

Tomorrow will be your last chance to see the Seminoles in action on their home field until April 4, as they will be on the road for their next five games.

JOHNNY COULTON, former world bantamweight champion (1910-14) celebrates recent 8th birthday with headstand in a Chicago gym he owns to teach youngsters boxing.

Career Corner

A Rising Star: The Purchasing Executive

By JOYCE LAIN  
Miss Lain awards a Mercury portable, courtesy of the Royal Typewriter Co., to Doris Berryman, Altoona, Pa., for her request: "Please write about purchasing management and purchasing agents."  
Purchasing management is a lot more interesting than it sounds. Even the title, "purchasing agent" rings like a bell. And in silent days before World War II, that is when a company created a purchasing department, how was it staffed?  
All too frequently, Joe the errand boy was yanked from the store to pop out and buy whatchamacallits for the "more important employees" who didn't want to "waste their time shopping." The 1960 purchasing executive has come a long way, baby.  
Inside the big box Purchasing - a trillion billions of dollars annually - has become an independent, expanding function in thousands of companies growing larger and more intricate by the hour. Necessities like raw materials, supplies and equipment may account for over 60 per cent of a firm's total expense, and smart buys of these necessities can make the difference between profit and loss. But don't get the wrong idea, it's not all peaches and cream yet.  
More to go. Though some purchasing execs are vice-presidents, earn \$25-50,000, and are included in immediate management councils, the purchasing man's battle for professional status is nowhere near over. As one director of purchases said, "I still get to management meetings early to make sure I have a chair."  
The most common positions in purchasing department are: Manager of purchases (or similar title), purchasing agent, assistant purchasing agent, buyer (not the retail store kind), assistant buyer.

Frontline Suez

Egyptian-Israeli artillery duels have turned the Suez Canal into the frontlines of the unfinished Middle East war. Major clashes have occurred from El Qantara in the north to Port Taufiq in the south. Israeli shelling of Suez destroyed 50 per cent of Egypt's oil storage capacity and killed Gen. Abdel Moneim Kid, Egyptian chief of staff.

They Could Have Danced All Night At Policeman's Ball

JAMES HARDY AND WALLY SMITH  
By Doris Williams And Bill Vincent Jr.

A ST. PATRICK'S DAY motif was carried out at Sanford Civic Center Saturday night when Sanford policemen staged their 17th annual Policeman's Ball. The glittering gala attracted patrons from the entire area with all having a ball at the festive occasion. Al Prince and his orchestra furnished the music for dancing which included old-time favorites and pop melodies of today. Photo below shows Police Chief and Mrs. Ben Butler.

## Linen Is High-Fashion For Spring

By HELEN KENNEDY  
**NEW YORK (Herald)**—After several seasons of non-geometric, when usually beautifully dressed women indulged in wild eccentricity for the season of 1965, the spring brings a welcome return to normalcy.

In place of the mini, the maxi, the midi and other frequent miniaturized and miniaturized fashions, the new fashions are those of the most wearable and flattering clothes to turn up in years. Designers have been concerned with achieving starting effects than with giving women something in which to be comfortable and graceful.

The prevailing theme in spring fashion are the skirt and the shirtwaist, the jumper, the well-cut jacket and pants—worn in terms of today—and the results are the most of clothes women relate to and feel right in. Consequently, they LOOK right in them.

It's not surprising that the fabric designer has done his best to represent the same sort of all-time favorites—soft crepes, muted plaids, crisp Irish linen.

Even the controversial and through and the thinnest midriff-baring tops frequently assume the familiar shape of a shirt. The most exciting trenders for this year are trousers for city wear in precisely tailored lines, making them ideal for citywear as well.

Color's spring sportswear collection strikes the right blend of fashion forwardness with the natural quality of Irish linen. Bright colors, muted, shirt-oriented safari dresses.

Gayle Kirkpatrick, young fashion designer, couples the lightest, delicate and the most of linen with a slim dress in white. Even plaids wear an entire wardrobe concept on natural, black and white.

No trick involved in fashion this spring. The look comes naturally.

**Rebekahs Initiate Two New Members**  
 By MRS. CLARENCE SYDNES  
 Rebekah Lodge No. 43 met at the Odd Fellows Hall with Mrs. Margaret Heinbuch, noble grand, presiding.

Two new members initiated into the order were Mrs. Mary Horton and Mrs. Myrtle Horton. Following their initiation, Mrs. Oscar Ross presented each a Rebekah pin. One of the pins had been worn by Mrs. Ross for 40 years.

The special degree staff consisted of Mrs. Nell Furell, noble grand, Mrs. Virginia Koche, vice grand; Mrs. Louise Long, chaplain; Mrs. Myrtle Wallin, past noble grand; Mrs. Elizabeth Hamman, conductor and Mrs. Mae Myers, secretary. Many other members represented the chapters and exemplified the emblem. Mrs. Hazel Githly was solicitor.

A new scrap book was presented to the lodge for the use of the noble grand.

The assembly president's visit will be preceded by Mrs. Joyce Sammet, Pat Helms and Jo Gardner from Theta Epsilon Chapter and Dora Lee Russell and Mary Boyd from Zeta Xi.

During the meeting, committee chairmen outlined the accomplishments of their respective committees for the month of March.

Following a short business meeting, Helen Hammer presented the program for the evening. Through illustrations, she showed the group how to most effectively use pictures and mirrors in their home decor.

If you want that meat-coating of egg and fine crumbs to stick extra well, chill the meat after coating and before cooking.

Flowed and bored, this pants ensemble couples a minimum of shirt and a maximum of pants in Irish linen (left) primitively patterned in pink, blue and white. Irish linen coat and dress ensemble (right) by Gayle Kirkpatrick pairs the cream-colored coat down to slim proportions and lavishes it with a ship captain's decorative passementerie braid. Underneath, a neat skin of a dress in white.

## Betty New 90 Years Old

MRS. BETTY NEW of Forest City... on her 90th birthday, March 22, 1966.

By MARYANN MILES  
 Mrs. Betty New celebrated her 90th birthday Sunday, with a family get-together. She makes her home with a son-in-law and daughter, Mr. and Mrs. J. D. Perkins, Forest City. The Perkins were hosts for the party.

Mrs. New was born, March 22, 1876 in Mobile, Ala. She moved with her family to the Forest City area four years ago. Mrs. New is a member of the Forest City Seventh-day Adventist Church, a member of the Dorcas society and the "Over 50" Club at the church.

Out of town guests included Mr. and Mrs. James Perkins Jr., from Vicksburg, Miss. Mrs. New has 10 grandchildren and 17 great grandchildren.

## Help Needed For Cancer Crusade

Do you want to be a part of the fight against cancer? What is the Seminole County Unit of the Florida Division of the American Cancer Society doing? What should it be doing? What are you as an individual willing to do in this effort to eliminate cancer?

To help answer these questions, come to this important meeting to be held on Wednesday, March 19, at 7:30 p.m. at the Seminole Memorial Hospital Auditorium. We will have a presentation by the Chairman of Seminole County, and Mrs. B. J. Heck, Seminole's Field Representative, will be there to lay out their plans for the forthcoming crusade and to answer any questions concerning how you can help in this worthwhile cause.

## Social Group Has Card Party Luncheon

The Social Department of Sanford Woman's Club met last week for the monthly luncheon-card party. Mrs. W. R. Brisson, chairman and Mrs. E. C. Harmon, Jr., secretary, were in charge of the covered dish luncheon.

Mrs. D. C. Howard and Mrs. Joseph Kratzmer were hostesses for the card games. Mrs. Thomas and Mrs. J. D. Perkins, Forest City, were in charge of the covered dish luncheon.

High score bridge award was won by Mrs. Thomas and Mrs. J. D. Perkins, Forest City. Mrs. Perkins were hosts for the party.

Mrs. New was born, March 22, 1876 in Mobile, Ala. She moved with her family to the Forest City area four years ago. Mrs. New is a member of the Forest City Seventh-day Adventist Church, a member of the Dorcas society and the "Over 50" Club at the church.

Out of town guests included Mr. and Mrs. James Perkins Jr., from Vicksburg, Miss. Mrs. New has 10 grandchildren and 17 great grandchildren.

During the meeting, committee chairmen outlined the accomplishments of their respective committees for the month of March.

Following a short business meeting, Helen Hammer presented the program for the evening. Through illustrations, she showed the group how to most effectively use pictures and mirrors in their home decor.

## Dear Abby: By Abigail Van Buren

DEAR ABBY: I am 52 and I have been keeping fairly steady company with a man who is 60. He's very considerate, generous, and I certainly appreciate his company, after having been a lonely widow for four years.

He asked me if I would like to move in and keep house for him so we can find out if we are "compatible" before trying marriage. He says there is nothing wrong with it at our ages.

I refused. Was I foolish? Lately I have been reconsidering his proposition. I don't enjoy being alone. He has money and could get plenty of other women on his terms.

Can you help me come to a decision?

DEAR LADY: I say, let some other woman have the pleasure of "moving in" with him to find out if she is "compatible." Respectable couples of all ages still marry before they live together. If you want to be a "housewife" with sleeping privileges, it's up to you.

DEAR ABBY: My father-in-law likes to tell about the only time in his life he made a mistake, and that was when he "thought" he was wrong, and then found out he wasn't.

My former roommates was a public health nurse in San Francisco, and her job was to call on welfare cases to see if the children were properly fed and clothed. She says (and there was no reason for her to lie) that about half the children

were adequately cared for, but she usually found plenty of cigars, beer, and liquor in the home, and oftentimes a man in the bedroom. She said one mother had 12 illegitimate children. She got \$200 a month, which was maximum, so she put her 13-year-old daughter to work starting a new family.

Abby, \$148 (tax free) for one child, plus \$1 per day, times 30 days per month, times five or six children, plus free housing, medical care, and food stamps, equals what some working men have to raise their families on. I am not saying that anyone is getting rich on welfare, but I wonder what would happen if these women were required to rise and go to work in order to raise their illegitimate children.

Everybody has a problem. I was right the first time when you said you thought that any woman who bears more than one illegitimate child should be taken of welfare. By apologizing for your original statement, I believe you made your first mistake.

All letters to this column are held in the strictest of confidences, and no names are ever used without the writer's permission.

## Jacoby On Bridge

North and South did well to get to five diamonds. Most pairs would wander into three no-trump or four hearts. A club would leave the no-trump bidders two tricks down before they started.

North was John Fisher of Dallas. South was Emma Jean Hayes of Fort Worth. This partnership has won any number of national mixed events and one Open Pairs, and you would expect them to get to the right contract.

Perfect defense would set five diamonds a trick but West led the queen of hearts and Emma Jean proceeded to show that bidding wasn't the only strong part of her game. She used the C of the count word ARCH to count her winners and losers. She set up to 10 winners and three losers.

How to make the hand was easy also. She had to set up one of dummy's hearts for a discard of one of her black suit losers.

If hearts break 3-3, she could set up two and make an overtrick. If they break 4-2, it would be necessary for her to duck the first heart in order to establish the fifth one. This duck would leave her down two if West had opened a five-card suit.

Emma Jean decided to take that chance and give herself a chance to make her contract. She shifted to the ace of clubs but too late. Emma Jean ruffed the club continuation, cashed two high trumps and the ace-king of hearts for one spade discard, ruffed another heart, entered dummy with the jack of trumps and made the all-important contract trick with the last heart.

## Polly's Pointers

DEAR POLLY - I hope some manufacturer will read this and tell us why there are so many evaporated milk cans I have just struggled for five minutes trying to open such a can with my arthritic hands. These cans will not fit in a wall can opener. Making a hole with an ice pick only gives you a little dribble at a time. Can't you

intercede with the canners for us? I am sure many others have the same problem.

DEAR HI ARC - I am indeed sure that others have had this problem so I am right with you. Perhaps some manufacturer will read this and be good enough to reply.

DEAR POLLY - Beatrice asked for a cure for silver

fish. This is not an easy problem to handle but mine is a sure cure. Spray a solution of malathion 50 on all possible surfaces. After six weeks, re-spray as more eggs may hatch out. Spray again after another six weeks if you still see some silver fish. This suggestion is straight from the California Dept. of Public Health and it worked for us when all other solutions failed.

DEAR READERS - Use extreme caution with this product and follow all safety directions, particularly when there are children around. Do handle with care.

DEAR POLLY - We have a daughter away at school and you know how teenagers like to eat while studying. We would be taking it very easy on a small electric coffee pot that we had discarded because of its size. In this the girls make hot drinks of all kinds, heat cannot soup and boil eggs. Leave it to the kids to solve their hunger problems.

Willie.

Lace is lovely. Choose a pastel or gray and have all gray accessories. A coffee cup of soft gray straw would complete your "look." Happiness from "Beauty After Forty."

Consult your doctor at once. He can tell you and if you look "dead." Do you think that some drug given me could do this? Healer.

Consult your doctor at once. He can tell you and if you look "dead." Do you think that some drug given me could do this? Healer.

## Horoscope Forecast

THURSDAY, MARCH 20, 1966  
**GENERAL TENDENCIES:**  
 Spring brings forth the desire to find a new yet steady direction to your energies and interests. Now you are able to shape the ambitions that inspired you during the past two days into some workable arrangement that can bring you much satisfaction.

Plan early how to add to present holdings and have a real abundance in the days ahead. Learn from a very clever person in business. Find his example and you find you make big strides forward.

TAURUS (Apr. 20 to May 20) Think big where personal matters are concerned and you become important in that important who has done well. You are very charming now and can sway others to your way of thinking very quickly, easily. Be happy.

GERMANY (Mar. 21 to June 21) Talk that private aim over with an expert only and you become successful in it. Otherwise you will flounder. Evening is just ideal for anything of a romantic nature.

MOON CHILDREN (June 22 to July 21) Take trouble to do something nice for persons who have shown loyalty and done you many favors in the past. Then out to the social where you may be successful in new contacts. Be more successful in the future.

LEO (July 22 to Aug. 21) Show appreciation to that higher-up who has done well for you in the past and gain favor for the future, also. Then do whatever makes you more successful in your particular career. Be VIRGO (Aug. 22 to Sept. 22) New partners hold the key to your success in the future, so cooperate with them. Plan that important trip now. Make the slight changes that are vital to your welfare.

LIBRA (Sept. 23 to Oct. 23) Make the payments on bills, etc., that are important, although it may seem a little difficult for you because you need good credit for the big things ahead. Loved one wants more time. Plan to please.

SCORPIO (Oct. 24 to Nov. 21) If you first listen to what partners have to say you can then come to the right agreement with partners. Their ideas are highly intellectual. Get out to some new form of fun with pals.

SAGITTARIUS (Nov. 22 to Dec. 21) A day to work diligently and get all around you in good order. Improve your health so you become more dynamic in the future and can accomplish more. Cooperate more with co-workers for better results.

CAPRICORN (Dec. 22 to Jan. 20) Many interesting outlets for fun are yours today, so be sure to set together with congenial ones. You make time for the creative outlet also that you desire to express. Make headway in this.

AQUARIUS (Jan. 21 to Feb. 19) It is up to you to put more harmony and comfort into your home now. Get business affairs handled wisely. Evening is fine for entertaining charming friends or relatives there. Be the perfect host, hostess.

PISCES (Feb. 20 to Mar. 20) Be sure you understand what it is that does the desire of you and do your utmost to please them. They can be more helpful in the future. You are looking for someone so you had better admit it in the afternoon. Be happy.

IF YOUR CHILD IS BORN TODAY... he, or she, will be one of those charming young people who feels uneasy unless the center of attention. Teach your child to handle money early, since this career will be concerned with property, estate handling, or the field of banking. Provide a college education for him.

The Stars impel, they do not compel. What you make of your life is largely up to YOU!

Carroll Righter's Individual Forecast for your sign for April is now ready. For your copy send your birthdate and \$1.00 to Carroll Righter, Inc., c/o The Sanford Herald, Box 629, Hollywood, Calif. 90028.

San Marino is the world's oldest and smallest republic.

DEAR POLLY - I hope some manufacturer will read this and tell us why there are so many evaporated milk cans I have just struggled for five minutes trying to open such a can with my arthritic hands. These cans will not fit in a wall can opener. Making a hole with an ice pick only gives you a little dribble at a time. Can't you

SHELLEY MEBANE, daughter of Mr. and Mrs. Frank Mebane Jr., of Loch Arbor, walked off with first place honors for her interpretive song and dance, "Take Me Back To Manhattan," in a recent talent show at Sanford Jr. High School. Norma High was second-place winner with Debbie Graham, third.

SKY ANCHORS' GUESTS—Mrs. Shirley Huaman, center, one of the contestants in the Sky Anchors Toastmistress Club's annual speech contest. In a time to announce the contest, Anne Sandlin, Orlando, Mrs. Clara Evans of Lake Mary, Mrs. Alvin Fulver and Mrs. Barbara McGinnis, who are shown left to right. Mrs. Evans and Mrs. Fulver are former members.

## Garden Gate

By MIMOSA CIRCLE  
 If you should be the lucky recipient of a lovely Easter lily plant this Easter, set them like your jewels in a background of greenery that plays up their unique combination of beauty, grace and exquisite form.

Although pretty Easter lily plants are apt to come first to mind as ornamental and decorative elements in our homes in the spring of the year, it is a time to think of the great lily family as elegant flowers of various coloring and from which have inspired artists, sculptors, and poets down through the centuries since the very dawn of civilization.

Lilies have been associated with man from the earliest times, not only for their aesthetic appeal, as attested by pictures of the flower on Cretan pottery made two thousand years before Christ, but also as a source of food and for medicinal properties ascribed to them.

The white lily is thought to be the oldest domesticated flower. Probably a native of the Balkans and perhaps a survivor from before the Ice Age which destroyed the plant life of most of the rest of Europe.

Growing in countries of the northern hemisphere all the way around the globe, and through such a long span of time, the history, legend lore of the lily is a story that can barely be touched in our limited space.

Christian artists and theologians thought of it as the bringing of Heaven and it is intriguing to know at the same time the lily was also believed to have value in treating human ailments. Its root was said to "cure burning and scalds without leaving a scar." The spectacular bloom of many species of the lily is a pure inspiration for today's flower arrangers.

If you want that meat-coating of egg and fine crumbs to stick extra well, chill the meat after coating and before cooking.

## Altamonte Personal

By PHYLLIS BRANSON  
 Visitors in the home of Mr. and Mrs. James Branson and David were Mr. and Mrs. Arvid Peterson of Paxton, Ill. The two families were friends in Paxton before the Bransons moved to Florida. On Tuesday the group toured Cape Kennedy. Over 2,000 people a day now visit the Cape each day, an increase of 300 people per day over last year's figures.

# Facts, Faith Big Weapons For Parents In Drug Fight

By ALFON BANKERBEE Associated Press Column Writer

Facts provide a main key to preventing abuse of dangerous drugs. The more complete and factual information parents have on the "hazards" of drugs, the more effective they can be in dealing with drug temptations and problems.

Parents should "respond to kids as human beings," says another psychiatrist. "If we are going to let a generation grow up, we have got to let them make some decisions, with a chance they will make some that are wrong."

Parents also are advised to know and to be interested in where their children spend their time, and with whom, but not to appear as suspicious nags in seeking that knowledge.

Other major points of counsel: Respect the confidence of children and youths; respect their right to make decisions.

Parents are advised to respond with factual discussion if they suspect or know their children are using or being tempted to use dangerous drugs.

"Stress the positive aspects," one psychiatrist suggests. "Remind them of the penalties under law. Remind them that anything drugs can do for them, they can achieve in other ways. You can feel good, be sociable, without depending on drugs."

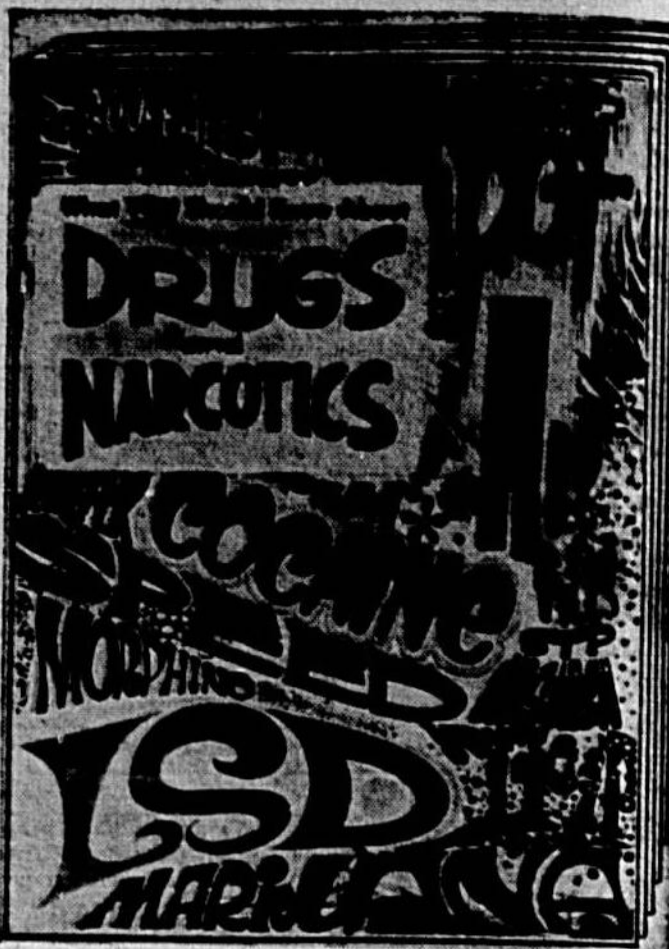

"Ask why they think they should do the drug bit—now do they think drugs help them? What is troubling them or is influencing them so they think they ought to play with drugs? Does it serve a social purpose? If there are no real benefits, why are they using drugs?"

Parents should "respond to kids as human beings," says another psychiatrist. "If we are going to let a generation grow up, we have got to let them make some decisions, with a chance they will make some that are wrong."

Parents also are advised to know and to be interested in where their children spend their time, and with whom, but not to appear as suspicious nags in seeking that knowledge.

Other major points of counsel: Respect the confidence of children and youths; respect their right to make decisions.

Parents are advised to respond with factual discussion if they suspect or know their children are using or being tempted to use dangerous drugs.

They think they would not have done so if their parents had been more concerned about them, and also had set strict standards.

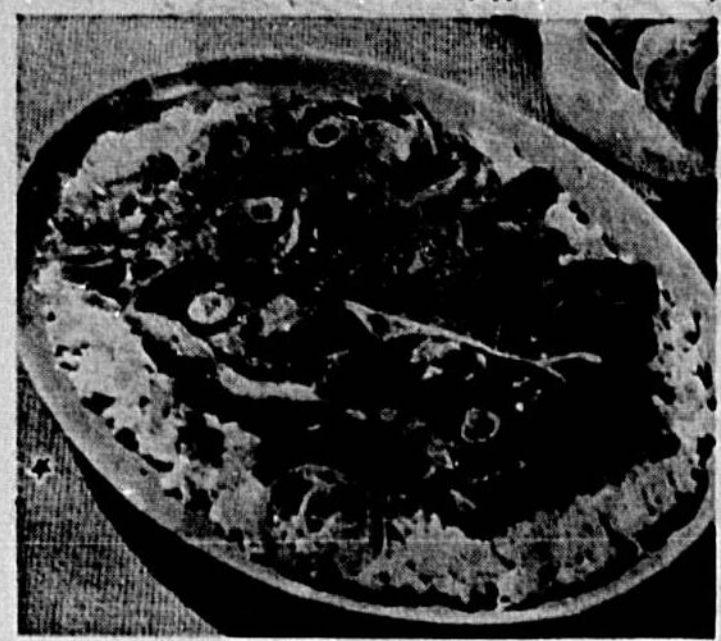

Youngsters want parents to be fair, and to bear them out before pronouncing judgments.

Parents also are advised to know and to be interested in where their children spend their time, and with whom, but not to appear as suspicious nags in seeking that knowledge.

Other major points of counsel: Respect the confidence of children and youths; respect their right to make decisions.

### Travel By Culinary Adventure

Your budget may not permit a trip to all the countries you'd like, but imaginatively you can always travel by means of culinary adventure.

ITALIAN VEAL RAGOUT (this beef blade pot-roast with tomatoes, capers, olives and mushrooms).

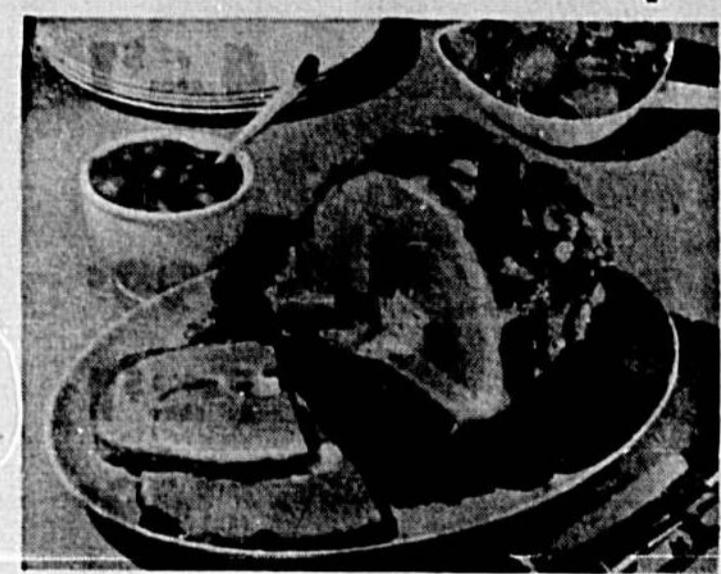

Take Italy, for instance. For its seasonings such as tomatoes, capers, mushrooms, stuffed olives and green pepper, this country yields inspiration for many entrees.

Start with one three to four-pound beef arm or blade pot-roast. Dredge this meat with three tablespoons of flour which has been mixed with one and one-half teaspoons salt and one-eighth teaspoon pepper.

To the browned steak, add one-half cup of sliced onion and one (16 ounce) can tomatoes, one (4 ounce) can mushrooms, drained, three tablespoons chopped green pepper, one-half cup sliced stuffed olives and one-eighth teaspoon garlic salt.

Cover the meat tightly and cook very slowly on top of the range, three to three and one-half hours or until tender.

### Ham At Easter Is European Custom

LUSCIOUS SAUCE-TOPPER glazes a shank half of smoked ham for Easter dinner.

Ham at Easter is a custom which originated among Europeans. Many Americans share it with them.

Certainly it's a delicious and festive meat when served at the table, decked out with a pretty pink holiday topping and sauce. It's also available in many different sizes and shapes.

Men of the church will meet Thursday evening at the home of Ralph Hackett, 414 Lakeside Drive.

Retired Folks The Retired Folks Club of Chuluota will have a pot luck dinner meeting at 6 p.m. Thursday at the Community Hall.

Welcome WASHINGTON (AP) - Sen. Spessard L. Holland, D-Fla., said Monday he welcomes a Senate committee investigation of alleged migrant workers in the Immokalee, Fla. area.

Men of the church will meet Thursday evening at the home of Ralph Hackett, 414 Lakeside Drive.

### Hal Boyle Says Newspaper Work Is Fascinating

NEW YORK (AP) - Remarks that a newspaper reporter gets tired of hearing: "Hi Scoop, what's new?"

"I suppose you get a free pass to everything," Boyle said. "I don't mind telling you confidentially, but naturally it's not for publication."

"You must lead an exciting life—going to the best fires and everything like that," Boyle said.

"You don't look very busy," Scoop. How about picking up the phone and taking a three-line call?

"Is your editor mad at you? I haven't seen your byline for three whole days."

"Do you have to take subscriptions on your days off?" Boyle asked.

"I know you newspaper guys don't print half the stuff you really know. Tell me, what do you think we'll do next in Vietnam? The wedding cake was a reminder of Sanford for the bride. It was baked by Edie's Bakery and driven to Louisiana in her mother's car."

The bride is a 1965 honor graduate of Crooks High School. She is matriculating at Knoxville College, Knoxville, Tenn. for two years, then transferred to Purdue University.

**PENNY'S CORNER**

**QUICK MEALS**

When you're busy spring-cleaning, there's little time for cooking. But Publix is loaded with time-saving foods. Canned foods are perhaps the fastest of all. Many are ready to serve - fruits for salad or dessert, vegetables for salads - sliced tomatoes, green beans, artichoke hearts, asparagus. Many need only heating on top of the range - beef stew, hash, sloppy joe, Chinese food, chili con carne, tamales, ravioli, baked beans and frankie, crooked tuna on toast (heat tuna in undiluted condensed mushroom soup).

Then there's a wonderful assortment of frozen foods - from soup to dessert, TV dinners, of course. But don't overlook the heat-and-serve family-size main dishes like sliced turkey or roast beef in gravy... serve with instant potatoes - mashed, au gratin, home-fried... and vegetables in a bag with their own sauce.

Then there are fresh food meals that require a little cooking, but are fast and easy. For example, **STUFFED PEPPERS** - Slice stem ends from 4 large green peppers, remove seeds and white ribs, drop in boiling salted water to simmer for 3 minutes. Remove and invert peppers to drain. Cook, as package directs, 2/3 cup precooked (instant) rice, drain. Blend into a can of undiluted cheddar cheese soup 1/2 teaspoon dry mustard and a few grains of cayenne pepper. Add a cup of ground cooked ham or half a pound of ground beef (browned in skillet and broken into small bits) and rice. Mix lightly; spoon mixture into peppers, place in greased baking dish. Bake at 350° about 15 minutes. Serve with small boiled new potatoes in their juice and fresh salad - easy, cheap potatoes - mashed, au gratin, home-fried... and vegetables in a bag with their own dressing. It all takes about a half hour.

### Make Own Easter Decoration

By CECILY BROWNSTONE  
Specialized Food Editor  
Go to it, all you handcrafters! Make your own Easter decorations. They make the perfect centerpiece for the holiday table.

This is the easy kind of fondant to make. No candy thermometer is needed. Granulated sugar, corn syrup and butter or margarine are brought to a boil and confectioners' sugar and dry milk solids are stirred in. Next, off heat, the coloring and coloring are added. Then the fondant is cooled and finally the eggs are shaped. Whip up any kind of eggs you like—varying the technique to produce chocolate, mosaic or decorated good ones.

**FONDANT EASTER EGGS**  
1 pound confectioners' (powdered) sugar, sifted  
¼ cup nonfat dry milk solids  
¼ cup granulated sugar  
¼ cup light corn syrup  
1-2nd cup butter or margarine  
1 teaspoon vanilla or peppermint flavoring  
Food coloring

Thoroughly mix together confectioners' sugar and dry milk. In a heavy saucepan mix together granulated sugar, corn syrup, and butter. Cook over low heat, stirring constantly, until sugar is dissolved and mixture just boils. Stir in confectioners' sugar one-third at a time. Remove from heat. Stir in coloring and, if used, food coloring. Stir until a small amount of mixture mounds slightly when dropped from spoon. Pour into greased pan. When cool enough to handle, knead until smooth.

Makes one and a half dozen eggs.

**CHOCOLATE FONDANT:**  
Omit dry milk and sift ¼ cup excess into confectioners' sugar. Follow recipe above. Chocolate Fondant may be formed into eggs, or used for pieces to mix with white fondant.

**DECORATED EGGS:**  
Shape eggs using white or pastel-colored fondant. With a small pipe or decorator tube, pipe colorful flowers or designs out of tinted confectioners' sugar frosting.

**DINNER FOR FOUR**  
Yams make just the right accompaniment for chicken. Oven-fried Chicken  
Stuffed Yams  
Bread  
Chocolate Brownies  
Beverage  
STUFFED YAMS  
2 large yams (between 1 ½ and 2 ½ pounds)  
2 tablespoons butter  
¼ teaspoon salt  
¼ teaspoon nutmeg  
½ cup well drained crushed pineapple  
Scrub yams; dry. Bake in a 350-degree oven until tender—about one hour. Cut in half lengthwise; scoop out pulp with out breaking shells—you may have to leave a thin layer of the pulp in the shells. Mash scooped out pulp with butter, salt and nutmeg. Mix in pineapple. Refill shells with yam mixture. Return to 350-degree oven and reheat—about 20 minutes; or refrigerate and reheat in the 350-degree oven for 40 minutes. Makes four servings.

**FAMILY DINNER**  
This combination may be new to you—and it's worth trying.  
Meat Patties  
Succotash Plus  
Applesauce with Molasses Snaps  
SUCCOTASH PLUS  
1 tablespoon butter  
1 small onion, cut in thin strips  
¼ cup thin strips green pepper  
1 package (1 ½ ounces) frozen succotash  
1 can (8 ½ ounces) stewed tomatoes  
In an eight-inch skillet in the hot butter, gently cook the onion and green pepper until tender—about five minutes. Meanwhile cook succotash according to package directions using ½ cup boiling water and ¼ teaspoon salt; drain. Mix together the succotash, onion mixture and stewed tomatoes. Heat. Makes four servings.

### Easter Egg Coffee Cake For Brunch

By CECILY BROWNSTONE  
AP Food Editor  
EASTER BRUNCH  
Raw eggs are baked atop this holiday coffee cake.  
Creamed Kidneys on Toast  
Broiled Tomatoes with Cheese

**Easter Egg Coffeecake Beverage**  
EASTER EGG COFFEECAKE  
¾ to 1 cup unsifted flour  
3 packages instant-blending dry yeast  
¼ cup milk  
½ cup water  
¼ pound (1 stick) butter  
¼ cup sugar  
¼ teaspoon salt  
6 egg yolks, at room temperature  
2 tablespoons chopped candied cherries  
2 tablespoons chopped candied orange peel  
1 teaspoon grated lemon rind  
½ cup finely chopped Brazil nuts  
1 teaspoon cinnamon  
3 uncooked eggs, for top of bread  
In a large mixing bowl, stir together ¾ cups of the flour and the yeast. In a small saucepan, stirring constantly, heat just until warm the milk, water, butter, sugar and salt. Pour into flour-yeast mixture. Add egg yolks and beat ½ minute at low speed, scraping bowl constantly. Beat three more minutes at high speed. Stir in the fruits, nuts and cinnamon. Stir in remaining flour, a little at a time, to form a soft dough.  
Turn out on lightly floured surface; knead about 30 strokes. Place in greased bowl; turn to grease top. Cover. Let rise on a rack over hot water until doubled—about one hour. Punch down dough. Set aside one cup of dough. Shape the rest into a nine-inch round loaf and place on a greased baking sheet.  
Divide remaining dough into two parts. With your palms, roll into 10-inch lengths. Press three uncooked eggs into the top of the loaf. Twist the dough strips and cross over the loaf to form an "X". Tuck ends under. Let rise until doubled—30 to 40 minutes. Preheat to wire rack to cool.  
Note: If coffeecake browns too fast, place a sheet of foil over the top after 30 minutes.

**THE FAMILY LAWYER**  
During his romance with Myrtle, Jack often spoke tenderly of the children they would have once they were married. But after the wedding, he changed his tune. In fact, he insisted on the use of birth control measures.  
Finally Jack confessed that he had never intended to have children in the first place. Myrtle promptly sued for an annulment on grounds of fraud, and the court awarded her a decree.  
Annulment of a marriage is not granted lightly. But it is granted, as a rule, if one of the parties was deceived during the courtship about something "essential" to the marital relationship. And having children is considered essential—that is, part of the very foundation of the marriage.  
Suppose the subject of having children had simply never been discussed before the wedding. Could the wife who wants children still complain that she had been deceived, even though her husband had never made her any promises? Yes, because that kind of commitment is implied in the marriage contract. As one judge put it:  
"Affianced parties do not generally exact from each other a promise that they shall have offspring. Procreation, though not discussed, is taken for granted."

### Stuffed Cake For Easter In England

By CECILY BROWNSTON, Associated Press Staff Writer  
When Easter comes around in England, Stuffed Cakes start making. Chockful of raisins, currants and candied fruit, and flavoured and covered with almond paste, this is quite a treat.

Stuffed Cakes takes quite a bit of time, so if you decide to make it, study the recipe before you begin.

**INGREDIENTS:**  
2 tablespoons light corn syrup  
1/2 cup firmly packed Almond Paste (see recipe below)  
1/2 cup butter or margarine  
1/2 cup brown sugar  
2 teaspoons cornstarch  
1/2 teaspoon grated lemon rind  
1 cup seedless raisins  
1 cup golden raisins  
1/2 cup currants  
1 cup chopped candied fruit  
1/2 teaspoon grated lemon rind  
1/4 cup sifted flour  
1/4 cup cornstarch  
1 teaspoon baking powder  
1/4 teaspoon salt  
1/4 teaspoon cinnamon  
1/4 teaspoon nutmeg  
1/4 teaspoon cloves  
1/4 teaspoon allspice  
1/2 cup butter or margarine  
1/2 cup sugar  
1/4 cup light corn syrup  
3 eggs  
Almond Frosting (see recipe below)

Grease a nine-inch spring form pan; line bottom with wax paper.

In a small saucepan over medium heat, bring to a boil the 2 tablespoons corn syrup. Pour hot syrup over Almond Paste and blend until smooth. Add the 1/2 cup butter, the beaten eggs, the 2 teaspoons cornstarch and the 1/2 teaspoon lemon rind, beating well after each addition. Set aside.

Mix together the raisins, currants, candied fruit, the 1/2 teaspoon lemon rind and 1/4 cup of the flour; set aside.

Mix together the remaining 1/2 cup flour, the 1/4 cup cornstarch, baking powder, salt and spices.

Cream the 1/2 cup butter and the sugar. Stir in the 1/4 cup light corn syrup. Add the 2 eggs. At a time, mixing well after each addition. Stir in flour-spice mixture; fold in flour-fruit mixture.

Four one-half batter into prepared pan. With wooden spoon or rubber spatula, spread Almond Paste mixture evenly over batter. Spoon remaining batter over Almond Paste mixture. Bake in pre-heated 350-degree oven until cake springs back when lightly touched with finger—about two hours. Wrap in foil or plastic film and let stand several days to ripen.

Frost and decorate with Almond Frosting.

**ALMOND PASTE**  
1/2 cup light corn syrup  
1/2 to 3/4 cup firmly packed Almond Paste (see recipe below)

2 cups sifted confectioners' (powdered) sugar  
In a small saucepan bring corn syrup to a boil. Pour over Almond Paste; blend until smooth. Gradually add sugar to moist, evenly handied, frosting. Shape 1 1/2 (3/4-inch) balls.

Place remaining frosting between two pieces of wax paper; discard with confectioners' and sugar. Roll one in a 1/4-inch round. Trim edge with pastry cutter, if desired. Peel off wax paper and put frosting on top of cake. Decorate with balls.

**MSU Proxy Resigns**  
EAST LANSING, Mich. (AP)—John A. Hannah, president at his final commencement as president of Michigan State University, awarded a doctorate in African history Sunday to his eldest son, Robert Hannah, 28. Hannah is resigning after 28 years as MSU president to become director of the U.S. Agency for International Development.

**Little Tots Gobble Up 'Soffies'**

By CECILY BROWNSTON, AP Food Editor

If your household is full of children, here's a cookie recipe that may appeal to you. Your youngsters can have the fun of adding the raisins that decorate the cookie tops.

These Ginger Soffies have good flavor and a soft texture. All our young testers gobbled them up.

Though the dough may seem soft when you mix it up, after its overnight stay in the refrigerator, it will be quite manageable. But please do use a prepared pastry cloth and a stockinged rolling pin for the rolling out. Put some extra flour in the center of the pastry cloth and roll the dough lightly from center to edge.

We used a plain round cookie cutter to make our Ginger Soffies, but a young mother to whom we passed along the recipe says that she used a gingerbread-man cutter so her youngsters could add raisin features and buttons.

**GINGER SOFFIES**  
1/2 cup sifted flour  
1 teaspoon baking soda  
1/2 teaspoon salt  
1 tablespoon ginger  
1/2 teaspoon allspice  
1/2 teaspoon cinnamon  
1/2 cup shortening  
1/2 cup sugar  
2 eggs  
1 cup molasses  
1 1/2 cups cooked oatmeal, cooled  
Raisins, rinsed in hot water and drained  
Sift together flour, soda, salt and spices. Cream shortening and sugar. Add eggs, one at a time, beating well after each addition. Add 1/2 of sifted dry ingredients to creamed mixture; blend well. Stir in molasses. Add half of remaining dry ingredients; blend. Stir in oatmeal, then remaining dry ingredients, blending well. Cover and refrigerate overnight.

Work with one-half of dough at a time. Turn out onto heavily floured pastry cloth. With floured hands, pat into a flat mound. With a well-floured stockinged rolling pin, roll out to 1/4-inch thickness. Cut with floured 2 and 1/2 inch or two-inch round cutter. Place on greased cookie sheets. Firmly press three raisins into center of each cookie.

Bake in preheated 350-degree oven 12 to 15 minutes. With a wide spatula remove from oven. Let sheets wire rack to cool. Makes three to four dozen, depending on size of cutter.

**AFTER-SCHOOL TREAT**  
This recipe makes dozens of delicious cookies that keep well. Red Apples.

**MOLASSES SNAPS**  
2 cups unsifted flour  
1/2 teaspoon baking soda  
1/2 teaspoon salt  
1 1/2 teaspoons apple-pie spice  
1/2 cup solid white shortening, at room temperature  
1/2 cup firmly packed dark brown sugar  
1/2 cup dark molasses

In a large mixing bowl thoroughly stir together 1 1/2 cups of the flour, baking soda, salt and spice. Add shortening, brown sugar, and molasses and egg. With electric mixer at medium speed, beat until smooth and blended—about two minutes. Stir in remaining 1/2 cup flour to blend. Cover dough and chill at least 1/2 hour. Divide into four portions.

On well floured pastry cloth, with well floured stockinged roller, roll pin, roll out one portion of dough at a time (keep remaining refrigerated) very thin (1/16 to 1/8 inch). Cut with floured two-inch round cookie cutter. Place about one inch apart on treated cookie sheets. Bake in preheated 350-degree oven until lightly browned—8 to 10 minutes. Let stand a few seconds, then remove with wide spatula to wire racks to cool. Store in tightly covered tin box. Makes about 100 cookies.

**Empire Club Sets Meeting**

Empire State Club of Deltona will meet at 4 p.m. Sunday at the Community Center. Plans will be completed for a bus trip to Lake Wales to visit Bok Tower, to have dinner at The Chateau Suzanne Restaurant, and to attend the Fashion Play, April 15.

All members of the club are urged to be present for the meeting.

**Shmuel Cake For Easter in England**

By **CECILY BROWNSTONE**, Associated Press Food Editor  
When Easter comes around in England, Shmuel Cakes start baking. Careful of raisins, currants and candied fruit, and flavoured and covered with almond paste, this is quite a cake.

**SHMUEL CAKE**  
2 tablespoons light corn syrup  
1 cup firmly packed Almond Paste (see recipe below)  
1/4 cup butter or margarine  
1 egg, beaten  
1/2 teaspoon cornstarch  
1/4 teaspoon grated lemon rind  
1 cup seedless raisins  
1 cup currants  
1 cup chopped candied fruit  
1/4 teaspoon grated lemon rind  
1/4 cup sifted flour  
1/4 cup cornstarch  
1/2 teaspoon baking powder  
1/4 teaspoon salt  
1/4 teaspoon cinnamon  
1/4 teaspoon nutmeg  
1/4 teaspoon cloves  
1/4 teaspoon allspice  
1/4 cup butter or margarine  
1/4 cup sugar  
2 eggs  
2 egg whites  
1/2 cup light corn syrup  
1/2 cup almond  
Almond Frosting (see recipe below)

Lakeview Junior High chorus will present a concert at 8 tonight at Seminole High auditorium.

Anxious eyes are kept on the Pine Breeze Egg building on South Sanford Avenue in the hope that it will soon be finished — and taking its place as the third largest such plant in the area (somebody said "country" — and who's that's true!). And while the rains have been real helpful in the agri-business, they surely have stalled construction work.

How many of you all remember when the City had jurisdiction over the Airport after WW II? And have the mental picture of Walter Krohn Jr. flying part time, growing habits for some such seed grass) to help pay the rent, boosting a fledgling elder school, keeping the master soaring technique in the air at high level by giving him tow in his biplane to get him airborne, so Walter Sr. could be awarded the coveted Golden C for superior soaring? Remember?

Westside Grammar PTO will have a meeting tonight at 7:30 p.m. John Angel, superintendent of public instruction, will speak. A question and answer period will follow. Mrs. Charlotte Whitmore, director of school lunches, will be present. All parents and friends are welcome.

A number of the major league teams presently training in Florida, are lending a hand in helping Sanford by training at the Sanford Training Center. They figure it'll help build rivalry, say between Orlando, Sanford and possibly Daytona Beach. Look for an announcement some time next week.

Lake Mary Chamber of Commerce is the first to officially offer its support in assisting and endorsing local efforts for baseball in Sanford. Dr. Beach, well of the executive board is drawing the resolution now.

In the planning stages... a community owned swimming pool for the residents of Lake Mary.

Seminole 4-H clubs are staging a chicken barbecue Saturday 4:00-7:30 p.m. at Lake Mary fire hall.

Our local political problems make us sensitive to anyone else who has similar worries. Like the Sacramento detained story that read like this: Gov. Ronald Reagan joked to an auto industry group here that all was not fine in California and prayer wasn't helping... "The land is under water, the compass is under siege, the compass is under siege. I said Dial-A-Prayer—and they hung up on me."

# Altamonte OKs Bob-Tail Sewer Program

## Job To Cost \$300,000

Seminole County \*\*\* on the St. Johns River \*\*\* "The Nile of America"

By DONNA ESTES

Talk and hopes were converted to action by the Altamonte Springs City Council last night with the "go sign" given to proceed with the "bob-tail" sewerage system, now called the first phase of the overall sewerage system for the community.

The first phase will serve the areas adjacent to SR 436, 60 per cent of which are presently within the city limits, and three properties outside the municipal limits.

Council on a four-to-one vote — with only William Nuckols saying he was "against" — authorized the city financial director, Councilman Keith Nixon, and Fiscal Agent D. Kirk Gundy to obtain a commitment from a financial institution for short term financing of the \$300,000 project to construct the first phase.

The city governing body then unanimously instructed the city engineer to prepare final construction plans and all applications for rights-of-way use for the phase and authorized City Attorney S. Joseph Davis Jr. to give whatever assistance necessary to complete the effort.

First subdivision to be served by the system will be Spring Lake Hills, the development to be constructed west of 14th by Mattland Woods, Inc., a company owned by Alfred Tracy and Charles Donley.

Execution of a contract with the two developers calling for the sewerage service to be available by Nov. 1 and for the men to pay some \$10,000 to the city in lieu of tap-on fees was authorized by the Council. Fees of \$75 per water meter will be paid by the developers, however. The contract further provides for Tracy-Donley to give the city an easement through its property to the Altamonte sewer plant site.

The engineer was told to advertise for bids to be opened 8 p.m. April 2 for the 10-inch water line extension to Spring Lake Hills and for the laying of a 14-inch force main of the overall sewer plan through the development before streets are constructed there.

Nuckols voted against both the bid takings and the contract.

The fiscal agent, present at the meeting, reported on the trip to Atlanta taken by city officials last Friday for conference with the Department of Housing and Urban Development officers.

Gundy said the government aid "went further with us than anticipated" by allowing the city to use some \$45,000 in reserve water funds and \$10,000 in the repair and replacement fund of the water system to finance the first phase of the sewerage system. The government further permitted plugging of access water revenues to finance the work. "We will have no difficulty in securing the money," he said.

# Sanford Airport Opening Delayed

## Residents May Speak

By BILL SCOTT

Opening of the Sanford Airport may require some time and doing, according to information obtained today from Louis Harris, administrative assistant to Lee Maxey, director of aviation for the State Development Commission.

Harris, speaking by telephone from Tallahassee, informed nothing could be done about getting a site approval and license for an airport operation until Maxey returns Tuesday from Los Angeles, Calif.

Harris reported that Sanford's application for site approval was delivered to Maxey's desk yesterday by Don Rathel, Sanford Industrial Commission director, who flew to Tallahassee to hand deliver the application.

Harris stated "only Lee Maxey is qualified to make an on-site inspection, which is required before a license can be issued."

Other red tape to be cut includes the holding of a public hearing and the holding of an advertised for a specified time to allow residents living near the base to voice their protests.

The completion of all necessary requirements will take about 30 days, Jesse S. (Red) Cleveland, airport manager, said.

In the meantime, the airport is closed and marked off with X's to warn all pilots to continue flying unless there is an emergency problem with the aircraft, which would force the plane to land.

According to some observers, persons landing without the official site approval could lose their pilot license unless the landing was an emergency due to a malfunction of the plane or pilot.

A possibility also exists that if a landing occurred, the pilot would run the risk of losing his insurance in the event the craft was damaged.

Norman Edward Pell, airport manager, informed today "anyone lands on their own" until the facility has been approved and a license issued.

Pell is one of the nine persons now employed at the base as security-maintenance men, according to Cleveland.

Others are Roy Thomas, Edmund M. Turner, Karl Feld, Coy Smith, William V. Harper, and Jeffrey Gordon.

"Ruffins," the clown, with his spectacular "Magic Milk Bottle," will be present to entertain the children, and there will be many displays of the latest home appliances to interest the women. In this group, will be the new Micro-Wave Oven by Wilson-Maire's, which is supported through sales of the Charming glow grill from Florida Public Utilities that will cook and serve 100 pounds of hamburger and three turkeys. Foods cooked on these units will be given as samples to visitors.

Civic displays will include those from United Fund, Boy Scouts, Blood Bank, Cancer Society and Seminole Junior College. Camp Challenge, the camp for handicapped children located west of Sanford, which is supported through sales of the glow grill from Florida Public Utilities that will cook and serve 100 pounds of hamburger and three turkeys. Foods cooked on these units will be given as samples to visitors.
