

# GREAT AUCTION SALES!

## OF CITY LOTS AND LANDS AT SANFORD, SEMINOLE COUNTY, FLORIDA

### TWO - BIG DAYS - TWO SATURDAY AND MONDAY FEB. 19-21

Property of THATCHER REALTY COMPANY, and formerly known as HOLDEN ESTATE.  
Lots in beautiful "SEMINOLE PARK" near Union Depot, and in every other desirable section of Sanford.  
Lots in the most desirable white residence districts will be sold; then, lots in the best colored sections of the city; thus giving every one a chance to buy.  
Also splendid celery lands, improved and unimproved, adjacent to Sanford will be sold.

## SANFORD'S SEVEN REASONS

Seven reasons why Sanford, Florida is one of the best points in the entire South for investment. The reasons might be multiplied indefinitely; but these will suffice.

**EASY  
TERMS**

Brass Band Concerts  
Each Day

**S**anford, a rapidly growing city of 5,500 people, located on the St. Johns river halfway between Jacksonville and Tampa, is in the heart of the greatest trucking country in the world. As shown by U. S. Agricultural Year Book for 1911, page 316, lands of the famous "Sanford Celery Delta" yield as much as \$2,000 per acre, for a single crop of celery. As other valuable crops are grown during the season, the net annual income on these lands often runs into figures that are phenomenal. Plenty of land in the "Delta" available for improvement, can yet be had at low prices.

**A**rtesian (flowing) wells furnish at very slight cost an unlimited supply of water for irrigation purposes. The lands are tiled for sub-irrigation and sub-drainage; and crop failures are unknown.

**N**owhere on earth can there be found such an ideal combination of soil, water, and climate for the growth of celery, lettuce, strawberries and other valuable farm and garden crops; and all coming into market in the dead of winter when prices are the highest. Unexcelled citrus fruit and stock raising region.

**F**acilities for shipping are the very best, and freight rates are lower at Sanford than at any other interior Florida point, because Sanford is not only on Lake Monroe, at the head of navigation on the St. Johns river, with daily steamboat connection with Jacksonville and the sea, but it is also an important railroad center; and competitive freight rates are maintained. A splendid location for manufacturing and wholesaling enterprises.

**O**ver 2,000 feet of lake front are being reclaimed and added to the city's most valuable area, and the work is about finished. A 100-foot lake driveway will extend next to, and along, the entire distance of the lake wall, and will rival the much-famed "Malecon" of Havana, "Riverside Drive" of Jacksonville, and the "Bay-Shore Boulevard" of Tampa. Thus, Sanford will have one of the handsomest water fronts of the country, and will be eligible for membership in the "Cities Beautiful."

**R**esort of the highest excellence. Climate delightful, and all the world's pleasure craft might, at the same time, cruise on the lovely waters of Lake Monroe, Lake Jessup, and the other lakes in the vicinage of Sanford, and on the noble St. Johns; and the fishing and hunting of the Sanford region are unexcelled. Sanford has miles of paved streets, and the county (Seminole) now has about thirty miles of brick roads, and will, within a few months, have twice this much. An ideal winter spot.

**D**estined to become the metropolis of interior Florida.

# CHAUTAUQUA WEEK WILL BE BUSY ONE

## TWENTY-FOUR PEOPLE WILL TAKE PART IN THE PROGRAM

Twenty-four people will take part in the various programs of the Chautauqua. These twenty-four people are all specialists in the various lines of work that they represent. Every one of them has something in his or her line that the folks around here will certainly want to see or hear. Every one of them is a specialist—having spent years in preparation for the short time that they will appear before the audience here.

### Do You Know William Jennings Bryan?

Do you realize that this man will go down in history as a great statesman, orator and maker of treaties with the great nations of the world? Do you realize that he has spoken to more people than any man ever on this continent and very probably more than any man that ever lived? He is a man that all give credit to for being far ahead of the time in which he lives and an advocate of great principles that concern the destinies of this great nation. See how you will be congratulated that Mr. Bryan will be here in the 25th of this month. Every one that has heard him will be delighted at the opportunity to hear him again to see if the same brilliant words will come that have made him famous in the last few months. These will have the board him will have an opportunity to hear a man that is known not only over the entire country but to all the nations of the world and one that will have a very definite place in the history of this great country.

### Who Said They Liked Music?

Then the Chautauqua will be your opportunity. Perhaps the most popular form of entertainment is music. The folks here are top notches and will delight their hoarses. The voices of great singers will find Grace H. Robinson, operatic soprano, an opportunity to sing. The voices of some of the best vocalists will be heard in the music of Alexander and his quartet.

### Everybody Likes Fun

Dr. Hald, the piano in manager and one of the lecturers of the Chautauqua will offer several opportunities of driving dull cars away by means of an afternoon or evening of mirth. The cartoonist and the humorous numbers of the quartet will not fail to be enjoyable features along this line.

### No Amateurs With Our Chautauqua

All these people will be experienced, with that freedom and grace when before their audiences that only large experience can give.

### 4000 Appearances for One Number

The Dugbar Mike Quartette, under the management of Mr. Dugbar, has appeared well over 4000 times. Think what that means. No lack of experience there. The other people with the Chautauqua, while they probably have not appeared so many times as they have appeared many times and are veterans and veterans in their lines.

### Variety is the Spice of a Chautauqua

Any one gets tired of the same old thing over and over again. From the 24th of February to the 29th we will have an opportunity to hear and see almost anything and everything one could wish. Cartoonists, artists, musicians, great speakers and orators, fun, music, serious talks or great present day subjects, and other things will make a program that will contain all any one could wish.

### Entertained Presbyterians

The Congregational C. E.'s entertained drollingly the Presbyterian C. E. Society on Thursday evening of last week.

When the guests arrived they were each given a letter to be used as the initial of all conversation. This made things lively from the beginning. They all were given blank cards, red hearts, paste and pen-knives to make valentines. Many of the ones resulted and the prizes of the pretty valentines were awarded to Mrs. Geo. Paxton, Mrs. R. C. Maxwell and Miss Annie May Pope.

All the unmarried young people then tried their fortunes by endeavoring to put a pencil through a ring, suspended from the ceiling but only two, Miss Packard and Mr. Perry Packard were successful.

All the guests were then invited to the fish pond, where they all caught a variety of pretty valentines. There was much excitement among the boys when they were divided up and told the names of their future wives.

Delicious refreshments, consisting of sandwiches, cakes and chocolate were served. The napkins were in the shape of hearts and the plates were decorated with candy heart motifs.

There is a spirit of good fellow-ship among the members of the two societies. They are all very friendly and very sociable. The Presbyterians feel much indebted to the Congregationalists for their invitation.

## PRESIDENT WILL ENTER LISTS AGAIN

When the President of the United States is asked to run for a second term, he is usually asked to run for a second term. The President of the United States is asked to run for a second term. The President of the United States is asked to run for a second term.

The President made known his intention in order to comply with the wishes of the people. The President made known his intention in order to comply with the wishes of the people.

# THIS IS YOUR OPPORTUNITY TO ENTER THE HERALD CAMPAIGN---AND WIN

## MORE CANDIDATES WANTED—MEN, WOMEN AND CHILDREN MAY ENTER AND COMPETE FOR THE SEVEN PRIZES—EXTRA VOTE OFFER THIS WEEK—READ PAGE AD FOR PARTICULARS—PUBLISH NAMES FRIDAY

The Swastika used to be a "good luck" sign. The Indians used it. They thought it brought them "luck." A few years ago it was pretty popular with us. No one nowadays believes in "luck." When we get anything worth having we have to work for it. But sometimes we are given an unusual chance to have something BIG for doing very little work. We call such chances "OPPORTUNITY" and we go after them with hammer and tongs.

YOU HAVE AN OPPORTUNITY RIGHT HERE NOW. It is a mighty big opportunity. And it is yours to take. You can win a Ford Auto or a car or a pair of suits or a kitchen cabinet. Oh, there's a list of prizes that will make you want to go after it.

And You Cannot Lose. It costs you nothing to enter. You can win a prize. The Her-ald office will send you a list of prizes that will make you want to go after it.

Then you must spend a few spare hours during the next few weeks in getting votes for the seven prizes. The votes will be decided by the votes of the people.

Then you must spend a few spare hours during the next few weeks in getting votes for the seven prizes. The votes will be decided by the votes of the people.

Then you must spend a few spare hours during the next few weeks in getting votes for the seven prizes. The votes will be decided by the votes of the people.

for not entering this campaign. Any real reason that may seem to be in the way of your accepting this greatest opportunity of your lifetime come in and see him. Get him to help you overcome that difficulty.

Now then, figure it to yourself just what all this means. Figure out all the happiness there is in this CAMPAIGN for YOU and YOURS. Figure out how easily you can give that few extra hours each week to the little work necessary. Compare the ease of getting in automobile through the campaign with the long hard work of saving all day to spend \$100.00. THEN TEAR OUT THAT COUPON, FILL IT IN, AND BRING IT TO THE CIRCULATION MANAGER IN THE HERALD OFFICE.

### Opportunity Period

One of the great features of this campaign is the fact that you can win a prize for every \$10.00 club of subscriptions secured between today and March 21st at 8 P. M. A club of any number of subscribers will win a prize. The prizes are: a Ford Auto, a car, a pair of suits, a kitchen cabinet, a refrigerator, a radio, a vacuum cleaner, a sewing machine, a typewriter, a camera, a bicycle, a motorcycle, a boat, a house, a lot of land, a business, a job, a position, a title, a name, a reputation, a fame, a glory, a power, a wealth, a happiness, a contentment, a peace, a joy, a love, a life, a eternity.

Then you must spend a few spare hours during the next few weeks in getting votes for the seven prizes. The votes will be decided by the votes of the people.

### Schools Have Holiday

At a recent meeting of the school board for Seminole county the question of giving a day to the schools for the purpose of the teachers and pupils to attend the Great Five County Fair at Orlando came up. Upon motion duly made and seconded it was unanimously agreed that Friday, February the 18th be declared a holiday for the schools of Seminole county, for the purpose of allowing the teachers and pupils to attend the fair.

This is in keeping with the progressive spirit of the school board, and fully shows that they have an unlimited interest in the education and welfare of the children of this county, and the board's action in declaring this holiday will ever be remembered by both the teachers and children, and the good that will be derived from the attendance of the fair will be very noticeable to the citizens of the county and by patrons of the schools.

It is understood that Seminole schools will be represented in the fair with quite an elaborate exhibit, and it is predicted by the Herald that "Our" schools will bring home some of the first ribbons, if not all. Let's all attend the fair, and let's all see the Seminole school exhibit, and then let's show our real appreciation of that exhibit in a warmer way than we have ever before.

## DEFENSE PLAN OF WILSON THIS WEEK

Washington, Feb. 15.—President Wilson's return to Washington today from his week-end cruise in the Mayflower will mark the beginning of a busy week of conferences with leaders of congress over the appointment of a new secretary of war, national defense plans, and other legislation.

Among those with whom the President has appointments tomorrow are several congressional delegates with candidates for the vacancy in his cabinet and others who want to suggest ideas for the assistant secretaryship. The President's advisers think that the appointment of a new secretary of war is one of the most important of the President's duties.

# A NEW BRIDGE ACROSS RIVER AT MONROE

## ST. JOHNS HAS CONNECTING LINK BETWEEN TAMPA AND JAX

The connecting link between Tampa and Jacksonville on the real route between the two cities has been made.

This is the drawbridge between Volusia and Seminole counties and this bridge was finished yesterday and opened for travel. The opening was an occasion for a celebration in the nature of a big barbecue and despite the cold winds that swept over the St. Johns river at this point there was a large crowd present at the opening. The bridge was not in the best of shape for the opening in fact the workmen were obliged to put several finishing touches to the bridge before the first car could cross, but the cars did cross at once and this great event was pulled off in the presence of a large and enthusiastic crowd.

Promptly at noon the first car driven by Commissioner Roy Harlan and occupied by Michael Sholtz, Commissioner Brumley and Entzinger and Chairman Hagan and R. L. Holtz. The Herald passed over the new structure cheered by hundreds of onlookers and the many cars waiting on different sides of the river followed suit and the park opened was on. Up to this time the bridge was doing a good business but the old method of transportation will soon be discarded and the new bridge will be formally opened to traffic from this time forward.

The new bridge built by Michael Sholtz and associates is 1500 feet long, 18 feet wide and has a draw that gives the boats 100 feet clearance. The bridge will be a toll bridge and will charge the same tax as the toll bridge formerly charged. The bridge will be a toll bridge and will charge the same tax as the toll bridge formerly charged.

### Free Garden Seeds

Congressman Sears has sent a sack full of garden seeds to The Herald office to distribute and anyone wanting these seeds can call and get them. They are carrot, lettuce, musk melon, onion and tomato seeds and if the variety doesn't suit you don't get them. We are sorry that Mr. Sears did not send celery seed and potato to grow it but he informs us that owing to the war in Europe he could not obtain either the celery seed or the potato. We hope that next season Mr. Sears can send us just what we want here in the Sanford section and he might add a few pigs, some registered cattle, a few chickens and an automobile for each one of us. Meantime if there are any growers who want a package of the seeds mentioned above come in to the Herald office and help yourself.

### Cold Wave Strikes State

A cold wave struck the state yesterday and last night the thermometer cut some capers, being all around the freezing mark. As far as can be learned there was no damage done in this vicinity. The sudden drop from summer weather to winter caused every one to feel the change more than if the colder weather had been with us for some time. However, we have the consolation of knowing that it will make the celery growers rich and the wood men happy and it cannot last long after February. Having had such a fine winter we cannot complain if a cold wave strikes us now and then and it certainly is a delightful change.

### Fire at Enterprise

A bright blaze at Enterprise noticeable here in Sanford last night gave rise to the rumor that the hotel was burning but it proved to be the old railroad dock at the Enterprise wharf. It was supposed to be of incendiary origin and destroyed nothing of value.

### Stereopticon Views

The assistant superintendent of Thornwell Orphanage will give a lecture illustrated by stereopticon views at the Presbyterian church tomorrow. Everybody invited to attend.

The ladies of the Methodist Missionary Society will hold a rummage sale Saturday afternoon, Feb. 19th at the Duhart building, corner Sanford avenue and Fourth street. Those having rummage to donate please notify Mrs. R. M. Mason.

### Jr. H. Y. P. U.

The program was rendered on Feb. 6th by the Orange Blossoms. DeLesley Hill leading. This program proved a most delightful and interesting one. New members are added every week. Are you one of them. If not, come and join. Sunday night at 6:15.

# KNOW WHAT YOU'RE MISSING

POLITICAL ANNOUNCEMENTS

For Supt. Public Instruction, I hereby announce that I will again be a candidate for the Democratic nomination of Supt. of Public Instruction. I feel that I am entitled to this office for reasons that I will personally explain to the voters. May I ask your cooperation and support during the campaign and your votes at the polls.

WIRE TAPPERS AGAIN

Get Prominent Manufacturer to Come to Sanford and Longwood and Tap Him  
When 400 people learn some news?  
The old game of "wire tapping" is being played in this county as well as in the other counties of the state. It is a disgraceful and illegal business which is being carried on by wire tappers in all parts of the state.

BOARD OF COUNTY COMMISSIONERS MET IN REGULAR SESSION TUESDAY

Honorable Board of County Commissioners in and for Seminole county, Florida, met on February 8th, 1916 at 10 o'clock a. m. All present.  
Minutes of last meeting read and approved.  
Mr. Hagan made report on petition signed by citizens of Monroe, and on motion of C. W. Entzinger the delinquent license list as turned over by the tax collector for enforcement.  
Mrs. Gray came before the board and asked permission to be admitted to the county home. On motion of Commissioner J. T. McLain said request was granted.  
Mr. Swope came before the board and stated that Mr. McKenzie had left the county and asked that summons be appointed to fill his place. W. H. Howard was hereby appointed as drainage commissioner of Black Hammock Drainage.  
Mrs. McDaniel came before the board and asked for flat redemption of back taxes on land covered by Certificate No. 1632, sale of 1902, of \$5.00 plus clerk's fees. Same recommended to Comptroller.  
Mr. Landquist asked the board to recommend the redemption at a flat sum of \$150 plus clerk's fees, Certificate No. 2071, sale of 1894. Same recommended to Comptroller.  
Mr. Douglas appeared before the board and requested the board to recommend the redemption of certificates at a flat sum of \$35.00 plus clerk's fees, land covered by Certificate No. 709, sale of 1895.  
Mr. Swope came before the board and stated that the state held a certain amount of land owned by him, and asked that the board recommend the redemption of said land at a flat sum of \$100 plus clerk's fees.  
The board recommended that the state hold a certain amount of land owned by him, and asked that the board recommend the redemption of said land at a flat sum of \$100 plus clerk's fees.

DESCRIPTIVE BULLETIN

Of the College of Engineering, University of Florida, with Illustrations.  
The aim and scope of the College of Engineering of the University of Florida is given in a new bulletin just issued. Florida needs Florida trained men to take charge of its reclamation projects, swamp drainage, road building, improvement of harbors and waterways, management of public utilities, sanitation problems, and every branch of engineering development. It is with a hope of supplying these needs that the College of Engineering is maintained.  
The youth who intends to take up engineering for his life work will find no broader field than Florida. His training should be taken in the institution which is making a special study of, and giving special instruction in the problems with which he is to come in contact.  
The bulletin contains numerous illustrations of the laboratories and equipment of the College and of chemical, electrical, and mechanical engineering. It contains also a statement of the departments of instruction, curricula and degrees, scholarships and student life at the University. Copies of the bulletin may be had by request to the University of Florida, Gainesville, Fla.

Voters of Seminole County, Florida, Take Notice

Under the recent acts of the legislature it will not be necessary for those already registered in the primary books of this county to re-register and their registration shall stand in accordance with the tenor thereof but should any person desire to change their party affiliation they may do so by making application, in writing, to the Supervisor of Registration, at least sixty days prior to any General Primary Election, whereupon the Supervisor may note same upon the primary registration books and thus his party affiliation will be changed.  
H. C. DuBOSE, Supervisor of Registration.  
501c  
Phrase is an Old One.  
The phrase "entente cordiale" was first used to express the friendly relations existing between France and England in 1843.

BRACE UP! Liv-Ver-Lax Will Make You Feel Better

That tired feeling, dull headache and lasting cough are most probably due to a clogged up liver. Now, don't make yourself feel worse by taking nasty, disagreeable cathartics, but clean out that bile and make yourself feel bright and better generally by taking LIV-VER-LAX. It acts safely, surely and pleasantly, and is made entirely of harmless vegetable material.  
LIV-VER-LAX is guaranteed to give satisfaction or your money will be returned without question. Insist on the original bearing the likeness and signature of Dr. K. Griggs, for all packages in the U. S. and \$1.00 in W. V. A. R. E.

DR. A. DOLAN VETERINARIAN  
HAND BROS STABLES

FOR SHERIFF  
I am a candidate for election to the office of Sheriff of Seminole county, Florida, for the term beginning at the close of the present term on the 1st of January, 1917. I have not yet had the honor of a full term. When my present term of office expires I will have been in office only one-half term by election and less than one-half term by appointment and for this reason I feel that I am entitled to your support and if elected will give you the best of my personal attention in the future as in the past.  
I will appreciate your support.  
J. M. HARRIS

FOR COUNTY COMMISSIONER  
I hereby announce myself a candidate for the office of County Commissioner for the district of Seminole county, Florida, for the term beginning at the close of the present term on the 1st of January, 1917. I have not yet had the honor of a full term. When my present term of office expires I will have been in office only one-half term by election and less than one-half term by appointment and for this reason I feel that I am entitled to your support and if elected will give you the best of my personal attention in the future as in the past.  
I will appreciate your support.  
H. H. PATE-BALL

FOR TAX COLLECTOR  
I am a candidate for the office of Tax Collector of Seminole County, Florida, for the term beginning at the close of the present term on the 1st of January, 1917. I have not yet had the honor of a full term. When my present term of office expires I will have been in office only one-half term by election and less than one-half term by appointment and for this reason I feel that I am entitled to your support and if elected will give you the best of my personal attention in the future as in the past.  
I will appreciate your support.  
JAN D. JINKINS

TO THE VOTERS OF SEMINOLE COUNTY  
I will be a candidate for the nomination of the county judge of Seminole county at the primary to be held on the 21st day of March, 1916. I have served as county judge for the past two years and I feel that I am entitled to your support and if elected will give you the best of my personal attention in the future as in the past.  
I will appreciate your support.  
E. F. HEDSTADLER

TO THE VOTERS OF SEMINOLE COUNTY  
I announce that I am a candidate to succeed myself as County Judge of Seminole County, subject to the Democratic Primary. The two years I have devoted my best energies and talents to the office of County Judge have been years of diligent and faithful discharge of the duties of the office.  
I will appreciate your support during the campaign and will do my utmost to fill the office to your satisfaction.  
JOHN K. METTINGER

ONE YEAR \$2.00
SIX MONTHS 1.25
THREE MONTHS .75

The opening of the new steel drawbridge between Volusia and Seminole counties at Monroe yesterday marks an epoch in the history of the two counties. This new bridge makes the connecting link in the new highway between Tampa and Jacksonville.

The big fair opens at Orlando today and the counties of Seminole, Osceola, Volusia, Lake and Orange will be there with all the many and varied exhibits for which all five of them are famous.

There are still twenty men in Seminole county who do not subscribe for the Sanford Herald and the new contest wherein some one will win a new Ford automobile will get these twenty men on the regular list of subscribers.

Picking up the DeLand News we notice the interesting case of our old friend R. W. Storr, editor of the Herald who accounts his delay for starting his paper from the third quarter. We hope to see elected for Storr will be found in the first quarter of the year.

The top line of the subject again at the proper time and we will have a Seminole county fair next January or from the reason.

The annual Progress and Prosperity Edition of the Lakeland Telegram is at hand and it is a model of neat printing. The edition consists of 50 pages of good descriptive matter and half tone cuts that demonstrate the beauties of Lakeland and vicinity.

Why Patronize Foreign Plants?
A matter of no small importance is covered in an interview with a

Lake county citizen which we publish elsewhere.
That large sums of money annually are paid by Florida enterprises to printing concerns located in other states for work that could be as well or better done here is beyond dispute.
The printing business is one of manufacturing and service. It employs high class mechanical talent and men of brains. Workers engaged in it are generally desirable citizens for any community.

PREPAREDNESS
The editor of The Herald believes in preparedness. We do not believe in the kind of preparedness that will enrich the ammunition manufacturers and the corporations after the war in Europe ends. We do not believe in the United States voting more bonds on the people for the preparedness that would force the people to pay the bills and make them more subservient to the trusts.

It was with no small degree of sadness that we note in the Tampa Tribune of Tuesday, Feb. 13, the death of Mrs. Minerva Holly, mother of Editor R. J. Holly of the Sanford Herald.

CONDOLENCE
Tis better to have friends than riches and the editor of The Herald feels that he is rich indeed in true friends in many places. Especially is this true of the newspaper fraternity among whom we number some of our dearest friends.

The immense stock in the Caldwell Department Store to be thrown on the market Friday, Feb. 18th

Shoe Shine Stand

Open night door to the city centre. Open day and night and Sunday morning. 14-1c

Brilliant Spring Opening

Notwithstanding many other winter attractions of yesterday, about seven hundred people were attracted to the brightly lighted display of the Free M. P. Co. 14-1c

Modern and up to date in every particular, equipped with the latest devices for display and with its beautiful assortment of the new and latest designs in millinery, the show rooms of the Free M. P. Co. were an interesting place to spend some time at this wonderful opening. A veritable flower garden presented itself to the eye with its myriad of beautiful flowers and other attractions, in fruit and vegetable.

All of the goods were displayed in the windows, attracted a large crowd that thronged the city.

Martha Washington and Shop-herless shapes in hats are entrancing, while the chic little jet and nubby models are particularly pretty.

Mrs. Mehrens personally received the visitors, ably assisted by Mr. W. H. Chadder, Miss Bessie Long, Miss Gertrude Hutchison and Mrs. T. D. Pearson, the last mentioned the new milliner from Atlanta.

A shipment of pattern hats failed to arrive in time for yesterday's opening but will be placed on display the latter part of the week.

The Easter opening will be an event in the history of the model establishment and will be held shortly before the Easter tide.

A tremendous hat on display in front of the store aroused much curiosity during the day. This is the design of one of the season's fashionable shapes well decorated with Mrs. Mehrens will drive in the automobile parade in Orlando.

ABOUT PEOPLE AND EVENTS...

A RESUME OF SANFORD HAPPENINGS UP TO DATE

Address all Communications for this Column to "Security Editor," or Phone, Mrs. R. A. Terheun, Phone No. 203

Every Week Bridge

The members of the Every Week Bridge Club were delightfully entertained by Mrs. C. D. McLaughlin on Thursday afternoon. The Mrs. Stryker was presented the guest prize a pair of silver hose while the club prize was won by Mrs. Forrest Lake, to whom was given a set of individual baskets in croquet. One table of extra players were invited which included Mrs. Stryker, Mrs. Bishop, Mrs. Pappworth and Mrs. Hurt. Other members present were Mesdames Vero, Barnes, Lake, Neal, Gabbett, Buggitt, G. F. Smith and W. R. Aufe.

Better Baby Contest

The third annual Better Baby contest will be held under the auspices of the Welfare Department, Mrs. R. A. Terheun chairman of the contest committee. The contest will be held during Baby Week Campaign, March 4 to 11, the final examination to take place during that week. The preliminary examinations will close March 3rd. The physicians of the city have generously agreed to examine babies free of charge, but request that examinations be not left until the last days of the contest. Applicants must be under the age of 18 months. All babies who will be entered in the contest must be brought to the city hall by the contest committee. Mothers who intend to enter their babies in the contest are requested to bring them to the city hall at 10 o'clock on the day of the contest.

AMERICAN WRITER CRITICIZES SYSTEM IN BRITAIN.

High Governmental Places Reserved for Members of the Aristocracy—Fitness Considered a Matter of Little Moment.

In an old and stable land, governed by a monarchy, with social standards as fixed as the social foundations, the conventions played an enormous part, and the conventions in England were all against hard work. It was the old story of the aristocracy that held all the positions men naturally coveted. Time and again have I been assured by Americans, Canadians and Australians that what most impressed them in that England which has been killed by the war was the prevalence of the caste system. They were quite right, Sydney Brooks writes in the North American Review. The caste system was beyond doubt the outstanding feature of the British constitution. It was the caste system that made the West end of London the governing center of the empire. It was the caste system that in every important position reserved an excessive number of places for the aristocracy, whose title to them was based plurally on inheritance. Not only were the offices they filled in that country reserved from them according to the rules of its mores. They were there because it was an ancient custom in the country and a matter of habit that all the high positions of the empire were reserved for the aristocracy. It was the caste system that made the aristocracy the governing center of the empire. They were there because it was an ancient custom in the country and a matter of habit that all the high positions of the empire were reserved for the aristocracy.

Stars Numbered by Millions.

The number of stars visible in the largest telescope has been variously estimated. A few years ago an estimate of 125,000,000 was current. According to a recent estimate by Chapman and Melotte there are about 210,000,000 stars brighter than the twentieth magnitude. Professor Hale has recently stated that "there is reason to hope that a 100-inch telescope would add nearly 100,000,000 still fainter stars, many of them lying beyond the boundary of the universe as at present known," and within a year or so such a telescope (i. e., a reflector) will probably be in use at Mount Wilson observatory.

WOMAN'S CLUB

Welfare Open Day Program Postponed

Owing to unavoidable circumstances the open day program of the Welfare Department, which was to have taken place Wednesday afternoon has been postponed to April, date will be announced later. At that time the department will have as its guest of honor Dean Spencer, a noted authority on the Florida Indian. Mr. Spencer will deliver an address on this subject that will be vastly interesting. In place of the open day program, the business meeting of the department will be held and regular program given. As this will be an important meeting, owing to the nomination for chairman and membership committee a full attendance of the members is requested.

Stars Numbered by Millions.

The number of stars visible in the largest telescope has been variously estimated. A few years ago an estimate of 125,000,000 was current. According to a recent estimate by Chapman and Melotte there are about 210,000,000 stars brighter than the twentieth magnitude. Professor Hale has recently stated that "there is reason to hope that a 100-inch telescope would add nearly 100,000,000 still fainter stars, many of them lying beyond the boundary of the universe as at present known," and within a year or so such a telescope (i. e., a reflector) will probably be in use at Mount Wilson observatory.

Millinery Opening Mrs. Grace E. Williams Saturday February 19th A Complete Line of New York Pattern Hats Direct from New York will be on display Saturday, February 19th Mrs. Overman From Tampa, who is with Mrs. Williams this Season will be pleased to wait on you. Don't Forget Opening Day

Advance Styles for the Small Boy

For the small boy recently arrived at the dignity of blouse and pants nothing radically new has made its appearance in the suits designed for spring. It is in little details of finish and an occasional minor change in construction that novelty may be found. Those who wish to get the sewing for spring under way are safe in making up his washable suits and play rompers of the usual fabrics. Bolted blouses and bloomers, or straight pants, are made of colored chambrays or linens. Sometimes they combine a color with white, more often a plain and a striped pattern, and just about as often two colors, in the same suit. These serve, with his rompers, as in past seasons for his daily wear. White linen suits fill in his needs for more pretentious dress, and these or velveteen suits bespeak his best effort to do honor to formal occasions. Rompers that look trim are made of chambray or serge, with straight pants and long, plain body, cut in one piece. They open down the back and at the waist line and have a belt for the material that buttons in front. It is slipped through narrow straps of the fabric stitched to the body of the garment. The neck is round and split a little way down the front. It is finished with a narrow sailor collar and the sleeves with cuffs. A small patch pocket at the left side and two short straps across the split at the neck, fastened with a button at each end, give a bit of snappy finish. A velveteen and a linen suit are shown here. Both are made with straight pants and belted blouse. The velveteen blouse is plaited, with slashes under the plaits through which the belt is slipped. The shallow V at the front of the neck is filled in with a white dickey, and the small sailor collar, wide cuffs and belt are all of linen. The linen suit for midsummer is cut on the simplest lines, with sleeves and blouse in one piece. It is easy to make and reduces the work of laundering to the minimum. Julie Bottomley Fur on Transparent Raincoats. The transparent raincoats that are made of a fine silk fabric treated with certain oils which render it waterproof have been worn a lot in the East this year at winter sports. They are often seen with fur collars and cuffs.

# COUNTY HAPPENINGS

### A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS COVER TERRITORY FOR HERALD

#### OVIEDO ITEMS

Interest in The Herald's Circulation Contest has been stimulated by the entry of Miss Mary Aulin as a contestant. Miss Aulin was reared in Oviedo and taught for several years in the Oviedo public school. She is now having a successful year as principal at Monroe. Her many friends throughout the county will take pleasure in actively supporting her in the contest.

Mr. and Mrs. H. B. McCall returned Friday from the prairie where they enjoyed a fishing trip. Mr. McCall brought back a fine collection of fish stories and some fish. Many of our people motored to Orlando to see the "Battle Cry of Peace."

Mr. O. P. Swope is making a business trip through the northwest. The school children look forward to attending the Mid Winter Fair at Orlando on School Day next Friday.

Mr. Hunter of the Circulation Department of The Herald was in town Friday. Mr. Hunter has traveled extensively and was much impressed with the Black Hammock and its possibilities of future development.

The Oviedo Women's Club will present two excellent attractions the latter part of the month. Feb. 23rd W. Powell Hale gives a program devoted to readings and impersonation. Mr. Hale is an artist of much native ability, developed by years of experience on the Lyceum platform. He is a member of the Florida Lyceum Association and the United States Lyceum Association. His program is a masterpiece of art and will be a most interesting and profitable one to all who attend.

cumbers and onions for market. They have the leading garden of Wekiwa.

There is a large hog crop all over the community.

The Boyd Bros. are planning a big bear hunt the two last days of hunting season. They are fine on hunting bears and if there are any to be gotten they will surely bring them in.

Mr. T. C. Lipford is planting 25 acres of corn, besides other gardening.

Mr. Wallace sold his motor boat to the Wood Bros., who are getting out buds along the Wekiwa river.

## INFORMATION GROVE GARDEN & FIELD

QUESTIONS ANSWERED IMMEDIATELY  
BY MAIL  
Mrs. N. M. G. PRANGE, DEPT. MGR. WILSON & TOMMER FERTILIZER COMPANY JACKSONVILLE, FLA.

QUESTION: How can I rotate crops in my garden? I can't afford to give my land up every third year to oats and such cheap forage crops?

ANSWER: You do not say what you particularly want to gain by this rotation.

#### General Good Of The Soil

If it evenly tax the resources of the soil the following are good general tips. Plants with deep root systems should be alternated with those having shallow roots. The soil should be kept moist and not allowed to become parched. Crops should be rotated every year and every year should be followed by a year of rest. The soil should be kept under green manure.

QUESTION: How can I rotate crops in my garden? I can't afford to give my land up every third year to oats and such cheap forage crops?

ANSWER: You do not say what you particularly want to gain by this rotation.

## SUB-TROPICAL MID-WINTER EXPOSITION

GREATEST EVENT IN THE HISTORY OF THE FIVE COUNTIES

To Citizens of Volusia, Lake, Seminole, Osceola and Orange Counties

Greeting--Be it known to all of you that you are invited and expected to prepare suitable exhibits for display at the great exposition already agreed upon by your people, engaging in a friendly competition for the exhibition of the varied products of your section, also the things "Made in your towns," your school work, your fruits, your vegetables, your farm products, your stores of house and field, your art creations, your stock, chickens and all other things of interest.

Prepare to attend in person and with your family and friends, and the stranger within your gates.

February 15-19, 1916 Orlando, Florida

## The Spray That Sticks "ADHESO"

Celery is injured by gummy spray materials that wash off and run down into the heart of the celery. "ADHESO" is absolutely free from grit--as smooth as butter. It sticks to the leaves, protecting the celery against rust, both during and after rain, the time when the rust spreads. It destroys the Celery Caterpillar, stimulates the crop. Big celery growers in Florida with as high as 400 acres to the grower, are using it on their entire acreage in preference to anything else. "ADHESO" has often increased profits 50 per cent and more on POTATOES, TOMATOES, EGGPLANT, PEPPERS, BEANS, CUCUMBERS, MELONS, ETC. It is not THE COST PER POUND, but THE COST PER SPRAY TANK and INCREASE IN YIELD that counts. Write for further information.

Laura Jean Libbey's TALKS ON HEART TOPICS ARE ACTORS MARRYING MEN?

To wake the soul by tender strokes of art. To raise the genius, and to mend the heart. To make mankind, in conscious virtue bold.

It is the heart of a man which should be reckoned with—not his occupation. There is no class of normal men the whole world over barred from wedlock.

It must be conceded the gentlemanly actor would have little difficulty in taking unto himself a wife. He is possessed of good, round practical judgment.

When that criterion of his destiny takes a part in the marriage game, he might as well throw up his hands and yield to what is to be gracious which, summed up, means the actor may escape matrimony longer, perhaps, than the majority of his fellow-men.

There is much to commend the marriage of an actor with one of the profession, but much to discourage it with the beautiful girl who fell in love with him at first sight and must be left to her own devices to find pleasure as best she can the greater part of the year.

COMING BETWEEN THEM. Though loat to sight, to merrily dear. Though ever will remain. One only hope my heart can cheer—The hope to meet again.

What a pity it is that the paths of some lovers are so rugged! How few stop to think that the fault may lie with the lovers themselves. It is not to be expected that youth is overstocked with wisdom, yet it seems passing strange that girls with sweethearts make companions, nay, confidantes, of girls who show openly that they would cut out the confiding one if opportunity presents itself.

If the lovers have a misunderstanding, it is the girl friend who is expected to patch up their differences and coax them together. Effecting a reconciliation between them is not by any means the game such a girl plays.

ed to patch up their differences and coax them together. Effecting a reconciliation between them is not by any means the game such a girl plays.

There are young women foolish enough to follow this rash counsel—and rue it all the days of their after-life. To the dejected lover the false friend will say, with a sigh "It seems she longed for other hearts to conquer. You were not appreciated. Could any other girl have won so noble a love as yours, she would have thanked her stars for being so fortunate."

THE MAN WHO FLATTERS. "This old maxim in the words of the poet: 'Flattery will get you nowhere.' Yet now and then your own wit will commend you to take a bit."

Every girl has some idea of what kind of a man she would like. On the list of likes she puts down: "He must be agreeable, good-looking, popular, in fact a man I could look up to and be proud of."

He is horrified at his blunder when he sees how angry she gets. He is a diamond in the rough, but young feminine hearts do not make allowances for this. The man with the flattering tongue will leave the outspoken, rough diamond far behind in love making.

Even widows, who are supposed to be the shrewdest of womankind are not proof against being caught in the flatterer's trap. He knows no matter how old she is, she likes to be told that she looks as fair and sweet as a young girl!

Fathers and brothers know the flatterer, this stamp of man, very well. They tell their womenfolk that all he says is mere lip service, not from the heart. They have no end of trouble in making them believe it. They are sure to believe that an innocent man is being maligned, pitying him all the more.

When Mrs. Picklelilly Scored. Mr. Picklelilly came home from his club one morning about five o'clock. He entered his happy home, crept up the stairs softly, so as not to awaken his spouse, then felt for the switch to turn on the electric light. He could not find it, and in the darkness stumbled over a chair. "What's that?" came a voice from the bed. "Where in the den are the lights in this house?" started Picklelilly, trying to put a bold face on the matter. "Light!" cried Mrs. Picklelilly weath'ringly. "Pull up the blinds!"

## BUDGET OF OPINION "JUST BETWEEN YOU AND ME."

### EVEN THE GATE POST NOT IN IT

#### A CHIEF IS AMONG YE TAKING NOTES AND FAITH. "HE'LL PRENT 'EM"---SO SAYS SAUNTERER.

**Only a Dad**  
 Only a dad with a tired face  
 Coming home from the daily race,  
 Bringing little of gold or fame,  
 To show how well he has played the game,  
 But glad in his heart that his own  
 rejoice  
 To see him come and hear his voice.

**Only a dad, of a brood of four.**  
 One of ten million men or more,  
 Plodding along in the daily strife,  
 Bearing the whips and scorns of life,  
 With never a whimper of pain or hate  
 For the sake of those who at home  
 await.

**Only a dad, neither rich nor proud,**  
 Merely one of the surging crowd,  
 Toiling, striving, from day to day,  
 Facing whatever may come his way,  
 Silent, whenever the harsh condemn,  
 And hearing it all for the love of them.

**Only a dad, but he gives his all**  
 To smooth the way for his children small,  
 Doing, with courage stern and grim,  
 The deeds that his father did for him.

This is the line that for him I pen,  
 Only a dad, but the best of men,  
 Detroit Free Press.

Every man in so long I hear of  
 a man who has a remedy for making  
 Sanford greater and usually, the  
 man has a remedy that will make  
 him eight, ten, and twenty.  
 Now I do not mind putting  
 it fifty fifty with those fellows  
 who are to regenerate the world,  
 but I am late to part with some  
 real money at this time. A  
 while ago.

In the morning of the 15th of  
 got much to say about the  
 same thing.

Checkers come down to most  
 Several years ago I mentioned the  
 fact that the city charter stated  
 specifically that the offices of mar-  
 shall, clerk, treasurer and assessor  
 should be appointed, and yet at  
 that time and since that time the  
 city committee has been electing  
 these offices. It is a well known  
 fact that the city charter is in  
 the public domain and is controlled  
 by the people. This matter is  
 incumbent upon the administration  
 to appoint the men who succeed  
 in the primary. Last week the  
 auditing firm assigned to check  
 the official decided that the present  
 incumbent could not be elected  
 of course because of the fact that  
 the money could not be paid  
 report of the audit is that  
 that a new clerk and collector  
 treasurer and assessor would  
 be needed. The mayor had not  
 appointed any one to these positions  
 and at a meeting of the council it  
 was decided to make changes in  
 these positions. Mr. Lovell, the  
 clerk and collector resigned and  
 his position has been filled by J. F.  
 Roberts, formerly deputy clerk for  
 Semanole county. Mr. Preston, the  
 assessor and treasurer is standing  
 pat and says that he cannot be  
 ousted without sufficient reason and  
 there the matter stands. If these  
 positions had never been placed on  
 the ticket the little mixup would  
 never have occurred. I think the  
 aldermen are right in wanting the  
 city books kept right up to the  
 minute for it is a cinch that they  
 have not been kept according to the  
 plans as outlined by the auditor  
 several years ago. The account of  
 Mr. Lovell and Mr. Preston are  
 straight and all right and it is no  
 reflection on the integrity of either.  
 Simply a case of new methods and  
 greater efficiency.

When you get swelled up with  
 the idea of your self importance and  
 think you are just about perfect, re-  
 member that if weighed on the  
 scales you would be worth \$2.00  
 and that is all there is to it. It is  
 in you to realize that enough plain  
 plums for the birds of \$1000  
 matches, enough magnum bonum  
 respectable set of fire works, and  
 wood enough in your hand to start a  
 fire if it were not too green. Al-  
 together your actual worth is about  
 \$7.50 at current prices.

All of us have been of one idea  
 here in Sanford for several years  
 and that is the need of a good hotel  
 here. Some day a new hotel that  
 will take care of the high class tour-  
 list trade will be built here but mean-  
 time we should not lose sight of the

fact that Sanford has good hotels  
 in the Semanole and the Hotel  
 Carles and several smaller places  
 that can take care of the people for  
 this season. Let us boast what we  
 have and help those who are in the  
 business now to become greater  
 next season. Rome was not built  
 in a day and that immense structure  
 of steel and stone that we are look-  
 ing for will not be built in a day  
 but the boasting spirit will gain  
 more than the knocking spirit every  
 time and Sanford is still the best  
 city in this section of the state.

Sanford can well qualify for the  
 "Lucky" cognomen. Nature and  
 good fortune is always with us. For  
 instance the cold snap always comes  
 when we need it and yet the winds  
 are tempered to the shorn lambs  
 just right and we do not freeze out  
 us some of our less fortunate neigh-  
 bors are apt to do in the tender  
 vegetable line. The cold that came  
 in yesterday without warning is the  
 greatest thing that could have hap-  
 pened to our lettuce and celery and  
 our growers' ought to clean up the  
 greatest sum this season that they  
 have ever done in this section of  
 fabulous prices. Don't worry about  
 Sanford, dear brothers. We will  
 just naturally take care of our-  
 selves that will place us beyond the  
 clutching hand of poverty and ad-  
 versity. Get busy with your hair  
 and use the hairbrush for sanitary  
 purposes.

## ANCIENT CHURCH BELL

### ONE IN PHILADELPHIA OLDER THAN FAMOUS "LIBERTY."

#### Goes Back to the Times When the Early Swedes Settled on the Banks of the Delaware—Still in Good Condition.

Comparatively few persons among  
 the 100 or more who attended the  
 funeral of Rev. Snyder R. Simes at  
 Gloria Dei (Old Sweden) church  
 knew that the bell which tolled with  
 measured strokes as the body of the  
 beloved minister was carried to its  
 last resting place in the churchyard  
 just outside the city limits of Phila-  
 delphia says the Philadelphia Record.  
 This bell antedates the appearance of  
 William Penn upon Pennsylvania soil.  
 It has its origin in the days of the  
 early Swedes who settled on the  
 banks of the Delaware. In fact the  
 Gloria Dei bell is so old that it makes  
 the famous Liberty Bell appear like  
 a youngster in comparison of it.  
 Moreover, this Gloria Dei bell is  
 still in good condition, sound and  
 serviceable.

Just for the purpose of church in  
 Philadelphia street corner Dec. 11, 1812  
 derly feet, 1816, partly from the old  
 bell dated 1643, in the inscription on  
 the bell Thomas Heyeler one of the  
 vestrymen of Gloria Dei church has  
 in his possession interesting data  
 bearing upon the history of this fa-  
 mous church bell. As indicated in  
 the inscription, the bell was recast  
 and enlarged in 1806. But it is sub-  
 stantially the same bell which called  
 the Swedes to prayer back in the  
 earlier years. Israel Acrelius, provost  
 of the Swedish churches in America  
 and rector of Old Sweden church in  
 Wilmington, Del., in one of his his-  
 torical studies of the early Swedes re-  
 lates an anecdote of this Gloria Dei  
 bell and one of Governor Printz's  
 daughters. It appears that after her  
 father's death the Swedes on the  
 Delaware offended this good woman,  
 whereupon writes Acrelius, "out of  
 contempt for the Swedes she sold  
 with her farm the church at Tincum  
 which was built upon it, as also a  
 bell to a Hollander.

We learn from the same historian  
 that the congregation "had to buy  
 their bell back again by two days'  
 reaping in harvest time after Mme.  
 Armeget had gone away. It is  
 gratifying to know that even in those  
 early times Philadelphia had at least  
 one "working church." They were  
 not the pew warmers. Mr. Bleyler's  
 documents inform us that the "old  
 bell" dated 1643, came from Tincum  
 (now called Pungent) on the west  
 side of the Delaware river, north of  
 Darby creek, which was the principal  
 settlement of the third Swedish gov-  
 ernor, John Printz, who arrived Feb-  
 ruary 15, 1643.

The bell is supposed to have been  
 first used by the Tincum church in  
 1646, unless an earlier church was in  
 existence at that place, and contin-  
 ued to be in use at that church  
 until 1700, when, it is said, the Swed-  
 ish congregation left Tincum and  
 united with Gloria Dei church. At  
 that date, it is supposed, the bell was  
 removed from Tincum to Philadel-  
 phia.

### CALVERT FITTED BY TRAINING

#### At the Star Theatre Thursday, February 17th

E. H. Calvert, who both directs and takes the leading role in "The Crimson Wing," Essanay's six act feature taken from the novel by H. C. Chatfield Taylor, the well known author is exceptionally well fitted by training for his part.

He takes the role of an army officer in the photoplay. Mr. Calvert has a thorough understanding of military roles, being a West Point man and having seen fourteen years service in the U. S. Army, retiring as a captain shortly after the Spanish-American war to go on the stage.

He gained his first stage experience in "Arizona." He played the part of Captain Hogman in that production. He later played the role of Messala in "Ben Hur."

Among the other plays in which he had important parts were "A Lady from Linné's," "Coming Through the Rye," "A Knight for a Day," and "The House of a Thousand Candles." In the latter he played with E. H. Holland.

He then went into stock and played for a year in Pittsburgh, after which he went on the vaudeville stage. After three years in vaudeville he joined Essanay first as an actor and later as a leading director.

It was while playing in a multiple drama that his director was taken suddenly ill, and Mr. Calvert was entrusted to assist in producing it. He did it successfully, and from that time on he has been on the staff of the director.

Mr. Calvert has directed some of the most important photoplays recently produced by the Essanay company. These include "The Sign of the Cross," "The Man in the Iron Mask," "The Tenth Plague," and "The Last Days of Pompeii."

Count Leo Tolstoi wrote much concerning his favorite heroine.

Anna Karenina was a woman of a high type of woman who made her life a tragedy for her sake, for which after all she was not to blame. And this is Anna, a woman who suffered grievously through many vicissitudes, but in the end yielded to inevitable fate. It may be said that it is at least 15 years ago that she lived and not yet a woman of 15 years of age.

The foregoing masterpiece will be shown at the Star Theatre on Wed-

nesday, Feb. 16th at the Star Theatre.

When William Fox's name is connected with a motion picture you can rest assured without the least doubt that it will be something unusual and stands for an assurance of the highest quality in picture production. The manager of the Star, Sanford's Tiffany of entertainment, realizing the demand for the best possible entertainment has added to its already unequalled program the name of William Fox on one of these features will be shown at the Star exclusively every Wednesday.

**Black Fear**  
 "Black Fear," the five part feature produced by the Rolfe Photo-plays Inc., for release on the Metro program, which will be seen here at the Star Theatre on Tuesday, Feb. 15th promises to be the sensation of the season. The story is a remarkable and powerful one, dealing with the growing menace of the cocaine habit. An exceptionally strong all star cast is seen in this feature, including Grace Elliston, who makes her screen debut in this production, Grace Valentine, Edward Brennan and John Tansey, the famous boy actor.

### SEE HUMAN GROWTH CONTROL

#### Science May Dictate Size and Weight of the Race Declares Doctor Jacobs.

Philadelphia. That science is on the threshold of discoveries which will make it possible to retard or hasten the growth of human beings was the statement made by Dr. M. W. Jacobs. He asserted that experiments with rats have proved that animals fed on certain proteins for extended periods maintain a constant weight, but as soon as other necessary constituents are added growth is resumed. He cited one instance in which a rat was kept stunted for 522 days an age corresponding to about forty-five years in human life. By changing the diet growth was permitted to develop that would normally have taken place in youth.

"We have it in our power," said Doctor Jacobs, "to delay whether an animal shall do its growing in youth or old age, or whether it shall have several periods of growth. This being true, it is not too much to expect that the ultimate outcome of such work will be the scientific control of the forces of organic growth even in human beings."

A SCENE FROM "THE CRIMSON WING," AT STAR THURSDAY

**Paramount Pictures**

**PROGRAMME AT THE STAR THEATRE CONSISTENT**

Admission 5 and 15c Except Saturday  
 Saturday 5 and 10c

### SAVES LIFE BY TRANSFUSION

#### Chicago Physician Reports Remarkable Success of New Method in Cases of Asphyxiation.

Chicago, Ill.—Dr. W. H. Burmeister, a coroner's physician, performed experiments in a new and remarkable use of blood transfusion. He expressed the opinion, based on his experiments, that it is possible to restore to life those dead from asphyxiation, drowning or other accidents which cut off the supply of oxygen.

Doctor Burmeister has restored to life several rabbits and dogs after they have been asphyxiated and after all other artificial means had failed. The operation consisted in the transfusion of blood into the veins of the "dead" animal, accompanied with the regular methods of artificial respiration.

Doctor Burmeister's experiments consisted in asphyxiating his subjects to a point where heart massage, heart stimulants and oxygen administrations failed to bring signs of life. The rabbits or dogs were then hung by their hind legs and transfusion made into a vein in the ear of each subject.

"The reaction in most cases was almost instantaneous," he said. "The animal would begin to breathe and the heart to contract and expand in a few seconds despite the fact that artificial respiratory means had been ineffective."

### WOULD BE VICE PRESIDENT

#### Is a Candidate for the Nomination of a Vice President of the United States.

She is Mrs. Kate Richards O'Hare, a candidate for an office. Her nomination is determined by the National Rip Saw, a Socialist organ.

### ICE MAN CAUSES A STIR

#### Calls at Houses of Residents of West Virginia Town and Returns Overcharges.

Moundsville, W. Va. Touring the city and handing out sums ranging from ten cents to a dollar, an unidentified man has been calling at the homes of residents, telling them he was carrying charges in supplying ice and that they should give him the money.

The consumer strike in Moundsville, which is believed to have distributed \$100 in small amounts, wore its coat collar high about his face and a cap peak over his eyes. It is believed the man was converted at a recent revival meeting.

### WILD MAN IN MOUNTAINS

#### Has Long Hair and Beard and Clothes Himself in Strips of Cloth.

Sisson, Cal. Down in the mountains a wild and rugged spot through which the Sacramento flows on its way to the sea, a wild man has been seen, but only for a brief moment, as he quickly disappears on the approach of anyone.

One person who has seen him says that his hair is long enough to reach to his hips and a heavy growth of beard covers his face. His garments appeared to be of strips of blankets or sacks tied around his body, and his legs and feet were bare.

It appears to be a case of some poor fellow with his mind gone, who is roaming about through the woods. No depredations have been committed by him, and as he was only seen once in all likelihood he has moved to some other locality.

This may be the same wild man who was seen in the northern part of the county of Trinity and other counties bordering on Siskiyou.

### LIE COSTS \$20, SPEEDING \$5

#### Greenspon Told the Court He Had Not Been Arrested Before, but Records Showed Otherwise.

St. Louis.—A fine of \$20 "for lying" and \$5 for speeding was assessed against Louis Greenspon of No. 2829 Westminster place, a merchant, by Police Judge Hogan today.

Greenspon was arrested. It was charged that he drove his machine at 25 miles an hour on Locust street, between Beaumont street and Twenty-first street. When he was arrested Judge Hogan asked him if he had not been arrested before for speeding. Greenspon said he had not. Hogan had the record looked up and it showed that Greenspon was fined \$5 on August 14 for speeding.

"Young man," Judge Hogan said, "I fine you \$20 for lying and \$5 for speeding." The fines were paid.

### Hog With Five Feet

#### Stamford, Ky.—Andy Adams has a funny freak of nature in the way of a five-footed hog. The porker weighs about 125 pounds and has five well-formed and developed feet.

THE SANFORD HERALD

ON TUESDAYS AND FRIDAYS

IN SANFORD—Life Is Worth Living

SANFORD, FLORIDA, FRIDAY FEBRUARY 18, 1916

NO. 52

CHAUTAUQUA ATTRACTIONS TO BE GREAT

PROGRAM GIVEN BELOW GIVES AN INSIGHT OF EVENTS

The Chautauqua Association, composed of the leading business men of the city have arranged with the Alkhest Lyceum System of Atlanta for a fine Chautauqua program. Every one of the numbers will be the best in that line. A brief indication of their character can be gotten from the description below. The Herald publishes this program for the information of its readers. All will wish to see all or nearly all of the attractions and will do well to see the ticket sellers or the business manager, Mr. J. R. Wildman at the Chautauqua Headquarters on Park avenue. If not convenient to go to headquarters call phone 292 for any information for the reservation of seats and tickets.

**Thursday, 24th, 8:15 p. m.** The Goshen Orchestra in prelude. **WILLIAM JENNINGS BRYAN, \$1.00.**

**Friday, 25th, 8:15 p. m.** Goshen Orchestra in prelude. **WILLIAM JENNINGS BRYAN, \$1.00.**

**Tuesday, 29th, 3:00 p. m.** Pre-lecture by the Dunbar Male Quartet. **Edna Adine Founds, Orator and Lecturer.** Representing the Case of the Lanes Foundation.

**Wednesday, 29th, 8:15 p. m.** Dunbar Male Quartet in concert. **Edna Adine Founds, Orator and Lecturer.** Representing the Case of the Lanes Foundation.

**Thursday, 30th, 8:15 p. m.** Dunbar Male Quartet in concert. **Edna Adine Founds, Orator and Lecturer.** Representing the Case of the Lanes Foundation.

**Friday, 31st, 8:15 p. m.** Dunbar Male Quartet in concert. **Edna Adine Founds, Orator and Lecturer.** Representing the Case of the Lanes Foundation.

**Saturday, 26th, 8:15 p. m.** Edna Adine Founds, Orator and Lecturer. Representing the Case of the Lanes Foundation.

**Sunday, 27th, 3:00 p. m.** Edna Adine Founds, Orator and Lecturer. Representing the Case of the Lanes Foundation.

**Monday, 28th, 8:15 p. m.** Edna Adine Founds, Orator and Lecturer. Representing the Case of the Lanes Foundation.

**Industrious Ticket Sellers Wanted**  
On account of the large number of people in Sanford to be seen in Sanford tickets the manager, Mr. J. R. Wildman wants several people to sell with the sale of tickets and at the same time offers them the opportunity to make some money for themselves. He can be seen at the Chautauqua Headquarters on Park avenue or can be reached by calling phone 292.

**School Pupils and Teachers Have Great Opportunity**  
The extremely low rate that the management of the Chautauqua is offering to the pupils and teachers for the entire program will be a great encouragement to them to attend. The attractions that will be given in the Chautauqua Week, February 24 to 29, could be had there through the school. The cost for the entire program is only \$1.00 per season and, including all ten numbers, the price is offered.

**Management Will Save Season Ticket Holders \$1.00**  
The management of the Chautauqua is offering to save \$1.00 on the season tickets to those who will attend all ten numbers. The price of the season tickets will be \$2.00 and the season ticket will thus be able to save \$1.00. If they only attend half of the numbers they will make a saving of one single admission.

**Dr. Griffiths of Jacksonville was the city yesterday.** He was engaged here after spending several days at Enterprise where he is interested in the Christian Assembly buildings.

**Dietrich Has Bad Face**  
H. C. Dietrich, manager of the Virginia-Carolina Chemical Co. of this city must have a bad face for he was taken in by the Orlando police force at the Fair yesterday for a crook. In vain he protested to Chief Smith that he was an honest man, but the Chief was implacable and was taking him to the auto when Dietrich's friends came up and identified him. Just when the Orlando Chief had not had to Mr. Dietrich after his friends had helped him out and just why Chief Smith did not apologize for his mistake is something that the innocent victim is pondering over and his friends really think that either Chief Smith or the city of Orlando owes Mr. Dietrich an apology. It is bad enough to be mistaken for a criminal but to be hauled through a big crowd without a chance to explain and then have to explain from the officer's nothing shot of result. This is a very painful experience and Dietrich is not alone in this regard.

**New Manager at Enterprise**  
At a meeting of the executive committee of the Christian Assembly Association at Enterprise yesterday the hotel, Epworth Inn was leased to F. A. Gordon who will conduct it, Mrs. Gordon will be the manager. Mr. Gordon is the proprietor of one of the largest hotels in Enterprise, and his management of the Epworth Inn will be a success under his management.

**Teal Has Ticket**  
Teal has a ticket for the Chautauqua program. He has a ticket for the Chautauqua program. He has a ticket for the Chautauqua program. He has a ticket for the Chautauqua program. He has a ticket for the Chautauqua program.

**Death of Miss Richards**  
Miss Lucille Richards died at the home of her brother, Dr. Newlan at Ft. Lauderdale last Saturday night after a lingering illness. Miss Richards will be remembered by the people of Sanford who will regret to lose her. She was a devoted and faithful teacher for several years and after an affliction of the eyes was forced to abandon teaching and live here with the Newlan family at Ft. Lauderdale. The interment took place at Lauderdale Monday.

**Methodist Church**  
The services of the church will be especially interesting next Sunday. The Sunday school meets at 9:30. Mr. K. Metzger is superintendent. On last Sunday there were 235 in attendance and the plays are so well liked that the school will have 100 regular attendees. A church conference is being held at 11 o'clock.

**Many Tourists Here**  
There were never so many strangers in Sanford as at present, each foot and incoming train bringing them in and all the hotels and boarding houses are filled up. The state papers state that the entire state is filled with people and the recent cold snap in the north is responsible for the great influx of visitors into the state. It is almost certain that in March Sanford will hardly be able to accommodate the crowds, as the hotels are making many reservations now. March would be a good time to pull off a large celebration here in commemoration of the bulkhead. The candidates could be invited to speak and the occasion made a memorable one.

NAMES OF CANDIDATES ARE PUBLISHED TODAY FOR THE FIRST TIME

MORE CANDIDATES WANTED—SOME GOOD TERRITORY NOT REPRESENTED—OPPORTUNITY FOR COUNTY CANDIDATES TO ENTER AND WIN A PRIZE—50,000 EXTRA VOTE OFFER ENDS MONDAY NIGHT—ALL PRIZES ARE ON DISPLAY WHERE PURCHASED—SEE THEM

**They're Off in a Bunch—Are You One of Them?**  
If you are not, now is the time to get busy and enter your name. Do not let candidates be published on the next time today. Look over the list and see if your name is there. If it is not, do not wait to enter the campaign, see if some of your friends are entered, pick out a favorite and get your subscription to them. Better yet, clip out one of the nomination checks and enter the campaign yourself. The prizes are worth your while. Evidently the people of Sanford and vicinity will be well served by the candidates of all parties, for they will be able to choose the best one. It will be a good thing for the people of Sanford and vicinity to have a choice of candidates to select from. It will be a good thing for the people of Sanford and vicinity to have a choice of candidates to select from. It will be a good thing for the people of Sanford and vicinity to have a choice of candidates to select from.

**Don't Miss a Subscriber**  
In working your field, take in every house that you come to, no matter if you think that there is absolutely no chance of getting a subscription. You might be fooled on that, and it's worth the trouble to investigate. We have known of hundreds of times where people were sure that a candidate to call and give their subscription for the asking, while candidates were neglecting to call on them because they believed there was no chance. It takes only a short time to see one person, and if you improve that time by getting a subscription, it's worth while. If you don't try, if you know you won't get it, if you try, there is a chance, and on the strength of that chance YOU SHOULD ALWAYS TRY.

**Extra Vote Offer This Week**  
We are going to give 50,000 extra votes to every candidate who turns in \$10 in subscriptions by 8 p. m. Monday Feb. 21. You will get the regular amount of votes as usual, and there is absolutely no other requirement than for you to turn in the small sum of \$10 by next Monday night. If you have to mail your report we will count it in this offer if it bears a postmark of the town where mailed on or before Monday, Feb. 21. This gives the candidates a lot of various points the same number of working hours. You must allow to pass up the offer.

SEMINOLE IS LEADING ALL OTHER COUNTIES

THE FIVE-COUNTY FAIR NOW BEING HELD AT IS SAID TO BE BEST OF THE KIND

Word comes from the Fair at Orlando that Seminole county will scoop the show when it comes to large individual prizes and that this county is almost sure to take the grand prize for the best county. Seminole has already won 11 prizes on stock and 11 on poultry and this speaks well for Seminole, for it is said that the stock and poultry show this year at Orlando is the largest and best in the history of the Fair Association. The prizes will be awarded today and will be very interesting matters to determine the county prize as the five counties are said to have some very fine exhibits. Many of them are specializing on certain crops but Seminole has every kind of crop and vegetable and fruit and is bound to win the grand prize.

The exhibit under the careful management of C. M. Berry and A. V. French is arranged in fine shape and the wonderful possibilities of Seminole are shown in detail. Today is Seminole Day at the Fair and all the grown-ups will be there to sell the crowds. The candidates could be invited to speak and the occasion made a memorable one. Mr. and Mrs. D. R. Brinson, Mrs. A. R. Chappell and Mrs. J. S. Wallace are spending today at the Fair.

**Progress in Southeast**  
Columbus, Ga., Feb. 16. The Industrial Index says in its issue for this week: "Of much importance is the continual increase in the substantial development of large acreages and of suburban sections in the southeast."

"A company of Pittsburgh, Pa., has purchased a tract of 17,000 acres in Mobile county, Alabama, and has begun to prepare for immediate development. 2,000 acres will be planted in oranges and pecans, and it is expected to grow 10,000 bushels of potatoes this year for the early market."

"A Jacksonville, Fla., company has purchased a tract of 400 acres adjoining the city of Savannah and will develop it as a residence section."

"Investors of Philadelphia, Pa., purchased a beach property of 450 acres at Miami, Fla., at a stated price of about \$150,000, and will develop it along unique lines, the property having a tax footage of one mile."

These illustrate the investments that are being made in acreages and in suburban tracts in the southeast, though in many instances farm tracts are being bought with the purpose of dividing into small acreages for colonists.

Growth in the volume of construction operations in the southeast continues steadily.

Architectural plans are being prepared for a \$250,000 cotton compress and warehouse system to be built in August, Ga. J. F. Ross Davis, parish Louisiana, has awarded a contract for the construction of a courthouse to cost \$80,000.

A total of 16 corporations have been formed this week with minimum capital stock aggregating \$874,000.

Tifton, Ga., will vote upon the issuance of \$80,000 of paving school and waterworks construction bonds and Americus, Ga., on \$30,000 of improvement bonds.

At Morehead, Miss., will issue \$25,000 worth of bonds.

Among the items of construction work to be done, as reported this week are:

Apartment house, Augusta, Ga.; bridges, Jacksonville, Fla.; Clinch county, Ala.; Forsyth and Hill counties, Ga.; church building, Brookhaven, Miss.; Lindale, Ga.; and Tusculuma, Ala.; courthouse, Harrison, Miss.; factory building, Georgia, Ala.; printing, Bartow, Fla.; roads, Wilcox county, Ala.; Hunt county, Miss.; school building, Anniston and Chatham, Ala.; Charlesdale, Miss.; Ft. Myers, Fla.; and Greenville and Ridge Springs, S. C.; sewers, Alexander City and Birmingham, Ala.; and Laurel, Miss.; tract improvement, Columbus, Ga.; theater building, Miami, Fla.

Construction contracts have been awarded as follows:

Bank building to be remodelled, Vicksburg, Miss.; factory building, Columbia, Ga.; paving, Clearwater, Fla.; garage building, Pensacola, Fla.; school building, Columbia, S. C.; street improvement, Bessemer, Ala.; wharves, Augusta, Ga.

Industrial plants will be established as follows:

Cotton compress, McDonough, Ga.; flour mill, Gulfport, Fla.; brick and lumber plants, West Point, Miss.; knitting mill, Bowersville, S. C.; screen factory, East Point, Ga.; lumber plant, Point Washington, Fla.; and Stoves, S. C.; wood working plant, Zolfo, Fla.; dairy, Savannah, Ga.

COMMITTEE TO MEET AGAIN IN CONVENTION

STATE EXECUTIVE COMMITTEE TO RECONSIDER ACTION

Tampa, Feb. 18.—In issuing a call for another meeting of the state Democratic executive committee, Chairman George P. Raney issued a statement giving the names of those committed men who had requested him to reconvene the body and giving his reasons for acting upon their request.

The following members of the committee requested the call for another meeting:

Messrs. Cone of Baker, Futch of Bradford, Dame of Citrus, Smith of Clay, Bane of Columbia, W. W. Trammell of Gadsden, Price of Herdendale, W. J. Franklin of Calhoun, Brett of Holmes, Stewart of Lafayette, Kennedy of Lake, Barden of Levy, Sale of Levy, Rowe of Madison, W. J. of Manatee, Bluff of Monroe, Sauls of Nassau, Bluff of Taylor, Wells of Washington, Gillis of Walton, Bracks of Broward, Eaton of Jefferson, advised that the people of his county were opposed to the resolution as worded. B. J. of Putnam to the same effect. Hillman of Suwanee expressed himself as opposed to the resolution, and would vote to rescind, though not positively putting in a request for another meeting.

The committee has elected a nominating man, the board of county commissioners of that county request another meeting of the committee.

No expression received from Paines of Wakulla county.

The remaining twenty-four members declined to join in the request or express themselves as positively opposed to another meeting.

A number of the above named committeemen joining in the request for another meeting base such request solely on the ground that a meeting of the executive committee is to be held in the city of a double construction being placed upon them. A large majority of the committee expressed themselves to the effect that in the event that another meeting of the Florida state committee being held, that a resolution should be adopted precluding qualification of electors for the Democratic primary, so framed or worded as to mean that only those who are seeking to give their support to the Democratic party and all of its nominees be permitted to participate in the primary.

"It is very evident from the above that there is some doubt as to whether a majority of the committee desired another meeting. However, in view of the different constructions which have been placed upon the resolution, I felt it my duty to call another meeting in order that there may be a thorough discussion of the subject and such action taken as may be in the judgment of the committee to the best interests of the party. It is important that every member of the committee attend, and I hope that every candidate for the United States senate and for Governor and other state offices will attend the meeting, prepared to express his views on Democratic principles.

"Personally I would not attempt of course to exclude any loyal Democrat, but on the other hand I am unalterably opposed to permitting any one to participate in the Democratic primary who will not freely give his undivided allegiance to the Democratic party or who will not express his mind in support of the Democratic party's platform."

The Junior Civic League meeting will be held at the home of Mrs. E. L. Marshall Thursday, Mar. 25, at which time the general business of the League will be discussed and a social hour enjoyed. Refreshments will be served. Mrs. Harry Nickel, chairman of the League and her assistants, Mrs. E. L. Merrill and Mrs. M. Minarik have planned a vigorous campaign in the next four months.
