

REVOLUTIONARY NEW TYPE ALL-METAL, SELF-CONTAINED SPRAY GUN MAKES PAINTING EASY!
**NOW SPRAY FURNITURE, ROOMS, GARDENS, CARS—
 ANYTHING IN MINUTES WITH AMAZING NEW SUPER JET!**

New, For The First Time A Convenient, Light Weight, Heavy Duty Spray Gun That Operates As Well On A Thumbful Or A Barreful Of Spray Liquid—No Air Compressors Or Extra Motors Needed! Just Pull The Trigger To Operate! Nothing Extra To Buy!

NEW YORK, N. Y.—Now for the first time engineers have developed a convenient, light weight, heavy duty spray gun that is a complete, self-contained unit. This revolutionary new all-metal spray gun is more versatile than any conventional type because it can be used for any kind of job without the use of heavy equipment.

As a further advance, this 5-gallon, all-metal spray gun can spray practically all liquids. Spray from open or closed containers—over a barrel! This feature, which no other spray gun has, allows you to spray anything from paints, enamels, varnishes, shellacs, lacquers, waxes, oil, insecticides, fungicides, soluble fertilizers, etc.

Now you can spray indoors or outdoors without having to lug heavy, expensive equipment around... All you do is plug in any regular 110 volt A.C. electrical outlet and it's ready to use, and there's nothing extra to buy. This revolutionary new spray gun contains no plastic parts, no breakable glass jars. It's made of strong, rugged, precision-machined and finished cast metal parts with a smooth pistol grip. The entire rugged steel casing is protected coated with

a more liberal enamel process that gives you a beautiful two-tone metallic finish for easy cleaning.

This revolutionary new all-metal spray gun makes painting the easiest thing in the world because there are no tanks, no pumps, no compressors or extra motors—no extra of any kind to buy. You just plug in and it's ready to operate. And, since it works on an entirely new principle that does not use air pressure, it can spray almost any liquid that can be painted.

The name of this new all-metal spray gun is SUPER JET and it is designed to operate years and years trouble-free. SUPER JET has a working inside pressure of approximately 100 lbs. per square inch. You'll be amazed at the smooth, professional results you will get the very first time you use it. SUPER JET won't clog, sputter, "spit" or otherwise jam on you and you don't have to spend upwards of \$100.00 for professional equipment costs. But read the amazing story on this page and you have the new all-metal SUPER JET spray gun that can save you money, make life easier, more convenient for you and your family.

No Spraying Experience Needed! To Operate Easy-To-Use SUPER JET... This is true independent engineering research proves that SUPER JET gun what no other spray gun can do. SUPER JET, as best known to you, does the same job with greater ease and less bother and inconvenience than dozens of ordinary types of spray guns tested. In actual tests it was found that SUPER JET performs as well as other spray guns costing many times more. In no instance was it ever found to operate particularly after some time.

Election Win Boosts Chances

MAINZ, Germany (AP)—His greatest election victory in two years last night bolstered Chancellor Konrad Adenauer's plans for speedy action on his program to arm 500,000 Germans for the Atlantic Alliance.

The state of Rhineland-Palatinate in elections yesterday gave the Chancellor's Christian Democratic party unchallenged control of the State Parliament and a stunning vote of confidence in Adenauer's policy of friendship with the free world.

It was Adenauer's biggest victory since his party won a one-vote majority in the lower house of the Federal Parliament in the 1953 national election.

The result yesterday clinched the Chancellor's vital two-thirds control of the federal upper house (Bundesrat), needed to ensure approval of the coming legislation to put rearmament into effect. Adenauer still controls 26 of the 36 Bundesrat members, who are named by the state governments.

The Christian Democrats won 51 seats in the 100-member Rhineland-Palatinate legislature, the Socialists 36 and the right-wing Free Democrats 13. Neither the Communists nor the Nazi-style Free Voters' Assn. won a single seat.

Work for the Auxiliary for the welfare of children of war veterans draws its major financial support from the coin boxes which the group's "Poppy girls" will carry here Saturday. It was pointed out by Mrs. Hunter. She continued, "Fully half of the children in Sanford are children of veterans and out of this number there are constantly some who need help."

The war is still taking their toll of men who served in them, and when a veteran is stricken down by illness or death, there often are children left in need, she concluded.

Mrs. Kay Klein of Richmond, Va., spoke on the Monroe Doctrine and its many changes and ratifications made at the whim of the U. S. Government and received an ovation at the close of her remarks for the excellent presentation of her subject that showed a vast amount of research.

Vincent Antonetti of San Juan, Puerto Rico, spoke on the need for better and closer understanding between the United States and the South American republics.

Eduardo Garcia of Santiago, Chile, one of two popular brothers at Rollins, acted as moderator of the meeting after being introduced by program chairman J. Ed Best. President James Holliday presided, visitors were introduced by M. L. Raborn with singing being led by Charlie Morrison with Harry Kudell at the piano.

Announcement was made of the postponing of the meeting scheduled for next Monday in order that the club might enjoy its spring boat ride and corn roast on Wednesday, May 18.

Only three weeks remain in the current 60-day session. The lower house faces longer working hours in an effort to cut down its calendar cluttered with major bills, including key administration proposals.

The Senate, which traditionally sets the reappointment pattern, expects to take another vote this week on the proposed constitutional amendment to give every county a senator and increase House membership. Gov. Collins announced he would call the Legislature back into special session if it didn't make a "real" reappointment.

This is Senate bill day in the House and a variety of Senate-approved measures are up for consideration. None are of major importance, however.

UNROMANTIC MOTORISTS HONK AT COUPLE LONG BEACH, Calif. (AP)—Jess Blowers' girl said "yes" when he proposed yesterday while driving. He jammed on the brakes and they went into a prolonged clinch at a major intersection while unromantic motorists honked and shouted.

Policeman Bland Watkins, when he heard Blowers' explanation for the traffic holdup, offered his congratulations — and a ticket for failing to observe traffic signals.

Fruit Picker Admits Passing Bad Checks

CHARGED with writing and passing worthless checks are Emmett Pope (second from left), Sanford fruit picker, and his wife, Effie (head inverted). With them at the entrance to the County Jail are Deputy Sheriff A. E. Evans (left), and Constable J. Q. Galloway. (Staff Photo)

Operators Identify E. Pope

Checks Are Drawn At Sanford Banks

A Sanford Negro fruit picker today confessed to passing more than \$200 in worthless checks after he was identified by operators by Seminole County stores and gas stations, Deputy Sheriff A. E. Evans reported.

Evans and Constable J. Q. Galloway removed Emmett Pope, 43, from the County Jail this morning to take him on a swing of the business establishments where he was accused of cashing the checks.

Pope also cashed at least one check in Volusia county and may have cashed others in Orange and Lake counties, Evans said. All the checks were drawn on the Florida State Bank and the Sanford Atlantic National Bank.

Evans said Pope and his wife, Effie, 48, were arrested yesterday after the operator of Jackson Service Station at Delray reported cashing a check of \$29.00. Effie Pope admitted she wrote the checks passed by her husband, Galloway added.

Pope posed as a sawmill worker in cashing the checks, the officers said. Other checks ranged from \$32.50 to \$42.75.

Evans said forged warrants were being issued today by County Judge Ernest Housholder and Justice of the Peace Hugh Duncan. Bond was set at \$500 each for Mr. and Mrs. Pope.

Among the other places where checks were cashed, Evans said, were the Shell Service Station at Five Points; the Glendivine Grocery Store, and the Allamonte Springs liquor store.

Tito Assures West That Coming Meet Will Not Be Secret

BELGRADE, Yugoslavia (AP)—President Tito has assured the West that his coming conference with top leaders of the Soviet Union does not mean Yugoslavia is "changing sides." He still intends to keep his country out of all blocs — Western, Soviet or neutral "third force," he declared.

Speaking at the North Adriatic port of Pula, Tito said yesterday he wants good relations with both the West and the Soviets. He promised there will be no secret deals "behind the curtains" at his meeting in Belgrade later this month with Soviet Premier Nikolai Bulganin, Communist party chief Nikita Khrushchev and Deputy Foreign Minister Andrei Gromyko.

"The whole West will know what we have discussed, and what we have agreed upon," the President declared. "Yugoslavia is grateful declared.

Helen Patterson Dies In Hialeah

Helen Rebecca Patterson, 2, died at 4 a. m. yesterday at Hialeah Hospital in Miami. She was born Sept. 29, 1952 in Sanford and had been living for a short time in Miami.

The young girl died after licking from her hands a powdered insecticide containing an arsenic compound.

She is survived by her parents, Mr. and Mrs. Harold Patterson, one brother, Philip, and her grandmother, Mrs. V. H. Anderson of Sanford. The child's mother is the former Miss Dorothy Anderson of Sanford.

Funeral services will be conducted at 2 p. m. tomorrow at Brisson Funeral Home.

Rep. Williams Bill Goes To Governor

TALLAHASSEE (AP)—A bill to compensate gasoline dealers for tax paid on gas which evaporates from their tanks cleared the Legislature today with unanimous House passage.

Rep. Williams of Seminole County said the refunds would total about \$52,000 a year if all gas dealers claim it. The measure now goes to Gov. Collins.

Honduran Officials Censor Dispatches

Government Fears News May Worsen Present International Emergency

TEGUCIGALPA, Honduras (AP)—The Honduran government has clamped censorship on outgoing press dispatches to check reports which, it says, might worsen "the present international emergency" with Nicaragua.

The government said last night it had acted "because of certain false reports filed . . . by some press agents (correspondents) and the attempt of Mr. (Harvey) Rosenhouse, agent of Time magazine, to send a message containing alarming information which might make more serious the present state of relations between Honduras and Nicaragua."

Rumors that Nicaragua might invade Honduras spread through the Honduran capital Friday as the government posted troops along the frontier following reported activity by the Nicaraguan national guard. The government said last night the situation was not alarming and "soon everything will be settled in a friendly manner."

In New York, a spokesman at Time magazine said an editor talked with Rosenhouse by phone yesterday, but the call was interrupted. He said efforts to reach the correspondent since then had been unsuccessful.

Underwater Blast May Cause Little Air Contamination

WASHINGTON (AP)—The underwater atomic explosion off the West Coast to evolve anti-submarine tactics may produce little or no atomic cloud and air contamination.

This will be partly the result of the extreme caution the Atomic Energy Commission and Defense Department are taking to avoid complaints about drifting radioactivity like those which followed the 1954 hydrogen test in the Marshall Islands.

It also may result from the conditions under which the test presumably may be conducted, an explosion of a small nuclear gadget in relatively deep water.

Protests against the forthcoming test have been lodged by commercial fishermen in California, who are concerned about destruction or contamination of fish.

Two New Men Join Sanford Cardinals

Two new men have joined the Sanford Cardinals, Jay M. Walker, business manager of the local baseball organization, announced today.

Walker said the newcomers are Charles Francis, 19, pitcher-outfielder who hails from Gibeland, La., and Charles Lankford, rookie pitcher from Jacksonville.

Francis was formerly with the St. Louis Cardinal club at Hazlehurst, Ga. Lankford journeyed to Lakeland with the Sanford team last night but did not get an opportunity to play.

Water Main Bursts

CHICAGO (AP)—A 48-inch water main burst and spilled a small flood which forced the overnight shutdown of U. S. Steel's giant South Side plant. Battalion Fire Chief Edward Johnson estimated the flood, which covered the grounds of the south Chicago work and several blocks of nearby residential areas, cost \$25,000 damage.

Latin American Relations Subject Of Rotary Address

A program on Latin American relations with the United States and definite specific suggestions as to the improvement of those relations were offered members of the Sanford Rotary Club at its regular weekly meeting at the Yacht Club this noon.

Miss Kay Klein of Richmond, Va., spoke on the Monroe Doctrine and its many changes and ratifications made at the whim of the U. S. Government and received an ovation at the close of her remarks for the excellent presentation of her subject that showed a vast amount of research.

Vincent Antonetti of San Juan, Puerto Rico, spoke on the need for better and closer understanding between the United States and the South American republics.

Survivors include his wife Mary, four children, Mary Beth, Richard Jr., Loella, and Harry Hamilton; and three sisters, Mrs. Lyle Newkirk, Mrs. Charles Walsh, both of Daytona, and Mrs. Corrodi.

Sanity Hearing Set For Local Woman

A sanity hearing was set for a Sanford woman after she attempted to cash a \$5,000 check at the Florida State Bank this morning, claiming she was married to John D. Rockefeller.

City Police said Hattie Timms, 1017 Holly Ave., signed the check. "Hattie Timms Rockefeller" she said she had married Rockefeller by telephone, police said.

Polio Vaccine Fund Of \$28 Million Set

WASHINGTON (AP)—The Eisenhower administration today proposed a \$28 million federal fund to help the states provide polio vaccines for children in low income families.

This was one of 11 recommendations submitted by Secretary of Welfare Lobby to President Eisenhower. The White House said Eisenhower approved the report and endorsed the recommendations.

The aid-to-states program would become effective after the completion of the free immunization program now being conducted by the National Foundation for Infantile Paralysis.

The Foundation's program applies to children in the first and second grades.

The administration's proposed federal fund contemplates an immunization program for all American children through the age of 10.

The administration also proposed an additional two million dollars for extra inspectors and technicians in the Public Health Service "to insure maximum precautions in continued testing of the vaccine for safety and potency."

Adjournment Date Fast Approaching For Legislature

TALLAHASSEE (AP)—With an eye on the fast approaching June 3 adjournment date, the House waded into its congested bill calendar today while the Senate began preparing for a showdown on legislative reappointment.

Only three weeks remain in the current 60-day session. The lower house faces longer working hours in an effort to cut down its calendar cluttered with major bills, including key administration proposals.

The Senate, which traditionally sets the reappointment pattern, expects to take another vote this week on the proposed constitutional amendment to give every county a senator and increase House membership. Hopes Are High For End Of Strike

ATLANTA (AP)—Bo's sides in the 63-day-old Southern Bell Telephone strike kept in touch with each other today through the Federal Mediation and Conciliation Service.

Meetings are subject to the mediator's call. The next are expected to be held tomorrow with both company and union expressing hope that an agreement may be in sight.

In a new statement, the company maintained that "proposals now before the union offer a fair and reasonable basis for a settlement."

Tell Her It's MURDER

CHAPTER SIXTEEN

BARRY went to the phone, called the Messenger office and was put through to the city desk. A voice said that the photograph had been posted Sunday night and received through the mail on Monday morning. There was no letter with it, just a typewritten slip saying: "Here's a snapshot of the man wanted by the Yonkers police for the murder of Michael Brodsky." The picture was no longer in the Messenger's possession. The editor was Mr. Lott, Barry could apply to them.

Barry did, stating his name and his business to three different officials. Then Todhunter came on. Todhunter knew all about the snapshot. The editor was a clever man with an interest in crime, he had been glad when Barry declared his intention of staying the night. The following morning, a couple of hours after Barry had gone, the mail was delivered. Louis Casarey took the letters from the mailman and came up. A few minutes later Regina came downstairs and began going through the letters. She had done her good. She stood sideways to Susan, tall and sleek and and a white turtle-neck sweater that made her look about 22. And then the change.

Susan had opened a letter and was holding the sheet of paper, an ordinary sheet of newspaper, in her right hand. The other was suspended in the air. Before she had read more than half a dozen lines she crumpled the letter convulsively and she remained in her room, and her head jerked up and back. Susan put down her cup. "Regina, what is it?"

"Regina, what is it?" "What?—Nothing, Susan, nothing." She went up the stairs. Half an hour later, a half-hour during which she remained in her room, she came down again, called Eddie and said she'd go to Majorca with her—and the woman the better. Susan was stumped. It was the letter, of course—but what was in the letter and who was it from? The worst part of it was that Regina wouldn't talk to her. Susan tried. "Was there bad news in that letter you got this morning, Regina?"

"Letter, Susan? What letter?" "Oh, that one."

"For the rest of the day she avoided being alone with Susan. Susan was both worried and pos-

sessed. Regina's secrets were her own, the trouble was she had never had any secrets. Her life, except for the brief interval of the marriage which had come to an untimely end had been lived on Wolf Hill, where everybody knew what everybody else was doing.

Susan could scarcely recall Regina's husband except as a tall, dark young man who was a wonderful dancer. When Regina divorced him and came home for good a car and a half later with her baby and without her husband, it was as though he had never been, except for her boy, whom she adored. Then years later, she returned from a trip to the Virgin Islands and brought back a young man who was the Virgin Islands' ambassador to New York. What was in the letter that had so shocked her? Could it be—had someone poisoned her mind about Jim Andrus, told her lies, destroyed her belief in his innocence?

Late that afternoon Susan broke her promise to Todhunter and told Regina the whole truth, beginning with what had happened Sunday night and ending with her own belief. "Jim Andrus didn't kill Roger. Someone else drove Jim's car that night. And whoever drove it killed that man Brodsky last Sunday night and then tried to kill the woman in the Glover street house, to keep the truth from coming out."

Susan was with Regina in her bedroom. It was getting dark out and the room was dim. There were only two small rosy lamps lit. Regina had been working underlings when Susan walked in. She sat on the dressing table stool, a slip trailing from her lap, and listened in complete silence, as still as though she were made of stone. As Susan finished she got up of the stool. It was like watching a wave rise and lower.

"No," she said in a choked voice, standing tall and straight, her hands thrust out in front of her as though she were pushing something away. "Oh, no, no." She stooped, almost fell, found the stool and sank down on it, her back turned, and buried her face in her arms.

Leaving Andrus as she did, the thought of what he had had to bear, the disgraceful burden he had had to carry, of those long months in jail for a crime he hadn't committed was too much for her. "Yes," Susan said gently after a moment. "Yes, Regina, Jim Andrus is innocent."

Regina didn't move or speak. Susan said, "Wouldn't you like me to leave you for a little while?" and Regina said in a muffled whisper, "Please," and Susan went.

Meanwhile, down in Yonkers on that Wednesday, Sgt. Dupasse was no longer a happy man. Things were not going at all well. Andrus continued to maintain his obstinate and mocking silence, and Joe Horton, the district attorney, at first

enthusiastic about Andrus' complicity in the killing of Brodsky and the attack on Mrs. Fenn, was beginning to get fussy and to show signs of wanting to wash his hands of the case.

Instructed by cable from Italy—Fernandez had talked to Judge Carmody over the trans-Atlantic phone after Andrus' arrest—Mrs. Carmody's lawyer, a member of an old and august firm, had come up to Yonkers and talked to Andrus and then to Horton. Barnstable was calm, suave, unflustered and firm. "You're wasting your time, counselor. Circumstantial evidence is fine, there's none better, when you've got your facts in order, but as far as my client is concerned, you've got the facts wrong. It's your timing that's out. We're perfectly willing to admit that Mr. Andrus went up to Michael Brodsky's cabin last Saturday night in the hope of meeting Brodsky. They did not meet, while Brodsky was alive, and we can prove it. Same thing with Mrs. Fenn. In both instances Mr. Andrus was preceded by the killer. Do what you like. Go ahead if you want to, but you'll be riding for a fall."

This would have had no effect on Horton if he had been sure of himself. He wasn't sure. It wasn't necessary to prove motive if you had rock-bottom, unimpeachable evidence. They simply did not have it. Moreover, Andrus had been judged for almost 48 hours and they couldn't hold him innocently. Barnstable would see to that, unless they got the go sign from Mrs. Fenn, and she was out for the count, and high up on the danger list. The hospital continued to say no change.

Todhunter also kept in touch with the hospital in the intervals of what had been a busy day, with not much to show for it. It was routine procedure, the ground work had to be laid.

Michae said to begin with the boy's death, get it straightened out down to the smallest detail. Aimed with a number of cards covered with cellophane with his name and rank on them, each in its own envelope, Todhunter started on his rounds early. He went first to the Pelham house to have a look at the terrain over which a boy and walked to his death more than a year and a half ago. The younger women weren't out yet. Mrs. Casarey admitted him.

Todhunter handed the nurse one of the little cellophane cards as identification, and put his request. Mrs. Casarey nodded, and gave the card back to him. She led the way to a wing on the ground floor where there were two bedrooms and a bath. Formerly servants' quarters, they had been fixed over for the child; he had had rheumatic fever and stairs were hard on his heart. Roger Pelham had slept in one room, the nurse in the other, for a month preceding the boy's death.

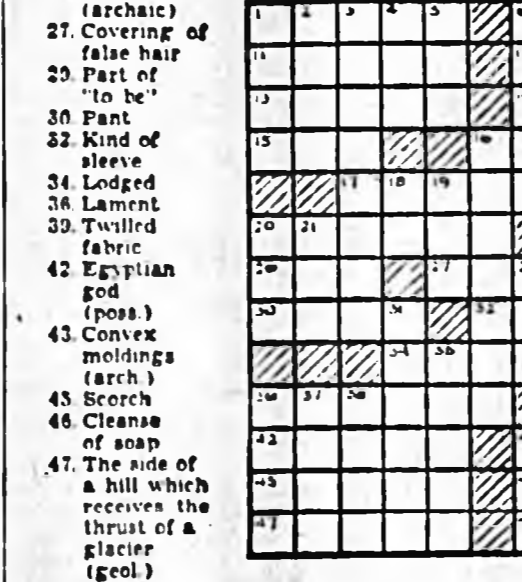

"He's the best one-armed dog driver I ever saw," Mrs. Eagle said. "He had one arm around me and the other on the leash." Bruce's German shepherd Andy and Mrs. Eagle's collie Winnie sat outside the church during the ceremony and then were reunited with their owners at the reception.

40-Yard Shot Kills Sheriff Instantly

GROESBECK, Tex. (AP)—A sharp-shooting former mental patient killed the Limestone County sheriff with one shot through the head at 40 yards yesterday. Then, with a 22 rifle, he held off an army of 100 officers and an armored half-track several hours before being flushed by a mass charge of lawmen.

The sheriff, J. Harry Dunlap, 41, had gone to question N. J. Tynes about the shooting of a neighbor. Tynes, 44, was due to be recommitted to a mental hospital.

After he was shot, Dunlap lay in the crossfire two hours until officers created a disturbance at the front of the store-and-a-half farm home to draw Tynes' attention. Other officers then pulled back the sheriff but found he apparently had died instantly.

Merry 20 Club

The Merry 20 Club met recently at the home of Mrs. Alto Roykin, 41 William Clark Court. Mrs. Thelma Baker, president, presided over the meeting. After the meeting was adjourned the hostess served delicious refreshments.

Last week the club met at the home of Mrs. Hazel Brown, 87 William Clark Court, at which time three new members were taken into the club.

Wednesday the club will meet with Mrs. Nellie Baker at 87 William Clark Court.

Prior to its entry in the Western Conference in 1950, Michigan State won eight consecutive Central Collegiate Conference swimming championships.

Woman Dispatcher Makes Plea With Man Threatening Suicide

DALLAS (AP)—A woman police dispatcher joked, teased, chatted and pleaded with a man on the phone last night who threatened to shoot himself or anyone who tried to capture him.

The 35-year-old man ended the conversation by throwing down his 22 rifle when relatives walked unsuspectingly into the brick home at nearby Rylie. He fled but was captured and jailed for investigation of lunacy.

"I talked right through my supper hour, but it was worth it," said Miss Lavinia Mae Horak. Carl Wood, night admission clerk at the veterans hospital nearby Lisbon, got a phone call from a man who sounded drunk. The fellow talked of six years' war duty and threatened to kill himself. He refused to give his name, but Wood got him to give his phone number. Wood called police and Miss Horak dialed the number.

The soft-voiced dispatcher alternately jibed and pleaded while officers traced the call and sent deputies to the scene.

Afraid the disturbed and angry man would shoot them, she teased him into firing seven times at a light bulb. "He emptied the gun but reloaded immediately, grew suspicious and threatened to kill anyone 'you've sent out here to take me.'"

Deputies en route to the house were warned away by radio and ordered to stand by at a safe distance for reinforcements. Miss Horak talked on.

Why scrap free competition?

Competition Serves Consumers Best

In the production of Natural Gas or any other product

Millions of homes like yours have natural gas because more than 8,000 producers compete at great financial risk to find it and get it from the ground. The producers also compete to sell it to the pipelines who bring it to your local gas company.

Now, over the opposition of responsible groups and authorities, Federal price-fixing threatens your long-term gas supply and the very principle of free competitive production.

Read what these representative groups and individuals say:

FEDERAL POWER COMMISSION
JEROME K. KUYKENDALL, CHAIRMAN

"We believe that no sound fuel policy can be created upon such discrimination as presently exists against natural gas and in favor of other competitive fuels. . . . Congress should not single out natural gas as the only one among those fuels over which an artificial ceiling should be placed." March 23, 1955.

THE PRESIDENTS ADVISORY COMMITTEE ON ENERGY SUPPLIES AND RESOURCES POLICY

"In the interest of a sound fuel policy and the protection of the national defense and consumer interests . . . we believe the Federal Government should not control the production, gathering, processing or sale of natural gas prior to its entry into an interstate transmission line." February 26, 1955.

FLORIDA LEAGUE OF MUNICIPALITIES

"The extension of Federal regulation to competitive producers of raw products—whether such raw products be natural gas or some other product—and the assigning of a regulated utility status to the producers of such products, is a policy contrary to the true American political philosophy." November 23, 1954.

AMERICAN NATIONAL CATTLEMEN'S ASSOCIATION

"Gas is an important product of ranch and farm land. This decision . . . may well be the beginning of laws to regulate all industries in this country, including the livestock industry." January 12, 1955.

SOUTHERN GOVERNORS' CONFERENCE

"Federal regulation under the Natural Gas Act will conflict with state conservation rules and the efficacy of state conservation laws . . . will impose onerous and unwarrantable requirements on the production and sale of gas." November 13, 1954.

AMERICAN FARM BUREAU FEDERATION

"Since the field price of natural gas is adequately regulated by competition we favor legislation providing that field prices of natural gas shall not be regulated by the Federal Power Commission." December 16, 1954.

Local Students Seek Membership In Music Group

Six local piano pupils from the Class of Mrs. Evans McCoy, 1812 Palmatla Ave., Sanford, have registered as candidates for membership in the National Fraternity of Student Musicians, sponsored by the National Guild of Piano Teachers of which their teacher is a member.

This group of young piano hobbyists played in the National Piano Playing Auditions, Daytona Beach section, Saturday, and tried for Pledge, Local, District, State, National and International honors which the Mother organization confers according to the number of standard classic, romantic and modern pieces chosen from the Masters of pianoforte literature such student can creditably perform in the presence of an imported examiner of note from another state.

From coast to coast over 40,000 enthusiastic piano pupils of the nation participated in this annual national piano-playing event held in 403 music centers of the country and every entrant worth his salt will be certificated, given a gold or bronze embossed pin, a year's Membership in the National Fraternity of Student Musicians and Piano Hobbyists of the World.

Began at Hardin-Simmons University, Abilene, Texas, in 1929, national headquarters are still maintained in Texas.

The names of the local entrants, pupils of Mrs. McCoy are Sandy Richards, Merritt Phillips, Kay Ivey, Marilyn McDaniel, Walby Phillips and Allyson Lee.

TEL Class Meets In Church Annex To Hold Session

The TEL Sunday School Class of the First Baptist Church met in the Educational building Thursday afternoon with Mrs. Ellen Shadoin and Mrs. W. B. Stovall as hostesses.

Mrs. Martha Marshall presented the devotion after which Mrs. M. Cummings led in prayer. The members sang "I Need Thee Every Hour."

After sentence prayers the group leaders gave their reports. Delicious refreshments were served to Mrs. A. K. Rosetter, Mrs. Martha Marshall, Mrs. C. E. Benton, Mrs. M. Cummings, Mrs. Benson Mrs. S. W. Smith, Mrs. Lillian Vickery, Mrs. W. B. Stovall and Mrs. Ellen Shadoin.

Covered Luncheon Closes Meeting Of Dirt Gardeners

The Dirt Gardeners' Circle of the Sanford Garden Club closed a successful year with a covered dish luncheon meeting held in the lovely garden of the home of Mrs. S. C. Dickerson at 8 Sanford Ave., Thursday.

It was announced that members of the Dirt Gardeners had won 18 blue ribbons, nine red, four yellow and three white ribbons at the recent flower show. Committee chairman for next year were appointed and work on the coming year's program was completed. Horticulture will be emphasized in next year's work.

A delicious luncheon was enjoyed by the following: Mrs. Jean Adams, Mrs. C. W. Baker, Dr. Doris Cline, Mrs. Ralph Cowan, Mrs. Harry Cushing, Mrs. M. L. Cullum, Mrs. W. A. Fitts and guest, Mrs. Homa Taylor.

Mrs. Irwin Felscher, Mrs. W. D. Gardner, Mrs. H. H. Heeren, Mrs. E. E. McCall, Mrs. C. D. Perry, Mrs. Clyde Ramsey, Mrs. J. B. Roston, Mrs. Myron Smith, Mrs. W. A. Yung, Mrs. W. A. Kraetzert, Mrs. A. W. Lee, Mrs. Vincent Roberts, Mrs. E. C. Dickerson and guests, Mrs. Arthur Watt and Mrs. Marjorie Lambert of DeBary.

Hibiscus Circle Meets Friday 13 At C. Collins Home

The Hibiscus Circle of the Sanford Garden Club enjoys a bi-monthly meeting at the home of Mrs. C. C. Collins on Paola Road. After a business session where the plans for the coming year were discussed, a covered dish luncheon was enjoyed. Assisting Mrs. Collins was Miss E. Remy.

Members attending the meeting included Mrs. Joe Mich, Mrs. J. Vidaj Jones, Mrs. Joe Jones, Mrs. John Ludwig, Mrs. Charles Morrison, Mrs. R. F. Moul, Mrs. W. M. Stewart, Mrs. H. James Gut, Mrs. E. Remy, Mrs. Bob T. Humphrey.

Ware Bible Class Will Meet Tonight

The Ware Bible Class of the First Methodist Church will meet tonight at 6:30 in McKinley Hall at which time the men will be hosts at a supper.

The men are entertaining the ladies in honor of Mother's Day. Special guests for the evening will be Methodist youths who will graduate from high school this June.

Carol Loehelt, James DeBrine Are Honored

Mr. and Mrs. Gerald Covington honored Miss Carol Loehelt and James DeBrine, whose marriage will be an event of June 4, with a spaghetti supper Saturday night.

Spring flowers including carnations were used throughout the rooms and on the individual tables which seated the guests. White cut-work cloths were spread over the table.

A miniature bride and groom surrounded by carnations was used as a novelty arrangement. On the hors d'oeuvres table an arrangement of chrysanthemums and daisies was used. The bride elect was presented with a gift of her chosen crystal.

Leesburg Nursery Visited By Ladies Of Local Circle

On Friday the Palm Circle of the Sanford Garden Club journeyed to Leesburg where they were welcomed by the management of the Florida Nursery and Landscape Company, who served coffee as soon as they arrived.

As the Circle passed through the "Moongate" of the sales yard they found themselves in a series of small gardens which displayed possibilities for home lots. Within these gardens were flowering shrubs, various types of lawn grasses and plants. Fencing materials, walls and fences were shown.

The Circle was especially interested in the Florida's novel method of "Mist" propagation, in which delicate seedlings were given intermittent sprays of fine mist, just enough to keep them moist and not enough to invite damping off of roots. They were shown plantings in sand, Vermiculite and even shavings.

After an hour's tour of the nursery grounds, the Circle enjoyed a picnic luncheon in the patio.

Carol Richards Gives Up Ghost To Be Herself

HOLLYWOOD (U)—Carol Richards is giving up the ghost from now on. She's going to sing only for herself.

The red-haired lovely from Rockford, Ill., has earned a nice living by acting as the voice double for film stars.

Does it come as a shock to learn that when Cyd Charisse opens her mouth to warble on the screen, it isn't really Cyd that comes out? It's Carol.

And when Vera-Ellen bursts into song in a movie, you're not hearing Vera-Ellen. That's Carol again. Hollywood, you see, leaves nothing to chance. If a screen beauty does not have a singing voice that will titillate movie goers, she is provided with one. Sometimes this use of Ersatz talent can be carried to extremes.

Once Betsy Drake was cast in a musical called "Dancing in the Dark." Since Miss Drake is not a musical performer, both her singing and dancing were done by other girls. She did her own acting, however.

Carol Richards has performed as singing ghost for Cyd Charisse in "Brigadoon," "Deep in My Heart" and the unreleased "It's Always Fair Weather." She did Vera-Ellen with an equal in "Call Me Madam" and the excellent singing by Betty St. John in "The Robe." She performed a double chore in "Pretty Girl"—in Spanish tones for Morita and plain style for Joan Caulfield.

How does she duplicate such a wide variety of voices?

"A few years ago, I learned from a Spanish boy how to reproduce sounds," she explains. "He taught me how to watch a person's lips when she speaks. Then you can get the same kind of delivery."

"Whenever I did a voice doubling job, I always spent a couple of weeks with the actress. I studied how she talked. Then I always asked to have her on the stage when I was recording. The mimic could be better that way."

But Carol has now put an end

THESE LITTLE SISTERS are having a good soak—and a good time. They don't even care if they get clean, too!

WHEN IT COMES to combining soap and water and children, a mother just can't win. Either she can't get the youngsters into the tub, or she can't get them out. As long as she's going to lose the battle anyway, she might as well see that somebody has a good time!

As a rule, two youngsters to a tub are better than one, since they entertain each other. However, even one reluctant little creature can be persuaded to enjoy a bath if mother takes a little time and trouble to sell the idea.

Instead of saying "It's time to take a bath," try saying "Let's go and play with some soap and water for awhile." Instead of scrubbing Junior as soon as he climbs into the tub, let him play for a few minutes—with bathtub toys, with a spray-hose attached to the faucet, with some bright colored sponges. The more suds, the better, for rare is the child who can resist the magic of thick foamy lather that comes up as high as the rim of the tub.

Children love to experiment and discover—to see just how much suds can be squeezed out of one wash cloth, just how high a blob of suds can be built up before it topples over. As for getting the kids out of the tub—well, the only sure method is simply to open the drain and let the bubbles disappear. When the soap's gone, the fun's over!

Miss Lois Campbell Presents Program On "Day Lilies"

The Central Circle of the Sanford Garden Club met Thursday morning at the beautiful home of Mrs. B. E. Pugh on Lake Monroe in DeBary.

The meeting opened with a poem, "Our Garden," by Lorena B. Galloway and was presented by Mrs. E. M. Hoke while Mrs. B. E. Moore, chairman presided over the meeting.

Reports were given by committee chairmen. Mrs. Rosetter, horticulture chairman, gave instructions as to what to plant now and how to care for gardens during the summer.

Plans were made for hostesses and program suggestions were given for next year. A garden club short course will be given at the University of Florida in June and members made plans for attending. Miss Lois Campbell of DeBary then presented a program on day lilies and displayed a beautiful arrangement using various shades of day lilies and plum-bago.

The hostesses, Mrs. D. E. Pugh and Miss Lois Campbell served punch and cookies to the following: Mrs. Frank Evans, Mrs. Lloyd Leadman, Mrs. Frank Hill, Miss Adelaide Conte, Miss Alice B. Cooper, Mrs. E. M. Hoke.

Mrs. Frances Bob, Mrs. R. W. Turner, Mrs. Zeb Ratliff, Mrs. H. M. Papworth, Mrs. George McCall, Mrs. B. C. Moore, Mrs. A. K. Rosetter, Mrs. J. W. Schanz, Mrs. D. E. Pugh and Miss Lois Campbell.

Some Columnists Cause Of Trouble, Says Lex Barker

HOLLYWOOD (U)—The trials of maintaining a happy marriage in Hollywood are described today by Lex Barker, who is wedded to a girl named Lana Turner.

Critics and commentators decry the rate of marital mishaps in Hollywood, yet they themselves can share the blame for some of the breakups. Witness the current engagement of Debbie Reynolds and Eddie Fisher. The gossips are doing their best to break that one up.

Barker is perplexed by the rumor mongers. Recently he was absent from Lana for five weeks, mostly on location in the Virgin Islands and partly to visit his stricken father in the East.

While he was gone, one columnist reported Lana was hooch-bombing with a bullfighter in Tijuana. Another columnist declared her and Steve Crane would be her next "after she divorces Lex Barker in the Virgin Islands."

Lex set the record straight: "I'm going to sing behind the scenes. She landed a fine job on Bob Crosby's daily TV show. And she has prospects of getting into pictures with her own face. She made a test at MGM and there have been good reports about it."

"But they find something," Barker said. "It amazes me. First of all, they were yelling for us to get married. Nearly every columnist said it was shocking that we were in Europe together, even though we were both working there."

"Then after we got married, they seem eager to have us split up. You can't win."

Flower used in cake-making should always be measured carefully. Sift the flour onto a piece of waxed paper, then spoon lightly into the measuring cup and level off with a spatula.

Lana likes bullfights I don't. So while I was gone, it looked like a good time to see them in Tijuana. She went down with some friends of mine, and a bullfight happened to be in the party.

"As for the other rumor, Steve Crane happens to be the father of my stepdaughter. He is entitled to visit his daughter. I was the one in the Virgin Islands, not Lana."

All of which shows how the tongue waggers can make something out of nothing. Lana's union to Lex has so far been the most tranquil of her marriages. They lead fairly quiet lives and give the gossips little grounds for talk.

"Then after we got married, they seem eager to have us split up. You can't win."

Grammar P-TA Has Installation Thursday Evening

The Grammar School P-TA met Thursday at 8 p. m. at the school auditorium. Mrs. C. W. Johnson gave the devotional.

The P-TA voted to pay and sponsor a dentist from the State Department of health who will examine the teeth of all children in the school and will send reports to their parents.

There will also be a tabulated report given to the City Commissioners to help the commission decide on the fluoridation of the water.

Herold Heckenbach announced that all class picnics will be held after school hours. Any party given in the school will be held after 2 p. m.

Mr. Heckenbach also urged pre-registration of next year's students to aid in placing the child with the teacher who could help him the most. Mrs. R. W. Williams presented Mrs. Rachael Brinson with the past president's pin after which Mrs. Brinson installed the officers for the coming year.

They are president, Mrs. Frank L. Woodruff III; first vice president, Mrs. P. H. Colbert; second vice president, Herold Heckenbach; secretary, Mrs. John L. Leeg; treasurer, Mrs. C. O. Jones; and historian, Mrs. Frank Dutton.

The program for the evening was a presentation of the play "Midsummer Night's Dream," by the children of Miss Lucille Campbell's room.

Refreshments were served by room mothers from Mrs. Sharron, and Mrs. Grant's rooms.

Marjorie Lawrence Finds Misfortune Helps Discovery

Fate has a way of balancing the books, says Marjorie Lawrence. The career of this blonde and smiling singer was tragically interrupted by crippling polio shortly after her marriage to Dr. Thomas King more than 10 years ago.

"Today there's no mistaking the sparkle in her eyes and the lilt in her voice," she says.

"Sometimes it takes misfortune to make you discover your fortune. Mine is a wonderful husband and the knowledge that love and faith can see you through anything."

The opera and concert star's autobiography, "Interrupted Melody," which tells of her struggle to regain health and career, is being presented by MGM. Eleanor Parker plays Marjorie and Glenn Ford is Dr. King.

Marjorie, with the help of her husband, has fought her way back on her 400-acre ranch near Hot Springs, Ark. Though she still must use a wheelchair, she hunts, fishes and gardens in addition to frequent concert tours and TV work.

Their cattle ranch has become a regular stop for friends of the theatrical and musical world.

"We're crazy about Arkansas, and especially Hot Springs," says Australian-born Marjorie. "It was there that Tom first took me for treatment after the paralysis hit me, and we both fell in love with it."

Flower used in cake-making should always be measured carefully. Sift the flour onto a piece of waxed paper, then spoon lightly into the measuring cup and level off with a spatula.

Lana likes bullfights I don't. So while I was gone, it looked like a good time to see them in Tijuana. She went down with some friends of mine, and a bullfight happened to be in the party.

"As for the other rumor, Steve Crane happens to be the father of my stepdaughter. He is entitled to visit his daughter. I was the one in the Virgin Islands, not Lana."

All of which shows how the tongue waggers can make something out of nothing. Lana's union to Lex has so far been the most tranquil of her marriages. They lead fairly quiet lives and give the gossips little grounds for talk.

"Then after we got married, they seem eager to have us split up. You can't win."

Just Wondering, That's All

By BOB THOMAS
HOLLYWOOD (U)—Sometimes a fellow wonderer—

Why TV and radio announcers say, "And now a word from our sponsor," and what follows is many, many words. . . . How some of the most interesting personalities (like Marilyn Monroe, Marlon Brando) can seem dull on "person to person" . . . If the subjects on "This Is Your Life" are always as surprised as they seem when they find out this is their life. . . .

Why Martin and Lewis don't do more takeoffs like last Sunday's on Ed Sullivan (Jerry's version of Marlon Brando also was a classic) . . . Why Jerry doesn't abandon some of his high club manners when he's not sitting for family audiences. . . .

How disc jockeys can get away with queezing three commercials between records. . . . Why a truly comic show like "It's a Great Life" was canceled. . . . Why James Dunn and Bill Bishop don't get more notice (a better viewing time would help) . . .

Why proprietors of kid shows insist on shouting at their viewers (is that the only way they can hold attention?) . . . If the forthcoming hour-long shows produced by major studios will be as entertaining and professional as "Disneyland" . . .

How Ed Sullivan justifies advertising stars who make 30-second appearances on his show. . . . Why other half-hour dramas don't take chance with offbeat material as "V. E. Theater" does. . . . If Dagny Beegler doesn't need a shot in the arm. . . .

Why Arthur Godfrey has never been as popular on the coast as he has been in the East. . . . If shows like "I Love Lucy" shouldn't advertise "This is a rerun" when old films are used. . . . Why Fred Allen has never found a niche as a TV performer. . . .

Just wondering, that's all.

Meet The Sanford Cardinals

Energetic Ron Schmitt Is All Baseball

By CLAUDE ROSE Herald Sports Writer

A quiet, likeable kid with plenty on the ball, both on and off the field — that's Ron Schmitt, Sanford Cardinal outfielder.

The 6'2" blond from Cheektowaga, New York, a suburb of Buffalo, is playing his first full year of pro baseball this season. He inked a Cardinal contract three weeks before the end of the season last year but appeared with Hamilton, Ontario, of the Pony League only in a few pinch hitting roles.

One of the biggest thrills he can recall came about last year when he appeared in an exhibition game with the Rochester Red Wings of the International League when they met the parent St. Louis Cards. He played three innings and faced big Vic Raschi and former stand-

out Mike Ryba.

While playing with various teams in the Buffalo area, Ron participated in several championship tournaments and won many laurels.

As a member of the Buffalo Kicks, he played in the finals of the All-American Amateur Baseball Association tournament in Johnstown, Pa. His club was edged by New Orleans for the title.

It was in this tourney that he pounded the ball at a .480 clip for 11 games and clouted a grand slam homer against the defending champion Pittsfield, Mass. Club. The Washington Post American Legion team of Lancaster, N. Y. won the All-Western New York state title while Ron was with them in 1933.

He attended high school for two years at Depew High, Depew, N. Y. and then transferred to Nichols

Prep. Buffalo for his junior and senior years. He graduated last June. He was a letterman in baseball, basketball and football for four years each.

During his senior year he was a member of the Prep School Interstate All-Star team in each sport. In addition, he holds a record at Nichols where he averaged 23 points per game with the 1934 basketball squad.

Ron bats and throws from the right side and is a frantic where baseball is concerned. His idol is Ted Williams and his ambition is to become a sports announcer or writer when his playing days are over.

He wants to attend college during the winter months and his choice will probably be the University of Buffalo.

Roland Manfredi, and Johnnie Bartek, two Cardinal hurlers, live with Ron at 201 East Fifth Street.

Cards Slug Lakeland, 14-1

Schmitt, Davis, Derry Provide Winning Action

The Sanford Cardinals had a field day in the Florida State League last night as they scored 14 runs to 1 for the Pilots at Lakeland.

Ron Schmitt had four straight singles; Russ Davis drove in five runs, including a three-run triple, a single and a sacrifice fly; Stan Derry got a double and two singles and drove in two runs and Dan Keith got a single his last time at bat.

Catcher Jim Turner got three hits in five trips to bat and drove in the only run for Lakeland.

At Sanford's Memorial Stadium Saturday night, St. Petersburg and Sanford traded victories on good pitching by the Saints' Don Graham and the Cardinals' Roland Manfredi.

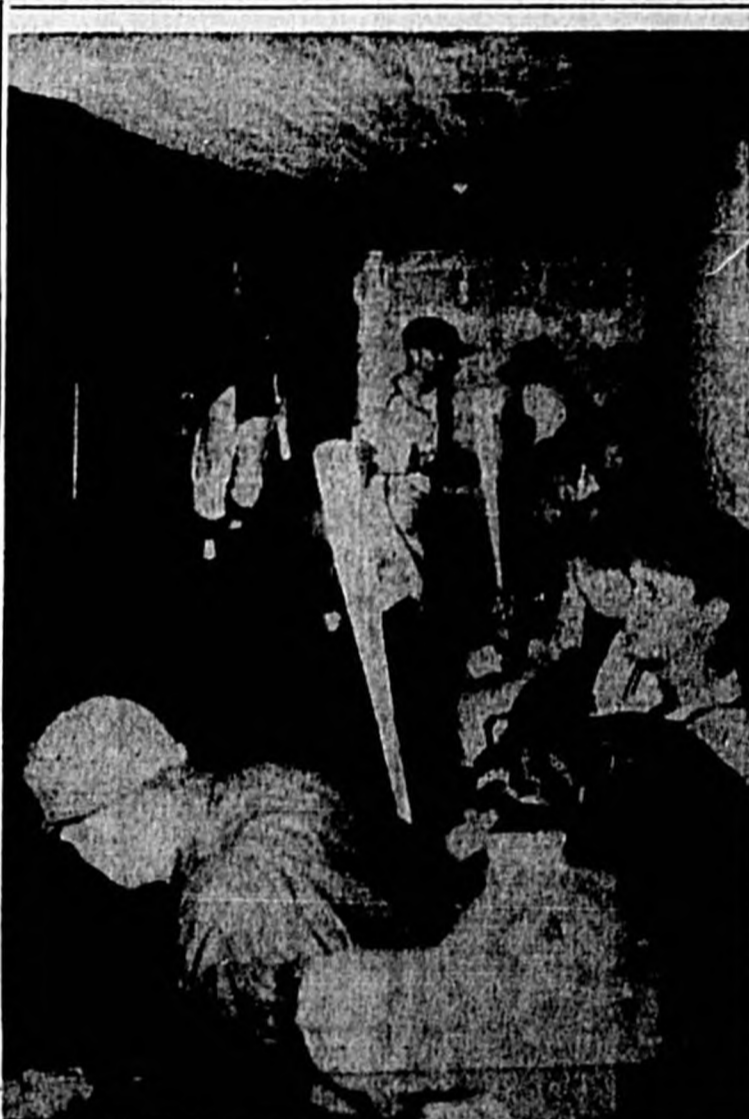

Sanford won the opener 9-0 with Manfredi doling out four hits while the home team clacked away for nine, including three doubles by Ron Schmitt.

St. Petersburg took the second game 4-1 on a five-hitter by Graham. What proved the winning run scored in the third inning on singles by Larry Cutler, Fred Bell and Rocky Borders.

The doubleheader was played after rain canceled Friday night games with the Saints.

Detroit Tigers' Keunn Is Proving To Be Top Hitter

By THE ASSOCIATED PRESS Every day in every way Detroit's Harvey Keunn is proving he not only is the American League's outstanding shortstop but also one of the best young hitters in baseball.

With the possible exception of outfielder Al Kaline, who suddenly burst into prominence among the power hitters of the circuit, Keunn has been the big force in the Tigers' surprise showing in the first five weeks of the campaign.

The \$55,000 bonus beauty was the Tigers' big hitter yesterday as the fourth-placers divided a doubleheader with Boston and stayed within 4 1/2 games of the league-leading Cleveland Indians. Keunn got three hits in the first game, won by Boston 10-4, and four in the second, won by Detroit 9-4.

He scored three times, drove in two and boosted his batting mark to a runner-up .379.

Chicago's White Sox moved to within one game of the Indians with a 3-0 and 5-4 double-header victory over Washington. Bobby Shantz pitched a six-hitter as Kansas City downed New York 4-3 in the first game and Bob Turley struck out 13 as the Yankees won the second 4-1. Mike Garcia hurled a seven-hit 5-0 shutout to give Cleveland a split after Jim Wilson surprised the Indians by pitching the Orioles to a 4-1 victory over Bob Lemon.

There was little change in the National League picture as six teams split three double-headers. In the lone single game, St. Louis defeated Pittsburgh 5-1. Cincinnati routed Karl Spooner and Brooklyn 11-4 after the Dodgers had won the opener 7-1 for their 25th victory in 30 games. Sal Maglie pitched the second-place New York Giants to a 9-4 triumph after the Chicago Cubs had captured the opener 5-2. Philadelphia snapped a 13-game losing streak as Robin Roberts whipped Milwaukee 9-1, but not before the Braves had come from behind to nip the Phillies 6-3 in the opener.

The White Sox have discovered a new pitching star in Dick Donovan in their drive to overtake the Indians. The 27-year-old right-hander pitched his third shutout and his fourth victory with a three-hitter against Washington. Donovan, who had an 19-8 record at Atlanta after failures with Milwaukee and Detroit, has allowed only one run in his last 21 innings.

The Vardon Trophy for touring professionals. Oliver got some financial solace by finishing in a tie for first place in the 34-hole pro-amateur division of the tournament with a score of 130, aided by Corling Diakier of Atlanta. For that, Oliver got \$200 in addition to his 5000 share of the runner-up prize.

Ben Hogan, the Fort Worth, Tex., master, slipped almost unnoted into third place by shooting 68 on his last 'B' Sam Snead, who was closest to Harrison starting the last round, slumped badly to a 71 and a tie for fourth place.

The \$2,000 first prize was the first collected this year by Harrison, who was 43 in March. But the Arkansas native is a notably tough customer who last year won

Marciano Lays Crown On Line Again Tonight

SAN FRANCISCO, (AP)—Undeclared Rocky Marciano puts his treasured world heavy weight title on the line for the fifth time tonight and practically no one thinks that challenger Don Cockell of England will take it away from the blockbuster from Brockton, Mass.

The 30-year-old champion has never been beaten in his 47 fights, dating back to his ring debut in July 1948, and the betting people are laying 8-1 that Rocky will stretch the incredible string to 48.

Few, indeed, give the pudgy, 26-year-old hog farmer from Horam much of a chance to last the full 15 rounds.

Marciano's blasting fists, they believe, will make the British Empire titleholder No. 43 on the Rock's heavy record.

The scrap will take place in San Francisco's largest football arena, Kezar Stadium.

NBC will broadcast at 10 p.m. EST.

There will be no home television. It will be televised on a closed circuit for screening in 83 theaters in 38 cities.

Promoters Jimmy Murry and Lou Thomas, in conjunction with the International Boxing Club, remained hopeful that 40,000 fans will pay \$400,000 for seats scaled from \$40 to \$50.

Less optimistic observers looked for a turnout of 30,000 and gate receipts approaching \$300,000.

Marciano weighed 187 pounds when he wound up training—with a total of 210 rounds—two days ago at his camp 75 miles north of here at Callista.

Cockell, at suburban San Rafael, after 288 rounds of boxing and many long hours of similar labor, was down to 207.

Marciano, who won the championship with a 13-round knockout over Jersey Joe Walcott Sept. 28, 1952, in Philadelphia, has looked great in his workouts.

The key question about the durable Rock, however, is his nose. Blood badly on the tip itself in the second Ezzard Charles fight last Sept. 17 in New York, the nose was given a plastic surgery repair

Harrison Wins West Virginia Golf Classic

WHITE SULPHUR SPRINGS, W. Va. (AP)—Dutch Harrison, who seems to get steadier as he gets older, proved again yesterday that consistency is the way to win golf tournaments by winning the White Sulphur Springs Open.

Ed (Porky) Oliver made it even more pointed by giving one of his typically brilliant spurges that left him in the supporting role.

Harrison, the 43-year-old droll Dutchman, placidly finished the 72 hole with 268 strokes on a final par 70. He had rather routinely beaten par by four strokes each of the first two rounds and by three on the third.

All the other 45 pros had either killed their chance or never had one to overtake Harrison when the routine Oliver came up to the last tee needing only a par 3 to tie and a birdie to win.

The last hole of the Old White course is only a one-shotter over a creek to a saddle green 140

yards away. Oliver, who plays out of Lemont, Ill., pulled his tee shot way to the left of the green. His chip barely made it smooth green and he couldn't make the long putt.

It was a galling for Oliver because it was his only bogey in a sensational round of 64.

The dramatic meltdown left Oliver tied with Jack Burke Jr., of Kiameka Lake, Mike Souchak of Melbourne, Australia, a stroke behind Harrison. Souchak, 28, the leading money winner so far this year, had a frustrating finish similar to Oliver's.

Ben Hogan, the Fort Worth, Tex., master, slipped almost unnoted into third place by shooting 68 on his last 'B' Sam Snead, who was closest to Harrison starting the last round, slumped badly to a 71 and a tie for fourth place.

The \$2,000 first prize was the first collected this year by Harrison, who was 43 in March. But the Arkansas native is a notably tough customer who last year won

NOTICE TO BIDDERS

SEALED PROPOSALS will be received by the City Commission of the City of Sanford, Florida, until 10:30 a. m. (Eastern Standard Time) on Friday, the Tenth Day of June, A. D. 1935, for the following municipal engineering project:

CONTRACT NO. 10 - Re-laying Existing Sewers and Laying New Sewers - PROJECT FIVE.

All materials furnished and all work performed shall be in accordance with the plans, specifications and contract documents, pertaining to the improvement, which may be examined at the office of Robert M. Angus and Associates, Consulting Civil Engineers and Surveyors, Room 420 Middlebrandt Building, Jacksonville, Florida; or at the office of the City Manager, City Hall, Sanford, Florida.

Bidders may obtain complete sets of the plans and specifications covering the improvement, including Proposal Forms to be submitted in triplicate, form of Bid Bond required, form of Contract and form of Contract Bond required, by making a \$5.00 payment at the Engineer's office. (Engineer being the said Robert M. Angus and Associates) for each complete set. This payment covers the cost of printing and assembling and is not refundable.

A bid bond, properly executed by the bidder and by a qualified surety, or a certified or cashier's check on any National Bank or on a Sanford Bank, in a sum not less than five (5) per cent of the amount bid, made payable to the City of Sanford, Florida, must accompany each bid as a guarantee that in the event the contract is awarded to the bidder he will promptly enter into contract, furnish the required bond and will start actual construction within ten (10) days after receiving notice. Should the bidder fail to enter into contract with the City within the time specified, he shall forfeit deposit as liquidated damages.

All bids shall be marked and delivered as instructed in SECTION 2 of the Specifications.

The City reserves the right to waive informality in any bid; to reject any or all bids in whole or in part with or without cause; and to accept any bid or any combination of bids that, in its judgment, will be for the best interest of the City. The working days necessary for completion of the proposed improvement, as well as the bid prices, will be used in evaluating the bids.

City Commission of the City of Sanford, Florida.

Hottest news in Hardtops

is the 4-Door Riviera

Why take anything less than the sensation of the year?

WHEN you learn what's been done in the automobiles pictured here, you can easily see why this beauty is winning rave notices coast to coast.

Buick engineers took the hardtop body design that has been growing tremendously in popularity over the past six years - and gave it four doors instead of two.

Simple? Sure - to all outward appearances.

But it took a brand-new kind of body with wholly new structural principles to do it - to bring this long-awaited new kind of automobile to the public in volume numbers and at popular prices.

For this is a true hardtop - with the sleek and racy look of a Convertible, because there are no center posts in the window areas on either side.

And now it has front doors for the front-seat passengers - and rear doors for the rear-seat passengers - plus room increased to the size of a full Sedan.

(It took some special kind of engineering magic, you can be sure, to hinge all four doors at their forward edges for greater safety, and more ease of entering and exiting.)

HOTTTEST NEWS IN AUTOMATIC DRIVES IS VARIABLE PITCH DYNAFLOW

It's the world's first transmission with the switch-pitch principle of the modern airplane's variable pitch propeller. You get better gas mileage in cruising. You switch the pitch by pressing the gas pedal - and get lightning-like response for getaway, or for a sudden safety-surge of accelerating power. It's the performance thrill of the year. Standard on ROADMASTE, optional on other Series at no more extra cost than earlier versions of this wonder drive.

So it looks like Buick has scooped the industry again - and come up with the hottest news in hardtops since Buick originated the first two-door hardtop six years ago.

And you can have it now - in the low-price SPECIAL or the supremely-powered CENTURY - and either one at the modest extra cost of a 4-door model over a 2-door.

Drop in on us today - this week, for sure - and see how easily and how quickly one can be yours.

Thrill of the year is Buick

'It's Up To Residents If They Want Company To Establish In City

It's up to the people of Sanford if they want a \$100,000 Correct Craft boat-building plant here, the Chamber of Commerce said today.

Correct Craft president W. C. Meloon, vice president Walter Meloon and general manager Ted Essenberg visited the city yesterday to inspect three possible sites for the plant. They were "very much impressed" with a lakefront location, the Chamber pointed out.

Spokesmen Reveal Soviet Ambassador Agrees To Meeting

BERLIN (AP)—A U. S. spokesman announced today that Soviet Ambassador Georgi M. Pushkin has agreed to meet with the Big Three Western envoys Friday to discuss East Germany's new high taxes on trucks supplying West Berlin.

The ambassadors of the United States, Britain and France will meet with Pushkin in his office in East Berlin. The three Westerners had proposed the meeting in a letter April 11.

The Western ambassadors claim the Communist taxes are a violation of four-power occupation statutes which guarantee free access to Allied West Berlin. Although the West has given West Germany its sovereignty, the occupation continued in Berlin.

The Communists imposed the levies April 1, contending the money is needed to repair the three highways leading through the Soviet zone to West Berlin.

Mrs. Sederburg, mother of three children from 7 to 12 years and wife of a Wesleyan professor, will have credits from eight colleges applying on her degree.

After the married M. E. Sederburg, she studied at Black Hills Teachers College in South Dakota, University of Omaha, University of South Dakota, Drake University at Des Moines, University of Nebraska and finally at Wesleyan as her husband continued his studies and his teaching.

She herself is a third-grade teacher here.

DETROIT (AP)—Physicians at Mt. Carmel Hospital today planned an autopsy on Siamese twins who died last night less than a day and a half after they were born.

Dr. Glen E. Haase said indications were the babies died of respiratory and circulatory failure.

Mrs. Richard Herring, 37, mother of the twins, said "I am thankful that I do have two normal children at home." The father is a factory worker.

DANIA (AP)—The state highway authority will receive bids June 1 for the first two Green Bay to Miami-Fort Pierce toll road turnpikes.

This was reported yesterday at the authority's first meeting since the Legislature authorized construction of a state highway from Miami to the Jacksonville area.

The two grading projects will be on the north end of the toll road where right-of-way is expected to be obtained quickly.

Prompt Passage Foreseen

WASHINGTON (AP)—Sen. Hill (D-Ala.) said today there is "absolutely no question" but that Congress would quickly approve President Eisenhower's request for \$2 million dollars to pay for antipolio vaccine for children whose parents can't afford the shots.

Hill voiced reservations about the administration's new 11-point program for voluntary allocations and controls over distribution of the Salk polio vaccine. Secretary of Welfare Hobby outlined that program to the committee yesterday after it had been approved by the President.

Hill said the program "very clearly" was not "detailed or definite."

Committee Democrats indicated by their questions and comments at yesterday's hearing that they are far from sold on the administration's plan to make sure, by voluntary methods, that supplies of the still-scarce vaccine get to the most susceptible age groups in sufficient quantities and that distribution is carried out equitably.

Cold Rain Fought By Brave Audience

LONDON (AP)—Braving a cold blustery rain, 50,000 Londoners half filled huge Wembley Stadium last night to hear Billy Graham preach. The same size crowd had attended the opening in the stadium Saturday night of his one-week London crusade.

"This is the greatest Monday night crowd in the history of my ministry," the American evangelist said in prayer, tribute to his hardy audience. "If this weather had happened to us in the United States, there wouldn't be a handful of people here."

Graham wore a raincoat and spoke from under a canvas canopy. Most of his listeners packed in the open or huddled under umbrellas and newspapers, since there are few covered sections in the stadium.

Hundreds came forward when Graham asked for "decisions for Christ." One crusade official estimated the total at over 2,000.

Foreign Office spokesmen and the government information bureau said Chou aimed to drive the United States from the Western Pacific, with abandonment of support for Nationalist China on Formosa as the first step.

"In other words," said the information bureau spokesman, "the Chinese Communists want total American surrender in the Formosa area as the price for peace."

FISHERMEN CATCH COHETS
ELMIRA, N.Y. (AP)—Fishermen Frank Ames and Royce Amell lost their horns about this catch: two shining, payable prisms shared in the Chinook, Riv.

JIM SHIRLEY (Staff Photo) Shirley Released By Sanford Club, Walter Announces

Shirley Shirley, Sanford Cardinal utility man, was released by the local baseball club today, according to an announcement made by business manager Jay Walter.

The Houston, Texas, Buffaloes, who held his contract, released him simultaneously.

Shirley stated in an exclusive interview with The Herald this morning that he hopes to sign with another Florida State League team for the remainder of the season.

At the time of his release, Jim was hitting .280 in the FSL. He has been used as a pitcher, first baseman and right fielder with the Cards this year.

A native of Tuscaloosa, Ala., Shirley played organized ball with Carrollton, Ga., of the Georgia-Alabama league in 1949 and 1950.

In four years of service with the Air Force, he participated in two World-Wide Air Force tournaments. The Johnson Air Force base team in Japan, of which he was a member, won the All-Japan and All-East titles in 1954.

Byrd Marshall, newly elected president of the Florida Jaycees, will be present Friday at the Elks Club to install new officers of the Seminole County Jaycees.

The ceremony a supper will be served with activities scheduled to get underway at 7 p. m.

Welborn Daniels of Clermont, newly elected Fourth District vice president, will also be on hand as a guest of the club.

Jaycees and their wives are urged to attend and members are asked to call 1872 to make reservations.

Wrong Bell Rung, Man Gets Lesson
SCHENECTADY, N.Y. (AP)—The man, born in Germany, studied the letter curiously. It was written in English. Surely, he thought the sisters could translate it.

So he headed for St. Joseph's convent, stopped at the parochial school by mistake and rang the bell in front—just as in the fatherland.

Sen. George Smathers Says Six Additional Squadrons To Arrive

The Chamber of Commerce was notified late today that the Sanford Auxiliary Naval Air Station will remain in Sanford and will expand in the near future.

Senator George Smathers, in a telephone call to William Kirk, who was his campaign manager in the last election

campaign, informed him that six additional squadrons will be sent here. Kirk relayed the information to the chamber.

The action came as a direct result of a chamber delegation's activity in Washington. The delegation had worked for months to secure enlargement of the base and additional personnel, as well as a promise that the base would remain in Sanford.

Many rumors have circulated during past months that the base would either be closed or its operation severely curtailed.

As a result of these speculations, the Chamber sent the delegation to Washington to bring to the attention of the Florida legislative delegation and to the Navy officials the advantage of expanding the base.

Senators Smathers and Holland and Congressman Syd Herlong assured the delegation that they would do everything they could to urge the Navy Department to take some positive action. They made arrangements for the delegation to talk with high Navy officials and to explain to them the purpose of their visit.

Realizing the economic asset of the base to the Sanford area, the Chamber armed forces committee, under the chairmanship of State Rep. Mack Cleveland Jr., has been active for several months in doing everything possible to bring about an increased operation at the air station.

Smathers told Kirk that the Sixth Naval District had announced plans to send six composite squadrons to the base, including the Seventh and Eighth Fleet Air Squadrons and the 62nd Heavy Attack Group.

These squadrons will be transferred from Norfolk and Patuxent River, Md. The groups will comprise approximately 110 officers and 802 enlisted men.

Private agencies were represented including the Catholic Charities, Family Service, Children's Bureau, Salvation Army, Lutheran Haven at Salvia in Seminole County and many others.

Girl Found Dead In Refrigerator

NEW YORK (AP)—A 4-year-old girl was found dead—apparently suffocated—in an unused refrigerator in the basement of her Bronx home last night.

The child, Maria Hernandez, had been missing 3½ hours when her mother Virginia found her body. The father, Louis, took the child to a hospital, where emergency treatment was unsuccessful.

Authorities ordered an autopsy to confirm the cause of death.

Police sought to determine whether the girl crawled into the refrigerator alone and the door closed on her, or whether she was locked in while playing with other children.

Dick Holtzclaw Is Interviewed By Old Friend

By CHARLIE MORRISON

One of the interesting phases of working on a paper such as ours is that something different keeps popping up all the time. Although the writer of this item is primarily an advertising solicitor or salesman trying, each day, to persuade the merchant of our fair city to call to our readers attention the merits of the commodities they sell, he never knows, when he checks in at 8:00 o'clock a. m., just what the day will bring forth.

Take, for example, the assignment handed me by the boss late Monday afternoon. "Charlie," said Fred Perkins. "You know Dick Holtzclaw very well, don't you?"

When I replied affirmatively, for I have known Dick many years, the boss asked me if I could mind interviewing Dick and writing something about him that might be of interest to the readers of The Herald, in view of the fact that Dick was scheduled to appear in concert here Thursday night at the High School auditorium under the auspices of the Sanford Shrine Club.

Of course, I wouldn't mind! One of the most delightful personalities it has been my pleasure to meet during a rather varied, long lifetime is that of Richard (Dick) Holtzclaw, known in professional circles as Richard Wentworth the possessor of one of the finest dramatic bass-baritone voices in opera and concert. So out to 815 Elm Ave. where Dick is staying with step-father, Mr. C. L. Matlew, I hied and ho'd to the subject of this assignment.

"How'd your throat, Dick?" was the first question asked him after I shook the right and that has pulled in many a fish in lakes heretofore. Dick assured me that he had made a complete recovery from the attack of voice fatigue that had caused the postponement of the concert scheduled last month. "Tell me something about yourself, Dick; where and when you started your musical career?"

It was my next conversational item. "Well, Charlie, you ran a rather comprehensive story about that some time ago so I would rather, if you don't mind, tell you of my plans when I leave here, next month."

So here's what is in the immediate future for Mr. Holtzclaw. He will open on June 13 in the Starlight Theatre, in Swap Park, Kansas City, Mo., in "Naughty Marietta," followed by "Hobbes in Toyland" and then "Hobbes in Sorcery," which, by the way, was the very same vehicle in which he opened the 7500 seat house exactly five years ago. Next will come a two weeks' engagement with the Pittsburgh Light Opera Company, after which Dick will join the New York City Opera company for the fall season opening in September.

This will begin his ninth year with the company and his 17th season. (Excuse me, please, folks—some of my valued accounts just phoned that he had an ad wanted to run tomorrow, so I'll tell you some more about Dick Holtzclaw tomorrow. See you then!)

Group Studies Bill To Provide Funds

TALLAHASSEE (AP)—A House subcommittee is studying a bill which would provide funds for persons injured by motorists from whom they can't collect damages.

The measure, introduced by Rep. Cobb of Volusia County, was referred to subcommittee by the House Insurance Committee after it heard John Duffy of St. Petersburg describe it as "the finest piece of humane legislation ever proposed."

Duffy, who said he is a former insurance agent, was the only witness heard by the committee.

Home Rule Plans Ready For Action

TALLAHASSEE (AP)—Home rule plans for both the cities and the counties are on the House calendar for floor action.

The House Constitutional Amendment Committee unanimously approved a proposed amendment last night which would transfer to the county commissions the law making powers for county government. If adopted by the Legislature and approved by the voters in the 1958 general election this proposal would eliminate much of the lawmaking for counties by local bills of the state Legislature.

Strolling In Sanford

Richard Holtzclaw, known to many local friends and admirers as "Dick," made a guest appearance today at 1:30 p.m. over WDBO-TV, Orlando, on the Echols Reading Co. program. His accompanist was Roger Harris, choir director of the First Methodist Church here. Holtzclaw will appear in concert here at the high school auditorium Thursday at 8:00 p.m. under the auspices of the Sanford Shrine Club.

Due to a conflicting date with the ballot receipt, Pack No. 18 of the Cub Scouts has changed its meeting time this month to Saturday instead of Friday, May 26.

A covered dish supper will be held tonight at the Sanford Tourist and Shuffleboard Club at 6 o'clock. The evening will be spent in games and songs.

The Sanford Garden Club will meet Thursday in McKinley Hall at the First Methodist Church with Taylor Briggs as guest speaker. A covered dish luncheon will be held for this last session of the season.

Man Found Guilty In Butcher Slaying Of Young Brother

NEW YORK (AP)—A 24-year-old man, released after 10 years in a hospital for the criminal insane, has been found guilty of first-degree murder in the butcher knife slaying of his 2-year-old brother a decade ago.

A Bronx County jury deliberated two hours yesterday before returning the verdict against William Oliver Jr. The jury made no recommendations of mercy. A first-degree murder conviction carries a mandatory death sentence.

Oliver admitted he killed his little brother as the child slept, and then set fire to the bed. He was 14 at the time.

After pleading insanity, he was committed to the Matteawan State Hospital for the Criminal Inmate. Last fall he was pronounced legally sane and was returned to the Bronx to stand trial.

Testifying at his trial, Oliver calmly told the all-male jury that he killed "the all-male with my knife" today that the chief executive will veto the bill to increase the pay of about half a million postal workers by an average of 3.5 per cent.

Knowland, the Senate Republican leader, declined to say whether the President told him or indicated that a veto will be forthcoming.

"I predicted the other day that any bill over 7.5 per cent would not meet with presidential approval," Knowland said.

He declared he still is standing by that forecast.

Turnpike Officials Will Receive Bids

DANIA (AP)—The state highway authority will receive bids June 1 for the first two Green Bay to Miami-Fort Pierce toll road turnpikes.

The boat firm presently has plants at Titusville and Pinesville. Because of heavy demand, Correct Craft also has a Jacksonville company building boats on a contract basis.

Correct Craft listed seven requirements for building the new plant. The requirements, however, are "not hard and fast rules," but are subject to negotiation, the chamber said.

The requirements:
1. Correct Craft would require at least 20 acres of land, reasonably level and above the extreme high water level at any time, well-drained and suitable for a factory site. The property should be on sheltered water with a channel not less than five feet deep. If not bordering on it, it should be very close with access to both highway and railroad facilities. This property is to be made available by deed and is to be tax-free for at least 20 years.

2. The local community would be expected to make available by its banks, or local business men who would be interested in investing money, to build a plant as specified by Correct Craft of not less than \$100,000 value which would be financed over 20 years on not more than 3 and one-half per cent interest.

(Correct Craft has already been approached by other communities with like proposition for furnishing the land and suitable factory building, the Chamber said.)

3. Correct Craft would expect the local citizens to purchase at least \$150,000 of its preferred stock, paying a dividend of 6 per cent per year. This stock will give the local citizens an opportunity to participate in Correct Craft's growth and to benefit from its profits.

4. It would be necessary for the local city government to see that adequate city water is available to the plant to pass the insurance underwriter's requirements for minimum insurance rates.

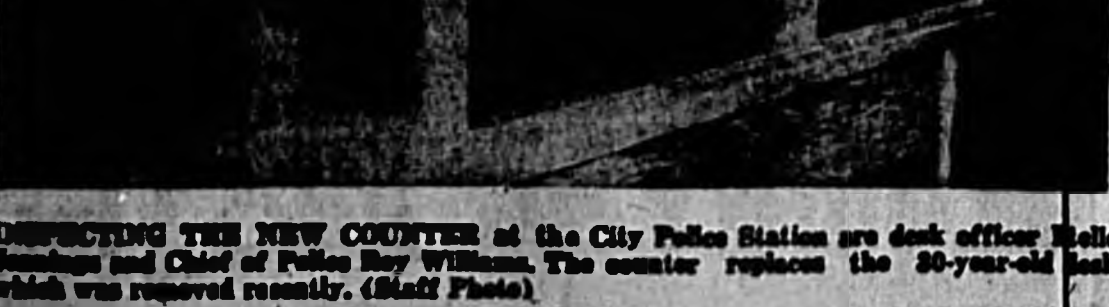

5. Correct Craft would expect a hard-surfaced road suitable for employees and visitors to get to and from the plant.

6. Parking space outside the 20 acres should be provided for at least 250 to 300 automobiles.

7. Adequate power by a major power company must be made available to this property.

The company officers were shown the sites by Chamber representatives, and the plant was discussed at a luncheon meeting attended by local bankers and representatives of Sanford Industries, Inc.; Sanford Industrial Board, the Chamber, and the Junior Chamber of Commerce.

The lakefront property which made a favorable impression is city-owned and adjoins that on (Continued on Page 2)
