SANFORD'S TEMPERATURE

Up to ninety again for today with the indications good for another summer season ahead of us. However, the ducks are coming south which is a good sign of approaching cold weather, and much there will be a change in the temperature before Christmas. Sunday comes again tomorrow and everybody should go to church and Sunday school as usual. 7:19 A. M., OCT. 7, 1922. Maximum 90 Minimum 65 Range 25 Barometer 30.00 Wind from West

JIMMY SCALDS HERE TO BOOST MEMBERSHIP IN AUTOMOBILE ASSOCIATION

Jimmy Scalds has arrived in the city and will have headquarters at the Chamber of Commerce offices, which he organized to boost the membership of the American Automobile Association in Seminole county. Secretary, Pauman says, Jimmy Scalds is a go-getter and a "live wire." With his assistance Seminole county should add many more members to the American Automobile Association. Mr. Scalds has just returned from a tour of the state and everybody is talking about the remarkable growth of Sanford and the surrounding territory, which this year compares

CONGREGATIONAL CHURCH—The regular services will be held and a cordial invitation is extended to all to worship with us. Sunday School at 9:45 a. m. Christian Endeavor at 6:30 p. m. Morning Session at 11:00 a. m. Night service at 7:30. P. O. Barbans, Pastor.

AMERICAN AND FOREIGN SHIPS MUST ALL BE DRY WHERE BOOZE MENTIONED (Continued from page 1)

In a divided opinion, the court confirmed the authority of prohibition agents to prevent such a transfer, and in the view of this, the attorney general went so far as to hold that the Eighteenth amendment and the Volstead act repealed a prior existing treaty with Great Britain. Chairman Lasker predicted that enforcement of the law would operate to an immediate disadvantage of the American merchant marine and would make more necessary enactment of the ship subsidy bill if the American flag is to stay on the high seas. He believed the ruling would have great influence in congress when the subsidy bill was taken up.

An undoubted effect of the enforcement, Mr. Lasker said, would be to hamper the board in its efforts to build up American shipping to the Orient and South America. He expected Vancouver, B. C., to profit at the expense particularly of Seattle and Portland in the Oriental trade and Montreal at the expense of New York in the South American trade. Also he looked for Montreal to gain over New York in the trans Atlantic trades.

Irrespective of the decision of the supreme court, the Shipping Board chairman said foreign shipping would have an advantage over American lines.

LOCALS

Summer weather whether we want it or not.

The World's Serious continues to be the thing.

Not even the movie pictures have anything on the ball players.

You will miss your Daily Herald tomorrow but you can make up for it on Monday.

Mr. and Mrs. Scott are now comfortable located in the Frank Woodruff home on Oak avenue.

B. A. Howard of Okeechobee City and Pahokee is in the city for a few days visit with his family. He reports plenty of water in the great Okeechobee country but no crops ruined, as yet.

The Nellie Turner Circle will hold a shower for the benefit our Bazaar, on Wednesday, Oct. 11th at the home of Mrs. J. L. Miller near the golf links members are asked to meet at Mrs. Wolf's 318 Laurel ave., cars will be there, for members.

The editor of the Herald was the recipient of a twelve pound bass yesterday the same having been caught by E. A. Ball, the genial bandmaster. He says he caught it in the Lake Mary section but just where he does not specify. Anyhow it was all right and he has our thanks.

NOTICE

To all merchants and business men of the city of Sanford: Do not deliver anything to the American Legion of Sanford on open account unless you get a written order or requisition for same.

H. W. ALLEN MUSIC CO. OPENS STORE IN SANFORD

Mr. H. W. Allen, formerly with Harris & Watson, Inc., of West Palm Beach is very busy and has been for the last two weeks getting ready to open a new music store in Sanford.

Mr. Allen was manager of the Fort Pierce Store which was a branch store and was very successful in the management which prompted him to get a store in Sanford which is his home town having resided here from 1911 to 1917.

Mr. Allen says his new company will carry almost everything in the musical line such as pianos, phonographs, string instruments, a complete line of small goods and sheet music. The company will be known as H. W. Allen Music Co., located on Palmetto street in the new brick building erected by L. Marella.

The new company has secured the Bestwick Phonograph line having tested it over many other lines.

Mr. Allen has had many years experience in music and is a good judge of musical instruments of all makes and brands. He also is a booster of Sanford and says that possibilities in Sanford has no limit now that the old town has taken on such wonderful new life.

The Yanks were not "Giant Killers."

Anyhow we are glad it is all over and the paper can get out on time.

Now let football take its rightful place in the spot light. It is time for base balls to be put in the moth balls.

The Sanford High School team was there last Saturday and showed the careful training of Coach Wilkinson. Just get behind your high school team and you will see something.

Ring Lardner says the "tease said about this 'Serious' the better." We would not ever say it was serious, if you ask us about it, Ring. It must have been anything but serious to a man like Lardner.

American ships and foreign ships that reach American ports must once their base while in port. Foreign ships will no doubt protest this act although it has been the rule for many years and is at least during the war period and is so nothing strange about it. But regardless of prohibition rules and regulations American ships must have the same privileges as foreign ships if there will be no American ships in the sea.

The grand jury of Palm Beach county has found that the grand jury of the county should be reorganized. The grand jury of the county should be reorganized. The grand jury of the county should be reorganized.

The star advises the council to pass a law absolutely forbidding professional beggars from soliciting alms in the city limits. There is a charitable trust and those who are really needy have to make their destination known to obtain relief. People who are professional beggars should be treated as such.

President Harding will soon announce his plans for relief in the east. It is time wasted to talk about relief in the east. What the United States should talk about is the utter elimination of the Turk in Europe. If the Turks are allowed to overrun Thrace the Christian nations should rise up in revolt and tell their heads where to get off. This soft staff is sickening. If the United States intends to allow it President Harding should not talk about relief, the officials of the relief organizations should resign and all relief stop until the Christian world learns sense. We would not give a cent toward relief in the Near East as long as Turkey is allowed to kill and burn and pillage that country. What is the use of sending supplies to people who will be unable to get them. The Turks usually get the relief and the Christians are killed. It is time the people woke up to this fact and refused to send any more money and supplies unless they are accompanied by American warships.

PROHIBITION BETTER THAN LICENSE

There may be flaws in the prohibition laws. There may be flaws in the manner in which the prohibition laws are enforced, there may be more sympathy with the breaking of the prohibition laws than with their enforcement but no one attempts to say that it would be better to go back to the open saloon.

Prohibition at its worst is better than license at its best, declared Clarence True Wilson, secretary of the board of temperance prohibition and public morals of the Methodist Episcopal church in reporting today a five months' survey by that board of conditions in Chicago. It was made to the Rock River Methodist conference. Secretary Wilson said that Chicago is suited for this study "because it was desired to uncover prohibition at its worst." The committee compared wet and dry years in their relation to crime, welfare and relief, health, thrift and prosperity and general business conditions. In each case, he said, the advantage was shown to exist since the advent of prohibition day.

"The effect upon crime alone fully justifies the policy of prohibition in Chicago," the report states. "At the same time, a note of alarm must be sounded. Current crime statistics plainly reveal that the wet propaganda intended to incite uninformed or evil minded people to violation of the prohibition law and to the consumption of liquor is having an effect. Good results, so noticeable at first, are being modified."

The reports cites statistics of the medical superintendent of the House of Correction who stated that in 1918, 45 cases of acute alcoholism were reported and in 1921 this number decreased to 61. Chronic alcoholism cases in 1918 totalled 1,614 and dropped to 127 in 1921. Three cases of delirium tremens were reported in 1921 as compared with 109 in 1918.

"While the bank clearings in 1921 were almost the same as in 1918, the total savings deposits increased from \$7,194,000 in 1918 to \$10,080,000 in 1921. Employers of labor throughout the city almost invariably declare that prohibition has increased efficiency, decreased absenteeism, and improved the general physical condition of the men. The real estate situation has been distinctly helped."

THE BALL GAMES

The games between the two contenders for World Cup supremacy, the United States and the United Kingdom, have been held in more enthusiasm and interest than in many years. The fans in Sanford were just as wild about the games as they are in other cities. The fans who have never taken any interest in the game are now following the paper from the city and watching the game on the radio. The fans who have never taken any interest in the game are now following the paper from the city and watching the game on the radio.

The fans who have never taken any interest in the game are now following the paper from the city and watching the game on the radio. The fans who have never taken any interest in the game are now following the paper from the city and watching the game on the radio.

ARMISTICE DAY

More than a month intervenes between now and Armistice day, Nov. 11, but it is not too soon to urge, insist and reiterate that Tampa this year should not witness a repetition of the saturnalia that disgraced the city's observance of Armistice Day last year. Still fresh in the minds of those to whom the anniversary brings fresh recollection of sacrifices made by the memory of that wild orgy of senseless noise still ringing in the ears of those whose service flags hang from their homes, the city's leaders and the various hoarding of mankind's sins, dragging behind their autos tin cans wagon tires, every noise-making device imaginable, and driving the cars with mufflers cut out or back firing like machine guns. These things are not seemly in the observance of such an anniversary as Armistice

BUSINESS INFLATION TEMPORARY SAYS BABSON

WELLESLEY HILLS, Mass., Oct. 9. Discussing the statement of certain bankers that the country is headed for another period of inflation, Roger W. Babson today issued the following statement, from his statistical offices at Wellesley Hills.

"For readers who are not bankers and economists, let me first explain in a simple language, what is meant by inflation. Men who are acquainted with the Babsonchart of Business Conditions know it is made up of two lines—first a normal line, representing the permanent growth of the country which looks like a simple uphill grade and a second line which looks like the outline of hills and valleys. This second line represents temporary business conditions. For a few years it is above the normal line and then for a few years it is below the normal line. When the two lines coincide, business is normal; but when the second line is above the normal line, bankers say we are having inflation, while when this line is below the normal line, bankers say we are having deflation. Just now they say that we are threatened with another period of inflation.

"The normal line of business is determined by the honesty, intelligence, and thrift of the people. Comparing the health of business with the health of a person, we would say that the normal growth depends upon how we behave and how we take care of ourselves. The temporary business line, however, is affected by stimuli the same as our body. A stimulant may greatly exhilarate us, but we know the effect is only temporary and the reaction afterwards is very depressing. We feel much worse in a few days. This is the scientific basis of the common saying, 'I feel like the morning after.' There are special reasons why the bankers may be right in saying that a temporary period of inflation is at hand. The country during the past year has been given three distinct stimulants, which should naturally help business and thereby cause inflation.

The first of these stimulants was the Immigration Law, which gave us a large number of new workers. This was known as the 'immigration boom.' The second stimulant was the Tariff Bill, which was passed last month. It is probably a tariff on manual labor and on common labor. If continued, it will cause a famine of common labor in this country. It is the reason why the United States has been so slow to get out of the depression. The third stimulant was the Tariff Bill, which was passed last month. It is probably a tariff on manual labor and on common labor. If continued, it will cause a famine of common labor in this country. It is the reason why the United States has been so slow to get out of the depression.

These three factors may cause temporary inflation. None of them, however, affects the long wings of business which are determined by fundamental economic law. So far as the long wing goes we are in a period of deflation which will continue for some years to come. Over the long period of years the tendency of wages, prices, and interest rates will continue downward. However, it is very likely that this tendency has temporarily been checked and we shall probably have all the earmarks of a period of inflation. The Babsonchart of Business Conditions shows that the country is at the highest point in over two years. Activity this week is but 6 per cent below normal as compared with 7 per cent below last week and 14 per cent below the year's average, based on a year's average.

LOW RATES FOR ELECTRICITY

The city has adopted new rates for electricity effective Sept. 20th and below are the rates that our system is charging them as an advertisement of the city. The new schedule is graduated, the highest rate being 12 cents for users of less than 20 kw-hr and ranging downward to seven cents for over 800 kw-hr. Seven cents is also the rate charged for cooking.

PROMOTERS OF FLORIDA TRUCKING

Promoters of Florida trucking enterprises seem to have overlooked two good bets in their statements of the state's advantages. One is that very few weeds grow here during the trucking season. Nature appears to have reserved her fall and winter and spring bounty for the things that rejoice the palate and pocketbook of man. Instead of the late spring and summer weed crop being a competitor with vegetables for plant food, as farther north, weed time is fallow time in Florida gardens. Any truck grower who has struggled with the pest that crops their lettuce at Sanford's feeling that would not mind to have the point elaborated. Just the plain statement of the fact would be argument enough for him.

ANOTHER POINTER THE TRIBUNE OFFERS

Another pointer the Tribune offers to Florida land-selling agents is that nearly all work is done during the season when it is most pleasant to be out of doors. While Florida sunshine

never causes death or prostration, it is going strongest when the farmer can sit in the shade and take life easy; while his brother up north is broiling in the hay and grain fields. Of course "there are others" which have been duly exploited as reasons for farming in Florida; but these two absentees deserve a prominent place in the state's "Come hither" literature. Tampa Tribune.

CHOPPING DOWN THE SIGNS

All over the country an effort is being made to clear the roadways of billboards. Highway associations have been particularly active in getting action by county commissioners in the outlawing of signboards. County commissioners, as a rule, have shown commendable enterprise in meeting the demand for the reformation of these boards that disfigure the landscape from one end of the county to the other. But the action of the county commissioners has been nullified to a large extent by property owners who permit billboards to be erected on their property abutting the highways. Well-directed warfare, however, is getting property owners to see the poor wisdom of such boards on their hands and many of them are refusing to become parties to the disfigurement of the country. Pressure, too, has been brought to bear on advertisers who have been thus stubbornly defying the will of the people, and they, too, are easing off on the billboard stunt. In many counties of California billboards were driven out of sight of the highways by civic organizations agreeing to buy no articles they saw advertised on billboards.

In approaching a certain Florida city one is confronted by this streamer announcement across the highway: "Welcome to Our City." For a mile approaching that welcome sign, other and more brazen faced signs offer the tourist everything from pills to pastry flour. From every fence-post and tree they intrude their message like a bunch of peevish boys peddling popcorn along a train at a railroad station. Summed up, these billboards say about this: "You are welcome to our city, but we want you to loosen up your purse strings." "If it's a restaurant you're looking for, go to CASH AND CARRY

Ketchum and St. Louis. "For this troubles, go to Sanford and Gasolina alley." "Play safe with a box of Sureshot liver pills for an afternoon train at a railroad station. Now this is a whole array of stuff that leads the way to the well-known sign of the city of Florida city. Aren't you proud of it?" Down on the road, the fire companies have made the railroad crossing unsafe by erecting great billboards right in the middle of the road so that they obstruct the view of the railroad. Reporter.

WATCH YOUR TOWN'S SMOKE

There is scarcely a week which does not witness the rearing up of this city of another chimney. A home or factory—whose trail of smoke bears mute testimony to its progress and industry. Sanford is growing, but it has really only started to grow. The citizens of vision have much to contemplate in the promise of the future. Well may we say to the world "Welcome to Sanford's model."

Mr. and Mrs. A. W. Lee Sr. of Titusville arrived here yesterday morning being called here by the death of their daughter in law Mrs. A. W. Lee Jr.

Rev. and Mrs. F. E. Steinhilber, of Tampa, were the guests of their daughter, Mrs. Frank Adams Thursday and Friday enroute home from DeLand.

Mr. and Mrs. Howard P. Smith and their guests, Mr. and Mrs. L. E. Fenn, of Jacksonville, and Dr. and Mrs. D. B. Caswell spent the week most pleasantly at Daytona Beach.

Mr. E. Walker Dickson from Longwood with his bride spent Sunday in Sanford calling upon friends and taking dinner with his sister, Mrs. James R. Stewart of Myrtle Ave.

Mrs. C. J. Lydecker and Mrs. Tichnor, of Leonia, N. J., are spending a few days here at the Montezuma before going to St. Petersburg where they will spend the winter.

Mr. John Friedell and daughter Mrs. Minor Swarthout of Hammondsport, N. Y., will arrive this afternoon being called here by the death of their daughter and sister Mrs. A. W. Lee, Jr.

Mrs. Donald Whitcomb and infant son and mother Mrs. R. L. Peck leave today for Aiken, S. C., where the Whitcombs will make their future

home. Mrs. Peck will remain with her daughter for several weeks. The many friends regret that Mr. and Mrs. Whitcomb are leaving Sanford but wish them every success in their new home.

K. OF C. CELEBRATION

It has been the practice of the Knights of Columbus throughout the country to celebrate on October 12th in honor of Columbus Day. This year the local Council, K. of C. will give the public an entertainment in the way of a six act vaudeville show, an address by T. J. Noone, of Orlando, and follow it with cards. These games will be five hundred and bridge and prizes will be given for high scores.

This entertainment is absolutely free and is open to the public. There will be no charge for the refreshments, the entertainment or card games, and inasmuch as this is open to the public a large crowd is expected. The general public is invited. This entertainment takes place, October 12th at 8 p. m.

NOTICE

Until eleven o'clock each morning the Herald will be glad to receive over the telephone notices of society or personal events intended for publication on that day. All matters for announcement column, such as church socials and community affairs, etc., should be written and sent to the office.

The Herald desires to afford the greatest possible latitude to those desiring to convey items through the Society page, and the fullest measure of co-operation is urged.

The Herald invites its readers and friends to telephone to the society editor all items of interest. Every effort will be made to secure their publication on the same day if the hours described above are adhered to.

DICKSON RINEAU

Miss Faye Rineau and Mr. Walker Dickson of Longwood were married last Tuesday October third, at the St. Paul Rectory, Mead, Ga. at high noon.

Following the ceremony the young couple left in their car for Sanford and are the guests of their sister Mrs. J. R. Stewart.

Mr. Dickson is a brother of Mrs. J. R. Stewart and Mrs. Chris Matthews of this city and Miss Mildred Dickson and her many friends will join in their congratulations.

SOCIAL TEA AND MUSICAL

Social Tea and Musical will be given for the members of the Music Department and the officers of the Woman's Club Wednesday afternoon at four o'clock sharp. Mrs. W. T. Henley and Mrs. H. C. Du Bose are in charge.

SHE TAKES TWICE TOO MANY STEPS

The average American housewife is a busy woman. She has to do a lot of things every day in her kitchen.

Scientific minds have worked out a simple arrangement of the average house which will cut down her steps by half.

In the model house to be shown at the Better Homes in America campaign here October 9 to 14, Deane, Fla. during the week end with Better Homes in America campaign, the model house will be shown.

There are many ways to save time and energy in the carrying of their routine household duties.

Every busy wife and mother should arrange to see the model house and learn how to conserve her strength and energy.

MAKE ELECTRICITY SAVE YOUR WORK

How electricity can be made to lighten the average housewife's burdens will be demonstrated in the model house, Park ave., which will go on public exhibition October 9 to 14, in the Better Homes in America campaign, in which Seminole County Federation of Woman's Clubs is taking part, together with hundreds of cities and towns in the United States.

New electrical conveniences are being contrived by inventors as a substitute for manual labor in the routine home duties.

Among the most familiar electrical time savers are, of course, the electrical range, dish washer, washing-machine, vacuum cleaner, and electric iron.

The percolator and samovar, for coffee and tea, are gaining in favor and use. The electric toaster and the waffle iron are becoming almost a necessity. The chafingdish has long been the first lieutenant of the housewife who has unexpected callers at meal-time.

All the electrical equipment was donated by Gellon & Fry.

PROTECTION OF U. S. SOUGHT BY GREEKS

By The Associated Press ATHENS, Oct. 9.—Twenty-eight Greek Christian deputies in the Greek

national assembly have cabled President Harding and the American congress seeking protection for the Greek Christian and other Christian population in Eastern Thrace should that area be turned over to the Turks.

The Christians of Thrace, says the message, are in a state of consternation over the probable terms of the Mudanya armistice, whereby Eastern Thrace will be restored to Turkey.

"They are under no illusion of the fate awaiting them if the iniquitous direction is carried out," continues the message, "for no paper guarantees will insure the fulfillment of any Turkish promises, and the Kemalists make no secret of their determination to wipe out the Christians populations under Turkish rule by massacre, exile and deportation."

COOKED FOOD SALE

The ladies of the Catholic church will have a cooked food sale at Dean Turner's Saturday afternoon, 164-16c

"Had a bad cough for three years," writes H. E. Campbell, Adrian, Michigan. "Found no relief until I tried Foley's Honey and Tar." Lingers coughs, severe colds, croup, throat, chest and bronchial trouble quickly relieved with Foley's Honey and Tar. No need to suffer and take chances with neglected coughs and colds. Free from opiates ingredients printed on the wrapper. Largest selling cough medicine in the world.—Adv.

## Sanford High Eleven Wins Over Ocala

### GIANTS ARE CHAMPIONS RIGHT ON

#### WEEKENDS WIN ENDED SERIES AND TITLE STAYS WITH THE GIANTS

(By The Associated Press)  
NEW YORK, Oct. 9.—All the advance dope about the strong pitching staff of the Yanks and the weak staff of the Giants, and the Yanks being favored to win, was upset last week, when the Giants took four out of five, being the only team to win. The Giants were rated by the most conservative experts as nothing more than a fighting chance of winning one game of the World's Series from the Yanks, and yet they did not lose a game.

From an approach that could be made of paper before the first game was played, the Giants were considered a beaten club, but with the stroke of the Giants' together with the way in which they took the breaks, they upped their waders advance stuff and with the bacon.

The game was just another of the Giants. The Giants used all the breaks, but aside from the Yankees' there was nothing to stop them. Babe Ruth, who made himself at all times, made a record for the Yank outfit were their feet instead of their hands, or who gets the credit, the result is the Giants are the world's champions.

ALL PLAYERS IN TROUBLE.

Oct. 9. The Florida football season of 1922 has just closed, but all its interest is not over. President W. H. Rose was officially declared the champion of the players. Kowalski, Bagelow, Hunter, Moore, Lucas, and others of clubs in the state, playing as the champions, were named the rules of the game, when they were against Savannah on the 10th and 11th last.

Each club employed Cliff Chittenden, the official referee for the national commission. The national commission. The national commission.

W. H. Rose was officially declared the champion of the players. Kowalski, Bagelow, Hunter, Moore, Lucas, and others of clubs in the state, playing as the champions, were named the rules of the game, when they were against Savannah on the 10th and 11th last.

Each club employed Cliff Chittenden, the official referee for the national commission. The national commission. The national commission.

For the first time since 1911 the Sanford fans were given the privilege of witnessing the local outfit win a game. Throughout the entire game the excellent coaching of Coach Wilkenson stood out and the game itself was one of the best foot ball games ever witnessed on the local gridiron.

Ocala High and their large crowd of fans arrived in Sanford early Saturday morning fully confident that they would repeat their performance of last year, when they took our crowd over by a 55 to 0 score, but they failed to reckon with our coach. The Ocala eleven was practically the same as last year or even a little better, and the personnel of the Sanford team was changed but little, and even the Sanford fans felt a little dubious as Ocala romped about in the first part of the game, getting away to a twelve point lead. But the big surprise that was predicted by the Herald took place in the last five minutes of play and the Sanford boys opened up and fairly played Ocala off their feet, pushing the pig-skin across for three touch downs and enough to win.

Sanford won the toss up before the game and Ocala kicked off. All thru the first quarter the ball was kept in Sanford's territory but the strong line of the Orange and Black held and the quarter ended without a touch down for either side. In the second period of play, Ocala put a little extra pep into things and by a half strength nose one across the line for the first touch down of the game. The brilliant playing of Quarter Back Lewis of Ocala, featured this period. He was responsible for this first touch down with his many end runs and his advance of over sixty yards. Daniels scored the first touch down, rushing the ball over from the five yard line.

In the third quarter Ocala, again, through end runs and forward passes brought the ball to the ten yard line, to be pushed across by Lewis, giving Ocala a twelve point lead. Both attempts at kicking the goal was lost

and the third quarter ended without further scoring.

It was in the fourth and last period of play that the brilliant work of the Sanford players showed up, and the fine head work taught them by Coach Wilkenson. With but five minutes more to go and three touch downs needed to win the Sanford eleven opened up and with perfect forward passes, perfect passes behind the lines and cool heads, and proceeded to score three touch downs, the last being made in the last minute of play. All during this period the play was kept in Ocala's territory and the first touchdown was scored by McLucas, a beautiful play on his part, carrying the ball across from the fifteen yard line. Bill Moye and Stone carried it across for the next two touch downs, both the result of perfect forward passes. For a short space it looked like four touch downs, but a fumble on the three yard line gave the ball to Ocala when it looked certain it would be carried across for one more down.

The game will go down in history as the best game seen in Sanford to this date. It proves that the advance dope of the Herald was correct and that it pays to have a man hired to help these boys. The result of Saturday's game has instilled into these players the pep that will carry them to victory over DeLand this week, or at least give a good account of themselves.

Coach Wilkenson is proud of his boys' first showing and after all why shouldn't he be? We all are. And now that it has been demonstrated that Sanford can win we will all be looking for more victories as the season proceeds.

The game by periods of Saturday's game follows:

Ocala	0	0	0	12
Sanford High	0	0	12	18

Ocala scoring touch downs: Daniels and Lewis; Sanford, M. Lucas, W. Moye and Stone. Referee, Ray Chittenden; head linesman, M. E. Tibbs.

### CELERY SEED

"We told you so."

But we are not speaking of the World's Series now. We mean the Sanford Ocala game.

Training and coaching was sticking out all through Saturday's game. And that is something we never had before.

And maybe Leonard McLucas is not a young whirlwind on the gridiron.

And the whole darned outfit is there with the goods. Just watch them smoke this season.

Wonder what Huggins has to say this morning.

But we are glad it's all settled for another year.

Dutch Henry, Orlando's high and mighty, was knocked out of the box in the first inning Saturday. He walked three men and then threw the ball into the bleachers trying to catch a man at third, and the outcome was that Tulsa not only won the game but won the series, giving them the western and Southern title.

Centre won over Mississippi eleven Saturday, carrying them to the top of 55 to 0.

The Florida Gators lost a good game to Florida at Gainesville Saturday, the white blowing just about a minute for each. The score was 6 to 0.

The Hillsborough High won the Hillsborough Ft. Meade game, the final count being 21 to 0. Wait until Hillsborough tackles Sanford. Something different than

with Chicago even if they did lose 20 to 0. Chicago even if they did lose 20 to 0.

There will be some game in Orlando Saturday. Florida and Red line will hold the cards for the day. A large crowd of Sanford fans expect to jump a wire to the fray.

### ARMISTICE DAY WILL BE ORDERLY WITH NO GAMBLING

Campbell-Lossing Post, American Legion wants the public to know that they stand for law and order at all times. In the celebration of the past there has been crap shooting on the streets and the officials had the objection with the general public that the Legion boys were wearing their usual sport town on Armistice Day and would the crap shooting on the streets. The Legion boys want to be known as a crowd that they will be the of peace this year in celebrating the day of Armistice Day as on other days and none of the Legion members will countenance any gambling of any kind on the streets that day. The officers will do their duty in this respect and arrest anyone caught gambling on the streets or otherwise conducting themselves in a manner unbecoming real citizens and the officers can be assured that the American Legion will not only uphold their hands in this respect but will render them any assistance needed in upholding law and order. The Armistice Day this year will be one of the biggest days since the first Armistice Day when peace was declared but much of the noise and other objectionable features will be eliminated. It will be a celebration in keeping with the memorial aspects of a real Armistice Day celebration and Campbell-Lossing Post will lead the state in calling for a peaceful observance of one of the greatest days in American history.

### BE SIXTEEN BEFORE YOU DRIVE IN TAMPA

TAMPA, Fla., Oct. 9. Police Chief Williams has issued orders that all children under 16 years of age seen driving machines in Tampa are to be taken to police headquarters to be held until their parents or guardians appear and pay a fine. A city ordinance prohibits driving of machines by children under 16 year of age. Many accidents due to youthfulness of drivers in recent weeks caused the issuance of the ordinance.

### Wild Cat in Hen Coop Is Killed After Battle

New London, Conn.—Capt John Fish of Fishtown was aroused last night by the cackling of hens and with his dogs and a rifle the captain hastened to the coop and found in it a wildcat. He shot the animal but did not seriously injure it.

The dogs were sent after the intruder. The cat put up a lively fight, but was finally forced out of the coop and escaped to a nearby tree. Captain Fish took a shotgun and riddled the animal with buckshot until it fell to the ground. The cat weighed 90 pounds, the captain says.
