NUMBER 29

EARLY GENERAL ELECTION OR RESIGNATION TO RESULT TO PRIME MINISTER GEORGE

Upshot of Present Political Crisis in England is Believed

WIDENING BREACH

IN CONSERVATIVE PARTY TOGETHER WITH GAIN IN LIBERAL STRENGTH

(By The Associated Press)
LONDON, March 2.—Either early general election or the resignation of Prime Minister Lloyd George will be the upshot of the present political crisis, it is generally believed. Apparently widening breach in conservative party together with consistent gain in strength of Liberals under former Premier Asquith, and laborites, have forced these alternatives on the premier.

LONDON, March 2.—The petition of Lady Rhonda, to sit in the House of Lords was granted by the committee on privileges today. If she takes her seat awarded her by the ruling she will be the first woman to sit in the upper house of the British parliament as Lady Astor was in the lower chamber.

WORK IS NAME OF SUCCESSOR TO WILL HAYES

DR. HUBERT WORK WILL DOCTOR THE WORK OF THE POSTOFFICES

(By The Associated Press)
WASHINGTON, March 2.—Dr. Hubert Work, at present the first assistant postmaster general, will succeed Will Hays as head of postoffice department it was learned definitely today at the White House. Dr. Work, whose home is in Pueblo, Colo., will take over the postoffice portfolio Saturday, when the resignation of Will Hays becomes effective. The nomination of Work is expected to be sent to the Senate shortly.

BRIDGE KEEPER HAD NOT BEEN ROBBED

(By The Associated Press)
PALATKA, March 2.—The bridge tender on the bridge across the St. Johns river here is going to purchase a new bank and night policeman Lawrence is going to receive a new flashlight, as a reward for the recovery of the toll funds one night last week. The bridge tender sent out an S. O. S. that someone had "lifted" all the money in his booth and Lawrence, engaged in a search for a stolen silver was called off the scent and summoned to the bridge. It developed the bridge tender kept the tolls he had collected in a tin can and a search disclosed the can and the money on the floor in the keeper's office, whence it had fallen from his desk.

MRS. PARK TRAMMELL OPERATED UPON AT ORANGE GEN. HOSPITAL

Mrs. Park Trammell was operated upon this morning at the Orange General Hospital by Dr. J. S. McEwan, surgeon. When seen shortly before noon, Dr. McEwan reported Mrs. Trammell to be resting well and having a possible chance of recovery. There is no immediate danger, according to Dr. McEwan, unless some unforeseen developments take place. Senator Trammell arrived here from Washington on the early morning train, having been summoned from Washington by wire.—Orlando Reporter-Star.

HOUSE MILITARY COMMITTEE WILL GO TO SHOALS TO INSPECT THE PLANT

(By The Associated Press)
WASHINGTON, March 2.—Members of the House Military Committee who are investigating various proposals for private operation and lease of Muscle Shoals, decided today in executive session in favor of making an inspection trip to Muscle Shoals.

FLORIDA AQUATIC MEET AT ROLLINS APRIL 20TH; BIGGEST OF ITS KIND

Many High Schools Are Entering in Competition for Cups and Medals

The Florida State Interscholastic Aquatic meet will be held at Rollins College, Winter Park, April 20, 1922. The meet this year will be the biggest meet of its kind that has ever been held in the United States. Requests for information and instructions are coming in daily to the office of the committee in charge of the meet. Several High Schools who have never competed will enter the contest this year and the governing committee are planning for a record breaking crowd of spectators. In the past parents and friends of contestants have made the trip to Winter Park by auto and have spent the week end either at Winter Park or Orlando. By doing this they have made it possible for high school teams to enter because such trips away are usually given up because of being too expensive.

Twenty-four sterling silver cups costing \$1,500 besides gold, silver and bronze medals will be offered to contestants taking part in the meet this year. This set of cups have been contributed by the business men of Winter Park and Orlando who are interested in developing the sport of swimming.

BONUS BILL TO BE ADJUSTED ON NEW PLAN

SOMETHING LIKE THE ONE OUTLINED BY THE SANFORD HERALD

(By The Associated Press)
WASHINGTON, March 2.—Elimination of the cash feature of the soldiers' bonus bill, but under a plan which would enable former service men to obtain funds from banks on adjusted service certificates immediately after they were issued is under consideration by majority members of the house ways and means committee as a possible solution of the bonus problem.

This would make unnecessary any heavy draft on the federal treasury during the next two years while the refunding of the \$6,500,000,000 short-dated debt is in progress and, it was said, would remove the fundamental cause of the differences in congress and between the administration and congress over the bonus question.

Unanimous agreement to eliminate the cash feature of the soldier's bonus, except in the case of men whose adjusted service pay would not exceed fifty dollars, was reached today by the special sub-committee of Republican members of House, Ways and Means committee, to which the whole bonus question was referred to yesterday.

In lieu of cash for other service men it was agreed to add a new provision to the bonus bill, under which the men accepting adjusted service certificates could draw from banks a sum equal to fifty percent of adjusted service, computed at a rate of one dollar per day for all domestic service and a dollar and a quarter per day for all foreign service.

KING GEORGE SUBS PRESIDENT HARDING LOST CORNED BEEF

(By The Associated Press)
FORT WORTH, March 2.—King George of England through his attorneys, has filed a suit in district court here against President Harding, asking damages of \$1,070 for the alleged non delivery by the Rock Island railroad of sixty-four cases of corned beef, during the war. The suit was filed yesterday, about the time of the wedding of Princess Mary, the King's daughter.

President Harding is a party to the suit because the railroad is the defendant and the United States government had control of the railroads for a period during the war. King George was the only plaintiff named in the suit.

According to the suit the corn beef which was to be shipped from here to Hqbooken, N. J., never was delivered.

terested in developing the sport of swimming.

All High Schools in Florida are eligible and each school should send a team of boys and a team of girls. This is a splendid opportunity for those in the state who are interested in developing water sports to have a part in developing the most natural sport to be developed in Florida.

C. W. Streit, first vice-president of the Amateur Athletic Union of the United States and president of the Southeastern Association of the Amateur Athletic Union and Al Donnan of the Atlanta Athletic Club will be present at the meet this year and officiate.

There will be ten events for boys and ten events for girls. The boys' program will be run off in the morning and the girls in the afternoon. Moving pictures will be taken of the events.

Any information desired will be furnished upon request by writing to R. W. Greene, secretary of the Governing Committee, at Winter Park, Fla.

The cups and medals to be offered in the coming meet are on display at the store of Yowell & Company in this city.

AMERICAN NAVY TIED UP, HAS NO FUNDS

TO PURCHASE FUEL DUE TO ACTION OF APPROPRIATION COMMITTEE

(By The Associated Press)
WASHINGTON, March 2.—Necessity of tying up every ship in the navy for lack of fuel to permit operation faced the navy department as an immediate possibility due to action of the house appropriations committee in reporting out yesterday a deficiency item of \$6,200,000 for naval fuel to be used during the remainder of the fiscal year. The sum is about one-half of the original fuel deficiency estimate submitted by the department.

As drawn by the committee the bill does not provide for an additional appropriation but merely authorizes the department to spend money it might be able to take from other current appropriations for fuel up to the limit set.

Naval officials are known to regard the situation as serious, although Secretary Denby refused last night to authorize any comment on the action of the committee. There were indications, however, that orders must go forward to all parts of the navy almost immediately under which no ship would be permitted to operate under steam for the remainder of the fiscal year, unless administration officials were successful in inducing congress to make more liberal fuel provision.

PLANS FOR FLORIDA "CLEAN-UP" ARE NOW COMPLETE

(By The Associated Press)
WASHINGTON, March 2.—Organization of the prohibition headquarters forces for the coming concentrated campaign in Florida against liquor smuggling is being rapidly completed, officials said last night.

E. C. Yellowley, chief of general prohibition agents, returned yesterday from an extended tour of the west and it was said will assume charge of the Florida operations and have general direction of the re-enforcements being sent into the state in an effort to put an end to the activities of rum runners.

Colonel L. G. Nutt, head of the narcotic section, it was understood, may be sent to Florida as field chief of the prohibition agents gathered there and to take active command of the combined forces of airplanes, submarine chasers and land officers which it is said are being concentrated for southern operations.

Assignment of Colonel Nutt to Florida it was thought would also mean a clean up of smugglers bringing illicit drugs into the country.

By the way the Senate has not yet been told what administration gave the postmasterships to the opposition.

PROHIBITION OFFICERS HERE ON SEA, LAND AND IN AIR TO STOP LIQUOR TRAFFIC

WATERWORKS PLANT IS ANOTHER DEPENDABLE ASSET TO JAX

From a gross yearly earning of \$2,441.75 in 1880, to a gross earning of \$221,260.72 during 1921, is the record established by the municipal waterworks here.

These figures speak for themselves as of the financial standing of the city of Jacksonville. The city's assets so far overshadow its liabilities that no comparison can be struck. It is these figures, through a prospectus sent out from the city hall, that the city commission hopes to convince bond buyers that they take no risk when buying Jacksonville bonds, \$2,000,000 of which have been advertised for sale.

The total gross earnings of the municipal waterworks up to and including 1921 were \$3,372,770.98. The net earnings amounted to \$1,682,008.09, \$1,689,862.89 going for operating expenses, \$1,048,092.82 for extension and improvements and \$781,483.22 being turned over to the city treasurer. The assets of the waterworks exceed the liabilities by \$1,700,552.93.

It is estimated with the increased revenue to the electric light plant through city-wide installation of electrical cooking and heating appliances Jacksonville will be considered one of the financial strongholds of the South.—Times-Union.

Sweden Gets Ready For Prohibition—Movement on Way

DRY ADVOCATES HAVE INTRODUCED SEVERAL BILLS IN PARLIAMENT

STOCKHOLM, Mch. 1.—Advocates of prohibition in Sweden have introduced several bills in parliament intended to clear the way for making the country wholly dry or at least dry in spots.

Both houses of parliament have adopted a bill authorizing the government to submit to a general consultative referendum the prohibition question or any other on which the parliament desires a popular vote.

It is understood, however, the government will not ask parliament for a prohibition referendum in this session.

As the referendum is only consultative the approval of parliament will be necessary to enact its decision into law.

One measure introduced in the Rigsdag would confer power upon municipalities to prohibit the sale of alcoholic liquors.

The experience of the United States under the prohibition amendment is being watched closely by both "wets" and "drys" and other sides of the campaign to outlaw John Barleycorn are making use of reports from America.

Sweden is now under a rationing system limiting the amount of intoxicants any person may purchase in any month.

U. S. DISTRICT ATTORNEY WILL INVESTIGATE CASE OF OCEAN MURDER

(By The Associated Press)
KEY WEST, March 2.—Assistant United States District Attorney Yerkes is due to arrive here tomorrow to investigate the case of the crew of the British schooner Lewis Brothers, one of whom is charged with the murder of Captain Chute, master of the vessel.

The British government wants the men extradited to British territory for trial.

Try a Herald Want Ad today.

Will Make Concentrated Effort Against Smugglers in Fla.

DIFFICULT PROBLEM

SHALLOW WATER ALONG COAST GOOD SOIL TO PLANT BOOZE

(By The Associated Press)
WASHINGTON, March 2.—Prohibition enforcement agents are being transferred from various states to Florida for a concentrated campaign against liquor smugglers along the coast of peninsula state prohibition officials said today. Officials declared a difficult problem was facing the government in connection with rum running on the Florida coast. One peculiar difficulty lay in the fact that great expanses of shallow water along the coasts made it possible for smugglers to hide cargoes of liquor on the bottom of the sea, upon approach of authorities. This practice is followed to such an extent they said that Florida shallows are almost carpeted with whiskey and rum.

WILL YON NOW A BANKER

(By The Associated Press)
FORT MEYERS, March 2.—J. Will Yon, formerly state auditor, has accepted a position with the St. Lucie County Bank and moved here to make his home.

PUBLIC DEBT HAS INCREASED 90 MILLIONS

DURING FEBRUARY AS ANNOUNCED BY TREASURY DEPARTMENT

(By The Associated Press)
WASHINGTON, March 2.—An increase of more than \$90,000,000 in the public debt during February was announced today by the treasury department. Increase largely accounted for by issuance of \$600,000,000 treasury notes while government securities were retired during February of \$61,000,000.

Two Divorce Suits At Maysville, Ky.—Youth and Old Age

Mother-in-Law Runs Away With Her Young Son-in-Law

(By The Associated Press)
MAYSVILLE, Ky., March 2.—Two divorce suits are pending in the Mason county circuit court here because Carl Kellum, 23, and his mother-in-law, Mrs. Addie Gallagher, 45, ran off together, according to petitions filed by Mrs. Irma Gallagher Kellum, 18, against her husband and by John Gallagher, 55, against his wife, Mrs. Kellum says she married two years ago and was very happy on her husband's farm four miles from here. A short time ago, she alleges, her mother, who lived at her home on an adjoining farm, ran off with Kellum and never returned. Gallagher's petition unfolds same story. Kellum and Mrs. Gallagher are now living together in this county the petitions charge.

BAR ASSOCIATION TO ASK LAW TO CONTROL STATE EXAMINATIONS

A bill to give the state bar association complete control in the matter of admitting lawyers to the bar in this state will probably be introduced at the next session of the state legislature, Judge C. O. Andrews, president of the association, said yesterday.

Judge Andrews explained that the recent action of the national bar association in adopting a resolution asking that a college course be required of candidates for admission to the bar did not effect the state laws.

A bill similar to the one planned now was introduced at the last session of the legislature but failed of passage in the house of representatives on the last day of the session.—Orlando Sentinel.

GIANT DIRIGIBLE ROMA EXPLODED AND SANK AT NEWPORT NEWS TODAY

May Be Second Catastrophe of This Kind—Death List Unknown

(By The Associated Press)
NEWPORT NEWS, Feb. 21.—Officials at Langley Field announced this afternoon that the giant dirigible Roma exploded over Hampton Roads and sank immediately. What loss of life, if any, was not reported, but it is known a number of persons were aboard. Observers at Old Point said the Roma appeared to be well beyond the naval base when she took fire and fell. They believe she fell on land.

Roma exploded in air and landed in flames at army base. Four men were taken off of her alive but badly burned. Conflagration so hot it was impossible to get near the ship and it is not known whether any more men are aboard. The Roma was only 35 feet from the ground at the time and nose-dived to earth within army reservation almost in front of reservation fire department headquarters. Langley Field reported forty men aboard when Roma left station.

SURVIVORS TELL THEIR STORY OF THE DIRIGIBLE CATASTROPHE

(By The Associated Press)
NORFOLK, Va., Feb. 22.—Of the thirty-eight men who left the Langley Field air station yesterday afternoon, ten found their way, alive, to the United States Public Health Service hospital. These men, some more dead than alive, lay on their cots, with burned and broken limbs swathed in bandages. Some had their faces smeared with cream to relieve them of their intense suffering, while others lay asleep or unconscious with only their closed eyes visible. All who were able to talk, were suffering from shock.

Albert Storas, who was in the observer's pit on top of the bag, said: "I felt the ship tilt up from the back and start to slide down. I tried to go back down inside but then I decided to come out forward again. By that time we hit the ground and I was thrown out on the ground." Storas was burned about the hands and is suffering from shock.

Major J. D. Reardon, who was in the control cabin at the time of the accident, said that the work of the officers in charge was excellent. "Lieutenant Burt and Captain Mabry were at their wheels," the major said "the ship gave a duck and I saw Lieutenant Burt pull with all his might on the elevation level. He yelled out, 'She won't respond,' and then 'Cut the motors!'"

"One by one I heard the motors shut off and then we struck. If the motors had not been shut off we would have hit the ground much harder." When asked if he had seen any flame, he said that he had not.

Ray Hurley, a civilian and engine expert, was aboard and suffered a slight sprain of one arm and burns about the hands. The trip was Hurley's first flight. "It was the first time I had ever been up and when the Roma started to swing I didn't know anything was wrong. I thought she was acting all right. I didn't know different. It was not until the machine hit the ground that I realized she was wrecked. She was sailing along smoothly and she was coming straight from the Langley Field. We were up only a short time when we fell."

Hurley, in concluding said: "I didn't know what was going on, I was insane."

Sergeant Peek, an engineer aboard the Roma, said that he was tending his motor in the port rear engine boat. "The Liberty was running fine when we suddenly veered up and nosed down. I was too insane to think much of anything."

Joseph N. Biedenbeck, engineer, was burned about the face and hands. He said: "I didn't see any fire. The ship just tilted up and started to nose dive. It took about twenty seconds for us to hit the ground and an explosion followed. I was pinned down so that I could not get out. The fabric was above me and the girders were all around. I waited for the fabric to burn through so I could get out. All the time I was afraid that the big gas envelope behind us would explode. As it happened, the fire ratched the fabric before the big explosion. If it had not, I could never have gotten out alive. I saw one man trip a jump. I don't know who he was or if he made a safe landing. We hit right after that. We were too low for anybody to make a safe jump."

Both Biedenbeck and Major Reardon spoke of the gallant way the officers remained at their posts. Until the instant of the crash the officers at the wheels stuck.

One of the survivors said that the Roma often sailed with a little tilt and that he paid little attention to

the initial lift of the tail of the ship until a man yelled that the craft had refused to respond to the helm.

DISASTER WILL RETARD DEVELOPMENT

IN THE LIGHTER THAN AIR CRAFT SAYS CHAIRMAN KAHN.

(By The Associated Press)
WASHINGTON, Feb. 22.—The Roma disaster will be a serious setback to the development of the lighter than air craft in America, because the nation is deeply stirred and will not forget, Chairman Julius Kahn of the house military committee, declared today in a statement.

(By The Associated Press)
NORFOLK, Feb. 22.—Major General Patrick, head of the army air service, made this statement today: "From the testimony I have heard so far it is indicated that the accident was due to an accident to the controls regulating the altitude of the Roma. The ship came down striking high tension electric wires, which caused the fire. There was no explosion nor no fire while the ship was in the air. The board of investigation is taking testimony from all the men and its report will be made as soon as possible."

ENGLAND IS STIRRED OVER ROMA DISASTER

LONDON, Feb. 22.—The Roma disaster was featured in all London newspapers today with long accounts of the tragedy and pictures of the airship. The similarity of the details with those of the ZR-2 disaster at Hull last summer were widely remarked upon.

You get your money's worth when you buy Tanlac, because it produces results.—Union Pharmacy.—Adv.

"Glad Tidings of Great Joy"—"Millions Now Living Will Never Die." Free Bible lecture, Sunday night, Princess Theatre, Sanford, at 7:30. Grover C. Powell, of Nashville, Tenn. Don't miss it. No collection. 286-2t&v.

Bible Lecturer Will Speak at Princess Theatre Sunday

Grover C. Powell, of Nashville, Tenn., widely known Bible lecturer, will speak Sunday night at the Princess Theatre on "Millions Now Living Will Never Die."

Mr. Powell formerly was a lawyer of distinction in Tennessee. He has taken lecture work under the auspices of the International Bible Students Association. The lecture will begin at 7:30 o'clock and is free to all.

ENTERPRISE.

The community of Enterprise was cast into the deepest sorrow on Wednesday by the death of Mr. E. C. Shotwell of Johnstown, N. Y., who purchased the estate on the boulevard two years ago, known as the Tuttle place, and improvements were rapidly going forward. On Tuesday Mr. Shotwell was plowing the land with the tractor when it overturned, pinning him underneath and causing injuries from which he passed away on Wednesday at noon. Mr. Shotwell is survived by his wife, who accompanied him here from Johnstown, New York, just previous to his death; also a daughter and son, Catherine and Carl, who were in school in the north. The body was carried to the old home in New York Thursday, accompanied by Mrs. Shotwell, Dr. and Mrs. Glass, uncle and aunt of Mrs. Shotwell. The sympathy of the entire community is with the bereaved family.

Mrs. L. M. Wright and children were the guests of Mrs. B. H. Wright of DeLand on Monday night, remaining over to attend the odeheaver concert at the University auditorium.

Mr. W. T. Wrencher of Apopka filled his regular appointment here on Sunday morning, going out to Osteen for the evening service.

Enterprise was well represented at the fair in Orlando last week.

Mrs. Louise Watton, who has been the guest of Mrs. Henry Murray for the last month, went to Jacksonville on Thursday, where she will visit relatives for a short time.

Mrs. Sam Toms leaves in a few days for her home in Montgomery, Ala., after a vacation spent with her father, Mr. Henry Murray.

Mrs. Huldah Dollson of Kansas City, Mo., arrived on Thursday and is the guest of her sister, Mrs. Fred Murray.

Mr. Miller of Sanford spent Saturday with his friend, Ernest Hamilton. Ernest returned to Sanford with Mr. Miller and was his guest over Sunday.

Mrs. Fred Murray entertained a number of friends on Monday evening at a birthday party. A most enjoyable time was reported by all.

Several cars of people from here attended the odeheaver concert at Stetson on Monday evening and were delighted in hearing Misses Carmichael and Miss Ruth odeheaver, who accompanied Mr. Rodeheaver to DeLand.

We believe in Tanlac and so will you if you try it.—Union Pharmacy.—Adv.

BROWARD COUNTY VOTED BONDS FOR \$600,000 YESTERDAY

(By The Associated Press)
FORT LAUDERDALE, Feb. 22.—Broward county voted \$600,000 road bond issue yesterday. The complete returns this morning showed that only fourteen votes were cast against the proposition in the entire county.

COUNTY COMMISSIONERS PROCEEDINGS FOR FEBRUARY

The Board of County Commissioners in and for Seminole County, Florida, met in regular session at 10:00 a. m. February 7th, 1922. Present: Chairman L. A. Brumley, and Commissioners L. P. Hagan, C. W. Entzinger, O. P. Swope and E. Curlett, with V. E. Douglass, Deputy Clerk, and C. M. Hand, Sheriff, in attendance.

Minutes of the last regular meeting held January 3rd, 1922, were read and approved.

Bids for the Construction of Hard Surfaced Roads in Special Road and Bridge District No. 2 of Seminole County, Florida, as per advertisement, were here opened and read, as follows:

- Bid of Fish Brothers, of Tampa, Fla.
- Bid of Noll & Noll, of Palatka, Fla.
- Bid of Maule & Snyder, of Ojus, Fla.
- Bid of Adams, Evans & Co., of Jacksonville, Fla.
- Bid of LeRoy Hardin, of Orange City, Fla.
- Bid of F. W. Long & Co., of Jacksonville, Fla.

On motion of Comr. L. P. Hagan, seconded by Comr. O. P. Swope and carried, all of the above bids are hereby turned over to the engineer, to tabulate and report to this board at 3:45 p. m.

H. H. Pattishall, of Geneva, Fla., appeared before this board in reference to the cemetery road in Geneva, ordered opened by the county commissioners at their last meeting. No action.

M. M. Smith, appeared before the board in reference to opening of road along the north side of the A. C. L. R. R. track from the present hard surfaced road at Rand's Sliding running NWly. to the Monroe brick road. No action taken.

F. L. Woodruff appeared before the Board in reference to the width of the right-of-way of the Sanford and Orlando road, just south of the city limits of Sanford.

K. B. Osteen appeared before the Board in reference to the purchase by the county of a shell mound owned by him. No action.

Bids for the purchase of one tractor by the county were here opened and read as follows:

- Bid of McDonald & Burgman, for a Cletrac Tractor for \$1,295.00.
- Bid of Bell Brothers, for a Moline Tractor for \$1,000.

Action was deferred on the above bids until 2:30 p. m.

Bids for the construction of a stockade by the county, were here opened and read, and there being only one bid, that of W. S. Price, for the sum of \$1,876.29, action was deferred on the above bid until 2:30 p. m.

Motion of Comr. L. P. Hagan, seconded by Comr. O. P. Swope, and carried, the Weekly Sanford Herald, is hereby designated as the newspaper in which to publish the list of delinquent taxes for the year, 1921.

Bill of Fred T. Williams against the Florida Groves Dr. Dist. for Survey of ditch F for the sum of \$5.00 is hereby approved.

Notary Public Bonds of the following persons were approved by this Board: V. M. Douglass, K. S. Johnson, J. D. Woodruff.

Fire arms bonds of the following persons were approved by this board and license ordered issued: L. G. Stringfellow, C. B. Wilson, Arthur M. Smith, Victor Check, I. E. Estridge and W. A. Tillis.

Motion of Comr. L. P. Hagan, seconded by Comr. E. Curlett and carried this board hereby agrees to pay County Judge E. F. Housholder, a salary of \$200 per year for his services as judge of the Juvenile court.

Motion of Comr. O. P. Swope, seconded by Comr. L. P. Hagan and carried, the salary of the county physician, Dr. J. T. Denton, is hereby fixed at \$50.00 per month for his services at the county jail, county home, county convict camp, and all office calls, and that for all other calls he is to receive one-half of the regular fee.

Motion of Comr. O. P. Swope, seconded by Comr. E. Curlett and carried, the salary of county prosecuting attorney, Schelle Malnes, is hereby fixed at \$75.00 per month.

Motion of Comr. O. P. Swope, seconded by Comr. E. Curlett and carried, the bid of McDonald & Burgman, for one Cletrac tractor for the sum of \$1,295.00 is hereby accepted, provided that they live up to the agreement entered into by them with a committee representing this board.

Motion of Comr. O. P. Swope, seconded by Comr. E. Curlett and carried, G. M. Jacobs, is hereby authorized to straw two miles of road at Chuluota, for the sum of \$110.00.

Motion of Comr. O. P. Swope, seconded by Comr. E. Curlett and carried, a committee is hereby appointed composed of Chairman L. A. Brumley and Dr. J. T. Denton, to confer with the city commissioners of the City of Sanford, in reference to providing a place for the care of consumptives and other contagious diseases.

Motion of O. P. Swope, seconded by Comr. L. P. Hagan and carried, the bid of W. S. Price, for the construction of a stockade for the sum of \$1,876.29, is hereby accepted, one stockade to be constructed in County Commissioner's District No. 1, and one Stockade to be constructed in County Commissioner's District No. 4, both of these stockades to be constructed for the sum of \$1,876.29 each.

Motion of Comr. L. P. Hagan, seconded by Comr. E. Curlett and carried, Comr. O. P. Swope, is hereby authorized to procure a site in Commissioner's District No. 4, upon which to construct a stockade.

Motion of Comr. O. P. Swope, seconded by Comr. E. Curlett and carried, the proposal of the A. C. L. R. R. Co., in reference to certain changes in the crossings on the Sanford & Orlando road is accepted by this board, and Engineer Fred T. Williams is instructed to have the work done at once as per plans and specifications to be furnished by the R. R. Co., and to furnish the R. R. Company with an itemized statement of the cost of same.

Motion of Comr. O. P. Swope, seconded by Comr. E. Curlett and carried, Engineer Fred T. Williams, is authorized to purchase one row boat, for use at the Geneva-Titusville ferry, at a cost of \$20.00.

The chairman announced that the hour had arrived for the opening of bids for the purchase of Special Road & Bridge District No. 2, Seminole County, Florida, \$90,000.00 6 per cent road bonds, and thereupon, all sealed bids which had been heretofore received by the Board were ordered to be opened and read, and the following bids were then opened and read, to-wit:

1.—W. L. Slagton & Company, bidder. Amount of bid, par and accrued interest to date of sale. No certified check accompanied the bid.

2.—Fish Brothers, bidder. Amount of bid, par and accrued interest, accompanied by a certified check for \$7,000.00.

3.—Geo. C. Pierce, bidder. Amount of bid, 95.1% of par and accrued interest to date of delivery, accompanied by a certified check for \$1,350.00.

4.—Caldwell & Co., and John T. Hammond, bidder. Amount of bid, 100% on the dollar, and accrued interest upon delivery of the bonds, conditioned that the proceeds derived from the sale of said bonds be deposited in the State Bank of New Smyrna, accompanied by a certified check for \$1,350.

5.—F. W. Long & Co., bidder. Amount of bid, par and accrued interest to date of delivery of said bonds, and in addition thereto, a premium of \$2.00 accompanied by a certified check for \$1,500.

6.—Blanchett, Thornburgh & Vandersell, bidder. Amount of bid, par and accrued interest to date of delivery of bonds in Toledo, Ohio, accompanied by a certified check for \$1,500.

7.—Prudden & Co., bidder. Amount of bid, par and accrued interest, and a premium of \$135.00 accompanied by a certified check for \$1,350.00.

No further bids being presented, the board thereupon proceeded to consider the bids submitted and after a careful examination of all bids submitted, came to the conclusion that the bid of Prudden & Co., of Toledo, Ohio, was the best bid received for the purchase of the \$90,000 6 per cent Special Road & Bridge District No. 2, Seminole County, Florida, bonds, said bid of Prudden & Company being in words and figures as follows, to-wit: Sanford, Fla., Feb. 7th, 1922. Board of County Commissioners, Seminole County, Florida.

Gentlemen: For the \$90,000 6 per cent bonds of Special Road and Bridge District No. 2 as described in attached circular, which circular is hereby made part of this bid, we will pay you \$90,135.00 and accrued interest. Prior to delivery of said bonds to us we are to be furnished with the approving opinion of John C. Thomson, Esq., New York City, together with the original transcript of proceedings upon which said opinion is based.

Thereupon the following resolution was offered by Comr. O. P. Swope, and duly seconded by Comr. L. P. Hagan and adopted:

Whereas, the bid of Maule & Snyder, of Ojus, Fla., for the construction of certain hard surfaced roads in special road and bridge district No. 2, of

Seminole County, Florida, being the lowest and best bid for said work,

Therefore be it Resolved, that the contract for the construction of said hard surfaced roads in Special Road & Bridge District No. 2, of Seminole County, Florida, be awarded to the said Maule & Snyder, said roads to be constructed of Ojus Rock, at a total cost of \$80,064.00 as per their bid.

All warrants paid during the month of January were ordered cancelled of record.

Reports of the County officials were read, approved and ordered filed.

WINTER GARDEN MECHANIC AND PHYSICIAN IN

SERIOUS TROUBLE OVER THE BIRTH OF AN INFANT.

(By The Associated Press) ORLANDO, Feb. 27.—Dr. G. I. Wheatley and Henry Beckmyer, a mechanic, of Winter Garden, are in jail here, Wheatley charged with manslaughter, and Beckmyer as an accessory before the fact, as the result of the discovery last Saturday of the body of an infant. The body, with most of the flesh picked off by buzzards, was found near the Orlando-Winter Garden highway several miles west of here. The child is said by the sheriff to have been born in an Orlando boarding house and the sheriff charges Wheatley as attending physician and Beckmyer as father. Wheatley's bail has been fixed at \$2,500 and Beckmyer's at \$1,500.

THEATRE IS SAVED

BRICK BLOCKS WILL REPLACE BURNED STRUCTURES AT ONCE OWNERS SAY

(By The Associated Press) MOUNT DORA, Feb. 27.—The loss from yesterday's fire in the business section here was placed today at \$25,000, with practically no insurance. The fire started in a pressing shop and destroyed among other concerns the local telephone exchange. Women of the town assisted the fire fighters battling blaze and Leesburg and Eustis fire departments sent aid. Six business concerns were destroyed.

MOUNT DORA, Feb. 27.—Fire, beginning in the Sutorium, a pressing shop here, destroyed the Donnelly and Simpson frame and tin buildings yesterday morning, sweeping clean the space between the theatre-town hall and Simpson's general store, with a loss of approximately \$25,000. Six businesses and the telephone exchange were wiped out, the principal losses being E. W. Baldwin & Co., groceries, farmers' supplies, etc., estimated at \$10,000.

Early estimates place the other losses as follows:

- Silas & Thayer's City Market, meats, etc., \$2,000.
- Simpson's Mount Dora Bakery, \$2,500.
- Lake County Telephone Company, telephone exchange, \$1,500.
- Parker's Cafe, Restaurant, \$1,500.
- Frank Rutherford's O. K. Barber Shop, \$1,000.
- The Sutorium, pressing and cleaning, \$500.
- A. D. Donnelly and James Simpson, buildings of doubtful value.

From the ruins of what was the worst looking of the city business section, it now appears probable there will rise fine new business blocks. It is probable also that the old theatre-town hall, another old building that has detracted from the appearance of the business district, will be moved to make room for making the improvements.

Women and children joined the bucket brigade that started in to fight the fire, and the Leesburg fire department made the run in quick time, headed by Mayor W. A. McKenzie. The big pumper lifted water from Lake Dora, an elevation of seventy feet, sent it three blocks to the scene of the fire and with enough force to carry a full stream of water to the top of the fire.

The combined efforts saved adjoining buildings on both ends of the fire zone and compliments were heaped on the woman and the Leesburg fire fighters.

The telephone company moved to the town hall and last night was functioning, though under some handicaps.

TAYLOR MURDER STILL A MYSTERY IN CALIFORNIA

(By The Associated Press) LOS ANGELES, Feb. 27.—Practically all other leads to the solution of the Taylor murder having failed, the police declared today they are preparing to concentrate further efforts upon the search for Sands.

WEALTHY TOURIST TRIES TO KILL SELF AND WIFE SUNDAY

SHOOTS WIFE THREE TIMES AND CUTS HIS OWN THROAT

(By The Associated Press) MIAMI, Feb. 27.—The lives of E. C. Frady, president of a motor company in Chicago, and wife, are hanging by a thread today. The couple were guests at a most fashionable hotel at Miami Beach. Frady shot his wife three times yesterday and then attempted suicide by cutting his own throat with a safety razor blade and knife. No charges against Frady has been made but a deputy has been stationed in the hospital and he is technically in custody. Guests at the hotel said Frady seemed unusually jealous. Frady suffered a nervous breakdown several weeks ago and came to Miami to recuperate.

SAYS BIG FAILURE AND THAT ENFORCEMENT MAKES CONTEMPT OF LAW AND A FARCE

(By The Associated Press) WASHINGTON, Feb. 27.—Repeal of the Volstead prohibition enforcement act and substitution of a measure permitting sale of light wines and beer was urged yesterday by the executive council of the American Federation of Labor in a statement which called upon all citizens to join with labor organizations in a campaign with these objects in view. The statement denounced the Volstead act as "a social and moral failure," and "a dangerous breeder of discontent and contempt for all law."

The council, which concluded a week's session Saturday night, previously announced its intention to participate in the congressional elections through a non-partisan campaign committee which will endorse and oppose candidates of major political parties, or enter independents if that course is considered most effective.

"Before this decision was reached," the council's announcement said "there was caused to be made an exhaustive investigation of the Volstead act. It was shown by this investigation that there had been:

- "A general disregard of the law among all classes of people, including those who made the law.
- "Creation of thousands of moonshiners among both country and city dwellers.
- "Creation of an army of bootleggers.

"An amazing increase in the traffic in poisons and deadly concoctions and drugs.

"An increased rate of insanity, blindness and crime among the users of these concoctions and drugs.

"Increase in unemployment.

"Increase in taxes to city, state, and national governments amounting to approximately one thousand million dollars per year."

The federation did not protest against the constitutional amendment embodying the prohibition policy, the statement emphasized, but considered the Volstead act "an improper interpretation of the amendment" and stood instead for "reasonable interpretation in order that the law be enforceable and enforced."

Hastings' Seeds 1922 Catalog Free

It's ready now. 100 handsomely illustrated pages of worth-while seed and garden news for Southern gardeners and farmers. This new catalog, we believe, is the most valuable seed book ever published. It contains 100 full pages of the most popular vegetables, flowers and farm crop plants, the finest work of its kind ever attempted.

With our photographic illustrations and color pictures also from photographs, we show you just what you can grow with Hastings' Seeds even before you order the seeds. Our catalog makes garden and flower bed planning easy and it should be in every single Southern home. Write us a post-card for it, giving your name and address. It will come to you by return mail and you will be mighty glad you've got it.

Hastings' Seeds are the Standard of the South, and the largest mail order seed house in the world is back of them. They've got to be the best. Write now for the 1922 catalog. It is absolutely free.

H. G. HASTINGS CO., SEEDSMEN. ATLANTA, GA.

First National bank of Rome, Ga., is entitled to recover upon certain certificates of deposit issued by the First National bank of Jasper, to the American Bank and Trust company as trustees and endorsee of the First National bank of Rome, the supreme court held today. In the Florida state courts the Florida banks won, but in the lower federal courts they lost.

AMERICAN CHURCHES URGED TO GIVE SUPPORT TO TREATIES NEGOTIATED

By the Washington Arms Conference for a "Warless World"

WASHINGTON, Feb. 27.—(By The Associated Press).—All the churches of the country in a message today from the Commission on International Justice and Good Will of Federal Council of Churches of Christ in America were urged to give active support to treaties negotiated by the Washington conference as constituting "First steps toward warless world."

SOVIET CARRIES INSTRUCTIONS TO THE CONFERENCE

RED RUSSIANS WILL GRANT ALL CONCESSIONS IF THEY CAN GET LOAN.

(By The Associated Press) MOSCOW, Feb. 27.—The soviet delegation to Genoa will carry instructions to grant all concessions demanded, providing a big reconstruction loan can be obtained. If the loan cannot be arranged then, from the Russian point of view, the conference has only the moral value of the recognition of the present government.

MIAMI, Feb. 27.—Sheriff Turner, of Broward county, who was removed by Governor Hardee Saturday for alleged failure to interfere with wiretappers, said today he would fight the charges and ask the governor for a hearing.

HARDING PLANNING TO DELIVER MESSAGE ON MERCHANT MARINE

WASHINGTON, Feb. 27.—President Harding plans to go to congress tomorrow and deliver a message on government aid to the American merchant marine, it was said today at the white house.

HARDING IS THROUGH WITH HPEACE TREATY —HAS HAD HIS SAY

WASHINGTON, Feb. 27.—White house callers who have talked with President Harding on the four power Pacific treaty have gained the impression that the president, having assented to the pending reservation to the pact, intends to take no further hand in the ratification of the matter.

LAKE MARY

A. D. Parish, section foreman here, made a trip to Ocoee Wednesday. An ice cream social will be given here March 7th. Carl Pierson was a Sunday visitor here. Dr. Denton made a professional call here Sunday afternoon. Mr. and Mrs. Jeremiah Rowe and Mrs. Newman and Mr. Crosby motored to Daytona Beach Wednesday. Mrs. R. T. Humphrey returned last Sunday from Lakeland where she attended the funeral of her mother, Mrs. Harold. She was called away suddenly with heart failure. Miss Virginia Quigg spent the week end with relatives in Orlando. Mr. and Mrs. Frank Evans left on Sunday, Feb. 12th, for Boston, Mass. but expect to return here April 1st. There was a good dance given in the hall here last Friday evening and was well attended. A social was given Tuesday evening for the benefit of the new Crown organ recently placed in the church. \$13 was cleared. Among those from this thriving place attending the Orlando fair were: Mr. and Mrs. Ellsworth Brown, Mr. and Mrs. Charles Brown, Mr. and Mrs. Fred Smith, Mr. and Mrs. Jerry Rowe, Mr. and Mrs. Jim Sweeney, Mr. and Mrs. George Wilson, Mrs. Newman, Mrs. Quigg, Mr. Crosby and Mr. Grady. Mr. and Mrs. John Reeves and baby spent Sunday here with their home folks. Several from here attended the carnival in Sanford this week. Jim Sweeney received a message a few days ago stating that his brother had died suddenly at Amesbury, Mass. Mrs. Sweeney and Mrs. Norwood were shopping in Sanford Tuesday afternoon. Mr. and Mrs. Lloyd are moving in their new house they have just completed. Sorry to record that Joe Langford has been seriously ill at their home here for the past few weeks.

UPSALA AND GRAPEVILLE

Mrs. Alma Neese and children, Ira Burns and Audrey May left Sunday for a couple of weeks visit at the home of her husband's parents at Ft. Ogden and at Punta Gorda. Miss Lahlia West, of Chicago, came Sunday to visit at the home of her parents, Mr. and Mrs. Forest West. Mr. and Mrs. A. L. Campbell met the train and brought her out. Charley Cramer and wife called at the Fernald-Laughton hospital to see his aunt, Mrs. V. C. Collier. We are sorry to hear she will have to go again soon. Barnwell Beck, has been very ill for a couple of weeks. Tonsillitis set in and now fever. Mrs. Westerdick has helped nurse him. There is a good deal of influenza or a grippé about. Mr. Malm was sick and Bernard and Margaret Hirschi have been home from school with it and the little Meolar baby was sick. Mr. and Mrs. E. F. Lundquist went down to Orlando on Friday to attend the fair, their father, August Swanson went with them. Mrs. Carrie Caves called on Mrs. West and daughter and on Friday spent the day at the home of Mrs. A. Swanson, happy coming in for lunch from his work. Mr. Clutes and family were out delivering a hive of bees, each at the homes of Charles Cramer and F. West. We noticed they have been at work on the maple bloom for a month. Mrs. Mather, of Miami, visited for a few days with relatives and old friends here, stopping at the Homes of Mr. and Mrs. J. E. Lundquist and August Swanson leaving Saturday for Zolfo where she goes to get her sister's child whose father has died. Mr. and Mrs. Dan Hodges and little sons of Sanford, spent Sunday at the home of her parents, Mr. and Mrs. Ehrensperger. Born to Mr. and Mrs. Will Henderson, February 20, 1922, a fine baby boy; all doing well under the care of Dr. Denton and Mrs. A. Swanson. Grandma and Grandpa Tyner of Kissimmee, came up to welcome the new comer. Rev. Clarke favored us with an extra sermon on Sunday, a friend kindly took him to Sorrento and bro't him back to us. Mr. Hirschi taking him home and Tuesday as he was still having auto trouble Charley Cramer took him back. Prof. Rodmore's wife has been having a bad sty on her eye. Wonderful prospects for the crops.

OVIEDO

Edward McCall, of Statson University, spent Sunday with his parents. Mrs. S. W. Swope was called to the bedside of her mother, Mrs. Pierpont, in Wichita, Kans., Friday and the sad news of Mrs. Pierpont's death was received Monday. Mrs. Swope having reached Wichita only a few hours before the end came. Miss Kay, of Washington, D. C., spent several days in Oviedo this week, putting on an advertising and ticket selling campaign for the Red-cliff Chautauqua which will be held in Oviedo March 6th, 7th and 8th. Allan Campbell, of the U. S. navy, is visiting his uncle and aunt, Dr. and Mrs. T. G. Simmons this week. Sten Nelson entertained the Men's Bible Class of the Methodist church Monday night at the home of Mrs. A. P. Farnell. On account of a conflicting meeting of the chautauqua guarantors there were only nine members present but a most delightful evening was spent and delicious refreshments of strawberries and cream, cake and coffee were served. A box supper was given by the S. S. class of Mrs. T. W. Lawton at the club house Friday night. About 26 dollars was made which will be used for completing the tennis court. E. R. Moore, president of the Black Hammock Garden Co., left Friday for Miami after spending several days in Oviedo, on business. Mrs. B. F. Wheeler entertained the Woman's Bible class of the Methodist church Wednesday afternoon. Mr. and Mrs. B. G. Smith have moved into their beautiful new bungalow much to the delight of their Oviedo friends who have missed them so much during the past year. John Robertson spent Sunday at Daytona and Daytona Beach. Mrs. Wight, of Sanford, and Mrs. Blackman, of Monroe, will organize a League of Women Voters in Oviedo this week. Rev. L. E. Wright is holding a revival meeting at Geneva this week. Mr. and Mrs. Kirkham visited Orlando Tuesday.

PAOLA POINTS

Mr. Jones is now visiting his sister and brother-in-law, Mr. and Mrs. Cooke. Miss Dorothy Keeler, Preston Burnett and George Smith visited the Sunday school Sunday. Mr. Henderson has been very ill for the last few days. The old store at Sylvan Lake burned down about 12 o'clock Thursday night. It has been there for years and years. Mrs. Bruley and children, and Mrs. Birdsong and children are staying at the home of Mr. and Mrs. Garwood now. T. J. Walker is spending a few days in Lakeland. Baulah Stafford and Nathaniel Stafford from Paola, spent a while with their aunt, Mrs. Zeak Stafford at Monroe Sunday. Mrs. J. J. Purdon and little son Jack, of Sanford, spent the day very pleasantly with her mother, Mrs. B. W. Smith Tuesday. Mr. and Mrs. Ward and children visited at the home of Mr. and Mrs. Burnett Sunday afternoon. Mrs. C. C. Pearson and children spent the day with her mother, Mrs. B. W. Smith Sunday. Elnor Stafford spent the day with Pauline Thompson Sunday. Mr. and Mrs. Burnett took dinner with Mr. and Mrs. Cook Sunday. Mr. and Mrs. Walker, of Paola, spent the day with her brother Saturday in Pearson, Fla. Mrs. Traylor and daughter, Miss Myrtle Traylor, of Virginia, is visiting Mr. and Mrs. R. R. Eldridge, of Paola.

LONGWOOD

Mrs. Edgar Harris, of Georgia, is visiting her sister, Mrs. Charles Entz-minger. Mr. and Mrs. H. F. Phipps, of Tampa, were visitors in town Wednesday. C. H. Corn, Miss Ruth Corn and Miss Olive Dinkel were visitors in Orlando Tuesday. Mrs. B. J. Overstreet was shopping in Sanford Monday. The Longwood school celebrated George Washington's birthday with an appropriate program which was a credit to the teachers and pupils. Rev. Peck, of Sanford, will hold a memorial service at Christ Church Sunday at 3:30 p. m. in memory of Mr. and Mrs. T. G. Roebuck.

Mrs. J. S. Dinkel, Mrs. E. L. Dinkel and Miss Olive Dinkel were shopping in Sanford Monday afternoon. Mr. and Mrs. Sprouse and son, Charlie, were the guests of the Fullers' Wednesday afternoon. Mrs. George Shippe, of Sanford, was visiting her mother, Mrs. George Lewis.

EAST SANFORD

Mr. and Mrs. Madison Wade, of Geneva avenue, had a daughter born to them St. Valentine's day. The Wades bought the beautiful Edgar E. Brown home a year or so ago and reside there. Miss Gladys Deiterick is at home again from Orlando after caring for a patient for Dr. McEwan. Mrs. Bryan Squire and three children will be here Sunday from Jacksonville to visit her parents, Mr. and Mrs. C. E. Chorpensing and many old friends. Horace Chorpensing is returning to Cleveland, Ohio, next week to resume his position with the New York Central railroad company after a visit here since Christmas. Miss Alice E. Hanscom and Dr. Phranichesbro, of Willoughby, O., who have been guests of Mr. and Mrs. J. C. Ellsworth for some time, are at Lake Hamilton as week end guests of Mrs. F. G. Sigler. Mrs. Lily Jones had as spend-the-day-guests Wednesday, Mrs. May Dickens, of Chester, S. C., and Mrs. Henry McLaulin. Mr. and Mrs. Charles Baker, of Richmond avenue, have as guests, Mrs. Baker's son and wife, Mr. and Mrs. Earl Higgins, of Columbus, O. John Ingram is in West Palm Beach visiting his daughter, Mrs. C. C. Morris and son. John Ingram expects to remain until May. Mr. and Mrs. J. Donald Presley and daughter, were visitors at the Ellsworth home Sunday. They are touring Florida with a party and enroute to St. Andrews' bay. A. D. Shoemaker has bought a half interest in the B. Steele & Sons store on Celery avenue, corner of Mellonville ave. The infant daughter of Mr. and Mrs. Virgil Hasty died Wednesday after a short illness. They have the sympathy of their many friends. Nearly everybody in East Sanford woke up last Friday morning to find a card tacked on their front gate with a wage scale printed on it for the cutting, packing, etc., of the celery harvest and signed by the K. K. K., one more K. than the Ku Klux Klan use. A fine rain we had on Thursday, and it was needed as it has been very dry for sometime. Many of the flowing wells had to be forced to flow with gasoline. Mr. and Mrs. Harry Heeren are entertaining as their house guests, the former's mother, Mrs. Adole Heeren, also Miss A. Seig and Clyde Jones, all of Pittsburgh, Pa., the entire party recently returned from a motor trip to Tampa, Clearwater, St. Petersburg and Pass-a-Grille.

What Mrs. Brenninger, of New York, Says About Rat Poison "Tried preparations that kill rats, but RAT-SNAP is the only one that prevents disagreeable odors after killing. Also like RAT-SNAP because it comes in handy cakes, no mixing with other food. You don't have to dirty your hands, it's the best for household use." Try RAT-SNAP. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

The Results of Constipation are sick headaches, biliousness, sallow skin, waste matter in the intestinal system. Correct this health-undermining condition by taking Dr. King's Pills. 25 cents. All druggists.

PROMPT! WON'T GRIPE! Dr. King's Pills

CANAL THROUGH INLAND FLORIDA PLAN OF LEAGUE

PROPOSITION TO CONNECT ORLANDO AND OTHER CITIES.

Opening up, by means of canals, a waterway system from Kissimmee to Indian river by way of Orlando was the chief topic of discussion at a meeting last night of the Central Florida Water Traffic league, held in Sanford. The practicability of the plan to connect Inland Florida with the St. Johns and Indian rivers will be investigated by William T. Donnelly, a consulting engineer of New York, who is connected with the General Water Transportation company and who operates a number of electric canal boats in New York state. Mr. Donnelly will visit Orlando and other cities in this section of the state and will attend a meeting of the league which will be held here in the near future. He declared last night, in an address before members of the league, that New York state had built a canal system similar to the one proposed for this state and that millions of dollars had been saved in transportation charges. At the meeting statistics were introduced which showed that shipping by water had greatly increased in Florida during the past few months. It is estimated that imports from the north arriving by boat have nearly tripled since last year and that shipments from Florida to northern points by the water route have increased 100 per cent. It was shown that 2,000,000 tons of perishable goods have been shipped from Florida this season, but this figure includes shipments by rail. S. J. Sligh, of this city, president of the league, said last night he expected to see shipments by water to show even greater increases within another year. The league will meet again in Sanford next Friday night to discuss the proposed canal system further and to fix the date of the meeting which will be held here. Mr. Sligh has appointed committees to assist Mr. Donnelly in planning the canals and the league is enthusiastic in its support of the proposal. If the canals could be built to connect with Indian river it would be possible to ship goods by water from all South Florida and the saving to the state would be hard to estimate, Mr. Sligh said. The engineer will report to the next meeting and at that time it is likely that definite action will be taken by the league.—Orlando Sentinel.

Man Waited For Twenty-Six Years To Pay His Bill

But His Ship Came In and He Settled In Full.

(By The Associated Press)

CLEARWATER, Feb. 28.—A news dispatch from Winston-Salem, N. C., recently to the effect that a merchant there had received \$7.50 in settlement of a bill for a pair of rubber boots purchased twenty-six years ago has recalled to A. C. Turner, of this city, a case in his vicinity which almost equals the Winston-Salem record. Mr. Turner many years ago was in business here and a young man purchased on credit \$25 worth of clothing. He was married shortly afterward, Mr. Turner said, and he presumed the purchase was for a wedding outfit. The bill was not paid and sometime later Mr. Turner went out of business. The man at times in later years referred to the account and would assure Mr. Turner that some day his "ship would come in" and he would settle, but over after some of his children were grown the account remained unpaid. But the "ship came in" not so very long ago, Mr. Turner declared, and the account was squared. "Maybe I'm a moshack on the subject," said Mr. Turner in relating the incident, "but you know I can't avoid admiring a real honest man—one who refused to take advantage of legal technicalities."

A few days ago they instituted a Wilson Foundation, the mail this morning brings the letters about the Caruso Foundation and we are now waiting for some one to start a Herald Foundation so we can build that new building.

In Circuit Court, Seventh Judicial Circuit, in and for Seminole County, Florida.

CITATION

James Miller, Defendant, vs. Emma L. Miller, Complainant.

It appearing from an affidavit filed in this cause that you are a resident of the United States, and that you consent yourself so that process cannot be served upon you, and that there is no person in this state the service of a subpoena upon would bind said defendant; that affiant believes the defend-

ant is over twenty-one years of age. Therefore, you, James Miller, are hereby required on the 34th day of March, A. D. 1922, to appear to the bill of complaint filed against you in this cause, otherwise a decree pro confesso will on said date be entered against you. It is further ordered that said notice be published in the Sanford Weekly Herald, a newspaper published in Seminole County, Florida, for four consecutive weeks. Witness my hand and seal of the above stated court, on this 22nd day of February, A. D. 1922.

TO STOCKHOLDERS SANFORD HOTEL CONSTRUCTION CO., Inc.

In accordance with the provisions of the charter, notice is hereby given that the annual meeting of the Stockholders of the Sanford Hotel Construction Co., Inc., will be held on the 15th day of March, at the office of the Company at the Hotel Valdes in the City of Sanford, Florida, at 10:00 a. m., Monday, March 6th, 1922. By order of the President, ALFRED FOSTER, Secretary.

Sanford, Florida, February 24th, 1922. 25-116

Notice of Application for Tax Deed Under Section 878 of the General Statutes of the State of Florida

Notice is hereby given that E. F. Doudney, purchaser of Tax Certificate No. 133, dated the 21st day of June, A. D. 1919, has filed said certificate in my office, and has made application for Tax Deed in accordance with the law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: Lots 225, 226 and 230, J. O. Packard's First Add. to Midway. The said land being assessed at the date of the issuance of such certificate in the name of Unknown. Given said certificate shall be redeemed according to law. Tax Deed will issue thereon on the 25th day of March, A. D. 1922. WITNESS my official signature and seal this 4th day of February, A. D. 1922.

(SEAL) E. A. DOUGLASS, Clerk Circuit Court, Seminole County, Fla.

By: A. M. WEEKS, D. C. 25-116

IN CHANCERY

F. L. Woodruff, Complainant, vs. Carl Weisel, Defendant.

For Carl Weisel, Residence Unknown: It appearing from an affidavit filed in this cause that you are a non-resident of the State of Florida, and your place of residence is unknown; that you are over the age of twenty-one years, and that there is no one in the State of Florida the service of a subpoena upon whom would bind you, the said Carl Weisel.

Therefore, you are hereby ordered and required on the 3rd day of April, A. D. 1922, to appear to the bill of complaint exhibited against you in this cause, otherwise a decree pro confesso will be entered against you on said date. It is further ordered that this notice be published in the Sanford Weekly Herald, a newspaper published in Seminole County, Florida, for four consecutive weeks. Witness my hand and seal of said Court on this 23rd day of January, A. D. 1922.

(SEAL) E. A. DOUGLASS, Clerk Circuit Court, Seminole County, Fla.

By: V. E. DOUGLASS, D. C. HILBURN & MERRYDAY, Solicitors and Counsel for Complainant. 24-116

IN CHANCERY

F. L. Woodruff, Complainant, vs. C. H. Lindsley, P. Freder, and E. J. Close, Defendants.

ORDER OF PUBLICATION

To the unknown heirs, devisees, grantors or other claimants, and all parties claiming an interest under C. H. Lindsley, P. Freder and E. J. Close, or otherwise in the property hereinafter described, and to all persons claiming an interest in said property, situated in Seminole County, Florida, to-wit:

Beginning 15 chains North and 31 and 8-100 chains East of the Southwest corner, Section 35, Township 13 South, Range 30 East, run North 13 chains East 21 chains and South westerly 15 and 25-100 chains and West 13 chains. Also beginning 30 and 4-100 chains East of the Northwest corner, Section 2, Township 20 South, Range 30 East, and 25-100 chains, South 15 chains, West 5 chains and north 15 chains. Also beginning 300 feet South and 415 feet West of 4. Section 10, Township 13 South, Range 30 East, South 30 feet, East 215 feet, North 300 feet. Also Lot 1, Block 14, Tier 2, Sanford, Florida.

You are hereby ordered to appear in the above entitled cause on the 15th day of May, the same being the first day of May, A. D. 1922, at the Court House in Sanford, Florida, in default whereof the complainant will be entitled and authorized to proceed ex parte.

And it is further ordered that a copy of this notice be published once a week for twelve consecutive weeks in the "Sanford Herald" a newspaper in general circulation in the said County in Florida. Witness my hand as Clerk of the aforesaid Court and the Seal thereof this 11th day of January, A. D. 1922.

(SEAL) E. A. DOUGLASS, Clerk.

By: A. M. WEEKS, D. C. JOHN G. LEONARDY, Solicitor for Complainant. 24-116

DIVORCE

Harold Hall

Elizabeth Hall, Buffalo, New York: It appearing from the affidavit of Harold Hall herein duly filed, that he is the plaintiff in the above entitled cause, that it is the belief of the affiant that Elizabeth Hall is a non-resident of the State of Florida, and that there is no person in the State of Florida the service of a subpoena upon whom would bind the defendant; and that affiant further says that he believes the age of the defendant to be over twenty-one years of age. Therefore, Elizabeth Hall, are ordered to appear to this bill herein duly filed in this cause on the 3rd day of April, A. D. 1922, the same being a day of this Court.

It is further ordered that this notice be published for four consecutive weeks in the Sanford Herald, a newspaper published in Seminole County, Florida. Witness: E. A. Douglass, Clerk of the Circuit Court, and a seal thereof, this 16th day of February, A. D. 1922.

(SEAL) E. A. DOUGLASS, Clerk of the Circuit Court.

By: A. M. WEEKS, D. C. THETFORD & WILKINSON, Solicitors for Compl. 27-116

IN CHANCERY

F. L. Woodruff, Complainant, vs. C. H. Lindsley, P. Freder and E. J. Close, Defendants.

ORDER OF PUBLICATION

TO C. H. LINDSLEY, P. FREDER AND E. J. CLOSE:

It appearing from the affidavit of F. L. Woodruff, the complainant, in the above entitled suit herein duly filed, that it is the belief of the affiant that the places of residence of the above named defendants are unknown; that there is no person in the state of Florida, the service of subpoena upon whom would bind said defendants, and that it is his belief that said defendants are over the age of twenty-one years of age.

IT IS THEREFORE ORDERED that said defendants, C. H. Lindsley, P. Freder and E. J. Close, be and they are hereby required to appear to the bill of complaint in this cause on or before the 15th day of April, the same being the 15th day of April, A. D. 1922, at the Court House in Sanford, Florida, in default whereof, complainant will be authorized to proceed ex parte as provided by law.

IT IS FURTHER ORDERED that this notice be published in the "Sanford

Published Every Friday by THE HERALD PRINTING COMPANY (Incorporated)

SUBSCRIPTION PRICE IN ADVANCE: ONE YEAR, \$3.00; SIX MONTHS, \$1.80; THREE MONTHS, \$1.00

Entered as Second Class Matter August 23, 1906, at the Post Office at Sanford, Florida, under Act of March 3, 1879.

The Sanford Weekly Herald is published every afternoon (except Sunday) and thoroughly covers the trading section. Advertising rates reasonable and made known on application. \$0.50 per year, or 15c per month, in advance. Office: HERALD BUILDING. Phone 148

There is just one way to make Sanford a great city and that is to have faith in Sanford. Keep boosting all the time.

There are plenty of good securities in Sanford and when you invest your money in Sanford you know you have something substantial and something that will pay dividends.

The Chamber of Commerce is again asking the Sanford people to investigate the "get-rich-quick" schemes that are being offered them by foreign companies. Keep your money at home.

You never can tell about the dangers of all kinds of sports. Man dropped dead at St. Petersburg yesterday watching a game of horse shoes or barnyard golf as it is called down there.

If the weather is propitious and good celery is shipped right along from Sanford there will be more celery money coming in here in the next thirty days than in many years. Send good stuff and keep smiling.

All Orlando merchants should have their goods sent over the water route to Sanford and trucked to Orlando, it will mean the saving of thousands of dollars annually and may result in securing a fairer rail rate to Orlando. —Reporter-Star.

Judge Parkhill of Tampa announces for governor in 1924. Well, if they are coming out this early we hereby announce for president of the United States—just to make it interesting and keep Mose Overstreet and Judge Parkhill company.

Sanford will soon be able to boast of one of the finest golf links and country clubs in the state. This will do more to bring the tourists here next winter than anything that Sanford has ever done. All honor to the men who have helped to put it over.

The Cleveland Plain Dealer says that Florida should send Bryan to the Senate. Wherein did the Cleveland Plain Dealer get on? We have never asked for any advice from the Plaindealer and we do not remember to have ever read in that sheet any complimentary notices of Florida.

Headlines say that "Judge Landis Sorrowfully Leaves His Office" to engage in baseball management. Don't believe it. He leaves his office just about as sorrowful as Will Hayes leaves the office of Postmaster-General. With the long green tucked in their top pockets there is no room for mourning handkerchiefs, wot?

The Municipal Band of Sanford is one of the best in the state and the Herald wishes to say so all the time. We believe in the home band and in their excellent leader who has done so much for the band and for the city in giving us this good band. Keep the band going all summer and we will then have a good start for next winter.

The man that killed another man in Georgia fifty years ago and is just now being brought to justice should bring on a writ of habeas corpus or delicti or nolle contendere and prove that he was too young at the time to be responsible for his acts and is too old now to be executed. After a crime goes that long it ought to be "outlawed."

There are hundreds of good investments right here in Sanford that can be purchased and there will be more of them put in marketable shape ere long. You can buy hotel stock, theatre stock, grocery stock and many other kinds of stock in home enterprises where you can watch it grow and know that you are helping to build Sanford.

There may be snow storms sweeping the southwest and the northwest and every part of the country except Florida but it is rather difficult to make us believe in the face of the hot summer weather in Florida today. You might even lead us to believe that a cold wave will strike Florida soon but this also seems out of proportion. Unless there comes a hard downpour of rain it cannot possibly

get cold here in such short time. However, we are looking for colder weather for our celery crop must have it.

Quite a controversy in the papers over "early marriages." We will not enter in the debate or express an opinion. We don't think there is anyone in the world qualified to say whether certain young people are too young to get married.

The T-U. urges those in Florida thinking of state division to take a serious look at what has happened to North and South Ireland. Does it think North Florida would be as stubborn and hard-headed as that?—Tampa Tribune.

The Times-Union editor has evidently never been in Ireland or in West Florida.

Saw a squib in the picture show last night that was certainly to the point and brings to our mind the truth about grafters striking Florida every winter. The squib said: "There will always be reforms inaugurated as long as the professional reformers are needing jobs." This is certainly the truth and is shown in Sanford and other Florida cities all during the winter months. Reformers want to spend the winter in Florida.

Some time ago the city commissioners made several property owners tear down their unsightly buildings. They picked on the non-resident first it seemed and let the Sanford residents severely alone. At least that is what the non-residents think about it and they have good reason to think so. Now what the people want to know is just why the city commissioners have not made other property owners tear down their unsightly and unsafe buildings? We have several of them on the main business streets of the city.

Editor Bob Holly, of the Sanford Herald, gives his ideas on the bonus question "because everybody else is doing it." However, Commander McNader, of the American Legion, claims the country already has too many bonus ideas and not enough bonus dollars.—Jacksonville Metropolis.

Well, we gave it to him anyhow and we still think it was a good one. If any of the wonderful philanthropists of America are doing anything for the ex-soldiers we fail to see it. They can adopt Fiji Islanders, found homes for pink-eyed kittens, give to libraries and everything else but as yet no one has come forward with a loan proposition for the ex-soldier to start in business. We would like to hear from the Federal Loan Banks on the subject.

SING A SONG OF VEGETABLES.

Psychology as an aid to dietetics is certainly wonderful. It is doubtful whether parents realize fully the possibilities of this combination. A nutrition expert in charge of a dispensary in a certain city is doing her cheery bit to enlighten old-fashioned parents.

"In the first place," she asserts, "children should not be made to eat what they do not like, but they should like the food they ought to eat." What could be simpler! If on some rare occasion a refractory child shows a strong inclination for some article of diet beyond his years and turns up a scornful nose at the wholesome dishes prepared for him, there is an easy rule to follow. Just "dress up" the unwanted articles of food and sing little rhymes about them, says the authority, and the youngster will then "eat them with zest."

Little by little life is simplified. No doubt every book on child feeding will soon contain the appropriate verses for bread crusts, spinach, carrots, and other essentials which are not always preferred to dessert or candy. There will also be diagrams showing the easiest way to "dress up" a beet or a mug of milk.—Tampa Tribune.

HITTING OFF THEIR NOSES

Someone may be biting off his nose to spite his face. So, some of the cabbage men who can't ship their cabbage, have come to think. According to a compilation of figures, made by half a dozen of the growers in the immediate vicinity of Bartow, the railroad companies are losing about \$148,051 this year from Bartow shippers, because of their high freight rates.

Cabbage growers have been unable to ship their product north, because the profit. And it isn't because the market has gone bad. Two and a half and three dollars a crate is a good price, but some of the richest cabbage heads in the state are being plowed under, with no effort at all to market them. One of the growers recently shipped a car to Boston. He received \$43.50, paid \$430.40 freight, and had about \$48 left when he counted out the cost of production. Not profitable, exactly. According to the convolve of cab-

bage growers compiling the figures on the matter for the Bartow section, 658 cars of cabbage, at the very least, should have been shipped from Bartow this year. Taking \$450 as the average freight cost per car, the aggregate addition to the railroads' funds would have been \$296,102. They average, therefore, that the railroads lost just half that, for the growers would ship if the freight rate were just half what it is. They can't possibly consider shipping at its present rate. They can't even send their stuff to Jacksonville, and the Jacksonville market is being supplied from the Texas fields at a decent profit to Texas growers.—Bartow Record.

SHIP-FRUITS BY WATER

The Tampa Tribune had the following squib in the paper yesterday:

"One hundred tons of fresh peaches, melons and vegetables have arrived in New York via steamship from Valparaiso and other Chilean ports. But we are told Florida fruits and vegetables MUST go to New York via all rail!"

S. J. Sligh, president of the Central Florida Water Traffic League, at the meeting here last Friday night said that fruits from South Africa were arriving in New York every week and South African peaches were selling for twenty-five cents apiece. If fruits can be shipped from South Africa and South America by steamer and arrive in New York in good shape and sell for big price, what is to hinder Florida shippers of fruits and vegetables from shipping their stuff to New York. Mr. Sligh also told of shipping eggplant by express and the same amount by Clyde Line from Sanford to New York. He saved \$43 by the water shipment. It arrived in fine shape one day earlier than the express shipment. These concrete examples of the speed and efficiency and cheaper rates by water should be enough to have all the shippers of fruits and vegetables to try out the water routes.

The business men should become members of the League in order that they can keep down the freight rates and can also get their freight bills audited and collected by the League secretary, who is one of the best traffic men in the business. There are many other reasons why every merchant in Sanford should join the League. If you do not understand this big idea, come to the meeting at the court house Friday night.

CAN YOUR OWN.

Replies received from chambers of commerce on the questionnaire sent out by the Florida Development Board requesting information regarding importation of food which might be produced in Florida, show a wonderful opportunity for securing home markets for greatly increased production of some crops and commodities and also for factories to convert certain raw products into manufactured goods.

One city in a county having 75 miles of Atlantic ocean coast line, reports \$103,000 worth of canned fish imported last year, caught and canned principally in the western states. Combined reports from another county show canned fish imports totalling \$119,000 per year.

There always will be a considerable demand from housewives for canned fish which may be kept on hand indefinitely and quickly prepared for serving when needed.

Florida has a longer coast line than any other state and millions of pounds of fish caught in the ocean, gulf and inland streams are shipped on ice to markets in other states but there should be a number of fish canneries to help develop our sea food resources and convert them into wealth, and at the same time furnish employment to large numbers of residents.

One city in the citrus fruit section of the state imports annually \$42,000 worth of citrus fruit marmalades and preserves put up in other states, and yet thousands of boxes of drops and cull fruit from groves near by are permitted to go to waste each year.

Canned tomatoes and string beans also are bought in large quantities from other states, and in that way Floridians help to make the farmers and owners of canning plants in those states prosperous. Probably there are enough tomatoes and string beans left unpecked on the vines in Florida each year to fill all of the cans of those commodities shipped into the state, but the fresh vegetables left over when the distant market price drops below cost of gathering and transportation charges, rot on the vine for lack of conveniently located canneries to handle them.

NO PICNIC.

Getting out a newspaper is no picnic. If we print jokes folks say we are silly; if we don't, they say we have no sense of humor. If we publish original matter they say we lack

variety; if we publish things from other papers they say we are too easy to write. If we don't go to church we are heathens; if we do we are hypocrites. If we stay in the office we ought to be out rustling news; if we are out rustling news we are not attending to our business at the office. If we wear old clothes we are not solvent; if we wear new clothes they are not paid for. What in thunderation is a poor editor to do anyhow? Like as not, some editor will say we swiped this from an exchange. We did.—Maryville (Mo.) Democrat-Forum.

THE SCHOOL SITUATION

Some time ago an article in these columns told of the crowded condition of the Sanford schools, and stated that a number of children had been refused admission into our schools on account of lack of accommodations. It stated that in the near future the board of trustees would have a proposition to place before the public looking to the solution of the problem.

Next week the voters of this district will be asked to sign a petition asking the County School Board to call an election in the near future for the purpose of issuing school bonds in the sum of \$60,000 for the purchase of lots, erection of buildings and enlarging of the present school buildings. We feel sure that no one interested in the city will decline to sign this petition, as without adequate school facilities it will be useless for the city to try to induce tourists to spend their winters with us, or for us to expect desirable people to buy property here and make this city their home. Every progressive town in the state is doing its best to make suitable provision for the education of its youth, and Sanford is not going to fail to keep up with other cities of Florida in this phase of her development.

Let's rally to the cause and show that we stand now, as always, ready and eager to give our children every possible advantage educationally.

The present millage for school bonds is sufficient to take care of the additional issue, so we shall not be burdened with any increase in school millage in order to float these bonds. We can have our present buildings enlarged, new buildings erected, and more and better equipment for the schools, and our taxes WILL NOT BE INCREASED.

WIRE TAPPERS NOT IMMUNE.

Newspapers have been studiously following the court proceedings in those cities where arrests of confidence men have been made and every bit of interesting detail regarding the cases has been published. It used to be said that the wire-tapping gang could get away with the game by putting a small bond, never to be seen again. But to the credit of the judiciary, he it said, that practice has been stopped and instead of ridiculously small bonds being required and accepted, the amounts have been enormously large, so much so in some instances that the sealawags have been compelled to remain in jail until time for trial. Those who have been able to secure the money have followed the precedent of other seasons, packed their grips and departed for fresh pastures. For those who remain and are contemplating carrying on their operations, it will be well to have them understand that when they get into the hands of the law they are going to be called on to pay the full penalty for their misdeeds. With this assured, there will be less of the barefaced robberies that have been a reproach to the good name of Florida and to put it modestly, a severe reflection on the motives and the intelligence of the men who have been fleeced.—Lakeland Telegram.

CITIES ARE BONDING.

Every city in Florida is talking about bonding for greater improvements during the summer months and Sanford is among the progressive cities that expects to pass a big bond issue soon and make many needed improvements. The DeLand situation is so much like our present condition that the following from the DeLand News reads like it was happening in Sanford:

"While it is true that if bonds are voted it will be from six months to a year before the active work for the improvements will start, at the same time the very fact that the improvements are under way will give the needed incentive for the continued building up of DeLand. The reports of all committees on bonding will be given to the main bonding committee of the DeLand Commercial club and after tabulation will be turned over to the city commissioners. The commissioners will then call an election which will have to be advertised for five weeks. If the bonds are voted, as they will be, they then will have to be advertised for sale and sold to the highest bidder. When the money is available the trustees will have to advertise for

contracts. Even if no one contests the bonds, although it is probable that this will be done, it will take at least six months before active construction work can start. This puts the improvements off until early winter this year. DeLand is fortunate in one respect in having its four main arteries of traffic already paved which will mean that when actual construction work does commence it will not mean a torn up city in the business section during the busy season."

KISSIMMEE WANTS IT, TOO

Kissimmee is the latest town in Florida to become openly interested in the commissioner-manager form of city government. Always awake to the community's best interests, the Kissimmee Valley Gazette gives much space to a discussion of the commissioner-manager plan which it says is the only hope Kissimmee can have for getting back to a normal basis of successful operation. Such towns as St. Augustine, Sanford, Bartow and Fort Myers are held up as examples. It is suggested that before definite action is taken, the charters under which these municipalities are now working, be given a thorough investigation and close study.—Lakeland Telegram.

The commission manager form is alright but charters for different cities need different treatment. Charters are like dresses for children—they soon outgrow them and they must change them to keep pace with the growth. Sanford needs several changes but the charter and the form as a whole are all right.

FLORIDA WINS AGAIN

Under the above caption, the St. Petersburg Times pays a fine tribute to a Florida girl who answered correctly 160 questions recently propounded by the Review of Reviews on current events.

The despatch bearing the information of her wonderful performance reads as follows:

"Patty Lyles, 16-year-old Sanford school girl, was the only one of 19,446 school children throughout the country who correctly answered 100 questions on current events propounded by the Review of Reviews of New York city recently.

Of the 19,446 papers received from all over the country only 115 contained more than 90 per cent of correct answers while 15,288 answered less than 60 per cent correctly. The general average was only 41 per cent. The questions are sent broadcast twice yearly to schools of all grades in order to stimulate interest in the teaching of current events.

Boys made better grades than girls throughout Normal school students did little better than high school boys and girls. One normal school with 535 students averaged only 25 per cent of correct answers."

We have often heard a woman spoken of as "one in a thousand"; but here is Patty Lyles, a Sanford Florida, school girl who is one in 19,446! Of course Florida is proud; but then did you ever know it to happen when Florida was put to the test there was not some one raised up to make it proud?

The idea of having school children read and discuss topics of the day is resulting in a more liberally educated more broad minded, a far better informed generation than the ones which preceded it. Never since the days when a weekly newspaper was the sole disseminator of happenings, and every one read every word of it regularly, has there been a time when the populace was better informed on national and world happenings. Full reading maketh a broad man; and ignorance is being chased from the land through the current events readings of the schools as much as through the grammars and histories and spelling books in use.

The Tribune takes off its hat to Patty Lyles, of the Sanford schools for having done what neither it, nor any other newspaper in the state could have done—answered categorically, and correctly, any 100 questions propounded like that.—Tampa Tribune.

OIL IN FLORIDA.

The Herald has often spoken of the fools who parted with their money on outside schemes that promised big returns for their hard earned investments. We have told them that the place to invest their money was in home enterprises and that the finest investment and the safest investment

in the world was Sanford property. Some of them saw it and were wise enough to invest here. Others invested in foreign stocks and we would like to ask them today each and every one of them if they can produce anything except a fine engraved stock certificate for their money. And yet if they must invest in oil stocks we would like to see them invest in Florida oil stocks that carry ten acres of Florida land with the scheme. There is just as much reason to believe in oil in Florida as any other favored location. The Florida Post sums it up as follows:

"That considerable stock has been sold in Florida for prospective oil wells there is no doubt but up to this date there has not been a drop of oil found within the limits of the state and yet we cannot say they will strike oil in their boring or they will not. Nobody knows what they will find and all one can do is to make a guess.

Last week it was noised around in Tampa and St. Petersburg that gas had been struck in the well at Ocala and created a great deal of excitement and additional stock was sold and some of those who had got tired of holding on to their stock also sold. Just who started the story it is hard to tell, for the only gas that was found was spouting from the salemen's mouths.

Down on the East Coast several parties are boring for oil and selling stock, but they don't want everything and therefore give an acre of land with each ten shares sold, so if a duster is struck they will have the land to raise winter vegetables on.

The Miami Herald in speaking about boring for oil on the East Coast says:

"W. J. Krome, chief engineer of the Florida East Coast railway has been making borings in the country south of Miami, in the hope of finding an artesian well to supply water for Key West. He bored several holes to a depth of three thousand feet without finding petroleum, or any indication of it, beyond what is usually found in deep borings."

"When the oil salesman tells he tells you of how a certain Jim Smith is making \$3,000 every day from oil, Tom Tom Jones is making a like amount and so on. But Smith, Jones, et al., are not making their wealth from oil stock. No, they are making it from oil leases and were smart enough to buy and lease it to oil speculators. That is how they make their money, on leases and not from stock."

Those that wish to buy oil stock should not be stopped. It is their money and any citizen over twenty-one years of age should be allowed to buy oil stock whenever he pleases, for if the oil stock salesman does not get it some other person will."

TO WHOM IT MAY CONCERN: Take notice that I, Gilmore Felder, through my attorney, J. G. Sharon, will make application for a pardon, or in the alternative, to the Board of Pardons at Tallahassee, Florida, at the semi-annual session of said board, held March 14th, 1921, for the offense of unlawfully having in my possession intoxicating liquors, having been convicted of said offense at the Spring term of the Circuit Court of the 7th Judicial District for Seminole County, Florida, A. D. 1921. J. G. SHARON, Attorney for Applicant.

WILLYS LIGHT ELECTRIC FARM LIGHT Hof-Mac Battery Co.

CHAUTAUQUA WILL OPEN HERE ON APRIL 4TH

WEEK'S PROGRAM WILL BE RE-
plete with first class
AMUSEMENTS

The irresistible comedy drama, "Friendly Enemies"; Solis' Marimba band of spirited Central American musicians; lectures of timely significance, and top-notch musical companies—these are among the many varied attractions which will appear here at the big 1923 Redpath Chautauqua which opens April 4th and continues for five days.

The New England Male Quartet on the first afternoon will be heard in a grand concert. This organization features some of the best songs for male voices interspersed with capital character impersonations and monologues.

Following a prelude by the quartet in the evening, Lewis A. Convis will deliver his remarkably interesting address, "Under the Paws of the Russian Bear." Mr. Convis, who is a traveler, lecturer, and scholar, recently spent two years in Russia and Siberia.

Gretchen Cox & Company on the second day present a concert in the afternoon and a prelude at night. Gretchen Cox is a premier violinist who is always a favorite with Chautauqua audiences. She is supported by two accomplished artists—a vocalist and a pianist.

Thomas Brooks Fletcher, appearing on the second night, is one of the greatest dramatic orators of the day. He has exerted a commanding influence both for individual and civic development. "Tragedies of the Unprepared" will be the subject of his lecture.

The Zedler Symphonie Quintet, appearing on the third day, is an organization of first-rank artist-musicians. They employ a cello, two violins, a piano, and a red organ in their delightful interpretation of the music of the masters. Soprano solos supplement the instrumental selections. Zedlers give a grand concert in the afternoon and a prelude at night.

Frank Dixon, eminent publicist and lecturer, speaks on the third night on "The Inexplicable Tools of Democracy." Mr. Dixon is an incisive, brilliant, humorous speaker who presents governmental and social problems constructively and illuminatingly.

"Furnishing the Home Beautiful," as discussed by Edwin Unangst, authority on interior decoration, will be the unusually interesting program offering of the fourth afternoon. Mr. Unangst will describe and exhibit on the stage attractive, inexpensive interiors, and will conduct a question-box at the close of his lecture, discussing individual problems of house furnishing.

On the fourth night comes "Friendly Enemies" an uproarious comedy drama whose plot grows out of the conflicting convictions of two life-long friends. Audiences in all parts of the United States have alternately laughed and wept over this well-known comedy success. It will be presented by a cast of exceptionally competent New York actors.

On the last afternoon Pattison Kline will give a constructive address "What Do You Think When You Think?" Mr. Kline is an inspiring speaker of the highest type.

SOUR STOMACH INDIGESTION

**Theford's Black-Draught Highly
Recommended by a Tennessee
Grocer for Troubles Re-
sulting from Torpid
Liver.**

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's.

On the last night will be presented the big musical novelty feature of the Chautauqua—a grand concert by Solis' Marimba band of Central Americans. They will feature both classical and popular music on a huge marimba—an Aztec instrument, capable of an almost infinite variety of orchestral effects. The band will also give a short concert preceding Mr. Kline's lecture in the afternoon.

In accordance with the long standing policy of the Redpath Bureau, a special story hour will be conducted each morning or afternoon for the children. A thoroughly trained young woman will have charge of this work. The stories will prove an unfeigned delight to the youngsters.

Nature intended that you should eat what you want. You can do it if you take Tanlac.—Union Pharmacy.—Adv.

Grant Winter Garden Doctor Hearing Soon

Wheatley Preliminary Probably Will
Be Held Thursday

ORLANDO, March 1.—Preliminary hearing for Dr. C. I. Wheatley, of Winter Garden, held in the Orange county jail on a charge of manslaughter growing out of the discovery Saturday of the body of an infant, partially devoured by buzzards, near Winter Garden, will be held some day this week and bond for the physician's appearance at trial will be set.

County Solicitor W. M. Murphy, Jr., representing the state, did not know this morning when the hearing would be held but stated it would probably be on Thursday and that it would be held at Winter Garden.

Meantime Wheatley is in jail and Henry S. Bekemeyer, of Winter Garden, implicated in the case as an accessory, is free under bond, following the findings of a coroner's jury which closed an investigation of the case Sunday.

LAKE MONROE

The Radcliffe Chautauqua opens Saturday at Lake Monroe under a big tent of inspiration and delight. Fourteen attractions fill the excellent program, each performer an artist in his or her special line of work. The community has been working hard to make this Chautauqua a success and a large crowd is expected daily.

M. M. Smith a prominent man of Orange county and a big land holder in this county, is surveying a large tract of land east of Monroe and will open it up as a residential section. Mr. Smith has appeared before the County Commissioners and asked for a hard surfaced road from Lake Monroe along the North side of the Coast Line tracks to the present hard surfaced road at Rand's Siding.

Thieves entered the graded school at this place and thoroughly ransacked the whole house. Six fountain pens many scissors, a clock, soap, towels and other useful articles were pilfered. The supposition that a hobo who had been loafing around Monroe was the guilty party. He seems to have made entering schools his special hobby as he had been displaying fountain pens the afternoon before at the store.

Mrs. Dora Stafford Ballard of Knoxville, Tenn., is seriously ill of pneumonia. Mrs. E. Stafford has been called to the bedside of her daughter.

Miss Florence Price was taken suddenly ill at the Sanford High School and conveyed to the Fernald-Laughton hospital. At present she is improving and may be able to return home the latter part of the week.

Mr. Will Grimes who has been a guest of Ben Lake and family has gone to Umatilla, where he expects to locate. His family who have been living at Jacksonville hope to soon join him.

Mrs. L. H. Coward, of Orlando and Mrs. Albert McGuire Wagner, were called here by the death of their grandfather, Mr. W. T. Wynne.

The stork came to the home of Mr. and Mrs. Gus Stafford Wednesday and left a fine boy.

There are still several dilapidated old buildings on many of the streets of Sanford. Others were condemned and torn down. Just why are these other buildings allowed to stand, Mr. Commissioners?

There will be a meeting of the Seminole Fish & Game Protective Association at the Court House at 8 p. m., March 6th.

Everybody interested in the protection of game and fish are asked to be present.

DRAW PARTY LINES

YAP TREATY SEEMS TO BE THE
FIRST BOUT BETWEEN
TWO PARTIES

(By The Associated Press)
WASHINGTON, March 1.—Dividing virtually on party lines, the senate refused to amend the Yap treaty yesterday in the first test of strength on any question affecting the international covenants negotiated during the Washington conference. The vote was 50 to 23.

Only two Republicans, Borah, of Idaho, and France, of Maryland, supported the proposal and only four Democrats, Underwood of Alabama; Pomeroy, of Ohio; Williams, of Mississippi and Myers of Montana, voted against it. It had been offered by Senator Pittman, Democrat, Nevada, and would have amplified the provision that existing treaty rights of the United States shall apply to the mandated islands of the Pacific.

Later, by a vote of 52 to 11, the senate also rejected a proposed amendment by Senator France to prevent manufacture or export of intoxicating liquors on the mandated islands. Eight democrats joined this time with the Republicans opposed to the amendment, while not a single other senator of his own party cast his vote with Mr. France.

Senators differed over the significance of the two roll calls as they bear on the general situation of the arms conference treaties, but the senate leaders declared the result had been to strengthen their expectation that all the covenants would be ratified by safe margins, even though there might be a considerable opposition on the Democratic side.

Just before adjournment another amendment was presented by Senator Pittman, stipulating that under the treaty the United States should be sole judge whether Japan is maintaining sufficient wireless facilities on Yap island, or whether the American right to install a wireless station there should be exercised. This and several other amendments and reservations are expected to come to a vote today, and under an agreement reached Monday a roll call on ratification is to be taken not later than 2 p. m. Thursday.

During yesterday's debate further attacks were made on the treaty by Senators France, Pittman, Borah and Reed, Democrat, Missouri; Mr. Reed again charging that the Republican leaders were attempting to force senate action before the country could realize what the arms conference agreements really embody. The all-day onslaught passed virtually without reply from the treaty's supporters.

"I have sold over 2,000 bottles of Tanlac and have never had a dissatisfied customer," writes Smiser's Drug Store, Columbia, Tenn.—Union Pharmacy.—Adv.

FOUR MEN EXECUTED AT NASHVILLE TODAY MURDERS OF LEWIS

(By The Associated Press)
NASHVILLE, Tenn., Mch. 1.—Charles Petree, Tom Christmas, Otto Stevens and John McClure were electrocuted in the State Prison here early this morning for the murder of George Lewis of Knoxville last May. The men went to their deaths with prayers on their lips and all except Petree were calm. An hour before the execution Petree became ill. The men were put to death at ten minute intervals, beginning at six fifteen o'clock.

LANDIS ENDS CAREER AS A FEDERAL JUDGE

(By The Associated Press)
CHICAGO, Mch. 1.—(By The Associated Press.)—With a tear in his eye, but with unflinching step, Kenneth Mountain Landis yesterday walked from the federal building a private citizen after 17 years as federal judge. Starting today the famous jurist, who recently resigned, will devote his time to the position of baseball commissioner.

Judge Landis swung through the first part of his final day on the bench in characteristic fashion, disposing of nearly a dozen cases in the typically Landis manner which once caused a convicted bootlegger to refer in federal court, and a pardoned youth to term him the "whitest guy that ever talked to a fellow." He fined one man one cent for tax dodging because, he said, "you've tried to be square," and slapped a \$5,000 fine on the man's partner because he "hadn't played fair."

In the afternoon the judge sat in his chambers amid the debris of his departure, watching his personal effects being carted away.

Old Methodist doctrine preached on the streets of Sanford every Sunday at 3:00 p. m. Come with us and we will do you good. All invited. 29-8tp

TWELVE MORE STOCK BROKERS TAKE COUNT

INDICTED BY SUPREME COURT
FOR IRREGULARITIES

(By The Associated Press)
NEW YORK, March 1.—Twelve more stock brokers were indicted by the Supreme Court jury today for irregularities. It was disclosed in the district attorney's investigation they had been bucket shopping.

NEW YORK, March 1.—Walter J. Schmidt & Co., stock brokers, announced suspension of its business today. No mention of assets or liabilities in the announcement.

NEW YORK, March 1.—Involuntary bankruptcy petitions were filed yesterday against four more New York brokerage houses, the latest being Howell & Wales, with estimated liabilities of 500,000 and assets of about \$400,000, and Hall & Company whose liabilities were placed at \$100,000 and assets at \$25,000.

Earlier in the day petitions were filed against H. A. Cochran & Co., with no estimate of liabilities or assets, and Morton Lachenbruch & Co. with liabilities estimated at \$100,000 and assets at \$75,000.

The day's failures brought the total since last November to 39. While these concerns were going to the wall, the federal grand jury handed up a presentment to Judge Mulqueen in general sessions, recommending legislation which would control brokers and securities offered for sale as carefully as banks and insurance companies are now regulated.

From coast to coast Tanlac is known and honored and millions have taken it and pronounced it the greatest medicine of all times.—Union Pharmacy.—Adv.

SEBRING BOARD OF TRADE TO REORGANIZE AND PAY A SECRETARY

(By The Associated Press)
SEBRING, Mch. 1.—An active membership campaign will be inaugurated by the local board of trade within the next few days. It was decided Tuesday night at a meeting held here. It is expected that enough members will be obtained to completely reorganize the board and employ a paid secretary. This has long been advocated by the citizens.

Sebring will be represented at the road meeting to be held in Bartow, by Dan Graham and a number of other citizens interested in the improvements of the Avon Park Frostproof highway. Avon Park will be represented by William King.

MOVIE FILMS CAN BE MADE OF CORN COBS, HE ASSERTS

DECATUR, Ill., Mch. 1.—That the 120,000,000 tons of corn-cobs and stalks now going to waste annually in the United States can be made into syrup, cattle feed, turned into absolutely fast dyes, made into motion picture films, sound-proofing or the base for nitroglycerine was the statement of Elton R. Darling, Ph. D. professor of chemistry at Millikin university of Deatur before the Kiwanis club here yesterday.

Professor Darling only recently caused nation-wide comment by his announcement that he had been able to obtain alcohol from illuminating gas. The alcohol was obtained in a laboratory test. Today in his address he declared that alcohol is the power of the future; that the supply is inexhaustible, while petroleum will grow scarce, gasoline high in price and the coal situation and supply doubtful.

PRINCESS MARY MARRIED TODAY TO VISCOUNT LASCELLES WITH POMP AND CEREMONY

Ceremony Began at 11:30 Today Making Them Man and Wife

LONDON, Feb. 28.—(By The Associated Press)—Princess Mary was married today to Viscount Lascelles with all the pomp and dignity befitting a royal wedding. The ceremony began at Westminster Abbey at 11:30 and soon thereafter the couple was pronounced man and wife. The scene within the abey was one of impressive grandeur with the king, queen and entire royal household participating and with all ranks represented in brilliant assemblage while outside the abbey an enthusiastic popular homage was given the bridal pair.

When the betrothal of the princess was first announced it was expected that many members of the royal families from abroad would be invited to the ceremony, but only the son and daughter of the King of Spain and Grand Duke and Prince Nicholas, of Roumania, were present, they being the only members of other royal houses chancing to be in England at this time.

The list of royal wedding presents issued at Buckingham Palace comprises 908 separate articles.

An interesting incident is disclosed relating to one of the wedding guests, credited with having rescued Viscount Lascelles under shell fire, Private Robert Benstead, of Leeds, holds a special invitation ticket. Benstead served in the First Grenadier Guards with Lascelles. When the viscount was wounded by a shell fragment, and fell across an old broken trench, Private Benstead rescued him, dressed his wounds and brought him to safety.

MUNICIPAL OWNED PLANT AT JACKSONVILLE ARRANGES FOR ELECTRIFYING THE HOME

Would Give Service and Rates in Order That Juice Can Be Used for All Purposes

JACKSONVILLE, Feb. 28.—Jacksonville's municipal-owned electric plant is to enlarge its activities in an effort to completely electrify the home, the city commission has decided. The plan, it is said, will affect a material saving in the cost of fuel to the consumer.

The city commission recently adopted a report submitted by a committee outlining a comprehensive plan for making available to the housewife power for cooking and heating to supplement electric lights. For cooking and heating purposes the power is to be served at a net cost of 2 cents per kilowatt hour, which will be retained. Heating and cooking apparatus will be supplied through a meter separate from the lighting meter, with necessary additional wiring facilities will be sold by the city at cost on the installment plan. An adequate supply of electrical fixtures will be kept on hand to meet the demand.

A six months advertising campaign will be carried out for the purpose of popularizing the new plan. Instructors will be employed to acquaint the public with the electrical usages and salesmen will carry the selling campaign directly to the homes.

Recently the city commission and the Jacksonville Gas company have been at odds over the latter's fuel charges. After many efforts at a compromise the commission preemptorily ordered the utility to reduce its gas rate from \$1.85 per cubic thousand feet to \$1.65. The latest word in the controversy is that of an official of the utility that the rate will not be reduced, meaning apparently that the gas company planned to appeal from the commission's order to the state railroad commission. Out of the affair, in the meantime, grew the sentiment for selling the city's electricity to the consumer to take the place of gas.

WATER TRAFFIC LEAGUE WIL MEET IN SANFORD FRIDAY NIGHT, MARCH 3

Rousing Meeting Expected at Court House With Business Men Present

The Central Florida Water Traffic League will hold another meeting in Sanford Friday evening, March 3rd, at the Court House at 8 o'clock. President S. J. Sligh, of Orlando, at the last meeting appointed a special committee consisting of Sanford members to arrange for a large attendance at the meeting to be held March 3rd. Mr. Sligh is probably one of the largest individual shippers of Florida fruits and produce in the state, and as such has had a great deal of experience with transportation problems. The ability and success he has had in his line has been the cause of his being appointed as president of a great many marketing associations in different parts of the country. Mr. Sligh has always been a strong advocate of a greater use of our navigable water ways and during the course of his remarks at the last meeting of the League he brought out a number of salient points which prove conclusively the savings in rates to shippers by routing, when possible via water. It was indeed unfortunate that a larger number of Sanford business men and growers were not present at the last meeting to have heard Mr. Sligh. Mr. Sligh also stressed the importance of shippers having their freight bills audited and again called the attention of those present to the fact that the League was now in a position to render this service. He stated that he had been reimbursed by the Transportation Companies in the amount of over \$20,000.00 during the past year which amount he was able to realize as the result of his having a careful audit made of all his freight bills.

It is the object of the officers of the League to enlist the active co-operation of all shippers and business men in this section in behalf of the Ship-by-Water Movement with the League functioning efficiently an organization will be perfected in this section that will be powerful enough to fore-

stall any attempted rate increases on the part of the railroads.

D. L. Thrasher was appointed chairman to get out the Sanford business men at the next meeting and those present will have the opportunity of hearing facts that are of vital importance to them.

WEEKS OPPOSES USE OF GREAT AIRSHIPS LIKE THE ROMA WAS

MIAMI, Feb. 28.—Secretary of War Weeks, who arrived in Miami yesterday to spend a vacation of a couple of weeks declared today in regard to the Roma, that he was opposed to the use of large balloons for war purposes.

"I am opposed to the use of large balloons such as the Roma, for purposes of war," said the secretary "I believe that they can be used with great success commercially, however, as some good results have already been accomplished in this direction. I am of the opinion that the department will probably turn its attention to heavier-than-air machines in the future."

SOUTHERN CHAMPIONSHIP SETTLED AT MEETING ALABAMA VS. N. CAROLINA

ATLANTA, Feb. 28.—The Southern College basketball championship lies between four teams and tonight's games in which Alabama meets North Carolina and Mercer plays Georgia Tech, which will decide the two teams that will enter the finals.

That sermon about "millions now living will never die" would not go so big at Hollywood. They kill people there most every day.

CHAS. MORSE AND SONS INDICTED BY FED. GRAND JURY

SEVEN OTHERS INCLUDED IN INDICTMENTS FOR WAR TRANSACTIONS

WASHINGTON, Feb. 28.—Indictments against Charles W. Morse, a New York shipbuilder; his three sons, Benjamin, Harry and Ervin; Colin H. Livingston, of Washington, president of the Virginia Shipbuilding Corporation, and seven others were returned yesterday by the Federal Grand Jury which has been investigating the wartime transactions of Morse and his associates with the shipping board. Others named in the indictments as presented to the District of Columbia Supreme Court include R. O. White of New York, former president of the United States Transportation Co.; Geo. M. Burdette, of New York; R. M. Much, of Augusta, Maine; W. W. Scott, Washington attorney; L. A. Christie, of Alexandria, Va.; Nehemiah Campbell, of New York, and Phillip Hinehart, of Baltimore; former government auditor at the Virginia Shipbuilding plant.

Two indictments were returned, one charging conspiracy to defraud the government, and the other charging conspiracy to commit offense against the government.

The conspiracy as charged by the government accuses those named of making false statements as to the value of their plant and assets and thereby obtaining loans from the shipping board.

They are also charged with having secured money for shipbuilding purposes and to have used the same for personal interests in the way of improving their plants. It is also alleged that large quantities of material for shipbuilding belonging to the emergency fleet corporation were secured and then sold and the money converted to the use of the alleged conspirators.

Those indicted either were or still are connected with the Groton Iron Works, Groton, Conn., the Virginia Shipbuilding Corporation, Alexandria, Va., or the United States Transport Company, Inc., which concerns are known as the Morse companies.

MONEY RAISED

ESTIMATED AT 32 MILLION BY DIVERSION OF TEN PER CENT CUSTOMS RECEIPTS

WASHINGTON, Feb. 28.—Administration plan for government aid for American merchant marine was presented to congress today by President Harding with the declaration that the influence of the United States in the world councils was sure to be measured by unfailing standard which is found in the nation's merchant marine.

The president detailed to the two houses assembled in joint session the war-time creation of America's great tonnage. Salient points of his proposal embodied in bills introduced in each house immediately were aid estimated at thirty-two million annually provided for principally by diversion of ten per cent of nation's customs receipts. Requirement that not more than fifty per cent of immigrants to the United States be transported in foreign ships.

Sale of tonnage now held by shipping board and use of funds as construction loan fund.

Authorization for induction of American merchantmen officers and sailors into naval reserve with attendant allowance in pay.

Indirect aids mentioned by the president included amendment to Interstate Commerce act to permit railroads to own and operate steamship lines engaged in other than coast-wise trade.

WIFE, KILLED HUSBAND, IS FREED BY JURY

JACKSONVILLE, Feb. 28.—Mrs. W. I. Bryant returned to her three children late today, following the action of a coroner's jury in finding that it was justifiable homicide when she killed her husband, proprietor of a local delicatessen shop.

She shot Bryant Friday afternoon and he died the following day.

Mrs. Bryant said he reportedly abused her throughout their 12 years married life, and Friday he threatened to kill her.

The American Legion is looking forward to a big time at Palm Beach. Wish we could be with the boys down there.

SIX ARRESTED AS SUSPECTS TAYLOR CASE

POLICE RAID NARCOTIC DEN LOOKING FOR MURDERERS

LOS ANGELES, Feb. 28.—Six men were arrested today in a raid on what the police said was a narcotic den, by detectives working on the Taylor murder case. Detectives questioned, the men. Police later reported that other arrests will develop in connection with the murder.

Police said the men sought as possible suspects as the result of a story told by a woman who was quoted as saying she had heard the men threaten Taylor's life because they feared he intended interfering with their business.

Railroad Fares Subject to Federal Regulation.

WASHINGTON, Feb. 28.—Railroad passenger fares within a state are subject to regulation by the Federal government the Supreme Court today decided.

The court sustained the lower courts which prohibited the Wisconsin railroad commission from interfering with the Chicago, Burlington and Quincy railroad in putting into effect increases in passenger fares in state travel authorized by the interstate commerce commission.

Senator Trammell Wants Enough Money For a Real Survey

WASHINGTON, D. C., Feb. 27.—Senator Park Trammell in addressing the senate Friday of last week urged that the appropriation to defray the expense of a committee of the Senate and the House to visit Muscle Shoals should not be limited to one thousand dollars as the question as to whether or not this great government plant was to be used for helping the agricultural interest of America was one of the most important before congress, and that the committee should not be hampered so it could not make a proper investigation. After Senator Trammell had raised the point that the appropriation proposed in the resolution was too small the amount was increased to two thousand dollars.

In his remarks Senator Trammell expressed himself favorable to the proposition of Mr. Ford, as follows:

"It is my opinion that the appropriation should be two or three times the amount fixed in the resolution. I think Mr. Ford's proposition should be acted upon favorably and I do not desire to see anything happen to retard prompt action on his proposal."

LINDSAY TAKEN BY OFFICERS LAST NIGHT

HAD SWINDLED SOCIETY DAMES OUT OF BIG SUMS OF MONEY

NEW YORK, Feb. 28.—Alfred E. Lindsay, accused of swindling society women out of nearly one million in fake stock deals today confessed the many charges against him were true, according to the district attorney's office. Lindsay was arrested last night at Overbrook, Pa., on an indictment charging grand larceny.

If all the money that is spent in foreign securities was invested in Sanford real estate there would be something doing here.

DISTRIBUTION OF AUTO LICENSE TAX RECEIPTS

First 25,000 Tags Bring \$334,997.95—How Funds Are Apportioned—Part Goes Back to County

(From Tampa Tribune) TALLAHASSEE, Feb. 28.—The comptroller has announced the distribution of the first installment of the funds derived from the sale of motor vehicle license tags. This amount includes only the first 25,000 tags sold, the gross receipts from which amount to \$334,997.95.

There is a 6 per cent reserve of this fund for expenses, that is, for the work incident to the sale and distribution of license tags. The rest of the fund is also divided by law, as follows: Five per cent for the maintenance of the state road department; 25 per cent for state aid fund to the various counties, and the balance goes for state, and state federal aid roads.

The next installment of this fund will be distributed by the comptroller within the next two weeks, and it was stated in his office that this amount would greatly exceed the first installment.

Of the first installment, Hillsborough county shows: Gross receipts \$26,633.86 Six per cent reserve for expenses 1,598.02 Five per cent maintenance, state road department 1,281.79 Twenty-five per cent state aid to county 6,258.84

Balance \$17,528.00 Other South Florida counties are as follows:

County	Cross Rec'ts	6% reserve	25% State Aid Road Department	25% State Aid fund to county	Balance
Pinellas	\$27,057.27	\$1,023.44	\$1,271.69	\$6,358.46	\$17,803.68

SPOONERS WARNED ABOUT PARKING AUTOS IN ST. PETE PARKS

ST. PETERSBURG, Feb. 28.—Chief of Police Bideman officially says that automobile spooners have his approval and blessing but if they leave the lights on their cars on when they park the machines at the edges of the highways and byways within the city limits—but that those that douse the lights are flirting with trouble.

Residents in the vicinity of Fifth avenue north and Beach drive, a locality favored by many spooners, complained to the police of the number parked in that territory at night with the lights off, and protested that they were annoyed with loud kisses.

As a consequence Bideman has instructed the motorcycle and bicycle patrolmen to bring to headquarters all machines, and their occupants, found with lights out. "No more stationary joyriding," was Chief Bideman's ukase. "Spoon if you want to, but do it quietly and with the lights on your car burning."

Radical Russia will go to the Geneva conference ready to grant all the concessions asked provided they can negotiate a loan. In other words, they are starving now, but once they get fat again they will tell the nations of the world where to go.

Weather could be cooler and we are looking for it this week.

"PANAMA" COMFORT COVERALLS
UNION-MADE

A new work garment so designed that the drop-seat will not show. Buttons are invisible and placed so as not to stick in wearer's back when lying down.

LONG WEARING
COMFORT COVERALLS are made from best materials and guaranteed to wear. Goods are shrunk before the garments are made up.

DR. HYMAN CALLED TO FIRST BAPTIST CHURCH AT TAMPA

The ranks of Tampa church-workers will probably be considerably strengthened shortly as the result of a call extended by the First Baptist church to Dr. George F. Hyman, of Sanford, to accept the position of director of enlistment in that church. The Sanford pastor has not yet given his final answer, but Dr. Claude W. Duke, pastor of the First Church, stated yesterday afternoon that he felt sure Dr. Hyman would accept.

"If Dr. Hyman comes to us—and I feel sure that he will—he will take up his new duties about April 1," said Dr. Duke. "The work in which he will engage will be to carry on an aggressive campaign for completion of our new church plant, work on which has been started; to enlist the younger people in more active church work, especially in the Sunday school. You know, we are to have a Sunday school building to accommodate 2,000. It is probable Dr. Hyman will teach a large Bible class of men. He will also organize the church for evangelistic work in a more aggressive way. And he will be assistant pastor, taking my place when I am away."

"Dr. Hyman is the son of a Georgia business man, and for some years he was employed in a bank and received a very thorough business training. Later he felt the call to preach and studied for the ministry. His first pastorate in Florida was at Jasper. Later he received a call to the Brooksville pastorate, and about six years ago one from the Sanford church. When America entered the world war he requested and received leave of absence from his pastorate and became chaplain in the army and served first in a training camp and then overseas, where he was frequently exposed to the greatest danger. He was very popular with the soldiers, and is a member of the American Legion. When the war ended he returned to his pastorate at Sanford. His work there has been very successful. The membership has doubled, and the congregation has built a splendid church edifice, which is a credit to the city and the denomination."

"With the addition of director of enlistment the First Baptist church will have four all-time paid workers. They are Mrs. Lella M. Clayton, Sunday school worker; Dr. J. R. Willford, financial agent; myself as pastor, and the director of enlistment.—Tampa Tribune.

While talking about good investments what is the matter with home investments? There are plenty of good things here to be exploited, but because they are local affairs nobody wants them.

Celery money is rolling in and cars of fresh, crisp celery are moving out every day now in Sanford.

FIND HAPPINESS IN BRINGING JOY TO OTHERS

(Florida Post, Feb. 22.)
A national figure of much prominence, a former congressman, a builder, operator and owner of railroads, a gracious host and philanthropist, are concealed, though not deeply, in the person of Hon. Chas. D. Haines of the nineteenth congressional district of New York, now residing for the better part of the year on his magnificent estate at Altamonte.

Mr. Haines is wealthy, immensely so, and because in his own words, "the pleasure to be found in possessing wealth is not in having it, but in benefitting others with it," he has constructed a theatre on his estate with a seating capacity of about 150, where moving picture shows are given, for the entertainment of his friends and his friends' friends, on an average of two shows a week. Yesterday there were two different shows at the Jassamine, for such is the appropriate name of the theatre, one in the afternoon and one at night.

In conjunction with the moving pictures the guests were entertained with a vaudeville show given by the negroes in the employment of Mr. Haines. The Jassamine chorus of twelve voices sang some of the now famous old plantation songs and the "Blind Caruso" was brought back on the stage time after time to sing to the accompaniment of his guitar these old negro melodies. The Orange City orchestra of nine pieces furnished the music for the picture.

Cruise on Lakes.
After the show in the Jassamine, the guests went to the lake and boarded the large power boat and set out on a cruise of the four lakes and incidentally a basket picnic.

Mr. Haines has left the supervising of the theatre and entertainments in the hands of Captain James A. Cotting, of Winter Park, and Captain Cotting always acquits himself with honor.

The grounds around the home of Mr. Haines are underlaid with over a half mile of wire and a private power plant is kept in readiness in case the main plant in town is damaged. There are hundreds of electric lights which can be turned on or off from the house. All of these things have been installed for the convenience of the guests who come often to accept the hospitality of the Haines'. All of the land is under-irrigated.

Seven of the 180 acres are utilized in the growing of ferns. This tract is screened under a lattice work of laths so that the ferns can get the proper amount of sun and shade. Eighty-six negroes are employed at the Royal Fernery and they are all given free lights, rent, water, etc. A co-operative store is run by the company for the benefit of the employees.

Big Fernery.
The fernery and grove in Altamonte is a hobby of Mr. Haines. He does not in any way supervise it, but keeps it to give employment for the men who work for him. He makes money in this project, to be sure, but not at the expense of making any one poorer. None of his wealth was obtained at that expense.

The immense wealth of Mr. Haines is a result of his own efforts, dating back to the time he was sixteen years old. At that time he was employed in a train dispatcher's office as operator and he was made supervisor of another road with a better salary at the age of eighteen. A year later he built the Medina Valley road in Texas and was president of that road at the age of nineteen. Eight years later he was elected from the nineteenth congressional district of New York to congress, and was probably the youngest man who ever gained a seat in that body. All of this and more was a result of his own personal endeavors and ambitions, as he started penniless and had no position or influence behind him.

Mr. Haines, with his brother, has owned thirty-six different railroads and transit companies and today, though retired from all active work, owns 380,000 acres of mahogany timber in Santa Domingo and three large manufacturing plants in Massachusetts. He owns three daily newspapers and eight smaller papers in New York State.

As Congressman.
During his term as congressman, he was conceded to be one of the brainiest men in public life. Few people knew that in the last two or three years William Jennings Bryan has been the guest of Mr. Haines on three different occasions, and Mr. Haines has been host to four governors. Many other people of national fame have visited Mr. Haines at Altamonte.

He was, during the war, president of the National Council of American

Patriots, which had a membership of several millions, and of which organization General J. J. Pershing was a vice-president. He was also chief guard of the Guardians of Liberty in which many prominent admirals and generals had membership. Admiral Dewey was a member at the time Haines was at the head.

Praises given him by the newspapers all over the country and written compliments extended him by every member of the of the fifty-third congress have filled the pages of seventeen large albums, and these are among his most prized possessions.

Doing good, always ready to help humanity, brilliant in thought and deed, Charles D. Haines is in all the sense of the word "an asset to Florida and to his country."

MONTEZUMA HOTEL HAD NEW OPENING SATURDAY NIGHT

ONE OF SANFORD'S FINEST HOTELS OPENED AGAIN FOR BUSINESS WITH NEW MANAGEMENT

The Montezuma Hotel, one of Sanford's finest hotels, opened Saturday night after being closed about one week during which time new furniture and furnishings were added to the house. Manager Grose decided to open the hotel to the public again Saturday night in order that the hotel could start off Sunday morning and the public was invited to attend the opening and inspect the house. An orchestra furnished music for the occasion and those who wished to dance were invited to take the floor while others went over the hotel and enjoyed the broad porches and the lobby. Salads, punch and cigars were served during the evening and the occasion was a pleasant one in every way.

The Montezuma starts the new regime under most favorable circumstances as Manager Grose is an experienced hotel man and knows the tourist and the commercial trade. The Montezuma is one of the best equipped hotels in this part of the state for the number of rooms it contains and bears a fine reputation among the tourists and commercial men. That it will be maintained upon a high standard goes without saying and Sanford people are rejoicing over the opening and the fact that Mr. Grose will be in charge.

The new owners, H. P. Smith and E. A. Douglass, can be depended upon to assist Manager Grose in keeping the Montezuma among the high class hotels of Florida.

SPECK CAMPBELL HAS DONE WELL IN THE OLD TOWN

(By The Associated Press)
DELAND, Feb. 24.—The old home town has done well by C. H. Campbell, its recently elected mayor under the commission form of government, and in turn Mr. Campbell has never been influenced by the adage that a man is not appreciated in his native environment.

Mr. Campbell decided to cast his lot with the home folks in the days of his youth rather than to seek other fields. When he graduated from high school he did not go "off" to college but entered John B. Stetson University here. It was with the Stetson team that he won laurels of the football realm. As "Speck" Campbell at half-back, he was the mainstay of the squad.

With the completion of his schooling he entered business here, finally landing in the automobile game. He is just completing a \$20,000 garage.

And then he went in for "politics" and was elected city commissioner. He was the choice of the other two commissioners for mayor under the new form of government which calls for the popular election of three commissioners who in turn name one of their number to serve as mayor.

Many new homes are contemplated in Sanford for this summer and together with the many improvements to be made by the city will make Sanford a busy city all through the long summer days.

COMMITTEES ARE FINISHED IN CONFERENCE

SENATE FOREIGN RELATIONS COMMITTEE ORDERS REPORT

(By The Associated Press)
WASHINGTON, Feb. 27.—A committee on the consideration of the arms conference treaties was completed today when the Senate Foreign Relations committee ordered favorable report without reservations on the general Far Eastern and Chinese tariff treaties. In both cases action was unanimous.

WE HAVE SPACE TO SELL

The public knows so little about the making of a newspaper that the people are prone to attempt to ride free space notices to death or rather to ride the newspaper to death. We have spoken of this several times but it seems that we have to speak of it again. While we want all the local news that we can get and are ready at all times to publish anything of local interest there is no reason in the world why a column or so of something that only interests one person in Sanford should be given space. It costs money to set type, it costs money to put it into print and yet the general public seems to think a newspaper should be printed for nothing, should accept every long-winded article thrust upon it, should print free notices all the time, should serve the public without pay. There is just as much sense in asking a newspaper for free space as to ask the groceryman for free groceries, the clothing man for free clothes, the auto man for a free auto. Space is the newspaper's stock in trade and while the newspaper is willing to go the limit with free notices it is a lead pipe cinch that there must be a stopping place and whenever we say stop you can stop and regardless of whether it makes the public mad or not the stop will be right there. The editor of the Herald reserves the right to accept or reject any and all matter that goes into the paper and regardless of whether it suits the "free space" or not this rule will be adhered to at all times. Space is our stock in trade and we sell it. The Eustis Lake Region has been rode also and says the following regarding the "free rides."

"Last you forget, we will take time again to remind you that the Lake Region's space is its stock in trade and as such has a monetary value. It is priced the same to all, irrespective of politics, creed, class or condition, provided it is not used to advertise something illegal or undesirable. Editorially, we boost everything we consider legitimate and which redounds to the upbuilding of our town, county and state, but we must reserve our advertising space for those who advertise as a business proposition and who are willing to pay a dollar for value received in advertising."

CAPITAL SITE REFERENDUM

The Tampa Tribune takes up the question of the referendum vote of the people on the capital site. The Palatka Chamber of Commerce has taken up this idea and the Tampa Board of Trade has endorsed such a move and it seems that at last this question of capital removal may be taken up seriously and in a business-like way.

A year ago The Tribune and the Tampa Board of Trade called on the people of Southern Florida, meaning by that term, all Florida south of the 30th parallel of north latitude, or thereabout, to decide among themselves where they wanted the state capital in case of its removal could be obtained. It pointed out, then, and repeatedly since, that unless some place was decided on and the rest of

the peninsular part of the state pledged to support that place, the capital would stay in Tallahassee.

The Palatka Chamber of Commerce has called for a convention to be held March 13th.

"For the purpose of formulating and completing a capital removal association, entailing memberships, drafting of constitution and by-laws, electing officers, and appointing requisite committees, we invite you to select a delegate or delegates to attend a convention to be held at a point pleasing to a majority on March 13, 1922. Your delegate should be empowered to act fully in behalf of your organization. That is an excellent idea. Let the convention be held in Tampa, a city which is strictly neutral in the matter of a site, though persistently demandant for capital removal. Here would be no possible advantage to be taken of any place in the running; and even tho this convention could not fix the place for peninsula Florida's choice in the removal election which would have to be held, it could thresh out all problems and make the necessary arrangements for the next, and proper step, a referendum of the site question to the voters of Peninsula Florida.

And here steps in the Tampa Board of Trade with a resolution which the Tribune most heartily endorses:

"Whereas, There is every year renewed agitation, particularly in peninsula Florida, for state capital removal, and,

"Whereas, no progress has been made because of the several cities demanding that they be the new proposed state capital, and,

"Whereas, the apparent demand of at least 80 per cent of the voting strength of the state appears to be insisting on legal steps being taken this year toward settlement of the question, and,

"Whereas, the apparent demand of at least 80 per cent of the voting strength of the state appears to be insisting on legal steps being taken this year toward settlement of the question, and,

"Whereas, until some specific city town or locality has been agreed on by all contenders for the proposed new honor, any steps taken will be leading only to the nowhere of past efforts, therefore be it

"Resolved, by the Board of Trade of the City of Tampa, that proper arrangements be made at the approaching primary election for a referendum to the people of Peninsula Florida on the question of location of said proposed new capital and the place so-

lected shall receive the support of all Peninsula Florida in any state-wide capital removal campaign, and,

"Resolved further, that "Peninsula Florida" as referred to in this resolution shall be all of the state extended between the Gulf of Mexico and the Atlantic ocean, south of the north boundary lines of Dixie, Alachua, Putnam and Flagler counties."

Call the convention. Meet in Tampa, settle the preliminaries of expense bearing, getting the campaign well before the people, and arrange properly for the referendum which can be taken at the time of the June primary by having a separate box for the capital site ballots. Then we will be ready to arouse the proper interest in this vital matter to all the state.

For, until, and unless, Southern Florida is agreed on one site, and unless the various contending cities, towns, and localities pledge themselves to stand by the place named in the referendum vote, and then do actually stand by it, there is no use wasting space in papers, breath in meetings, or effort in personal endeavor for capital removal, when it will result as did the former attempt years ago, in a divided vote keeping the capital where it is.

There is no use talking now of 'state division'; of fairer apportionment of representation in the legislature; of an equitable division of the political offices and the state tax money, with control in the hands of those in power; but a question of capital removal can be forced, and it will be then up to the people to do what they want, provided they are solid in their demand for a particular place, and so numerous in their whole voting strength as to show the legislature where the real power lies behind the throne.

By all means let us have the convention; and let the referendum be arranged.

Mr. J. A. White Says "If You Have An Automobile, Keep Rat-Snap"

"If I knew about RAT-SNAP" last winter, would have saved \$120. My car was in the garage for a few weeks during bad weather; when I went to take it out, found that rats had eaten great holes in two new tires. Got them later with RAT-SNAP. Three sizes 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

School bonds and improvement bonds and bonds for municipal ownership next.
