

OVER 65 ONLY: APPLICATION PERIOD ENDS MIDNIGHT FRIDAY, JANUARY 7, 1972.

# Here's where most folks over 65 find out... too late... what Hospital Medicare does not pay...

Now, for just \$1 for your first month's protection, you can examine 'on approval' this sensible, affordable Plan! New Elder-Care pays you Tax-Free Cash - lifetime maximum benefits of \$50,000.00! After the initial deductible, this Plan covers major hospital expenses that Hospital Medicare leaves out! Only \$3 a month after the first month! no age limit guaranteed renewable all pre-existing conditions are covered! Your first month is only \$1. And you get your dollar back if you're not completely satisfied.

### IMPORTANT ANNOUNCEMENT

**MEDICARE COSTS JUMP AGAIN!**  
Now You Must Pay 13 1/3% MORE

**MEDICARE IS GREAT - BUT!**... Wake up friends. Hearing that it is, please realize that Medicare isn't everything many folks suppose. It has - deductibles, percentages and charges that you must pay out of your own pocket. And recent changes have increased those costs. You pay more! What a shock to find this out too late. Today, even with Hospital Medicare, a long spell of illness in the hospital could leave you with crippling financial debts.

**THIS PLAN IS A MUST FOR ANYONE OVER 65** If you feel Medicare charges are confining, you're right - they are! Worse - they're expensive. "Part A" of Medicare is Hospital Insurance, designed primarily for in-hospital costs. "Part B" is Medical Insurance, for doctors and medical service bills. The Elder-Care Plan protects you for every eligible Hospital Medicare expense that Hospital Medicare doesn't pay. After your initial deductible, you're covered for all major Hospital Medicare hospital charges - with no time limit - no matter how much or how often you collect - until you receive \$50,000 worth of total lifetime protection! And no matter how Hospital Medicare charges increase in the future, you needn't worry. This Plan fills in automatically! We believe there's no finer Plan in America today!

**DON'T LEARN THE FACTS THE HARD WAY!** After you're laid up, it's a little late. Under Hospital Medicare today you pay the initial deductible for each "benefit period." That's the first \$58 of hospital expenses. Then from the 61st day of the period you must pay \$17-a-day. After 90 days this increases to \$34-a-day - \$238-a-week, \$1020-a-month - that you must pay. Plus you start dipping into your Hospital Medicare 60-day "Lifetime Reserve". And after your Lifetime Reserve is used up, Hospital Medicare won't pay you a cent for the rest of that period. Think what a long spell of illness could mean - the slow kind, that older folks get more than anyone else! You could be stuck with unpaid bills that could wipe out retirement savings... and plunge you deep into debt!

**YOUR MEDICARE CHARGES KEEP INCREASING** The law requires that Hospital Medicare charges must be reviewed each year - and if hospital charges change significantly, the money that patients contribute must be adjusted the following year. Well, it's no secret; it's already happened three times - in '70, '71 and again in '72. In fact, hospital costs have TRIPLED in the past few years. And are still increasing! There's little doubt about it. You'll wind up paying even more. That's why our Elder-Care Hospital Plan makes so much sense!

**ARE YOUR PARENTS OVER 65? READ THIS!** Right now you have an opportunity to help protect your parents against today's skyrocketing hospital bills. A long illness can easily exhaust their savings. That's why we urge you to bring this plan to their attention immediately - and help them get \$50,000 worth of lifetime maximum benefits. Or better still, just complete the form below for them using your address and we will send the Policy and payment notices to you.

**THE COMPANY BEHIND YOUR ELDER-CARE** Elder-Care is issued to citizens over 65 no matter what their present state of health by Union Fidelity Life Insurance Company of Philadelphia, a progressive, old-line legal reserve company. Union Fidelity is recommended by both Best's and Dunne's, the insurance industry's leading independent rating authorities.

### EVERY ADDITIONAL CHARGE IS ANOTHER PROBLEM FOR YOU

The Social Security Administration estimates that Medicare will pay less than half of your total health cost! That's why this Elder-Care Plan is so vital. It assures you virtually complete hospital coverage no matter how much Hospital Medicare pays (or doesn't pay) in the future. It assures you will never be saddled (or saddle anyone else) with bankrupting hospital bills. It's like having up to \$50,000 set aside against a rainy day!

### HERE'S WHAT'S COVERED AND NOT COVERED

There are no tricky "catches" or "waiting periods". All pre-existing conditions (physical illness you've had or have right now) are covered in any recognized hospital, from the moment your policy is in force. Here are the only exceptions: Federal or State Government facilities, mental institutions, sanitariums for alcoholics or drug addicts, and geriatric extended-care facilities like nursing or rest homes. Loss paid by Workmen's Compensation or Occupational Disease Laws is not covered. Your plan cannot be cancelled as long as you pay your premiums, and the \$3. rate cannot be raised, unless a general rate adjustment - up or down - applies to everyone in your state.

### 9 IMPORTANT QUESTIONS AND ANSWERS

- Q. If I have Hospital Medicare, why do I need this Plan?**  
A. Hospital Medicare, with its maximum limitations, was never designed to cover all hospital expenses. But its amount you pay gets bigger! \$17-a-day is up from \$15! \$34-a-day is up from \$30! Where will it all end? These increasing charges could cost you thousands of dollars. But Elder-Care helps relieve your hospital anxiety worries until you receive \$50,000 in tax-free lifetime benefits.
- Q. How do I collect my benefits once I'm in the hospital?**  
A. There's a simple form to be completed by you and your doctor - and that's all there is to it. As soon as your health condition is covered, you'll receive all the benefits. Folks all over the country have praised the speed and efficiency of Union Fidelity's claim service.
- Q. Can I apply if I'm not in good health?**  
A. Yes, you can. No matter how poor your health, your health condition is covered immediately. And note: This Plan pays in addition to any other insurance you may have with our Company or any other company. It's your money to spend as you wish.
- Q. What other advantages are there to joining this Plan right now?**  
A. By applying now - before the expiration date there is no time limit. Just fill in the simple Application Form and you'll receive a 30-day approval guarantee! You're protected for only \$1 while you examine your Elder-Care Policy. If you're not completely satisfied return the Policy within 30 days and we'll promptly refund your money.
- Q. How do I apply?**  
A. Complete the Application Form at left and mail with only \$1 for the first month's protection to the address shown. Your spouse, after 65, may also apply on this form. But do not enclose money! \$1 covers you both during your 30-day approval. Be sure to sign your name and mail before the postmark deadline.

## 'Dictatorship Power' Of Courts Lambasted

By DONNA ESTES  
ALTAMONTE SPRINGS - State Rep. Robert Milburn Tuesday evening stated his concern that unless the United States gets back to the constitutional separation of powers in the branches of government, the dictatorial power of the courts will continue to be governed by the courts.

"The people should be concerned for this is every bit as great a problem facing our country today," Milburn declared.

The legislator continued that in his view the courts have an "inflated view of their own powers" and are continually "quoting court cases rather than law."

A topic of frequent discussion, reappointment of the Legislature and drawing of new congressional district lines, Milburn said the reappointment question will be taken up in the next session of the Legislature.

Milburn continued once the Legislature has decided the new districting on an equitable one-man-one vote basis, the legislation will be reviewed by the courts.

"And the courts could then throw it out and take some other plan or formula to their own. I do not agree with this. This is definitely a breakdown of separation of powers of the branches of government," Milburn said.

## Spurs Negro Voter Registration 'Dump Nixon, Ga. Solon Urges

By BILL SCOTT  
Julian Bond, black Democratic member of the Georgia House of Representatives, came to Sanford Tuesday to speak to 300 persons gathered for an 8 p.m. banquet at Sanford Civic Center to help launch a drive to register 5,000 Negro voters.

Youngful for his 31 years, the thin man told the gathering, who had just devoured a fried chicken dinner, "there is only one problem in this country for us, and that is the problem of race. He stated this problem was tied to every other problem, "whether it is war in Southeast Asia, garbage in our streets, no jobs for our men or no good schools for our children."

Disputing a reported "Negro problem in the country," Bond likened it to a "very real white problem. Our problem in this year," he said, "is how to escape from it." He said this could best be accomplished by only one method - politics.

"For too many people, the exchange of presidents of this country is nothing more than just a change of photographs on the post office wall," he lamented. Bond said the choice for the black community in 1972 is simple "any one except Richard Nixon will do." He said the nominee should be someone who delivers reality not rhetoric.

## Greg Drummond Reelected County Commission Chief

As had been anticipated, Greg Drummond was reelected chairman of the Board of Seminole County Commissioners at yesterday's reorganizational meeting.

Elected as vice chairman is Sidney Vilhes Jr. who replaces Commissioner Edward Varborough.

Drummond, in a "keynote" speech, said the Commission in 1972, must find ways of getting the job done in lieu of finding negative approach as to why it can't be done. He continued that the county's governing body must also initiate unique and original ways to accomplish the job at hand.

"These may not be conventional or consistent with the policies of the past," Drummond elucidated.

He continued that the county is almost over its head with the population growth, and that growth does not necessarily mean progress.

"We must look to the development to justify what comes into the county," the chairman noted, and "we must look to ourselves as to what is for the overall good of the community."

The first meeting of the Commission in the rapidly of business conducted with the maximum of efficiency. A 15-item agenda was completed in less than three hours.

Appointments were made to the various county and district boards as well as commissioner appointments to official boards and committees and advisory committees as custodians of county properties.

Appointments include: County Insurance Advisory Committee, Clifford McKittrick, William Schaffner, Tony Bassi, Robert Crumley and James Holloway.

Seminole County Historical Society, Arthur Beckwith Jr., Mrs. Joe Corley, Mrs. Barbara Ginnich, Mrs. Lorraine Whiting, Mrs. Kay Bartholomew, Mrs. Edith Walsh, Joe Field, Mrs. Randall Chase, Kenneth Renner and Mrs. C. E. Hunter.

Long Range Planning Committee for Recreation, Fred Ganas, S. B. (Jim) Crue, Tom Bingham, James Lottmann, Robert Fox, Mrs. Patricia Burkett, Drummond, Clifford McKittrick, William Schaffner, Tony Bassi, Robert Crumley and James Holloway.

Emergency Resources Management Committee, Arthur Beckwith Jr., John Daniels, Clarence Kuper, Raymond Self, James Lottmann and James McKenna.

Board of Planning Examiners, Archie Harriet, Dr. (Continued on Page 1 Col. 6)

## County Agencies Said In Conflict

On a recommendation by County Attorney Thom Berger, the Orange-Seminole delegation will be requested to consider emergency legislation the repeal of a revision in the Seminole County Port Authority's jurisdiction which designated the port authority as the county's industrial development authority.

Rumberger said that the new industrial development authority is in apparent conflict with the powers of the port authority as established by the state legislature, and that the SCDA is established as the development authority.

County Commissioner Chairman Greg Drummond expressed that with the challenges the port authority is facing, it is "difficult to address themselves as a board."

Rumberger said that he envisioned no problems in resolution of the matter.

"The feud" between the county and the City of Altamonte Springs may be on again as a result of a comment by Drummond to County Planner David Farr.

Drummond mentioned a \$50 million development in the Altamonte Springs area which is scheduled to begin in 30 days, and which will be known as "North Lake." The 300-acre project is to be located east of and south of Benova, Boulevard, and is being developed by L. E. Hamilton.

Drummond said that he questioned whether the city and de-

Start of construction of a new police-courthouse complex which would be in abeyance if the City Commission needs a suggestion by J. H. Crapps as he "hang his swan song" on that project last night, Crapps, reading a list of accomplishments by the 1971 City Commission and goals for 1972, passed to advise that the new city hall and police station could be constructed by increasing the present \$700,000 bond issue with the security complex is being funded. The commissioner pointed out that the Florida Legislature may do away with city courts and allow housing of city prisoners in county jails, thereby doing away with the necessity for a city jail and police court.

## Altamonte To Seek Bank Loan

ALTAMONTE SPRINGS — Police but firm letter from the Suburban Fire Control District commissioners, requesting that matters pertaining to the district be discussed with official representatives prior to stories being published in the press was read into the record at the meeting of the City Council Tuesday night by City Clerk Jane Richards on instructions from Mayor Lawrence Swofford.

The letter to the city over the signature of C. L. Van Buren, chairman of the fire control district, is a proper request, the mayor said. The city currently provides fire protection to the district under contract.

"The Fire Control District simply wants to be informed by the city as to what they are doing and how they are financed all over the district," the mayor said, adding that conversations and press statements concerning the district did not originate in Altamonte Springs.

In other action, Council Instructed City Attorney S. Joseph Davis Jr. to prepare an ordinance authorizing the city to execute a loan for \$250,000 with the Barnett Bank of Seminole County for financing construction of the new city hall and civic center. The loan is for a 10-year period with security of utility tax revenues solely.

Authorized the mayor to correspond with the bank and the bank's lawyer to extend the bid 25 days.

Agreed to provide sewer service for the new Lake Brantley school at the intersection of the new sewer to the city's San Sebastian plant. The Council also agreed to provide the same service to Forest City Elementary and Veagus Middle School if it is needed.

## New Members Seated Council Organizes

The Sanford City Commission, with two new members seated at a Tuesday night reorganization meeting, voted to adopt an amended short version of Robert's Rules of Order to conduct its sessions, but turned down an offer by Julian Stenstrom to have the Council meet on the first four Monday nights of each month, instead of the present twice-a-month sessions.

As the first order of business after the seating of Commissioners John Morris and A. A. McClanahan, the Commission adopted the Roberts' rules by a three-to-one vote, with McClanahan abstaining.

Morris, true to his pre-election statements, moved to adopt the formal rules for conducting the council's meetings and his motion was seconded by Stenstrom.

This action brought on a discussion between Commissioner Gordon Meyer, Mayor Law P. Moore and City Manager W. E. Kinnel concerning whether the rules would prohibit any member of the audience from speaking at future sessions.

Kinnel stated, "If rules are strictly enforced, the public cannot speak."

Mayor Moore noted in the past two years since he has been mayor there had been lots of speaking at Commission meetings by the audience "and I accept the responsibility for that," he added.

Moore pointed out that Commission meetings should be conducted informally and stressed that controls would cause the loss of relationship with the public.

"I don't believe we need even a modified version of Robert's rules," the mayor added. He said that the city would be in a better position to handle the public if the rules were not adopted.

## CALNO Meet Is Off

ALTAMONTE SPRINGS — Meeting of the CALNO Council of Local Governments, originally scheduled for this week, has been postponed until later this month, chairman Lawrence Swofford reports.

Swofford said the postponement is necessary due to the absence of other business because of the recent holidays.

He added that every thing necessary is being done to assure federal and state funding for the organization and requested information is being sent to Tallahassee on a regular basis.

Swofford was notified last week that the CALNO Council has received approval for funding for various studies of cooperative efforts among the cities of Casselberry, Altamonte Springs, Longwood and North Orlando.

Stenstrom advised he had a list of 14 homes he had been trying to bring before the Commission for the past year but he was unable to do so because of lengthy agendas and midnight sessions. "Let's put this crisis government behind us, as we enter this new era," he pleaded.

Moore favored the four regular monthly meetings but wanted two of them held in the afternoon, rather than at night. He declined to approve the additional light sessions and joined with Moore and Morris to defeat the proposal by a three-to-one vote with Stenstrom and McClanahan voting "yes."

## City Takes Dim View Sewer Lines Requested

By DONNA ESTES

ALTAMONTE SPRINGS — Little support was heard from members of the City Council Tuesday night in the request of Biological Utilities that the city take over sewer service for some 130 homes in the Oakland Hills.

Mayor Lawrence Swofford reported to the board that the federal receiver, an attorney and engineer met with him late last week to ask that the city serve the homes.

Swofford said he informed the receiver that should the city approve the request, it could only be on the basis of the company providing sewer connection lines to the city's plant. The mayor said the company, now in liquidation, has had difficulty in doing this since easements would have to be obtained by them through Trailwood Estates.

Commissioner Dan Dorfman answered that the city certainly is not going to assume liabilities even though the mayor pointed out serving the area would be an advantage to the city in gaining federal funding for its sewer expansion in that most of the homes requested served are low income.

Swofford said similar proposals are being seen throughout the state where the various counties are requiring builders to provide the services via improperly sited and engineered plants.

He questioned the degree of assistance the city could provide.

On an accompanying motion by Stenstrom, the Commission voted to appoint the city attorney as parliamentary with McClanahan abstaining.

The new Commission declined to approve for a 96-day period a motion by Stenstrom to increase regular sessions from two to four Monday nights each month.

With McClanahan abstaining, the council adopted the plan with Moore casting the lone "nay" vote. McClanahan explained he was voting the negative because he believed the degree of assistance the city could provide was insufficient.

## Water Contract Awarded

ALTAMONTE SPRINGS — Contract for distribution lines for the city's northwest water supply facilities was awarded Tuesday to Central Florida Underground Inc. by the City Council Tuesday night on recommendation of the City Engineer William Palm.

The low bid of the Central Florida company was \$26,296.45, some \$12,000 less than estimated. Palm noted that the bid was accepted and award was made based on the contractor's notification that the company could hold with the same price only two days longer after which part of such lines are expected to go up in price by seven to 10 percent.

Mayor Lawrence Swofford said with the city's having paid \$27.5 million for the new water treatment plant, it was a matter of time before the city would be required to pay for the new sewer system, all sewer connection charges have been provided for city use. In addition, he pointed out, the second \$55,000 in the extension account in certificates of deposit which can be used.

# Hot Line Open To Sanford

By JANE CASSELLBERRY

Teenagers with problems or others in serious situations may now call "Hot Line" toll free from Sanford by dialing 644-2027. Others in need of help may call "W. Care" at 241-3339 (Orlando). Cost of the Seminole Hotline number is met by Seminole County Mental Health Association.

Cries for help are answered by volunteers staffing the telephones from teenagers with family problems, drug problems, pregnancies, truants, older persons, alcohol depressions, alcoholics, or truants who do not know who to turn to for help.

"W. Care" and "Teenage Hotline" also serve as a suicide prevention center 24 hours a day, with calls being received from persons, both young and old, who have decided to "end it all" by taking their own lives.

A Lake Mary woman is one of the few Seminole County volunteers. After 14 months of answering telephone calls, she finds her work rewarding and also serves on board of directors.

Suicide, which is primarily a "cry for help" is the 10th leading cause of death in the United States, the third leading cause of death among 15-19 year olds, and the second leading cause of death among college students.

Always a possibility as a solution to a crisis is a destructive action to the mental health of the individual and in the community. No one is immune to the troubles and traumas of today's society, they infiltrate every segment of society.

Suicidal persons are undecided about living and dying and desperately hope someone will save them. One plans to do wrong and what was originally meant as a consultation to others may become instead an actual suicidal act.

Volunteers on the emergency phones also refer persons to the proper community agency to help in their particular situation, be it a need for counseling or a temporary place to stay. They listen or talk as the situation warrants, but most important the caller has reached out and found someone who cares.

More volunteers are needed and the first five-session training course will be held in April.

# Daughter Buses To Public School Sen. Jackson Boasts: 'No Hypocrite'

By GREG HERRINGTON

Associated Press Writer

PENSACOLA, Fla. (AP) — Sen. Henry Jackson's 13-year-old daughter Anna Marie attends a public school in Washington, D.C.—and that appears to be one of the best things this presidential hopeful has going for him.

As the Washington State Democrat won the second day of a three-day campaign motorcycle tour through rural Florida Tuesday, he said voters who have turned out to hear him in town after town have treated him for what he calls "telling it like it is" on the school busing issue.

"Jackson told newsmen it is one of the most important concerns of residents in the Florida Panhandle and he is frank to assess his position as very popular here.

At every stop on the motorcycle, Jackson reminds crowds of 50 to 250 that gathering on housing squares, street corners, and parking lots that among the potential and announced candidates for the Democratic presidential nomination only he has a child enrolled in a public school in the nation's capital.

Without naming names, Jackson points out the other White House hopefuls send their school-age children to private schools or suburban public schools. At the same time, Jackson likes to tell his audiences, "these same Democrats are the ones who have urged more school busing."

Anna Marie, attending a public school in Washington to which blacks are bused, he proudly notes.

"I've picked up some black people on this issue," Jackson said Tuesday night. "The real issue on this whole busing thing is hypocrisy."

He said voters in this important primary election state "are shocked to find that when it gets down to the personal test, other Democrats send their children to private schools."

Jackson's assessment was supported by interviews with several people in his audiences throughout the day.

In Marianna, an elderly Negro woman said she liked Jackson for this reason and in Milton late in the day a white man said, "He's not hypocritical like the others, I'll say that for him."

Reaction to the 50-year-old Jackson as he traveled through nine small towns before camping here Tuesday night ranged from polite to rapturous enthusiasm.

"I think he made a fair speech, but he didn't set the woods on fire," said Ernest W. Campbell in Crestview. Campbell said he supported Alabama Gov. George Wallace in 1968 but was undecided about 1972. He said he was afraid of voting for someone who would not have a chance of winning.

Ocala County Sheriff Ray Wilson said, "I'm not going to say how I'll vote. But the fact that Rep. Bob Sikes, D-Fla., says he's a good candidate for, Wilson added, "It's hard to tell yet if he's weaker than Wallace is going to be a factor in 1968."

Now For The Big Show—Curtain Time March 14th

Florida, political showcase of the nation? Quite so! The "Surprising Seventies" could have produced more stimulating and significant example of the change which has already become their hallmark...

South Dakota's Senator George McGovern, the early official announced candidate has been in Florida and will be here with increasing frequency. The only lack presidential candidate Rep. Not Inflation?

Democrat steam is building in Congress to increase the minimum wage by 25 per cent next Jan. 1 — to \$2 an hour for non-farm workers covered by the Federal law.

President Nixon has proposed a \$2 minimum wage, but in two steps providing a 12.5 per cent increase next Feb. 1 and another 12.5 increase two years later. The phased increase recognizes the impact of minimum wage increases on inflation and unemployment.

On the surface, the 25 per cent jump in wages proposed by Congress for millions of workers hardly fits any guideline for "non-inflationary" increases.

Generous Soul

Then there was the case of the old gold prospector who directed that his estate now worth \$252,000 be used to prove the existence of the human soul.

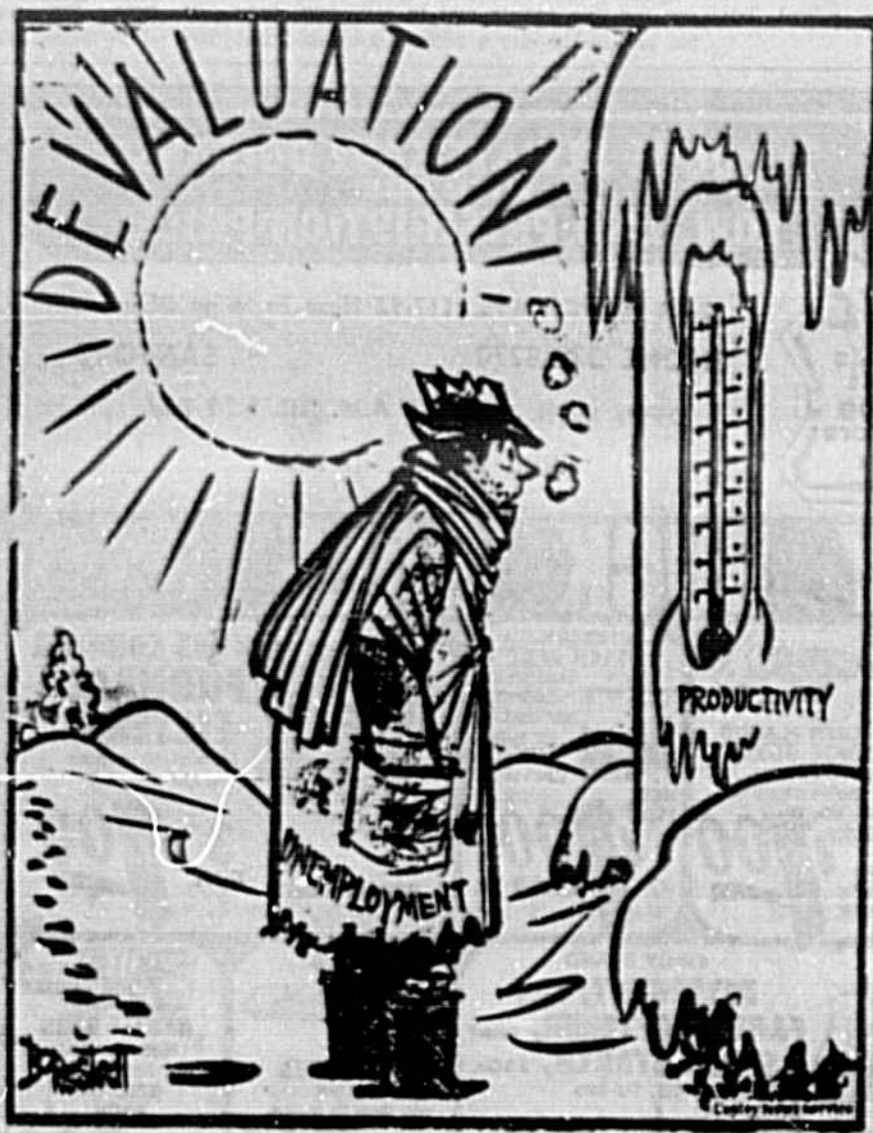

In his will, James Kidd said of the bequest: "I think there can be a photograph of a soul leaving the human after death." That sounds like a tough assignment for any photographer.

A judge has now awarded the money to the American Society for Psychical Research, Inc. of New York. If the society ever gets that picture we'll be the first in line to print it.

Don't Mention It

From an editorial in the Memphis Commercial Appeal: "Analysis of the New York City atmosphere has shown that residents of that city take into their lungs toxic materials equal in amount to the inhaling of 35 packs of cigarettes a day."

Political Notebook N. Viet Bombing Was Risky

By BRUCE BISSAT WASHINGTON (NEA)—President Nixon's newest flurry of heavy bombing raids upon North Vietnam reflects, among other things, a balancing of domestic political risk.

They bring the war back to public consciousness at a time when it has faded from the nation's front pages and television screens. On the surface, this would seem a dangerous gamble. Polls show the American people have lost all patience with Vietnam.

As an effect, however, the President knows there has been no lasting impact on the public mind from previous large "pre-emptive" strikes against North Vietnam this year and last. They were quickly over. They did not appear to upset the general impression that the war is winding down.

Domestic Commentary Foreign Affairs Challenged

WASHINGTON (NEA)—The challenge to President Nixon's leadership in foreign affairs will grow. In fact, congressional challenge to the president's leadership will become more critical in the years ahead, no matter who is president or chairman of the Senate Foreign Relations Committee.

'Phone Rate Hike Okayed By State

TALLAHASSEE, Fla. (AP) — after Jan. 31 would bear the brunt of the rate increase. The rate hike was the largest ever authorized by the PSC, although the commission has yet to act on a proposed \$85 million boost being sought by the Florida Power and Light Co.

The utility cited growth, increased local usage and rising costs as reasons for requesting the rate hike.

The PSC said it was granting the new increase as a consequence of "inflation" rising cost of materials and labor and increased interest rates.

All Southern Bell residential rates will go up \$1 a month for one-party service and 75 cents a month for two- and four-party service.

the PSC, would bring the utility's profits up to an 8.25 per cent rate.

Southern Bell was granted a \$11.1 million annual increase in 1970, and a \$3 million increase in 1969.

The utility agreed with the company's contention that its profit was being diminished and claimed its accounts found Southern Bell operated in 1970, 71 with a rate of return of 5.49 per cent. The new rates, said

Drainage Ditch Hearing On Jan. 17 Agenda

Federal Park Funds Sought By North Orlando's Agent

By MARION BETHA  
NORTH ORLANDO, Fla. (AP)—The municipality's new fiscal agent, Logan Browning, is in Atlanta this week, according to Mayor Granville Brown, seeking federal grants for the park area as well as others for which the village may be eligible. Mayor Brown apprised Village Council that due to the fact the village will have an income of \$30,000 this fiscal year, an outside audit must be made in July.

Councilman Troy Piland delivered a report to the new fiscal officer, Harry Pittman, who, he said, has controlled the animal situation admirably.

Also receiving accolades from Piland are the mothers who serve as guards at the school bus stops. Piland said it is his hope there will be more volunteers this year to supplement the performance of these

mothers. The unseasonably warm weather has brought forth complaints to Piland of a mosquito problem on Lombardy Avenue. Piland said the city is not prepared to undertake a regular fogging program and is hoping for cooler weather to disperse the insects.

However, he said, an attempt will be made to "make a pass" at some of the infested areas until Jan. 31, 1972. Some Council approved renewal of a contract with H & W Waste Service, Longwood, for one year, with another year renewable option. The present contract for the garbage service is valid until Jan. 31, 1972. Some Council also approved a contract for a regular meeting on Jan. 17, 1972, to discuss the plan for the north side drainage of the Meadowlark subdivision.

The only representative present was Roland Reed, projects representative of Florida Land to City Engineer R. C. Conkline. Reed disclosed an additional two weeks is needed to analyze the plans for the drainage. The developers have requested permission to dig a drainage ditch, which the village opposes.

Garbage Contract Approved

By KATHY NIBLACK  
CASSIOWAY, Fla. (AP)—City Council authorized the mayor to contract with the lowest bidder out of four bids received for garbage service for the coming year.

This action was taken following a report by City Manager Ronald Bergman that he and Councilman Harry Sembrock and Thomas Napier had investigated the operations of the bidder, Reliable Garbage Service of Orlando.

This committee was satisfied with the operations and recommended the Council award the contract to Reliable.

The new contract will be for a three-year period, and rates will be effective Feb. 1 at \$2.90 per month. Garbage will be picked up twice a week (two cans each time) and trash once a week (two cans). Billing will be on a quarterly basis, with the first billing around Feb. 1. There will be a 45-day grace period for overdue accounts, and garbage bills will be adjusted during customers' vacations.

Dollar Devaluation Time For War Losers Germany, Japan To Pay

By THOMAS NUZUM  
Copley News Service  
PARIS—Western Europeans are sighing with relief over the Washington deal to devalue the dollar—even though devaluation will theoretically result in an \$11 billion trade advantage for the United States.

French, British and German hopes that most of the trade loss will be absorbed by the United States. U.S. taxpayers were weary after contributing for 25 years to help Europe and Japan back to their feet after World War II, and then to help defend them against potential Soviet aggression.

The way things have worked out since August, Western Europeans and stock Germany with their half of the bill. Indirectly, Germany and Japan may now have to pay for losing World War II. The war is pretty well forgotten. No French or British editorialist suggested that Germany ought to bear most of the burden of adding the United States as an enrichment for starting the war.

The reason for sticking Germany and Japan with the bill is simply that their economies are strongest. They are the only lands that have big trade surpluses with the United States, so they can best afford to help out Uncle Sam.

But one of the reasons their trade is booming is that they lost the war. So the Washington agreement amounts to a sort of delayed demand for war reparations.

European generally attribute the German and Japanese postwar economic recovery to the German and Japanese policies. But the late Chancellor Adenauer once admitted that there were two other reasons for the "miracle" of postwar economic recovery.

One reason was that Germany lost its colonies in World War I. So unlike France and Britain, she did not have to bear the expense of adding colonies and ex-colonies after World War II.

The second reason cited by Adenauer was that because Germany was the defeated enemy, the Western Allies did not permit her to rebuild her army until nine years after World War II.

That gave Germany a postwar economic race over France and Britain. That will hurt their trade balances with the United States.

But in compensation, the mark increased in value 2 to 4 percent over the currencies of those five lands. So they gain a trade advantage over Germany.

There is a fair chance that what they give to the United States with one hand, they will get back from Germany with the other.

Their new trade advantage over Germany is smaller than their new disadvantage compared with America.

But the Low Countries, France and Italy have two to six times more trade with Germany than with the United States. So a proportionally small change in their German trade may equal a big change in their relatively small U.S. trade.

Only Britain does more business with the United States than with Germany. So the British are the only Europeans that have little chance of making up for trade lost to the United States by exporting more to Germany.

The main worry in Western Europe is that German trade might be hit so hard that the Germans could no longer afford to import anything from neighboring countries. In that case, all Europe would be hurting.

### Live Wire: Taintsville Makes Headlines As 1971 Ends

CHULUOTA  
 By LIZA BAKER

With the New Year of 1972 here, the old year has gone and I do hope every one had a wonderful year and very Happy Holidays and this New Year will bring prosperity for all.

Shorty and I spent a wonderful Christmas with our daughter and family, Mr. and Mrs. Lamar Bunting, and their children, Edward, Armon, and Joseph in Yaxco City, Miss.

Would you believe that after nearly 20 years of traveling far and wide, that we had our first break down? Yes, and we consider ourselves lucky to be alive, for coming through 14 the spring broke on the accelerator and we passed everything going down the highway.

With that little four horse camper running away and passing all traffic I got it in the right lane and cutting the ignition I got it stopped. Too late though, we spent two nights in Pensacola waiting for our truck camper to be repaired.

Lucky? I don't know, but the Lord had to have been watching over us, suppose I had been in the lane with all the traffic and a car approaching on the left? Just suppose?!! Happy New Year Everyone!

Mr. and Mrs. Edward Murphy, 321 East Third St., flew to California for the holidays for 15 days. They were met at Los Angeles Airport by their daughter and son-in-law, Fredrick and Diane Buck. The foursome motored to Harbor City where the Rood's reside. Their Christmas Eve was spent at the home of Mr. and Mrs. Frederick Rood Sr. in Palos Verdes, which Mrs. Murphy describes it to be "way on top of the world," with the most gorgeous eight down below with all the colored lights glowing. The Roods had a real live Santa Claus to light the evening entertainment.

During their vacation the family motored to Fallbrook to view the site of the future home of the St. Rood's which is already planted with avocado trees which will be their business upon retirement.

The Murphys were accompanied with a trip to Capistrano where the Swallows always come back. They dined at the fabulous Laguna Beach.

Mrs. Murphy, better known to the Chuluota folks as Lil, spent time seeing for Diane as she says, the weather was most too had for anything else and the hills and mountains made her nervous, being used to the flat country of good ole Florida.

They met and visited with Mrs. Rhoda Johnson in her beautiful home in Palos Verdes Estates. Mrs. Johnson is a good friend of Mr. and Mrs. Oscar Fisher who live on Second Street here and had asked the Murphys to look her up. They found her to be a very gracious lady.

Lil took pictures of the snow-capped mountains while in flight on their way home. While approaching the airport in Orlando the pilot called the pas-

FASHION FEAT—Mrs. Norman Franzen, Chairman of the 1971 WAIF International Ball, held this December, accomplished a fashion miracle. Since WAIF, a division of International Social Service, is dedicated to placing orphaned and abandoned children throughout the world for adoption and foster care, Mrs. Franzen had a ball dress made with 102 figures in native costume represented on it. Aline, a noted artist, handpainted the children on yards of white silk, and then embroidered many of the figures, setting many in multi-colored sequins and beading. The result is shown here.

### Paula Ann Sefried, S. E. Richardson Exchange Vows In Double Ring Rites

Miss Paula Ann Sefried and Steven Eugene Richardson were united in Holy Matrimony Dec. 23, 1971 at 8 p. m. in the Pine-Crest Baptist Church, Sanford. Rev. Leo Barnes was officiating clergyman at the candle-light, double ring ceremony. Mrs. Mary Ellen Howe was organist.

The bride is the daughter of Mr. and Mrs. Paul E. Sefried, 2800 South Park Ave., and the groom is the son of Mr. and Mrs. William F. Richardson, 1700 Forest Drive, all of Sanford.

The church was decorated with a profusion of candles, evergreen in each aisle. Vows were exchanged under an archway of candelabra with burning tapers flanked by baskets of mums, baby's breath and greenery on either side.

Given in marriage by her father, the bride wore a formal length gown elegantly designed of jeweled, scalloped Chantilly lace and organza, over a long slim white tulle skirt and long white veiled sleeves. Her shoulder length bouffant silk illusion veil was held by a cluster of matching lace pearls and long slim veiled sleeves. She carried a cascading bouquet of white carnations centered with a removable corsage of tiny white rose and long white velvet ribbon streamers.

Miss Sandy Sefried served her sister as maid of honor and Mrs. Marie Hamlin was matron of honor. They were formed with long sleeves fashioned in an A-line design and carried bouquets of red and white carnations with red and white ribbon streamers.

Bridesmaids were Miss Cheryl Sefried, another sister of the bride; Miss Colleen Richardson, sister of the groom; Miss Jo Ann Muse and Miss Debbie Thomas. They wore gowns identical to those of the two-hour attendants and carried white fur muffs.

The groom's father was best man and serving as usher were William Hamlin, Patrick Hamilton, Tommy Kelsey, Robert and William Richardson, brothers of the groom, and Greg Sefried, brother of the bride.

Ring bearers were Scott and Robby Richardson, nephews of the groom.

The bride's mother wore an off-white A-line double knit dress with lace trim, red accessories and a corsage of white carnations, tipped with red. The groom's mother wore a green prince style knit dress with black accessories and a green tipped carnation corsage. Mrs. Edwin Hamlin, another grandmother of the bride, wore a brown and white ensemble with brown accessories and a brown tipped carnation corsage.

Following the ceremony a reception was held in Fellowship Hall of the church. The bride's table was overlaid with a white cloth and centered with the three-tiered wedding cake decorated with tiny red and green flowers. Fanciful bows were placed on either end of the table and each was surrounded by arrangements of red and white carnations and greenery. Mrs. Bob Thomas, 222 and served the cake and pouring were Mrs. Herb Switzer and Mrs. Duke Schaubert, aunts of the bride. Miss Laura Kermer kept the guest book.

For traveling, Mrs. Richardson chose a Kelly green empire style dress with scoop neckline, black accessories and the rosebud corsage from her wedding bouquet.

The couple left for a wedding trip touring various points of interest in the state and their new residence will be in Sanford where the groom is employed by American Steel Builders.

Out-of-town guests included, Mr. and Mrs. Lyle Melroy, and Mr. and Mrs. Frank Willbanks, Belle Isle, Fla.; Mrs. Dale Schaubert and Lisa, Waresburg, Ill. and Miss Laura Kermer, Albany, Ga.

**Late Toyota**

For the second straight week the front running Celicas found it impossible to gain any ground. The Fiat Tires were the latest culprits, taking two and a half games from the leaders to help lighten the league standings. Leading the Tires were Jack Rogers 200 and Millie Rogers 180. Tom Callis had a 187 for the leaders.

The B's & J gained a little on the Celicas by taking three games from the Big Wheels. The Tires, however, halted the charging wheels when they won 11 of their last 12 games prior to last week. Bob Barrow's 200, 200, 200 led the B's & J while Dick Spencer had a 180 for the Big Wheels.

The Four Hoops split their match with the fourth place Deep Bees thanks to the efforts of Roger Larsen 186, 183, Gary Spotts 176 and Marge Augusto 186. Kathy Arthur's 172 helped the Deep Bees cause.

Stunning back into contention with a sweep of the FCW were the Radiators. Wayne Crumpton 200 and Georgia Coyne 188 led the sweepers.

Other top efforts last week came from Robert Jones 202, Jewel Kaufman 174, Richard More 197, Wiley Burrow 180, Pat Miller 174, George Furlman 177 and Steve Senaskovic 177.

The Celicas own a 4-1-0 record and a two game lead over the B's & J. In third place are the Sedans and B-Sers both of which are four games off the pace.

The Deep Bees at 2-2-2 and the Big Wheels at 3-7-2 are also in good shape. As are the Fiat Tire and Radiators who are 2-6 and 2-7-1. There are eight teams who could conceivably catch the leaders in two weeks or less.

**Shooting Stars**

The Shooting Star loop is rapidly turning into a two team race with the State Farm Insurance and Broom Egg Farm running neck and neck.

State Farm won four games from Link Construction behind the efforts of Kathy Cooper 170/408, Dottie Hogan 182, June Gasman 153, and Elyse Som 151 and retained their half game lead over Broom Egg. Kathy Cooper also converted the tough 3-10 split last week.

Broom Egg's broomed their opponent last week thanks to the 174, 165/401 by Rose Patrick. Also helping Broom Egg was a pair of 149's by Edna McClary.

State Farm is the owner of a 4-5-1-1-1 record with Bronson's just a half game back. In third place nine games behind the leader is Merle Norman Cosmetics.

The Cosmetic team won two and a half games from Carroll's Furniture behind Mickey Trammell's 178 and Carole Mace 166. High for Carroll's was a 3-2 by Audrey Judge.

T & D Sanitation won three games from Hudson Fruit with Brenda Tinker's 159 leading the way. Stella Brooks had a 156 but it availed her team little as they lost three to Sobka's.

# Bow To Mainland, 43-41

## Greyhounds Narrowly MiMetro Upset

By HERKY CUSH  
 Herald Sports Writer

It was close to being the upset of the season in the Metro Conference but as things turned out it was just another loss in league competition for the Lyman Greyhounds.

The charges of Bill Moore came close to pulling off a stunning upset over the Metro lead. Duveton Mainland, last night were two points shy when the final horns sounded 43-41.

But for the fact that they were stone cold at the outset of the game and again in the fourth period the Hounds just might have won handily over the Mainlanders who ran their record to 9-0 on the season.

The fourth period started with the teams only two points apart, with the edge being the Daytona team's. Neither club was burning any pins in the final period as only six points were scored, three by each team and the victory belongs to Mainland.

Lyman scored but one point in the first five and a half minutes at the outset of the game while Mainland rolled up a 11-1 lead. However, the Hounds did not manage to score a point in the first 18 minutes of the contest. He quickly made up for it once the third period underway.

With Nelson scoring six points and Jim Ellis two, the Hounds clawed their way back to a 10-10 tie. A half clicked off and the Greyhounds had three points of the lead. With 5:30 left in the period, Mainland again attempted to pull away from the post. A walking violation Hounds and had a 20-31 lead at the half.

deliberate state and pulled their lead to 43-29 and 1:53 to play. Nelson was fouled three seconds later and converted both shots to make it 43-41.

Jim Owens had a free throw opportunity with 43 seconds to play but missed it giving Lyman another chance to tie the game. After working the clock down to 13 seconds the Hounds called for a time out. One play resumed they got two more shots at the hoop but both bounced off the rim and the victory belongs to Mainland.

Leading the scoring for the winners was Gerald Owens who sent 13 points through the court. Charles Brown added 11 and Eddie Sipe 10 for the Bucs. The Mainland 6-9 sophomore center Drew Stone scored but one point and was benched for the last 15 minutes of the contest.

High point man in the game was Nelson despite his scoreless first half. The 6-0 senior of the Hounds tallied 14 points, all but two coming in the third period.

Jim Owens had a free throw opportunity with 43 seconds to play but missed it giving Lyman another chance to tie the game. After working the clock down to 13 seconds the Hounds called for a time out.

Leading the scoring for the winners was Gerald Owens who sent 13 points through the court. Charles Brown added 11 and Eddie Sipe 10 for the Bucs.

High point man in the game was Nelson despite his scoreless first half. The 6-0 senior of the Hounds tallied 14 points, all but two coming in the third period.

Lyman scored but one point in the first five and a half minutes at the outset of the game while Mainland rolled up a 11-1 lead.

With Nelson scoring six points and Jim Ellis two, the Hounds clawed their way back to a 10-10 tie. A half clicked off and the Greyhounds had three points of the lead.

At the end of the first half the Hounds had a 20-31 lead. At the end of the first half the Hounds had a 20-31 lead. At the end of the first half the Hounds had a 20-31 lead.

An amazing aspect of the game for the Hounds was that their leading scorer Steve Nelson did not manage to score a point in the first 18 minutes of the contest.

# ABA 'Pioneer' Recalls Early Days

By PAUL CORCORAN  
Copy Editor, News Service  
There was a time when basketball in the American Basketball Association was strictly second-class citizens, snubbed by the National Basketball Association and ignored by the fans.

Today, the ABA enjoys a moderate degree of success in the lower middle class of professional basketball. But Kentucky Colonel guard Louis Dampier remembers the days when he had doubts about choosing to play in the new league. For him, the ABA was a "big name" and did not have the respectability of the NBA.

ARNOLD PALMER SAYS:

swing into action against birth defects...

give to the March of Dimes

important. "I remember in the first season, Mel Daniels was the most valuable player. He was about the biggest name we had," Daniels said.

But in Louisville, Dampier was a "big name" and did not have the respectability of the NBA. Also, there were few big-name players at that time. Speed and outside shooting were the major factors on offense.

"I think we turned the corner when we were able to sign some name players, and a few, like Zeno Beatty and Joe Caldwell, came over from the NBA," he said.

Among the top performers to enter the league are Charlie Scott, the former Kansas star who is averaging about 40 points a game, and Gilmore, the 7-foot-11 powerhouse from Jacksonville, Fla.

In his first four seasons, Dampier had averaged 22.4 points a game, hitting primarily from outside. This year, with Gilmore and the team's scoring average is down to 15.7 points, but he ranks fourth in the ABA in assists with 4.2 an average.

"There was a difference in the league when only 400 turn out for games at Houston."

"Other cities were equally dismal in attendance."

"But we were fortunate," Lou continued. "We had owners who had money to spend and we moved into cities where the league was accepted."

Getting big name players was a major reason he picked the ABA.

"The Kentucky Colonels turned out to be the most successful franchise in the ABA from the point of attendance. The leaders of the ABA East are averaging 5,000 crowds per game, the best in the league and the fifth in all of professional basketball behind New York, Los Angeles, Boston and Seattle of the NBA."

"It was tough in the first couple of years of the franchise," he said. "And you have doubts about making the right decision about playing in the league when only 400 turn out for games at Houston."

# Raising, Showing Horses Is Exciting, Yet Peaceful

By IRA BERKOW  
NEA Sports Editor  
MIDDLETOWN, N. Y. — In the mid, the horses with arched braided tails try to catch the scrupulous eye of the judge, who stands in the wet middle of the ring with a ring steward, who guards him against bribes of oats and such. The riders have long faces like their horses, have bloodlines like their horses. This is a horse show. The tension can be cut with a feather.

It's plenty exciting enough for Mike Nichols, movie and Broadway director. And he is cleaning up, though differently from years ago. In college in the early 1950s he showed mature to make a buck. Now, he stood near a stall, marked "Mike Nichols" with an armful of first-place ribbons and silver cups.

It's not so much the ribbons won, but the breeding done that is exciting for Nichols and his, he says, a displacement of anxiety from movies. The matchmaker for Burton and Taylor in "Who's Afraid of Virginia Woolf?" for Dustin Hoffman and Mrs. Robinson in "The Graduate," for most recently, Ann-Margret and Jack Nicholson in "Carnal Knowledge," is concerned, away from the cameras, with enticing a well-withered stallion to remate a fine-fangled filly.

On this August morning here at the Orange County Fairgrounds, with a distant Ferris wheel turning in a gray haze, Mike Nichols took another step out of the present.

"These horses pull me into the future," said Nichols, sandy-haired, wearing modified blue jeans. "I used to look at things from day to day. Breeding teaches you that you've got a little more time than you thought."

# Auto Racers Had Formful Year In '71

By JOHNNY McDONALD  
Copy Editor, News Service  
To a degree, 1971 could be considered a formful year for auto racing.

Richard Petty, the sport's youngest driver, won his third Grand National title. Al Unser captured his second straight Indianapolis 500. Peter Revson led McLaren to a fifth consecutive Can-Am crown. Mark Donohue dominated the Trans-Am again while dragsters Don Garlits and Ronnie Sox maintained their winning ways.

Also, Jackie Stewart did what came naturally by taking six Grand Prix en route to another World Driver's Championship and Porsche dominated the World Manufacturers' Series again.

Many of these men have been honored or will be for their achievements. They didn't accomplish them with all the ease you might expect, though.

Petty, a 34-year-old Handlman, N.C., veteran of some 25 seasons, boosted his number of career victories to 140 with 21 in 1971 but Bobby Allison's more in race of racing luck made him a celebrity of equal stature in the late model stock car circuit.

Where Shopping is a Pleasure

**Delightful Tale Of Wines**  
by TOM HOGE  
Associated Press Writer

There is a delightful tale of a German bishop, journeying to Rome about five centuries ago who decided to make the trip more pleasant by providing for an ample supply of good wines along the route.

The churchman instructed his valet-secretary to travel ahead, drop into the local inn and chalk "Bac" (it) on the walls of those taverns where the wine was particularly good.

The aide was so taken by the wines of Montefiascone that he wrote "Bac" (it) on an inn located in the region. The bishop stopped as soon as he saw the jubilar sign and apparently came to the same conclusion. He never left the area for the rest of his days and to this day the "Bac" winners pour a barrel of the wine on his tomb each year.

The story and the wine itself caught up with me at a tasting given in New York a few weeks ago in honor of the Marchese and Marchesa Piero Antinori, a land-owning young couple who dwell in an ancient palazzo in Florence.

The 33-year-old nobleman's family has been producing distinguished wines for more than 400 years, including the one that tickled the palate of the bishop. I was served a 1969 vintage.

After trying it, I could see why the prelate liked the wine so much. It is a golden-hued moccato, that seems to have caught the rays of the sun, and it has an elegance that is memorable.

There were other wines from the Antinori vineyards worthy of mention.

Such as the Castello La Sala 1969, a pleasant light-bodied wine with a slightly bitter undertone. It was said to have been a favorite of the popes of the Middle Ages.

Or the Bianco Della Costa Toscana 1967, a light, medium dry wine that comes in a fish-shaped bottle and is fancied by seafood lovers.

The table featured a number of Chianis including the well known Riserva 1965. There also was a 1969 tenary Bardolino and a ruby, fresh 1966 Valpolicella more full bodied than the Bardolino.

The pretty, 38-year-old Marchesa Francesca Antinori is one of the best-known hostesses in Florence and presides over many elegant dinners. But when alone with her husband and two small daughters, she often likes to prepare her own meals. Here is a recipe she gave me for artichokes.

## Nut Bread Is Easy To Make

by CECILY BROWNSTONE  
Associated Press Food Editor  
If you like a quick bread that is flat on top, try at most delectable only a tiny crack, this recipe for Cranberry Nut Bread may appeal to you. A sweet offering, it doesn't need to be spread with butter. Serve it at a buffet supper table with baked ham or at a family meal as dessert. If gone without saying that the bread is also good at breakfast.  
CRANBERRY NUT BREAD  
3 cups sifted flour, stir in before measuring  
1/2 teaspoon baking powder  
1/4 teaspoon salt  
1 cup sugar  
1 cup fresh or frozen cranberries, coarsely knife-chopped  
1 cup walnuts or pecans, coarsely chopped  
1 egg  
1/2 cup milk  
1/2 cup butter, melted  
1 teaspoon vanilla  
Line the bottom of a loaf pan (about 8 1/2 by 4 1/2 inches) with wax paper; grease paper.  
In a large mixing bowl, thoroughly stir together the flour, baking powder and salt; stir in sugar, then cranberries and nuts.  
In a small mixing bowl beat egg slightly; add milk, butter and vanilla and beat to combine. Add to flour mixture and stir just until dry ingredients are moistened. Turn into prepared pan.  
Bake in a preheated 350-degree oven until browned and a cake tester inserted in center comes out free of batter—about 35 to 45 minutes.  
Turn out on wire rack; remove paper; turn right side up. Cool. Wrap in transparent plastic wrap and store several hours before cutting.  
NOTE: If you use a 1 1/2-quart glass loaf dish (about 8 1/2 by 4 1/2 by 2 1/2 inches) for baking this bread, grease it and do not line with wax paper.

**CELERY PARMESAN**  
A new and epicurean way to serve celery  
1 compact head celery  
2 cups fat-free chicken broth  
2 teaspoons minced parsley  
1/4 teaspoon oregano leaves  
1/4 teaspoon minced garlic  
1/4 cup grated Parmesan cheese  
1/4 cup heavy cream  
1/2 tablespoon butter, melted  
1/2 teaspoon salt  
Cut off leafy tops of celery and trim any brownish part from root. Cut head lengthwise into 8 wedges; rinse in cold water. In a large skillet bring broth to boiling point; add parsley, oregano, garlic and celery wedges. Cover and simmer until almost tender—15 to 20 minutes. Drain; broth may be used in soup or sauce. Place wedges in an oblong 1 1/2-quart glass baking dish (13 by 4 by 1 1/2 inches) or similar utensil. Sprinkle with Parmesan. Mix cream, butter and salt; spoon over celery. Bake uncovered in a preheated 350-degree oven until celery is tender and thoroughly hot—25 to 35 minutes. Make 8 servings.

**FAMILY DINNER**  
Beef Stew with Vegetables

Cocoa Brownies Beverage  
**COCOA BROWNIES**  
The recipe for this rich and soft bar cookie is reprinted on request.  
1/2 cup butter  
1 cup sugar  
1/2 cup less 1 tablespoon unsweetened cocoa  
2 eggs  
1/2 cup flour  
1 cup coarsely chopped walnuts  
In a medium mixing bowl cream butter, sugar and cocoa. In a small mixing bowl beat eggs until thick and every color; add to creamed mixture with flour; beat gently to combine. Stir in walnuts. Turn into a buttered 8 by 8 by 2 inch cake pan. Bake in a preheated 350-degree oven 20 to 25 minutes. (Center inserted in center will not come out clean.) Cool partially on wire rack. Cut in 16 squares and remove with spatula. Store in tightly covered tin box.

### Schiller Elegant Wine

By THE BASCOMBS  
Copley News Service  
CHER, Switzerland — From  
time immemorial, the capital  
of the Grisons canton, has been  
known for its famous Schiller,  
an elegant wine delightful to the  
palate and far stronger than  
its descriptive mildness would  
suggest.

Although it has only existed  
as a canton since 1803, the  
Grisons dates back to the sec-  
ond half of the 13th Century  
when the three Italian con-  
federacies, known as the  
Three Gray Leagues, united to  
form an independent free state.  
Sited in the southeast of  
Switzerland, it embraces an  
area of some 2,700 square  
miles. Although it is the most  
sparsely populated canton, it  
has three spoken languages:  
German, Italian and the an-  
cient Romansh.

To sum up the geography of  
Grisons is difficult and has al-  
ways been a source of conser-  
vation to pupils in Grisons as  
well as Switzerland. Basically it  
is a region that occupies both  
declivities of the Alps and be-  
longs to three river basins im-  
portant to Western and Central  
Europe. Fertile valley land-  
scapes that abound in fruit and  
vines provide a beginning for  
swiss mountain roads that lead  
to some of the finest winter  
sports areas in Switzerland.

In considering Grisons cook-  
ing, its three spoken languages  
provide an interesting collec-  
tion of food customs. Any dish  
may vary in style and prepara-  
tion, according to the locality.  
Grisons food is wholesome  
and nourishing to suit the  
needs of its inhabitants, a ro-  
bust and healthy race. As  
mountain folk they have al-  
ways relied on wild game, so  
many of their regional recipes  
emphasize this.

Beats, for example, were  
hunted a half-century ago, and  
although regional recipes for  
roast bear no longer exist, the  
elder folk still carry memories  
of bear's paws prepared with  
herbs.

Today, game is served  
throughout the canton from Oc-  
tober until January, and the  
range includes venison, chamois,  
marmot hare and partridge.  
Most kindred, a kind of  
dried leaf with an age-old deli-  
cacy that is much appreciated  
on account of its flavor and  
richness, is produced in the  
area around Chur.

**What Quality Beef Does A&P Sell?**

That's a fair question. But not an easy one to answer because we have our own quality standards, different from any other meat merchant.

These standards don't fit exactly the familiar terms you know for grades of meat. As an example, did you know that some beef, graded U.S. Choice, just doesn't meet our "Super-Right" specifications? You see...we don't buy by grade. We use our own high standards to bring you the best values.

That doesn't mean we don't approve of such grading...not at all. It just means we're very fussy about the beef we label "Super-Right."

It stands to reason we have to be or A&P wouldn't be America's number one meat merchant.

### Swiss Fare Is Tasty

By THE BASCOMBS  
Copley News Service  
BERN, Switzerland — Like many other European cities, Bern is cosmopolitan, busy, sophisticated. And yet, close by, are charming provincial villages where, unlike the Bernese, the natives usually speak German only.

Farmers live in chalets straight out of " Heidi" with, seasonally, either geraniums or snow at the windowsill and the warmth of a large country kitchen inside. The parlor, as in Victorian times, is opened only on very special occasions so that the family lives in the kitchen and, perhaps, in a small dining room adjoining.

Typically, the Junkers' farmhouse with seven children has, and needs, the aid of a nearby girl who lives with the family and there trains not to be a servant but to be a "Zee and homemaker" herself. She helps the farmer's wife and learns the cook the sturdy fare commonly served at breakfast time.

Located in Jeggendorf, in the heart of the Emmenthal Valley in the canton of Bern, the Junkers' house is not a stone's throw away from one of the local valley dairies where the famous Emmentaler cheese is made. The name is known to have been in common use as early as the 16th Century, but the character of the cheese underwent many changes in the course of time.

Emmentaler cheeses, which must weigh not less than 45 pounds if exported, are reminiscent of walnuts or hazelnuts in flavor. The holes (or eyes) may vary in size from that of a cherry to a walnut. Emmentaler cheese must be made from cow's milk free from any non-lactate acids. Only calf's rumen milk during the processing. The maturing usually lasts from three to four months, but can be extended to eight or 10 months at the customer's request.

**ROESTI POTATOES**  
Roesti, one of the most distinguished potatoes, preferably one of the drier varieties like Idaho or russets until cooked but still firm. Allowed to cool. Remove skins and grate on a medium grater.

Saute 1 tablespoon finely chopped onions and 1 tablespoon finely chopped bacon in about 2 tablespoons butter in a heavy skillet or frying pan until onions are transparent but not brown. Add the grated potatoes and salt. Toss. Cook on a low flame without disturbing. When brown and crusty underneath, turn like a pancake, and continue cooking until the other side is done. Transfer carefully, all in one piece, to a warmed platter and garnish with fresh parsley.

And, in the city, the Bernese also enjoy simple fare, after at Saturday night supper. At the Ernst Kallender's flat such a meal will include *roesti*, a cold-chowder and breads and for a hot dish, boiled potatoes prepared at table by a cook. They are accompanied by curd. Mrs. Kallender's recipe for curd and for a dessert:

**CURD**  
To one cup of creamed cottage cheese, add 1 tablespoon finely chopped parsley, 1 tablespoon finely chopped chives and 1 teaspoon tomato catsup. Season to taste with salt and a few drops of Maggi or Tabasco, salt and pepper. Mix all ingredients well and serve with hot boiled potatoes.

**PLUM TORTE**  
Roll out enough puff pastry to line a 10-inch pie pan or platter. Sprinkle with three ounces of crushed hazelnuts or almonds. Remove stems from 1/4 pounds of fresh plums or drain and substitute canned plums. Cut the plums into quarters and arrange in a pattern to look over the pie crust with one layer.

Beat two eggs in a bowl, add 4 tablespoons of milk cream, 2 tablespoons sugar, a dash of salt and mix well. Pour this over the pie and put into a hot oven (400 degrees).

Bake until edge of pastry gets brown, which should take about 20 minutes. May be served hot or cold.

# Shred Yams To Make New And Unusual Recipes

Believe it or not, a simple little kitchen utensil makes the sky the limit in yam cookery. It's the hand grater that is the key to a trio of delectable yam treats you've never had before. To carry out this idea from the United Fresh Fruit and Vegetable Association, use the coarse side of the grater and you're ready for some mighty creative cookery.

With grated yams, you can make a wonderful new potato course called Yam Pudding. It's a distant relative of corn pudding in its design but so different in flavor. It's got great taste and terrific texture to give a real, old-fashioned touch to a meal with ham, pork or poultry.

Another new way to use the orange-fleshed yams at your market now is to put them into a most unusual vegetable dish. It's a Yam and Brussels Sprouts Casserole. Shredded yams join halved Brussels Sprouts with sautéed onion and crumbled bacon. They're topped with buttered bread crumbs and baked to a savory treat. Here's a really unusual vegetable dish to surprise company with your ingenuity, and to delight your family.

The third dish made with grated yams is of all things, "Yam Pancakes!" Now that's a new one, isn't it? The good cooks from North Carolina's yam growing country say these are great for brunches, nice for Sunday morning, or for a very special luncheon treat. Serve with maple syrup.

Don't forget that cooked in conventional ways such as baked, boiled, fried, mashed, yams are among the easiest of all vegetables to prepare. So enjoy them in everyday ways, too.

Yams assure good nutritional values in a meal. The vegetable's deep orange color indicates an especially high content of vitamin "A" but that's only part of the story. Yams have such a rich all-around content of nutritionally essential substances that many people on South Sea islands live on them almost exclusively.

When shopping for yams, remember to select those that are clean and well-shaped. "Yams" are really sweetpotatoes varieties which are distinguished by their copper-colored skins and distinctively orange-red colored moist flesh.

**YAM PUDDING**  
3 eggs, separated  
1/2 cup sugar  
1/2 cup fresh orange juice  
1/2 cup butter or margarine, melted  
1/2 teaspoon salt  
1/2 teaspoon grated fresh lemon rind  
1/2 teaspoon dried leaf tarragon  
2 cups shredded pared raw yams

Beat together egg yolks and sugar until light and fluffy. Gradually beat in orange juice and melted butter. Stir in salt, lemon rind, tarragon and yams. Beat egg whites until stiff but not dry; fold in. Turn into buttered 3-quart casserole or baking dish and bake in 350 degree F. oven 25 to 30 minutes, until set and lightly browned. Makes 6 to 8 servings.

**YAM CASSEROLE**  
2 cups shredded pared raw yams  
6 slices bacon  
1/2 cup chopped fresh onion  
1 pint fresh Brussels sprouts  
1/2 teaspoon salt  
2 teaspoons sugar  
1/2 teaspoon pepper  
2 tablespoons butter or margarine, melted

1/2 cup fine dry bread crumbs  
To prepare yams, pare and shred on coarse grater; reserve. Cook bacon until crisp. Drain and crumble. Pour off fat, reserving 1 tablespoon. Cook the onion in the reserved fat until tender, stirring occasionally. In 3-quart casserole or baking dish combine crumbled bacon, onion, Brussels sprouts, cut in half, and yams. Sprinkle with salt, sugar and pepper; mix well. Mix butter and bread crumbs and sprinkle over yam mixture. Bake in 350 degree F. oven 15 to 20 minutes.

**YAM PANCAKES**  
1 cup sifted all-purpose flour  
1/2 teaspoon salt  
1/2 teaspoon baking soda  
1 egg, separated  
1 cup buttermilk  
1 tablespoon butter or margarine, melted

1 cup shredded pared raw yam (1 medium yam)  
2 teaspoons grated fresh orange rind  
Sift together flour, salt and baking soda in a medium mixing bowl; beat egg yolk and buttermilk until well blended. Stir in flour mixture, melted but-

ter, yam and orange rind. In a small mixing bowl beat egg white until stiff; fold into batter. Using 2 tablespoon batter for each pancake, drop batter onto a hot griddle. Cook until cakes are puffy, full of bubbles and edges are cooked. Turn and cook other side. Serve with maple syrup.

Makes: 24 medium pancakes.  
**BLUE CHEESE FILLING:**  
2 cups (8 oz.) blue cheese  
1 package (8 oz.) cream cheese  
2 tbsps. minced onion  
2 tbsps. dried mustard  
4-8 drops hot pepper sauce  
**CHEDDAR FROSTING:**  
4 cups (1 pound) shredded Cheddar cheese, at room temperature

1/4 cup light dairy 100% pure Preserved Lemon To make filling in a small mixing bowl combine blue cheese, cream cheese and onion. Call to proper taste. Chill several hours. Yule cones: Divide blue cheese

beat together liverwurst, sour cream, onion, mustard and hot pepper sauce. Chill. To make Cheddar frosting: In a mixing bowl beat together Cheddar cheese, sherry, Worcestershire sauce and paprika until smooth. Chill several hours. Make: 2 and well blended. To assemble Yule cones: Divide blue cheese

each. Frost cones with mock pate and chill until firm enough to spread Cheddar frosting over pate. Stud with pecans and walnuts. Chill several hours. Make: 2 and well blended. To assemble Yule cones: Divide blue cheese

# Mandarin Feast Is A Banquet Fit For Any Emperor

By ARTHUR C. MILLER  
Copy News Service  
HONG KONG—It was a banquet fit for an emperor. Literally.

Along with two dozen others, I was invited to experience this possibly once in a lifetime opportunity to nibble the delicate and unusual foods that used to thrill and amuse China's emperors.

The banquet room itself was hung with bright-colored and tasseled curtains. At one end of the room was a reception area with traditional rosewood marble-inlaid and expertly carved furniture, including an authentic opium bed (but without the opium).
