President Asks Ban On Income Tax Exemption

Congress Asked For Prompt Action On Taxing Incomes Of Future Bond Issues
Simple Statute Declared Needed

Roosevelt Would End Tax Exemption For Federal Employees

WASHINGTON, Apr. 25.—(AP)—President Roosevelt today asked Congress to remove promptly tax exemptions on income from all future government bond issues, federal, state and local, and on all government salaries. Excluding exemptions, he said, resulted from judicial decisions and could be eliminated by a "short and simple statute" which he predicted the courts would uphold.

Some Advocates Of Ending Such Exemptions Have Claimed A Constitutional Amendment Would Be Necessary

The President asserted the exemption of securities from taxes had created a "vast reservoir" (Continued on Page Two)

Debate Staged By High School Boys At Rotary Lunch

Resolved: that the several states shall adopt the unicameral system of legislation" was the subject of a debate at the regular weekly luncheon of the Rotary Club held at the Valden Hotel today. The debate, participated in by high school students, was arranged by Miss Marguerite Tillie, high school teacher. Leo Lasher arranged the program for the Rotarians.

Longwood 4-H Club Has Achievement Day

The Sanford 4-H Club girls attended the Achievement Day at the Lyman School at Longwood, Saturday afternoon. Mrs. Gladys Kendall, home demonstration agent, presided.

Undergoes Operation

Charles G. Dawes, above, vice-president during the Hoover Administration, was taken seriously ill in a New York hotel room yesterday and was taken to the Roosevelt Hospital where he underwent an appendix operation.

Second Expense Reports Filed By Candidates

Most County candidates have expended less than \$50 for campaign expenses, according to second expense statements filed in the office of county clerk D. J. Hester.

Mark Wilcox, who is running in opposition to the present Senator, listed expenses during his campaign as \$2,114.60, and contributions of \$2,400.

Reports for candidates for state offices are as follows: Gordon Barnett, candidate for the House of Representatives from Group 2, spent a total of \$41.78.

Reports for candidates for House of Representatives from Group 1, spent a total of \$32.30. H. J. Lehman, candidate for House of Representatives from Group 1 with no additional expenses since the first report, showed expenditures totaling \$23.90.

D. L. Thresher, candidate for County Commissioners from District 1, showed no expenses since the first report. His total was \$32.50. W. B. Ballard, candidate for County Commissioner from District 2, spent \$12 since the first report which brought his total to \$42. W. G. Kilboe, candidate for County Commissioner from District 3, filed a first expense statement of \$50 and a final statement of \$82.50.

F. A. Drown, unopposed candidate for County Commissioner from District 4, filed a first expense statement of \$5 and a present expense of \$24. H. B. Smith, candidate for County Commissioner from District 5, showed expenses amounting to \$41.50.

High Tribunal Okeys Wilcox Bankrupt Act

Supreme Court Holds Law Providing Settlement Of Bonds By Cities Constitutional

WASHINGTON, Apr. 25.—(AP)—The Supreme Court ruled constitutional today the revised Wilcox Municipal Bankruptcy Act which permits cities and improvement and school districts to agree with creditors to settle their indebtedness in federal bankruptcy courts.

The court on May 26, 1936, held unconstitutional a similar act permitting reduction of indebtedness. The revised measure was passed by Congress in an effort to meet Supreme Court objections.

Today's decision applied specifically to a plan for the adjustment of debts of the Lindsay-Ehrlichman irrigation district of Tuolumne county, California.

The amended Municipal Bankruptcy Act was drafted and introduced in Congress by Mark Wilcox of West Palm Beach after his original Municipal Bankruptcy Act had been declared unconstitutional by the Supreme Court.

The new act provides that overburdened cities and counties may obtain relief from excessive indebtedness by using bankruptcy courts and settling settlements with bondholders on an ability-to-pay basis, subject to the approval of the court.

CITY NEWS BRIEFS

The semi-monthly meeting of the City Commission will be held in the City Hall tonight at 7:30 o'clock.

Judge Frank L. Miller will hold a session of Municipal Court at the Police Station this afternoon at 4:00 o'clock.

A special advertising committee of the Central Council of Chambers of Commerce will be held in the Chamber building Wednesday afternoon at 3:00 o'clock.

Mrs. Gladys Kendall, County home demonstration agent, will hold a regular meeting of the 4-H Club, and a Home Demonstration session in Geneva tomorrow.

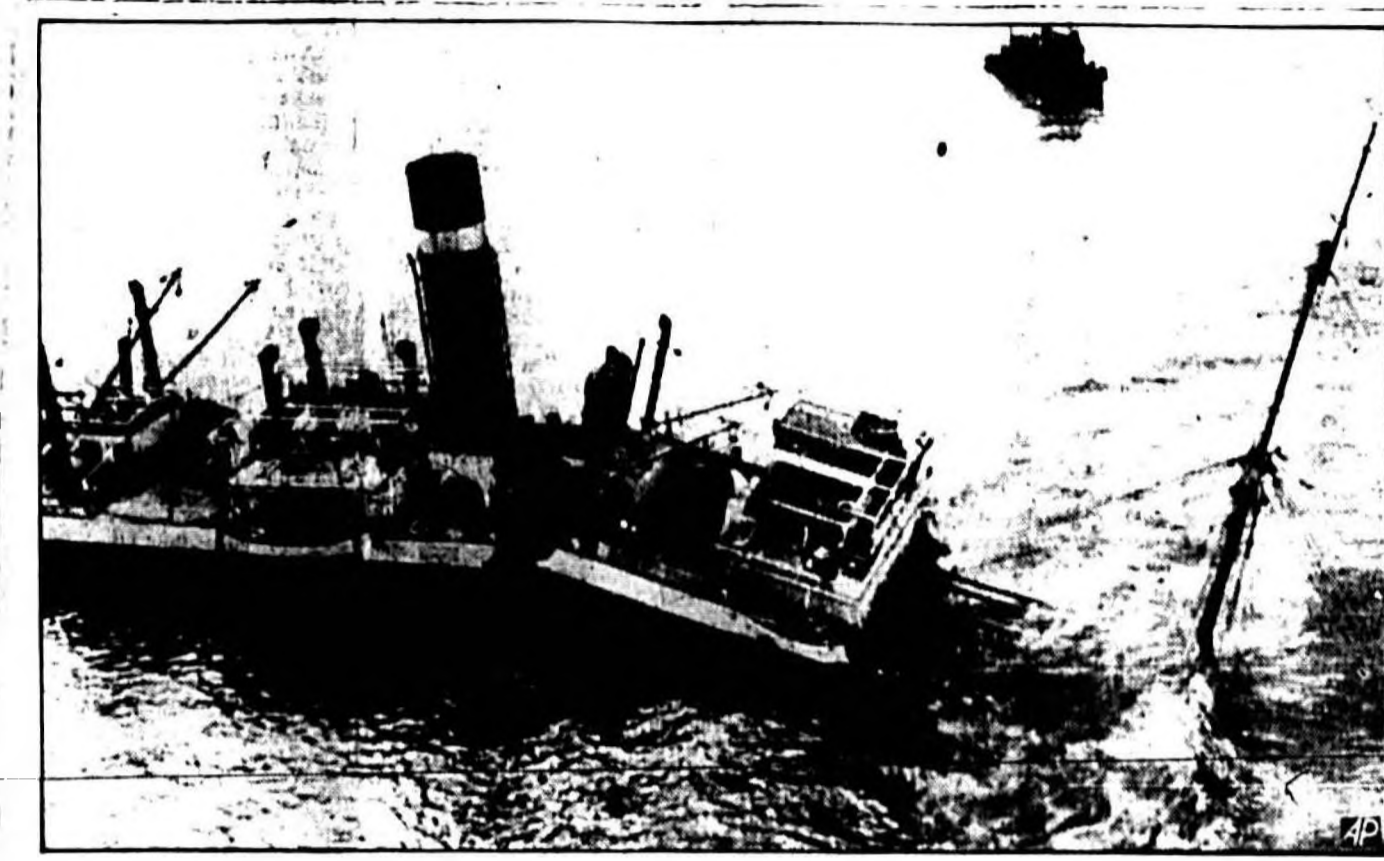

The special meeting of the members and directors of the Seminole County Chamber of Commerce scheduled for Wednesday night has been postponed until Friday night because of conflicting dates. Chamber of Commerce officials announced today.

Deputy Collector of Internal Revenue J. L. Hurt will be in the Chamber of Commerce Wednesday to give information regarding internal tax payments. It was also pointed out that this is the last week in which to file quarterly Social Security tax returns.

George Rollins, president of the Rotary Club, and H. H. Galeman, president-elect, with their wives are attending the annual Rotary convention in Ocala this evening. The convention will continue through Wednesday.

Bruce Williams of Joplin, Mo., first vice president of Rotary International, is scheduled to speak at the opening business session today.

ANIMALS SAFE AS MODERN ARK BREAKS AT SEA

This graphic airview shows the ill-fated British freighter, "City of Salisbury," as she broke apart and her bow sank in Boston Harbor, Mass. The 415 foot vessel, carrying a crew of 28, was bound with a valuable cargo of live animals from India when she struck a ledge. All hands were saved, and tugsboats carried ashore the entire cargo of wild animals.

Driver Testing Equipment To Be Here Apr. 26-27

Scientific Apparatus Uncovers Faults Of Auto Operators

One of the features of the national drive for safer highway conditions is the scientific driver testing equipment which will be in Sanford Apr. 26 and 27 for the purpose of enabling motorists to check their driving habits as a means of learning driver faults that may jeopardize their own safety and that of others.

Owned and furnished by the American Automobile Association, the driver testing equipment now on a nation-wide tour, it was stated, and the equipment consisting of a series of tests designed to meet situations that arise on the road, will be displayed on First Street.

"Prior to the development," said Chief Roy G. Williams, "drivers were without a scientific means of learning driving faults. As a result, many believed themselves to be good drivers when their safety and that of others was threatened daily due to defective eyesight, inability to react quickly to an emergency, nervousness or some other factor contributing to faulty driving."

"Of particular value is the 'dynamometer' which simulates actual driving conditions. This is fitted up like an automobile with steering wheel, brake, clutch, gear shift and so on. In front of the driver is a roadway painted on a continuous revolving belt and a miniature car which is guided over the road by operating the steering wheel. The person taking the tests must keep the car on the road, observe traffic lights, change gears, back up and perform all sorts of maneuvers. An automatic attachment registers the number of errors and checks (Continued on Page Three)

Entire City Block Is Burned; May 10 Is Set Estimated Loss Is \$300,000 As Deadline To File Work Sheets

GAINESVILLE, Apr. 25.—(AP)—A fire which started in the rear of a hardware store yesterday destroyed an entire city block in the heart of the city and left damage unaffiliated estimated at more than \$300,000.

Gainesville firemen, assisted by Jacksonville University of Florida students and two engine pumps, and 16 firemen from Jacksonville and Ocala, fought the blaze for nearly seven hours before bringing it under control.

The origin of the fire was undetermined, but several completely ruined buildings were damaged by fire water and smoke.

At least three persons were injured, none seriously, by the fire.

Other members of the board at large elected leaders Mr. Chase were N. Ardison Baker, Orlando; Joshua C. Chase, Winter Park; H. Westfield Dorsey, Orlando; S. Kendrick Gentry, Ocala; Charles Herron, Daytona Beach; W. E. Howard, Deland; J. M. Johnston, Kissimmee; Karl Lehmann, Tavares; Sen. J. Parish, Titusville; George P. Young, Daytona Beach.

A number of Sanford scouts attended the annual session of the council at the Sorosis House under the leadership of W. E. Kander, Scoutmaster of Troop 11.

The original city rules in the House of Representatives were adopted in 1838-19 to ban slavery petitions.

Randall Chase Is Elected To Board Of Scout Council

MIAMI, Apr. 25.—A full investigation and public report of the Thomsen grand jury case in Tampa was requested by Dave Sholtz, candidate for the United States senate, in a telegram yesterday to WPA Administrator Harry Hopkins.

Sholtz urged that Malcolm Miller, WPA field representative for southern states, assigned to investigate the Florida WPA bureau survey, also investigate the Tampa case while in Florida.

The former governor also requested an inquiry into the "disgraceful use of the WPA in Florida" in employing persons who are actively campaigning for Pepper.

He said the situation in Florida was becoming a "national scandal" and should be called to the attention of the President.

Discussing his request, Sholtz said there was no reason why Miller shouldn't investigate all charges against the WPA while he is in Florida. He declared that there was no use in wasting federal money to send other investigators here or returning Miller for that purpose.

He asserted that the people of Florida wanted to know and were entitled to know all the facts concerning the details of all WPA charges.

Sholtz stated yesterday that he will visit friends and supporters and speak tonight.

Chicken Pilau To Be Given At Lake Mary

Residents of Seminole County have been invited to attend a chicken pilau supper to be held in the Community House in Lake Mary Thursday evening at 7:00 o'clock, at which local candidates for election to public offices will speak, according to an announcement made today by Frank Evans of Lake Mary.

In addition to the speaking by the candidates there will be other entertainment features provided for those attending. A small charge will be made for the supper.

Probe Of Florida WPA Affairs Is Asked By Sholtz

MIAMI, Apr. 25.—A full investigation and public report of the Thomsen grand jury case in Tampa was requested by Dave Sholtz, candidate for the United States senate, in a telegram yesterday to WPA Administrator Harry Hopkins.

Sholtz urged that Malcolm Miller, WPA field representative for southern states, assigned to investigate the Florida WPA bureau survey, also investigate the Tampa case while in Florida.

The former governor also requested an inquiry into the "disgraceful use of the WPA in Florida" in employing persons who are actively campaigning for Pepper.

He said the situation in Florida was becoming a "national scandal" and should be called to the attention of the President.

Discussing his request, Sholtz said there was no reason why Miller shouldn't investigate all charges against the WPA while he is in Florida. He declared that there was no use in wasting federal money to send other investigators here or returning Miller for that purpose.

He asserted that the people of Florida wanted to know and were entitled to know all the facts concerning the details of all WPA charges.

Sholtz stated yesterday that he will visit friends and supporters and speak tonight.

Charles G. Dawes Is Stricken In New York

NEW YORK, Apr. 25.—(AP)—Roosevelt Hospital officials disclosed today that Brig. Gen. Charles G. Dawes, former Vice-President, who was taken suddenly ill yesterday, had been operated on for acute appendicitis.

Dawes, who will be 73 years old on Aug. 27, came to New York from Chicago to attend the wedding of Francis Warren Parksham, son of Gen. John J. Parksham, and Muriel Bache Richards.

Europe Faces New Crisis In Czech Dispute

Hungary Joins Germans In Demanding Partition Of Czechoslovakian Area
Franco-British Air Deal Made

London, Apr. 25.—(AP)—The British government today announced that it had agreed to a Franco-British air deal which would allow the former Spanish government to use the Mediterranean coast.

Three British soldiers were wounded in Valencia but not reported as missing.

The deal also belonged to the crew of the Stalake, the wounded to the Castle Stalake, British vessels in the harbor of Valencia.

The President of the European stew aimed a blow from the heart of revolutionary demands on Czechoslovakia from her powerful German ally and from the land-hungry Hungarians in Hungary which called for a return of Upper Hungary, which was given to Czechoslovakia in the World War settlement.

Merchants Will Give Prizes For Winning Posters

Local stores will offer prizes in cooperation with the Robinson-Young Field secretary for the Florida Society of Sociology and Anthropology for the best poster and banners designed to illustrate the dangers of spiritism, it was stated today by Mr. Robinson.

Any person in Sanford is eligible to enter the poster contest, Mr. Robinson declared, and there are no rules and pompousness, and subject matter will be the bases for prizes. Posters should be turned in to Park No. 10, 210 Park Avenue.

A committee of judges still to be selected will pass on these posters at the end of the week. Prizes and stores donating these prizes are as follows:

The Hollywood Shop is giving 15 girls' or ladies' shoes, stockings, dresses, and under garments. J. C. Tenney's has donated a man's or boy's shirt. Laney's Drug Store will give the choice of safety razor and blades.

McLain's Jewelry Store has donated a fountain pen, and B. L. Perkins has donated a tin. The Seminole Pharmacy Co. has donated an extra large tube of William's Shaving Cream. Coleman's Office Equipment has donated a man's billfold.

LOCAL WEATHER

Florida—Generally fair tonight and Tuesday except unsettled in the extreme south coast and so cool in the extreme southeast parts tonight.

THE TOYS

My little son, who looked from thoughtful eyes, and nibbled and spoke in quiet, playing-up wise, leaving my law the seventh time flubbed;

The War For Independence

There was great rejoicing in Sanford 25 years ago today. The people for miles around flocked into the streets. Bonfires were burned. Bands played and parades were held from one end of town to the other.

On April 25, 1913, Gov. Park Trammell signed the bill cutting a large slice off Orange county and creating Florida's baby County of Seminole. Sanford was designated as the County seat.

Our present governor, Fred P. Cone, was a senator from Lake City, while the late Herbert J. Drane of Lakeland was president of the Senate. The Speaker of the House was Ion L. Farris of Jacksonville.

Sanford and Orlando at that time were approximately the same size, but Orlando was beginning to get the benefit of the rapidly growing tourist business.

New Aviation Roles

New roles are opening for the airplane pilot in northern Canada. He's milkman, green grocer, butcher and heavy freight handler to scores of isolated mining towns.

SANFORD TWENTY YEARS AGO

Mr. and Mrs. Monroe, Mrs. Henderson and Mrs. Norman were among a party of young people attending church here Sunday night.

DISPELLING THE FOG

By CHARLES MICHELSON, Democratic National Committee

Already the consistent opponent of the Roosevelt administration have begun their clamor against the enactment of the relief and business revival program which was the subject of the President's recent message to Congress.

Franklin D. Roosevelt promulgated the New Deal. Mr. Snell would be quick to point out that the proclamation was a subtly disguised effort of the Chief Executive to assume authority to regulate the morals of the American people.

After reciting the effects the government believes it can produce with the new recovery program, Mr. Mark Sullivan says that "we can't help remembering that it is the same thing they said five years ago when they began their first pump-priming."

Five or six years ago this country was in the throes of a terrific economic disaster. Hungry people had to be fed, re-employment was a desperate necessity.

Revival of bootlegging in its most expansive manifestations if congress approves a \$5,000,000,000 "spending spree" in the wind, and for Florida this means the discarded ship canal project may be revived and given another multi-million dollar shot in the arm.

ON GUARD AGAIN

MIAMI HERALD

Principle of rebuilding government waste. But a single message that unbridled spending is latent in the canal project.

Advices from Washington the last few days indicate that the organizing canal boys there are getting their powder dry and their flint sharpened for the purpose of knocking off their "share" of the money President Roosevelt is asking to spend the country out of its present depression. They know that the canal never would have received the original \$200,000,000 apportionment in normal times.

CANAL CREDIT

Speaking of Canal credit, the prevalent feeling is that the people of Florida are being misled by the canal project.

Europe Faces New Crisis In Czech Dispute

Continued From Page One

Arranged in eastern Spain and sent 15 Japanese troop trains down from north China to power the Japanese push against the central Chinese front.

Konrad Henlein, leader of Czechoslovakia's 1,500,000 Swastika Germans, yesterday warned the government of "War internally or from the outside" in a militant speech which quarters close to the government conveyed bore the full consent of Fuehrer Adolf Hitler.

Persons in close touch with the Czech government, believing that Henlein's ultimatum could be traced to his visit to Berlin three weeks ago when he conferred with high Nazi leaders, feared that President Eduard Benes and Premier Milan Hodza might be driven into the same position as Kurt Schuschnigg, former chancellor of Austria, who now is Hitler's prisoner.

He referred by his statement, to the Sudeten demands for autonomy and complete equality with the Czechs.

He appeared that Henlein's speech, made at the close of a two-day congress of the Sudeten Deutsch Party, undoubtedly would force German-Czech relations to a new critical climax.

Driver Testing Equipment To Be Here Apr. 26-27

Continued From Page One

Chief Williams said that persons making an unusually low grade on any of the machines are warned about that deficiency and told how they can guard against it in future driving.

In addition to uncovering individual driving faults, he stated, the nationwide tour of this equipment will furnish data concerning motorists as a whole. This material will be assembled and studied carefully and the findings should help to deal more intelligently with the traffic problems in the future.

President Asks Ban On Income Tax Exemption

Continued From Page One

Treasury experts have estimated removal of the security and salary exemptions would produce \$155,000,000 annually for the Federal Government on the basis of present security issues and under the present tax laws.

On State Road No. 49 mixed-in-place surface is under contract between Harford and St. Johns counties. Traffic uses county road detours which are marked.

Sanford Cops 7-6 Decision Over Orlando To Even Series

Atwater Nicked For 11 Hits But Wins 3rd In Row

Contreras Is Spiked In Arm By Schiro On Play At Plate

By JULIAN STENSTROM
Herald Sports Editor

TINKER FIELD, ORLANDO—Charlie Atwater, lanky right-hander, hurled the Sanford Lookouts to a 7 to 6 decision over the Orlando Senators before 1000 persons who crowded Tinker Field to see the two teams even up a two game series at one each.

Atwater went the entire night for the Lookouts as he held the strong Senator aggregation to nine hits, four of them in the fourth when the Senators cashed off five of their six tallies.

Facing the Lookouts on the mound for Orlando was three-hurler, Bill Montsinger, who pitched in the fourth in favor of John Berry who hurled until the eighth when Manager Bucky Buscher replaced him with Fitch Mathias. The Lookouts collected eight hits off the three hurlers for their seven runs. They scored seven free passes, three from Berry and Montsinger and a lone walk off Mathias.

Bill Schiro of the Senators walked off with the plate honor when he hit safely in three official appearances at the plate. Bonner, Smith and Buscher of the Senators recorded a pair of singles each while Leon Addy of the Lookouts captured his club's honors with two hits.

The Lookouts lost the services of Don Contreras, little Cuban catcher, when he was badly spiked by Schiro on a play at the plate. Schiro was on second and two men were out as Alabama Smith singled to center. Mihalic shot the ball back to the plate and Contreras made a beautiful play nabbing

G-Men, Reds And Senators Claim First Game By A 6 to 4 Count

Independent High School Ball Club Will Function Under Seminole Name But Has No Connection

A group of athletes who have been baseball fans for some time are organizing a Seminole High school independent baseball team. According to an announcement made today by Robert Howell, leader of the group at the present time.

Mr. Howell stated that the nine-man club will be composed of high school athletes and play under the name of the institution. However, the school will not have any connection with the club and the team will operate on an independent basis and in amateur standing.

Players who will compose the team are: Carthage, Fred Dixon and Robert Howell, pitchers; Duval Ferguson, Doug Stenstrom and Red Williams, infielders; Johnny Morgan, Bobby Gook, Dick Ferguson, Jim Riser, Fred Conas, Jim Young and Ralph Daniel and outfielders; Sammy Warts, Roy Dunn, Leslie Howard, Charlie Leavitt, Jim Brown, Le Roy Cooper, and Bill Collier.

Howell stated that the independent club was at the present time attempting to get local backing.

The season would last only a month but the club would attempt to enter the Florida Regional and State tournaments.

The club is to start training sessions Tuesday afternoon on the South Street Park. A captain will be selected at the initial practice and the roster will be mailed down to approximately 18 men as the season gets underway.

They have tentative games with Deland High School, Daytona Beach High School, Cocoa High School, Orlando High School, Palatka High School and others. They will also attempt to get one or two games with a Rollins College nine.

Senators Claim First Game By A 6 to 4 Count

Six Pitchers Take Part In Contest Saturday Night

The Lookouts went down to defeat at the hands of the Orlando Senators Saturday night on the local ball park as the Orlando aggregation pounded out a 6 to 4 decision over the Lays managed club.

Both times were forced to use three hurlers as Pinder started for the Lookouts and was followed by Ward and Hines. Orlando started overstreet as the hill but he retired after hurrying three batters, in favor of Kasha who later turned over the mound duties to Harold Compton.

The Lookouts gave the Senators two runs in the first and came back to tally one in their portion of the first as Ruggiero walked and went to third on McDaniels' single. He scored when Brown grounded out to deep short.

The Lookouts took the lead in the second when Ruggiero singled and scored when McDaniels doubled to right. McDaniels later scored when Young singled to right. The Senators gathered another in the seventh on a single by Schiro scored. Hold stock from second after the Orlando first sacker doubled to center field.

The Lookouts also scored in the seventh when Manager Lacy walked and went to second on a single by Rodgers. He went to third on an error by Holdstock. Lacy scored when Young hitting for Pinder, fled out to deep center.

The Senators gathered the final tally in the eighth when Buscher tripped to deep right field and stole home.

Lookouts To Meet Leesburg Outfit In Tilt Tonight

Joe Palooka

The Lookouts open a two game series with the Leesburg Gondoliers tonight on the local ball park.

The game should furnish plenty of thrills since the clubs played the four exhibition games played prior to the opening of the State-Loop. Sanford copied the last two games and the Gondoliers won the initial two.

Manager Lacy has announced that the starting line-up would include Joe Ruggiero on third base, Punch McDaniels in left field, Pete Mihalic in center field, W. P. Brown in right field, Leon Addy on second base, Buck Rodgers on short stop and Babe Young behind the plate in place of Catcher Don Contreras who was injured in

Boost In Tax Rate Shocks British Nation

Sir John Simon, Chancellor Of Exchequer, Delivers Annual Budget Message

Duties On Tea And Oil Will Be Upped

Virtually Every Pocketbook In Land, Rich And Poor, To Be Hit

LONDON, Apr. 26.—(AP)—The British government jolted the nation today by boosting the income tax from 25 percent to 27 1/2 percent to help pay the costs of the staggering rearmament program.

Sir John Simon, Chancellor of Exchequer, in an annual budget speech before the shocked House of Commons, announced the income tax would be raised from five shillings in pound to five shillings and sixpence (from 11.25 to 11.37 1/2 in \$5).

In presenting the budget bill for the 1938-39 fiscal year, Sir John announced the government's total needs are \$41,298,000 pounds (\$4,731,900,000), an increase of \$1,500,000 pounds (\$167,500,000) over the previous year.

The Chancellor also announced an increase in duties on tea and oil.

The higher tax on tea will reach into the pocketbook of virtually every family in the land, rich or poor, and the higher income and oil taxes will also hit most of them.

Sanford Observes Memorial Day With Appropriate Rites

Flags bedecked the streets of Sanford today in homage to those who sacrificed their lives for the cause of the Confederacy.

In commemoration of these war dead, the Sanford Atlantic National Bank closed its doors and a number of released workers were given a full holiday. Special programs were given in some of the schools and the local Chapter of the United Daughters of the Confederacy sponsored a program held on the Municipal Pier this afternoon.

Although May 30 is National Memorial Day at which time the entire nation pays homage to those who have sacrificed their lives for the American cause, Florida, Georgia, Alabama and Mississippi pay tribute to their Confederate dead on Apr. 26, the anniversary of the surrender of Johnston to Sherman, near the close of the civil conflict.

North and South Carolina observe the anniversary of the death of Stonewall Jackson on May 10; Louisiana the birth date of Jefferson Davis, president of the Confederacy, on June 8; Tennessee the second Friday in May and in Virginia, all Confederate observances observe May 30.

In bedecking the graves of their fallen partners and compatriots, women in the early 60's encountered many difficulties, history reveals, in view of the origin of Memorial Day.

At first, the observance of the day was not uniform. Some women arose at dawn to perform the rites, there being no one to watch the vigilance of the military authorities.

Woman Named Head of Associated Press

Miss Mary Kay Williams was elected head of the Associated Press of Seminole County today.

Williams, who has been with the press for several years, was elected by a vote of 12 to 8.

The election took place at a meeting of the board of directors at the home of Mrs. J. J. Davis, president of the board.

Williams is the daughter of the late J. H. Williams, a prominent local citizen.

Two Persons Killed In Auto-Train Wreck

TAMPA, Apr. 25.—(AP)—Two persons, a man and a woman, were killed today in a head-on collision between a passenger train and a school bus on the Gulf Coast line near Tampa.

The school bus was carrying 35 children and a teacher. The train was carrying 100 passengers.

The collision occurred at a crossing near the town of Dunedin.

GIRL HELD FOR POISONING BROTHERS

Accused of killing her two brothers, Henry and Charles, by putting rat poison in their food over a period of a week, Elizabeth Wagner (left), 22, stolidly watches her weeping mother, Mrs. Marie Wagner, behind the bars in a New York police station. Officers said the girl confessed with the explanation Henry "had been mean" to her. She said she loved Charles and could give no reason for poisoning him.

English-French Political Rally To Be Sponsored By Junior Coff

An Anglo-French alliance designed to check Nazi Germany's ambitions in Europe was in a formative stage today while anniversary fighting raged on in Spain and China.

Francis Edward Daladier, developing his plans for an Anglo-French agreement to erect a military and diplomatic bulwark against Germany's aspirations in central Europe, leaves Paris tomorrow for conferences in London with Prime Minister Neville Chamberlain and other British leaders.

Two steps have already been charted to off set Germany's absorption of Austria and Reich-leader Hitler's purported designs on Czechoslovakia.

The first entails the Anglo-French move to draw Italy away from her alliance with Germany.

The second involves the exclusion of Germany from a contemplated friendship pact taking in Italy.

Re-informed Japanese armies driving southward from Shantung province in central China today were still advancing, despite stubborn Chinese resistance.

The Japanese were reported only 12 miles from the vital east-west Lunghai railway.

In Spain, the insurgents reported they had absorbed Gov.

Yacht Basin Project OK'd By Commission

Electric Contractors Request Code; Merchants Protest Against Peddlers

A WPA project for construction of a retaining wall for a yacht basin adjoining the Municipal Pier was given the approval of the City Commissioners last night. City Engineer Fred T. Williams was instructed to submit the project to WPA officials for their approval and the signature of the President.

The project which was prepared by the City Engineer, provides for a total expenditure of \$41,572 with the City sharing \$15,309 of this amount.

The retaining wall will be made of reinforced concrete and will be constructed on a foundation of piling following the lines of the old retaining wall which was constructed of palm logs.

The basin, according to the City Engineer, will afford ample docking facilities for the largest yachts that can ply the St. Johns River.

Following the presentation of a petition signed by several residents and electrical contractors of the City, requesting the adoption of an electrical code, "for protection of residents as well as local electrical contractors," Mayor Edward Higgins appointed a committee composed of Com-

(Continued on Page Three)

Wilcox Carries Senate Campaign To Miami Beach

MIAMI BEACH, April 26.—Sweeping down the East Coast, Mark Wilcox tonight brought his candidacy for the United States Senate to Miami Beach, where he was given a tremendous ovation by one of the greatest turnouts of voters of the present campaign.

Following his day's activities, Wilcox stated that thus far he had been campaigning out of his own congressional district, but he had found since returning to his home territory that he had lost none of his original strength and declared that he will carry the district by a greater majority than in any of his previous campaigns for Congress.

He declared that he would be high man in the first primary and would "win hands down in the run off."

Touching the citrus and farming question, he called attention to his efforts to secure additional markets for the farmer and grower and declared he would continue his work in their behalf, as well as to get them "long term financial aid" necessary to capital improvements.

Calling attention to his fight on the reciprocal trade agreement with Cuba, "which has cost Florida farmers and growers millions of dollars," he declared he would continue this fight until the treaty is abrogated. He likewise struck at the sugar control act, which he said had penalized Florida while "enriching certain American interests in Cuba" at the expense of not only Florida, but the entire Nation.

"I want to see Florida's millions of idle acres put to work, either producing livestock, new timber crops, or providing hunting grounds for sportsmen. I want to see Florida's cities and counties financially rehabilitated."

"The Wilcox Municipality Bankruptcy Act already has saved scores of our cities and counties many millions of dollars by providing them a medium through which they have been able to readjust their bonded debts."

In this connection Wilcox said that on his arrival in Vero Beach he had been handed a telegram stating that the Supreme Court of the United States had declared void his bankruptcy act. "This voids me very happy," he said. "That law is my own brain child and I passed it within three weeks and four days after I had signed my act in Congress. I had been declared that he wanted to be out of the cost of Government through elimination of the bankruptcy courts created by the act and having no part in the bankruptcy law."

Candidates Will Be Invited To Speak On Friday Night

A motion was passed at the Jaycee luncheon at the Vero Beach Hotel today to sponsor a political rally at the Seminole County Courthouse Friday night at 8 o'clock. E. E. Laney reported.

An invitation will be sent to all candidates inviting them to speak, he said.

Laney said the primary purpose of the rally is to get the people out to meet the candidates and arouse interest in voting.

E. F. Householder, who spoke at the luncheon, emphasized the necessity of getting behind the people and urging them to exercise the privilege of voting.

Mr. Householder declared that since the abolition of the poll tax there was no reason why every qualified voter could not take advantage of it and cast his vote. "The more we get behind the people and urge them to exercise the privilege of voting," he said.

Mr. Householder said the primary purpose of the rally is to get the people out to meet the candidates and arouse interest in voting.

Huge Crowd Hears Senator Pepper's Pensacola Speech

PENSACOLA, April 26.—Speaking last night from the same city where he opened his campaign six weeks ago, Claude Pepper told over 5000 eager listeners that after visiting 65 out of 67 counties in the State he returned to report that he was certain of victory in the first primary.

"You have read in your newspapers," he said "of the wonderful reception given me throughout the State, of the three-mile motorcade in Tampa, the torch-light processions in Fort Myers and Tallahassee, the closing of business establishments in Wildwood, the great ovation in Ocala and Folk."

"No doubt you discounted those press reports, but friends, I want you to know that they were true and absolutely without exaggeration. I do not say this boastfully, but on the contrary, humbly grateful for the wonderful loyalty and genuine friendship shown for me by the people of this State, but these demonstrations, I feel are not tributes to Claude Pepper the individual but are thrilling ovations to a great cause and to the deep rooted Democratic principles that I stand for. And I tell you about it now, so you can in a measure understand why I feel the way I do about the end of this fight, yours and mine, in the first primary."

Local Weather

Forecast: fair in morning, partly cloudy in south portion tonight and Wednesday, mostly light showers after the 25th.

AP DIRECTORS HONOR RETIRING PRESIDENT

Directors of the Associated Press honored the association's retiring president, Frank B. Noyes, at a dinner during their 25th annual meeting in New York. Left to right: Robert McLean of the Philadelphia Bulletin, President Noyes of the Washington Star, Charles S. Dahl, assistant general manager of the Associated Press from 1916 to 1932, and Kent Cooper, general manager.

Negro Receives Shotgun Wound In Shooting Scrape

Police, Sheriff Seek Assailant Who Escapes After Attack

John Atkins was shot and wounded early this morning by Jesse Abrahams, it was reported at the Police Station today. Both are negroes.

Abrahams used a single barrel shotgun, Police said, adding that Atkins was wounded in the shoulder and is now in the hospital. The extent of his injuries has not been ascertained.

Reasons for the fracas apparently remained unknown.

Abrahams escaped and is still at large, Police reported, saying that the shooting is being investigated by both the Sheriff's office and the Police Department.

When the call came in this morning, Police Chief Roy G. Williams, Patrolman Roy Tillis, and a representative of the Sheriff's Office immediately went to the scene of the shooting.

Kenneth Murphy, Prominent Local Resident, Is Dead

Kenneth Murphy, 57, prominent local resident, died at his home at 1245 Magnolia Avenue this morning at 7:30 o'clock after an illness of about three weeks.

Mr. Murphy, who has been a resident of Sanford for the past four years, was born in Sydney, Pa. Oct. 17, 1880. He was a graduate of Kenyon College in Ohio, Ohio and was a member of the Beta Theta Pi fraternity.

For the past three years, Mr. Murphy has been employed as the special agent of the Tysonman Feathering Company in this locality.

The survivors are his widow, one daughter, Mrs. Arthur Zachary, Jr. of this city, a brother, Howard Murphy of Albany and an aunt, Miss Marion Dorst of Doyleston, Pa.

Arrangements for funeral services will be announced later, pending the arrival of relatives.

Checks Distributed Under Federal Soil Conservation Plan

Checks to be distributed under the 1937 soil conservation program are now in the mail and should be ready for distribution from the County Agent's office in a few days, C. R. Dawson said today.

Many farmers have not sent in their work sheets under the 1937 soil conservation program, Mr. Dawson declared, believing that until they receive checks under the program does not begin.

"This is not true," he asserted, "the 1938 program has already begun and we are now waiting for work sheets to be turned in."

The County Agent said farmers more promptly if they knew that they would receive \$300 per acre instead of the \$200 they received last year.

"Farmers also have a chance to increase the \$500 by an extra dollar," he stated, if they show that they are using the proper materials for fertilizing their lands. Under this arrangement, the farmers could receive \$400 per acre, an increase of \$200 over last year."

Seed stores report increased sales of cover crop seeds, Mr. Dawson said, adding that he believed this due to advertising from his office on the value of these crops.

Citrus meetings previously scheduled this afternoon at Oviedo at 2:30 o'clock, and in Sanford at the Court House at 8:00 o'clock have been canceled, Mr. Dawson declared. "Although," he added, "I expect to be at the place appointed at the proper time to explain to those who may not have heard of the cancellation why the meetings were canceled."

"A new date will be set for these citrus meetings but as yet I have not received notice when they will be," he said.

Nazi Leader Gives Ultimatum To Czechs

Konrad Henlein (above), Nazi leader of Czechoslovakia's 3,500,000 Sudeten Germans, has demanded that his followers be given autonomy and complete equality with Czechs. If his demands are not met, Henlein said the Sudeten Germans will refuse to remain a part of Czechoslovakia.

Firemen's Ball To Be Held On May 5

The annual Fireman's Ball will be held May 5 at the Armory, Fire Chief Mack Cleveland said today.

Eddie Stephenson and his Florida Rhythm Kings from Orlando have been secured to furnish music, the Chief stated.

"The Ball we had last year was attended by a large crowd," Chief Cleveland declared, "and was very successful but this year we hope to make it even better and hope for a much larger attendance."

A feature of the Fireman's Ball last year, the Chief said, was a floor show of varied entertainment such as dancing acts, songs, and specialty numbers.

The purpose of the Ball, he said, is to build up the fireman's emergency fund. "This is a worthy purpose," he asserted, "and I'm sure the people of Sanford will support it."

Driving Tests To Be Continued Tomorrow

Persons who would like to know whether they are good or bad drivers may find out by going to the corner of First Street and Sanford Avenue where equipment is available for testing driving ability.

The equipment is owned and furnished by the American Automobile Association. The Sanford Police Department and the Florida Power and Light Co. are sponsoring its appearance here.

Tests will be conducted throughout the rest of this afternoon and tomorrow at no cost to the public. Police urge as many persons as possible to take these driving tests. It is believed that many persons can correct serious errors in their driving habits if they know where the fault lies.

Revenue Bills Near Finish At Joint Parley

Decision To Raise Liquor Tax By 25 Cents Per Gallon Approved In Draft

Violators Of Acts Implied

Hopkins Charged With Inspiring Propaganda For Spending

WASHINGTON, Apr. 26.—(AP)—A compromise draft of the Senate and House revenue bills neared completion after "decisions" by a joint conference committee to increase the liquor tax and eliminate the proposal to tax future federal securities issues.

Members reported the committee had voted to retain the House approved increase from \$2 to \$2.25 per gallon in hard liquor tax. The Senate bill to make interest from future government issues taxable was stricken, members said, because removal of tax exemption would be considered separately in line with the recommendations made yesterday by President Hoover.

The State Department implied to the House Foreign Affairs Committee that it believed Italy and Japan had violated international treaties in operations against Ethiopia and China.

Chairman McNamara (D-Tenn.) read to the committee a letter from Sumner Wells, acting Secretary of State, which cited previous departmental expressions of its views on observance of international obligations.

The letter was in response to a request for the Department's opinion of a resolution by Representative Scott (D-Calif.) asking the President to specify what nations in recent years had violated treaties to which they and the United States were signatories. The Committee made an adverse report on the resolution.

Meanwhile Representative Taber (R-N.Y.) accused Harry L. Hopkins of inspiring "chain letter propaganda" in favor of the President's pump-priming program.

Seminole Debaters Enter Tournament Held At Stetson

Seminole High School's debate team, entered in the debate tournament of district three held at Stetson over the week-end, won four out of eight debates, Miss Marjorie Tillis, Seminole coach said today.

Orlando and Euclid High Schools won through to the final and will represent this district in the State tournament Saturday at the University of Florida in Gainesville. Miss Tillis stated.

Approximately 80 persons, including judges, coaches, and debaters, attended the tournament at which the Stetson Debate club acted as host.

Eleven high schools competed for the two highest scores. Teams, including about 50 students, represented the high schools of Sanford, Winter Park, St. Cloud, DeLand, Mount Dora, Euclid, Leesburg, Orlando, Daytona Beach and Longwood.

Convening at 9:00 o'clock in Elizabeth Hall auditorium for instructions, the first of the four rounds of debate were begun at 9:30 o'clock in the morning. After luncheon in the University Commons and a tour of the campus, the last three rounds were held. A tea in Chaudoin Hall was the concluding entertainment.

Members of the Seminole High Debate team were Jack Bell, Dick Mason, Robert Herndon, and Robert May. Miss Tillis said, Mrs. O. E. McKay, Mrs. C. R. Dawson and Miss Nellie Williams acted as judges in some of the debates, she said.

Miss Tillis declared that Seminole High School had undertaken a difficult debating schedule this year, having participated in 13 inter-scholastic debates. She is not pleased merely winning, she said, rather she believes the proper emphasis is on the proper conduct and participation in these
