SANFORD, FLORIDA, FRIDAY, OCTOBER 10, 1919

NUMBER 8

## CROWERS OF CASTOR BEANS REIMBURSED

FLORIDA FARMERS WHO WANTED TO HELP GOVERNMENT IN WAR TO BE PAID FOR LOSS

Washington, D. C., October 6, 1919.—In a decision just rendered, the Board of Contract Adjustment of the War Department has taken jurisdiction over the claims of growers in Florida, who, in good faith, attempted to raise castor beans for the manufacture of castor oil to lubricate air plane engines during the war.

The decision was made in the test case of Helm & Walker, of Miami, but the same principal applies to all castor bean contractors, and it is understood that similar opinions will be handed down in all other cases within the next few days.

This information will be particularly gratifying to about six thousand Floridians who planted a large acreage, and who, in consequence, suffered losses almost equal to those of the growers of all other States combined.

The principal cause of the failure as determined by investigation, was the unacclimated, inferior seed imported by the Government and furnished for planting purposes. Castor beans had not been grown for commercial purposes in the United States for about a generation, and no domestic seed was available for planting the large acreage desired by the War Department. It became necessary, therefore, to import a cargo of the seed from India to meet the emergency, but the latent defects of this seed were not discovered until too late to avoid the serious loss to the contractors and growers.

As soon as the disaster was apparent, Senator Duncan U. Fletcher as a member of the Military Affairs Committee, interested himself in the matter, and finally succeeded in having a certain amendment incorporated in the bill to provide relief in cases of contracts connected with the prosecution of the war, which made it possible for the Secretary of War to take jurisdiction over castor bean claims, since which time the Senator has kept actively behind the matter to its conclusion.

It has been stated authoritatively that these claims involved more legal points than any other claims presented to the Department, but, after many conferences with numerous officials, Senator Fletcher was able to satisfy them that the growers were entitled to reimbursement the same as the manufacturer of any other war munition.

Approximately fifty thousand acres were planted to castor beans in Florida, and it is estimated that over one million dollars will be returned to the contractors and sub-contractors, as the result of the decision of the Board just rendered.

But for Senator Fletcher's foresight and persistence in seeing that Florida growers were not discriminated against it would probably have been necessary to present these claims at great cost to the Court of Claims of the United States, where they might have lingered and languished for many years before final settlement.

Now that the Secretary of War has taken jurisdiction under the Act to provide relief, all formal, legitimate claims will be presented through regular channels, and actual settlement of all such claims should follow within the next thirty or sixty days.

Citizens of Florida who had direct contracts with the Government for the growing of castor beans were Helm & Walker of Miami, D. C. Gillett of Tampa, B. L. Hamner of Jacksonville, T. S. Evans of Jacksonville, and G. G. Ware of Leesburg.

All sub-contractors who have not already done so should file their claims immediately on a form prescribed by the Department with the firm or person with whom they contracted, to be filed by them, or him, with the War Department for final adjustment and payment.

Mrs. C. M. Williams, for many years a member of the First Baptist Church of Sanford, died Friday, Sept. 26th.

It is believed our Heavenly Father to call our Christian sister from her earthly home, we reverently bow in submission to His divine will. We, the Euzelian Class, of which she was a member, desire to testify our respect, and to express our earnest and sincere regard and love for her, and to extend our sympathy to the husband and other loved ones; we commend them to Him who looks with pitying eye on all sorrow.

Therefore, Be it Resolved, that in the death of Mrs. Williams we sustained a great loss, yet we realize that our loss is her gain.

Be it further resolved, that we send a copy of these resolutions to her family and to the Sanford Herald.

Mrs. George Hyman, Mrs. A. K. Roytetter, Committee. Euzelian Class, Baptist Sunday School.

### Dr. J. N. Robson at New Orleans

The American Public Health Association will hold its annual meeting at New Orleans October 27, -30. Southern health problems, including malaria, typhoid, hook worm, soil pollution, etc., will be discussed. In view of the fact that a return of influenza is expected this fall, a full discussion for developing methods of prevention and control will have a prominent place on the program. Special efforts will be made to arrange the program to meet the practical needs of health officials, accordingly there will be discussions on such questions as the attitude of legislators toward public health. The obtaining of appropriations, the co-operation of Women's Clubs and all health organizations. Two special programs will be presented on child hygiene and personal hygiene.

Dr. Robson, who is in New Orleans taking a special course in surgery, will attend these meetings.

## ROLL CALL NOVEMBER RED CROSS

THIRD RED CROSS ROLL CALL WILL BE UNDER DR. GEORGE HYMAN AS CHAIRMAN

Dr. Hyman has been elected and accepted the Chairmanship of the Third Red Cross Roll Call Nov. 2-11 inclusive and will undoubtedly make a successful campaign, so well qualified is he and with a wide influence throughout the county. Dr. Hyman's splendid record overseas, his popularity and his ability as an organizer, his first hand knowledge of the work of the Red Cross in the war zones, make him an ideal leader at this critical period in local Red Cross affairs. The organization committee will be composed of Dr. Hyman, Mr. H. C. DuBose and Mrs. R. A. Terheum.

At a meeting of the Executive Committee of Seminole County Chapter on Tuesday night, it was decided to buy a car for the use of the Home Service Secretary, Miss Virginia Smith, in order to cover a broader field. Thus equipped, Miss Smith will be able to do a splendid work in the community and in all sections of the county. She is accomplishing great things and has proven the value of a trained Home Service Secretary in any community. Miss Smith will gladly welcome any visitors to her office in the court house and impart information relative to the work.

The annual meeting of Seminole County Chapter will be held on Wednesday, October 29, at 8:30 p. m., the place to be announced later. The pastors of the various churches will be asked to arrange the time of the prayer meeting in co-operation with the Red Cross. Reports of the year's activities will be submitted and the election of officers will be held. Dr. Hyman will be given an opportunity to present the claims of the Roll Call at this meeting. Not only are all members of the Red Cross invited to this meeting but the public generally will be most welcome.

## NEW FORM OF THE HOSPITAL GOVERNMENT IS ASSURED FOR SANFORD COUNTY

COMMISSION MANAGER FORM WILL SUPPLANT ALDERMANIC FORM JANUARY FIRST

Tuesday was election day at which the voters of Sanford decided whether they wanted to retain the old charter and have an aldermanic form of government or change to the new charter and adopt the new commission manager form of government. They decided on the latter course and the vote stood 125 for the new form and 70 against the new form making a majority of 55 votes for the commission manager form of government.

At the same election three commissioners were elected and the vote stood as follows:

C. E. Henry, 114, H. R. Stevens, 113 and S. O. Chase, 110. The new commissioners will take their office on January first at which time they will elect one of their number as Mayor of the city of Sanford and the commissioners will also appoint a City Manager who will look after the affairs of the city.

All of the commissioners are well known business men of the city. Mr. C. E. Henry has been a resident of Sanford for the past seven years and is the local representative of the Wm. Weinert Co., of Philadelphia, and also owns farming property and city property, and is a progressive citizen.

H. R. Stevens is Master Mechanic of the A. C. L. Ry., at this point and has been a resident of this city many years. He served the city two terms as alderman, is a property owner and is experienced in the managing of city affairs.

S. O. Chase has been a resident of this city for the past twenty years or more. He is the senior member of the firm of Chase & Co., who have extensive interests in all parts of the state where fruits and vegetables are grown and shipped and Mr. Chase is a large property owner in Sanford and has always been a progressive citizen.

All of these gentlemen are busy men. All of them are progressive business men. All of them have been in favor of the commission manager form of government and have been working on it for the past two years and being busy men of large affairs they are the sort of men who will take time to look after the city affairs and direct the city manager along proper channels. All of them have the best interests of Sanford at heart, all of them are progressive, all of them are for a bigger and better Sanford and the office sought the men and not the men the office.

Regardless of whether this change suits all of the people or not the majority of the people wanted it, voted for it and have passed the measure and it now behooves all of the people to stand by the new government. If it is not what Sanford needs changes can be made when the legislature meets again and if the new form is bad the people can go back to the old form but no cities in Florida that have tried the commission form or the commission manager form have changed back to the aldermanic form and this speaks volumes for the perpetuity of the new form adopted.

Sanford is awakening to her possibilities as never before in her history and all the city needs is a pull together of the citizens, a cohesive spirit that will overlook petty grievances and stand for the big things in life, for the better things in life and for the progressive things that make a real city.

### Double Engagement Announced

Much interest surrounds the approaching marriages of the two attractive young daughters of Mr. J. E. Spurling, which will take place Saturday, October 25th., at the First Methodist Church of this city. Beulah May, the eldest daughter of Mr. Spurling, will wed Mr. George E. Wells, of Sanford, and the second daughter, Blanche, will become the bride of Mr. William I. Stringer, of Orlando.

EXECUTIVE COMMITTEE HAS PROPERTY TURNED OVER TO THEM—WILL SELL FURNITURE

The Fernald-Laughton Memorial Hospital is now an assured fact. After some delay occasioned by arranging for a suitable lease from the city of Sanford to the Hospital Association all the details have been arranged and the Association is now virtually in possession of the magnificent building recently pledged by Mrs. George H. Fernald for hospital purposes.

The Executive Committee held a meeting last Wednesday morning called by Chairman R. J. Holly and it was decided to open the building this morning and have F. L. Miller and Mayor Davison to appraise the furniture and the price tags will be placed on each article and the furniture and all the furnishings will be sold at private sale on the 20th, 21st, 22nd and 23rd of October. The sale will be advertised in all the papers in this section as there have been many inquiries about this sale and many people who are anxious to avail themselves of this opportunity to purchase this elegant furniture will be here for the sale.

The furniture and furnishings comprise many rare pieces and anyone who has seen this furniture is anxious to purchase it, not alone for its intrinsic value as furniture, but from the antique point of view as many of the rare pieces have a history and will be eagerly sought after by those who know how valuable it is at this particular time. The committee has not viewed the furniture yet and know nothing of the contents of the house, but some description of it will probably be available for the next issue of The Herald.

The membership committee, under Chairman H. R. Stevens will get busy at once as they have only been waiting for the papers to be made out in order to start their campaign and it is expected that every man, woman and child in Seminole county will give a dollar for a membership in the hospital association which will give the association a working fund and will create a great interest in the hospital in every part of Seminole county.

Since the formation of the hospital association there have been many meetings and the association members have accomplished much in the way of constructive work and the hospital that means so much to Seminole county is on the way to completion and will be a source of pride and certainly a great source of satisfaction to the men and women who are making it possible and a boon to those who will need the services of physicians, trained nurses and hospital accommodations.

A hospital for Sanford is one of the greatest assets of the city and is needed as badly as any other constructive measure. Let every public spirited citizen of Seminole get behind the association and assist them in every way to make the Fernald-Laughton Memorial Hospital what it deserves to be.

### Presbyterian Church

The Officers of the Presbyterian Church have adopted a program of work for the winter which ought to mean the finest winter's work in the history of the church. Definite goals are set for each month. This will obviate the tendency to drift which is a common failing of churches. And it will give a worth-while job for each month.

There was a congregation-wide visitation by the officers and chosen associates last Sunday.

Next Sunday will be annual Rally Day for the Sunday School, and it is hoped that a large number will be present.

We will enter the new school building for work next Sunday. Hours for service will be: Sunday School, 10:30 A. M. Preaching 11:45 A. M. and 8:30 P. M. Christian Endeavor 7:45 P. M.

The Baptist 75 Million Campaign The following meetings are being held in Seminole County in the interest of the Baptist 75 Million Campaign:

Date, place, time, speakers: Oct. 8—Geneva, afternoon and evening, Dr. Collins and Dr. Burr. Oct. 9th—Chuluota, afternoon and evening, Dr. Collins and Dr. Burr. Oct. 10th—Orlando, afternoon and evening, Dr. Scarborough and Miss Mallory. Oct. 12th—Oviedo, all day, Rev. H. S. Rightmire and A. Link. Oct. 13th—Longwood, afternoon and evening, Dr. Hyman and Dr. Blocker. Oct. 14th—Sanford, afternoon and evening, Dr. Brittain and Dr. Collins.

Oct. 15th—Lake Monroe, afternoon and evening, Dr. Brittain and Dr. Collins. All Baptists and friends are cordially urged to attend these meetings and hear these distinguished speakers. Services at each place in the Baptist church.

Presbyterian Christian Endeavor The Presbyterian Christian Endeavor is opening the winter's work with a fine outlook. Last Sunday a number of new officers were elected, which will give a fine official force for the winter.

The following are the officers now:

Pres., Robert A. Green. Vice-Pres., Miss Sara Warren Easterby. Recording Secretary, Miss Anna DuBoise. Corresponding Secretary, Mrs. R. C. Maxwell.

Pianist, Miss Adele Runge. Treasurer, Victor McLaulin. Capt. Co. A, Theodore Runge. Capt. Co. B, Miss Ethel Henry. Capt. Co. C, Wilbur Rumble. Chair, Prayer Meeting Com., Theodore Runge. Chair, Social Com., Miss Florence Henry.

A meeting of the Executive Committee was held in the church Monday night and plans for the next month's work laid.

## INCREASED PRODUCTION IS SOLUTION

ALL THAT IS NEEDED TO REDUCE HIGH COST OF LIVING SAYS COMMITTEE

Washington, Oct. 10.—After an investigation of the high cost of living problem the Council of National Defense finds:

That the nation's productive powers have not been fully utilized since the armistice.

That too few goods, notably the necessities of life, have been produced, and that even some of these goods have been withheld from the market and therefore from the people.

That the high cost of living is due in part to the unavoidable war-waste and increase of money and credit.

That there has been and is considerable profiteering, intentional and unintentional.

The council believes the remedies for the situation are:

To produce more goods and to produce them in proportion to the needs of the people.

To stamp out profiteering and stop unnecessary hoarding.

To enforce vigorously present laws and promptly to enact further laws as are necessary to prevent and punish profiteering and needless hoarding.

To bring about better co-operation and methods in distributing and marketing goods.

To keep both producer and consumer fully informed as to what goods are needed and as to what supplies are available, so that production may anticipate the country's demands. Better standards of living are impossible without producing more goods, said the council's announcement. "At the war's end we and our allies had desperate need of the essentials of life. We have had to share our resources with them, but this drain will gradually lessen. The processes of production require time. If produc-

## A BIG CROWD WILL ATTEND THIS MEETING

BOARD OF TRADE WILL MEET NEXT TUESDAY NIGHT TO OUTLINE SEASON'S CAMPAIGN

At the Court House, next Tuesday night, Oct. 14th, 8.30, a special and important meeting of the Board of Trade will be held for the purpose of renewing activities and outlining work for the coming season. Every person interested in the welfare of the city and county is urged to be present. We have a future ahead unequalled by anything in the past and we must get together an co-operate in order to reap the benefits that are coming our way.

Already many changes have been made in Sanford toward progress that a short while ago was deemed impossible. Everywhere the order of things are changing and the progressive spirits of every locality are coming to the front for the general good of all. Sanford abounds in that same spirit but until now it has never been properly utilized and Tuesday night is desired that we all get together, begin our work and carry it on in harmony to success. A large attendance is looked for.

### NEW STORE TO OPEN

G. A. Speer and Son Will Soon Be Ready for Business in This City.

G. A. Speer is not new to the dry goods trade in this city and the surrounding territory for he has been in the business of catering to the wants of the people for the past twenty years in the store of N. P. Yowell & Co., and later in the firm of Yowell & Speer. George Speer now appears in the brand new store of G. A. Speer & Son being associated with his son Vivian Speer who is a chip off the old block and virtually grew up in the dry goods business in this city.

The new firm have leased the fine store room in the DeForest Block and the new goods have been arriving for the past two weeks. The store room has been undergoing many repairs and is not finished yet but Speer & Son and a force of clerks have been busy all week getting the goods on the shelves and in this issue of the Herald announce to the public that they will be ready for business on Tuesday October 21.

They have just returned from the northern markets and have a great array of new merchandise in the latest and most popular styles of ladies and children's wearing apparel, dry goods and notions. The new store has all the latest equipment for handling this large business and they invite the trading public to attend the big opening and see the new store and get acquainted.

Speer & Son will take a regular space in The Herald weekly and in the new daily in order that their many patrons in this city and in the county and adjoining counties can keep up with the many new things in the dry goods and ladies and children's ready to wear lines and the goods and prices will speak for them selves when you have seen them.

tion is rapidly increased vastly improved conditions will prevail in America when the results of present and future labor begin to appear.

"Team work is imperative. The manufacturer, the farmer, the distributor must each immediately assume his part of the burden and enter upon his task. "On American business rests a grave responsibility for efficient co-operation in bringing about full and proportionate production. On American labor rests an equally grave responsibility to attain maximum unit production and maintain uninterrupted distribution of goods if labor itself is not to suffer from further rises in the cost of living. "The entire nation—producer, distributor, and consumer alike—should return to the unity that won the war. Group interests and undue personal gain must give way to the good of the whole nation if the situation is to be squarely met.

The council is composed of Secretaries Baker, Daniels, Lane, H. Redfield and Wilson, and Grove B. Clarkson as director.

### Lower Prices for Fertilizer

#### Two Reductions in 1919

Have you ever asked: "Why is fertilizer so expensive?" It will interest you. Ideal Fertilizers now give better value for the money than any commodity bought by the grower either for farm operations or for household use. Quality maintained.

Write to us at once regarding your full requirements.

Shall we send our new "Vegetable Book"?

### Daily Fashion Hint

Two pleasant events occurred at the Moses Jackson home this week: A daughter was born, Dr. Denton in attendance, on Wednesday and Mrs. Jacob Netting is selling her household goods and expects to sell her home soon and go to New York to live with her son.

The Welfare Department of the Woman's Club held its first meeting of the season Wednesday afternoon with Mrs. J. A. Hendley, first vice-president at large, of the Florida Federation of Woman's Clubs as the guest of honor. In the absence of Mrs. B. W. Hendon, chairman of the department, Mrs. Duncan Kelly presided. In a very apt and charming little speech, Mrs. Kelly introduced Mrs. Hendley, who gave a brief resume of the special activities of the Club year. She strongly emphasized a strenuous campaign for membership and stressed the importance of open meetings to which the people should be invited. She urged that the co-operation and support of men be enlisted in the Club work. Mrs. Hendley said that a community center was of paramount importance, and that while considering the needs of the girls for recreation and entertainment, that the boys should be considered also. Americanization was the keynote of her address through-out, embodying the higher ideals of patriotism. Wider in its scope, the influence of an educated American. The young people are having community sing meetings once a week at the different homes.

Miss Olive Dinkie left Thursday for Jacksonville, where she will be the guest of her sister, Mrs. Helen Morgan and be the guest of the Ladies of the Avon League at the different homes.

Office: Herald Building Telephone No. 148

Bob Holly has served notice on Sanford folks that when he starts his daily paper it means curtains for him as far as these "thanky" community jobs are concerned.

The Sanford Herald suggests that with the high cost of paper the government could reduce expenses by forbidding the free use of mails for tons of publicity stuff that is costing the people thousands of dollars and then only find lodging in a waste basket.

The Daily Herald will be launched from the Sanford office in the very near future. That is substantial evidence of Sanford's growth, and we congratulate Editor Bob Holly that his town will place him in the class with the big papers who issue every day, but we are inclined to believe Editor Holly is leading his town there.

No, Sister Wilson, the town is just naturally growing so fast we must have a Daily Herald and the public want a daily paper and we are going to give them one sometime this month.

YOU BET IT IS
Says the Palatka Times-Herald, in a polemic upon politics: "It is time for business men to supplant cheap politicians."

Right you are—only there's no such thing as a "cheap" politician. "Cheap" means inexpensive; and the more inexpensive some of the mean, inferior, and mediocre specimens prove themselves the more expensive it becomes to the general public.

Since Thorn has ventured the above "night thought" and the "cheap" politician, we are wondering what his real thoughts would be concerning a certain politician if Joe would permit them to be expressed in Thorn's Dope column. Yassum, thank you!—Milburn Times

CITY PAVING
The following from the Lakeland Telegram gives us food for thought: The City Commissioners have found it necessary to fix the tax levy for the ensuing year at 24 mills, an increase of 5 1/2 mills.

FARMING IN FLORIDA
There is no more paying business and none more conducive to health and happiness can be found than farming, but working knowledge is necessary if these essentials to a complete life are attained, says the State Marketing Bureau.

THE PRESIDENT AND SENATORS

No matter what the opinion may be as regards President Wilson, on the part of such senators as Johnson, Reed and Borah, their present attitude toward him and what he has and has not done, develops the thought among many of the thinking class that these senators in time of stress and war were not equal to the occasion in directing properly suggesting, or commanding, and were only anxious that the president shoulder responsibility and

mann the job, and now since times of peace have come again, seek only flaws to expose in order to establish an opinion that at one time, the time of trouble, they knew better but were not listened to. It is well enough to criticize, but it is unfair to fail to mention the valiant things when remarking of the failures.

MEET THEM HALF WAY

The postoffice received so many mail order catalogues last week that they could hardly be transported from the station and then from the office to the various citizens over the city.

The Sanford Board of Trade will meet next Tuesday night in the court house to prepare for the winter business. Sanford needs advertising and Sanford never needed a live Board of Trade as badly as right now.

From all the reports drifting down to us from the North the people up there will not have any coal. They are looking toward Florida and Sanford will get many of them for they want to come to a place that offers them a home and a living.

Will some man with money come to our rescue and either build some houses or build some apartment houses. Sanford needs houses and needs them badly.

Artificial Eyes

During the year 1840 Professor Bole-soneau of France created what could honestly be called an eye that was human in appearance. The method of manufacturing was practically the same as that employed at the present time, with the exception that in the intervening years great improvements have been made in imitating the colors, that are almost lifelike in their effect.

Peru Sparsely Populated.
A territory on the Pacific ocean approximately 1,400 miles in length and 700 miles in width is occupied by Peru. The territory extends over 670,000 square miles, with a population that is estimated at 4,500,000, or, approximately, 0.6 to the square mile.

To Soften Paint Brushes

If paint brushes have been allowed to get dry and hard, they can be softened in the following manner: Heat some vinegar to boiling point and allow the brushes to simmer in it for about ten minutes. Then wash them well in strong soap suds.

producer and a seller of farm products are the essentials. The greatest study of mankind is man. The real factor in successful farming is the personal qualification of the farmer.

The farm is a factory, and when men act in harmony with the wonderful alchemy of nature in the building of plants then success is possible. After the plants are grown there is the necessity of harvesting, grading, packing and marketing. The production of crops is only half. To put them in shape and secure a paying price is the final problem.

This is where the success of organization comes in. By individuals working together for a purpose instead of each going it alone, rushing poorly graded products to market without knowing all conditions, there is orderly procedure by managers who know.

The growing season in Florida is longer over its entire area than in any other State in the Union. It has more sunlight and more rainfall than any other, both so necessary to successful growth.

A careful study of the work of others, as well as personal investigation of the soil under cultivation, of fertilization, adaptation of crops and good seed—all these enter into the proposition. The geographical distribution is determined by climate, and the principal climatic factors to be considered in the development of plants are temperature, rainfall and sunshine.

The Sanford Board of Trade will meet next Tuesday night in the court house to prepare for the winter business. Sanford needs advertising and Sanford never needed a live Board of Trade as badly as right now.

From all the reports drifting down to us from the North the people up there will not have any coal. They are looking toward Florida and Sanford will get many of them for they want to come to a place that offers them a home and a living.

Will some man with money come to our rescue and either build some houses or build some apartment houses. Sanford needs houses and needs them badly.

The KITCHEN CABINET

The best inheritance any parent can possibly give a child is a good education. This is something that nobody can take away and something which will be a joy forever, for we believe that what we acquire here we will use hereafter.

WHAT TO EAT.

There are any number of kinds and flavors of gelatine desserts on the market which, by the addition of boiling water, are ready, when cold, to serve with cream and sugar.

Here is a dessert, very dainty and rich, which will be good to serve the "grown-ups" who have good digestion: Frangipan Pie.—Roll out very thin a rich pastry and cut it in rounds, using a pie tin for a marker.

Stewed Lettuce.—This is a dish not sufficiently used to become common. When one is tired of serving the fresh lettuce, steam it until tender, and serve as a greens, with butter, salt, pepper and a dash of vinegar, if liked.

Canterbury Chicken.—Cook together three and one-half tablespoonsful of butter with one tablespoonful of finely chopped onion (when the onion is yellow, add one tablespoonful of corn-starch) and pour over one and one-half cupsful of chicken stock.

Fillets of Beef With Bananas.—Cook the fillets cut one and a quarter inch thick, and arrange on a hot platter with the liquor from the pan poured over them. Cook quartered bananas in a little butter until well cooked, then place these quarters on the fillets and serve.

THE KITCHEN CABINET
It takes more than one fall to keep a determined man down; to have failed once does not make one a failure; to have strayed once cannot make one a lost soul.

POPULAR DISHES.
The busy housewife with but one pair of hands at her command must do away with frills in cooking, no matter how much she may enjoy them.

Carrot Pudding.—Take one cupful of grated carrot, one cupful of grated potato, one egg, one-half cupful of sugar, one-half cupful of shortening, one-half cupful of raisins, one teaspoonful of soda and one cupful of flour. Steam one hour.

Drop Doughnuts.—Take one-half cupful of sugar, one-half cupful of milk, one and one-half cupsful of flour sifted with one teaspoonful of baking powder, one egg, a little salt, ginger and grated lemon rind.

Chocolate Cookies.—Cream half a cupful of shortening with one cupful of sugar, one egg. Add one-half cupful of sour milk with one-half teaspoonful of soda, two squares of chocolate melted over hot water and one and one-half cupsful of flour.

LOST TIME
Cannot be made up. Lost Cash is seldom returned—and lost chances for saving can never be recalled. We are here to save your money for you, Will you use us?
CAPITAL \$30,000.00 SURPLUS \$15,000.00

THE BANK THAT INSURES YOUR DEPOSITS

Cabbage Salad.—Shred very fine one small firm head of cabbage, add half a cupful of chopped almonds that have been blanched, four or five ripe bananas finely cut, mixed with a cupful or more of thick sour cream.

Mock Rabbit.—Take a pound each of corned beef and veal, two onions and a green pepper; put all through the meat chopper, add three eggs and crumbs to make a loaf. Place in a baking pan with strips of bacon on top; bake three-quarters of an hour.

How to Attain Old Age.
Sir George Reld's golden rule for the attainment of old age is worth a place in the Office Window as a corrective to all war valetudinarians: "I have aimed at health and happiness, and when confronted by a formidable obstacle I have first tried to knock it over; failing this, to get round it; if not, then under it; and if all these maneuvers failed I have been content to lie down in its grateful shade, lauding it as a beautiful blessing in disguise."—London Chronicle.

Notice is hereby given, that on Tuesday, the 28th day of October, A. D., 1919, at the hour of 10:00 o'clock A. M., at the Court House at Titusville, Brevard County, Florida, the annual meeting of the owners of lands situated in Upper St. Johns Drainage District will be held for the purpose of electing one member of the Board of Supervisors, who shall be a land owner of said District, to serve for the term of three years and to succeed S. G. Chase, now a member of said Board, whose term of office expires on said day, and to transact such other business as may properly come before said meeting.

They are used in every line of business by Salesmen, Office Men, Doctors, Lawyers, Ministers, Students—by everyone who must have a book that combines UTILITY, DURABILITY AND APPEARANCE.
Sheets can be obtained anytime, ruled in eight styles. Bound in best quality Flexible Black Levant Grain Cowhide, with Black Linings.

What is Wise Spending?
Saving may have seemed to you the opposite of spending, and so it is—of foolish spending. But really wise spending goes hand-in-hand with intelligent saving.
Saving in itself—as the miser understands it—the mere hoarding of money for mony's sake—is of no especial advantage to anyone.
On the other hand, when people save intelligently, what they really do is to save for a chance to spend for something more worth while later. In final analysis, everything is spent but the saver thinks before he spends and so spends wisely. He gets more for his money and a bigger return for his work. He has more money left for thoughtful spending in the future.
Now, what is really more worth while later? It may be that, by accumulating hitherto foolishly-spent dimes and quarters, which give no real satisfaction, you will be able to buy later a home, or have a wife, or provide for old age or for education, or a start in life for your children.
All of these things and many others are "worth more" to the individual.
War Savings Stamps help you to convert foolish money into future wise spending power.

In and About The City

Little Happenings Mention of Matters in Brief Personal Items of Interest

Mrs. D. T. Johnson left on Wednesday for Orlando. Ride a Dert, you will like it. 4-t

Mr. and Mrs. William F. Ehrenberger were among the passengers for Jacksonville sailing today on the "Osceola."

Recent arrivals at the Lincoln House include Mr. and Mrs. R. E. Whidden and Miss Ruby Whidden, of Arcadia; G. W. Voyles and wife, Chicago; Ben J. Cody, Indianapolis, Ind., and Eljus Freud of Geneva, Fla.

Following the rehearsal at the Whitner-Hutchinson wedding at the Presbyterian church, the wedding party and a number of the young friends of the bride and groom-elect, were entertained at the home of Mrs. J. M. Whitner.

A congenial party that motored from Jacksonville for the week-end were Mrs. Gertrude Harris Croghan and little daughter, Miss Nathalie Terry, and Miss Mabel Bowler. Miss Bowler remained over for the Whitner-Hutchinson wedding.

relative and friends in Atlanta and Greensboro, Ga. Mrs. R. T. Chapel, Mrs. Fannie C. Whitten and Mrs. J. Lawton Moon and young son, relatives of Mr. H. H. Chappel, of this city, have left for Lakeland, where they will reside in the future.

Day this coming Sunday will be a success. There will be reports, announcements of plans, roll call and plenty of singing. Our new hymn books will be used for the first time. Let there be no slackers.

Open Meeting Woman's Club The Welfare Department of the Woman's Club will hold an open meeting on the afternoon of Wednesday, October 16th, at 4 p. m.

Guernsey Doudney Injured in Accident Friends of Guernsey Doudney in this city will regret to hear that he had his leg broken and sustained other injuries when he collided with an automobile at Miami, on Saturday. As a matter of fact the auto ran into Mr. Doudney, who was riding a motorcycle.

Raise in Jitney Rates On and after Saturday, Oct. 11th, the rates to and from the depot and all city trips will be 15 cents. City Limits 25 cents. 8-11p

FLORIDA STATE AUTOMOBILE ASSOCIATION. Orlando, Florida. 8-4tc

More Real Estate Sales The Conner Williamson home on E'm avenue has been sold to Rev. Juliet, of Lakeland, and the Leavitt five acre tract on French avenue has been sold to James Phillip, both sales being made by J. E. Spurling, the real estate man.

Ball Game Today Sanford and Orlando will meet at Holden Field today and there is nothing in the way of allowing Sanford to take the scalps off those boys from Orange Center who protest and protest and then lose the game.

Store Improvements The Speer & Son room in the DeForest block is being finished off and will soon be all ready for the big opening.

Congregational Church Each member of the church, Sunday School, Endeavor Society, and congregation adopting the spirit of the Psalmist—"I was glad when they said unto me, Let us go unto the house of the Lord"—our Rally

### CURBSTONE GLEANINGS

BUDGET OF OPINION "JUST BETWEEN YOU AND ME" EVEN THE GATE POST NOT IN IT

A Chief Is Among Ye Taking Notes and Faith, "He'll Print 'em"--- So Says Saunterer.

#### Anchors

We cast our anchors in the stream, And little do we know or dream What bottom they may strike at all, Or in the depths their flukes may fall,

And yet we trust, and yet we stand And let the chains slip through our hands, That they would touch and take good hold.

And that's the way our hearts are cast

Into the future and the past. We know not when the storms may rise,

Nor how much anger fills the skies, We let the chains slip slowly out, No matter how the winds may shout,

Still trusting that our ship will swing To safety 'neath His bending wing.

Sometimes they drag, but if we trust

Soon hides His peace above the gust

And through the morning clear and sweet

We ride at anchor 'neath His feet, 'Tis worth the voyage with all its care,

To find at last a harbor there, A port of rest from storm and strife Beyond the sundering seas of life, Folger McKensy in "Baltimore Sun."

\* Some of my friends are anxious about the old clock now that winter is approaching and they will have to climb out of the nice warm bed. The clocks will be set back one hour at 2 a. m. Sunday morning, October 26th, and keep this date in your mind.

\* Well, the election has come and gone and I opine that no one is any the worse for wear. It was extremely quiet although a few "got all het up" at times, but regardless we can all live through it. It is just the old American idea of keeping doing something all the time.

\* The Daily Herald will soon be a fact and then this column of nonsense will probably be engulfed in the big news from different parts of the country and the daily

happenings of our little city. But I will manage to get in a few words now and then just to keep my hand in and all my dear friends would so hate to give me up altogether, for then they would not have anybody they could cuss about

\* What's in a name. I note in the Orlando Sentinel that George Chick is selling chicken feed.

\* Well, now that the election is over for spell we can get down to the question of the city hospital, beautifying the bulkhead, cutting the weeds and municipal ownership.

\* The Orlando papers are talking about us all on account of the fact that some of the Sanford fans called them yellow. About the only difference between the two towns was that when some Orlando fan made the mistake of calling Chap "yellow" Chap poked him in the face.

\* And as soon as the series of ball is over I would suggest that the Sanford fans spend half as much time and energy on building up their town that they have on baseball and we will have some improvements made here this winter.

\* Up in Georgia they are cutting down the high cost of dresses by using flour sacks. The head of the family buys the flour in 12, 24, 96 and 192-pound sacks. When the 12-pound sack is empty, the good wife washes it, cuts out the bottom, makes arm-holes, and lo! she has a dress for the baby. The 24-pound sack makes one for the girl a little older, the 96 for the young lady of the family and the 196-pounder for ma. It's real amusing, so says the truth-teller, to go to that town and see the babies running around with red letters on their backs announcing "Ed's Best," then comes "Blue Belle," then "Jersey Queen" and ma is labeled "XXX."

#### Beautiful Church Wedding

Amid beautiful surroundings and the church filled with relatives and friends of the contracting couple, the marriage of Miss Annie Caldwell Whitner to Mr. Joseph Carson Hutchinson took place at the Presbyterian Church at high noon on Tuesday.

The church decorations in yellow and green formed a pleasing background for the wedding party. Tall graceful bamboo arched overhead while the chancel rail was entwined with southern smilax, asparagus fern and yellow daisies. Potted ferns were banked below the rail against which the glowing daisies on great masses completed the artistic arrangement.

The wedding music was played by Mrs. Fannie Stenbridge Munson and included Frysinger's "Wedding Prelude," "To a Wild Rose" McDowell. Preceding the entrance of the bridal party, Miss Mabel Bowler sweetly rendered "I Love You Truly." To the strains of Lohengrin's "Bridal Chorus," the wedding group entered, led by the ushers, Messrs. E. W. McTereous, J. E. Michael, R. W. Deane and Randall Chase. The maid of honor, Miss Moll Whitner, sister of the bride, followed the little flower girl and ring bearer, Sarah and Mary Maxwell, preceded by the bride who

entered with her cousin, Mr. Chas. Whitner.

The bride was met at the altar by the groom, attended by his best man, Dr. Herbert McCaslin. The ceremony was performed by Dr. E. D. Brownlee.

The bride wore a becoming suit of dark blue tricotine with hat of blue velvet, and grey shoes. She carried a shower bouquet of Valley lilies and white roses.

The maid of honor was gowned in a dress of white satin with over drapery of white beaded Georgette and carried a gorgeous bouquet of sunny yellow chrysanthemums.

The little flower girl and ring-bearer were sweet and winsome in white organdie and lace frocks with white ribbons. The former carried a basket of roseleaves which she scattered in the path of the bride and the ring-bearer carried a lovely rosebud in the heart of which was concealed the wedding ring.

The bride is the lovely young daughter of Mrs. Joseph Newton Whitner, a graduate of the Sanford High School, possessing a sweet disposition and charm of manner that has endeared her to a large circle of friends. She is a member of one of the most prominent and exclusive families in the state. The groom is equally popular and is well known here and in South Carolina, his home state. For several years he taught in the High School and since his return from overseas has held a responsible position with the Truck Growers Association.

Mr. and Mrs. Hutchinson left immediately after the ceremony in their car for the East Coast and South Carolina. Upon their return they will go to housekeeping at 269 East Fifth street.
