City To Suggest Polling Places For District Elections

By Donna Estes Herald Staff Writer

1

Sanford city commissioners at a 7 p.m. meeting today community. are to come up with proposals for two of four polling places for the next city elections when four commissioners are to be elected from districts. Up to now commissioners have been elected at large from one polling place. The change is to settle the lawsuit filed against the city last September by five black residents.

suit, has already suggested Crooms High School and the Kavachevich. At that time the judge is expected to Sanford Civic Center as two of the polling places. The city must come up with the other two.

voted against the proposal, insisting city-wide at large attorney fees which the city must pay, Colbert says. elections are in the best interests of all segments of the

City Attorney Bill Colbert has recommended that the commission approve the settlement at tonight's meeting at city hall, 300 N. Park Ave., and suggest appropriate polling places for the next city election, Dec. 4.

Colbert says a final hearing in the lawsuit has been Robert Lipman, attorney for the five plaintiffs in the scheduled for April 13 before Federal Judge Elizabeth approve the proposed districts and polling places and to decide the remaining questions of whether the winners City commissioners alrea ly have agreed to the blacks' of city elections will be determined by the city charter demands for district elections for the four with the requirement of majority or plurality favored by Lipman. mayor elected at large. Only Commissioner Eddie Keith The court will also decide the amount of Lipman's

Evening Herald-(USPS 481-280)-Price 20 Cents

The city commissioners have indicated they prefer majority (50 percent plus 1 of the votes cast), as required by the charter, with a runoff election two weeks after the regular city election if no candidate polls a sufficient percentage of the vote the first time around.

Lipman has supported the plurality concept where the winner is the candidate who receives the highest majorities. number of votes in a contest.

The class action lawsuit was filed against the city in the federal court at Orlando in late September seeking single-member districts for city commission elections.

Lipman said at the time the suit was filed on behalf of the black community that blacks have "been systematically frozen out of the election process due to at-large elections."

Those who filed the lawsuit are Alfred G. DeLattibeaudiere, E.N. Smith, Samuel Wright Jr., R. Fletcher McGann and Hannah Pinkney, all of Sanford.

na

Under the proposed districting plan, one district has a majority of black voters, a second is evenly split between blacks and whites and two districts have white

The city commission at its Jan. 23 meeting, given copies of the proposed district boundaries suggested by Lipman only minutes prior to the meeting, tabled action for study to give more time to consider appropriate polling places in two of the districts as well as Lipman's suggestions for the civic center and Crooms High School.

Chernenko Calls For Peaceful Coexistence

By John lams

MOSCOW (UPI) - Konstantin prerequisite for preserving peace." Chemenko, who lost a power struggle 15 months ago to Yuri Andropov, was as Soviet leader and immediately called for "peaceful coexistence" with the United States but not at the cost of military superiority.

assume control of the Soviet Union. Andropov before adjourning. praised his predecessor and one-time rival as "an ardent patriot, Leninist and tireless fighter for peace." Andropov died Thursday.

The announcement that Chernenko was chosen by the central committee of the Communist Party to succeed Andropov as party chairman was broadcast simultaneously on television and radio and carried by the official Tass news agency.

'Konstantin Chernenko has been elected General Secretary of the CPSU Central Committee at an extraordinary plenary meeting of the CPSU Central Committee which was held here today, ald the official announcement. In a lengthy speech to the Central Committee, Chemenko mourned the loss of Andropov and said his 15 months in office was a "short, painfully short time." Andropov, 69, died of heart and kidney fallure after a year of dialysis treatments and increasingly poor health. He was to be buried Tuesday in Red Square following a full state and military funeral service.

"This, comrades, is a very substantial

Chemenko was nominated by Prime Minister Nikolai Tikhonov, at 78 the elected today to succeed his former rival oldest member of the Politburo, and elected unanimously.

Following the nomination speech and Chernenko's acceptance remarks, the roughly 300-member committee ob-Chernenko, 72, the oldest man to served a minute of silence in memory of

in recent public appearances, Chernenko has appreared remarkably robust and healthy. He is nine months younger than President Reagan, who is seeking a second four-year term in the White House.

Chernenko was seen as a political washout a year ago after a militaryreformist coalition gave Andropov the party leadership. He subsequently disappeared from view last spring for two months, reportedly suffering from pneumonia.

As Andropov's health increasingly failed. Chernenko's star began to rise. He was reported to have chaired the Politbury meetings over the past six months. In Andropov's absence.

a non-voting member. He also holds the powerful position of secretary of the Central Committee.

The election of Chernenko signaled a triumph of Brezhnev's aging cronics over the younger reform-minded politicians aligned with Andropov.

Western diplomats believe the ruling 12-man Politburo may have made the decision to choose Chernenko at the end of January when Andropov's health took a turn for the worse.

Diplomats foresee little thaw in superpower relations under a Chernenko leadership. They predict he would tighten central controls and reverse Andropov's economic experiments that tended toward decentralization.

"He can only be an interim leader and is likely to return the country to the immobility of the Brezhnev years rather than the vigor associated with Andropov," one diplomat said.

Chernenko has accused the United States and NATO of trying to achieve military superiority over the Soviet Union and and its Warsaw Pact allies, a line espoused by both Breakney, and Andropov. He has endorsed Andropov's crackdown on cultural freedom and said the Soviet Union should beware of ideologically harmful foreign pop music groups and films showing "loose and whining characters."

A New Twist

SEEDCO Gets Its Grant

A state grant of \$49,900 has been approved for the Seminole Economic Employment Development Corp. (SEEDCO) for administrative costs of continuing its program assisting minorities and others with businesses.

The state Department of Community Affairs announced today that SEEDCO and 19 other community development agencies in the state have been awarded \$49,900 each in administrative grants for the fiscal year ending June 30.

And Horace Orr, SEEDCO president, after saying the grant is appreciated, added that the money will be used to defray administrative costs including salaries, rental fees, telephone costs and the like.

"I'm glad DCA didn't react to that other foolishness (lawsuits with the federal Department of Health and Human Services)." Orr said. "We will carry out the work program we are supposed to with the money." Barbara Henderson, director of the intergovernmental policy office for the DCA, said 20 of 22 eligible community development corporations in the state were awarded grants of

\$49,900 cach. All of those awarded the grants, including SEEDCO, applied for \$100,000, but the decision was made by DCA to give money only until the end of the flacal year, Ms. Henderson said. Previous grants expired in January, she said.

"By the end of June, a new grant process will be established," Ms. Henderson said.

Reports were published earlier that SEEDCO might be denied the state grant because of a lawsuit it filed and a lawsuit since filed by the federal Department of Health and Human Services to collect \$2.6 million in loans previously awarded to SEEDCO.

See BEEDCO, page 3A

"Lenin bequeathed to us the principle of peaceful coexistence with states of different social systems," Chernenko said in his speech.

"In the age of nuclear weapons and super-accurate missiles, people need it as never before."

But, he said, "Some leaders of the capitalist countries, to all appearances, do not clearly realize, or do not wish to realize that."

The first high-level contact between Chernenko and the United States will come during a reception after Andropov's funeral when he was expected to briefly exchange views with Vice President George Bush.

Chemenko, quickly making his views on Soviet-U.S. relations known, said: "We need no military superiority. We do not intend to dictate our will to others."

But, he warned in words similar to those of Andropov, "We will not permit the military equilibrium, that has been achieved, to be upset. Let nobody have even the slightest doubt about that."

He vowed to strengthen Soviet military might so "that we should have enough means to cool the hot heads of militarist adventurists.

After Andropov's death, Chernenko was chosen to organize the funeral, the same appointment that preceded Andropov's elevation in Nov. 1982.

Chemenko has been a full Politburo member since 1978 after just one yeru us

Moscow Tightens Security For State Funeral Tuesday

By Anna Christensen MOSCOW (UPI) - Thousands of soldiers and policemen blocked off Red Square and tightened security in the black-shrouded capital for the arrival today of scores of foreign dignitaries, including Vice President George Bush, planning to attend the funeral of Yuri Andropov.

Andropov, who died Thursday at age 69, will become only the 11th Soviet official to be buried in the Kremlin Necropolis, taking his place next to Leonid Brezhnev, Josef Stalin, early Communist Party leaders, security police chiefs and military marshals.

On Sunday, goose-stepping soldiers surrounded Red Square and the area was cordoned off. Bus, troiley and subway services were discontinued to the city center and special passes were required to enter Revolution Square, near the House of Unions where Andropov's body was lying in state.

Preparations for the Kremlin funeral began Friday, when about 60 soldiers

were seen chipping ice from the review stand where world leaders will watch the ceremony.

Leaders of some 26 nations have announced their planned attendance at Tuesday's funeral, including Bush, British Prime Minister Margaret Thatcher, West German Chancellor Helmut Kohl. Italian President Sandro Pertini, Indian Prime Minister Indira Gandhi and Canadian Prime Minister Pierre Trudeau.

Palestine Liberation Organization chief Yasser Arafat will also be present.

Many Russians responded with anger when they were denied entrance to the heart of the city, but most never questioned the tight security.

"This is a police state," one Soviet dissident said. "Whenever anything happens, the military takes over and we are kept away."

About 5,000 workers and soldiers filed silently past Andropov's flower-decked bler every hour, bringing the total of mourners in two days to more than 100,000.

More Stores, Less Housing For Heathrow? TODAY

Consideration of a "significant" change in the master plan of the \$1 billion Heathrow residential development near Lake Mary is scheduled to highlight a Seminole County Commission workshop seasion today.

According to County Administrator T. Duncan Rose, the change is significant in that "It concerns one of the biggest developments we've ever done here" and "would change guite a bit the scope of the development."

Essentially, the change involves reducing the number of residential units in the 1,200-acre Heathrow from 4,325 to 4,080, Duncan said.

"It is my understanding that they want to exchange the housing units for commercial uses," he said. "I think plans call for a combination office-retail area."

If the change is approved, the Heathrow master plan will have to go back through the public hearing phase "because of the significance of the change," Duncan said.

A public hearing on the proposal is scheduled for Feb. 28

Heathrow is the brainchild of entrepreneur Jeno Paulucci, founder of the Chun King oriental food empire and Jeno's frozen Italian loods. As planned, Heathrow will contain homes ranging in price from \$200,000 to \$10 million on a site off Lake Mary Boulevard near Interstate 4.

Planned for the development is a country club and 18-hole golf course, restaurants, swimming complex, and shopping village. Today's meeting will be held at 3 p.m. in

room 422 of the county courthouse.

On Tuesday, at 2 p.m. in room 320 at the courthouse, commissioners are scheduled to review the latest plans for relocating county offices from the courthouse to the old Seminole Memorial Hospital.

"What we'll be doing is reviewing the concept of the move," Rose said.

The concept calls for all county departments to move from the courthouse to the hospital building, leaving the courthouse strictly for court-related offices and personnel.

The move is scheduled to take place in phases over the next four months.

In preparation for the relocation, "we've already done nearly \$1 million worth of renovation to the old hospital," Rose said, "and we'll do some renovation to this building (courthouse) but how much and what it will cost is still up for discussion." On tap for Tuesday's formal commission session, set for 9:30 a.m. in room 200 at the

5.

courthouse, is a proposal to issue \$1.25 million in industrial revenue bonds for Electone Inc., headquartered in Fern Park. which wants to use the money for land acquiattion and construction of a 35.000-square foot hearing aid manufacturing plant at the Florida Central Commerce Park on State Road 434 in Longwood.

Also Tuesday, commissioners are scheduled to consider a request for \$22,870 for computer equipment to help facilitate a transportation study, a part of which deals with the possible use of toll roads in Seminole County.

During Tuesday's public hearings, set to begin at 7 p.m. in room 200, representatives of Olin American Homes are scheduled to ask for a rezoning of 80 acres at the intersection of Dike and Dodd roads, north of Bear Gully Lake, from agricultural to Planned Unit Development for the construction of 320 housing units.

Centex Homes of Florida is making a similar request, asking for a rezoning from agricultural to single-family residential on 79 acres at Dean and McCulloch roads for the construction of an undetermined number of 1.300-square foot homes. -Britt Smith

Fees Irk, But Lake Mary **Contracts For County Water**

With a few grumbles, Lake Mary City 7 p.m. meeting particularly like the commissioners agreed at a special meet- contract, said Kathy Rice, Lake Mary Commissioners agreed at a special meeting to sign a water contract with the county and are expected to appoint a negotiating team Thursday to smooth out the contract provisions with a county negotiating team.

The commission met in special session Thursday to consider and approve a contract in which the county agrees to supply water for a new 61-house subdivision - Country Downs - located on South Country Club Road.

None of the city commissioners at the

city manager, but they agreed to sign it. The contract calls for the county to sell water wholesale to the city and the city will resell it to the residents of the aubdivision.

A \$425 connection fee will be collected by the city and turned over to the county.

Mrs. Rice said the county is expected to begin the management phase of the water-supplying operating March 1. Bee FEES, page 3A

NATION **IN BRIEF UN Force May Replace Peace-Keepers**

WASHINGTON (UPI) - The multinational peace-keeping force in Lebanon could be replaced with a United Nations force, administration officials say, but Syria first must stop "acting like a bull in a china closet."

Undersecretary of State Lawrence Eagleburger said Sunday the United Nations would find it difficult to get member nations to contribute troops for duty in Lebanon in place of peacekeepers from the United States, Italy, France and Britain.

"These countries are not going to want to put people into that maelstrom to be shot at," he said in an interview on ABC's "This Week with David Brinkley" program. "When things have stabilized, I think that then you'll find it's possible to get contributors to a U.N. force."

In Damascus, Syrian Foreign Minister Abdel Halim-Khaddam warned that Syria's patience is "not unlimited."

Eagleberger dismissed the Syrian diplomat's statement.

Nuke Protesters Arrested

NEW LONDON, Conn. (UPI) - The 33 nuclear protesters arrested during the commissioning of the nation's fourth Trident nuclear submarine, the USS Georgia, have been released after promising to appear in court March 1.

Police estimated the number of demonstrators at the commissioning Saturday at 300, including a half-dozen pro-nuclear members of the Ku Klux Klan, but reported no injuries or serious incidents.

Police arrested 33 men and women outside the Naval Underwater Systems Center on disorderly conduct charges as they tried to stop buses carrying guests to commissioning ceremonles inside the center.

No White House Reaction

WASHINGTON (UPI) - The White House had no immediate reaction today to the selection of Konstantin Chernenko as the new Soviet leader, succeeding Yuri Andropov.

But deputy press secretary Peter Roussel referred reporters to President Reagan's concillatory radio speech last Saturday in which Reagan said, "The changes in Moscow are an opportunity for both nations to examine closely the current state of our relations and to think about the future.'

The president stressed his commitment "to a serious and intensive dialogue with the Soviet Union, one aimed at building a more constructive U.S.-Soviet relationship."

Other officials indicated they expected no major changes in Soviet policy. Chernenko was closely associated with the late President Leonid Brezhnev and has been in the top Kremlin

Robber Threatens Clerk With Brick

A bandit brandishing a brick who threatened to 'smash her head," opened the cash register Ann M. Johnson was operating at Shop & Go. 9415 Forest City Road, Altamonte Springs, and took an undetermined amount of cash from the cash drawer.

The robber had a light blue T-shirt with holes cut for his eyes pulled up over his head when he entered the store at about 11:40 p.m. Sunday. He had a brick in his left hand and when Ms. Johnson hesitated when he asked for cash she said he pushed the no charge button on the register and grabbed the cash from the drawer and fam out the door, a sheriff's report said.

Ms. Johnson of 805 Woodling Place, Altamonte Springs, described the robber as 5-foot-6, and 130 pounds.

SHOTS FIRED

A Winter Springs man accused of firing two shots during a dispute in front of American Fastener. Inc., 2301 Belle Ave., Cassellberry, posted \$1,500 bond and was released from jail.

The man was charged with carrying a concealed weapon by a Casselberry officer who was responding to a disturbance call at the shooting scene at about 3:20 a.m. Saturday.

When the officer parked his patrol car and approached a group of five men one of the men reportedly said, "There's the crazy guy with the gun," indicating a man who was approaching the group.

The gunman reportedly said. "The gun is in my pants pocket." And the officer reported finding a .25 caliber automatic pistol with one round in the chamber and three in the magazine when he frisked the suspect.

The suspect said that he and three friends had been threatened earlier by 11 men and he had gone home and gotten his gun, a police report said.

heard one of his friends calling for help and he fired one store. shot into the air and a second into the ground, the report said.

Robert Carl Dambeck Jr., 22, of 581 Waldon Court, Winter Springs, was released from jail Saturday. He is scheduled to appear in court on March 3.

ARMED ROBBERY

A man brandishing a black, automatic handgun walked into the Ideal gas station at 1110 W. State Road 436. Fern City, and demanded, "Give me all the money."

Clerk David A. Offenberger, 22. of 320 Live Oak Blvd., Sanford, said he handed over about \$70 from the cash drawer to the bandit at about 9:30 p.m. Thursday, a sheriff's report said.

The thief reportedly asked. "Is that all there is?" After the clerk said yes the robber fled on foot and headed cast

The bandit, dressed in blue, was wearing a knit hat, a scarf, a denim jacket and jeans. The sheriff's report said he is about 6-feet tall and weighs about 150 pounds.

BURGLARIES

A thief ransacked the home of Charles Earl Beard, 51, of 409 W. Crystal Drive, Sanford, between 4:34 and 6:36 p.m. Thursday took \$785 worth of firearms, a video recorder valued at \$575 and other items.

The thief entered the house through a bathroom window, a sheriff's report said.

William Sumpler Jr., of 235 Howard Blvd., Longwood. reported that someone forced a sliding glass door of his home open, entered, ransacked the master bedroom and took about \$825 worth of items including a television and a clock radio.

and 2 a.m. Friday, a sheriff's report said.

A thief cut through a lock on a sliding glass door and Winter Springs, at 12:35 a.m. Saturday after a highway entered William's Heating and Air Conditioning on State patrolman clocked his car traveling at 100 mph on U.S. Road 426, Geneva, and took a typewriter, a television, a copy machine and a phone with a total value of \$2,400. The break-in occurred between 10:30 a.m. and 2 p.m.,

Brett David Landsberg. 20, of 351 Howard Blvd., Longwood, reported that someone took a stereo radio-tape player, speakers, a cigarette lighter, a CB radio and other items from his car which was parked for repairs at the Mobile Station at State Road 434 and Interstate 4, Longwood.

The theft occurred between Jan. 30 and Thursday and the thiel may have used a key left with station personnel to enter the car, a sheriff's report said.

RETURNED

A Winter Park man arrested in Stuben County, New York, on a grand theft charge stemming from a Casselberry theft case, which netted \$30,000 in jewelry and other items, is being held in the Seminole County iail in lieu of \$5,000 bond.

The man fled to New York after a juvenile babysitter allegedly named him as the man who robbed her employers, Colleen and Roger Murray, 310 San Thomas Drive, on Jan. 23.

The girl was charged with grand theft and released to the custody of her parents, for allegedly allowing the When the suspect returned to the scene he said he man to enter the Murray home while she went to the

> New York police had been alerted that the suspect might be in that area and he was arrested in Corning. N.Y. on Jan. 25. A Cocoa man, who also allegedly took part in the theft was arrested after the Winter Park man was picked up. And the second suspect. Steven Tagge. 22. reportedly told officers where most of the stolen Items could be found.

> When a Seminole County sheriff's deputy Barry Maughan picked up Michael S. Smith, 18, of 228 Loch Lomond Drive, Winter Park, at the Stuben County jail Friday he also received an inventory and evidence related to the case from New Your authorities, a sheriff's report said.

BATTERY TO COP

A Sanford man charged with disorderly intoxication. resisting arrest with violence and battery to a police officer is being held in the Seminole County jail in lieu of \$5.000 bond.

An officer responding to a disturbance call at the Barn. U.S. Highway 17-92, Sanford, tracked the suspect, who was accused of causing a problem in the parking lot of the bar, to the Little Champ parking lot at 20th Street and U.S. 17-92, Sanford. The suspect had been stopped by a second officer and when the lawmen confronted the suspect he became aggressive and violent, a police report said.

The man who continued to fight after he was charged was hogtled by the officers and transported to the Seminole County Jail. The suspect allegdely kicked the officers and a patrol car in the fight.

Donald Carl Jr., 23, of Marine Isle Camp. Sanford was arrested at 2:17 a.m. Saturday.

DUI ARRESTS

The break-in occurred beetween 8:30 p.m. Thursday The following persons have been arested in Seminole County on a charge of driving under the influence: --Stanley Richard Kowalczyk, of 402 Edwin

in an accident on Red Bug Road just east of Casselberry. --Brian Keith Kettlehut, 27, Deltona, at 12:54 a.m. Saturday after his car was involved in an accident on U.S. Highway 17-92 at 25th Street, Sanford.

--Clayton Nicholas Beil, 19, Orlando, at 4:15 a.m. Saturday, after his car was seen speeding and weaving on Red Bug Road, Casselberry.

CASES DISMISSED

The following people, arrested on various charges in Seminole County, have had the cases against them in circuit court dismissed.

-Dennis Williams, 57, of 702 Brentwood Ave., Altamonte Springs, charged with aggravated assault. -John Charles Hudson, 19, of 862 Woodside Road, Maitland, charged with grand theft of a vehicle, running a red light, and violation of driver license restrictions.

-Jimmy Lewis Williams, 20, of 1020 Bay Ave., Sanford, charged with resisting arrest with violence, battery on a law enforcement officer, and disorderly conduct.

-Guillermo Deleon, 40, of 275 E. Constance Road, DeBary, charged with grand theft. -Johnnie Leon Boubede, 30, of Wimanma, Fla... charged with possession of a controlled substance. marijuana, pills and capsules.

-Donna A. Vining, 18, Land O' Lakes, charged with grand theft of a vehicle.

BURGLARIES

Robert Whitaker, 45, of 207 Ridge Road, Longwood, reported that someone entered his home through an unlocked front door between 12:15 a.m. Wednesday and 8:45 a.m. Thursday and took seven guns with a total value of \$3,000, a sheriff's report said.

William Schrader, 53, of Deltona, reported that someone broke in through the front door of a house owned by Bear Gulley Partnership, 317 Whooping Loop, Altamonte Springs, and took a washer and dryer with a combined value of \$535. The items were removed from the unoccupied house at 5454 Bracken Court, Winter Park sometime Wednesday or Thursday, a sheriff's report said.

Two \$300 rifles and a silver plated tea service valued at \$50 were taken by a thief who removed the glass from a den window and entered the home of Riley Wood, 49. at 581 State Road 419, Winter Springs, between 10 a.m. and 12:25 p.m. Thursday, a sheriff's report said.

Henry Bauman Van Twyver, 45, Geneva Woods. Oviedo, reported that a thief took a \$500 stereo, a \$250 turntable, a \$308 cassette player, a \$300 rifle and a \$200 shotgun from his home. The break-in occurred between 11 a.m. and 7:58 p.m. Thursday, a sheriff's report said.

Sanford Chamber Meeting

The Greater Sanford Chamber of Commerce will hold its annual membership drive breakfast at 8 p.m. Tuesday at the chamber of commerce offices.

Chamber President Jack Horner said the organization's goal for 1984 is to have a total membership of 1,200. Today's membership totals 1,082, Horner said.

The breakfast meeting Tuesday is open to the public, Horner said, and will include membership teams and team captains.

FLORIDA **IN BRIEF**

Paper: Cash Register Justice Is Unprofitable

PUNTA GORDA. (UPI) - A judge and prosecutor say they frown on a Charlotte County Sheriff's Department practice of offering to sell drugs to would be buyers and then confiscating their money, a copyright article in the St. Petersburg Times says.

The officials say the reverse stings have made the sheriff's department thousands of dollars since they were made legal in 1981, but the operations have produced little in the way of convictions against major drug dealers.

Charlotte County Circuit Judge Richard Stanley in 1982 refused to allow as evidence the testimony of two confidential informants who were paid more than \$8,700 to set up a reverse sting that netted the sheriff's department \$52,095.

"The potential for abuse for the compensatorial arrangement ... is so great as to shock the conscience of the court and ... cast a cloud upon the defendants' constitutional rights to due process and a fair and equitable trial," the judge wrote.

Murderer Kills Himself

KISSIMMEE, (UPI) - An elderly man who was sentenced to life in prison for murdering his wife killed himself in his jail cell after leaving a note proclaiming his innocence.

Ben Bjalme, 67, of St. Cloud, was found lying in a pool of blood on his cot in the Osceola County Jall at 8:40 p.m. Friday, about six hours after a jury found him guilty of murdering his wife, said Capt. Lee Watko of the Osceola County Sheriff's Department.

Before he died. Bjalme left a note for his daughter, Nora Lee Drexler, of Erie, Pa., stating that he "was innocent and didn't do it. He hoped she'd understand." Watko said.

Bjalme, a former member of the St. Cloud Planning Board, used a disposable razor blade to slash the groin artery near his right leg. Watko said. The blade was a standard toiletry item given to prisoners, he said.

WORLD **IN BRIEF** Americans Evacuated Out **Of Beirut Eye Next Move**

LARNACA, Cyprus (UPI) - Many Americans acuated from Lebanon in shipe ters over the weekend are weighing the possibility of returning to their homes in Bel. st as fighting there apparently died down.

Some 350 U.S. citizens were among the 905 people brought to safety in the U.S. evacuation but few saw their abrupt exit as final.

"What are you hearing from Belrut?" American Lacy Wadik asked a reporter Sunday as she stepped off a flat-bottomed U.S. Navy landing craft that ferried the evacuees from the USS Fort Snelling, anchored just outside Larnaca's port.

On hearing the city was relatively quiet Sunday and reporters were hoping to take a commerical ferry back later in the day, Mrs. Wadik immediately asked "Can we join you?"

Gemayel Won't Resign

BEIRUT, Lebanon (UPI) - President Amin Gemayel said he would not give in to calls for his resignation Sunday as the first Red Cross convoy made it into West Beirut with supplies of food and medicine.

Saudi Arabia's Lebanon mediator, Rafik Hariri, flew back to Riyadh Sunday after 24 hours' shuttling between leaders on both sides of the capital in hopes of ending their civil war.

"There is no Saudi plan, and nothing that Hariri brings is new," said Lebanese Foreign Minister Elle Salem. He said he still hoped Hariri could initiate a dialogue with Lebanon's neighbor, Syria.

In other developments, both the United States and Damascus said they were studying a French proposal that U.N. troops be used to replace the four-nation peackeeping force and a Red Cross convoy brought emergency medical supplies and some food into Moslem-held West Beirut.

But the Syrians demanded the immediate withdrawal of all U.S., French, British and Italian troops as well as the withdrawal of Israeli forces and the abrogation of Lebanon's May 17 accord with the Jewish state.

Hussein, Reagan To Meet

(UPI) - President Reagan today opens two days of urgent talks with Jordan's King Hussein and Egyptian President Hosni Mubarak. searching for new solutions to his most vexing foreign policy problem - Lebanon.

The search intensified following his announcement last week that most of the 1,500 Marines in Lebanon will be moved to ships offshore and the later, confusing explanations of U.S. policy.

As Reagan returned Sunday from a five-day birthday vacation in California, presidential spokesman Larry Speakes signaled greater flexibility in contemplating the next moves in Lebanon.

Next Launch April 4 Shuttle Is In Good Shape

confiden- problems with Challenger's fragile \$100 million mechanical arm will be worked out in plenty of time for the shuttle's return to space in April.

A "very clean" Challenger glided to Earth with only minor damage from its flery plunge from orbit and Bob Webster, Kennedy Space Center landing director, said Sunday the shuttle should be ready to blast off again npui 4.

The 100-ton orbiter made a pinpoint landing early Saturday at the spaceport's 3-mile-long runway - the first shuttle in 10 flights to touch down at the sprawling seaside launch complex.

"When we open the payload bay this evening we will be doing a special inspection of the cargo support equipment," Webster said. "We will probably have access (to the arm) by Monday or Tuesday at the latest.

"I would imagine that due to the in-flight anomaly some of the plans on that trouble shooting are still being worked out. But I would imagine we'll be looking at the arm next week."

The failure of the shuttle's Canadian-built mechanical arm, which malfunctioned in orbit Thursday, was one of homes Sunday.

CAPE CANAVERAL. (UPI) - Technicians are 25 in-flight problems that cropped up during Challenger seight-day mission.

The robot arm was to have been used to pick up a mock satellite in the spaceplane's cargo bay and spin it. giving spacewalkers Bruce McCandless and Robert Stewart a moving target to practice docking with.

The spindly 50-foot-long arm is vital to the April mission, in which the crippled Solar Max satellite is to be repaired in orbit. The arm will be needed to grappie the ailing sun observatory and lower it into the shuttle's cargo bay for repairs.

Webster said ground crews will spend the next few days unstowing equipment in the payload bay that is not needed on the next flight and will begin checking out the orbiter's main engines and other systems for the April mission.

"Given the condition of the vehicle, we don't see any problems with that," Webster said. "We're very confident right now."

The five astronauts who landed the ship Saturday flew back to Houston later in the day and relaxed at their

to resisting arrest when a Sanford officer took him into custody after a computer check showed the man court record states that Lopez wrote was wanted.

Terrance Kenneth Hill, 19, of 508 E. 4th St., Sanford, was sentenced last week to the charge of resisting arrest. The state then decided not to prosecute the charge of battery on a law enforcement officer.

According to court records, on the night of Sept. 28, a computer check showed Hill to be wanted on a warrant. The charge was not specified in the court file. When the officer took Hill into custody, he reportedly struck the officer. A.B. McGili, with his hands or fists.

Hill was placed on five years of probation by Circuit Judge Robert McGregor and must make restitution to the office for a damaged watch.

Hill could have received between two and five years in prison.

In other court action, several defendants have pleaded guilty or no contest to charges and have had a sentencing date set.

-Walter Joseph Roskosky, 21. of 1510 Gold Trail, Deltona, will receive probation April 16, 9 a.m., for the theft of a car July 31.

According to court records. Roskosky took a 1983 Chevrolet gold chain from a man Aug. 1, at from Brownie Blazak. 604 San 12:46 p.m. He had been charged Sebation Court, Altamonte Springs. Roskosky is out of jail on \$5,000

According to court records. sheriff's agents arrested Bridgman and Lynn after they arranged a "buy" of cocaine at the Live Oak Center, June 21.

At their trial, the pair admitted to having cocaine but less than 28 grams which constitutes trafficking rather than possession and thus harsher sentences.

They don't even ask you to Trafficking cocaine is a felony take their word for it. They invite you to try the treatment for 32 days, at their risk, and

Campaign Attacks 'Trash': Mondale

Monday, Feb. 13, 1984-3A

Evening Herald, Sanford, Fl.

DES MOINES. Iowa (UPI) - Democratic frontrunner Walter Mondale has shrugged off the latest barrage of attacks on his campaign as "trash" thrown by rivals struggling to catch up.

Sen. John Glenn led the attack on Mondale when he charged over the weekend that Mondale was making illegal use of labor money.

Glenn accused Mondale of taking a \$43,700 fee for lobbying for anti-consumer legislation and said he was "misleading the American people" on where he stood on four key issues as vice president.

Glenn is behind but closest to Mondale in the polls for next Monday's Iowa precinct caucuses - the first time Democrats will have a chance to vote on who they want to be their presidential candidate.

Mondale denied the specific charges, acted insulted that his integrity was being challenged then wrote the whole thing off as late-inning political rheloric.

Americans Win Gold, Silver

SARAJEVO. Yugoslavia (UPI) - Debbie Armstrong and Christin Cooper survived hair-raising second runs down Jahorina today, giving the United States a thundering success in the opening of the Olympic Alpine competition with gold and silver medals in the women's giant slalom.

It was the best finish ever for United States skiers in Olympic competition and the Americans narrowly missed a clean sweep as Tamara McKinney of Squaw Valley, Calif. finished fourth, just 44-100ths of a second behind Perrine Pelen of France, who won the brouze.

The shocking upset opened the weather-scarred alpine; program in spectacular style and came just hours after; Kitty and Peter Carruthers Ignited the United States; Olympic turnaround Sunday night with a silver medal In the pairs figure skating competition. John reportedly met Ms. Blauel while recording his latest album. "Too Low for Zero," on the Caribbean island of Montserrat, 18 months ago. She was a recording engineer working on the album.

Customs Arrests Chinese Smuggling Missile Electronics

NEW YORK (UPI) - The first foreign agents ever captured while trying to smuggle sensitive electronic equipment out of the country are facing arraignment in a federal court. U.S. Customs officais said.

The five agents - two Chinese citizens and three Chinese-born Americans - were arrested in New Jersey Sunday after allegedly trying to purchase \$1 million worth of devices used to direct guided missiles to their largets.

, Had the conspirators been able to purchase everything on their shopping list, officials said, they would have smuggled \$1 billion worth of electronics to China.

"It's the first time in the New York area that we've over seized anything like this," said Michael Kaufman, a Gustoms spokesman.

He said the five were arrested as they attempted to smuggle equipment that could be used in a missile guidance system "which would have ultimately ended up in the People's Republic of China."

Kaufman said the devices the five were accused of trying to remove from the country were called transverse wave amplifiers and cost \$10,000 each.

In addition to being able to direct guided missiles, he said, the devices can also be used to detect incoming guided missiles and artillery and to jam incoming missiles.

: All of the devices are about the size of a loaf of bread and are sold only to NATO countries.

Arthur Stiffel. Customs Special Agent in New Jersey, said the case does not represent the first time agents tried to smuggle sensitive equipment out of the country. But he said it was the first time the suspected agents were caught while in the act.

In all the other cases, he said, the agents escaped by the time authorities broke their rings.

Authorities said the central figure in the conspiracy -38-year-old Kuang-Shin LinLin of Lincroft. N.J. - was once employed as an electronic engineer.

Continued from page 1A

The federal agency a year ago declared the principal of the loans immediately due and payable. SEEDCO filed a suit for injunctive relief from the HHS declaration.

A week ago HHS filed suit in federal court demanding full payment of the loans.

Orr has said that payments on the loans are current and that the money is not due until the late 1980's.

Some \$2 million of the loans was used to fund a Dade County project to provide housing for migrant workers and \$600,000 was invested in a corporation to develop scaplanes. Orr said. He said the federal loans were approved for the specific purposes to which they were used. -Donna Estes

Don't Sneer At Deficit 'Down'

The Democrats in Congress are bridling at President Reagan's suggestion that a bipartisan negotiating group be formed to seek budget cuts and revenue increases enough to make a cumulative \$100 billion reduction in the federal budget deficits over the next three years.

The president called it a down payment on the deficit. That it is, a little down on a big bill.

But every little bit helps. And, considering that this is an election year, there is no reason to believe that anything more substantial can be accomplished toward deficit reduction. Candidates running for re-election don't like having to defend benefit cuts or tax increases when they meet the voters.

It is clear that the heavy actions will have to wait until next year, after the election. But that is no reason to postpone a small beginning. There is no feasible alternative. The Democrats should quit hanging back.

They call this "down payment" proposal cosmetic. Their motive is clear. It is to make sure President Reagan is burdened to the maximum extent politically possible with responsibility for the large deficits, as he seeks re-election.

When the president asserts the prospect of huge deficits is unacceptable, only a few days after proposing a budget which would perpetuate them. the political game is being played on both sides.

If the president's own budget figures are accepted, the country will go into debt by another trillion by 1990. That prospect is intolerable, the president and Congress and thoughtful citizens would agree. We cannot live with such fiscal irresponsibility, and we must not delay the steps that have to be taken, no matter how painful, no matter how difficult, no matter how unpopular, no matter how small.

Partisanship must yield to statesmanship when a matter of such serious importance to the entire nation is involved. The deficits are threatening to undetermine our economic recovery. They must be reduced, whenever and however, and we cannot afford to let any opportunity slip.

No Substitutes

Keep an eye on the immigration bill soon to be submitted to Congress by the Hispanic Caucus. Its passage would torpedo the only real immigration reform the United States has been offered during the last 20 years - the Simpson-Mazzoli bill. The Hispanic Caucus' bill would eliminate two necessary provisions of Simpson-Mazzoli - sanctions against employers who knowingly hire illegal aliens and development of a worker identification system. The caucus contends these provisions would increase discrimination against Hispanic job applicants. The fact is that Simpson-Mazzoli is not aimed at any group; Its sole purpose is to control illegal immigration. The most effective way to keep illegal aliens out of American jobs is to penalize the employers who hire them. And any significant reduction in the number of illegal aliens will reduce the suspicion attached to innocent Hispanic-American workers. Likewise, an identification system verifying a person's legal status would also alleviate suspicion, and hence, discrimination. The Hispanic Caucus even threatens to punish congressmen who oppose its legislation through bloc-voting Hispanics. We have reason to doubt the effectiveness of such a threat. Simpson-Mazzoli is not anti-Hispanic. It grants amnesty to undocumented aliens who have established permanent homes in this country. And it would continue to allow Mexican workers access to temporary jobs in the United States. Moreover, polls show that 65 percent of Hispanic voters favor employer sanctions and 75 percent favor immigration reform. Simpson-Mazzoli enjoys wide-spread, bipartisan support. It passed the Senate by an incredibly lopsided 81 to 18 vote and gathered enough, backers to force House Speaker Thomas P. (Tip) O'Nelli to schedule it for a vote before the House. Its passage is vital. A watered-down substitute won't do.

By Donna Estes

"Floridians for Tax Relief"- an organization pushing the adoption by the voters at the November general election of so-called Proposition 1 - has opened a state headquarters in St. Petersburg.

Lake County Property Appraiser Ed Havill, who authored the proposed constitutional amendment, also known as the "Citizens Choice Amendment," and organized the petition drive to have it placed on the ballot, is co-chairman of the organization.

"For the first time we will now be able to, maintunicate and coordinate tax relief on a statewide basis." Havili said.

The office at 6831 4the Street in St. Petersburg has a three-member staff.

Havill said presently "several elected officials have turned bureaucrats loose to confuse and scare the public."

"This new office will be the focal point for truth as well as representing the rights of the taxpayer." Havill said.

Representatives of the Seminole County Commission, the Seminole School Board and the county's seven citles, who are part of a special committee, said recently that Proposition 1 will cost those local governments more than \$48 million the first year It is in effect.

The amendment calls for a re"back in taxes and fees by state, county, schools and city governments to their 1980-81 level. Increases of taxes and fees annually will be permitted pegged to the consumer price index or up to 5 percent annually. Anything over the 5 percent would have to go to a vote of the people for approval.

The special committee of the Council of Local Governments in Seminole County is slated to report the findings in its study of Proposition 1 to the organization in early March.

Last week, the county school board told its legislative lobbyist, Carey Ferrell, to put Proposition 1 near the top of his list for topics to oppose in Tallahassee while he is there during the 1984 legislative session scheduled to begin in April.

Ferrell, who is also the school system's ascintant superintendent for business and finance, worked for 12 years with the state Department of Education prior to coming to Seminole County.

His job there was director of the division of public schools and one of his primary responsibilities was as a registered lobbyist for the state department.

So, he should be a potent advocate as well as strong adversary in Tallahassee.

WASHINGTON WORLD Reagan **Still** Vulnerable

By Clay F. Richards **UPI Political Writer**

WASHINGTON (UPI) - Taking the Marines out of Lebanon and apparently out of danger provides a short-term political gain for President Reagan, but It may turn into a long-term ltability.

Certainly if American soldiers were to continue dying in Lebanon through election day, Reagan would suffer worse damage. But the pullout does not end Reagan's vulnerability in the foreign policy area.

The presence of American troops in Lebanon - and the continued deaths was the political lightning rod for a number of military and foreign policy issues that Democrats will use against Reagan in the campaign.

Voters may have difficulty understanding whether we are doing the right thing in Central America, or how many missiles are enough and how many are overkill. But to many of those same voters, the death of one American on foreign soil is the wrong policy. especially when they don't understand why the Marines are there in the first place.

So it will be harder for the Democrats to get at Reagan, but they feel he still has many areas of vulnerability.

First, they argue that Reagan's decision to remove the troops shows that he had no clear policy in the Middle East and that he didn't have all the facts when he sent them in.

Then they will argue that the decision came too late for the more than 260 Marines who died in Lebanon. The mission in Central America, and possi blc solutions, is equally unclear.

FARMING WORLD **Milking Fewer Cows?** By Sonja Hillgren

UPI Farm Editor

WASHINGTON (UPI) - Agriculture Sceretary John Block believes a disappointing number of farmers have agreed to reduce surplus dairy production simply because dairy producers are unaccustomed to this kind of government program.

He said grain farmers are used to signing up for programs in which they promise to reduce production in return for government benefits.

The dairy law enacted by Congress last year created the first dairy program ever for paying farmers to milk fewer COWS.

enrolled if the program had been longer. "That is what I hear 80 percent of the

Block disagreed, saying a longer program would tie farmers' hands even more, so a shorter obligation was preferable.

farmers will be pushed out of business in coming years, and Block responded that he believed there would not be new people jumping into the business.

we're going to have to cut 10 percent of production." Block said

people and aggravate high blood pre-ssure in people who already have it." Anacin, the over-the-counter bestseller that brought in \$112 million last year, and Excedrin. fifth with retail sales of \$56 million, contain only one safe and effective ingredient - aspirin. said Wolfe, a Washington, D.C., in-" ternist, lecturer and author.

The Democrats will speed up their attack on Reagan for failing to reach an agreement with the Soviets on an arms limitation treaty.

So there are many long-range benefits the Democrats will receive in return for the short-range plus Reagan should get in the polls for taking the troops out of Lebanon.

But the Democrats aren't home free on the foreign policy front. The same polls that show voters are concerned Reagan is pursuing a foreign and military policy that is more likely to get us into war also show some other interesting results.

Those polls give Reagan credit for taking decisive action, for not waiting until it is too late as President Carter did when the Americans were taken hostage in Iran.

And those polls show the voters do not feel the Democrats have any better plan for solving the problems in the Middle East or Central America.

Walter Mondaie, the likely Democratic nominee, says he would have a yearly summit meeting with the Soviets. The public says it has no confidence that a summit meeting would do any good.

If the Democrats are going to successfully exploit Reagan's vulnerabilities on foreign and military policy, it is going to require a strong yet simply understandable new program. Such a program has yet to emerge.

Block addressed the issue last week at a hearing of Congress' Joint Economic Committee. Earlier last week, the Agriculture Department announced that only 12 percent of the nation's dairy farmers. or 37,530 producers of 303.580, had signed contracts to reduce. the amount of milk their cows produce.

They agreed to reduce milk production by only 5.5 percent, much less than the 10 percent reduction Block said was needed to bring supply in line with demand.

The government had promised to pay dairy farmers \$10 for every 100 pounds of milk not produced. Because the signup was so small, the payments will be covered by assessments of all dairy farmers of 50 cents for every 100 pounds of milk produced.

Previously, officials had believed that the government would have to assume part of the cost of paying farmers to reduce milk production.

Block, who produces hogs, corn and soybeans on his illinois farm, said it was natural for dairymen to want to maintain their current labor force, equipment and herd size, just as it would be for hog producers, who also are unaccustomed to programs giving them benefits, to cut back.

"You don't like to go in and make a change." he said. He said farmers believe signing a government contract ties their hands in the future so they lose flexibility.

Block was queried about the issue by Rep. David Obey, D-Wis., who said Wisconsin farmers told him the 15month duration of the program was too

bought 12.3 percent of dairy products produced in the United States, an increase over a 10.7 percent rate in 1982.

Last year, the Agriculture Department

Block said he assumes that government dairy purchases will continue to be excessive because the program is going to cut production by less than anticipated.

Thus, he said, it is likely the Agriculture Department will reduce the milk price support by 50 cents in April 1985 and by another 50 cents in July 1985, as provided by last year's law.

The support level already was reduced by 50 cents to \$12.60 per 100 pounds of milk at the beginning of the current dairy program.

Block said he doubted if Congress would be willing to try another approach to the dairy problem this year after having worked on it for three years. He said Congress will wait to include new dairy provisions in the 1985 farm bill that replaces the 1981 act.

Block said one option for reducing dairy overproduction would be to put more government controls on what individual dairy farmers can produce. But if the price support were reduced. necessary adjustments would take place, he said.

The milk price support level should be a safety net but should be lower than a level that creates excessive production. he said.

Under the dairy program, the government buys dairy products not sold commercially to keep market prices at the level of the milk price support.

Drug companies disagree with Wolfe's accusations.

Jack Walden, senior vice president of Proprietary Association in Washington, a 103-year-old trade association representing over-the-counter drug manufacturers, called Wolfe's claims "deceptive."

Wolfe recommended families stock up on the following:

-Generic aspirin, costing 79 to 99 cents per 100 tablets vs. about \$3 for brand-name aspirin products.

-Generic acetaminophin, a nonaspirin used in Tylenol and Datril and selling at \$1.79 or about half the brand-name drug price.

-Nose drops or spray for congestion. -Dextramethorphan, sometimes marked "DM" on the box, for dry coughs. "No medicine should be used for a loose cough, which is part of, healing." Wolfe said.

-Generic chlorpheniramine maleate for allergies.

-Baking soda for upset stomach. Alka Seltzer "is essentially baking soda and aspirin" - which as an antacid can be hazardous to an already irritated. stomach.

-Petroleum jelly for minor skin irritation along with soap and water, in place of antibiotic ointments like Neosporin.

JACK ANDERSON Synfuels' Project Reported Unsound

serious second thoughts about the \$15 billion blank check it gave the U.S. Synthetic Fuels Corp. to develop new sources of energy. After nearly four years of lavish sightsceing and study. the highly paid Synfuels boondogglers have yet to produce the first erg of energy from alternative fuels.

Rep. Howard Wolpe, D-Mich., has introduced a bill that would stop further Synfuels grants until Congress has had a chance to sort out the agency's obvious problems. About 100 House members have co-sponsored the bill.

In addition, the House Energy and Commerce Committee is planning moves to curb the Synfuels spendthrifts. Unfortunately, these good intentions may come too late to save the taxpayers much money. The SFC is planning to spend at least \$10 billion by the end of the year.

What makes this rush to dole out the billions particularly outrageous is that the corporation has said it may not

and the second of the second s

WASHINGTON - Congress is having submit a comprehensive strategy plan to Congress this year, as required by law. This means that the lawmakers will have no control over the kinds of projects Synfuels is pumping its money Into.

It also means that the projects may not get the close scrutiny they should have if they are to avoid harm to the environment. Internal SFC documents obtained by my associates Corky Johnson and John Dillon provide a shocking example of the agency's apparent indifference to environmental considerations.

The project involves peat mining on North Carolina's coastal wetlands by First Colony, whose partners include CIA Director William Casey and other influential Republicans. The peat would be synthesized into methanol gas.

The project will start out as a relatively small pilot plant, which the SFC staff believes will have little impact on the environment. But the obvious point of Synfuels' \$450 million invest-

ment is to create a large- commercial operation - and that's a different story.

'(The) site has available land for 10-fold expansion of the plant," a staff evaluation points out, "but a great many environmental issues will require resolution."

It's not weekend anglers they're talking about. The wetlands that would be affected by the peat project provide a livelihood for commercial flahermen and associated workers.

Noting that the wetlands are "environmentally sensitive," the staff cited an independent study that warned: "A large-scale peat harvesting operation has the potential for impacting local air quality, water quality and biological systems."

Dust emissions alone from the synthesizing factory could push air quality over the danger level, according to SFC staff documents. Expanding the operation as planned would spew unsafe quantities of sulphur dioxide into the air.

in addition, runoff from the peat mining would increase mercury levels in the water and polson the fish, while solid wastes produced by the plant could leak cyanide into the ground water, the staff warned.

Despite the risks, the Army Corps of Engineers and the Environmental Protection Agency, which have jurisdiction over the weilands, have given First Colony permission to go ahead. Synfuels officials insist that steps will be taken to protect the environment.

The crusher is this: The whole project may be as economically unsound as it is environmentally dangerous. "Significance of peat is limited by environmental factors and by its unpromising economics relative to coal." the SFC staff concluded.

Footnote: The Washington-based Environmental Policy Center has filed a class-action suit against the First Colony project, naming EPA and the Army Corps of Engineers as defendants.

Evening Herald, Sanford, Fl. Monday, Feb. 13, 1984-SA

Payton Lives Up To Billing As Raiders Top VCC

By Sam Cook Herald Sports Editor

ORLANDO - SCC guard Jimmy Payton was named to the Junior College All-State Basketball Team Friday - and Saturday he went out and played up to his new billing.

Payton, a 6-0 sophomore guard who played at Spruce Creek, hit seven straight second-half field goal attempts and tossed in nine free throws for good measure as the Raiders posted their sixtli straight win - a hard-earned 92-84 victory over Valencia at the VCC gym.

The victory keeps the Raiders on the heels of front-running Florida Junior College and makes Wednesday's 7:30 p.m. meeting at the SCC Health Center with FJC that much more critical. Florida Junior whipped Daytona Beach Saturday to lift it: moord to 9-1. SCC, 20-9, is 8-2 in the Mid-Florida Conference race. There are four games remaining.

Payton, who had been nursing a pulled wisdom tooth and a sore ankle most of the week, was spectacular down the stretch. He

overshadowed a tremendous shooting effort by fellow all-star Cleve Williams, who finished with 40 points.

"I was looking forward to playing Cleve." Payton said about the state's Player of the Year. "We tried everybody on him the first half and it didn't help, so I told coach to 'let me have him.' I play pretty good defensive, too, you know."

Williams was awesome in the first 20 minutes. The 6-3 guard hit 10 of 12 floor shots from a variety of angles for 25 points. His jump hook from the free throw line sent VCC into the locker room with 47-38 lead.

"We wanted to hold Cleve and (Tony) Fluker to 50 points." said SCC coach Bill Payne about the dynamic duo. "But they got ain ost that many (39) in the first half alone. Then we decided to stick Jimmy on Williams."

After Williams banked home his first two second-half shots, Payton stuck like glue. He denied him the ball and tried to keep Williams away from his favorite wing areas. The freshman from Orlando Evans could finished with a career-high 33 points and manage just 6 of 19 field goals in the final

J.C. Basketball

20 minutes.

Still, the Matadors increased their lead to 11 points early in the half before Payton started to roll offensively. The gritty guard had 10 points in the first half, but it was just a foreshadow of things to come.

Atter Fred Davis blew an easy dunk and was nailed with a technical for grasping the rim, SCC put it together. Mike Tolbert tossed in a jumper. Payton did the same and Artis Johnson muscled inside to cut the lead to 51-49.

Valencia then went to a spread offense with 15 minutes to play, but it didn't help. "They just played too good defensively," moaned VCC coach Tom Garcia. "And Payton was superb. We couldn't stop him."

A pair of Jumpers by Linny Grace and Tolbert drew the Raiders even at 57 before Payton broke the deadlock with a free throw on another technical (six players on the court). Payton then threw in two long

jumpers to push SCC up by five. "I always knew I could shoot." said Payton who confined his duties to playmaking last year and earlier this year. "But Luis Phelps and Delvin Everett are our big guns and it's my job to get them the ball, too."

He did both very well down the stretch. Payton scored on a drive with 6:10 to go for a 74-66 lead. He hit another jumper with 5:12 to play for a nine-point lead. His two free throws at 3:45 kept the margin at seven points before he added another free throw and Grace hit two charity tosses for an 82-72 buildge with 2:26 to play.

VCC, however, refused to fold. Ted Brown, Davis and Williams poured in six straight points to pare the advantage to six points. Payton finally missed a shot on a breakway, but 6-8 Stuart Smith hustled downcourt and tipped in the rebound to put the game out of reach. 88-80.

Payton was also a defensive whiz, drawing two charging fouls and coming up with five steals. "We had 17 assists, too," said assistant coach Dean Smith. "We worked

the ball around real well." Grace finished with 5 point and five assists while Tolbert added three assists.

Bonnett's Bud Claims Busch

DAYTONA BEACH - Neil Bonnett made it two wins in a row Sunday as he took the Busch Clash of '84 at Daytona International Speedway. Bonnett, winner of last year's Clash, put his Budweiser Chevrolet into the lead on the backstretch on the final lap. Right behind him was the Hardees Chevrolet of Cale Yarborough as It shot past early leader Buddy Baker.

Baker jumped into the lead on the first lap and held it until Bonnett overtook him. Baker had earlier said, "One thing's for sure. I won't be leading on the white flag lap. I figure the guy who's leading that lap will finish sixth or seventh.

A number of times he slowed down during the race hoping to have Bonnett go by, but Bonnett said, "The only way I was going to go by him was on the last lap or if he went into the pits."

Bonnett ran a perfect race all day as he was in second after the first lap and said, "only a buildozer could have sotten me out of there." The race was run in 15 minutes and 33 seconds at an average speed of 192.926 mph. Bonnett collected \$50,000 for his efforts.

On lap 16 Ricky Rudd crashed coming off of turn four is he spun the car and flipped at least five times. Rudd was taken to Halifax Hospital with bruises and chest pains, but otherwise was all right.

The Grand National cars started the day off with qualifying and Cale Yarborough set a new track record as he nailed down the pole position with a speed of 201.849 mph. Terry Labonte took the outside pole as he turned 200.352 mph. Third fastest was David Pearson at 199.102 mph and fourth fastest, the car of Benny Parsons with a speed of 199.318 mph. The final event of the day was won by local racer Rick Wilson, as he took the checkered flag in the ARCA 200. Wilson, of Bartow, is a regular at the New Smyrna Speedway. It was a battle between Wilson and Davev Allison throughout most of the race as they swapped the lead time after time. On lap 60, Allison had a tire go down and spun in the fourth turn. Wilson was then able to take the lead for the biggest win of his career. Ramo Stott took second with Billy Harvey taking third and Allison managing to work his way back to fourth. - Carl Vanzura

Abernethy's Defensive Gem Lifts Lyman To District Title

By Chris Fister Herald Sports Writer

In the game of soccer, the players who score the goals, and the goal keepers who prevent them are usually the more notable players. Those who play defense or midfield are often overlooked. However, Lyman midfielder Karen Abernethy certainly didn't go unnoticed Saturday. especially to Lake Brantley's Lady Patri-

The ever-present Abernethy con-stantly prevented Lake Brantley from pushing toward the goal and kept the ball on Lyman's offensive half of the field. Once Lyman had the ball in scoring position it wasted no time in lighting up the scoreboard as three different players scored two goals apiece to lead Lyman to a 6-0 rout of Lake Brantley in the 4A District 9 championship match at Lake Mary High.

"I'm very proud of the girls." Lyman coach Cathie Weil said. "They played an excellent game.'

Lyman, 19-0, now goes on to the regional title match this Saturday at Vero Beach. Lake Brantley ended a fine

season with a 13-4 record. Lake Brantley had the ball in scoring

Prep Soccer

The Lady Patriots found it next to impossible to get past Abernethy and Lyman's midfield and took just one shot on goal in the entire first half. The Lady Greyhounds built a 2-0 lead 10 minutes into the game as Alyson Barnes fired in a shot on a nice feed from Sheila Mandy.

Nancy VanVoorhis scored the next two goals for the Lady Greyhounds, the first on a deflection from a Lake Brantley defender and the second on a shot that hit the cross bar on top of the goal. bounced down and into the goal. VanVoorhis' second goal gave Lyman a commanding 4-0 lead at halftime.

The second half was much like the first although the Lady Patriots got a few more shots on goal, only one of which had a chance of going in and goal keeper Lisa Chapman, the most lonely player on the field Saturday, made an easy save of it. Less than five minutes into the second half, Boyesen scored her second goal as she used a header for what was the most outstanding goal of the game. Barnes scored her second goal of the game with

3:27 remaining to make it 6-0.

Carruthers End Drought

SARAJEVO, Yugoslavia (UPI) - Ice proved less slippery for Kitty and Peter Carruthers than it did for other United States athletes Sunday night, and the chill could continue easing today for the Americans at the Winter Olympics.

With the couple who adopted them as infants watching in Zetra Arena, the Carruthers ended the United States' medal drought with a silver in the pairs figure skating competition.

Scott Hamilton, favored to win the men's figure skating, begins his bid for America's first gold of these Games at 1 a.m. EST in the compulsories.

In addition. Judy Blumberg and Michael Seibert retained their third place position through the original set-pattern of the ice dance, setting up a Valentine's Day date with a medal possibility.

"I"ve never been happier in my life,", said Kitty. "I knew even before it started, when I looked at Peter, it was going to be magic. It's the best we've ever skated." Herald Photo by Tommy Vincent

Lyman's Shella Mandy, left, goes head-to-head with Lake Brantley's Beth Glasbrenner. Glasbrenner did a good job defensively on Mandy, but the Lady Greyhounds still pulled out a 6-0 victory.

osition in the early part of the first half, but the ball was on Lyman's offensive end for almost all of the first half. Lyman opened its four-goal first-half scoring barrage just three minutes into the game as Dawn Boyeson took a pass from Diana Boyesen and slipped the ball in past Lake Brantley goal keeper Donnette Rowland.

While it was Lyman's day, a couple of Lady Patriots turned in outstanding performances. One was senior Beth Glasbrenner who did a fine job in shutting down Mandy, Lyman's leading scorer. Defender Pam Anderson also turned in a fine performance for the Lady Patriots.

Napier, Tribe Relays Highlight Hi-Y

Lake Brantley's Mark Napler won four field events Saturday to highlight the HI-Y Games high school track and field meet at Showalter Field in Winter Park.

Napler placed first in the long jump (20 feet-11 inches), the triple jump (45-0), the high jump (6-4) and the pole vault (13-0) for one of the most impressive individual performances in a long while.

While Napler was dominating the field events, Seminole High's athletes showed why the Tribe will be a team to contend with this season. Seminole won two of three relays while transfer Franklin Barnett, one of the top hurdlers in the nation, showed he will be an important addition for the Seminoles.

Seminole's 440 relay team of Barnett. Brown, Cliff Campbell and Deron Thompson won with a time of 43.0 compared to 43.8 for second place Orlando Jones. The Seminole mile relay team (Barnett, Martin, Campbell and Thompson) outdistancd Brandon for first

Prep Track

place. Barnett won the 60 high hurdles with a time of 7.5 seconds. Seminole's only first place finisher in the girls meet was Jackle Johnson, who turned in a; time of 49.1 in the 330 intermediate hurdles.

The top Seminole County performance in the girls meet was turned in by Lake Howell distance runner Amy Ertel. A standout in cross country, Erici claimed first place Saturday in both the 1,500 meters (5:12.5) and the 3,000 meters (11:29.8).

Lake Mary's Rams got a chance to show off their talents indoors as they competed in an indoor meet in Gainesville last week. Lake Mary's top finish was a second place in the 55 meter. run by Fran "Flash" Gordon.

Rogers' Clutch Hit Drops Rams, 8-7

By Chris Fister Herald Sports Writer

Saturday's championship game of the Seminole County Preseason Baseball Tournament between cross town rivals Sanford's Fighting Seminoles and Lake Mary's Rams had a little bit of everything in it.

There was some good pitching and hitting by both teams as well as some good and bad fielding. However, one big advnatage the Seminoles had was speed on the basepaths. And it was that speed which enabled the Tribe to come away with a 8-7 victory and the tournament title.

Seminole stole seven bases against Lake Mary catcher Rod Metz Saturday, five of which led to runs. The most crucial stolen base came in the bottom of the seventh inning after Lake Mary had come back from a 7-2 deficit to tie it at 7.7 going into the last of the seventh.

With two outs in the inning, Seminole's Steve Dennis coaxed a walk out of Lake Mary reliever Greg Rue. The fleet-footed senior then stole second, his third stolen base of the game, and scampered home with the winning run as Brian Rogers delivered a single up the middle.

"Our ability to steal bases was the key to the victory," Seminole manager Bobby Lundouist said.

Seminole flashed its speed early, as it took a 1-0 lead in the bottom of the first. Dennis ripped a single to left off Rams' starter Barry Hysell and then stole second. Rogers then hit a grounder to Lake Mary third baseman Kevin Hill who looked Dennis back and threw Rogers out at first. However, Dennis took off for third as soon as Hill let go of the ball. Lake Mary first baseman Scott Underwood tried to gun Dennis out at third, but his

throw was too high and sailed over Hill's head, allowing Dennis to trot home with the first run of the game.

Prep Baseball

Lake Mary came back with two runs in the top of the second off Seminole starter Brian Sheffleld. With one out, Ron Natherson drew a walk and Hill followed with a single to right, sending Natherson to third. One out later. Danny Bridges bounced a grounder toward Rogers at shortstop, but the ball went between Rogers' legs and into left field and Natherson came across with the Rams' first run. Ryan Lisle then stroked an RBI single to right to chase home Hill for a 2-1 Lake Mary lead.

Sheffleid kept his composure, though, after the Rams' two-run second and retired the next eight hitters he faced in order. Meanwhile, Seminole scored two runs in the bottom of the fourth to take a 3-2 lead. With one out. James Hersey drew a walk and he stole both second and third. David Rape also drew a walk and he stole second. Dennis followed with an RBI single up the middle and he then stole second. Hysell then tried to pick Dennis off second, but Natherson couldn't handle the throw and Rape scored the third Seminole run.

Sheffleid got out of a minor jam in the top of the fifth and also made a brilliant defensive play in covering first base on a ball hit to second baseman Kevin Smith. Seminole responded with four runs in the bottom of the flfth to take a 7-2 lead.

Smith reached on an error to lead off the inning and William Wynn followed by clouting an opposite-field followed with a double down the left field abot over the wali (330 feet) in the left field. Wynn's Roberts lined his game-winning single to right.

home run chased Hysell from the game and Rue came. on in relief.

Rue was greeted by two straight singles, the first by Ron Clippard and the second by Hersey. Rape then laid down a perfect bunt to push the runners up to second and third and Dennis walked to load the bases. Rogers followed with an RBI single up the middle and Hersey was given home plate after Hill went out of play after catching a pop up off the bat of Sheffield.

Although Lake Mary's chances seemed pretty dim after the fifth inning, the Rama never gave up and eventually fought back to tie the game. The Rams came up with three runs in the top half of the sixth to cut Seminole's lead to 7-5. Mike Schmit started things off by blasting a double to left center. One out later, Hill singled to put runners on the corners and Bret Molle followed with an RBI single to' chase home Schmit. Bridges then hit into a force play to and both Bridges and Hill scored on a double off the bat of freshman Lisle. Lisle's double prompted Lundquist to remove Sheffield and bring in Wynn. The senior southpaw got Rue to ily out to center to end the sixth inning threat.

Roberts' Single Nips Lions

In the consolation game Saturday, Vic Roberts drove in the only run of the game in the bottom of the 10th Inning as Lake Howell's Silver Hawks trimmed Oviedo's Lions, 1-0.

Lake Howell broke the ice in the bottom of the 10th as Jay Robey reached on a fielder's choice, Bill Lang followed with a double down the left field line and

Rams Secure District Win. Brown Can't Make Weight

By Lou Stefano **Herald Sports Writer**

Lake Brantley wrestling coach Kevin Carpenger said it best Friday night after the first round of the District wrestling tournament was completed, "The next two rounds will represe the men from the boyer

Carpenger proved to be the prophet as Saturday night's finals were a demonstration of just how exciting high school wrestling can be. Lake Mary had the team championship won before the finals even began, as it finished with 2241/2 points 82 points in front of second place Lyman.

But the crowd who stayed for the final action wasn't disappointed as there were only four pins, and six of the decisions were decided by three points or less.

Lake Mary and Lyman dominated the final round as they crowned nine champions between them. The Rams, led by defending state champion Jack Likens had five winners and Lyman, led by undefeated Derek Smith had four winners.

"I'm real happy with the results," said Lake Mary head coach Frank Schwartz. "We're taking 10 or our 12 wrestlers to regionals and you can't ask for much better than that."

"I'm really pleased with our kids and our young kids who placed," said Lyman head coach Skip Pletzer. "We got four champs, five in the finals, that's as many as anybody else had.'

Chad Dubin, Lyman's 102-pounder, got the 'Hounds off on the right track by scoring a superior decision over Sheralton Mays of Seminole. "I thought he'd (Mays) be a lot better because he's improved a lot since conference." said Dubin. "I had him on his back a lot (but couldn't pin him). I was just going out there to win."

Defending champ Likens scored the first pin of the evening as he disposed of DeLand's Kevin Gillislee 37 seconds into the second period. "I had remembered him to be really tough on his feet but not too good on the bottom and that held true today," Likens said.

Likens has an advantage going into the regionals as he has seen a lot of the competition that he will face in up coming matches. "I went to 15 tournaments over the summer and all the good people go to the tournaments so I saw the basic competition," he said.

Likens also made the distinction that Lake Mary is going to a north regional as opposed to a south regional. "Normally the north is not as strong as the south so we're sitting pretty good in our region.

The first tight match of the evening was also the longest. Juwan Lee of Lyman and David Collyer, Lake Howell, hooked up in the 130-pound match battle. The match had to be repeatedly stopped because of Lee's bloody nose. A match that would normally take six minutes took close to 15 minutes.

Collyer was down by three points with less that 30 seconds left when he was awarded two points because of a stalling violation called on Lee. But as the seconds ticked away, he could not get the points he needed to pull out the victory.

"We call Lee's nose 'Old Faithful'," said Pletzer. "He gets bloody noses all the time. Nose bleeds are something that take so long and they don't count for injury time outs; you can be there for ever. In practice we just stuff cotton up his nose and I say practice.

At 149 pounds, Mark Lindquist of Lake Mary hooked up with Lyman's Don Lockwood. The first period went 0-0 as the only offense each wrestler could muster was a

Herald Phote by Sennis Wiebeldt Lake Brantley's Joe Waresak, top, maneuvers Lyman's Derek Smith. Smith won, 5-4.

good defense. Lindquist was up 3-2 when Lockwood that we finished fourth, I was hoping to get third," said pulled a reversal from the down position for two points. Corso. "I can't complain, they had a good tournament. A control, and the lead. But with 15 seconds left in the couple matches could have gone either way. match, Lindquist reversed Lockwood for two points and the win.

The match that had wrestling purists salivating was at 159 where undefeated Derek Smith, 18-0-1, faced the man who put the only blemish on his record. Joe Waresak, 11-1-1, from Lake Brantley.

Waresak scored the first point when Smith was called for stalling. Up 1-0, Waresak escaped from the bottom position in the second period to go up 2-0. Waresak was the aggressor in the match but it got him in trouble when he shot for a double leg and slipped off balance.

Smith, great wrestler that he is, seized the opportunity and put Waresak on his back for a total of five points. But Waresak reversed to pull to within a point.

In the final period, Waresak, from the up position, tried a move where he grapevines Smith's leg and tries to roll him over on his back. The only problem was that each time he got Smith to his back, they both landed slightly out of bounds. The match ended with Waresak -straining for the unsuccessful pin.

"I'm very disappointed with the loss," Waresak said. "I thought the grapevine off the single leg would be the best chance (for a pin). The first time I got him down he was going out, but the second time I got him he was crawling out. But he's tough; a good wrestler."

He made some mistakes, and I profited off them, that's about it, that's the only way I got my points." said Smith. Smith said that in the third period, he was trying to counter Waresak's move by,"sitting on my butt and scooting my hips out. I kept moving.

Lake Howell coach Joe Corso didn't sound too positive Silver Hawks did better that expected sending four weight." wrestlers to the finals and winning two district titles, Greg Buckley at 142 and Steve Cina at 171.

They (his wrestlers) did a good job, I wasn't surprised

"(Steve) Cina had pinned his man, Jed Alleback of Deland, three times before but he's been wrestling with a gash on his head and he tore it open yesterday so he wrestled today just to win it so he wouldn't tear it open again. But that was the difference between third and fourth." The Hawks missed out on third place by just two points.

Two of Lake Mary's big three came out on the winning end of their matches, Ned Kolbjornsen, 224 and Robert Rawls, unlimited, scored easy pins as expected but Willie Green, the 189-pounder lost his match to Apopka underclassman Mark Murray, 7-6.

The biggest disappointment of the evening came before the matches even got under way. Tony Brown, Seminole's once-beaten 141-pounder junior, was disqualified from the semi-finals for failing to make weight.

Brown got to the 8 a.m. weigh-ins 30 minutes before the end. He was two pounds over the 142 pound limit and had thirty minutes to lose the weight. "I just didn't have enough time to lose the weight." Brown said.

We did everything we could," Seminole coach Roger Beathard said. "We tried making him go to the bathroom, making him vomit; their just wasn't enough time.'

The time factor was a big factor as it turns out. There is an hour and a half from the start of weigh-ins to the end. If a wrestler doesn't make weight on the first weigh-in he has the full 90 minutes to try and lose the weight. Brown had only 30 minutes and he came four tenths of a pound from making weight.

When asked if he was goint to do anything differently about the district tournament two weeks ago. But the next year Brown replied, "Yeah, I'm gonna make

Lions Crown 5 Champs **To Snare Regional Title**

By Sam Cook Herald Sports Editor

SEBRING - Oviedo's "Mighty Light Brigade" did it again.

Jelfy Juluan (102), Small in rendpp (100), Brian Smith (123). Steve Berg (130) and Mike Hilgar (136) each captured individual titles Saturday as the Lions won the school's first Region 3A-2 championship at Sebring High School.

'We pulled it through," said an excited Oviedo coach John Horn. "All five had to come through (with championships) and they did it.

The Lions compiled 127.5 points to nose out runnersup Ocala Forest by five points. Auburndale was a distant third with 74 points.

It was the third championship for Oviedo this season. The Llons had already won the Orange Belt Conference and District 3A-8 titles. They leave Thursday for the state meet at Pinicilas Park.

Jordan, who has a sparkling 27-1 record, had the easiest win in the finals. The talented 102-pounder polished off Bishop Moore's '.ce Ogier with a "Saturday Night Ride" in just 58 seconds. The grapevine move enabled Jordon to whip Ogler for the fourth time this scason.

Knapp. 25-1, posted a 4-0 decision over previously unbeaten Donald Gerber of Auburndale. Knapp Jumped on top with a takedown and a reversal to upend last year's state runnerup at 102 pounds.

Smith. also 25-1, subdued Mark McKenna of Bishop Moore, 5-3, for the third time. McKenna bolted to a 3-1 lead after two periods, but the gritty Smith reached down for some endurance and pulled out the win with a reversal and backpoints in the final two minutes.

Berg, 26-1, used two takedowns, a reversal and an escape to best Sebring's Paul Phillips, 7-5.

Hilgar, also 26-1, picked up a takedown in the first period and tacked on a reversal in the third period for a 4-0 decision over Kissimmee Osceola's Kurt Forrester.

The impressive showing has Horn just as excited about the state meet. "I'd say we'd have a pretty good chance of winning it, too," Horn said. "It's going to depend on the draw. But I like our chances. It's going to hard to find five better wrestlers than we got."

Bowl America Offers Valentine Tournament

Spice up your Valentine season by bowling in the Sweetheart Doubles Tournament at Bowl America. Qualifying is underway, and you can bowl in the tournament anytime two couples are ready to bowl and lanes are available.

Bowl America Sanford will host the finals this year, so we hope we can win the \$600 first prize. Entry fee is only \$17 per couple and the Central Florida Bowling Proprietors Association guarantees a minimum prize fund of \$2,295. Qualifying ends on Feb. 19 and one team out of every six will participate in the finals here at NBA Bowl America on Feb. 25-26th. Don't miss qualifying for this \$600 first place money.

Speaking of prize funds. Moonlite made two of our Saturday night bowlers \$100 richer as as Marge Allman won \$100 by picking off seven pins from a full rack in the second game and Sharon Decker won her \$100 picking off three pins from a full rack. Congratulations to these ladies. This week's Jackpots are \$150, \$50 and \$50.

In the Blair Agency League, Dave Nott rolled a 212 and Dottie Bryant a 221. Scratch On Thursday League was led by Jackie Kaiser with a 233-207/639 series. He was followed by Jay Smith with a 218 and Don Clifton 211. Laura Harris led the ladies with a fine 243 game good bowling, Laura.

Our Friday Night T.G.I.F. bowlers really got hot and rolled five 600 series. Cliff Crawford had 202-223/622. Bill Kirkby 232-200/622, Hal Rich 209-206/609, Bobby Barbour 209-201/601 and for the ladies Lou Hosford had 234/600 even. Other T.G.I.F. high games were rolled by Max Smith 213 and 203. Gary Larson 211, Barbara Russell 215. Charlie Plant 213. Tom Gillan 210 and Carol Slaughter 203. In the Central Florida Regional Hospital League, Red Roland rolled a 230 game, Bill Kirkby 211-202 and Ward Murray 208.

On the Tuesday Night Mixed, Dave Hansen had a 220. Jay Shelly 213 and Jay Smith 210. Terri Ponzillo of the Tuesday Swingers Ladies League rolled an even 200. The Educator's League was led by Betsy Chavis 204 and Bob Provencher 203.

Peggy Moon of the Jet Bowlerettes rolled a nice 212 game. On the Ball & Chain League, Tom Greene had a 209 game. The City League showed Gli Benton with 255-212/655 series. followed by Bob Bates 224-225 /626. Bill Kirkby 204-212/602, Bill Gilbert 247, Rich Williams 234. Dave Mullins 217, and Pat Johnson 214. On the shooting Stars Ladies League, Helen Westfall had a 221 game and the Gator's League was topped by Harian Hogganbaum's nice 247. - Roger Guick

Arkansas Stuns UNC

PINE BLUFF, Ark. (UPI) - Arkansas' basketball players put on their game uniforms at a Dallas hotel Sunday. By the time they took the garments off, they were 350 miles away and owned an upset win over No. 1 North Carolina.

The Razorbacks were trapped in Dallas by thunderstorms and hall Saturday night after whipping 19-game winner SMU. The players dressed at the hotel early Sunday before flying through bumpy air for 1 1/2 hours to Pine Bluff, head coach Eddie Sutton said.

When the 19th-ranked Razorbacks reached Pine Bluff, they ended the Tar Heels' 21-game winning streak, 65-64, on junior forward Charles Balentine's 4-foot jumper with four seconds left.

"We had three or four players get a little airsick because of all the turbulence," Sutton said of the flight.

and set of a set of a

Congress Has Power To Correct Notch-Year Botch TONIGHT'S TV MONDAY EVENING

DEAR READERS: Many retirees have written to urge me to continue. to fight for their rights concerning their Social Security benefits (the "notch-year botch").

Susan Noon, legislative assistant of the National Association of Retired Federal Employees, wrote in the November issue of Retirement Life, "Dear Abby Off Base on Notch-Year Bables.

I responded, "If, as Social Securi- Quillen, R-Tenn. ty officials and some members of Congress claim, there is no inequity, why then are there now numerous bills in Congress to correct that inequity?"

Susan has the last word in the January issue of Retirement Life:

DEAR ABBY: You have taught me a lot about life over the years through your column. Perhaps I can share a little something with you from my experience. I call it "Political Lesson No. 1":

It's easy to introduce a bill. Doing so can appease a lot of people back home and make them think some- Smith, R-N.J. thing is being done on a given problem. But getting serious con- of these bill sponsors is a member of gressional action on a bill is some- the House Ways and Means Comthing else.

That is why the following bills and resolutions have been introduced regarding the "notch problem:"

H.R. 1483-Rep. Charles E. Schumer, D-N.Y.

H.R. 1964-Rep. Barney Frank, D-Mass.

H.R. 1965-Rep. Barney Frank, D-Mass.

H.R. 3013-Rep. Fernand J. St. Germain, D-R.J. H.R. 3859-Rep. Dan Daniel,

Dear Abby

H.R. 3893-Rep. James II

H.R. 3925-Rep. Carl D. Perkins, D-Ky.

H.R. 3947-Rep. Don Fuqua, D-Fla.

H.R. 4093-Rep. Edward R. Roybal, D-Calif.

S. Con. Res. 62-Sen. Mack Mattingly, R-Ga.

H. Con. Res. 105-Rep. Norman-Lent, R-N.Y.

H. Con. Res. 185-Rep. Dan Burton, R-Ind. H.J. Res. 385-Rep. Christopher

It is interesting to note that none mittee, which has jurisdiction over Social Security issues. Also there has been no indication from Ways and Means that action on this issue will be forthcoming.

In fact, it has been estimated that applying the pre-1979 formula for computing Social Security benefits to those beneficiaries born after 1916 would cost \$9 billion the first year, \$20 billion the second year and more thereafter, adding up to nearly \$169 billion over the next seven years. This is approximately the amount Congress grappled with stamped, self-addressed envelope.)

when it passed the Social Security Amendments of 1983.

Some difficult and often unpalatable choices were made last spring to come up with the \$168 billion in increased Social Security revenue over the next seven years. What further choices would have to be made to correct the so-called notch "problem?" Increased taxes. benefit cuts, Social Security coverage for all federal workers, windfall benefits, tampering with cost-ofliving, etc. These are the areas that would be resisted once more if Congress wants to come up with the funds to reinstate the old benefit formula.

After all, Congress changed the benefit formula, in part, because the old formula overadjusted for inflation, and potentially many future beneficiaries were going to recieve benefits greater than their preretirement earnings.

As you pointed out, Abby, there are areas of injustice, all right. You can argue that those born after 1916 are unjustly penalized. You can argue that those born before 1917 are unjustly compensated. But realistically - the main question is: Will Congress do anything about it?

DEAR SUSAN: Costly? Yes. But a society is judged on the way it treats

Dockworkers in four cities -Philadelphia. Baltimore, Boston and Wilmington, Del., - voted last week to reject local versions of a three-year master contract reached Jan. 26 for Atlantic and Gulf coast longshoremen.

In Baltimore, rank-and-file workers are scheduled to hold a new vote Tuesday on the offer after 220 members signed a petition saying they were misled about key provisions just before they voted to reject the pact last week.

Season's First Tornadoes End

United Press International

tore up trees and houses from east Texas to Alabama petered out into showers and thunderstorms in Alabama, Georgia and northern Florida today.

The death toll stood at eight from a weekend of dense fog in the Midwest and a blizzard in the high Plains.

A flash flood watch covered Alabama and heavy fog settled over the mid-Atlantic coast and the northern Great Lakes. Snow moved into the Colorado Rockles, where up to 8 inches was predicted by night.

northern Florida. Light snow and freezing rain slicked highways in the Dakotas and northern Minnesota.

Nearly two dozen tornadoes Sunday cut a swath from southeast Texas to Alabama. Pive inches of rain and more soaked Louisiana and Mississippi.

The tornadoes were the first outbreak of the 1984 season. "These are a little early, although the tornado season does officially start on Feb. 1." said Bill Sammler of the Severe Storms Forecast Center In Kansas City, Mo.

By Oswald Jacoby and James Jacoby Jim: "Will you take over the column this week and give some hands from your surprising Relainger victory? It is the greatest win of your long career and, according to Edgar Kaplan, Norman Kay, Bill Root and Dick Pavlicek,

you earned your share of

the win."

Oswald: "They are far too modest. I could play only in the afternoon that night."

junk. Edgar passed as dealer, whereupon the bidding went: one diamond - pass by me one heart - double by Edgar - redouble. whereupon I bid two clubs, not the one spade that was bid at the other table. I wanted to give

Edgar a lead." Jim: "Your idea surely worked. The game was board-a-match, and the club lead held them to five hearts. At the other table West's opening lead was a spade, and by his usual expert play Bill Root brought in 12 tricks for a win."

Oswald: "Just one of many lucky decisions I made in that session, which brought us from eighth to third and set the stage for my great partners to move to first with a sound 18 points
