## THE "YOU NAME IT"

### HOMEOWNERSHIP PLAN

The "you name it" home loan can be FHA-VA or Conventional. Regardless of which plan you choose, we have professional home loan specialists on staff to help you make the right decisions now so that your home will fill your future needs, too.

If you're building or buying, a "you name it" home loan is YOUR home loan - designed especially to fill all your needs.

Some call it... "Beautiful" ... "Convenient" ... "Tailor-Made" ... "Personalized" We prefer to let YOU NAME IT!

**FHA-VA-CONVENTIONAL  
(YOU NAME IT)**

### HELP DEVELOP CENTRAL FLORIDA

This is a campaign to get people like yourself to save at savings and loan associations. The reason is simple. They are the ones who put at least 80% of their deposits in residential mortgages... more than all other financial institutions combined!

Join Operation Self-Support! Put your money where it can do you the most good. Save at your savings and loan association. Another good reason: You'll earn more interest than at other types of financial institutions.

### SAVINGS PLAN

1.

5% Per Annum Daily Interest Passbook Account.

- Daily interest from "date of deposit to date of withdrawal."
- Interest compounded daily and paid to date of closing.

2.

5 1/4% Per Annum 90 Day Notice Passbook Account.

- \$500 minimum to open—\$100 minimum deposits thereafter.
- May be withdrawn at regular interest period or within ten days thereafter if funds have been on deposit a minimum of 90 days.

3.

5 3/4% Per Annum Savings Certificate.

- \$10,000 minimum to open—\$1,000 multiple deposits thereafter.
- 1 year term only.
- Interest may be paid by check, compounded quarterly, or deposited in 5% Daily Interest Passbook Account.
- Accounts \$5,000 or more qualify for monthly check upon request

4.

6% Per Annum Savings Certificate.

- \$15,000 minimum to open—\$1,000 multiple deposits thereafter.
- 2 year term only.
- Interest may be paid by check, compounded quarterly, or deposited in a 5% Daily Interest Passbook Account.
- \$5,000 or more qualify for a monthly check upon request.

## Auto-Train Opens Operations In Fall

JACKSONVILLE (AP) — An experimental auto-train project between Washington, D.C., and Sanford, Fla., will begin operations some time this fall.

Eugene K. Garfield, president of Auto-Train Corporation, made the announcement after the Interstate Commerce Commission approved a financing plan for the private company.

A family headed for Florida can park its car on a special railroad car any afternoon at Alexandria, Va., just outside Washington, and ride in a domed slumber coach.

The next morning they arrive in Sanford with their own car and can drive around Florida wherever and whenever they wish.

When ready to return, they can make the Sanford to Alexandria trip on the auto-train again.

Garfield said the cost to the family for one way will be under \$200. He regards this as competitive in price with highway travel with increased safety, speed and comfort.

The approved financing plan calls for offering 800,000 shares of common stock to the public. Another 719,444 shares have been issued privately. The company also may issue \$2 million in promissory notes.

By JOHN A. SPOLSKI

Hey! Don't forget to turn that clock ahead. (What the heck... we reminded 'em all last week and they didn't pay too much attention... so, let's see what happens now, eh?)

Always had this fixation that "angels" had to be women... don't ask me why, just so. Getting ready to express this next thought jolted me that this man... he's actually an angel of mercy.

If I had to have a heart operation, I know my nerves would be a frazzle. And you'd be that way, too, I'll betcha.

Well, we have a local gentleman... Lt. Cmdr. John Perkins (Ret.) who did have a heart operation on April 6 at St. Luke's Hospital in Texas... and now he comforts those who are scheduled for a similar operation by telling of his experiences.

Perkins will be 54 in August... had a heart valve replacement operation... and to my way of thinking, "is an angel of mercy"... By his concern for those others.

FROM THE MAILBAG: About Jen's speech — "We sure need a lot of people to do more talking like that. He said just about the same thing at the local chamber membership dinner last fall, and we all agreed heartily with him at that time."

Still about Paulucci's talk which we featured in an earlier Clock Column: "If he feels so very definitely about the remedy for his country's swing toward a paternalistic and socialistic type of government, then why in hell was he so hot for Hubert Humphrey, who admittedly is committed to all the programs which Jen so deplores?"

First of all, he reads this column... so, I'm quite certain that he'll reply... AND SECONDLY, SIGN HIS NAME, which you "overlooked!"

If you're a betting man... put a nickel or two down on a very... V-E-R-Y prominent Sanford Attorney being appointed as Assistant State Attorney.

Just no way in predicting what might happen after that... but I do know, he'd make one terrific president. Sorta compare him in my mind, to Orange County's Bob Egan... one of the best in the business.

Wait! Tomorrow when you see some of the Letters to the Editor we've already received on the word "Mother"... in relations to a local business. (You'll pardon me if I continue to chuckle, won't you? And the businessmen... cause he just couldn't buy that kind of publicity at any price! And here, he's getting it for free!)

## Near Walt Disney World Marine Exhibit Eyed

ORLANDO (Spl.) — Sea World, Inc., and Florida Gas Company today jointly announced the intention of Sea World to build a new marine attraction in Florida near Orlando.

Sea World, Inc., a San Diego headquartered outdoor recreation and marine animal show park company, has signed an option to purchase 125 acres, part of a 4500-acre tract owned by Florida Land Company, a subsidiary of

Florida Gas. The site is five miles southwest of Orlando near Interstate 4 close to Walt Disney World.

The 4500-acre tract is scheduled for development by Florida Land as a planned community named Orange-wood.

Sea World officials said a final decision to build a Sea World Park will come after investigation has determined that the land currently being

considered is totally suitable for such development.

They said their continuing appraisal of the property would revolve about interest in process, zoning and the availability of adequate utilities and other services.

Sea World, San Diego, located on 80 acres in that city's Mission Bay recreation complex, is a \$12 million park with eight major shows and 25 exhibits.

THESE 'KIDS' ARE THINKING ABOUT THE ZOO.

Is it the Beginning or the End of the Sanford Zoo? Thursday night's meeting at the Sanford Civic Center at 8 p.m. will do much in determining its fate. The public is invited to attend with the purpose of starting an all-county Zoological Society for the restoration and preservation of a zoo to be located in Seminole County.

## FBI Investigates Schools Here; Report 'No Problems'

By BILL SPOTT  
The Federal Bureau of Investigation (FBI) has been ordered by the U.S. Justice Department to investigate the Seminole County school system after receiving complaints that five black coaches at Crooms High School were removed.

This was disclosed by John Angel, county school superintendent, to The Herald today.

Responding to questions in volving the retirement of black principals at Midway and Goldsboro Elementary School, both located in predominantly black neighborhoods, Angel acknowledged that FBI agents were ordered to investigate after Jerris Leonard, U.S. Justice Department compliance officer in school desegregation cases, received a complaint.

The superintendent stated he had attempted to obtain the names of the accusers from Leonard but the official refused to identify them. "The FBI told me they wanted to talk with some of our people but told me later they didn't see a problem," the superintendent said.

The complaint dealt with the allegations that five Crooms High School coaches were removed and placed in lower positions.

Angel said Crooms, a former black high school in a black area, was desegregated into an all-ninth grade school this year with a majority white student enrollment.

"Because of the desegregation guidelines as laid out by the federal court in its integration decisions which placed Seminole County under a court order, Crooms faculty and student body had to be desegregated along with other county schools to give a ratio of white-to-black faculty and students.

"To keep in accord with the ratio, it was required that the former all black coaching staff at the school also be desegregated and this necessitated the shifting of coaches from Crooms into other positions, since we could not remove coaches under schools where there was no white problems just to allow some one to continue coaching," Angel added.

Some of these coaches were placed in other positions, such as Richard Evans, who is now the Crooms assistant principal, the superintendent said.

A reply to Leonard has been drafted by Angel and will be mailed. The compliance officer has asked the school system what will be done next year with the former coaches, Angel said today. "If positions come open in September and if they want to take the jobs, they may go."

The superintendent added that some of the five were actually teachers instructing five classes per day and doing part-time coaching in return for a coaching supplement of money.

"The community racial problems and their solutions cannot be solved by the school system alone; it requires cooperation of homes, churches and other governmental agencies," he concluded.

High School coaches were removed and placed in lower positions. Angel added.

## Senator Supports Cripple

WASHINGTON (UPI) — U.S. Sen. Lawton Chiles (D-Fla.) telephoned Florida American Legion headquarters in Orlando on behalf of Scott Trest, a 16-year-old Fort Lauderdale youth.

The boy was nominated by Legion Post 109 in Fort Lauderdale for Boys State, a week-long exercise in model government, but turned down by the state director of the legion-sponsored event because of a physical handicap. The Plantation High student was born without fingers or toes but is active in athletics.

A Chiles aide said the senator was told by Legion officials that "the feeling is the boy can't handle the physical demands of the meeting."

Chiles asked that Scott be given "every opportunity to prove his capabilities" when the state board of directors reviews the case.

"We're going to watch and see if they are going to be able to resolve this but the senator plans no further intervention," the aide said. "We hope that the boy will be able to participate but we're not going to force the issue."

## Five New Principals Named

School Board Tuesday night approved nominations from Supt. John Angel and named five new principals to county schools including the placing of three county elementary facilities.

Names to Goldsboro Elementary, replacing retiring H. L. Refoe Jr., was Charles Roberts, now serving as principal at Hopper Elementary School.

Robert was replaced at Hopper by Adams Haynes, who was transferred from a teaching position at Goldsboro to the new position.

Leroy Hampton, a Lakeview Middle School black teacher, was named new Midway Elementary principal, replacing governmental agencies," he concluded.

Robert was replaced at Hopper by Adams Haynes, who was transferred from a teaching position at Goldsboro to the new position.

# Principals Named

**\* Continued From Page 1**  
John Hamilton, who retired this year.

Other principal appointments included Edna Dates, transferred from a helping teachers at Bear Lake Elementary to the principalship of the school. William Daugherty, assistant principal at Seminole High School, was appointed principal of the new high school to be constructed at Lake Brantley. This position comes open in July 1, 1972, but the appointment was made now to enable Daugherty to become involved in the planning of the new high school. He will continue to serve as assistant to Principal Richard Barnett during the 1971-72 school term.

The naming of the black principals to the schools apparently removes some of the problems that earlier this week caused picket lines to form at Goldsboro Elementary after a rumor had started that the retiring black principal would be replaced by a white one.

Other demands made by a black concerned citizens group, which included a request for dismissal of teachers who have been accused of prejudice in dealing equally with white and black students, were not mentioned at Tuesday's meeting, held at Lyman High School.

# Mayor Warns Shopper

By MARION BETHA  
ALAMONTE SPRINGS — After, in the words of Mayor Lawrence Swafford, "being on the agenda for three weeks," Harry Skop, publisher of a weekly shopper, had his "day in court" yesterday at a meeting of City Council.

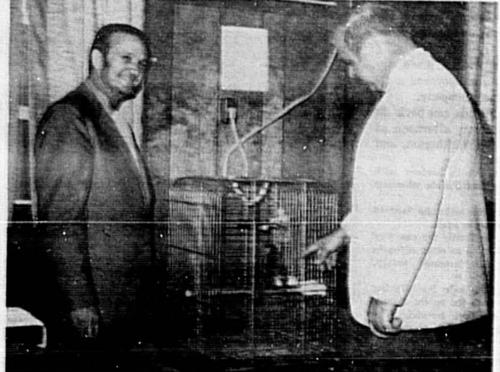

Skop, who has been threatened with arrest by Swafford for distributing unsolicited material, said that his paper has a circulation of 12,000 and that of these only five persons complained to him that they do not want the paper and, of these five, three are employees of an out-of-county newspaper.

Skop learned the entire matter, "a plot" being used by another county and distributed in Seminole County.

Swafford kept shaking his head and Skop said, "Don't shake your head." Skop went on to say that 12,000 de-

CHEMICAL PREPARATION of a drug for study is explained by Pete Ragsdale, narcotic lab chemist, to Seminole County Sheriff John Polk, right, during an inspection of the facility located at the Sanford Airport. Serving Seminole, Orange, Osceola, Flagler, Volusia, Brevard and Lake Counties, the regional lab will hold open house Thursday from 9 a.m. to 5 p.m. (Bill Scott Photo)

PETE RAGSDALE, chief chemist, pauses by the new Region Four Crime Laboratory wall poster, which lists the atomic tables. Ragsdale is presently doing all identification work as it relates to drugs at the narcotic center, which is the first phase of an overall crime laboratory. The chemist disclosed that a second chemist will also be hired. (Bill Scott Photo)

covered it would be difficult to prove the paper wasn't wanted and continued that the council and Swafford were being "used as a pawn because they don't want competition."

Swafford asked Skop if he were trying to put "the Sentinel out of business," to which Skop replied, "You mentioned it, I didn't." Skop maintained that every city in adjacent communities were being made pawns (North Orlando considered an anti-litter law on Monday).

Continuing, he said that he was recognized by the county sheriff's department, and cited freedom of the press in a release which he distributed to council.

Mayor Swafford countered that the citizens of Altamonte Springs had requested that the circulators be stopped.

Skop said that the "Sentinel" doesn't use me as a pawn," Swafford went on to say that the next complaint he receives relative to a paper...

MONKEY BUSINESS from the narcotic laboratory pet monkey is enjoyed by Chief Deputy Duane Harrell, left, while Sheriff John Polk playfully pokes his finger near the cage. Open House will be observed Thursday from 9 a.m. to 5 p.m. at the Sanford Airport facility and Sheriff John Polk, who was instrumental in having the laboratory located here, invites everyone to attend. (Bill Scott Photo)

**Treasures Available To Public**

By ANN SIECZKOWSKI  
LAKE MARY — A store of treasures will be available to the visiting public on April 29 through May 1 at the old Chamber of Commerce Building in Lake Mary. The occasion will be "Ye Old Country Store," an annual event to be sponsored by the Lake Mary United Presbyterian Church.

Mrs. Mabel Loomis is chairing with Sally Letterman serving as her co-chairman of this annual event. Others on the committee include:

Mrs. Catherine Hill — arts and crafts; Chris Davidson, candy shop; Mildred Sandusky, Smaithers and Mildred Donaldson, bakery; Peggy Akens, plants; Judy Murray and Paula Lilly, clothing boutique; Puyllis Rugenstein, publicity.

The public is invited to come and join the fun if poking through the old store and finding a treasure.

Postal Delivery

Almost all the postal patrons in the city of Oviedo will have house to mail delivery available to them after May 1 when the Post Office will institute an additional rural route according to Oviedo Post Master Thomas Moon. With the addition of the new route, house-to-house delivery will also be made available to the Black Hammock residential area north of the city which previously had been excluded from home delivery.

According to Moon there has been a 40 per cent increase in the number of post office boxes available since he assumed the Oviedo postmaster's post in 1968.

There has been an increase of rural boxes of nearly 20 per cent in the same time period.

# Open House Tomorrow!!

OFF AND RUNNING will go George Ritz as William Otto and Robert Adams, at the wheel, help him into their minibus, Casselberry's taxi service which has been in operation about two weeks. (Marilyn Gordon Photo)

# Casselberry Transit Is Only Taxi Service

By MARILYN GORDON  
With the Casselberry Transit, Inc. the city's only taxi service, William Otto and Robert Adams are making public transportation a reality for residents of Casselberry. "The city council, and particularly Tom Napier, have been most helpful and encouraging," Otto stated.

The reaction from surprised residents has been wonderful, according to Otto. Otto's taxi is a minibus seating eight. Many senior citizens have inquired about the service.

Otto is familiar with the town and the needs of the town as he has lived in Casselberry 22 years. He was formerly in the U. S. Air Force and presently serves as chairman of the Civil Service Board. Adam is a former Marine.

They hope one day to develop into a bus service.

# In the News

**Alpert Divorce**  
LOS ANGELES (AP) — Herb Alpert, 38, leader of the Tijuana Brass music group, and his wife Sharon 33, have filed for divorce in Los Angeles Superior Court.

The Alperets married in Los Angeles Aug. 5, 1956, and separated March 30, 1969.

In their petition filed Thursday, Mrs. Alpert asked for a division of community property. They have two children, Dore, 10, and Eden 3.

The Duke of Norfolk LONDON (AP) — The Duke of Norfolk has dashed cold water on plans to allow women wearing hot pants at this year's running of the Royal Ascot.

Ascot officials, who decree what can be worn in front of Queen Elizabeth in the royal enclosure, said hot pants would be acceptable for the mid-June horse race if worn as part of an ensemble.

But the Duke, the Queen's representative, had the last word.

"I wish to make it abundantly clear," he said Tuesday, "that the only form of ladies trousers permitted will be suits with long trousers."

The Duke's family motto, incidentally, is "Virtue alone is conquerable."

# Ezer Weismann

TEL AVIV (AP) — The Israeli state radio reports that former Transport Minister Ezer Weismann has been charged in connection with an accident last month in which a pedestrian was killed.

The radio report said Tuesday he was accused of negligent driving, speeding and causing the death of the pedestrian. No date was set for the trial in magistrate's court.

# On Waiver Of Requirements Commission Delays Decision

By LARRY NEELY  
The Seminole County Commission delayed in making a decision whether or not to waive the requirements of the Health Department, eliminating land spreading as a manner of disposal of superantant, on behalf of the City of Maitland until the proposed expansion of their sewer facilities, Maitland City Manager David Johnson said that land spreading was the least expensive way of disposing of the waste which he said can't readily be processed by their sewer plant since it is already overloaded.

County Sanitarian Val Robbins said superantant, a liquid waste high in solid content that forms above the sludge when it settles to the bottom storage tanks, is usually pumped back into systems where raw sewage to be disposed. Robbins said that the bacteria in superantant can be destroyed by treating it with chlorine but whether or not the superantant would be the biggest complaint against land spreading of superantant is his offensive order.

Robbins said that he would have a more detailed chemical analysis of the superantant before he could consider recommending land spreading but in any case he would prefer that Maitland carry the superantant to other sewage treatment plants in the county.

In his appearance before the commissioners, the Maitland City Manager said that the land spreading would be temporary as the plant expansion would be completed by June 30, 1972. Johnson said that if permission were granted, they would be superantant daily on a ranch site between Chuluota and Geneva.

The current capacity of the Maitland plant is 650,000 gallons daily and will be increased to 3,000,000 gallons when the expansion is completed. According to Johnson, approximately 40 per cent of the city's sewerage system customers reside in Seminole County.

Commission Chairman Greg Drummond told Johnson that he would suggest a rate increase to let people "put their money where their mouth is on the ecology matter." Drummond said that this would enable Maitland to track the waste to another facility for disposal.

Drummond said there were so many variables involved that he could not at this time support it, but would reserve final judgment until more information was available. Johnson requested a common meeting of Maitland city officials and the county commissioners to Johnson, approximately 40 per cent of the city's sewerage system customers reside in Seminole County. Johnson replied that they had investigated the site where the city of Winter Park land spreads its superantant from their plant and found that traveling to the Winter Park site would be more expensive than to track it to Seminole County.

Weakening of "Sunshine Law" Must Be Stopped

"Eternal vigilance is the price of liberty." That was the word left to us by Thomas Jefferson who knew, only too well, of what he spoke.

It is doing no disservice to the great patriot to move this sentiment out of the eighteenth century and into these latter years of the twentieth to observe...

to know how the people you sent to Tallahassee are carrying out the promises of their campaigns and actually reflecting the wishes of their constituents?

shine and with a deliberate intent to avoid the law's requirement and frustrate the public's desire to observe and hear, they not only violate the law but they do so knowingly and intentionally.

Moscow Reveals

Soviet Defense Minister Andrei A. Grechko may have revealed more about the insidious nature of Soviet foreign policy than he intended when he went before the Communist Party congress in Moscow, described as "hateful" the United States of America for "assuming the role of the world's gendarme."

This is simply an admission that the Communists do not like the force for international law and order represented by security alliances in which U.S. military power plays a major role.

That international "gendarme" is the principal roadblock to expansion of the Soviet system.

We would expect the Kremlin hierarchy to take a dim view of the U.S. role as an international police officer — a role that Soviet policy has thrust upon us.

It is something else, however, to hear the same attitude expressed by the chairman of our own Senate Foreign Relations Committee.

Sen. J. William Fulbright (D) speaking at Yale University at the same time Grechko was speaking in Moscow, described as "hateful" the precedent for commitment of U.S. forces to international security, a precedent set by former Presidents Roosevelt and Truman and followed by a generation of U.S. leaders.

The senator believes these alliances keep the United States in a state of "permanent institutionalized crisis" that could lead to dictatorship here.

The fact is that the crisis is generated in Moscow, and if there is any danger of dictatorship, it lies in leaving the world without a gendarme to stand in the way of Communist ambitions.

The Lighter Side

Belly Button Glorification

By DICK WEST

WASHINGTON (UPI) — Throughout history, and maybe longer, the human navel has been one of the most neglected parts of anatomy.

But with new fashions bringing the midriff increasingly into view, the belly button can no longer be ignored. It intrudes upon the scenery night and day.

Thus far, however, nobody has come forth with any means of substantially improving it. The navel essentially remains the same old eyesore that caused folks to conceal it in the first place. Which is a pity.

Dick West

only to have the overall effect spoiled by what appears to be a midge cauliflower sprouting in the center of her abdomen. I was apprised of this problem the other day by Sharon Harvey, who is, to oversimplify matters a bit, a girl. She was here in connection with a beautiful belly button crusade being sponsored by the Tangs Suman Lotion people.

Don Oakley Says:

Army Justice Put On Trial

By DON OAKLEY

The tragedy of Lt. William Calley, a tragedy all Americans share in, will be compounded if no reforms are forthcoming in this country's system of military justice.

Law professor Telford Taylor, a retired brigadier general who was chief U. S. counsel for the prosecution at the Nuremberg war crime trials, has pointed to at least two glaring deficiencies in the present system.

He notes that by the time the story of My Lai was revealed many of the soldiers who had participated in the killings had left the service. Under a 1955 Supreme Court decision, these men could not be tried by court-martial.

This is a jurisdictional defect which has long been apparent and which the President and Congress should have acted to correct, says Taylor.

Oakley

for covering up the massacre. Seaman dismissed charges against all but one. There appears to be no reason, says Taylor, why a decision to prosecute, made at the departmental level, should be subject to the veto of a field commander. There are grave drawbacks to a system under which charges against senior officers must be brought by others of comparable age and rank, among whom there has been close acquaintance and professional association for many years. What may be needed, says Taylor, is an independent military legal department comparable to the Department of Justice, which would have the authority to prosecute, subject to review only by the secretary of the Army.

Regardless of one's opinions about Calley, My Lai or the Vietnam war itself, Taylor makes sense. Unlike Nixon's domestic cri-

Domestic Commentary

Why Peking Fears Moscow

By RAY CROMLEY

WASHINGTON (NEA) — Some time back, a British friend visited the office of the Peoples Republic of China in London. Though the Chinese indicated strongly they would like to talk at length, they explained they did not have time. They were making preparations to defend themselves against a joint Soviet, Japanese and American invasion of the Chinese mainland.

However incredible this may seem to Americans, contacts in Asia affirm there is strong confirmation that one of the great fears in Peking is that Russia and the United States will combine against them.

The fear of Russia is very real. Whatever has been said publicly, prevailing opinion in China for more than three decades has been that Moscow could not be trusted.

In 1944 in Yenan, Mao Tse-tung in private talks made it clear to his listeners that even though he was a strong Communist and although Russia was Communist, he did not like the Russian government or the Russians.

Gradually, over the years, all those top Chinese this reporter knew to be pro-Russian have been purged.

Leave out ideology. Think only

Cromley

of old-fashioned national interests. As Man's people see it, here is the history of Russo-Chinese relations.

—Great areas of Soviet Asia were once Chinese. Taking advantage of Peking's weakness over the decades, Russia took over these lands, including Vladivostok.

—More recently the Russians decamped Outer Mongolia from China, making it one of their satellites.

—After the war with Japan, Moscow stripped Manchuria bare of every factory, piece of equipment and other resource which could be shipped to Russia. The Russians took away \$2.8 billion in food, machine tools, power generators and other equipment and destroyed \$2 billion in economic resources in the process.

—At another time, it is believed, the Russians attempted to buy the top Chinese general in Sinkiang province to declare that major area independent.

Global Comment:

Nixon Keeps Cool On China

By LEON DENNEN

UNITED NATIONS, N. Y. (NEA) — In the "diplomatic cards game," Bismarck once said, statesmen must keep the deal and not allow themselves to be forced — by impatient critics — from the phase of waiting into the phase of premature action.

Because President Nixon, a veteran, understands this, his patient and quiet diplomacy in Southeast Asia is beginning to show results. There are, to be sure, many people on the red leading edge who retain a seat in the United Nations as a sovereign state after Red China becomes a member. This would be a "two-Chinas" solution favored by the Nixon administration and strongly opposed by Peking. It will certainly be the subject of long, hard bargaining.

Nevertheless, events have already demonstrated and other critics of Nixon's foreign policy. The Cassandras were wrong again. Contrary to the optimistic predictions of Senators Fulbright and McGovern and other prophets of doom, Peking's leaders did not rush troops to aid North Vietnam and the Viet Cong.

They extended instead an olive branch to capitalist America at the very moment when Red notables were attending the Moscow congress.

It was another blow to the prestige of the men in the Kremlin and to world Communist unity. It was Mao Tse-tung's way of warning his enemies in Moscow that Red China is an independent nation, powerful and that he also can play the traditional balance-of-power politics.

Unlike Nixon's domestic cri-

Dennen

1954 Geneva negotiations that permitted France to disengage from Vietnam.

Fear of "encirclement" or a coordinated Russian-American attack on China was Mao's nightmare for a long time. Now, ironically, it is the Russians who are suspicious of an American-Chinese rapprochement. It is their turn to fear that Peking might maneuver the United States into a conflict with the Soviet Union.

It is, of course, in the interest of the United States to maintain strict neutrality in the escalating quarrel between the two Red giants. President Nixon went out of his way to assure Moscow that his efforts to improve relations with Peking were in no way meant to embarrass or exert pressure on the Soviet Union.

BERRY'S WORLD

Diana Turner And Richard Frederick Married In Leesburg Church Rites

Diana Wanda Turner, Leesburg, became the bride of Richard Erwin Frederick, April 10, 1971.

The picture pretty bride is the daughter of Mr. and Mrs. H.H. Turner, Leesburg. The bridegroom is the son of Mrs. Virginia W. Frederick, Orlando, and Gordon V. Frederick, Sanford.

The bride was given in marriage by her father in a late afternoon service at the First Baptist Church of Leesburg. Rev. Gil Barrow officiated at the double ring ceremony.

The bride wore a magnificent gown which featured a sabrina neckline highlighted with iridescent sequins and tiny seed pearls. The sleeves were elegantly long and fitted, forming delicate points at the wrist.

Cascading ruffles of scalloped chantilly lace created a romantic full floor-length skirt which emphasized the fitted bodice and formed a shirt train.

Her three-tiered silk illusion elbow-length veil was attached to a cluster of petals at the crown of her head. The petals were lovingly outlined with iridescent sequins and tiny seed pearls.

The bride wore as her only jewelry an open pendant and earring set that had been given her by her bridegroom. She carried a cascade of yellow rosebuds.

The mother of the bride, Mrs. Turner, wore a street-length powder blue A-line dress and a matching coat. Her powder blue shoes complemented her outfit. She wore a yellow rosebud corsage. In keeping with the yellow and blue theme selected by the bride, the groom, Mr. Frederick, chose for the occasion a dusty pink dress with a fronted comband sash.

Miss Deborah Ball served as maid of honor. She wore an elegant yellow dotted Swiss floor-

MR. AND MRS. RICHARD ERWIN FREDERICK

length A-line gown with an empire waistline and puffed sleeves. A bow at the back of the gown highlighted the ensemble. Serving as bridesmaids were Miss Deborah Ball, cousin of the groom; Nina Ault, Pemi Jantz, Rhonda Echols,

and Jane Pelt. Misses Ball and Pelt are sorority sisters of the bride.

The bridesmaids wore blue dresses identical to the maid of honor. They wore shoulder-length veils attached to Dior bows that were made by the mother of the bride. They carried nosegays of yellow roses and chrysanthemums, streaming ribbons to match the gowns.

Serving his brother as best man was Ronald Frederick. Ushers were Hershel Beyers, Ken Soutot and Rick Hendrix, all of Key West, and Bob Pennington, Leesburg.

The reception was held in the Fellowship Hall of the church immediately following the service. The color scheme for the reception was blue and yellow, as was the wedding.

White lace table cloths over yellow set off the punch and cake tables to perfection. Grecian columns, entwined with blue bells stood sentinel over the cake table. The five-tiered cake was made by a friend of the couple, Eddie Lacterra Jr. of Sanford.

The bride's book table, flanked by a decorative giant Easter Egg and a large white Easter basket which held the tiny packages of rice, was presided over by Miss Dawn Robinson. Other hostesses included Miss Nancy Fletcher, Mrs. Benton and Mrs. Roberta Jantz.

The couple will take a belated honeymoon in the Pokomo Mountains, Pa.

For her traveling outfit the bride chose a peasant style, puff-sleeved dress of a colorful coral and white double knit fabric. The couple will reside in Key West where Mr. Frederick is attending Fleet Sonar School. He is on duty with the U.S. Navy.

Bike Rodeo Set Saturday

Woman's Club Wins Honors

DELTONA — Mrs. Anthony Wisniewski and Mrs. Jessie Boyette attended the State convention of the Florida Federation of Women's Clubs in Jacksonville for four days recently.

The following Deltona members of the Women's Club attended part-time: Mrs. Norman Wagner, Mrs. Jerry Robinson, Mrs. J. Arthur Anderson, Mrs. Henry Langknecht, Mrs. Paul Rose, Mrs. William Schumann and Mrs. Frederick Weigand.

Deltona's Women's Club received a Certificate of Honor for 100 per cent participation in the work of the Federation and a Certificate of Merit which signifies special recognition for help and cooperation with other local organizations, with Police officials, the State Highway Department and the Schools.

There was also recognition for the efforts of the club to involve the community in its work. The Deltona women were most pleased by the presentation of a beautiful silver tray given by the Florida Association of Women's Safety Leaders, Inc.

Mrs. Jerry Robinson, who was chairman of the Bicycle Rodeo which brought the local club's work to the attention of many people, will accept the tray for the club at the May meeting in Deltona.

A surprise announcement by the National Safety Council has everyone working up-time right now to set the Rodeo again, so pictures can be taken of a film the Council is making. They arrive from Colorado this coming Saturday to make

the movie and all children with bikes are asked to be at Deltona Plaza by 12:30 to participate in this movie-making. Regular inspection of bikes will be made, the full course set up and Constable Horn will be there. Place will probably be in front of the Neiner Store. Registration tables will be ready for youngsters ready to participate. It was further announced in Jacksonville that Mrs. Margaret Davis won a first prize ribbon in the Fine Arts Contest for a hooked rug. Mrs. Grace Berg received a second place ribbon for a pine needle basket and a third place award for a metal tray she made. Mrs. Carl King, first vice president of the Florida Federation complimented the local group publicity on its accomplishments in so short a time.

MRS. JERRY ROBINSON of Deltona Woman's Club will again be organizing a Bicycle Rodeo Saturday at Deltona Shopping Plaza, so that movies may be made of the Safety Program. The Women's Club has heard from Washington, D.C., from the National Safety Council, that they will be in Deltona Saturday to make a film, which will be part of a general film on Safety for distribution nationwide. All Deltona children who ride bikes are asked to be at the Plaza, in front of Neiner's store, about 12:30 Saturday, to register for the bike inspection and Rodeo. Constable Horn will be there. Many Deltona Clubs are assisting with setting up the course, inspection of bikes, etc. (Ella May Frazer Photo)

Swinging Springs Benefit Tomorrow Save Our Florida Symphony!

By MARILYN GORDON Save our symphony by swinging into spring with a picnic and fashion show, Thursday, April 29. Social hour will begin at 11:00 a.m. and the picnic at 12:00 noon at the Springs (formerly Sanlando Springs) on SR 434. Fashions will feature beach and patio fashion by Proctors, Printer Park. All proceeds go to the Florida Symphony Ford Matching Fund. Guests arriving at the Springs will be attended at the trans-

formation. Earl Downs and John McClintock, developers of the Springs, have brought for it a unique about face. It is a return to nature of one of Central Florida's most scenic spots. Over 100 acres around the springs have been designated a wild life sanctuary by the owners. It's breathtaking beauty, famous gardens and walks will be preserved in its natural state and the ecology of the entire area will be protected.

"Picnickers" will be greeted by four beautiful damsels swinging on long rope swings from huge oak trees overhead. For reservations, phone or write Mrs. W. W. Fritz 423-3293, 2000 Alameda, Orlando. Make checks payable to Florida Symphony Ford Grant. In case of rain-picnic and fashion show will be held the following day.

## Seminole High Jr.-Sr. Prom

THE CALENDAR was turned back to "The Roaring Twenties" Saturday night at Sanford Civic Center when Seminole High School staged the annual Junior-Senior Prom. In depicting the excitement of the era, merry-makers were all decked-out in feminine fashions for milady and handsome, colorful formal regalia for his majesty. Focal point of the gala evening was the serving of "bathtub gin" (not the real McCoy, parents) from a unique 1905 bath tub. According to teachers, parents and friends attending, this was the best prom ever for SHS Juniors and Seniors who could have danced all night to the groovy music of a swinging local band, "Miami".

# County Considers A New Ordinance

By LARRY NEELY  
An ordinance which would regulate all establishments dealing with alcoholic beverages is to be drawn up this week by County Attorney Harold Johnson for consideration by the commission at their meeting next Tuesday. The new ordinance would empower the county to control the operations of bottle clubs such as the one being operated on Highway 172 in Longwood. Johnson was directed at Tuesday's meeting to draw up the ordinance.

# Casselberry Council Votes To Accept Plat

By KATHY NIBLACK  
CASSELBERRY—City Council voted to accept the Summer set IV plat. This acceptance had been pending while several small problems with the developer were cleared up. Lester Mandell, president of Greater Concorde Corporation, was present at last night's meeting to assure the council that these matters had been taken care of, and to present the city with the amended plat, the deed to the Summer set Swim Club, and an easement to Lake Summer set (Lake Heffler).  
When advised by City Attorney Kenneth McIntosh that a warranty deed to the lake would be more acceptable to the city than an easement, Mandell agreed to grant such a deed. He has also agreed to take care of

# Light Day Of Combat Action On Ground

# B52s Hit Commie Bases In A Shau

**By BARNEY SEIBERT SAIGON (UPI)**—U.S. B52 bombers carried out some of the heaviest raids of the year Tuesday night as they pounded targets against Communist bunkers, anti-aircraft installations and suspected troop concentrations at the north end of the A Shau Valley next to the Laotian border.  
Military spokesmen said most of the targets were concentrated in a three-mile square area of jungle-covered mountains at the edge of the valley, site of a two-week-old Allied operation.  
Other B52s pounded targets six miles southwest of Fire Support Base 6 in the Central Highlands 100 miles south of the A Shau Valley and a trail complex just south of the Demilitarized Zone (DMZ) and within a mile of the Laotian border.  
A total of seven missions was flown. It was only the second time that many missions had been carried out in Vietnam this year.  
Allied Commands said it was otherwise a light day of combat action.  
The U.S. Command reported a U.S. Army UH1 helicopter was shot down Tuesday 10 miles southwest of the Americal Division headquarters at Chu Lai, 335 miles north-south of Saigon. The crewmen were wounded.  
Earlier, it had been so quiet that the U.S. Command in Saigon failed to issue a morning communique today for only the third time since such reports were first released in 1966.  
A Saigon government report told of a skirmish Tuesday night 13 miles north of Phu Nhon in the central highlands.  
Communist troops were killed and five weapons captured. There were no South Vietnamese casualties reported.  
Four American GIs, three South Vietnamese soldiers and a Vietnamese girl were wounded Tuesday night when a grenade was thrown into a

# U. S. Secretly Probing Wallace Campaign \$\$\$

**By JAMES R. POLK Associated Press Writer WASHINGTON (AP)**—The Justice Department, in a move that may spark a political storm, is probing possible income tax violations in the handling of campaign funds by Gerald Wallace, the governor's brother, and Seymour Trammell, Wallace's top financial aide until two years ago, are believed to be central figures in the probe. There has been no indication that Gov. Wallace is directly involved.  
The grand jury is digging into campaign donations for both Wallace's third party run for President in 1968 and his late wife's election as governor in 1966.  
The panel already has heard testimony that phony invoices were issued by an advertising agency to big campaign checks in the governor's race. The probe also has focused on presidential race contributions from contractors doing business with the state.  
A \$3,000 donation from a school textbook supplier is reported to be among the campaign checks under investigation in the 1966 election.  
The grand jury probe is also touching on the financial dealings of firms and people linked to state payments for building supplies, liquor sales pier facilities, government bonds and highway contracts.  
Wallace, who carried five Southern states in the presidential race, has had no public comment on the investigation.  
His brother, Gerald, all but confirmed his own involvement in the probe. Calling the tax investigation a political move, he said in a recent statement: "The only person that President Nixon fears in 1972 is George Wallace. The Nixon forces know they cannot get at George Wallace, so they are attacking his brother."  
There has been no indication Gerald Wallace has been called before the grand jury. Trammell is expected to appear when the panel returns Thursday. He declined comment on the probe.  
The Justice Department has sent both a top tax prosecutor and a campaign money expert to Montgomery to help guide the probe. And the federal attorney from Alabama assigned to the case flew to Washington for two days of private talks last week.  
The grand jury could return tax fraud indictments if it finds advertising invoices were used by contributors to deduct campaign checks as business expenses on income tax returns.  
Political contributions are not legally deductible. Federal law also forbids corporate donations to presidential races.

# Anti-War Protestors Arrested

**WASHINGTON (UPI)**—Police arrested dozens of antiwar demonstrators today after they spent a chilly night in the rain outside Selective Service headquarters vowing to block employees from entering.  
The arrests were made by about 50 Washington city policemen in a relaxed atmosphere.  
There were no incidents but for the first time during the current series of demonstrations, some protesters went limp and had to be carried to police vans. Normally the protesters walk passively away with police when told they are arrested.  
The protesters took a different tact this morning at the Internal Revenue Service building, which occupies a block along Constitution Avenue at 11th St. Instead of blocking entrances, they opened the doors for arriving employees and handed them peace literature.  
A handful of protesters was arrested at each entrance to the IRS building where more than 5,000 persons work.  
The heads of 27 religious organizations with a membership of more than 86 million Americans issued a call Tuesday for an end to the war.  
The leaders of Catholic, Protestant, Jewish and orthodox churches asked that bells

# Congress Assuming Control Of Draft; Long Debate Seen

**WASHINGTON (UPI)**—A Senate committee has voted to keep the draft alive for two more years—but also to give Congress control for the first time over the size of the armed services and the number of draftees.  
The draft measure passed by the Armed Services Committee Tuesday headed for lengthy debate on the Senate floor, where war critics were expected to try to trim the draft authority back to only one more year and to make larger cuts in the manpower level.  
The committee acted a few hours after Defense Secretary Melvin R. Laird revealed that draft calls for the rest of 1971 would not exceed 10,000 in any month—the lowest continuing military call rate in six years. Laird also said the United States will spend about \$8 billion in Vietnam during the business year starting July 1, about one-third of the peak Vietnam expenditure in 1968.  
The draft bill passed by the committee would authorize the government to spend more than \$1 billion for pay and benefits to meet the Nixon administration goal of an all-volunteer Army and a zero draft call.  
The committee voted that the "end strength" of the armed forces should be cut from a requested 2.6 million in June 30, 1972, to 2.5 million. While the cut is not big, it would establish the principle of congressional control over the size of the standing Army—something that has been under the traditional control of the executive branch, imposed an outside limit of 150,000 on the number of men the president could draft in any one year—a provision that would be suspended under a national emergency.  
The years involved were the height of Nader's campaign

# Kentucky Tornadoes Claim 11; Raze Town

**COLUMBIA, Ky. (UPI)**—Tornadoes cut a deadly path through five south central Kentucky counties Tuesday night and early today and virtually destroyed the tiny community of Cane Valley three miles north of here.  
At least 11 persons were killed and 100 injured when the tornadoes struck primarily in rural areas. Six persons were killed at Cane Valley and at least 40 injured, state police said. Only an estimated 500 persons lived in the tiny community.  
The tornadoes were spawned from storm systems that struck the southern midwest states cutting paths of destruction primarily through rural areas in Kentucky, Illinois and Tennessee.  
Gov. Louie B. Nunn of Kentucky flew into the area on a National Guard helicopter to survey the damage. Nunn also alerted the National Guard for duty in the stricken areas.  
"There are six definite dead at Cane Valley," Don Cravens, a police officer here, said.

# FUNNY BUSINESS

# People In The News

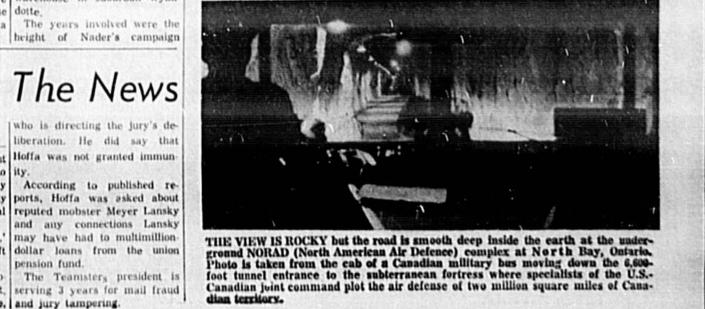

**James Hoffa**  
LEWISBURG, Pa. (AP)—Teamster Union President James H. Hoffa, 58, returned to the federal prison Tuesday night after spending nearly three hours before a federal grand jury in New York City. "I have no comment at all," Hoffa told newsmen as he left the jury room.  
No reasons for Hoffa's appearance were given by Asst. U.S. Atty. Richard Ben-Veniste, who is directing the jury's deliberation. He did say that Hoffa was not granted immunity.  
According to published reports, Hoffa was asked about reputed mobster Meyer Lansky and any connections Lansky may have had to multimillion-dollar loans from the union pension fund.  
The Teamsters president is serving 3 years for mail fraud and jury tampering.

GOING UP . . . AND UP . . . AND UP

# Complaints On Corvair 'Lost Letters' Cost GM

**DETROIT (UPI)**—The Detroit Free Press reported today that General Motors Corp., in a "panic" when 19 cardboard boxes of missing microfilm complaint letters about the Corvair and other Chevrolet products turned up in a salvage warehouse, paid \$20,000, eight years ago, to pay the claims from falling into the hands of Ralph Nader.  
The newspaper said in today's editions that the microfilm letters from the years 1964 and 1965 had vanished from the Chevrolet division's customer relations department sometime after 1965 and turned up earlier this month in a warehouse in suburban Wyandotte.  
"We didn't know what we had until a guy offered us 6 cents a card," Nader said.  
A short time later Nader's office offered to pay to have the files shipped to Washington. Nader's office said it would look into the matter.

THE VIEW IS ROCKY but the road is smooth deep inside the earth at the underground NORAD (North American Air Defense) complex at North Bay, Ontario. Photo is taken from the cab of a Canadian military bus moving down the 6,000-foot tunnel entrance to the subterranean fortress where specialists of the U.S.-Canadian joint command plot the air defense of two million square miles of Canadian territory.

# Also Termed Stretchrunner's Nightmare Kentucky Derby Fed Likened To Traffic Jam

By BO SCHEINER, Staff Writer  
SANFORD, Fla. (AP) — The 128th Kentucky Derby, which will be run from Churchill Downs on Saturday, is being compared to a traffic jam by a stretchrunner's nightmare.

Stretchrunner's nightmare is a term used by horsemen to describe a race in which the horses are so packed together that they are unable to pass one another.

At the Kentucky Derby, the horses are packed so closely together that they are unable to pass one another, and the race is compared to a traffic jam.

But Leonard Focht, chief investigator for the California commission, said his record show Jim French was a late program when he was the San Antonio Derby April 3. He said that Unconquered was on a program with early March.

Unconquered was on a program with early March. The race was a stretchrunner's nightmare.

### WANT AD

by L.M. Boyd

HOW LONG have you had your kitchen stove? Estimated life of a new one is 16 years in the city, 12 years in the country. Those rural girls really romp on their ranges, that's understood. . . TEA IS for thinkers, coffee is for athletes. . . None other than the United Nations in its bulletin on narcotics said that if YOU LIKE you can buy bottled baby sparrows, packed five to the can. To be skewered with toothpicks. And served between drinks. May I leave the stove calling, "low pay" is cited as the No. 1 reason. Among Catholic priests who choose to leave the church, so-called "stubborn leadership" is cited as the No. 1 reason. Or so survey-takers, both Protestant and Catholic, recently disclosed. . . ANOTHER way to quiet a lone whimpering puppy is to put a mirror in its box. . . ITS SAID new newspaper reporters claim, experience on the New York Post has on any other newspaper. . . AND EAR in mind, the male reinder lives about six years longer than the female reinder. . . AM ASKED WHY fashion models always pose with one leg slightly in front of the other. Because they're knocked over. Or most are. Here is the girl whose leg they're not. She stands straight with her feet together. Could name you a dozen currently famous beautiful young women who are so knocked-over they almost clatter when they walk. But that would be unkind and unkind.

# Shaky Prospects For Askew Tax

By RICH OPPEL  
Associated Press Writer

TALLAHASSEE, Fla. (AP) — Gov. Reubin Askew's desire for an early vote of the people on his corporate income tax today faces perhaps its last test in the immediate future — with shaky prospects of success.

If he and his supporters still lack the necessary 36 votes for passage of the bill, there will be no more postponements, said Senate President Jerry Thomas, D-Jupiter.

"We're going to vote on this bill Wednesday, and then go to other business," said Thomas, an opponent of the tax but a supporter of the early election date.

The Senate delayed action on the House-passed bill setting a July 6 referendum date on Tuesday out of courtesy to Sen. Dick Fischer, D-Miami, who was in Miami attending the funeral of a friend.

Some viewed the postponement as a chance for Askew loyalists to line up support, but which was badly threatened when 17 of the 15 Republicans in the 47-member Senate agreed at a Monday caucus to vote no on the early date.

President Thomas said if the bill passes, the July 6 date would have to be changed to a later time because of requirements for 10 weeks of public advertising before a special election.

He said Askew agreed to this, but his proposal is to go to the voters in November 1972, anyway, but he is seeking an early referendum so that the estimated 723 million-a-year in revenues could be used in the fiscal year beginning this July 1.

Leaders of both parties predicted the vote would be close and a handful of senators could swing it either way.

"The Republicans position hasn't changed," said Senate Minority Leader Warren Henderson of Venice. "I can't say some of the members won't change their votes. But as a party, we still plan to hold together."

But there was some talk of erosion in the GOP ranks, the result of pressure from Askew and House Republicans, who measure up their opposition to the measure and voted along with House Democrats to pass the early election bill 102-16.

One Republican legislator, who asked not to be quoted, said he knew of at least one of the 12 who will back down from the caucus position.

It will take 12 votes to block the early election.

# Dead Fish Choking Everglades Canals

By NICK TATRO  
Associated Press Writer

MIAMI (AP) — Masses of dead fish choked straggling canals in the drought-stricken Everglades Tuesday where muck fires raged over thousands of acres of dust-dry grasslands routing wildlife and endangering natural shelters.

Federal weather scientists were grounded for the second day in a row today after two cloud seeding airplanes took a wild ride into tight quarters. Buzards and alligators fed on the dead bodies strewn the banks.

"The high concentration of fish uses up all the available oxygen with the bass and brim dying off first. The tougher fish, such as the gar, have a better chance," the spokesman said.

But Maj. Lou Guiney of the Florida Game and Fresh Water Fish Commission said the fish kill was the most graphic illustration of the drought's effects but muck fires were the most serious.

Only a few light showers in the Everglades were reported Tuesday. Rainfall in the last six months has amounted to only 3.66 inches compared to a South Florida average of 19.76 inches.

Fish kills were reported in Conservation Area 2 in Broward County. Bass and brim fish by the thousands floated belly up in the ever-shrinking canal system.

"The kill is fairly extensive," a park spokesman said. "But there is really nothing we can do."

The spokesman said the numbers of dying fish were usually large but the long term effects were impossible to predict.

Rangers said wading birds, such as cranes and woodstorks, were endangered because shallow water feeding grounds had dried up.

Observers painted a grim picture. Catfish and bass were seen pecking at water's surface in canals and burrow holes trying to get needed oxygen robbed by high winds, heat and low humidity.

The thrum of churning and

LARRY R. Gatlin, son of Mr. and Mrs. Frank A. Gatlin, Lake Morrow, has completed basic training at Fort Jackson, S. C., and has been assigned for combat engineering duty in the 1st Air Cavalry Division, Vietnam.

# 'We Deal In Pain'

By ANN SHEZKOWSKI

It is a stirring address to the members of the Seminole County Visiting Nurse Association recently, Kenneth McIntosh, past president of the organization, inspired the new officers to greater service and accomplishments.

He recalled the day in September of 1965 when the charter group first met to consider the challenge by the County Commissioners and the Director of the Health Department of starting the Visiting Nurse service. The group rose to the challenge and on October 7, one month later, the charter was presented.

Seminole County needed skilled nursing care. There were families in dire need of the service. The prime objective then and now—to maintain a

high standard of public health nursing.

McIntosh declared in his forceful manner, "We deal in pain and suffering and loneliness—and on the other side of the coin, we also deal in rehabilitation, release from pain, concern for our fellow man and love." The association performs more than service—it is not just a job—but we are involved in a ministry of service to our fellow man. Quoting from the book of Matthew, Chapter 26, Mr. McIntosh said, "I was sick and he visited me," and from Chapter 40, "Inasmuch as you have done unto the least of these, you have done it unto me."

He admonished further, "We must join hands together in love and support our fellowman. We must set off together in a

new direction toward new horizons in a ministry to those in our community who need the services we can give to them."

Such is the spirit of dedication to the community which guides these members of the Visiting Nurse Association as they go about their daily business of helping those who require assistance in problems bigger than their ability to handle.

McIntosh then expressed congratulations to those new officers who have accepted the responsibility of carrying on the principles of this worthy organization. They are: Curtis E. Nelson, President; W. C. Richardson, Vice President; Elizabeth A. Gordon, Secretary; Betty Jo Swain, Treasurer; W. E. Dibble, Mr. E. Peurifoy, and Mrs. Vera Williams, Directors.

# Homemaker's Fashion Show

By MARILYN GORDON

May and June promise to be two truly exciting months as far as homemakers are concerned. Two coming events are Homemaker's Achievement Day, May 14, from 9:30 to 2:30 P.M. at the American Legion Building, Sanford; and Homemaker's Leadership Camp, June 1-3 at 4-H Camp McQuarrie.

The feature of the day May 14 will be a fashion show at 10:30 A.M. moderated and coordinated by Kay Sasmann, county county president. The fashion show will include dresses, pantsuits, lingerie, handbags, belts, hats, jewelry, beach wear, vests and other sportswear.

Homemaker's Leadership Camp June 1-3 has the theme "Celebrate Yourself Beautiful." Camp will begin with the noon meal on Tuesday and end with the evening meal June 3. The cost per camper for the entire time is \$10. Seminole County is limited to ten full-time campers.

This year day campers are welcome at a cost of \$2 a day, which includes a lunch. Each camper will attend six classes and four hours of creative arts. The classes will center around personal improvement, and such creative arts as flower loom pictures, corsage making, egg-knitting, egg carton roses and angels. The entire class schedule is not complete at this time. (Other activities will include assembly programs on personal safety, exercise, and a driver's education class.)

If you are interested please contact the Agri-Center, Sanford. All activities are open to the public, and everyone is urged to attend and share your ideas.

# Retiree's Trial Set

Peter D. Owens, 57 year old retiree, charged with the shooting death of his wife Wilfred Tyson Owens, on April 21, was released from custody at Seminole County Jail Tuesday on a \$3,000 bond. Judge Volie Williams granted the bond upon the request of Owens' attorney Gordon Friedrich.

Owens was bound over to Circuit Court for grand jury action on Friday, following a preliminary hearing.

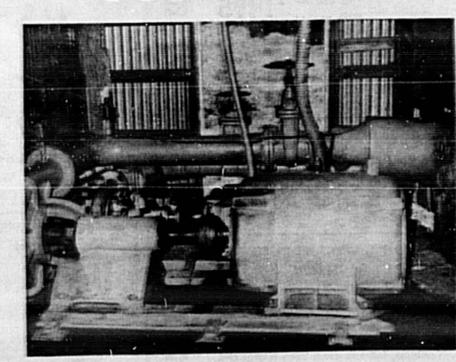

Funeral services were held Tuesday at Brisson Funeral Home for Mrs. Tyson, a licensed practical nurse at Seminole Memorial Hospital. Interment was at Boggy Creek Cemetery.

# Only rain costs less.

But rain is less dependable. Electric powered irrigation is on the job when you need it... where you need it. Costs less to buy and maintain than any other irrigation system. And electric powered irrigation equipment lasts longer. And what nature—or other irrigation power—can't do, electricity can. Electric power can turn your pumps on and off automatically. Save time and work.

Why not find out more about the advantages of electric powered irrigation? Your equipment dealer will be glad to answer any questions.

**Buttered Asparagus Spears**

By Cecily Brownstone, Associated Press Food Editor

Brides, there's an easy modern way to cook asparagus. Pay no attention to recipes that call for a double-boiler. Asparagus spears do beautifully when they are cooked in a deep skillet with a dome-type cover in a small amount of salted water for a short length of time. This way the asparagus stays a fresh bright green color.

And another up-to-the-minute rule - at least it's a rule in our book. Always peel the asparagus spears up to the bud. Although there are opponents of this measure, we are adamant about it. Peeled, the spears cook in a minimum of time and eaten with pleasure. Peeling improves texture and flavor.

Whole cooked asparagus spears are elegant served with hollandaise sauce. They are also delicious teamed with other foods to serve as a main dish for brunch, lunch or supper. One way of doing this is to heat slices of baked ham and arrange them on hot buttered toast with the asparagus on top of the ham. Then spoon a well-flavored hot cheese sauce over the asparagus, add a sprinkle of paprika and serve at once.

Chill the cooked asparagus spears when you want to serve them as a salad with vinaigrette dressing. To make the vinaigrette, beat together olive oil and wine vinegar (white or red) in the proportions you like with a dash of salt, white pepper and prepared mustard. Now add a good sprinkling of minced chives and parsley. At serving time arrange the asparagus on salad plates and spoon over the dressing. It is added at the last minute because if the spears are marinated in the vinaigrette for any length of time they will probably lose their bright green color due to the vinegar. Garnish the asparagus, if you like with bright bands of pimiento.

A pound of asparagus makes wonderful eating for two. In the following recipe the peeled spears are cut into short lengths and cooked in butter without one drop of added liquid. The result is sweet and succulent.

**BUTTERED ASPARAGUS CUTS**

2 pound asparagus, thin or medium-thick spears  
2 tablespoons butter  
1/4 teaspoon salt  
Dash of white pepper

Snap off the ends of the asparagus as far down as they break easily, or cut off the ends in one fell swoop.

With a swivel-blade vegetable peeler remove fibrous outer covering up to buds.

On a cutting board with a sharp knife cut the spears into 3- to 2-inch lengths, slanting the ends slightly, up to the buds.

In a 9- or 10-inch skillet cover moderately low heat (250 degrees) melt the butter. Add asparagus; sprinkle with salt and pepper. Stir to coat asparagus with butter. Cover tightly and cook, lifting cover and stirring a few times, until tender-crisp - about 7 to 10 minutes. Serve at once.

Makes 2 generous servings.

**FAMILY DINNER**

Fish Fillets Potatoes  
Buttered Beets Green Salad  
Spicy Cupcakes Beverage  
SPICY CUPCAKES

They're at their fluffiest best served warm or reheated.

1/4 cups sifted flour  
1/4 teaspoon baking powder  
1/4 teaspoon baking soda  
1/4 teaspoon salt  
1/4 teaspoon nutmeg  
1/4 teaspoon ginger  
1/4 teaspoon allspice  
1/4 cup (1/2 of a 1/2-pound stick) butter or margarine  
1/4 cup sugar  
1 egg  
1/2 cup light molasses  
1/2 cup very hot tap water

Sift together flour, baking powder, baking soda, salt and spices. Cream butter and sugar; beat in egg. Stir together molasses and water. Into creamed mixture gently beat flour mixture, alternately with molasses mixture. Turn into paper baking cups set in medium-size muffin-tin cups filling 2/3rd full. Bake in a pre-heated 350-degree oven until a cake tester inserted in center comes out clean - about 12 minutes. Makes about 24.

To make croissants, brown a cup of bread cubes in a couple of tablespoons of butter or olive oil; serve the croissants as a garnish for a soup or toss them in a green salad.

**Beef Chuck Tasty In Onion Pie**

By TOM ROGGE, Associated Press Writer

An eye-watering whiff of one may convince you otherwise, but the onion is actually a member of the lily family which has a pungent odor as the onion and the byproduct. Pronounced though its odor may be, there are few of us who do not relish the volatile onion, whether it is a slice of mild Spanish, a tangy stalk of scallion, a pungent clove of garlic or a budding shallot.

In my travels around France, I sampled the versatile bulb in more forms than I realized existed. There were onions and eggs baked in a Mornay sauce and topped with grated Parmesan; onions sauteed until golden and placed with Swiss cheese chunks in a pastry-lined pie pan to make a delectable quiche and such robust specialties as beef and onion pie or huge, Italian onions stuffed with chicken livers and tiny mushroom caps.

The French also have a way of scraping onion over a simple field salad and making the dressing with garlic to turn the dish into an aromatic classic.

But France is not the only European nation to play fast-and-furious games with onions. In Germany and Holland I sampled onion tarts, and the Russians had a way of simmering chopped onions, mashing them with sour cream and smearing the lot over a steak that was out of this world.

The healthy, energy-giving quality of the onion is well known. In fact, historians tell us that the slaves who built the Great Pyramid at Giza lived on a diet that consisted mainly of onions, garlic and radishes.

In the Middle Ages, physicians prescribed onions for everything from housemaid's knee to make bile, until someone hit on the idea of substituting a jolt of liquor as a cure-all.

If you want something to give you warmth and comfort on a cold, raw day, I can't think of a better dish than beef and onion pie. Here's a recipe for it.

**BEEF AND ONION PIE**

3 pounds boneless beef chuck  
2 tablespoons shortening  
salt and pepper to taste  
3 cups water  
10 oz. cooked onions  
4 oz. cooked diced carrots  
1 oz. cognac  
1/4 cup cornstarch

Cut meat into 1 1/2 inch cubes and brown in shortening in Kettle. Season with salt and pepper. Add water and bring to a boil and simmer for 2 hours or until tender. Drain, reserving broth. Put meat in shallow baking dish. Measure broth and add onion liquid to make three cups. Add cornstarch blended with a little cold water and cook until slightly thickened. Add onion, carrots, gravy and cognac to meat and bake in preheated (425 degree F.) for 10 minutes. Reduce heat to 350 and bake another half hour. Put pie crust atop and heat until crust is brown and crisp.

Serve with a red Burgundy. Serves 8 persons.

**FAMILY DINNER**

Spicy Oven-fried Chicken  
Okra and Tomatoes Rolls  
Fruit Salad Beverage

**SPICY OVEN-FRIED CHICKEN**

Cornmeal makes a crunchy coating.

1/2 cup enriched white or yellow cornmeal  
1/2 cup sifted flour  
1 1/4 teaspoons salt  
1/2 teaspoon onion salt  
1/4 teaspoon pepper  
1/2 teaspoon oregano, crushed  
1/2 teaspoon chili powder  
1/2 teaspoon garlic powder  
Milk  
3/4-pound frying chicken, cut up

1/2 cup butter or margarine, melted

On a large sheet of wax paper thoroughly stir together the cornmeal, flour, salt, onion salt, pepper, oregano, chili powder and garlic powder. Dip chicken pieces in milk and then in cornmeal mixture. Place skin side down on rack in large shallow baking pan. Brush chicken with butter. Turn skin side up; brush with butter again. Bake uncovered in a preheated 375-degree oven until tender - about 1 hour. Makes 4 servings.

When pushing in thumb tacks, use a thumb and save your fingers.

# Rice And Green Pea Casserole

By CECILY BROWNSTONE  
Associated Press Food Editor

To make life easier at dinner-time we like to mix rice with a vegetable and bake the two, casserole style, in the oven. So convenient to bring to the table right in the baking dish and to serve!

If this idea appeals to you, you might like to try this baked rice and green pea combination. Canned mushrooms go into it, too, plus chicken bouillon, sherry and seasonings. We found it a good dish to serve to company along with beef or chicken.

Either regular milled white rice or parboiled rice may be used in this recipe. If you use the former, choose the long-grain variety; when cooked, its grains tend to separate. Short and medium grain varieties of regular milled white rice have softer grains that tend to cling together; they are excellent to use in meat and chicken loaves and in croquettes where it is an advantage to have the grains adhere and in chilled rice desserts where the extra softness of the grains is an advantage.

### RICE AND GREEN PEA CASSEROLE

1 cup uncooked rice  
2 tablespoons butter, cut up  
3 can (4 ounces) sliced mushrooms, undrained  
2 package (16 ounces) frozen green peas  
1/4 teaspoon white pepper  
1/4 teaspoon nutmeg  
1/4 teaspoon dried marjoram  
1/4 teaspoon onion powder  
2 cups boiling water  
1 chicken bouillon cube  
2 tablespoons dry sherry

Into a round 2-quart glass casserole (8 1/2 by 2 1/2 inches) or similar baking dish turn the rice, butter, undrained mushrooms, frozen peas, pepper, nutmeg, marjoram and onion powder.

Add the bouillon cube to the boiling water and stir to dissolve; add the sherry; pour over rice mixture; mix well. Cover tightly; if baking dish has no cover, use foil.

Bake in a preheated 375-degree oven until rice is cooked through and liquid absorbed — about 30 minutes. With a fork, mix gently to fluff the rice. Serve at once.

Makes 4 to 6 servings.

Note: If peas are frozen to a solid block, let them enough to separate before adding.

By AILEEN CLAIRE  
NEA Food Editor

Coffee lovers will enjoy a refreshing after-dinner dessert drink. A coffee slush is a frothy treat and features a swirl of prepared whipped topping. Serve it with cheese and fruit for a continental dessert or with pastry. A coffee slush also makes a soothing afternoon treat, especially on warm days.

### COFFEE SLUSH

1/2 cup sugar  
1 teaspoon unflavored gelatin  
1 1/2 tablespoons freeze dried coffee  
2 cups boiling water  
1 cup prepared whipped topping

Combine sugar, gelatin and coffee in a bowl. Add boiling water and stir until ingredients are dissolved. Pour into 8-inch square pan. Freeze until firm — about 4 hours.

Just before serving, shave frozen coffee mixture into fine pieces by scraping with metal spoon. (If mixture is too firm, let stand at room temperature a few minutes.) Fold in prepared whipped topping. Spoon into 8 glasses. If desired, garnish with additional prepared whipped topping. Serve immediately with straw and spoon. Makes about 4 cups or 8 servings.

Use a bulb syringe when watering small plants. Water won't spill.

When house plants become dusty, put them in bathtub, spray and wash leaves gently. Then leave in tub until excess water drains off.

If you want to bake just a few muffins put some water in the unused cups and pan will not warp out of shape from oven heat.

Keep that old large handbag. It makes a good first aid, sewing or what-not kit that can be used on auto trips.

The acetate fiber in clothing is made from a tree.

## Specialty Food Sales Increase

By JEANE LESSEM  
UPI Food Editor

NEW YORK (UPI)—Recent data shows that many restaurateurs these days see a bright future in specialty food sales. In fact, annual sales increased more than 100 per cent last year over 1969, says Emanuel M. Margarties, president and board chairman of Foods of All Nations. He added in an interview here that some other establishments in the Long Island shopping centers where three of his stores are located showed losses during the same period.

The Greek-American merchant, who was a consultant in establishing an international supermarket in Washington, D.C. in 1964, has been selling specialty foods since the age of 12, when he helped in his father's Greek-American shop on Manhattan's Eighth Avenue.

Discharged from service after World War II, he opened a combined food shop and cafe in Elmont, N.Y., for which his mother baked Greek specialties such as baklava and bourek. Both are made with filo, a thin, flaky pastry. Baklava is a dessert and bourek, an appetizer, with either cheese or chicken and spinach filling.

Margarties said a great percentage of his customers represent ethnic and national groups rather than economic ones. Although two of the four communities he serves are affluent, with family incomes in the \$15,000 range.

He theorized that moneyed families have contributed to sales increases because they're entertaining less in restaurants and more at home.

"A lot of our customers have maids, but they'll shop themselves, sometimes with their husbands," he said. "The maids can't cook. Wives must do the cooking. The maids clean and serve."

But groups of such diverse heritages as Japanese, Greek, German, Scandinavian, English, Irish and Jewish are the backbone of the business, he said.

"Ethnic group families shop more often than those with larger incomes and they are quality-conscious. First-generation Americans tend to be as demanding as the immigrants, but second generation are less so because they don't know what the foods should taste like."

By AILEEN CLAIRE  
NEA Food Editor

A simple egg dish halts worries of any woman who wants to entertain with a brunch without overworking herself. Eggs Au Gratin, Italian style, are filling, attractive to look at and take little preparation time since they primarily are baked. This is a recipe that can serve one, two or 20 by adjusting the amount of ingredients.

Canadian bacon, ham slices or sausage, rolls and a fruit cup as a starter.

EGGS AU GRATIN.  
ITALIAN STYLE

1 or 2 eggs per person  
5 tablespoons butter or margarine  
2 envelopes golden seasoning and broth  
3 tablespoons flour  
1 cup milk  
1/4 cup grated Parmesan  
2 tablespoons bread crumbs

Preheat oven to 400 degrees.

In a saucepan, melt 3 tablespoons of butter with one whole seasoning and broth. Remove from heat and stir in flour. Return to heat, add milk gradually. Cook stirring constantly until sauce has thickened. Pour sauce into shallow baking pan. Break in eggs. Combine Parmesan cheese with bread crumbs and remaining envelope seasoning and broth. Sprinkle cheese-crumbs mixture over eggs and dot with remaining butter. Bake for 10 minutes or until eggs are set and have reached desired doneness. Makes 4 servings.

Mix ground bean cooked beef with mashed potatoes and seasoning; make into patties and fry. If you like, you may flour or crumb the patties before frying.

### Crunchy Cookies As Snacks

By CECILY BROWNSTONE  
AP Food Editor  
AFTER-SCHOOL SNACK  
Fresh Pear Wedges  
Ray Marks's Crunchy Cookies  
With  
RAY MARKS'S  
CRUNCHY COOKIES  
Rich in brown sugar flavor,  
1/4-pound stick butter or mar-  
garine, cut up.  
1/2 cup firmly packed dark  
brown sugar, sieved if lumpy.  
1/4 teaspoon baking soda, dis-  
solved in 1 teaspoon boiling wa-  
ter.  
1 cup unsifted flour  
Pinch of salt  
1 teaspoon vanilla  
1/2 cup quick-cooking rolled  
oats.  
In a medium saucepan or  
metal mixing bowl, over very  
low heat, stir butter until it is  
melted, but not very hot.  
Remove from heat. Stir in brown  
sugar and dissolved soda. Add  
flour, salt and vanilla: do a  
wooden spoon work together;  
work in oats. Shape into small,  
marble-size balls. Place, 2 inch-  
es apart, on buttered cookie  
sheet. With the tines of a fork,  
dipped in ice water, press firm  
in crisscross fashion. Bake in a  
preheated 350 degree oven until  
browned—10 minutes. With a  
wide metal spatula remove to  
wire rack to cool. Store in tight-  
ly covered tin box. Makes about  
4 dozen.

**FAMILY DINNER**  
Pork Chops Easy Spoon Bread  
Green Beans Salad Broil  
Rhubarb and Strawberry  
Compo  
**EASY SPOON BREAD**  
The cornmeal is not pre-  
cooked.  
2 cups waterground white  
cornmeal  
1 teaspoon salt  
2 cups boiling water  
1/2 of a 1/2-pound stick butter,  
cut up  
1 1/2 cups milk  
2 large eggs, separated  
In a medium mixing bowl stir  
together cornmeal, salt, water  
and butter until butter melts.  
Add milk; beat with a spoon or  
whisk until smooth. In a small  
mixing bowl beat egg whites un-  
til stiff. Without washing beater  
in another small bowl beat egg  
yolks slightly; gradually stir  
into cornmeal mixture. Fold in  
whites; disregard small patches  
of white that do not fold in.  
Turn into a buttered 3-quart  
round straight-sided soufflé dish  
(about 8 by 3 inches) or simi-  
lar utensil; bake in a preheated  
375-degree oven until puffed  
and brown—1 hour. Serve at  
once or spoon bread, wrapped in  
pastry butter. Makes 6 to 8 serv-  
ings. Leftover spoon bread may  
be reheated in a double boiler  
over boiling water.

**LADIES LUNCH**  
Cream of Cucumber Soup  
Egg and Anchovy Sandwiches  
Olives  
Fresh Pineapple Beverage  
**EGG AND ANCHOVY SANDWICHES**  
A sophisticated filling.  
4 hard-cooked large eggs,  
4 drained flat anchovies, from  
a 2-ounce can  
1/2 cup mayonnaise  
1 to 1 1/2 teaspoons lemon juice  
Whitepepper to taste  
Lettuce, leaves or shredded  
8 thin slices bread  
On a dinner plate with a fork,  
mash the eggs fine. Add an-  
chovies and add to eggs with  
mayonnaise, lemon juice and  
pepper; mix well. Make 4 sand-  
wiches of the bread with the  
egg filling and the lettuce. Cut  
each sandwich into triangular  
halves. Garnish with pimiento-  
stuffed green olives in small  
cups. Makes 4 servings.  
Bread may be buttered if you  
like.

**SATURDAY NIGHT REFRESHERS**  
Skewered Chicken  
Cubed and Pineapple Chunks  
Piyil's Ham Spread Crackers  
PHYLL'S HAM SPREAD  
Overnight refrigerator will  
help blend flavors.  
1/2 cups finely ground cooked  
ham, not packed down  
1/4 cup mayonnaise  
2 tablespoons undrained sweet  
pickle relish  
1 teaspoon bottled white hor-  
seradish  
1 teaspoon Worcestershire  
sauce  
1 teaspoon prepared mustard  
1 teaspoon lemon juice  
In a small mixing bowl thor-  
oughly stir together all the in-  
gredients. Turn into a jar with a  
screw-top lid or a cover, tightly-  
sure in refrigerator. Makes  
about 1 1/2 cups packed down.

### Stuffed Flounder Florentine

By CECILY BROWNSTONE  
AP Food Editor  
DUFFY DUFFY  
Stuffed Flounder Florentine  
Steamed Rice Salad Bowl  
Frosted Chocolate Cake  
STUFFED  
FLOUNDER FLORENTINE  
May be prepared ahead and  
baked just before serving.  
1/2 tablespoons butter or mar-  
garine  
1/4 cup finely chopped onion, 1  
small onion  
1 package (10 ounces) frozen  
chopped spinach, cooked and  
well drained  
1/4 cup finely chopped walnuts  
1/4 teaspoon nutmeg  
4 large flounder fillets, about  
2 pounds  
2 tablespoons finely chopped  
celery  
2 tablespoons minced parsley  
1 small clove garlic, minced  
Generous pinch of tarragon  
1 can (10 1/2 ounces) condensed  
tomato soup  
1 1/2 teaspoons lemon juice  
In a small saucepan in 1  
tablespoon of the latter gently  
cook the onion until softened.  
Remove from heat; stir in spin-  
ach, walnuts and nutmeg;  
spread evenly over fillets; roll  
and secure with toothpicks. In  
the saucepan in the remaining 1  
tablespoon butter, gently cook  
celery, parsley, garlic and tar-  
ragon for several minutes; stir  
in soup and lemon juice. Ar-  
range fish in an oblong glass 3-  
quart baking dish (11 1/2 by 7 1/2  
by 1 1/2 inches); pour sauce over  
fish. Bake in a preheated 350-de-  
gree oven until fish is opaque  
through—30 minutes. Remove  
picks. Makes 6 servings.

**DIET DINNER**  
Broiled Chicken Green Beans  
Molded Cranberry Waldorf Sal-  
ad Coffee Snow Beverage  
**MOLDED CRANBERRY WALDORF SALAD**  
Serve if you like with low  
calory mayonnaise.  
2 envelopes unflavored gelatin  
2 cups low-calory cranberry-  
apple juice  
2 cups low-calory ginger ale  
2 large apples, pared and  
diced  
1/4 cup chopped (medium-fine)  
walnuts  
1 cup thinly sliced celery  
1/4 cup raisins  
Soften gelatin in 1 cup of the  
cranberry-apple juice; over low  
heat stir until gelatin is dis-  
solved. Stir in remaining cran-  
berry-apple juice and ginger  
ale. Chill until slightly thick-  
ened. Fold in remaining ingre-  
dients. Turn into a 1 1/2-quart  
mold. Chill until firm; cover.  
Unmold at serving time. Garn-  
ish with salad greens. Makes 6  
servings—about 100 calories per  
serving.

By AILEEN CLAIRE  
NEA Food Editor  
Empty calories filled out of  
sight with a different coffee  
cake. This one is drop with  
high-protein walnuts and deviled  
ham. It's an attractive and  
tasty departure from the heav-  
ily sugared coffee cake most  
consume each day during neigh-  
borhood coffee klatches.  
**DEVILED COFFEE CAKE**  
(Topping)  
1 1/2 cup chopped walnuts  
1 tablespoon brown sugar  
(Cake)  
2 cups buttermilk biscuit mix  
2 (1/2 oz.) cans deviled ham  
cup brown sugar  
1/4 cup water  
Sprinkle walnuts and one  
tablespoon brown sugar in bot-  
tom of greased 8 1/2-inch deep  
ring mold. Mix together biscuit  
mix, deviled ham, brown sugar,  
water and egg. Beat until  
smooth. Spread on top of top-  
ping. Bake for 40 minutes at  
375 degrees. Allow to cool for  
10 minutes before cutting.

When you wash your hands,  
put rings and watches in your  
pocket.  
To keep electric scissors in  
good running order use a drop  
or two of light machine oil on  
the blade pivot.  
To keep a bottle of olive oil  
from turning rancid, put in a  
lump or two of sugar when you  
first open bottle.  
Expand counter space in the  
kitchen the temporary way.  
Pull out a drawer and put a  
cookie sheet on it.  
Once a good seamstress gets  
the hang of electric scissors she  
can clip rapidly around the  
bends, corners and noches of a  
dress pattern.

# A Day Aboard The Aircraft Carrier Saratoga

By KATHY NIBLACK  
 USS SARATOGA (CVA 60) is the sixth United States Naval vessel to bear the name. She has been a fundamental cornerstone of our country's peace-keeping efforts with 10 deployments to the Mediterranean.

With the exception of a major overhaul, Saratoga is in every respect a ship for the future as well as the present. She is a highly mobile, fast, powerful and largely self-sufficient air base capable of launching supersonic planes and guided missiles over vast distances.

Several members of the Caselberry City Council and their guests had a chance to see this great carrier in operation on Friday when they were invited to go along on the annual Dependents' Day Cruise of the Saratoga. Leaving the city hall at 3 a.m. on Friday for the trip to Mayport Naval Station near Jacksonville were Council chairman Edith Duerr, Councilman Bill Grier, City Clerk Mary Hawthorne, and their guests Lee Barrett of the First National Bank in Maitland, Bill King, president of the Caselberry Lions Club, Jack Gardner, The Orlando Sentinel, and Kathy Niblack, representing The Herald.

The group arrived at Mayport at 6:45 a.m. and were cleared through the base security office, and boarded the carrier at 7:15 a.m. Ray Howell, who was assigned to guide the group, took them below deck to the Officer's Wardroom for coffee and a short wait before the ship weighed anchor. Then back up on deck for the impressive "getting under way" with the help of tugboats.

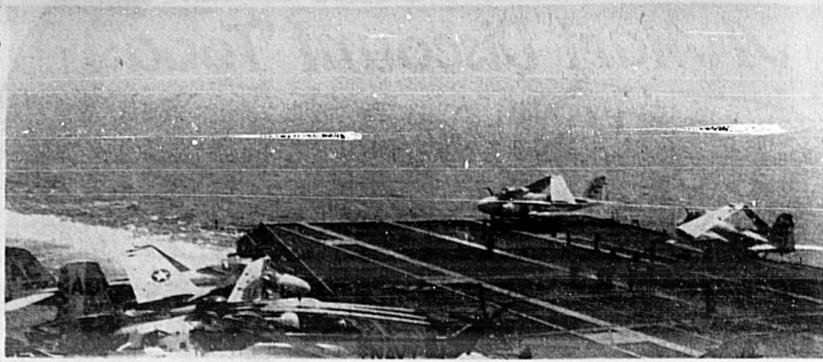

"KNEE KNOCKERS" — After watching this, and enjoying for a while the view of the receding harbor and the smell of unpolished air, the group was conducted on a tour of several areas of the ship.

but those of you who know about carriers realize that the Saratoga is many, many stories high, and that the only way to get from place to place was by way of steep, long stairways.

Add to this the fact that the many, many doorways are "knee-knockers" (are built up several feet at the bottom) and you realize that this tour of the ship was no "Sunday stroll!" Despite this, our indomitable citizens enjoyed their visit to the radar room (Mary Hawthorne said she recognized only three things: a clipboard, a pencil, and a coffee cup). This included demonstrations of refueling, helicopter water rescue, a rocket salvo and cannon run by a Corsair jet, a slow climb-fast dive by an A-7 aircraft, target practice with missiles at a suspended flare (which got a little interesting when one of the flares sailed over the ship dropping hot metal), and demonstrations of the sidewinder shoot. Participating in the show were various types of jets, including the Vigilante, the Intruder, and the F4 Phantom, which is the basic fighter aircraft of the Navy today.

Although our guide wanted to show us several more parts of the ship (including the engine rooms 20 stories down), we decided that all we wanted to see was a chair, and so the group retired to the hangar deck to sit and wait out the trip back to the harbor at Mayport. For one, was impressed by the entire operation and am proud of the efficient way our Navy operates today. I can sleep better knowing that the Saratoga exists.

The Saratoga leaves on June 6 for another tour of duty in the Mediterranean. It is in the process of being transformed into the first CV carrier — which will handle attack (airplane) and anti-submarine (airplane) operations at the same time.

## Annual May Exercises Scheduled For Sunday

By MRS. R. B. THOMAS JR.  
 Annual May exercises for Merriam's Kindergarten will be held Sunday at 4 p. m. on the assigned garden grounds.

Chery Graham, daughter of Mr. and Mrs. Elderidge Graham, will be crowned Queen of May.

Cynthia Turner, 1970 queen, will relinquish her title to a nursery student, a first in the history of the school.

Andra Williams, son of Mr. and Mrs. Lucious Williams Jr., will be crowned King of May by the former king, Shawn Cooper.

The nursery and kindergarten students will perform for the royal court.

The public is invited to attend this most colorful event.

Rev. Robert Doctor and St. Paul Gospel Chorus arose early Sunday morning to travel to Sarasota to render services for

St. Mariah Baptist Church of Bee Ridge, where Rev. John H. Floyd is the uncle of Rev. Doctor. They celebrated the 14-year anniversary program.

The Gospel Chorus sang, "The group toured the 'old and aged' home and rendered two selections."

The pastors, officers and members of St. Paul Baptist Church are grateful to those who provided accommodations for the members of Payne College's Choir.

### Sheriff Speaks

Sheriff John Polk will speak on the drug problem Thursday at 8 p. m. in Shadydale Park in Longwood at a meeting of the Longwood Volunteer Fire Department Auxiliary. The public is invited to attend.

## 2 Men, Woman Held In Murder

MERCED, Calif. (AP) — Two young men were arrested here and a young woman was arrested in Florida Wednesday in connection with the death of a New Jersey man whose body was found in a marsh alongside the Florida turnpike.

Police Chief Harold Kulbeth said the body of Carl P. Ardolino, 26, of West Long Branch, N.J., was found near Winter Garden, Fla., Wednesday. He had been strangled, Kulbeth said.

Held in Merced were Michael Owensby, 20, and Frederick Barrett, 19, both of Merced. Arrested in Hollywood, Fla., was Charlotte Tabor, 19, also of Merced.

Police here said both men were being held for investigation of transporting a stolen car across state lines. They said they expected Florida officials would start extradition proceedings in connection with Ardolino's death.

Owensby and Barrett were taken into custody after police found Ardolino's car abandoned in nearby Madera County, New Jersey officials had reported him missing when he failed to return from a Florida vacation in February.

### AROUND THE CLOCK

By JOHN A. SPOLSKI

Certainly a step in the right direction . . . two million of the 19.5 million persons getting food stamps will lose part of all of their allotment under new federal regulations, a government memorandum released today said, according to an AP dispatch.

If we all complain loud enough about these local violations, or so they seem to us, perhaps the Big Boys in Washington do listen, eh?

Signs of Our Times . . . in a memo which County Commissioner Greg Drummond received, and offered for our edification: "The Union Chemical Company has announced that a shipment of 5000 gallons of ultrapur mercury, destined for its plant petrochemical facility in Indiana, was spoiled when a worker, during a routine inspection, inadvertently dropped a tuna fish sandwich into the tank car in which it was being transported. Company spokesman said the mercury was found to contain 0.5 p.p.m. tuna and is considered totally unfit for industrial use."

(Now don't tell me it was a dumb Polack who dropped the sandwich . . . cause I know all they eat is Polish Kielbasa!)

GROUND BREAKING for Fairway Plaza Shopping Center, 40,000 square foot mall, started this morning at ceremonies attended by Sanford and Seminole County officials and other principals involved with the \$300,000 complex being built on French Avenue at 27th Street by HarGar Inc. On hand for today's festivities were: from left, County Commissioner Sidney Vihlen Jr.; Dr. Charles W. Harwick, HarGar official; Walter Gardner of HarGar, with spade, and acting Sanford Mayor J. H. Crapps. (Staff Photo)

# Construction Is Jeopardized In South Seminole County

By LARRY NEELY  
 Construction in the South Seminole County areas currently receiving water and sewer service from the General Waterworks Corporation possibly may have to be halted if the Orange County Commission upholds the decision of the Orange County zoning board which approved on-site expansion of the GWC sewerage treatment facility providing that no more connections are made to the system in Seminole County.

According to GWC engineer Mike Henry, the GWC sewerage treatment plant, located in the Winter Park Estates subdivision in northeast Orange County, is now peaking at its capacity of 1.2 million gallons per day. GWC has been advised by the State Board of Health that no additional connections should be made to the system unless its capacity is expanded.

Henry said that GWC had received all necessary permits from the state for expansion and when it went to the Orange County zoning department for a building permit to proceed with its planned \$440,000 on-site expansion, it was informed that it was not zoned for a plant with any larger capacity.

The Orange County zoning board approved GWC's application for a special use permit to allow it to expand its plant to a capacity of 2.3 million gallons per day in the first phase and ultimately 4.6 million gallons per day but attached six provisions to approval.

The conditions for approval included that no further connections be made in Seminole County and that the capacity of the plant would not exceed 4.6 million gallons per day. When the plant reached its capacity, it would be manned 24 hours per day and three more provisions call for beautification of the site. Henry said that GWC could easily re-act with all the conditions except the one prohibiting any further connections in Seminole County.

Both GWC and the residents of the immediate area around the plant are appealing the decision. (Continued on Page 2A, Col. 2)

5th Man Held In Holdup

The fifth man wanted in connection with the robbery April 5 of a Lake Monroe grocery store has been apprehended by Cook County (Ill.) authorities and is being held in Chicago until two Seminole County detectives can return him to Sanford.

This was confirmed today by Sheriff John Polk, who advised he had dispatched Detectives Tony Calangone and Johnny Wright to Chicago to return Wilbur Davis to Sanford to be tried with four other men accused of the armed robbery of Wheatland's grocery and assault with intent to commit murder charges brought after a chase involving Seminole County and Sanford law enforcement officers.

Four men were caught in a "cops and robbers" shoot-out, in which Curtis Campbell and Thallas Jerome Griffin, two of the four accused, were wounded by a hit from Deputy Calangone's shotgun, after the detective chased the suspects in a car.

The deputy's vehicle was struck by four slugs fired from the fleeing car, which authorities believe contained Campbell, Griffin, Jessie James Jones, John Ashford and a fifth man, who eluded the dragnet set up by a combined force of city, county and state lawmen to snare the persons responsible for an \$80 robbery of the P. W. Wheatland Store, located on SR 415 just off SR 46 in Lake Monroe.

Sheriff Polk said after the capture of the quartet, that a fifth man, presumed to be Davis—had escaped along with the loot and a gun, believed to have been used in the robbery, and later shoot-out.

Following their capture, the four were arraigned before Justice of the Peace Robert Carroll of armed robbery and assault to commit murder charges and bonds set at total \$40,000 on each man.

The quartet had hearings continued until a special public defender could be named to defend them.

Sheriff Polk said today he expects Davis to be returned here some time Friday.

## Attorney Warns Council Press Freedom Upheld

By MARION BETHA  
 NORTH ORLANDO — "Any time you fool around with freedom of the press, you are free of more than you can chew." These were the words of Village Attorney Thomas Freeman to Village Council relative to enactment of an anti-litter law, which has been requested by Police Chief Walter Bachelor.

It was stated that several persons had complained concerning periodicals being thrown onto their lawns, and the suggestion was made that the law be amended to include periodicals which are not solicited, mentioning specifically a weekly "shopper."

By BILL SCOTT  
 A tentative agenda has been set up for tonight's 8 p.m. meeting of persons wanting to maintain a Sanford Municipal Zoo by formation of a Seminole Zoological Society to raise money to relocate and operate the local zoo.

City Commissioner Gordon Meyer met Wednesday with Mayor Lee P. Moore, temporary vice president, and others to complete the plans to establish the present small city funded zoo on a large 14-acre site along the lakefront.

Meyer, who has been a spearhead in efforts to retain the zoo after the City Commission voted to stop funding the attraction after June 30, said today an agenda has been formed to allow tonight's meeting to proceed in the following manner:

Mayor Moore will open the session and introduce James McAfee, retired president of Gulf Life Insurance at Jacksonville and present head of the Jacksonville Zoological Society.

McAfee is expected to explain the problems involving the setting up of the Jacksonville society and further explain the workings of a zoological group.

Following McAfee, a question and answer period will allow persons to obtain additional information relating to zoo operations.

Meyer said 25-35 persons had indicated previously they would be willing to serve as zoo directors and a list of these names will be given to persons age 18 or over to allow a vote to choose permanent society directors.

After the voting, the new directors may want to meet by themselves to elect their officers, Meyer added. These officers will then decide whether to accept memberships at tonight's session.

Meyer said the new permanent society president would speak on various fund raising projects at the conclusion of the meeting.

## Zoo Meeting Tonight

not his intention to give the implication that the auxiliary police did not have an important function in directing traffic and assisting the police . . . he said that they were "wonderful . . . necessary" . . . but that they were nothing more than companions to the police.

same arrest powers as the deputies. Freeman noted the divergence between the county and municipal departments.

The matter was concluded with Mayor Brown requesting that council apprise whether the auxiliary police is needed.

Freeman stated that it was
