

Last Battle Will Be Celebrated

MIAMI, Fla. — Next week is the 80th anniversary of one of the most significant events in Florida's history—the last battle between United States soldiers and the Seminole Indians.

The battle will pass without observance, for few Floridians ever heard of the incident.

The Seminoles' wars officially ended May 18, 1832, by order of Maj. Gen. Alexander Macomb, who told the Indians to retire "into a district of country in Florida, below Peace Creek." All other persons were forbidden to enter the territory embracing the lower end of the peninsula.

A string of forts such as Pierce, Beal, Meade, Green, Chokoma, Hart, Ogle and Myers was established in a puny effort to carry out terms of the treaty.

Settlers were told to stay in close proximity of the forts, for protection. However, they were pioneers, determined and independent, and they could not resist the fertile soil, the game and fish that abounded in the valley and beyond.

Such a person was Willoughby Tillis, who settled on a creek some two miles south of Fort Meade. His family included his wife and two young children.

Early on the morning of June 14, 1832, Mrs. Tillis was milking the family cow when she looked up to see an Indian brave peering through the rail fence at her. Mrs.

Tillis dashed for the house, and made it, while Indians surrounded the barn and cow pen.

The Tillis family kept two muskets going and held off the Indians, who set fire to the barn but tried without success to reach and fire the house.

News of the incident soon reached Fort Meade. Lt. Alderman Carlton and six volunteers from two companies at the fort galloped to the rescue of the stubborn Tillis and his family. Carlton's party included Robert Price, George Howell, John Henry Hollingsworth, Daniel Carlton, Lott Whidden and Robert Parker.

The soldiers chased the Indians into the swamp where battle was joined. Howell, Whidden and Parker were killed and Daniel Carlton was wounded.

Lt. Carlton, grandfather of Doyle E. Carlton, governor of Florida from 1929 to 1933, attempted to lift the body of a comrade to his horse when the Indians drew a bead on him.

"It's too late," he gasped. "They've got me."

The soldiers who were left went back to camp to bury their dead and get reinforcements. The Indians slipped away into the swamps, carrying their dead with them.

Two days later, on June 16, the soldiers came upon the remains of the Indian band a dozen miles to the south, where a high bluff overlooked Peace Creek. Some of the

Indians had crossed the stream and others were still in the water.

The soldiers made targets of the bobbing heads, but half a dozen Indians had hidden beneath the ledge of the river bank and returned the fire. Turning their rifles downward, the soldiers quickly wiped out the redskins at their feet. In this skirmish, Robert Price was killed.

Years later John Henry Hollingsworth met an Indian at a trading post near Fort Ogden and they reminisced about the battle. The Indian said about 40 Seminoles had taken part, and 15 were killed.

After that the Indians stayed on the south side of Peace Creek (now known as Peace River) and the white settlers poured in, taking whatever land they wanted on both sides of the stream.

CHILDREN HELP DAD GO THROUGH COLLEGE
CHICAGO (U-P) — When Donald C. Buckley receives his doctor of dentistry degree from the University of Illinois, his three children can beam with pride and relief. They helped put him through school.

Denise, 7; Donnie, 6; and Michael, 3, all are professional models whose earnings have helped put him through school.

Michael got a social security card at 24 months to take a job modeling a christening dress.

MAN ELECTROCUTED WHILE SAVING COON

MONTREAL (U-P) — William Mulraby, 32, of the Humane Society, was electrocuted while trying to rescue a raccoon from an electric power pole. He had been reaching out with a 14-foot metal rod toward the animal from the roof of a building. The raccoon escaped.

Final Practice Rounds Are Made

LIVINLEIGH C. W. — Sharpshooting golfers from 14 states took over the Livinleigh Golf course today for final practice rounds before the bell rings tomorrow for the start of play in the 49th Southern Golf Assn. Amateur tournament.

Joe Conrad, the Air Force lieutenant from San Antonio, Tex., who won the British Amateur tournament earlier this month, was out to win the tournament a third successive time in a field of about 200.

Conrad, who went to the semifinals of the French Amateur before losing last weekend, was exempt from the two-day 36-hole qualifying round tomorrow and Wednesday.

Spring Court Term

War, B. E. Aiken Jr., John M. Higgins, Abner W. Ansley Sr., Joe T. Baggerly, Anthony P. Marcelline, Roger Crocker, Ike Butler, Clarence C. Henderson, Marlon C. Gordon, Carl F. Amos, Raymond Bellamy and Ned Simpson.

Those called for Grand Jury duty June 23 were:

Kenneth P. Culter, Walter E. Ellender, Walter H. Fore, Albert Geiger, John W. Bennett, Oscar M. Harrison, Joseph M. Garrett, James T. Benton, Alden L. Bridges, William B. Shippy, Frank O. Judge, George H. Hiers, Anna M. Falkenberg, Orion C. Goff, Ralph H. David, Sandy Anderson, Evans Bacon, Alfred M. Dwinell, Alton Burke, Mrs. John W. Wilson.

Charles E. Burness, Frank P. Gailin, William D. Causey, Herbert G. Benton, Olaf Carlson, Earl C. Faust, Freddie M. Mobley, William P. Ball, John K. Carson, Joseph J. Adams, Rufus Martin, Robert Sanders Bradford, Peter Green, Morris Edward Hanson, Carl A. McWhorter, John C. Bass.

Noah W. Cogburn, John J. Carver, Theodore F. Benham, Claude E. Hittell, John D. Abrahams, Mrs. Mary Frances Smith, John T. Bennett, William A. Kraft, Walter M. Bohleyer, John H. Bouey, Charles R. Dawson, William Bush Jr., John S. White, Robert Allen, G. Lee Anderson, James Clay Williams, John M. Hayes and Jack E. Stemper.

Momentum Gained By Miami Rumors Of Entry In FSL

Rumors that Miami may get into the Florida State League gained new persistence today because the president of the league wouldn't talk.

John Krider, head of the Class D circuit, called a special meeting of directors for tomorrow in Orlando.

"Two questions of importance" will come up, he said. One subject will be whether the league should adopt a split season as it had in 1933 and 1934.

Campanella, Berra Are Out In Front As Polling Opens

CHICAGO (U-P) — Brooklyn's Roy Campanella and Yogi Berra of the New York Yankees, rival catchers in the last six All-Star Games, burst out in front of their respective leagues yesterday as polling opened for the game to be played at Milwaukee, July 12.

Campanella headed the individual list with 2,406 votes while Berra polled 1,974.

The early votes came principally from Chicago, Milwaukee and scattered cities and towns in the Midwest.

A hot battle expected for the first base post in the National League between Cincinnati's Ted Kluszewski and St. Louis' Stan Musial took shape quickly.

Big Klu jumped out ahead with 1,724 votes but "The man was right behind him with 1,531.

BURGERS RETURN: MEET WITH SUCCESS

DENVER — Safe burglars who missed the boat a week ago returned to the Santa Fe Finance Co. and met with success.

Clayton Sites, firm manager, said burglars entered the establishment June 5 and riddled a safe while attempting to break into it. Sites replaced the safe with a new 500-pound model Saturday.

When Sites arrived at the office yesterday he found the safe carted away. It contained only petty cash and checks.

Kentucky's REA-financed far power lines report that monthly consumption increased from 90 kw per farm in 1947 to 208 kw in 1954.

About 400 carloads of dandelion greens are shipped to New York and Philadelphia every year.

split season arrangement would be a boon to the league because one team, Orlando, is running away with the pennant race. Under such an arrangement, the teams would start again from scratch on June 22. St. Petersburg, 21 games behind, is a principal advocate of the split. The championship would be determined by a playoff between the first-half and second-half leaders.

As for the other question, Krider said he could not discuss it in advance. The matter could be anything, of course; but reports have been current that Bob Reedy, a wealthy Miami baseball enthusiast, has had his eye on the Lakeland franchise. And it was learned that Reedy who attempted to get an FSL franchise at the beginning of the season has been in constant touch with Krider recently. Miami has been without profes-

NOTICE TO PROPERTY OWNERS

The 1954 Delinquent Real Estate tax list of the City of Sanford Florida is posted at the front door (on bulletin board) of the Seminole County Court House, and will remain so posted for a period of four consecutive weeks. All Real Estate upon which the 1954 taxes have not been paid, and against which tax certificate has not already been issued will be sold at public auction on the 23rd day of June A. D. 1955, commencing at 10 o'clock A. M. at the front door of the City Hall in the City of Sanford, Florida.

H. N. Beyer, City Clerk

Look! Mercury gives you four big reasons for buying during June

HERE ABOVE IS the newest Mercury of all—the sleek, low-silhouette Montclair 4-door Sedan. Powerful 180-horsepower super-torque V-8 engine; 4-barrel carburetor, dual exhaust, standard equipment.

1. WE'RE OUT TO SET NEW RECORDS

Mercury sales are breaking all records. More and more people who want big-car beauty and performance have joined the swing to the future-styled, super-powered new Mercury. We're going all out to keep the ball rolling and make June the biggest sales month in Mercury history. We mean business—and this month we're really dealing.

2. HIGH TRADE-IN ALLOWANCES

For your present car. Because we're selling Mercury at a record-breaking price, we can offer you the top trade-in. And during June, we're being extra generous.

3. LOW PRICE TAG

Mercury prices start below 12 models in the low-price field. And with our special June trade-in allowances, the price actually becomes lower. Remember: you get all of Mercury's "big car value" at this low price.

*Based on "comparisons of manufacturers' suggested list or factory retail prices, using Mercury Custom Sedan Sedan (delivered).

4. EASY TERMS

As part of this big June deal, your Mercury dealer will handle all the necessary arrangements to get you the easiest possible terms to fit your budget.

NO OTHER CAR OFFERS YOU BIGGER REASONS FOR BUYING IT

- Exclusive styling shared by no other car
- New super-torque V-8 engine on every model (180 and 190 horsepower)—backed by Mercury's record of producing V-8 engines exclusively
- 4-barrel vacuum carburetor on every model at no extra cost
- Dual exhaust on Montclair and Montclair models at no extra cost
- Self-joint front wheel suspension
- Anti-fouling high-compression spark plugs
- Consistently highest resale value in the field according to authoritative reports

IT PAYS TO OWN A **MERCURY**—FOR FUTURE STYLING, SUPER POWER

Don't miss the big television ad. Be reminded "TRAY OF THE TOWN" Sunday evening 7:30 - 8:00 PM. Remember "TRAY" will be on the air all summer.

George Touhy Elected To Serve As President Of Local CofC Board

The regular board of directors meeting of the Seminole County Chamber of Commerce was held last night in which it was announced that George Touhy was elected president for the coming year starting in October.

★ ★ ★

GEORGE TOUHY

Melton Stokes Is Selected To Head Fleet Reserve Unit

Melton Stokes of VCS has been elected president of the reactivated local branch of the Fleet Reserve Association, it was announced today.

Other officers elected were James Hughes, vice president, and Chester Macek, secretary-treasurer.

Members of the board of directors are James C. Parsons, JAS-51; Charles Ross, Donald Walton of VCS; William M. Brown (ret.) and John Mayko, VCS. Alternates are Gerald Smith, VCS, and Walter Bartosz (ret.).

To date, Macek said the organization has 68 new, transferred and reinstated members on its list. The branch is awaiting approval of its charter.

Fifty some members were present at an organizational meeting June 2. Distinguished guests present were Regional Vice President Leland P. Whitmore of Jacksonville and branch 128 secretary Wilson Sanderfer.

Shakespeare Hobby Profitable For Man

NEW YORK (AP) — New York City policeman Redmond L. O'Hanlon is finding his spare-time interest in Shakespeare profitable. He has piled up winnings of \$18,000 on the CBS television giveaway show \$64,000 Question.

Last night he doubled his \$8,000 prize of the week before by telling who printed the first collected edition of Shakespeare's plays and when. The answer: Isaac Jaggard and Ed Blunt in 1623.

Next week O'Hanlon, the father of five, can choose whether to take the \$18,000 or try to double it by answering another Shakespeare question correctly. If successful, he then will have a chance to try for the top prize of \$64,000.

Should he miss a question, however, he loses the cash winnings accumulated so far but will get a 1955 Cadillac as a consolation prize.

Christian Missionary Alliance Church Set For Bible School

The annual Vacation Bible School of the Christian and Missionary Alliance Church will be held during the two weeks between June 20th and July 1st. Sessions will be conducted five days each week, Monday through Friday mornings. They will begin promptly at 9 o'clock and dismiss at 11:30.

Classes are planned for boys and girls, ages three-16. Pre-registration is now in progress. Registration will also be made on the opening Monday morning, June 20.

A staff of competent teachers and workers has been at work for several months preparing an interesting and helpful program. Each day there will be Bible stories and lessons, memory work, and handicrafts. The theme of the course is "Marching On." Light refreshments will be served each day.

Adenauer Heading For Home

WASHINGTON (AP) — Washington officials say goodbye today to West German Chancellor Konrad Adenauer, apparently reassured that Soviet blandishments have had no measurable effect on him.

One official who would not be quoted by name summed up this way the impression Adenauer is leaving as he flies to Boston:

"He's going to Moscow. He's not going until after the Big Four meeting in Geneva. He's not giving an inch to the Soviet push for neutralizing Germany."

Adenauer was asked at a press-radio-television reception yesterday whether he will accept a Soviet invitation to go to Moscow for talks about improving diplomatic and trade relations.

He said he "probably" will go and quickly added, "Such a trip, if it is to serve any purpose, must be prepared for and that takes time."

The July 18 opening of the Big Four meeting at the summit obviously will not give Adenauer the amount of time necessary for preparation before that date.

Eisenhower Heads Seem Well Pleased With Indian Acts

WASHINGTON (AP) — The Eisenhower administration appeared favorably disposed today toward India's efforts to promote negotiation between the United States and Red China over Formosa and other issues.

There was no evidence that President Eisenhower or Secretary of State Dulles had actually endorsed the diplomatic mission undertaken by India's V. K. Krishna Menon. But it was reported they had given their account of his talks with Red Chinese leaders close and polite attention. He was treated with more regard than officials had expected in the light of the prevailing view that he is unduly friendly to Red China.

After the Indian diplomat had spent 45 minutes with Eisenhower and Dulles yesterday, White House Press Secretary James C. Hagerty made a surprise announcement that he would see the President again in two or three weeks—and meanwhile would confer in greater detail with Dulles.

Argentine Police Question Bishops

BUENOS AIRES, Argentina (AP) — Police questioned two Roman Catholic bishops for hours last night after a government decree ordered them discharged from their church posts.

Early today there was still no word that they had been released. The two prelates are the Rt. Rev. Manuel Tato, vicar general and auxiliary bishop of Buenos Aires, and the Rt. Rev. Roman Pablo Novoa, canon deacon.

A high Catholic source said it could be presumed they were "detained" but there was no official announcement that they had been arrested.

The decree against them, signed by President Juan Peron and members of his Cabinet, accused the bishops of instigating the disorders which swept the city over the weekend.

Refrigerator Car Holds Man Prisoner

PHILADELPHIA (AP) — Manuel Ramirez, 28, rested in a warm hospital bed today, recuperating from the effects of six days he spent locked inside a pitch-black refrigerated railroad car.

Ramirez jumped into the car in Chicago last Wednesday, hoping to return to his family in Laredo, Tex. A workman sealed the car. The temperature inside was about 30 degrees.

Yesterday the car, carrying sheep hides, arrived at a Philadelphia leather processing plant. Employees found Ramirez, almost too weak to move.

Good Old New York Didn't Have This

PARIS (AP) — New York's Mayor Robert F. Wagner said he did not mind being photographed with two bathing-suited French beauty queens but what he did mind was the folks back home thinking

Dial Phone System Plans Underway

Appeal Is Sent Out To Cardinals' Fans

Only \$4,421.29 has been realized from the first 30 home games played by the Sanford Cardinals, business manager Jay Walter announced today. He said this is an average of \$147.37 a game, "less than half the amount needed to pay expenses."

Walter again appealed to the public to support the team and emphasized that "your response will help the officers of this club to decide if the people of Sanford want baseball to continue."

Attendance records show that only 10,550 persons purchased tickets for the home games, an average of 350 a game, he disclosed. Walter said the total included 5,410 white adults, 1,512 white children, 481 service men, 2,777 colored adults and 356 colored children.

"After paying the state sales tax and the city stadium tax," Walter said, "the club has 48 cents left out of each adult ticket, 19 cents from each child ticket and 20 cents from each service man's ticket."

Walter pointed out that the Cardinals are "playing very good ball" since the club succeeded in getting a new manager, Mario (Red) Mauliello, and a number of new players.

Thirteen home games, including three doubleheaders, have been scheduled up to July 1, he said. In addition to the games, he added, "a number of special attractions have been planned."

"Sanford Merchants have donated 'some very valuable' awards for the game Friday night, Walter pointed out. "If you are interested in having baseball continue in Sanford and hearing the out-of-town games on the radio," the business manager said in a statement to the fans, "give your support to the team."

Walter said books of ten tickets for \$1 may be obtained by mailing a check to the Sanford Baseball Club, Box 1566, Sanford. "If you enjoy the games on the radio, send your check as a donation to the same address," he said.

Grandma Walker's Tour Is Finished

BROKANE, Wash. (AP) — Grandma Walker (Tom Court) was home today after an experimental, 150-mile walk down the highway from Kennewick, Wash. The idea was to test the stamina of a package, Uranium.

Grandma Walker plans to hitch Uranium to a covered wagon for some pleasure trips to "interesting places." She walked the animal a stretch, tied it up, returned for her car, and repeated the process for some 90% days.

Grandma Walker, who admits to being "over 50," came through in fine shape. So did the package.

Old Battle Lines Drawn Drum-Tight

WASHINGTON (AP) — Democratic and Republican battle lines were drawn drum-tight today as the House headed into another tussle over the controversial Dixon-Yates power project.

At issue is a section of an appropriations bill which would reject an Eisenhower administration request for \$14 million dollars to pay for a transmission line to link the Tennessee Valley Authority system with a private power plant at West Memphis, Ark., on the other side of the Mississippi River.

Briefcase Brigade Ready To Flee

WASHINGTON (AP) — A briefcase brigade of 15,000 officials was poised today to flee, at the siren signal of mock atomic attack, to secret hideaways from which they will run a supposedly shattered nation.

President Eisenhower, his Cabinet and the military joined in the test, named Operation Alert 1955 and designed to send key workers from 31 agencies pouring out of buildings tumbling into cars and streaming to relocation posts 30 to 50 miles away.

Plans called for Washington to be "hit" at 3:25 p.m. and reduced to radioactive ash and debris. Within the following 20 minutes another 48 target cities across the country, each a vital production center, were to be theoretically wiped out.

Arriving and regrouping at the emergency sites this afternoon and tonight, a dispersed government would deal on paper with the awesome task of reorganizing a stricken nation while waging a retaliatory atomic war.

Scenes of proclamations and orders will be "issued," Eisenhower will talk to his subordinates and commanders by closed-circuit television.

Electronic brains will assess "casualties" and "damage." Munitions orders will flow to plants outside target cities. "Refugees" will be alerted to safe havens and the National Guard will be mustered to restore order.

Operation Alert already has turned a spotlight on a great gap in the government's defense readiness. Congress has neither plan

Building Erection Scheduled

\$1 Million Cost For Project Told

GORDON ROTHERMEL

Gordon J. Rothermel, Southern Bell Telephone and Telegraph Company Group Manager, said today that work would begin this summer on a new building to be erected to house Southern Bell's new dial central office in Sanford. Work will begin on the building in the very near future.

The new building, a two-story structure, will be of reinforced concrete and steel and will cost an estimated \$250,000. It will house equipment as well as telephone personnel located in Sanford. Rothermel also announced a similar building is to be built in Deland.

Southern Bell has had the lot between Ninth and 10th Streets on Laurel Ave. for some time and the building will be located on this property.

Following completion of this building the company proposes to install modern dial equipment to replace the present manual equipment in Sanford, together with new switchboard positions to handle long distance calls. The entire project will represent, when completed, an expenditure of approximately one million dollars.

Rothermel stated that at the present time there is a workshop at the site of the proposed building's location. The new structure will adjoin the present edifice.

Shopping Center To Be Considered

An application by Howard L. Hughes for commercial zoning of property on the southwest corner of French and Geneva Aves., where he plans a shopping center, will be taken up by the Zoning and Planning Commission tomorrow night.

The Commission will meet at 8 o'clock at City Hall.

Hughes has asked the rezoning of the east one-half of lot 11 and of lot 34 and all of lots 10 and 33 in block 2, Dreamwood subdivision. The property is presently zoned as residential.

The Commission will also discuss an off-street parking ordinance.

Man Is Uneasy With Feeling Eyes Are Spying On Him

VAN NUYS, Calif. (AP) — Douglas Houser had an uncomfortable feeling that he was being spied upon as he watched a TV show in the supposed privacy of his own living room.

He turned around to be greeted by two big, soulful brown eyes. A calf just happened to be passing in the neighborhood and stopped for a look at the strange goings-on in the lighted box.

Houser rushed to his garage, got a length of clothline for what he thought would be a short calf-roping stunt. It turned out to be a half-mile chase in which he was joined by two policemen. They helped corner the frisky calf in the patio of George Melchior's home, and it was carried off to the animal shelter to wait for the owner to claim it.

Parcels Transferred

HONG KONG (AP) — The American Red Cross transferred 40 parcels for Americans detained in Red China to the Chinese Communist Red Cross today. It was the second Chinese acceptance of parcels.

Pilot Club Okays Plans Presented At Business Meet

The plans of work of the various committee chairman of the Pilot Club were read and approved at a meeting of the group held at the home of Mrs. Harvey Swanson in Lake Mary last night.

The business session, presided over by Mrs. Swanson, followed a "snack talk" supper served on the porch of Mrs. Swanson's home.

Pilot International theme for the year is "Women of Service—Yours is the Earth" and programs for the year have been outlined in keeping with the theme.

Mrs. Walter L. Carter, Milk Bank chairman, reported that a total of 31 quarts of fresh milk had been given to indigent families during the past month through the club's main project fund.

Mrs. M. L. Raborn St. reported on the recent meeting of the Seminole Memorial Hospital Women's Auxiliary of which four pilots are charter members. Mrs. V. L. Messenger has been appointed as publicity chairman for the auxiliary.

Mrs. Al Hunt invited the club to meet at her home for a picnic supper on July 12.

Following the business meeting members were invited by Mrs. Swanson and Mrs. Sue Stevenson, co-hostess, into the garden where ice cold watermelon was served.

Those present at the supper meeting were Mrs. O. K. Goff, Mrs. Joel Field, Mrs. Ruth Scott, Mrs. George A. Stone, Mrs. Messinger, Mrs. Raborn, Mrs. Stevenson, Mrs. Swanson, Mrs. Hunt, Mrs. Nancy Brooks, Mrs. Leon Bryan, Mrs. D. K. McNab, Mrs. J. P. Hall, Mrs. Carter, Mrs. B. E. Chapman and Miss Elsie Farley.

Elephant Populace Is Dwindling Fast; Extinction Looms

COLOMBO, Ceylon (AP) — The island's elephant population has dwindled to about 800 and faces possible extinction.

The head of the Ceylon government said today that the population of elephants, which were once as many as 25,000, is now only about 800.

Thousands of elephants once tramped their way around Ceylon. "But now," Nicholas says, "the meager total may be near the biological minimum below which breeding ceases and extinction follows."

Ceylonese elephants are easier to domesticate than African elephants. This trait started them on the way out. They proved valuable for plowing, road construction jobs, transportation and jungle clearing. They also made ideal participants for parades and religious ceremonies.

Man Is Uneasy With Feeling Eyes Are Spying On Him

VAN NUYS, Calif. (AP) — Douglas Houser had an uncomfortable feeling that he was being spied upon as he watched a TV show in the supposed privacy of his own living room.

He turned around to be greeted by two big, soulful brown eyes. A calf just happened to be passing in the neighborhood and stopped for a look at the strange goings-on in the lighted box.

Houser rushed to his garage, got a length of clothline for what he thought would be a short calf-roping stunt. It turned out to be a half-mile chase in which he was joined by two policemen. They helped corner the frisky calf in the patio of George Melchior's home, and it was carried off to the animal shelter to wait for the owner to claim it.

Parcels Transferred

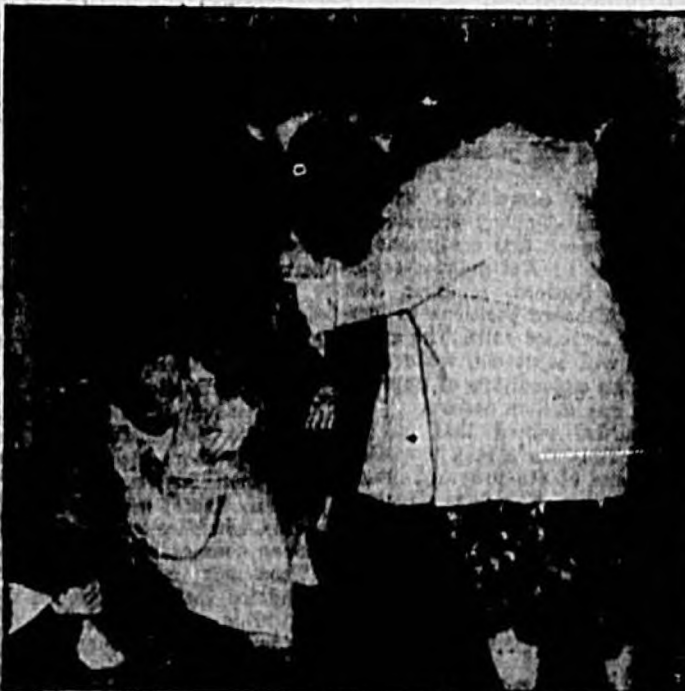

HONG KONG (AP) — The American Red Cross transferred 40 parcels for Americans detained in Red China to the Chinese Communist Red Cross today. It was the second Chinese acceptance of parcels.

COAST GUARDSMEN flying a helicopter, rescued two badly-burned men from alongside their beached, burning motorboat at Sandy Hook, N.J. At top, Harold Left, of Newark, N.J., is carried aboard the helicopter. Injured too, was Jack Grassgreen, also of Newark. At bottom, the gutted hull of the burned-out motorboat, Rhode, lies in surf on the beach. (U.S. Coast Guard Photos from International)

JOHN BUGAS, vice president of the Ford Motor Company, and Walter P. Reuther (right), president of the C.I.O. and United Auto Workers, sign their historic new labor contract in Detroit. Under terms of the deal, the company accepts responsibility for partial support of its workmen during layoff periods. (International Soundphoto)

A RELATIVE GATHERS Mrs. Francis Conway in his arms after she fainted outside a General Sessions courtroom in New York on learning that sentencing of her husband, a suspended policeman, had been postponed. Conway was convicted on two charges of molesting Joan Wheeler, 19, in a subway. Barred from the courtroom, Mrs. Conway waited anxiously and collapsed when told that her husband would be taken to City Prison pending psychiatric study. (International)

ANNOUNCING A VICTORY of President Eisenhower, postal employees in New York cheer the news that the Chief Executive had signed an 8 1/2 percent pay raise for the nation's 250,000 post office workers.

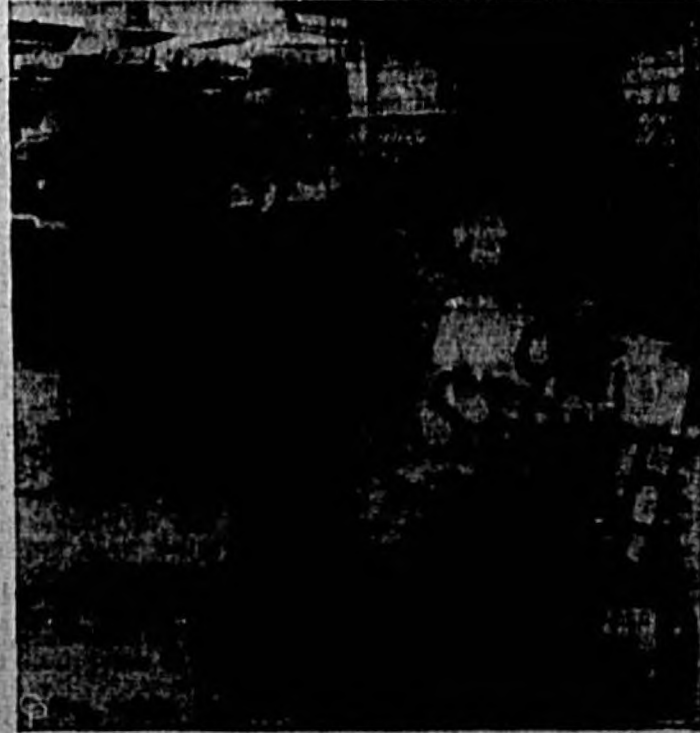

HARRY LEV (left), a Chicago manufacturer who wanted to prove he is "not a chiseler," hands a check for \$5,000 to Sen. John L. McClellan (D-Ill.) at a Washington session of the latter's Senate investigations subcommittee. Lev said he owed that to the U.S. although he claimed he saved the government "millions of dollars." The Polish-born immigrant denied under oath that he bribed Federal employees to obtain a \$2,000,000 contract to make white sailor hats. (International Soundphoto)

LLOYD HENDERSON and Wanda Roberts, both blind, are shown in San Francisco with their Guide Dogs, "Tenna" and "Tinka," after announcing plans for their wedding. They met in 1950 when Henderson was teaching Braille to Miss Roberts at the Center for the Blind. They will wed on June 18 in an outdoor ceremony at the Guide Dogs for the Blind School in San Rafael, Calif. (International)

CLIFFORD F. HOOD, president of the United States Steel Corporation, and David J. McDonald (left), president of the C.I.O. United Steel Workers, meet in Pittsburgh to discuss a new wage contract. While the exact pay raise demanded was not revealed, the union was reported to be asking a 16-20 cents per hour increase. (International)

PICKETS SHUT PLANTS of the General Motors Corporation in South Gate, Calif. (top), and El Paso, N.J. (bottom), as an estimated 40,000 workers in six states staged "wildcat" strikes. Company officials warned negotiators for the United Auto Workers that contract talks might be broken off unless the walk-outs ended. Walter P. Reuther, C.I.O. and U.A.W. president, telegraphed an appeal for a return to work and warned against "sabotaging negotiations." (International)

LT. GEN. Isaac Davis White (above), has been named by President Eisenhower to succeed Gen. Lyman L. Lemnitzer as commanding general of Army forces, Far East, and of the 8th Army. White, now commander of the 4th Army with headquarters in Ft. Sam Houston, Tex., was also nominated for promotion to four-star rank. Lemnitzer recently was moved up to replace Gen. Maxwell D. Taylor as commander-in-chief, Far East.

WILLIAM J. KEATING, former counsel to the New York City Anti-Crime Committee, is shown before he went to prison to serve a five-day sentence for contempt of court. He was sentenced to jail for refusing to name his informants on a wiretap raid in which the police had made no arrests.

LEWIS B. HERSHEY, Selective Service Director, doubts that the U.S. has the manpower to maintain a military force of 3,000,000 men and a reserve up to 2,000,000 men as contemplated under the bill backed by the Administration. Hershey made this statement to the Senate Armed Services Committee which was holding hearings in Washington on a four-year continuation of the draft bill. (International)

MARION S. POLSON (above), Undersecretary of the Treasury, is reported in Washington circles to have been chosen by President Eisenhower to succeed Mrs. Oveta Culp Hobby as Secretary of Health, Education and Welfare if and when she resigns. Both Mrs. Hobby and Polson resigned, announced on the same day.

Men Behind Progress

America has never honored highly unusual intellect. Einstein was an exception; his death has left us without an intellectual hero.

Actually there are men of genius working in almost every one of the professional and highly specialized fields. Alone in realms of the abstract, they lay the cornerstones for the future. They are humble heroes.

It may not be time to stop mourning for Einstein, for the tremendous gifts of thought he gave the world, for the warmth, gentleness and humanity that characterized him as a man, but it may be time to give some attention to his colleagues.

We did not have to give much thought to accepting Einstein's genius. He came to our country acclaimed as one. But we have many of our own who work daily to inch the frontiers of our culture a minute, a second, a decimal forward in time.

They are men who live partly out of and beyond our culture, ahead of the time and people among whom they were born. In their laboratories and offices they are the advance guard to another life.

Progress is dependent upon the sacrifice of normalcy these gifted people make. They will continue to do what they are doing without thanks. But would it not be better for America, if shouldering the burden of

progress, were not to continue as a wholly thankless job?

Costly Storage

The federal government uses storage and warehouse space equal to an area twice the size of Manhattan Island. This was revealed in a report to Congress by the Hoover Commission on reorganization of the government.

The report cited "great excess of storage space, duplication and consequent waste." It pointed out that the cost of maintaining all this space is estimated at \$3,500,000,000.

The commission report calls for cross-servicing and the introduction of modern methods of handling storage problems. By avoiding duplication, by the application of up-to-date methods, it is estimated that \$288,000,000 could be saved.

Not only would attention to this problem save tax dollars but it would increase the efficiency of the government and allow administrators to perform their jobs with greater ease and success. Just as a householder must be economical in his use of space if he is not to be crowded from his common sense methods to its official house-keeping.

Limiting Exchange

How the other half of the world lives and thinks has been to a great extent a mysterious matter. For this reason an international exchange of students was set up so that young people might learn in these hitherto neglected areas. This program is now being threatened by a House subcommittee's recommendation of a slash in appropriations.

Dean William C. Warren of the Columbia University law school is especially disturbed by such a threat. Just returned from a tour of the Pacific area, he feels that limiting an exchange of ideas, particularly between the East and the West, "is extremely shortsighted if the United States wants to exert world leadership."

Today most people recognize the necessity of knowing Asia and Africa. Our world that has recently enlarged to include the East has shrunk at the same time. For though more people and nations are a part of our daily affairs, what these people do and think has become immediately and directly important in our lives.

Dean Warren will appear shortly before a Senate hearing on this subject. It is hoped his testimony will be effective in staying the congressional ax.

TODAY'S BIBLE VERSE

Their conscience seared with a hot iron, —1 Tim. 4:2—We will have an eternity of time to remember. We cannot escape from memory and conscience.

HAL BOYLE

'That Old Barn' Is Finally Sold

KANSAS CITY (AP)—Mama has sold "that old barn" at last. "That old barn" is what she calls the big old-fashioned 10-room white house in which she has lived for more than 34 years. During that time Mama raised five children, and saw most of them fly away, one by one.

But always they have come back to the old white house. It has remained the family center. Mama's feud with the house began the day she moved in. She threatened to move right out, and she's been threatening to do so every year since.

"Who wants to rattle around in an old barn like this?" she has said a thousand times. "It's just too much trouble to keep up."

"I'll tell it and move into a one-room apartment with a hotplate—and be perfectly happy."

At other times Mama has decided to turn the house into a duplex and rent out the second floor. She never quite got around to it. She never has liked the idea of having strangers around since, years back during hard times, she briefly rented two rooms to a couple Dad knew. Dad did know some odd people. In this case the husband, a rebel fellow in a 10-gallon hat, turned out to be a snake oil salesman, and Mama learned to her horror he was keeping jars of embalmed rattlesnakes in his quarters. The couple moved out very soon after that.

In recent years, my sister, Dolores, her husband, Don Newton, and their two children have shared the old home with Mama. But this spring they bought a newer house on the south and asked Mama to come with them.

After all her long years of quarreling with "that old barn," she had to make up her mind whether to stay on in it, rent it, or dispose of it. Mama decided to shake a clean break with the past. She put the old house on the market. She was startled—perhaps a little dismayed—at the speed with which it was sold. A young woman bought it.

Before turning it over to him, Mama and I went back to the house to clean out some boxes of boyhood belongings of mine that had lain mouldering in the basement for 20 to 30 years.

Mama, who likes to sit in the cool basement on hot summer days, rested on a chair while I sifted through the boxes, re-living my childhood as I did so.

"Why don't you throw away all that old junk," she asked. "You always were like a crow, collecting everything you saw."

To keep her from getting restive, I let her read some of my old love letters, and she settled back, contented. Mama always did enjoy reading her children's love letters.

When we went back upstairs, Mama paused in the empty living room—the room from which Dad

was buried more than 17 years ago—and said reflectively: "Well, there's been a lot of living here."

We stepped out on the porch. An elm tree in the front yard, as slender as Mama had been when we first moved in, had grown so about you couldn't put both arms around it. So had Mama.

She turned the key in the lock, and it made a lonely sound. We got in the car and drove away, and Mama never looked back.

"I don't see any reason to feel sentimental about that old barn," she said firmly. "I'm glad to leave it at last."

Perhaps she really is. But nobody in the family really believes it. You can't feud with something for 34 years—and not fall in love with it.

Try and Stop Me

By BENNETT CERR

THE UNIVERSAL APPEAL of a title like "The Power of Positive Thinking" certainly has played a part in keeping non-fiction best-seller lists for two solid years. Aspiring authors, therefore, are continually beseeching Dr. Pease to provide sure-fire titles for their immortal prose.

Dr. Pease counters with the story of the author who made a similar demand of J. M. Barrie. Barrie made no move to open the 1,500-page manuscript, but drawled, "Tell me, young man, do there any drums or any trumpets in your novel?" "Mr. Barrie!" protested the author, "It's not that kind of a novel at all."

"Perfect," beamed Barrie. "Call it 'The Drum, No Trumpet.'"

Two old drummers seated at a table, drumming their sticks together after a reunion dinner. "Whoo!" piped one. "Is joining me in a cup of coffee?" "Great idea," continued the other. "You jump in first."

FLOWERS THAT BLOOM IN THE SPRING, TRA LA!

JAMES MARLOW

Where Are Labor Unions Headed?

WASHINGTON (AP)—Are big labor unions heading for the day when, by their very success in winning benefits for their members, they no longer can get the support of those members in a showdown with a company or industry?

This much can be taken as a truism: The bigger the stake a worker has in the company which employs him, the bigger his reason for not wanting it to suffer loss or ruin, as it might from a strike.

By a strike is meant such things as a pension, with the size of it based on years of service and earnings; company stock which a worker may own; the medical and hospital bills which a company pays; and so on.

The CIO United Auto Workers has just negotiated an impressive

contract with the Ford Motor Co. For a time the company offered to let its employees buy Ford stock. This offer did not become part of the contract. The company may make the offer again.

In time UAW may obtain a contract covering stock ownership and better pensions, guaranteed wages and pay scales—which may profoundly affect workers' attitude toward the company and make them more conservative.

Suppose then the UAW made demands for some new benefits which, while nice to have, were far less than those already obtained. Would the workers strike to win them, taking a chance on losing everything, just to back the union?

Unions may face that problem

SAM DAWSON

Businessmen Get Over First Shock

NEW YORK (AP)—The first shock over, businessmen today are reassessing the effects to industry of a whole of the General Motors and Ford layoff plans.

The long-term effects are being sized up this way: If the layoff plan spreads through industry it's going to be tough for the small struggling company. It's going to be harder to start up a new company in a competitive field. If the men you hire become permanent payroll members before you've tested your sales potential.

Companies big and small are going to take a long, hard look at their labor policies. As labor costs go up, the urge to invest in labor-saving machinery—the trend toward the automatic factory—will grow stronger.

Work schedules will be planned more carefully to avoid expensive layoffs. Rather than hire a new man in times of extra business activity—and thus add him permanently to work rolls—corporations will pay present workers more overtime.

Many state laws will have to be changed if the General Motors and Ford layoff pay plans are to work. Present laws in many states don't provide for supplemental pay to state unemployment benefits.

Pressure is likely to build up to get the states to pay more liberal benefits—the higher the state payments the less of a drain on any one corporation.

The auto industry's labor settlement is also expected to have an effect on this summer's negotiations in other industries. Steel union leaders are reported raising their sights now for higher pay, they won't be asking for layoff pay until next year.

The plan, however, is expected to be an issue this year in talks between the unions and the farm machinery makers, the electric equipment companies, rubber and

meat-packing industries. Some lines of business are expected to profit by the trend toward pay for laid-off workers.

Machine tool makers see a short-in-the-arm for the movement toward automation, which means selling more of their products.

The construction industry expects more modern factories to be in greater demand.

Advertising men say that corporations will have to try hard to get customers to shift their buying habits and make them less seasonal.

Makers of office machinery say that layoff pay will mean much more paper work. Computing the benefits will add headaches to corporate accounting offices—and should enlarge the market for mechanical brains.

"What effect does television have on the minds of children?" is a question which is asked around more than a football in the Rose Bowl. We found the views of a prominent psychologist rather interesting, and we will send a few on to you.

In the words of this psychologist: "Frankly, I should be more concerned with what goes on in front of the TV set, that is, in the home, than what is happening on the screen if I were trying to find cause for emotional disturbances among children." It was also said that the prime responsibility of raising the children was strictly a chore for the parents and shouldn't be entrusted in any measure to the one-eyed Cyclops in the den or living room. This was a not-too-gentle zibe at parents who find it convenient to park the small fry in front of the TV set for up to 30-plus hours a week and make social hay with the new-found freedom.

We, of course, feel that TV fare for the kids should be a smattering of the violence the young ones love as much as we do in an occasion.

We would also like to toss in the suggestion that if your TV set is acting up, call BOB BENNETT, 200 East 31st St., for quick economical repair. Your TV set is a complex device and requires the attention of skilled workmen with the proper facilities. Phone 404. And remember if you are in the market for a new set, drop in and see the new DUMONT. You'll agree it provides the finest viewing your tired old eyes has ever enjoyed.

Preparation Day For Church School To Be Held Friday

Preparation Day for the First Baptist Church School will be Friday, June 17, beginning at 9 a. m.

Boys and girls will go directly to their departments for registration and for preparation for the school which begins on Monday, June 20, at 8:30 a. m. Many things are planned for Preparation Day and all boys and girls who plan to attend the Vacation Bible School should be here on Friday for this program.

Following the department program the boys and girls will line up on the parking lot behind the Educational Building and form the two lines for the Processional March into the auditorium for the joint-worship period.

Following the Preparation Day program there will be a parade at 11:15 a. m.

The Department Superintendents for this year are as follows: Mrs. H. E. Turner, Nursery Department for three-year-olds; Mrs. W. L. Vance, Beginner 1 Department for four-year-olds; Mrs. H. H. Martin, Beginner 2 Department for five-year-olds; Mrs. R. L. Johnson, Primary 1 Department for six-year-olds; Mrs. W. L. Crabtree, Primary 2 Department for seven and eight-year-olds; Mrs. Michael Thomas, Junior Department for nine-year-olds; Mrs. Hal Colbert, Junior Department for 10-year-olds; Mrs. H. H. Grier, Junior Department for 11 and 12-year-olds; Mrs. G. Harley Sykes, Intermediate Department, age 13 through 16.

Mrs. J. W. Carter will be in charge of the Nursery. General Secretary will be Mrs. J. J. Carter and Principal will be John L. Miller.

All boys and girls are invited to attend.

As We Were Saying

"I want to give Lee a new hat for Father's Day," Peggy confides, "but I can't decide whether to buy one that'll fit him now, or after the occasion has impressed him with how important he is."

To be a star you have to have five or six good points.

Burton Hillis

If you are planning to use a freezer locker, remember that all food taken to it must be wrapped in newspapers or put in an insulated container to keep it cold on its way to the locker.

A SEPARATE PURITAN COLLAR of white organdy distinguishes Pauline Triguera's dress of navy silk, designed for day or after-dark.

Boston's Boston Hill section is named because in early days, beacons were maintained on the hill to be lighted as a warning of approaching danger.

NOTICE
All Calendar Listings and Society News are Requested By 5 p. m. The Day Preceding Publication

Final Plans Revealed Today By Miss Rader

Miss Mary Jo Rader, daughter of Mr. and Mrs. Earle M. Rader of Miami, and James Dewey Hanson, son of Mr. and Mrs. Morris Hanson of Paola, will be married on June 18, at 7 p. m. in Rader Methodist Church Miami.

A reception will be held immediately after the ceremony at the home of the bride.

Miss Rader attended Mary Washington College and graduated from the University of North Carolina. She is now teaching in Miami.

Mr. Hanson attended Emory University and is now attending the University of Miami Medical School.

Cynthia Roumillat Honored Recently By Orlando Aunt

Miss Cynthia Roumillat, recent Eighth Grade graduate of All Souls Parochial School, was honored recently by her aunt, Mrs. L. B. McLeod Jr., of Orlando, when she entertained with a swimming party at Kemp's Aquasium.

Swimming was enjoyed by the guests and late in the afternoon tea watermelon was served from a lovely table in the picnic area. Favors of autograph books were given the guests and Miss Roumillat was presented a novelty tumbler as a memento of the occasion.

Mrs. McLeod was assisted in entertaining by her mother, Mrs. F. L. Roumillat and her sister-in-law, Mrs. Francis E. Roumillat Jr. of Sanford.

Those present were Miss Cynthia Roumillat, Miss Evis Kratzert, Miss Charnion Miller, Miss Sally Chase and Frank Roumillat Jr., all of Sanford.

From Orlando were Miss Carol Hayes, Miss Mary Kenny, Miss Lucia McLeod, Miss Lamar McLeod and Bonner McLeod III.

Range Rider Reaps Benefit From Series

HOLLYWOOD — It has been more than two years since the Range Rider has ridden the range, but he's still reaping the benefits from the TV show.

The Range Rider is Jack Mahoney, a handsome, 6-foot-4 one-time stunt man. His profit from the series comes not from what most people think. Although it has played over and over again on TV, he says that his return from the reruns is small.

Furthermore, he made the 78 half-hour films at a starting salary of \$250, ending up at a maximum \$500. That's not much for a TV star, especially when you consider that no doubles were needed for his stunts.

"But I'm not bitter about the money," said Mahoney. "I'm grateful for the opportunity. They took an unknown stunt man and made a name out of him."

"The show also taught me the business. Before, I was too scared to open my mouth in front of a camera. Now I feel confident in what I'm doing."

The experience in Range Rider plus six Loretta Young TV films set him up for a movie career of his own, instead of doing daredevil stunts for other actors. He is now appearing with Jeff Chandler, George Nader and Lex Barker in "Away All Boats."

This is the latest chapter in the amazing life of Jacques O'Mahoney, once a poor boy in Davenport, Iowa.

"I wanted to be an actor, but I suffered from an inferiority complex," said the towering Iowan. "So I decided to use my athletic background for stunt work."

He became a very successful, earning as much as \$30,000 a year for stunts most thinking people would never consider.

His best check was \$1,500 for falling off a moving train amid boulders for a Randy Scott epic.

Planning to buy some molds for jellied salads for dessert? Choose some with rings so when the molds are not in use they can double as decoration for kitchen walls.

Mrs. L. Vickery, Mrs. V. Messenger Act As Hostesses

Mrs. V. C. Messenger and Mrs. Lillian Vickery were hostesses for the meeting of the Elsie Knight Circle of the First Baptist Church held at the home of Mrs. Messenger, 137 North Elliott Ave. on Monday evening.

Mrs. F. L. Dampier presided over the business session and the devotional was presented by Mrs. Estelle Glisson. The lesson on stewardship was given by Mrs. Vickery.

The group voted to send a girl to the Y. W. A. Camp which will be held in Tampa July 18 to 23.

A gift of \$5 was made to the Clara Job Fund by the circle.

Mrs. Glisson reported on the recent Business Women's Circles federation meeting held in DeLand and reminded members that Sanford will act as hostess for the meeting here in September.

Mrs. T. Hunt, community missions chairman, reported that linens had been mended for the hospital last month and this month's project is visiting the sick and shut-ins.

The program, based on the topic "Stop, Look and Listen" was directed by Mrs. Messenger. Others taking part were Mrs. Hunt, Mrs. Roy Reel, Mrs. R. E. Purifoy, Miss Lorene Franklin and Mrs. Dampier.

Following the business and program the hostesses, assisted by Mrs. Sue S. Stevenson, served refreshments.

Those attending were Mrs. Dampier, Mrs. J. B. Ashley, Mrs. Hunt, Mrs. Glisson, Mrs. N. C. Sawyer, Mrs. Reel, Mrs. Irving Foy, Mrs. A. J. Peterson, Mrs. Stevenson, Mrs. Purifoy, Miss Martha Fox, Miss Lorene Franklin, Miss Leslin Jeanne Phillips and the hostesses.

Richard Widmark Is Not Joining Movie Scramble

HOLLYWOOD — Richard Widmark is not joining the scramble by top stars to incorporate. His reasons give some insight on the man and the financial situation in Hollywood.

Such names as Burt Lancaster, Jane Russell, Rita Hayworth, Frank Sinatra, Henry Fonda and Kirk Douglas are now cooperative bodies with the intention of producing pictures for themselves.

The advantage is obvious: money. If they can produce money-making films, the stars will profit more and over a longer time than if they worked on straight salary.

Widmark goes against the trend. "Sure, I've had offers to incorporate," he said. "But I've turned them down."

"Why should I tie myself down to an office? If I had been interested in business, I would have gone into the business world instead of becoming an actor."

"Sure, I might make more money. But how much money can you use? After you've got clothes and food, a house and a car, what more do you need?"

The problem, he said, was with the tax laws. In order for the deal to be legit, a star has to make several films with his own company. The federals long ago got help to the gimmick of making one or two films, then dissolving the corporation and collecting the loot on a capital gains basis.

"You've got to put out several pictures," Widmark explained. "And you just can't find enough good scripts."

"The important thing in this business is quality. Sure, you can go after the fast buck and live like a king for a while. But when you make inferior pictures, there's only one way you can go—down."

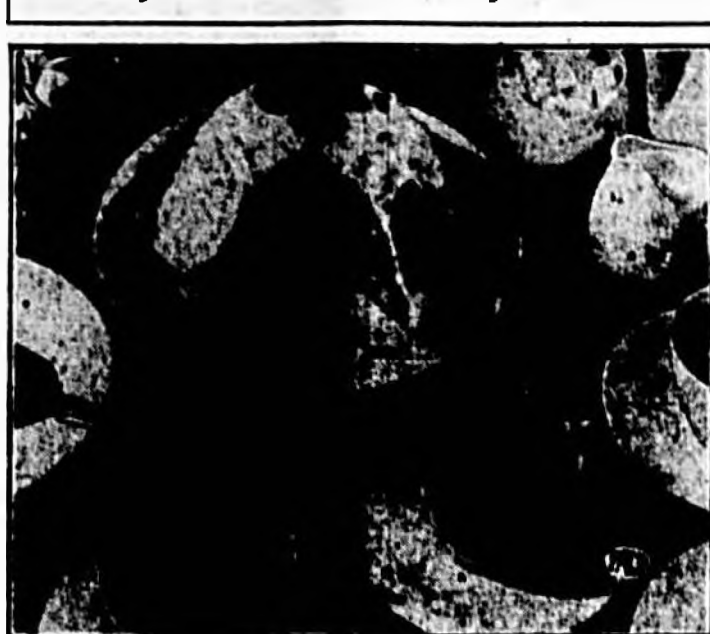

It's generally conceded here that a star can't amass any real riches on straight salary, even if it's \$300,000 a picture. There are two ways of picking up the big loot.

One is by incorporation to produce pictures. The shining example of this method is Burt Lancaster. Another is Humphrey Bogart, who dissolved his firm recently for a profit of a cool million.

The other method is by participation. The most successful has been James Stewart. He makes most of his pictures at a minimum salary or none at all, then collects 50 per cent of the profits. All he has to do is act; some one else worries about producing the picture.

Widmark, who has shed his contract with 20th Century-Fox, said he will seek percentage deals in the future.

An Easy-to-Make Strawberry Dome Cake

EASY-TO-MAKE dessert—that's what we need for summer! But easily-made doesn't rule out the possibility that it will be easy on the eyes, too, and a Strawberry Dome Cake is certainly that. Surrounded by cups of fresh and fragrant coffee, it's a pretty and well-come sight on a warm day.

You'd never believe, just by looking at it, how very easy this dessert is to put together. Baker's pudding mix (two suggest vanilla, but you can use your own favorite flavor), fresh strawberries, some whipping cream. There's nothing to cook, no special mold required. Strawberry Dome Cake is chilled right in the mixing bowl it is made in, turned out straight onto the serving platter.

From then on, all you have to do is frost it with whipped cream, make fresh hot coffee to go with it—and eat it! Then see if you

don't agree that this quickly made and decorative dessert is every bit as delicious as it looks.

Strawberry Dome Cake
1 cup whipping cream
1 box Baker's pudding mix
1 pint instant vanilla pudding
1 cup instant vanilla pudding
1 cup instant vanilla pudding

Split sponge cake layers in half, to make 4 round layers. Prepare pudding and let set as directed on package. Press one of the cake layers into a medium sized mixing bowl. Spread with one-third of the pudding. Add second layer and other third of the pudding. Repeat with third layer and remaining pudding. Top with fourth layer. Chill several hours or overnight. Unmold on serving dish. Whip cream. Spread over surface of cake. Surround with sliced, sweetened berries. Garnish top with a few whole berries, if desired. Makes 10 to 12 servings.

Plans Shape Up For Big Show At Disneyland

HOLLYWOOD — Walt Disney, who has already proven that TV can be used to promote his other enterprises, will use the medium to its fullest extent when he previews his Disneyland Park.

Plans are now shaping up for a giant ABC network telecast from the Anaheim, Calif., pleasuredome on Sunday, July 17.

It will be the first time a Disney TV offering will be seen on live basis. Walt will conduct his millions of fans on a tour of his dream project.

It will be a 90-minute attraction in the late California sunshine. Most Disney is expected to be aided by Irene Dunne and such ABC stalwarts as Don McNeill, Danny Thomas and Ray Bolger. Art Linkletter is prospective emcee.

ABC has lined up three sponsors for the show and announces that 22 cameras will roam the 160 acres of the onetime orange grove.

Five thousand guests are invited, including 1,000 press and numerous film stars. It's reported that the 46 governors will be asked to raise the flags of their states on the Disneyland grounds.

The Disney people do things thoroughly. There will even be a preview of the preview. The regular Disneyland show on July 13 will feature a half hour report on the final preparations for the park. This will be the only new segment of the current season of reruns.

Disney has said that he won't stint on showing the TV audience the wonders of his park. He plans extensive tours of his four realms—Tomorrowland, Frontierland, Adventureland and Fantasyland.

Most other showmen would resist showing too much to the home viewers, for fear it would lessen the box office take. Disney doesn't hold to this. He has exposed large parts of his theatrical films on TV and still set records in the theaters.

Whether his theory still holds will be tested starting July 18, when the doors of Disneyland swing open to the paying visitors.

grandson, Capt. and Mrs. D. R. Hasty and Craig for the past week in Washington D. C. She arrived there for the graduation of her son from the University of Maryland. They will accompany her back to Sanford where they will visit for several weeks before Capt. Hasty receives his new assignment. Mrs. Hasty is the former Miss Earline Kelly.

BIRTHS

Mr. and Mrs. M. L. Raborn Jr. are the proud parents of a boy, Brent Lamar, weighing 5 lbs. and 12 oz. born in the Fernald Laughlin Memorial Hospital Saturday night. Mrs. Raborn is the former Miss Beaulie Robson, daughter of Mr. and Mrs. Jim Robson.

Mr. and Mrs. W. D. Stine returned home Sunday after a five month stay in New Jersey where they visited their son, Albert Stine and daughter, Mrs. Bernice Sabatino.

Mrs. Fred Hasty was visiting her son and daughter-in-law and

Woman's Society Methodist Church Meets On Monday

The general business meeting of the Woman's Society of Christian Service of the First Methodist Church was held on Monday afternoon in McKinley Hall with Mrs. W. A. Hunter, president, presiding.

Prior to the business session a board meeting was held.

The business was opened with a song followed by a group prayer led by Mrs. R. F. Cole. The routine secretary and treasurer's report were given.

The group voted to change the meeting date for the summer months to the first Tuesday of each month with individual circle meetings to be held the following week.

Mrs. W. W. Tyre was elected WSCS representative to the Commission on Education. Mrs. W. M. Colbert announced that the following activities would be conducted by the designated circles in July:

General business meeting program, Circle No. 8; communion, Circle No. 9; USO hostesses, Circle No. 5.

Following the business meeting an interesting program was given by Circle No. 6, Mrs. T. A. Dwyer, chairman.

Mrs. Randall Priest was in charge of the program leading the group in prayer and songs. Mrs. Priest introduced Mrs. Cyril Butler, Mrs. W. M. Colbert Jr. and Mrs. T. A. Dwyer, who presented a very clever and entertaining skit.

Following the skit the meeting was adjourned.

County Council Will Have Meet

The Home Demonstration Council will meet in Longwood Public Library tomorrow at 10 a. m.

Miss Patsy Tule and Miss Betty Jean Robinson will tell of their 4-H trip to the State Short Course. Mrs. John Griffin and Mrs. George Otto will also give reports of the meeting.

Mrs. Clyde Kene, choral director, will give a demonstration on "Flower Arrangements". A covered dish luncheon will be served at noon.

County Council Will Have Meet

The Home Demonstration Council will meet in Longwood Public Library tomorrow at 10 a. m.

Miss Patsy Tule and Miss Betty Jean Robinson will tell of their 4-H trip to the State Short Course. Mrs. John Griffin and Mrs. George Otto will also give reports of the meeting.

Mrs. Clyde Kene, choral director, will give a demonstration on "Flower Arrangements". A covered dish luncheon will be served at noon.

The honorarium was presented with a check book by the hostess and a tiny glass slipper. Favors were silver wedding bells.

Punch, individual cakes, minis and nuts were served from a lace covered table which held two silver candelabra bearing burning white tapers. Yellow roses were used as the centerpiece in a blue antique vase.

The parents of the bride and groom-elect along with the wedding party were also invited.

Short-order cooks kept coffee and onion powder on hand for seasoning: saves peeling and grating or chopping onion, mincing or crushing garlic.

Sen. Smathers Says Free Enterprise Being Endangered

ST. PETERSBURG—Concentration of economic control in a few large corporations is endangering America's free enterprise system, says Sen. George Smathers.

Smathers told contractors and builders of greater St. Petersburg Monday that there is no malice behind the trend but it is growing.

"We must constantly be on guard against collectivization whether it be communism or greed or complacency here at home," he declared.

"Are we headed for large cartels where one or two groups control the economy and everybody works for them?" he asked, citing figures to show that there is an abundant economy.

"When I look below the headlines I see where our free enterprise system is beginning to erode on the edges. Six per cent of the firms produce 75 per cent of our manufactured goods, 180 corporations own half of American industry and one corporation has an income greater than that of all the 48 states combined."

Egypt Is Censured For 17th Violation

GAZA, Egyptian-held Palestine (U. N. Mixed Armistice Commission) censured Egypt Monday night for the 17th time since the Feb. 28 clash with Israel in the Gaza strip. In the same period the commission has found Israel guilty of 13 violations of the 1948 armistice.

Monday's decision, reached after a nine-hour session, upheld Israel's contention that the Egyptians had attacked an Israeli truck with mortars near Al Aqsa, about 60 miles southeast of Gaza, on May 18.

LANZA IS ORDERED TO PAY DAMAGES

SANTA MONICA, Calif. (U. N. M. Lanza, by court order, will have to pay \$40,361.68 for damages to a \$300,000 Beverly Hills home which he leased for 28 months for himself and his family.

Superior Court awarded that amount to Mr. and Mrs. Norman Kaiser yesterday, the owners.

Mrs. Kaiser said at the end of the \$1,350-a-month lease she found her home and grounds a shambles of "debris, dirt, filth and desecration."

A train that traveled 127 miles an hour in 1905 still holds the U. S. railroad speed record.

Now that the winter dent-it-yourself season is over, it's DOOF month again—Dents Out Of Fenders month, during June. Model Jean Kumpf of St. Paul is perched on a dented fender reminding motorists to get their cars looking new again for the summer driving season. The DOOF program is sponsored annually for the 100,000 auto body shops throughout the country.

Have you taken a good look at the family car lately? Chances are that heavy traffic, parking, road stones—and even going in and out of the garage—have left their marks.

"Many cars look old long before their body styles are out of date," according to Clara Goodsell, chairman of the national Dents Out Of Fenders committee. Since June is Dents Out Of Fenders month, Goodsell has offered these suggestions to help keep cars looking new:

First of all, of course, is having the dents and scratches removed. Failure to make such repairs when the damage first occurs means a bigger repair job—and a higher repair bill—later on.

When the dents are out, it's largely a matter of preventive maintenance. Wash the car frequently to keep it free of damaging salts and chemicals; wax it regularly, preferably away from sunlight so the wax doesn't dry too fast; use a bug deflector, and keep bug remover handy to remove those that do strike the car.

Nevada Surprised By Flash Floods

Floods unleashed by torrential desert cloudbursts hit Nevada last night, blacking out this city of bright lights and derailing a passenger train in the northern part of the state.

There were no injuries reported but the damage in Las Vegas was expected to run over \$100,000, and perhaps as high as a half million.

REALTOR TO USE HELICOPTER SERVICE

ARLINGTON, Mass. (U. N. An Arlington real estate firm plans to give prospective home purchasers a bird's-eye view of their future home sites. A helicopter service will be offered clients of Lyons and Angell to help them select the community where they wish to locate.

While power was quickly restored in most sections, an estimated 80 per cent of all telephones remained out of order early today.

Mayor C. D. Baker said there was a strong possibility he would declare a state of emergency and ask for federal flood control aid. It was the worst storm here in 30 years, he said.

Man Is In Trouble For Eating Snails

PORTICAWL, Wales (U. N. It may sound crazy to the French but George Loughlin is in trouble for eating snails.

George, 45-year-old newstand operator, sat in his club extolling the snail as a tasty dish.

"I could eat a dozen right now," he told his cronies.

A fellow clubman walked out into the garden, brought back a dozen snails and said: "Eat them."

There's a world of difference between a slimy British garden snail and the fine fat snails that Frenchmen eat. But for George it was a point of honor. Rather than swallow his pride, he swallowed the snails—and apparently enjoyed them.

Not so the committee of Porticawl's United Services Club. They suspended George for three months "for causing consternation to other members."

COMES TO DEFENSE

DENVER (U. N. Russian air power has advanced rapidly but it's still not strong enough to defeat the United States, Glenn L. Martin, pioneer aviation industrialist, said last night.

"The fighter and bomber planes already in production in this country can stop any Soviet planes now in the air. Adding to our strength are the very hot things we have on the fire," Martin said in an interview.

PRESIDENT EISENHOWER has a reunion with his brothers, Milton (center) and Earl, on the campus of Pennsylvania State University at University Park. Dr. Milton Eisenhower is president of the college. Earl Eisenhower is publisher of a newspaper. Later, the President inspected the university's new \$300,000 nuclear reactor and addressed the 1,828 members of the graduating class. He received an honorary law degree, the first to be conferred by the university in forty-seven years.

QUITE A GUY!

LONG BEACH, Calif. (U. N. Police charge that in an eight-mile chase after he allegedly drove at speeds up to 90 m.p.h. He was also charged with making an improper turn, running 12 stop signs, ignor-

ing 12 signals, driving on the wrong side of the street, reckless driving and resisting arrest.

Students estimate that 750,000 Americans will lose their sight before they die.

In Saudi Arabia, the air scoops for the ventilation of railroad passenger cars are put on the roof rather than underneath as in the United States, because blowing sand clog them when they are near the ground.

Defense Secretary Says Money, Power Are Not Sufficient

WASHINGTON (U. N. Secretary of Defense Wilson said today money and great military strength "will not give us the peace and security that we desire if we are not successful in countering the Communist effort to capture men's minds."

Wilson advanced his idea that "you cannot stop ideas with bullets" in an address prepared for the graduating class of the National War College. The college is composed of senior officers of all services who study national policies, strategy and other related political and military programs.

Wilson said he is confident that "we can and will continue to provide for adequate forces on a qualitative as well as quantitative basis without any detriment to the stability of our economy."

the low-price 3, PLYMOUTH is
**FIRST IN STYLE.
FIRST IN SIZE.
FIRST IN SAFETY FEATURES!**

The thrill of pride you feel each time you drive your new Plymouth has several sources. There's the sleek smartness of its Forward Look styling. The eager power of the thriftest 6, or the most powerful standard V-8 in Plymouth's field. And there's the peace of mind that comes from knowing that you are protected by more safety features than offered by any other low-price car. You'll know what we mean when you drive a big new Plymouth—how about today?

NO BLIND SPOT ON. Thanks to this unique semi-circular windshield design that gives you the greatest visibility in Plymouth's field.

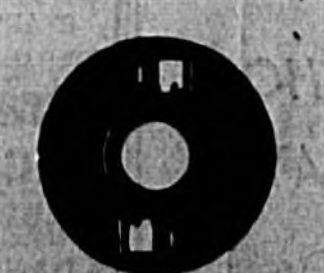

"AMERICA'S MOST BEAUTIFUL CAR"—that's what the nation's foremost artists group, the Society of Illustrators, say about the 1953 Plymouth!

SAFETY-ON WHEELS have a special rotating ridge to help hold a tire straight on the rim in case of a blowout. Another Plymouth feature!

**BIGGEST
LONGEST
ROOMIEST**

THE BIGGEST CAR OF ALL 3 is naturally the most comfortable inside, and Plymouth gives you the smooth, steady ride only a big car can give.

SMOOTH, SURE, FIRMNESS STOPS come from four hydraulic shock absorbers in each Plymouth front wheel, where the other two low-price cars use only one.

Mother Of Two Children Reveals Bathtub Drowning Of Young Boy

BROCKTON, Mass. (AP)—A mother of two children was charged with murder today in the bathtub drowning death of Michael Baldwin, 3, a neighbor's child.

Police Chief John F. O'Connell Jr. said he booked Mrs. Gertrude F. Riordan, 44, after she admitted the slaying in a statement taken down by a stenographer at police headquarters.

The fully clothed body of the youngster was found in Mrs. Riordan's bathtub yesterday while police were looking for him on a report from his mother that he disappeared from the front porch.

Mrs. Riordan, mother of two teen-agers, Eleanor, 17, and Joseph, 15, lived in the apartment above that of the victim's family. Michael was the youngest of seven children of Mr. and Mrs. Fred Baldwin.

O'Connell said Mrs. Riordan related in her statement that the child called on her yesterday and said he wanted to play cowboys with her. She said she obliged. She tied a face cloth around his neck to take the place of a neckerchief and together they played cowboys. Later, she said, they went into the bathroom where Mrs. Riordan drew 10 inches of water so the youngster could float clothes-

Steel Corp. Plans For First Answer To Union Demands

PITTSBURGH (AP)—The U. S. Steel Corp. will present to the CIO United Steelworkers Monday the first answer to the union's demands for a "substantial" wage increase from the basic steel industry.

The company and union agreed yesterday to the resumption of bargaining Monday after a recess that began last week when the USW finished presenting its demands to steel's Big Six, who employ 400,000 of the 600,000 basic steelworkers. U. S. Steel, traditional pacemaker in labor matters for the industry, has given no indication of how much it will offer in its counter-proposal.

USW President David J. McDonald was quoted as saying he expects an offer of a seven and a half cents hourly increase for the steelworkers, who now average \$2.38 an hour.

Harmony Campaign Tour Is Underway By Paul Butler

LUBBOCK, Tex. (AP)—Democratic National Chairman Paul Butler left today on an olive branch in rank-and-file Texas Democrats who bolted their party in 1952 to vote for Republican Dwight Eisenhower.

"There is no obligation on the part of any party member to vote for every nominee on every occasion so long as a matter of conscience is involved," he told some 400 listeners at a 90-a-plate barbecue last night.

But, he added, "I do believe that when men and women have been honored by high office in the Democratic party they should not for some flimsy reason give support to the nominee of any other party."

Butler's speech opened his tour to promote harmony among leading Texas Democrats. He was due to speak at Big Spring today and at a banquet in Dallas tonight. His other cities are on his schedule.

Red East Germany Tells Of Asylum Granted Soldier

BERLIN (AP)—Communist East Germany said today it has granted political asylum to Horst Spanier, identified as a U. S. soldier.

East Berlin newspapers said Spanier was a member of the 12th Infantry Battalion of the 2nd Army Division. His serial number was listed as RA15 528 280, but his rank and home address were not given.

The newspaper quoted Spanier as saying he left his Army post because he did not want to be a soldier in "American imperialism" and also that he hoped to "live a new life in East Germany."

U. S. Army officials here said a soldier named Horst Spanier has been missing from the 12th Infantry Battalion at Worms, West Germany, since May 8.

Mothers Send Plea For Missing Sons

HONG KONG (AP)—The mothers of two missing American servicemen said today they are sending letters to nine foreign embassies in Beijing "asking them to intercede on our behalf."

The women, Mrs. R. H. Shadick, of Miami, Fla., and Mrs. Nanette Wright, of Jacksonville, Fla., have been waiting in Hong Kong for three weeks for Red Chinese Premier Chou En-lai to reply to their request to visit China in search of their sons, Chou has not replied.

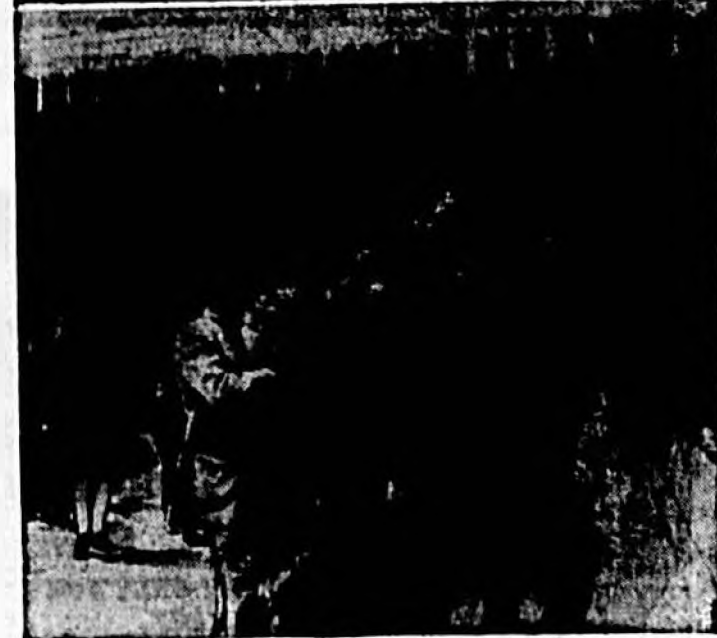

The pair are scheduled to leave for home Friday. They said they will stay "until the last moment, waiting for something to break."

Indonesians Refute Charges By Dutch

JAKARTA, Indonesia (AP)—The Indonesian government today angrily refuted Dutch charges it has tortured 23 Dutchmen arrested 18 months ago.

A Foreign Ministry statement countered that the Jakarta government would issue its own "white paper" on alleged Dutch subversive activities in Indonesia, until the end of 1949 the Netherlands' biggest and richest possession.

The Indonesian statement said the Dutch charges made in The Hague Monday "will have no other effect but to increase the bitterness of the Indonesian people and deepen the present ravine between the Netherlands and Indonesia."

PRIME MINISTER Jawaharlal Nehru of India, in Moscow for a 16-day visit, is shown as he visited the Lenin-Stalin Mausoleum on Red Square in the Russian capital. Two men in front carry a floral wreath to be placed on the tomb. At top is a group of Nehru and Soviet Prime Minister Nikolai Bulganin (right) as they met in Moscow. The Indian Premier was given the warmest welcome ever extended to a foreign statesman by the Reds. (International Radiophotos)

Agreement Signed In Atomic Research

WASHINGTON (AP)—With President Eisenhower taking part, the United States today signed agreements with Great Britain, Canada and Belgium for cooperation in atomic research.

The President issued a statement pledging "unrelenting cooperation of this nation to realize the benefits of atomic energy as a measure to promote lasting peace."

The agreements, which now require approval by this country's Joint Congressional Committee on Atomic Energy, provide for mutual cooperation in research leading to the development of peaceful uses of atomic energy, including the generation of power.

Brothers, Sister Are Ill With Polio

CRITLEY (AP)—Three children whose sister died Saturday of polio have become ill this week with a milder form of the disease, Dr. Walter R. Helms said today.

Linda Gail Kelley, 4-year-old daughter of Mr. and Mrs. Wilmer Kelley of near here, died about 12 hours after being stricken with bulbar polio. Stricken this week were Mary Frances, 3; Don Colin, 12; and Jimmie DeWayne Kelley, 6.

Mrs. Ruth Harrell, county health department nurse, said that none of the Kelley children had received Salk vaccine shots "as far as we know."

Explosive Experts Looking For Clues

TAMPA (AP)—While explosive experts searched for clues in the mysterious dynamiting of Sunshine Park horse track, Air Force officials went ahead with plans to use the track today for an assembly point in a mass civil defense evacuation.

Officials of MacDill Air Force Base here said they did not intend to use the clubhouse anyway. It was in the clubhouse that two dynamite blasts jarred the countryside last night.

Air Force demolition experts examined the area for more explosive material but found nothing. All civilian employees and members of Air Force personnel details were to be evacuated in the civil defense alert.

Notice Of Journey Ordered By Office

WASHINGTON (AP)—The Defense Department has ordered all its host of civilian secretaries, deputies, assistants, directors, generals and admirals to let the State Department know when they are heading out for visits abroad.

The idea isn't just to give American ambassadors and consultants time to make a cake and lay out a red plush rug.

It is, says Department of Defense Instruction Sheet No. 8030.4, to "avoid conflicts and undesirable political reactions created by trips abroad by key officials in the Department of Defense."

Swarm Of Bees Kill Station Operator

LOUISVILLE, Ky. (AP)—Walter C. Crenshaw, an amateur beekeeper most of his life, was stung to death yesterday.

The 47-year-old service station operator was stung three or four dozen times and died in less than 10 minutes.

He and his brother-in-law Max Crenshaw, 26, were transferring a swarm from one hive to another when the insects attacked.

Max finally gave up and ran for the house. Walter followed, walking in with bees clinging to him.

The elder Crenshaw, after telling his wife he couldn't feel the stings, sat down on a bed and collapsed.

Two Admissions From Archie Moore Come Into Open

NEW YORK (AP)—With the light heavyweight championship fight pitting titlist Archie Moore against challenger Carl (Bobo) Olson just a week away, two admissions came to light today:

1. Moore is having a tough time getting down to the 165-pound lightweight limit.

2. Predictions of a \$350,000 gate were slightly optimistic. The gate for the New York fight will be closer to \$250,000.

Moore, a secretive fellow, has refused to tell anyone his weight. He was listed as weighing 166 1/2 when he licked Nino Valdes in Las Vegas May 2. That means he's

having to shed 2 1/2 pounds in seven weeks, a mighty tough task.

"I've never had such a rough time taking off weight," he admitted. "I've always had more time to take it off. Anyway, I just can't shake the idea that I should be fighting Rocky Marciano for

THE SANFORD HERALD
Wed. June 15, 1955 Page 7

the heavyweight championship and not Olson."

Indiana adds about 60,000 a year to her population.

Sports Roundup

BY GAYLE TALBOT
NEW YORK (AP)—Archie Moore, the old medicine man, looked relaxed as a smiling cat as he lay back on his spine before going in to sign the official papers for his 175-pound title fight with Bobo Olson here a week from tonight. He stroked his black goatee and said he was relaxed too.

"Relaxation, that's what I practice, relaxation," he said. "That's how I been able to make weight the way I do. Nobody ever saw me when I wasn't relaxed, not even when I was in a fight. I never felt tense during a fight in my life."

"You mean to say," he was asked, "that you were relaxed when Harold Johnson knocked you down in your other title fight here?"

"Never felt more relaxed in my life," he said. "You saw what I did to Harold after that happened."

The 38-year-old veteran of a million fights, more or less, looks as though he might already have shed about 20 pounds of the 200 he was packing when he began training for Olson. That would leave him five more pounds to pare off before the weigh-in at noon next Wednesday. Archie said not to worry about him making it.

"I won't be as strong as I was when I weighed 190's for Nino Valdes (on May 2)," he conceded. "I was carrying some extra fat for that one and just felt comfortable. But I won't be fighting as big a man this time and I won't need to be so strong."

"Some days when I'm taking it off fast this way I feel a little weak. But then I take it easier for a day until my strength returns. Nobody knows me as well as I know myself, and nobody else can relax the way I do. Olson couldn't relax during a fight because his style wouldn't let him."

Baker Is Out Front For 2nd Base Post

CHICAGO (AP)—Gene Baker of the Chicago Cubs took over the All Star baseball poll lead for second base in the National League today.

Baker, who celebrates his 30th birthday today, has 8,648 votes in a tie for Red Schoendienst of St. Louis.

Baker's rise now places four Cubs in leading positions. Other Cubs leading at their respective positions are left fielder Bob Speake, shortstop Ernie Banks and third baseman Randy Jackson.

The balloting will decide the starting American and National League lineups for the game to be played at Milwaukee July 17.

Split Season Big Question In FSL Loop

"If Orlando would jump way out in front again in the second half, think what that would do to attendance during August. It would kill all interest and probably kill the league."

That's the way president John Krider sized up the situation as Florida State League directors prepared to meet in Orlando tonight to discuss a return to the split season.

Merchants' Night Set Tomorrow

The Sanford Cardinals will play a doubleheader with Lakeland at Memorial Field here tomorrow. The first game will get under way at 6:30 p. m.

Jay Waller, business manager of the Sanford club, said Friday night will be observed as Merchants' Night and a number of prizes will be awarded. The Cardinals will again play Lakeland.

A doubleheader with Cocoa is set for Saturday, with the first game beginning at 6:30 p. m.

Waller announced the following home schedule (special nights and awards are in parentheses):

June 22-Orlando (Brahma calf donated by William Kilbee will be awarded); June 23-Orlando; June 26 - Cocoa (doubleheader with afternoon game); June 28 - West Palm Beach (Navy night— all Navy personnel and families admitted free); June 29 - West Palm Beach.

June 30 - Gainesville; July 1 - Gainesville (special ticket night); July 4 and 5 - Daytona Beach; July 7 - Orlando; July 8 - St. Petersburg (Family Night— one entire family admitted for a dollar); July 9 - St. Petersburg; July 15 - Orlando; July 17 - Lakeland (Ladies free) and July 18 - Lakeland.

Cardinals Blanked On Four Short Hits As G-Men Win 1-0

By THE ASSOCIATED PRESS
The Florida State League, afflicted by poor fan support, may lose one of its eight members—Lakeland—tonight.

Directors meet at Orlando to discuss the matter and, so far as is known, no city is waiting to pick up the franchise.

Lakeland, in sixth place 16 games behind the league leader, lost last night's game 4-2 to West Palm Beach.

Second-place Daytona Beach defeated front-running Orlando 3-2. Cocoa whipped St. Petersburg 4-2 and Gainesville shut out Sanford 1-0.

More than 800 Gainesville fans saw Horman Hughes blank Sanford on four hits. It was the right-hander's second 1-0 game this season and his third shutout. His record now reads seven victories, eight defeats.

Ben Hoyer's sacrifice bunt in the second scored Al Gar off for the only run. Gandolfi had tripled off Howie Peterson who allowed nine hits.

Craig Hoyal set St. Petersburg down on seven hits before a Cocoa crowd of 572. The winners scored four runs in the last three innings to ice the situation.

At Daytona Beach, where 1,347 were in the stands, rookie Orlando Pena bested Orlando's Alex Gordy in a pitching battle. Pena allowed six hits and Gordy seven. The winning run came in the sixth when Bill Patris tripled and came home on a wild pitch.

West Palm Beach had to come from behind to whip Lakeland. Two seventh-inning runs on Bobby Dare's triple, a walk, stolen base, sacrifice and error determined the issue. The attendance at West Palm was 550.

Fight Results

By The Associated Press
MIAMI BEACH, Fla. — Willie Pep, 128½, Hartford, stopped Mickey Mars, 126, Cleveland, 7.
PREMONT, N. Y. — Rinal Nocerio, 157½, Brooklyn, outpointed Vic Cardell 13, Hartford, 10.

RUFFALO, N. Y. — Jimmy Watkins, 150, Buffalo, outpointed Livio Minelli, 150, Italy, 10.
DETROIT — Dick Ramassetti, 131½, Detroit, knocked out Dick Murphy, 136, St. Paul, 8.
CHICAGO — Kenny, 185, Detroit, outpointed Benny Thomas, 170, Chicago, 8.

BOSTON — Bob Murphy, 144½, Boston, outpointed Fitis Pruden, 148, Paterson, N. J., 8.
OCEAN PARK, Calif. — Bout between Dick Goldman, 149½, Santa Monica, and Ray Perez, 146, Los Angeles, ruled one-round technical draw. Perez suffered possible fracture of right elbow and referee stopped bout.

HALIFAX, N. S. — Gabby Paillet, 124½, Montreal, stopped Leroy Jones, 128, Halifax, 8.
MONTREAL — Bobby Courchesne-Pat Marcuse bout postponed to tonight.

Solid Lead Is Held By Chicago's Patty

GROSSINGER, N. Y. (AP)—Patty Berg of Chicago held a solid lead of plus 23 today going into the second round of the third annual Round Robin golf tournament at the Grossinger Country Club.

She shot a par 78 in the opening round yesterday. Second, with a plus 14, was 31-year-old Marlene Bauer of Sarasota, Fla., while tied for third, with plus 10's were Louise Ruggs of Sea Island, Ga., and Betsy Rawls of Spartanburg, S. C.

Excessive Expense Case Has Exploded Again With Report

PARIS (AP)—The Wex Santee "excessive expenses" case exploded again today with the announcement from International Olympic Committee President Avery Brundage that he had asked the American AAU to investigate the charges.

Brundage offered no opinion on the case. He said he merely had studied the charges by a San Francisco newspaper that Santee had accepted more than the allowed expenses for three meals in California.

"I sent the story and a letter to Dan Ferris AAU chieftain and suggested the matter be looked into," said Brundage. "I have not yet heard from Ferris."

"No action has been taken against Santee yet and I don't know that any will. However, the charges are certainly too serious to let them stand."

Santee, on duty as a second lieutenant with the Marine Corps at Camp Pendleton, Calif., reiterated his denial.

Ronnie Austell, University of North Carolina freshman track star, broke a 26-year-old university freshman record in the 440-yard dash when he turned in a 50.2 mark. A week later he made the same distance in 49.8 seconds.

Londoners Once Again Get Rides

LONDON (AP)—"All right, mate, don't push. Plenty of trains today. Tickets, pliss."

Britain's nationwide railroad strike—the first since 1926—was over after 17 days of street traffic jams, piled-up warehouses and looming shortages of coal and raw materials.

In London's vast terminals, the eerie silence was shattered once more by the scream and roar of trains, the jabber of passengers, the mad crush of humanity.

Suburban trains, packed tight as sardine cans, disgorged happy commuters who had walked, hitchhiked, bicycled or driven cars to work each day.

Last night leaders of the 67,000-member Associated Society of Locomotive Engineers and Firemen called off their strike on the nationalized railroads and agreed to submit their demand for a wage hike to arbitration.

Officials said it would take at least a few days to restore order to freight yards and goods warehouses. Although nonstriking members of the National Union of Railwaymen kept freight traffic running at a third of normal during the walkout, tens of thousands of loaded coal wagons were waiting at the nation's mines. Tons of raw materials awaited delivery to factories, which in turn had mountains of manufactures.

Trend Still Heads For Filmed Video Despite Comment

By WAYNE OLIVER
NEW YORK (AP)—Whatever the merits of the continuing arguments over live vs. filmed television, the trend still is toward the latter.

This is evident to the viewer who compares present programming with what he saw two or three years ago, and is emphasized by the statistics.

The biggest of the film manufacturers (Eastman Kodak Co.) says motion picture films now account for 55 to 60 per cent of TV air time. The ratio is due to increase materially in the next few years, says Gentry Veal of the firm's research staff.

A good deal of filmed air time is rolled up by old motion pictures, but even in the prime viewing hours film accounts for a heavy proportion of the schedule with such shows as "Lucy," "Medicine," "Dragnet" and "Groucho Marx." Of the programs over the key ABC, CBS and NBC stations here this week in the peak audience hours of 7:30 through 10:30 p.m., 40 per cent are filmed and 60 per cent live.

The ratio for films is due to go up considerably in the fall. ABC has scheduled a weekly one-hour dramatic film show to be produced by Warner Brothers. CBS' new Wednesday night drama hour will have a new hour-long filmed show produced by 20th Century-Fox on alternate weeks. And CBS will have filmed shows in the early evening half-hour now occupied by news and music.

CARMEN BASILIO, 22, of Canastota, N. Y., who had to wait 21 frustrating months for a second chance, finally caught up with the world welterweight title with a 12th round technical knockout of Tony DeMarco, 23, of Boston. A crowd of 9,170 roaring fans witnessed the championship bout in Syracuse, N. Y. At top, Tony DeMarco sits on the canvas after he was dropped by Basilio for the first of two times in the tenth round. At bottom, the new world welterweight champion, Carmen Basilio, is flanked in the ring by his mother and wife after he dethroned DeMarco. (International)

Nephritis May Start With a Mild Attack

By HERMAN N. BUNDESEN, M.D.

THE first attack of nephritis might be so mild that you won't even notice it.

The kidney damage might not be discovered until years later. Since nephritis usually follows another infection such as a streptococcus infection of your throat, tonsils or sinuses, the symptoms of the primary ailment may overshadow those of the nephritis.

May Start Slowly

The beginning of acute nephritis may be sudden or insidious. The course may also be slow or fast. Usually, one of the first symptoms you will notice will be a puffiness of your eyelids upon arising in the morning. Within a few days your feet and legs may begin to swell.

If the onset has been insidious, you might not be aware that you have acute nephritis until your ankles begin swelling, probably after a walk. Swollen ankles, of course, do not necessarily mean that you have nephritis. Your urine might be bloody, or the color of wine or smoke. At the beginning, the volume of your urine will be greatly diminished. Perhaps it will amount to only a few ounces in a 24-hour period.

In children, the most common symptoms are vomiting, high temperatures, abdominal pains and occasionally headaches and convulsions.

Common sense might help you head off an attack of nephritis. If you have a sore throat, painful neck glands, sinus infections or attacks of tonsillitis, have them treated by your physician immediately. With penicillin or sulfa drugs, he probably will be able to kill the streptococcus germ, which in many cases leads to nephritis.

Avoid Drugs

Be very careful while you are recovering from a cold, sore throat or other infection. Take especially good care of yourself for several weeks. Don't become overly tired or chilled. And don't get wet fast. However, if you do become chilled, get into dry clothes at once and warm yourself in a well-heated room. Make sure there are no drafts.

I think you'll find that a good hot drink will help, too. Then get into bed. If you want, you can use a heating pad or a hot water bottle for additional warmth. These measures will help ward off pneumonia. And pneumonia might be followed by nephritis.

L. B.: To satisfy a constant craving for sweets, I consume at least a pound of candy daily with no weight gain. Is this harmful?

Answer: It is harmful to consume the amount of sweets daily that you consume. This craving for sweets might be due to diabetes or to low blood sugar coming from some other cause. You are in need of a careful study by your physician to determine whether any abnormal condition is present so that proper treatment may be carried out.

Seven Long Years Of Hiccupping Hard On Worn Out Man

LOS ANGELES (AP)—Seven straight years of hiccupping every second has worn Jack O'Leary down to 78 pounds and his hope to the breaking point.

His spasms began after an appendix rupture June 13, 1948, and O'Leary, now 29, is afraid he can't hold out much longer.

"All my boy talks about is dying," his mother Mrs. Margaret O'Leary said yesterday. "He seems to have lost all hope."

Besides the hiccups, he has diabetes and has had three heart attacks. He once weighed 135 pounds.

The hiccups have persisted despite efforts of more than 200 doctors and helpful hints from thousands of well-wishers throughout the nation. He is able to retain only a small amount of food.

Mrs. O'Leary is a hospital aide and her husband, a clerk in a department store. They have poured most of their earnings into medical treatment for their son.

"It seems," the mother said, "like everything we have built for and hoped for is going to pieces."

FOREMAN SEIZED BY THREE CONVICTS

JACKSON, Mich. (AP)—Three long-term convicts at Southern Michigan Prison seized a stamping plant foreman as hostage last night and tried to escape through a sewer tunnel which had been used by 13 convicts who broke out last December. Since then bars had been installed across the exit. After four hours the convicts, Mike Gisondi, George Patska and Edward Robinson, came out and meekly surrendered. The foreman, George Clark, was unharmed.

ALTHOUGH born in Minnesota, Beth Andre, 18, will represent Arizona in the Miss America Pageant at Atlantic City, N.J. Beth, who is ready to take a job as a dental hygienist if she can't become an actress, has been living in Phoenix for several years.

Secret Briefings Convince Jackson

WASHINGTON (AP)—Sen. Jackson (D-Wash.) said today secret briefings by the nation's top military leaders have convinced him the United States will have to provide for more atomic production.

Jackson heads the Senate House Atomic Energy subcommittee on military applications which yesterday concluded hearings lasting several weeks at which high officers of the armed services have testified.

Jackson said in an interview the Army, Navy and Air Force all are going to have greatly expanded needs for nuclear materials. "It is entirely apparent additional production facilities will have to be built," he said.

Between A. D. 1200 and 1800, world population increased from about 600 million to 900 million and today it is 2,400,000,000.

MARSHALL S. STAMEN, the President's Special Assistant for Disarmament, and Dr. Samuel Hahnemann, president of Yeshiva University, are shown with Abraham Levitt, biochemist and philanthropist, at a dinner given by the Albert Einstein College of Medicine in New York. The late honored Mr. Levitt on his 75th birthday. He is holding a model of the college, the first medical school under Jewish auspices to be established in the United States. It will admit its first class in September. Stamen said: "We can best discharge our debt to Professor Albert Einstein by ensuring the preservation and enlargement of an educational climate where Jewish imagination are encouraged."

Exposure Reported By Peiping Radio

TOKYO (AP)—Peiping radio today reported a counterrevolutionary clique connected with the Chinese Nationalist government of Chiang Kai-shek had been exposed in Red China.

The broadcast gave no details of arrests.

It said members had "even won their way into the Chinese Communist party to steal documents and intelligence information so as to work against the revolution from within and without."

The report apparently heralded a new purge.

Three men were named as members of the clique. The leader was identified as Hu Feng, a writer. Others named were A. Lung, a former major in the Nationalist army, and Li Yuan.

Since 1939, the number of U. S. farm families having electricity in their homes has risen from 744,000 to 5,000,000.

MIDSHIPMAN from the Naval Academy at Annapolis, Md., are shown with President Eisenhower at the White House after they had presented him with a copy of their yearbook for 1955, "Lucky Bag." The President congratulates Midshipman J. R. Perkins, Memphis, Tenn., the editor, while Midshipman J. W. Allen, Arlington, Va., watches.

Weather

It is cloudy with local showers this afternoon and tonight and except in extreme northeast portion Friday. High this afternoon 86 to 92 low tonight 65 to 70 north and 70 to 75 south.

Strolling In Sanford

The Rev. Harold C. Cranston, son of Mr. John A. Cranston, Sanford, was graduated recently with a bachelor of divinity degree from Asbury Theological Seminary, Wilmore, Ky. The Rev. Cranston is a minister in the Free Methodist Church.

Don Fletcher, president of the Sanford Theatre Guild, reports that his group will have a workshop Monday, June 20 at 8 p. m. at the City Hall Auditorium. On the agenda will be a one act play, discussion, and refreshments. Anyone interested in little theatre work is invited to attend.

All West Virginians are invited to meet at the Upsala Community Presbyterian Church at 7:30 p. m. tomorrow. Sheriff J. L. Hobbs will be guest speaker. Upsala Church is located near the south end of town, about 10 miles west of Sanford on West 20th St. and about two miles north of Lake Mary.

Approximately 45 men attended a stag party held last night at the Federation Wayside Park by the Seminole County Sportsmen's Association. The party was in the form of a fish fry.

Adenauer Requests America To Prod Russia For Treaty

CAMBRIDGE, Mass. (U-P)—Chancellor Konrad Adenauer of West Germany asked the United States today to prod Russia again for an agreement on controlled arms reduction.

"The fate of this world and of peace rests in the hands of the two great world powers, the United States and the Soviet Union," the 79-year-old German leader said in a speech prepared for Harvard University commencement exercises.

"Unless these two great powers agree on an important step in the direction of controlled disarmament," he said, "the present state of conflict about a major war will continue."

President Eisenhower is scheduled to meet at Geneva July 18 with the Premiers of Russia, Britain and France. Adenauer has just concluded talks in Washington with Eisenhower, Secretary of State Dulles and others.

Careless Driving Charges Are Made

An estimated \$425 damage was caused to two cars yesterday when they sideswiped on Seminole Blvd., 300 feet east of Mangrove Ave. City Police reported.

A 1955 Pontiac sedan driven by Jacob Combs, 31, of Miami, and a 1954 Chevrolet sedan driven by Frank B. Brannon, 52, of 612 W. Church St., Orlando.

Both drivers were charged with careless and negligent driving. Combs was listed as a chauffeur for the Earl Windsor Garage in Miami, which owned the car he was driving.

Patrolman Joe Hickson was the investigating officer.

French Ave. Report On Progress Given

A monthly progress report on highway work on French Ave. in Florida has been issued by State Road Board Chairman Wilbur E. Jones, including one project in Seminole County.

Chairman Jones reported about \$2.5 million dollars worth of projects underway at the end of May. Jobs totaling \$1.5 million dollars were completed during the month.

Construction work included the following project and its percentage of completion: Twenty mile per cent of grade-pave construction on French Ave. has been completed.

It's Up To Jury To Make Decision

GAINESVILLE (U-P)—It's up to a federal court jury today to decide whether the suspended sheriff of Levy County, George T. Robbins, and four other defendants conspired to set up a protection racket for members or whether Robbins was going along with the scheme to "catch the big boys."

New York Meet Of Big Three Is Optimistic

NEW YORK (U-P)—The Western Big Three foreign ministers gathered here today to unify secret strategy for Big Four parleys with the Russians in San Francisco and Geneva. The two-day get-together started on an optimistic note.

Baptist Church Bus Route Announced For Bible School

The First Baptist Church Bus will be used this year to pick up boys and girls in the outlying areas of Sanford for the annual Vacation Bible School which begins this Monday, June 20 at 8:30 a. m. and continues each day Sunday through Friday until July 1. The school will be three hours each day from 8:30 to 11:30 a. m.

The bus will cover the following route: leaving the church at 7:15 a. m. it will go out Park Ave. to Park Avenue Trailer Park and be in Pine Crest at 7:10 a. m. Then going East on 27th St. to Sanford Ave. It will turn right and go to Floral Heights arriving there about 7:30 a. m. From Floral Heights it will come back on Sanford Ave. to McReynolds Drug and turn east on 25 to Princeton Ave.

It will cover Princeton, Yale, Orange, and Willow in this area between 7:35 and 7:40 a. m. Then proceeding over to Mellonville Ave. it will turn into Wynwood on Forest Drive and go over to Silver Ave. turn north to 24th St. going to Summerlin Ave. and turning north on Summerlin Ave. to Randolph St. It will be in this area about 7:50 a. m.

From Randolph it will go up Mellonville to Celery Ave. and turn left to Locust Ave. going south to 30th St. It will turn right and go over to Park and turn north and proceed to the First Baptist Church at 8:05 a. m. From the church it will go to third street and turn west to Higgins Terrace about 8:10 a. m. continuing to Persimmon Ave. and on in West First Street at about 8:20 a. m. back to the church at 8:15 a. m.

Boys and girls who wish to come to the First Baptist Vacation Bible School on the bus are asked to be on this route and indicate their desire to ride by holding up their hand as the bus approaches.

Special Airliner Flies To Rome

BUENOS AIRES, Argentina (U-P)—A special Argentine airliner flew toward Rome today with two Roman Catholic prelates expelled by President Juan Peron's government.

(Sources at the Vatican said the expulsion almost certainly has brought down automatic condemnation on the heads of Peron and all other Catholics who had a hand in it.)

The two prelates, Mgr. Manuel Tato, auxiliary bishop of Buenos Aires, and his assistant, Mgr. Pablo Norcia, were put on the Rome-bound plane yesterday after being held overnight by police.

Florida In Need Of Detailed Study

GAINESVILLE (U-P)—Florida is in dire need of a further detailed study of the financing of its highways, Prof. Joe S. Floyd and Lee J. Malton from the University of Florida say.

In the current Economic Leaflet, published monthly by the University's bureau of economic and business research, the two professors state the background and make recommendations for solving some problems of highway finance for Florida which is one of the most traveled states in the country.

U. S. Will Arrange Passage Home

EMERGENCY PRESS HEADQUARTERS, Operation Alert (U-P)—The government announced today it will arrange the return home of any of the 21 Americans war prisoners who chose to stay in Communist China after the Korean War, but who now have changed their minds.

However, the White House, and the State, Defense and Justice departments warned in a joint statement that any who do come back to the United States will be held accountable "for any wrongful act they may have committed."

The government announcement said, "The military departments will instruct their field commands that if any of the 21 presents him-

Showdown Is Seen In House

WASHINGTON (U-P)—The House approached a showdown today on the private vs. public power fight prompted by the Dixon-Yates agreement.

Republican supporters of the private power contract sought to knock out of an appropriations bill a provision that would earmark \$15 million dollars of Tennessee Valley Authority funds for a steam generating plant at Fulton, Tenn.

The GOP strategy was to avoid any specific legislative commitment for use of the money. Rep. Hallock (R-Ind.), assistant GOP leader, has said elimination of the provision for the Fulton plant would clear the way for using the \$15 million for a transmission line to carry Dixon-Yates power.

The amount had been asked by the Eisenhower administration for a TVA transmission line to the middle of the Mississippi River. There the line would connect with lines from the Dixon-Yates generating plant on which construction has been started at West Memphis, Ark.

A new bill signed into law by President Eisenhower provides for annual pay increases ranging from \$160 to \$4,400 and for a new system of classifying postal workers.

Postmaster General Is Trying To Lick Old Pay Problem

WASHINGTON (U-P)—With a stamp of approval from Congress, Postmaster General Arthur Summerfield is out to lick an old pay problem.

A new bill signed into law by President Eisenhower provides for annual pay increases ranging from \$160 to \$4,400 and for a new system of classifying postal workers.

Ever since he took over as postmaster general in 1953, Summerfield has been trying to do something about the Post Office Department's pay system. Employees were paid by title instead of by job and there was no incentive pay.

In fact, across-the-board salary increases granted by Congress from time to time to narrow wage gaps between the post office and some instances a postmaster made only five times as much as the janitor in the same post office. He would normally be expected to make several times that much.

Patrick Declares Savings Bond Sales Ahead Of Last Year

W. A. Patrick, chairman of the Seminole County Savings Bonds Committee today released figures on the purchase of Series E and H Savings Bonds for the period ending in May and for the first five months of 1955.

County purchases were \$10,308 for the month and \$173,948 for the year to date, an increase of 99.4 per cent by comparison with the same months a year ago.

The month's purchases of \$4,469,707 for the state as a whole showed an increase of 11.5 per cent over May 1954 and bring the year-to-date figure \$37,328,693, an amount 30 per cent better than last year's high level of buying.

"During the first four months only one small state had established a larger increase in Savings Bonds purchases than the people of Florida," Patrick said, "and it is fairly safe that no more than a couple will exceed Florida's five month mark."

2 Softball Games Scheduled Tonight

Two softball games are on tap tonight at the Ft. Mellon Park softball diamond, with the first contest getting underway at 7:30.

Robson Sporting Goods will meet Wilson-Maler Furniture Co. in the opener and W. Atlee Burpee Co. will take on Hunt-McRoberts Inc. in the second City Softball League game.

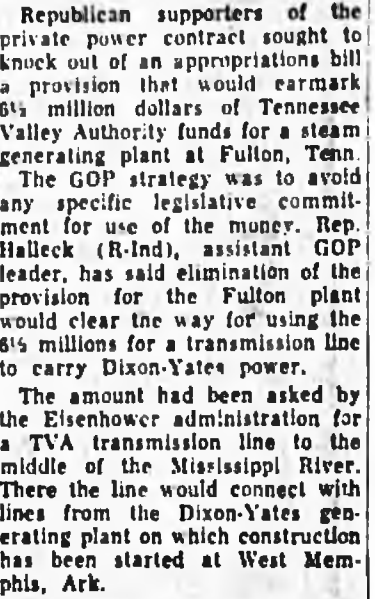

In the first games of the season Tuesday night, Burpee beat Robson Sporting Goods, 9-6, and Hunt-McRoberts beat Wilson-Maler, 14-3.

Robson Sporting Goods will meet Wilson-Maler Furniture Co. in the opener and W. Atlee Burpee Co. will take on Hunt-McRoberts Inc. in the second City Softball League game.

In the first games of the season Tuesday night, Burpee beat Robson Sporting Goods, 9-6, and Hunt-McRoberts beat Wilson-Maler, 14-3.

Kidnap—Murder Is Theory Considered

THE METROPOLITAN CATHEDRAL (above) in downtown Buenos Aires was the scene of a pitched battle when hundreds of Catholics and supporters of President Juan Peron clashed in the latest outbreak of the church-state controversy. The Argentine fracas was broken up by police and firemen using tear gas and fire hoses. Peron has accused the church of trying to undermine his regime. (International)

Transportation Cost Hit By Sidney Chase

"The lowest cost and finest quality of citrus and vegetables produced cannot be sold competitively and to full advantage with a high wall of transportation costs to give another producing area a lower delivered price to the customer."

Sidney O. Chase, Sanford, president of the Growers and Shippers' League of Florida, made that remark yesterday at the 32nd annual meeting of the organization in Orlando.

Chase added: "Florida is located closer to more of the consuming public than any of its competing areas, and we should strive at all times to make the most of this geographic advantage."

Chase gave a brief resume of league activities during the past year.

"Some progress was made on our other objective of returning to highway improvement that part of the auto license tag money that is not earmarked by the constitution for schools," he reported.

"Four bills were introduced to allocate the balance of this motor tax to road purposes, but none passed due to the plight of the General Revenue fund which now receives the tag surplus."

"However, two possible first steps in restoring the tag revenue to highway purposes were taken by the Legislature. The Florida Citizens Tax Council was created to study the entire tax structure and to make recommendations to the 1957 session. The Governor and many legislative leaders who felt this year's budget condition would preclude putting the tag money on roads said that 1957 would be the best time to do it, during a general readjustment of funds and taxes."

"The other possibility is the Constitutional Revision Commission which could write into the new constitution a requirement that the tag surplus and the motor fuel taxes be used solely for road and street purposes, as 25 states have done," Chase said.

Police Keep Watch For Girls' Slayer

WASHINGTON (U-P)—Police searched today for a 22-caliber weapon and the killer who sprayed 14 shots from it into two teenage girls heading for school on the term's last day.

Yesterday's double slaying in a suburban rustic park was first reported as a stabbing, but Dr. John T. Maloney, Prince Georges, Md., county coroner, said an autopsy showed the 14 bullet holes and no stab wounds. He said neither of the girls was sexually attacked.

Victims of the daylight shooting were Nancy Marie Shomette, 16, daughter of Mr. and Mrs. P. E. Shomette, and Michael Ann Ryan, 14, daughter of Mr. and Mrs. Thomas W. Ryan. Both families live at Lane Manor, Md., a housing development near College Park, Md., and only about three blocks from the park where the bodies were found.

LIBRARY PRESENTED
BUENOS AIRES (U-P)—Argentina has received from the United States a library on peaceful use of atomic energy. The two countries signed an agreement last week to exchange information on the subject.

DOCTORATE AWARDED
BERLIN (U-P)—West Berlin's Free University has awarded Helen Keller an honorary doctorate of medicine.

Japanese Papers Tell Of Demand

TOKYO (U-P)—Major Japanese newspapers said today Russia had demanded that the United States pull its troops out of Japan and Okinawa within 90 days as the price of a Soviet-Japan World War II peace treaty.

Similar stories in Tokyo dailies said Russia made a "drastic proposal" at Tuesday's session of the USSR-Japan peace talks in London which embraced the demands the Soviets failed to win at the 1951 San Francisco peace conference.

The newspapers quoted "authoritative sources."

Earlier, Foreign Minister Mamoru Shigemitsu said Russia has renewed almost the same demands on Japan which the Soviets failed to win at San Francisco.

The Russians tried unsuccessfully then to force Japan to oust U.S. troops from Japan and Okinawa within 90 days.

Russia refused to sign the San Francisco peace treaty. Japan at the same time signed a security treaty with the United States providing for U.S. troops to defend Japan.

Kyodo news agency said Jacob Malik, chief Russian delegate at the recently convened London peace talks, had renewed the Soviet demands:

1. Withdrawal of foreign troops and bases from Japan within 90 days after the effective date of a peace treaty. Extension of Japan's sovereignty to the Ryukyu and the Bonin Islands.

2. Recognition by Japan of Russian sovereignty over Sakhalin and the Kurile Islands. Japan has been demanding return of south Sakhalin and the Kuriles, given by the Allies to Russia at the Yalta conference.

3. Recognition by Japan of Communist China's sovereignty over Manchuria and Formosa, both held by Japan in World War II.

4. Inclusion of Red China in the proposed Japan-Russia peace treaty. Nationalist China has signed the San Francisco pact.

Kidnap—Murder Is Theory Considered

THE METROPOLITAN CATHEDRAL (above) in downtown Buenos Aires was the scene of a pitched battle when hundreds of Catholics and supporters of President Juan Peron clashed in the latest outbreak of the church-state controversy. The Argentine fracas was broken up by police and firemen using tear gas and fire hoses. Peron has accused the church of trying to undermine his regime. (International)

Couple Remains Missing Motive Is Sought For Strange Act

WEST PALM BEACH (U-P)—Not one substantial clue had been uncovered 24 hours after the mysterious disappearance of wealthy, prominent Circuit Judge C. E. Chillingworth and his wife, causing a fellow jurist to theorize:

"I think it was the work of a fiend possibly the same fiend involved in the Ferri abduction." The comment was made today by Judge Joseph S. White, who shared an office suite with the missing Judge Chillingworth.

Mr. and Mrs. Charles Ferri vanished from their Miami home May 1 and no clue has been found concerning their fate. Bloodstains indicated they had been murdered. Ferri was to have been a witness in a Newark, N. J., income tax case against Albert Anastasia, reputed head of Murder, Inc.

Judge White said he didn't believe his colleague was kidnapped and possibly slain because of a grudge.

"If a person or persons had a grudge against Judge Chillingworth they would have gone up to the door and shot him. It is my personal belief we have a fiend in our midst."

Authorities leaned toward a kidnap-murder theory, and intensive checks were being made on a report that a small boat approached the judge's sand dune cottage at neighboring Manalapan. It was discovered they were missing from the cottage yesterday morning.

The FBI offered the use of its laboratories and crime-detection equipment to local authorities, but a spokesman said there appeared to be no federal violation and no agents had been assigned to the case.

Police searched today for a 22-caliber weapon and the killer who sprayed 14 shots from it into two teenage girls heading for school on the term's last day.

Yesterday's double slaying in a suburban rustic park was first reported as a stabbing, but Dr. John T. Maloney, Prince Georges, Md., county coroner, said an autopsy showed the 14 bullet holes and no stab wounds. He said neither of the girls was sexually attacked.

Victims of the daylight shooting were Nancy Marie Shomette, 16, daughter of Mr. and Mrs. P. E. Shomette, and Michael Ann Ryan, 14, daughter of Mr. and Mrs. Thomas W. Ryan. Both families live at Lane Manor, Md., a housing development near College Park, Md., and only about three blocks from the park where the bodies were found.

LIBRARY PRESENTED
BUENOS AIRES (U-P)—Argentina has received from the United States a library on peaceful use of atomic energy. The two countries signed an agreement last week to exchange information on the subject.

DOCTORATE AWARDED
BERLIN (U-P)—West Berlin's Free University has awarded Helen Keller an honorary doctorate of medicine.
