Funds Sought To Aid Political Battle For NAS

'On Scene' Man To Go To Capitol

Merchants and business people of Sanford acted in unison Saturday morning at a called meeting of the Seminole County Chamber of Commerce.

More than \$8,500 was raised within minutes when a fund was proposed to send a man to Washington to be "on the scene and to get all details concerning the Sanford Naval Air Station and proposed plans for its expansion."

Fifty-one merchants and businessmen contributed to the fund with the City of Sanford after a special meeting held in the City Managers Office while businessmen were contributing, pledge \$2,000 to the fund.

Seminole County Chamber of Commerce Manager told the members attending the meeting that "The bid for the Naval Air Station, Sixth District has boiled down to a political battle."

"The bid for the proposed site for the new station, expected to be one of the largest on the east coast, has ceased to be a bid on the basis of resources and feasibility reports," he said.

"We have everything in Seminole County that the Navy needs for its new base," Krider said to the members of the Chamber of Commerce who filled the City Commission room to overflowing.

He told the group that "The Navy owns 1,500 acres of land in the Osceola area now; we have the weather and we have the kind of city that the Navy likes; and now we have to meet our competitors on their own ground."

Laying the facts before the Chamber of Commerce members, Krider said "I'll raise money to fight the kind of battle John Krider is talking about and we've got to furnish it."

"If the Navy base moves from Seminole County, we are the ones (Continued on Page 4)

Big Crowd Watches Boat Regatta Here Sunday Afternoon

Up to 10,000 people saw the first annual Boat Regatta staged at Sanford under the auspices of the Sanford Boat and Ski Club yesterday.

Thousands of automobiles lined the highway between Sanford and Lake Monroe Bridge and traffic was the heaviest ever experienced along this section of 17-92. Cars from practically every county in the state were seen parked along the highway.

Weeds along the lakefront prevented hundreds from securing a good vantage point to view the boat races which furnished a number of exceptional thrills never before seen in this area.

Loudspeakers were not sufficient strength to keep the huge audience informed of the races and the participants in each heat of the race. However, most spectators expressed their delight in having the races in the Sanford area and were eagerly attempting to determine the names of each racer.

MISS GINGER JONES (Photo By Jameson)

Miss Ginger Jones Named Herald's New Society Editor

The executive editor of The Sanford Herald, J. Marion Harman Sr., announced today that Ginger Jones has accepted appointment as society editor for the Herald. She will write the daily society page featuring all the social events in Sanford and surrounding area.

Miss Jones was graduated from Senior High School in Springfield, Mo., in 1953 and has since then been a resident of Sanford. She attended Stetson University in DeLand in 1953 and the past two years at Florida State University in Tallahassee. While there she majored in Humanities and (Continued on Page Four)

The New York Giants Dormitory on Mellonville Ave. adjacent to the Sanford Memorial Baseball Stadium will be thrown open to visitors next Sunday afternoon between the hours of 1 and 5 in the afternoon.

Local citizens will have an opportunity to view the huge building constructed here to house the Farm System teams during their spring training.

The building, which has been completely furnished, has reached the final stages of being made ready to receive the hopeful baseball players needs only the final touches.

First group of local citizens to see the modern dormitory building will be the Sanford Kiwanis Club. The local Kiwanis Club group will hold its weekly luncheon meeting there. Host for the occasion will be New York Giants' Farm System Director Carl Hubbell who will direct Kiwanis Club members through the building.

Cruiser, Auto Crash At Intersection

A Sanford Police Department patrol car was declared a "total loss" Saturday night after it had turned over at least one and a half times to slam into a power pole at the intersection of South and Park Ave. and 25th St. at the Pig 'N' Whistle.

The driver, Patrolman Carl C. Dodson, escaped with only a minor injury to his left hand when the top of the car, a Ford police cruiser, was completely smashed in.

Two cars were involved in the collision which occurred shortly before midnight Saturday. Sanford Police Chief Roy G. Williams and Captain Arnold Williams were on hand conducting the investigation of the smashup, which is said to have occurred while Dodson was chasing a speeding car through the (Continued on Page 4)

SR 15-600, French Ave. Speed Zones To Be Changed

Speed zones, will be changed on French Ave. and State Road 15-600 according to action taken at the State Road Board meeting here in Sanford at the Mayfair Inn last Friday morning.

The zones to be changed or set are:

In Sanford from SLD MP 13,900 to SLD MP 14,192, a distance of 0.292 miles—eliminate the 35 MPH speed zone.

Graduated speed zones in Sanford as follows:

From SLD MP 11,285 to SLD MP 12,200, a distance of 0.915 miles—45 MPH speed zone.

From SLD MP 12,200 to SLD MP 12,720, a distance of 0.520 miles—35 MPH speed zone.

The zones approved have not as yet been identified as far as local locations are concerned. The City of Sanford does not have control over the placing of speed zones or the location of traffic signals along the State Road through Sanford.

Valuable Watch Lost By Owner

A ladies watch, of extreme value to the owner, has been lost in Sanford.

The watch, a Hamilton Lapel style, was presented to Miss Ellen Hoy for 35 years of service to the City of Sanford.

An engraving bearing the inscription "for 35 years of service with the City of Sanford" appears on the back of the watch.

Miss Hoy prizes the watch very highly.

The finder of the watch will receive a reward if returned to the owner at the City Hall.

Mid-East Situation Expected To Cut Ike's Vacation Short

THOMASVILLE, Ga., (UP) — President Eisenhower, expected to cut short his vacation because of the Middle East situation, conferred again by telephone with Secretary of State John Foster Dulles today.

The President put aside hunting and golf so as to keep unusually close contact with the international situation.

Asked about a report carried today by the United Press that the President might fly back to Washington Tuesday, press secretary James Hagerty said, "I don't know when we are going back. As of now there has been no decision and I'll let you know the minute I know."

Hagerty also was asked about Mr. Eisenhower's noticeable cough that has been lingering for several days.

"He still has a little cough but he seems to be getting along very well—he seems to be improving each day," Hagerty said.

The secretary said he assumed that Dulles told Mr. Eisenhower that Abba Eban, the Israeli ambassador to the United States, had returned to his home country for consultation about developments.

Hagerty denied flatly that there was any current plan for Mr. Eisenhower to appear in person before the United Nations General Assembly in connection with the Middle East crisis, but he said the chief executive and Dulles were now discussing possible "further action" by the United States in the U.N.

Question Of Week

By DALE LEWIS
The possibility of one of us being away on a desert island is most unlikely; however, it does provide an interesting situation for the Question of the Week. Before you wish for Martin Luther, let me just say a word about a Psychology text book, "Most men, when up against the problem, would prefer a lot of matches, a fishing line, an axe, a piece of canvas—a few simple things of which our civilization produces such an abundance—so that they could build a shelter, obtain food, and prepare to live." Now for the big question—"If you were stranded on a desert island, what three things would you like to have with you?"
Mr. Harris—I'd like to have some sunburn lotion, a fishing pole for sure, and a piece of canvas.
Pete Nash—A girl, a girl, and a girl!
Wanda Jenkins—What ever I take I know it would be exciting!
Billy Kirschhoff—Bathmat, map of world, and compass.
Ann Vandran—Fred, all his parts, and food.
Iris Canney—Plenty of food, water, and Joel.
Penny Marian—I refuse to answer on the grounds that I might incriminate myself.
Henry Casson—Gopher—that would be enough.

Advice To The Lovelorn

Dear Miss Cry-shoulder—
I have been out with a wonderful boy several times, and we always had such fun together. He hasn't called for a couple of days and I miss him. I guess I'm a little bit crazy. I want to know if I should wait for him or if I should go out with another boy. I'm a little bit confused.
Miss Cry-shoulder—
I trust your judgement, so maybe you can help me. I'm going with a boy now and we like each other very much. But pretty soon another boy I like is coming back here and so I want to know if I should go out with the first or date the other boy, or both. I don't like one more than the other.
Expecting an answer—
Mr. Cry-shoulder—
I'm sorry to hear of your problem. Why not date both of the boys and have a ball? After all you aren't going steady and you like one as well as the other. I say don't settle for just one now.
Miss Cry-shoulder—
I would like to go out with this certain boy, but his brother likes me and if I go out with him his brother would say I did it for means, and so would my brother.
What should I do?
The curious one—
Miss Cry-shoulder—
Dear Curious One—
If you want to date a certain boy and he says you suit to right ahead is my advice, that is if you're free as the breeze. Don't hurt the brother but tell him that you're not going steady so if you want to date other boys it's your privilege. Don't do it for means, that would just foul everything up, be sincere.
Miss Cry-shoulder—
Feb. 21 is the best day for marriage.

Conceited Male

This theme was written by a student in an English class.
From the time the doctor uttered the words, "It's a boy!" until the time he is laid to rest, the male of the human species has considered himself an infallible being of this race.
From six to 10 he considers himself the greatest tree climber, fisherman, baseball player, and collector of many formidable objects. Many a genial mother has removed from the pockets of her young son's jeans, such things as pieces of string, pebbles, dirt, and often times a worm or a frog. He can always equivocate the subject when he has done something wrong. Therefore, he feels quite satisfied with himself.
When the male reaches his teens he immediately begins to notice the opposite sex. To his great surprise and amazement, he finds her quite acceptable. He tries to impress her with his "cool" and "swag" and all the girls he can get to believe his "flair." He tells her that no one ever loved him, that even his parents left him with the neighbors, a maid, or his relatives when he was a little tot.
After waiting the following, he turns to the girl with such a lustrous look on his face that she cannot help but have pity for him. (A weak, nice every girl shares).
After these venturesome years, the male settles down to help raise a family. Along with the job he keeps, you also find him on the golf course, bowling alley, on the river fishing, numerous other places. During this time his wife is at home raising the family he so proudly displays as his achievement.
Then pass a few more years, and the male begins to realize his middle-age spread. Often times, while standing on the scales, he claims he is going to go on a diet, but frequently fails to do so. Even though some weight has been added, and his hair isn't as lustrous as it used to be, the male still thinks himself quite a "big" fellow.
The conceited male! God Bless them. We love them!

Rebels Sing At S. H. S.

By WANDA GILBERT
The S.H.S. auditorium was the scene of the Rebels Quartet singing on Thursday night. The auditorium filled almost to capacity the Rebels put on an outstanding performance.
Long, tall, slender, and Little Jimmy proved to be an excellent singer as well as an accomplished pianist. These, along with Lee Kitchens, who was the announcer, Herbie Parrish, and John Matthews, did just what they should be commended for.
This was a different type program than usually seen by students at the high school. It was a welcome change and was sponsored by the Latin Club.
Those who went enjoyed themselves greatly and would have welcomed more if there had been more.
What Is Juvenile Delinquent?
Personally I don't think there really is such a thing as a juvenile delinquent. Mr. Webster (dictionary) gives the definition of juvenile delinquent as an offender, alright. But that's just because a teenager, you makes mistake he should receive the label of a juvenile delinquent. Have you ever considered the fact that there is probably a good reason for each offense that is committed by a youth. One of the most common reasons is being neglected by family and friends. If a teenager truly feels neglected he figures he might as well get away with as much as he can because no one really cares anyway. If every youth received the love, attention, an trust he needs there would not be half as many offenses committed.
Next time you hear someone called a juvenile delinquent instead of feeling so sorry for how his or her family might react, stop and think that there must have been something wrong somewhere for this to have happened. Before you condemn a youth sympathize with him or her at all.
There is a very wonderful person whom we all admire who agrees with wholeheartedly on this subject and I owe a lot of thanks to him for the thought behind this article.

Love Letters

By KATHY CARLOS
My Little Angel,
You are truly the answer to a Teenage Prayer even though you're a Thousand Miles Away from me. Since I met you I have turned to Gold Again. I know we were Made For Each Other.
Baby Doll, all I do is go down to the boy and watch Red Sails in the Sunset every evening. I watch you people and Night Lights while I'm Walking in the Rain and Singing the Blues over you. Tell Me Now, Sugar, am I losing you? I Walk the Line trying to get to you but your love is like a See-Saw. How do you think I feel? I'm Gonna sit Right Down and Cry Over You because Every day I love you just a little bit more.
It's Too Late to get a job and I'm broke as I'm sending a Rose and a Baby Ruth. Honey Child, Don't be Cruel, please, Love Me Tender and hurry back because I'm crazy with Love. I try to tell myself that I'm Gonna Get A-Long Without You Now but I can't get back on Happiness Street without you. You're too much a part of my life, you should live in Two Different Worlds Forget those Far Away Places.
Wait there goes the Mystery Train and the Autumn Leaves are beginning to fall. It's Written on the Wind that our love is a Many Splendored Thing. Believe Me, I'll Be Seeing you on the Chattanooga Choo-Choo, Sweet Dreams and Goodnight My Love.
Sincerely yours
John Henry

Worthwhile Talk

By CLARA NEWBERRY
As a preview for his night's program, Leonard March gave a talk on Narcotics and Drug Addiction for Tuesday's Chapel program. He presented a very worthwhile talk and gave some well-presented examples on his subject.
Leonard March had his program on Tuesday night at 8 p.m. His dummy's name was Joy.

Chapter Presents FFA Week Program

Since this is National FFA Week, the Seminole Chapter in cooperation with the speech department at Seminole High will present a radio program over WFLA Wednesday night at 7 p.m. This program is presented to familiarize the public with the background of the Future Farmer of America Organization.
The Seminole Chapter executive committee has announced the plans for the parent and son banquet. This banquet will be held in the S.H.S. Auditorium. No certain date has been set, but it will probably be in March. The purpose of this banquet is to interest the boys parents in their work in Agriculture. Many rewards will be presented at the banquet. Some of the awards are:
Farm Mechanics award—This award is given by Sherwood Tractor Co. to the boy having the best farm shop program.
Leadership award—This award is given by Hunt's Turf and Country Club to the boy showing the best leadership ability.
There will be about 12 chapter members awards; there will also be a number of other awards. It is still to be learned. The grades ranged greatly in classes but there was a majority of "A's" and a few "B's".

Gossip Clouds

Betty Jean Davis had a date with Eugene Nix. Also he takes her home from McHenryville quite often.
Libby Browning and Grady Johnson were seen at Paul's together. Gee, but isn't it grand!
Billy Robinson can't stay still when he laughs. Boy but he rocks all over the place.
Eva Jo and Ned (you) are seen together now. Boy, but they look mighty perky.
Mary Jane Flynn and Eddie Barbour are going together again. Billy Tyre we hear there is a certain boy that is dying for a date with Peggy. Is that right? Billy Tyre we hear there is a certain boy that is dying for a date with Peggy. Is that right? Billy Tyre we hear there is a certain boy that is dying for a date with Peggy. Is that right?
Ann Davis and Pete Nash really look cute together. Ann, what did you receive on Valentine's day, Gosh, but it must be nice.
Is Deloris Bailey really going steady. And with whom? Come on, Deloris tell us all about it.
Margaret Benham's steady just got back to Sanford. (You) are going to be glowing like a 1,000 watt light bulb.
Is Herbie Knight still dating his out of town girl friend?
Gee, gals there is a certain fellow that works out at McReynolds who thinks she has a thing for him.
Many a gal who says she expects to be held for further questioning.

Join In Political Battle To Keep Naval Air Station In Sanford

Now that the facts about the Sanford Naval Air Station have been placed before the people—everyone can get to work with just one purpose in mind—and that is "get what we can for."

A political battle, it is known, is the most costly battle to wage and in order to carry out to the most extreme point, a program of a nature that will bring the new Naval Air Station, Sixth Naval District to Seminole County, the Chamber of Commerce and its Armed Forces Committee must be "well beaded" with enough cash to pay their bills.

It can certainly be said that the economy of Sanford and Seminole County is wound tightly around the Naval Air Station.

More than 500 homes are occupied by families of Navy people stationed here and the number is growing constantly—as a matter of fact, housing is in great demand and more and more Navy families move into a friendly, cooperative community in which social activities are entwined and not set apart.

Sanford and its surrounding area has every economic value so necessary for an establishment proposed by the Navy Department. Here, the Navy finds that planes can operate around the clock every day of the year. In Sanford and Seminole County, the Navy finds the friendliness unexcelled by another community anywhere in the United States. Here the Navy finds housing readily available for its officers and enlisted men and with the housing, friendly neighbors to receive them.

In the Sanford area the Navy has found entertainment, recreation, educational facilities, nurseries, schools, transportation, roads, hobbies and any other activity in which they or their families might be interested.

To be sure, the Navy and its base or bases is necessary for the economy of Sanford and Seminole County. On the other hand, such resources, weather, and attitudes are also necessary to the economy of the Navy.

Lighter than air craft have found the Sanford Naval Air Station a place to land when all other bases within the scope of their flight, "socked in" and unavailable. The Secretary of the Navy's plane, not too long ago, found the Sanford Naval Air Station the one place they could land when all others within their reach were closed because of weather conditions.

So it boils down to just one story—local business people who want to serve the Navy

people—and there are few that don't—must provide the necessary funds for one person to delve into the situation and "live with it" until a decision is reached.

A good start was made Saturday morning. Merchants and business people, with just one thought in mind, cooperated with one another in starting the fund to send a person to Washington to "stay there" in the interest of the Naval Air Station, Sixth Naval District.

More funds are needed. Just as many dollars as can be rounded up must be provided. That means everyone must join in with a dollar, five dollars, 10 dollars, 50 dollars, 100 dollars, or more.

If you find that the Sanford Naval Air Station is important to you, just fill out the form on the front page of today's Sanford Herald and send your contribution to the Seminole County Chamber of Commerce, Armed Forces Committee, where it will be put into immediate action to retain the Naval Air Station, Sixth Naval District for Seminole County.

This is a cooperative effort—not just one or two—and cooperation counts more now than ever before.

If Sanford and Seminole County did not have all of the advantages here that the Navy needs—and if Sanford and Seminole County would be the only ones to gain in this overall effort, then the fight would be a purely political one.

The Navy has a stake in Sanford and Seminole County—it would cost thousands upon thousands of dollars to move Navy families to other areas. Not only in the moving costs, there are hundreds of thousands of dollars invested in homes, furniture, boats and fishing tackle, memberships in churches and schools, PTAs and Hospital Auxiliaries. These are values that can't be estimated in dollars and money. Some of these values are real American ideals and hopes.

Some might say—"we must be ready defensively through training and action." And there Sanford and Seminole County provides the economic advantage for the Navy. Last year the Sanford Naval Air Station was able to operate 365 days, a full year, without shutdown because of weather conditions. Weather provides the opportunity for continuous training, without a let-up, while others had to idly stand by and wait.

Yes, Sanford has the weather, the location, the available land and water, the friendliness, the housing, the recreation, the churches, schools, organizations, entertainment—anything the Navy man might want in order to make his career a successful one.

All it needs now is the Naval Air Station, Sixth Naval District to complete the picture.

The retiring head of research for the defense Department predicts that man will fly to the moon 25 years hence, considering the way the population is increasing, this trip may be necessary.

Harry Oakes, 75, Succumbs Sunday

Mr. Harry C. Oakes, 75, died at Seminole Memorial Hospital at 1:53 a. m. Sunday morning following a short illness.

Mr. Oakes was born Jan. 10, 1882 in Cattaraugus, N. Y. He came to Sanford in 1917 from Youngstown, Ohio and made his home at 422 Scott Ave. Mr. Oakes was a distributor for dairy machinery with his business located in Youngstown. He formerly lived in Buffalo, N. Y.

Mr. Oakes married the former Miss Josephine Bean on Sept. 16, 1911.

He is a member of the Methodist Episcopal Church of Cattaraugus, N. Y. and of the Brethren Lodge 811, F. & A. M. in Cattaraugus.

Survivors include, his widow, Mrs. Josephine B. Oakes, Sanford; two daughters, Mrs. Harold Howe, Glenn Cove, N. Y. and Mrs. Robert S. Brown, Sanford; two sons, John W. Oakes, Troy, N. Y. and Harry Calver Oakes Jr., Buffalo, N. Y.; seven grandchildren; one grandson, Robin Oakes Brown of Sanford; and one sister, Mrs. Berton Lattin, Scarsdale, N. Y.

Funeral services will be private. The family requests that flowers be omitted and those who wish may make memorial contributions to the Seminole Memorial Hospital.

Arrangements are in charge of Brison Funeral Home.

This will include Orlando Ave. from French Ave. to 25th St.; Park Ave. from 25th St. to Seminole Blvd.; and Seminole Blvd. from Park Ave. to French Ave. Also, that portion of State Road 46 from mile post 8.091 to mile post 9.403, a distance of 1.312 miles. This includes First St. from French Ave. to Park Ave. in Sanford.

The above recommendation was made by Fifth District Road Board member William H. Dial at a meeting of the board on Feb. 15. The recommendation and motion were approved.

Resolutions from the City of Sanford requesting that Park Ave. highway be maintained as an alternate route for State Road 15-600 (U. S. 17-92) were forwarded to the State Road Board earlier this year.

Big Crowd

gathered at the boat ramp immediately south of the Lake Monroe Bridge where racers could be seen taking off from one of the two points selected as starting points. Other crowds were in the area of the Monroe Boat Bowl and in the area of the judges stand west of the Boat Bowl on the Volusia County side of the lake.

Hundreds of private craft piled the river between boats and between races, each trying to locate a point from where the entire race could be seen.

Two upsets provided the thrills for spectators, one of them a small saucer shaped hydroplane which turned a flip in the air, throwing the driver out and landing on its bottom and continuing down the river.

Around the entire course, marked with huge yellow buoys, private boats of every size were anchored. One spectator remarked "That's as many boats as I have ever seen on Lake Monroe at one time."

Additional stories and details on the regatta appear on today's Sports page.

District Officers To Attend Past Commanders Night

Past Commanders night will be observed at the meeting tonight of the Campbell-Lossing Post 33 of the American Legion.

Post Commander Lynn Lyon said that "It is expected that quite a few of these honor guests will be on hand this evening for the event."

Jack Budnick, 6th District Historian and Carolyn M. Fried, 6th District Child Welfare Chairman are expected to attend the meeting tonight.

A steak supper will precede the meeting at 7 o'clock.

Workers Search Ruins Of Home For Fire Victims

WARRENTON, Mo., (UP)—Fire men and volunteer workers today resumed the grim task of searching the ruins of a home for the aged for the bodies of some 60 persons, after a fire leveled the building.

Seventy-one persons were known dead or missing and presumed dead.

Work was stopped Sunday night after 11 charred and unrecognizable bodies were brought out.

The fire, which broke out Sunday afternoon, in the Katie Jane Memorial Home, was one of the worst hospital fire disasters in the history of the nation.

Dr. F. H. Knigge, the Warren County coroner, set the toll at 71. The fury of the flames, and the rapidity with which they spread made it appear likely that none escaped.

Farm Bureau Will Gather Tomorrow For Monthly Meet

The Seminole County Farm Bureau will hold its regular monthly meeting tomorrow night at the Seminole High School Agricultural Bldg. beginning at 7:15 p. m.

A covered dish supper, with the main menu furnished by the Farm Bureau, will be served preceding the business session.

Several items of interest will be discussed during the business portion of the meeting including notices of importance to Farm Bureau members who are carrying the Blue Cross—Blue Shield protection.

it will affect," he said, "and we are the ones who will lose."

Odham said "Navy people are occupying approximately 500 to 600 homes in the Sanford and Seminole County area. Economically, it will hurt Sanford to have them pull up stakes and move; and economically, it will hurt the Navy just as bad to move them."

"John Krider is making us one of the best Chamber of Commerce Executives that can be found and he can get the facts behind the proposal for a new Naval Air Station," said Bradley Odham.

However, Odham pointed out that "it takes money to stay in Washington. And it will take more money to hire someone else to continue the job for us if John Krider feels that he cannot complete it."

Estimating the amount of money that will be needed to carry on the political battle for the proposed Naval Air Station, Sixth District, Odham said "We will need from \$15,000 to \$25,000 and maybe even more."

Krider, following Odham's talk to the group, said "I plan to leave for Washington some time next week."

Sheets bearing the pledge: "I pledge the amount opposite my name to help with expenses connected with the effort to keep the Naval Air Station in Seminole County," were circulated throughout the audience. Some of the merchants and businessmen tendered their check in the full amount pledged. Others offered cash.

Those who have already pledged that they will support the effort are: The Yowell Co., Sears-Roebuck Co., Gene's Seminole Cleaners, The Sanford Herald, Seminole County Motors, Florida State Bank, Sanford Atlantic National Bank, Boyd-Wallace Insurance, Herman Jacobson, Cowan's, William E. waiting on customers driving up to the station for gasoline and oil.

The holdup youth was taken into custody by Sergeant W. R. Congrave and Patrolman Edward Hayden when a customer drove off from the station. The two police officers rushed Schultz, hemmed him inside the filling station building, and took the man without incident or shooting.

Chief Williams said this morning that the two police officers and the filling station attendant did "a remarkable job in taking the 18-year-old youth in custody." He said the youth will be turned over to Seminole County Authorities this afternoon.

Come try the BIG BUY

(You can boss this Buick Special for little more than the price of a smaller car!)

LOOK at that price figure and you'll know that—again in 1937—if you can afford a new car you can afford a Buick.

And look what you get for so little extra money. You get the most completely new Buick in years. Not just brand new in styling and brand new in body design.

But new in features that make this the dream car of the year to drive.

You get brand-new performance because the engine is literally new from the crankshaft up.

You get a brand-new instant response because we engineered brand-new torque into Variable Pitch Dynaflow.*

And to give you the new sure-footed safety of a lower center of gravity—we built a brand-new frame—which lowers the car, but keeps the headroom, legroom and footroom that a big car should have.

Fact is, there are more than 150 other chassis changes in this '37 Buick—waiting for you to try them. Do that soon—at your Buick dealer's.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick build today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Manufacturer's Suggested Price—for this 2-Door SPECIAL 6-Passenger Sedan \$2595⁸³

(including Delivery and Handling Charges and Federal Excise Taxes)

Transportation charges, state and local taxes, accessories and optional equipment, including Dynaflow transmission, radio, heater and white sidewall tires, additional. Prices may vary with individual dealer pricing policies.

Come in! One look is worth a thousand pictures—one ride is worth ten thousand words.

Conring The News

BY VIRGINIA CONN

The bridge group of VAH-5 met at the home of Jean Dooley on Friday for lunch. Jean served ham and raisin sauce, and all the guests were stuffed. Ruth Tully won first prize. Attending were Jackie Austin, Mike Stone, Jean Filton, Millie Donaud, Joyce Baker, Ruth Tully, Sonia Blackwood, Betty McCracken, Barbara Jacobson, Hazel Rowell, and Lois Elder.

Hazel and Mike Rowell are enjoying the company of his father, Mr. Morise Rowell of Newbury, New York, and cousin, Bruce Smith of Westport, Conn., formerly of Garden City, L. I. Mr. Rowell plans to stay about two weeks.

Lou and Cy Johnson had a dinner party Friday night. About fourteen guests were invited. The same night a large audience turned out for the last concert of the season, the Symphonette, brought here by the Mutual Concert Association.

Last week Polly Brubaker had some interesting guests. They were Mr. and Mrs. Al Brubaker of Wyoming. Mrs. Brubaker was Mother of the Year, and has thirteen children and so far almost forty grandchildren. Sorry that Don wasn't back to see his aunt and uncle, but he should be here by now.

There will be a free dance at the B.O.Q. Friday night, the twenty second. Music will be by the B.O.Q. Trio, and there will be free snacks. More details later, but better line up a baby sitter.

And also reserve a night to see Bell, Book and Candle, the comedy to be presented by the Sanford Theatre Guild Thursday, Friday and Saturday nights. The play is about a very lovely modern witch, and the witchcraft as practiced by the cast must be pretty convincing.

As the Sanford Fire Department rushed to the City Hall the other night, after getting a report of an explosion, 'Twas only the east of BELL, Book and Candle rehearsing. Harriet Cowley plays Gillian Holroyd, the beautiful witch, her brother Nick is played by Bob Mero, in his first stage appearance, and Gillian's aunt, Miss Holroyd is portrayed by Mary Schuenemann. Others in the cast are George Dabbs, taking the part of Sheppard Henderson (leading man), and Harry DeWitt doing the reporter, Reddick. This three act comedy starred Rex Harrison and Lilli Palmer on Broadway.

and has been a popular favorite ever since. It was written by John Van Druten. You must come and see it. Then if you have any criticism you will have had the advantage of knowing what you are talking about. Seriously, though, the Theatre Guild has worked very hard. Mrs. McWhorter has done all the directing. Betty Childs is stage manager, Francis Rountat, lights, Jimmy Powell posters, and Elinor Smith is the book holder.

Aside of course, from the obvious reason that Sanford needs the navy, which is the million dollar added to the towns economy annually. We of the navy are touched by the number of people who befall the loss of personalities and friends. Few of us who are here now will see the movie when and if it comes, but we have replacements who will become just as dear and indispensable in the P.T.A., Church, Theatre Guild, Hospital Auxiliary, Girl Scouts, Boy Scouts and the many other organizations we have infiltrated. There is a better relationship in Sanford between civilians and navy than in any Station in the country. I'd be willing to stake anything on it. You don't want us to go, and we don't want to go. Sanford has gained a wide reputation in the navy as a marvelous duty station, and while HAWKING is a thrilling part of naval aviation, I imagine a good many requested it to get into this area.

Mr. and Mrs. James Shortland are hosts to Mrs. Shortland's aunt and uncle, Mr. and Mrs. S. Rekos. The Rekos arrived Feb. 7 and after visiting in St. Augustine, Cypress Gardens and Miami they plan to never spend another winter in Minneapolis, Minn. they home town. They will spend considerably more time with the Shortlands during which time they will tour four of Florida.

Friday evening the Chiefs Club held a Valentine Dance which to my guess approximately 100 couples attended. There was dance music and the kind of evening one could just sit and relax.

For those of you that shop the commissary way, since Jan. 28 a change of hours has become effective. Changes are as follows: Monday, Wednesday and Friday—hours 11 a. m. to 3 p. m. Tuesday—9 a. m. to 3 p. m. Thursday—11 a. m. to 8 p. m. Closed Saturday and Sunday and all holidays.

The Enlisted Mens Wives Club meets again tonight at 8:00 at the U.S.O. A film on the importance of Mental Health will be shown immediately following the regular meeting. "Preface to a Life" is sponsored by the Seminole County Mental Health Association and being made available to the club by the Womens Club of Sanford.

With all of the Navy Families in Sanford, we sometimes fail to remember that there are several civilian families that have sons in the service stationed in other parts of the country or the world. Some of them that we recently met are: Mrs. Wilcox of Sanford who is a nurses aide at the Seminole Memorial Hospital. Her son, Joe Wilcox is stationed on Compress Island with a Submarine chaser outfit.

Mr. and Mrs. George Radde of Sorrento have a son (Darryl) stationed in Norfolk, Va. on the U.S.S. O'hion, a submarine Tender.

John Thomas, Pvt. 1 class, son of Mr. and Mrs. R. T. Thomas who reside on Maple Ave. is stationed in Germany.

Missionary Circle Held In Chapel

The Missionary Circle of Elder Springs Baptist Church met Feb. 13 at 3 p. m. in the Chapel. Mrs. Virgil Gracey presided over the meeting and began by having the Watchword given, followed by the Lord's Prayer. Mrs. H. A. Steinmeyer began the devotion with a song and used Matthew 5:13 as a basis for her talk. The treasurer's report was presented by Mrs. D. E. Carpenter and the offering taken. Mrs. Glenn Miller reported on the Children's Home in Lakeland. After the Community Missions report Mrs. C. C. Hanner assigned names of new people in the community to be called on by the ladies. Mrs. Steinmeyer reported. The circle now has 13 members.

New mission study books entitled "Mission Missions D. S. A." by Courts Reifford, were introduced by Mrs. Virgil Gracey. She announced the study would be held Feb. 27 at the Chapel, with a covered dish luncheon following.

In charge of the circle program was Mrs. C. W. Ergle. She stated that this is "World Missions Year" among Southern Baptists. Printed on four large red hearts were the objectives of the program: Informed minds, directed prayer, Stewardship, Dedicated lives. Mrs. Vance Duke gave the stewardship lesson.

Those present were: Mrs. Virginia Bellhorn, Mrs. C. C. Hanner, Mrs. D. E. Carpenter, Mrs. Glenn Miller, Mrs. C. W. Ergle, Mrs. J. C. Lane, Mrs. L. W. Steinmeyer, Mrs. Vance Duke and Mrs. H. A. Steinmeyer.

Collins Proclaims Sports Car Race Week March 18-23

TALLAHASSEE, Fla.—Governor LeRoy Collins of Florida took time out from his busy schedule to officially proclaim throughout the state "International Sports Car Race Week" from March 18-23, a week which will be climaxed by the running of the Florida International 12-Hour Grand Prix of Endurance for the Amoco trophy.

In his proclamation issued at the capital here, Governor Collins pointed out that the Florida International race for sports cars, which will be held on March 23 at Sebring, Fla., is the only one in the North American continent for which points are awarded toward the Federation Internationale de l'Automobile World Sports Car Championship.

Governor Collins emphasized the international implications of this race whereby the event "will bring together in friendly competition and fair play drivers from nearly a score of nations of the world as well as from all parts of this country."

Sixty-five cars, representing 20 manufacturers from five foreign countries and the United States will start the race. Some of the top racing drivers of the world will participate in the 12-hour endurance grid.

DeLand, Lyman Schools Awarded Victory Trophies

DeLand High School and Lyman High School were represented in the Victory Trophies last week by Herald Sports Editor Hugh Ansley for the past first annual Seminole County Invitational Basketball Tournament.

On Thursday afternoon Ansley presented the Championship Trophy to DeLand High School at a school assembly. DeLand first eliminated Seminole High School to enter the finals and defeated Lyman High School for the championship.

Lyman defeated arch rival Oviedo High School to go into the finals and fell before the top seeded Class A, Group 3 Bulldogs after Lyman rebound expert Ken Miller fouled out in the final stanza.

Both trophies were retired to the first annual event and will be held permanently by the respective schools.

Seminole To Take On New Smyrna In Benefit

The Sanford Seminole cageyear the Seminole redeemed quintet will take on rugged New Smyrna Beach tomorrow night in the Seminole High School auditorium in a benefit performance for the Sanford Elks' Club.

Initiated three years ago, each year the two teams clash in a benefit game with free steak dinners as spoils to the victors.

Denver Cordell, chairman of the Sanford Elks' Basketball Committee, said that the Elks Club initiated the series of games, an annual event, to stimulate interest in Seminole High School basketball.

"We think basketball is a wholesome game and should be encouraged," Cordell said.

Each year the Sanford Elks' buy the gate and promote SHS basketball. The New Smyrna Beach and Sanford Elks have a standing agreement that the victors are the guests of the victors and the sentence is the losing Elks team footing the bill for a steak feed for both teams.

So far the two clubs are even. Year before last the NSB team won the benefit game and last

year the Sanford Elks won. The Sanford Elks' basketball team of St. Luke's School, Slavia, traveled to Sanford to play the girls of Sanford Jr. High on Friday Feb. 15. It was a well-played and closely contested game that saw Slavia emerge the winners by a 14-13 score. From the first whistle to the last one in the overtime it was a nip and tuck game. The forwards on both teams were well guarded and at the half the Sanford girls were leading by a one point margin, 6-5. There were no baskets made in the 3rd quarter by either team. The lead changed hands several times during the 4th quarter, but at the end of the game the score was tied 12-12.

A two minute overtime was played in which Katherine Duda of Slavia made a basket. Sanford had two four shots but only made one, which made the difference in the win column. Katherine Duda, the captain of the team, was high scorer making 6 points followed by Mary Nell Murphy making 5.

Ansley presented the Lyman Runner-up Trophy to a school assembly at Lyman High School last Friday afternoon.

Rough waves and inconsiderate pleasure craft threw a monkey wrench into the first annual Sanford Outboard Regatta yesterday afternoon as an estimated crowd of 10,000 watched a grueling match between Bud Wiget and G. W. Taylor as they fought a close battle down to the wire for high point honors. Of all the 12 heats, not until the last one did Wiget show a clear margin over Taylor and take the Sanford Herald Victory Trophy for high points.

Inconsiderate pleasure craft raised havoc with the race and were largely responsible for more than half the racers packing up and calling it a day as they cut their big boats in and out through the racing course, backing up reinforced waves that were fatal to the flying chips.

Only the best of the national figures in boat racing dared the choppy waters for the approach to the St. Johns River bridge and they ventured only to protect their high standings in the Grapefruit Circuit race for high points and the coveted Colonel Green \$7,000 Trophy.

Joe Nicholas, commodore for the Sanford Boat and Ski club, the sponsors of the races, voiced grave concern for the rudeness of the pleasure boaters on the lake yesterday. "We worked awfully hard to bring these national names to Sanford," he said, "and it's a crying shame that a few people can't appreciate what we tried to do enough to show just human consideration."

Seven of the 12 heats had to be held up because of pleasure boat waves and four more of the races had boats in movement causing dangerous waves during the running of the races.

Even with the entire basketball squads as guests, the fish fry cashier took in some \$224.50 and the concession stands took in another estimated \$75.

John Schirard Jr., president of the Seminole Chiefs, bubbled with enthusiasm as he almost tearfully thanked the multitude who turned out for the event.

"You have secured for the local junior high schools security in their athletic program," he said.

Chiefs Club Fish Fry, Auction Is 'Success'

An estimated 2,000 people jammed the Farmers Auction Mart last Saturday night for the Seminole Chiefs sponsored Fish Fry and Auction and assured the junior high school athletic program of success and the proceeds were expected to clear well over \$1,000.

Nearly 500 of the milling crowd took advantage of the palate pleasing preliminary fish fry. A steady line of overflowing capacity crowding made it necessary to feed in shifts that began at 5:30 and lasted until after the auction had started at 7:15.

Donating their time to the benefit of the Seminole Chiefs, Junior High School Football Project, Larry Jones and H. H. Collier spurred early spirited bidding with items going at amazing bargains. Almost as many people had to stand as there were seated and the auctioneer had to have assistance from Seminole Chiefs members and supporters in order to recognize bidding in what was termed by Larry Jones as the biggest auction night ever to happen in Sanford.

Special credit was extended to Mrs. John Schirard Jr., chairman of publicity, and W. W. Tyne, Chairman of the Junior High Football Project for the fine work they did in procuring the 300 odd items that brought \$1,022.22 from the auctioneers block.

Even with the entire basketball squads as guests, the fish fry cashier took in some \$224.50 and the concession stands took in another estimated \$75.

John Schirard Jr., president of the Seminole Chiefs, bubbled with enthusiasm as he almost tearfully thanked the multitude who turned out for the event.

"You have secured for the local junior high schools security in their athletic program," he said.

"You may well be proud citizens who have done a most worthy thing with a most noble attitude; I know the young boys who have earned the uniforms they will wear next year will do your efforts proud."

Early indications of a cold snap were lightly taken and the Seminole Chiefs showed a tremendous success in their undertakings as compared with a similar auction in a neighboring community that cleared only \$30.

Every item donated was sold except one huge tractor tire, on which there was no bid.

Hugh Carlson, principal of Sanford Junior High, said that he had never witnessed a more spirited assemblage of people in response to a worthy cause.

STORY
Connie Barton's husband of almost ten years, Steve, was a quiet, unassuming man. He was a good father, a good husband, and a good neighbor. He was a quiet, unassuming man. He was a good father, a good husband, and a good neighbor. He was a quiet, unassuming man. He was a good father, a good husband, and a good neighbor.

CHAPTER 2
Bolling was looking at me closely. I tried to smile casually. I answered the question in Bolling's eyes with one of my own. "Yes, Mr. Bolling?" "I was just wondering..." Steve came into the room with three glasses of beer on a tray. "Bolling," Bolling said, "what's your opinion? You like her better as a blonde or a brunette?" "Blonde or brunette?" Steve said. "She's my wife. Three o'clock Saturday."

"No," Bolling said amiably. "Quick around." He looked at his watch. I could have told him what he wanted to know. Hankins and Lewine would be calling in about four minutes or less. He took a long, happy pull on his beer. He said, "This is what I'm getting at, Barton. A girl like this Farrell girl... she could drive a man a little bit crazy. If one of her students... well, if she kept saying no to him, that might upset him to the point where he might put a bullet in her."

"That sort of thing happens," Steve said. "Almost every day, including Sunday," Bolling said. "It's alarming. She never talked to you about any of her students, Barton? Never complained about one maybe who bothered her especially?" "No, she never impressed me as a girl who would complain about anything like that."

"Well, you'd better learn. Because that's the only way to keep a murder rap away from you... you, personally, Steve. Do I make myself clear, darling?" I fled into the bedroom. I didn't want Steve to think I was the hysterical type blonde that was always crying all over men's shoulders.

The next morning I awoke before Steve. He was still sleeping heavily, and the ashtray in the living room told me why. It must have taken him until almost daybreak to smoke that many cigarettes. My husband was a very worried man. He was trapped; there was nothing that he could do to help himself. The taking-off place for the solution to this murder was the Crescent School of Dancing, and Steve couldn't show his face there. He would at least be recognized as a pupil of Anita's, if not as the Walter himself. Steve's hands were tied, but there was something I could do. It was something I was going to do without telling Steve. Almost certainly he wouldn't let me do it. I had to get out of the apartment without waking him.

Patton Explains Change In Social Security Law

"Will you get social security credit for 1956 on land you rent to another farmer? Under a recent change in the social security law, you may receive credit depending on the rental agreement and on how much you participate in the crop production or management of the farm," Byron R. Patton, manager of the Central Florida social security office, said today.

Legal Notice

In Court of the County Judge, Seminole County, Florida, in Probate, in the estate of ARTHUR CAPPER, deceased, late of Shawnee County, Kansas, to the County Judge of Seminole County, Florida, at his office in the court house of said County at Tallahassee, Florida, with eight calendar months from the time of the first publication of this notice, each claim or demand shall be in writing, and shall state the place of residence and post office address of the claimant, and shall be sworn to by the claimant, his agent, or attorney, and any such claim or demand not so filed shall be void.

return for cash or a share of the crop or livestock, and you take no part in the production or management, then the cash or crop share you receive is rental income and does not count toward social security," he said.

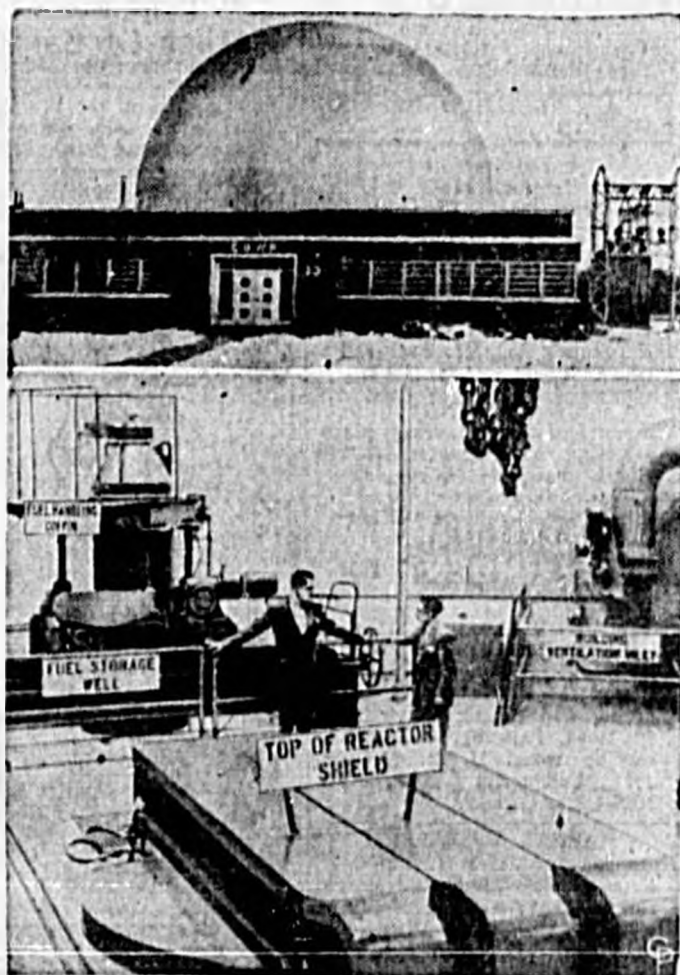

Here is how to meet the requirements of the new provision. "First, there must be an arrangement between you and the renter that you will take part in the management or production," he said. This arrangement may be either written or oral. "Second, you must take part to a material degree in the production or management," he continued.

If the person does no physical work, he may take a material part in the production or management by advising regularly with the person who rents the land, by inspecting production regularly, furnishing equipment, machinery, or livestock, or paying part of the expenses of production.

Patton pointed out that each of these must be considered, together with any work done on the farm or in the management of the enterprise. It is not necessary that the person do everything listed above to qualify. It may be sufficient to have an arrangement to participate in the farming and actually perform some of these activities.

SPARKING CARDS

FRYING-PAN

This effective card which takes its name from the position in which the cards are laid out. Follow the directions and you'll have a smaller of a trick to work on your friends. Make a circle of cards as shown in the illustration.

You may put any number of cards in the circle, which forms the rim of your frying pan. To complete the pan, you need a handle and this you make by adding a single card to any card in the rim. The handle may be any length you wish to make it. Now ask the person you are working this trick on to decide mentally on any number greater than the number of cards in the handle. Impress upon him that he is not to name that number. When he indicates that he has decided on some number, ask him to do a little exercise in counting as follows: He is to begin with the bottom card of the handle (see illustration) and count silently up the handle until he reaches the rim. There he continues clockwise until he has counted out the number he selected.

count out his original number again. This time, however, he goes in counter-clockwise direction, counting around the rim without bothering about the handle.

Despite the fact his counting has been done silently, you will tell him on which card he finally landed.

THE SOLUTION: Here is the way you find that card. You begin with the bottom of the handle, too, and count the number of cards in the handle. Then starting with the card at the right of the card to which the handle is attached, go counter-clockwise around the rim, counting as many cards as you did in the handle. The card on which you land will be the same one on which your subject landed. Identify it and enjoy his puzzled expression.

Example: (refer to illustration) Suppose your subject mentally selects the number 7. He begins counting with the bottom card of the handle, 8 of Hearts, and counts two, three, which brings him to the Jack of Spades. Counting the Jack of Spades as four, he continues, five, six, seven clockwise around the rim bringing him to the 8 of Clubs. Now, starting with the 8 of Clubs as one, he starts a new count, this time going counter-clockwise around the rim and the count of seven lands him on the 8 of Clubs. To find the card he landed on, you also begin counting with the bottom card of the handle, 8 of Hearts. Number of cards in the handle is three. That's the number you count out beginning with the 8 of Clubs. Which lands you on... the 8 of Clubs. See how it works!

Here's a secret. No matter what number your subject had chosen, he would still have landed on the 8 of Clubs. If you doubt that, try it yourself, choosing a different number each time and using the layout in the illustration.

President To Discuss Sanctions Against Israel

WASHINGTON (AP)—Secretary of State John Foster Dulles said today that President Eisenhower will discuss with congressional leaders the question of sanctions against Israel if she refused to withdraw her forces from Egyptian territory.

Speaker To Talk On New Satellite At Jaycee Luncheon

The Seminole County Junior Chamber of Commerce will hear about the satellite that will be fired sometime this month.

Robert S. Ronay, an engineer with Douglas Aircraft Corp., at the Air Force Missile Test Center at Patrick Air Force Base, will speak to the Jaycees concerning the new and highly protected scientific find.

Ronay came to Patrick Air Force Base in the summer of 1955 from the company's Santa Monica, Calif., headquarters.

He is originally from New York City and was a radar technician with the U.S. Navy during World War II. His interests in the "mysteries of outer space" started while he was attending California Institute of Technology from which he received a bachelor of science degree in aeronautical engineering. He now resides in Cocoa Beach.

Information concerning Ronay and the new satellite came from Headquarters Air Force Missile Test Center, Air Search and Development Command, the Information Services Office.

Ronay will speak at Thursday noon luncheon of the Jaycees at the Yacht Club.

Program chairman for the meeting is Robert B. Bratzel.

Four Men Offer To Buy Material For Paving Road

A delegation with money in their pockets to furnish material for the building of a road appeared before the Board of Seminole County Commissioners this morning.

L. W. Simkins, developer and promoter headed the four man group requesting that Lennel Road in the Bear Lake Heights section be paved.

Simkins said that the group had the money with them and would turn it over to the person who would handle the funds.

Commissioners agreed to pave the road, furnishing labor, with the group paying for the materials used.

However, County Attorney Clark N. Cleveland Jr. advised that the money be held by the group of citizens rather than be turned over to the Seminole County Commission, and that material bills be paid by the committee.

Commission members pointed out that both Onora Road and Lake Mary Road were priority projects which would come ahead of the construction of the Bear Lake Heights section road.

Council, Mayor Will Appoint 4 Offices

ALTAMONTE SPRINGS—At a special meeting of the Altamonte Springs Town Council held Saturday afternoon, a bill was approved to amend the town charter to provide the appointment of the town clerk, assessor, treasurer and collector by the mayor and council and to further provide that said offices be filled by one, two, three or four persons as deemed necessary by the governing body. Under the approved bill the appointee or appointees to these offices are not required to be a resident of Altamonte Springs and Seminole County Florida but shall be a resident of the State of Florida.

Absent at the meeting was Hugo Wolf. Other business on the agenda for the special meeting was the consideration of hiring a police chief for Altamonte Springs. No action was taken on this matter.

Councilmen also voted to set aside \$200 for the use of the planning and zoning commission.

Speaker Tells Club Rotarian Magazine Is 'House Organ'

A talk on the Rotarian Magazine by George Touhy, executive vice-president of the First Federal Savings and Loan Association here, featured the weekly meeting of the Sanford Rotary Club yesterday afternoon at the Yacht Club.

Touhy, a past president of the local Rotary Club, explained that The Rotarian, published in both English and Spanish, was the "house organ" of the international organization and served as a means of communication between the officers and the various clubs throughout the world. The ideals of community, club, vocational and international service are frequently covered in the periodical, he said.

Since the club is one of human relations, it could be expected that diverse phases of sociology would appear in the magazine and the speaker gave examples of such stories.

The world-wide span of the organization provided a logical basis for stories on geography and travel and some outstanding stories.

Big 3 Will Reject USSR Disarmament Meeting Proposal

LONDON (AP)—The Western Big Three will reject Russia's proposal to turn next month's disarmament meeting here into a four-power foreign ministers' conference, diplomatic sources said today.

Officials here said the West's decision will be handed to Russia in New York this week.

The rejection will prevent new Soviet Foreign Minister Andrei Gromyko, named last week to succeed Dmitri Shepilov, from finding an immediate East-West summit.

Russia formally proposed earlier this month that the March 18 disarmament talks be held on the foreign ministers' level.

Some observers viewed the Russian suggestion as an attempt to draw the West "through the back door" into a discussion of the general field of international politics.

Red Cross Campaign Opens Next Month

The 1957 American Red Cross campaign for membership and funds opens in Seminole County early in March. It is to be "Forward March in March."

A representative group of citizens met with Mrs. Mary D. Knox, the county executive secretary, at the Red Cross rooms at 1224 S. Palm Street, last week.

County Chairman Frank Evans placed in the chair, as presiding officer, Major Roy G. Brown of Lake Mary, who is campaign chairman for membership and funds. Major Brown led the discussion.

Also present at the meeting because of interest in various phases of the movement, were Mrs. Jay Beck, Mrs. J. L. Benton, C. D. Knox, Mrs. F. D. Scott, Mrs. Jay Beck and Fred Ensminger.

Peterston Jr., Mr. and Mrs. Philip Marx, Floyd H. Palmer, Gus Schmah, Mrs. F. D. Scott, Mrs. George E. Wells, Mrs. J. W. Yarbrough of Geneva, Miss Myrtle Wilson and Professor J. N. Crooms.

Delegates from Seminole, Volusia, Brevard, Osceola and Lake Counties met with Orange County representatives at Red Cross headquarters in Orlando for a planning meeting on Monday.

Representatives of the press, radio and television media told the group of 20 how to make the campaign bright and interesting and offered help in promoting the cause.

Attending the session from Seminole County were Mrs. Mary D. Knox, Mrs. F. D. Scott, Mrs. Jay Beck and Fred Ensminger.

Meisch Undergoes Surgery Today

John Meisch, former Chairman of the Seminole County Commission, a member of the Board of Commissioners, was taken ill suddenly yesterday and rushed to the Orange Memorial Hospital.

Meisch will undergo surgery this afternoon. Following this afternoon's surgery and operation his condition will be available for his numerous friends and acquaintances who have inquired about him.

Dr. Robert Neill is attending Mr. Meisch.

Number Of Polio Cases Drops In '56

The total number of reported cases of poliomyelitis fell by 22 per cent from 166 in 1955 to 134 in 1956, and the rate per 100,000 population dropped to 2.7 from the previous year's rate of 3.3, with no deaths from the dread disease in Seminole County, according to the latest release dated Feb. 12 from the Florida State Board of Health.

The January-November 1956 report released today points out that the marriage rate during the 11-month period outstripped the divorce and annulments by just under 100. There were 292 marriages recorded in Seminole County during the recorded period in comparison to 192 divorces and annulments.

Births in Seminole County outstripped deaths by more than 500, the report reveals. Records show there were 891 births as compared to 319 deaths.

The monthly report also shows that Seminole County's greatest killer is heart disease with 104 deaths, recorded in the 11-month January-November period.

There were 41 deaths from cancer, 40 deaths from cerebral vascular disease, 11 deaths from chronic nephritis, and 10 deaths from all other C. V. D. diseases.

The Florida State Board of Health report shows five deaths recorded from motor vehicle accidents and 22 deaths from all other accidents in the county.

Tuberculosis claimed only four deaths in the first 11 months of last year, three from syphilis, six from diabetes and one from anemias.

In the statewide polio report the statistical analysis brought out that follow-up investigation of the 364 cases 30 days after the date of onset of the disease established that 121 were paralytic, 200 nonparalytic, and 25 unspecified as to type, and in 18 cases the final diagnosis was not poliomyelitis.

Only a small percentage (12.1 per cent) of the 121 paralytic cases had been vaccinated with Salk Vaccine, the report said, and not one of the victims had received the complete series of three inoculations required for proper immunity.

The report stated that "there have been no cases of polio caused by the use of the Salk Vaccine in Florida." The safety of the vaccine has been carefully checked under the National Surveillance Program and it was found that there was no connection between the site of the inoculation, manufacture and lot number of the vaccine, and paralysis, the report stated.

"Thus," it was pointed out, "the vaccine is considered as safe as any other biological preparation used to prevent disease."

Climaxing the monthly report was "All evidence points to the advisability of taking the series of three polio injections which are available from private physicians or at the County Health Department."

Scandinavian Plane Delayed By Detour About Danger Area

TOKYO (AP)—The Scandinavian Airlines said today one of its planes making an over-the-pole flight to Tokyo was delayed an hour and 18 minutes today because it had detoured around a "danger area" off the northern Japan coast.

The airline announced earlier its plane, a DC7C, had been forced off course by unidentified military aircraft performing "acrobatics" over the North Pacific, but corrected the announcement a few minutes later.

A. M. Morrison, Tokyo dispatcher for the airlines, said the plane had only followed his radioed suggestion that the pilot take an alternate course to avoid a "danger area" off northern Japan.

The danger area stretches along a short distance off the Honshu coast of Japan. Military aircraft conduct activities in the area, generally during the daytime.

The Scandinavian plane, carrying a cosmic ray monitor, was making a final "positioning" flight before SAS opens its regular "Northwest Passage" passenger route linking Europe and the Far East next Sunday.

Electric, Miracle Concrete Company, Andes Hotel, and Berry's Warehouse Furniture.

Contributions from these firms have increased the total to \$10,995.

The pledge, appearing below, should be mailed to the Seminole County Chamber of Commerce, Sanford.

Commander Denies Statement Macdill Base Overcrowded

TAMPA (AP)—Macdill Air Force Base commander, Brig. Gen. Paul S. Enrick, has denied a statement by Rep. James A. Haley of Sarasota that the huge base is overcrowded.

Haley said Monday the base is overcrowded, and called for an investigation of the Sebring air terminal as the site for a weapons center planned for location at Macdill.

Enrick said the base definitely is not overcrowded.

"We've got 6,000 acres and somebody could put up a lot of buildings on some of it. Real estate-wise, we're the biggest in the 2nd Air Force," he said.

Air Force Secretary Donald Quarles recently indicated that a weapons training center would be established here and a bomb wing transferred away.

Tomorrow Last Day To Purchase '57 Auto Tags

The deadline for purchase of 1957 auto tags is tomorrow, said John Galloway this morning.

There is no chance of extension, Gov. LeRoy Collins, who has authority to grant more days for tag purchases, said he will not do it. Collins says he saw "no legal justification."

Weather

Considerable cloudiness with occasional showers today. Wednesday partly cloudy and somewhat cooler.
