ARBUCKLE AT LIBERTY. UNDER \$5,000 BOND TRIED FOR MANSLAUGHTER

Within Few Days If the Present Plans District Attorney Pan Out

TWO CHARGES

ONE PLACED YESTERDAY AT CONCLUSION AND OTHER RETURNED BY GRAND JURY

(By The Associated Press)
SAN FRANCISCO, Sept. 29.—Fatty Arbuttle is at liberty today under a \$5,000 bond after two weeks' preliminary hearing on the charge of murder in connection with the death of Miss Rappe and will be tried on a charge of manslaughter within a few days if the present plans of District Attorney Pan materialize. Two such charges pending, one placed yesterday at the conclusion of the preliminary hearing and the other returned recently by the county grand jury. Whether he would be able to have Arbuttle appear to answer to one complaint and then try him on another one on the same date the district attorney was not sure. On the Grand Jury accusation Arbuttle was placed on his own recognizance to return October 3rd.

Pope Trial Drags While Jury Selection Goes on Apace

Cannot Get Enough Men in Jacksonville—Try Sanford

(By The Associated Press)
JACKSONVILLE, Sept. 29.—Circuit court marked time this morning in the Pope trial, when the second venire of one hundred due to appear yesterday afternoon only fifty-nine was present. Court adjourned until this morning to permit the sheriff to get more. When court opened today only eleven additional veniremen were rounded up. Judge Gibbs declared an indefinite recess and ordered the sheriff to go out for more veniremen.

State Witness Called To Stand Again In Belcher Case

(By The Associated Press)
CLEARWATER, Fla., Sept. 29.—Dr. John Bowen, witness for the State in the Belcher trial, was recalled to stand this morning. He testified on examination of stains on the foot rug in the Belcher car led him to believe they were blood stains. He said blood congealed on fibre of the rug which it would not have done had it come from a dead body. The State expected to finish its case today and the defense planned to conclude its side this afternoon.

SPAIN'S QUOTA IMMIGRANTS HAS BEEN EXHAUSTED PROFESSOR'S WIFE DETAINED

(By The Associated Press)
WASHINGTON, D. C., Sept. 29.—Mrs. Maria Sanjurjo, wife of a Spanish professor at Cornell, has been detained at Ellis Island because of Spain's quota of immigrants has exhausted, but ordered released for admission today by the immigration bureau. Sanjurjo married this summer while on a vacation in Spain.

CALL STRIKE AT ONCE IF TRAINMEN VOTE TO WALK OUT.

CHICAGO, Ill., Sept. 29.—An immediate strike of the 108,000 railway trainmen employed on American roads will be ordered if the strike vote, now being counted, favors it, James Murdock, vice-president of the organization, announced today. "As a matter of fact," said Mr. Murdock, "a strike really has been authorized already by the leaders. The minute the vote is counted the strike order will be issued—provided the vote favors a strike and there is little chance that it won't. The leaders will not oppose the wishes of the men."

Counting the strike ballot will be completed within a few days.

BREAD LINE STARTS IN NEW YORK CITY FIRST TIME IN YEARS.

(By The Associated Press)
NEW YORK, Sept. 29.—New York's first bread line since the stormy days that marked the start of the world war, is in operation today at the church of St. Marks, in the Bowery. The bread line opened last night and about six hundred men were fed.

SINN FEIN ARE INVITED TO CONFERENCE

IN LONDON WITH BRITISH GOVERNMENT AND WILL BE LAST CALL

(By The Associated Press)
LONDON, Sept. 29.—Sinn Fein have been invited to take part in a conference here October 11 in a note dispatched today to DeValera by Premier Lloyd George. The note is considered to be the British government's final word in exchange of messages between London and Dublin. Lloyd George informed DeValera, however, the government could not alter the position that Ireland could not be allowed to separate from the British Empire, but must base her proposition upon self government as a member of the British Dominions.

MICHIGAN CONTEST UP IN THE SENATE

FORD-NEWBERRY CONTEST CONFLICTS ALONG PARTY LINES

(By The Associated Press)
WASHINGTON, Sept. 29.—Opinions conflicting along party lines were presented today by the majority and the minority members of the senate privileges and elections committee on the Ford-Newberry 1918 senatorial election contest from Michigan. The majority report cleared Newberry, the Republican candidate, of corruption and all other charges and recommended he be legally seated. Democratic members asserted Newberry was elected by corrupt and illegal methods and practices and recommended his seat be declared vacant. With filing of reports the case now goes to the senate for final decision which probably will not be made for several weeks. In the meantime it is understood Senator Newberry will not attend the senate sessions.

ELAINE'S RIOTING NEGROES TO KNOW FATE TODAY.

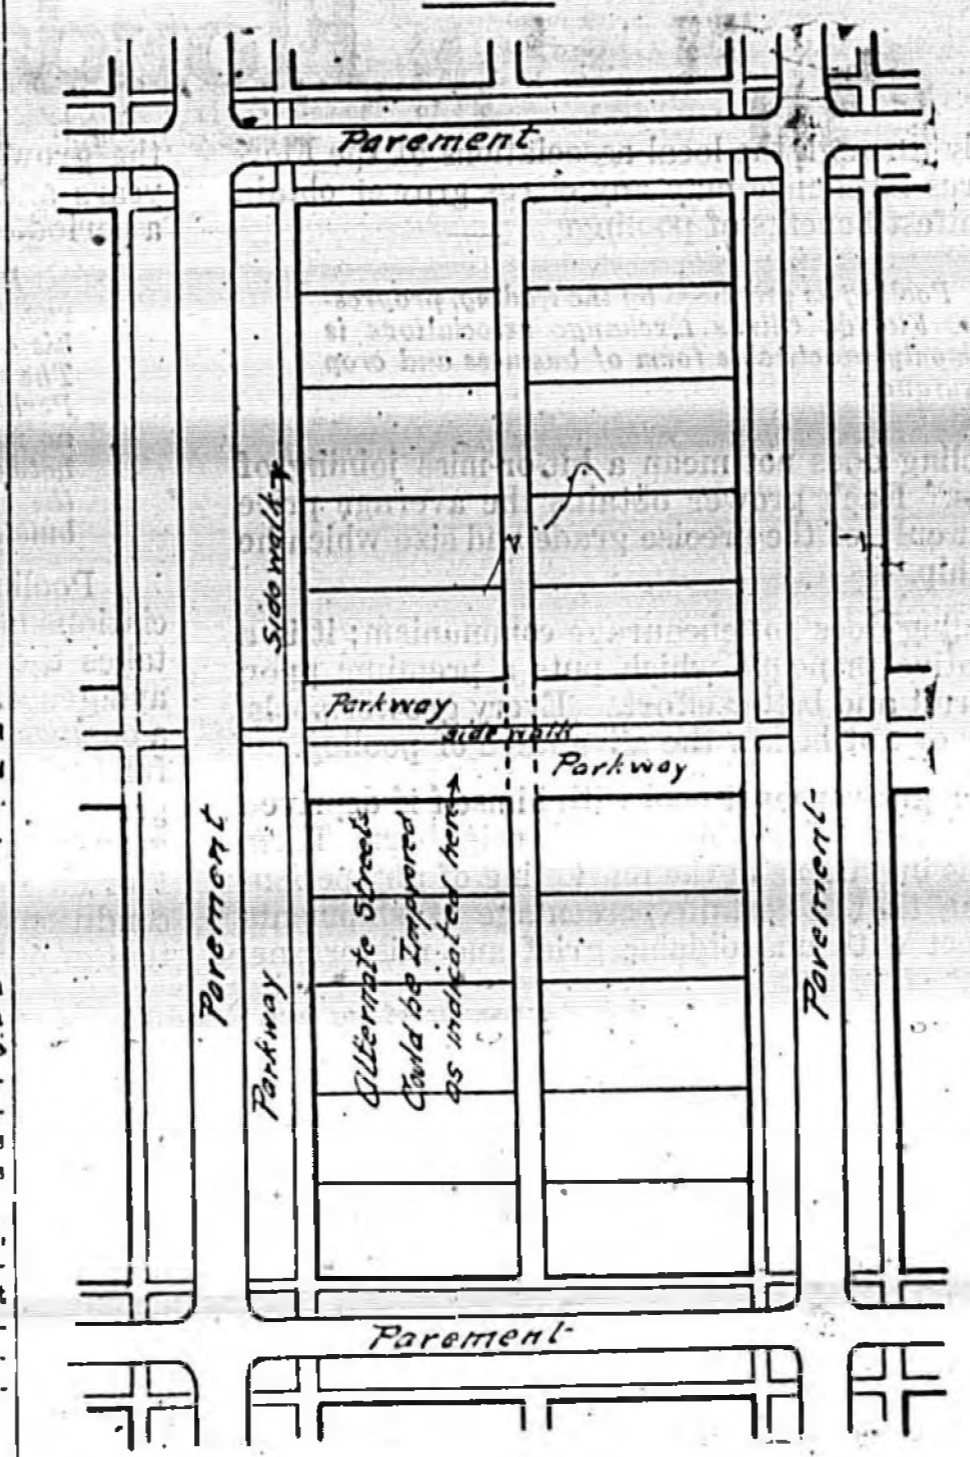

LITTLE ROCK, Ark., Sept. 27.—United States District Judge John H. Cottrell of Guthrie, Okla., after hearing today arguments on a demurrer filed by the state in habeas corpus proceedings in behalf of six Elaine (Ark.) negroes whose electrocution last Friday was stayed by a temporary injunction, announced that his ruling on the demurrer would be ready tomorrow.

Attorneys for the negroes based their efforts to obtain a new trial through habeas corpus proceedings on the allegation that the original trial of the negroes on a charge of murder, in connection with the Elaine riots of two years ago, and at which they were convicted and sentenced to death was influenced by mob spirit.

Attorney General J. S. Utley, in demurring, declared that the question had been brought in the state courts and ruled against, and that habeas corpus proceedings brought in federal court on these grounds should be dismissed. He cited as a precedent the Leo Frank case of Georgia, in which it was held that evidence of hostile manifestations, once admitted, could not again be used as grounds for action.

Daytona Beach last week disposed of \$20,000 worth of bonds for general municipal improvement.

PLAN FOR IMPROVEMENT OF SANFORD'S STREETS, ELIMINATING SIDE STREETS

Some time ago, the City Planning Committee of the Chamber of Commerce, brought out a comprehensive plan of improving the city streets, and especially the side streets, by eliminating the streets altogether in many places in the city, where there were no houses facing the side streets now, and making one sidewalk down the middle of the street and grass plots in the center, an ideal playground for children and where there would be no danger from automobiles as there would be no street. The idea is a good one, and will, no doubt, be tried out in this and other cities in the near future. Sanford has too many alleys and side streets taking up a lot of valuable room that could be utilized for the children to much better advantage. The following plan was drawn by City Engineer Williams who made the following explanation regarding same:

Omit the paving. Place a sidewalk down the middle of the street leaving the balance of the street for parkway which can be used as a play ground for children, keeping them off of the paved avenues. At present prices, this plan will save city and adjacent property owners \$2,600 over what it would cost to pave the street and construct sidewalks on each side.

RETURN OF PROSPERITY ANNOUNCED BY TWO OF NATION'S BIG MERCHANTS

Charles E. Bedford and John Wanamaker Both See Clouds Rolling Away and Sunshine Flooding the Country from Coast to Coast

NEW YORK, Sept. 29.—The speedy return of prosperity with plenty of work for all was forecast yesterday by two notable figures in industrial and mercantile circles, Charles E. Bedford, president of the Vacuum Oil Company, and John Wanamaker, merchant of New York and Philadelphia. "Business Revival Week," said Mr. Wanamaker, "I think will be expanded into a business revival of years and years. I have more faith in America today and more belief in our prosperity than in all my 50 years as a merchant. There will be plenty of work for all if we show our faith, not by relaxing our efforts, holding back in fear, put on blue glasses and keeping our money in our pockets, but by making needed improvements, starting to build and rebuild, buying and selling,—putting to work our energy our brains—everything we have—for the good of the country. "Instead of curtailing our advertising we are enlarging it. Instead of standing pat on our stores as they have been, we are refitting, rearranging, rebuilding and improving them. To do this we have given employment to large bodies of mechanics and others, day and night."

In Mr. Bedford's view, conditions will be restored to normal by spring, barring unforeseen developments. "It is my opinion," he said, "that American business men now have abundant cause to be optimistic and hopeful as to the future. Likewise those who are engaged in relieving the unemployment situation may find the same reasons for a belief that it will be brought to normal before very long. "Business and with it, employment, have picked up steadily, since the low ebb reached this summer, and both continue to show a gradual and steady growth. Unless the central European or some unforeseen crisis intervenes there is every reason to believe that the improvement will continue throughout the fall and winter months."

FIRE DEPARTMENT CALLED OUT
The fire department was called out this morning to the rear of the Herald building where the shack used for melting metal for the Herald linotypes had caught on fire in the roof. It was easily extinguished with the loss of a few shingles but will have to be rebuilt of corrugated iron and put in fire proof condition.

BANDS, PARADES, EXHIBITS FOLLOWED ONE ANOTHER STARTING OFF BIG DAY

LIGHT EARTHQUAKE SHOCK FELT IN LOS ANGELES DID NOT KILL ARBUCKLE.

(By The Associated Press)
LOS ANGELES, Cal., Sept. 29.—Slight earthquake shocks were felt in the southwest section of Los Angeles early today. The tremor lasted only a few seconds, and no damage is reported.

EMERGENCY MEASURES FOR IDLE MUNICIPALITIES MAY BE CALLED UPON TO FURNISH WORK

(By The Associated Press)
WASHINGTON, D. C., Sept. 29.—The possible emergency measures by municipalities to cut down the number of the country's involuntary idle was taken up today at a public hearing before the public works committee of the national conference on unemployment. Inquiry was directed toward developing what measures might be taken by towns and cities for speeding up public works.

CHICAGO COPS HAD SYSTEM ON BOOZE

CHICAGO, Sept. 29.—A multiple shakedown system through which Chicago policemen were alleged to have obtained as many as half a dozen rackets on the same case of whiskey was revealed in the government investigation of the police department said by Chief of Police Charles Fitzmorris to contain 2,600 bootleggers in a membership of 5,000.

The request of Chief Fitzmorris that the federal authorities help him clean his own house, made last week, was placed before the federal grand jury with a score of witnesses, most of them policemen, testifying. One of these witnesses, according to officials, explained the multiple shakedown. Members of the police force, organized in bands, he said, would obtain information as to whiskey shipments from other cities into Chicago, and then, in uniform, would rob the cars in freight yards under the pretense of confiscating the liquor.

The whiskey then was sold at fairly cheap bootlegging prices to get customers to take it in case lots. When the liquor was delivered, however, a policeman appeared and demanded a substantial amount from the recipient for protection. After the sum had been paid, other policemen would raid the place, and, after collecting another protection fee, would "confiscate" the liquor, resell it and repeat the process of graft, sometimes half a dozen times before turning the whiskey over to a favored saloon-keeper for sale by the drink at high prices.

According to federal officials, the investigation will go back to the Mike DePike Heitler case where two bands of uniformed policemen fought for possession of a carload of liquor, valued at \$105,000 and shipped here from Kentucky. Detective Sergeant Eddie Smale, absolved in that case, now is under arrest with two other detective sergeants in connection with the present investigation. He is charged with extortion.

Charles F. Clyne, United States district attorney, still was preparing a full report to Chief Fitzmorris in which he promises to name every member of the police force against whom he has evidence. Half a dozen police commanders were questioned by Mr. Clyne in addition to the policemen taken before the grand jury. It is believed they were asked about reports that policemen had been seen intimidating government witnesses in the case and offering them money not to testify or to leave town.

Work has started on the handsome new building for the First Bank at Bradentown. The furnishings and equipment of the new bank will be up-to-date in every respect.

Merchants' Gala Day Promises Big Time For Everybody

BARBECUE AT NOON

TOURNAMENT RIDING, RACES AND EVERYTHING THIS AFTERNOON—DANCE TONIGHT

(From Thursday's Daily)
The big day was started this morning when the parade swung down the streets headed by Sheriff Hand as grand marshal and the Sanford band playing inspiring airs as the horses pranced and the little boys were well repaid by the great sight for coming down before daylight to see it all. Captain George DeCottes, of Company D, led his gallant men on a fine horse and looked the part and his men followed with their ammunition carts, each cart being pulled by a mule and the array of military men and their equipment made a most imposing appearance. Many of the men were unable to get off from their work and the entire company was not in the parade but enough were there to show the public what they have in the way of armament.

Following the company came the merry minstrel men in costume with a piano on the wagon playing a merry tune and two rag time dandies playing the bones and tambourine advertised the big Dixie Minstrels tonight. The Quality Shop had a bevy of pretty girls in the parade as did the Lexington and Hupmobile cars, Willys-Knight and Handley-Knight and Overland cars, the Dodge cars and several others. The Hof-Mac Batters had their "boat" driven by Billy Hoffman, Lord's Purity Water had a car, and the rear was brought up by the tournament riders and there was a bunch of these Florida riders of the ranges and that they will give the public some real riding this afternoon goes without saying.

The parade was good for having been jumped up in a hurry a few days ago as it was decided at first to cut out the parade but the parade is half of the celebration and more than half of a racing event and it gives the crowd the proper pep to take in what comes later on. At noon today the big crowd will be entertained by the big free barbecue on the lake front and thousands will be fed here. The folks are bringing their baskets and it will be a general gathering of the folks for many miles around.

After the parade this morning Captain DeCottes gave a fine address to the big crowd in front of the court house and the morning was a busy one with the great mingling of the crowds on First street and the general shopping and trading of the out-of-town people. A big horse and mule auction is going on at the lake front and there is plenty of excitement and an atmosphere of a county fair.

This afternoon will come the tournament riding, the horse racing, the machine gun company shooting, the Rod and Gun Club shoot and many other features. Tonight the Dixie Minstrels and the big street dance in front of the court house.

The Sanford band is furnishing the music and everything looks like a perfect day. As the Herald forces has gone on a strike at 2 o'clock today the program and the write-up of the big day will follow in tomorrow's Herald.

OPPOSITION TO KU KLUX IN SOUTH JAX BETTERMENT LEAGUE ORGANIZES

(By The Associated Press)
JACKSONVILLE, Sept. 29.—Opposition to the Ku Klux Klan groups in South Jacksonville one of announced purposes Fifth Ward Betterment League organized at that town last night.

"New buildings are now in completion," says the Clermont Clarion in a headline. The newspaper tells of advance made in the construction of the Bailey-Isler building and at the Jones Building. Both structures are going forward rapidly, and will be ready for occupancy in a short time. Another building that is fast assuming shape is that of the First National Bank. Clermont will be much changed when the improvements noted are finished and occupied.

OUR SCHOOLS WILL OPEN MONDAY NEXT

Sanford Schools and the
County Schools at
Same Time

TEACHERS LIST

FRIENDS AND PATRONS OF
SCHOOLS URGED TO BE
PRESENT

The Sanford schools will open next Monday morning at 9 o'clock, with the largest enrollment in the history of the city.

All friends and patrons of the schools are cordially invited to attend the opening exercises. Teachers and pupils will appreciate your presence.

Following is the complete list of the teachers for this year:

- SANFORD High School**
Principal—(Science)—G. E. McKay.
Math. and Eng.—Mrs. G. E. McKay.
Latin and Stenog.—Mrs. R. C. Maxwell.
Mathematics—Ida Mae Gray.
History—Elisabeth Humphries.
English—Sara Evans Muriel.
Spanish and History—Geraldine Muriel.
- Grammar School**
Principal—Clara Millen.
Eighth Grade—Mrs. Pearl Babbitt.
Eighth Grade—Mrs. Selena M. Barber.
Seventh Grade—Laura Chittenden.
Seventh Grade—Ida Mae Hall.
Sixth Grade—Winnie Brown.
Sixth Grade—Mrs. W. A. Lester.
Sixth Grade—Mrs. Sinah T. Bray.
Fifth Grade—Edna Chittenden.
Fifth Grade—Ruth Kanmer.

- Primary School**
Principal—Mrs. Stella P. Arrington.
First Grade—Ethel Moughton (bldg principal E. Side Primary).
First Grade—Hermira Lehman.
Second Grade—Frances Hughey.
Third Grade—Mrs. Hazel Moughton.
First Grade—Mary Irvin (bld. prin. W. Side Primary).
First Grade—Mary Howard.
Second Grade—Mary E. Robinson.
Second Grade—Mrs. Nettie Moore.
Third Grade—Carolyn Spencer.
Third Grade—Mildred Huston.
Fourth Grade—Gladys Adams.
Fourth Grade—Ruth Gillon.
Fourth Grade—Louise Kolb.

County School Teachers
The public schools at Oviedo, Geneva, Longwood, Altamonte Springs, Paola and Osceola will open on Monday next, October 3rd, with the following teachers:

- Oviedo**
Principal—Prof. M. J. Okerlund.
Intermediate—Mrs. J. N. Thompson.
Primary—Ruth Young.
- Geneva**
Principal—Miss George Pattishall.
Intermediate—Mrs. M. E. Dooley.
Primary—Mrs. Katherine Kilbee.
- Lake Monroe**
Principal—Prof. J. Tilden Jacobs.
Intermediate—Mrs. S. H. Buchanan.
Primary—Mrs. Minnette Jacobs.
- Longwood**
Principal—Prof. F. S. Miller.
Assistant—Helen Moran.
Chuluota
Principal—Prof. W. L. Sieg.
Assistant—Mrs. W. L. Sieg.
Altamonte Springs
Principal—Miss Oleeta Morris.
- Lake Mary**
No teacher (transported to Sanford).
- Paola**
Principal—Mrs. Helen Pearson.
Osceola
Principal—Mrs. Agnes McCormack.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.
Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.
It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.—Adv.

Crop Insurance

available to citrus growers
only through cooperation in

Florida Citrus Exchange

Only through the local associations of the Florida Citrus Exchange may any citrus grower obtain the manifest benefits of pooling.

the grower who stands by himself must have fat years and lean years. He pools with himself over a period of years.

Pooling as practiced by the leading, progressive Florida Citrus Exchange associations is the only practicable form of business and crop insurance.

By pooling as practiced by the Florida Citrus Exchange associations, each grower gets his average bit of each season's fat and lean. The result in the end is eminently satisfactory. Perhaps in the long run each grower receives no more money, but there is all the difference between the steady income of the worker and the spasmodic income of the gambler, which builds little and often embarrasses much.

Pooling does not mean a hit-or-miss joining of interests. Each grower obtains the average price for fruit only of the precise grade and size which he has to ship.

Pooling in most Florida Citrus Exchange associations has been reduced to a scientific practice. It takes the gamble out of the production of oranges and grapefruit. It puts citrus fruit production upon a business basis. It is endorsed by the most successful and the far-sighted growers in every section—growers whose achievements have made citrus growing a business rather than a venture. Join the Florida Citrus Exchange and help to bring about conditions under which you may pool your fruit with that of other growers.

Pooling does not encourage communism; it is a co-operative principle which puts a premium upon better fruit and better effort. Every grower pools, whether or not he has the advantage of pooling.

Each grower must pool with himself if deprived of the privilege of pooling with his neighbors. Then, since it is inevitable in the marketing of any perishable crop that a certain percentage of shipments shall meet with unavoidable grief and misfortune,

Ask the manager of any local Association, or of any Sub-Exchange, or write to the business manager of the Florida Citrus Exchange, Tampa.

FLORIDA CITRUS EXCHANGE

WILL BRYAN AGAIN RACE FOR SENATE

WASHINGTON, D. C., Sept. 28.—Hon. W. J. Bryan, who three or four years ago declared he was going to take up his citizenship in Florida, has been in Washington for a brief visit this week. Mr. Bryan while here talked interestingly regarding public questions.

A few years ago when Mr. Bryan purchased a home in North Carolina it was often stated that he would probably be a candidate for the United States senate from that state. Later, when he acquired interests in Texas, newspaper writers published stories to the effect that Mr. Bryan would probably run for senator from Texas. Mr. Bryan neither affirmed nor denied, but remained silent; however, he did not become a candidate. Now, since his announcement that he has recently adopted Florida as his legal residence and will become a voter in that state when he has been a citizen sufficient length of time to entitle him to register, enterprising newspaper writers, without any authority from Mr. Bryan, occasionally suggest the probability of his becoming a candidate for the senate from Florida.

It does not appear that Mr. Bryan is responsible for these rumors. Around the capitol it is the opinion that Mr. Bryan is too astute a politician to even consider becoming a candidate for the senate so soon after declaring his citizenship in a state in which he is not yet a qualified voter and cannot so qualify until one year after adopting his legal residence therein. It is recalled that only last year Mr. Bryan was a voter in Nebraska and was a candidate in that state.

While it is predicted here that Mr. Bryan will not become a candidate, should he decide to do so, those who are familiar with Senator Trammell's splendid record in the senate and his devotion to Florida in which state he has resided for more than forty years and during which time he faithfully served his people as attorney-general and governor prior to his election to the senate, freely predict that he will be re-elected by an overwhelming majority. Many Floridians who visit the capitol say the sentiment is quite generally in favor of Senator Trammell's re-election, and that his service has been so satisfactory that there appears to be no probability of his having opposition.

The way America is taking its dose of deflation may lead outsiders to suspect that we put the yell in yellow.

Work has just started on remodeling the First National Bank building at Brooksville.

HOLY CROSS WHITE WAY.

One of the most progressive and biggest things done recently in Sanford is the establishment of the Holy Cross White Way, a series of the modern up-to-date posts stretching along the church's property on Park avenue, the whole block on Fourth street and around on Magnolia avenue. It thus lights most effectively Holy Cross parish house, Holy Cross church at Saint Andrew's brotherhood house, Holy Cross rectory and the Parish bowling alleys. Outside of the business section of First street, it is the most brilliantly illuminated part of our city. The White Way is the immediate results of the Men's Club of Holy Cross, which is a very large, wide-awake and progressive club. The first regular meeting of this club for the season will be the 2d Wednesday night in October, 12th, 8 p. m., in the Parish House.

The White Way was first lighted last Sunday night, 18th Sunday after Trinity. There are still larger and greater changes and improvements under way at Holy Cross, making it one of the very largest and most complete institutional plants in the whole south. All are invited to come and join in this big work.

THE TEMPLE PIPE ORGAN CLUB.

The Temple Pipe Organ club had its regular weekly meeting Monday afternoon in connection with a lake party at Crystal Lake with Mrs. Sinah Bray and Miss Clara Millen as hostesses.

Twenty members met at the church promptly at 3:30 and motored to the lake where they enjoyed a delightful swim after which the meeting was called to order and one new member, Mrs. Field, was initiated and as there was no unfinished business to come up and the absence of the new president (Mrs. Ryan) the club spent the remainder of the afternoon in social chattering until 5:10 when Miss Millen announced that plates had been laid for refreshments which consisted of cherry cream and pound cake. At 6:00 the club adjourned, each assuring the hostess that they had never spent a more delightful meeting. And as no definite place for the next meeting could be made, we left hoping it might be just as enjoyable as this.—Contributed.

SENATOR WATSON DENIES HE IS IN K. K. K. AS MEMBER.

WASHINGTON, D. C., Sept. 27.—Senator Thomas E. Watson, of Georgia, in a letter to representative Tague of Massachusetts, today denied a published report that he is "king of the Ku Klux Klan" in Georgia.

"I am not a member of the Klan, nor a yother secret organization, except the Junior Order of American Mechanics," Senator Watson wrote.

LADIES! DARKEN YOUR GRAY HAIR

USE GRANDMA'S SAGE TEA AND
SULPHUR RECIPE AND NO
BODY WILL KNOW

The use of Sage and Sulphur for restoring faded, gray hair to its natural color, dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.—Adv.

CLYDE LINE TRIPPERS ENJOYED THE HOSPITALITY OF SANFORD CITIZENS

Dear Editor: Received your copy of Sanford Herald, but you seem to have omitted me from the list in the paper. I enjoyed my trip immensely and especially the genial "Captain of Osceola" and I was in Mrs. Calder's machine and also heard her explain the different points of interest, etc. Perhaps no one on the trip would value the press notice as much as myself.

We appreciated the hospitality of the druggist who treated us all to free ice cream on a hot day. It was a stroke of business quite worthy of a yankee for nearly every one bought something and persuaded Mrs. Calder to take her other trippers there.

M. COLYER BURGESS.
New York.

"I Spent \$1.25 on Rat-Snap and Saved the Price of a Hog."

James McGuire, famous hog raiser of New Jersey, says: "I advise every farmer troubled with rats to use RAT-SNAP. Tried everything to get rid of rats. Spent \$1.25 on RAT-SNAP. Figured the rats it killed saved the price of a hog." RAT-SNAP comes in cake form. No mixing with other food. Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.

In time of war, the nations trust in God; now if only in time of peace, they will trust one another.

WESTMINSTER CLUB ENTER-TAINED.

(From Tuesday's Daily)

The members of the Westminster Club were very delightfully entertained last evening by Mrs. H. H. McCaullin at her home on Magnolia avenue.

The house was effectively decorated with red roses and hibiscus and ferns. On the porch quantities of pink vine in baskets were used. A short business session was held.

after which the evening was pleasantly spent making articles for the Bazaar, which will be held in December.

At a late hour the hostess served tempting refreshments of salad, sandwiches, olives and punch.

About thirty members were present.

There are two classes of people: those who fake their tax returns and those who have nothing to tax.

UPSALA AND GRAPEVILLE

Rev. J. I. Albertson and wife, our Sunday school missionaries, will be with us again next Sunday, preaching at 11 a. m., at Lake Mary, 3 p. m. in Upsala and in the evening at Paola. We are always glad to have them with us.

Mr. and Mrs. Harold Haskins were Sunday visitors at the home of their sister, Mrs. Niece and father, Mr. Malm.

Mr. and Mrs. W. C. Tyner, of Sanford, and their mother, Mrs. Charlotte Tyner, of Tampa, who has been recently visiting with them and with friends in Jacksonville, were Sunday guests at the home of Mr. and Mrs. T. O. Tyner; on the 25th Miss Berwin of Sanford was a visitor.

Eddie Lee and a lady friend spent Monday evening at the home of his brother, Jesse and wife.

Clarence Bergquist is having a little rest up at the home of his parents at Tiger Bay, and his brother, Elmer, is here just now, both have hurt a finger.

Our Grapeville young men are about all off on a motor trip this week and things seem pretty quiet.

Miss Olga Vihlen is enjoying a well earned rest at the home of her parents, was a caller at the home of Mrs. Jesse Lee, Monday. She has just returned from a three weeks vacation spent with friends at Miami.

Mrs. A. F. Westerdick leaves with Mrs. Parkinson and granddaughter, Miss Helen, of Osteen, on Thursday to attend the annual Adventist camp-meeting in Orlando, for ten days.

Mr. and Mrs. A. L. Campbell and little ones, left on Monday to visit two or three weeks with his relatives in Indiana.

Friends will be sorry to hear that Mr. and Mrs. Chas. Rantone of Boston, have given up the idea they had of coming south this winter, so Mr. and Mrs. Stent, who have been keeping up their place for them will move back to their own home in a couple of weeks.

Upsala had a good rain Sunday, but only a few drops fell in Grapeville.

Magnuson spent a few days at the home of Mr. and Mrs. Ericson, he is expecting soon to have to take up his work again for Mr. Chase.

We hear that Mr. J. E. Sundquist has been ill for a few days.

Mrs. Ballinger was in Upsala Tuesday, spending the day with Mrs. Ebba Lee and mother, Mrs. Stedt, also calling on Mrs. Barro and Mrs. Ericson.

Mr. and Mrs. Edwin Peterson and daughters motored over Sunday from their home at Holly Hill and spent the day with relatives in Grapeville.

In our last items we gave the sad news of the death of Mrs. Emil Magnuson, which we think will be in the weekly. Rev. Walker, from Sanford, conducted the funeral services and a large number of relatives and sympathizing friends attended the funeral with many beautiful floral offerings, covering the grave at Lakeview. Her sister, Mrs. Alma Kerr, of DeLand, and Mr. and Mrs. Larson, of Mr. and Mrs. Jackson, from Piedmont, also attended.

J. C. Collier, of Sanford, left on Saturday for Canton, N. Y., to bring back his better half, who has been spending the summer north with their relatives.

GENEVA

Mr. and Mrs. Endor Carlett were visitors in Tampa Tuesday.

Mrs. Rolland Reed, of Lake Harney, spent Friday with Mrs. Clifford Proctor.

Mr. and Mrs. Wakefield and Mr. and Mrs. T. W. Prevatt were shopping in Sanford Friday.

Mrs. Clifford Proctor, accompanied by Mrs. I. D. Hart and family spent Sunday at Daytona Beach.

Ruth McFarlane spent Friday and Saturday with Miss Betsy Clark at Oseola. Going down to attend the birthday party of Miss Betsy.

Mr. and Mrs. T. W. Prevatt motored to Osteen Sunday to spend the day with Mrs. Prevatt's mother, Mrs. J. M. Littler.

Mead Baker went to Daytona Beach on Friday to spend the week end.

Mr. and Mrs. Joe Stevens, of Oseola visited Mrs. McFarlane on Saturday evening.

The Misses Pauline and Alice Geiger returned to Orlando Wednesday after spending a few days with their mother, who has been confined to her bed several days with fever.

Mrs. F. J. McClean has been very sick at her home. Her many friends hope for her speedy recovery.

A GOOD FRIEND

A good friend stands by you when in need. Sanford people tell how Doan's Kidney Pills have stood the test. Mrs. E. Woodcock, of 300 Elm Ave., endorsed Doan's six years ago and again confirms the story. Could you ask for more convincing testimony?

"Time has only increased my regard for Doan's Kidney Pills and I cheerfully give my endorsement," says Mrs. Woodcock. "Since giving my last statement, I have used Doan's and they proved most satisfactory in relieving me of a severe case of kidney trouble."—statement given May 21, 1910.

On March 19, 1918, Mrs. Woodcock said: "Doan's Kidney Pills made a complete cure in my case of kidney trouble some years ago and the cure has lasted. I gladly give this endorsement and wish to confirm my former statement."

Presented at all dealers. Don't simply ask for a kidney remedy, get Doan's Kidney Pills, the same that Mrs. Woodcock had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

VANCE DOUGLASS HOME-BURNS

(From Wednesday's Daily)

The country home of Vance Douglass on Golden Lake south of the city burned to the ground last night being a total loss. Mr. and Mrs. Douglass had just finished their supper and were in the home and it was one of the most comfortable and convenient of our barbon homes in this section. It is not known just how the blaze started but rumored that it might have caught from a defective wire as Mr. Douglass had his own electric plant and the entire place was well lighted. The sympathy of their many friends is extended to Mr. and Mrs. Douglass and family in their loss of home and furnishings.

PERSONAL NOTES

(From Wednesday's Daily)

Mr. and Mrs. George DeCottet returned home last night from Daytona Beach where they spent the week end with Mr. and Mrs. G. D. Bishop.

Mr. and Mrs. R. L. Christenberry will be at home to their friends at their apartment at the home of Mr. and Mrs. R. Waltour on Laurel avenue.

Mrs. S. D. Lazarus and little son leave tonight for their home in Brooklyn, N. Y., after spending several weeks here with her mother, Mrs. Frank and brother, Felix Frank, at their home on Palmetto avenue. Mrs. Lazarus has been extensively entertained during her visit here.

Mr. and Mrs. W. J. McBride and Porter Whigham left this morning in the McBride car for Alabama where they will visit relatives and friends for several weeks.

Mr. and Mrs. Robert Waltour moved into their new home yesterday, which they recently built on Laurel avenue.

Complete line of army goods at Thrasher & Garner's. Prices are right. 7-2tc

Mr. and Mrs. Frank Akers are now occupying their apartment at the home of Mr. and Mrs. Robert Waltour on Laurel avenue.

New army McClellan saddles, at one-half price, \$15, at Thrasher & Garner's. 7-2tc

Mrs. D. L. Thrasher and Miss May Thrasher motored to Eustis yesterday where they spent the day.

Tanlac is made of roots, herbs and barks and contains no minerals or opiates.—Union Pharmacy.—Adv.

Eye Strain Dulls the Brightest Child

Defective sight is one of the greatest drawbacks to the health and development of children. It is many times responsible for backwardness in school. Perhaps your youngster's vision is faulty. It won't require much effort on your part to find out and you will certainly be better satisfied to know.

Happily, many visual defects of childhood yield readily to skilled treatment if applied in time. Now that school time is here, when the eyes will be in constant requisition, you should be doubly sure that your child is fitted for the day's tasks. The school, the clothing, the books, etc., are all cared for, of course, but most important of all—remember the eyes!

We are adding a full assortment of frames in children's sizes to our stock which will enable us to fit your boy or girl with glasses compatible with his age and size.

ONE BRAND - ONE QUALITY - One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarette aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go into the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

TURN FLEETS OF COMMERCE TO WAR VETS

PRESIDENT HARDING ACCEPTS VETERAN PRESIDENCY ORGANIZATION

WASHINGTON, Pa., Sept. 28.—President Harding today accepted the presidency of the American Legion, a veterans organization, at a meeting of the executive committee...

President Harding expressed the hope, in announcing his acceptance of a vice-presidency that the organization will realize the large usefulness of which its program gives promise.

It was announced that another meeting of the organization would be held next Friday. Ernest Metzger, secretary to Mayor Martin, and who acted as chairman of today's meeting, asserted that requests for information and membership had been received from all sections of the country.

Other speakers today included J. Lee C. M. Tyler, Florida freight agent for the Southern Railway, Mayor H. R. Payne, commander of the local American Legion post, J. H. Coughlin, of a local business firm, J. W. Hart, originator of the plan, E. R. Waite, publisher of the South Atlantic Ports magazine, and City Commissioner W. A. Evans.

The demand will come from about two-thirds of the population of Florida if the sentiment in the peninsula area of the state is unanimous. It is the increasing sentiment in the popular and wealthy section of the state that is expected to finally turn the balance to removal, and when that time arrives the selection of a site fairly and justly situated for all will bring the capital in one of three cities Palatka is one of them.

The Times-Union prints some interesting data taken from an old geography of Florida, published in 1855. The state then consisted of twenty-eight counties, with a total population of 87,445, according to the 1836 census figures. Leon county was the largest in population, having 11,122.

Seven counties west of the Suwannee-river held 49,240 of the total state population, considerably more than half the entire number of people in Florida at that date.

The five southern Florida counties of Dade, Hillsborough, Orange, St. Lucie, and Monroe, had a combined population of 8,526.

A comparative showing of those seven northern counties and the five southern counties...

COUNTY	1850	1920
Dade	1,808	11,224
Hillsborough	1,379	46,774
Orange	8,774	22,261
St. Lucie	6,000	11,224
Monroe	6,630	11,224
Leon	7,718	14,762
Alachua	11,122	18,076
Volusia	1,400	10,716
Total	19,210	166,930

When the seven northern counties were increasing less than 42 per cent in seventy years, the five southern counties grew in population more than 12 times their 1850 total...

It is pointed out that the removal of the seat of state government from Tallahassee to a point nearer the center of the state's population, as the Palatka Chamber of Commerce has proposed, would be a move toward a more equitable distribution of the state's resources.

It is pointed out that the removal of the seat of state government from Tallahassee to a point nearer the center of the state's population, as the Palatka Chamber of Commerce has proposed, would be a move toward a more equitable distribution of the state's resources.

Misses Louise Sheppard and Edna Simpkins, returned to their home in Jacksonville, after spending some time here as the guests of Mrs. Claude Howard. They spent several days in Orlando as the guests of Mrs. Cecil Butts.

MEAT CAUSE OF KIDNEY TROUBLE

TAKE SALTS TO FLUSH KIDNEYS IF BACK HURTS OR BLADDER BOTHERS

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

BRIDGE PARTY AND LINEN SHOWER.

(From Tuesday's Daily)
Mrs. C. R. Kirtly was the charming hostess at a bridge party and linen "shower" in compliment to Mrs. Dick Brown, a recent bride.

The rooms where the card tables were arranged, were artistically decorated. Quantities of cut flowers being used.

Of exceptional interest was the card game. Mrs. J. G. Sharon, making high score, was awarded a box of powder.

Following the game the hostess brought in a large tray filled with lovely pieces of linen which she presented to the honoree. Refreshments of frozen custard and angel food cake were served by the hostess.

Among the guests were, Mrs. Dick Brown, Mrs. J. G. Sharon, Mrs. Ralph Wight, Miss Norma Herndon, Mrs. John Meisch, Mrs. Robt. Hines, Mrs. Fred Wight, Mrs. Henry Wight, Miss Frances Dutton, Mrs. Joe Chittenden, Misses Daphne Wimbish and Agnes Dumas and Mrs. J. G. Hall.

Mrs. Keach Tells How She Got to Know Rat-Snap.

"Have always feared rats. Lately noticed many on my farm. A neighbor said he just got rid of droves with RAT-SNAP. This started me thinking. Tried RAT-SNAP myself. It killed 17 and scared the rest away." RAT-SNAP comes in three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.

BRIDGE PARTY.

(From Tuesday's Daily)
Miss Mell Whitner entertained most delightfully yesterday afternoon at a bridge party at her home on Magnolia avenue, there were six tables of players.

The pretty color scheme of pink and green was beautifully carried out in the decorations. Quantities of pink vine and ferns being used.

A very absorbing game of bridge was played during the afternoon, high score being made by Mrs. Archie Betts, who was awarded a wicker basket filled with pink roses, the handle tied with pink and green tulle. The cut prize, also a basket of roses, was won by Mrs. La Verne Hurt.

At the conclusion of the card game Miss Whitner served a delicious salad course.

There were about twenty-five guests who enjoyed Miss Whitner's charming hospitality.

TENNESSEE UNIVERSITY PRESIDENT WILL ADDRESS LIVE STOCK MEN AT ROUNDUP AT GAINESVILLE

"Need of Team Work in Agriculture" Will Be His Subject

"The Need of Team Work in Agriculture" will be the subject of an address by Dr. H. A. Morgan, president of the University of Tennessee, at the Livestock Roundup, University of Florida, on October 6th. This information just made public by officials who are arranging the program and will conduct the meeting.

Dr. Morgan is one of the foremost leaders in the agricultural world. Few men have devoted so much time and effort to the uplifting of the South, agriculturally, as has he; his services to the farmers of the South cover a period of thirty-three years.

Beginning in 1889 he was state entomologist of Louisiana for sixteen years. In 1905 he became director of the Tennessee Experiment Station. He filled this position so successfully that in 1919 he was also made president of the University of Tennessee, which position he now holds as well as being director of the Tennessee station.

It was while located in Louisiana as state entomologist that Dr. Morgan made critical investigations which brought much new light to bear upon the life history of the cattle tick. He was the first man to learn how the tick develops and to discover that the tick actually could be eradicated. Much of the success of tick-eradication work

of recent years has been due to the knowledge which he gave the world regarding this creature.

President Morgan was a member of the Commission for Study of Rural Credits and Co-operation in Europe and with other noted scientists made a critical study of agricultural conditions in the old world, bringing back many ideas that have been incorporated in the farming practices of this country.

ALLEN-BROTHERSON

(From Tuesday's Daily)
Among the home weddings solemnized this season, one of the most interesting was the marriage of Miss Anna Francis Allen to Ernest Augustus Brotherson, which took place this morning at 10 o'clock at the home of the bride's parents, Mr. and Mrs. Lott Allen. Dr. S. W. Walker, pastor of the Methodist church, officiated, using the impressive ring ceremony. In the living room where the marriage ceremony was performed, a pleasing color note of green and white was effectively carried out with quantities of vines and fern and the lovely flower of the white Clematis. In the Northwest corner of the room a large white arch had been erected, over which frailest graceful asparagus fern, suspended from the center a big white bell fringed with clusters of Clematis was charming against the back ground of banked greenery that formed a pretty setting for the wedding group. The piano and mantel was covered with the exquisite flower nestling in its bed of green.

In the entrance hall the stairway was entwined with the wedding bell vine, while back of it an effective fresco against the wall was formed of the same flower in graceful profusion. The wedding music was played by Mrs. S. W. Walker using the bridal chorus from Lohengrin for the entrance of the bride and Mendelssohn's wedding march at the conclusion of the ceremony.

The bride, who was given in marriage by her father, wore a wedding gown of Harding blue satin with tulle of richly embroidered brown net. Waist and tulle were made in one-piece effect fashioned in straight lines and finished with a sash girldie of wide brown silk ribbon. With this charming frock was worn a stylish off-the-face hat in harmonizing color with embroidered un-turned trim and soft cheville crown. Her bouquet was of bride's roses and orchids.

Following the ceremony there was an informal reception after which Mr. and Mrs. Brotherson left in their car for a wedding trip down the East Coast which will include West Palm Beach and Miami. The bride wore a travelling dress of blue linen tulle embroidered in white, with accessories to match.

Mrs. Brotherson, who is a petite and dainty blonde, is the oldest daughter of Mr. and Mrs. Lott Allen. She has a charm of manner and winsomeness that makes her very popular.

The groom is the oldest son of Mrs. Loretta Brotherson and a Sanford boy making good in the business world. Both young people have many friends to wish them a long life of happiness together.

A charming bit of sentiment attaches to the marriage of Mr. and Mrs. Brotherson, the father and mother of the groom having been married and Mr. Brotherson born in the residence formerly the Tolar home, where the wedding of this morning was solemnized.

Upon their return they will reside at the home of Mr. and Mrs. Allen on Second street, west. They will be at home after October first.

Among the out-of-town guests were: Mrs. J. E. Motes, of Plant City, and Mr. and Mrs. J. H. Matthews and Harry Baxter, of Ocala.

The world news the day it happens, the Herald office.

Read What U. S. Dept. of Agriculture Says About What Two Rats Can Do.

According to government figures, two rats breeding continually for three years produce 359,709,482 individual rats. Act when you see the first rat, don't wait. RAT-SNAP is the surest, cleanest, most convenient exterminator. No mixing with other foods. Dries up after killing—leaves no smell. Cats or dogs won't touch it. Sold and guaranteed by Ball Hardware Co.

The report that Lloyd George has neutralized will be mad news in Dublin, probably, where it was hoped he would be visited by something more permanent in nature.—Kansas City Star.
