### FLORIDA IN BRIEF

### Comptroller Gerald Lewis Refuses To Open Files

TALLAHASSEE, Fla. (AP) - Comptroller Gerald Lewis has refused to open all files of banks established under his predecessor, saying it might not be good for the public to know what political strings were pulled on state bank charters.

Lewis defeated indicted former Comptroller Fred O. "Bud" Dickinson in a bitter Democratic primary runoff. Lewis made the secrecy with which Dickinson awarded bank charters a big campaign issue.

"A great deal of material under the existing law is confidential," Lewis spokesman Harold "Buz" Rummel said. "There is a gray area which we're trying to resolve right

\_ Information about letters that accompanied applications for bank charters is not open for public inspection, Rummel said. That is part of the gray area. "The law does make any information regarding the status of any existing bank, other than balance sheets, confidential," he added.

#### 150,000 License Suspensions

TALLAHASSEE, Fla. (AP) - Stuffing a traffic ticket into your glove compartment and forgetting about it could cause you to lose your Florida drivers license, a Department of Highway Safety and Motor Vehicles official

Allen Cochrane, assistant director of the division of drivers licenses, said Monday that the licenses of an estimated 150,000 Floridians will be suspended this year under a law that decriminalizes minor traffic offenses. Cochrane said the law, which went into effect Jan. 1. requires that licenses be suspended when persons receiving tickets for minor traffic offenses fail to pay the fines by mail or show up in court.

The new law made it easier for motorists cited for spee\_ing or other minor traffic violations to pay their fines by mailing them in without having to go to court.

### State Super Agency Planned

TALLAHASSEE, Fla. (AP) - A plan by legislative leaders to reorganize state environmental agencies will be basically different from one proposed by a state planning division team, an aide says. House Speaker Don Tucker and Senate President

Dempsey Barron are still talking of consolidating environmental agencies into one "super agency" with the exclusion of the Game and Fresh Water Fish Commission, Ken Driggs, Tucker's press aide, said Monday The commission cannot be changed because it is a constitutionally created agency, Driggs said.

#### Prison Contract Awarded

TALLAHASSEE, Fla. (AP) - The General Services Department has awarded a contract for construction of a 300-bed prison but is still referring the entire file to Atty Gen. Robert Shevin for investigation, officials say.

In a memorandum to Cabinet aides, T. Michael Seale, assistant department executive director, said Monday that Standard Construction Co. of Florida Inc., Maitland had posted a performance bond on Jan. 31 and it was approved by the Insurance Department.

### **Eight Southern Governors**

Back Ford's Gas Plan

ATLANTA (AP) - President Ford has won the unanimous backing of eight Southern governors in his opposition to gas rationing, but many of the governors remain skeptical about his energy program. This was the view expressed by the state executives following a fourhour meeting with Ford on Monday night. At a briefing session for newsmen that wound up early today, only Republican Gov. James E. Holshouser Jr. of North Carolina said he was in basic agreement with all facets of Ford's interrelated energy economic blueprint.

### Baker May Run For President

WASHINGTON (AP) - Sen. Howard H. Baker Jr. says he is exploring the possibility of seeking the Republican presidential nomination in 1976 even though President Ford has said he intends to run himself. Baker said he has based a series of "casual" political conversations with about 30 fellow Republican senators and GOP politicians on the assumption that Ford may change his mind and drop out of the race.

### **Overly Optimistic Forecasts**

presidential Council of Economic Advisers have been than if they had flipped a coin, says a prominent economist. The conclusion by Geoffrey H. Moore in the latest economic newsletter of Morgan Guaranty Bank of New York came prior to the Council of Economic Advisers' most dismal official forecast ever Monday.

#### **Higher Payroll Taxes Sought**

WASHINGTON (AP) - The former head of the Social Security Administration recommends higher payroll taxes on upper income earners as the best remedy for multi-billion-dollar Social Security deficits. Robert M. Ball, Social Security sommissioner for 11 years, warned that an alternative suggestion to channel an unprecedented \$7 billion in general revenues into the Social Security system might transform Medicare hospital insurance into another welfare program.

### WORLD **IN BRIEF**

### Ethiopians Ask Rebels

### To Lay Down Their Arms

ADDIS ABABA, Ethiopia (AP) - The Ethiopian military regime today asked the Moslem rebels in Eritrea to lay down their arms after five days of fighting but vowed it would never permit the northern province to

The statement issued by the military regime termed the rebels of the Eritrean Liberation Front (ELF) "a handful of bandits." It offered amnesty "to people who committed murder due to private or other causes, robbery and other offenses and have gone to the bushes."

Foreign observers viewed the amnesty offer as an attempt to reduce the ELF's strength by weaning away Eritreans who joined the guerrilla army recently to escape punishment for common crimes. The government also proposed a "peaceful dialogue to solve the Eritrean problem."

### **Demarcation Line Proposed**

WASHINGTON (AP) - Indonesia has been sounding out North and South Vietnam on dividing the south along a demarcation line between Viet Cong and Saigon government forces, diplomatic sources say.

Asked if such a division would be feasible, Secretary of State Henry A. Kissinger told a National Press Club audience Monday, "the United States has always been prepared together with the government of Vietnam to see peace maintained along demarcation lines." He said that the Paris peace accords contained a

provision for determining these lines, but "it was the Communist side which refused to agree to demarcation and to employ controlled commission teams to demarcate

Kissinger noted that the 1973 Paris agreement included Casselberry Hires City Planner no requirement for the withdrawal of North Vietnames forces, but there was a prohibition against the in troduction of new personnel into the south. He said this prohibition has been violated consistently. adding "the only security problem now is the presence of North Vietnamese personnel in the south."

### Russians Supplying Egypt

WASHINGTON (AP) - Russia has delivered military cargoes to Egypt for the first time since last summer U.S. intelligence sources report. Two Soviet ships unloaded more than 7,000 tons of ammunition and spare parts in Egypt in recent weeks.

sources said. These were the first such deliveries since last August when 8,000 tons of spare parts and ammunition for previously supplied Soviet weapons were landed at the port of Alexandria.

The January shipments included no new equipment, although there have been reports the Russians agreed in December to send some MIG21s and other warplanes promised to the Egyptians before the flow of Soviet weapons was halted in April.

### **Drinking Water Shortage**

ADDIS ABABA, Ethiopia (AP) - Heavy artillery an small arms fire was heard in Asmara during the night, an American official reported, and Ethiopia's second largest city was without lights and threatened by a shortage of drinking water. U.S. Vice Consul Bob Perry reported by telephone that Asmara, where government forces and Eritrean insurgents battled through the weekend, was generally quiet Monday until heavy firing broke out just before midnight. Perry said the 300 Americans among the city's 200,000 population have food for at least a week.

### **Deficit Hits Home Loans**

The housing industry customarily sits at the spearpoint of both recession and economic recovery in the United States of America. It traditionally is the first to feel an economic downturn and first to show signs of renewed

Last year, the industry suffered its seventh slump since World War II. Housing starts in 1974 dropped from 2.05 million to 1.3 million units, the largest annual decline since 1943.

The cause can be traced to the inflation which has pushed the price of homes to record highs. Because fewer Americans are buying homes there were sufficient homes for sale at the end of 1974 to furnish the demand of citizens for a year.

The depression in housing led the federal government to pour \$25 billion in federal funds into the industry last year, mostly in the form of subsidies for single family housing. It is a tribute to the basic strength of our economic system that so much federal borrowing, which added to the general inflation and the price of homes, did not lead to a new housing problem.

In fact, the opposite proved true as the system, which still is competitive, recovered slightly. By the end of 1974, more money was flowing into savings and loan institutions and banks that form the principal source for home financing. First National City Bank of New York, for example noted that inflow to lending institutions, which had shrunk to about \$500 million-a-month in mid-1974, had been restored to a \$2 billion-a-month rate by the end of the year. These figures represented the first good news of the year for the housing industry.

Housing industry leaders expressed optimism at the recent annual convention of the National Association of Home Builders in Dallas, Tex. Lewis Cenker, the association's president, said that housing sales would pick up in mid-spring. Mr. Cenker based his optimism on the increasing flow of mortgage money to lenders and on declining mortgage rates.

Unfortunately, another disruptive element now has been injected into the picture. The Department of Treasury must borrow \$28 billion during the next six months to finance the federal budget deficit. This again will place the government into competition with private lending institutions. The federal-private competition for funds cannot help but have an adverse effect on home building.

Once more, we are furnished with evidence that the federal government does not understand its proper role in helping the economy to recover. That role, simply stated, is not to impede the inherent self-recovery mechanism of the private

### **Hebert Loss Hurts**

Changes in institutions must go hand in hand with progress said Thomas Jefferson early in the life of our republic. The converse is that change simply to exhibit power for power's sake is the worst possible reason to change an existing order that is working well. The dismissal of F. Edward Hebert as chairman of the

House Armed Services Committee falls into the latter category. we believe. Rep. Hebert has an outstanding record of dedicated attention to the nation's security. He is a ranking expert on defense matters. And his leadership of the House Armed Services Committee always has been largely nonpartisan. The outster of Rep. Hebert will cause the enemies of the United States of America to reloice.

### Crystal Balls Amazing JACK ANDERSON

Crystal balls come in all sizes; the most amazing is the one which enables sports oracles to rank college basketball teams before they have played any games.

"Honey - we're going to make it! The money we get back from our income tax should cover the rise in the price of fuel!"

### Around The Clock-

Not too many weeks ago I had a first hand experience regarding jury duty and wrote of what I observed as a terrible waste of time insofar as this venireman is concerned. Reader reaction to that article basically con-

firmed similar feelings from those who have also

Although I indicated there was a feeling of nobody knowing what's really going on - causing innumerable delays, etc., that was not the case for Clerk of the Circuit Court Arthur Beckwith and his staff when it came time to mail out the checks to those of us who reported for duty that week.

My check was in the mail the following week covering the \$10 per day, plus mileage from my voting precinct to the courthouse. It amounted to \$46, as best as I can recall it now.

The point I'm trying to make is there were 100 of us called to serve that week. Actually only six persons ever did get to serve as jurors. However, using my check as an average multiplying it times the 100 persons, that \$4,600 which was paid to the

'The law is wrong, the government is wrong, I'm

BOSTON - (NEA) - It still seems strange to

some to hear Nancy Yotts criticize the system.

Even in these times when such is the predilection

of increasing numbers of citizens, when

grumbles can be expected at the drop of an

opportunity from young people, poor people,

black people, it remains a kind of contradiction

She is lower middle class white, married to a

hard hat, backbone of the community and all

that. It is accurate to say the larger society has

grown used to her kind suffering in silence and

Small wonder then that as Yotts and much of

the rest of the working class population of South

Boston continue their loud protest against school

busing, their motives and emotions are largely

misunderstood. Branded racists since last

September's school opening, the epithet is

"All we want is fairness," says Mrs. Yotts, her

arms folded over a housewife's cardigan, part of

her hair pinned in curls. "Blacks have been

**Gottfried Practiced Hard** For First Round Tennis Win

ST. PETERSBURG, Fla. (AP) - Fifth-seeded Brian Gottfried of Fort Lauderdale, Fla., says he practiced hard on his serve before taking a firstround victory in the \$60,000 WCT St. Petersburg tennis classic.

Gottfried easily defeated Teimuraz Kakulia of Russia 6-3, 6-1, on Monday. But second-seeded Jaime Fillol of Chile squeaked by Ove Bengtson of Sweden 7-6, 4-6, 6-3. Bengtson used a powerful serve to give Fillol, who was playing below-par, surprisingly hard fight and force the match to three

Today, the tournament matched crowd-favorite Rod Laver of Australia against Jim McManus of Oakland, Calif. and top-seeded Vitas Gerulaitis of Brooklyn, N.Y., against Anand Amritrajov of India.

### Ex-Pro Mackey Complaining

MINNEAPOLIS (AP) - John Mackey, a former pro football player trying to overthrow some of the sport's cherished rules, was pictured Monday as the beneficiary of lavish salary and other benefits.

Mackey, 33-year-old one-time tight end with the Baltimore Colts and San Diego Chargers, said that National Football League regulations hurt his chances for going to another team when he got disenchanted with the He is one of 16 plaintiffs joined by the NFL Players As-

sociation in challenging the Rozelle rule, named after

# Southern Bell Tells Of 'Freebies' For Employes

The price for dialing goes up. . .

verdicts of innocent yesterday today, however, on \$5,000 bond

of 310 Third St., Sanford after a stolen motor vehicle.

By ED PRICKETT Herald Staff Writer

Southern Bell Telephone Co., the firm that was granted an \$85.9 million interim rate hike, provides free or discounted telephone service to employes, retirees and its board of directors, an official has confirmed.

In Seminole County, an estimated 20 managerial employes receive free local service, while another 120 hourly or craft workers have \$3.09 knocked-off their monthly local service bills, according to a company spokesman.

In addition, long distance calls placed by supervisors are free — as long as they're approved at the district level. Craft employes are allowed long distance calls, too, as long as they're approved by supervisors and related to company business, an official says.

The "freebies," says Tom Hunt, Southern Bell's commercial manager, are considered fringe benefits no different then those provided by other companies. "If it weren't for the fringe benefits, it would have to be included in salary," Hunt noted.

He also said that when some "key employes" are required to be on call 24 hours a day, the "company feels an bligation to provide that service."

He explained that it's company policy across the state for phone companies to use the discounted and free service as a lure to attract the better qualified employes.

Hunt said in the care of retirees, who after 30-years service are awarded free local service, toll calls must be of an emergency nature before the company allows them to be placed for free. For the board of directors, it's basically the same as for

supervisors. Local service is provided free, while toll calls must be approved by a general manager or a state vice

them back to the Board, and to

"As the local manager in Seminole County," Hunt said, "if I want some tolls approved, I submit them up to district. We're audited regularly on this thing. . ."

Southern Bell serves about 2,500 businesses in Seminole County and an estimated 19.355 residential accounts. Hunt said the local service rate here is presently \$7.65 a month. But, as soon as the Public Service Commission order is

written, one-party residential rates for the Central Florida area will soar from \$7.65 to \$10.50 - an increase of \$2.85 a The request was granted the company by the PSC Monday

If the full request is granted, the company proposes to double the cost of coin box calls to 20 cents; charge for calls for information above three in any month and sharply raise the costs to install a phone.

Most phone companies consider the reimbursement a type of benefit to employes. A check with General Telephone Company in Tampa revealed an almost identical reimbursement in effect at GenTel.

In fact, the Tampa-based phone company yearly pays out an estimated \$1 million in free and discounted phone service to its employes, retirees and its board of directors. Southern Bell was awarded a permanent rate increase of \$83 million 13 months go. In that ruling, the commission said the utility was entitled to a median rate return of 8.75 per

### Osceola Land Fill Lease Draws Fire

The neglected condition of the "It seems to be a basic lack of talk with club representatives Osceola Land Fill - leased by communication," between the to garner more information on the county to the Seminole club, the county, and the their plans. County Gun and Archery military, Neiswender said. Association - came under fire The county commission revisit the site by the end of this from the county yesterday asked Neiswender to record his week. because lease conditions don't appear to be upheld, according to County Planner Roger Neiswender.

Although the club signed nominal \$1 a year lease with the county in November 1973 specifying that the 200 acre-plus Gèneva site would be used for a police firing range, and for a trap and skeet field open to the public, neither stipulation has

"Whenever we sign a lease for county property, we owe if to the taxpayers to see that its told The Herald. "Otherwise it would set a bad precedent."

Neiswender explained. According to lease terms, if the club failed to operate the two ranges for a period of 60 days after Feb. 1, 1974, the contract
