

# Pinder Walks In Final Run As Saints Win 3 To 2

## Both Hurlers Nicked For Five Hits During Contest

### Local Hurler Turns In Best Performance Of Season On Hill While Contreras Leads Hitters

FRANCIS FIELD, St. Augustine, June 22.—The St. Augustine Saints pushed across a run at the ninth inning of the contest with the Lookouts last night to win one of the best ball games seen this season by a score of 3 to 2.

Joseph Pinder went to the mound for the locals while opposing him on the hill was Lefty Brewer of Jacksonville, who hurled the first and only no hit ball game in the loop this year. Pinder did well throughout the contest although he weakened slightly in the final frame. Pinder was nicked for five hits during the encounter while his maces were collecting five off Brewer.

The St. Augustine crew started the scoring in the second frame when Pete Schweigerath singled to short center field to score two runners. However, the Lookouts got them back when Contreras walked and went to second when Pinder was safe at first on a hit, thrown by Kirkland. Joe Roggerio advanced them to the next bases and Win Brown cracked a single to center field to score Contreras and Pinder.

The battle was on from that point and no scoring was allowed until the fatal ninth. The Lookouts had men in scoring positions as did the Ancient City crew but none were able to score.

In the St. Augustine half of the ninth, Schweigerath led off and was hit with a high pitched ball. Wrenn sacrificed him to second for the first out. Brewer grounded out to Davis for the second out and Otero worked Pinder for a base on balls. Heim came up with the bases full and also worked Pinder for four straight balls and the ball game.

Pinder's performance was much better than the 16 inning tiff he had against the Deland Red several nights ago. Pinder gave up five walks and fanned five as

## Joe Louis Remains 1 To 2 Favorite To Avenge 1936 Kayo

### 17 To 10 Odds Quoted Against Schmeling; Promoter Expects Gate Of \$1,000,000

NEW YORK, June 22.—(AP)—The gabbiest, gaudiest and all things considered, the greatest heavyweight boxing rivalry in a decade reaches its climax tonight in what promises to be a billion-dollar setting at the Yankee Stadium.

The 15-round return match between Joe Louis, 24-year-old American negro holder of the world championship, and Max Schmeling, 32-year-old German challenger, may not crack any fistic records. Nevertheless, it has whipped the fight faithful to a high emotional pitch, created more international sporting excitement and proved the biggest box office magnet of any title bout since Gene Tunney rode the famous "long-count" to victory over Jack Dempsey at Chicago in 1927.

With the advance sale reported slightly over \$400,000 last night, the promoter figured to have a reasonable chance of achieving his goal. Counting \$75,000 already paid for radio and motion picture rights Jacobs expected the aggregate "take" to exceed \$1,000,000. No matter what the final tabulation shows, there will be no financial losers in the latest extravaganza of the boxing industry.

Louis was still a 1 to 2 shot to win in the latest call-over of betting odds, with 17 to 10 quoted against the chances that Schmeling would make ring history by becoming the first champion to regain the world heavyweight title.

Chinese historical records state that silkworms were reared as long ago as 2650 B. ## Upswing In Stock Prices Is Continued

Advances On Leading Issues Range From \$1 To \$5 In Fourth Day Of Optimism

## Better Business Outlook Reported

Many Factors Credited As Responsible For Trend Upward

NEW YORK, June 23.—(AP)—"Bulls" had everything their own way again in the stock market today as prices of leading issues advanced from \$1 to \$5 a share in the fourth consecutive day of "bid 'em up" optimism. The demand for stocks was so heavy that the ticker tape got six minutes behind. General reports of a better business outlook was credited with causing the market upswing.

Optimism also was fired by a number of factors, including:

1. The price increases for steel, lead and export copper.
2. Higher steel mill operations, reinforced by the opinion expressed by "Iron Age" the Summer outlook in the field is better than had been expected.
3. Secretary of Commerce Daniel C. Rogers' revelation whole-sale inventories are 14.8 per cent below a year ago, leaving room for manufacturers to expand production; and his statement "Economic slides are definitely clearing."
4. Equally potent, in the opinion of Wall Street analysts who follow the market, is the fact that prices appeared to have broken definitely through the trading range "roof" which has trapped all attempts to push the market up since the break of last November.

Such action, indicating a buying urge greater than for months past, brought many short followers to the bull side, and caused shorts to cover, brokers said.

The drive forward was completed on a turnover of 1,713,080 shares, the best volume since March 26, and leaders in the advance included the shares of some of the country's biggest corporations.

## Schmeling Has Two Fractured Bones In Back

Joe Louis' Powerful Punch Puts Contender In Hospital

NEW YORK, June 23.—(AP)—Two bones in his back fractured in the hands of Joe Louis, the boxer Schmeling lay in a hospital with a fractured neck and a fractured arm, the result of a fight with the world's heavyweight title.

One powerful right hand punch to the kidneys partly paralyzed the German challenger in the opening minute of his 15 round bout with Louis last night. Then the negro champion knocked him out in two minutes and four seconds of the first round.

Just how seriously Schmeling is hurt remained to be determined by physicians said he probably would be in the hospital for two weeks or more.

The fight drew 72,000 persons and with radio and movie contracts grossed more than a million dollars.

Following the fight Harlem's humusists rushed shrieking into the streets, glad to escape the sudden knots at the loud-speakers for a breath of air that was filled with unappreciated ecstasies in that Upper Manhattan sector noted for its noise and squalor—like that night two years ago.

It was the noisy opposite of that June night of 1936 when the news that Schmeling had knocked out Louis in the twelfth round set the happy-go-luckies into a silent, ugly temper and prompted the hoisting of a few bricks at passing automobiles whose occupants shouted the followers of Louis.

Yerville—the nearby settlement occupied by the Tombs—driven citizens in the Upper East Side—was the place to migrate that night.

## Bagwell Gives Plan To Induce Vets Of Rails

Chamber Secretary Attends Engineer's Convention In Jax With Local Members

John F. Rogers, local chairman of Division 269 Brotherhood of Locomotive Engineers, W. F. Shelley also of the Brotherhood, and Ralph Bagwell, secretary of the Chamber of Commerce, have returned from their trip to Jacksonville where they attended the annual convention of the national organization of railroad men and presented the plan of the Chamber of Commerce to induce retirement of the rails to Sanford.

Mr. Bagwell said that Mr. and Mrs. Grow also attended the convention.

Mr. Rogers and Mr. Shelley were official delegates from the local chapter of B.L.E. while Mr. Bagwell went as the representative of the Chamber of Commerce in the interest of the plan.

Declaring that a great deal was accomplished in contacting members of the convention, Mr. Bagwell said that work accomplished at the party was worth a great deal more than advertising in magazines, newspapers, or similar media.

Mr. Shelley served on the rules committee.

The convention began Monday morning and was held in the George Washington Hotel.

Delegates from 11 southern states attended the convention, which came to a close with a fish fry yesterday afternoon and last night at Jacksonville Beach.

Represented at the sessions of the two railroad bodies were members from Florida, Georgia, Alabama, Mississippi, Louisiana, Kentucky, Tennessee, North Carolina, South Carolina, Virginia, and West Virginia.

George B. Helmer, publicity director of the Brotherhood, announced last night that approximately 100 visitors to the convention were registered for the post-convention ocean voyage to Havana, Cuba. A special train left Jacksonville this morning arriving in Miami late in the day, in order that the railroad men and their families may board the vessel for the overnight trip to the island Republic. The return voyage will be made Sunday night.

J. S. Jones of Norfolk succeeded H. W. Flournoy of Marion, Ga., as Southeastern chairman of the Brotherhood of Locomotive Engineers. Other officers were: H. O. Denny, secretary-treasurer, Atlanta; and Fred Kermodie, Birmingham, Ala., vice chairman.

The 1938 meeting probably will be held some time in May at Raleigh, it was announced.

Mrs. Mary E. Crittenden of Norris, Tenn., was named chairman of the Grand International Auxiliary. Others elected were Mrs. H. A. Treacy, vice chairman, Nashville, Tenn., and Mrs. Alice Carlisle, Louisville, Ky., secretary-treasurer.

Carl B. Opp, of Tampa, and Dan McCormick, of St. Petersburg, associate scribes; Calvin O. Wilson, of Pensacola, senior deacon; Mitchell Bishop, of West Palm Beach, junior deacon; Leonard Cox, of Jacksonville, senior steward; John Morgan of Clearwater, junior steward; Bud Dickerson, of West Palm Beach, orator; Dexter Dorgan, of Key West, sentinal.

D. L. Rigby, of Tampa, chaplain; David Toole, of St. Petersburg, marshal; Jerome Gansley, of St. Augustine, standard bearer; Thomas Gaultier, of Orlando, singer; and Chad Wilshire of Fort Myers, Harry Edwards, of Pensacola; John Baker, of Fort Myers; C. B. Best, of Bradenton; Frank Boyton, of Fort Pierce; Wesley Minton, of Lakeland, preacher.

Delegates discussed plans for increasing the receiving fund for higher education of members. The committee to direct the activities of the fund during the year was appointed. Besides Mr. Opp, Mr. Chapman and Mr. Lehman, members will include Paul Jones, of Gainesville; C. Paul Stanley, of Jacksonville.

## ROOSEVELT RECEIVES MILLION DOLLAR CHECK

Vacationing at his home in Hyde Park, N. Y., President Roosevelt received the check for one million and ten thousand dollars to be devoted to the fight against infantile paralysis. It was presented by members of the committee for the celebration of the President's Birthday Standing left to right: George F. Allen, Nicholas M. Shuck, Basil O'Connor, Averell Harriman, Dr. LeRoy Hubbard, S. Clay Williams of Winston-Salem, N. C., and Keith Morgan, chairman of the committee.

## General Strike Halls Ringling Brothers Circus

1,600 Quit In Refusal To Accept Wage Cut Of 25 Percent

SARASOTA, Fla., June 23.—(AP)—The Ringling Brothers Circus, packed away and left in city garages without crews and the handling of costumes and performers, was halted today by a labor strike.

Sixteen hundred men and women, performers and those who many tasks needed to keep the "greatest show on earth" moving refused to accept the 25 percent wage cut that President John Ringling North said was necessary to keep the show on the tour.

The young executive declared the union had violated a promise that there would be no strike and if workers do not return to their jobs by late afternoon the show would return to its winter quarters in Sarasota.

Employees struck last night and the circus was unable to give a performance.

MRS SLOANE INSTALLED

SARASOTA.—(AP)—Mrs. Mary Sloan of St. Petersburg was installed yesterday as president of the auxiliary of the Florida Veterans of Foreign Wars. Vice-presidents taking office were Mrs. Nina Shiver of Miami and Mrs. Stella Stickle of Daytona Beach.

## Lawton Is Speaker At Parley Of School Superintendents

Superintendent T. W. Lawton, during the parley, spoke for the State Department of Education and the State Board of Education.

Mr. Lawton said that a number of the state superintendents had called a number of regional conferences for discussion of school problems and that these discussions were participated in by teachers, principals and superintendents, and other school officials.

He declared that the conference brought together those most interested in education and made them feel that there is a definite spirit prevailing throughout the state, that the schools are up to date and are up to the task of educating the youth of the state.

Mr. Lawton stated that the state superintendent of education should be given the responsibility of making the system a success.

Mr. Lawton stated that the state superintendent of education should be given the responsibility of making the system a success.

A teacher retirement bill should be enacted by the next legislature, he said, and this one of the major objectives in school legislation for 1939.

## Seven Fliers Die As French Plane Falls In Flames

TOURS, France, June 23.—(AP)—Seven army fliers perished in a crash of a twin-motored military plane during a night training flight over central France.

Bodies of five officers of the air general staff, a radio operator and a mechanic were found in the wreckage. Farmers in the vicinity said the plane seemed to explode at a low altitude then fell in flames.

The tragedy was fifth to befall French military aviation in two months and raised the total deaths to 17.

## Drastic New Shake-Up Is Made In Tokyo

Japan's Economic Conditions Is Reflected In Latest Move To Continue War

## Insurgents Make Slight Advances

New Moves For Peace In Sino-Japanese Conflict Reported

Reflecting the stringency of Japan's economic position, the government at Tokyo today announced the drastic new retrenchment program to enable it to continue the war in China. The program is to be modeled on sections of the German Nazi plan. The conflict in China will be a year old on July 7.

In Sino-Japanese, who on July 14 will have fought for two years against the Madrid-Barcelona government, made scant gains in a drive against the Mediterranean seaport of Valencia. Some observers said they thought insurgents would abandon a plan to take Valencia and concentrate on an attack on Barcelona.

In China peace moves to halt the spreading Chinese-Japanese warfare were reported under way today.

The reports came as Japanese warplanes struck three times at the South China Port of Swatow, threatening large-scale invasion of South China, and new Japanese-American friction erupted up at Nanking and Shanghai.

Embassies of the Japanese sponsored North China provincial government were said to be holding preliminary negotiations with representatives of the Chinese government of Generalissimo Chiang Kai-Shek.

The German Transocean quoted T. Wang, Chinese foreign minister, as emphasizing the usefulness of mediation by a third party, since China and Japan desire to terminate hostilities but neither is willing to take the initiative for reasons of prestige.

Wang also was quoted as declaring Japan must make the first overture.

It was recalled that the North China government last Saturday issued a plea for peace, apparently with the approval of the Japanese army mission at Peiping.

In Shanghai, a Japanese embassy spokesman declared that Japan would "discuss peace with any Chinese government except that of the Kuomintang (Chiang's regime)."

## Townsendites Close Member Drive Friday

The membership campaign of the local Townsend club ends tomorrow, Secretary of the Club Arthur A. Kirchhoff announced today, pointing out that the goal of the campaign was to increase the membership by 100 percent.

The drive, he stated, will be continued one day past their regular meeting which will be held in the club rooms in the Welton Building tonight at 7:30 o'clock.

Delegate W. I. Hughey, arrived in Los Angeles last Thursday for the national convention of the Townsend movement. The convention closes tomorrow.

## Bronx Girl Will Not Have To Serve Term

NEW YORK, June 23.—(AP)—Lillian Ilavatin, 26-year-old Bronx girl who killed her father with a bread knife last Christmas morning, won't have to serve a prison term for the crime.

Judge Lester W. Patterson stayed execution of the five-to-10-year sentence which he had imposed and placed the girl under supervision of probation authority until the term has expired.

The girl said her father tried to beat her and her mother.

## Mystery Is Solved By Astrology In Movie

Solving a murder mystery by the ancient science of astrology is the novel theme of "When Were You Born?" the Warner Bros. melodrama with Anna May Wong, Margaret Lindsay and a host of others, which comes to the screen of the Ritz Theatre today.

That the explanation and exposition of astrology are authentic is guaranteed by the fact that Dr. Maury P. Hall, one of the nation's foremost astrologers, wrote the original story from which Anthony Godaway fashioned the screen play and that throughout the production Dr. Hall acted as technical adviser.

The exotically fascinating Chinese-American actress, Anna May Wong plays the astrologer who solves the mystery. After reading the horoscope of a wealthy importer played by James Stephenson, she predicts his death within the next forty-eight hours. When he is murdered within the time set, she is suspected by the police of the murder and she sets about to clear it up.

Among the suspects is an old college chum of hers who was the model for the man's fiancée. That part is played by Margaret Lindsay and opposite her is Anthony Averill, who also becomes a suspect when it develops that he is in love with her. Other suspects include Lola Lane as the dead man's former mistress, Eric Stanley as his valet and Leonard Mudie as his former partner.

## Joe Louis Retains Crown By Kayo Over Schmeling

### Champ Flattens German Contender In Opening Stanza; 80,000 See Bout

### Challenger Hits Canvas 3 Times Louis Makes \$300,000 For 2:04 In Ring; Is Not Scratched

YANKEE STADIUM, NEW YORK.—A savage smothering fight between the greatest champion, Joe Louis, and the greatest challenger, Max Schmeling, was the first fight before more than 80,000 amazed fans.

Referee Arthur Donovan halted the fight after the battered and semi-unconscious Schmeling had been smothered to the floor three times. Schmeling was in such terrible shape after a hammering on the ropes and a trouncing and friend, Max Machon, threw in the towel after Max had hit the canvas for the second time.

Donovan stopped the slaughter after 2:04 in the opening round of a scheduled 15-round bout from which one of the largest crowds in New York fight history had contributed what was estimated to be over a million dollars.

As Schmeling advanced to the center of the dazzling square of white lights in the stadium, Louis came shuffling toward him. And the Detroit negro's mask-like face showed his hatred only through the eyes that gleamed at the former champion like those of an infernal cobra.

The down-turned warrior shot three straight lefts to Schmeling's face, and everyone of them landed, rocking Max's head as if someone had thrown him with a trip-hammer. The German's swarthy countenance turned red from these introductory blows.

Then Louis sprang, whipping right and left smashes to the body and head. Schmeling went over a right to Joe's left chest. This was the blow that Schmeling and his thousands of admirers expected to win the 2:04 round done back in 1935. But this time Schmeling's challenger, who pressed forward—rilling his opponent like a force.

Then Joe started the hurricane of thundering leather that staggered out of the German's career. Louis caught him with a smashing left hook to the chin, followed by a short right uppercut to the same spot. Schmeling sagged backwards, raising both hands before him as if attempting to gain equilibrium.

That equilibrium was regained because Max fell back into the ropes, and as his twisted face touched the green-

## Lookouts, Islets Tangle Tonight In Coastal City

### Dutch Schneider To Signs Billy Moore And Roy DeRamus; From Bill Rodgers

The Lookouts traveled to Daytona Beach tonight for a regular Florida State League game with the Daytona Beach Daytona Beach Islanders scheduled to take place at 8:15 o'clock at the City Island Park.

Manager Rodgers has no announced starting pitcher but is expected to be Dutch Schneider, who hurled a two hit game at Long Beach on Monday afternoon. Manager Rodgers is said to be Bill Rodgers or Bill Rodgers.

The line-up for the home team includes Manager Rodgers in center field, Wonnack on shortstop, Day on third base, Newton on catching, Steina on second base, Tork on first base, Donnell on right field and Pete Kamp in left field.

The line-up for the Islets will include Joe Rogers on first base, Bill Moore on second base, Billy Moore on shortstop, Don Contreras on left field and Schneider on the mound.

Schmeling staggered out from the ropes and Louis tore into him, landing a left on the head, followed by a smashing right to the jaw. This left Schmeling's knees shaky, his arms dropped and he wilted to the canvas. The first time he had hit the floor since the night that Max Baer knocked him out in 1935.

Referee was so stunned that he failed to do the smart thing and take a count. He was up at the count of two.

When Louis came rushing out of his neutral corner as Schmeling regained his feet, the champion barged him with the right and left to the head, followed by a smashing right to the jaw. This left Schmeling's knees shaky, his arms dropped and he wilted to the canvas. The first time he had hit the floor since the night that Max Baer knocked him out in 1935.

## Rogers Makes More Changes In Lookout Line-up

### Once more Bill Rodgers' lineup, skipper of the Sanford entry in the Florida State League, made another change in the local roster in an attempt to put Sanford in the first division before the season comes to a close.

The club has released Pete Mihalic to the Greenville Spinners of the South Atlantic League and signed Billy Moore, outfielder who has been seeing action with the Augusta Saints since 1936. Moore has a brilliant record and has been out for several days due to an ailing ankle.

However it has been reported that two other new hurlers are on the way to Sanford. Bob Pitman, who has been with the Lookouts since last Friday, has returned to his old former club on far has three singles, two doubles and a triple to his credit and is playing third base in such a way that he has built up the infield considerably.

Pitman has gained a considerable amount of control and has picked up the last month or so of the season. Rodgers, who has lost the last 10 games in a row, has been making up for his loss by hitting home runs and making up for his loss by hitting home runs and making up for his loss by hitting home runs.

Each time Pitman walks on the hill his mates make up their minds to win one, and they have come close that it would be impossible for anything else to happen other than someone dropping down.

Pitman hurled 11 innings against DeLand and lost. Tomahy might be hurled a beautiful game and last 3 in 2 in Sanford's home from seven million dollars annually to the Federal Government in the way of reduced rates on government traffic because of land grants made seventy years ago.

## Hudson Is Star Of Tilt In Hitting And Pitching

### Allows Three Hits In Five Innings On Mound While Getting Three Hits In Three Trips At The Platter

By JULIAN STENSTROM

Giving up only three hits in a five-inning relief role, Sid Hudson, Lookout right-hander, pitched to center field to score Hudson and Brown went to second on the throw in to the plate, Pitman singled to center field to score Brown.

In the eighth frame, the Lookouts collected another pair as Rodgers walked and went to second on a sacrifice by Contreras. Hudson got his third hit of the day to score Rodgers. Hudson was forced at second by Moore. Brown walked sending Moore to second and Pitman was error when shortstop Wonnack hit the ball. Moore scoring on the play.

Hudson took the batting lead for the tilt with three hits in three trips to the plate, scoring Hudson and Brown in one run. Fielding gems were displayed by Little Joe Ruggiero at second base and also Don Contreras who threw out two would-be base stealers also nabbing a man off first base.

## Japs Move To South China In Oriental War

### Chinese Halt New Attacks Of Invaders; Loyalists Forces Retreat In Spain

Goering Orders Compulsory Labor

Germans To Be Required To Work For State Part Of Time

Japanese troops today took the Oriental war to the south China mainland, while on the opposite side of the world Spain's insurgents made new advances in a drive toward Valencia.

Insurgents closed in about the town of Sarrión, about 50 miles northwest of Valencia, and the government forces retreated southward down the highway to Mediterranean City. Along coast the insurgents were able to advance a mile to the strong government defenses.

The Japanese south China forces reached Ching after making a landing from Nanyang Island, 20 miles east of Swatow, under a heavy protective barrage. Swatow was bombed heavily.

The Chinese retreated at first, but in later counter attacks stalled the Japanese advance. On the North China front there was sluggish, ineffective fighting.

In Germany Field Marshal Hermann Wilhelm Goering ordered every man and woman to give part of his time to the state for labor. The reason for the order was explained that it was believed to be a means of speeding up Hitler's vast building program.

The terminology was left sufficiently vague to cover all human activities. The communiqué said, "workers are required for urgent State-political purposes; this will furnish a basis for coming legislation for universal temporary labor service affecting all German citizens."

The statement added: "Because of the lack of available labor method reserves due to the great reduction of unemployment, there is no possibility of covering quickly and adequately the great need for workers especially in important tasks whose fulfillment breaks no delay."

The chief of the four-year plan (General Goering) has therefore deemed it necessary to create the requisite legal basis for ordinances shortly to be made public.

This left the average German and his wife guessing what sort of service will be required, at least the communique hinted that the selective system would be put into operation and that the selected workers would suffer.

Roy Stenstrom Dies Following Illness

## JAPANESE AERIAL BOMB FIRES TRAIN

Here's the end of a perfect road—from the Japanese point of view! The train of the Tientsin-Kiangling line, in China, was fired by Japanese aerial bombs as raiders struck again at China's system of communications. Flames consumed the train.

## Arthur Bridgers To Be Ordained In Episcopal Church

### John Wing, Bishop Of South Florida Diocese, To Officiate

Arthur D. Bridgers of this city will be ordained to the Diaconate of the Protestant Episcopal Church at 11 o'clock in the morning.

The Rev. Martin J. Bram, rector of Holy Cross, will present the candidate. The Rev. Conducus Tarple, rector of St. Mary's Church of Green Cove Springs, will deliver the sermon.

Mr. Bridgers was born in Raleigh, North Carolina, and is the son of Mr. and Mrs. John C. Bridgers of Morehead City, N. C. He was educated in the Raleigh public schools and was graduated from Duke University in 1930. He is a member of Phi Beta Kappa, Alpha Tau Omega, Sigma Upsilon, and Sigma Tau Delta fraternities.

In 1931 he came to Sanford as instructor in the Seminole County public schools and remained here until 1934. He was later employed as an agent of the Prudential Insurance Company at Poughkeepsie, New York.

Since 1935 he has been enrolled as a student in the Protestant Episcopal Theological Seminary at Alexandria, Va.

After ordination Mr. Bridgers will be placed in charge of St. John's Church at Hollywood, Fla. The public is cordially invited to be present at the service.

Miss Marjorie Tillis, Seminole High School teacher, and Miss Phil Asher of Orlando are visiting in Washington preparatory to leaving for a two months tour of Europe. It was learned today.

L. F. Boyle secured some good shots in color film of Sanford's snow and lakefront yesterday for inclusion in the Kern Lehmann's group of movie scenes of Florida attractions which he will show in the New England states this summer.

## Baseball Directors Plead For Support Of Lookouts

A plea to citizens of Seminole County for moral as well as financial support of the Sanford Lookouts was sounded last night at a meeting of the board of directors of the Seminole County Baseball Association held at the City Hall.

Secretary Ralph E. Bagwell reported today that while members emphasized the desirability of the public's moral support, they declared that financial support is absolutely necessary if new players are to be secured.

He pointed out that members of the board believe that as soon as several new players are brought in to strengthen the club, which has already been considerably bolstered since the new organization was formed, that the club will be a paying proposition.

In an effort to build up toward special support for the team, backward Higgins presided.

John Jones To Get Sears Scholarship

Because of his high scholastic record during the past year as a freshman at the University of Florida, John R. Jones, Jr. of this city will attend the university again next year on a Sears Scholarship, according to information received from R. C. Bosty, dean of students.

As a member of the Seminole Chapter of Future Farmers, John was voted the outstanding Future Farmer in the State and because of his outstanding work in a vocational agriculture school, he was last year awarded one of the scholarships.

A letter which he received recently from Dean Bosty reads in part as follows: "I am glad to say that your average was such that you will again be able to attend one of the Sears 'Reserve' scholarships. This means that you made better than a C average."

Lines To Be Planted

LEESBURG.—An additional to the more than 10,000 acres of citrus fruit in cultivation at Leesburg in the Hills, the W. J. Snowy company is now clearing and preparing the land for the planting of 100 acres of golden pines.

## 81 Percent Of Celery Crop Was Shipped

### 760,000 Crates Eliminated By Prorates; Growers To Get Refund Of \$8,631.07

Proration of celery during the past season totaled 81 percent of the total production, according to figures released today by the Federal office of the United States Department of Agriculture. The included both interstate and intrastate shipments, as well as 50,000 crates purchased by the State commodities department for distribution through relief channels.

From the 7294 acres of celery planted in the State, 2,800,000 crates of celery were estimated as a total, while 2,290,000 crates were actually shipped. According to the United States Department of Agriculture, 760,000 crates of celery were eliminated from shipment by proration, as provided under the Marketing Agreement.

Administration of the proration growers less than 2.3 cents per crate, netting a savings of \$8,631.07.

Receipts from the one-year proration assessment levied on all celery shipped in interstate commerce totaled \$23,229.42. This does not include delinquent assessments of shippers from whom the government is seeking to collect through litigation. Expenditures on the operation of the Control Committee totaled \$14,598.35.

The amount that remains to the credit of the Control Committee will be refunded to the growers in the event the Marketing Agreement is voted out, otherwise the amount will be credited to the growers on next year's proration assessment, it was pointed out.

A subcommittee of the control group has set to work on a report on the Marketing Agreement during the past season and will also make recommendations for changes which will make for more satisfactory operation of the proration.

Members of the subcommittee are as follows: W. R. Hamner, Bradenton; Ralph Chapman, Sanford; C. S. Lee, Ocala; John Welch, Sanford; Harry Nickel, Sanford; and Louis Hood, Sarasota.

Some of the amendments to the Marketing Agreement which were proposed at the last meeting included provisions by laws or blocks rather than by crates as provided in the present act and an added penalty for emergency allotments and withdrawals.

Following a petition filed by growers for a new referendum on the Marketing agreement, it was pointed out that the Secretary of Agriculture will call for a new vote probably between July 14 and 23, to determine whether the industry desires to continue under the act.

A report of the Control Committee further showed that the average allotment percentage recommended by the committee was 67.6 while emergency allotments, withdrawals and adjustments caused a net change of 5.2 percent making the average allotment percentage 72.8.

Figures of the Control Committee show that the Sanford area was hardest hit by the proration. During the season this district actually shipped 79.7 percent of the celery grown there, Belle Glade, 84.2 percent; Sarasota, 84.4 percent; Ocala, 85.4 percent and Weirsdale, 85.5 percent.

County Nurse To Give Course In First Aid

Red Cross first aid instruction will be given to those desiring it during the month of July, Mrs. Dorothy Lamb, county school nurse, announced today.

Mrs. Lamb said she expected to have at least 15 in the class. She pointed out that the 15 hours of instruction will be provided free. About 15 persons took advantage of the instruction last year.

Scranton Mayor Orders Ringling Circus To Leave

Performers Agree To Take Wage Cut But Laborers Refuse

SCRANTON, Pa., June 24.—The Mayor today ordered out of town the Ringling Brothers Barnum and Bailey Circus which has been stalled here for two days because of a strike. The circus executives arranged to discuss the ultimatum with city officials later.

Threatening to attach the property of the big show, Mayor Fred J. Hueter declared conditions on the grounds had become unsatisfactory since the circus work stopped Tuesday night.

Performers have agreed to take the 25 percent wage cut, but the labor refused John Ringling North, head of circus, to raise the wage reduction was necessary.

State and Federal mediators arrived today, conferred with Ralph Whitehead, executive secretary of the American Federation of Labor, Mayor Hueter and the head of the circus, John Ringling North.

The mediators, Edward C. McDonald of the United States Department of Labor, and Thomas A. Lambert of the Pennsylvania Department of Labor and Industry, declined to comment on progress of the first conference, but said the meetings would continue.

The laborers said they were willing to lead the circus train so that the animals and equipment could be taken back to winter quarters at Sarasota, Fla. if North would permit them to ride the train back to their homes in the South.

James Couch, 76, Died In Orlando Last Night

James Couch, 76, died at the home of his son, C. D. Couch, in Orlando last night at 9:00 o'clock following an illness of several months. Both Mr. Couch and his son are former residents of this city. Mr. Couch was a member and an active worker of the local Townsend Club.

Mr. Couch was born at Elsie, Mich. on July 2, 1861 and resided in Sanford for a number of years. He is survived by his son, C. D. Couch of Orlando; one brother, Charles Couch, of Ovid, Mich. and four grand-children, Mrs. E. M. Scott of Sanford, Miss Ann Marie Couch, Miss Dorothy Mae Couch, and Miss Jeroline Couch all of Orlando.

Funeral services will be conducted in the Erickson Funeral Home Saturday morning at 10:30 o'clock with Rev. C. H. Baker officiating. Burial will be made in the Evergreen Cemetery.

PRICE RAISED

TRENTON, June 24.—(AP)—The Trenton Times newspapers announced yesterday that street prices of the Evening Times and The Morning State Gazette would be raised from two to three cents beginning July 4.

## FDR To Give Nation Answer On Special Session In Address

### Prices Of Stocks Advance For 5th Day Of Upswing

### 820,000 Shares Are Traded In Feverish Buying Wave

NEW YORK, June 24.—(AP)—Stocks resumed a rapid upward swing today in the fifth consecutive trading day, but the market leaders counted off sufficient profit on selling to bring them within a hair of the starting point of the day of flight.

With the ticker tape running as much as four minutes behind during about the entire initial lap, even of from one to more than three points were widely distributed among selected fields and industries. Dealing later showed a comfortable tug and top marks were clipped down around noon.

Quotations hardened once more during the fourth hour. A feverish buying wave that swept over the market at start was exemplified by fact that from 10 am to 11 am the market advanced 14.00 points to 820,000 shares, the largest for this period since Oct. 28, 1937 when the aggregate was 1,050,000 shares.

The advance on the curb was less violent but some prominent Southern Railway, Southern Pacific, United Fruit, United States Steel, Bethlehem, Chrysler, General Motors, Anaconda, Kennecott, American Smelting, P. S. Rubber, Montgomery Ward, Douglas Aircraft, Santa Fe, N. Y. Central, Southern Railway, Southern Pacific, United Fruit, United States Steel, American Telephone.

Brokerage analysts did little more than stutter in their attempts to advance concrete reasons for the move. Most, however, thought the market had been overbought, that the recent refusal of the Fed to give ground in the face of "bad news" indicated stocks were in strong hands, that some observers have reached the conclusion business and industry, spurred by huge government spending, would recover the general state sooner than expected, and that the inflationary implications of the practice as a whole had revived the appetite for securities as a hedge against a possible general price boom next winter.

Meeting Called To Protest Clemency Move For McCall

HOMESTEAD, June 24.—(AP)—A mass meeting was called today to protest the move to obtain clemency for Franklin Pierce McCall, sentenced to death for the kidnaping of James Bailey Cash, Jr. It will be held tomorrow night in Legion Park.

The people of the Highlands district who know McCall as a smart black, demanded that this list on our community be wiped out by the death penalty, and the call for the meeting issued by three fruit growers, Stephen Trumbull, John P. Neasey and Clark Pratt.

The Rev. Charles D. Tillman, Atlanta evangelist, said yesterday he had exchanged a letter from Franklin Pierce McCall declaring the convicted Florida kidnaper has "penitence in my heart and an unfeigned faith."

The minister said the letter was in answer to one he had written the youth, sentenced to death for kidnaping 5-year-old James Bailey Cash, Jr., at Princeton.

Mr. Tillman said he was at one time a close friend of McCall's father. He sent a copy of his letter to the youth's mother at Jasper, Fla.

Gillon Attends Parley Of Railroad Trainmen

J. N. Gillon returned yesterday from the convention of Dixie Boosters of the Brotherhood of Railroad Trainmen which was held in Miami June 14-17. He was accompanied by Mrs. Gillon.

Mr. Gillon acted as a representative of the Railway Employees Retirement Committee of Sanford. He distributed literature on the plan as well as other literature about Sanford and Seminole County.

There were about 450 delegates from Florida, Georgia, Alabama, Mississippi, Louisiana, Tennessee, and Kentucky.
