

**TAXING POOR MAN'S  
COAT OFF HIS BACK**

Concrete Illustration of What a Republican Tariff Really Means Causes Workers to Think.

Concrete examples of how a protective tariff operates are causing the working man, the "poor man," to do a lot of thinking nowadays. He is beginning to understand whether it is not about time to call a halt on the Republican practice of taxing the coat off his back and threatening him with the loss of his shirt and his socks if he does not submit.

All through the present tariff law, passed by a Republican congress and endorsed by a Republican President as **THE BEST TARIFF BILL EVER PASSED**, are to be found discriminations, the higher duty on the cheaper article, the lower on the shoulders of those least able to bear it the greater burden of the protective system. Here are some illustrations:

The cheapest wool blankets bear a duty of 165.42 per cent.; the dearest, 104.55 per cent.

Flannels, not more than 40 cents a pound, are taxed at 143.67 per cent.; over 70 cents a pound, 76.37 per cent.

Wool plushes, cheapest, 141.75 per cent.; dearest, 95.33 per cent.

Knit fabrics, cheapest, 141 per cent.; dearest, 95.53 per cent.

Stockings, worth from \$1 to \$1.50 a dozen, 76.37 per cent.; from \$2 to \$3, 59 per cent.

Hats and bonnets, worth not over \$5 a dozen, 62 per cent.; over \$20 a dozen, 35 per cent.

Carpets, highest priced, 50 per cent.; that used for mats and rugs, 126.88 per cent.

Women's gloves, unlined, 49 per cent.; lined, 34 per cent.; longest gloves, unlined, 42 per cent.; lined, 29 per cent.

Men's gloves, worth less than \$3 a dozen, 66.23 per cent.; costliest gloves 14.46 per cent.; leather unlined, 44.58 per cent.; lined, 29.50 per cent.

Buckles, cheapest, 77.48 per cent.; dearest, 26.3 per cent.

Uncut diamonds bear a 10 per cent duty, imitation diamonds, 20 per cent.

The humble firecracker bears a 97.03 per cent duty while elaborate fireworks bear but 70 per cent.

Mattings, smaller and cheaper grades, 43 per cent.; costlier, 34 per cent.

Watch movements, seven jewels, 66.02 per cent.; 11 jewels, 40.41 per cent.; 17 jewels, 34.45 per cent.

Underwear, cheapest, 56.90 per cent.; dearest, 50 per cent.

Dress goods of wool, cheapest, 106.42 per cent.; dearest, 94.13 per cent.

Velvets, cheapest, 106.22 per cent.; dearest, 49.55 per cent.

Silk handkerchiefs, cheapest, 77.44 per cent.; dearest, 59 per cent.

Scissors, worth 50 cents a dozen, 51.21 per cent.; worth \$1.75 a dozen, 44 per cent.

Table knives, fancy grades, 57.40 per cent.; bone handled, 69.43 per cent.

Butcher knives best grades 12.10 per cent.; cheapest grades, 93.55 per cent.

Files, smallest, 81.39 per cent.; longest, 36.81 per cent.

Shot guns, worth from \$5 to \$10, 47.67 per cent.; worth over \$10, 45.46 per cent.

These are only a part of the discriminations gleaned from a swift conning of some of the schedules. Reduced to simplest terms they mean that the poor man is taxed higher than the rich man.

The Third Term candidate's favorite reply to the telling unanswerable arguments of Gov. Wilson is that the latter's opinions are based "not on actual knowledge and experience but by reading musty books on political economy." The Colonel himself at a tender age was put at hard labor!

It is not often that a man whose whole life has been given up to politics and office-holding gets as horny handed as Mr. Roosevelt in the ranks of labor and high finance!

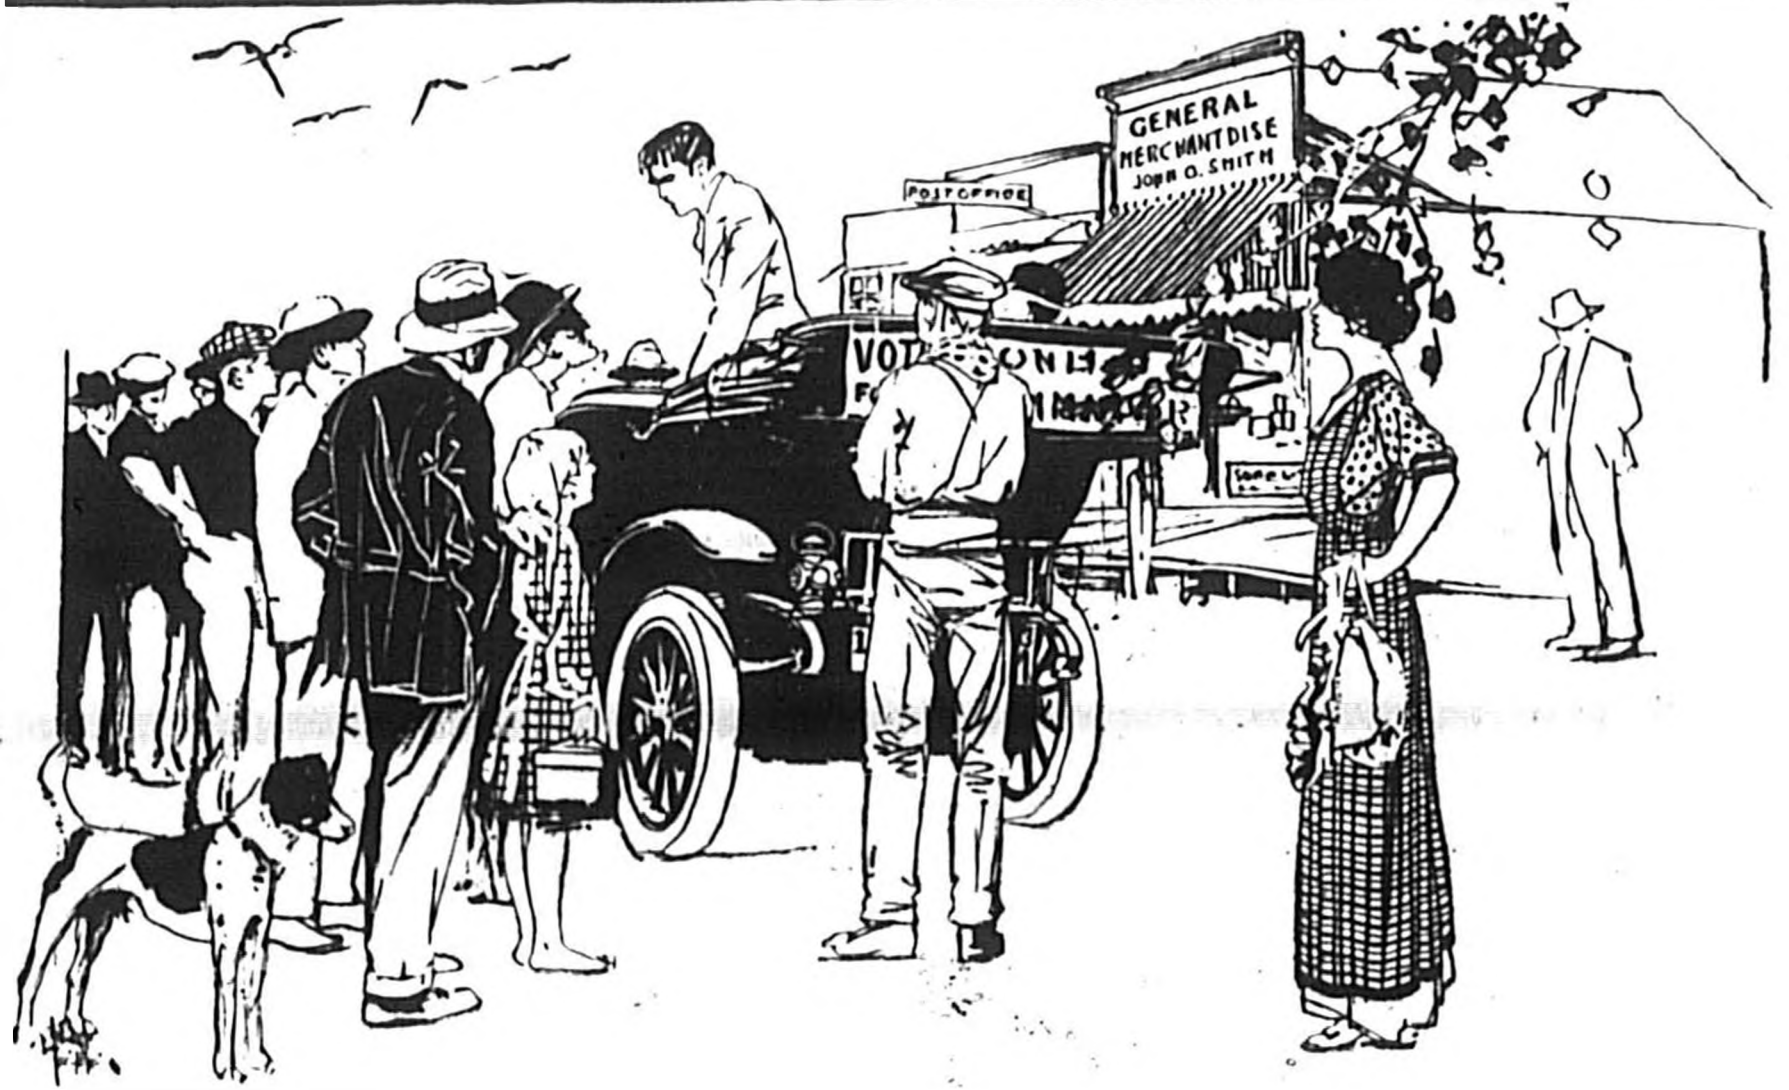

**Folly in Excess of Grief.**  
Excess of grief for the deceased is madness; for it is an injury to the living, and the dead know it not—Xenophon.

**More About Woman.**  
Quoth the Cynic: "Women are saints in church, angels in the street, devils in the house, and magpies in the drawing room."

**He Deserves No Liberty.**  
Those who would give up essential liberty to purchase a little temporary safety deserve neither liberty nor safety.—Benjamin Franklin.

**Storing of Electric Heat.**  
A method has been devised for storing electric heat to be used for cooking purposes.

**Only Really Happy Time.**  
All men are born free and equal, and each has everything his own way—until he is a year or two old.

**State Closes Case**

New York, Oct. 17.—The state rested its case today in the trial of Police Lieutenant Charles Becker on a charge of conspiracy to murder the gambler Harry Rosenthal. The case against Becker will begin tomorrow when John Hart, Becker's counsel, will make his opening address. If Becker has his way, Hart said, he will go on the stand in his own behalf. Whether his counsel will attempt to dissuade him has not been determined tonight.

The defense has indicated it will endeavor to prove a clique of gamblers inspired the murder of Rosenthal and Becker is the victim of a conspiracy. Former District Attorney Jerome will be one of a dozen or more witnesses whom the defense plans to call. Mr. Jerome is expected by Becker's counsel to break down a portion of the testimony of Jack Rose in connection with an alleged telephone communication with Becker introduced by the state to show that Becker had guilty knowledge of the crime.

**Welaka Club Meets**

The Welaka Club was entertained at a most delightful salamagundi party in their club rooms Tuesday afternoon. Auction bridge, parohesi, Jackstraws and dominos, at which the players progressed were all played at the same time.

After the pleasant games were concluded the hostess, Mrs. R. J. Holly and her assistants, Mrs. F. L. Woodruff and Mrs. S. O. Shubolter, served ice cream and cake.

The Lakeland Board of Trade is going to wager a contest for a larger membership.

## FLORIDA IS THE MECCA FOR NORTHERN FOLKS

### Papers Are Devoting Space To State's Many Attractions

#### FLORIDA NEWS AND VIEWS FROM EVERY SOURCE

Daily Happenings in The Land of Flowers Culled and Tied Into a Nosegay of Brieflets

Nothing is so indicative of the future prosperity of Florida than the wide notice this state is receiving from the newspapers. Nearly every large daily in the north is devoting space to extolling the virtues of this state and the opportunities for commercial success. As an example an editorial in the Cincinnati Inquirer of the 27th inst. may be cited. The editorial, in part, is as follows:

"Already throughout the northern states there is discernible the commencement of a great tide of travel to the Gulf states of the south, particularly in the state of Florida. Real estate dealers in the states of the northwest report constant inquiries from their patrons for southern lands, while those of the south are being visited by many persons who are already upon the ground, desirous of purchasing tracts of land in those states which they believe are to be speedily benefited by the opening of the Panama Canal.

In St. Petersburg the Woman's Town Improvement Association is having plans made for a children's playground. The place selected for the grounds is at the beach, near the American Woman's League building, and it is proposed to have the place so arranged that children can play there at any time. Apparatus for physical exercise and games will be established and the place kept in order. The money necessary for the work is to be contributed by business people and the woman's association does not apprehend any trouble in securing the funds needed. The idea is certainly a good one and the women should succeed.

Bradford county will hold its fair November 7 and 8 in Starke and in connection therewith will be held the contests of the Boys' Corn Club and the Girls' Tomato Club. Committees have been at work since June endeavoring to secure premiums and exhibits for the fair and have been successful in arousing the interest of many contestants.

J. R. Sewell is planting an acre and a half of strawberries north of the Methodist church on sub-irrigated land. He is planting Klondike and Excelsior varieties and they are doing nicely. There is no reason why Winter Garden should not grow as fine strawberries as Lakeland and there are hundreds of acres about here that are suitable for garden culture.

A new company has applied for a charter for the mining of phosphate rock in Hernando and Citrus counties. The new concern will be known as the American Hardrock Phosphate Company and will be capitalized at \$300,000. Tampa will be the home of the company and the rock will be shipped from that point.

News comes from St. Petersburg that the Sunbline City is to have a real white way. More than 100 poles have been received and some of them are in place. Most of the illumination will be on Central avenue.

Mrs. J. S. Tinder has had on display in her office window this past week a small branch from a grape fruit tree. What has attracted attention is that this small branch holds 24 well formed and matured grapefruit. It was taken from a grove south of town.—Delray Progress.

#### Trip Around the World

The ladies of the Methodist church will give a trip around the world next Tuesday, Oct. 29. The trip will be by automobile and will leave America (Abernathy's) from 7 to 9 p. m. Ireland will be L. R. Phillips' residence. Japan (Mrs. J. D. Roberts), Cuba (Mrs. Shinholser's), Iceland, (Mrs. F. W. Miller's).

Single tickets around the world 50 cents, includes refreshments and entertainment in each country. On account of the war there will be no trips to Turkey or Greece.

#### WILL ADVERTISE SANFORD

##### Commercial Club Will Start an Active Campaign at Once

Sanford will start an active advertising campaign at once, despite the fact that the season is late. There are so many inquiries coming in every day from people who wish to learn about Florida that our literature has given out long ago and the club decided at their meeting last Friday night to start a campaign at once. The opinion of the majority present seemed to be that the season was too late now to advertise on a large scale, but that 500 copies of The Herald would be taken in three months' subscriptions and sent out to people who wish to locate in Florida, giving them a good idea of our every day life and the many improvements being made here and a history of the growing of vegetables during the winter season, the building of the new hotel, brick paving of country roads, health conditions and every thing and anything that will be of interest to a prospective homeseeker or tourist. Booklets, pamphlets and post cards will follow and the money will be used judiciously and wisely, and in connection with this advertising the real estate men will show stereopticon views in the principal cities of Florida and other states.

In all our city will come in for a large share of advertising and back Sanford will again become the household word that it was a few years ago and our city will soon be filled with an army of homeseekers and tourists.

#### Hallowe'en Masquerade

The young people of Sanford are evincing much enthusiasm over the plans for the Hallowe'en Dance and the members of the Lend-a-Hand Club are encouraged over the sale of the tickets.

It has been decided to give prizes for the most effective costumes, a gentleman and a lady's prize. The judges will be Mrs. M. Martin, Mrs. Geo. H. Fernald and Mr. B. F. Whitner. Mr. Karnatz of the Imperial will rent costumes for any gentleman applying to him by Wednesday night of this week.

The sale of tickets is not confined to the dancing people, but many others will go as spectators.

An excellent supper will be served during the intermission, the price of which will be included in the ticket.

#### Resolutions

Whereas, It has pleased the Supreme Ruler of the Universe to visit the family of our beloved brother, J. M. McCorkle and take from him his wife, whom we all knew to be a devoted wife and loving mother, and who is missed very much by all who knew her. But we know God does all things well. Therefore,

Be it resolved, that Sanford Lodge, No. 27, I. O. E. F., extend to the brother our heartfelt sympathy, and be it resolved that we set aside a page in the minutes of our lodge, upon which shall be inscribed the memorial.

Resolved, further, That as an evidence of our sympathy with the stricken family an engraved copy of this memorial be sent the family and a copy to the Sanford Herald for publication.

G. E. TARATUS,  
J. H. FERGUSON,  
W. S. BALDWIN,  
Committee.

#### More Street Paving

The city council has ordered the clerk to write for prices on vitrified brick for the paving of Ninth street from Park avenue to the new depot. This means that Ninth street will become one of the principal thoroughfares and will be paved with brick as soon as the city council can arrange for the brick. If possible the work will be done by home people, keeping the money at home and saving considerable of the cost. With Ninth street paved with brick Sanford will have almost five miles of brick paved streets, which is the record for interior cities in the south.

## THE CITY WILL BULKHEAD

### This Great Work to Be Fostered By Municipality

#### ORDER PLANS AND MEANS

##### If the Project Can Be Accomplished By the City Same Will Be Done at Early Date

Now that the city council is taking up the matter of bulkheading the lake front and giving the matter their earnest attention there is no doubt about this great improvement being done in a short time. The committee recently appointed by President Lake of the Commercial Club to meet and confer with the city council lost no time in doing so, and with the chairman, D. L. Thrasher, were all present at the meeting of council last night and laid their petition for bulkheading before the members. The matter was most favorably received and it was the sense of the council that the matter would be taken up at once. Wishing to be within their rights and the law in the matter the committee was informed that the matter would be discussed with the city attorney and after the committee left the council took up the matter of the city fostering the idea and the city attorney, Hon. Geo. A. Detottis was instructed to look into the legal status and with the city engineer to confer with government experts and in a few days the matter will be adjusted satisfactorily. If the city can take up this matter and make it a municipal enterprise the solution of the affair is in sight. According to estimates already furnished the work will not cost much when the great benefits to be derived are considered and in early start on the work means the hotel and the Commercial Club front are another season rolls regard.

The city council is to be congratulated upon their good work in this respect and it demonstrates that they are willing and anxious to start all these great improvements at once and far from being reactionary they are a bunch of progressives and expect to give the people a good report of their stewardship.

#### Walker-Douglass

Last night at eight thirty at the home of Mr. and Mrs. C. L. Goodhue, Miss Mary Walker and Mr. Vance Douglass were united in matrimony.

Rev. C. H. Summers of the Methodist church officiated and only the immediate family and a few friends were present at the ceremony. After the solemn words were pronounced that made them man and wife and congratulations showered upon them, the guests were served refreshments in the dining room and made merry until a late hour as the bride and groom were to wait at midnight on their wedding journey.

They will visit Atlanta, Augusta and several points in Georgia and after Nov. 1st will be at home to their many friends at the Goodhue home on Park avenue. The bride is the daughter of Mrs. C. L. Goodhue and has been a resident of Sanford since early childhood and by her friendly spirit and gracious manner has endeared herself to a large circle of friends in this city, in Winter Park where she attended Rollins College and in other cities where she has visited.

Mr. Douglass formerly resided in Orlando and is the eldest son of Mr. and Mrs. E. A. Douglass. He has been a resident of Sanford for a year or more and in that time has won the respect and esteem of business associates and friends. He is a young man of excellent character and business ability and at present is engaged in the store of the Sanford Shoe & Clothing Co., as bookkeeper and salesman and is most popular with everyone.

The many friends of the young couple wish them long life and happiness on their embarkation upon the sea of life in which the Herald heartily joins.

Miami's board of trade has received a communication from the canal zone in which parties are discussing the proposition to raise coconuts for market. The inquirer asks for information regarding the possibility of raising coconuts at Miami, and the answer will be that the trees grow well and while they are slow to reach maturity it would appear that when a grove reached the bearing age the greatest expense would be in harvesting and marketing the fruit.

#### CITY COUNCIL MEETS

##### Take Up Matter of Bulkheading The Lake Front And Paving

City council met in regular session October 21st at 7:30 p. m.

Present, T. J. Miller, president, B. W. Herndon, W. S. Hand, P. M. Elder and W. H. Underwood. Absent, F. L. Woodruff.

Minutes of last meeting read and adopted.

A committee from the Commercial Club appeared and urged that the council take some action on the matter of bulkheading the lake front. After a general discussion of the matter the following motion was adopted. Moved and seconded that the city attorney be instructed to prepare an ordinance empowering the city to bulkhead Lake Monroe from the east side of Sanford avenue to the west side of Myrtle avenue. Carried.

Moved and seconded that the city council authorize the city engineer to go to Jacksonville and consult Captain Slattery, engineer in charge of the government work, and get from him what information he could along the line of bulkheading and such other matters as would bear upon the subject. Carried.

Moved and seconded that the Gulf Reining Co. be granted a permit to erect a building at the Atlantic Coast Lane crossing on Sixth street. Carried.

A letter was received from T. S. Williams asking that Blaine street in Goldsboro be opened. Referred to the street committee.

Moved and seconded that a hydrant be ordered placed at once on the corner of Sixth street and Palmtoe avenue and one at the corner of Sixth street and Magnolia avenue.

The building committee was instructed to have the council chamber redorned.

The assessment roll for 1912 was submitted the council and accepted.

The assessor was ordered to issue his commission to the collector of taxes authorizing him to collect the various taxes as set forth in said roll.

The clerk was instructed to have two more lights placed in the council chamber.

Moved and seconded that an iron descent light be placed at the intersection of Third street and Pine avenue. Carried.

The clerk was instructed to correspond with the various brick manufacturers and get bids for sufficient brick to pave Ninth street from Park avenue to the new depot.

M. W. LOVELL,  
City Clerk.

#### Forty-five Minutes From Broadway

One characteristic of "Forty-five Minutes from Broadway," George M. Cohan's "from Broadway," George M. Cohan's wonderfully successful musical drama which Latimore & Leigh present at the Imperial Theatre on Nov. 9th, is the careful attention of detail throughout. Not only has an admirable pair of players been secured for the most important roles as proven by the presence of Miss Hazle Burgess and Bert Leigh at the head of the company, but an excellent dancing and singing chorus back them up too. Then the scenic phase has been made of more than secondary importance. The three sets used are massive and rich, being convincing in their correctness and adding materially to the impressiveness and appeal of the play. New scenery has been especially made for this year's tour, so that it will be a virtually new production in the matter of scenery and costuming, and not as so often happens with a touring company, the wornout, bedraggled and decrepit accessories that should long since have been cast in the discard. The role of "Kid Burns" will be portrayed by Bert Leigh.

Governor Wilson's determination to make no more political speeches unless Col. Roosevelt again takes the stump, is not accepted as final by Democratic national managers. The fact that Madison Square Garden has been rented for the night of October 31 is being urged upon the Governor as a reason why he should yield to the demands of his managers and speak in New York on that date. Chairman McCombs of the national committee still hopes to induce the candidate also to speak in Philadelphia Oct. 26. Governor Wilson has agreed to send out a "message" to be read throughout the country November 2, on Wilson-Marshall day, but has not consented as yet to the plans for his personal appearance again on the stump.

George W. Perkins of New York testified today before the Clapp senate committee investigating campaign contributions that his total contributions to Col. Roosevelt's pre-convention campaign were \$124,000.

Preparations for Colonel Theodore Roosevelt's departure from Mercy hospital to the train at Union station, which takes him to Oyster Bay, were completed early today, and he was placed in an ambulance at 7:15 for the short trip through the city. His train left the station at 8:05 o'clock. The Colonel's last night at the hospital was rather a restless one. He slept only four hours in the aggregate from the time he first fell asleep at 11:14 p. m. He awoke frequently and seemed nervous. It was said by Night Nurse Fitzgerald that this was chiefly due to the excitement of his coming departure and not to any untoward symptoms that had developed in the course of the night.

One hundred and sixty-seven students twelve per cent of the entire undergraduate body at Princeton University, either partially or wholly supported themselves during the past college year, according to the first annual report of the bureau of self help. Of this number six came to college with no funds at all while nearly fifty reported at the opening of the term with less than \$200.

A Serbian column commanded by Gen. Jaukovitch, captured the Turkish entrenchments at the village of Podujevo, near Mitrovitza, on the road to Prishtina during the night. The Turks with their Arnaut auxiliary retired toward the south, leaving their colors, several cases of ammunition, eighty oxen and a large quantity of forage.

#### Hands on Your Pocket Book

Reports come to The Herald office that a smooth gent is working this district, offering a famous brand of flour and a set of dishes at a ridiculously low price, if money is paid in advance. He states that your local dealer will supply you and the local grocers have no orders to supply any one unless the money is forthcoming for the same. Waiting an unreasonable length of time for their dishes the easy marks are becoming alarmed lest the stranger has their dollars for keeps and he probably has. The majority of the people like to be flimflamed and what is the use of warning them to keep their money at home?

#### Big Sweet Potato

N. Swanson of Upsala opened the champion potato race this season by bringing to The Herald office a sweet potato weighing eight pounds.

The farmer who brings in the largest sweet potato before January 1 will get a year's subscription to the Herald free.

#### Coming With Bert Leigh

One of the biggest attractions coming to the Imperial Theatre this season will be the appearance on Nov. 9th, 1912, of George M. Cohan's musical play, "Forty-five Minutes from Broadway." Hazle Burgess and Bert Leigh are the chief fun makers.

CURBSTONE GLEANINGS

A Budget of Opinion "Just Between You and Me"

EVEN THE GATE POST NOT IN IT

A Chief is Among Ye Taking Notes and Faith, He'll Prant 'Em— So Says Saunterer.

I hope that every man in Sanford will join the new Commercial Club. I say new club because there is a new feeling paramount and the general get-together spirit that has been lacking here to a certain extent for some time.

The Commercial Club will flourish in spite of them, and if they do not come out of their shell no one will ever pay any attention to them on any subject.

At last it would seem that my dream of a bulkheaded lake front will be realized if it seems that the Commercial Club, the city council and all of our citizens will assist in this great work and from all this talk and work we are bound to have some of this work done at an early date.

It has always been my idea that Sanford would find that in this great work would come her most valuable asset and that the lake front in the present shape would never be valuable either to Sanford or to the property owners.

Surely the war clouds of the past fourteen or fifteen years have revealed spots on the world's map of which thousands of school children and adults have had little knowledge.

Don't get frightened you youngsters, who are about to cast your first presidential ticket, that the country is going to the demitition bowwows if the other fellow is elected.

You may think life is a gift, but I think it is a responsibility. We may dream of it as 'one grand sweet song,' but that is a quarry.

A Greek, whose name would take up the whole line of a newspaper column has returned to his country to fight in the war now on.

In a few days or as soon as we can elect Wilson President, Mayor Spencer will call a special election for the selection of two members of the city council and a collector and treasurer.

What is the matter, gentlemen? Is the job too strong or has the fever died out? Now is just as good a time to serve on the job as last year and you have the chance in the band wagon after the team is already harnessed up and ready to go.

Raise Florida Lemons Dr. P. Phillips handed us a lemon yesterday. He said when he handed it to us: "This is a Florida lemon; it's the best lemon in the world. See the juice!"

Those Passionate Sicilians. Signor Grasso and the rest of the Sicilian players at the Hippodrome would electrify the most blasé playgoer.

Medical Graduates Decreasing. While the number of persons engaging in the practice of medicine in the United States has decreased somewhat in the last two or three years, it is still large enough to provide for the public needs.

Quite Unique. Ray T. Baker, warden of the Nevada penitentiary, is abolishing, with success, all the brutalizing rules of the old time prison system.

Last of Sicilian Bandits. Corsica has got rid of the old fashioned brigand and the last of the Sicilian bandits—perhaps a disputed title was lately laid by the heels and is now facing the ordeal of his trial at Aquila.

It Was Hereditary to Die. Charles Johnston, author of "Why the World Laughs," just published, has in several cases shown how long is the life of an incongruous idea and how it reappears in new forms.

Millions Spent for Luxuries. In the fiscal year of 1911-12 the people of the United States expended in the purchase of imported luxuries—works of art, diamonds, and other precious stones, champagne and other wines, cigars and cigarettes, lace, embroideries, ostrich feathers, perfumes, cosmetics, etc.—more than \$200,000,000.

Case in Doubt. Ex-Governor Pennypacker, discussing the divorce evil in Philadelphia, said with a smile: "In these times one never, as the saying goes, knows where one is at."

Women Mountain Climbers Killed. Of the 112 tourists who lost their lives last year by Alpine ascents, 11 were women.

**GET THE HOOK**

J. C. Chase of the Florida fruit firm of Chase & Co. has thrown the hooks into General Manager Temple of the Florida Citrus Exchange in a manner that ought to do that gentleman good. Mr. Temple, who has been predicting a grape fruit glut and a \$1 market for this choice breakfast food, and who issued a statement to the effect that 500 cars of the fruit left Florida the first week in October, was called by Mr. Chase in a dignified article in the Times-Union of Tuesday. Mr. Chase shows that instead of 500 cars, but 173 cars left the state up to the 7th inst, and that not all of these were filled. The Florida Citrus Exchange is entitled to much credit for work already accomplished and will in future we trust prove an important factor in holding up the hands of the grower

and seeing that he gets more than the little end of the bargain with the consumer but we submit that the automatic attitude and ill-advised methods of William Chase Temple are not now a fully understood method in the process of evolution leading to that end. Palatka News.

**YELLOW JOURNALISM**

The disgusting article in several state papers regarding a negro pugilist engaged in white slavery in Chicago is enough to cause the people of the state of Florida and every other southern state to boycott all the papers that gave space to the article. Just why the larger dailies should allow such an article to be published and go into the homes of southern people and be read by ladies and children is beyond comprehension. Aside from the disgusting features and insult to womanhood everywhere this pandering to the depraved tastes will cause trouble in every large city in the south, incite the depraved negro to lawless acts and cause a state of disrespect for the laws and the people and generally disrupt peace and chaos will reign until blood washes away the memory.

Pugilism is to blame for the name of a negro roustabout to be emblazoned upon the front pages of the sporting sheets. Pugilism is to blame for the killings and clashes of the races that have followed the first meeting of a white brute and black brute in the prize ring. Pugilism is to blame for the shame of American womanhood when this black brute took a white woman from the slums for his wife and pugilism should be wiped from the slate by the drastic laws of the land.

If there is not one white man in Chicago with enough blood in his veins to shoot this black brute on sight, then a delegation of southern men can attend to the matter. If the editor of The Herald resided in Chicago today he could not hesitate to kill this black murderer of every white woman in Chicago and kill him on sight. This would be an answer to his statement and to all such talk indulged in at the expense of virtue and chastity. In this connection we charge the state papers that gave space to this article with being yellow, with being derelict in their duty towards the higher ideals, with being careless in their duty toward the younger generation and with being short on southern manhood and chivalry, and last but not least with being commercialized to such an extent that they used the service of the Associated Press and paid for it to gratify their ambition to give the readers all the news, regardless of the sanctity of the home, regardless of chastity, regardless of morals and religion and being yellow to the core have lost or should lose the respect of the right thinking people of the south.

The Herald repeats that this action of the daily papers should be condemned alike by press and pulpit, commercial bodies and educational bodies and a storm of protests should be leveled at each and every one of the papers that published the press dispatch last Friday from Chicago.

Going farther, the state legislature should frame a bill to become a law making it a crime punishable by law for a legitimate newspaper to print such matter and the postal authorities should refuse them admittance to the mails.

**SPEED ON MONOTYPE**

Last night on the Lake Region wonderful automatic type-casting Monotype machine, we witnessed the production of nearly 3,000 ems of leaded eight point, or one inch more than one column of this paper in the remarkably brief space of 37 minutes, including one stop of a few minutes. The matter produced was that found in the Sorrento, Umatilla and Mount Dora letters, together with the three ornamental box border heads therein.—Eustis Lake Region.

That's going some, Bro. Woods, for a mere man, but our little girl on the Monotype in The Herald office knocks off 3750 ems every forty minutes, which is beating your man hands down. These Monotypes are sure running some.

**Open Air Band Concert**

Thursday night, Oct. 24th, at 7:30 p. m. in the Park pavilion by the Sanford Military Band, I. N. Nash, director.  
 Program:

 Selections from "The Pink Lady," Caryl's.  
 Celery Tops (Sanford Cake Walk), Simons.  
 Gayatte, The First Kiss, Schubert.  
 Pastimes on the Levee (Descriptive), Wiegand.  
 Conclusion Patriotic Selection.

**REAL ESTATE EXCHANGE**

Will Be Formed In Sanford Tomorrow Afternoon

Something that has long been needed in Sanford has been a Real Estate Exchange. Every other city of any size has one and Sanford has long been the home of so many good real estate agents but has been deficient in this respect. A real estate exchange means that all of the real estate dealers will form a fraternal society that will promote a better feeling among the members, that will confine the list of properties to the member who first obtains the right to sell the property, but in which every member will take an active interest for the client, as all of them will endeavor to sell it instead of running down property simply because a rival agent happens to have it for sale. The exchange will protect the buying and selling of real estate and confine the business to members, eliminating the curbstone broker who has operated here in the past without paying a license and without being in the business legitimately or even having an office. The exchange will help the men who sell property, the men who buy property and the man who either wants to buy or sell and will help to separate the real estate man from the fake land business that has done so much to injure the sale of Florida lands.

The first meeting for organization will be called at the office of the Howard-Packard Land Co. tomorrow afternoon at three o'clock and all the real estate men of this city are invited to attend and become members.

**The Music Club**

The Music Club held their regular meeting at the studio of Mrs. Fannie Munson Saturday afternoon at 7 o'clock. Mrs. Claude Herndon, the leader for the afternoon, was unable to be present and at her request Mrs. Munson took charge of the meeting.

Frantz Loetz, pianist and composer was the subject of study.

Mrs. T. A. Newton read an exceedingly interesting paper, giving a brief sketch of several of Liszt's most noted "Pupils" who in becoming famous as pianists and composers, added fresh laurel to the wreath of fame, crowning the immortal brow and memory of their illustrious teacher.

The discussion "How Piano Playing has Progressed" was led by Mrs. Munson. The musical part of the program which followed the discussion was very delightful.

Mrs. O. W. Brady's selection on the violin was a Cavatina by Raff and Liszt's pupils. She was accompanied on the piano by Miss Irene Brady.

Miss I. Josephine Dammron, accompanied by Mrs. Elmer Randall, sang very charmingly an Irish love song by Arthur Foote, and as an encore "Kathleen" by Harry Lawden.

Mrs. Elmer Randall contributed to the pleasure of the club two selections, an Idyll by Margaret Lane, and a Lieberthoven Sonata Op. 34, First Movement, Allegro.

The names of nine new members were voted on, and three more names were proposed for membership. The vice president, Mrs. O. W. Brady, gave the members their pretty new year books, which were recently printed.

After the closing of the roll by the secretary, A. J. Mahoney, the meeting adjourned.

**Accidentally Shot**

Yesterday afternoon as W. J. Williams, of the firm of Williams & Nelson, started to pull some paper from a drawer of his desk he found a pistol from the drawer with it in some manner discharged the same, the ball entering the fleshy part of his left hand on the inside and coming through on the outside, making a ragged wound. Mr. Williams rushed to Dr. Robson's office and received medical attention, several stitches being taken to close up the wound. He is resting easy at this writing but the wound is very painful and will prevent the use of the hand for some time. Mr. Williams' escape from death was marvelous, when considering that the weapon was pointed at short range at his body and only missed him by a small margin.

**THE HIGH COST OF LIVING**

has not affected our job printing prices. We're still doing commercial work of all kinds at prices satisfactory to you.

**NEED OF THE DAILY APPLE**

That or Some Other Form of Fruit Provides Just the Elements the Body Requires.

Doctors agree that the ancient adage that "an apple a day keeps the doctor away" is not without some foundation in fact. Fruit acids provide the blood with needed elements and these are especially needed in warm weather when the stomach loathes all manner of baked meats.

Men have a craving for alcohol that is so nearly universal that some people consider it the human body's natural craving for a germicide. The alcohol in fruits is the valuable germicide that nature intended man to have. This germicide of alcohol is injurious when taken in the shape of intoxicants, but beneficial when consumed as a constituent part of fruits.

The case of carboic acid affords an analogy to this of fruit and alcohol. No sane person would think of drinking carboic acid as an agent of health, and yet the chemical laboratory called the body secretes minute amounts of carboic acid, a fact indicating that it is a necessity to nature's housekeeping.

Eaters of fruit obtain the germicidal alcohol beneficially because naturally, whereas drinkers of ardent spirits procure their alcohol in unnaturally large quantities, and therefore in a highly hurtful shape.

The daily apple or grape or some other fruit is as indispensable as the daily bread. It is a part of the household bill of fare that should not be overlooked at any season, and not of all at this. Who knows, too, but what the road from excessive indulgence in alcoholic stimulants runs from wine or cider through grape juice and other juices or fruits to plentiful consumption of the fruits themselves.

**When Canary Came Into Europe.**

The canary was introduced into Europe as a cage bird in the latter part of the fifteenth or early part of the sixteenth century, and has now spread all over the civilized world.

**Wonderful Metropolis.**

There are in London more Scots men than in Aberdeen, more Irish than in Dublin, more Jews than in Palestine, and more Roman Catholics than in Rome.

**English Dogs as Beasts of Burden.**

Until 1848 dogs were employed to draw wagons through the streets of London as they are now in parts of Europe.

**Each in His Own Sphere.**

The man who sweeps the streets is doing as much service to the state as the man who fills the pulpit or sits in the senator's chair.

**Money Well Spent.**

During the last year 164 brides received the \$50 due them by the will of Oliver Smith, the fairy godfather of the Berkshires. Oliver Smith was the uncle of Sophia Smith, founder of Smith college, and on his death in 1846 left his property, amounting to \$370,000, to be used for various charities, one of which was the giving of \$50 to every bride who was a resident of Northampton, Amherst, Hadley, Hadfield, Deerfield or Whately. Since 1846 \$282,000 has been distributed to brides. In many instances the bridegroom received \$500 because of a provision in Mr. Smith's will giving that amount to a young man when he completes learning a trade. Another provision of the will helps poor widows provided they are residents of the towns named. Already upward of \$1,000,000 has been paid to widows and young men who have learned a trade.

**To Reclaim 1,000,000 Acres.**

The Egyptian government has begun one of the most costly and comprehensive drainage projects for the reclamation of lands ever attempted by any government in the world. Its object is to make cultivable 1,000,000 acres of fertile land in the delta of lower Egypt. It is estimated that the work will require four years and \$15,000,000 will be required for drainage, and a like amount for irrigation. Ninety per cent of the land redeemed will be owned by the government. The principal object of the project is to re-claim a fertile but now worthless region of the delta under cotton cultivation.

**Taxation.**

"In what respect do you complain of being overtaxed?" asked the persuasive campaigner.

"Well," replied Farmer Cornstossel, handing him several pages of literature, "chiefly in respect to my credulity."

**Archepiscopal Feast.**

A correspondent sends us the material for a dinner given by the Archbishop of York in 1468. Three hundred quarters of wheat, 330 tons of sea 104 tons of wine, 1 pipe of spiced wine, 80 fat oxen, 6 wild bulls, 1000 sheep, 3000 hogs, 300 calves, 300 geese, 3000 capons, 300 pigs, 100 turkeys, 200 cranes, 200 kids, 2000 chickens, 4000 pigeons, 4000 rabbits, 200 bitterns, 4000 ducks, 400 herons, 200 pheasants, 500 partridges, 4000 woodcocks, 400 plovers, 100 curlews, 100 quails, 100 greets, 200 roes, 100 bucks, 500 venison pasties, 100 dishes of jelly, 6000 custards, 1000 pike, 300 bream, 8 seals, 4 porpoises and 400 starts. There were 1000 servants, 62 cooks and 515 scullions. Our correspondent informs us that his authority does not state in what circumstances the dinner was given, or how many guests assembled. Possibly some reader may be able to throw light on the subject.—London Globe.

J. E. PACE, Agent - SANFORD, FLORIDA

A 25c Want Ad. in The Herald will Rent Your House For You

Born, to Mr. and Mrs. R. H. Geiger a fine baby boy.

J. V. Denton, the commission man, is in the city for a few days visit with his family.

Many Sanford people attended the Buffalo Bill and Bull Moose Shows at Orlando yesterday.

J. A. McKenzie, of the Mapes Fertilizer Co., is in the city on business connected with his firm.

Rev. J. W. Wildman is with us again after a few months spent pleasantly at his old home in Virginia.

T. K. Bates is busy on his stereopticon scheme and already has enough contributions to make it a success.

Mrs. J. L. Moon of Ft. Meade is the guest of her brothers, H. H. Chappell and A. R. Chappell and families.

Alex Little is in the city this week shaking hands with old friends and looking over the old town. He is selling Sun fertilizers.

The cry for more houses goes up in Sanford and though more of them are being built every day the demand exceeds the supply.

The Gate City House has brought down the high cost of living. Only \$4.00 per week for the finest table board in the city. See Parker. 28-1f

G. L. Loucks, the well known commission man is back again and ready for the big vegetable crop that Sanford expects to have this season.

Harry Ward has returned from a trip to Decatur, Indiana, where he was called by the serious illness of his father. He left him greatly improved.

M. K. Fontaine is shaking table with old Sanford friends today. He is now engaged in demonstrating the growing of vegetables at Fellsmere Farms.

A Derby, a former resident of the city but now of Oil City, Pa., is stopping at The Fairview. He expects to purchase some of his Sanford property while here.

The Sanford Herald has a good auto mobile for sale cheap. Five passenger touring car and better than a new one going at \$450 and first buyer gets the car.

If you want a good five passenger touring car in fine condition, all fixtures, two of them puncture proof, come to the Herald office with \$150 and take it today.

Mr. and Mrs. F. P. Forster expect to leave today for New York and 200 points east, where Mr. Forster will enjoy a well earned vacation. They will be gone for several weeks.

S. Runge is expected home from New Orleans tomorrow, where he attended the annual meeting of the United Brothers. During his absence Joe DeMint held down the office of the Local Club Works.

John Keane, the well known travelling salesman was in the city today calling on the local trade. John is one of the original Wilson men and is putting in some good licks as he travels over the country.

The Fancy Work Circle was entertained by Mrs. H. H. Hill Thursday afternoon. Erminia Houser, the little grand daughter of the hostess and a little friend, Vanmeta Styron, assisted in serving chocolate, chicken sandwiches, olives and cake.

The many friends of Mr. and Mrs. J. W. Barnes are glad to welcome them back home after a summer's absence. Mr. Barnes is the well known representative of Smith & Holden of New York and he will make Sanford headquarters while the vegetable crop is moving.

Mrs. Forrest Lake was hostess of the Every Week Bridge Club Thursday afternoon. Two tables of bridge were played. Mrs. C. M. Vorce made the highest score and won the first prize, a highest glass vinegar bottle. The low prize a book on Auction Bridge, was won by Mrs. O. W. Brady.

Mrs. A. W. Brown was hostess at a very pleasant bridge party at the Sanford House Wednesday afternoon. The highest score was made by Mrs. O. W. Brady, who won the first prize, two cut glass tea glasses. Mrs. G. F. Smith received the booby prize, a very pretty picture. When the games of cards were concluded light refreshments were served.

The Junior League... Philadelphia...

The Missionary Society of the Presbyterian Church... considered. Refreshments were served by the hostess and the members...

The Clover Leaf Club, composed of the young ladies of the Congregational church, held its first meeting at the home of Mrs. Henry Wight Friday afternoon. After the business a large bag of popcorn was unwound by the young lady who found the spool a story with the spool as a subject. The next continued the story using the article she found in the ball. The thread of the story was continued until a pretty romance was told. Delicious refreshments were then served by the hostess.

Orlando Votes the Bonds. The proposition for Orlando to issue \$140,000 in bonds for sewerage purposes, carried so strongly at the election held on Monday that it may be regarded as unanimous. Only seven people registered in the city, registered their vote against it while 144 voted in favor of it.

Only one candidate for mayor... large number of voters...

At the same election, a board of three bond trustees were elected. Six prominent citizens names appeared on the ballot, and the three following had the majority of votes cast. T. D. Clark, worth \$1,000, and J. D. Clark, and the general plan of the sewerage system read, 'best work obtainable for the least cost.'

CARPENTERS WANTED. Good finish carpenters. Apply at New Depot.

BORES ON RAILROAD TRAINS. Woman Complains of Talkative Fellow Travelers Who Insist on Revealing Secrets.

It is strange how many people, when traveling are so bored with their own society that they will talk to whatever stranger they can force to listen to you and tell their heart's secrets, too.

Once, in the dressing room of a Pullman, a woman whom I have never seen from that day to this told me with exact detail all about a recent scandal in her family which she had kept out of the papers only for the most atrocious of reasons. Yet for all she knew I might have been a reporter and I must say I looked a little frightened for her indignation by telling her that I was one!

Less serious confidences are frequent. "I've hardly a hair on my head that's my own" whispers the woman who has come over from the next section ostensibly to offer you a magazine, but really to hear herself talk. "These puffs cost \$20, and altogether I've bought over \$100 worth of braids and wigs," "Please don't touch!"

It is much more difficult to handle the cheerful, expansive woman traveler who has made up her mind to talk to one of her own sex and who is at heart a very good sort, but who merely happens to be a frightful bore, than it is to discourage the advances of the offensive traveling man, who, seeing a woman alone, feels that he can follow up his rude stares with conversation. Usually a curt monosyllabic answer or no answer at all will sufficiently crush him—but you cannot deal out that sort of treatment to your own sex.—Exchange.

His Grounds. By a queer trick of politics an ignorant and pompous old dandy was elected judge of a minor court in a certain western state. In the first case over which he presided he made a ruling so absurd that the lawyer whose case was affected by it said: "This is a very strange ruling, your honor. Upon what grounds do you make it?" "What grounds—does you say? Why, dese yer' co'thouse grounds, of co'sel!" replied the Judge.—Judge

**NOT WHITE MAN'S PARTY**

**Roosevelt Can Never Eliminate Negro From His Political Plans**

After hobnobbing with the negroes in order to secure the nomination of Roosevelt the Bull Moose's state candidates are going about the state crying that "Roosevelt's party is a 'white man's party'." Such assertions to white men of Florida insults the intelligence and virtue of this proud Democratic commonwealth.

In previous issues of Dixie, I have shown how Theodore Roosevelt lately placed his arms around the necks of two dirty negroes, and in the presence of thousands of white men proclaimed these sons of Ham the equal of any man in the audience. I have recalled how this blatherkite told the white people of Indiana that if they did not accept a negro as their postmaster they could do without their mail. I have told how he ate dinner with Booker Washington in his own home.

Looking over Roosevelt's disgraceful past and his association and love for the reading his lying attacks on Jeff Davis, Robert E. Lee and other southern statesmen, I am unable to understand how white Democrats can consider him except with the supremest disgust. Some have been fooled by the cry of progressiveness, as they are anxious to see the remedy for national ills applied, but they should place no pledges in the confidences of Roosevelt, for he has proved himself the colossal liar of the age. Some familiar with Roosevelt and who have been closely associated with him are honest in the belief that his mind is affected, others charge that he consumes so much whiskey a day that his spectacular performances are the result of intoxication.

Roosevelt drunk or Roosevelt sober is a menace to our country—Roosevelt sane is a damnable disgrace and a danger when honest men can be found to believe his promises.

E. R. Gunby, a chronic officeseeker, when the negro Joe Lee had control of the pie counter who affiliated with Lee, Macfarlane and others who now rule the Republican party in Florida, has joined hands with W. C. Hodges, another chronic officeseeker, and are telling southern white men that they believe in a white man's government.

Herbert L. Anderson, the manager of the Bull Moose for Florida, comes from good old Kentucky Republican stock. He comes from the "penny" district which polls a majority from 12,000 to 15,000 Democratic majority. He was lonesome in Kentucky and came to Florida where he still became more isolated until his dealings with P. A. Holt. Anderson also talks with the negro now, but he planned with them he worked with them to secure Roosevelt's nomination.

Mr. Anderson is in touch with Roosevelt national headquarters and he sent to Chicago for literature to distribute among the white Democratic voters of the state. Pleasant Holt gave him a list of Democratic voters and Anderson and Holt were working harmoniously together to send out this literature to the white men of Florida. Among the literature was Theodore Roosevelt's "Confession of Faith," "Hiram Johnson, the machine smasher," "Why Americans Won't Stand for Free Trade," "The Speech of Jane Addams," "Onward, Christian Soldiers," and a lot of other Bull Moose stuff showing that Roosevelt as a Progressive is just the reverse of Roosevelt as President.

But there was other literature that the Bull Moose headquarters sent to Florida, which is being secreted by some of the Florida Bull Moosers. Some of these have fallen into my possession, and it fully sustains my charges that the Bull Moose favors the negro and negroes will get postoffices and federal jobs in the south, if President Roosevelt should be elected president.

Among this Bull Moose literature published weekly by the hundreds of thousands and sent broadcast over the country by the Bull Moose manager in Chicago. From one of these bulletins I clip the following paragraphs which appear under a twenty-four point heading four columns wide, "The Bull Moose Party and the Negro."

"John H. Moseley, a colored man, has been nominated for Presidential elector on the Bull Moose ticket in the state of Illinois."

"Forty-eight colored men were delegates to the Bull Moose State Convention at Columbus, Ohio. Thirty of these colored delegates came from Hamilton county, which happens to be the home county of President Taft. After counting the colored delegates Mr. Henry Taylor of Cleveland said, 'It is the largest number of negroes that ever sat in a political convention in Ohio. I GUESS THAT ANSWERS THE ATTITUDE OF THE PROGRESSIVE PARTY TOWARD THE NEGRO.'"

"Over twenty colored men were delegates to the recent state Bull Moose

convention which met at Syracuse and nominated Hon. Oscar S. Straus for Governor of New York. The colored delegates took an active part in the proceedings of the convention. Several colored delegates made speeches and one of them seconded the nomination of Straus for Governor. Through the influence of the colored delegates, two important planks affecting the colored people were put into the platform. ONE PLANK PUT THE PARTY ON RECORD AS DENOUNCING RACE DISCRIMINATION IN CAFES AND IN PLACES OF PUBLIC AMUSEMENT, while the other plank favors the enlistment of a colored regiment in the national guard of the state of New York."—Charles E. Jones in Dixie.

**Duval Wins From Sanford**

In the initial gridiron battle of the present season of the local grounds, the Duval high school defeated the Sanford high school boys by the large score of 36 to 0.

The local eleven outclassed the Celery City team in every quarter. Whenever Toomer, Sinclair and Dowling would hit the Sanford line they would make a dent big enough to run a Seminole Limited train through. The Sanford athletes play a fairly good defensive game, but they covered too much territory when they accepted the challenge from the local institution for the game which was played yesterday.

In the first quarter Sanford kicked to Duval, Stockton receiving the kick, and he immediately fell in behind the D. H. S. formation and carried the ball for fifteen yards before the Celery City boys could get a down. The teams formed with a ball in D. H. S.'s possession, and the Wilbur machine was determined to get that first touchdown, and Sinclair, who was playing quarterback, took the ball on the next play and carried it within Sanford's twenty yard line, completing one of the prettiest end runs of the afternoon. The local boys plowed their way through the Sanford line for the required distance, and scored their first touchdown. Sinclair immediately kicked goal, which added one point.

The Duval high school boys got busy during the few minutes which were left in the first quarter, and scored another touchdown before Sanford had time to think of what was happening. Sinclair again kicked a goal. This gave Duval 14 points for the first quarter.

During the other three quarters, the Duval athletes scored nineteen points, which gave them a total of 36 to 0.

The football club which was on the field yesterday afternoon representing Duval high school is one of the best eleven which has been organized in the Florida metropolis in many seasons. The way the boys handled themselves at critical times was great. Each player on the Duval lent a helping hand in winning yesterday's game against the Celery City pigskin performers. The line-up of the two elevens was as follows:

Duval: Albertson, center; Laster, left guard; Lowenstein, right guard; Maull, left end; Houston, right end; Upchurch, right tackle; Dowling, left tackle; Sinclair, quarterback; Toomer, right halfback; Tracy, left halfback; Stockton, fullback.

Sanford: Pickens, center; Friday, left guard; Reasner, right guard; Kanner, left end; Roumillat, right end; Lons, right tackle; Field, left tackle; Herndon, quarterback; Allen, right halfback; Hunter, fullback.

Referee, Mr. Bird. Timekeeper, Mr. Jones. Times-Union.

**One on the Barber**

The Starke Telegraph vouches for the following amusing yarn, which, of course, we all believe implicitly:

Barber S. L. Alvarez has gone about lately with a finger done up in court plaster. The injury happened this way:

Saturday a citizen from the Winterland of Sampson lake entered the shop and desired to have his beard taken off and to be given a clean shave. The beard belonged to a class, chest warmer; quality, bamboo-titi. Mr. Alvarez deposited the customer in a chair and to determine whether he needed power shears or hand shears, grabbed the beard to feel its density. He immediately exclaimed with an expression of pain upon his face: "Lord! Have you run a barbed wire through your patch of swamp?" He quickly withdrew his hand and in one finger was found imbedded the business end of a big fish hook. Errol Alvarez, his assistant, had to cut the barb out with a razor.

The man from the Sampson with looked long at the hook and then elucidated:

"Dogged if hit ain't the same hook I lost when I was fishin' for cats at Cypress Run last Fourth of July. Hit ketches in somethin' and broke offen the line. Feel again for that piece of fat meat hit was baited with."

But the pinder-fed bacon had melted during the hot days of August and only a piece of rind was found.

**PLANNING FOR A MODEL CITY**

Co-operative Commonwealth is to be Established on Land Near Los Angeles, Cal.

Equal division of the fruits of labor is to be the chief object of a model city, where it is claimed the cost of living and amusement will be reduced more than one-third, that is planned by a number of German residents who are now collecting a fund with which to purchase a tract of land on which the scheme is to be launched. The society promoting the plan is the Co-operative Fellowship of Los Angeles, and is the first of its kind to be organized on the Pacific coast. The primary step of the organization as explained by Secretary Max Guenther recently, includes the purchase of a tract of land near Los Angeles where the industrial and residence center is to be established. Upon this land is to be built a city composed of workers, each of which will have an equal opportunity of sharing in all profits from all of the co-operative places of business that are to be established. These co-operative stores will include every necessity of life, including all foodstuffs, fuels and clothing, which is to be sold at a price that covers only the cost and maintenance of the establishments. The third step in the organization of the city is the establishment of a bank. This institution will be opened on the plan of a scrip or money-paying basis, and the scrip is to be negotiable at any of the community stores, and all profits of the institution are to be applied in the conduct of the community stores. All real estate is to be held by the corporation during its existence, regard less of the improvements that are made thereon, and will be placed in the hands of the members only on lease for a stated period. Any member becoming dissatisfied with his holdings may sell the improvements, but the land immediately reverts to the fellowship. In every way the commission man or middleman is to be eliminated. Another feature of the settlement is to be a social center in which not only educational advantages will be offered, but all forms of amusement as well.—Municipal Journal.

**UTAH MODEL SCHOOL GARDEN**

Scheme of Training Department of University School of Education Well Worth Copying.

In the ten acres of garden connected with the training department of the University of Utah School of Education, two are reserved for dry farming and the remaining eight acres devoted to a large variety of vegetables and fruits.

For example, one of the most remarkable features is the arrangement of 17 rows of small fruits and plants, each 165 feet long, or a total of 2,805 feet long, as follows: Two rows of asparagus, four of red and two of black raspberries, two of rhubarb, one of grapes and two each of gooseberries and currants.

Besides these there are 280 fruit trees, embracing every variety grown for commercial purposes in the state; 20 kinds of garden vegetables; five cereals, two fiber plants, several grasses and 310 children's home gardens, while 120 children are raising poultry.

The garden is managed on a strictly business basis. Every dollar paid out is charged to the crop on which it is expended, and every crop bears its part of the general expense. Everything raised is sold for market price, and an accurate account is kept of all expense and income pertaining to each crop, by pupils of the seventh grade. The eighth grade has charge of civic affairs and the larger business interests.

**Bothern on Advertising.**

"Why is it necessary for you to keep on and on advertising yourself and Miss Marlowe in Shakespearean plays?"

Somebody asked E. H. Bothern that the other day.

"Why?" responded the actor. "Well, here are one or two stories that may help you to realize how little attention the public pays to what it reads, sees, and hears. Only the other day a man came to tell me how much he had enjoyed seeing Miss Mannering and myself in 'Macbeth.'"

"Not long since I entered a large hotel and was met by the manager, who called me 'Mr. Mansfield.' I took the time to explain that Mr. Mansfield had been dead for several years, but my friend only said pleasantly, 'Indeed, well, well!'"

"Now do you think it's necessary to keep on hammering away, season after season, telling the public what your name is, whose plays you are

presenting, and what they're all about? I tell you it's no more unreasonable than it is to advertise soap and pickles and hats."

**Value of Fairmount Park.**

When Philadelphia obtained Fairmount Park it was deemed by many a waste tract of little value, incapable of easy improvement and likely to prove a burden. Up to the present time it has cost the city \$10,000,000, and is estimated to be worth \$300,000,000.

**Displeased by Adulation.**

Maurice Maeterlinck is grievously troubled by a fame that has overwhelmed him. He feels that there is something uncanny in this breaking of a precedent which decrees that a great man must be a long time dead before he is recognized as great. He says: "Is there a single poet worthy of the name to whom this has happened? It is not a good omen. When I think of men like Villiers de l'Isle-Adam and Barbey d'Aurevilly, who died without knowing a moment's glory, I feel I am no longer worthy to die. It has been impossible to work for weeks. If this is what they call glory nowadays, then the artist should long for death." Maeterlinck says that he will take refuge in some corner of England "till this tyranny be overpast."

**How He Attained Rank.**

Some men are fond of being known by a military title. Just where they got the title is often a mystery. Nevertheless, the crop of colonels and majors continues to increase. Col. Lucius D. Polk has made a careful study of the subject. "Colonels are divided into two classes," said Colonel Polk, "the colonel of the regular army and the other kind of colonel. I have often been asked how I got the title. It is no mystery. On one occasion I was out with a party of friends and it came my turn to buy the liquid refreshments. One of the party who did not know my name said: 'Colonel, ain't you going to treat?' and that is how I got the rank of colonel."

**Exploded Story.**

Uncle Ezra—Howdy, Eben. Just back from California I see. Must be a great place. They say there is sunshine there the year 'round." Uncle Eben—"That is just one of them fake western yarns. Every day I was there, along at the end of the afternoon night came, just the same as it does here."

**TAUGHT EXPERTS A LESSON**

Accident While Casting Cannon Resulted in Foundation of Present English Gun Factory.

We owe our present arsenal at Woolwich to an accident. The government had a gun foundry in Moorfields, where, upon one occasion, in the year 1716, a distinguished party were gathered together to witness the operation of casting a large cannon.

A young foreigner, named Schlach, who seems to have been almost an entire stranger, but who was well acquainted with the details of casting, noticed that one of the molds had been insufficiently dried, and warned the molders against using it. They disregarded his advice, and when he saw that he could not prevail upon them to desist, he immediately put himself well out of harm's way before the cannon was cast. A terrible explosion occurred when the molten metal rushed into the wet mold, owing to the sudden generation of steam that could find no outlet, and several persons were killed and a large number injured.

It is said that search was made for the man whose predictions had been so painfully verified, and that the government employed him to advise about the best mode of preventing such accidents in future. The result was that Moorfields was given up as a site of a gun foundry altogether, and upon his advice the establishment was removed to the Warren at Woolwich.—London Tit-Bits.

**"This is Your Show."**

The late Sir George White, defender of Ladysmith, was a strong enough man to take responsibility for failure; he was a strong enough man, too, to give credit to his subordinates for good work done. The first time I saw him was at Elandsvaagte. The battle was well in progress. General French was elaborating one of the most brilliant affairs of the South African war. Late in the afternoon Sir George White and his staff rode on the battlefield, and had not been there five minutes before a shell fired from one of the Maxim-Nordenfelta which the Boers captured from Jamieson at the time of the raid, but which were destined by nightfall to be in our hands plowed up the ground within a few yards of his horse. Almost simultaneously French hurried up and drew rein before the chief to surrender command. "No you carry out," said Sir George, "this is your show."—London Daily News.

**SOME UNDERPRICED OFFERINGS**

**FLORIDA REALTY CO.**

**CITY PROPERTY**

City Residence, five rooms, new, all modern. All necessary out-houses. An ideal location. Can be bought for as little as \$300.00 cash down, the balance \$20.00 Month.

Ten Room Dwelling, all modern. Bath room, toilet, etc. Two minutes' walk from business streets, beautiful shade trees, paved walks and streets. Bargain \$4250.00. Terms if wanted.

Forty Room Tourist Hotel in a thriving little Florida town. Just remodeled and furnished throughout. The furnishings alone are worth more than we are asking for the entire property \$10,000.00.

Eight Room Dwelling, located on the Heights. Four good building lots go with this property. Good water. The four lots promise a fine proposition to hold as an investment as this is bound to be Sanford's future suburban residence section. We offer the entire holding for \$1650.00.

**SUBURBAN FARMS**

Five Acres all tilled and in first class shape, with boards to bleach two acres celery. On hard road to city and to Rand's Siding. This recommendation. Price \$3500.00.

Nine Room House, suitable for rooming house. First street. Everything new and up-to-date. Toilet, bath and all modern conveniences. Price way down.

Fifteen Acres, five cleared and tilled. Two fine wells. Two small outbuildings. All under Pittsburg wire fence. Quarter mile loading station. This place will only be on the market for a few days for quick sale \$2500.00.

Thirty-five Acres in two miles Sanford. Good double story house which cost \$2500.00 to build. Good barn for 12 or 15 head stock. No better dairy proposition in the state. We offer this at \$3500.00.

**ORANGE GROVES**

Two Fine Orange Groves, one of 14 acres, with fine crop of bright fruit right on St. Johns river, also the A. C. L. R. R. Will sell at a bargain. The other five miles from Sanford, over one thousand trees in bearing. Fine location on lake front. This grove contains some of the famous Bahai Naval Oranges, together with a liberal assortment of all the best varieties such as St. Michael Blood, Parson Brown, etc.

**TIMBER AND CUT OVER LAND**

Ten Thousand Acres in Lake county, a fine sub division proposition. Can be sold in five or ten acre tracts from \$10 to \$50 per acre. Flowing wells can be had on about 2,000 acres. This is good trucking land and will grow anything. Some fine groves adjoin it for quick sale \$3.00 acre.

Five thousand Acres in Volusia county, Fla., East Coast R. R. runs through it. Halifax River east side. Shell enough on it to shell every road in county. Flowing wells can be had anywhere. Portion touches one of the best towns on East Coast. We won't price it here, for a capitalist is figuring with us for it. If interested we will talk it over.

If interested in round timber we have 193,878 acres for sale. It's not in one body, or any one locality, but we have it at the right price, figure with us.

3,000 Acres cut over land, adjoining the celery delta of Sanford. Scattered through the tract is some of the finest citrus fruit lands in Florida. We offer this at \$2.00 acre.

It will be our policy never to offer anything for sale unless we can say conscientiously we are giving you your money's worth.

See the many bargains we are offering in all kinds of real estate both city and farm. Timber and all kinds of good bargains.

## THE OLUSTEE MONUMENT FOR HEROES IN GRAY

### Impressive Ceremonies Attend Unveiling of Handsome Stone

FLORIDA NEWS AND VIEWS FROM EVERY SOURCE  
Daily Happenings in The Land of Flowers Culled and Tied Into a Nosegay of Brieflets

The unveiling exercises of the Olustee monument were held on Wednesday, with Gen. E. M. Law as chairman. The exercises began with an invocation by Gen. Long after which Gen. Law made a short address, saying among other things, "That when you cease to honor your heroes you cease to produce them." He recounted some of the incidents of the battle of Olustee, calling attention to the fact that although the federals had 6,000 soldiers and the Confederates only 5,000, the federals lost 1,861 killed and wounded, while the Confederates lost only 941. This was followed by the presentation of the maid of honor for the monument commission, and the matron of honor for the United Confederate Veterans, as well as the presentation of the matron of honor, sponsors and maids of honor for the Daughters of the Confederacy and the children of the Confederacy. The band furnished music at this period, and the surviving Confederate soldiers who participated in the battle of Olustee then gathered on the stage, where they were photographed. The band then played Dixie, while the veterans cheered.

E. D. Hobbs, one of Tampa's leading business men and promoters, who has been a resident of Tampa since 1894, died in Mineral Wells, Texas, Tuesday morning.

The paving company having the contract for paving the mile and a half of streets in Tallahassee is putting the brick on the streets now. Grading and laying the brick will commence next week.

The fair grounds in Pensacola during the Interstate Fair will be illumined with between fourteen and sixteen hundred incandescent electric lights. All of the concessions, shows, streets and buildings will be brilliantly illumined each night.

J. B. Bankston, a drayman, shot and killed Zack Booseman, his son-in-law Tuesday afternoon in Arcadia. The shooting occurred at the Lamb & Price Novelty Works, where Booseman was night fireman. There are conflicting reports as to the origin of the difficulty.

Gov. Emmet O'Neal of Alabama and Gov. Albert Gilchrist of Florida are expected to come to Pensacola on Oct. 30 and participate in the ceremonies attendant upon the completion of the land link of the Gulf, Florida and Alabama Railroad, which includes the driving of the golden spike connecting the roadbed with the bay.

At the meeting of the city council in Palatka Saturday night it was decided that an automobile chemical engine would be ordered for the fire department, thus giving that city cheaper and more reasonable fire insurance rates.

### Twenty Seven New Banks

One of the evidences that Florida is enjoying a season of prosperity is given by the information from the comptroller's office that since the middle of February last, when W. V. Knott was appointed comptroller, authority has been granted to twenty-seven state banks to open their doors and begin business. In addition to these authority has been granted to begin business to five trust companies, which have organized under the act of 1911. The tax assessors are sending in their books to the comptroller's office and those so far examined show as a rule a considerable increase this year in assessed valuations of property in the state.

### Merchants and Business Men Meet

The Commercial Club meets EVERY MONDAY NIGHT. It is YOUR duty to meet with them and enroll your name as a member. Important business every night. Come and have a "say no" in everything that comes up. Don't stay away and then kick about what is done.

## BEAUTIFYING SANFORD

### Committee From the Welaka Club Makes a Report

The committee of the Welaka Club on Civics made the following report at the last meeting:

Your committee appointed on Civics begs leave to submit the following report:

That we deem the best results will be obtained by dividing the town into four districts, and awarding a prize in each district.

That a sale of plants, hibiscus, poinsettias, crape myrtle, golden bell, roses, ferns and palms in prices from 10 to 15 cents each, to obtain funds and give material for beautifying premises.

That a scale of judges be obtained from some good source.

That the judges will consist of a committee of three: One from the city council, one from civic committee and one citizen. A separate set of three for each city division.

Your committee recommends this plan of procedure:

- Respectfully submitted:
- MRS. FORREST LAKE, Chair.
  - MRS. G. F. SMITH
  - MRS. C. O. McLAUGHLIN
  - MRS. W. D. HOLDEN
  - MRS. J. D. LANGLEY
  - MISS MELL WHITNER

This plant sale will take place at Mr. Roberts' store, Nov. 14 and 15. Prizes awarded in May. The city has given \$10 and the Sanford Water & Ice Co. \$5 toward the flower fund.

## Herald's Straw Vote

For several years the New York Herald has made a specialty, every Presidential campaign of conducting a very extensive straw vote. This year the vote is more extensive than ever before. The complete results are published every Sunday.

Last Sunday's Herald contains the results of this canvass in a complete form. The results show that Wilson is still way in the lead, with Taft and Roosevelt fighting for second place. Taft has made slight gains over the preceding week.

The vote shows that Wilson will carry Massachusetts, New Jersey, New York, Connecticut, Pennsylvania, Maryland, Delaware, Maine, New Hampshire, Ohio, Indiana, West Virginia, Nevada, New Mexico, Colorado, Wisconsin, Minnesota, Iowa, Missouri, Kansas, Oklahoma, Nebraska, South Dakota, Arizona and the solid south.

Taft is ahead in Wyoming and Utah, with a good chance for Rhode Island.

Roosevelt is ahead in California, Idaho, Washington and very close to Wilson in Illinois and Indiana.

In past campaigns the Herald has hit very near the mark, and the result of the present campaign, it is generally conceded, will probably turn out to be not far away from the Herald's figures.

## Commercial Club Monday Night

The Commercial Club will hold their meetings every Monday night instead of Friday night as formerly, and the first meeting since the change will take place next Monday night in the city hall. A full attendance is desired as several reports of interest will be submitted to the club. All those that are not members are cordially invited to attend the meeting and those who are members and fail to attend will have the marshal sent after them.

## Presbyterian Church Social

The ladies of the Presbyterian church will hold a social in the vacant store room next to the City Restaurant on Saturday afternoon, November 2. Supper will be served at 6 and will cost the small sum of 35 cents. Oysters will be served in every style for only 25 cents. Remember the date and get your appetites ready for the event, for the Presbyterian ladies have a reputation as most excellent cooks.

## CROPS LOOKING FINE

Cool Weather Means Early Sanford Lettuce

## GROWERS TO GET RESULTS

Most of The Celery Has Been Planted And Prospects Are Bright For Season

A trip through the celery delta just now is a revelation, especially to the tourists who have left everything in the vegetable line at home killed by early frosts.

Acres upon acres of lettuce that is growing at a rapid rate and with cool weather will soon head and go to market. Some of the celery that has been set out is already beginning to show green—the dark vivid green that only celery at Sanford can show and other winter crops that dot the fields here and there.

The prospects are good for a most bountiful crop, and the lettuce being the first to go forward is just now engrossing the mind of the grower, the buyer and the public generally, for all of these parties are vitally interested in the game of growing winter vegetables.

It seems to be the general opinion that the majority of the growers this season will be content with a fair price for their stuff. Sanford and profiting from their former experience of other seasons will not be tempted by so-called good prices to ship to northern markets.

There are several well known and reliable commission houses that will make a standard price here for both lettuce and celery, and if it is good enough to grower in profit there is but little of the lettuce and celery that will be consigned.

## Wednesday Club

The following officers and members of the executive committee of the Wednesday Club: Mrs. George E. Maris, president; Mrs. May Dickens, vice president; Mrs. S. O. Chase, secretary; Mrs. A. D. Key, treasurer; with Mrs. L. R. Philips and Mrs. M. H. Bowler, members of the executive committee, met by appointment of the president, Mrs. Maris. The program committee composed of the following ladies: Mrs. Henry Wiget, Mrs. J. E. Walker, Mrs. George Waldron and Mrs. E. F. Dutton at the home of the president on Lake Onora Thursday afternoon for a final consultation and the arrangement of several matters, which have presented themselves, before the first meeting of the Wednesday Club, the 13th of November.

The program was discussed and one or two minor changes were made in considering the work for the winter, which has been planned for the 13th of the program committee.

When the business of the meeting was concluded Mrs. Maris, assisted by Mrs. Dutton served delicious cake, crackers and punch.

## New City Directory

W. S. Neville, representing the Sharp & Allen Bank Directory Co., was in the city on Wednesday looking into the project of an Orange county directory, featuring Sanford and Orlando, and giving views and useful information about the different sections of the county, rural routes, population, resources, etc.

Through the Sharp & Allen Co. the directories are circulated in all the large cities of the north and west in the hotels and railroad offices and public places.

The book compiled as a county affair should prove more comprehensive in scope and give a better description than a directory of Sanford could give. Mr. Neville compiled a city directory of Orlando several months ago that gave general satisfaction and was said to be the best that was ever printed in that city.

## Congregational News

Rev. D. L. Moore of Glenwood, Minn., will occupy the pulpit of the Congregational church, Sunday morning and evening, and it is desired that as many as possible of our congregation here him. The hour of the evening service has been changed from 7:30 to 7 o'clock.

Remember the church social at the home of C. R. Walker on Union avenue tonight. It is expected that Rev. Mr. Moore will be present and there will be an opportunity to meet him socially.

### Telegraphic Communications Boiled Down For the Benefit of Busy Herald Readers

## NEW FLORIDA EXPRESS RATE

### Railroad Commission Orders Reduction Beginning Oct. 25

Tallahassee, Fla., Oct. 21. The Florida Railroad commission has issued an order effective October 25, regarding the movement of fruit and vegetables by express.

Under the rule now in force, the rate of a shipment moving over two or more lines of railroad by express is made by adding the local fares of the two or more lines and deducting ten per cent. Under the new rule the rate of a shipment moving over two lines of road will be the sum of the locals on each line, less 20 per cent, and on a shipment moving over three lines of road or more, the rate will be the sum of the locals of each line less 40 per cent. Below is given an illustration of the result of the application of the new tariff.

A shipment from Wauchula to Marianna would pass over three roads and the rate at present on oranges between those points is 85c per box, a reduction of 1% on the new rate of vegetables 56c per crate, a reduction of 1%.

A shipment from Wauchula to DeFunnak Springs would pass over three roads; the present rate on oranges between said points is 80c per box and the rate on vegetables 72c per crate. The new rate on oranges is 72c per box and on vegetables 56c.

A shipment from Winter Haven to Cottondale would pass over three roads; the present rate on oranges between said points is 85 1/2c per box, and on vegetables 73c per crate; the new rate is 66 1/2c per box on oranges, a reduction of 19c, and the new rate on vegetables 56c, a reduction of 16c.

A shipment from Winter Haven to Tallahassee would pass over two roads; the present rate between said points on oranges is 64c per box and on vegetables 49c per crate; the new rate on oranges is 56c a reduction of 7c per box, and the new rate on vegetables 44c, a reduction of 5 1/2c.

## Welaka Club Musicales

Tuesday afternoon a large number of the ladies of the Welaka Club assembled in the club rooms for the monthly musicale, which is always an event of great interest and pleasure at the club. In Sanford enjoys the distinction of having some very fine musicians who contribute frequently with their talents to the pleasure of others.

After the musical program was concluded an informal game of auction bridge was played.

Mrs. R. J. Holly, hostess for the month, was assisted Tuesday afternoon in serving the refreshments, ice cream and wafers, by Mrs. L. G. Stringfellow and Mrs. F. W. Smith.

The following program was beautifully rendered and greatly enjoyed by every one present:

- Piano Solo
- Minniet Paderewski
- Miss Margaret Davis Vocal Solo
- Quest Eleanor Smith
- Mrs. E. L. Robinson Cornet Solo
- Dreams of Paradise
- Miss Jennie Stumon Piano Solo
- Four Birds in the Woods Bohm
- (b) Rosary Nevins
- Mrs. Elmer Randall Vocal Solo
- Four Leaf Clover Whitney Coombs
- Mrs. E. L. Robinson Cornet Solo
- Alice, Where Art Thou! Miss Jessie Stumon Piano Solo
- Oviedo Howard Cadmus
- Mrs. Elmer Randall

A letter from Thos. Emmett Wilson at Phoenixia, N. Y., bears the intelligence that he and Mrs. Wilson are enjoying themselves and expect to return about the middle of November.

New York, Oct. 25.—Police Lieutenant Charles Becker was found guilty tonight of murder in the first degree by the jury who has been trying him for instigating the death of Herman Rosenthal, the gambler. The verdict was pronounced at 12.02 o'clock this morning.

The verdict read:

"Murder in the first degree." And was pronounced exactly at midnight. Becker was remanded for sentence to the Tombs by Justice Goff until October 30.

Mrs. Becker, sitting outside the door of the court room, fell in a swoon when the verdict was announced.

John F. McIntyre, Becker's chief counsel, announced that he would take an immediate appeal, but added beyond this he had nothing to say.

Becker did not flinch when he heard the verdict pronounced by Harold B. Skinner, foreman of the jury.

The twelve jurors, with solemn faces and measured steps, filed into the court room at 11:55 o'clock.

A moment later the defendant was brought in from the Tombs. Justice Goff had not yet entered the room, and for a moment Becker took his seat.

As he waited, he scanned with anxious eyes the faces of the jury, but none of them returned his gaze. A tense silence prevailed.

At 11:57 Justice Goff entered the court room and bowing low to counsel took his seat. The jury roll was called. The clerk then asked the jurors if they had reached a verdict.

"We have," announced Foreman Skinner. The jury rose to its feet.

"We find the defendant guilty as charged in the indictment," Mr. Skinner said slowly, and evenly, looking squarely at Justice Goff.

"Do you find the defendant guilty of murder in the first degree, as charged in the indictment?" asked the clerk.

"We do," the foreman replied.

That Senator Albert J. Beveridge returned campaign contributions amounting to \$57,000, sent to him by Geo. W. Perkins, Edward L. McLean and Gifford Pinchot, was the testimony of three witnesses examined by the senate campaign contributions committee.

Andrew Carnegie, the chipper lord of Skibo, and millionaire iron master, had a bunch of heather in his buttonhole and carried a medicine bottle filled with Scotch whiskey when he returned from his Skibo estate with his wife and daughter recently. When asked if he ever intended to expatriate himself and become a subject of King George, whom he has entertained on several occasions, Mr. Carnegie said "Kings are fakirs, and I'm one of the plain people. I wouldn't give up my American citizenship for a round trip ticket to paradise. The United States is the finest land in the world, and there is no city that can equal New York—except Sanford, Fla."

The revolt of Gen. Felix Diaz, nephew of the exiled president of Mexico, has been short lived. The town of Vera Cruz which he occupied with about 2,000 adherents for several days, was captured by the Mexican federal forces yesterday. The casualties were few. No foreigners were hurt. Two federal columns, commanded by Col. Jimenez Castro and Gen. Joaquin Beltran, entered Vera Cruz from the north and south. There was slight opposition to their advance. Col. Castro with less than fifty men captured Gen. Felix Diaz, whose 300 men with po-Gen. Felix Diaz, whose 300 men at police headquarters refused to fire at his command.

Today week, Friday, Nov. 1st, the hunting season opens in Florida, and it is expected to be a banner year. From reports which have come to us we should say that game was never more abundant—speaking of recent years, that is. Food has been plentiful, and the birds have summered well.
