## Crippling Snow Storm Smacks Dixie

**By United Press International**  
The second severe storm in a week crippled the South today with staggering burdens of snow and ice.  
Governors in at least five states declared states of emergency. The storm knocked schools and businesses, knocked out communications and isolated whole communities and scores of farmers.  
Up to 20 inches of snow fell on parts of Tennessee, Virginia and North Carolina. Another four to six inches was predicted from North Carolina up the Atlantic seaboard into Ohio, West Vir-

ginia, Pennsylvania and New Jersey.  
As the storm moved up the East Coast, it merged with another wintry blast which scourged the Mississippi and Ohio Valleys with record-breaking snows and heavy drizzle.  
The Weather Bureau said another snow storm was building up in the Rockies and "possibly could become very rough" as it moves into the Plain states.  
Dozens of highways and most rural roads were closed throughout the South and East and weather officials posted hazardous driving warnings for the area.

## Single School Sessions By Fall Despite Growth

The school board expects to eliminate double class sessions throughout the county, even though it faces an estimated increase in south Seminole school population of 43 percent during the next fall year.  
"Figures indicate that we will School Administrative Assistant throughout the county unless there is some unexpected increase in the south end of the county. School Administrative Assistant Walter Teague told the board today.  
Supporting Teague's view of the schools getting back to single sessions, County Superintendent Milwe said "With what we have we feel that none of them will be in double session."  
Milwe said that there will be no double sessions in Sanford and that the schools will be able to handle students from Navy families.

## Funds Okayed For Hospital

Architects are discussing plans for the 40-bed addition to Seminole Memorial Hospital today after the federal government announced Wednesday that it has given final approval to a grant of \$225,000 for the \$500,000 project.  
Plans for the addition will be presented to the hospital's board of trustees this fall, Administrator Harry Weir said today. Construction will not start before December or early 1961, he said.  
The Florida congressional delegation sent out a wire Wednesday reporting the formal approval by the Health, Education and Welfare Dept. of the \$225,000 in Hill-Burton matching funds for the Sanford hospital enlargement.  
A. B. Peterson Sr., chairman of the hospital board of trustees, said the hospital is ready to match funds and begin work as soon as final plans for construction are approved.  
Architect John Burton, appointed to draw up preliminary plans, is meeting today with Dr. Herman Smith, Chicago hospital consultant. Plans must be approved by the hospital board and the Florida Development Commission before work can start.  
The addition will be made on the east side of the hospital and extended to the south. Expansion of the laboratory department and x-ray facilities will be included along with the increase in bed space.

## News Briefs

**Chairman Proposed**  
TALLAHASSEE (UPI) — Former Gov. Millard Caldwell proposed Wednesday that Rep. Robert Sikes or Sen. Spearhead Holland be named permanent chairman of the Florida delegation to the Democratic National Convention.

**Pilot Questioned**  
JAKARTA, Indonesia (UPI) — Military authorities questioned one of Indonesia's top jet pilots today about a strafing attack on two presidential palaces and a village, and announced he would be tried by an Air Force court. Nineteen persons were injured by the jet's chattering guns Wednesday.

**Girl Drowns**  
LAKE HELEN (UPI) — Deborah Lee Clark, 2, daughter of Mr. and Mrs. John Clark, drowned in Lake Helen Wednesday. She and a neighbor boy, Mark Grubb, 4, had been playing near the lake. The girl was found floating by the boy's mother, Mrs. Barbara Grubb, who had gone to look for the children.

**Textile Problem**  
WASHINGTON (UPI) — The U. S. Tariff Commission began sifting testimony today on the problems created by imported cotton textile goods. Members kept mum on the scope of their study. The commission Wednesday concluded seven days of hearings ordered by President Eisenhower to find out what affects the influx of foreign goods has on cotton growers and the domestic textile industry.

**Western-Style**  
TOKYO (UPI) — Princess Suga, youngest daughter of the Emperor and a champion of Western-style rights for Japanese women, married an American banker today in an ancient Shinto wedding ritual. Shortly after the ceremony, Suga, 26, now plain Mrs. Ritsueko Shimizu, announced she and her husband were considering a delayed honeymoon visit to the United States — provided they could afford it.

**Convicts Captured**  
TAMPA (UPI) — Bloodhounds tracked down two of three escaped North Carolina convicts early today who shot it out with a state trooper near here and escaped after slightly wounding him. A force of about 30 highway patrolmen and deputies from Polk and Hillsborough counties, operating with bloodhounds, captured Cecil Holland, 35, and Fred Bowman, 45, in a swamp near the Hillsborough River about 12 miles north of here.

**Tax Exemption Deadline Nears For Homesteaders**  
County residents have only a few more weeks to file for homestead exemption. Tax Assessor Richard McCanna said today. Tax laws provide that in order to receive the benefits of homestead exemption, residents must file each and every year between Jan. 1 and April 1. Applicants were urged by McCanna to file as soon as possible to avoid the last minute rush.

**Train Crash Kills Five In Alabama**  
ANNISTON, Ala. (UPI) — Five persons were killed today when the Kansas City-Florida Special passenger train of the Southern Railway struck a stalled automobile at a crossing near here. The highway patrol tentatively identified the victims as those of the Marvin Bentley family. Four persons were killed instantly at the scene of the accident at the Kulation crossing on State Highway 100 about four miles west of Anniston. A baby died at Anniston Memorial Hospital shortly after the accident, which occurred at 9:33 a. m. Persons in a car behind the one involved in the accident said a woman was driving and started across the tracks. They said she apparently became excited and stalled the vehicle in front of the train.

## Finch-Tregoff Murder Trial Jury Still Out

LOS ANGELES (UPI) — The Finch-Tregoff murder trial jury remained out for the sixth day today to deliberate the life or death fate of the accused couple.  
It was obvious the panel of seven women and five men was finding it difficult to agree on the guilt or innocence of Dr. R. Bernard Finch, 42, and his red-haired paramour Carole Tregoff, 23.  
The conflicting stories told by the defense and the prosecution about the gunshot slaying of the handsome physician's wife, Barbara Jean, 33, last July 18 were being given time-consuming consideration by the jurors.  
The tense hours of waiting while the jury deliberates have given rise to scores of rumors around the court newscorps concerning progress of the jurors' discussions.  
One New York newspaperwoman said the jury was divided with 10 voting for second degree murder and 2 for first degree murder against Finch. But a defense attorney said it was his opinion the vote was just the opposite—10 for conviction of first degree murder and 2 for second.

A Los Angeles newspaper reported 11 of the jurors were for convicting Finch and Tregoff, blocked by a lone juror. The one dissenting juror was responsible for causing the court to spend two days in reading Finch's testimony shortly after getting the case last Friday, reported the paper.  
In short, there is considerable speculation about what was happening in the jury room and the consensus was that no one knows for sure.

## Giant Farm Teams Arrive In Sanford

Twenty-five players from two San Francisco Giant Farm Clubs arrived in Sanford today to open Spring training.  
Teams arriving were the Tacoma, Wash. and Warlingen, Texas Clubs.  
Local training director Hans Lobert also reported that Carl Hubbell, Giants farm director arrived today to look over the young players.  
The exhibition schedule starts March 16.

## Galloway, Board Set Pay Scale Talk

Tax Collector John Galloway, the most outspoken critic of the County Commission's proposal to unify pay schedules for all county employees, has agreed to meet with the board next Tuesday to discuss the pros and cons on the plan.  
Galloway has said he is definitely opposed to the plan, citing that it would be up to the individual courthouse department head to decide on just how much to pay his employees.  
"I get my budget from the comptroller's office and I'll decide what wages to pay my help," Galloway emphasized.

## Senate Headed For Rights Showdown

WASHINGTON (UPI) — The Senate headed toward a showdown on civil rights today and the House prepared to come to grips with the same thorny problem.  
The Senate met at 9 a. m. for final debate for and against a cloture move to cut off a civil rights talkathon that has bogged down the chamber since Feb. 15. By agreement, a vote was scheduled at 2 p. m. Senate leaders, southern opponents and backers of tougher civil rights bills were in agreement that the gag move would fail.  
Sen. Herman E. Talmadge (D-Ga.), arguing for the South, contended that adoption of the cloture gag would render the South "practically and diplomatically against a tyrannical ruler."  
Sen. John O. Pastore (D-R.I.)

## Apopka Man Hurt In Auto Mishap

An Apopka man was treated in Orange Memorial Hospital today after he received a broken leg in a one-car accident on SR 434 this morning.  
Listed in fair condition at the hospital is Marion Miller.  
The Sheriff's office said the Miller car, traveling at a high rate of speed, apparently ran off the road and slammed into an orange tree.

## Gasoline Operators Threaten Strike

MIAMI (UPI) — Service station operators, worried over the robbery-murder of two of their number here, have threatened a strike unless all gasoline stations close during "unprofitable hours."  
Two night station attendants were killed and a third wounded critically recently by a 17-year-old multiple player Dennis Whitney.  
Perry E. Gary, president of the 600-member Allied Gasoline Retailers Assn. of Dade County, said his group had passed a resolution to send to all major oil companies supplying the Miami area.  
"If the companies do not heed our resolution," Gary said, "then we will recommend that association stations close indefinitely until an equitable situation is worked out."

## Stetson President To Speak To C of C

Stetson University President J. Ollie Edmunds will be the principal speaker at the annual Chamber of Commerce meeting at 6:30 p. m. today.  
The meeting will be held at the Mayfair Inn.  
The program will also include a report on chamber activities for the past year and various musical selections.

## Wife May Succeed Sen. Neuberger

SALEM, Ore. (UPI) — Pressure mounted today on GOP Gov. Mark Hatfield to appoint Mrs. Maurine Neuberger to succeed her late husband, Sen. Richard Neuberger, a Democrat, to the Senate.  
There were indications that he would run for the post whether or not Hatfield appointed her to fill out the unexpired term.

## Navy To Study Building Needs

JACKSONVILLE (UPI) — Top-ranking Navy officers will meet with scientific and industrial leaders at the Jacksonville Naval Air Station March 16 to study the Navy's shipbuilding needs in coming years.

## Trapped Miners Escape Route Reported Blocked

LOGAN, W. Va. (UPI) — Rescue workers trying to reach 18 miners entombed more than two days deep inside a smoldering coal pit reported today that the only "avenues of approach" were blocked by roof falls.  
Paul Lingo, deputy state mines director, said the rescue teams could get to within only 2,000 feet from the spot where the trapped men are believed to have barricaded themselves.  
"It looks as though it's going to be another long day," Lingo said. "The only two possible avenues of approach to where we believe the miners to be are blocked by roof falls."  
Lingo said the intense heat from the fire was preventing the rescuers from shoring up the tunnel to prevent the roof falls.  
The roof falls actually occurred Wednesday, but were not revealed by officials until today.  
A federal official said in all his 21 years of experience, this was the worst mine fire he has ever seen in West Virginia involving trapped men.  
Workers leaving the mine after 11 hours inside the shaft reported that conditions underground were terrible.  
"There is a lot of smoke and steam and the heat is terrific," said Clifford Bowen, 40. "They are trying to cool off the area with water but it looks like it will take quite a while before they can get past the hot area."  
Bowen's quarters in a nearby cavern were filled with smoke and steam as he and other miners, trapped since 8:30 a. m. Tuesday.

**REBUILDING HOME** and business in Chuluota are Mr. and Mrs. Ted Moraki, whose house burned to the ground Feb. 20, destroying their household goods and the doughnut making equipment which was their livelihood. Residents of Chuluota and Oviedo joined in a voluntary contribution effort to aid the Moraki family, raising funds for purchase of a new doughnut machine. Moraki is shown working on a new "fireproof" shop and he said he'll be delivering doughnuts every Tuesday again soon. (Herald Photo)

## Bombs Destroyed Giant Sugar Crop, Havana Says

HAVANA (UPI) — Incendiary bombs dropped by a light plane burned nearly 6,000 tons of sugar cane on a plantation near the west Cuban town of Consolacion del Sur, it was reported today.  
Dispatches from Pinar del Rio estimated the amount of the burned cane at 6,000 tons. It was impossible immediately to determine where the crop-burning plane came from.  
In similar instances in the past, Premier Fidel Castro's revolutionary regime has charged that the planes came from bases in the United States. The State Department apologized for one such incident, involving a private plane which flew out of Florida.

## Studebaker Plant Workers Strike

SOUTH BEND, Ind. (UPI) — The United Auto Workers Union went on strike against the Studebaker-Packard Co. today in a production standards dispute.  
Members of UAW Local 5 set up picket lines at the plant here when a midnight strike deadline expired without a settlement.  
The walkout shut down the company's production lines and idled between 4,000 and 5,000 workers. Office employees and some maintenance workers were not affected.  
Federal Mediator Chester Ralston met with union and company officials Wednesday in an unsuccessful effort to reach an accord.  
The UAW charged the company with a production speedup. But the firm said the production standards must be maintained if Studebaker-Packard is to remain competitive with the rest of the auto industry.

## Sanity Hearing

NAPLES (UPI) — A sanity hearing for police Sgt. Edward Hadenek, who shot two policemen Tuesday, will be held before the county judge, Asst. State Attorney Frank Watson said Wednesday. Watson said Hadenek was "at least temporarily not responsible" when he shot Police Chief R. B. Cartubers in the stomach and Sgt. Paul Smith in the arm.

## Vote Registration Deadline Nearing

April 2 is the last day to register to vote in this year's elections. For the convenience of county residents outside of Sanford, County Supervisor of Registration, Mrs. Camilla Bruce will have registration booklets at Forest City's R. E. Purvis Real Estate Office from 2:30 p. m. today for Precinct No. 121 at Geneva's Community House from 9 a. m. to 5 p. m. today for Precinct 6; Goldenrod; Atlatlan's Real Estate Office Friday for Precinct 9; at Lake Mary's Community Presbyterian Church Annex Monday for Precinct No. 10; at Longwood's Town Hall, March 15-18 for Precinct 9; and at Oviedo's City Hall March 17-18 for Precinct 5.  
The books will be open at these locations from 9 a. m. to 5 p. m.  
The registration offices in Sanford's chamber of commerce building is open Monday through Friday from 9:30 a. m. and will be open from 9 a. m. until noon, Saturdays, until April 2.

## Chuluota Retired Couples To Meet

HARTLEY S. Savage, president of the Chuluota Retired Couples Club announces that the public is invited to attend the showing of slides from Woodlawn Memorial Park on Thursday March 17, at 7:30 p. m.  
The program will follow the Club's monthly pot luck supper at the Community Club Home.

## L. L. Cox To Seek Peace Justice Post

Linton L. Cox announced that he is a candidate for Peace Justice in the sixth district.  
Cox has been a resident of Longwood for the past nine years. He is a graduate of Lakeland High School and Stetson University.  
Mr. Cox has taught in various high schools in Florida and Georgia for 30 years.  
He is a member of the Winter Park Methodist Church, Masonic Lodge 62 of Sanford, American Legion Post 123 in Altamonte Springs and the auxiliary highway patrol.  
He is also a member of the Longwood Chamber of Commerce and Volunteer fire department.  
The only candidate to qualify this morning was John D. Nettleton who will be seeking the same post as Cox.

## Regular Election To Fill Vacancy

There won't be any special election involved in filling the vacant District 2 county commission post, State Rep. Mack Cleveland Jr. said today.  
Cleveland said he spoke to Attorney General Richard Ericson in the week and the Attorney general's office handed down a decision that there is no need for the special election.  
Cleveland said if there is a vacant post during a regular election year candidates for it can run on a regular ballot. This applies this year.  
Cleveland said that the candidate who has the majority vote on the regular ballot probably will be appointed by Gov. Collins to the job until Jan. 31, 1961, the primary, the legislative delegation will ask Collins to appoint the person who has the most votes.  
The general election will put a man in the position until Jan. 31, 1962, as two years remain in the term.

## Board Plans Bid On Furniture Soon

Bids on furniture for new county schools will be asked the latter part of April, administrative assistant Walter Teague told the school board today.  
The bids will be for all the schools and will be for about \$100,000 worth of furniture.  
Teague told the board that this year's federal government allotment to help pay for schooling of military family children here will be \$117,832. Word of this allotment came from Sen. Spearhead Holland recently. The money had been budgeted by the school board.

## Sanity Hearing

NAPLES (UPI) — A sanity hearing for police Sgt. Edward Hadenek, who shot two policemen Tuesday, will be held before the county judge, Asst. State Attorney Frank Watson said Wednesday. Watson said Hadenek was "at least temporarily not responsible" when he shot Police Chief R. B. Cartubers in the stomach and Sgt. Paul Smith in the arm.

### Around The Clock

Oriental art will highlight the Monday night meeting of the Sanford Art Association. Mr. and Mrs. Tom Gallagher, who recently returned from a trip to Japan, will show slides on Japan and oriental art objects at the meeting. Objects shown will include carved figures, prints, lacquer work, both antique and modern.

An informal dance, sponsored by the City Recreation Department, will be held at 7:30 p.m. Saturday at the Civic Center. Music will be furnished by Jim Elks and the Rhythm Rousers. Admission will be 35 cents a couple and 20 cents single.

Dr. Cornelia Lancaster, a leading psychologist from the Gateway School in Orlando, will speak to the Seminoles Association for Retarded Children Monday night. The meeting will start at 8 p.m. in the Little Red School House at 13th and Palmolis. Dr. Lancaster will speak on the subject, "Retarded Children Can Be Helped." All parents of retarded children are invited to attend.

The tax deadline is fast approaching. Residents have until March 31 to pay their county taxes. Thus far, according to John Galloway, county tax collector, over \$1 million has been collected.

Two officials of the Seminole County Crippled Children's Society will speak to the Kiwanis Club next Wednesday and tell of the society's activities for the 1959-60 year. The two are Ken McInnes and Dr. Vera Parker.

### Britain Marshals All Queen's Horses And All Queen's Men To Get Princess To Church On Time

LONDON (UPI) — All the Queen's horses and all the Queen's men were marshaled today to get Princess Margaret and Antony Armstrong-Jones to the church on time May 6.

Members of the royal household had only 58 days to arrange details of the Westminster Abbey

wedding of the princess and the commoner. Jobs ranging from providing the horses for the gilded state coaches to writing all announcements for the occasion had to be handed out.

Queen Elizabeth had 120 days before her wedding announcement and the ceremony, and her wedding to Prince Philip was less elaborate because of postwar austerity. Royal dress designer Norman Hartnell had eight weeks to do the sketches for Elizabeth's pearl-encrusted wedding gown.

Now, court sources said, Hartnell and his 24 aides have only two days to complete the designs for Margaret's dress.

Queen Mother Elizabeth set the date Wednesday and began checking the list of cranks who might disrupt the wedding.

The ceremony promised to be the biggest attraction since the 1953 coronation, when 130,000 spectators slept on the streets to get a plain in line.

Armstrong-Jones, a former society photographer, called in a

### Carlton Visits East Coast Cities In Political Race

By United Press International  
Gubernatorial candidate Doyle E. Carlton Jr. of Wauchula toured east coast cities today, visiting campaign workers and preparing to speak at a rally tonight at West Hollywood.

During the day he was to speak at Fort Lauderdale and visit the editorial offices of the Daytona Beach News-Journal.

Carlton spoke twice at Jacksonville Wednesday.

In other activity Wednesday, candidate Bill Hendrix of Oldsmar, state Ku Klux Klan leader, said he is "the only 100 per cent segregationist in the race."

John McCarty, of Fort Pierce, another candidate, said in Pensacola a recent poll of newsmen which showed Carlton and Bryant leading the race for governor could be wrong.

He said he feels he is winning the race because he said 80 per cent of his late brother's supporters are helping him in his campaign. McCarty's brother was the Gov. Dan McCarthy.

Candidate Fred O. Dickinson of West Palm Beach, speaking in Clearwater Wednesday, said U. S. Highway One is a "killer highway" because of "political favoritism and a lack of common-sense planning."

I am the only candidate in this period of begging for a common-sense, 25-year road program to solve this problem," he said.

Another candidate, The Rev. George Downs told a Jacksonville women's club meeting voters should be allowed to decide in local referendums whether gambling should be legalized in their areas.

He said it is "not a matter of legalizing an evil but a desire to control it and let the state benefit from it."

**West To Present 'Common Plan' To Reds At Geneva**  
PARIS (UPI)—The West's five disarmament delegates have reached agreement on a "common plan" to present to the Soviet Union at Geneva next week, it was announced today.

The announcement came after a long period of bargaining during which K appeared France would not go along with the United States, Britain, Canada and Italy.

Western officials were reported to have all but given up hope before a "last chance" meeting today.

U. S. disarmament delegate Frederick Eaton made the announcement to a meeting of the permanent council of NATO.

France had been insisting that the destruction of nuclear stockpiles be one of the first steps in any multi-step disarmament plan.

The hall was decorated with the blue and gold theme and Scout insignias, the Scout flag and the American flag.

Scoutmaster Ralph Neely spoke briefly and introduced members of the Scout board present as did John Evans, Cubmaster.

Den 2, under the direction of Mrs. Ralph Neely and Mrs. James Pearson, den mother and assistant, presented a skit on "The First Boy Scout Tree, depicting "Marching Through 50 Years of Scouting"; Den 4, Chuluota, under the direction of Mrs. Evans then presented awards to the following: Steven Bratton, bob cat pin; Gilbert Voight, lion badge; Jepsen, wolf badge, silver arrow and bear book; Charles Evans, lion book Honor cubs for the month were Jimmy Fraser and Gilbert Voight.

### Space Probe Between Earth, Venus Postponed

WASHINGTON (UPI) — An attempt to launch a 90-pound space probe into a sun orbit between the earth and Venus has been postponed because of fueling difficulties, the federal space agency announced today.

The National Aeronautics and Space Administration had planned to put a beachball-sized aluminum sphere into a 506,000,000 mile solar orbit to explore space between the earth and Venus.

In announcing the postponement NASA said "a new firing date for this probe has not been scheduled."

The intention had been to launch the 26-inch space vehicle at Cape Canaveral between 8 and 8:30 a. m. today. Difficulties encountered in fueling the three stage Thor-Able rocket, however,

forced postponement of the shot. The scientific package, with solar cell "paddle wheels" jutting from it, carried equipment to test feasibility of radio communications over planetary distance up to 50 million miles.

The sphere contained an ultra high frequency 150-watt transmitter. The various instruments were designed to provide information on micrometers, radiation, magnetic fields and temperatures in space.

**Deland Man Among Critically Hurt In Crash On Spanish Mountain**  
JERES DEL MARQUESADO, Spain (UPI)—A Spanish-American rescue team today began carrying down the rugged snow-bound slopes of Piedra de los Lobos mountain eight Americans, including a Deland man, who were critically injured when their U. S. Navy transport crashed Tuesday.

The long and arduous trek began at mid-morning. The eight were the last of 24 passengers and crewmen aboard the plane that scraped against a peak and crashed during a heavy snowstorm. They were being brought down in stretchers.

"We hope to have them in the hospital by 8 tonight," reported Lt. Cmdr. Robert Manley, who headed the rescue team.

The other 16 Navy men and Marines walked or were brought out during the past two days.

The eight critically injured men had been huddled together in the snow-covered wreckage of the plane for the past two days, awaiting a break in the weather. The snowstorm abated today but high winds prevented the use of helicopter to fly them out.

**Crooms Class Wins Heart Fund Contest**  
The Seminole DeBary Heart Council will present a banner to students of Class 12, Section 1, of Crooms Academy, Friday, for raising the most money in a Heart Fund contest at the school.

The class won in competition with the 28 other classes in grades seven through 12 at the school. Rannerup was Class 7, Section 4. Plastic Heart Fund containers were placed in each class room and the contest was to see which group raised the most money through the students' own efforts.

**St. Patrick's Day Plans Discussed**

### Deland Man Among Critically Hurt In Crash On Spanish Mountain

JERES DEL MARQUESADO, Spain (UPI)—A Spanish-American rescue team today began carrying down the rugged snow-bound slopes of Piedra de los Lobos mountain eight Americans, including a Deland man, who were critically injured when their U. S. Navy transport crashed Tuesday.

The long and arduous trek began at mid-morning. The eight were the last of 24 passengers and crewmen aboard the plane that scraped against a peak and crashed during a heavy snowstorm. They were being brought down in stretchers.

"We hope to have them in the hospital by 8 tonight," reported Lt. Cmdr. Robert Manley, who headed the rescue team.

The other 16 Navy men and Marines walked or were brought out during the past two days.

The eight critically injured men had been huddled together in the snow-covered wreckage of the plane for the past two days, awaiting a break in the weather. The snowstorm abated today but high winds prevented the use of helicopter to fly them out.

**Crooms Class Wins Heart Fund Contest**  
The Seminole DeBary Heart Council will present a banner to students of Class 12, Section 1, of Crooms Academy, Friday, for raising the most money in a Heart Fund contest at the school.

The class won in competition with the 28 other classes in grades seven through 12 at the school. Rannerup was Class 7, Section 4. Plastic Heart Fund containers were placed in each class room and the contest was to see which group raised the most money through the students' own efforts.

### Alabama Officials Are Accused Of Inciting 'Reign Of Terror'

By United Press International  
The Rev. Martin Luther King Jr. accused Alabama officials today of trying to incite a riot at Montgomery in hopes that Negroes would be blamed. He said he has asked President Eisenhower to intervene against a "reign of terror."

King, the Negro minister who led a successful boycott of segregated city buses at Montgomery five years ago, said he asked the President to intervene "by instructing the attorney general to take immediate action in your name to restore law and order in the capital of Alabama."

Montgomery has been the central point during the past two weeks of Southside Negro protests against racial segregation.

Nine students at Alabama State College were expelled on orders of Gov. John Patterson for leading a demonstration at the county courthouse snack bar.

Police armed with tear gas and nightsticks broke up a Negro rally at the campus Tuesday.

King, who moved to Atlanta last month, released copies of his telegram to Eisenhower through the Southern Christian Leadership Conference of which he is president.

He charged that Montgomery police and local state officials have "inhibited" the holding of Negro religious services and have tapped telephones of Negro leaders. He said police "infiltrated the college campus" of Alabama State armed with rifles, shotguns and tear gas.

"We feel this terror which grips a whole community in an American city violating elementary constitutional rights requires immediate federal emergency action," he said.

Negro students in Houston continued their sitdowns Wednesday at segregated lunch counters. Four stores with lunch counters have been closed since the demonstrations started last week.

There was a lull elsewhere in the six-week-old campaign. A snow and ice storm over much of the South caused at least one scheduled demonstration to be canceled.

The only southern state not yet involved in the sitdown demonstrations is Mississippi. There, Rep. Thompson McLellan introduced bills in the Legislature to provide stiff fines and jail terms for any demonstrators who "boycott" the state.

"We're not waiting until they come," McLellan said. "We are getting prepared."

**FBI Arrests 15 On GI Bill Frauds**  
FORT LAUDERDALE (UPI) — The FBI arrested 15 Negroes Wednesday on charges of collecting GI Bill education allowances through not students.

The dean of Dillard High School for Negroes, William A. Johnson, 31, was also arrested and charged with altering records to permit the 15 to collect the money.

One other Negro is being sought in the case.

At a preliminary hearing Wednesday bonds were set at \$1,000 for Johnson and \$500 to \$750 for the others.

The arrests ended a year-long investigation. The government contends Johnson falsified statements on Jan. 20, 1959, that the men were students.

## Miss Price Plans June 17 Wedding

Mr. and Mrs. Walter E. Price, Lake Monroe, announce the engagement and approaching marriage of their daughter, Sylvia Ann, to Alfred W. H. Stanley Jr., son of Mr. and Mrs. Alfred W. H. Stanley Sr., 2434 Elm Ave., Sanford.

Miss Price was born in Lake Monroe, attended schools there and graduated from Seminole High School in 1957. While there she was a member of the glee club, triple trio, and during her senior year, she was vice president of her class and was chosen queen of the May Day Ball. She is presently working in the office of Seminole Memorial Hospital.

The groom-elect was born in Macon, Ga., attended schools in Sanford and was a member of the 1957 graduating class of Seminole High School. He is now a

### Judge Alexander Guest Speaker At Jaycee Wives Club

The Jaycees Wives Club met at the home of Mrs. Mason Wharton, 1806 Magnolia Ave., for the March meeting.

Mrs. Wharton presented Judge Wilson Alexander, who gave a most interesting talk on the duties of the county judge's office and of the different departments of which it is comprised.

He also told of some of his experiences in handling juvenile cases in the county. He closed his remarks by saying "that as a whole the youth of Seminole County are to be commended rather than condemned."

Members of the club voted to help the Jaycees with the preparation of food for the spring caucus to be held April 10. Mrs. Tom Largent was appointed chairman of the committee for purchasing and preparing the food.

The nominating committee was instructed to present a complete slate of officers at the April meeting. Another slate will be nominated from the floor and the new officers for the coming year will be elected by written ballot at this time.

Mrs. Fay announced plans for a farewell reception to be held in the social hall Sunday, March 13, at 2:00 p. m. for the Rev. Nilus Higgins, Navy chaplain. Carolyn Higgins is chairman of the event and all families of the parish will be present at the reception.

Mrs. Jo Von Herbulis displayed the layette to be entered in competition at the coming Orlando Central Deamery meeting to be held in New Smyrna Beach, March 22. Colors for the layette were blue and white and many articles were handmade by members of the club. After the display in New Smyrna Beach the layette will be turned over to the Catholic charities for distribution.

quality proteins as does meat. Three large eggs are equivalent to 3 ounces of red meat as a protein source.

The general rule of protein cookery applies to egg use. . . low to moderate heat. Eggs become tough and less appealing if cooked at high temperature, or are overcooked.

When making custards, sauces, or other mixtures (that call for combining liquid with egg) avoid curdling by adding hot liquid gradually to the beaten egg, never the eggs to the hot liquids.

To combine beaten egg whites with other mixtures, fold . . . don't stir . . . using a light, under and over motion.

### Navy Wives Club Forms Car Pool, Plans Activities

Members of the Navy Wives Club have formed a car pool. Plans were formulated at the meeting of the group this week at the C. P. O. Club on the base.

It will be used in connection with Navy relief. Members will use their cars to take wives to a doctor or any emergency errand when their husbands are away.

Those not present when plans were discussed may receive additional information by calling FA 2-1990.

The club has also formed five bowling teams and the required number of girls have signed to play.

It was announced that installation ceremonies for incoming officers will be held at the Mayfair Inn, Saturday March 12. A dinner will precede the installation and starts promptly at 7 p. m.

A covered dish luncheon and social will be held at the home of Mrs. Evelyn Stockhouse, 615 Mimosa Terrace, March 25 at 1 p. m.

## Church Circles Plan Supper For March 17

A "Pot Luck Supper" for members and friends of the Congregational Christian Church is being planned by Mr. and Mrs. Edward Ludecke and Mr. and Mrs. Howard Rollins for March 17 at 6:30 p. m.

This will be the first in a series of four suppers being planned by the Ethel Root Circle and the Friendship League. Immediately following the supper at 7:30 p. m., Rev. Richard Carter will deliver his message "Peter The Rock."

Everyone interested is invited to come and bring a covered dish. Mrs. Maurice Corbett, president, of the Ethel Root Circle held Mon-

day at the Fellowship Hall and Mrs. Edward Simpson selected from the Bible, "Jesus feeds the five thousand", as her devotion followed by reports from the secretary, treasurer and the various committees.

The chairman of the smorgasbord, held Feb. 27, gave her report. She was very pleased with the cooperation of members, and thanked all for their help in making it a huge success.

New business discussed was the project of the circle in planning to publish a cook book in the near future in celebration of the 70th anniversary of the church. The book will contain favorite recipes of members of the church, many taken from the smorgasbords. A business committee was appointed with Mrs. Rollins as general chairman of this project.

The group voted to contribute toward the purchase of material ordered for new choir robes.

Mrs. Corbett, hostess, served refreshments to Mrs. Rollins, Mrs. Ludecke, Mrs. Simpson, Mrs. T. R. Alford, Mrs. James Bedenbaugh, Mrs. Bonner Carter, Mrs. Richard Carter, Mrs. Max Coberly, Mrs. Ralph Lossing, Mrs. Owen Meredith, Mrs. Earl Mosley, Mrs. Orville Nordgren, Mrs. Helen Remusat, Mrs. Gus Schmah, Mrs. H. Thurston, Mrs. Edward Woods and Mrs. Oscar Zittrower.

The Hibiscus Circle meets with Mrs. D. H. Fauver at her home on Eureka Hammock at 2 p. m.

Izora Circle members will meet with Mrs. F. Shadden at her new home, 213 Citrus Dr. in Ravenna Park. Mrs. Frank Donahoe will present the program entitled "Corasges From My Garden."

Each member is requested to bring a plant for exchange, in observance of the circle's anniversary.

The Jacaranda Circle will meet at 7:30 p. m. at the home of Mrs. Irving Fryor, 208 Margaret Road. Members who do not know how to get to the Fryor home may meet at 7:15 p. m. at the home of Mrs. W. B. Brinson, 122 Park Ave. and go with Mrs. Brinson. Roll call will be answered with members birthday flower. Mrs. Stanton Owen will be guest speaker and give a demonstration on "Dried Arrangements."

Mimosa Circle meets with Mrs. Raymond Cliequennol at 601 Elliot Ave. at 10 a. m. Mrs. G. Sweeney will present the program and a white elephant sale will be conducted.

Rose Circle members will meet at the home of Mrs. E. L. Barke, 1005 East Seminole Blvd. at 8:45 a. m. Guest speaker will be Mr. Lloyd Gallagher. A covered dish luncheon will be served at noon. Members are requested to bring a dish.

## Mrs. Adams Hostess To Meeting Of WSCS Circle Seven

Mrs. Ross Adams was hostess to circle 7 of the W. S. C. S. of First Methodist Church, Monday afternoon at her home on Park Ave.

Mrs. Adams, who is devotion chairman, arranged a "worship center" in a sunny room amid spring flowers. The worship center featured a beautiful reproduction of "The Smiling Christ". She told the story of how the artist was inspired to paint the picture while in prison.

Circle chairman, Mrs. L. T. Doss, thanked members for their special offerings to be used in missionary work in honor of Mrs. Godfrey of Orlando.

Mrs. C. H. Winn presented the study on the book of Luke. It concerned money and the many parables in the Bible, referring to it. She compared the rich young ruler, who willingly gave to the poor but could not comply to the demands of Zarcheus.

She explained how an excess of money can be a handicap and present temptations but conversely a lack of it can also have a dangerous and demoralizing effect.

The 18 members enjoying the strawberry shortcake and coffee, served by the hostess were, Mrs. Doss, Mrs. Winn, Mrs. H. B. McCall, Mrs. J. C. Davis, Mrs. Flora Donnan, Mrs. O. R. Estridge, Mrs. R. U. Hutchison, Mrs. Bertha McMullen.

Mrs. Ettie Melke, Mrs. Howard Monteth, Mrs. C. C. Priest, Mrs. R. D. Priest, Mrs. R. F. Robinson, Mrs. P. A. Rowland, Mrs. J. H. Stephan, Mrs. Olive Wells and Mrs. T. C. O'Steen.

## March Is Egg Month

By MYRTLE C. WILSON  
Eggs are good to eat anytime of the day; they are a protein food that may be star attractions in your menu this month. Also they may co-star in many main dishes such as cheese fondue, creamed dishes, and souffles which are cheese, meat and egg combined for flavor appeal. Some other egg combinations include egg and olive stuffed tomato, eggs a la king, cheese and egg omelet, eggs benedict, and egg cutlets with parsley sauce.

These are sophisticated yet economical main dishes, especially at this season when large-size eggs are plentiful and frequently low in cost.

Other egg dishes such as casseroles of cheese and macaroni with eggs or vegetables escalloped using eggs make thrifty main dishes and supply the same high

quality proteins as does meat. Three large eggs are equivalent to 3 ounces of red meat as a protein source.

The general rule of protein cookery applies to egg use. . . low to moderate heat. Eggs become tough and less appealing if cooked at high temperature, or are overcooked.

When making custards, sauces, or other mixtures (that call for combining liquid with egg) avoid curdling by adding hot liquid gradually to the beaten egg, never the eggs to the hot liquids.

To combine beaten egg whites with other mixtures, fold . . . don't stir . . . using a light, under and over motion.

For omelets and souffles, fold the heavy mixture into the beaten egg white. Don't overmix, or you will lose some of the air you have beaten into the egg whites.

# Covington Covers Sports

By JERRY COVINGTON  
There are many familiar signs of spring, but the surest one is the crack of the bat.

All over the state baseball camps are becoming the center of activity and you can hear the loud yells of young rookies and seasoned veterans as they take to the batting cage with anticipation of a big year ahead.

To this writer, as well as many other sports fans, this is the greatest time of the year, for we all know that soon our national pastime will be back in all its glory.

The Giants' minor league camp will be in full swing within a few days here in Sanford and soon our beautiful training base will be literally covered with youngsters who are dreaming of a chance of eventually landing in San Francisco. We are sorry to say that this will be the last time the Giants will be here for spring training, but we are also hopeful that an eastern team will take over next year. This year Seattle of the Pacific Coast League will be the AAA team training here and it will replace Phoenix. Also, the Corpus Christi class A franchise has been moved to Harlingen, Tex., and Ray Murray will again be field manager for the club.

Coch Davis Laude and his Seminole High baseballers are now hard at work preparing for their season that will get underway the end of this month. They will play their games under the lights again this year at Municipal Stadium. The football and basketball teams at the local high school have been very successful this season and Laude is very hopeful that he can

keep things rolling. At present, his biggest problem is experienced pitching and if he can come up with a big winner they could be tough.

The Sanford Greyhounds are set with a full working agreement with Kansas City and the A's will replace the club supplied by the Washington Senators last season. Businessman Pete Schaal will head the front office this season, with Bill Robertson of Roanoke, Va., as the field boss. Local produce man Harold Kastner was elected as president of the club this year and he will replace Dr. Mathers who filled this capacity last season. W. K. McRoberts will be the principal sponsor of the club again and he is looking forward to a great year.

The A's are busily assigning young players to the Sanford club and they have assured us that they are going all out to improve the caliber of baseball players who will play here this year. Everyone is anticipating a fine year in the Florida State League and now that Lakeland and Leesburg have been admitted, it should be solid, with eight teams represented.

This year the league will have St. Petersburg, Tampa, Orlando, Palatka, Daytona, Sanford, Lakeland, and Leesburg.

For anyone who cares for baseball, you couldn't find a better place than Sanford—for from here on out, there will be very few days and nights through the summer that you can't watch a good game.

Let's get out to the park this season for there is no better way in my books to have a fine evening of entertainment on a warm summer night.

GEORGE TRAUTMAN

## Minor League Boss Sets Up Headquarters Here

George Trautman, boss of minor league baseball, arrived in Sanford Wednesday to set up winter headquarters.

Trautman, who has been president of the minor leagues for 14 years, plans an extensive tour of winter training camps around the state during the next 30 days.

There are now 92 clubs training in Florida, Trautman said, "with over 3,000 youngsters planning to become future Mickey Mantles and Ted Williamses."

When questioned on minor league problems of survival, Trautman emphasized that "as long as there is a kid dreaming of playing centerfield for the Yankees there will always be minor league baseball."

Discussing the decline of minor league ball over the past decade, Trautman said, "As long as you have free television when the old man can take off his shoes, put on the air conditioner and the TV set on, minor league baseball will always have its problems."

Trautman is looking forward to a good 1960 season for the minors. He stressed that if the new Continental League gets off the ground it will be a shot in the arm for the minors.

"Where can they get their talent from but the minors?" Trautman asked.

Trautman said the 1960 season will have the best player talent in years and will be better "stabilized" than in previous years.

"Minor league baseball is an important part of any small community. The minor league player is a missionary for baseball and a part of the community," Trautman said.

## Hard Luck Kegler On Lanes Today

TOLEDO, Ohio (UPI)—Allie Brandt, the hard-luck bowler who holds the all-time American Bowling Congress ABC league play series record of 806 but has never won an ABC championship, will be on the tournament lanes for another try today.

Brandt, 46, of Lockport, N. Y., came within 14 pins in 1959 of rolling a perfect series, which is roughly like the scientist's attempts to cool a liquid to absolute zero. He fired games of 297, 280 and 300. But the best Brandt has been able to score in ABC tournaments was a third place in doubles in 1953, the year he shot a 771 for the third highest ABC series in history.

## Palmer Favored In Pensacola Golf Tournament

PENSACOLA (UPI)—The \$15,000 Pensacola Open golf tournament got underway today with Arnold Palmer a solid favorite to win his third straight tournament, something no one has done since 1952.

Palmer, a Ligonier, Pa., pro, went into this tournament with record earnings for the winter tour, \$28,336, and his "good luck charms" his wife and two daughters, of hand to watch.

Jack Burke Jr. was the last to win three or more tournaments. He won four straight in 1952.

Palmer has won three tournaments this year, the Texas Open and the States Rouge Open in the past two weeks, and finished in the money in all nine meets he's entered. He won the \$100,000 Desert Classic at Palm Springs, Calif., earlier this year.

His competition for the \$2,000 first prize money in the Pensacola Open, however, includes three of four winners from past tournaments and Ken Venturi of Palo Alto, Calif., who finished fifth and second in past meets here.

Ari Wall Jr., 1957 winner, was hospitalized in Scranton, Pa., and was unable to make the tournament this year. However, 1956 champion Dan Fairfield, Jackson, Wis., Ill.; 1956 winner Doug Ford, Crystal River; and 1956 champ Paul Harzey, Worcester, Mass., who shot a record 19 under par 80 for his victory, were on hand to try to break Palmer's hot streak.

## Happy Joe Lucky Top Choice In Kennel Club Featured Race

The Ladies Night feature tonight at Sanford-Orlando Kennel Club will bring out the current champion, Happy Joe Lucky, and seven other Grade-A stalwarts for what is expected to be one of the season's most exciting contests.

Women will be admitted free for the 10-race program which starts at 8:10 with a fast Grade-B encounter.

In the hot ninth, only one female greyhound is slated for action and she's faded the longshot, at 12-1 morning line odds.

Early favorite, of course, is big Happy Joe Lucky from the Race Street Kennel. Happy Joe has moved to victory eight times, placed five times and shown three times in 18 trips this season. The dark brindle musclem is a 2-to-1 choice from the second post position.

Expected to give him plenty of competition is youthful W. A. McCarty and El Camine Shadow. Carl Tracy's W. A. McCarty will march from the five-box with 5-to-1 early odds, while El Camine Shadow owned by Charles Reinhardt, will run from the third post position.

Other top-grade entrants in the fast lineup are Big Blimp, Red Hot Springs, Ark. (UPI)—Jockey Roland Campbell made a few hard way Wednesday, riding the last four winners at the Oaklawn Park track. Campbell won aboard Colonel Patch in the ninth race, Leadstiler in the seventh, Double Squaw in the eighth and Shamont Hope in the sixth.

Despite price tags of \$200 and up, some 4,000 miniature, gas and electric-powered autos for children have been sold in the U. S.

## Millionaire Owner Of Kansas City A's Dies

WEST PALM BEACH (UPI)—Arnold M. Johnson, millionaire industrialist and owner of the Kansas City Athletics baseball team, died this morning after suffering a cerebral hemorrhage.

The 54-year-old, Chicago-born executive died at 1:45 a. m. at Good Samaritan Hospital, where he was taken hours earlier after collapsing at the wheel of his car on a downtown street.

## Howard Of Dodgers Looms As Top '60 Rookie; Other Camp News

United Press International  
The "big rookie" of the 1960 training season is Frank Howard of the Los Angeles Dodgers.

It's true literally because Howard, 26, is 6 feet, 7 inches and weighs about 250 pounds and it's true competitively because the \$100,000 bonus baby just could be ready to make the big time this year. And, if that's true, those Dodgers are likely to become solid choices to make it two straight National League pennants.

Willie Mays of the San Francisco Giants and Ted Williams of the Boston Red Sox flexed their muscles in intra-squad games Wednesday but it was Howard

## High School Cage Tourney Underway

GAINESVILLE (UPI)—The second round of quarter-finals of the Florida High School Basketball Tournament is set for today, with Miami Edison against Tampa Plant and North Miami facing Clearwater in Class AA games. In action Wednesday night, Manatee of Bradenton beat Robert E. Lee of Jacksonville 50-41, Class AA; Pasco beat Palmate 35-42, Class A; Blountstown beat Citrus High 33-27, Class B and Mount Dora Bible School beat White Springs 78-37, Class C.

Wednesday afternoon, Edgewater beat Panama City 55-54, Class AA; Chipley beat Jacksonville Beach 62-51, Class A; Bradford beat Okeechobee 60-48, Class B and Poplar Springs beat St. Patrick's of Miami 65-58, Class C.

In other action today, Cocoa meets South Dade, Class A; Hilliard meets Campbellton, Class C; Clermont meets Ponce de Leon, Class B; Callahan meets Zephyrhills, Class B; Gainesville P. K. Yonge meets Alburndale, Class A and Bronson meets Everglades, Class C.

## Title Bout Set

LONDON (UPI)—Promoter Jack Solomons announced Wednesday that Mario Vecchiato of Italy, European lightweight champion, will defend his title against Dave Charnely, British and Empire titleholder, in a 15-round bout at London, March 20.

collapsing at the wheel of his car on a downtown street.

A policeman found Johnson slumped over the steering wheel of his car. Johnson apparently had sensed the onset of the attack and was able to stop the car before collapsing.

He was conscious when taken to the hospital but later lost consciousness and was placed in an oxygen tent.

Howard, who hit 4 homers in the minor leagues last season and is regarded as certain to be a great major league slugger some day, cleared a tree in dead center field, 443 feet from the plate at Vero Beach.

Howard is trying out for first base with the Dodgers and will force a complete realignment of the team if he makes it. Manager Walt Alton admits it and so does veteran first baseman Gil Hodges, who could wind up in the outfield or at third base if the big kid comes through.

Mays belted two homers in the Giants' intra-squad game while Williams connected for a 300-foot homer on the first pitch served up to him in the Red Sox game. Williams, who only a week ago was talking about retiring, showed no signs of his mysterious neck ailment.

Frank Robinson continued his heavy spring hitting for the Cincinnati Reds and Al Kaline, runner-up to American League batting champion Harvey Kuenn, took special drills for the Detroit Tigers. Robinson hit two homers and drove in four runs in the Red Sox intra-squad game. Kaline, who hit 37 last season, had a special 1 1/2 hour batting drill which he said "would help me get the snap and roll back in my wrists."

Bobby Malkum, a .300 hitter at Denver last season, hit three singles in the Philadelphia Phillies' first intra-squad game. He is trying out for second base. Outfielder Tom Burgess of the Pittsburgh Pirates singled in his only time at bat to give him seven safeties in eight tries in intra-squad competition.

Tony Kubek, working out for the first time after signing for an estimated \$18,000, made one hit in four appearances in the New York Yankee's camp game. Joe Adcock checked into the Milwaukee Braves' Bradenton camp as a svelte 237 pounds—his normal playing weight. Billy Hoft, acquired from Detroit during the winter, pitched three shutout innings in his spring debut for the Baltimore Orioles. Holdout Minnie Minoza arrived in the American League champion Chicago White Sox camp.

## Small College All-Stars Named

NEW YORK (UPI)—Ed Smallwood of Evansville, Jackie Moreland of Louisiana Tech, Kelly Coleman of Kentucky Wesleyan, Mel Peterson of Wheaton and Jim McDonald of West Virginia Wesleyan today were named to the United Press International small college All-American basketball team.

The second team for the 1959-60 season was composed of Don Curry of Mississippi Southern, Whitey Verstraete of Georgia Southern, Charlie Vaughn of Southern Illinois, Tommy Covington of Mississippi College and Jack Riley of Linfield, Ore.

## Newell Honored

NEW YORK (UPI)—Fats Newell of California, United Press International's coach of the year, has been accorded a similar honor by the New York Metropolitan Basketball Writers Assn. Newell, who steps up to the post of athletic director after the Golden Bears complete their NCAA tournament competition, guided California to a 24-1 record during the regular season.

# President's Tour Places U. S. More 'In The Family' With South America

By PHIL NEWBOM  
UPI Foreign Editor

"The United States is coming to occupy a seat in the American family and is no more the old, rich and distant uncle."

It was Chilean Foreign Minister German Vergara Donoso's summation of President Eisenhower's four-nation South American tour which turned into a tremendous personal triumph for the President and provided heartening reassurance that not all of Latin America regards the United States as a grasping nation of scoundrels.

The impact of the tour will extend all the way to next May's summit meeting in Paris.

For in promoting his campaign for hemispheric solidarity, Eisenhower also promised his Latin American hosts that their views would be carried with him when he and other Western leaders meet with Soviet Premier Nikita Khrushchev.

This emergence as hemispheric spokesman provided another of the interesting parallels to develop from the barnstorming tours undertaken simultaneously, but on opposite sides of the world, by the two leaders of the Western and Communist blocs.

Khrushchev also sought to make himself a spokesman, and in this he had some measure of success. From India's Prime Minister Jawaharlal Nehru during a "little summit" meeting in Calcutta, Khrushchev drew praise as a worker for world peace.

"Khrushchev worked a lot for his country and the world during the last few years," Nehru said. "But the biggest thing is that he is flying the flag of peace."

In Indonesia, President Sukarno also hailed Khrushchev as a man of peace and even delegated him as a spokesman for unrepresented nations at the summit conference. But in each case Khrushchev had to share the praise for his efforts toward world peace with Eisenhower, and so, the second half of his mission — to undermine the influence of Eisenhower's Asia tour — failed.

In South America, the President had gone a long way toward assuring Latin Americans that the United States neither supports dictators nor is forgetful in the midst of world responsibilities of obligations closer to home.

But there also was agreement that the trip in partially erasing some old problems also had created new ones and that initial enthusiastic reaction could rebound unfavorably unless follow-up steps were taken.

This is true because each of the

nations Eisenhower visited has its special problems.

UPI's State Department Reporter Stewart Hensley accompanied the Eisenhower tour and noted some of them.

A major sore spot in Chile is the U.S. tax on copper imports, Chile's major export. Many Chileans now believe this tax will be removed.

In Argentina, President Arturo Frondizi is in political hot water because of his rigorous austerity program. The Eisenhower visit could either help or hurt him, with attendant effects on U.S.-Argentine relations.

Brazil, Argentina and Chile all need money. Uruguay does not ask for aid but wants loans for its own development program.

# Clark Admits He Broadcast Songs In Which He Had A Financial Stake

WASHINGTON (UPI) — Disc jockey Dick Clark has stated under oath that he broadcast songs in which he had a financial stake on his nationally televised show, it was learned today.

Clark, a matinee idol of the teenage set, also conceded that a record manufacturer gave him a flag and his wife a necklace with a combined value of \$3,400.

Rep. John B. Bennett (R-Mich.), ranking Republican on the House "payola" investigating subcommittee, told of Clark's sworn statements in response to queries from United Press International. Bennett, demanding that Clark be summoned as a witness, said at a public hearing last Friday that the disc jockey at one time held ownership in 17 record and music companies.

He said Clark confirmed these findings in an affidavit obtained from him by the American Broad-

casting Co. last November. ABC gave Clark a choice of severing these music business connections or leaving his "Bandstand" show; he chose to cut the business ties.

Pressed for further details, Bennett said today that Clark in the affidavit to ABC "admitted playing songs that were owned by or distributed or pressed by companies that he wholly or partly owned, and that he thereby made a financial profit."

"Clark's admission in the affidavit alone make a stronger case against him than any of the rinky-dink disc jockeys we've had as witnesses so far," he said.

# Civil Rights Filibuster Stems From Little 'Left Over' Bill

WASHINGTON (UPI) — It was only a brief mention that H.R. 8315 had been referred to the Senate Armed Services Committee.

Two days later, it was approved by the committee and took its place on the legislative calendar as No. 924. Had not the Senate been in a hurry to adjourn, it might have been routinely passed on the spot.

Instead, it was carried over until the 1960 session. Little did anyone dream that it would become the focal point of one of the longest filibusters on record.

While awaiting Senate action, H.R. 8315 was picked as the vehicle to carry this year's civil rights legislation. It was a logical choice. H.R. 8315 has nothing to do with civil rights.

An innocuous little bill, it merely would excuse the Stella, Mo., school district from paying rent on a U.S. Army building used for classrooms while a burned-out school was being rebuilt.

In the past three weeks thousands of words have been spoken about amendments to H.R. 8315. But seldom has the bill itself been mentioned.

It was refreshing, therefore, to note that Sen. Sam J. Ervin (D-N.C.) saw fit to include it in a speech he made. If he confused Sen. Frank J. Lausche (D-Ohio) in the process, well such are the hazards of a filibuster.

Ervin was on the floor complaining to a U.S. Democratic Leader Lyndon B. Johnson (Tex.) and Republican Leader Everett M. Dirksen (Ill.) had put the Senate on a 24-hour schedule.

This, he said, worked a hardship not only on southern opponents of civil rights legislation but also on "poor Stella, who is now lost somewhere in outer space."

The long fight, he said, was depriving the children of Stella of an education.

At this, Lausche, over the gentleman, scrambled to his feet prepared, I assume, to defend a lady's honor.

"I have been constantly hearing mention of Stella," he said. "Who is she?"

"I think she must be a girl friend of the majority leader and the minority leader," Ervin replied. "I think they are not treating her exactly right, with the proper degree of — what is it that the French call it? 'Espir' d'amour' — because they keep her waiting so long."

I trust our senators will continue to keep Stella and H.R. 8315 in mind as they go their weary way. But from now on, gentlemen, let's leave her out of this.

# Rock And Roll Generation May Get Their Fling On Future TV Specials

By FRED DANEG  
United Press International

NEW YORK (UPI) — I can see it now. In about 15 years, there will be a big TV special called, "The Swingin' Rollin' Years."

It probably will feature such renowned performers as Bill Haley and The Comets, Fats Domino, Frankie Avalon, Frankie Lyman and the Fabulous Four, Elvis Presley, still a charmer at age 30, will be the host and these wonderful old-timers will recreate some old hit records of the late 1950s. Nostalgia will pour from the TV tube just as it poured Tuesday night when NBC-TV's "Starline" presented, "The Swingin' Singin' Years," a musical tribute to 15-20 years ago.

This hour-long special, described from the Feb. 6 "Starline" special called "The Swingin' Years," was more successful than its predecessor because it was more flexible and less ambitious. The emphasis Tuesday night was on reproducing his vocal and instrumental records rather than a quick history lesson. Tuesday night's numbers were presented from re-creations of theater stages, supper clubs, radio stations, a Parisian cellar club, the Hollywood Bowl and even a large warehouse. With these sets, producer Gil Rodin was able to impart an air of authenticity to the proceedings.

"The Swingin' Singin' Years" (oh, those titles!) started off on the right foot with Woody Herman's hard racing through "Apple Honey" and "Your Father's Mustache." Woody was the bright spot in the February musical and his enthusiasm, showmanship and, of course, spark-filled arrangements, came through again in fine style.

In addition to Woody, there were Ella Mae Marm and Freddy Martin and Jack Pina, Jo Stafford, Louis Jordan's group, Dinah Washington, Charlie Barnet, Vaughn Mervin and Stan Kenton. Brief excerpts of Big Crosby, Duke Ellington and Kay Kyser records also were worked into the show.

Next week, "Starline" will round up some Academy Award-winning songs and it's beginning to look as though the sponsor, Ford, is finding that popular music and big bands can lead to big pay ratings. Certainly, there's no problem in gathering material for the program. Why not see what Tuesday night, had Rodin been given as a quick biography of a named company. This approach could easily be expanded into an all-star music special. Others could be devoted to the old small

composers such as Nat Cole's, Ray Scott's and John Kirby's. Perhaps modern jazz groups could be fitted into a format, too. The idea looks promising and if properly exploited could offer many entertaining, nostalgia-filled hours.

These may be a TV special in your future.

The Channel Swim: If CBS-TV is unable to cut the number of commercial interruptions in Gerry Moore's variety hour, as Moore has asked, there is a possibility the show will move to NBC-TV in the fall. Former Miss America Mary Ann Mobley returns to CBS-TV's "Be Our Guest" next Wednesday, when Keefe Brasselle takes over the anchor role from George DeWitt. Featured on the show Perry Como will tape in London for airing on NBC-TV April 27 and Sir Ralph Richardson, and ballet stars Margo Fontana and Michael Somes.

Cliff (Charlie Weaver) Arquette shares the "Person To Person" calling card for Friday, March 10 with fashion designer Elsa Schiaparelli. Christopher Plummer has landed the title role in G.B.S.'s "The Hothouse of the Convent," the "Hothouse of the Convent" production for Monday, May 2 on NBC-TV. Members of the National Academy of Television Arts and Sciences, now voting on Emmy awards, will consider shows between March 1, 1959 and March 31, 1960. Previous Emmy voting was confined to the calendar year's programming.

# Stray Bullet Hits Nine-Year-Old

SAWYERBORNE (UPI) — Nine-year-old Charlotte Jordan gathered a minor leg wound Wednesday when a stray bullet fell into her lap at a school playground.

"We're sure it must have been accidental," investigator Henry Farber said. The bullet was apparently fired straight up by some one in the area, he theorized.

# Police Close Lid On Treasure Chest

SYDNEY, Australia (UPI) — Police Wednesday closed the lid on a trunk full of money that 20 boys had been dipping into for the past five months.

The boys, ranging in age from 14 to 18, found the treasure chest in a circus storage yard last October and used it at their own private bank until four of them finally led police about 4 Tuesday.

Detectives theorized it might be the loot from a burglary or a series of burglaries, but they could not come up immediately with any particular crime to fit the loot.

Startled police found about 800,000 in Australian pounds, 202,000 of it in the chest and the rest in the homes of the boys. They think more money may be hidden elsewhere on the circus lot.

"It's not mine; I wish it was," circus manager Stafford Bullen said.

# Missing 'Ice' Found In Grating

NEW YORK (UPI)—Mrs. Thomas Burke got a \$2,000 sparkle in her eye and there was more celebration in a corner of Brooklyn than when the Dodgers won the pennant.

The whole neighborhood at Noststrand and Flatbush avenues had been depressed. Joyce Mullan had playfully taken off her diamond engagement ring when her fiancé, Thomas McCauley told her it was worth only 11 cents.

It dropped into the snow and disappeared. The Mullans, the McCauleys, the Burkes and the police shoveled for days but it couldn't be found.

Mrs. Burke was standing on the corner bus stop Tuesday when a twinkle from a subway grating caught her eye.

"I think I've found it," Mrs. Burke said rushing into the Mullan house.

A neighbor enlisted the aid of a 16-year-old friend and they climbed into the subway air vent and retrieved the ring. It was Joyce's.

Oil production in the U. S. during 1959 averaged 7,043,000 barrels a day, an increase of about 5 per cent over the preceding year.

# Education 'Everybody's Business' Edmunds Says

Stetson University President J. Ollie Edmunds told the Chamber of Commerce Thursday night that "education is everybody's business" and that the American people must put greater emphasis on their schools to catch up with Russian technological advances.

Edmunds, speaking to 300 members of the Chamber at their annual meeting stressed that the U. S. spends less than one percent of its gross production on education while the Russians are spending three percent.

"We are building bigger and finer schools, but what are we doing about teachers?" Edmunds asked. "What are we doing to raise the status of teachers and give them the respect they are due so devoted people will continue in the educational field?" he asked.

"How many of you know the name of the math, or chemistry teacher in your high school? You know the name of the football and basketball coach. Why not the name of the math teacher?"

"This could never happen in Russia," Edmunds emphasized. "In Russia, only the party leaders are more prominent in stature than teachers," Edmunds said.

"Young people just don't seem to want to go into teaching in this country. Why should they? The young man getting out of college can start off double the salary in industry than he can in teaching."

"We must become aware of the importance of the teacher's plight. College enrollment is going to triple in 10 years and we'll need 50,000 more faculty members."

"What the good of building fancy schools and having no one to teach in them," Edmunds said.

"Now, in the Sputnik age, with the debates razing in Congress on why we are lagging behind Russia, people are realizing where the trouble is and are finding out that education is everybody's business."

"We are behind in the missile race not because we are not producing enough steel, gas and metals, but because we are not training our youngsters for the times," he said.

Edmunds also stressed that the people must give their support to private colleges and stop counting on the government to take care of educational needs.

"Seminole County supports its own schools and there is no reason why private schools can't get along without federal funds," Edmunds said.

"Once the government controls start in the schools, teachers will start thinking about political affiliations and won't concentrate on their teaching methods," Edmunds said.

DRIVING HOME A POINT on the need for increased public interest in education is Dr. J. Ollie Edmunds. Among listeners at the speakers' table at the C of C dinner were, from left, Mrs. Earl Higginbotham and Mrs. B. L. Perkins Jr. (Herald Photo)

## Snow Traps 500 Families As New Storm Blows In

WEST JEFFERSON, N. C. (UPI)—Fog-like snow and brisk winds stalled efforts today by helicopters and National Guard trucks trying to get food, fuel and medicine to some 500 families trapped in their mountain homes by massive snow drifts.

New snow began piling up in the rugged, northwestern corner of the state and Air Gen. Capone Waynek conceded, "It looks like we have a real problem. We can't take too many chances with that many lives at stake."

The families were marooned by the second severe snowstorm to sweep across the mountain with-

in a week. The storm spread 20 to 25 inches of snow over the Blue Ridge Mountains Wednesday and heavy wind-whipped flurries began settling on the thick layer today.

A helicopter piloted by C. L. Lawrence of Pope Air Force Base attempted a flight over the stricken area early today but was unable to land because the area was enclosed by fog.

The blustery winds piled drifts as high as 16 feet along winding mountain roads whose outlines were barely visible under the matted layer of ice and snow. There was danger that other

areas would soon be isolated. "North Wilkesboro is running out of fuel," Waynek reported. "I have ordered trucks to head for that area from Winston-Salem. The coal is being put in 100-pound bags to be dropped from helicopters."

Waynek said the biggest needs were fuel and shovels for emergency vehicles.

National Guard troops teamed up with police to distribute food in snowbound areas of Virginia. More than half of Virginia's schools stayed closed, as did hundreds of others in the winter-weary Southland.

The new storm lashed the Midwest and South today with snow, rain and sleet.

The latest winter onslaught gave the hard-hit eastern half of the country no time to clean up record snows of two days ago. At least five inches of snow were forecast in parts of Illinois, Kentucky and Tennessee, where up to 21 inches fell Wednesday.

The storm closed roads and stalled traffic in the Midwest. An unexpected storm dumped four inches of snow on Atlanta, where rain but no snow had been predicted.

DAVID GATCHEL Gatchel Qualifies For Clerk's Job

David M. Gatchel, who was appointed Circuit Court Clerk in November today qualified as a candidate for that post.

Gatchel was appointed to the post to replace the retiring O. P. Herndon.

Gatchel served on the County Commission for one year; one year as Sanford mayor and three years on the City Commission.

In announcing his candidacy, Gatchel said, "Since I have been privileged to serve in this office, I have had the excellent cooperation and help of the staff and in addition, the invaluable aid of E. L. Burdick, former chief deputy clerk."

"Now that I am well acquainted with the many varied duties of this office, I am submitting to the voters of Seminole County my earnest and sincere desire to continue to serve them as clerk of the circuit court," Gatchel said.

"In my ambition to stay abreast of the current time and labor saving methods possible in the heated charges leveled against this country by the Castro-controlled press and radio. No definite plan has been disclosed upon, but one proposal disclosed Thursday calls for time on commercial stations in Florida or Puerto Rico for special broadcasts to the Cuban people."

Gatchel is a graduate of Stetson University, served in the Air Force during World War II and was co-owner and manager of Central Florida Quick Freeze and Storage Co. for 10 years.

He lives with his wife at 610 W. 19th St. and is a member of the First Baptist Church, Kiwanis Club and Chamber of Commerce.

## News Briefs Progress Report Shows C of C Role

**Diaz Suit Dropped**  
MIAMI (UPI)—Federal District Judge Joseph P. Lieb dismissed the extradition case Thursday against Maj. Pedro Diaz Lanz, former Cuban air force chief sought by the Fidel Castro government for allegedly dropping explosives on Havana.

**Survivors Airlifted**  
ROTA NAVAL BASE, Spain (UPI)—U. S. authorities said they would fly the remaining survivors of the Navy plane that crashed in the Sierra Nevada mountains to the naval hospital here from Granada today. All 24 Marines and Navy men aboard the plane survived the crash and the Navy said all the injured are expected to recover.

The Chamber of Commerce has played a major role in enticing new industry into the county, Mack Cleveland Jr., past president, told approximately 300 C of C members at their annual meeting Thursday night.

"Without the work of the chamber there would not have been any Dynatronics or Dearborn here," Cleveland said in reviewing Chamber activities for 1959-60.

Cleveland also outlined the Chamber's efforts in battling for better roads in the county and promoting Seminole County off over the nation.

"I never realized it," Cleveland said, "but the Chamber has had inquiries from 47 states, Mexico, Canada and even from Cuba's Cuba."

Cleveland said the Chamber has worked hard to publish new maps of Sanford and the county for new residents and set up a post office committee to work with Federal agencies getting a new post office here.

"The attorney said that during the past year the Chamber reached its highest membership in history and he thanked the members for their 'untiring' support."

Cleveland also praised the work done by Manager John Krider and public relations representative Charlie Morrison.

**Citrus Shipping Up**  
TAMPA (UPI)—The Florida Citrus Exchange predicts it will ship 30 per cent more fresh citrus this season than it did last year, despite smaller grapefruit and tangerine crops. As of Feb. 20, when early and mid-season fruit was cleaned up, Exchange General Manager John T. Leary said shipments were up 25 per cent over last season.

**Pioneer Merchant, N. P. Yowell, Dies At Orlando Home**  
Central Florida merchant pioneer N. P. Yowell died last night at his Palmer St. home in Orlando.

The co-founder of the present Ivey's of Orlando and of Sanford's Yowell Company died in his sleep at the age of 82. Mrs. Yowell had been in poor health and had recently had medical treatment in Duke University Hospital, Durham, N. C.

Mr. Yowell started the present Ivey's of Orlando about 1888 in partnership with Benjamin Drew. He owned the Sanford Yowell's in partnership with his brother, A. E. Yowell, until 25 years ago, when he sold the store to his brother.

Born in Luray, Va., he came to Orlando with his parents, brother and sister in 1884, when he was 12 years old.

Before the sale of the Orlando Yowell-Drew store to Ivey's, about 12 years ago, he was president of the firm and his sister, Mrs. J. D. Barnes, was vice president. After selling the store Mr. Yowell retired to his Palmer St. home, though he still had many investments in Central Florida. He was a member of the Presbyterian Church.

Surviving are his brother, Arthur E. Yowell of Sanford; his sister, Mrs. J. D. Barnes of Orlando; a son, M. P. Yowell Jr., of Orlando; two daughters, Mrs. William Pittman, and Mrs. A. A. Stewart, both in Orlando; seven grandchildren and nine great-grandchildren.

Funeral services have been tentatively scheduled for Monday, with Carey Hand Funeral Home of Orlando in charge.

**Appointment Out**  
SALEM, Ore. (UPI)—Republican Gov. Mark Hatfield has indicated he will not appoint Mrs. Maurine Neuberger to fill out the unexpired term of her late husband, Sen. Richard L. Neuberger. The move came only a few hours after Mrs. Neuberger filed as a Democratic candidate for the Senate seat in the May 30 state primary, and only 24 hours before the filing deadline of 5 p. m. today.

**Cuba Reply Studied**  
WASHINGTON (UPI)—The U. S. government may send news broadcasts to Cuba to counter the heated charges leveled against this country by the Castro-controlled press and radio. No definite plan has been disclosed upon, but one proposal disclosed Thursday calls for time on commercial stations in Florida or Puerto Rico for special broadcasts to the Cuban people.

**Jewelry Stolen**  
WEST PALM BEACH (UPI)—Thieves took an undisclosed amount of jewelry Thursday from the hotel room of Mrs. John McCarthy, wife of the gubernatorial candidate, in the latest of four jewel thefts in the area. The FBI was called into the thefts Thursday after Jack R. Dorman of Palm Beach reported more than \$10,000 in jewelry and \$600 in cash was taken from his home while he and his wife were attending a movie.

**Injured In Fire**  
Putting diesel fuel on a fire hospitalized Herbert Parker, a Negro, after the fire flared up on the Wheeler and Co. grounds in Oviedo Thursday night. Sheriff's deputy Roy Alford helped Parker get to a hospital.

## Housholder To Run For Prosecutor

County Prosecuting Attorney Keryla Housholder today announced that he would seek re-election in the May 3 Democratic primary.

Housholder is a member of the First Methodist Church, American Legion, Disabled American War Veterans 49 and 8, Elks, Jaycees, Chamber of Commerce, County Bar Association and Florida Bar Association.

He was born and raised in Seminole County, and returned to Sanford to practice law after graduating from the University of Florida in June 1947. Since that time he has been active in civic affairs of the County and City and has served on various boards and committees.

In announcing the re-election Housholder said, "It has been a great privilege and wonderful experience to serve the people of Seminole County as their Prosecuting Attorney since January 9, 1953."

The volume of criminal cases in our County Court has increased greatly and is increasing daily as our County and neighboring counties grow in population. I now file an average of approximately 175 cases each month, and process many others that are not filed on because of insufficient evidence, and other pertinent reasons. In 1953 I proposed a new procedure for handling cases which has followed since, and which allows a quicker disposition of cases for defendants who want to retract their bonds, plead guilty or have a jury trial.

"I feel that I have done a good job for the people of my county and have always put the duties of prosecutor ahead of the demands of my general law practice. This I will continue to do to the best of my ability, he added."

## U.S. Satellite Orbits Sun

CAPE CANAVERAL (UPI)—A near perfect space shot today sent a baseball-sized American satellite into orbit around the sun.

The National Aeronautics and Space Administration said in Washington the 64.8-pound aluminum sphere was on its path around the sun inside the orbit of Venus and the earth.

A jubilant scientist here said the launch by a three-stage Thor-Able rocket was as close to perfect as anyone could expect.

The 100-watt Pioneer V, was designed to radio back to earth a wealth of information on radiation, cosmic dust and magnetic fields to be found in deep space.

The silver globe reached a velocity of 34,800 miles an hour to escape the earth's gravitational pull, within 180 miles of the planned speed and 576 m.p.h. above the speed needed.

The tip to the sun and the orbit of Venus will take several months.

Pioneer V's orbit is inclined toward Venus and will carry it 18 million miles closer to the sun than the orbit of the earth, NASA's Dr. Abe Silverstein said. At its nearest approach, the sphere will be 14,700,000 miles from the sun. It will reach this distance about 181 days from now. It will complete its journey around the sun in 311 days.

Pioneer V, equipped with the most powerful radio transmitter ever sent aloft by the United States, was launched to test communications over planetary distances up to 50 million miles.

American scientists in Britain put the payload on an apparently true course, at the proper instant

after the launching here at 8:02 a.m.

The U. S. team, headed by William Young of Los Angeles, pushed a button at 8:27 a.m. and the huge Jordrell Bank radio telescope triggered the release of the 90-pound instrument-carrying capsule from the carrier rocket.

Payloads of earlier U. S. probes have been separated from the last stages of their carrier rockets either automatically or by signals from U. S. launching sites.

## Sanford To Have 2 At Blindness Talks

Seminole County representatives at the National Society for the Prevention of Blindness state meeting at Miami Beach, March 19, will be Mrs. Guy Allen of Loch Arber and Dr. D. H. Mathers of Sanford. Mrs. Allen is NSPB county branch chairman and Dr. Mathers is NSPB county professional advisor. Reports on the care and use of the eyes will be given at the convention.

## Osteen Bridge Project To Go Into Road Budget

Seminole County received the assurance of the State Road Department District 3 board Thursday that work on a new Osteen Bridge will be put in the BRD budget and that contracts on the W. First St. project will be let in June or July.

The board also informed County Commission Chairman John Krider and State Sen. Douglas Stenstrom that the Sanford Ave. widening improvement project will start within the next two weeks.

Road member Rolfe Davis, noted that requests always exceed the available funds but are valuable for long-range planning.

Twelve counties, including Seminole were told by the board that projects will be undertaken according to the need and the dollars available.

District engineer Rickey Green said that Seminole County has \$794,000 secondary funds available through June 1961.

Sen. Stenstrom, told the board of the necessity for constructing a new Osteen Bridge as the present one was "obsolete."

Davin told the Seminole County delegation that construction on the bridge would be put into the budget this year. Cost of the project is expected to be around \$750,000, according to Krider.

On the W. First St. project, which will go from French Ave. to the Interstate, Davis told the Seminole delegation that contracts

## DeBary Firemen Name Officers

The DeBary Volunteer Firemen's Auxiliary has announced its slate of officers for the coming year. The year Miss Beatrice Tyson, president; Mrs. Thomas Howard, vice president; Mrs. Paul Froelicher, secretary; Mrs. William Siskmann, correspondent; and Mrs. Julius Voigt, treasurer. Mrs. Sylvan Grumbach has been selected to be a director for a three year term.

New members are Mrs. Eric Westberg, Mrs. Arthur Sinclair, and Ms. George Shivelwood.

## 27 Qualify For County Offices As Deadline Nears

A last minute rush of political activity is expected next Monday and Tuesday as the official qualifying date for the Democratic primary ends at noon Tuesday.

As of noon today, 27 candidates have qualified for the 20 public offices open for election.

Those who have qualified are: Circuit Court Clerk, David Gatchel and Arthur Beckwith Jr.; tax collector, John Galloway; Sheriff, J. L. Hobby and J. G. Galloway; District 1 County Commissioner, T. V. Brown and J. C. Hutchison; District 2 County Commissioner, Ted Williams and J. D. Cordell; District 3 County Commissioner, Lawrence Newkirk, Ed Newkirk, James Avery and Ollie Frazier; District 4 County Commissioner, John Fitzpatrick and Homer Little.

## 2 More Survivors Pulled From Ruins

RABAT, Morocco (UPI)—Two more survivors of the Agadir earthquake were rescued from the city's ruins today, 13 days after the rubble had entombed them.

Their rescue brought to 13 the number of persons pulled out of the wreckage after virtually all hope had been given up. Eight were rescued Thursday and two the day before.

The two survivors brought out by search crews today both were Moroccan men.

## Rescuers Begin 'Push' Into Mine

LOGAN, W. Va. (UPI)—Rescue workers today prepared for a final drive they hoped would push them through a fire-ravaged coal mine blockade to reach 18 trapped men.

The crews battled throughout the night to subdue a smoldering fire that stood between the entombed men and themselves, and to cool the area to enable them to continue the operation.

## Ball To Benefit Crippled Children

The Seminole County Crippled Children's Society will sponsor a ball March 19 to raise funds for the society.

The ball will be held at 9 p. m. in the Mayfair Inn ballroom.

There will be dancing and a floor show, highlighted by various musical selections and a marionette show. Chairmen are Ken Shostok and Mrs. A. O. Payne.

Tickets may be purchased from any member of the Sanford Post Club and from Mrs. Barney Goussau, Chairman; Mrs. J. W. Yamborough, General; Mrs. Robert Bradford, Altamonte Springs; Mrs. George J. Suabach, Casselberry; Mrs. W. A. Forward, Forest City; Mrs. Raymond Ball, Lake Mary; Mrs. John Lamberton, DeBary and Mrs. Joseph Pavelchak, Fern Park.

## A Start

Ground breaking ceremonies for the County Health Center were held Thursday afternoon.

Mrs. Hulda Kibbe, the oldest nurse in the county's health system, turned over the first shovel in an impressive ceremony which featured city and county officials.

Construction on the project, located on Ninth St. and French Ave., started today.
