

AL SMITH WILL GO ON STUMP FOR ROOSEVELT

Former Candidate Expected To Confine His Activities To New England Area

NEW YORK, Oct. 8.—(A.P.)—"Al" Smith, the "happy warrior," will take the stump in four states, it was learned last night, and campaign in the interests of a Democratic victory in November.

Who the number of his addresses will be limited, he plans to present to speak in Massachusetts, Connecticut, Rhode Island and New York.

Delegations from all four of these states supported him in the Chicago convention, and two of them, Massachusetts and Rhode Island, gave him their electoral votes in 1928.

Although it was announced in Illinois Smith would speak there, it was learned he has not yet decided that state to be the last.

The possibility of Smith entering the Cleveland campaign, speaking campaign was seen by Democratic leaders after he had brought 10,000 cheerleaders to Cleveland to cheer for the Democratic ticket.

Smith's fight with Tammany chief John F. Curran to keep the gubernatorial nomination in New York in Democratic hands is the main reason for the change of platform.

With the realization they had lost the nomination for their traditional, the standard bearer of 1928 and the standard bearer of 1932, recognized a friendship that had been maintained by both light against each other for the presidential nomination.

Non-Partisan Committee Under Coolidge Lead Begins Work

NEW YORK, Oct. 8.—(A.P.)—Efforts to diagnose the ills of the nation's railroads were begun yesterday by a non-partisan committee of public leaders headed by the former President Calvin Coolidge.

The new board of inquiry, sponsored by important banks, insurance companies and institutions, held its first session in the office of former Gov. Alfred E. Smith, one of its members, in the Empire State Building.

The meeting, besides adopting the title of "The National Transportation Committee," discussed a program for an investigation extending to last at least three months, and appointed Dr. Harold G. Moulton, president of the Brookings Institution in Washington, as chief investigator to employ experts and assistants to conduct the inquiry.

The members of the committee, besides Mr. Coolidge and Mr. Smith, are Bernard M. Baruch, treasurer, who will act as vice chairman, Alexander Legge, former

Accused Axe Slayer Pictured In Court As Model Husband

MEMPHIS, Tenn., Oct. 8.—(A.P.)—The man pictured by the state as a cold-blooded axe slayer of his wife and daughter, was presented by the defense yesterday as a "model husband," as the murder trial of Stanley A. Puryear continued in criminal court.

Puryear, 31, a resident of the used car dealer, who was indicted in the Puryear home the morning of May 2, when he and his sister were back to back with an axe took the stand in defense of his father after the state's sister of Mrs. Puryear had declared him as "the best of husbands."

A trial lawyer and father, he looked toward each other in the night before the slaying, Puryear said. "They were kissing and holding hands."

Puryear is on trial for the slaying of Will Jamison, a negro. He testified he fatally wounded the negro when he saw him coming from the room in which his wife and daughter were slain.

Receiver Will Be Named For Large Brokerage House

NEW YORK, Oct. 8.—(A.P.)—Supreme Court Justice Norton announced yesterday that he would appoint a receiver shortly for S. W. Strayer & Co., big real estate and bond concern.

In granting the application of Attorney General Bennett, the court announced a receiver, to be selected later, would take immediate charge of the concerns allied with the main corporation and conduct the business until it is liquidated.

Justice Norton also granted an application which restrained the sale of Strayer bonds unless the receiver has been named. Information concerning the status and value of the real estate security upon which the bonds are based.

This type of intimation gives the attorney general the power to require further bond sales. The government charged the company had sold bonds on promissory notes which it knew there had already been a default. The company denied this.

HOOVER URGES LARGE WOMAN VOTE AT POLLS

Says Big Measure Of Responsibility For Future Of Country Depends Upon Them

WASHINGTON, Oct. 8.—(A.P.)—President Hoover yesterday urged every woman everywhere who believes in our cause to enter actively into the political campaign, asserting that upon their voting on Election Day "rests a large measure of the responsibility for the future of our country."

He spoke by radio from the cabinet room of the White House, his address forming part of a "Hoover Day" celebration arranged by the women's division of the Republican national committee.

The President invited women to compare the Republican record with Democratic proposals during the past three years. As in his speech at Des Moines last Tuesday, the Chief Executive named various proposals sponsored during the last session of Congress by those he called "our opponents," and asserted that "big women" had not been able to stop these measures, they would have thrown the question of an annual winter season influx of unemployed persons, seeking "barely living and a warm climate," a more serious condition throughout the country and Florida's own unemployment problem.

"Florida," the governor said, "is making every effort to take care of its own unemployed residents and its needy families. The state has obtained federal funds from the Reconstruction Finance Corporation and has organized relief camps in each of its counties to cope with the problem within the state."

"We have all we can do to provide part-time work for our own people and to prevent actual destitution among large numbers of families in all parts of the state," he said.

"It will not only determine," he said, "whether 'proven' measures now winning this battle against depression shall be exchanged for unknown experiments, but it will determine the course to be pursued by the nation for many years to come in the solution and advancement of these great questions."

Ogden Mills Loses Bet To Democrats

NEW YORK, Oct. 8.—(A.P.)—Ogden Mills, secretary of the Treasury, lost a bet, Democratic national headquarters announced last night, and as a result his personal net worth of \$1,000,000 has gone into the Roosevelt-Gannett campaign fund.

Last fall, the announcement said, "Mr. Mills made a bet with a prominent Maryland society man that Governor Roosevelt would not be nominated for the presidency. 'Recently Secretary Mills paid his bet and the body man promptly endorsed the Mills check over to the Democratic national campaign committee with the request that it be added to her previous contribution.'"

"For once Mr. Mills' faculty for wrong guessing has done some good, which is more than can be said for his desperate efforts last spring to guess how much money would be needed to balance the federal budget."

TALLAHASSEE, Oct. 8.—(A.P.)—Gov. Doyle E. Carlton in a prepared statement yesterday said Florida welcomes winter visitors and tourists but has no room for jobhunters this season. He said the question of an annual winter season influx of unemployed persons seeking "barely living and a warm climate," a more serious condition throughout the country and Florida's own unemployment problem.

"Florida," the governor said, "is making every effort to take care of its own unemployed residents and its needy families. The state has obtained federal funds from the Reconstruction Finance Corporation and has organized relief camps in each of its counties to cope with the problem within the state."

"We have all we can do to provide part-time work for our own people and to prevent actual destitution among large numbers of families in all parts of the state," he said.

Organization work has been completed in Seminole County in participation by employees of labor in the national "Share The Work" movement, following a meeting Friday at the Chamber of Commerce offices at which time a committee consisting of H. F. Haines, chairman; C. A. Byrd, and H. E. Wheeler, was formed to carry out the aims of the movement as they apply to labor in Seminole County.

MCKEE GOES OVER TO CAMP OF TAMMANY

Proclaims Regularity By Supporting Candidate For Mayor Put Up By Wigwam

NEW YORK, Oct. 8.—(A.P.)—The last Democratic opponent to John P. O'Hanlon surrendered yesterday when May Joseph V. McKee bowed to the Tammany leadership of John J. Curry and pronounced himself an organization man.

McKee, 41, an Irish-American, a member of the New York state bar, a lifelong worker without pay for Tammany Hall, will be the next mayor of New York, succeeding Arthur J. Foy, the incumbent term of Justice J. McKee, resigned his leadership of the Bronx, in the regular fall, expressed surprise that his regularly elected office should be questioned, and expressed a number of personal opinions on the political situation.

The revolt within Tammany and the threat to the Curry leadership was definitely crushed. Reports to the market, which had been badly damaged at Albany, when it was thought the Roosevelt campaign had been off, were that the bid of Tammany was ready to bid for the office of the Society of the City of New York.

Meanwhile, the Republican leadership was engaged in a similar fight. The party was divided into two camps, one for the election of Nov. 8, and the other for the election of Nov. 15.

The Republicans will nominate a candidate in the same spirit of organization as that of the Democrats, where 22,000 "delegates" at their state and local meetings will be the final arbiter.

Roosevelt, Hoover Asked About Stand Upon Saloon Issue

WASHINGTON, Oct. 8.—(A.P.)—Bishop James Cannon, Jr., and two other Southern Methodist leaders, have written open letters to President Hoover and Governor Roosevelt asking what stand they have taken for preventing the return of the saloon, and for protecting dry states in the event of a change in the present prohibition program.

The letters, made public last night by Bishop Cannon, also asked each of the presidential nominees whether he would stand for retention of the 18th Amendment after you had yourself made to prohibit any return to prohibition which would effectively prevent the return of the saloon to its original and well established position.

Still another question contained in the letters asked each of the candidates if they would support a modification of the present prohibition program, which would allow Congress to prohibit the manufacture of the new 800-proof liquor.

ATTACKS LARGE STAND

"Committee Of 100" Which Boasts Roster Of Wealthy Men Will Gather Tuesday

LOCAL HUNTERS WIN HONORS IN EUSTIS TRIALS

PHILADELPHIA, Oct. 8.—(A.P.)—A "brilliant, splendid sign" of a general business recovery was expressed yesterday in an announcement that more than 250 of the nation's leaders, many of them millionaires with vast enterprises, will gather here next Tuesday merely for the sake of friendship.

They come from about 35 states, Canada, and several European countries to attend the annual "Northern" dinner of the exclusive Committee of 100 of Miami Beach, Fla., the roster of which reads like a "Who's Who" of active American business leaders.

There is nothing mysterious about the gathering. Each year members of the club, who number more than 300, get together to discuss what Clayton Soderwick, the president, describes as a "standing of friendliness and good will." Politics and commercialism are taboo. Social good-fellowship is put ahead of money for the day.

Trucks, surveys, economic facts, board meetings and every thing else that takes the time of the nation's industrial and professional captains are forgotten temporarily as capitalists and powerful industrialists become playmates. Ed and Bill to follow.

The members are Miami Beach winter neighbors, or do visit the Florida resort. All are not millionaires, though the organization sometimes is referred to by that name as the "Millionaire's Club."

It is a gathering of business and world travelers, and a record number of members and guests had accepted invitations.

Gasque said that on Oct. 1, W. Courson, one of the defendants, who was in charge of the camp, related that Mailer had committed suicide. Gasque was a witness under cross examination of the defense lawyers.

E. C. Long and W. W. Wray, undertakers who handled Mailer's body, testified that numerous brasses and other items they said they could not determine what might have caused them.

A convict testified yesterday that guards hanged up the body. Long testified that Mailer's body was hanged up but that he had not seen the body. The jury will hear the testimony of the other witnesses.

Feds Grab 3rd Win Behind Curry's Fine Showing On Mound

Locals Gain Edge In Series After Over-time Game Thursday

DAYTONA BEACH, Oct. 7.—Seven errors cost the Islanders a good ball game here yesterday and Sanford's Cleary took a lead of three games to two in the Central Florida League championship series. The game, a play-off of one of the three deadlocks of the series, went 10 innings and the score was 3 to 1.

Sanford scored the first run in the second. The Islanders knotted the count in the ninth when Curry's great pitching faltered a bit and he walked in the tying score. After having given up two hits and a walk with two out. Then he struck out Stone with the bases loaded.

2 CONFERENCE TEAMS DUE TO FALL TOMORROW

Tech, Duke, Kentucky, Auburn To Battle For Places In Race

ATLANTA, Oct. 7.—(AP)—Two front rank Southern Conference football teams are sure to fall Saturday but unless some startling upsets are manufactured the other gridiron arguments will bring little change in the Dixie race.

One contender is sure to go out as Auburn faces Duke in Birmingham and another will drop as Kentucky deploys against Georgia Tech in Atlanta.

In other contests, unbraten teams from North Carolina State, Florida, Tulane, Tennessee, and Virginia Polytechnic are favored over their opponents.

North Carolina State opens its conference slate against Clemson, a team shelled rather heavily by Georgia Tech a week ago. Florida, playing its first game, and Tulane appear too strong for Sewanee and Georgia, respectively. Tennessee looks stronger than North Carolina, but the Tarheels may find themselves in this go and give the Volunteers an afternoon of real trouble.

The V. P. I.-Maryland engagement may be the closest of these games. Although beaten a week ago by Virginia, Maryland displayed fair strength, with a baffling use of lateral and forward passes, and may surprise the Gobbles.

The Duke-Auburn affair figures a toss-up but Kentucky, aided by Ralph Kercheval's expert kicking, has the edge on Georgia Tech.

Alabama entrained yesterday at Tuscaloosa for Washington, D. C. and its first inter-sectional game in the East since 1923 with George Washington. The Crimson beat Penn State 10 years ago.

Wallace Wade, who brought fame to Alabama as coach of the Crimson, started his first invasion of that state as Duke left Durham for Birmingham where it plays Auburn Saturday.

Recognizing the defensive power Wake for exhibited in holding North Carolina to a scoreless tie a fortnight ago. Coach Billy Laval sent his South Carolina Gamecocks through a long session in preparation for the Deacons.

In an effort to give more punch to his backfield, Coach Billy Rafferty at V. M. I. shifted Captain Ed Kostanski from center to fullback. Quarterback Bill Smith also will be in the backfield against Citadel.

Mississippi coaches were busy trying to patch up a line to face Howard Montgomery an end, has a broken nose, and White and Hutson, backs, also may be unavailable because of injuries.

Washington and Lee continued its work for the Navy and Virginia prepared for Roanoke. Mississippi State hoped its offense would crush Mississippi College and even the score for last year's defeat at the hand of the Choc-taws.

Vanderbilt continued to run play against the Tulane defense it will face Oct. 15 and planned to use plenty of reserves against West Kentucky Saturday. Several Vanderbilt regulars, as well as Coach Dan McGugin, may watch Tulane play Georgia in New Orleans.

Louisiana State plays Spring Hill at Baton Rouge tonight, while Loyola plays Baylor in New Orleans and Georgetown meets St. Xavier in Cincinnati.

Sophomores Play Big Part in Florida 'Gators Backfield'

HERE ARE EIGHT SOPHOMORES in the University of Florida back field that expect to help the Gators go places this fall. Look at Charlie Stolz, No. 36, smashing right out of the paper. And "Jumper Jack" Henderson, No. 22, left half, and George Moye, No. 64, right half. With his hands on his knees, ready to go, is Left Halfback Herb McAuly, and in the circles, (1) Quarterback Ed Priest, (2) Left Halfback Obbie Besseant, (3) Right Halfback Wally Brown, (4) Fullback Walter Middlekauff. Backfield Coach Joe Hoisinger places much hope in this group of sophomore ball carriers.

GATORS FIT FOR OPENING TILT OF YEAR TOMORROW

Cool Winds Promised When Team Meets Sewanee Machine

UNIVERSITY OF FLORIDA, GAINESVILLE, Oct. 7.—(AP)—Favored with clear cool weather the University of Florida Gators stepped through their paces for the last time before the game with Sewanee Saturday. Coach Bachman put the first and second teams through defense tactics most of the afternoon, as the B squad interpreted Sewanee set, four games to two, and the Northeast Florida League championship.

The end of the long season's spring came before a small crowd and in weather better suited to football. Only a handful of fans shivered through the contest which gave the team managed by Jimmy Hendricks and now by Rudy Helvenston the title in "Buck" Weaver's league.

Mitchell's pitching plus "Nut" Shirley's hitting and a bit of sparkling defensive play were plenty to care for the Hava-Tampa in the concluding battle. Shirley had a "day" all his own, smacking two triples and a single off his old college roommate and battery partner, Gene (Lefty) Fisher, driving in three runs, scoring twice himself and stealing two bases.

Just how McQuillan's team will weigh depends largely on his final selection. Late last night this had not been made public and aside from the statement that any or all of his men might see service, the personnel of his first string performers remains still in the dark.

It was also announced yesterday that in keeping with the times, a nominal admission fee of 45 cents would be charged for the opening game. This act was decided upon as a means of arousing local interest in the freshman team, which is expected to show real class as the season advances.

STETSON READY FOR TILT AT HOME TONIGHT AT 8

DELAND, Oct. 7.—(AP)—After a week of strenuous gridiron warfare in preparation for their baptism of fire against the heavy South Georgia college team here tonight, Coach H. R. McQuillan's Stetson University freshmen eased through a light workout this afternoon and are reported fit and ready for the fray which starts at 8:00 o'clock.

The South Georgia aggregation rolled into camp last night, and appears to have the edge on McQuillan's Yearling charges both in weight and experience. The visitors' lineup includes a tackle who tips the beam at 220 pounds, and an abundance of line and backfield material that will balance the bar at 180 or better.

BAN ON TULANE'S ACE GRID PLAYER PANNED IN PAPER

Southern Conference Assailed For Stand In Suspending Felts

KNOXVILLE, Tenn., Oct. 7.—(AP)—Declaring that "amateurism" among college football players "is a farce," the Orange and White, University of Tennessee publication, yesterday suggested in an editorial that "a certain percentage of the gate receipts should be divided among the players in proportion to their value to the team.

The editorial referred to the recent Southern Conference ruling which declared Nollie Felts, of Tulane, ineligible because he had played professional baseball. "Certainly," said the editorial, "those who guide the destinies of Southern Conference athletics must possess an unusual sense of humor to declare ineligible on one hand a man who has violated a mere technicality of the amateur code and, on the other hand, to ignore either willfully or negligently flagrant evils which have arisen as the result of our so-called amateurism."

"Whether Mr. Felts is technically guilty, he deserves an apology from the S. C. officials for being censured for professional tam," it continued.

The third lineup scrimmaged in a strong fashion against the reserves. Ed Lyman played a bang-up game and the ball carrying of Dudley Cawthon was effective.

Time was given to a practice kickoff and Backfield Coach Joe Heltinger spent some time with his punters. Al Rogers is undoubtedly the ace of the kickers with Herb Manley and Jumper Jack Henderson probably next best at propelling the pigskin.

Coach Bachman said he had named Cy Osgood and Bob Anderson, guards, and Emmet Etter, tackle to the varsity "A" squad.

New York's Governorial Candidate

Regardless of what happens in November the state of New York is assured of a worthy successor to the administration of Franklin D. Roosevelt. Party conventions meeting this week laid aside all factionalism and internal dissension and nominated the best men available to represent them during what promises to be one of the most important political campaigns New York has seen in many years.

The Democratic nominee, Herbert H. Lehman, was the candidate of Gov. Roosevelt, and is credited through close friendship with Alfred E. Smith also as having been responsible for the re-nomination of the Smith-Roosevelt interest. He was opposed for the nomination by Tammany Hall, whose power under the leadership of John F. Curran seems to be waning on the wane. The success of the coalition groups in the election of victory for Gov. Roosevelt which cannot be misestimated.

Though born in New York City, Mr. Lehman is somewhat of a product of the Old South as his parents lived in Montgomery, Ala. before the Civil War where his father was a cotton merchant. Mr. Lehman inherited wealth and achieved fame, both in the banking world and the business world, and is noted for his philanthropy and effective social service work. His present office of Lieutenant Governor of New York was his first venture into politics.

When the United States entered the World War, Mr. Lehman, though considerably above the draft age, volunteered but was turned down for minor physical imperfections. He kept trying, however, and was finally admitted to the Quartermaster Corps where he was commissioned a captain and later promoted through the various grades until he became a colonel on the general staff of the ordinance department under Gen. Goethals. In recognition of his meritorious work he was awarded the Distinguished Service Medal.

The Republican nominee is also a man with a most commendable record. Col. Donovan has had hardly a less spectacular career than any man in American political history. A member of the New York national guard before the war, he saw service on the Mexican border in 1916. He went overseas in 1917 with the 166th Infantry. New York's first action, taking part in some of the heaviest fighting of the American troops saw his gallantry under fire won him the Congressional Medal of Honor, the Distinguished Service Medal, the Distinguished Service Cross, the Croix de Guerre with palm and other decorations and the War Cross of France. He saw service in France as an ambulance driver before this country became involved. Later he organized his own air corps which was admitted in a body to the naval air forces of this country. David himself did not see active service as an airplane crash before he got accused of being in a broken bank which confirmed him to a hospital until after the war.
