FAITH

THE SOCIAL, moral and financial fabric is founded and grounded in some form of truth that has for its object the betterment of the world.

-THE SILENT PARTNER.

Where—the country over—have people given evidence of faith to a greater degree than the people of Miami? Where in the continent can you find folks who so enthusiastically believe in their community and in its opportunity to provide the maximum of health and happiness as the peo ple of Miami do?

And Miami is building along broad lines, taking ample care of the social, moral, as well as financial aspect of its development. It is a most interesting and convincing fact that this evidence of faith, which has of late taken on such tangible expression, has attracted and continues to attract the admiration and co-operation—by definite participation through investment-of the thinking people of these United States.

THERE IS NO USE

trying to appraise the final possibilities of the growth and development of Greater Miami. There never has been a similar situation in the history of the N ation and, therefore, Miami will write its own individual history.

IF YOU are fond of good music, you will enjoy the Miami Shores Orchestra, personally directed by George L. Jackson, violin virtuoso. This orchestra plays in our City Office every evening except Sunday and Thursday. These concerts are broadcast over W Q A M, wave length 268 meters.

MIAMI SHORES investors, however, have the benefit of the history of investments in Miami -of which Miami Shores is a replica, enjoying the same influence on values that existed in the early days in Miami. Many of the same folks, who in the early days had much more vision than it takes today to invest in the Greater Miami District, are "repeating" at Miami Shores.

FOLLOW THEIR LEAD

And you will not go wrong. They are buying because they know that Miami Shores' location is paramount - that Miami Shores' development program is definite - and that Miami Shores' prices are fundamentally right.

Resolution No. 227

A RESOLUTION PROVIDING FOR THE PAVING, RE-PAV-ING, HARD SURFACING AND RE-HARD SURFACING OF CELERY AVENUE FROM MELLONVILLE AVENUE TO BUMMERLIN AVENUE, A WIDTH OF 32 FEET.

WHEREAS, the City Commission of the City of Sanford, Florida deems it advisable to improve, grade, construct, reconstruct, pave and re-pave with sheet asphalt on a 6 inch rock base the following Avenue in the City of Sanford, Florida, to-wit:

CELERY AVENUE, From Mellonville Avenue to Summerlin Ave-

All of said improving, grading, construction, reconstruction, paying and re-paving to be done in compliance with plans, specifications, profiles and estimates of said proposed improvement of Celery Avenue, from Mellonville Avenus to Summerlin Avenue, now on file in the office of the City Manager of the City of Sanford, Florida, which said plans, specifications, profiles and estimates have been heretofore approved by the City Commission and constitute the plant and specifications for said work, therefore,

BE IT RESOLVED. That the City Commission of the City of Sanford, Florida, deems it advisable, as a necessary public improvement to pave, re-pave, hard surface and re-hard surface with sheet asphalt on a 6 inch rock base, Celery Avenue from Mellonville Avenue to Summerlin Avenue, a width of 32 feet; that all of said paving, re-paving, hard aurlacing and re-hard surfacing of Celery Avenue, as aforesaid, shall be done in strict compliance with the plans, specifications, profiles City of Sanford, Florida. and estimates therefor, now on Attest: file in the office of the City Manager of the City of Sanford, Florida, which said plans, specifications, profiles and estimates have been heretofore approved by the City Commission and constitute the plans and specifications for said proposed improvement of Celery Avenue between Mellonville Avenue and Summerlin Avenue, a width of 32 feet, and this Commission hereby declares the necessity for the paving, re-paving, hard surfacing and re-hard surfacing of said portion of Celery Avenue as aforesaid, as a necessary public improvement.

D" BE IT FURTHER RESOLVED That a total expenditure not exceeding Ten Thousand Five Hundred and Fourteen (\$10,514.00) Dollars is hereby authorized to cover the cost of paving, re-paving, hard surfacing and re-hard surfacing Calery Avenue between Mellonviile Avenue and Summerlin Avenue, a width of 32 feet, which, said sum of Ten Thousand Five Hundred and Fourteen (\$10,-514.00) Dollars is the total estimated cost of said improvement; that the entire cost of the improvement aforesaid, shall be assessed against all property abutting and fronting upon that portion of Celery Azenue between Mellonville Avenue and Summerlin Avenue to be so improved by the paving, rehard surfacing of said portion of Celery Avenue, a width of 32 feet, and against all lots and lands adjoining and contiguous or bounding and abutting upon said improvement; that Ten Thousand and Five Hundred and Fourteen (\$10,514.00) Dollars is the total Sanford, Florida, deems it advisestimated cost of said contemplated improvement in the paving, repaying, hard surfacing and re-hard and abutting upon said improvesaid improvement.

THE SAFE RULE

And almost they persuaded

And go out in the world to be

A man of stir and action;

To hustle after fame and pelf,

And get them very quickly-

And thereby wisely save myself,

From being weak and sickly.

But toiling very soon I found,

Exceedingly distressful,

And so I never got around,

To make myself successful.

The words of a physician,

I'm very glad I did not heed,

He says that hustling break

And he would not advise it.

For no one climbs to fame wealth

Who rushes forth and tries it.

And somewhat flabby muscled,

THE DOLE worries British taxpayers whose pockets supply it, and the workers, tired of idleness, with barely enough to keep them alive, are restless. This young nation, when grown

a little older, will meet the probvenue through increased income

out, would make no difference to the government or the taxpayers

and demoralized.

THE PROBLEM is serious fo British taxpayers are paying the dole to 2,000,000 idle workers. Of these 400,000 are the "normally unemployable," the sub-normal, in efficient, that in old days would have been allowed to die of the rickets or wasting disease, in infancy, or to starve to death, at | their leisure, as adults. Public opinion, which means the

proverbial British party no longer permits leisurely starvation. The sole subsidy for busines plan is violently attacked. Its is argued that industries not getting the dole subsidy would soon develop a demand for it, as business nen would shut down in order to be paid for resuming business and rehiring their men. It is stipulated in the plan, of course, that all hired men must be paid trade un-

IN THIS country it would be said off-hand, "If a business man s not able to make his business go without government help to pay his workmen, let him go out f business.'

That sounds convincing, but when you see railroads authorized by government to raise rates and the public compelled to pay the It will be a right move when the raise, you realize that even this

THE BUSY MAN'S NEWSPAPER

JUST IN PASSING

You hear a lot of apple sauce about the land sharks in Florida. There may be land sharks in Florida and if there are, the majority of them have come from other states to operate in Florida during the hectic flush of land selling. They follow the crowd just like they would in an old boom or gold rush. The home people have nothing to do with

any of this sharking stuff only in isolated cases.

These "birds" come down here to buy and sell our prop erty and they usually have recommendations showing they were friends of the President, of the secretary of the treasury, of J. P. Morgan, of this one and that one whose name can be conjured with to put it over. They tie up property thirty days to examine the abstruct and if they can turn this property before the thirty days all well and good. If not they stop payment on their checks or give wooden notes and the land owner is out of luck.

All that glitters is not gold in Florida and all the sharks coming in here that glitter are not the real stuff by any means. The land owners of Florida and the realty agents should club together and give these birds of prey the "bum's They should be tagged all over the state in order that they cannot get into any community and make hay while the sun shines between the showers.

The only safe way to sell your property today is to demand a certified check to be put up in a bank for the examination of the titles and a carrying out of the contract to the letter. If the man who is buying the land fails in his part of the contract the forfeit should be taken by the bank and given to the land owner after he has completed his part of

And if you hear any more reports about land sharks in Florida, you can set the people of the other states straight by stating the truth about the sharks and where they are coming from at this time. Florida people cannot afford to have these sharks in their midst as it gives the state a bad name that is not deserved. I can remember as far back as twenty years ago when these sharks sold Florida land by the quart. And when an investigation was made the sharks were all people from northern states, who had come down here to beat people out of their money.

Years ago the land sharks set out to take the innocent investor's money. Now they have set out to take our lands for thirty days in order to speculate on them. They have nothing invested, have no real money of their own and are simply down here in Florida to get what they can get away with it before they get cought.

It is good news to know that the work of filling and grading around the Hotel Forest Lake has begun, with the chances good for the completion of the work by October first. This means that our splendid new tourist hotel will be ready for occupancy on the first day of January.

There will be more people in Sanford by November first than ever before and we should be ready for them. Let everyone who is able, erect an apapartment house, or a house for rent or get some of your vacant rooms ready for the winter tourists. There are plenty of rooms here if you will make up your minds to rent them. I know one city that takes tourists n the summer time and they have only a few hotels but there are enough rooms in private houses to take care of ten thou-

It is always best to thresh out our difficulties in the Chamber of Commerce meetings and let them end there. The Chamber of Commerce is the place to settle them and the outside world need know nothing about our differences.

In fact the Chamber of Commerce is good for many ailments in our city and should be used more than it is nowwithout our Chamber of Commerce there would be no Sanford-don't forget that. We never undertook anything quite as fine as the campaign now being put on to make our Chamber of Commerce the biggest thing in the city.

The big drive does not mean memberships alone. It goes much farther than mere memberships. It means selling the Chamber of Commerce to the people and through the enlarged scope of the Chamber of Commerce selling the city to our own people and to the world at large. Once we can do this we will have a city of fifty thousand people in a short

Some day there will be a boulevard all around Lake Monroe with a fine White Way and everything to make it one of the finest drives in the state of Florida. And it is not too late to think about that concrete bridge from the foot of Park avenue to Benson Springs, or Enterprise as we know it best. Some day these dreams will all come true.
