

# Lookouts And DeLand Divide Twin Bill, 7-4 And 6-1

## Bunch Gives But Half Dozen Hits In First Contest

### Mosley And Langston Belt Sphere Over Wall For Homers

DELAND, July 6.—After turning back the Sanford Lookouts, 7 to 4, in the first game of a double bill here yesterday, the DeLand Reds faltered before the hurling of Don Torres in the seventh inning nightcap, dropping the second encounter, 6 to 1.

Winfield Mosley, DeLand player of former years, joined the Reds for the doubleheader yesterday afternoon, and celebrated his return with a circuit smash over the left field wall in the first game. Langston, recently traded to the Lookouts by the Saints, drove over the right field barrier in the second contest.

The Reds, who started slowly in the first game, jumped into the lead in the fourth when Mosley's homer scored two ahead of him.

The league-leading Daytona Beach Islanders are scheduled to play Sanford here tomorrow afternoon. Game time is 4 P. M.

DeLand was not headed after this frame, and found Kirby Hayes, starting Lookout pitcher, for nine hits and seven runs before Mosley moved him in the eighth inning. Jake Bunch, pitching for the Reds, meanwhile, used his cross fire to blank the Lookouts to six blows.

DeLand's lone run in the second game was scored by Mosley, who singled advanced on an error and came home on Welch's double. Torres held the Reds hitless after the third frame.

The Sanford ratters capped the erratic Dopey Dean for 11 safe blows, bunting them in pairs in the third, fourth, fifth and sixth frames for five runs, while three in the last inning were good for only one.

Palatka plays DeLand in DeLand Tuesday afternoon.

## Azaleas Victors In Doubleheader Against Saints

### Losers Limited To 4-Hits In Opener; Johnson Gives 9

PALATKA, July 6.—Palatka took both ends of a doubleheader here yesterday before 1600 fans when it whitewashed the Saints, 4-0, in the opener and posted a 6-3 win in the afterpiece.

Rain in the sixth inning of the first tilt delayed the game one hour and five minutes.

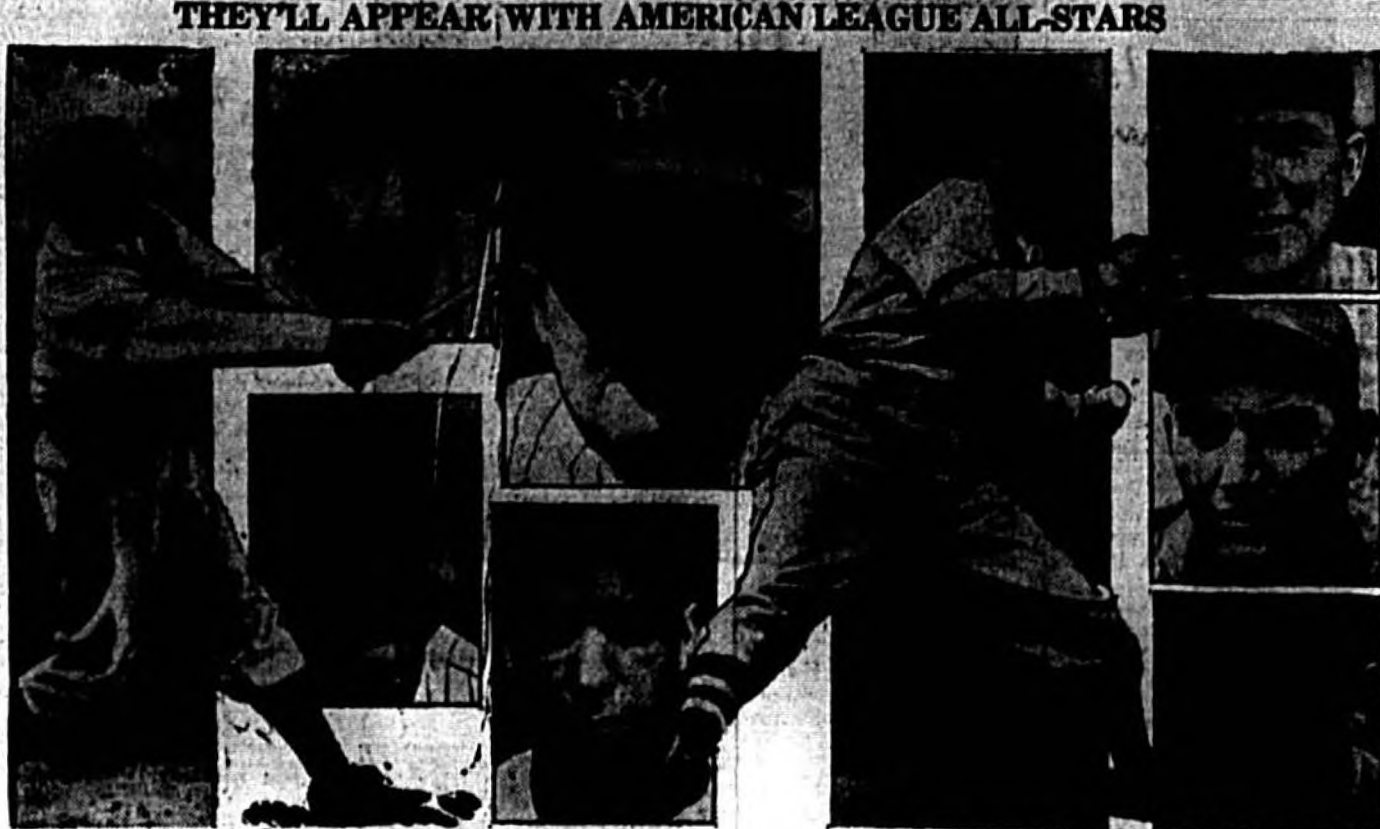

Joe Sparkman worked the route for the Azaleas in the regulation nine-inning opener and limited the Saints to four scattered hits while his mates were combing the offerings of Johnson for nine blows.

Johnson's wildness after play was resumed in the sixth stanza with two away and Andrews on third gave the locals their first two runs. Four successive walks accounted for the tallies. The final two markers came in the eighth period after Emerson walked and Lake and Jummonville followed with a double and single respectively.

Calvin Lowe worked the abbreviated 7-inning nightcap and duplicated Sparkman's performance with a four-hit effort. Schneider placed by Butland, who started the sixth canto. All six Azaleas runs were corralled of Schneider, who allowed nine hits and walked three opponents. Both St. Augustine runs were unearned.

A walk, sacrifice, and Andrews' single gave the Azaleas their first marker in the initial stanza, while a hit batman; sacrifice, Andrews' double and White's single gave them two more runs in the third.

A walk, stolen base, passed ball, singles by Smith and Emerson and Jummonville's double added three more tallies in the fifth.

THEY'LL APPEAR WITH AMERICAN LEAGUE ALL-STARS

Here are some of the members of the American League all-star team, chosen by fans, who will appear against the National League team at Boston, July 7. At left is Jimmy Fox, infielder, Red Sox; center, top, left to right, Charley Gehring, infielder, Tigers; Joe McCarthy, manager, Yanks; below, left to right, Lou Gehrig, infielder, Yanks; Joe DiMaggio, outfielder, Yanks; center right, Lefty Grove, pitcher, Red Sox; right, top to bottom, Bill Dickey, catcher, Yankees; Lynwood Rows, pitcher, Tigers; Earl Averill, outfielder, Indians. (AP Photos)

## Babe Risko Will Give Steele Shot At Championship

### Firpo Goes Into Third Round Of Comeback Attempt In Chicago

NEW YORK, July 6.—(AP)—Eddie (Babe) Risko of Syracuse, N. Y., risks his middleweight title for the second time this year against Freddie Steele of Tacoma, Wash., in the feature bout on this week's national boxing program.

The 160-pound titleholder, who successfully defended his crown early in February against Tony Fisher and Steele, are scheduled to go 15 rounds at Seattle, Wash., Friday.

Two other titleholders, Pety Sarron, N. B. A. featherweight champion, and John Henry Lewis, light heavyweight ruler, are booked in over-the-weight bouts. Sarron collides with Bob Dean of Philadelphia in a 10-rounder at Washington Tuesday, while Lewis meets Max Marek of Chicago in another 10 at Chicago Friday.

Luis Angel Firpo of Argentine makes his third start of a comeback campaign against Arthro Godoy of Chile, conqueror of Tommy Loughran, in a 10-rounder at Buenos Aires Saturday.

Tommy Loughran, in his first appearance since returning from a successful European tour, meets Al McCoy of Boston in a 10-round test today at Montreal. The fight was originally scheduled for last week but was postponed.

## Islanders Slam G-Men Hurlers, Winning 5 To 3

### Contest Runs Over-time But Losers Muff Opportunity

GAINESVILLE, July 6.—The Daytona Beach Islanders defeated the Gainesville G-Men, 5-3, here yesterday afternoon at Harris Field the contest going 10 innings.

Bad breaks against the G-Men in the tenth inning probably kept them from evening the score at 5-5. Pittman, the lead off batter in that frame, threw a base on balls. Bray walked and Pittman was then caught off the second sack for the first out. Bray going to second. Buck walked, and here Kinsel replaced Fraick. On a wild pitch, Bray went to third, and Buck pulled up at second. Ferrasal lofted a high fly to short right field for the second out, the runners holding their bases. McDough then sent a line drive through the pitcher's box, caromed off the foot of Kinsel and into the hands of Martin on third who tagged Buck coming into the bag.

The pair of tallies scored by the Daytona Beach team in the tenth came by virtue of an error, a sacrifice, a double, and two singles.

As the result of a safety campaign, hundreds of Salt Lake City motorists have placed metal tags on their cars reading: "Come on Me to Prevent Accidents."

## All-Star Contest Billed On Tuesday On Boston Field

BOSTON, July 6.—(AP)—Crowds flocking to Boston for this city's first big baseball party since the world series of 1918, debated furiously last night whether superlative pitching will overcome old-fashioned slugging in the fourth annual all-star game Tuesday.

The Hub's hotels were fast taking on a world series appearance as the faithful gathered from the four corners of the baseball world to see stars picked from the American and National League battle at the Boston Bear home, National League park. The advance guard of officials, including chiefs of both circuits, already is on the scene.

Interest of the fans, rising rapidly with the announcement of players elected for the classic, approached the fever heat stage, with partisans of the senior circuit claiming their star pitchers would give the National League its first victory since this all-star business started.

The junior circuit can put on the field a devastating array of powerful batters, but Manager Charley Grimm, Chicago Cubs leader, who will direct the National League, figures his hurling staff will make short work of the slugger.

Grimm has on his pitching roster such hurlers as Dizzy Dean, Carl (Scrubby) Hubbell, Lon Wambsgater, Curt Davis and Van Mungo. On the other hand, Joe McCarthy, New York Yankee manager, directing the American League aggregation, will line up such heavy guns as Lou Gehrig, Bill Dickey, Charley Gehring, Earl Averill and Jimmy Foss.

An electric light bulb owned by C. V. Tronola of Birmingham, Ala., has been in continuous use since 1894.

## Final Olympic Tryouts For America Scheduled Sunday

PRINCETON, N. J., July 6.—(AP)—On their way to the Olympic games, via Princeton and Randall's Island, Athletics from the Deep South, Middle West and Far West have taken almost complete control of the American track and field situation.

Contemplating the results of the National A. A. U. championships here, Eastern observers agreed the boys from the wide open spaces will dominate the final Olympic tryouts next Saturday and Sunday in New York. Of the eight record-breaking or record-equaling performances on July 4, the Mid-West furnished four, the South and Far West two each.

The Olympic picture also has undergone changes in other events, including the classic 1500-meter run. It was Glenn Cunningham's turn to show a return to form as the great Kansan rushed from behind to retain his national title Saturday—but the spotlight also focused on Archie San Romani, speedy little N. C. A. A. titleholder.

Teachers' College, Emporia, Kan. Romani, French-Italian boy who developed his leg muscles working in the coal mines, outprinted the East's favorites, Gene Venke and Bill Bonthron, to take second place. It developed Sunday that San Romani was spiked in one leg as he sported in the stretch but the mishap was not serious.

He will make his bid to break up America's "big three" again in the final tryouts this week for the "metric mile."

Venke gave the impression he did not want to extend himself. Gene remembers his debacle in the Olympic tryouts four years ago. He is saving his best for the decisive test, next Sunday, but the Pennsylvania picture runner has now been beaten twice in a row and looks a bit off form.

## George Varoff Clears Barrier To Hang Up New World's Record At Vaulting; Kansas Returns To Form

PRINCETON, N. J., July 6.—(AP)—George Varoff cleared a 14-foot, 6-inch bar to hang up a new world's record at vaulting today at the Olympic tryouts here.

Varoff, 22-year-old junior, who pole vaulted to national championship heights with a new world record of 14 feet, 6 inches, cleared the bar in a row and looks a bit off form.

# All Cows give FRESH milk!

## ALL Cigarettes are Not FRESH!

LISTEN, PEOPLE! Did you ever drink a glass of farm-fresh milk, right at the dairy? What a difference—that FRESHNESS makes!

Did you ever smoke a factory-fresh cigarette, right off the cigarette machine at the factory? What a difference THAT freshness makes!

The jackets of Colophane... not one but TWO... stand guard over the freshness of Double-Mellow Old Golds. Each of those two jackets is moisture-proof Colophane; the highest quality obtainable.

This double Colophane wrapping keeps out dampness, dries and every other foe of cigarette goodness. It gives you FACTORY-FRESH cigarettes as fresh as the milk that comes straight down on the farm!

Buy Double-Mellow Old Golds... not one but TWO... stand guard over the freshness of Double-Mellow Old Golds.

## SEE-THEN YOU'LL KNOW!

We would tell you about our better than laundry, but we know you would prefer to see. This is the best we have ever had. You will see and feel the difference. We are the only laundry in the South. You will see the difference. You will see the difference. You will see the difference.

TUESDAY, JULY 7, 1936

BIBLE VERSE FOR TODAY

WHY BOAST? Why boastest thou thyself in mischief, O mighty man? The goodness of God endureth continually.—Psalms 52:1.

THE SONG

This is a song for wee, wild creatures,  
 The squirrel in the orchard and the field-mouse in the den;  
 They have no schools, no teachers,  
 And they lack the love of men;  
 But they know the west wind's story  
 And the sun deer in the wood,  
 When autumn spreads its glory  
 Every line is understood.

This is a song for small shy people  
 The pheasant in the tall grass and the swallow in the sky;  
 They have no church, no steeple,  
 But their prayers are wafted high;  
 And the God of fur and feather  
 Will remember hawk and swallow  
 And cardinal and jay,  
 When his whole world stands together.

Upon his Judgment Day,  
 By Lilla M. Thornton.

Now that the fight is over the sports writers are calling the Brown Bomber the Chocolate Drop.

We see where Halle Se'assie has asked the League for a little loan of 50 million dollars to make up for what it didn't do for Ethiopia.

John D. Rockefeller will be 97 years old Wednesday. During his lifetime he has given more money to charity than most of us will ever see.

A number of prospective U. S. senators from Florida are breathing more easily now that Ruth Bryan Owen has announced she intends to campaign for the New Dealers during the next few months.

Although both the Democrats and the Republicans have already held their conventions, we'll have to wait until July 15 when the Townsends meet before we can safely predict who will be our next president.

Among those who will not run for the United States Senate are John Martin, Scott Loftin, Mark Wilcox, Ruth Bryan Owen, Frank Wideman, Senator Butler, and perhaps two or three hundred thousand other qualified Floridians.

Most of the political big shots in Florida politics are withdrawing from the senatorial campaign, as are also most of the young hopefuls, leaving the field to a more handful as compared with the field of gubernatorial candidates. Carlton and Pepper seemed to have cleared 'em off.

The fight against Lynch Law continues to make progress. During the first six months of 1936, according to the Tuskegee Institute, only four lynchings occurred. One of these was in Mississippi and three of them in Florida. During the first six months of last year there were 17 lynchings, but in 1934 there were 24 lynchings in this Southern section.

The Way Of The World

The headlines of the daily newspaper tell the story of world events. Yesterday the front page of one newspaper related the following epic: "Labor Fight Near Crisis in Dispute Over Rebels," "Townsends Favor Support of Third Party," "Arcadia's Mayor Hurt in Vice Drive," "Police Battle Revolters on Paris Streets," "Stolen Bonds Recovered with Arrest of Five," "Holiday Death Toll Mounts," "U. S. Mobilizes Relief Plan for Drought Victims," "Four Men Drowned as Car Falls into Canal Near Miami," "Cuban Treason Suspect Hangs Self in Prison."

Over on inside pages could be found, "Woman Sought in Girl Murder to Surrender," "Selassie Calls League Action on War Illegal," "WPA Investigates Charges of Politics in Oklahoma Races," "Prisoners Secreted in Murder of Rich Cincinnati Fireman," "Fuss Over Burial of Executed Man Leads to Slaying," "Other Man Will Deny All in Miami Heartbreak Suit," "Community Backs Investigation of Flogging Charges," "Yugoslavia Unnasy as Italy Begins to Fortify Border," "Negro Bues Mob Members for Attempted Lynching," "Woman-Hating Brothers' Farm Gives Up Gold Hoard."

These headlines are not unusual. They are similar to the regular, every day headlines that one might expect to find in any newspaper which he picks up almost any day. Of course, there are other headlines, too. Stories of bridge parties, gifts to charity, activities of church workers, city and county developments, new construction, soaring stock markets, and much about politics. But most of the headlines have to do with civil strife, rancor and discord, wars and preparation for wars, altercations, suits, and court battles, grief, suffering, and malice.

Someone has said that the modern newspaper is like a mirror into which the public looks to see what it is like. If that is so, the public should pause briefly to have a look at itself. We doubt if it would like the picture. For it tells a story of disappointment, discouragement, disillusionment and distrust for which it would be hard to find a parallel. The people are not satisfied with themselves, or their lot in life. Everywhere throughout the whole world, they are striving for change, for something they have not, for some new thing which they seem to think will make it better for themselves.

We wonder if this constant struggling against the forces of life is good for people? We know that it is well in the ambitious, to seek to improve one's lot, to compete well in the struggle for existence. But we wonder if there is anything as wrong as doing it, and if the people of the world are not overdoing it today? It hardly seems possible to us that such strenuous endeavors to improve their standard of living as the Italians have been recently making is good for them. Nor does it seem to us that Japan's conquest of China in the hope of bettering the lot of Japanese helps world conditions.

And in our own country where we read about gigantic preparations for a great strike in one of our major industries, or rioting in some of our big cities, the brutal flogging of share-croppers and union organizers, and many similar instances of a bitter struggle for existence, we wonder if these things help to improve the lot of mankind in general? The basis for most of these controversies, both in this country and abroad, is the attempt of one group to take something away from another group. They are motivated primarily by selfishness. We would make someone else have less so that we can have more. Does that sort of a struggle promote the welfare of the world, or increase the world's supply of goods which we all need and enjoy?

Can real prosperity be had by fighting, snatching, stealing, conquest? Or must it come through peace, happiness, contentment, and hard work?

Diversion Of Highway Funds

Motor vehicle revenue diversion has added an average of 23 to 43 per cent to motorists' gasoline tax costs in three states, according to the American Petroleum Industries Committee, which adds that the three states investigated were Florida, Georgia, and Louisiana.

Florida has been diverting gasoline taxes since 1927, and \$32,714,796 of such revenue had been applied to non-highway purposes prior to 1935. During the same period Florida motorists paid \$108,317,000 in gasoline taxes, or an average of 6 cents per gallon. Had all gasoline taxes been used on the highways a tax of 4 1-5 cents per gallon would have been sufficient.

A similar analysis made by the committee covering diversion in Georgia, where the practice was originated, revealed that Georgia motorists paid an average of 5 cents a gallon, whereas a tax of 4 cents would have produced approximately the same amount of money as was used on the highways.

In Louisiana it was found that motorists paid an average tax of 4 4-5 cents per gallon during the period between 1930 and 1934, whereas it would have been possible to reduce this tax 1 cent a gallon had diversion been eliminated.

SANFORD TWENTY YEARS AGO

Ben Fish has gone to New York City and other points for a vacation.

Carl Chorpensing was 15 years old Sunday and on Monday evening 20 of his playmates gave him a surprise, planned by his mother. Refreshments were much enjoyed by the youngsters.

Master Jim Stone left for Washington, D. C. Wednesday night for a two weeks' visit and sight-seeing trip and will be the guest of R. G. Ellis.

Miss Ruth Waldron is the guest of Miss Edna Chittenden after spending two weeks at Enterprise.

Mr. E. F. LaFette and family of Orlando are spending a couple of weeks' vacation at Daytona Beach.

The Fourth of July was spent rather quietly in Orlando as four or five parties went to Daytona Beach and nearly everyone else went to Winter Springs for the day.

Franklin D. Roosevelt, whose splendid domestic performance in previous Foreign Policy positions has won him the unqualified title "The Great" and the honor of being elected President of the United States, was in Florida Sunday and Monday.

Gray To Seek Rule On Nomination Fee

TALLAHASSEE, July 6.—Secretary of State Gray announced today he will ask Attorney-General Lewis for a ruling on whether he should require qualifying fees from persons seeking nomination as United States senators from Florida.

In effect, the request will give the secretary the authority to require the payment of a fee by any candidate who would pay the fee. So far none has offered.

Street Alterings Are Talked By Commissioners

(Continued from page one)

WPA headquarters in Jacksonville and will stand as originally planned.

The board proposed to seek action on a \$12,000 sewer project which would remove the discharges of some 8000 feet of sewer piping from the old, left over from a former operation. Digging in the vicinity of the Princess Theater, the new pipe would replace old which now serves in a general westerly direction.

Fred Williams, city engineer, submitted a tentative sketch of suggested changes to the country club house that would transform the lower floor of the establishment into a ballroom 25 feet by 65 feet. Mayor Shingler will appoint a committee of golf enthusiasts to decide which is the most desired project, creation of a new ballroom or a continuation of the present plans to make an 18-hole golf course.

Another proposed project, on which no expense estimate was announced, included repairs to the City Jail and the library.

W. S. Earle, local WPA director, said he expected that approximately \$125,000 would be allocated to Seminola County for relief projects this year. From this would come the money to carry on the proposed improvements discussed by the commission.

Frank L. Miller Is Selected For Municipal Judge

(Continued from page one)

1928, serving as president and chairman—also mayor—for part of the time.

In 1928 he was elected to the City Commission and served through 1930.

Professionally, Mr. Miller was a mortician, having been secretary of the State Funeral Directors' Association for 22 years and 13 years secretary of the State Board of Embalmers.

He is the first man to erect a monument to World War veterans, having placed a shaft in a Sanford park which was dedicated on Feb. 22, 1919. For his efforts, he was made a member of the Betzy Rosa Society.

Other activities of the Commission last night included the consideration of an offer by Ralph E. Wight, representing the Winn-Lovett Grocery Company, to purchase a small strip of land on the lake front so that the firm's present warehouse may be enlarged by an expenditure of \$7000. No action was taken.

General Electric Store Opened Here By Eddie Reynolds

A business establishment dealing exclusively in General Electric equipment was opened today in the Ritz Theater building under the management of Eddie Reynolds.

New stock placed on the floor yesterday included several G-E home refrigerating units, stoves and commercial refrigerating machinery.

An attractive design of modernistic walls and a black floor in the store gives pleasing effect; and the white refrigerators and other objects contrast highly to catch the eye.

W. H. Phillips, General Electric dealer in Orlando, said the day here yesterday assisting Mr. Reynolds so that the establishment might be opened today.

Mr. Reynolds is known throughout Central Florida for his orchestra work which was broadcast through WDBO in Orlando.

Ex-City Clerk Is Cleared Of Charge

MIAMI, July 7.—(AP)—Harold Ross, former city clerk, was acquitted today on directed verdict of charges he embezzled \$29,000 in municipal funds.

"I'm satisfied I could not convict a grasshopper on the evidence offered in this case," County Solicitor Robert Taylor said in moving for a directed verdict.

"Sins Of Man" Tells Sad Tragedy Of Life

The affection of a father for his two motherless sons and the heart-break and sorrow, turmoil and triumphs that this love brings the parent is the motivating background for the widely-heralded Darryl F. Zanuck Twentieth Century production, "Sins of Man," opening Wednesday at the Rivoli Theatre with Jean Hersholt starred.

Hersholt is seen as the sexton and bell ringer of the church in a small Tyrolean village. Karl, the older son is expected to follow in his father's footsteps but secretly harbors dreams of being an aviator. The other boy, Gabriel, has been a deaf-mute from birth. Karl breaks his father's heart when he announces that he is going to America and study flying. Shortly afterwards, the old man is joyously surprised to find that Gabriel is beginning to hear. He is completely cured, he must be taken to a noted surgeon in America.

In the meantime, Karl's daring has won him a reputation in America and the boy writes his father of his success. Hersholt forgives him and decides to visit him in America and at the same time prepare the way for Gabriel's impending operation.

In America Karl and his father are happily reunited. But it is only for a short while, as Karl is soon afterwards killed in an airplane crash. In the meantime, war has broken out in Europe and Hersholt hears that his native village has been annihilated.

The year is 1918. Hersholt becomes a doddering old pauper, wandering around New York and barely managing to keep himself alive. How Hersholt and his younger son, Gabriel, are brought face to face after twenty years, and how the old man recognizes his boy, makes one of the most touchingly human pictures ever produced in Hollywood.

Hersholt, elevated to stardom for now famous portrayal of "The Country Doctor," is said to carry a new niche for himself in "Sins of Man." The production also introduces, at the heart of the supporting cast, handsome young Don Ameche, Mr. Zanuck's latest "discovery."

Mrs. B. C. Moore Presides At Meeting

Mrs. B. C. Moore presided over the quarterly business meeting of the Woman's Missionary Society of the First Baptist Church held Monday afternoon at the church. Mrs. Volie Williams led the devotional and Mrs. Forrest Gatchel gave a short prayer.

Quarterly reports were heard from all the officers and Mrs. Williams and Mrs. Moore reported on the district rally held at Geneva recently. It was decided to appoint a committee to write a letter to the colored Baptist Church expressing sympathy over the death of the Rev. C. Brower and to send flowers to the church Sunday in his honor.

The nominating committee was appointed as follows: Mrs. Fred Myers, Mrs. Volie Williams, Mrs. Gus Lovejoy, Mrs. G. E. Rollins, Mrs. George W. Huff, Mrs. H. H. Hill, Mrs. R. L. Glenn, Mrs. J. H. Lyles, and Mrs. J. E. Paige.

The meeting was brought to a close with a prayer by Mrs. R. L. Garrison.

The Telephone keeps you in touch  
A TELEPHONE of your own keeps you in touch with friends, relatives, stores, the job, and social affairs—that certainly is worth more than you pay for a telephone.  
When you take of the countless trips, the thousands of calls the telephone saves.  
The protection it affords is even more important. When something goes wrong, when you must get help quickly, then, too, you will appreciate the real value of telephone service.  
A telephone does so much and costs so little that it doesn't pay to try to do without one.  
Why not call or visit the telephone Business Office and find out how easily and inexpensively you can enjoy telephone service in your own home?
