SANFORD'S DELEGATION GETS PROMISES GALORE ON AID FOR OUR ROADS

Some of Which May Materialize in the Near Future

ROCK FOR ROAD

TO MAKE SHOULDERS ON STATE ROAD NO. 5 WHICH IS SANFORD-ORLANDO ROAD

The meeting of the State Road Department held in Tampa yesterday developed into what could be construed as a filibuster on the part of adherents of State Road No. 5. It was not until late in the afternoon that representatives from other counties had the opportunity of presenting their requests and grievances to the board.

Nothing developed from this unusual amount of verbosity, except promises—none of which can be fulfilled until the revenue from 1923 tax money is received. The most definite assurance received by any delegation was that given the members from Sanford—representing Seminole county. This delegation brought the Board's attention to the condition of the Orlando-Sanford road and the necessity of immediate repairs being made to prevent its further disintegration. After a thorough discussion of this matter the members of the Department unanimously voted to furnish sufficient rock to be placed 3 1/2 to 4 feet on the shoulders of the present road as a temporary expedient, and which will meet the heavy traffic until such time as funds are available for the widening of this road. The engineer of the Road Department assured the Sanford delegation that shipments of this rock would be made immediately upon receipt of advice of the county commissioners that they were ready to handle it. Chairman Brumley, of the county commissioners, advised that he would immediately call a special meeting of the county commissioners to accept this offer from the Road Department and much needed repairs to this important artery will begin within the next thirty days.

The rock will be laid sufficiently thick so that when it has been evened by traffic it will increase the width of the present roadway from 9 feet to approximately 17 feet. At that time an oil coating can be applied which will further improve it.

Estimated costs of the Road Department for these improvements will amount to at least \$15,000.00.

Estimated costs to the Road Department was the first to be heard by the Road Department, after the lengthy discussions on Road No. Five, they were very much elated at this definite action. No definite action has been taken by the Road Department in the way of making appropriations up until the time Seminole county was heard.

E. A. Douglass was spokesman for the Sanford delegation, which consisted of Forest Lake, L. A. Bramley, Geo. W. Knight, C. W. Entzinger and Secretary R. W. Pearman.

BETWEEN DUBLIN AND BELFAST GOVERNMENTS—SITUATION ALARMING

(By The Associated Press) BELFAST, April 26.—A breach between Dublin and Belfast governments which Ulster political quarters declare may entail rupture of London agreement indicated by a statement issued by provisional government in Dublin announcing it was unable to co-operate with Belfast government in inquiry into Irish railways.

VAUDEVILLE AT MEN'S CLUB WELL ATTENDED

CLUB ARRANGED FINE PROGRAM THAT WAS APPRECIATED BY ALL

The vaudeville entertainment given by the Men's Club of Holy Cross Parish assisted by the Legion Saxophone band, was well attended and those present thoroughly enjoyed the various stunts. They demonstrated beyond any doubt that Sanford has some of the best talent to be obtained anywhere and any time they want to put on a vaudeville sketch it will be something as good as any professionals. Every number on the program last night was first class, the sax band making its first appearance in public after seven weeks practice of one night each week made such a creditable showing that they were roundly applauded every time they made their appearance. Bandmaster Ball has certainly whipped the boys into shape in a short time and the thirty players with all sizes and shapes of saxophones made a fine stage setting. The readings by Mrs. Newberry, the negro dialect sketch by Bob Herndon always good, the quartette that turned out to be a trio of Tom Martin, Bud Allison and Maurice Helston, Johnny Schirard in cornet solos, S. Samuel Baumel in song and dance, Mrs. Lucille Aspenwall Takach in solo, the duet on cornets by the Ball twins, the acrobatic stunts of Ed. Ward, the xylophone duet of James Robson and his little sister, Pearl, the toe dancing of Jennie May Brown and the violet dance of little Mary Wight and all the many and varied numbers were away above the average vaudeville attractions of the big cities and were all heartily enjoyed. In fact the program was repeated so often that it took about three hours to play it out but the audience never became tired as so many and varied stunts were carried out that the entire program was full of punch and pep and was most successful in every way. The show was given by the Men's Club to obtain funds for the many improvements in the Parish House and other parts of the plant that the club now offers the public and every man in Sanford who enjoys the fellowship of his fellow men, who wants to see the young boys in good company and who is anxious to help his city should become a member of the Men's Club and assist in this great work.

The Men's Club is anxious to enroll the names of all the old men, the middle-aged men and the young men in the club in order to get a large and enthusiastic crowd of men ready and willing at all times to create a larger plant in Sanford for the benefit of the men of the city and the boys and give them a good clean place where they can have good, clean sports and amusements every night in the week if they desire. The club now has bowling alleys, pool rooms, shower baths, a big theatre building, basket ball court, trapeze and other athletic apparatus and next season hopes to have a stage all set with good scenery and curtains and have a place where the entire city of Sanford can congregate and play and have a real community house that is so badly needed here.

MALAGA FIRE SWEEPED GOVERNMENT BUILDINGS—TWENTY PERSONS DEAD

(By The Associated Press) MALAGA, Spain, April 26.—Twenty persons are known to be dead and thirty injured by a fire which swept Government buildings last night, and still burning today. It is feared the fire would spread to the Customs House in which great quantities of ammunition destined for use of the Spanish forces in Morocco is stored.

DUBLIN, April 26.—Efforts to secure peace in Southern Ireland was renewed this morning with reassembling of Free State and Republicans leaders and after discussions which continued into the afternoon the conference adjourned until Saturday.

SEARCH FOR MISSING IN BIG TEXAS FLOOD WHEN TRINITY RIVER OVERFLOWS

Unofficial Death List Now Stands at Twenty But List May Grow

(By The Associated Press) FORT WORTH, Tex., April 26.—Search for thirty-six persons carried on unofficial list of dead and missing today as the result of yesterday's overflow of Trinity river started at daylight when squads of searchers were sent out to comb the district where the flood waters begun to recede. Unofficial death list now stands at twenty.

Property damage estimated at approximately one million dollars, is the toll of a flood which swept Fort Worth early yesterday, carrying before it scores of residences and small buildings, overflowing hundreds of acres of land and inundating several city streets.

John J. McCain, Fort Worth city engineer, issued a statement last night in which he declared that the levees around the rivers, which broke here early yesterday and flooded lowlands of the city, were "dynamited by unknown parties," and that an investigation by a grand jury would be demanded immediately.

DALLAS, April 26.—Forty-seven persons are unaccounted for or known dead as the result of a flood and one windstorm in Texas within the last twenty-four hours.

AGAINST 44-HOUR WEEK IN NEWSPAPER OFFICES, NO ADVERTISING REDUCTION

Or Lowering of Subscription Rates at This Time, Says President of Association

(By The Associated Press) NEW YORK, April 26.—Placing the full weight of the American Newspaper Publishers' Association against any effort to introduce the forty-four hour week in the newspaper shops and declining there cannot be any reduction in newspaper advertising or subscription rates at this time T. R. Williams, of the Pittsburgh Post and president of the association, called on members at the opening of the annual convention today to eliminate waste in the newspaper plants and get behind apprenticeship school movement in order to prevent shortage of skilled help in newspaper work.

POLICEMAN KILLS TWO, ONE OF THEM POLICEMAN, AT ANNISTON, ALABAMA

And Then Carried Both Bodies to Undertaking Establishment

(By The Associated Press) ANNISTON, Ala., April 26.—Policeman Joe Holiday and C. B. Hurst were shot and killed here today by Policeman Marshall Welch. After slaying the two policemen, who were riding in an automobile, Welch drove the car containing the bodies to an undertaking establishment and then surrendered. Police said Welch declared he shot Holiday in self-defense and the shooting of Hurst was accidental.

SANTA MARIA IS SAFE AT WILSON'S ISLAND, ACCORDING TO WIRELESS

Passengers Will Be Taken to Nassau By Boat as Plane is Damaged

(By The Associated Press) MIAMI, April 26.—The Santa Maria is safe at Wilson Island according to a wireless from Havana at 11:30 today. The message was from the Havana Company owning the Santa Maria.

The message was sent by a naval plane which stated the passengers on the Santa Maria were taken to Nassau by a small boat while the pilot and mechanic remained with the plane.

The Santa Maria encountered such heavy winds after leaving Key West she was forced to use all her fuel and had to stop at the island at 1:30 Monday afternoon. None of the passengers are any the worse for the experience.

Naval Planes Search For Missing Santa Maria That Left Monday

Waters Off Coast Combed Without Result Yesterday.

(By The Associated Press) KEY WEST, April 26.—Naval and commercial planes at daybreak resumed search for Santa Maria, missing with six persons, since it left here at six ten, Monday morning for Nassau. Waters off the coast were combed yesterday without result. One plane went over Key West-Nassau route and the Santa Maria planned to follow.

TOKIO, April 26.—A heavy earth shock was centered in Tokio at 10:15 this morning. There was considerable damage to buildings in the city and suburbs.

Kenneth Williams New Swat King on St. Louis Team

Six Home Runs in Four Days Has Chance at Ruth's Record.

(By The Associated Press) ST. LOUIS, April 26.—With six home runs in four days, Kenneth Williams, St. Louis American, left fielder today leads all the Major Leagues in the home run column. In making six homers in four days, Williams has a chance at the record now held by Ruth, who scored seven in five days last year.

GENOA CONFERENCE BREAK WILL COME IN A FEW DAYS SAYS LONDON NEWSPAPERS

ROTARY CLUB ELECT OFFICERS ENSUING YEAR

BIG MEETING HELD YESTERDAY AT NOON-DAY LUNCHEON—OFFICERS ELECTED

Sanford Rotary Club held a most interesting meeting at noon yesterday at the Valdez Hotel at their regular mid-day luncheon. Aside from the regular business to be transacted was the annual election of officers and the following directors were elected for the ensuing year: J. G. Ball, F. E. Roumiltat, Edward Higgins, E. F. Housholder, A. E. Yowell, D. L. Thrasher, R. J. Holly, Chas. Britt, S. O. Shinholser. The directors met after the meeting and elected the following officers who will also be ex-official members of the board: D. L. Thrasher, president; E. F. Housholder, vice-president; W. M. Haynes, secretary; Chas. Britt, treasurer; J. D. Davison, H. R. Stevens as past president, will be a member of the board. sergeant-at-arms.

The new officers will be duly installed at the next meeting and at the first meeting in the month of May the new members will be initiated with a big meeting to be held at night.

R. J. Starling was taken in as a member yesterday and Ralph Bronson a visiting Rotarian from Key West, was asked for a few words and made a good talk on the Boy Scout movement that was given in yesterday's Herald.

RUSSIANS FINDING OUT THEY CAN'T DO WITHOUT MONEY

(By The Associated Press) MOSCOW, April 26.—While its delegation at Genoa is trying to reach an agreement with the European powers for economic aid for Soviet Russia, the Bolshevik government is seeking to bring its financial and other affairs to a sounder basis by work at home.

The All-Russian Communist party congress has been the preliminary fields where the international struggle to bring out order from chaos in Russia's finances has been fought.

Against the few remaining groups of the communist party who still cling to the idea that money should be eliminated, M. Sokolnikoff, assistant to the commissioner for finance, supported by the majority, carried his point that a sound monetary system for Soviet Russia can be gained only by curtailing the issue of paper money, on one hand, and by collecting taxes, to bring the money back to the government, on the other.

Up to the last of March, twenty-five trillion paper rubles had been issued in 1922, it developed in the conference. Hitherto the government, while paying out huge sums in paper scarcely ever received any of it back, as there were no taxes in money to be paid no tram fares, railway fares or postal or other revenues. Now, the income will be an effort to check the outgo.

From April the gold standard attempt was abandoned, and all taxes railway fares, etc., calculated on the basis of the paper ruble.

Municipalities must support themselves under the new plan. All government budgets are to be cut to the bone, and new budgets arranged every three months.

The council of commissars has appointed a special commission in line with the new policy, to eliminate bureaucracy in the state institutions by 50 per cent of the government employees.

LAST COMBAT UNIT COMING FROM GERMANY TO SAVANNAH IN MAY

(By The Associated Press) WASHINGTON, April 26.—Eighth infantry, last combat unit will arrive at Savannah from Germany the latter part of May, Senator Harris, of Georgia, suggested that Savannah prepare to welcome the home coming celebration and invite Harding, Weeks and Pershing.

Lloyd George's Enemies Say the Meeting is a Failure

SOVIET THREAT

REDS PROTEST POLAND'S ACTION CONCERNING RUSSO-GERMAN PACT

(By The Associated Press) LONDON, April 26.—Probable early breaking up of Genoa conference was more than hinted at in some of London newspaper editorials today. Northcliffe Journals, which consistently opposed conference and Lloyd George's advocacy thereof, declare meeting a failure.

GENOA, April 26.—Soviet Russia, contributed another sensation to the economic conference yesterday by sending a note to the Polish delegation remonstrating against Poland's action in joining with the Allied powers in protest against a separate treaty between Russia and Germany. Russia claimed that the peace treaty between herself and Poland covers all relations between the two countries so that Poland, like Germany, should not participate in the discussion of Russian affairs, even intimating that Poland by her present action in the conference has abrogated the treaty signed at Riga on March 18, 1921.

Russia has a strong Red army encamped near the Polish border, and for this reason the Russian remonstrances are regarded by some of the delegates as equivalent to almost a threat against Poland.

The experts on the Russian question sitting without the soviet delegates, yesterday compared notes on the new proposals presented by the Russian delegates at Tuesdays session, and decided to forward their report to their respective governments. It is expected that when the answers are received from the various capitals the powers will submit counter proposals to the soviet couched in firm language in an endeavor to reach a working basis for an accord.

"We cannot stay here forever," said a French delegate last night. The French are disturbed over the manner in which the English have interpreted Premier Poincare's address. The French spokesman made it clear that all Frenchmen are alarmed over future military possibilities of the Russo-German treaty and that M. Poincare was merely voicing France's genuine disquietude. There are certain indications here that France with her dwindling population is fearful of the constantly increasing German population, united with mighty Russia. The French attitude toward Russia is described as like that of Japan toward China—each wants an organized and prosperous neighbor, but does not desire that that neighbor be so strong as to loom up as a possible menace.

ELKS CONVENTION AT JACKSONVILLE BRINGS BIG CROWD

(By The Associated Press) JACKSONVILLE, April 26.—The city was crowded today with Elks from all parts of the state, here for annual State Convention of Elks, which opened this morning, and will continue through Friday.

GILCHRIST ANNOUNCED TODAY FORMALLY GIVING PLATFORM

(By The Associated Press) JACKSONVILLE, April 26.—Gilchrist formally announced today for the United States Senate from Florida, and made public his platform of twelve points, principal of which is, advocacy proper federal bonus for disabled service men and their dependents; less interference of state rights by the Federal government; more business in government; less government in business.

There is more profit in keeping a few good cows than in keeping many poor ones. Keep milk records and find out which of your milkers are loafing on the job.

PERSONALS

You ask us and we will tell you. It looks like rain.

Miss Adeline Bonyng of Orlando arrived yesterday and is the guest of Mrs. A. R. Key.

Mr. and Mrs. Raymond Key announce the birth of a little daughter this morning at the Fernald-Laughton Hospital.

Mr. and Mrs. Nathan O. Garner returned home yesterday from Delray where they spent the past week combining business and pleasure.

G. A. Blodson of the east side announces his candidacy for county commissioner from District No. 1, in today's issue.

Many rumors here and there of five and six and ten story buildings—of course they may be stories of the buildings and yet there are stories.

Mr. and Mrs. John Wimbleh of Winston-Salem, N. C., are the guests of the former's parents, Capt. and Mrs. J. Wimbleh at their home on Park avenue.

Mrs. J. S. Wilson has returned from Hastings where she spent ten days with "Pop" who is busy with the enormous potato crop that is being gathered there.

It is a conviction now for the man who has whiskey on his property or anywhere near his property or miles from his property. This whiskey business is a funny thing.

Hon. Forrest Lake has returned from a business trip to Tallahassee and other points. While in Tallahassee he visited his daughter Serita, who is a student at the Woman's College.

Master Harry Joe Minarik the bright young son of Mr. and Mrs. M. Minarik, was the host at a very pretty party yesterday afternoon, when he entertained a number of his young friends at a birthday party in honor of his second birthday anniversary.

The fact that Estor had just past was evidenced in the decorations, and the pretty color motif of yellow and green was beautifully carried out. The refreshment table was centered with the wonderful birthday cake tied in yellow and topped with two tiny yellow and green candles. Around the cake was an attractive arrangement of maiden hair ferns and yellow daisies. Refreshments consisting of ice cream, individual cakes tied in yellow and topped with cunning little yellow chicks, were served after an afternoon pleasantly spent with various kinds of games. The favors for this party were yellow baskets filled with yellow mints.

Master Minarik was assisted in entertaining his young guests by his mother. About twenty-five children and a number of their mothers were present. The occasion was one of much enjoyment and happiness for the young guests, and the little host was the recipient of many handsome gifts.

SPEND THE DAY PARTY

Mrs. Edward Day of New York, who is spending the winter in Sanford on her yacht "Frances," was the charming hostess yesterday at a spend the day party on board the yacht. The guests included a number of Sanford's social set.

For Rent—Nicely furnished ten room apartments with bath in Cates new building, at reasonable prices. Also have apartments for rent at 800 Magnolia St. J. J. Cates, at Cates store.

NOTICE TO THE PUBLIC

The Herald does not and will not print free any notices calling attention to affairs that are to be held where something is sold. Such notices are business notices and take the same place that the same kind of notices take when the business men of Sanford take space in the Herald. This paper is willing and does give away more space than any newspaper in this state or any other state and is willing and anxious to help every worthy enterprise but when a notice comes under the head of "paid locale" they will certainly have to be paid. This is our policy and the public will readily understand it. There are countless notices in the paper every day that are not paid because the folks giving the affair are not selling anything. Advertising is the stock in trade of the newspaper and is the only means the newspapers have of making a living. If no one ever paid for business advertisements the newspaper would last about one day. We

hope this explanation that has been made so many times will suffice and that thereafter our position on the question of free notices and paid notices will be thoroughly understood.

Let Mrs. Mary Graves Tell You Her Poultry Raising Experience

"Three years ago bought an incubator, this year I've made money. Rats stole my chicks. Didn't know until a friend gave me a cake of RAT-SNAP. Next morning found two dead rats in henery. Kept finding them. Suddenly they disappeared altogether. It's the only sure rat killer." Take Mrs. Graves' advice. Three sizes, 35c, 65c, \$1.35. Sold and guaranteed by Ball Hardware.—Adv.

STATE NEWS

(By The Associated Press)

DAYTONA, April 20.—What a heavy touring car running wild can do was demonstrated here one day this week when a machine without a driver climbed a sidewalk and demolished the front of a restaurant. The car was a new one and the owner who had parked it at right angles to the curb, had lifted the hood and was dicking with the motor. Something he touched caused the motor to kick and the machine started off. The owner climbed in and shut off the gas but not until the car had damaged plate glass windows and other parts of the front of the restaurant to the extent of \$300.

ST. PETERSBURG, April 20.—The annual convention of the Florida State Pharmaceutical Association will be held here June 12, 13, 14, and 15, and local pharmacists have begun preparations for the entertainment of the visitors, who are expected to number several hundred. The first two days of the convention will be devoted to examination of applicants for license to practice the profession if the usual plan is followed, election of officers will take place the last day of the meeting.

FORT PIERCE, April 20.—A proposal to change the name of Fort Pierce to something more descriptive is being discussed by residents of the city and in many quarters is favored. Fort Pierce was named for President Pierce and the "Fort" part of it came from a small fort maintained during his term in the White House, to provide protection to the few white settlers who had located on this section of the coast at that time.

FORT PIERCE, April 20.—Residents of Fort Pierce are in the throes of a campaign which is hoped will result in the planting of at least 1,000 trees here on Arbor Day, April 22. No special kind of tree is to be selected but it is hoped to have a uniform variety set out on each individual street.

EUSTIS, April 20.—Baseball enthusiasts here, headed by Senator W. M. Igoe, have organized a baseball organization for the purpose of getting together a semi-pro club to represent Eustis this summer.

SEMENOFF PLANNED REVOLT AGAINST REDS SAYS AMERICAN OFFICIAL

(By The Associated Press) WASHINGTON, April 18.—Appointing before the Senate Labor committee yesterday in connection with its inquiry into the Siberian activities of General Gregories Semonoff now under civil arrest in New York, Commissioner General Hubbard, of the bureau of immigration, told how the anti-Bolshevik leader had been permitted to enter the United States at Seattle after landing at Vancouver from a steamer which he had boarded at a Chinese port, and submitted through official documents and messages the suggestion that Semonoff intended to go to Paris to meet the Grand Duke Nicholas to lay plans for a revolution against the Russian Soviets.

The suggestion of Semonoff's plan for going to Paris was contained in a message from Inspector Zurbrick at Vancouver, who added that the general's testimony before a board of inquiry at Vancouver indicated that he intended during his visit to Washington to establish connections for future use, especially as applying to the development of trade relations. Semonoff was finally admitted to the United States "for transit purposes" on his trip to Paris, and Mr. Hubbard, through his testimony before the committee indicated that the immigration authorities had no alternative in the case except "arbitrary disbarment" and was powerless under the law.

While Mr. Hubbard was before the committee, information was supplied by the state department to the effect that Secretary Hughes was prepared

to intercede in behalf of Boris Bakhmeteff, the last accredited Russian ambassador, who has been subpoenaed to testify before the committee. It was understood that attention of the committee would be called to the usual diplomatic immunity granted foreign representatives.

Altho the Kerensky regime which sent M. Bakhmeteff here disappeared five years ago, he still is listed in official records as the Russian ambassador. At present he is at Charleston, S. C.

In addition to Mr. Hubbard, Ralph L. Baggs, of New York, a former American army lieutenant with the forces in Siberia, was before the committee. His testimony, which was said not to refute that recently given before the committee by Major General Graves, the Siberian expedition commander, or Lieutenant Colonel Charles H. Morrow, his chief aide, was said to be intended to do "justice" to the Russian officer insofar as the witness saw events there. He declared that at times the policy appeared to be "an eye for an eye," but denied general massacres had taken place in the area where he was stationed. Mr. Baggs credited Semonoff with having checked progress and said that conditions under the general were better than where the Bolsheviks held sway.

AN INSIDE BATH MAKES YOU LOOK AND FEEL FRESH

Says a glass of hot water with phosphate before breakfast keeps illness away.

Physicians the world over recommend the inside bath, declaring this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the alimentary canal before eating more food.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who have bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to show the value of inside bathing.—Adv.

THREE COUNTIES GET LOWER VALUATIONS

(By The Associated Press) TALLAHASSEE, April 19.—Protecting delegations which came to Tallahassee yesterday ready for battle over the recent tax valuation increases ordered by State Equalizer Marion L. Dawson, walked right into Mr. Dawson's office, accomplished their mission and walked right out again.

In the case of Duval, Hillsborough and Escambia Counties, Mr. Dawson's orders for an increased property valuation were rescinded upon the assurances of the delegations that voluntary revisions in tax valuation had already been made in their respective counties which would pour an increased revenue into the state treasury this year, in the case of Duval, of \$2,500,000.

Mr. Dawson proposed to the Jackson county delegation that voluntary revisions be made in its county along the lines of those in the other three counties, and the case was held in abeyance until the delegation could return and confer with the county tax assessor. Advice received by Mr. Dawson from Seminole County were to the effect that the county assessment would be put into effect the increased valuation ordered by the equalizer.

Everything passed off very smoothly, indeed. In the first place it was thought generally here, that the dissentient elements were headed for the offices of the state board of tax-equalization presided over by Governor Hardee. Instead they appeared before Mr. Dawson.

In his order revoking his previous orders to increase the valuation, Mr. Dawson, said it had been pointed out to him that revisions already made in the respective counties would provide increased yields, that he was in ignorance of such plans, and therefore he rescinded his previous order.

PALATKA, April 20.—Twenty-eighth annual convale of the Grand Commandery of Florida Florida Knights Templar began here today to continue through Saturday. Several hundred delegates are attending.

UNIVERSITY BALL TEAM STRICTLY FLORIDA PRODUCT ONLY TWO OUTLANDERS

(By The Associated Press)

GAINESVILLE, April 10.—The University of Florida's aggregation of 1922 ball tossers, is now with the exception of two players, just as strictly a Florida product as the avocado, or better still the Florida grapefruit.

Ray Dickson, who comes from Colorado as a pitching ace, and Fred Bange, who holds down second base, and hails from Pennsylvania, are the only two outlanders.

The others have the balmy climate stamped all over them. Coach Richmond, himself, got his three squares a day at Defuniak Springs, before donning the Gator apparel. He thinks now, however, of things metropolitan, since he is slated to join the Philadelphia Nationals at the end of the school term. The infield is composed of Ronch of High Springs, Blake of Chipley, Brackon of West Palm Beach, Mahan of Fort Pierce and Joe White of Gainesville.

The outfielders are "Rat" Duncan of Pensacola, Bessley of Starks, Hoyt Carlton of Wauchula and E. W.

Spencer of Sanford. Pitchers Eric Boswell of Invenness, Henry Gray of Gainesville, Jim Wallace of Williston and George Hartman of Pensacola, demonstrate the fertility of Florida sand lots.

Captain Bill Ward, before taking up his work behind the plate for the Gators, bore no mean reputation around Miami. His substitute, Lee Works, of Defuniak Springs, caught for Florida in 1910 and later played with Palmer College at the old home town.

OLD PUTNAM HOUSE WILL BE TORN DOWN PALATKA LANDMARK

(By The Associated Press) PALATKA, April 20.—The old Putnam House, a large frame hostelry which took its stand in a section of the city several years ago, only to be classed of late as a menace by the business buildings that grew up around it, has finally yielded to the impetuous demands of progress, and consented to get out of the way.

For several years, it had stood in the heart of the business section, to be called a menace and an obstacle to civilization. It not only was a fire

hazard but it retarded the growth of younger buildings with the seal of youth and desire to expand, it was said. But plans for its destruction have been made, and the announcement of its going was greeted with general rejoicing. Let the business houses spring up now on the land it had occupied, was the hostelry's parting shot.

CARD OF THANKS

We take this means of returning our most grateful thanks to our friends for the many acts of kindness and sympathy shown us in the recent loss of our home by fire.

Twice Proven

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-old testimony. It's Sanford evidence—doubly proven.

Mrs. A. Smith, 410 Palmetto Ave., Sanford, says: "I had a steady dull ache across the small of my back and felt worn out. I didn't have much ambition to do my housework and there were severe pains in the back of my head. I also had dizzy spells. I used Doan's Kidney Pills and they never failed to relieve me of the trouble."

Mrs. Mmith gave the above statement February 12, 1918 and on February 2, 1922, she added: "I haven't had any signs of kidney complaint since I recommended Doan's Kidney Pills and give Doan's credit for curing me."

IF BACK HURTS BEGIN ON SALTS

FLUSH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain oily part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headache, liver troubles, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Don't Blame Your Grocer Because Coffee is Costing More

THERE IS A REASON

The countries in Europe and especially Germany have just started buying coffee and they have bought all of the available supply for the next several months, so the price of coffee may go to war time prices before it gets any less.
