## FLOOD WATERS SUBSIDING IN COLORADO CANYONS CAUSED BY CLOUDBURST

NO LOSS OF LIFE BUT MANY HOMES ARE FILLED WITH WATER

### NO LOSS OF LIFE

And Aside from Debris in Roads and Flooded Houses Little Signs of Flood Today

(By The Associated Press) DENVER, Aug. 17.—Flood waters which last night forced hundreds of suburban residents to flee their homes subsided today. Aside from debris littered banks and some instances of flooded basements and impassable roads there are but little evidences of inundation. No loss of life is expected. High water was caused by cloudburst.

DENVER, Colo., Aug. 17.—Flood waters are sweeping the Platte Canyon toward Denver, following a terrific cloudburst early last night, according to information received at the Denver police department shortly after 8 o'clock.

Every available policeman has been rushed to the lowlands bordering the Platte river outside of Denver, and residents are being warned. The flood waters are expected to reach here in a half hour.

Water is spreading over the lowlands at Littleton, ten miles from here, and near Englewood, a suburb, telephone operators at summer resorts in the Platte Canyon, where the water is rising, notified the Denver police department.

No loss of life has been reported thus far.

At 8:30 o'clock this evening all telephone connections with Littleton were reported to have gone down.

The first indications of the near approach of the high water to the city were given shortly after 9 o'clock when patrolmen reported that the Platte river was rising near Overland Park, the motor tourists camp on the outskirts of the city, where approximately 3,500 automobiles are encamped.

Shortly afterward houses nearby along the lowlands beside the river banks were inundated. The water rose above the ground floors of the residences in many instances and the occupants fled with such belongings as they could hastily gather.

The rise in the water was rapid, but it did not strike the city in the form of a wall of water, as had been feared.

In the Valverde district, which is about two miles from the business districts, the basements and ground floors of many homes were reported flooded.

### 40 MEN AND 8 HORSES

The Vulture Locals of La Societe des 40 Hommes et 8 Chevaux had a big time yesterday and last night at Daytona, where they were invited to attend a large meeting for the purpose of initiating 15 P. G. from DeLand and Daytona and other sections of the state. The High State officers of La Societe were present at this meeting. The party from Sanford left here yesterday at 1:30 p. m. and after a pleasant ride to Daytona was greeted by the Daytona Locals and escorted to the American Legion Club House on the banks of the Halifax River, where the meeting came to order.

After all business had been taken care of and the initiation was completed the big eat was served and they were then entertained by a banquet that goes to make up a banquet. After the banquet they had a few special numbers consisting of songs and music and many games that all joined in and at the early hour of 10 p. m. the Sanford Locals Vulture bid the Daytona Vulture Locals a hearty good bye with them the best entertainers of the day and a big welcome to them to come to Sanford for a visit after which the Sanford Vulture motored back home, full of enthusiasm and happy with the good times that they were shown in Daytona.

Barnacles attach themselves to whales as well as ships.

### EARTHQUAKE IN ITALY SHAKES UP CATANIA—NO DAMAGE IS DONE

CATANIA, Sicily, Aug. 17.—(By the Associated Press).—An earthquake of considerable violence shook Catania this morning. The population became panic stricken but the quake caused no damage.

## CUT IN GAS PRICES ONLY TEMPORARY

President Standard Oil Co. of New Jersey, Explains Situation

NEW YORK, Aug. 17.—Present prices for gasoline can only be temporary, although further cuts may reasonably be expected if crude oil prices are again reduced, W. C. Teagle, president of the Standard Oil Company of New Jersey, declared today in a formal statement. He expressed the opinion that the oil industry would weather the present downward trend which would not last long.

"The present disrupter market," he said, "resulted from the pressing for sale of a relatively small amount of 'distress' gasoline. The large over-production of crude oil in recent months, together with the factor of the higher naphtha content and increased refining efficiency, has resulted in piling up abnormally heavy stocks of gasoline for this season of the year and forced liquidation by some holders regardless of cost."

Mr. Teagle said the cuts initiated in South Dakota and afterward made effective throughout mid-western and southern states represented the only change made there in a number of months, while four successive cuts had been made in the eastern market since last February, because of lower costs of crude oil available for seaboard refineries. At present, he said, an average of 177,000 barrels of California oil reached eastern seaports daily. Southern California fields are expected to reach their peak production next month, but he said it would be a long time before shipments from California would equal the amount of oil now available in those fields. The maximum shipments possible in American tankers, which are the only ones allowed in the intercoastal business, is 200,000 barrels daily.

Except for comparatively small shipments from gulf coast ports little mid-continent crude oil is being received here. This is used largely for lubricating.

While Mr. Teagle admitted the present situation was precarious for some of the smaller refining companies, he expressed confidence that the oil industry as a whole would "come out o. k."

### GOVERNOR CALLS EXTRA SESSION GEORGIA SOLONS

ATLANTA, Ga., Aug. 16.—A call for an extraordinary session of the Georgia legislature will be issued today by Governor Walker, the executive declares yesterday afternoon following the action of the house in tabling all tax reform measures. The date of the extra session probably will be from November 15 to December 1, the executive said.

E. C. Nilson, of the Mebane Buick Company, of Orlando, was in the city today on business connected with the Sanford Buick Company and the Buick will have a big advertisement in Saturday's Daily Herald.

The Daily Herald, 15c per week.

## Mobs Like This Gather Quickly in Republican Germany

Scarcity of food and depreciation of the mark make it easy for Red agitators to gain an audience in Germany. Mobs like this, shown before the former emperor's castle, the "Lustgarten," Berlin, have been frequent in the past few weeks, and now are daily occurrences.

## INTERNATIONAL COURT HANDED DOWN DECISION ON USE OF THE KIEL CANAL

DECIDED THAT GERMANY NOT JUSTIFIED IN BARRING VESSELS

Passage When They Are at Peace With Germany as Was Case in Point

(By The Associated Press) THE HAGUE, Aug. 17.—The permanent court of international justice today handed down the decision against Germany in the case involving the use of the Kiel canal by foreign vessels. The court decided the Germans were not justified in preventing British steamer Wimbeldon from entering the canal in 1921 during hostilities between Poland and Russia and that Germany should make compensation. The case first, which the court was asked for definite judgment. Vessel chartered by French loaded with munitions for Poland refused passage through canal. Versailles treaty terms provide vessels of all countries at peace with Germany be allowed passage. Germany said particular case was violation of her neutrality.

LONDON, Aug. 17.—Acting on cable advice Secretary Hughes, American embassy officials in London have made it clear to British foreign office that the United States contemplated no departure from its attitude on reparations taken before President Harding's death. This disposes of any hopes this side that cessation of presidency by Coolidge might result in more active interest of United States in Europe's problems.

### SEND IN ADDRESS OF BABY IF YOU WANT TO ENTER THE BIG BABY PARADE

The Big Baby Parade at Lake Monroe on Labor Day promises to be one of the greatest events pulled off in Seminole county in many a day. If you want to enter the baby send your name and address of child to Mrs. Victor Check, Box 1020, Sanford to insure entrance as they will go into the parade in the order named. Mrs. John Leonard will be the Seminole county judge and other counties will have judges all of them to make up the judging committee.

### SANFORD SOLDIERS ARE THERE

Col. Lewis O'Bryan has returned home after reviewing the state troops at Camp Johnston on the staff of Governor Hardee and he says that he was right proud of the Sanford boys in camp. Sanford has the largest number of men from any one place in the camp and they have all made a good record and men and officers are receiving the praise of the reviewing officers.

Perfumes were used originally only in religious services.

## ENCAMPMENT OF NATIONAL GUARD THE BEST EVER

JACKSONVILLE, Aug. 17.—The 1923 camp of the Florida National Guard which opened at Camp Joseph E. Johnston, August 5th, under command of Col. Raymond C. Turk, and which will close Sunday, has to date been the most successful held by the state troops since their reorganization in 1910.

This year the records show that 78 officers and 1,017 men are on duty at the camp undergoing the annual four of field duty required under National Guard Regulations. Also that more organizations are in camp than in previous years.

The field training schedule as prepared by the Senior Army Instructor, on duty with the Guard, covers every detail in which instruction is needed to equip the guardsmen for the field and make their service of value to their respective communities and the nation at large. Each day one battalion of the 15th Infantry is busily engaged in perfecting its personnel in infantry drill, and bayonet work, while the special units such as motor transport, motorcycle, Howitzer and headquarters companies are being instructed in the special work required of them if called into the field.

Under existing law the troops must do a certain amount of actual firing on the rifle range. This year the troops are firing what is known as "Course B," all of which is known from a distance of two hundred yards in the positions of standing, sitting, kneeling and prone. The firing of this course has greatly reduced the work on the range from last year.

All of the instruction firing has been concluded and the companies are now firing for record. The reports from officials in charge of the range show that so far the work has been progressing in a most satisfactory manner and the scores are gratifying. The machine gun companies are doing exceptionally good work, the machine gun officer's comment being "they are doing better than ever before."

With the pistol range open for use, those organizations armed with that weapon are being given an opportunity to qualify, while the officers are making good use of the pistol range. Stokes Mortars and 37 MM (one pounder) guns have been used to great advantage with both practice ammunition and with "live" cartridges.

Churchwell's final clearance sale today on men's wool suits and Palm Beaches. They are going at your own price. See the advertisement in the Herald today.

Among the Kabyles of Algeria only sick men may carry canes.

## Fire Fighters Work To Hold Forest Fire in Check for Days

Santa Barbara, California, Has Big Forest Fire.

SANTA BARBARA, Cal., Aug. 17.—Fire fighters are working valiantly to check flames blazing a twenty-mile front in Santa Barbara national forest. Heavy winds fanned embers and fire into a no-windcase yesterday after rangers and other fighters had apparently won twelve-day battle.

## COMMUNISTIC DISTURBANCES IN GERMANY

Eight Persons Are Killed and Fifty Injured

(By The Associated Press) AIX LA CHAPPELLE, Germany, Aug. 17.—Communistic disturbances here are continuing with sanguinary results. Eight persons were killed and fifty injured today in fights of communists and police, while fifteen others already in hospitals died as result of injuries.

## Negro Lynched In Houston, Ga., For Assault Crime

Officers Carrying Him To Jail Were Compelled To Give Him Up.

(By The Associated Press) GRIFFIN, Ga., Aug. 17.—John Henry Walker, negro, was hanged here today for the murder of another negro March, 1922. He was pronounced dead in 18 minutes.

MACON, Ga., Aug. 17.—Lee Green, negro, arrested last night for an attack on a Houston county white woman a month ago was reported taken from officers and lynched while they were carrying him to Houston county jail.

ATLANTA, Aug. 17.—Governor Walker announced he would conduct a prompt investigation into the lynching of a negro in Houston county yesterday.

## Mother and Daughter Jump from Building, Both Are Killed

Had Been Inseparable Companions and Act Contemplated.

(By The Associated Press) NEW YORK, Aug. 17.—Mrs. A. M. Sterns, sixty-year-old widow and her daughter aged 35, jumped from window of a sixth floor apartment to the pavement and were instantly killed. Mother and daughter had been inseparable companions. Mother had been acting strangely for some time. Police believe they took the death plunge together.

The Herald delivered six times a

## EFFORTS TO MAINTAIN PEACE IN ANTHRACITE COAL FIELD COMMISSION CALLS MEN

### TWO IRISH PRIESTS CAPTURED BY CHINK BANDITS NEAR SUNGHO

HANKOW, Aug. 17.—(By the Associated Press)—Two Catholic priests were kidnapped when bandits pillaged the district near Sungho according to reports. The town of Tsao-shih was looted and the Catholic hospital burned.

## IMMIGRANTS ARE VIOLATORS OF OUR LAWS

Conditions at Ellis Island Should Not Be Censured

(By The Associated Press) WASHINGTON, Aug. 17.—Replying to the latest British attack on conditions on Ellis Island immigration station, Secretary of Labor Davis declared the immigrants themselves are responsible for most of the conditions complained of. This fact is perfectly apparent from the report recently submitted by Ambassador Geddes, he said. It must be borne in mind that immigrants detained at the island are law violators, he said. Those entitled to admission to this country are rushed through rapidly.

## British Baron Preferred the Stage To Titled Position

Came To U. S. In Youth Had Lived Ever Since.

(By The Associated Press) LOS ANGELES, Aug. 17.—Sir H. T. Smart, British baronet comic opera vaudeville actor, professionally known as Charles Archer, died yesterday, aged 70. He preferred life of an American actor to English nobility. He came to the United States in his youth.

## Navy Limitations and Four Power Treaty Pact Today

When Representatives Gather at State Department.

(By The Associated Press) WASHINGTON, Aug. 17.—Naval limitation treaty and four power pact negotiated at Washington Arms Conference finally became effective today when representatives of all signatory powers gathered at the state department and formally exchanged ratifications.

## Two Drowning at East Lake in Atlanta While Staging a Pageant

While Entertaining Delegates to Convention in Atlanta

ATLANTA, Aug. 17.—Two drownings resulted in last night's tragedy at East Lake when a craft on which some young girls was staging a pageant for entertainment of delegates to the convention of National Association of Deaf overturned. The body of J. W. Vandergriff, who was rowing the craft, was recovered today. The body of Miss Elsie Maurer recovered last night.

Piggly Wiggly is in again today with their big list of bargains in everything in the grocery line. Free cocoa and special prices on sugar, canned goods of all kinds, bacon, milk, coffee, lard, breakfast foods and everything. Piggly Wiggly is the leader of low prices and they continue to hold that place. See the special prices quoted today.

## OPERATORS AND UNION OFFICIALS ON THE CARPET TODAY

### ANSWER QUERIES

Operators and Miners Agree to Join Conference Tonight to Talk Turkey

(By The Associated Press) NEW YORK, Aug. 17.—In a final effort to maintain peace in the anthracite coal fields the United States coal commission called before it S. D. Warriner and leading operators and John L. Lewis, miners' president for a face to face conference. The operators and miners then agreed to meet in joint conference and report tonight with answers to a series of questions addressed by the commission.

NEW YORK, Aug. 17.—Hopes for preventing a strike in anthracite coal mines September 1 was discouraged and attempts to aid settlement of labor disputes in the industry ended with miners' union officials completely dissatisfied with the response of the operators contingent to the union's proposition to abandon the "check-off"; with the operators charging the union with "determination to avoid settlement upon its own terms," and with John Hays Hammond, the commission chairman, declaring that "frankly the outlook is discouraging."

Moreover, the commission itself, behind closed doors and with each party ground separately present sought to explore new avenues for settlement and faced a complete block. Sweeping aside the "check-off" and all other technicalities and negotiations which have been in such stubborn dispute, the commission asked each group to say just how far it would go to join an arrangement which would let the miners keep on running after September, while all the disputes were left up to adjudication with the decision retroactive to September 1.

The operators said they would agree to ask from arbitrators no reduction in the present wage scale in the mines; and thus leave the union assured of at least some gains.

All the commission's efforts were directed to finding some basis of proceeding that would keep the mines running while negotiations are carried on. Faced with the blockade, the federal agency asked both sides to put their responses in wording and to bring them back tomorrow for further conference. The operators, it was said, would leave every point unsettled by such arbitration in the hands of any group of persons found mutually satisfactory, etc.

NEW YORK, Aug. 17.—Later the miners and operators reach an agreement to resume wage contract negotiations at Atlantic City next Monday.

### FREE FORD TOMORROW.

Don't miss the big drawing for the Free Ford tomorrow in front of the Herald office. The drawing will take place promptly at six o'clock in the afternoon and you should be there. If you have not joined the Ford Club see Edward Higgins or any of the salesmen at the Ford Garage.

### HERALD LIST IS GROWING.

The Herald Daily and Weekly list is growing every day and the county is being covered by the Daily as well as the Weekly Herald. In a few weeks every part of the county will be covered for the Daily Herald and the subscribers will get the daily the same day it is printed.

## MARKET REPORT

(By The Associated Press) CHICAGO, Aug. 17.—Opening grain prices: Wheat, Sept 1.00 1/4 to 5-4, Dec. 1.04 5-8 to 1.05; Corn, Dec. 63 3-8 to 1-2; Oats, Dec. 62 1/2 to 63. NEW ORLEANS, Aug. 17.—Cotton 11 1/2 @ 11 3/4; Oct. 11 1/2 @ 11 3/4; Dec. 11 1/2 @ 11 3/4.

SOCIETY

MRS. FRED DAIGER, Society Editor Phone 217-W

Have you heard of the terrible family, "They,"

Why, half the gossip under the sun, If you trace it back, you will find begun

A numerous family, so I'm told, And its genealogical tree is old;

Gossip mongers and spreaders of lies, Horrid people whom all despise—

They live like lords and never labor, A "They's" one task is to watch his neighbor,

Those folks in the House of "They,"

It is wholly useless to follow a "They" With a whip or a gun, for he slips away

And into his house, where you can not go, It is locked and bolted and guarded so,

Belongs to the House of "They,"

Mrs. W. S. Jordan, of Jacksonville, is the guest of her niece, Mrs. James G. Sharon, at her home on Tenth St.

Miss Helen Terwillinger returned home Tuesday evening from Tallahassee where she attended summer school.

Mr. and Mrs. A. H. Hamrick and Master George, arrived from Georgia also Mrs. G. M. Barwick and daughter Ruby, F. B. Mosely for a few days here.

Mrs. R. J. Holly, Misses Mae Holly and Maude Lake and Lee Peck motored to Jacksonville yesterday where they will be the guests of the former's sister, Mrs. E. B. Brown for several days.

Grady Deen, of Lakeland, was in the city yesterday attending to business and pleasure.

Mrs. Ben Cripps, of San Domingo and Misses Moseley Smith and Ike Smith of Madison, were the guests of Mrs. James G. Sharon Tuesday and

Wednesday through to Atlantic Beach from St. Petersburg and Clearwater.

Mr. and Mrs. N. J. Lillard expect to leave today for their home in Sanford, Florida, after a pleasant visit in this city as the guests of Mr. and Mrs. S. W. Loftin and family.

Mrs. James G. Sharon entertained most informally at bridge Tuesday evening at her home on Tenth Street, honoring her guests, Mrs. Ben Cripps of San Domingo, S. A., Misses Moseley and Ike Smith of Madison.

After an interesting game of bridge the hostess served a dainty iced course.

The lovely new home of Mrs. Joseph Dickinson, on Magnolia avenue, was the scene of an exquisite affair yesterday afternoon, when she entertained at a miscellaneous shower, honoring Miss Mamie Kate Williams, a bride-elect of next month.

Orange and green were the colors used for the affair, baskets and vases of yellow roses, sinias and chrysanthemums combined with ferns were effectively used in the spacious living and dining rooms.

The guests were greeted upon their arrival by the hostess and the honoree, and were requested to register in the bride's book, they were then ushered into the dining room, where a prettily appointed punch table was placed, here delicious fruit punch was served by Miss Clara Millen.

Following the registration of the guests they were given cards hand-painted with wedding slippers, brides and grooms, on which they were asked to write bits of advice and good wishes for the bride. These were then pasted in the bride's book.

A very clever musical contest afforded much merriment for the guests. Miss Virginia DeCoursey played snatches of favorite songs and the guests finding the answers in this manner. In answer to two of the questions "What did he say?" and "What did she say?" Mrs. Glenn sang very sweetly, "O Promise Me" and "I Love You Truly."

After the contest, a musical program was carried out. Miss DeCoursey rendered several piano solos, Miss Margaret Cowan gave two readings, "What Is Love" and "My Sweetheart", Miss Pearl Robson also gave a group of piano solos.

Late in the afternoon the honoree was given a lovely yellow sunbonnet, and basket and pair of scissors, and requested to go into the flower garden and cut the flowers. She was ushered into the sun parlor which had been converted into a veritable shower.

The walls were completely covered with vines, studded with large yellow flowers, behind which were hidden the many gifts.

After the packages had been opened and the gifts admired, the hostess assisted by Misses Jeannette Laing, Pearl Robson and Margaret Cowan, served delicious refreshments consisting of orange and green brick ice cream and individual cakes, iced in white and topped with a large yellow "W."

Mrs. Dickinson received her guests, wearing an exquisite costume of tan Spanish lace combined with Georgette over Satin. Miss Williams was attracted in Celestial blue. Her hat was also of grey.

Among the guests enjoying this de-

LOCALS

Fine weather even if the thermometer registers around 90.

Mr. and Mrs. Victor Check left today for Coronado Beach where they will spend the week end in surf bathing and fishing.

F. V. Cooper, of Orlando, has arrived here to make Sanford his home and will be in charge of the Sanford-Bulck Company.

Yowell & Co., and Speer & Son had to wire extra orders for silk ribbon for the big Baby Parade at Lake Monroe Labor day. It will be a humdinger.

Some time next month maybe the stores will remain open again every day in the week and the activity of other days will again be noted on the streets on Thursday afternoons.

The display cards are up for the Seminole Athletic Club celebration at Lake Monroe Labor Day. Another announcement will tell you the different stores where you can purchase tickets.

L. E. White left today for points in South Florida after spending several days here at his old home place. He will go on to Washington for the summer and fall but expects to spend much of this time here this winter.

Maurice Kronen has returned from a business trip to New York where he purchased his fall and winter line of goods for his store on Sanford Avenue. He reports some very hot weather while he was in the east.

Yowell & Co., announce today their big Two-Day August Sale for Friday and Saturday at which there will be some special bargains in towels, rag rugs, gingham, silks, underwear, bed spreads, dresses, hose and many other articles. Read the big advertisement in this issue and note the prices.

"It Don't Take Much Money to Shop at Churchwell's" says their advertisement today and then they give you a list of bargains from ten cents to \$2.99 that can't be beat. Churchwell's sell for cash and sell cheaper and they have had this motto ever since they started in business in Sanford. That they have succeeded is evidenced by their ever increasing trade. Read the advertisement.

Mrs. E. W. Lamar of Inverness was in the city today the guest of Mr. and Mrs. Waits. Mrs. Lamar is the wife of Rev. Lamar of Inverness and has been visiting her son in Daytona who is with the Daytona News. Mrs. Lamar was greatly pleased with Sanford.

Hodson Ball, Robert Deane, Bruce Anderson, Johnny Meisch and Hugh Tillis returned last night from a trip to Cuba. They have been gone about a week although they told all their friends here they expected to stay several weeks on the island. It is not known just why they came back to Sanford so soon but all of them seem perfectly satisfied with the old home town and they all report a fine time while they were away.

Frank V. Cooper is in the city to take care of the business of the Sanford-Bulck Company and for the time being will have his office and sales rooms in the Wight storage garage on Magnolia. However, Mr. Cooper announces that in a few weeks work will be started on a new garage building just south of the Wight Garage that will be the home of the Sanford-Bulck Company. Watch for th announcements of the new line of Buick cars, absolutely the best line the Buick people have ever built. The new models are here now and Mr. Cooper is ready to show them to you.

Lightful courtesy were: Miss Mamie Kate Williams, Mrs. A. C. Williams, Mrs. Volle Williams, Mesdames F. R. Savage, James Sharon, Mamie Tular, Loretta Brotherson, Porter Pitts, Leslie Bryan, Billie Hoffman, Craig Harris, F. D. King, Charles Forrester, Lucian Telford, Tom Moore, Schelle Malnes, A. M. Phillips, Robert Glenn, W. C. DeCoursey, David Speer, Charles Anderson, George Huff, W. T. Wheeler, Sanford Doudney, E. E. Brady, Rocky, Stewart Telford, Chas. Marshall, Fred Daiger and Misses Jeannette Laing, Martha Fox, Minnie Stewart, Marcen Echols, Agnes, Burner, Leola King, Sarah Wholesa, Virginia DeCoursey, Ross Gallagher, Maude Jenkins, Ruth Whitte, Essie Whitte, Viola Booth, Clara Millen, Avis Stenstrom, Mamie Steele, Kathleen Brady, Pearl Robson, Margaret Cowan, Adele Rines and Julia Laing.

THE WEATHER

Hair-able Hair-raising Scenes in Lloyd's Sensational Comedy

The location is twelve stories above the street. Clinging to the side of the building, two-thirds of the way up, with a dozen pigeons roosting on his head is Harold Lloyd. The crowd below, amused but frightened, watch breathlessly while the spectacled comedian continues his upward climb, overcoming the most difficult and hilarious obstacles.

This is just one of the impressions your correspondent got after viewing Harold Lloyd's seven-reel Pathecomedie, "Safety Last," at the Milane Theatre yesterday. And what a comedy! Never has an audience shrieked with such uncontrollable laughter. There have been riotous two-reel comedies produced in the past by master comedians, but never before has one been seen in seven reels that moved at such a fast pace.

Coopers in Jail For Conspiracy To Wreck Bank

RALEIGH, Aug. 16.—Lieut. Gov. W. B. Cooper, Thomas E. Cooper, his brother; Horance C. Cooper, his son, and Clyde L. Lassiter, business associate of the family were arrested in Wilmington yesterday on federal warrants charging conspiracy to wreck the defunct Commercial National Bank of Wilmington, N. C. It was learned this morning. The Cooper are being held under bonds of \$10,000 each and Lassiter \$5,000.

Two Men Alleged To Be Members of Unmasked Band

TULSA, Okla., Aug. 16.—Two men alleged to have been members of the unmasked band which abducted and whipped Nathan Hantaman Friday were arrested by National Guardsmen today. The arrests were the first tangible result of martial law invoked by Governor Walton because of the recent outbreaks of mob violence.

TALLAHASSEE, Aug. 16.—Application has been made to the state authorities for a charter for the Dixie State Bank at Cross City, county seat of the new county created by the legislature two years ago. The capital stock is designated as \$20,000. The officers would include M. L. Fleishel, president, and Ollie Williams, cashier.

THE BAPTIST CHURCH

The regular monthly business meeting of the W. M. V. of the First Baptist church met in the church Thursday at 4 p. m. Mrs. Howell, the general president, in charge, in her usual impressive manner told us the object of the meeting was mainly the election of general officers for the ensuing year. The following officers were elected: Mrs. Howell, president. Mrs. DeCoursey, first vice-president. Mrs. Brotherson, 2nd vice-pres. Mrs. Peoples, treasurer. Mrs. Carol, secretary. Mrs. Geo. Huff, acting secretary. Mrs. Wholesa, chairman.

BIG BARBECUE AND PICNIC AT LAKE MONROE LABOR DAY WILL BE GREAT EVENT

The boys at the head of the Seminole Athletic Association announce that the tickets for the big barbecue and Baby Parade at Lake Monroe Labor Day are selling fast and the financial success of the big event is already assured and the many events and the big feed and the Baby Parade will bring a monster crowd from all parts of this section of the state. The affair is being well advertised and the bills are being posted up for many hundreds of miles around. It is fine that Lake Monroe is to be the scene of this great gathering as it will do much toward keeping the money at home instead of going miles away to have amusement on that day. Everyone in Seminole county should assist in every way to help make Labor Day a big day at Lake Monroe.

CEMETERY COMMITTEE WILL HAVE SPECIAL WORK DONE AT THE CEMETERY

The third quarter of the year is approaching its close, and the cemetery committee of the Woman's Club wish to call this fact to the attention of lot owners who have not yet paid their dues. The section, F. R. Mitchell, may be seen at Lakeview cemetery from 3 to 5 o'clock in the afternoons and will be glad to do any special work lot owners may desire. Several of the lots planted in St. Augustine grass should be reset and thoroughly fertilized before fall sets in.

Canal Across State Will Be Built Soon—Governor Gets Ready

TALLAHASSEE, Fla., Aug. 16.—Governor Hardee today appointed E. W. Bailey as third member of state commission for securing the construction of Atlantic-Gulf-Mississippi canal across the state.

Former Representative is Coolidge's Secretary, Resident of Virginia

Slomp Will Be Secretary, Clark His Personal Secretary

WASHINGTON, Aug. 15.—Former Representative C. Bascom Slomp, of Virginia, has been tendered and has accepted the position of secretary to President Coolidge.

Announcement of Mr. Slomp's appointment yesterday at the White House shortly after he had concluded an hour and a half conference with Mr. Coolidge. Mr. Slomp will not be able to close up his personal affairs and take permanent charge of his office until after Labor Day and in the meantime George B. Christian, Jr., secretary to the late President Harding will remain as presidential secretary.

Mr. Slomp was born at Turkey Cove, Lee county, Virginia, in 1870. He was graduated from the Virginia Military Institute in 1891; studied law at the University, taught mathematics at the military institute and later practiced law at Big Stone, Va., his present home.

Mr. Slomp was prominent in Republican politics for a number of years. He was state committeeman from Virginia and since 1905 has been chairman of the Virginia Republican state committee. He was an intimate friend of the late president who offered him a place on the Civil Service Commission, later the post of ambassador to Peru. All offers were declined.

Mr. Slomp's father, Campbell Slomp, was a member of Congress for several terms. Thereafter he was re-elected to the 61st and succeeding congresses including the 67th, retiring voluntarily last March 4th to give his attention to his personal affairs.

Announcement was made later that Mr. Clark would serve as the president's personal secretary.

POLICE ON DUTY WITH SOLDIERS AT TULSA, OKLA.

TULSA, Okla., Aug. 16.—Declaring that the military cannot supersede civil authority while conditions are as they now exist, Mayor H. H. Newhook issued a statement here today asserting that the civil authorities of Tulsa will continue to function as though martial law had never been invoked.

The governor instituted martial law as a result of flogging outbursts. The mayor intimated, however, that since the military rule has not been an extremely limited basis, the city government, including the police, will continue to co-operate with the military authorities.

its physical equipment in a run-down condition, must within the next ten years save up and reinvest in the farm plant from \$8,000,000,000 to \$10,000,000,000.

Colorado is the leading beet raising state, and the yield is approximately 183,000 tons yearly.

After Voters

Mrs. Elliott Cheatham, of Atlanta, Ga., is the youngest regional director of the League of Women Voters. She is touring southern states asking women to exercise their right to vote.

"DOWN TO THE SEA IN SHIPS"

There is no way of comparing the Elmer Clifton production "Down to the Sea in Ships," playing at the Milane Theatre today and tomorrow, as there never has been a picture just like it, and there probably never will be another.

It is without doubt the most amazingly marvelous photodrama that has been filmed in a decade. It is a great picture in every sense of the word. First because it is a most stupendous production and, second, because it deals largely with whales, and the thrills, adventures and romance incident to the pursuit and capture of these monsters of the deep. In its class it stands alone as an unquestionable masterpiece.

There are enough thrills, sensations, humor, pathos, picturesqueness, and withal an appealingly human story combined in this one photoplay to make ten ordinary pictures.

The picture is the result of a desire on the part of some wealthy citizens of New Bedford to perpetuate the old whaling days, of which New Bedford Mass., was the center.

The story is written by John L. E. Pell, a resident of New England, and deals with the love of a Quaker maiden and a young man of the town who is one of the Quaker faith. Her father, a haughty God-fearing whaler, has extracted from her a promise that she will marry no one but a man who has been a whaler and who is a Quaker. For the sake of the great love which the hero bears this beautiful Quaker girl, he determines to ship on a whaling vessel. Just how he finally fulfills his ambition to become a whalerman by harpooning and capturing a 90-ton whale, makes one of the most enthralling and breath-taking pictures that have ever been filmed.

Famous Ace Marries American

Captain Charles Nungesser, French aviator often called the "Ace of Aces," marries Miss Conuelo Hatmaker, of New York, at Dlnald, in Brittany. Here the bridal couple (left) are dancing the old Breton wedding dance.

Weevil Cost to South This Year is \$750,000,000

Tremendous Damage Is Reported by Stock Exchange.

NEW YORK, Aug. 17.—Southern cotton planters have suffered this season a loss, approximately at present cotton prices, \$750,000,000 through the ravages of the boll weevil and drought, President E. E. Bartlett, Jr., of the New York Cotton Exchange declared Thursday in a statement urging more funds to fight the weevil.

Unless the damage done by the weevil is effectively checked within the next few years America's supremacy as the world's cotton grower is seriously threatened, Mr. Bartlett declared.

"Never since the weevil first made its appearance in the cotton belt, about 1892, has such great alarm been felt as exists today among the cotton planters," Mr. Bartlett said. "After years of procrastination the national government, the state governments and the leading cotton associations are at last beginning to realize the dire need for drastic action in every section of the cotton belt to reduce the weevil menace to a minimum."

In view of the huge loss which annually confronts the nation, Mr. Bartlett said the amount devoted to fighting the weevil "seems infinitesimally small."

"It would be a real economy," he declared, "and a great benefit to the nation and world, to devote millions of dollars to exterminating this enemy of the cotton plant."

President Bartlett said the New York Cotton Exchange this year contributed \$100,000 to fight the pest in the state of Georgia, the second largest cotton growing state, and has contracted for 50,000 tons of calcium arsenate, considered the most effective known instrument for combating the weevil, to be delivered over a period of five years. The United States Steel Corporation, through Chairman Gary, has notified the American Cotton Association that it would contribute \$25,000 annually for the next three years to the boll weevil campaign, Mr. Bartlett said.

"The far-reaching blight of the weevil," he said, "touches even the steel corporation. There are eight steel ties on each bale of cotton, and the crop loss this year, due chiefly to the weevil, is estimated at about 6,000,000 bales. This means that cot-

PRINTERS STILL WANT 44 HOURS PER WEEK WORK

(By The Associated Press)

ATLANTA, Ga., Aug. 17.—By unanimous vote the sixty-eighth annual convention of the International Typographical Union last night adopted a resolution "strongly urging the council to resist any attempt to call off the fight for the 44 hour week," and recommended that all strike benefits be continued until members are back at work.

The resolution was adopted after nearly three hours' discussion by the delegates sitting as a committee of the whole, with Delegate Goodwin, of Chicago, presiding, after the convention had this afternoon suspended rules in order to hold a night session and consider the 44 hour question.

The action of the delegates was the first since the convention met last Monday in which factional lines were set aside on any question, and the question taken up at last night's session was characterized by Charles P. Howard, international president as "perhaps the most complete and the most important problem ever to come before the International Typographical Union."

At present, according to records of the organization, there are more than 3,000 members still out on strike for 44 hour week, of which number more than 2,000 are receiving full strike benefit allowances. These records show that approximately \$15,000,000 has been contributed by the various locals throughout the country to the strike fund and that national treasury of the union now has \$1,500,000 more than it had before the strike.

Only about 300 or 400 million dollars stand between John D. Rockefeller and the poor house.

The mining industry in Pennsylvania is now working to full capacity.

ton growers will require 48,000,000 fewer steel ties to bale the crop."

The boll weevil, Mr. Bartlett asserted, is the most dangerous of pests because it so thoroughly fortifies itself against extermination. Unfortunately, he said, there is a great shortage of calcium arsenate, and if other states were to follow the example of Georgia in ordering the product, there would not be enough produced in the world to cover the infected parts of the cotton belt.

Experiments to combat the weevil by using aeroplanes to spread poison gas over infected areas have not yet demonstrated the effectiveness of the method, Mr. Bartlett said, and if eventually, that plan should prove successful, it would require a fleet of hundreds of planes and huge production to put it into operation over the entire cotton area.

Better Rubbers on the Bedspread Than Street Clothes in The Parlor

The mere thought of sitting about the house in street clothes, of bringing the tailor made dress that has swept the dusty streets in contact with the delicacies of her boudoir and drawing room is as repugnant to the average Frenchwoman as putting muddy rubbers on a taffeta bedspread would be to her American sister. She changes immediately to a filmy negligee as soon as she reaches her room.

It is a custom worth imitating. For although tea gowns and negligees are much spoken of in American literature they have, in the past, been worn little in American homes. However, according to the dispatches from Paris, they are to assume an important place in the wardrobes of a well dressed woman from now on.

The mere description of these most delightful garments is enough to make one's mouth water. This one is of sea-foam green Crepe Chenette from the South Manchester looms, trimmed with bands and a medallion of orchid colored lace. The foundation is straight with the Egyptian fullness of pleats at the front. The overdressery is joined to the under-slip only by the V of lace at the neck. It is caught up under lace on each arm, falling to the waist in front, but sweeping almost to the hem in back.

FREE FORD GIVEN AWAY AT HERALD OFFICE SATURDAY AFTERNOON AT 6 O'CLOCK

There will be a record breaking crowd gathered in Sanford Saturday afternoon when the Ford car is given away to the holder of the lucky ticket. This was one of the special inducements made to join the Ford Savings Plan and every subscriber is given a ticket with each five dollars put in the Ford Savings Account. You can get your tickets by joining the plan if you have not already done this and if you are in arrears your payments before Saturday at noon will get you the tickets on the Free Ford Car. The car will be drawn by a blindfolded youngster in front of the Sanford Herald office promptly at six o'clock Saturday afternoon.

Every holder of tickets on the free car are requested to be on hand when the big drawing takes place for some lucky person will draw a Ford car absolutely free.

COMING CONVENTION OF KIWANIS CLUBS MEET AT HUNTSVILLE

HUNTSVILLE, Ala., Aug. 17.—Interest in the coming convention of Florida and Alabama Kiwanis clubs to meet here August 21 and 22 is growing rapidly. Practically every Kiwanis club in the two states is expected to be represented at the convention, and arrangements of business and entertainment features are being made, it is said by officials of the Huntsville club. Chicken dinners, dances and other entertainment features are announced.

RILEY TAKES VACATION TO ADVANCE HIS STUDIES

TALLAHASSEE, Aug. 17.—Prof. B. C. Riley, head of the general extension department of the University of Florida has been granted a leave of absence of six months without pay by the board of control. He will devote himself during that period to advanced studies. Professor L. S. Barber, of the State College for Women, was granted a similar leave, and will also devote himself to advanced studies.

Only about 300 or 400 million dollars stand between John D. Rockefeller and the poor house.

The mining industry in Pennsylvania is now working to full capacity.

MRS. HARDING SPENDS HER LAST NIGHT AT THE WHITE HOUSE

WASHINGTON, Aug. 17.—Mrs. Florence Kling Harding slept Thursday night for the last time under the roof of the White House.

On Friday, having virtually completed the task of packing up her personal belongings and those of the late president, she will leave the executive mansion, where for two years and a half she has presided.

Mrs. Harding has finished such packing as she must personally supervise, and the remainder will be left to the White House servants.

Farm laborers have been striking in the Norfolk district of England.

Forty-seven Idaho rattlesnakes are being shipped to Holland for scientific purposes.

MRS. DE BOUCHELLE IS IN RENO, SHE SAYS, FOR FEW WEEKS' REST

RENO, Nev., Aug. 17.—Mrs. Onezima de Bouchelle of New Orleans, whose \$500,000 breach of promise suit against Asa Candler, Atlanta millionaire, startled Southern social circles recently, has returned to Reno. She left here last spring, where she had lived for two years, departing for Atlanta as she at the time announced, to marry Asa Candler. On June 21 Candler married Mrs. Marie Ragin, an Atlanta stenographer, and shortly afterwards Mrs. de Bouchelle filed suit against him. She declined to speak of this suit, and said she was in Reno only for a few weeks' rest.

A new image of Buddha, composed of human bones, is now to be dedicated in Japan.

New York Paper Paid Large Sum For Inside Story

About The New York Bucket Shop.

NEW YORK, Aug. 16.—A New York newspaper paid Edward M. Fuller and W. Frank McGee \$50,000 for the "inside story" of the \$6,000,000 failure of the bucketing stock brokerage firm of E. M. Fuller and Company in which 4,000 customers lost their investments, it was alleged today by Eugene F. McGee, formerly counsel for the brokers.

The lawyer, who was indicted yesterday with his partner, William J. Fallon, for conspiracy to destroy records of the bankrupt business and to conceal assets in defrauding creditors, made the assertion after his appearance before the court to post \$5,000 bail.

The \$50,000 was promised Fuller and W. Frank McGee while they were in jail, he declared, adding that a newspaperman visited them there and obtained the confession. It was on this occasion that United States Attorney Hayward called a general ses-

sion to indict several well-known men who hitherto have escaped facing charges in connection with the bankruptcy.

"The brokers needed the money," said McGee.

He denied that any considerable assets of the bankrupts were missing or that \$1,000,000 had been reported.

An order directing Fallon and McGee, and the Fuller attorneys to show cause why they should not be held in contempt of court for failure to turn over Fuller and Company papers said to have been in their possession was signed late yesterday by Judge Goddard, it was learned from a reliable source.

Judge Goddard declined to discuss the matter.

The order was made returnable on Tuesday, August 21, before Judge Bondy.

BILLIONS OF NEW CAPITAL WILL BE NEEDED FOR FARMS

WASHINGTON, Aug. 13.—American agriculture, which has been turning out a capacity product with

\$10,000,000,000 of new capital, according to economists of the department of agriculture, who say this is conservative estimate.

"For three years farmers have patiently patched, mended, repaired and used makeshifts" an official report says. "Some time in the coming decade the farm must have about the same replenishment and renewal of productive plant that the railroads are now going through. Before 1938, three-fourths of the farm buildings will require new roofs and new paint. Probably a half-million new houses, barns and auxiliary buildings will have to be built. Half the present mileage of fencing will have to be replaced and much new fence put up. Millions of new tile must be laid.

K. K. K. GIVES FORT MYERS PASTOR \$50

FORT MYERS, Aug. 15.—Four men in Ku Klux Klan regalia Sunday evening drove up to the East Fort Myers Baptist church while Rev. B. C. Collins was preaching from the text, "Where Art Thou?" and as a lane was made for them by the Key West boy Scouts who are in camp here, solemnly marched up the aisle with arms folded, the leader carrying a bible from the edges of which protruded a letter to the pastor. In opening the book to remove the letter he discovered a \$50 bill pinned to the leaves. After presenting the bible the four knights turned and left the church got into a touring car bearing an Alabama license tag and drove away.

Mr. Collins had one of his deacons, S. W. Richardson, read the letter to the congregation. The letter contained a statement of what the Ku Klux Klan stands for, good wishes and encouragement to Rev. Collins, who will preach his last sermon on Sunday August 26th, to this congregation after three years' faithful and earnest service as its pastor. He is entering Stetson University.

His successor has not been selected as yet. The First Baptist church of Fort Myers dismissed their congregation Sunday night that they could attend Rev. Collins' meeting.

The letter handed the minister was signed: "Yours with best wishes, Palm Klan No. 19, Knights of the Ku Klux Klan, Realm of Florida, by Rabbit Tampa Tribune."

The Pacific Northwest furnishes the bulk of the shingles for the world.

The Department of Agriculture reports a continual decreasing of the farm population.

LONGWOOD

F. J. Neimyer motored over to Coronado Beach Wednesday to bring Mrs. Neimyer home.

Those motoring to Coronado Beach for the day to attend the Woman's Federation were Mrs. George Stuart, and little George, Mrs. C. B. Seary, Mrs. Hite and Mrs. Walker. They all report a good attendance and a good time.

Clarice Lewis, the oldest daughter of Mr. and Mrs. George Lewis died Wednesday, August 8th after an illness of several weeks.

Miss Olive Dinkel motored to Jacksonville Saturday with Mr. and Mrs. Guy Wood, of Jacksonville, and will be the guest of her sister and brother-in-law, Mr. and Mrs. J. H. R. Chapman.

Miss Bunker spent Wednesday at Coronado Beach.

George Stuart returned Thursday from Verona, Pa., where he has been for the last two months.

Friends of C. W. Entzinger will be glad to hear that he is enjoying his vacation and improving in health. Longwood can boast of pure water. Capt. Washington having sent water out of his well to be analyzed and it was reported so pure it didn't need to be analyzed. What more could you ask?

Mr. Rineau has sold out his interest in the Overstreet Crate Co. to Overstreet & Co.

J. E. Hippius left Wednesday for Asheville, N. C., for a few weeks vacation.

Mrs. George LaVigne is in the Orange General Hospital for medical treatment.

Mrs. Braswell, et., had the misfortune to fall and broke several ribs. Dr. Hotard, of Winter Park, was summoned.

Mr. and Mrs. Harry Phipps, of Tampa, arrived Wednesday and will spend a few weeks at his brother's place on Crank Hill.

Palm Springs has been enclosed and a small admittance fee of ten cents will be charged and a plunge in the springs is well worth that this hot weather.

POULTRY EXHIBIT TO ADVERTISE ORANGE CO.

ORLANDO, Aug. 14.—Florida and especially Orange county will receive some of the best publicity it has had during the next few months.

Monday morning, Aug. 13, F. J. Gormican, left Apopka with a solid carload of fancy exhibition poultry stock which he will show in fairs throughout the north from now until March. Mr. Gormican and his stock which consists of 900 exhibition birds left here via the A. C. L. Railroad for Richmond, Va., at which point his car is switched over to the B. & O. Railroad. The first show in which he will exhibit is at Rockville, Md., Aug. 21-24, from there he goes to Marion Va.; Bluefield, W. Va.; Roanoke, Va.; Clarksburg, W. Va.; the Virginia State Fair at Richmond, North Carolina State Fair at Raleigh, South Carolina State Fair, Columbia, Southeastern Fair, Atlanta, Ga., and the Florida State Fair in Jacksonville in November. After the Jacksonville Fair Mr. Gormican will start another swing around the circle. Mr. Gormican has been made manager of the Poultry Department of the Tampa Fair.

Mr. Gormican has 120 varieties of land and water fowl on his place near Apopka and some of the finest stock raised in the south, including chick-

ens, ducks, geese, guinea and pea fowl, turkeys, pigeons, bantams, game fowl, etc.

Every coop he will exhibit in all these fairs will bear a card with the words, F. J. Gormican, Breeder and fancier, Apopka, Orange County, Florida, Florida's Ideal Poultry Country."

Mr. Gormican is the first man located in Orange County through the activity of the newly organized Orange County Chamber of Commerce. He bought his land and located in this county as a result of a lead given the County Chambers of Commerce in Central Florida by the Industrial Department of the Atlantic Coast Line Railroad. He visited Orange county among others, found exactly the location he wanted and moved his family and poultry farm here from Roanoke, Va.

This is typical of the splendid service rendered by this live organization. Mr. Gormican is developing one of the most beautiful properties in central Florida on the Apopka road and bordering one of the 1500 beautiful lakes in this county.

Miss Minnie Floyd, former state poultry expert for Florida, has also recently located in Orange county.

Bad eggs are not the result of accident, they are examples of neglect, poor management and shiftness. It is just as easy to produce and market good quality eggs. American farmers lose approximately \$50,000,000 a year from bad methods of producing and handling eggs. One third of this loss is preventative, because it is due to partial hatching of fertile eggs which have allowed to become warm enough to begin to incubate. The rooster makes the egg fertile while the fertilized egg produces the blood ring which is the partial development of the chick. The rooster does not increase egg production, he merely fertilizes the germ of the egg, and hence he should be allowed to run with the flock only during the hatching season. After the hatching season is over the male birds should be confined, killed or sold.

FLORIDA FACTS

Thirty-seven percent of Florida's population is urban, while the percentage of urban white population is 66.

A church census of Florida shows 31 per cent of the white population belong to the Southern Baptist denomination, 27.8 to the Southern Methodist, and 18 per cent to the Roman Catholic church. These denominations lead all others by wide margins.

FLORIDA HOME FOR UNION PRINTERS

ATLANTA, Ga., Aug. 17.—The executive council of the International Typographical Union was "empowered" by the organization's convention last night to investigate the offer of the Palm Beach local of a tract of fifty acres in the Florida city for the building of a home for aged printers.

Secretary Hayes pointed out that no inquiry had been made into the feasibility of a home in Florida.

The first negro was brought to this country in 1619.

The hay and harvest machinery will have to be replaced almost entirely; tillage machinery in large part; wagons, harness, etc., in part. Millions of new automobiles, tractors and trucks must be bought. Millions of tons of new piping, wiring, barn equipment and small tools; millions of new gas engines and stationary power appliances; millions of feet of lumber and tons of cement must all be bought, lime must be poured into the soil of the East and South to restore pre-war fertility. The country's work horses are old and before 1933 almost a new crop must be raised.

"The men who control great capital resources must realize agriculture's real and unusual need for new capital; and they must realize that farming in this country is still a basic industry—an industry with a future that will pay ample returns on every dollar wisely invested. One of the rural community's very serious problems during the next five or ten years will be debt."

FEDERAL AGENTS ARE ASSIGNED TO GUARD MRS. WALLACE REID

CHICAGO, Aug. 17.—Two federal narcotic agents were assigned to guard Mrs. Wallace Reid, widow of the movie star, after she had complained to authorities Wednesday that she had been warned twice by telephone here to stop her campaign against drugs.

Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

An article in this issue says that Henry Ford predicted another world war in 1922. Well, Henry is not the first prophet that was mistaken.

Another cloudburst reported from Colorado today with no loss of life but homes and business houses flooded. It seems that high waters are the rule all over the country this summer.

That was some bootlegger's league that was captured in Savannah. However, unless they have the real evidence there will be nothing done and it is difficult to get real evidence that will go in the courts.

How we love to throw this army and navy stuff into the waste basket. There was a time in your young life when we could not indulge in this pleasure, but the war is over—all wars are over—as far as we are concerned.

Every boy and girl should be taught to swim. You see articles in daily papers about people being drowned because they had never learned to swim when they were young. Plenty of water in Florida for swimming purposes.

The coat of arms of the Russian Soviet government will be shortened says dispatches from Russia. We would suggest red flannel underwear on a field of snow with the starving people in the background as a suitable emblem.

We should get busy on that lake front this summer and have the boat basin and city pier finished as soon as possible. It is one of the best inducements for tourists to bring their yachts here and remain all winter.

Now is the time for Sanford merchants to bring the folks here to do their trading. Offer special inducements for August. It is hot, it is vacation time, it is more or less a dull time—but dull times are the times to stimulate business. Advertise and bring them here.

When that bulkheading of Lake Monroe is finished from Sanford to the town of Monroe and the State Highway brought along the lake shore it will be one of the most beautiful drives in the state of Florida and will bring new people here to live as nothing will do. Get busy on this great work and put it over as soon as possible.

Governor Hardee has about decided to locate the electric chair at Jacksonville instead of Raiford as Jacksonville is easily accessible from all parts of the state and has cheaper electricity. We suppose this gives Jacksonville a prior claim on the capital when the time comes for the regular removal.

Looks like the movie girls have come to life again after a very dead season. The papers for the last few days have contained articles about the heart throbs of Mary Miles Minter, the brother of Anita Stewart was slugged by a director at the direction of the family and other movie stars had more or less stuff to do. The best way to kill them is to let them lie.

Times Have Changed—How times have changed since the days of our grandparents! The people residing along the Sanford and Trilby branch of the Atlantic Coast Line are petitioning the Florida Railroad Commission to authorize the Coast Line to operate passenger trains over this branch line on Sundays.—Lakeland Star-Telegram.

BUSINESS HAS A FRIEND AT WASHINGTON

COOLIDGE A GREAT ECONOMIST

WELLESLEY HILLS, Mass., Aug. 17.—Knowing that Mr. Babson is a neighbor of President Coolidge, he has been continually asked during the past two weeks to make a statement as to the probable attitude of the new president toward business. Mr. Babson has, however, refused to do so until today, believing that it was no time to talk business, and furthermore that President Coolidge should be permitted to make his own announcements. Now that the president has done so Mr. Babson has answered the question put to him.

"President Coolidge will be found to be a true friend to the agricultural, industrial, and commercial interests of the United States," he says, "he is the first president to ever have had a thorough economic training. While at Amherst College he majored in his time to economic research. Those who have heard him speak or have read his books recognize the thorough ground work which he has along economic lines. The country is very fortunate to have a president who possesses this background. Other presidents may have possessed certain qualities which President Coolidge lacks, but none have equalled him in judgment and ability to handle the great economic agricultural, industrial, and commercial problems today facing our country.

"Manufacturers may feel very safe with President Coolidge, owing to his training and environment. William M. Butler, whose name has been so constantly in the papers the past two weeks, is the head of the great group of Butler Cotton Mills, in New England. These mills are located in New Bedford, North Adams and elsewhere and employ about 5,000 operatives. Mr. Butler is also president of the Boston and Worcester Street Railway, a high-speed, double track, electric line operating between Boston and Worcester, which is the most successful interurban line in New England. Mr. Butler combines a legal training with a practical business experience and from him President Coolidge has absorbed a tremendous amount of industrial experience. President Coolidge's closest personal friend is Mr. Frank Stearns, the head of the R. H. Stearns and Company, one of the largest department stores of New England. Mr. Stearns is a merchant who not only thoroughly understands the commercial world, but purchases a good deal from Europe. Most of our presidents have been trained in legal or political life without being thrown into contact much with practical business men. President Coolidge has continually been in an industrial, commercial and agricultural environment.

dition of the western farmer. Our conversation covered a broad field but he continually came back to the problem of the farmer and said, 'We must do something for the western farmer. What is the sanest and best thing we can do?'

"No one better realizes than he that agriculture is the basis of American prosperity and that with thirty-three million people dependent upon agriculture for their income we must have prosperity in the west before we can have it in the east.

"The home life of the new president was illustrated by the news item which appeared in the papers on the evening of Friday, August 3rd. The Associated Press dispatch read: 'Mr. Coolidge came down stairs in his slippers, entered his father's sitting room, lit the lamp, and read the telegram telling him that he was president of the United States.' These simple words, 'slippers', 'sitting room', 'lit the lamp', tell the whole story. Business has nothing to fear from the man with that environment and with such friends. Moreover, best of all, he is grounded on those fundamentals of religion which put the church and the home before even agriculture, labor, commerce, or anything else.

"This means that the agricultural and business interests may feel safe regarding the White House. Regardless of what selfish politicians may attempt to do in congress, there will be a sane man at the wheel. Uneconomic or unjust legislation will only be passed by riding over President Coolidge's veto. He plans to help the farmer; but will not permit the Esch-Cummings transportation act to be repealed or crippled. He will do something for the veterans, but will not permit the passage of a bonus bill which will be harmful to the nation as a whole. He will stand for strengthening the federal reserve board, the railroad labor board, the federal tariff commission, and other bodies working along sound economic lines, but may be expected to frown upon an unnecessary coal shortage or an attempt by organized labor to hold up the country or upon any legislation which endeavors to make water run up hill.

"For these reasons there has been a greater confidence among American business men the past week than current figures indicate. Altho the Babsonchart is 9 per cent below normal, this decline is largely due to conditions in Europe and to fears of foreign bankers and foreign business men, who do not know President Coolidge. Furthermore, while we have been busy thinking during the past three weeks only of our presidents, great events have been taking place in Europe. The newspapers have been unable to give this European news much space. I refer to the increase in the German Bank note to 30 per cent and certain other radical changes. These changes have caused the Babsonchart to decline and have influenced our domestic stock and commodity markets. When, however, these Europeans understand President Coolidge, they

should resume the buying of commodities and securities with a faith equal to that being shown by the financial and business interests of our own country."

The physicians have advised us to take an ocean trip and we are thinking of going over to Germany and see Grover Cleveland Bergdoll and find out if he would not like to come to Florida this winter. We have a place where we think he would receive a very warm reception if he could be induced to give up his residence in Germany and come to America.

RAILROADS RUNNING AGAIN.

Well, we guess the railroad between here and Sanford is running again. We received six of Bob Holly's Heralds this morning. Thanks, Bob. We count that day lost whose low, descending sun, sinks when we have nary Herald seen.—Ocala Star.

Dern if old Bon ain't a poeck.

REAL PUBLICITY.

We were greatly pleased at the wonderful Florida letter published in the Herald yesterday and written by E. T. Woodruff of this place to his old home paper in Michigan. Mr. Woodruff wrote a letter that will appeal to the folks up there as nothing else would do and it will bring results! He has nothing to sell them and is not interested in bringing them down here except that he is a Sanford booster, he knows the possibilities of Sanford and the entire state of Florida and he wants his old friends in Michigan to come down here and enjoy Florida as he has enjoyed 16 years residence here. If more transplanted Floridians would write such letters home the state of Florida would be a state of ten millions in a few years.

SAY IT WITH TAXES.

The City Commissioners of Orlando have approved the new budget of twenty-one mills. The three extra mills take care of the new library building and publicity. This sounds home-like to the Sanford folk and brings to mind the fact that our problems are the problems of every other progressive city and the best way to build a city is to build it by taxation. We need publicity and the only way to have publicity is to have it by taxation that falls on all alike. We wanted a library and we bonded for it and let everyone stand their share and we now have one of the most beautiful library buildings in the state. We talked about it for years and struggled along trying to get it by public subscriptions but it would not have been built in twenty years had not the City Commissioners taken the matter in hand and put the matter into the last bond issue and the thing was done. This is the way to build cities and don't forget it when you come to other bond issues. And if you don't want a live city move out into one that is dead where they have no advertising, no improvements, no bond issues, no taxes.

More than 10,000 tons of talcum powder were used by American women last year. No "dust" necessary to come to Seminole County Bank.

PEOPLES BANK OF SANFORD

SANFORD, FLORIDA

An exclusive banking institution under the direct management of the following Board of Directors: J. R. Anthony, E. H. Hawkins, Dr. S. Puleston, W. E. Scoggan, W. H. Tunncliffe, and C. F. Williams

Advertisement for the 1924 Studebaker Light-Six Sedan, featuring a large illustration of the car and detailed text about its features and pricing.

THE 1924 STUDEBAKER LIGHT-SIX SEDAN \$1550 The Closed Car You Buy Now You'll Use Next Winter

Any owner who has felt winter's winds whistling through the ill-fitting doors and flimsy panels of a makeshift closed car knows there is no substitute for quality. The 1924 Model Studebaker Light-Six Sedan you buy now will not only serve you admirably this summer and next winter, but will endure for years. It is sturdily built for long, hard service, to ride comfortably, to look well and to operate at a moderate expense. And when you are ready to trade it in on a new car the depreciation will be reasonable. Studebaker used car values are high because of Studebaker's inherent merit. And there is always a market for used Studebakers. The substantial hard wood and steel body with its broad windows and four wide doors, its rich mohair velvet plush upholstery, and many refinements, is a model of Studebaker craftsmanship. Construction of the chassis is an achievement in the use of precision methods in large scale manufacture. Proof of this lies in the machining of all surfaces of the crankshaft and connecting rods, to which is largely due its virtual freedom from vibration. This is an exclusive Studebaker practice on cars at this price. The smooth-running Light-Six motor has made friends everywhere for its durability, power and flexibility just as it has for its economy and reliability. The Light-Six Sedan is low priced because it is built complete by Studebaker in large volume, but there isn't a cheap thing about it. It is above par in every particular. Studebaker's reputation for producing high class transportation for 71 years is worth considering when you buy a car.

Four wide-opening doors. Eight-day clock. Quick-action top ventilator. Attractive coach lamps. Heater. Mohair velvet plush upholstery. Glassproof, victrol and windshield cleaner. Dome light. Three-speed transmission lock.

Table with 3 columns: Model, Price, and Features. Includes models like Light-Six, Special-Six, and Big-Six with their respective prices and specifications.

Sanford High School to start football practice Thursday, Sept. 13. Coach Wilkinson is "rarin'" to go, too. He was whittling on a good paddle several days ago which spells something besides bumps for the new candidates—old members of the team too.

On Friday evening, Aug. 31, in Coach Wilkinson's office there will be a meeting of all the men who intend making the team the coming season. Every wide awake high school fellow is urged to be there and give himself toward making S. H. S.'s state champions for 1923.

The bulkhead field (the same as used last year) has been leased again for this year. Eight games have already been scheduled for the season with only two more open dates which will soon be filled.

Jimmy Camp, one of the Bradentown star hurlers held the usually heavy hitting Orlando Bulldogs to seven hits yesterday, none of which were for extra bases. Though forming creditably before for the Growers this was one of Camp's best days on the mound.

The Bulldogs went to Bradentown yesterday determined to take the Growers into camp. But it seems as if a Camp took them in!

There's only one thing that both Philadelphia teams are sure of and that is that they won't have to adorn the cellar position as long as the two Boston teams are in the major leagues. The Phillies and Athletics may lose successively—but the Braves and Red Sox follow suit.

Rube Benton, who had such a hard time getting to play this year with the Cincinnati Reds didn't have such a hard time getting driven from the Giants who cracked out eleven hits off him before he was yanked out in the fifth.

Very noticeable that the end of the season is approaching by the listless way in which the Saints lost a game to the Daytona Islanders yesterday. Don't blame them much. If we had such a little chance as they have to

win the Florida State League pennant, we'd do the same.

Jacksonville is a lucky burg! They have a swell boxing card on tonight when at the Y. M. C. A. the Florida National Guard will offer their second weekly boxing match which will be between Joe Paglina and Lew Silver. If some one will lend us an airplane we'll journey up there tonight after the daily grind is over and witness the event.

Babe Ruth went hitless yesterday—but you see he didn't have but two square chances to hit the apple. He marched bravely to the plat four times but was socked in the ribs once and given a walk.

### PRINCESS NEWS

Did you see Charlie last night?

If not better see him tonight as it is your last chance.

Charlie Chaplin again tonight in "Easy Street."

This is one of the best pictures Charlie ever made, and that's saying a lot.

And then again tonight Rubye De Remer in "Luxury."

Walter Miller has leading part in this new picture.

This is a great picture and worth the price of admission alone, not saying anything about the extra attractions.

It is a picture out of the ordinary and keeps you guessing until the last scene.

The program starts at 7:30 every night except Saturday and on that night at 7:00. Matinee every day at 3 o'clock.

And the price for this big double bill is only 10 and 20 cents.

Tonight everyone in Sanford with their last name beginning with "H" will be admitted free of charge. Be sure and watch for your turn, it's comin'.

Tomorrow—William S. Hart, the star that you never grow tired of seeing in "The Three Word Brand." Also International News, one day new.

### MILANE NEWS

The best of all tonight and tomorrow night!

"Down to Sea in Ships" an Elmer Clifton production.

A thrilling tale in which a young couple overcome apparently insurmountable obstacles for the sake of a great love.

A revival of the stern code of the sea in a tale replete with thrills, romance and adventure.

A breath-taking picturization of the most hazardous pursuit in the world.

A picturization of the whaling days of a century ago.

It took eighteen months to produce this stupendous film drama more than two months which were spent cruising in the Caribbean sea, in pursuit of whales and utilizing more than 150 reels of film.

The oldest whaling vessel afloat the "Charles W. Morgan" was used in the film of the picture, manned by a crew of twenty-one men and two mates all of whom were expert whalers under the command of Captain Tilton, a whaler of forty years experience and veteran of many a hair raising battle with the leviathans of the deep.

On the cruise of the Caribbean sea eleven huge whales were attacked in which the lives of the crew and actors were in constant jeopardy.

Three whale boats were smashed to bits by maddened whales during the filming of the picture endangering the lives of the crew not only by the attack of the huge mammals but by the man eating sharks which infested the waters.

Special matinee Saturday afternoon.

Monday night, "Broken Chains," and Harold Lloyd in "Captain Kid's

Kids." An added attraction Monday night will be Fox News all of which is devoted to the life of our new president, Calvin C. Coolidge.

### WALTER MILLER HAS LEADING ROLE IN NEW PICTURE

When Rubye De Remer, celebrated American beauty comes to the Prin-

cess Theatre again tonight she will again be supported by Walter Miller playing the leading role opposite her.

Mr. Miller is a sterling actor whose characterizations are known the world over and who has a host of followers among the photoplay fans. He will be remembered for his excellent work in Miss De Remer's previous picture, "The Way Women Love."

UPSALLA AND GRAPEVILLE

Rev. J. S. Clark will be with us for the Sunday school at 2:30 and preaching at 3:30 next Sunday.

Rev. C. F. Wahlberg was a guest for the week end at the home of Mr. and Mrs. Alfred Ericson, holding two services at the Lutheran church and coming out with them also to the school.

Miss Carrie Cramer spent the last of the week and Monday at the home of her brother, Charles and wife, going with them to the tent meetings in Sanford.

Mr. and Mrs. George Whitehead and two children, of Sanford, were guests at the home of Mr. and Mrs. Henderson on Sunday.

Born on August 14, 1923, at Palatka, a fine baby girl to Mr. and Mrs. Andrew Bertleson, Mrs. Bertleson and daughter, Clair, have been visiting at the home of her parents, Mr. and Mrs. Reid since the first of last week.

Mrs. Carl Carlson and Mrs. Ballinger were callers on Sunday to see Mrs. John Borrell, finding her able to be up but very weak.

Mr. and Mrs. August Swanson, Mrs. Alma Neese and two children went with Archie Swanson over to Coronado Beach to spend the day on Sunday with Mr. and Mrs. E. F. Lundquist and family.

Mrs. Westerdick also spent the day there, visiting with her daughter, Mrs. Parnoy Peck and their three children who have been there for some time.

Lumber is going out this week for a new bungalow which we hear Walter Pierson is to have erected in their orange grove, G. Hirschi having the contract.

The Misses Eunice and Florence Tyner, their brother, Elmer and friend, George Deltz, of New Jersey spent a very pleasant day on Sunday at Palm Springs.

Albin Swanson arranged the window display for the opening of the new Woolworth store in Sanford. This is work in which he has had a good deal of experience in, as he has worked for this store for a number of years in the west and has had charge of others.

Rev. Albertson and wife were dinner guests at the Ballinger home on Monday on the way home from Farmington where they held services on Sunday. During the meeting it rained so hard for three quarters of an hour so they could not be heard and had to wait for the storm to pass.

While here they also called in to see Mrs. Albin Swanson and Mrs. Borrell.

Miss Charlotte Smith spent the evening Wednesday at the home of Mr. and Mrs. Davidson at Twin Lakes.

A number of the girls in Mrs. Borrell's and Mrs. Ballinger's class spent Wednesday with her brightening things up at the church, having their lunch there under the trees.

Large sums are being donated by philanthropists for experimentation looking toward a cure for cancer.

Although the distance from ocean to ocean is but 40 miles the Panama Canal is over 60 miles long.

Wooden houses have been found to be safest in earthquakes.

THE PERILS OF POOR HEALTH

A Forerunner of a General Breakdown That May Put You Out of the Running for Life.

Quickest Way to Get Well is Through New Treatment Containing Seventeen Ingredients That Renew Every Part of the Body.

If you feel sickly and good-for-nothing, have a sort of dizziness, dull headache, back pains, rheumatism, and are subject to indigestion or constipation, have no appetite and can't sleep, watch out! There is grave danger ahead.

Any remedy that will give temporary relief to pain and dope you up for a time simply postpones the final spell and makes it worse when it comes. This is why a complete systematic treatment is necessary to regain good health.

This complete treatment is found only in a prescription known as Re-Cu-Ma, which contains seventeen well known and thoroughly tested medicines, so skillfully compounded that each one performs its function on the various parts of the body perfectly and harmoniously.

This remarkable prescription thoroughly cleanses the colon of its accumulation of poisonous refuse, discharging it through the proper channel instead of allowing it to course through your veins and empty into your body. The colon, according to Prof. Metchnikoff of the Pasteur Institute, Paris, is the direct cause of all our aches and pains.

In addition, Re-Cu-Ma starts the liver to work pleasantly and naturally without gripping or purging, purifies and strengthens the blood, thus building firm, healthy, rosy flesh that is free from pimples and other blemishes, relieves rheumatic and back pains, gives you a digestion that enables you to eat anything you like without fear of bad after-effects and you sleep like a log.

In a word, Re-Cu-Ma is a scientific prescription that revives, renews and regenerates your entire system so that you feel constantly full of pep and ambition.

Re-Cu-Ma is sold and recommended by the Union Pharmacy and other good drug stores, and if you don't feel a decided change in your condition, after taking according to directions, you get your money back.—Adv. 7-18-23

The Herald delivered six times a week for 1bc.

NOTICE OF INTENTION TO APPLY FOR PARDON

Notice is hereby given that Frank Hilliard, will apply to the Board of Pardons, in and for the State of Florida, at its next session to be held in Tallahassee, Florida, September 11th, 1923, for a pardon from the judgment and sentence of the Circuit Court fall term of Circuit Court in and for Seminole County, Florida, to a term of five years in the State Prison, from January 14th, 1922, having been convicted of the offense of assault to murder in the first degree on Isaac Frazier, January term of said court.

In 1800 California's Indian population was estimated at 260,000—today it is about 15,000.  
Shoe polishers now use electric polishing machines.  
Vast deposits of radium have been found on the River Congo in Africa.  
"I had a long spell of Typhoid Fever which played havoc with my kidneys and I suffered a good deal with my back, lower abdomen and bladder. I went on in this condition until I used Foley Kidney Pills. I have never been bothered with my kidneys since," writes Mrs. W. T. Clary, White Plains, Va. For quick relief from backache, dull headache, rheumatic pains and kidney and bladder trouble use Foley Kidney Pills. Sold everywhere.—Adv.
