Take Time To Listen

By RAY LEROY D. SOPER
Holy Cross Episcopal Church

Most everyone is familiar with the story of Mary and Martha told by St. Luke in his Gospel. It says simply that when Jesus visited Jesus' home for dinner, her sister Mary spent all her time listening to Jesus instead of helping Martha with the meal. Martha got out by this, went to Jesus and asked Him to tell Mary to get to work helping. Instead, Jesus told Martha that Mary had "chosen the good part."

However, there is a good lesson that we can learn from the late 20th century could draw from this simple little story. All too often we find ourselves running, running, running. There seems to be so much to do and so little time in which it is to be done. If we find a moment of quiet or a leisure we hardly know what to do with it and we are immediately busy again.

We are inclined to get ourselves so scheduled and busy that we have no time to think. We even communicate this to the children by setting up so many things for them to do that one hardly ever sees a pickup game of baseball playing in an empty lot or a game of hide and seek in the neighborhood.

All the great religions tell their adherents that there must be a time to come apart from the world and meditate. All people need, to maintain their sanity, a time when they can just sit down and sort of put their minds into neutral for a while. Perhaps, too, the Mary and Martha story tells us something else—that there are times when we ought to quit worrying about things and just plain listen. That is what Mary was doing. She was listening to Jesus as He spoke—and surely those were words worth listening for a while to listen to.

Probably we all need to be a little bit of Mary and a little bit of Martha. If it were not for the Marthas of the world not a whole lot would get done. We would all be sitting around listening. If it were not for the Marys of the world not a whole lot of listening would be done—and think of what we would miss then.

Listening is mighty important, because communication is no one way street. Our friends can tell us something, but if we have been so busy we don't hear it. Their words of advice or warning would go unheeded. Our teachers could talk themselves blue in the face, but no learning would take place. Perhaps one good reason for the so-called "generation gap" is that parents are so busy doing things that they never hear their children when they speak to them.

The Bible suggests that we take ourselves apart from the world every so often and meditate. We should open ourselves up so we can hear the still small voice of God when He speaks to us. All Christians can profit from a period of time each day set aside just to read the Bible and ponder the lessons contained in that most marvelous word of God. We all need to set aside some time to review the day, ponder our sins, wonder over the marvelous things which have happened to us, and to give thanks to God for our existence. The joke, "Don't just do something. Stand there!" has an element of reality in it. There are times when standing there instead of doing something is the sensible thing.

Mary chose "the best part" as she sat at the feet of Jesus. Martha, on the other hand, was the one who made sure the Lord got his meal. We, as we live our daily lives need to be sure that we listen to the Lord. But we also need to make sure that others get a chance to hear Him, too. We need to listen. We also need to act.

Priest Cheers Others ... From Hospital Bed

By JOHN LUNDQUIST
Associated Press Writer
MINNEAPOLIS, Minn. (AP) — Father Paschal Kelly makes a round of visits with patients, spreads cheer in the hospital lobby and occasionally says Mass in the chapel.

It's no more than you'd expect of any hospital chaplain. But Father Kelly spends most of his time, flat on his back, helpless except for a little finger movement, turning his head and quietly talking with friends.

In the 67-year-old Roman Catholic priest, it's the spirit that blooms. Although a victim of multiple sclerosis more than 20 years ago, he counts his blessings.

"People have been so kind to me," he tells a visitor. "I'm so grateful for all the things that come my way."

Father Kelly regards himself as a self-appointed special chaplain at St. Mary's Hospital, where he has been confined nearly 15 years. And you can tell there's something unusual about Room 1016 at St. Mary's before you enter.

Planted in the hall at an angle just outside the room is a 26-by-12-inch mirror propped on a six-foot wooden stand anchored by a cement block. Except for the mirror, it's all painted hospital white.

The reflection shows an image into a mirror propped on a chest near the foot of the priest's bed. This is aimed at another mirror suspended from the headboard, so Father Kelly can see what's going on in the hall.

He has other props. A second mirror on the chest angles out the window. He can watch charging barges or other traffic on the winding Mississippi River. To his right, a curved mantelpiece and a small hearing aid. These enable him to converse on the phone when he presses his head slightly to the left, activating a special switch.

Another switch, mounted on a board just to the right of his head, flicks the color television set from one station to another. Father Kelly enjoys all the amenities, most of which were rigged up by hospital electronics specialist Ed Lanoue.

Youth March Planned

By KATHY NIBLACK
CASSELLBERRY—Ours is an age when marches of some kind are an everyday occurrence. It's not everyday, however, that you hear of a march for a Christian purpose.

The march will take place on Monday afternoon as the youth of Community Methodist Church stage their second annual "March for Christ."

In an attempt to make a stand for their beliefs, and to make the community aware of their concern for the problems of our world, these young people will carry a large wooden cross on Highway 17-82.

The march, itself, makes up only a part of the church's eighth annual "Youth Activities Week," a week jam-packed with youth features.

Lindsay's Switch To Democrat Enlivens Scene

Mayor John V. Lindsay's turning his back on the present Republican party and signing up with the Democratic party, to make the changes in the direction in which the Republican Nixon administration is heading the nation, is strictly in character with the nature and record of New York's mayor.

For here is a politician who has displayed from his first political bows in New York City where he rose from the Young Republican ranks into United States Representative from the "Silk Stocking" District. Never a conformist, he then had the nerve to invade City Hall as Mayor while the Democrats were in almost total disarray.

His terms in City Hall have been times of major confrontations, when municipal employees hardened their demands through unionization. The "Fun City" became the captive of its own excesses and developed a situation which is among the most threatening of all urban challenges.

Yet this tall, slim, patrician featured 48-year-old Lindsay, signed up as a Democrat at a time when the number of that party's presidential hopefuls (formal and informal) needed vitalizing.

Vietnam Politics

Battered by a long war, South Vietnam cannot be considered a controlled laboratory experiment in democracy. Nevertheless the world views that nation's presidential campaign as another test of both American policies and the ability of the South Vietnamese to govern themselves.

Port in the Storm

Whether this means that I will run for president, I do not know. But it does mean that I am firm committed to take an active part in 1972 to bring about new national leadership," he emphasized.

Point Of View

He is optimistic that McCarthy will be a strong candidate, saying the man often credited with forcing London Johnson out of the race in 1968 is getting good reactions in appearances all over the country.

"Hee Haw" Still Going Strong

In 1968, McCarthy captured only four of the state's 63 Democratic convention delegates, but it's a new ball game this time. It seems to be a pretty well accepted assumption that Hartke will help out long Indiana Sen. Birch Bayh to dash run for the Democratic nomination.

Better Consumers - BBB Bridge

The same thing that happened to the NAACP is happening to the BBB. A few years ago, the old-line National Association for the Advancement of Colored People was rapped by newer, more militant organizations for being too Uncle Tom-ish, too establishment-oriented.

Today, consumer militants are charging the Better Business Bureau with being a creature of business, more concerned about furthering the image than the substance of honest dealing.

Mayfair

Only a bare handful showed for the twilight tournament Tuesday evening. In fact, there were so few participants that only one prize was awarded, and that went to Larry Johnson who potted a net 31.

A couple of youngsters at Mayfair recorded best rounds over this past week. Thirteen-year-old Tom McNulty had his best effort by firing a fine 44-45 on 89, while playing with dad Howard. During the round, Howard made a little noise of his own when he reached the difficult 16th green in two, leaving himself a six-foot eagle putt, which he failed to make.

Rolling Hills

Another full weekend of tournament play was on tap at R.H. last Saturday and Sunday. On Saturday, a blind bogey event was staged, and the first major number drawn was 77. Three follows led at that figure. They were: Don Green, Don Lee and Glen Williamson. Seventy-nine was the second number, which also ended in a tie between Bob Feagin, Fred Wolfe, Lou Munger and Able Gordon. Third, and last, was 80, and Jim Bailey was alone at that score.

A mixed four-ball tournament was the name of the game for Sunday. Fred and Karan Tammer, Bob and Glenda Tammer worked up to a plus 12, and won first money in at plus 21, and second place, were Clarence and June Dressell, Tom and Liz McLama. Third, and last, went to Chris and Edna Gussland. Here and Rose Homan.

Valley Forge

The Valley Forge Men's Golf Association had its regular monthly meeting last Monday, but not before a nine hole tournament, which was won by Bruce Steinko. Bruce recorded an adjusted score of 23. Four players were bunched at 24 and second place. They were Bill Cousins, Don Taylor, Bill Morewood and Lowery Williamson.

Eighteen ladies competed in this past week's low-gross, low-net program. Wanda Steinko, who did not compete last week, didn't forget how to win as she fired a 78 and captured low gross in "A" flight. If my memory serves me correctly, this is the fourth straight year for Wanda. Rose Mary Williamson, who usually finds herself in the winners circle in the absence of Mrs. Steinko, came very close to winning low gross honors as she turned in a fine round of 79 and, after handicap, came out on top for low net with a 61. "B" flight low gross, which has been monopolized by Fran McCormick for the past three weeks, found itself a new winner in Peter Bowen, as she fired an 88. Fran did, however, win low net money, but had to share it with Jane Montgomery. Both had identical scores of 62. Lucille Mathewson took 96 for low gross prize in "C" flight, while Helen Crank took low net with a 67.

Seminole

Kenny Patrick, Ferrell Stevens and Bill Durick all finished at 20 to share top money in a nine hole handicap tournament at Seminole Golf Club last Sunday.

Mid-Florida

A \$15,000 Orlando Open, sponsored by the Independent Association of Professional Golfers, will be played November 4-11 at the Mid-Florida Golf and Country Club. A pro-am will precede the main event on Nov. 4. With this kind of a purse, we are sure to see some of the big names in golf on hand. Maybe not the likes of Palmer or Trevino, but more than likely fellows like Tommy Bolt, Pete Cooper, Joe Loefer Sr. and many others. At any rate, it's an event that we are certainly looking forward to.

Rams Sign Dummit: Was Ignored In Draft

Quarterback Dennis Dummit was passed over by all the National Football League teams during the draft, but he'll guide the Los Angeles Rams against the Cleveland Browns Friday under the watchful eye of his former college coach.

Tommy Prothro, Dummit's coach at UCLA and now San Francisco State, said he was "very happy" to see Dummit signed to a three-year contract. "I'm sorry for what I did on Sunday," he admitted it was a hasty move.

In Friday's other exhibition game, the Miami Dolphins had a nationally televised game. Tom Prothro, Miami's general manager, said he was "very happy" to see Dummit signed to a three-year contract.

Surgeon Asks LL To Curtail Pitching

By HERRY CUSH
Herald Sports Writer

If a bone surgeon from San Bernardino, Calif., has his way, there will be some drastic changes in the rules of Little League baseball in the near future.

Dr. Joel E. Adams, a bone surgeon and team doctor for city schools and junior colleges in San Bernardino has stated that the rising number of permanent elbow and shoulder injuries suffered by boys in Little League ball are due to the fact they pitch so much in a single game.

Dr. Adams' contention is that too much pitching at an early age often caused boys' arm muscles to pull on the growth centers of the bone, which are not yet closed. "Too much pitching invites trouble rather than perfection in this age group," states Adams.

Another best ever score was turned in by Robbie Robertson, who, at the time, was only 15. Robbie turned the front in one under par 35, and came in even on the back for a fine one under par 71. That and Robbie were just a couple of the fine young players at Mayfair.

A welcome home to George and Peg Billups, who have been touring the Carolinas for the past couple of weeks.

Rare Cycling Victory Gives U.S. 104 Golds

By JERRY LISKA
Associated Press Sports Writer

CALI. Columbia (AP) — The flaming track also Pascual Guerrero Stadium will be doused in tropical twilight today ending the sixth Pan-American games—again dominated by the United States and split by fast coming Cuba. The U.S. women's basketball team made tremendous gains since 1967.

With the USA cagers eliminated, Brazil Thursday won the men's basketball title by shading Cuba 65-62, with Puerto Rico taking the silver medal, and Cuba the bronze.

The Cubans, who also defeated the USA in basketball and men's and women's volleyball, and cracked American monopoly in wrestling, piled up 21 gold, 49 silver, and 24 bronze for 103 medals.

That contrasted with a weak Cuban Winnipeg performance of only 8 golds, 14 silvers and 26 bronze and 45 overall.

Although Canada's feminine stars fared well in track and field, swimming and equestrian competition, the Maple Leaf squad wound up with 18 golds, 29 silver and 46 bronze and 78 overall.

As a token force of some 3,000 athletes from 30 nations in the original field were slated to parade in the colorful closing ceremony, the USA still buzzed over the unprecedented individual row cycling race by the 23-year-old Howard.

Couple Displeased With Fishing Trip

Now A 'Pool' Teacher Tugboat Was Respected Hustler

By TOM CARTER
Copley News Service

SAN FRANCISCO — Looking at the tranquil retirement of 74-year-old Tugboat Whaley, it could be said that old pool hustlers — like old soldiers — never die, they just fade away. Greefully, if they're lucky.

Tugboat sidestepped the ravages of tuberculosis and alcoholism and financial insecurity that are often endemic in the ranks of pool hustlers.

Over a career of a half a century, he was smart, savvy and perhaps being a gentleman helped in some way, too. And so ten years ago, after hustling in every port from Puerto Rico to Australia and regularly crisscrossing the states with his trusty cue stick, Tug hung up his traveling shoes and mackinaw.

"I've lived the life of Riley," Tug says. "And I've enjoyed it. I always went first class every place. Of course, I had my ups and downs but you have to live."

'Frisco Nine Take Day Off And Expand Division Lead

By KEN RAPOPORT
Associated Press Sports Writer

The San Francisco Giants, who have had a hard time beating anyone recently, took a day off and let the Los Angeles Dodgers beat themselves for a change.

It was a lift for their spirits, to say nothing of their lead in the National League west.

While the first place Giants didn't play, they improved their lead to four games over Los Angeles when the Dodgers fumbled over a 3-1, 11-inning loss to the Philadelphia Phillies Thursday night.

Los Angeles' loss was good news to San Francisco, which had lost eight of 10 games and trailed most of 20 games to the other Dodgers.

Only three other games were played in the National League Thursday night as the Atlanta Braves crushed the Houston Astros 10-5, the St. Louis Cardinals ripped the Pittsburgh Pirates 3-2 and the San Diego Padres turned back the New York Mets 3-0.

Despite Thursday night's loss, Los Angeles shortstop Maury Wills feels the Dodgers will eventually catch the skidding Giants.

The Dodgers didn't look like winners against the Phillies, though. They had a 1-0 lead in the eighth when second baseman Steve Garvey's error opened the door for the tying run.

Then they wasted scoring opportunities in the extra innings before Philadelphia's Don Money put it away with a two-run double in the 11th.

There is a famous philosophy credited to Satchel Paige that advises you never to look back because someone might be gaining.

But the Baltimore Orioles, leading the American League's East Division by a comfortable eight games, might be tempted to take a peek over their shoulders anyway. There are interesting things going on back there.

For example, there is Detroit's Mickey Lolich, hidden by the Vista Blue excitement all season, but suddenly on the threshold of 20 victories for the second time.

Tommy Davis drove in three runs and Dave Duncan homered for the A's, who lead the West division by a fast 14 games.

Ted Ullslander cracked three straight hits and rookie Kurt Bevacqua tagged off his first major league homer, leading Cleveland past Chicago.

Mike Paul and Alan Foster combined for the six-hitter as Indians beat Wilbur Wood, 1-0.

Kansas City kept the six-hit pitching of Ken Wright to trim Washington in the first game of the season.

Washington got two runs in the inning with Lenny Randle, Jeff Burroughs and Dick Billings bunching singles behind Broberg's walk. Broberg and two relievers combined for the six-hitters.

There's Magic Lift For Local Fire Dept.

Tonight at 8:00 on the stage of the English Estates Elementary School Auditorium, Mr. Magri will wave his magic wand and help raise some of the badly needed funds for the Fern Park Vol. Fire Dept. Beginning in New Hampshire in 1964, the lottery has raised millions for education in the New England state. New York, where profits didn't match predictions, led to charges by some that the lottery was something of a white elephant.

Wallace Defies Court; Opens Black School

By REX THOMAS
TROY, Ala. (AP) — Gov. George C. Wallace, challenging President Nixon and the federal courts, ordered today the reopening of a formerly all-black school which has been closed by court order to speed integration.

The governor meant freedom of choice. Wallace said the school operated on a "nondiscriminatory basis."

President Criticized For School Bus Stand

By MICHAEL J. REILLY
Associated Press Writer
WASHINGTON (AP) — The U.S. Civil Rights Commission says school desegregation efforts may be seriously undermined by President Nixon's policy that busing should be used only as a last resort.

What the nation needed was a call to duty and responsibility for the immediate elimination of the dual school system, and for support of all those school officials who are fortuitously carrying out their legal obligations, said the commission, headed by the Rev. Theobald Hesburgh, president of the United Negro College Fund.

Philosophy
The Gables Academies are full-curriculum clinical schools designed for diagnosis and remediation of specific learning disabilities. Reading difficulties are overcome through individualized instruction by trained clinicians who recognize that a child cannot achieve his full academic potential if he is unable to read. Small classes in Science, Social Studies, Math and Language Arts are taught by experts in their fields who are also familiar with the strengths and weaknesses of children with specific learning disabilities.
Admission Policy
A thorough evaluation by competent professionals, is required to determine that a candidate has normal or above average intelligence despite the specific learning disability. A personal interview and a complete educational/medical history contribute to the determination that a child will benefit from the program offered by the Gables Academies. Primary emotional disorders and obvious physical handicaps cannot be considered.
ACCEPTANCE OF STUDENTS IN ALL OF THE GABLES ACADEMIES IS BASED UPON COMPLETE DIAGNOSIS AND WITHOUT REGARD TO RACE, COLOR OR CREED.

Dear Abby: By Abigail Van Buren

DEAR ABBY: My problem is my husband. We have been married for 20 years and have three children, ages 4 thru 9.

My husband will not discipline the children. It is all my fault. The only time he will do any correcting is if I am not at home. I work in a factory, eight hours a day, five days a week and I am tired when I get home. When the kids fight among themselves, I yell at them, then my husband gets mad at me for yelling at the kids, but if they are fighting and I ask him to make them stop he says, "Leave me alone."

Now he tells me he can't stand my yelling at the kids all the time, and if I don't quit it he's going to move out of the house.

I love him and want him to be happy, but I'm being pulled between knowing the kids need to be yelled at, and trying to keep my husband home. Please help me.

YOLANDE BROWN
10122 E. 1st Ave., Denver, Colo. 80231

DEAR PULPIT: Your method of disciplining the kids isn't working or you wouldn't be yelling all the time. Try another technique. When they fight, separate them until they get good and lonesome for each other. (Don't worry, they will.)

Horoscope Forecast

SATURDAY, AUG. 14, 1971

GENERAL TENDENCIES:
The early part of the day has many delays and obstacles in the path of your desires, so take the extra time to get everything in its proper place. Later you find everything works out to your benefit. You have an excellent evening with a romantic and happy.

ARIES (Mar. 21 to Apr. 19):
The morning may be a depressing time, but you can make up for lost time in the afternoon and all becomes successful for you. Show an interest in civic and business matters. Don't argue so much.

TAURUS (Apr. 20 to May 20):
Be sure to attend to financial affairs early and clearly. You may have to give up some ideas for adding to present income and abundance. Stop wasting time foolishly. Be alert.

GEMINI (May 21 to June 21):
Handle dull affairs early and the rest of the day can be a happy and successful one for you. Avoid those who are not congenial. Show that you are loyal to mate and all is well.

MOON CHILDREN (June 22 to July 21):
You have to make plans now if you are to have greater success in the future. Do this early so that you can later go out for recreation. Don't neglect the romantic side of your life.

LEO (July 22 to Aug. 23):
If you do those things that please your friends and avoid those who are not congenial, you will find success. Social brings worthwhile trend into your life. Forget those little duties that don't amount to much.

VIRGO (Aug. 24 to Sept. 23):
If you don't take any chances in business work, you find big things. If you waste time doing things that are not profitable, you will find a trump. South would draw triumph, take his king of hearts; east dummy with that ace of clubs and discard one lower card. West would draw trump, take his king of hearts; east dummy with that ace of clubs and discard a diamond on the ace of hearts.

LIBRA (Sept. 24 to Oct. 23):
If you don't step off on a tangent, you have an opportunity to expand present activities and add to income appreciably. Listen to what an expert has to suggest. Then follow ideas cleverly.

SCORPIO (Oct. 24 to Nov. 21):
There are responsibilities creeping up that need your immediate and careful attention. Do not neglect them. Plan an evening of recreation. Listen carefully to male's excellent ideas.

SAGITTARIUS (Nov. 22 to Dec. 21):
Now that you have the ideas, you find they are right and will cooperate. Engage in social activity in the evening. Avoid people who like to argue and buy aspirin without their prescription.

CAPIRICORN (Dec. 22 to Jan. 20):
In routine work early so you can handle your shopping later. Evening is the best time for happiness. Attend the social and meet charming people. Show that you have a good sense of humor.

AQUARIUS (Jan. 21 to Feb. 19):
Plan early what it is you want most in life. Be adaptable so that you do not have stumbling blocks in your path later. Don't get impatient at delays. Take them in stride—all speeds up later.

PISCES (Feb. 20 to Mar. 20):
If you try to please kin to the best of your ability, they will show gratitude later on. Do some entertaining at some time please your family. The need need not be too expensive.

IF YOUR CHILD IS BORN TODAY...
...he or she will be one of those high strung and sensitive young people who may require religious training early to be more happy and sure of self. Best gift, professional help. They are sensitive and a fine education will bring out the best potential here, since there is a great deal of ability. Once this essential step difference is clearly understood, the basic cause for divorce vanishes. For divorce starts in the bedroom.

When I came out of my hole in the ground, I asked myself how I ever got involved in a maneuver of this nature... and let me tell you, it wasn't easy.

I tried for all I was worth to break up the contest while the kids were both attending Daytona Beach Junior College. I even brainstormed Larry that he should enlist in the Air Force before pursuing his chosen profession.

He ASPIRED to become a veterinarian.

His parents NELL AND DAN BLAIR OF DAYTONA AND B. FERREIRO LARRY BEADS OF BLOOD!

Once again, I lost... but the loser is usually the winner... I was a son!

Larry enlisted on his own to get his obligation to his country behind so he could continue research in the vast animal world with his education.

Now, I had not planned on Larry taking off to a remote spot in the Orient where he was anticipated in a nasty game or conflict, commonly called undeclared war, but that's the way the bomb popped.

Following this infamous little hitch, Larry was stationed at Phoenix where Mary joined him and where he enrolled at the University of Arizona for enlightening for the Air Force.

In the meantime the Blair Zoo continued to grow. Dan and I breezed into the dim light of the carport where we were carrying a baby elephant, a prancing black pony and a bounding brown bear surrounded by multi-colored fluffs of fur... all sizes and shapes. Granted Jan and I had a down down more than just a "few"... and "straight"... but so help me it was only 100 proof coffee.

Patrifried, yes!

What do you say? What do you do?

This was quickly solved when we dived for the door. Charge!

All the animals stampeded through ahead.

Ah, home at last... and that's exactly what the animal manager did... make themselves completely at home... in MY home!

Keepers of the zoo are my daughter and her husband, MARY AND LARRY BLAIR, who transported them across the country from Phoenix, Arizona to the zoo.

Other gal get grandchildren... me, I go to the dogs... my own loved ones did this to me!

After we had regained our composure (and believe me complete recovery will never come), Jan and I led the circus parade to their home in Longwood, where they have been bona fide residents since early July.

Upon arrival at the big top, they were welcomed and aroused the entire neighborhood.

The pet palace is no ordinary place. It purchased the most refined equipment and supplies for the market... and gala listen to this... we have the most gorgeous and beautiful animals, well equipped with matching linens... and also exclusive pet accessories are on order.

Expect Phoenix to get the full re-decorated treatment at Care-O-Sell Pet Palace.

If Fido's fur needs fashionable or Pooch's pompadour needs poofing... Larry is the master groomer for your pet's fur problems.

By the way Mary is back at her favorite post at Scripps Ranch, with the adorable babies (can't get away from that panting).

As for me, I agreed to assist the kids in the advisory board and partner capacity. But since when have you ever known me to be "silent"?

Word has come that Mr. and Mrs. Frank Thomas are the very proud parents of another young son born August 10th. The young gentleman weighed in at a whopping eight pounds and was named Samuel Robert Thomas after his great grandfather on his mother's side. Paternal grandparents are Mr. and Mrs. John Thomas of Geneva.

I haven't completely gone to the dogs. Instinctively, I will continue to spread my wings (if they don't clip) and fly. Is there any other way for a vet newswatch to fly?

SHERALYNN WILLIAMS
Feted At Pre-Nuptial Parties

By MELUENA EDMISTON

Miss Sheralynn Williams, bride-elect of Michael A. Morgan, whose wedding will be an event of Aug. 23 at Holy Cross Episcopal Church, was honored at various pre-nuptial parties.

Sheralynn was the honoree of a bridal luncheon given by Mrs. Gordon Bradford and Mrs. Ann Harris, held at Bon Appetit. She was presented with a miniature bridal bouquet by her hostesses.

Floral arrangements of white chrysanthemums decorated the tables. Delicious salad courses were served with ice cream and cake for dessert.

Guests included Mrs. Lewis Morgan, mother of the bride-elect; Mrs. R. W. Williams, mother of the bride-elect; Mrs. W. H. Stewart, grandmother of the bride-elect; Mrs. Wm. H. Stewart, sister of the bride-elect; Mrs. Bob Driscoll; and Mrs. Larry Bowers.

Others on the guest list were Cindy Green, Laura Faye Watson, Wendy Martin, Kathy Avel, Linda Lee and Debbie Rowland.

Out of self-defense, Larry's hobbies turned into a party game or conflict, commonly called undeclared war, but that's the way the bomb popped.

Geneva brought me a very heartwarming note from one of our recently wedded young misses, Etienne Joe Jowers. She said that she and her husband had moved to a new home and she was so happy that she just can't remember when she wasn't married to genial Frank. They are making their home at Glen St. Mary.

Recent guests at the home of Mr. and Mrs. Roy Morgan were Mr. and Mrs. Wyman Hill and their children, Robin and Patricia.

Mr. and Mrs. Bernard Brady had had Mr. "Bernard" brother and sister-in-law as recent guests and all can say is that they were in for a lot of good eating. Mrs. Brady just happens to be one of the best cooks in Geneva.

Their guests, Mr. and Mrs. Dewitt Braddy, are from Phoenix. Also visiting with the Braddys are Mr. and Mrs. Nebrun Braddy and their family from Miami.

Mr. and Mrs. Mike Rutledge went to Tampa to see the football game this past Saturday and while they were there they "took in" Busch Gardens, the visiting Western singing artists and other points of interest.

While we are speaking of the Heaths, congratulations are in order because of their 21 years of wedded bliss which they celebrated on the 11th of August.

Miss Patti Johnson (she is in nurse's training over at the hospital) is also celebrating her birthday. She is telling me that she will be going into Pediatrics soon which will be followed by several other interesting courses.

How lucky can a community be. That lady will make a splendid nurse. She is the daughter of Audrey Johnson, her maternal grandmother is Mrs. Isabelle Greer.

Nephew David Mathieux is home after a very enjoyable trip up in Alliceville, Ala., where he was visiting with his aunt and uncle, Mr. and Mrs. Roy Jones.

Sherrel McClain, Patti Evans, Gwen Plundin and Maryann Huffington have recently returned from Camp McQuary, a 41 Camp where they report having one grand time.

Speaking of Little Liz, Oliver and she invited your truly and

Next time you see Faye, have a close look. Maybe she will take after her lovely mom and be prematurely grey!

I am very sorry to have to tell you that Mrs. Margaret Wolcott is a patient at Winter Park Memorial Hospital where she recently underwent surgery for the removal of her spleen. Margaret is progressing very well and should be home with her dotting family and many friends within the next two weeks.

Sue and David Thomas and their son, Brent, invited the David Oldham family for a boat trip in the Thomas new boat. The occasion was the birthday of our dear Sue.

Guests at the home of Mr. and Mrs. Paul Maxwell of Buck Lake, Wis. were Mr. and Mrs. C. W. Wells (Mrs. Wells is Paul's sister). They had a homecoming to Sarasota. They brought the dear friend, Mrs. V. Shaffer, who is visiting from Del Ray, Calif.

Mrs. Florence Glazier and her daughters, Pennie, George and Karen, have recently returned from a delightful trip to Lady Smith, Wis., where they visited with Florence's mother and family. Son Charles remained behind to work on his studies.

While in the northern region, the Glaziers returned cousin Judy Dinnan home to Chesoning, Mich.

Speaking of the Glaziers, it is always real good to see Lucille and Horace drop in for a visit. Lucille will be remembered as the very charming Lucille Heaths of Lake Harney Beach. Mrs. C. W. Heaths and the community in their home at Patrick Air Force Base, Horace's mother, Mrs. Audrey Johnson also lives in the Geneva area.

Jane Vitale and her brother Bill Kettering, are spending some time with their parents, the C. W. Ketterings of Lake Geneva. Mr. Kettering Sr. has been very ill but seems to be improving a little. Jane came armed with pictures of her brand new grandson who was presented to her daughter, Betty Ann Kinkead.

Word has come that Mr. and Mrs. Frank Thomas are the very proud parents of another young son born August 10th. The young gentleman weighed in at a whopping eight pounds and was named Samuel Robert Thomas after his great grandfather on his mother's side. Paternal grandparents are Mr. and Mrs. John Thomas of Geneva.

I haven't completely gone to the dogs. Instinctively, I will continue to spread my wings (if they don't clip) and fly. Is there any other way for a vet newswatch to fly?

The young 'uns maintain you just haven't lived until you've driven a limo across country, smuggled them into exclusive lodges and referred a "dog fight" in eight lanes of traffic.

Larry drove her on a mormon island Standard Poodle named Jud. The horse turned out to be a mentally retarded (and this is true, according to the

You'd probably love to have a car like this to fool around with. But suppose you had to drive it day in and day out? We Americans are used to having the latest, and we don't like to live with what seems out-of-date to us. For that reason, a good many of us don't go to church. We tell ourselves that church was great for Grandpa and Grandpa, or maybe even for Mom and Dad, but it has no place for us in this jet age.

If we believe this... then it is we who are out-of-date! The church today is a modern institution in touch with the world around it. It helps us cope with the problems of modern life, teaching us to change with a changing world. Let's catch up with the times. Let's attend church.

Wm. Kniffin Murder Trial Opens With Interrogation Of Veniremen

By MARION BETHA

Interrogation of 150 veniremen began this morning in the case of William Kniffin, 18-year-old Sanford youth, charged with first degree murder in the death of his one-year-old stepdaughter, Minnie Lee Bell, last February.

The case is being heard in Courtroom A by Circuit Judge Clarence Johnson Jr. Kniffin is being represented by a specially appointed attorney, Peter deManio. Prosecuting for the state is David Porter. The hall outside the courtroom was "packed" this morning with witnesses and the family of the defendant.

Kniffin and his wife, Kathryn, were indicted by a county grand jury on Feb. 14. The state later dropped charges against Mrs. Kniffin. The little girl was taken to the local hospital by her mother. A physician subsequently called police and arranged for the transfer of the child to Winter Park Memorial Hospital, where a vain attempt was made to save her life by attending surgeons.

An autopsy disclosed the child died as a result of a fractured skull caused by a blow to the head.

Wage-Price Freeze Asked

Nixon Offers 8-Point Economy Plan

By FRANK CORMIER
Associated Press Writer

WASHINGTON (AP) — President Nixon, declaring that "America is at her greatest when she is called on to compete," has imposed a largely voluntary 90-day wage-price freeze and invited world rescheduling of exchange rates — changes that would amount to devaluation of the dollar.

In a hastily arranged television and radio address to the nation Sunday night, Nixon pictured his far-reaching program — much of which he put into effect immediately — as a bid to cut unemployment, stem inflation, protect the dollar and make American goods more competitive with foreign products.

The President's historic announcement that the United States is abandoning its longstanding policy of selling gold to foreign governments at \$35 an ounce, and the wage-price control move, were among the measures that took immediate effect.

So too was a "temporary" average surcharge of 10 per cent on many imported products, which should result in corresponding hikes in the amount Americans pay for Volkswagens and Toyota autos, Grundig and Sony electronic equipment and a host of other items. Exempt would be such quota-subject imports as petroleum, coffee, ores, cotton textiles, sugar and fish.

Nixon also proposed new tax breaks for consumers and businessmen, including repeal of the 7-per-cent federal excise that adds an average \$300 to the cost of a new car. But Congress must act on these recommendations.

He asked Congress to postpone implementation of his high-priority revenue-sharing and welfare-reform proposals for three months and one year respectively. Congress has shown a reluctance to approve either measure.

There'll be a FULL Florida Senate meeting scheduled for Orange County, August 20-31. Additional committee meetings will be scattered throughout (what's the name of that county again?)

No, there won't be any in Seminole. Why? Cause they have more votes in Orange, that's why... or at least, that's one of the reasons indicated.

I'm not supposed to know this yet, but, "I want to sell you" a hot tip.

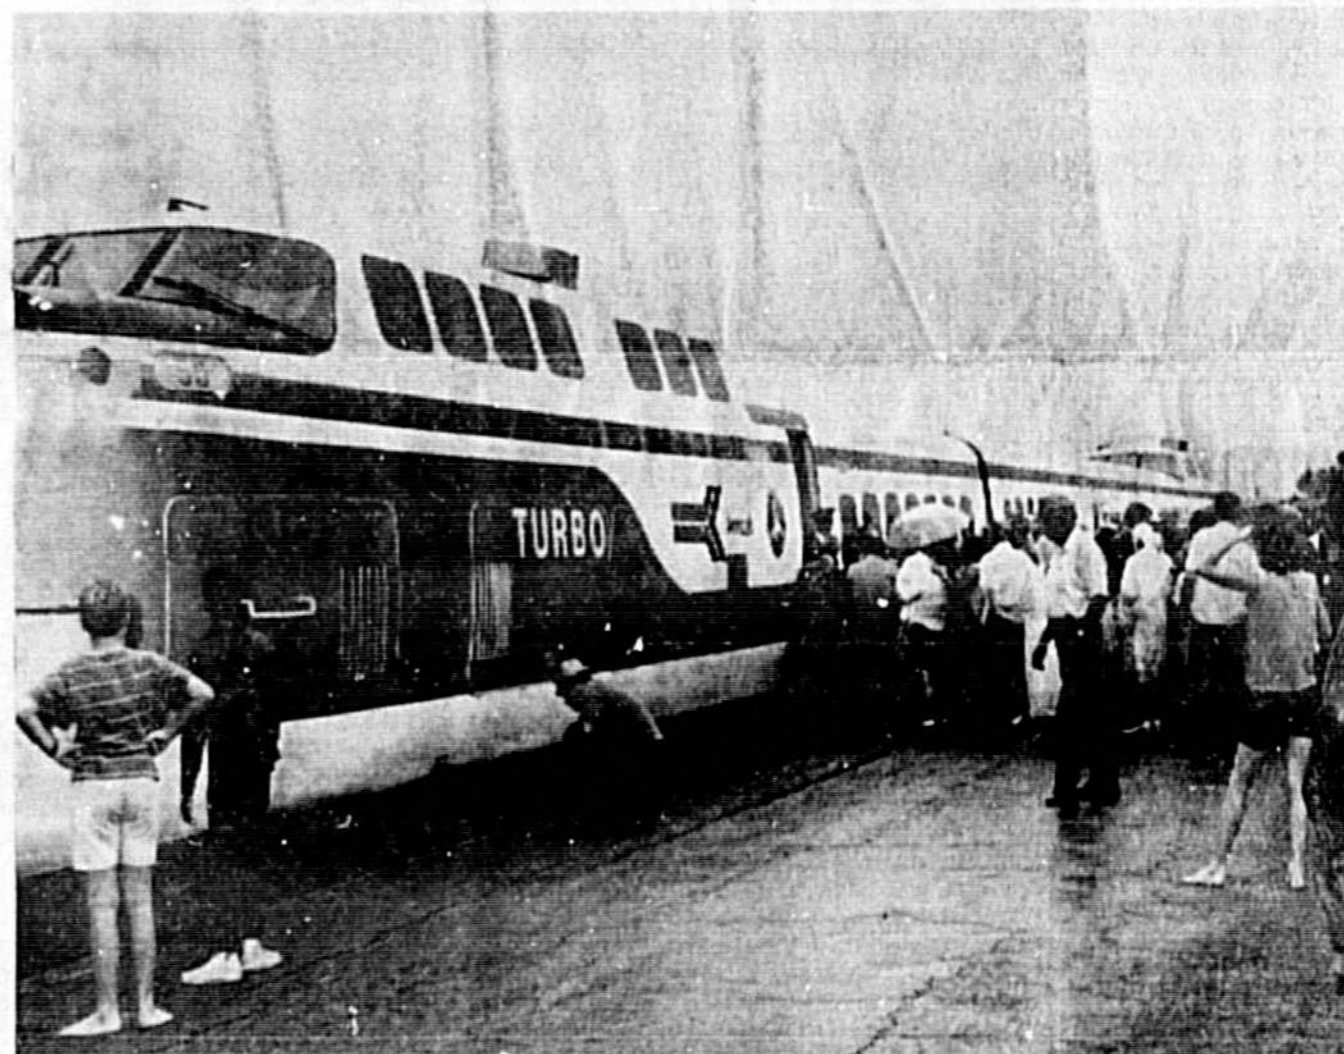

Understand that one of Central Florida's most promotionally-minded auto dealers has just purchased a nice tract of land at Five Points... adding just another example of how important that part of Seminole County is going to be in the next couple of years. All of Seminole is a jewel—and the sooner we can get ALL of our elected leaders to accept this fact, the better off we'll ALL be!

Both Sides Of The Coin... Applause for President Nixon's talk and action of last night on Wage and Price Control. But, please don't try to "convince" me that he has "wound down" the war.

I voted for the man cause he was going to end the war in six months, remember? And this is the same man who ordered an incursion into Cambodia, remember? And we're paying the CIA (although it was denied by the White House any number of times previously) a couple million dollars to help the hidden army in Laos, remember?

If anyone helped bring this terrible tragedy any closer to its culmination, then let's remember the Peaceniks who marched onto Washington; or the Vietnam heroes who tossed their medals onto the lawn of the White House; or the public's indignation which followed the trial of a fellow by the name of Galtley, remember? (Galtley? Who's He?)

Call it like it is... MIDDLE AGE is the time of life in which you should watch your middle more.

Burglars Open Safe; Youths Held On Dope

Safecrackers using a hammer and punch early today opened a safe at the Ranch House restaurant on U.S. 17-92, south of Sanford, and took a large amount of money, according to deputy Sheriff William Hogan.

The youths entered the eatery through the roof and drilled into the floor and safe, according to the deputy, some time between 1:30 a.m. and 5:50 a.m. today.

The intruders left by way of the rear door and reportedly entered the woods behind the restaurant in making their escape. Det. Fred Reespress and Charles Werner, county identification man, were on the scene this morning checking for possible fingerprints and clues that might have been left by the burglars.

Seminole drug investigators arrested two 17-year-old youths on possession and sale of marijuana charges during the weekend, according to jail records. Greg Martin Nichols, 17, Longwood, was arrested on a warrant issued by Justice of the Peace Thomas Lovett and lodged in jail in lieu of \$1,500 bond.

Kyle Lane Bocco, 194 Willow Avenue, Forest City, was jailed in lieu of \$1,500 on the same charge.

The depression which lingered in the northwest Gulf of Mexico all day Sunday moved inland about 9 a.m. EDT. Bear Steinhilber, Fla., about 40 miles southeast of Tallahassee.

The depression at noon, EDT was located about 50 miles east south of Tallahassee moving north-northeastward about 10 m.p.h.

Comments Mixed On Economy Move

By THE ASSOCIATED PRESS
Economists have given mixed reviews to President Nixon's proposals to stimulate the economy, with comments ranging from enthusiastic endorsement to predictions that the program will not work in the long run.

The broad steps outlined by the President Sunday night also drew general—although in some cases highly qualified—approval from a number of leading bankers.

"We're better off this Monday morning than we were Friday night," summed up Nobel Prize winning economist Paul Samuelson. He said he approved all eight points in the President's plan except the cutback of \$4.7 billion in federal spending.

"I hope the President's arithmetic is wrong," said Samuelson at his Belmont, Mass., home. "If he cuts expenditures by \$4.7 billion to match the tax cuts, that won't create one extra job. It will create negative jobs... That would completely emasculate his whole program."

John Kenneth Galbraith, the Harvard economist who was ambassador to India during the termed the program "one step forward (the wage-price freeze) and two steps backward (the investment tax credit and the international segment)."

Of the wage-price freeze he noted: "The question here is the energy with which efforts will be made to make things permanent. After all, this is only for 90 days."

"On balance, his proposals for expanding jobs will probably lead to a contraction in the number of jobs," said Galbraith in Newfane, Vt.

"Eliminating the automobile excise tax, accelerating the investment credit and advancing the income tax exemptions are very interesting ways of expanding the economy because they put money in the hands of people who don't need it," he said.

Despite Roche's statement, a GM spokesman said he could not comment on whether the company will consider the freeze to extend to price increases already announced for 1972 models.

The hikes at GM—as at Ford and Chrysler Corp.—amounted to 4 to 5 per cent.

He said the President's proposal for repeal of the 7 per cent automobile excise tax was a "good step in the right direction and will help make our cars more competitive with the foreign imports."

Roche said removing the excise tax will trim about \$190 of the price of GM's new car—with the savings going into the pocket of the consumer.
