Kirk's Whopping Budget Raises Questions

for a wheaping \$8.3 million budget for the next two

sublican governor, nearing the half-way mark in his first term as chief executive, an indication of what the revision of the state constitution implies. It also emphasises that it will take the most chiective sort of interpretation to separate the tares of partisanship from the wheat of purposeful and desirable executive and legislative action in the

Statistically the Governor is asking for a 168.8 cent increase over the last gubernatorial biennial budget. But this is not, in substance, accurate. There have been many times, as Governor Kirk fer of power should the governor not be able to function in his demanding office and with the presence

in their budgets and the personnel so financed, loan-There is, nevertheless, one item which has

eady provoked sharp disagreement between the Re-publican governor and the Democratic leaders of the

governor which is now part of the constitutional offices of the state due to the constitutional revision which voters approved on Election Day.

Many hard-headed, realistic and experienced oliticians saw in this creation of the office of lieutenant-governor and the provision for an incumbent governor to seek re-election a package which needed very careful scrutiny as the situation unfolds. It has some obvious assets in terms of the trans-

of a lieutenant-governor who would be in harmony with the governmental principles with which the

governor had won election.

Yet it also bears the seeds of the creation of a political monopoly by one party or the other — and now Florida faces the fact of a two-party system in being — which has not been the case in the past.

When Governor Kirk includes \$44,255 for an administrative assistant and two secretaries to help the lieutenant-governor during the biennium he automatically raised the question of where this official would come from and how he would be seated. The governor is not specific on this but does point

out in his budget message that "The new constitu-

tion provides for a lieutement-governor who shall

perform such duties pertaining to the office of gover-

office would be filled properly in 1970 when, it is ex-

Democratic leaders have remarked that this new

nor as shall be assigned to him by the governor.' "

pected, the governor will seek re-election and then chose his running-mate.

But it is far from settled. Nor can it be more now than an alarm-clock sounding out one of the many such alarms which will take place in the months The size of the governor's budget is also some-thing which indicates the tremendous problems which the legislature must face up to and handle with wis-

dom in respect to the state's finances. There is no question that Floridians, like most Americans, are sensitive about, increased taxes. There is not much doubt either that the average citisen is very much in the "show me" stage right now. but the demand by all that the tax dollar buy at least a fair dollar's worth of needed services. Does the Kirk

Cars And Grades

resk, the poorer the student's grades will be." That's no rule of the thumb but the sensiti of a fact finding survey made for the most practical of purposes: conducting an insurance busisees in a business like way. Alistate Insurance Co., which is quoted in the first paragraph, reports its studies show that too much use of a car affects the grades of good students as well

more than two days out of five during the school week. Students who do not drive or who use the car only on weekends have the best grades, while those who drive two to four school days a week have significantly poorer grades, the survey proved," the insurance company claims. These recommendations are made for par-

-Make sure that scholarship comes firs

and driving second. -See that the student gets proper driving -Restrict the use of cars to weekends, with

wary few exceptions. -Don't permit a teenager to have a parttime job just to pay for a car or to support .me. -Keep the keys in your pocket.

"Parents are the only people who can sup Auring the academic year," the company spokes man declared.—Gastonia (N. C.) Gasette.

THE CHURCH

The Church is the greatest factor an earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sales. (2) For his children's sale. (3) For the sake of his community and nation. (4) For the sale of the Church itself, which needs his woral and material support. Plan to go to church regularly and read your Bible daily. Reiner Advertising Service, In: Saturday Philipple 4:10-3

Lovett said he was served with the papers this morning after he had given consent for the autopsy "after clearing i with the state attorney's office." Lovett said he expects to receive the results of that report either today or Tuesday. Hollenback, who hanged himself in his county cell with bed sheets tied to the window bard, was found dead a week ago by jail turnkey after he is alleged to have told his mother në

would kill himself rather than remain in jail. The boy had tried unsuccess fully to strangle himself with his belt, but this was removed from him after his mother told authorities of the youth's inten-

Sheriff Peter Milliot had requested an autopsy and a full scale investigation by the Florida Bureau of Law Enforcement into the death and Lovett was when he ordered Dr. Hegert ! perform the autopsy.

A small man wearing a pencil mustache is being sought by Casselberry police and Seminole County authorities for the armed robbery of a cafeteria manager of approximate-

PROSPERITY OF OUR LAND

Since the first Thanksgiving was celebrated by the Pilgrims, this great country has been blessed with abundance.

Through the grace of God and the JOINT work of her citizens, may our great land pros-
