

It's Liston's Chance Now!

MIAMI BEACH, Fla. (UPI)—Champion Floyd Patterson, who twice rose from the canvas to knock out Ingemar Johansson Monday night, will next defend his heavyweight crown against Sonny Liston at Philadelphia in September, it was learned authoritatively today.

Patterson and officials of the reorganized Feature Sports, Inc.—which promoted Monday night's "43 million" fight at Convention Hall—will leave Swedish Ingemar to history, despite his thrilling performance in his third title fight with Floyd.

Neither Floyd nor the FSI officials are the least interested in the loud debate over whether it was a "short count" or a "rabbit punch" that caused Ingemar to be in turn floored twice for a knockout at 2:45 of the sixth round. They know that another fight with Johansson would not sell.

The FSI officials have practically wrapped up the fight for Philadelphia's Municipal Stadium and will announce it just as soon as a group of reputable New York businessmen buy the contract of Philadelphia's Sonny, the world's top contender in all rankings.

Patterson and manager Gus D'Amato have insisted that Sonny's questionable ownership

give way to new purchasers. And the ownership will be changed soon, it was learned.

Brown-haired, dimpled Ingemar who out weighed Floyd 206 1/2 pounds to 194 1/2—made a thrilling bid in the first round to become the second man ever to win back the heavy weight title. But it wasn't enough, and he wound up with a gashed right brow and a badly swollen left eye and with referee Bill Regan counting him out. It was the second time in their three title fights that Ingemar had been knocked out by Patterson, first man to recapture the title.

Ingemar floored Patterson twice in the first round with his "Goteborg Thunderbolt" of a right fist. Each time Floyd bounced up at the count of one and took the mandatory eight count—used for the first time in a heavyweight title fight.

Patterson rallied quickly to drop Ingemar with a left hook to the face for a count of two on the canvas and the rest of the eight-count on his feet.

After interesting competition in the next four rounds, in which the champion had a distinct edge, Johansson attacked desperately in the sixth round and had Floyd backing away—"while I adjust-

ed myself" he explained. Then suddenly Floyd landed two solid left jabs that drove the ex-champion sideways. Then he hit on the left side of the head with a straight right that sent him backwards and sideways to the canvas. Ingemar tried to rise at the count of eight and almost made it—but not quite.

When the referee waved his arms to signify the knockout, the crowd—estimated at 15,000—booed him because it thought he had given Ingemar a short count.

However, neither the Swedish ex-champion; nor Edwin Ahlquist, his Swedish advisor; nor Nils Blomquist, his Swedish trainer; nor Whitey Bimstein, his American trainer, protested the count. But both Ahlquist and Bimstein did protest that the blow which felled the 28-year-old challenger was a "rabbit punch" delivered to the back of the head and neck. Ingemar said he didn't remember what kind of a punch it was "but it hurt."

It was only the second defeat for Johansson in his 24 professional fights. And both defeats were inflicted by Floyd, who had knocked him out in the fifth round of their second fight last June 20 with left hooks. Just a year before that, Johansson had floored Floyd

seven times for a technical kayo in the third round.

In addition to Patterson's two knockdown trips to the floor Monday night, he slipped to the canvas once in the third while evading Ingemar's blows. Floyd suffered a cut on his left brow in the third session.

No official figures were announced for the fight but Feature Sports estimated the crowd at 15,000 and the gate at more than \$500,000.

Irving B. Kahn, closed-circuit TV tycoon and president of Teleprompter Corporation, estimated that the total receipts for closed-circuit showings of the fight at 207 theatres and other locations in the United States and Canada would be at least \$2,400,000.

In addition, he said the money already guaranteed the promotion and Teleprompter from movies, radio, and foreign radio and films would approximate \$700,000.

"Those figures plus the gate," he said, "should make the fight a \$3,500,000 record-maker. And Floyd and Ingemar should get between \$700,000 and \$1,000,000 each for their purses."

The \$500,000 gate beat the old Florida state record of \$395,369 established by the Jack Sharkey-Young Stripling non-title bout at Miami in 1929.

RATED AS one of the top five favorites entered for the 200-mile AMA national championship motorcycle race at Daytona Beach Sunday, will be Carroll Resweber of Cadarburg, Wis., who has won the AMA national championship for three consecutive years. Although never a winner at Daytona over the old beach-road course, Resweber is hopeful of a better showing over the new two mile course at Daytona International Speedway, where the 100-mile amateur race will be staged Saturday and the 200-mile expert classic is set for Sunday.

Lyman Sets Baseball Opener Against Apopka

A 20-game Lyman High School baseball schedule for this year was announced today by the school's athletic department.

The season opener will be Mar. 14 against Apopka at home. Following is the remainder of the schedule: Mar. 17, Kissimmee; Mar. 18, New Smyrna; Mar. 21, Pierson; Mar. 24, Ocoee; Mar. 26, Evans; Mar. 28, Ocoee; Mar. 30, Oviedo.

April 4, Titusville; April 17, Evans; April 11, Oviedo; April 14, Titusville; April 15, Pierson; April 18, New Smyrna; April 21, Bishop Moore; April 25, Bishop Moore; April 28, New Smyrna; April 29, Oak Ridge.

May 2, Kissimmee; May 5, Apopka.

The sub-group tourney will begin May 11 with the group tourney May 18.

Coaches Jim Payne and Frank Gore have been giving their prospective team thorough workouts

and are confident that this team will be hard to beat. Last year, Greyhounds finished with a 13-4 record.

Leilani Pacing Bowlerette Play

Team standing in the Jet Bowlerettes finds the House of Leilani way out in front with a total of 71 games won.

Far down the line in second place is Mary Esther's with 56 1/2 followed in close order by Sweeney's, 53 1/2; Nellis 53; House of Rahlja 48; Howes 47 1/2 and Duke Duchesne 47.

Bringing up the rear is Ivey's with 37 1/2 Yowell's 35 and Lovely Lady with a total of 31 games won.

Only three games remain in the season, with a summer league expected to be formed in the near future.

Several Jet Bowlerettes team members who took part in the State Tournament in Jacksonville recently, made a good showing for their team.

Golf Pros Club To Be Formed

Plans are being made to form a new Central Florida Golf Pros Club of all professional golfers and assistants. Pros within a 65 mile radius of Orlando have been invited to join the group.

The first organizational meeting will be held at the Mayfair Country Club on March 24 at 9 a.m. in the clubhouse. Rudy Goff said. At this time officers will be elected and other important matters will be discussed.

After the business meeting two tournaments will be played, the first to be a pro game and the second to be a pro-pro match.

Oviedo Girl Cagers Topple Slavia

By MARIAN R. JONES
An outstanding evening of basketball was played at Oviedo High Gym last Saturday pitting Oviedo and Slavia Junior High girls in the preliminary, the Oviedo Cubs and Slavia Crawlers in the second and Oviedo and Slavia Junior High boys in the final game.

Oviedo girls, for the second time, came out on top, 16-7, with high scores Marilyn Partin and Sharon Darity taking six points each. High for Slavia was Joyce Bellhorn with four points. Suzanne Partin and Sandra Bellhorn did the refereeing.

Oviedo girls playing were Judy Powers, Mary Willis, Joy Walright, Marilyn Partin, Nancy Swenson, Sharon Darity, Bonnie Hoke, Diana Brewington, Dorothy Bufford, Jan Beasley, and Linda Packard.

Playing for Slavia were Joyce Bellhorn, Lu Murphy, Jane Brown, Martha and Sandy Mikler, Susan Duda, Geraldine Elliott, Cathy Rook, Lynn Eustice, Charlotte Hyman and Barbara Koziak.

Coaches were Mrs. E. L. Bellhorn and Mrs. Merritt Staley. The highlight in court play came with "the fight to the finish" between the Oviedo Cubs and St. Luke's Crawlers.

Cubs, Oviedo Women's Club members and Crawlers, St. Luke's Lutheran Guild members, were sponsors of this spectacular event.

Mrs. William B. West coached for the Cubs and Mrs. E. L. Bellhorn for the Crawlers. Mrs. Marguerite Partin, Oviedo High Girls coach and Mrs. Nell DeShazo, also a teacher, were

"hard boiled" referees, "calling 'em close."

The game was nip and tuck, 6-6 first quarter, 12-12 at the half, 20-20 third quarter and final quarter showed the Crawlers crawling ahead two points to make the finishing tally, 28-26.

Players on the Cubs' team included Lillian Jackson, Hope Shull, Shirley Slayton, Justina Beasley, Dot Patterson, Bernice Kelsey, June Fleming, Pat Jackson and Shirley Beasley. Shirley Beasley was high with 10 points. Shirley Slayton served as captain.

For the Crawlers were Katie Duda, Barbara Koerner, Betty Duda, Billie Jo Lukas, Hildegarde Johnson, Gertrude Lukas, Jimmie Jakubiec, Virginia Bellhorn, Joan and Jackie Jakubiec, Marian Fabry and Kathryn Duda. Joan and Jackie were co-

Hoard, Martin Cop Kart City Races

Winners of the races held at Kart City for the Seminole-DeBary Heart Fund Benefit were Wiley F. Hoard Jr. in the Senior class and Bobby Martin in the Junior class.

Other contestants in the junior division were Roy Phillips, Louis Allemen, and Elmer Smith. In the senior division the racers were Donald Arwood, Doug Hill, Howard Kirk, Joyce Long and Charles C. Fiddle.

Winners were presented with trophies by the Kart City management and all proceeds were contributed to the Heart Fund.

captains and Kathryn Duda, with eight points and Betty Duda, with six were high scorers.

Cheering to spur on the Crawlers were Mrs. Charles Pula, Mrs. Walter Duda, Mrs. J. D. Colbert and Mrs. Joe L. Mikler.

Championing the Cubs were Kathy Staley, Mary Jane Kelsey, Sharon Parker, Kim Ellis, Angela Ray and Marcia Beasley. Closing game brought Oviedo Junior High boys out two points ahead of the Slavia boys with Joseph Duda and Harvey Joe Slayton refereeing.

Jimmy Courier was high scorer for Oviedo with 11 points and Slavia's Ted Bellhorn capped six for his team.

Slavia boys playing were Ted Bellhorn, Billy Mikler, Bobby Bellhorn, Bill Murphy, Tim Colbert, Arden Arndt, Charlie Beasley and Marvin Albritton.

Playing for Oviedo were Jimmy Courier, Ted Aulin, Marshall Lingo, Wayne Jacobs, Ronnie Howell, Rex Brooks, Walter Beasley, Tim Packard and Edward Jenson.

Jim Palmer coached Oviedo and Stephen R. Sidlik, a Slavia teacher, coached these boys. A special feature for Saturday's play was the press box—an ironing board and stools, miniature electric fans atop each box indicating the "presses" for all area reporters. Newspapers covering the big evening were The Lion's Tale, The Orlando Sentinel and the Sanford Herald.

Sponsors of the event were happy to report a packed house. Gate receipts will be split by the two clubs with the Oviedo profits going toward a Club Building for which opening construction is set in the very near future.

Whitehead's Racers Seen Sure Bet To Take SOKC Championship

With only 16 more nights of greyhound racing at the Sanford-Orlando Kennel Club, Fred Whitehead's dogs seem to be a

cinch to win the track championship and score more than 100 victories in the process.

Foulk Wins Medalist Play

Jennie Foulk was medalist, with an 88 in last weeks play for the championship of the Sanford Women's Golf Assn., held at the Mayfair Country Club and sponsored by the Sanford Atlantic National Bank.

It was a very close race for low net between Suzy Dickey and Mary Horenstein right down to the last hole, with the final winner being Mary Horenstein.

Low putts were won by Dossie deGahan and she will receive a prize presented by Jennie Foulk. Pairings for the tournament are posted at the Mayfair Country Club with the first round to be played through March 15, the second round through March 19, third round through March 22 and the finals are to be played through March 26.

Each contestant is responsible for play of matches in which she is involved. Further information regarding the tournament may be obtained from Crella Higginbotham.

The heart's job is to keep just the right amount of blood flowing to all parts of the body.

Through last week's races, Whitehead's runners had accounted for 85 victories, 17 more than the outfit in second place, Jack Herold's Kennels. In third place with 55 triumphs was the Hobby Flour Ranch Kennels with 55 victories followed closely by Carl Tracy's sprinters with 54 wins.

In tonight's main event Tracy's Wayne Roberts looms as the dog to beat. His impressive record of 14 in-the-money finishes out of 18 starts is hard to match.

Several other greyhounds in the featured ninth, however, have slates almost as good. Cindy Nan has four wins. Turnaround has four. Accomplished has five. Now Pauline has five. Leavitt has five. Gay L. has five and Visalia has four.

'A Day We Saw Hell,' Nuns Report On Congo Ravages

LEOPOLDVILLE, The Congo (UPI)—"There was a day when we saw hell."
This was the way a pale Roman Catholic nun described the days and nights of terror at the hands of savage Congolese soldiers in Kivu Province following the murder of ex-Premier Patrice Lumumba.
The nun, one of a group of nine who fell into the hands of Lumumbist soldiers at Kasongo on Feb. 14, gave a detailed report of their sufferings.
She said the soldiers threw them in a truck like cattle and herded them off to prison.
"In the courtyard of the prison they tore away our veils and we had to take off our shoes and stockings and

hand in everything we had in our pockets," she said.
"They made us dance on gravel and stones, singing Lumumba songs. Then we were forced to dance with each other receiving kicks and slaps at every turn. Finally, we had to dance with Africans."
The report said for 24 hours afterward the nuns were locked in a large room with three soldiers.
"There, our real suffering began," the nun related.
"We had to lie down on the floor, where the soldiers—real monsters—made us take off all our clothes."
"We resisted as much as we could and struck them. Then, they tore off everything. They did not rape us, but did with our poor bodies things so disgusting we dare not say them and even less write them."

The account said seven other nuns and two white women were put in the same room with them that night.
The nuns said the soldiers came to rape them, but the first nun they took recognized one and cried, "you are a Christian. I recognize you. I am going to denounce you if you dare touch one of us."
The soldiers then took the two other women and they had to suffer in the place of the nuns.
"They were taken away and raped all night," the report said.
The next morning the 40 missionaries and nuns, along with the two raped women and 12 or 13 other civilians, were released.

The U. S. Air Force today proceeded with plans to fly the first tough Gurkha warriors from India into the Congo over the bitter protests of Congolese President Joseph Kasavubu.
The Gurkhas, scheduled to arrive Thursday, are the vanguard of 4,700 combat-ready Indian troops ordered into the Congo by the United Nations Security Council to carry out military action against rampaging Congolese soldiers, if necessary.
Kasavubu, president of the newly formed federation of Congo states, charged Tuesday night that the UN's decision to send Indian troops reinforcements constituted "unacceptable interference" in the Congo's internal affairs.

Chairman Urges Unified Effort On Road Requests

County Commission Chairman J. C. Hutchison issued a plea today for the City Commission and Chamber Commerce to get behind the county in its road program "instead of working at odds and causing disunion."

Hutchison made the comment on the city's action Monday night authorizing its attorney to draw up a resolution urging State Board member Max Brewer to expedite plans and make available the necessary funds on the W. First St. widening project.

The City Commission also read a letter Monday from Chamber of Commerce manager John Krider urging action to get Brewer to give a commitment for the project.

Hutchison said "it is the county's responsibility to handle roads—not the city's or John Krider's. Our road program would be in better shape if they would get behind us instead of working at odds," he emphasized.

Hutchison also explained that Brewer assured the County Commission at the budget hearing Mar. 9 that the contract on W. First St. would be let within the next three months.

"We felt that project was in the bag and that the state was getting ready to build that road. With that assurance, we didn't see why we should put that in the primary projects," Hutchison said.

"As a matter of fact," the chairman stressed, "our resolution to the SRD reads that the county asks the SRD to complete all previous projects in the \$1 million bond issue which was adopted by the previous board."

"We already have the assurance of the Molnar Ave. project," Hutchison added.

Krider said today that "I have no desire to enter into any controversy with the county or any governmental body. The only interest I have is to see that this most vital road is built."

"I feel we must have assurances from somebody that W. First St. will be the first primary road let in Seminole County."

Krider said that two past members of the road board had made promises that this road would be started and gave actual dates when the project would be let, but "so far these commitments have not been carried out."

New City Water Well Work Starts

A new city water well to help prevent a critical water shortage is being dug today on the present well field site off Hwy. 17-92, Engineer Bill Bush said.

The new well, which is expected to be completed in about 30 days, will pump 600 additional gallons of water per minute into the city's well field.

The work is being done by the Central Florida Well Drillers Co. and supervised by the Sanford engineering firm of Lefler and Bush.

Bush reported also that an exploratory well has been started on the western edge of the golf course to try and locate a new source of water for the city. Bush said that this well will be one of a series of test wells to be dug.

The city authorized the test well drilling last year under a 30-year water improvement program.

TROUBLES OF HIS OWN
—Rayno Davis is led in handcuffs from court in Fort Pierce where he testified at the trial of former Judge Joseph Peel. Davis is being held on a robbery charge in same jail as Peel.

Tape Confession Studied By Judge

FORT PIERCE, Fla. (UPI)—Jurors played a tape recording while principals in the chilling murder case huddled around a tape recorder listening to ex-convict Floyd Lucky Holzapel's long-playing confession to the crime.

Judge D. C. Smith said it would probably be Friday before the murder trial of Joseph A. Peel Jr. resumes in the St. Lucie County courthouse. But he did not rule out the possibility that surprise witnesses could be called at anytime, as was the case Tuesday.

Smith, Peel, Holzapel and defense and prosecution attorneys are listening to 70 hours of the Holzapel's taped confession, in which he names Peel as his employer in the June 15, 1955, murders of West Palm Beach Circuit Judge and Mrs. Chillingworth.

The confession was recorded last fall by Florida Sheriff's Bureau investigators in a Melbourne, Fla., motel room adjoining one where Holzapel was staging a four-day drinking bout with two "friends" actually undercover agents for the state.

Tuesday Prosecutor Phil O'Connell succeeded in temporarily ending the adjournment and bringing to the stand off-jailed Robert E. Johnson of Greensboro, N. C. Johnson testified that Peel, 37, tried to get him to poison Holzapel while all three men were in jail at West Palm Beach.

Carlton Welch, defense counsel, immediately charged that Johnson was a "wine-o" whose testimony should be disregarded by the jury. Johnson, who was a trustee at the jail, said:

"He (Peel) said if he could kill Floyd Holzapel, he could beat the Chillingworth murder charge. He said if he got rid of Holzapel, Holzapel wouldn't testify against him."

New Art Exhibit Now On Display

A new one-member show has been put on display by the Sanford Art Assn. in the Senhark show room on Magnolia Ave.

The works of Mrs. Thelma Sikes are on exhibit for two weeks. A teacher in the county school system, Mrs. Sikes also is a member of the Sanford association and Florida Federation of Art and is one of the pupils of artist Hal Melanosh.

News Briefs

Milk Board Meet

TALLAHASSEE (UPI)—The Florida Milk Commission will hold its next monthly meeting at the Cherry Plaza Hotel in Orlando March 21 at 9 a. m. Administrator Howard Walton said today.

Negro Settlement

NEW YORK (UPI)—A three-man commission left for Liberia Tuesday night to buy 5,000 acres of land for settlement and development by American Negroes. The group also purchased 400 acres of land in Fayette County, Tenn., for the resettlement of Negro families who have been "dispossessed" and are living in tents.

City Gets Boost

TALLAHASSEE (UPI)—The Trustees of the Internal Improvement Fund gave the city of West Palm Beach about 17 acres of submerged land in Lake Worth Tuesday as a site for a \$1.4 million auditorium. The trustees, before making the grant, removed from the parcel some property next to land owned by John Beach, who opposed the move.

Planning Withdrawal

WASHINGTON (UPI)—South Africa disclosed tonight it will withdraw from the British commonwealth when it becomes a republic on May 31. South African Prime Minister Hendrik Verwoerd told the other commonwealth prime ministers meeting here that he had withdrawn his application for continued membership because of criticism of his country's racial policies.

Folds To Appeal

TALLAHASSEE (UPI)—Milton W. Folds, a community planner fired by State Development Chairman Wendell Jarrard, indicated today he planned to appeal his dismissal to the State Merit System Council. Jarrard said Folds was fired from his \$8,000 a year job because "he did not choose to be compatible with our program." He did not specify how Folds, a commission planner for the last three years, was incompatible.

Promise To Farmers

WASHINGTON (UPI)—President Kennedy told the National Farmers Union today he will ask Congress for legislation to carry out his campaign promise to help farmers achieve an equal income status with city dwellers. Kennedy, in a letter to the farm organization's national convention here, added that his administration would need the group's support "in our continuing effort to help the farmer achieve parity of income."

2 More Crash Victims Found

JACKSONVILLE (UPI)—A Navy helicopter pilot, searching the waters of Lake George Tuesday, spotted the bodies of two more of the eight airmen who died last Thursday when their Navy bomber crashed into the lake.

The Navy withheld the identification of the latest victims until next of kin was notified.

Five other bodies were recovered earlier. Another body is still missing.

Safety Meeting Open To Public

A safety meeting of Home Demonstration Club members has been announced for Thursday beginning at 10:30 a. m.

Miss Myrtle Wilson announced today that the meeting is open to the public and that four-lane driving, clover-leaf driving, signs and left turns will be discussed by a Florida Highway Patrol officer.

Furor Mounts On School Aid

WASHINGTON (UPI)—President Kennedy expressed hope today that controversy over aid to parochial schools would not be permitted to fuel religious prejudice and thus undermine the strength of the nation.
The President said that once Congress passes on his program of federal aid to public secondary schools, his administration would be happy to cooperate in the study of assistance in the form of loans to non-public schools.

Against a background of mounting furor over his stand that federal aid to parochial and private schools is unconstitutional, the president—a Catholic—said:
"I am hopeful that when the smoke is cleared, there will continue to be harmony among the various religious groups of the country."
Kennedy told a news conference that this particular situation went far beyond the question of education itself and involved an important ingredient of national strength.

He said he hoped that the school discussion in and out of Congress could be conducted in such a way to maintain the strength of the country, and not divide the nation along lines of religious allegiance.
The administration bill calls for aid to public schools only, providing money for building construction and teachers salaries. Kennedy, a Catholic, has opposed federal grants to parochial and private schools on grounds that it is unconstitutional.

Other highlights of the president's seventh news conference: He opposed the idea of an artificially shortened work week backed by some labor unions. He said the American productive effort for the foreseeable future should be based on the 40-hour, five-day week.
He said the United States will be ready to proceed with general disarmament negotiations by no later than August.

The armed services have been instructed to provide a greater percentage of defense contracts for small business, not only in production of military hardware and supplies, but in research and development.
Kennedy said the Export-Import Bank will authorize \$25 million in credit for Israel to purchase agricultural machinery and electrical power equipment to help speed the development of the Israeli economy.

Senate Prepares To Give Approval On Depressed Areas

WASHINGTON (UPI)—The Senate was set today to pass its fourth depressed areas bill in five years—only this one was expected to win presidential approval.

The \$394 million measure was the subject of lively debate Tuesday over amendments which brought several biting partisan exchanges. Additional amendments were to be offered today before the final vote.

The bill is the keystone of President Kennedy's program to help areas which have suffered long periods of high unemployment because of unfavorable local economic conditions.

Former President Dwight D. Eisenhower twice vetoed similar bills and created a hot political issue in such states as West Virginia and Pennsylvania.

The Senate amended the pending bill to require that the program be administered by the Commerce Department, but turned down a proposal that would have given Congress control of the financing. The measure also was changed from a permanent to a four-year program.

It was the disagreement over financing that fueled the partisan warfare in the Senate.

Director Resigns Recreation Post

City Recreation and Parks Director Ronald Perry resigned Tuesday to take another job after the City Commission said it could not give him a raise in pay.

In a letter to City Manager W. E. Knowles, Perry asked that his resignation be effective April 15.

Monday night Knowles told the City Commission that Perry had been offered a higher paying job and suggested to the board that the recreation director be given a higher classification and pay boost.

The commissioners said they felt they could not afford any increase in wages in the recreation department's budget.

In his letter to Knowles, Perry said, "I have been offered a position with the National Pool Equipment Co. of Florence, Ala., and I feel it best that I accept."

Commissioner J. H. Crapps, one of the commissioners who said Monday that he felt the city couldn't afford any payroll increases in the recreation department, explained today a remark attributed to him at the meeting.

"The statement that I said 'I can't see paying a man \$7,000 a year to teach kids to twirl a baton' was merely a figure of speech and not intended to belittle the work of the recreation department," Crapps said.

SUPERIOR RATINGS were won in the District Four Glee Club Contest at Daytona Beach by these Seminole High School Choralist soloists. From left are Sandy Richards, piano, and Patty Johnson, Suzanne Jones, George Cameron and Bill Johnson, all vocal soloists.

MIXED ENSEMBLE NO. 1 also got superior rating in district along with Choralists, and Boys and Girls Glee Clubs. Ensemble members shown are, from left, Wayne Evans, Tommy Brown, Phyllis McDaniels, Deanna Nichols and Billy Johnson. The superior winners will compete in the state contest at Daytona April 28.

County Code Proposal Support Urged

Commissioner James P. Avery, who represented Seminole County at the State Assn. of County Commissioners meeting Tuesday said he would ask the commission next Tuesday to endorse the proposed county code legislation "100 percent."

Avery said that proposal is the first step since the state constitution to put the government back in the hands of the people.

The association threw its weight behind the proposed law designed to eliminate hundreds of local bills considered by the legislature.

The code, designed as a step toward home rule, was made the No. 1 objective of the commissioners organization in the 1961 legislature, Avery said.

The code writes into a single bill many of the powers which various counties now have individually through local acts.

The code would permit county commissioners to carry on many operations including drainage and water control without having to wait for the legislature to enact a local bill.

The Association ended its pre-legislative conference Tuesday by okaying a lien and recovery law which would allow the state to collect from the estates left by persons on welfare rolls.

The proposal drew hot debate. Commissioners J. Christie Hall of Leon County termed it "frightful, horrible" and Wilmet Edwards of Clay County said it was "dangerous."

Commissioners rejected a proposal to make it unlawful to start any road project until the right-of-way is in actual state ownership. But they urged that cities and counties be relieved from buying rights-of-way and approved a law separating primary and secondary road funds, to keep the Road Department from borrowing from the secondary fund to build primary roads.

Other proposals approved included reduction from two mills to one mill in the intangible tax on stocks and bonds, increased fees for tax collectors for selling automobile license tags, and collection of a tax on government and other exempt property when leased to private business.

Government Seeks Damages From Price Riggers

PHILADELPHIA (UPI)—The government seeks \$12 million in damages from heavy electrical equipment manufacturers involved in price fixing and bid rigging.

The Justice Department, acting in behalf of a number of government agencies, was joined by the Tennessee Valley Authority in filing suit Tuesday in U. S. district court. The suit named General Electric, Westinghouse, Allis-Chambers, and I-T-E Circuit breaker and the Federal Pacific Electric Co.

The damage suit involves \$25 million in government purchases of circuit breakers during the period 1951 to 1960 and is the first of several contemplated by the Justice Department and the TVA, Gen. Robert Kennedy said.

The defendants were among those which pleaded guilty or on defense to price fixing and bid rigging charges brought by the Justice Department in a previous anti-trust case.

The suit contended that the TVA, as a separate corporation, may sue for treble damages.

Justice Department officials had said the government was charged "roughly" 40 per cent more than the prices which would have prevailed under conditions of open competition.

New England Hit By Snow Flurries

By United Press International
Winter weather was confined to northern New England today where only snow flurries remained from a snowstorm that dropped three to four inches of new snow during a six-hour period Tuesday night.

Night-time temperature sank to 18 at Houlton, Maine, and 14 at Calhoun, Maine.

The storm earlier dumped up to 10 inches of snow on upper New York State and Connecticut and was accompanied in New England by strong southeasterly winds and high tides.

Farm Tractor Rams ACL Car

A farm tractor ran into an Atlantic Coast Line car on W. First St. early Tuesday afternoon and no injuries were reported, Sheriff's Office reported today.

Deputy J. Q. Galloway charged the driver of the tractor, Joe W. Williamson of 2115 Summerlin Ave., Sanford, with violation of right of way.

Damage to the tractor was estimated at \$100 and \$50 to the ACL car.

Castro Foes Set Off New Wave Of Bombings, Fires

HAVANA (UPI) — Foes of Premier Fidel Castro set fire to two government-seized Woolworth 10-cent stores Tuesday night and bombed two other nationalized retail centers in the biggest outbreak of anti-Castro sabotage in downtown Havana since New Year's.

The fires, apparently set by delayed-action phosphorus charges in top-floor warehouses at the two stores, started about 7 p. m. and burned until after midnight. Thick black smoke blanketed downtown Havana.

A fire department spokesman blamed both blazes on "sabotage." The Castro radio blamed it on "phosphorus sent by the Yankee imperialist Central Intel-

ligence Agency and placed by traitors bought by blood-stained Yankee gold."

A later broadcast blamed the flames on "McCarthyite (CIA Director) Allen Dulles."

While firemen were fighting the two blazes, about 20 blocks apart, bombs exploded outside the nationalized Sears store and the Precios Fijos department store, also government-owned.

Three persons—a fireman, a special policeman and a store employee—were injured fighting the fires. The bombs caused no reported casualties. Damage to the two buildings was extensive.

Plans Completed For Lions Fish Fry On Mar. 31

Plans were completed at the meeting of the Lions Club Tuesday to sponsor a fish fry, Mar. 31, beginning at 5:30 p. m. at the Auction Market on Hwy. 11-82, for the benefit of the Seminole High School Band.

Tickets, at \$1 each, can now be bought from any Lion or, any member of the band for all the fish, baked beans, cole slaw, rolls, tea or coffee you can eat.

Cecil Carlton is chairman of the benefit fish fry which is being held to raise funds for the band trip to Washington, D. C. in April, to participate in the Cherry Blossom Festival.

"Let's all get behind our fine band and help them raise the funds they need to make this trip," said Carlton. "Our band is one of only two in the entire state to receive this honor."

The regular Friday night auction will take place and those attending the fish fry will have an opportunity to make some money for themselves by bringing white elephant articles, or items that they no longer need or use, to be auctioned. The fish fry will continue as long as people want to eat.

There were 75 tickets sold at the kickoff luncheon to members of the Lion's Club and other interested persons.

House Okays Bill Restoring General's Rank To Eisenhower

WASHINGTON (UPI) — The House has passed with one dissenting vote a bill to restore former President Dwight D. Eisenhower to his former five-star general rank.

Democrats and Republicans praised Eisenhower for an hour Tuesday, and then it came time to vote.

Everybody agreed it was just a formality, but when it came to the congressman from

Tax Deadline Nears, Galloway Tells Owners

The last day on which taxpayers can pay 1960 taxes without penalty will be Mar. 31, John L. Galloway, tax collector, stated today.

Failure to pay taxes on or before that date he said, will result in a minimum penalty of three percent on real estate taxes and one percent on personal and intangible taxes. He also pointed out that the tax laws require the addition of a minimum penalty of three percent on real estate taxes and one percent on personal and intangible taxes. Livingston Rites Held Today

Funeral services were held at 3 p. m. today at the Seaboard Funeral Home, in Jacksonville, for Mrs. W. H. Livingston, mother of Mrs. Resel F. Robinson.

Mr. and Mrs. Robinson left for Jacksonville Saturday afternoon, when notified of the serious illness of Mrs. Livingston.

Little Rock to vote, he voted "no" loud and clear.

Rep. Dale Alford, (D-Ark.) refused to pay tribute to the former president because Eisenhower sent troops to Little Rock in the 1957 integration crisis, the issue which put Alford in Congress.

The House vote sent the bill to the White House for the signature of President Kennedy, who had requested it. It had already been passed by the Senate.

League's Program Questioned By City

A 10 point program of legislation endorsed by the Florida League of Municipalities failed to gain the wide-hearted support of the City Commission Monday night.

The league had endorsed a program to raise more revenue for cities and a constitutional amendment to give metropolitan areas more "home rule."

The commission refused to go along with raising the cigar tax from five to six cents and extend it to cover all tobacco products; voted against an additional \$5 auto license fee to provide road building money for the counties and cities; voted against relocation of utilities on state highways being assumed as a cost of road construction.

The only items the board thought merited approval was a study of a general annexation law throughout the state; opposing any legislation to tax municipal property or income and a unified effort, of city and county to provide better drainage and water control.

Air Force Orders \$1 Billion Jet Fleet

WASHINGTON (UPI) — The Air Force went into high gear today with plans to build a \$1 billion fleet of jet transports that will be able to deliver a substantial military force to any point in the world in less than a day's time.

With final approval Monday from President Kennedy, who long has thought the nation's military aircraft inadequate, the Air Force directed Lockheed Aircraft Corp. to get started on the first of a planned 100 gigantic troop and cargo planes.

First of the new planes, so far named only CX1, is scheduled to enter service in about four years. It will be designed and built at Lockheed's Marietta, Ga., plant.

The Eisenhower administration laid the groundwork for the new plane development last year when it asked Congress for \$60 million for a start.

Business Briefs

Jack Benton and Ray Winfree, salesmen with Strickland Morrison Co., Sanford, will be presented Ford Motor Company's 300-300 Club Award at a banquet honoring Ford dealership car and truck salesmen of 1960 in the Jacksonville Ford sales district.

Walter J. Oben, manager of the Jacksonville sales district, said 300-300 Club membership awards are presented for excellent retail sales performance. The Ford 300-300 Club was founded in 1959 to recognize the performance of outstanding Ford salesmen throughout the country.

Oben added that the average 300-300 Club member sold nearly \$600,000 worth of automotive merchandise in qualifying for the national honors. The Jacksonville Ford sales district includes approximately 100 dealerships throughout all of Florida and South Georgia.

Harry Echelberger of Sanford has returned from Orlando after a two-day sales conference which marks the introduction of complete insurance offered by Investors Syndicate Life Insurance and Annuity Company throughout the state of Florida.

Echelberger, now manager in Seminole County has received his license to sell Investors Syndicate Life Insurance in this area.

Goldberg Charges Ike 'Swept Problems Under The Rug'

MINNEAPOLIS, Minn. (UPI)—Labor Secretary Arthur Goldberg carried his unemployment inspection tour into Minnesota today for talks with state officials and money-pinched miners.

Goldberg planned to follow up his swing through iron mining country north of Duluth by conferring with Sen. Hubert Humphrey, (D-Minn.), and officials here before his return to Washington tonight.

He left behind him in Wisconsin a charge that the Eisenhower

administration swept economic problems "under the rug" and a bitter employers' group who said the secretary ignored them.

Lester Brann, spokesman for the Milwaukee Association of Commerce, said he thought he was on the invitation list for Goldberg's meeting with the Milwaukee Common Council Tuesday, but "we never heard from anybody."

"It looks as if only the labor side was presented and it appears that's all they wanted," Brann said.

In his address to the Common Council, Goldberg accused the Eisenhower administration of adding the nation with an economic crisis, and urged bipartisan support for President Kennedy's efforts to relieve it.

He pledged that the Kennedy administration would "recommend whatever programs are needed to meet the individual need and restore the economic health of the United States."

Goldberg said the GOP administration "should have done something about the economic situation

and not swept it under the rug. "They should have come out with the facts and shared them with the public. Unemployment is a national problem in the United States, and being a national problem we must deal with it in a national way."

Residents Organize In Precinct 12

Residents of Seminole County Precinct 12 met at the C. F. Fields Realty office in Forest City for betterment and growth of the community through economic, political and spiritual morality.

Those attending decided to draw up a rough outline of charter proposals for presentation to all residents of the precinct. Organization will be on a non-profit basis.

The next session will be held at the home of William D. McGinnis on Forest Drive, next Monday at 8 p.m.

Council Discusses Sewerage, Drainage

By ATLANTA MCGINNIS

Measures for control of water sewerage and drainage from Altamonte Springs streets were discussed at the Town Council meeting Monday in Town Hall.

Residents were advised that two new shutoff courts are to be installed at the Town Park and that the old one will get a repaving job.

Council voted to investigate the

soning of 25 acres owned by the Winter Park Telephone Co. to determine whether or not the entire acreage is zoned commercial.

Wildlife Film Shown At Club

Jim Reed, Education and Information officer for the Florida Fish and Wildlife Commission presented the program for the Lions Club meeting Tuesday. He was introduced by Harry Hervish, Central Florida Conservation officer.

A film strip, entitled, "Gunning the Flyways," an interesting picture of duck and goose hunting from Canada to Florida was shown to the club.

cial. If not, council immediately will take steps to bring all of the property under the commercial listing and also to secure railroad rights of way through the acreage.

A request from representatives of the Civic and Garden Clubs for funds with which to replace broken dishes in the Community House was declined.

Douglas Scott appeared before the board to request that a "Cat Motel" on Maitland Ave. be investigated. Scott said that additional animals are being accepted when the original permit called only for the housing of cats.

Dr. Paul Schaller informed the board that he will present a petition for abandonment of a portion of Adelaide Blvd. at the April meeting.

It's Been A Pleasure!

Two men who have served the people of Sanford for 40 years each in a kindly and effective manner said Monday "it's been a pleasure."

And rarely in the annals of public service will anyone find two men who meant that more sincerely than Fire Chief Mack Cleveland Sr. and Police Chief Roy Williams.

They were officially recognized by the City Commission Monday for their long tenures in their departments. The city applauded them for "devotion to duty and efficient service."

We add our thanks to this official recognition of service to the people. Their jobs aren't easy and we're glad that they have found some measure of pleasure in tending to them all these years.

WORRY CLINIC by Dr. G. W. Crane

If a person can't tell an interesting story and build up dramatic suspense to a hair-raising climax, then he can't write a salable story or novel.

And if an artist can't pass the camera test outlined below, don't waste further time on his sketches in art school.

CASE H-43: Morgan D., aged 34, is manager of a book company that publishes illustrated volumes of Bible stories.

"Dr. Crane, we have over 50 full page color plates in that volume," he remarked, as I was thumbing through one of the books on his display counter.

"Besides, we have hundreds of pen sketches along the margin or at the bottom of the pages.

"The artist spent ten years getting the exact details so they would be historically accurate.

"Don't you think this is a very wonderful book for children?"

Please notice the effort and energy spent in trying to get the costumes or furniture technically accurate, to fit the age in which the characters lived.

The artist is to be commended for such diligence in minor details.

But the book lacked suspense and dramatic conflict. The artist had not placed the characters in interesting situations.

For example, one color plate of an old man, showed him standing just looking at the cloudless sky.

That was all. A motionless, unfamiliar old man! The human interest value was almost all!

Why wasn't a lion shown stalking the man, or a snake hissing at him?

That artist wasn't wise to apply psychology. He didn't realize that a cartoon sketch with comic dramatic or suspense value, is far more intriguing than a costly color plate on which he spent ten years of research to depict the needcraft or picturesque details of the scene.

Many artists are like the typical college professor today. They get lost in uninteresting details, failing to realize that the public reacts with snap judgments to the total effect.

What child cares, for example,

whether Samson was dressed in a Roman tunic or a Jewish Shepherd's garb?

Besides, modern Americans can't recognize either, so what's the difference?

But children do know that Samson wrestled a lion with his bare hands and tore its jaws apart. There's the human interest scene to depict!

Many artists and professors are so myopic as regards applied psychology that they'll muff their golden opportunity to interest and further motivate children favorably.

Instead they boast of maybe 10 years of exhaustive research on a hemistich or sonnet, when the children think "So What!"

We have hundreds of technically trained artists and thousands of professors of English composition in this country, yet few of either group can sell anything, for they don't understand people!

They waste their time on hemistichs instead of selecting truly major conflicts. Or, as English professors, they quibble over split infinitives, but don't see the love and strife and self sacrifice in human lives.

Your children and mine don't get much of a thrill viewing static scenes, such as Hebekeh posing with a brown water jar on her head.

Why isn't she depicted as swept off her feet and melting in the impassioned embrace of Isaac?

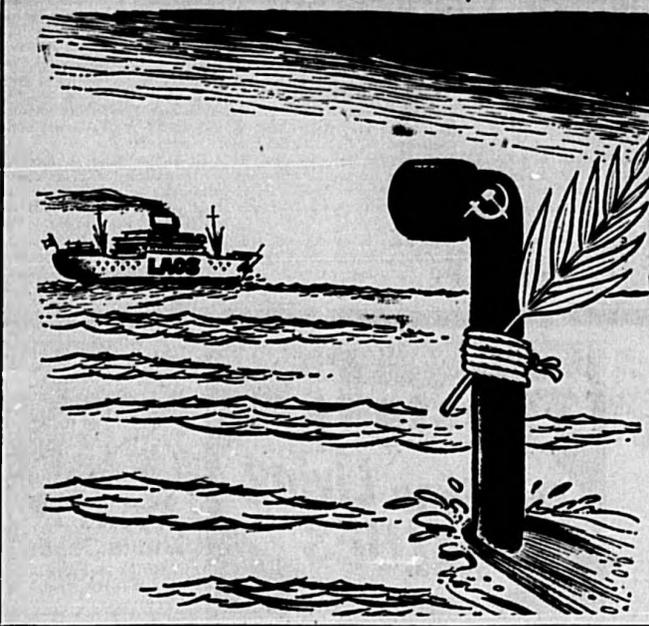

Kisses are far more intriguing than clay pottery. Who cares for a water jar on a woman's head, unless a bumblebee is buzzing around the latter and threatening some excitement?

To pick a great artist, send him forth with a camera. See if he can bring home photographs of general human interest.

If not, he can't paint pictures of human interest, either, for rich hues can't take the place of dramatic conflict and suspense.

Send 20 cents and a stamped return envelope for my bulletin on "Psychology of Advertising and Selling." It shows the same psychological methods that Michelangelo also used to gain the spotlight and sell his product.

Arms Delivery—Live Torpedoes

POLITICAL NOTEBOOK

By Peter Edson

WASHINGTON—(NEA)—Efforts to beat down the U. S. foreign aid program are going full tilt while the Kennedy administration is still trying to decide what its future policy shall be.

Principal argument of the groups against foreign aid is that the United States can't afford to send more billions overseas while the U. S. balance of payments situation is so precarious and the U. S. domestic economy is so disturbed.

This argument has a strong appeal to businessmen feeling the pinch of recession, to the unemployed and to Congressmen whose principal interest is cutting any and all government expenses, particularly abroad.

Henry R. Labouisse Jr. has only recently been confirmed and sworn in as new director of the U. S. International Cooperation Administration which administers foreign aid. He has been, however, working with White House and State Department officials on details of a new program to be sent Congress later in the year.

Its broad outlines were sketched in President Kennedy's State of the Union message. He called then for central policy direction of all U. S. foreign aid programs "that now so often overlap, conflict and diffuse our energies."

Since the Marshall Plan was set up there have been four such organizations. First it was Eco-

nomic Co-operation Administration, then Mutual Security Administration, then Foreign Operations Administration and now International Co-operation Administration.

By whatever name they call it next—thereby further confusing countries receiving aid—what is being sought now is a tour-around that will head the programs in new directions. No policy has been agreed on yet.

But in his State of the Union message the President said he would ask Congress for authority to establish a new and more effective program to assist the economic, educational and social development of other countries and continents—a new emphasis.

He did not mention the military aid programs, though it would be wrong to assume from this they will be left out.

This year about \$2.4 billion are appropriated for military aid and defense support activities, with \$1.1 billion for scattered economic assistance and relief programs.

This aid is now being administered—as someone has described it—a good bit like assistance to the New York, New Haven and Hartford railroad. This is to keep it from bankruptcy. About all such aid does is buy time. This is often expensive, as has been proved in places like Korea and Nationalist China.

The kind of aid administered frequently determines the kind of government the receiving countries get. If a lot of military aid is given, a general emerges as head of government, as in Pakistan or Turkey. This may not promote democracy and economic growth.

To get the U. S. foreign aid program out of this rut of just keeping the recipient countries from going bankrupt, it is now proposed that more U. S. foreign aid be matched by native capital for investment in new enterprises and economic development.

America can't furnish all the capital needed forever.

One other requisite of President Kennedy's is that larger contributions must be made by America's allies for aid to the new and less developed countries.

A start in this direction has been made by West Germany's recent agreement to finance a foreign aid program of its own. But the German parliament must first ratify this and appropriate money for it. German funds may therefore not become available before next January.

It is conceded that the German contribution to international foreign aid may be large. But first reports that this would be a billion dollars a year are now said to be exaggerated. The size of the German contribution may be determined by contributions made by other foreign countries.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: There is a girl who works in a restaurant who refuses to have any kind of date with me. She is not married (I have checked) and has no steady boy friend. I have had other people intercede on my behalf and I have asked her myself several times, but she always turns me down with some excuse.

Don't tell me to forget her and find another girl because she is the only girl who really appeals to me. I think about her all the time. I have written letters to her and have sent her presents, but she sends them back. How can I get a date with her?
WON'T GIVE UP

DEAR WONT: Quit forcing your attentions on the girl before she asks someone to intercede on HER behalf. It is apparent that she is not interested in dating you. Look elsewhere.

DEAR ABBY: My girl friend has lost my ring. It was solid gold and I got it for my Bar Mitzvah. I am afraid my mother will slaughter me when she finds out because she doesn't even know I let this girl wear it. Please tell me what to do.
SCARED

DEAR SCARED: Perhaps it was insured, in which case you are in luck. Feas up and take your punishment like the man you are supposed to be.

DEAR ABBY: My father was a brilliant business executive who married a beautiful bird-brained woman who "yes-sed" him all his life and made him feel like a big man.

I am their 6-foot son who inherited his mother's looks and, unfortunately, her brains. I do not have college level mentality and my father is crucifying me because I can't get into a good college and follow in his royal footsteps.

Please tell college boys not to pick the cute little bird-brained dolls for dating purposes because, even though they have no intention of marrying the dummies, they usually wind up married to them. Then their handsome bird-brained sons can't get into college and they are sick with disappointment. Tell those guys to marry coeds who have good mental equipment and can bear their children who will be able to handle their fortunes. Let idiots marry idiots.

We The Women:

By Ruth Millet

Most full-time housewives today seem to share one bad fault. They constantly low-rate themselves. Maybe it is because as wives and mothers they have come in for so much criticism in the last few years that they have so little confidence in their ability.

Maybe it is because they have used that phrase "just a housewife" so long that they have come to feel their job is no more important than the phrase makes it seem.

Maybe hearing all the time what an easy life they make makes them feel guilty for not accomplishing more than they do... however busy they seem to stay.

Maybe it is because combining a job and homemaking has become so common that full-time homemakers have become shy about giving themselves credit for doing just one job well.

More than likely it is a combination of all of these things that accounts for the full-time home-

maker's obvious lack of satisfaction with the job she is doing.

The truth is that most full-time homemakers today deserve to be proud of themselves for the job they are doing.

Day in and day out they make more important decisions, handle more emergencies, turn out more work, and come more nearly being indispensable than any other group of women.

But instead of thinking of themselves as being important and of accomplishing important things they call themselves "just housewives"... and constantly low-rate themselves.

What started me thinking about this was hearing a housewife the other day say without any false modesty "I'm so proud of myself."

She had tackled and finished a hard job and she was so pleased with herself she didn't care who knew it. The pride in her voice had a cheerful, happy ring and suddenly I realized what was so rare thing it has become to hear a housewife give herself a well deserved pat on the back.

Citrus Exposition To Be Televised

The highlights of the Florida Citrus Exposition (Winter Haven, March 11-18) will be telecast on WLOFTV (Channel 9) tonight from 6:30 until 7:30 p.m.

Mid-Florida viewers of Channel 9 will see interesting portions of the Citrus exhibition showing the behind-the-scenes story of our huge Citrus Industry.

There will be interviews with members of the Garry Moore "I've Got A Secret" program which will originate from Winter Haven's Videotape.

Also televised will be exciting excerpts from the water show on Lake Silver, adjacent to the Citrus Amphitheater. Between acts, dignitaries of the Citrus Industry will be interviewed.

Million On Strike In French Protest

PARIS (UPI)—One million civil employees, from grave diggers to air traffic controllers, went on strike for higher pay throughout France today and more than 15,000 marched through the streets of Paris under the close watch of police riot squads.

The demonstrators shouted and chanted as they blocked traffic around the Hotel de Ville—Paris' City Hall.

The 26-hour walkout protesting President Charles de Gaulle's wage freeze policy crippled public services throughout the country.

There were no immediate reports of violence on the part of the strikers.

CROSSROADS OF THE WORLD

By William Drury

American barbers are old-fashioned. They still use scissors. And electric clippers. In France, such barbaric instruments were tossed into the sabban two years ago. They cut hair with razors now.

According to Jacques Cousty, Although only 23, Monsieur Cousty of Paris is a tonsorial artist of no mean repute, having won just about every European award it is possible to win for creating new hair styles for milady.

When we met his own black thatch was badly in need of a trim. He readily admitted this. But swore that he would not have it cut until he returned to France.

"Because here say use se accessories," said Monsieur Cousty.

Monsieur Cousty, who was galivanting around the world, had refused to let barbers clip him in India, Singapore, Hong Kong, Australia and Japan. Like American barbers, they were hopelessly out of date.

Two years ago, he said, when shears and clippers were still in vogue in France, a haircut cost 200 francs (about 40 cents American). Now that razors are used, the price is 1,500 francs (three dollars). Being on the lunatic fringe of the trade—in that he creates lunatic fringes for women—he thought this a great improvement.

With a razor, explained Monsieur Cousty, you can "abrade" the hair, whatever that means.

Frenchmen prefer abraded hair to non-abraded hair even though they must pay almost eight times the price.

Monsieur Cousty, who knew little English, was accompanied by an interpreter called Nadia Perry.

"Do you speak French?" she asked me when I joined them in the Elks' Club.

"Un petit peu," I replied.

When asked if you speak

French, it is always wise to say "un petit peu" (a little bit). This sounds as though you are really more fluent than you pretend.

"I'll translate for you," said Mrs. Perry.

"Do you style hair only for women?" I asked the hair stylist.

"Comment?" He looked blank. Mrs. Perry promptly took over.

"Do... you... style... only... for... women?" she said very slowly and clearly, as if he had suddenly gone deaf.

"Absolument," replied Monsieur Cousty. "Je fais les coiffures pour les dames seulement."

In other words, yes.

"When do you return to Paris?"

I inquired.

"Qu'est ce que vous avez dit?" he said.

Meaning "I do not dig you, Jackson."

Again, Mrs. Perry swung into action.

"When... do... you... re-turn... to... Paris?"

In two weeks, he said. He had to return in two weeks because he needed a haircut.

Until the rest of the world catches up with France, Monsieur Cousty's journeys around this globe will be limited by the length of his hair.

He can travel only between haircuts.

Fashion Show Presented At Luncheon

The Officers' Wives from the Naval Air Station and Hatwing One Staff gave local shops keen of home-sewn creations, "Talent With A Needle."

The show was presented at the March luncheon meeting of the Officers' Wives Club, at the Naval Air Station ballroom.

Co-ordinators for the event were Mrs. Richard Gleeson and Mrs. Harry Bryant.

The room was very colorful with so many women dressed in new spring finery and flower bedecked hats. Table decorations were man-

nequins made of chicken wire and bright cloth. Mrs. Paul Spellz and her committee can take the bows for this new idea.

Following the luncheon, Mrs. E. M. Michael served as commentator for the fashion show. The stage was artfully draped with various fabrics from Garretts Department Store.

The wives modeled their own creations which included styles for all occasions. Mrs. W. E. James' three piece sports outfit made of turquos drip-dry ging-ham was an outstanding example of good taste and talent.

Another popular model was Mrs. D. G. Faulkner, who wore an aqua cotton print sheath with reversible overskirt. Mrs. Jack Langford must have spent many hours planning her attractive off-white embroidered wool jersey dress with sleeveless jacket.

Mrs. Robert Anderson was lovely in her cocktail sheath of a brilliant blue and white printed silk. Mrs. Gib Blake wore a sapphire blue ball gown with bodice featuring seed pearl embroidery.

Many other lovely creations were also modeled by Mrs. Henry Osborne, Mrs. Leonard Sheets,

Mrs. C. L. Cook, Mrs. W. E. James, Mrs. E. L. Jones, Mrs. J. F. Riley, Mrs. R. T. Mayer, Mrs. F. Pachalka, Mrs. W. A. Simmons, Mrs. R. E. Moore, Mrs. K. C. Dederick, Mrs. R. H. Fine and Mrs. J. O. McCullough.

Hair styles were created by the House of Lillani and Mrs. Robert Smith played piano background music during the show.

Door prizes carrying out the theme of home sewing were donated by local stores including, Hogues, Garretts, Ben Franklin, Yowells, Seminole Cleaners and The Remnant Shop.

MODELING THEIR OWN CREATIONS at the Officers' Wives Club luncheon and fashion show are left to right, Mrs. F. Pachalka, Mrs. J. F. Riley, Mrs. Henry Osborne,

Mrs. Robert Anderson, Mrs. Gib Blake and Mrs. E. L. Jones

New Arrivals

Mr. and Mrs. Paul B. Wells, of San Diego Calif., announce the birth of an 8 lb. 4 oz., son on March 6.

They have chosen the name, Stuart Patterson, for the new arrival. He was welcomed home by an 18 month old brother, Paul Wilson.

Mrs. Wells is the former Carol Skinner, daughter of Mr. and Mrs. A. L. Skinner, 908 Magnolia Ave. Sanford.

The Moscow fashion touch has come to London. Seen around town wearing cosack hats recently were Princess Margaret and Princess Alexandria of Kent.

Guthries Welcome VAH-3 Newcomers

Ledr. and Mrs. Charles E. Guthrie entertained, recently at their lovely Pinecrest home for the new arrivals to VAH-3.

Lam, roast beef, cheese rolls, tea sandwiches and fruit punch were served to the honored guests. The attractive buffet table was centered with an unusual spring

Personals

Mr. and Mrs. Earl D. Vaughan and mother have just returned from Canton, Ohio, where they attended the funeral of Mrs. Vaughan's father, William Neumann who died following a lengthy illness at 83 years of age.

Mrs. Jay H. Beck has returned to Sanford after a two week visit in McRae, Ga., with relatives and friends. While there she received medical care from the noted surgeon and doctor of internal medicine, Dr. Duncan Burnett McRae. Her friends and relatives here will be glad to learn that she is much improved.

ALL THIS WEEK, Seminole County Girl Scouts and Brownies will wear their distinctive green or brown uniforms to school and public places, in honor of Girl Scout Week.

In many troops parties are being planned in celebration of the anniversary and this weekend, a giant camporee is taking place at Camp Ticochee the big Girl Scout camp near Barberville, to wind up the celebration, which began with church services last Sunday.

This column continues with some of the leaders who guide and direct these activities.

TONI MILLER, Seminole County District Chairman of Neighborhood II, is a troop consultant who

TONI MILLER

has worked in Scouting for five years.

She started in San Diego as a leader of an Intermediate group and later when her husband was transferred, started the lone Scout troop at Whidby Island, Washington, before a Scout Council was formed there. She became leader of a junior high school age group as well as assistant neighborhood chairman for the newly formed council.

In Kingsville, Tex., where the Navy sent the Millers next, she was a troop consultant and day camp director, as well as being chosen a delegate to the Purple Sage Council of Region Nine at Corpus Christi.

Texas was her home, but she attended Marshall College in Huntington, W. Va. and when their Navy travels took them to the Solomon Islands, she taught physical education and math in the Navy dependents school there.

Scouting is a way of life for the Millers. Husband, William, a Navy chief warrant, is Scoutmaster of Boy Scout Troop 501 here, of which son Billy, 12, is a member. Daughter Andrea, 13, is a member of Girl Scout Troop 10. The only Millers not in Scouts are six-year old Nancy and a married daughter.

The Millers have only been in Sanford six months, but have already found their place in the Scouting program here and are contributing a great deal, with their enthusiasm and active interest.

Garden Circles

MAGNOLIA CIRCLE
The MAGNOLIA Circle of the Garden Club met at the Pinecrest Baptist Church for the monthly session. A short business meeting was held, and Mrs. J. W. Messler gave a report on garden therapy.

Mrs. S. L. Wiggins gave her report on the junior gardening. She reported that they combined the February and March projects and planted both bulbs and seeds.

Mrs. T. J. Taylor was welcomed as a new member.

After the business meeting the members adjourned to Fellowship Hall where they joined members of the Woodrose Circle for a flower Arrangement Workshop conducted by Mrs. F. L. Woodruff 3rd. Two more workshops will follow, March 16 and 23.

Those attending were Mrs. S. L. Wiggins, Mrs. Art Harris, Mrs. J. W. Messler, Mrs. P. L. Elmore, Mrs. G. H. Sykes, Mrs. T. L. Taylor, Mrs. H. K. Ring, Mrs. Otto Borsdorf, Mrs. Jack Hamn, Mrs. W. L. Gramkow Sr., Mrs. R. W. Herron, and Mrs. V. M. Smith. Mrs. Don Thompson was welcomed as a guest.

CATHERINE BISHOP

CATHERINE BISHOP, leader of Brownie Troop 225, is a native of Sanford, as is her husband. She was not a Girl Scout herself, but her husband was active in a Scout troop.

Catherine became interested when her eldest daughter wanted to become a Brownie, took the leadership training course sponsored by the Citrus Council and has been working with Brownie Scouts for two years.

Her interests are varied, but she is especially interested in art and likes to do portraits in both oils and pastels. She does a great deal of sewing for herself and her four daughters, Cathy, eight; Cynthia, six; Susan five and Carol, three.

She is also a member of the Iokra Garden Circle and was committee chairman for signs and posters in the recent State Flower Show.

A BUSY YOUNG LADY is Miss Dorothy McAlexander, daughter of Mr. and Mrs. E. H. McAlexander of Sanford, a freshman at Florida Southern College in Lakeland. She had an exciting week recently when she was chosen to ride on two different floats in two different parades.

Plant City has been celebrating its annual Strawberry Festival, with special ceremonies and a parade and Miss McAlexander was one of 12 girls from the university who rode in this parade.

The university is celebrating the 75th anniversary of its Founders Week and the local girl also was chosen to ride on a float in that parade. She reported that the float was one of the most beautiful she has ever seen, depicting a Florida garden centered with a fountain which sprayed "real water."

Dorothy graduated from Seminole High School last year and is majoring in elementary education at Florida Southern.

Front Runners Looking Bad In Grapefruit Circuit

United Press International The American League has a new look this season, but it's not quite the one that was expected. The New York Yankees and the Baltimore Orioles, the two teams that battled it out for the American League pennant in 1960, have dropped a total of seven games between them in exhibition contests thus far, and are languishing at the bottom of the 10-club circuit.

New York dropped its fourth straight Tuesday by a 4-1 score to the Milwaukee Braves. The American League champions took a one-run lead in the fifth inning on a double by Deron Johnson who drove home Mickey Mantle, but Milwaukee scored two runs in each of the sixth and ninth innings to seal the verdict.

Although it is a common enough statement that the Grapefruit League games count for nought, managers Ralph Houk of the Yankees and Paul Richards of Baltimore are noticeably worried.

Houk, his smile diminishing, put it simply: "I'd like to win one soon."

Richards substituted action for words Tuesday and put the Orioles through a full-speed drill lasting four and one-half hours under a broiling sun. He concentrated his attention on the basic fundamentals of hitting, fielding and pitching, and then announced that veterans Billy Hoefs and Wes Stock, along with rookie Arne Thorland, would pitch against Washington today in hopes of breaking the slump.

The Yankees had worse news than the mere losing of exhibition games to contend with. Relief pitcher Luis Arroyo was hit by a line drive in batting practice and suffered a fractured left arm, putting him out of action for at least three weeks, and slugger Roger Maris and Bill Skowron were unavailable with minor injuries.

The Chicago White Sox, ready to move in as the team to beat should New York and Baltimore continue to falter, scored their third straight victory with a three-run ninth-inning rally to nip Minneapolis-St. Paul, 6-4.

Upsets Mar NCAA Opening Play

United Press International The 1961 NCAA tournament was just one day old but already Wake Forest has served notice to powerhouse Ohio State and Cincinnati that upsets may be in store for them.

Not only did Wake Forest stun eighth-ranked St. John's Tuesday night but third-ranked St. Bonaventure, Louisville and Morehead State had hard times in the opening-night tourney action. Nevertheless, they advanced into the second round of the NCAA tourney where even tougher obstacles lie ahead.

Wake Forest, unexpected entry from the Atlantic Coast Conference, rallied from a 10-point first-half deficit to thrash the Redmen, 97-74. St. Bonaventure, getting a combined effort of 63 points from All-American Tom Bith and sophomore Fred Crawford, also came from behind in the second half to down Rhode Island, 86-76.

In the other Eastern regional contest as part of the Madison Square Garden tripleheader, Pete Campbell's 27 points led Princeton to an 84-67 victory over George Washington.

Louisville got a 17-point performance from John Turner in the second half to pull out a 76-70 triumph over stubborn Ohio University while big Ed Noe and little Grady Williams paced Morehead State over Xavier of Ohio, 71-66, in the Midwest regional action at Louisville, Ky.

For Friday night's Eastern regional at Charlotte, N. C., that leaves Wake Forest taking on the Bonnies and Princeton meeting St. Joseph's Pa., which drew a bye into the second round.

Unbeaten Ohio State 24 - 6 waits to meet Louisville and Kentucky 18-8 clashes with Morehead State in Saturday's second round play of the Midwest regionals at Louisville. The Buckeyes, Big Ten titlists and the nation's top-ranked team, and Adolph Rupp's Wildcats, Southeastern Conference representative, drew first-round byes.

The Midwest and the Far West regionals get underway tonight with Houston 18-9 tangling with Marquette 18-10, Arizona State 21-5 playing Seattle 18-7 and Southern California 20-4 ranked No. 5, playing Oregon 15-11.

Alaska, California, South Dakota and Utah account for 74 percent of the total domestic gold production of the United States.

Johnson To Hurl Opener For Seminole Baseballers.

Bobby Johnson was given the starting nod by Seminole High baseball Coach Jim McCoy to kick-off the Seminole 1961 season against Leesburg Friday night.

The locals will journey to Leesburg for their first encounter of the season and will play their first home game next Tuesday at DeLand at 4 p.m.

The starting lineup for the locals will be James Markham at first base; George Perides, second; George Reagan, third base and Steve Barrea at shortstop. Behind the plate will be Jackie Caolo.

ALSTON of the Dodgers

By ALAN MAVER

ONLY TWO PEOPLE EVER HELD THIS JOB MORE GETTY THAN WALTER. TWO OF THEM IS LEO DUROCHER, NOW A DODGER COACH. HOWEVER, WALT IS TOP MAN IN SEMINOLE AND HONOLD SERIES WITH A 3-1 RECORD.

Dodger Field Boss Not That Optimistic Over '61 Chances

VERO BEACH, Fla. (UPI) — Walter Alston is wondering if all the baseball men who are picking the Los Angeles Dodgers as the club to beat for the National League pennant know more about his team than he does.

"Sure we have a shot at it, a very good shot," Alston said. "But we have a big 'if' here and there. I agree that we have great looking youngsters, but how do I know they will come through for us? And if I don't know, how can the other managers who are saying we are the team to beat?"

If a couple of the youngsters come through, if the Dodgers' strong-armed pitching staff gains control and if the catching holds up—well, then, according to Alston, "the Dodgers should go all the way."

"But I'm not going to say we are going to do it at this time. Ask me a month from now and maybe I can give you the answer one way or the other."

The youngsters he is counting on are Willie Davis, the outfielder who led the Pacific Coast League in hitting last year with an average of .348, and Charlie Smith, a third baseman who hit .322 at Spokane. And unless John Roseboro can attain his 1959 form, Alston may have to depend on a third rookie, catcher Doug Camilli.

Both general manager Fuzz Bavaasi and I would rather have Camilli catching regularly for one of our minor league clubs than sitting on the bench with us," Alston explained. "He can use another year of seasoning and he is such a great prospect that we don't want to rush him along too quickly."

Camilli is the son of the former National League star, first baseman Delph Camilli. He hit .281 at Spokane last year.

Roseboro, after a fair season and a brilliant World Series in 1959, slipped last year, hitting only .213. Unless he comes back, Camilli will have to take up the slack. As for the pitching staff, Alston explained:

"We have a wild bunch of guys. They either strike out the batter, walk him or get behind on the count and then come in over the middle of the plate. They have to better their control and correct such mistakes as giving the batter a fat one to hit when the count is against them."

If they do that, and the youngsters come through then Alston figures he "will be all set."

"I look at it this way," he said. "If all of our fellows live up to their potential, we should win. They did that in 1959 and we won. They didn't last year and we finished fourth."

"Now each player on the Pittsburgh club played up to his potential last year. That's why the Pirates won the pennant and the Cardinals lost it."

Alston put the Cardinals and Pirates in the same category as the Dodgers and Pirates.

"I really like the Cardinal prospects," he added.

He said on the basis of the way the club plays against the Dodgers, the Cincinnati Reds should be in that group, too.

"They have given us more trouble than any other club the past few years," said Alston. "If they played against the rest of the league the way they do against us, they could win."

"It should be a close fight and I'm not counting the Dodgers out of it at all. But until I see more of the club, I can't go along with those who are picking us as the team to beat."

Grade A Racers On Tap At SOKC

Two Grade A races are on tap tonight at the Sanford-Orlando Kennel Club and some of the track's top runners are scheduled to compete in the first and featured ninth races.

In the night's opener, crowd-pleasing Earnhart will be going for his eighth victory of the season out of 16 starts. The youthful pup of the Hobby Hour Ranch Kennel will be up against a field of veteran and juvenile sprinters.

One of the oldtimers in the opener is C-Thru who also has notched seven SOKC victories this season. Quick Fortner, running in her maiden year has finished in the money in nine of 14 starts.

The real veteran of the field, however, is O. B.'s Modest who will be five-years-old this month. Modest will be seeking her fifth win.

In the featured ninth, two Oswald Brothers dogs could easily run off with the Quinella. O. B.'s Ample draw the No. 3 box and O. B.'s Sky High starts from No. 1.

Rounding out the field are Gesto, Mae Tray, Jim Brown, Mattie, Tammy Anna and Rocket Dream. Biggest winner in the feature field is Mae Tray with six wins.

Unusual Score Sparks Kegler Play

This week's play in the Bi-Nooners League was marked by an unusual event when Dawn's Beauty Shop and the Capri each had a total pin fall of 1949 a give to split the fourth point to add Dawn's 2 1/2 and 1 1/2 points to the Capri.

Winning three points from their opposing teams were, CPO Wives over Stenstrom Realty; Smith's Amoco over Big Dip; Shoemaker Construction over Lake Monroe.

Turkeys were made by Helen Kaellin and Carolyn Betts of the North Orlando team. Picking up the 5-9-7 split was Claire Blais, with Martha Kinnard making the 5-6-10, Dottie Palmer the 8-10 and Gerry White spotting the 2-7 pins.

Richer Patty Heading Home

MIAMI BEACH (UPI) — Heavyweight champion Floyd Patterson is on a train heading home today, delighted with the world but dissatisfied with himself.

Meanwhile, Ingemar Johansson — victim of a sixth-round knock-out in their third title fight at Convention Hall Monday night — has a date in the Federal Building at Miami to discuss an income tax bill of \$1,009,801.

Fire Officials Probe School Building Blaze

State Fire Department officials today are probing the ruins of a one story classroom building on the Rosenwald Negro Elementary School property in Altamonte Springs that was destroyed by fire early this morning.

SUPPLIES OF SALK POLIO VACCINE are checked by Chairman Bud Stewart, left, in charge of the Jaycee Polio Shot Day project. Touchton Druggist Glenn McCall, also a Jaycee, assured Stewart that there will be an ample supply for the large crowds expected at the Jaycee Building Saturday. (Herald Photo)

Jaycees Urge Families To Get Polio Vaccine During Shot Day Saturday

"Every parent should take advantage of this chance to stamp out the deadly disease of polio, by having their children and themselves inoculated Saturday at the Jaycee Building on W. 1st St., between the hours of 9 a.m. and 5 p.m." Jaycee Board of Directors Chairman J. C. Hutchison urged today.

There is no maximum for adults, for polio can strike all ages. The second shot will be given in April, and there are three shots in the series.

Information sheets have been distributed to all schools and kindergartens in the county by the Jaycees. The sheets contain instructions for the project.

Smathers Prime Target Of GOP

WASHINGTON (UPI)—The Republican party has listed Sen. George A. Smathers, President Kennedy's close personal friend, among its targets for defeat in the 1962 senatorial elections.

Stewart estimates that approximately 1,000 people took the shots last year, the first year the Jaycees had undertaken a project of this kind.

Tapes Tell Tale Of Murderer

FORT PIERCE (UPI)—A deadly tale of murder on a moonlit ocean unfolded from reels of tape recordings today in a closed-door listening session that has suspended the murder trial of Joseph A. Peel Jr.

Plans For Increased NAS Activity Discussed

Local Civic and Navy officials met Wednesday to discuss areas of mutual concern and plans for the expected increase in the number of personnel to be assigned to squadrons operating from Ramey Field this year.

Oviedo Youth Hurt In Mishap

A 14-year-old Oviedo boy was listed in "satisfactory" condition at Winter Park Hospital today after he fell from a tree late Wednesday afternoon.

Photos Of Secret Books Revealed

LONDON (UPI)—A 46-year-old spinster obtained photographs of more than 200 pages of a red-covered book containing Britain's highest naval secrets, it was testified today at the trial of five persons charged with spying for Russia.

News Briefs

26 Trapped In Mine
FUKUOKA, Japan (UPI)—Two men were killed and 26 trapped today by a southern Japan coal mine fire similar to that took the lives of 71 miners exactly one week ago, and just 16 miles away. Hopes for the lives of the 26 men were slight, police said, as suffocating smoke filled the 3,200-foot mine.

Crew Rescued
LONG BEACH, Calif. (UPI)—The crew of the grounded 416-foot Greek freighter Dominator was removed today as seas calmed after shifting the 10,000-ton vessel near shore. The men were removed in relays starting at dawn by a salvage vessel that transferred them to the Coast Guard cutter Heather as a helicopter hovered over them in a precautionary measure.

Moonshine Seized
TALLAHASSEE (UPI)—Beverage Director Thomas E. Lee reported his department seized 64 moonshine stills, 41,000 gallons of mash and 1,200 gallons of non-tax paid whisky last month. Twenty-three automobiles used to transport the white whisky were also seized, Lee said. The number of stills destroyed in Florida this year now stands at 109, the director said.

It'll Be Wetter
WASHINGTON (UPI)—The Weather Bureau predicts it will be wetter than usual over most of the nation during the next 30 days, with below-normal temperatures from the Great Lakes to the northeastern seaboard. The 30-day forecast through mid-April called for above average precipitation in most of the country and squalls and thunderstorms in the Southeast.

Too Drunk, They Say
NEW YORK (UPI)—Brendan Behan will avoid St. Patrick's snakes (New York judges), he says by crossing the Hudson River Friday to celebrate St. Patrick's Day in Jersey City. Behan was banned from marching in New York's parade by Chairman James J. Connerford, a special sessions judge, because he "has been advertised so extensively as a common drunk."

DeSoto Week Set
BRADENTON (UPI)—The week of March 19-25 has been officially proclaimed as "Hernando De Soto Week" by Gov. Farris Bryant. De Soto Celebration headquarters announced today. Celebration activities begin Sunday to be witnessed this year by the Spanish ambassador, Mariano de Yturralde, New Orleans Consul Don Luis Aparicio, Windsor, Ontario Mayor Michael J. Patrick, Rafael de Soto, a direct descendant of Hernando De Soto, and an estimated 10,000 spectators.

Kennedy Cuts Eye
WASHINGTON (UPI)—President Kennedy suffered a cut over his left eye today when he bent down to pick up an object for his daughter Caroline.

UN Troops Seek Civilians' Release

LEOPOLDVILLE (UPI)—Malayan troops of the United Nations are en route to Kivu Province to negotiate the release of 30 missionaries — probably including some Americans—held prisoner by Congolese troops, the UN command announced today.

The missionaries were reported under house arrest at Kasongo, 188 miles west of the provincial capital of Bukavu. News of the rescue mission came as tough Gurkha troops from India flew into the Congo aboard U.S. Air Force planes during the night despite warnings by Congolese leaders that "blood will flow" if they are used against Congolese troops.

A UN spokesman said there was a report some time ago that 23 Americans were in the Kivu area and they may be among the 30 missionaries now at Kasongo. However, the U. S. embassy here had no specific information.

Board Reassured

County Commission Chairman J. C. Hutchison assured members of the City Commission today that not only was W. First St. the top primary project in the county but the "top primary project by the State Road Dept."

The UN spokesman said the missionaries are short of food and the Malaysians are carrying flour with them for food relief. The Malaysians will escort those who want to leave.

\$150,000 Given For Right Of Way

A 12-man jury has awarded more than \$150,000 to 14 property owners along W. First St. to bring to an end an eight-day condemnation proceeding—called one of the most expensive in Seminole County's history.

The Gurkha troops — world-famed for their fighting qualities — streamed into the Congo. Five Globemasters have so far brought 28 Gurkhas to reinforce UN troops here.

Elks Charity Ball Event Saturday

The Annual Charity Ball of Sanford Elks Lodge 1241 will be held Saturday in the ballroom of the Mayfair Inn.

There was no sign of any Congolese when the Gurkhas piled out of the first plane and lined up on the darkened airfield. Four light Indonesian tanks guarded the approach road but there was no opposition. Four other Globemasters came in during the night.

Solid Fuel Shots Are Successful

CAPE CANAVERAL (UPI)—Two solid-fueled missiles bidding for key jobs in the North Atlantic Treaty Organization's European defense system reeled off impressive successes Wednesday.

Cleveland, who represented the county in the lengthy proceedings, said that during the first seven days \$99,000 was awarded to parcel owners and Wednesday, the final day, \$47,000 was awarded.

Stiff Fight Set

WASHINGTON (UPI)—Administration forces in the Senate decided today to wage a stiff fight in an attempt to delete drastic committee changes in President Kennedy's bill to extend unemployment benefits.

Cleveland said that with the proceedings out of the way, he felt that the contract for the project will be awarded by July 1.

Tampa Hearing Resumes After Noisy Session

TAMPA (UPI)—The State Public Utilities Commission resumed hearings today on a Tampa Electric Co. rate increase, with the commissioners hoping today's meeting would be less violent than Wednesday's session.

He added that if the legislature changes the law concerning the 20 percent reserve, the project could be let much sooner.

Two Charges Made Against Driver

TWO CHARGES were made against a Pontiac, Mich., driver Wednesday night after his car crashed into a parked vehicle on Sanford Ave. Gerald Gibson was booked for careless and negligent driving and driving while intoxicated, police said. Damages pictured here amounted to more than \$725, officers said. Nobody was hurt. (Herald Photo)

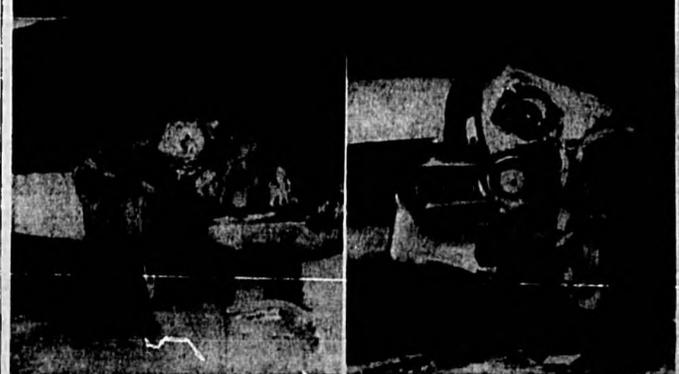

Demo Chairman Cites Need For Party Unity

Robert Billheimer, chairman of the County Democratic Executive Committee, commended members of the Democratic Women's Club Wednesday night for their efforts to promote an effective organization in the county and said:

"I predict that in the next election, political candidates will come to you asking for your help and support."

He reminded the women's group that in the last general election, four Seminole County precincts went completely Republican.

There are now 30 members of the Democratic Women's Club, and at each meeting a few more names are added. The membership rolls are still open and the enrollment fee is only \$1.25 a year.

TWO CHARGES were made against a Pontiac, Mich., driver Wednesday night after his car crashed into a parked vehicle on Sanford Ave. Gerald Gibson was booked for careless and negligent driving and driving while intoxicated, police said. Damages pictured here amounted to more than \$725, officers said. Nobody was hurt. (Herald Photo)

10,000 Educators At State Meeting

JACKSONVILLE (UPI)—An estimated 10,000 educators gathered today for the first general session of the annual meeting of the Florida Education Assn., with a teacher pay raise the main topic on the agenda.

William V. Chappell Jr., Speaker-designate of the House, spoke along with Senate Education Committee Chairman G. T. Melton of Lake City to a combined gathering of school superintendents, school board officials and State Department of Education leaders.

"We all want quality education," said Hillsborough County Supt. Crockett Farnell. Federal aid to education was a topic at the meeting.

Boat Puts Landing Effort In Reverse

Tom R. Rash of Winter Park received an unexpected ducking in the St. John's River near the Geneva bridge on SR 46.

In response to questions by civic officials, Edwards explained the many measures taken to reduce aircraft noise level at the new Seminole High School.
