The Giants, with their injury list climbing about as fast as their standing in the National League, bolted into first place this week despite wounds to a pair of key players.

San Francisco slipped ahead of St. Louis Thursday night with a 5-4 victory over Atlanta, whic gave the Giants a 3-1 edge in their series with the Braves despite the absence of slugger Willie McCovey.

He was spiked last week and did not come to Atlanta, and third baseman Frank Johnson won't accompany the Giants to Johnson suffered a fractured

MAY 15, 1968

Dear Mr. Spolski, Will you please mention about the way the coaches are treating some of the players on their teams in Sanford's Little League? I am a parent and it seems a shame that these boys have to sit on the bench during every game even though their team is so far ahead that it would be impossible for them to lose! Some of the coaches never practice these boys. They have to go to practice but never get to practice on the field. How are they supposed to

Good sportsmanship is rarely shown on these fields. The boys are cursed and shouted at for making just one error. After all, they are not professionals! I know every coach, rightly so, wants his team to win but when his team is ahead by 15 runs in the fifth or sixth inning-why can't some of the other boys play? Very often I've seen good players on the bench in a "tight" game and the "not so good" on the field. In basketball, a coach has to play all his players for at least one quarter. Why not in baseball, too? I've been in Sanford for seven years and for only one game, so I am not writing about him. It's the

Of course the National Pee Wee is to be held at the Rio Pinar CC about the first wekend in July, and youngsters of all ages up to 15 can compete in this contest. Entry fee must be filed before July 1, in order to play in the event. You will be playing with all sorts of visitors who come just to compete in this J.C. sponsored match. If you want to cut some teeth on competitive golf, here is a chance to compete in a national contest right in your own back yard.

The weekend of June 20-22, Mike Leary and Rick Smith will be traveling to the State J.C. Jr. Golf event in Ocala, with all expenses paid. But if you would like to compete, and pay your own way, it is still possible to enter as an indivi-

ROLLING HILLS

The Stag Day was a super success, with 84 two man teams making up the field. We happened to have the pleasure of being half of one of these along with a very fine gentleman by the name of John LaRoche, But alas, even though we both had some fine holes when all the results were in, we were just a little short. It was great fun though and John Franklin is certainly to be commended.

Lew Williamson and Tracy Allen had the low gross score of the day with a 4 under par 68. Tracy shot a one under 71 to finish as medalist for the event. John Bolton and Jack Shubert had an even par 72 to finish in the runner up spot on the gross scoring. In the low net contest Forest McPherson and Bill Freeman had a net 57, and were followed by Fritz Simms and Roy Garland and also Don Tauscher and George Dannals with both teams carding scores of net 60. Apollo Kobylak put his shot on number 11 eight feet and six inches from the stick to win the closest to the pin match. In the blind bogey event, Big Jack Shubert selected a scratch handicap and proceeded to shoot an even par 72, which was the score drawn making him a very deserving winner.

On Sunday, the folks at Rolling Hills had a mixed two ball. Doris and Apollo Kobylak, came home with the prize with a fine net 58. In the weekly ladies event, Marty Tinsley had a net 70 to take top honors. Winnie Haeling shot a 73 to finish as runner up. In the 9 hole group Bee Billingham had a net 38 for top spot in this bracket,

Martha Franklin had a real thrill recently when she broke 100 for the first time on the tough Rio Pinar layout. She was playing with husband John and Bob and Cary Strong in the Citrus Open workers tourney.

A Mercury outboard is designed to catch fish

like a fish to go after fish. No protruding nose to catch and hold weeds. And it's built on a slant to slice through instead of getting hung up. Up above, the tilted powerhead keeps a Merc running smoothly, whether you're trolling slowly or speeding home with your limit. Mercury's shearproof drive eliminates vulnerable shear or drive pins, gives on impact, then resumes running. It also has full gearshift, remote fuel tank and an ailmetal cowl. Mercury's exclusive System of Silence and Jet-Prop exhaust make it the quietest fishing motor ever built. Mercury fishing motors come in 4 sizes: 3.9. 6, 9.8 hp . . . and a new 20 hp with optional electric starting. Eye-catching, fish-catching . . . one of 'em is just right for your kind of fishing. Pick it out at your Mercury dealer's!

Our 9A biology trip was a huge success. After we saw the museum's collection of rare lepidoptera, we went outside to collect specimens. Then we ate lunch, and took pictures. Here's one with me, on the left, laughing at Eddie. We were in a big discussion

You know, I didn't realise how ignorant some kids are about Him! All of a sudden, I found out how good it is to have some bless shout where, what, and why, I am. A few of those kids were really way out in left field.

Now it's up to me to show them what they have been missing. I think I've talked them all into going to church with me Sunday.
