When the telephone rings at the home of District 3 Commissioner Lawrence Swofford it's usually someone with a road problem.

When the Seminole County Board of Commissioners meets, Swofford usually presents a list of roads in his district that need maintenance or roads and streets that he wants taken into the county road system.

Swofford says he knows of some roads being maintained by the county on which there are no houses.

Swofford advocates discontinuance of service on some roads and adding others for maintenance. The latest he had added to the system are Hobson Road, Adair Avenue and Lake Marion Drive in the Sanlando area.

Swofford suggests a "revised policy" on adding roads to the county system.

Commissioner Chairman John R. Alexander says he doesn't believe there is anything wrong with the present road policy.

He says a certain number of miles of road are being taken into the system each year.

"Roads with several houses on them are given priority over roads with just one house," he says.

Commissioner John Fitzpatrick says he'd like to see a list of roads on which Swofford wants discontinuance of maintenance.

Joe Akerman and his wife, Princess, of Lake Mary were proud spectators at all the ceremonies last Saturday honoring his famous astronaut cousin, John Young, in Orlando. They were among the classmates and relatives who enjoyed a short reunion with the busy hometown hero after the ceremonies were completed. Many anecdotes were exchanged about the old days when John was growing up in Orlando. Akerman is a science teacher at South Seminole Junior High School and his wife is financial secretary there.

South Seminole Junior High School Civics teacher, Mrs. Jo Ann Rowe was astonished last week when she was called out of class to receive a phone call from Mrs. Haydon Burns, wife of the governor. Mrs. Rowe is taking a group of her top students for a tour of Tallahassee and had written to inquire about visiting the governor's mansion never expecting a personal invitation by phone from Mrs. Burns herself.

Bid of \$123,024, submitted by B. B. Sweat & Son of New Smyrna Beach, has been approved for building a six classroom, library, and administrative addition at the Enterprise Elementary School to replace that part of the school plant which burned last summer. The new building is to be completed by Aug. 20.

Tom Gilchrist, Jr., vice president and general manager of WESH-TV, will speak at the monthly dinner meeting of the Sanford Shrine Club tonight. His subject will be: "The Future Potential of Seminole County."

Of every 10 women arrested, only one is convicted. (Never underestimate the power of a woman.)

"Be Kind To Animals Week" is coming up May 2-8. So is "National Music Week."

Gov. Burns has proclaimed Saturday, May 1, as Law Day, USA, in Florida. He calls on all Floridians to join in a national observance of the American heritage of individual liberty under law.

**TWO PAYDAYS**  
TALLAHASSEE (UPI) — Employees of state institutions will receive their paychecks twice a month instead of once monthly beginning June 1, Gov. Haydon Burns said.

## City Water Due Cutoff

Citizens of Sanford should take their baths and get all final drinks of water before 10:30 p.m. tonight, because after that the water will be shut off all over the city for several hours.

City Manager W. E. Knowles said today that the shut-off is made necessary in order that city water lines along 25th Street, now undergoing reconstruction, can be lowered.

"We are doing it at this late hour in order not to inconvenience our citizens any more than necessary," Knowles said.

## Sanford Manager Wins State Honor

Warren E. Knowles, Sanford's city manager for the past 11 years, was named president of the Florida City Managers Association at the annual meeting of the organization in Fort Lauderdale Wednesday.

Knowles was elevated to the top position from the office of vice president which he held last year.

Recently Knowles received recognition from the International City Managers Association for 15 years of public service.

In 1957, three years after coming to Sanford, Knowles was presented with the Distinguished Service Award from the Sanford - Seminole Jaycees and this group again honored him in 1962 with the Good Government Award.

Formerly city manager of Berwick, Me., and Derry, N. H., he holds a degree in civil engineering from the University of Maine and has done graduate work in public administration.

National recognition also was accorded Knowles for his reorganization of the city public works department. He is a member of the Seminole County water control and conservation committee and a former member of the Seminole County utility franchise directive committee.

## Florida Leads Income Increase

ATLANTA (UPI) — Personal income in the Southeast climbed seven per cent to a record \$79.8 billion in 1964, the U. S. Department of Commerce said today.

Record gains were made in every state, the department said.

The seven per cent increase was compared with a six per cent increase nationally.

Contributing to the regional gain were substantial salary increases in construction and manufacturing, coupled with above average increases in all other major private non-farm industries.

Total income increased by more than \$5.2 billion over 1963, the department said.

Florida led the southeastern states in total personal income with \$13 billion. Virginia had \$9.7 billion, North Carolina \$9.2 billion, Georgia \$8.3 billion, Tennessee \$7 billion, Louisiana \$6.5 billion, Alabama \$5.9 billion, South Carolina \$4.2 billion, Mississippi \$3.3 billion and Arkansas \$3.2 billion.

## Driving Age Law May Be Altered

TALLAHASSEE (UPI) — The Senate highway safety committee today approved a measure which would raise the age requirements for operators and restricted drivers licenses.

The bill, as amended by the committee, would raise the age requirement for an operator's license from 16 to 17 and the requirement for a restricted license from 14 to 15.

The measure also would require persons under the age of 18 years using restricted licenses to be accompanied by a licensed driver of at least 21 years of age, instead of the present requirement of 18.

**OPTIMISM**  
ROCK ISLAND, Ill (UPI) — The crest of the century's worst Upper Mississippi flood inched by here today and residents expressed cautious optimism in their fight against the river.

## Monroe Causeway Pushed

### Lake Roadway Would Cost \$3.5 Million

By Paul Brookshire  
Sen. Mack Cleveland Jr. and Rep. S. Joseph Davis Jr. said today they would make a concerted effort to include funds for a Lake Monroe causeway in the governor's \$300 million road bond program.

The causeway, first proposed in 1957, almost became a reality until the advent of Interstate 4 shunted it into the background.

The four-lane causeway would run from the end of French Avenue (U. S. 17-92) in Sanford to Enterprise, connecting Sanford directly with the Deltona and Orange City areas in South Volusia County.

The proposed four-mile span would cost an estimated \$3.5 million as originally planned.

"I will do everything within my power to get this project included in the Governor's program," Davis said today from his office in Tallahassee. "It would be a great boon to our area and open up South Volusia County to our trading area," he added.

The \$300 million bond program to improve the state's primary highway system did not contain one dollar for Seminole County.

"I don't know if I will be able to support the Governor's bill as it now stands because it bypasses Seminole County entirely," Davis declared.

"And I can assure you that I am very interested in getting something for Seminole County out of the governor's program," he said.

Senator Cleveland said Seminole County would not benefit from the Governor's program at all as it now stands.

"I am all in favor of getting this causeway included in this bond program," Cleveland declared. "Certainly our area needs it very badly."

The Senator indicated there may be tough sledding for the Governor's program as now outlined because it bypasses many cities and counties, such as Sanford and Seminole.

The causeway would return to 17-92 much of the traffic lost to I-4 and prevent the loss of millions of dollars invested in motels, restaurants, filling stations and other businesses from Winter Park to DeLand, authorities believe.

DEMOCRATIC WOMEN'S Club of Seminole County officers were installed Wednesday afternoon by Mrs. Ella DeBerard, DeLand, state president. Pictured, seated: Mrs. Jane Adriatico (left), secretary, and Mrs. Michael Caolo, vice president; standing: Mrs. DeBerard, Mrs. W. Vincent Roberts, president, and Mrs. Walter A. Gielow, treasurer. (Herald Photo)

## 'Great Society' Plans Lead To Welfare Cut

WASHINGTON (UPI)—The House appropriations committee, hopeful that President Johnson's Great Society programs will begin reducing relief rolls in the next year, today cut \$212 million from his request for welfare assistance funds.

Johnson asked \$3.2 billion to help the states pay their relief costs in the fiscal year beginning July 1. The reduced funds were contained in a \$7.96 billion money bill covering labor programs and health, education and welfare activities.

The welfare cut would leave federal aid for state public assistance programs \$187.9 million below the current appropriation level.

## No-Strike Pact

PITTSBURGH (UPI) — The executive board of the United Steelworkers (USW), overruling opposition within its ranks, today recommended approval of a four-month, no-strike contract extension.

The recommendation will go to the union's 163-member wage policy committee, which was expected to formally accept the extension agreement.

## Mrs. W. V. Roberts Heads Demo Women

By Doris Williams  
The Democratic Women's Club of Seminole County met Wednesday afternoon at the Mayfair home of Mrs. W. Vincent Roberts with the installation of the recently elected officers the main item on the agenda.

Mrs. Ella DeBerard, of DeLand, president of the Democratic Women's Club of Florida, installed the following officers:

Mrs. Roberts, president; Mrs. Michael Caolo, vice president; Mrs. Jane Adriatico, secretary, and Mrs. Walter A. Gielow, treasurer.

Mrs. Roberts made an appropriate response, stating the main purpose and project of the club is to have all Democratic women of the county join the organization and support their party in the hopes that Seminole County will have the largest representation in the state.

New members welcomed at the meeting were Mrs. S. J. Davis Jr., Mrs. Paul Haney, Mrs. Joseph O'Connor and Mrs. A. L. White, of Sanford, and Mrs. Donald LePis, Osteen.

Mrs. Eugene Gilmartin, outgoing president, was presented an engraved gift memento from the members as a token of appreciation for valued services rendered.

Departing for Tallahassee today to attend a state quarter meeting were Mrs. Roberts and Mrs. DeBerard, who also will be guests of the Legislature and luncheon guests of Mrs. Haydon Burns at the Governor's mansion.

Following the business session the hostess served a delicious dessert course on the patio surrounding the pool.

The next regular meeting is scheduled Wednesday, at 8 p. m. at the Health Center on French Avenue with all women Democrats invited to attend.

**Two Men Face Burglary Charge**  
Two Seminole County men arrested Wednesday morning for a traffic violation in Orlando, were turned over to Seminole Sheriff J. L. Hobby to face breaking and entering charges here.

The two are Leon Harris and William David Jackson, both in their 20s.

They are charged in two instances of breaking and entering Tuesday night at Hoot's Hideout and Kuhn's Realty, both in the Sanlando Springs area. Among items reported stolen were a gun, beer, recording machine and money out of coin boxes. Some of the loot was recovered, Hobby said.

The men also are believed to be guilty of a burglary in Orange County, Tuesday night. "We think these two are responsible for several breaking and enterings in Seminole and Orange counties," Sheriff Hobby said.

**Fatal Crash**  
BRADENTON (UPI) — A chartered bus carrying members of a high school chorus to a state singing tournament skidded on a rain-slick highway and slammed into a delivery truck Wednesday. Two persons were killed and 16 others injured.

## Rebel Forces Entrenched In Santo Domingo

SAN JUAN, Puerto Rico (UPI)—U. S. Marines took up combat positions around the Polo Ground refugee center in Santo Domingo today to protect Americans caught up in the Dominican Republic insurrection.

The U. S. Marine landing was the first in Latin America since 1928 when they landed in Guatemala.

Street fighting was reported in the heart of the capital where rebel forces were strongly entrenched.

So far the Marines have not been directly involved in the "very tense and very serious" situation. They have fired no shots.

An estimated 400 Dominicans have been killed and another 1,200 reported wounded in the fighting.

**NO U. S. CASUALTIES**  
No American casualties have been reported.

The fighting was between leftist forces loyal to ousted President Juan Bosch, now in exile in San Juan, and military units which deposed him in 1963. A rebel move to return him to power began last Saturday.

The so-called loyal force arrayed against the Bosch supporters are under command of air force Brig. Gen. Elias Wessin y Wessin. They appeared to have an edge over the Bosch forces and Wednesday declared, apparently prematurely, that the revolution was crushed.

The military overthrew Bosch originally because he was considered too friendly with Cuba's Fidel Castro.

**FOR PROTECTION**  
WASHINGTON (UPI) — The White House said today that President Johnson's dispatch of Marines to the Dominican Republic was solely to protect American lives.

Press Secretary George E. Reedy made the statement when asked about reports that the action was taken to prevent a Castro-directed Communist takeover of the Latin American country.

Reedy cited Johnson's statement Wednesday night that he had ordered the Marines in to protect the lives of Americans and other foreigners in Santo Domingo.

Before announcing the Marine landing Wednesday night, Johnson and Central Intelligence Director William F. Raborn briefed congressional leaders of both parties at the White House.

Tass, the official Soviet news agency, charged today that the United States had "grossly interfered" in the internal affairs of the Dominican Republic.

**EXPLORER UP**  
WASHINGTON (UPI) — The United States today successfully launched a windmill-shaped beacon Explorer satellite as the first step in a program aimed at measuring the size and shape of the earth and variations thereof.

Dr. Roberts instructed a committee to proceed with completion of the application for study grant funds from the U. S. Office of Economic Opportunity, pending approval of a resolution of "recognition" from the County Commission.

Community Action Committee was stalled Wednesday when it was revealed by Dr. W. Vincent Roberts, chairman, that the County Commission failed to approve a resolution of participation.

County Commission Chairman John Alexander explained that County Attorney Harold Johnson objected to the word "participation" without a clearer interpretation of how much money the "participation" would involve.

After considerable discussion, Johnson and Alexander agreed to draw up a resolution that would meet the approval of county commissioners.

Dr. Roberts instructed a committee to proceed with completion of the application for study grant funds from the U. S. Office of Economic Opportunity, pending approval of a resolution of "recognition" from the County Commission.

Dr. Roberts instructed a committee to proceed with completion of the application for study grant funds from the U. S. Office of Economic Opportunity, pending approval of a resolution of "recognition" from the County Commission.

Dr. Roberts instructed a committee to proceed with completion of the application for study grant funds from the U. S. Office of Economic Opportunity, pending approval of a resolution of "recognition" from the County Commission.

## NEWS... BRIEFS

**Seattle Jolted**  
SEATTLE (UPI)—A strong, rocking earthquake jolted the Seattle area about 8:30 a.m. (PDT) today.

**Stiff Fight**  
PARIS (UPI)—France and Russia have agreed to back the idea of a Cambodian conference but are running into stiff opposition from Communist China.

**Huge Profits**  
DETROIT (UPI)—General Motors made \$636 million in the first quarter of 1965, the most money ever earned by an industrial firm in a three-month period.

**Aussie Aid**  
CANBERRA (UPI)—Prime Minister Robert Menzies announced that Australia will send a battalion of about 600 infantrymen to support the anti-Communist war in South Viet Nam.

**Agreement**  
SEOUL (UPI)—Malaysian prime minister Tengku Abdul Rahman met today with South Korean President Park Chung Hee. They agreed that Communist aggression in Viet Nam and other Asian countries must be stopped.

**Substitute?**  
WASHINGTON (UPI) — Health, Education and Welfare Secretary Anthony J. Celebrezze opened testimony before the Senate commerce committee today on health care for the elderly. Despite administration support of the \$6 billion overall program as it passed the House, Senate Democratic whip Russell B. Long (La.) indicated he may offer a substitute.

**Red Korean Jets Fire On U. S. Plane**  
WASHINGTON (UPI) — For the 11th time since the Korean War armistice of 1953, an American plane has been attacked by Communist North Korean jets—this time over international waters.

The Defense Department reported that two Russian-built North Korean MIG jet fighters fired on an Air Force RB47 reconnaissance plane Tuesday night over international waters more than 50 miles off the North Korean coast.

The plane, which carries a crew of six, returned safely to Yokota Air Base, Japan. None of the crewmen was injured, officials said.

The official North Korean news agency, in a dispatch monitored today in Tokyo, said

"a U. S. spy plane RB-47 illegally intruded into the air above Sinchang and Riwon at noon Wednesday and conducted reconnaissance."

"An Air Force unit of the heroic Korean Peoples Army shot down the spy plane at 12:31, dealing a powerful blow in a self-defense measure," the dispatch said.

The Pentagon said the six-engine RB47 was on a "routine mission" over the Sea of Japan and was flying parallel to the Korean coast when it was hit by the two MIGs. The U. S. plane returned the fire, but it was not known with what results.

**31 REDS DIE**  
SAIGON (UPI) — Govern-

## Red Korean Jets Fire On U. S. Plane

ment forces aided by armed U. S. helicopters have killed 31 Communist guerrillas and captured 37 in three major assaults against the Viet Cong.

Two of the operations were airborne and amphibious assaults against Communist training centers in the Mekong delta 30 and 80 miles south of Saigon.

The third major attack was against Viet Cong positions in Quang Nam province 370 miles northeast of Saigon and west of Da Nang.

In the air war, a force of 37 U. S. Air Force, Navy and South Vietnamese planes carried out a successful series of strikes against bridges, highways and communications in North Viet Nam.

All planes returned safely and there was little anti-aircraft fire.

In Sydney, the Australian government announced it was sending a battalion of about 800 combat troops to South Viet Nam to aid the Americans and Vietnamese in the war against the Viet Cong.

Australia now has about 100 advisers and transport pilots in South Viet Nam.

In the Mekong delta section where the government hoped to clear out this Communist-infested swampland south of the capital one American helicopter pilot was wounded today. Two other Americans were killed Wednesday when the offensive opened. Their deaths were reported earlier.

# sports sittings

by Barry Lawes

Several television seasons ago, Bullwinkle Moose, hero of the kiddie set in cartoon land, had a hair-raising adventure in fighting off rustlers trying to steal the herd at Bullwinkle's worm ranch.

Naturally, Bullwinkle won his battle, defeated the rustlers and began driving his worm herd to market. In and out of the ground the worms tunneled, making their way to the rail head, Bullwinkle and his cowboy (or should that be wormboy?) crew "heading them up and moving them out."

The point of all this being, it left us with the misconception of a worm ranch operating much like a cattle ranch, with a number of wranglers taking care of the herd.

Well, 'tain't so! as we recently found out. But operation of a worm farm is a fascinating business.

Scene of our expanding education was the Oviedo Worm Farm on SR 419, east of Oviedo, operated by Charles and Lynetta Mueller.

Not only do they raise worms—they must now have over a million of them—but they raise crickets as well. The worm beds are long low boxes about four feet by eight feet, filled with peat... and worms.

The Muellers raise two kinds of worms, Georgia Red Wigglers and African Night Crawlers, and according to Charles, the Red Wigglers are the best.

They are small—only about three inches in length—and they live up to their name. Their never-ending action on the end of a hook is pretty hard for any fish to refuse.

The Night Crawlers, which obtain a length up to 10 inches, are a much faster and more sluggish worm... effective, yes, but not as good bait as the Wigglers.

And it's no easy task to raise worms. Like any creature they must be fed and watered every day and their beds must be constantly turned to keep the peat from packing. But there is no problem with a depleting stock. Every worm egg (and there's no sex differentiation) produces four to 10 worms. And eggs are forever being planted.

One very interesting fact about worms is that their oil is used by skin divers on their bodies as protection from the cold.

But, if the worms were interesting to us, the crickets were fascinating.

On the day of our visit, it was the wildest maternity ward imaginable. Nearly 1,000 crickets were busily laying eggs—up to 10 a day each—which will produce more than 20,000 crickets within two weeks.

Crickets, like so many creatures, dig burrows for their eggs, lay them, cover them, and go away to let nature take its course.

It's music to their ears, the Mueller's say, in speaking of the sound of crickets chirping. If they wake up at night and don't hear anything, they rush to see what's the matter.

And Charlie made one thing very clear: the best fishing crickets are not the black, garden variety but the gray cricket from Georgia. They have much more life and are sturdier to withstand the rigors of serving as bait.

It's difficult to convey in print the fascination of a worm farm, but it's great to know that such good bait is available so close.

Next time you are going angling, stop by and get your bait from Charles and Lynetta... and let them show you around the farm. It's an experience.

## Altamonte Slaps Lake Mary On Culpepper's One-Hitter

By Jim Beechus

Herald Sports Writer

Bob Culpepper hurled a one-hitter for the Altamonte Twins in Senior League play Tuesday night, registering a 4-1 victory over the Lake Mary Giants.

The Giants' Larry McMurry got the only hit in the affair off Culpepper, rapping a run scoring single in the second inning to give Lake Mary a brief lead. However, the Twins wrapped up the game in the third, scoring three runs.

Bob Hooper, Dewin Townsend and Mark Newell got base hits in the frame.

Altamonte added another tally in the fourth with the aid of a single by Dennis Garrett.

Reese Girffin singled for the Twins' fifth hit in the seventh inning.

In Little League play Gary Currens pitched and batted the Twins to an 8-2 victory over the Giants, hurling a four-hitter and clouting three singles.

Altamonte scored seven runs in the first two frames and then coasted to the victory.

Ricky Thompson, of the Twins, and Lake Mary's Don Durham belted doubles in the affair. Mike Smith had a pair of singles for Lake Mary.

# Tribe Opens Tournney Tonight

## Face Colonial In Class AA District Play

By David Higginbotham

Herald Sports Writer

The Seminole High baseball team will travel to Oak Ridge Field in Orlando tonight to compete in the first round of the Group 3 Class AA District Championships. In the first round the Seminoles will play against Colonial at 9 p.m.

The Seminoles wound up their regular season with wins over Bishop Moore, Oak Ridge and Winter Park to give them a 7-7 win-loss record and fourth place in the Metro Conference in the over all standings.

If the Seminoles beat the Colonial High Grenadiers they will go into the second round to face another opponent. The Tribe beat the Grenadiers twice in the regular season play.

Eddie Fitzgerald will be on the mound for Sanford tonight with Steve Harris catching. Fitzgerald struck out 16 in the Bishop Moore game and nearly that many in the last game with Winter Park.

Other starters for the Seminoles will be Jim Ervin at first, Bill Kuykendall at second, and Bernie Harbour at third. Ron Hinson will be shortstop and Sonny Messer will be in left field with Chuck Scott in center and Danny Tillis in right.

Ron Dudley and Ray Pivec will be used in relief for Fitzgerald and Chuck Pignotti, Lamar Oxford and Danny Lee are expected to see some action tonight.

## Roberts Hurts Win 273, Taps Senators, 6-3

By Fred Down

UPI Sports Writer

The magic total of 300 lifetime victories and enrollment in one of baseball's most exclusive clubs has become a realistic goal for Robin Roberts.

Not this season, of course, but possibly toward the end of 1966 and probably if he can keep going into 1967. A long way off? Sure, but Warren Spahn was a year older than Roberts when he reached No. 273 and now the great left-hander is beginning to think about 400.

Roberts, 38, chalked up his 273rd triumph of a career that goes back to 1948 when he pitched the Baltimore Orioles to a 6-3 decision over the Washington Senators Wednesday night. It was his second victory of this season and a typical Roberts victory in that he yielded two home runs but was tapped for only five hits in all and walked only two batters.

Spahn, who now has 358 victories, reached No. 273 during the 1966 season when he was 39. Roberts' 273 victories place him in a 15th-place tie with former New York Yankee great Red Ruffing on the all-time win list.

The Orioles backed their veteran right-hander with a barrage of three home runs that produced all their runs. Jackie Brandt soled in the fifth and Jerry Adair followed a walk to Norm Siebern with a two-run homer and a 3-1 lead. In the sixth, Boog Powell doubled, Brooks Robinson walked and Johnny Orsino hit his third homer of the season.

Home runs by Frank Howard and Doug Camilli produced two Washington runs. The Yankees beat the Kansas City A's 5-1, but lost the services of Roger Maris for perhaps three weeks, the Cleveland Indians clubbed the Minnesota Twins 9-3 and the Detroit Tigers nipped the Los Angeles Angels 5-4 in other AL games. Chicago and Boston were not scheduled.

In the National League, St. Louis defeated Milwaukee 5-0. San Francisco walloped Philadelphia 9-3. Cincinnati beat Chicago 3-2. Houston outslugged New York 12-9, and Pittsburgh topped Los Angeles 2-0.

## Undefeated Rotary Taps CPO

Rotary remained undefeated in Junior League play by posting its fourth win in a row, a 6-5 victory over CPO at Pinehurst Park Wednesday night before some 200 fans.

Rotary ran up a 5-1 lead, only to have CPO bounce back with four runs in the fourth to knot the count 5-5.

In the sixth, and what turned out to be the last inning because of curfew, Hobby Powell lead off the inning with a single, moved to second when Bruce McKibbin reached base safely on an error. Bill Schmidt walked to fill the bases. Andy Rufus popped up to shortstop and then Jeff Simpson struck out.

Just when CPO seemed to be getting out of the inning safely, Hobby Powell broke for home and scored on a successful steal with what proved to be the winning run. Powell was also the winning pitcher, allowing only three hits, all in the fourth inning. Powell and McKibbin were the top hitters with two hits each.

Civitan turned back Elks in an afternoon game, 5-2. Tommy Hickson, who just joined Civitan from Bishop Moore High School, stopped Elks on three hits. Hickson had three hits himself to add his own cause and Jim Patterson put together two hits for the winners. The win moved Civitan into a two-way tie for second place with Kiwanis.

The second round of Junior League play will start next Monday. In the Little League, Quality Mobile Homes came up on the short end of a 2-1 score with First Federal. It was the third straight game

Maris Sidelined By Injured Leg  
NEW YORK (UPI)—Roger Maris, hard-hitting rightfielder of the New York Yankees, expects to learn Friday how long he will be forced out of the lineup because of a pulled hamstring muscle.

Maris, considered a fine fielder as well as a potent batter, injured his right leg while making a diving catch to rob Kansas City left fielder Bert Campaneris of a probable extra-base hit Wednesday.

Team doctors will examine the injury Friday to try to determine how long he will be sidelined.

Quality has lost by one run and extended their winless string this season to six. Hal Duncan toed the rubber for First Federal and pitched one-hit ball, retiring fourteen men in order over an span.

The game was scoreless until the bottom of the fifth when Federal scored a single run. Quality came right back with a lone tally in their half of the final stanza but First Federal, not to be denied, scored the winning run on a hit by John McClanahan.

Strickland Morrison scored a 5-2 win over Navy with Gary Brown the winning hurler. The Mustangs put together thirteen hits with Haleigh Brown the top slugger with three-for-three. The win left Strickland Morrison in second place, one game off the pace of Georgia.

In the City League, the Kilowatts and Panning Lumber flexed their muscles, hanging out 29 hits. Although outhit 10-13, the Kilowatts topped Panning in the 11-run fourth inning. Jim Warner and Leroy Helman homered for the Kilowatts while Harry Scott had a homer for Panning. Glen Spivey of Panning took hitting honors with four-for-four. Mossie Helms had three hits. The win moved the Kilowatts into first place.

In Church League play, Congregational outlasted Church of God, 16-14. Les Green, with a homer, Harold Herbst, the winning pitcher and Randy Scott were the top hitters getting three hits each. Clarence Huey topped the losers with three base hits.

Church of God jumped off to a 9-1 lead after two innings only to have Congregational come back, finally overtaking their opponents in the sixth inning when they tallied three runs to tie the score and then adding two in the seventh to take a 15-13 lead into the bottom of the seventh. Church of God rallied but fell short by one run.

## Seeking State Meet Berths

### Seminole Thin Clads Go In District Meet

By David Higginbotham

Herald Sports Writer

Coach Dick Williams' Seminole High thin clads will travel to Evans in Orlando tonight to compete in the Group 3 Class AA District Meet.

The Seminoles will be taking their impressive second place Metro Conference standing and their outstanding season record with them. The three in each event will compete in the Florida State Meet May 8, in Gainesville.

All the Metro Conference schools including Winter Park, the only team to beat the Seminoles in the Metro Conference meet, will compete in the meet.

According to Coach Williams, Sanford's long string of wins, with a great many Seminole records, will have no bearing on the outcome of this meet.

This has been one of the best seasons for track in the history of Seminole High, with Rick Walstrom breaking the 100-yard dash and the low hurdles, George Markon breaking the high hurdles, Jack Hunt breaking the mile,

## Philips Cleaners Set Open House

Mr. and Mrs. W. M. Philips (Wally and Jane) of the new Philips Cleaners, Laundry and Fur Storage are holding Open House Friday and Saturday from 7 a.m. to 6 p.m. to acquaint all their customers and friends with their new location and facilities.

The new building, located at 319 West 18th Street, is equipped with the most modern cleaning and laundry facilities. The new fur storage vault is the only one in Seminole County.

"This is the 'last word' in safe fur cold storage facilities," said Philips.

Dedication ceremonies of the new building will be held at 10 a.m. Friday, Philips announced.

Mr. and Mrs. Philips have operated the business for the past 14 years under the name of Philips Colonial Cleaners, but with the new facilities the name has been changed to

Philips Cleaners, Laundry and Fur Storage.

Prizes will be given away and refreshments will be served to all callers.

Each person will have the opportunity to register for valuable prizes.

First prize is a luxurious lace-lined cashmere sweater enhanced with an "Autumn Haze" mink collar. The collar is detachable and can be worn with other outfits if desired.

Second prize is \$25 worth of service, third prize is \$15 worth of service and fourth prize is \$10 worth of service.

There are five other prizes, each including two decks of plastic-coated playing cards.

"We invite each and every one of our customers and friends to come to see us during the open house celebration, register for the prizes and have some refreshments," said Mr. and Mrs. Philips.

Contractor for the renovation of the building was A. K. Shoemaker Jr., of Shoemaker Construction Company.

Also present for the festivities will be Ralph Handel, state sales representative for the Walter-Haertel Company of Minneapolis, Minn., who installed the polarized care equipment of the fur storage facilities.

### BLONDE GUNMAN

JACKSONVILLE (UPI) — A shapely young blonde was held today on charges of robbing a downtown bar. Mrs. Betty Jean White, 23, was accused of taking nearly \$100 from the bar cashier at gunpoint last night. She was arrested shortly after the hold-up.

There were about 7,678,000 pleasure boats in use in the United States during 1963.

# Travel \$\$ Interest U. S., Other Nations

By Murray J. Brown  
NEW YORK (UPI) — Americans who thought their vacation plans were a matter of personal interest only should revise their thinking. It may come as somewhat of a surprise but many governments, including the United States, are vitally interested also.

It's a financial, rather than personal, concern. Travel is a multi-billion dollar business and where the American goes and how much he spends affects not only the economies of foreign countries but of the United States as well. Americans have been spending millions more overseas than foreign visitors have expended here. Some of these dollars eventually come back in the form of payments for imports and other goods. But there is still a sizable gap which has helped put a serious drain on U.S. gold and dollar reserves.

It's not a new problem. At President Kennedy's recommendation in 1961, Congress cut the duty-free allowance for American travelers from \$500 to \$100. The helped reduce the average spending of the American abroad but total spending went up anyway because more Americans travel overseas each year.

There was talk that the present administration was considering drastic measures, including imposition of a \$100 "head" tax, to curtail travel and ease the dollar drain. But there was no mention of such a move—which triggered protests against the threat to freedom of travel here and abroad — in President Johnson's recent balance-of-payments message to Congress.

**DUTY-FREE CUT**  
Johnson did propose, however, a further reduction in the duty-free exemption from \$100 wholesale to \$50 retail. Administration officials pointed out that the cut actually is equivalent to a reduction from \$100 to \$50 and said it

was hoped would slash dollar spending abroad by \$100 million a year.

In his address, the president noted that American tourist spending increased by \$600 million over the past four years and said that "foreign travel should be encouraged when we can afford it—but not while our payments position remains urgent."

He urged the tourist industry here and abroad to "strengthen and broaden the appeal of American vacations to foreign and domestic travelers."

The State Department followed up the president's message by ordering U.S. passport offices across the country to take down travel posters and remove other material that could encourage foreign travel.

As expected, the government moves to discourage foreign travel brought strong reactions from official and non-official tourist organizations, transportation companies and others.

**CARIBBEAN FEARS**  
In many European and Asian countries, American tourists are a major source of dollar income. But the American plays an even more important role in the financial well-being of the Caribbean islands, according to Martin Winach, general manager of the 17-member Caribbean Tourist Association (CTA).

"In no other part of the world is American tourism of such vital importance," he said. "On some islands, tourism is the only important industry . . . a significant cut in the flow of American tourists would have a disastrous effect on the economy of the entire area."

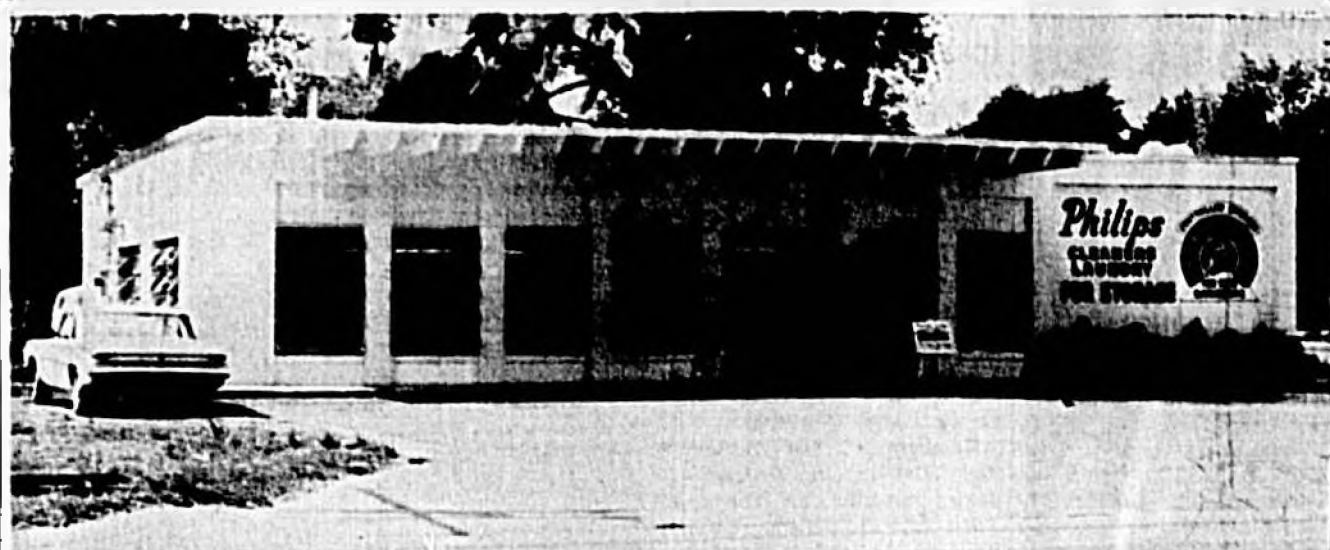

Harry Goeggel, CTA president, went even further in a cable protest to President Johnson. He said any drastic restrictions on American tourist spending could have political as well as economic repercussions.

"A sudden collapse of the tourist industry could well result in political chaos to the disadvantage of the United States and to the benefit of Communist infiltration," Goeggel said.

## Sneaky Ticket Riles Sleeper

NEW YORK (UPI)—Mrs. Gustav Auster had gone to sleep with the contentment known only to a city motorist who has found a legal parking spot close by home. When she left her Bronx apartment to drive to work Mrs. Auster discovered the city had been working while she slept, installing parking meters.

And the traffic department's "meter maids" had followed up the installation crew, tagging her car with a \$15 ticket.

NEW OFFICERS OF THE CATHOLIC Women's Club of All Souls Church installed with impressive ceremonies at a dinner meeting at the Capri Tuesday night are seated from the left, Nancy Michels, president; Bridgit Kolarik, vice president; Nancy Huckelbone, corresponding secretary; Eloise Hickson, treasurer; and Madaline Coveney, recording secretary. Outgoing officers standing from the left are Mrs. Swibert Durand, Charlotte Donahoe, Eve Rogero, Marion LaTour and Sally Mamele.

DeBary Club Installs Officers At Dinner Meet

By Mrs. John Leone The DeBary Business and Professional Women's Club will hold a dinner meeting and installation of officers Tuesday, May 4, at 6:45 p.m. at the DeLand Country Club. Beatrice Muller, past president of the DeBary Club will be the installing officer. Members of the DeBary Club attending the District 4 dinner meeting on Sunday, April 25, at Stetson Union Building, DeLand, were Bert Lederhaus, president; Margaret Williams, president-elect, and Jo Peck, Marie Accardi, Helen Stripp, Betty Peacock, Viola Leone, Evelyn Dzick. Hostess clubs were DeBary, DeLand, Eustis and Mt. Dora.

Registration was at 10 a.m. followed by a workshop on legislation. Alva Williams, past district 4 director, DeLand, gave the Pledge. The invocation was given by Jean DeVoe, president of the Eustis Club with the welcome by Ruth Mullins, president of the DeLand Club, and the response was by Bert Lederhaus, president of the DeBary Club. Harriet Matt, district director, introduced the speaker, Della Rosenberg, president-elect of the Florida Federation, who also installed the district officers.

Miss Sizemore, R.L. Russi Engaged

Mr. and Mrs. Loye K. Sizemore of Sanford announce the engagement and approaching marriage of their daughter, Miss Brenda Kaye Sizemore, to Ronald Louis Russi, son of Mrs. Albertina Russi and the late Joseph A. Russi, also of this city. The bride-elect was born in

Richlands, Va., and attended local schools, having graduated from Seminole High School with the class of 1962. She is a graduate of Jones College, Orlando, and is presently affiliated with Dr. R. M. Rosemond and Dr. W. C. Rape as medical secretary. Her fiancé was born in Sanford and was graduated from Seminole High School with the class of 1958 where he participated in various sports and clubs. He is a member of the Jaycees, Seminole County Sportsman's Association and is president of the Employees Club of Sanford Atlantic National Bank, where he is employed in the installment Loan Department. Complete wedding details will be announced at a later date.

MISS BRENDA KAYE SIZEMORE

Casselberry

Personals

By Jane Casselberry Weekend guests of Mr. and Mrs. Paul Knight of 540 Queen's Mirror Circle were her brother and sister-in-law, Mr. and Mrs. George Simonds of Ft. Lauderdale and Mrs. Simonds' mother, Mrs. Joseph I. Grover, of Boston, Mass.

B.P.O. Does Initiate New Members

The B.P.O. Does, Sanford Drove 100, initiated five new members Monday night at the Elks Club. The new members are Ann Trued, Evelyn Wagner, Audrey Yeakle, Nora Gentile and Mary Boneker. President Merline Wolfe presided over the meeting with the assistance of Conductor Jackie Carruthers. Several visitors from the Orlando Drove also attended.

All Elks, wives and friends please call Florence Lyons, nights, 322-5841. Reservations are invited. For reservations, from 9:5 at 322-3891 and must be made by May 3.

After the meeting, everyone adjourned downstairs for hamburgers, baked beans, cole slaw and fellowship. May 8, the Does will hold a potluck dinner and square dance at the Elks Club. The dinner will start at 6:30. Harold Jenkins will be the caller. Dinner and dance prices will be nominal.

FIVE NEW MEMBERS WERE INITIATED Monday night into the B.P.O. Does at initiation rites at the Elks Lodge. From the left are Merlene Wolfe, president, Ann Trued, Evelyn Wagner, Audrey Yeakle, Nora Gentile and Mary Boneker, initiates; and Jackie Carruthers, conductress.

Fashionettes

If you wear earrings or other shiny jewelry when you also wear sunglasses, be sure to keep your glass frames simple. Fancy frames and bright jewelry will give you a "busy" look.

A fur stole is only pretty when it is worn properly. Don't drape yours around your neck as though it were a bath towel. Practice in front of the mirror until you find the way to wear it gracefully.

There is a new coloring on the market for children's shoes. It comes in nine different colors, is nontoxic and, so important where youngsters are concerned, is also scuff-resistant.

Choose your sunglasses as you would choose a beauty accessory. Make sure the glass shape suits not only your face shape but your hairdo as well.

The new open shoes for spring and summer make foot beautifying more essential than ever. So whether you like nail enamel on your toenails or not, don't neglect that weekly pedicure to keep your nails in shape.

DeBary Personals

By Mrs. John Leone Mrs. B. Butlin of Maria Road entertained her daughter and son-in-law, Mr. and Mrs. Gerald McFadden, of Akron, Ohio. Mr. and Mrs. E. Z. Walters of Eldorado Drive had as her recent houseguests, Mrs. Des Scranto and daughter, Dot, from Connecticut. Mr. and Mrs. Frank C. Kiepper of Flamevine Lane have their son and daughter-in-law, Mr. and Mrs. Frank Kiepper, and grandchildren, Billy and Susan, visiting from Baldwin, Long Island, N. Y. Mr. and Mrs. William Cook of Highbanks Road, East, visited relatives in Henderson, Texas; Shreveport, La., and Texarkana, Ark. The children, Jimmy and Tracy, en-

joyed the visit to grandpa and grandpa, Mr. and Mrs. L. J. Cook. The Four B's of DeBary, Mr. and Mrs. William Hensgan and children, William Jr. and Robert, visited Cypress Gardens, The Singing Tower, The Great Masterpiece and other places of interest in Central Florida last week. Mr. and Mrs. Charles Youman of DeBary Drive visited their friend, Mrs. M. Skillman, at St. Petersburg for a few days. They enjoyed visiting places of interest in and around Sarasota.

Mr. and Mrs. Adam Muller of Second Street, entertained her sister, Ethel, and brother, Walter, and sister-in-law, Marsha, from Miami, this past weekend. Mr. and Mrs. A. W. Rushneck of Madera Road entertained their son and daughter-in-law and their three children, Ronald, Gary and Susan. Mr. and Mrs. Theodore Cully of Arcadia Road entertained their niece, Wendy King, of Greenwood Lake, N. Y. They are visiting places of interest in Central Florida.

Forest City

Personals

By Maryann Miles Col. Allen Forward, who is in the active reserve of local Marine VTU, had the honor of lunching with Judge Warren Edward, Brigadier General Joe Stewart, Col. O. S. Bibb, Col. Franklin Cappelman and Lt. Col. McIntyre at the University Club, before attending the dedication of the Marine Training center. Guest speaker at the dedication was Representative Edward Gurney. In the evening, Col. Forward along with his wife, Ernestine, attended a buffet and cocktail party at the Orlando Officers Club. The Forwards are merchants in the Forest City shopping center and he is president of the Forest City Association.

Theta Epsilon Schedules Founder's Day Luncheon

The members of Theta Epsilon Chapter of Beta Sigma Phi met recently at the home of Joanne Bohannon. The meeting was called to order by Mrs. Bohannon, president. Highlight of the evening was a most interesting program conducted by guest, Mrs. Gardner Schuler. Mrs. Schuler is a world traveler. Her most recent and interesting trip was an African safari. The group enjoyed slides and a most interesting narration by Mrs. Schuler. The chapter conducted Rituals after the business meeting. Those taking Pledge Rituals were Gayle Rotzolsky, Jeanne Dunne, Reta Gallagher, Joan Moore, Pam Cooper and Joyce Sammet. Pledges receiving Ritual of

Jewels were Pat Helms, Dixie Jennings and Joanne Gardner. The details for the Founder's day luncheon were announced. The group will meet at the Bird Cage Restaurant in Winter Park at 12:30 p.m., Saturday, May 1, for lunch. Those attending the meeting were Joanne Bohannon, Sherry Bolte, Jan Cahill, Sharon Davis, Barbara DeKle, Betty Erickson, Jo Kuhlke, Pat Larsen, Betty Lewis, Betty McKee, Nancy Reynolds, Mona Walker, Joanne Gardner, Dixie Jennings, Pat Helms, Joyce Sammet, Gayle Rotzolsky, Jeanne Dunne, Reta Gallagher, Joan Moore and Pam Cooper.

South Seminole Personals

By Maryann Miles Mr. and Mrs. Julius Coler have as houseguests from New Rochelle, Mr. and Mrs. Harry Bierman. They wintered in Hollywood and stopped over for a visit on their way back home. Mrs. Mae Jones is in Baldwin, Mich., to attend the funeral services of her brother-in-law, John Kearney, who died suddenly of a heart attack. Mrs. Jones is planning

to remain for some time with her sister. Charles Daggett, aged 12, who is a member of the Garden Club, Junior Division, won 10 ribbons at the recent showing. His parents are Mr. and Mrs. Chet Daggett. Less than one-half of the \$2,000 miles of road in Australia are hard-surfaced, according to the Encyclopaedia Britannica.

# Hey Baby, Yeah, Yeah, Yeah....

## The Charles Meeks Host Festive Fun-Filled Fete For Seniors

The spacious Charles Meeks Summerlin Avenue home depicted a festive filled with fun last Saturday night when more than 200 were invited to an informal buffet blast honoring Michele Jones and Linda Robson, members of the 1965 graduation class of Seminole High School.

The rumpus room literally oscillated and vibrated to the beat of the loud noise, which the young moderns call music, as their body contours swayed and were swung into confusing contortions, known as modern dancing. Yeah, yeah, yeah!

An oversize graduation cake, beautifully decorated, an attractive assortment of chips, dips and other buffet fare with gallons of cold drinks were served on the help-yourself-plan.

Preceding the full impact of the fete, a post-Easter egg hunt transpired with the guests engaging in lawn and garden surgery in attempting to locate the colored, hidden eggs, all containing loot—cash and other prizes.

Finders of the prized eggs were Al Boniface, Carol Walker, Bonnie Todd, Pat Mc-

Guire, Buddy Burton, Bill Klinefelter and Steve Richard. Also Kathy Butler, Jim Rob-

**HAVING A LITERAL BLAST** at the Charles Meeks Mayfair home were 200 guests last Saturday night honoring Michele Jones and Linda Robson, members of the 1965 graduation class of Seminole High School. Michele Jones and her date, Rick Walstrom, are seated at the left with Linda Robson and her escort, Brad Pruden, at the right. Seated in the center are Myra Meeks and Mary Scott, who assisted the hostess. Special guests were Mr. and Mrs. Hurry Robson and Mr. and Mrs. Willis Jones. (By Doris Williams)

### Bear Lake Personals

**By Maryann Miles**  
Mr. and Mrs. Carl R. Spencer of 3187 Cecelia Drive, have as houseguests, their son and daughter-in-law, Mr. and Mrs. William S. Spencer, from Gibsonia, Pa.

Mr. and Mrs. Joseph Podolski from Madison High, Mich., are visiting their daughter and family, Mr. and Mrs. Robert Kowalski, at 3533 Shirley Drive, for three weeks.

Visiting at the home of Mr. and Mrs. Richard Scott on Shirley Drive, is Mrs. Scott's mother, Mrs. Nan Gillies, from Toledo, Ohio, during the month.

Major Harry Williamson and his eight-year-old son, Warren, along with Robert Baird and his seven-year-old son, Jimmy, had a marvelous time camping out over the weekend at Ocala National Forest. This was the first time the youngsters had camped out with their dads with no women around. Father and son teamed up for providing meals. Although they planned on catching fish, the Williamson's brought a frozen fish along, just in case! As luck would have it the fish thawed out in time for the evening meal.

When The Salvation Army was founded a century ago in England, it met violent opposition, slander, physical abuse and persecution. Despite this, it grew rapidly and spread to Scotland, Ireland and Wales and soon to the United States.

Lichens, flowerless plants which grow on bare rocks, tree stumps and waste places, have no roots, stems or leaves.

### Sanford Personals

Mrs. Mary Alexander and Mrs. Helen Constantine of Sanford, accompanied by their niece, Miss Dale Cere-

hany, Ga., this past weekend to attend Communion exercises of Kimberly Kincaid at St. Teresa's Roman Catholic Church.

Refreshments were served to the following: Jeanette (John) Alexander, Betty (Clarke) Bruselle, Ginny (Gordon) Frederick, Pat (Vernon) Hardin, Sue (E. C.) Harper Jr., Candy (Mac) McClanahan, Vermeile (Ed) Peterson, Willa Mae (John) Prokosch, Jessie (Al) Shaw and Audrey (G. Andrew) Speer.

Beta Buddy gifts were exchanged and the names of the girls who had so much fun surprising each other all year were divulged. New Beta Buddy names for the coming year were drawn. Highlighting the evening was the exchange of gag gifts among the husbands.

Jeanette reminded the group of the Beta Sigma Phi Convention to be held in Tampa May 28-30 and also that the meeting of May 24 would be a covered dish supper at which time those girls who are planning to transfer to the Exemplar Chapter will be invited to attend. The presidents of the other chapters will give a report on their year's activities.

The next meeting will be May 10 and Team II and III will have the program.

Willa Mae Prokosch, Candy McClanahan and Ginny Frederick presented a most interesting program on "Better Thinking."

Refreshments were served to the following: Jeanette (John) Alexander, Betty (Clarke) Bruselle, Ginny (Gordon) Frederick, Pat (Vernon) Hardin, Sue (E. C.) Harper Jr., Candy (Mac) McClanahan, Vermeile (Ed) Peterson, Willa Mae (John) Prokosch, Jessie (Al) Shaw and Audrey (G. Andrew) Speer.

Mrs. Meeks and daughter, Myra, presented the honorees with huge stuffed "Humpty Dumpties" for their classmates to autograph as mementos of the festive occasion.

Thus around midnight after making the discovery that the Meeks home was indestructible and the hostess had nerves of iron, the guests departed with treasured memories of a most enjoyable and entertaining graduation party.

## The Repository Of Human Knowledge...Public Library

IT'S ALWAYS LIBRARY WEEK at Sanford Public Library. Librarian Mrs. Sara King (upper left) looks in card index file to locate book.

Library patrons (upper right) check out books at main desk. School children look up reference material in one section of the library (lower left and right). Circulation at the library has increased 100 per cent since its has moved to its present site on First St., according to Mrs. King.

### Homemakers

By Mrs. H. L. Johnson

**By Mrs. H. L. Johnson**  
The south is often called the land of tasty hot corn breads. This is because southern homemakers traditionally serve hot, home-baked breads to their families and guests. Biscuits and corn breads are a perfect match for that southern fried chicken, country fried ham or other southern specialties. Here is a basic corn bread recipe that is very good.

**BASIC CORN BREAD**  
Makes 16 squares  
2 cups enriched self-rising corn meal  
2 tbsps. sugar  
1 egg, beaten  
1/4 cup shortening (melted) or oil  
1 to 1 1/4 cups milk  
Grease 8-inch square pan. Preheat oven to 425 degrees. In medium-sized bowl stir together corn meal and sugar. Combine egg, shortening or oil and 1 cup milk. Add liquid all at once to flour mixture, stirring until smooth. Add more milk, if necessary, to make medium batter. Turn into pan. Bake 20 to 25 minutes or until golden brown. Here are some nice variations:

**HERB CORN BREAD**  
Stir 1/4 tsp. nutmeg, 1/4 tsp. oregano, 1/4 tsp. thyme and 1/4 tsp. basil into corn meal mixture. Mix and bake as directed for above recipe.

**SESAME CHEESE CORN BREAD**  
Before baking, sprinkle 1/4 cup crumbled blue cheese and 2 tbsps. toasted sesame seed over top of batter. Bake as directed above.

**BASIC FRITTERS**  
Makes 16 Fritters  
Fat for deep frying  
1 cup enriched self-rising corn meal  
1 cup sifted enriched self-rising flour  
1 egg, beaten  
1/4 to 1/2 cup milk  
Preheat fat for deep frying to 375 degrees. In medium-sized mixing bowl stir together corn meal and flour. Add egg and enough milk to make a stiff batter. Drop batter by teaspoons into fat until golden brown, turning once. Drain thoroughly on absorbent paper. Serve hot.

Now some variations:  
**CHEESE FRITTERS**  
Mix 1 cup shredded cheddar cheese into corn meal. Mix and fry as directed for Basic Fritters.

**HERB-PEPPER FRITTERS**

Sift 1/2 cup dried sweet red pepper, 1/4 tsp. sage and 1/4 tsp. ground rosemary into corn meal. Mix and fry as directed above.

**SPOON BREAD**  
3 cups milk  
2 tbsps. butter  
1 cup enriched self-rising corn meal  
4 egg yolks  
4 egg whites  
Thoroughly grease a 2-qt. casserole. Preheat oven to 350 degrees. In large sauce pan heat milk until almost simmering. Add butter and stir until melted. Stir in corn meal until smooth. Cook over medium heat until mixture reaches boiling point; cook, stirring constantly 1 minute longer. Remove from heat and cool slightly. Meanwhile, beat egg yolks until well blended; stir into corn meal mixture. Turn into casserole. Bake 45 to 50 minutes or until cake tester inserted in center comes out clean. Serve immediately.

**HEAVENLY CREAM CHEESE BROWNIES**  
1 pkg. (4 oz.) sweet cooking chocolate  
3 tbsps. butter  
2 tbsps. butter  
1 pkg. (3 oz.) cream cheese  
1/4 cup granulated sugar  
1 egg  
1 tbsps. flour  
1/2 tsp. vanilla  
2 eggs  
1/2 cup granulated sugar  
1/2 tsp. baking powder  
1/4 tsp. salt  
1/2 cup unsifted flour  
1/2 cup coarsely chopped walnuts  
1/4 tsp. almond extract  
1 tsp. vanilla  
Melt chocolate and 3 tbsps. butter in small saucepan over very low heat, stirring constantly. Cool. Cream 2 tbsps. butter with cheese until softened. Gradually add 1/2 cup

sugar, creaming until light and fluffy. Blend in 1 egg, 1 tbsps. flour and 1/2 tsp. vanilla. Set aside.

Heat 2 eggs until light in color. Gradually add remaining 1/2 cup sugar, beating until thickened. Add baking powder, salt and 1/2 cup flour. Blend in cooled chocolate mixture, nuts, almond extract and 1 tsp. vanilla. chocolate batter in a greased 8 or 9-inch square pan. Then spread cheese mixture evenly over the top. Spoon remaining chocolate batter over cheese mixture. Zig zag a spatula through batter once in each direction to marble. Bake in a 350 degree oven 35 to 40 minutes, or until top springs back when lightly pressed in center. Cool. Cut in about 20 bars or 16 squares.

**QUICK COCONUT COFFEE CRUST**  
1 tbsps. instant decaffeinated coffee  
1 tbsps. water  
1 1/2 cups flaked coconut  
2 tbsps. soft butter  
Dissolve instant coffee in water. Blend with coconut. Spread butter evenly over bottom and sides of an 8 or 9-inch pie pan. Sprinkle coconut into pan pressing evenly into the butter. Bake in a slow oven (350 degrees) until golden brown, about 30 minutes. Cool thoroughly. Fill with favorite filling, cream or ice cream filling. (Use 3 cups filling for 8-inch pies and 4 cups filling for 9-inch pies.)

"This is the year that I," as far as apples are concerned, according to L. W. Brown, president of Processed Apples Institute, Inc. Here are several recipes using applesauce and apple juice.

**APPLE NUT BREAD**  
1 cup brown sugar  
2 qts. whole wheat flour  
1 qt. sifted all purpose flour  
1 tbsps. baking soda  
3 tbsps. baking powder  
2 tps. salt

### Corner

2 cups chopped nuts  
4 eggs  
1 cup melted shortening  
2 qts. canned apple sauce  
1 pt. light molasses  
Sift dry ingredients. Add nuts and mix well. Combine eggs, shortening, apple sauce and molasses, mix well. Add to dry ingredients and stir only until evenly combined. Divide batter into 5 loaf pans, 8 1/2 by 4 1/2 by 3. Let stand 15 minutes. Bake at 350 degrees for 1 hour and 15 minutes or until bread tests done and is spread about half of the lightly browned. Remove from pans and place on racks to cool. Cover tightly and place in refrigerator over night before slicing. Each loaf will cut 20 slices.

For home entertaining, try these:  
In an old fashion glass filled with ice cubes, add a slice each of orange and lemon and a maraschino cherry. Pour apple juice over all.

Peel a lemon so that the peel is in one long strip. Then in a tall straight sided glass, stand lemon peel in a spiral and keep in place with ice cubes. Add apple juice to fill and garnish with lime slice and maraschino cherry.

To 1 quart chilled apple juice, add 2 tbsps. instant tea. Then add a pint of lemon sherbet and beat in a blender or with rotary beater. Pour into tall glasses and serve with colorful straws.

And for the kiddies: Chilled apple juice frothed with vanilla ice cream will be a hit at any children's party. And for extra spark, sprinkle with chocolate over the top.

### Richard Keough Discusses Banking At W W Club Meet

The Welcome Wagon Club of Sanford met recently at the Capri Restaurant with Edna Burns, program chairman, introducing Richard Keough, vice president of Florida State Bank, who spoke on the ways and means of banking in a most interesting and informative presentation.

Mrs. Sam Brownback was appointed secretary, Mrs. Robert Halston, card chairman, and Mrs. Lou Roberts will be chairman of the forthcoming rummage sale.

Knitting classes for WW members only are being held the first Monday of each month at Garrett's Department Store at 1 p.m. Evening classes are held at the home of the instructor, Edna Burns, 207 Collins Drive, Sunland, at 7:30 p.m. on the second and fourth Thursday of each month. For further information call 323-1065.

Mrs. Kevin Hough and Mrs. J. Russell Wolff were welcomed as guests.

Prizes were won by Mrs. Wolff, Mrs. Mary Thompson, Mrs. Ralston, Mrs. Hough

### Beautification Month Scheduled For N. Orlando

By Margaret Cosby  
The North Orlando Garden Club again this year is sponsoring Beautification Month and has designated the month of May for all gardeners to go to work.

The committee of Mrs. W. W. Anderson, Mrs. George Duquette and Mrs. Carl Hyatt, chairman, reports that there will be a number of prizes which will be well worth the while of North Orlando residents to compete in the project.

As soon as the prize list has been completed, it will be published, together with details, and distributed to homeowners in the community.

## Society Plans Annual Meeting In Geneva

By JoAnn Hays  
Annual meeting of the Geneva Historical and Genealogical Society will be held this weekend beginning Saturday with the traditional fish fry at Ft. Lane Park and concluding Sunday with a dinner for members only at the Community Hall.

Preceding the Saturday fish fry, the Geneva Band will play at 11:30 a. m. Serving will begin at noon and following the meal there will be an afternoon of planned activities for the teenagers.

At 3 p. m. Saturday, members of the Society are invited to participate in an open house for the recently established Geneva Community Library.

The annual business meeting will be held at 7 o'clock that evening in the Community Hall followed by a program of entertainment. Sandwiches will be provided and soft drinks will be available. Sunday, members will attend 11 a. m. church services, meeting again at 1 p. m. at the Community Hall for a fried chicken basket dinner.

Mrs. Elizabeth D. Oldham of Geneva is serving as registration and reservations chairman for all weekend meetings.

## English Estates PTO To Install New Officers

By Jane Casselberry  
Officers of English Estates Elementary School Parent-Teacher Organization for the coming year will be installed at the last meeting of the current school term to be held at 8 p. m. Tuesday in the school cafeteria.

Principal Morris Ruby will serve as installing officer. Mrs. Margaret Reynolds, who has been assigned to the school as principal replacing Ruby, will be introduced. She is at present teaching at the Lake Mary Elementary School in Sanford. Ruby has been transferred to the position as principal of the Lake Mary School.

Acting president of the PTO, Mrs. Helen Douglas, will read the annual report. Refreshments will be served following the meeting by third grade room mothers.

## Engineer Meet Slated At Base

An estimated 20 members of the American Society for Metals, Institute of Electrical and Electronic Engineers and the American Institute of Plant Engineers will tour Sanford Naval Air Station this evening.

The Central Florida groups will hear Capt. Richard E. Fowler Jr., commander of Reconnaissance Attack Wing One, deliver his first speech since taking over the command Monday.

Captain Fowler will make his presentation following dinner at the Capri Restaurant after the tour. The tour, which will begin at 5 p. m., will consist of a simulated carrier landing demonstration, a static display of aircraft and a tour of the Naval Air Maintenance Training Detachment building.

## Liberty Belles Plan Car Wash

The Senior 4-H Club Liberty Belles of Slavia will sponsor a car wash from 8:30 a. m. until 5 p. m. Saturday at the Oviedo Texaco Service Station with proceeds to go for the group's end-of-year party.

Delivery service arrangements will be provided by the adult leaders, Mrs. George Jakubcin Jr., Mrs. George Kelsey and Mrs. Bill Roundtree.

LYMAN HIGH School was host to Student Council district committee meeting for the purpose of preparing changes in the constitution and by-laws of the group. Shown here (left to right) are Ruth Wright, Dan Casselberry, chairman, and Mike Tatum, of Lyman, and Ron Gravatt and David Bedford, of Colonial High School, Orlando. (Herald Photo)

## Horse Cavalry Style Hits John Taxpayer

WASHINGTON (UPI) — Government auditors said the taxpayers had to lay out nearly \$650,000 from 1962-64 to style military raincoats to horse cavalry specifications.

The General Accounting Office reported to Congress that a requirement for vents in the back of Army, Marine and Navy raincoats added 28 to 51 cents to the cost of each garment.

It noted pointedly that the Air Force has been getting along just fine without vents in its raincoats. The original reason for the vents, which have taken the shape of "cattle pieces" and pleats on Army and Marine coats and simple slits on the Navy version was to allow a

## DeBary Bridge Club Has Two Section Play

Fourteen tables in two sections were in action at this week's Tuesday afternoon meeting of the DeBary Duplicate Bridge Club in the Firemen's Recreation Hall.

Winners of Section A, directed by Mrs. Robert Nichols, were, NS, first, E. Z. Walters and H. Guy Chase; second, Arthur Wheatley and Mrs. W. B. Cook; third, Mrs. Ruth Blatt and Mrs. William Woodlock.

EW, first, Mr and Mrs. Frank Mathison; second, Mrs. Doyle Driver and William Woodlock; third, Mrs. Mildred Doster and Mrs. Edna Reilly. Section B was directed by Col. W. W. Ingers. Winners were, NS, first, Norman Meyer and Don MacNaughton; second, Mrs. Joly Dunsell and Mrs. Loretta Munson; third, Mrs. Ida B. Wilson and Mrs. J. D. Cordell.

EW, first, Mrs. Charles Melner and Mrs. M. Shader; second, Mrs. Loris Weeks and Mrs. Frank Holder; third, Mrs. R. W. Ackerman and Mrs. Dolores Finn.

Winners for the month of April were, first, Mrs. Frank Holder; second, Mrs. Loris Weeks; third, Mrs. Frank Mathison; fourth, E. Z. Walters; fifth, William G. Lutz, and sixth, Phil DeBarard.

## Plant Sale To Aid 'Operation Beautify'

Sanford home gardeners will have the opportunity Friday to purchase caladium tubers (bulbs, for the uninitiated) when Camellia Circle of the Sanford Garden Club conducts a downtown sale of the bulbs in 1/4- and five-pound bags.

The bulbs were donated to the Garden Club for the "Operation Beautify" fund by Drs. John Wilson and John Darby, of the Central Florida Experiment Station.

Members of Camellia Circle, under the direction of their president, Mrs. Donald Flamm, will conduct the sale from 9 a. m. to 7 p. m. at the McCrory's annex on First Street and at the Sanford Post Office.

Jack Bolt, Sanford area beautification chairman, said he has received permission to block off three parking spaces in front of McCrory's so that the garden club sales women can conduct a "drive-in" service.

Three varieties of the caladium tubers will be offered, including Crisman Wave (red and green), Mrs. Halderman (green and red) and Condidum (white).

All receipts from the sale of the tubers will go into the "Operation Beautify" fund, of which Darby is chairman.

By Dr. J. F. Darby  
Caladiums are colorful fol-

lage plants which are native to the Amazon River Valley and Peru. The leaves are highly variable, beautifully netted, veined and splotted in numerous shades of color.

Caladiums have been grown in Florida for many years. Tubers may be planted in Central Florida area from January through May for home gardens. Each Caladium

tuber has several eyes or buds on the top and sides. Caladiums will grow in sun or shade and in various soil types. Those grown in partial shade will have larger and more colorful leaves, and will remain attractive longer than if grown in full sun. For best results caladium beds should be spaded to a depth of eight or 10 inches, a part

of the soil removed, and replaced with oak leaves mulch, peat or dairy manure.

The soil should be slightly acid. One level tablespoon of 0-0-6 commercial fertilizer should be mixed into the soil at planting time. When planting is completed, apply a light mulch of oak leaves, grass clippings or similar substance to conserve moisture.

The foliage will remain attractive until October or November when the short days will induce the plants to go into a resting period.

In Central Florida tubers can be left in the soil all winter. If the caladiums are left in the soil they should be dug up and replanted about once every three years when they may become crowded in some areas.

It is suggested that the home gardener plant whole tubers. Tubers may be planted 1 1/2 to two inches deep and one foot apart.

After planting, water just enough to dampen soil. When they begin to come up water should be increased. When full grown the soil should be kept moist. This constant watering will require fertilizer applications monthly. A special azalea-camellia fertilizer will gradually make the soil more acid.

The foliage will remain attractive until October or November when the short days will induce the plants to go into a resting period.

# Automated Antique Look

President Johnson says we are going to have to rebuild the entire United States, in effect, just to accommodate the expected increase in population in the next 40 years.

In the meantime, however, old buildings are not being knocked down fast enough to satisfy the demand for attractive used bricks. The fact that the public will pay more for used brick than new ones has inspired two California men to invent a brick-aging machine, which they have just patented.

Nice new bricks are fed into the machine, which tumbles them against each other until they become properly chipped and cracked. The device even smears mortar on the bricks at random to give them character and authenticity.

The result is a pile of rubble—and a highly salable commodity.

Warmer weather has arrived and besides bringing out the flower buds, birds and other signs of spring it has also caused the kite flyers to take to the skies. Flying a kite can be pleasant sport but it calls for caution.

Many a young boy and adult as well have received severe shocks when attempting to dislodge a kite from a power line.

The following list of "NEVERS" for kite flyers which should be heeded at all times is offered:

NEVER run across streets or highways while flying a kite. A car may strike you.

NEVER let a kite go over a TV or radio aerial.

NEVER fly a kite near overhead electric wires. Find an open field.

NEVER fly kites in the rain. Lightning may strike you.

NEVER fly a kite with metal wire in the frame or tail. It may touch a

# Tips On Kite Flying

power line causing it to burn in two and fall.

NEVER use tinsel string, wire, or any twine that has a metallic substance. When metal touches power lines it conducts electricity.

NEVER climb an electric power pole to loosen a snagged kite. Only competent electricians are authorized to climb power poles.

NEVER touch fallen electric wires. Warn other persons.

## Thought For Today

Since thou hast closed their minds to understanding, therefore thou wilt not let them triumph.—Job 17:4.

Then men who made the world wiser, better and hollower were ever battling with the laws and customs and institutions of the world.—Clarence Darrow.

## Helen Fuller Says

# Shaky Southern Bloc

WASHINGTON — As the Senate prepares to act on the Johnson Administration's bill to strengthen Negro voting rights in federal elections, the once-dominant Southern bloc of Senators appears reduced to a thin grey line of opposition.

Many of the South's strong leaders in segregation fights and filibusters have grown old or ill. Some of the younger Senators are thinking less of the segregationist cause of their fathers than of their own positions of power in the new national Democratic party that is evolving.

The next few years are sure to see some dramatic changes in the faces and attitudes of the men who represent the South in the Senate

of the United States. If the distinguished Richard Russell of Georgia should decide to retire from the Senate at the end of his present term next year, that could mark a historic changeover. At 67, suffering from emphysema, Senator Russell is said by politically well-informed Georgians to be strongly considering retirement. Few men in this century have achieved the respect and following Russell has gained through his years in the Senate. Few Southerners are left in that body with the strength of mind and body to take up where he would leave off in unremitting effort to return to the Southern system of race relations that still prevailed up to the school desegregation decision of 1954.

How shaky the Southern power structure in the Senate has already become is demonstrated by the estimate that perhaps one-third of the Southerners will refrain from voting on the voting-rights bill.

The new Democratic Whip, Sen. Russell Long of Louisiana, is cautioning his Southern colleagues against filibustering the voting bill lest doing so may stir up the large majority for the bill to pass through a cloture motion, upsetting the privilege of unlimited debate in future contests. In past filibusters against civil rights proposals, Senator Long has usually been a ring-leader in the Southern anti-civil rights group.

At the Southern states caucus to discuss opposition strategy on the voting bill, the influential Senators from Florida and Arkansas, George Smathers and J. William Fulbright, were among those not present.

South Carolina Governor Donald Russell, who has now succeeded to the Senate seat of the late Olin Johnston, is a strong Lyndon Johnson supporter who will run on a "moderate" platform in the 1966 election to fill the Johnston vacancy.

The man most likely to succeed Richard Russell if he does decide to retire next year is young Georgia Governor Carl Sanders, Lyndon Johnson's strongest supporter in that state in 1964.

A younger man of a different stripe may change the complexion of the Alabama delegation in 1966, however. Many political experts expect Gov. George Wallace to go after the seat held for many years by Sen. John Sparkman, a "poor man's" spokesman who in recent years when Wallace has been riding high has tried to edge over to the more conservative side of the road.

The President and his political strategy team are betting that a new Southern majority of whites and Negroes, based on economic interests, will support most of his programs in Congress and outnumber the Southern Republicans in 1966.

## Dr. Crane's

# Worry Clinic

Velma is like millions who tend to indulge in self-pity, usually without adequate cause. So study this case with care. Cultivate that "looking down" strategy to widen your perspective. And then become a social detective, ferreting out good things in your companions. Send for the booklet below and make yourself into a popular personality!

CASE V-476: Velma T., aged 15, is the girl with one leg slightly shorter than the other.

"Dr. Crane," her teacher asked, "how can we help Velma get over her 'cripple complex'?"

"She is withdrawing from social life and isn't that bad?"

Yes, it is very dangerous to develop the habit of retreating from life!

You may ultimately end in a mental institution.

For such patients conjure up imaginary affronts and may finally believe that people are persecuting them.

Delusions of persecution are also likely to develop among deaf people, as well as the timid wallflowers who have withdrawn from social affairs.

Yesterday I mentioned the need to widen the perspective of those who suffer from any form of the "cripple complex."

Remind them that there are literally millions of people in the same boat with them.

That is medically true, whether your supposed defect be diabetes, epilepsy, rheumatic heart trouble, deafness,

the need for eye glasses, false teeth or crutches.

Velma's trouble is really very minor, for a built-up shoe permits her to walk and enjoy most of the things young people relish.

One of my "spolled" college coeds once got a severe jolt that shattered her selfish personality and changed her for the better.

"Dr. Crane," she confessed, "I wanted a new pair of shoes for a dance and felt very angry at my daddy for not letting me have them, at least until I happened to see a girl who had lost both her feet in an automobile wreck. "Then it suddenly dawned on me what a selfish brat I really was!"

"For I was raging at my father because I didn't have a new pair of shoes while that other girl didn't even have feet!"

This illustrates the value of "looking down" at the less fortunate, instead of enviously "looking up" at those above us.

It requires the combined "looking down" as well as the "looking up" technique to widen our horizons and give us the proper social outlook.

But another quick device for widening our horizon is to join the "Compliment Club."

It requires you to pay one honest compliment every day to a total of three different people.

You must also keep up this record for 30 consecutive days, without a break.

Then you merit a signed, formal diploma of membership, if you send in your written report.

It should contain the changes you have observed meanwhile in your ease of starting conversations, even with strangers.

It should also outline the common replies to your words of honest praise.

And it should recount your own altered social outlook, for you must train yourself to analyze your companions for good points, in order to pay them honest compliments.

Remember, you can't be doing that and also be indulging in self-pity or envy!

So send for the "Compliment Club" booklet, enclosing a long stamped, return envelope, plus 20 cents and start building yourself a popular personality.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

## Bruce Blossat -- Ray Cromley

# Political Notebook

WASHINGTON (NEA) — Here and there around the country the Democrats are learning about the pitfalls of victory.

Led by President Johnson's crushing triumph over Barry Goldwater, they won so big in so many places that public offices are now held by a flock of candidates who never expected to be anything but real estate brokers, dentists and damage suit lawyers.

Democratic majorities in many newly captured state legislatures thus are often made up in part of freshmen totally unskilled in law-making and politics. Sometimes they are nearly unmanageable.

As one observer puts it: "Every party rewards a lot of faithful 'old Joes' by placing them on its tickets. When they get elected in a sweep, nobody knows what to do with 'em."

Many of the newcomers, of course, are far from being "old Joes." They are young men, just getting started, who imagined they might have a few dry runs before winning.

Michigan is an example of the difficulties here suggested. To a somewhat lesser extent, so are Iowa and New York, though in the latter instance sharp factional collisions produced the celebrated Democratic chaos in Albany.

Some 70 new Democratic legislators prowled the capitol

corridors this spring in Lansing, where the party has virtually a two-thirds command in both houses of the legislature.

A big proportion of these Michigan freshmen are described as suburban white collar types, mostly independent of the "labor control" considered common among the state's Democratic lawmakers.

These new boys are partly the product of Johnson's smash win, and partly the result of state legislative reapportionment which clearly favors the Democrats.

Political sources in Michigan say these legislators are neither well-versed in their duties nor easily managed by an apparently floundering Democratic leadership in both houses.

Democratic leaders are trying hard not to add any new cubits to Republican Gov. George Romney's already large image, but the net of their behavior so far is to do just that.

In Iowa, the new democratic legislature is working with a popular Democratic governor, Harold Hughes. The situation is by that fact under considerably better control. Yet one politician in Des Moines says:

"The House (4 to 1 Democratic) is a real can of worms. They've floundering. They spend 20 minutes considering a constitutional amendment, and whole days on trivia. There's a real lack of guidance."

Some Iowa Democrats are said to have flexed their largely untried muscles by refusing to go to party caucuses, partly in complaint against the presence there of labor and other lobbyists.

Despite instances like these mentioned, no general trend is discernible. New Demo-

cratic legislatures in Indiana and Utah, both with Democratic governors, have been reasonably well-disciplined and productive of some highly constructive legislation.

Nevertheless, there seems to be a lesson here. Victory so huge as to haul in great numbers of untutored and perhaps undisciplined office holders may contain the seeds of early reversal. Voter reaction to confused leadership and wobbly performance could contract considerably the immense bridge-head the Democrats gained in 1964.

But before office-hungry Republicans smack their lips over signs of Democratic disarray, they might consider this:

The Democrats' embarrassment of inexperienced numbers could be a forerunner of what the GOP may encounter if, handicapped as it is in many places through long unfamiliarity with governing, it should suddenly be thrust back into power on a broad counterwave.

# Horoscope Forecast

Friday, April 28, 1965

**GENERAL TENDENCIES:** The morning is fairly unimportant and can be used to wind up much that is rather tedious, but the afternoon and evening grow better all kinds of material ways that can bring those who look to financial facts and figures considerably more of this world's good. Count the pennies.

**ARIES (Mar. 21 to Apr. 19)** Now you are able to see how to add to your property holdings so that you know true abundance in the early future. Keep within your budget. Stop going over it right now!

**TAURUS (Apr. 20 to May 20)** Take much time in improving your appearance so that tonight you can go out socially and make a big hit. You are able to make the excellent contacts you want. Be very charming with others.

**GEMINI (May 21 to June 21)** Private duties are pressing. Be sure to get at them quickly so that later you have time for recreation. Get in touch with that fascinating person you like. Have joyful time together.

**MOON CHILDREN (June 22 to July 21)** Morning may be somewhat disappointing, but later good friends open the door to new opportunities. Afternoon and evening can be especially enjoyable. Make plans as early as possible.

**LEO (July 22 to Aug. 31)** Going after those aims in the business world that have been difficult in the past bring the right results now. Contact that determined lig-wig. He or she gives support you want.

**VIRGO (Aug. 22 to Sept. 23)** Delving into the new and whatever is connected with distant places is your best mode of expression now. New contacts have fine ideas. Open your consciousness to greater growth, advancement.

**LIBRA (Sept. 23 to Oct. 23)** Don't be idle even for a second now when much can be accomplished in business and civic affairs. See that your bills are paid. Tonight can be ideal from the romantic standpoint.

**SCORPIO (Oct. 23 to Nov. 21)** A little time conversing with partners brings right understanding, while tonight you get their full backing. Improve relationship in social way, too. Insure more success thusly.

**SAGITTARIUS (Nov. 22 to Dec. 21)** By planning your activities and time for the evening early, you then can get into business matters during the day with a free mind. Map out labors with co-workers. Look far into the future.

**CAPRICORN (Dec. 22 to Jan. 20)** By relaxing and enjoying yourself more you set a good example for others who are under unnecessary pressure. Get together and plan recreation that is mutually enjoyable. Be creative.

**AQUARIUS (Jan. 21 to Feb. 18)** Many small duties as home can now be performed with great efficiency, and tonight you can entertain with charm. Kin may be a bit difficult during day. All smooths over by evening.

**PISCES (Feb. 19 to Mar. 20)** During A.M. you are inspired to make daily routine more efficient so that you need not work so hard. Keep happily occupied. Tonight is excellent for the hobbies you love.

**IF YOUR CHILD IS BORN TODAY,** there will be a tendency to deliberate too much before coming to decisions. He or she early must be taught to come quickly to the point, so that the ability to make money in large quantities is brought out of the subconscious and the success here can be phenomenal. Early teach the moral and spiritual values for best results. "The Hara Impel, they do not compel." What you make of your life is largely up to YOU!

Carroll Righter's individual Forecast for your sign for May is now ready. For your copy send your birthdate and \$1.00 to Carroll Righter Forecast (The Sanford Herald), Box 1921, Hollywood 28, California.

Most U. S. forest fires are caused by incendiaries, debris burners and careless smokers, in that order.

**FUTURE FARMERS** of America will hold a district contest May 7 at Seminole High School. Lucy Willis and Danny Dickerson, "Sweetheart" and president, respectively, of the SHS chapter, will compete, after taking top honors in the sub-district meeting over DeLand, New Smyrna Beach and Sanford Junior High at Pierson.

### Loyalty Dinner Set Tonight At Grace Methodist Church

Grace Methodist Church of Sanford will have a "Loyalty Dinner" at 6:30 p.m. today in the church's Fellowship Hall. Rev. John H. Hires Jr., has announced.

James L. Griffin, general chairman of the complimentary budget dinner, has predicted that the \$664 weekly needs of the church will be pledged during the event. The congregation is divided into two teams, the "Golds" and the "Blues."

Commander for the Blue Team is Charles Ely with Russell Gill and Richard Breeze as majors. Co-captains who will preside at individual tables, include Mr. and Mrs. R. S. Alexander, Mr. and Mrs. John Carver, Mr. and Mrs. Ronald Hunt, Mr. and Mrs. Stephen Kostival, Mr. and Mrs. Ike Butler Jr., Mr. and Mrs. Earl Moore, Mr. and Mrs. J. H. Rossman, Mr. and Mrs. Richard Silvers, Mr. and Mrs. M. J. Sokolowsky and Mr. and Mrs. C. E. Clemmer. Wayne Thompson is commander for the Gold Team and majors are Gordon Meyer

and Donald Jackson. Co-captains are Mrs. Hallie Arwood, Mrs. Thomas Brown, Mr. and Mrs. John Carthel, Mr. and Mrs. R. L. Conn, Mr. and Mrs. Fred Tonkinson, Mr. and Mrs. R. W. Kennedy, Dr. and Mrs. W. C. Rape, Mr. and Mrs. J. M. Leonard, Mr. and Mrs. Paul Markos, Mr. and Mrs. W. E. Pratt and Mr. and Mrs. J. P. Turner. Mrs. Roy Wall is serving as chairman of the kitchen committee and dining room hostesses, Mrs. F. J. Murray and Mrs. John Martin, will be assisted by members of the Methodist Youth Fellowship.

### Silver Tea Set For Library

By Julia Barlow  
The sixth annual silver tea for benefit of the Altamonte Springs Community Library will be held from 3 until 5 p.m. Sunday at the home of Dr. and Mrs. Robert J. Hennis, 103 Altamonte Avenue.

Purpose of the event is to promote interest and support for the library. Mrs. James M. Walter, president of the Library Association, is serving as general chairman of the tea with Mrs. Graham Fuller in charge of invitations. Many residents have volunteered to assist with other details of the afternoon in order to insure its success.

An official greeting committee will be made up of association officers and trustees and floating hostesses also will be available to give information on the library.

The Battle of Pea Ridge, Ark., was known to the Confederates as the Battle of Elkhorn. It saved Missouri for the Union.

### Library Issues Rule On Papers

By Julia Barlow  
Officials at the Altamonte Springs Community Library have announced that in the future they will be able to handle old newspapers contributed for resale in order to aid the library only if they are folded and tied.

Lack of storage space necessitated this decision and the pre-packaged papers will present no problem as they can be moved rapidly.

Donations by persons wishing to contribute to the project are appreciated and the librarian will be happy to give instructions for folding and tying the papers so that they will be uniform in size and easily stacked for prompt removal.

## DRUG STORES

Holiday Inn plans to build a motel-restaurant on Lake Monroe near the site of the proposed marina, reliable sources tell us.

The motel will be in excess of 100 rooms and will have a rooftop-glass enclosed restaurant overlooking the lake and marina (one of these days).

Commitments for the Holiday Inn franchise have been made but many details remain to be worked out.

The motel is expected to cost about \$1 million, according to reports.

Anyone for reservations? And dinner for two?

Mom and Dad... no doubt you'll be pressured to approve purchase of a car by your high school student offspring. Here are some interesting figures to bear in mind: A study at one school showed that no straight "A" student owned a car; 15 per cent of the "B" students owned cars; 41 per cent of "C" students owned cars; 71 per cent of "D" students owned cars and 83 per cent of failing students owned cars!

Anybody know the whereabouts of Olan King? He was a teacher at Seminole High School in 1940 and the Class '40 Reunion Committee is trying to run him down. King was one of the class sponsors.

Ronald Arthur Goers, 215 Ridge Road, has been named to the Dean's List at Emory University. A B-plus academic average is required to make the list.

Elwood R. Friend, Seminole High School graduate of 1953, has been assigned to the Pueblo Army Depot to serve as a field representative on quality assessment for the Pershing Missile System. Friend works for the Martin Company. He is a member of the VFW and the Loyal Order of Moose in Sanford.

House numbers in Lake Mary will be delivered this weekend by members of Lake Mary Boy Scout Troop 242 accompanied by members of the Chamber of Commerce, sponsors of the community house numbering project.

The motorcade promoting New Smyrna Beach's Seaside Fiesta will pass through Sanford Saturday afternoon at 3 o'clock. Officials of the Fiesta have requested Police Chief Arnold Williams to provide a police escort through town.

One way for a volunteer fire department to make sure it has all latest techniques is for one of its members to hold a top level job in the field. That's what happened in DelRay. Assistant Fire Chief Darwin Bruce has been made crew chief of the Cape Kennedy Space Center fire department on Merritt Island.

## RVAH-5 Returning, 'Tigers' Departing

The first RA-5C Vigilante equipped squadron to deploy aboard an aircraft carrier will return to Sanford Naval Air Station Wednesday after 10 months of service in the Pacific, including four months off the coast of Viet Nam.

Reconnaissance Attack Squadron Five, the "Savage Sons," left Sanford last June. The first group will return to Sanford with a six-plane RA-5C formation. Transport aircraft are scheduled to bring home approximately 270 support personnel next Friday.

Naval personnel, dependents and newsmen are expected to greet the airmen upon their arrival. Among those greeting them will be Cdr. Paul F. Werner, chief staff officer, Reconnaissance Attack Wing One, who commanded the unit during the first seven months of its deployment.

The USS Ranger, from which the squadron operated in the Western Pacific, soon will be replaced by the USS Independence.

Another Sanford unit, Reconnaissance Attack Squadron One, will deploy aboard Independence and continue the Vigilante Reconnaissance mission in the Western Pacific area.

The "Tigers" will depart Sanford this weekend, with the first group leaving Saturday. The unit is scheduled to depart the continental U.S. on board the carrier in early May.

## Editorial Comment Lake Monroe Causeway

"The Interstate highway program has created great problems for communities that have been bypassed... and these problems will become more acute as work on the Interstate system progresses, with more and more communities left out of the mainstream of fast-moving tourist traffic.

"Thousands of our citizens have invested millions of dollars; often their life savings, in motels, restaurants, filling stations, attractions and other facilities entirely dependent on heavy tourist traffic."

Gov. Haydon Burns made these statements in his message recently to the Florida Legislature.

The Governor was speaking primarily of federally designated two-lane highways. That is the reason that he called the situation "a grave emergency" and requested \$300 million revenue certificate program to four-lane more than 1,000 miles of such highways.

But the Governor failed to take into consideration such counties as Seminole where Interstate 4 has sped past our communities, traveling through the groves of the less-populated western half of the county, necessitating a whole new building program — new filling stations, new motels and new restaurants.

At the expense of existing facilities, Not one single dime in the \$300 million program proposed by the Governor would go to Seminole County.

In his effort to help the by-passed communities, Gov. Burns has passed us by.

Seminole County is one of the fastest growing in the state and is expected to grow even more rapidly in the next decade.

Yet this program, not expected to be completed until 1970 if the legislature and voters approve, does not take us into consideration.

Both of our legislators in Tallahassee have indicated there may be tough-stedding for the \$300 million bond program unless other by-passed cities and counties also get relief.

A project that would give Seminole County a small piece of the \$300 million pie would be a causeway over Lake Monroe.

There is no doubt that such a project would bring tourist traffic back onto U.S. 17-92 from Winter Park to DeLand and prevent many businesses from facing a financial crisis.

Rather than four-lane Highway 17-92 from Orange City to the St. Johns River bridge, wouldn't it be more feasible to build the causeway and tie into Interstate 4 at the interchange south of Orange City?

Of course there is nothing in the Governor's program to four-lane U.S. 17-92 in that section of Volusia County. But it has been proposed.

A causeway over Lake Monroe would do many of the things the Governor is seeking.

It would protect property investments in Orange, Seminole and Volusia Counties; it would benefit almost all of our communities; it would attract industry and tourism.

We don't think it is asking too much of our legislature to press for the inclusion of funds to build the Lake Monroe Causeway in the Governor's emergency \$300 million bond program. NOW!

## Northwest Digs Out After Quake

SEATTLE, Wash. (UPI) — Authorities today awaited an assessment of earthquake damage in four northwestern states to see if they qualified for federal assistance under a presidential "disaster area" proclamation.

Five persons died in the twisting earthquake which jolted the Pacific Northwest, including part of Canada Thursday causing destruction mounting into the millions of dollars.

Gov. Dan Evans, of Washington, who spoke to President Johnson by telephone, said he would claim western Washington a "disaster area" if damage warranted it. He said, however, a full assessment might take three days.

The quake which hit at 8:29 a. m. PDT (11:29 EDT), was felt throughout Washington, northern Idaho, northern Oregon, western Montana and southern British Columbia.

Seismologists said it was centered in the northeast corner of Mason County, Wash., about 40 miles southwest of here.

Damage was centered principally in four western Washington cities — Seattle, Tacoma, Everett and Olympia.

The damage total climbed steadily as reports continued to come in. The Seattle public school system alone suffered damage estimated at more than \$1 million.

The quake was proof of the pudding for engineers who designed Seattle's towering 600-foot Space Needle, the second Tacoma Narrows bridge and other new structures around the area.

Most damage was reported to older buildings. The newer ones were virtually unscathed by the long tremor.

BURLINGTON, Iowa (UPI) — The flooding Mississippi River submerged an Illinois village today, assaulted a Coast Guard station here and battered dikes defending towns and rich farmland.

Power pole tips, a service station sign and the peaks of a few houses were the only visible remains of Gulfport, Ill., across the river from Burlington.

The town's 232 residents fled safely as the Mississippi engulfed their homes and fanned eight miles wide, claiming the town and nearly 30,000 acres of rich Illinois farmland.

The river lapped toward Burlington's Coast Guard station as it rose toward a record 21 foot crest expected here late today. Most of Burlington and its 33,000 residents were safe atop a bluff but low lying areas were flooded.

River waters washed over much of nearby Gladstone, Ill., a town of 340, and hampered dikes guarding towns on both the Illinois and Iowa banks.

Fireworks Blast Wrecks Trolley

NAPLES, Italy (UPI) — A powerful blast injured 59 persons when a woman inadvertently dropped a bundle of fireworks under the wheels of a moving streetcar.

At least 14 of the injured were hospitalized. The streetcar and tracks were badly damaged and windows were shattered in nearby buildings.

Water Cutover In Record Time

City water was cut off only 36 minutes Thursday night, as city crews worked on the lowering of water lines along 25th Street, City Manager W. E. Knowles said today.

"Working with great dispatch, our crews were able to accomplish the necessary work in a very short time," Knowles said.

Other water lines work on the 25th Street project will continue for about three weeks.

Space Venture Looks Possible

WASHINGTON (UPI) — U.S. officials are literally leaving the door open for a possible venture outside a space capsule by an American astronaut within the next couple of months.

No "extra-vehicular" experiments are officially planned before a two-men Gemini space spot set for this fall. But there is a possibility that an astronaut aboard a Gemini capsule expected to be launched in June may be permitted to lean halfway out of the protection of his cabin.

The astronaut would be a 33-year-old Air Force captain, Edward H. White II, who is scheduled to be the co-pilot on the flight.

Wage Laws

TALLAHASSEE (UPI) — Gov. Haydon Burns promised a group of labor leaders he will back legislation giving more power to the Industrial Commission to enforce minimum wage laws on government jobs.

TRICK PHOTOGRAPHY made Acting Mayor A. L. (Al) Wilson ambidextrous... and now he is being teased as "Lefty" Wilson. Herald photographer Bill Vincent Jr. snapped the Mayor tossing out the first ball to dedicate Pinehurst Park.

In a hurry to get the wet print to the sports editor, Bill "fopped" the negative and the Mayor "came out" left-handed. Here he is... right side up.

Federal Guidelines Met - Milwaukee

R. T. Milwee, superintendent of Seminole County Schools, said today the local school district is doing all "in good faith" to live up to the guidelines set forth today by the U. S. education commissioner concerning desegregation of public schools.

"We have received word of acceptance of our 'freedom of choice' plan from the state and are awaiting word from the national office," Milwee said.

"If our plan should fail to meet with approval of federal authorities, we will set ourselves to rework the plan 'in good faith' to meet the guidelines set out for us," he added.

"Under our 'freedom of choice' today is the last day for applications to be made in order to enter a different school in Seminole County this fall. After all applications are processed, it appears likely that we will meet the guidelines as set forth," Milwee said.

Federal guidelines call for desegregated classes in the first grade of elementary school, the first and last high school grades and the lowest of junior high school (seventh) by the fall of 1965.

By the fall of 1967, schools must have accomplished complete desegregation in order to remain eligible for federal funds.

Francis Keppel, U. S. education commissioner, today stressed that the responsibility for desegregating "must inevitably rest with local officials" and says he can see no reason why most systems should not be able to comply fully by this fall and the rest by the target date of Fall, 1967.

Gov. Carl Sanders shot himself to death Thursday in a tool shed behind his home.

The body of Carl T. Sanders, 64, was discovered by his wife shortly before 7 p.m., about three hours after he fired a .38 caliber pistol bullet into his head.

PESTICIDES

MIAMI (UPI) — "Amateurs" no longer may use 14 deadly pesticides within the City of Miami under a new law which went into effect Friday.

## More U. S. Troops Alerted

### Billion Dollar Bill Getting Final Touches

TALLAHASSEE (UPI) — The House appropriations committee gave final approval to its billion dollar general money bill today as the Legislature edged towards the end of its fourth week.

The committee met early in the morning to put the finishing touches on the measure and gave its staff the "go ahead" to start drawing the measure for introduction.

The House and Senate convened and adjourned for the weekend.

With the 1965 regular session about half over, appropriations Chairman J. J. Griffin, of Ocala, pushed to get the money bill on the floor of the lower chamber by early next week. He said if the measure adhered to schedule, the House would take it up on Thursday or Friday.

The Senate met in executive session for an hour to confirm Gov. Haydon Burns' racing commission appointments — Louis Baudel, of Miami, as chairman, and James L. Lee Sr., of Tampa; Robert C. Lechner, of Jacksonville; Jack Eversah, of Pensacola, and Martin Segal, of Orlando.

A bill abolishing the Florida Institute of Continuing University Studies and giving the Board of Regents direct control of the off-campus study program was approved by a Senate committee.

Water Cutover In Record Time

City water was cut off only 36 minutes Thursday night, as city crews worked on the lowering of water lines along 25th Street, City Manager W. E. Knowles said today.

"Working with great dispatch, our crews were able to accomplish the necessary work in a very short time," Knowles said.

POLICE CHIEF ARNOLD WILLIAMS AND THE RECORD.

## Sanford Marks Anniversary

Today marks a two-year anniversary for Sanford.

It has been two years — 730 days — since a traffic fatality occurred within the city limits.

The last fatality occurred at 5 a.m. April 29, 1963, when Marcelus Daniels, 1837 Lincoln Court, died in a two-car collision at the intersection of 25th Street and French Avenue.

Since that time, of course, Sanford has had its share of vehicular accidents — many of them serious — but none of them fatal.

"Two years without a fatality is a record Sanford can be proud of," Police Chief Arnold Williams said. "And we're going to keep that zero up there," he added, referring to the number of fatalities recorded on the safety sign located in front of the police station.

Red Arsenal Taken; Guerrillas Repulsed

SAIGON (UPI) — Government troops today captured a guerrilla arsenal of about 1,000 brand new rifles and machineguns in the Mekong Delta and then repulsed a ferocious Viet Cong counterattack aimed at recovering the precious stores.

In the air war U. S. Navy planes bombed and strafed a North Vietnamese arsenal only 75 miles south of Hanoi and attacked an ammunition depot 15 miles further south. Fifteen buildings were destroyed and seven damaged in the two raids which left the area in flames.

In another effort to cut off Viet Cong supplies the United States ordered 17 high speed Coast Guard cutters and 200 men to South Viet Nam to join the battle against sea-borne infiltration of Communist men and arms.

It is the first war service for the Coast Guard since Korea.

The arms cache was discovered today during a major government sweep aimed at clearing the Viet Cong from the Mekong Delta. The Kien Hoa Province operation began Wednesday with a combined amphibious and helicopter-borne assault against a suspected Viet Cong training area.

The operation killed 86 guerrillas and captured 31 the first day but there have been no new casualty figures.

In today's air strikes against the Communist North, 25 Skyraiders and Skyhawks from the aircraft carrier Midway escorted by 14 jets hit the Thien Linh Dong army weapons depot with 19 tons of bombs and a barrage of rockets.

Pilots reported 10 buildings destroyed and four others heavily damaged. Four railroad boxcars were knocked out.

About the same time, 26 Skyraiders and Skyhawks from the carrier Hancock rained about nine tons of 250-pound bombs on the Phoi Qui ammunition depot 25 miles to the south.

Pilots said five buildings were destroyed and two anti-aircraft sites put out of commission. They reported one secondary explosion and said three additional buildings suffered moderate damage.

The Phoi Qui strike planes were escorted by 14 jets.

No enemy aircraft were sighted on either raid.

Governor's Sire Ends Own Life

AUGUSTA, Ga. (UPI) — The ailing father of Gov. Carl Sanders shot himself to death Thursday in a tool shed behind his home.

The body of Carl T. Sanders, 64, was discovered by his wife shortly before 7 p.m., about three hours after he fired a .38 caliber pistol bullet into his head.

PESTICIDES

MIAMI (UPI) — "Amateurs" no longer may use 14 deadly pesticides within the City of Miami under a new law which went into effect Friday.

## Communists' Participation Seen In Revolt

WASHINGTON (UPI) — Additional U. S. troops were on alert today to move into the Dominican Republic if needed to reinforce the 4,200 Marines and paratroopers already there to evacuate Americans and other foreign nationals.

High Washington officials continued to insist that the mission was mainly to protect American lives in the rebellion-torn capital of Santo Domingo.

But they obviously were concerned about the prospect of Castro-dominated Communists taking over the rebel movement.

Officials said there was considerable Communist participation in the revolt, but pointed out other factions were involved as well.

Three known Communist organizations have been identified with the rebels — the Popular Socialist party, the Movemento Popular Dominicano and the pro-Castro 14th of June party.

At the outset of the uprising the rebellion contained a broad spectrum of political views. A large segment came from the political party of exiled former President Juan Bosch.

At the time of his 1963 ouster, Bosch was accused of being too tolerant of the Communists but he has never been considered by Washington to be an outright Communist.

Bosch's wife was in Washington today and planned to hold an afternoon news conference.

She said her husband is still in Puerto Rico but was in constant touch with his followers in the Dominican Republic.

PARATROOPERS

SANTO DOMINGO (UPI) — The United States flew 2,500 paratroopers into the Dominican Republic today to join 1,700 U. S. Marines landed here previously to protect the lives of American citizens.

The U. S. State Department said "law and order has ceased to exist" in Santo Domingo, where at least 400 Dominicans have been killed and 2,000 wounded in six days of Communist-supported revolt.

No Americans have been wounded so far, but the State Department announcement said "U. S. and other nationals who remain in the city are in the most serious danger."

VENUE CHANGE DENIED BY COURT

Circuit Judge Tom Waddell Jr. Thursday turned down a change of venue motion by Attorney Albert N. Fitts in the case of Jimmie Lee Brumfield and Jerald Gilley, charged with the February rape of a 12-year-old girl.

Fitts' motion was based on "adverse" publicity given the case and prejudice, both of which he claimed would make it impossible to find an impartial jury. Jury selection is due to get underway Monday morning.

Three witnesses were called to testify in the change of venue hearing. They were Walter A. Gielow, publisher of The Sanford Herald, former Judge C. Vernon Mize Jr. and Marion Harman, of the Orlando Sentinel.
