YOUTH WOUNDS I, SLAYS COP, KILLS HIMSELF

Son Of New York And Boston Family Runs Amuck On Being Re- fused Table In Club

WASHINGTON, May 18.—(AP)—A 21-year-old son of a prominent Boston and New York family, early yesterday shot and severely wounded the manager, killed a policeman, and then committed suicide.

The policeman, Jesse Taylor, was shot fatally on the club's stairway as Montgomery fled from the scene.

Outside the youth dived behind a taxicab and killed himself.

Charles Garbett, the manager, was shot in the chest. His condition is serious.

Montgomery was told by Garbett no tables were available when he first entered the club. Montgomery then left.

Later he returned to the club which was crowded. He argued with Garbett and then drew a revolver.

Garbett cried, "Oh, no, don't do that!" Montgomery fired and the manager fell to the dance floor.

Running to the stairway, Montgomery met Policeman Taylor coming up. Without hesitation he fired twice, leaping over Taylor's body, and fled into the street.

Police said a bottle partly filled with liquor was found in the stomach of the youth, who lived in a prominent Washington club.

His father, Col. Robert H. Montgomery, has been here since 1917, acting as secretary of the war police commission. He is a well known New York clubman, attorney and expert in accounting.

The young man, Mrs. E. H. Montgomery, first wife of Colonel Montgomery, was notified.

Montgomery, graduated from Princeton in 1927, also was an accountant, and had appeared in (Continued On Page Three)

Cuban Government Ready With Army And Reserves To Break Up Revolution

HAVANA, May 18.—(AP)—The government, its army and police reserves ready at critical points, and with five provinces again under military supervision, held itself ready today for any contingency, although denying the rumors of revolution.

Foreign press reports that serious interior disturbances have occurred are denied, and apparently without foundation.

Oppositionists, reported waiting only the propitious time, have thus far found the government's watchfulness discouraging.

Student leaders admit confidentially that no specific day for an armed revolt has been set, although admitting at the same time there exists an organization to the end. The students claim they are not affiliated with any political party, but seek only to bring about the downfall of the present government, which they maintain is illegally constituted under the Cuban constitution.

A supreme court decision of last week, hailed by the opposition as having definitely indicated the 1928 constitutional convention exceeded its powers in permitting President Machado's re-election for six years and in proroguing the terms of other elective officials, is still the subject of comment in the press. The House of Representatives is slated to begin consideration of proposed constitutional reforms today.

Military supervisors of the various provinces yesterday afternoon assured the interior department there was complete quiet.

Press dispatches from Santiago, however, say the existing uncertainty has almost paralyzed business.

Hopes for continued peace appeared centered on what the House of Representatives does with proposals for constitutional reforms.

Fifteen representatives, members of the faction opposed to the President Machado's government, have announced their intention to walk out.

Among the reforms the opposition urged are elections in 1932 and the termination soon afterward of President Machado's term in office; woman suffrage; autonomy for the university and reorganization of the political parties.

In the event the House break-up does occur, opposition leaders have declared they will not resort to the much talked of revolution but will busy themselves with solidifying and reconciling the several wings of the government's opposition.

THANKS VOTED TO FARMERS BY TRADEBODY

Chamber Of Commerce Goes On Record As Expressing Appreciation For Big Day

The committee of twelve farmers whose combined efforts over a period of four weeks resulted in what was termed "the most successful gathering of representative Seminole County citizens in years," was made the object of expressions of thanks and appreciation from members of the Seminole County Chamber of Commerce which met at noon today at the Valdez Hotel.

Following talks by Alex R. Johnson, vocational director at Seminole High School; Fred F. Dornier, president of the Seminole Agricultural Club, and G. H. Brown and Henry Thurston, members of the committee on Farmers Day proceedings, W. A. Lefler moved that the trade body go on record as expressing its thanks for the splendid manner in which the first county-wide celebration had been handled. It carried by a unanimous vote of the 30 members present, who accompanied their vote with applause.

The meeting was one to which farmers of this section were invited as special guests in order that the trade body might publicly thank them for their constructive work in behalf of the county. It was attended by the farmers; representatives from Altamonte Springs, Paola, Geneva, Lake Mary and Oviedo branches of the Chamber of Commerce, and Sanford business and professional men.

Outstanding among the talks heard was a short address by H. F. Holmes, vice-president of the Seminole County trade body, who called the entire citizenry of the county to rise from "a rut which apparently grows deeper," and place this county in "its rightful place among the prosperous sections of Florida." He maintained that an "inferiority complex," which seemed to have grasped a majority of the residents of the county, was the cause of most of the dissension, mistrust, and lack of co-operation prevalent which must be removed.

The future is in our hands," he said, "and we should all realize that it is our personal duty to make Sanford and Seminole County a good place in which to live; that none of us has the right to be unfriendly or critical of our neighbors." He said that the need of Sanford and every town in the county was for its business men and farmers to "pay more attention to the welfare of their neighbors," and that "there can be no forward movement until we be-

STUNT FLIER DIES AS PLANE HITS AT TERRIFIC SPEED

Barrel Roll Too Near Earth Brings Death To Charles Holman

OMAHA, Neb., May 18.—(AP)—Death at nearly 300 miles an hour yesterday overtook Charles (Speed) Holman, veteran of the air wars.

Before some spectators, at the Omaha air field, his plane smashed to the ground. Trapped in the fuselage, he was killed.

Holder of records for consecutive looping, outside loops and barrel rolling, Holman was performing the latter stunt as he had many times before.

He pointed the nose of his plane toward the ground in a full power dive, motors roaring. He maneuvered it into a roll scarcely a hundred feet from the ground. Then he tried to right the craft, but it was too late. The plane nosed downward, its motor on full blast.

TRICKSTER WHO 'TOOK' PRINCE OF WALES ARRESTED

Swindling Schemes Of Youthful Promoter Ran Into Millions

PHILADELPHIA, May 18.—(AP)—Sought by Scotland Yard for more than a year on charges of swindling the Prince of Wales and other prominent Britons, Harry Geen, alias Galloway, 31, was captured here yesterday.

The alleged swindling schemes ran into millions of dollars and included sale of Florida land completely submerged by water and oil fields which did not exist, officials said.

Geen, according to police, recently escaped capture in New Orleans, Miami, Los Angeles, Chicago and New York. He had not been suspected of being in Philadelphia until his wife, who landed from London Saturday in New York, received a telegram telling her to meet him here.

Department of justice agents made the arrest as Geen and his wife entered a hotel.

Geen refused to talk to officers and was held for instructions from Chicago police. Charges were filed in Chicago last week by Godfrey Haggard, British consul general there.

PICTURED ON U. S. POSTAL STAMPS

NEW YORK—The girl in the picture above is Marie Bard, a New York model, whose picture soon will appear on 50,000,000 U. S. postal stamps. She posed for a symbolic Red Cross poster, which is to be reproduced on the stamps.

JAPAN IS SEEKING TO REDUCE COST OF HER MILITARY

Recommendations To Be Offered To Cut Off Three Divisions

By JAMES P. HOWE.
TOKYO, May 18.—(AP)—Japan, like the United States, is attempting to reduce the high cost of military defenses.

Recommendations to reduce the army from 17 to 14 divisions will be made to the government when the supreme military conference meets early in June. The recommendations, part of an administrative reform program, would reduce the land forces of Japan, according to official estimates, between 25,000 and 30,000 men.

Recently the United States Government after a series of conferences, announced plans which included dispensing with several military posts in the country as such.

The recommendations to the Japanese supreme military conference further include the reduction to a minimum of army and naval munitions except for special equipment which requires a long time to manufacture, and the abolition of a number of special

HOUSE CONSIDERS LEGISLATION ON BANKS, SCHOOLS

Senate Is Concerned With Proposed Tax Upon Intangibles

TALLAHASSEE, May 18.—(AP)—The Senate today whittled with amendments and provisions of a proposed tax on intangible personal property, while the House considered minor school and bank legislation. The Senate exempted from the intangibles tax bill bank deposits and gross credits and put the tax on mortgages proposed in the bill in varying rates to five cents for each \$100.00.

Another amendment eliminated the provision for a sworn tax return, a third provided that non-payment of taxes under the intangibles bill cannot be made a lien against real estate. The measure then went over an unfinished business for later consideration.

In a brief executive session the (Continued On Page Three)

Pope Raps Spanish Violence Against Church Buildings

Return Awaited Of Motor Boat Sent To Rescue Bishop

VATICAN CITY, May 18.—(AP)—In the first public declaration he has made on conditions resulting from the recent riots in Spain, Pope Pius XI yesterday described the "burning of religious houses as 'sacrilegious against God and holy religion.'"

A heavy responsibility exists, he said, for the violence committed.

The Pope addressed a group of Spanish pilgrims headed by the auxiliary Bishop of Valencia, who came to Rome to celebrate the fortieth anniversary of the late encyclical of Pope Leo XIII.

"What can we tell you," the Pope said, "at such a distance, with such uncertainty regarding news? We are sorry to say, however, that there is a certainty of many unhappy and sorrowful things."

"It is certain also, that there is a very great responsibility on those who have caused these unhappy things and on those who have done these unhappy things. Very great also is the responsibility of those who allowed these things to take place and have not hindered them."

"Certainly conditions in Spain already were too much compromised and menaced by many evils without need that there be added these violence, these sacrileges against God and the holy religion."

The Pope added a message of mercy:

"We pray God," he said, "that He will reply with His justice to these provocations but that He will be merciful. In the meantime, returning to your country, say that the Pope prays for Spain as you also pray for Spain. The pastors pray, your clergy prays and so also do the faithful there."

A. B. Curry Construction Co., Miami, received \$114,081 contract for construction of several miles of road 4-A in Duval County between Narcoossee and Homestead.

WORLD COURT WILL CONSIDER CUSTOMS PACT

Will Render Advisory Opinion As To Legality Of Trade Accord Between 2 Nations

GENEVA, Switzerland, May 18.—(AP)—Germany, Austria, France, Great Britain and Italy today agreed to submit the proposed Austro-German customs accord to the World Court at the Hague for advisory opinion as to its legality.

Arthur Henderson, British foreign secretary, proposed the move pointing out that the legality of the accord was questioned under the treaty of St. Germain and the Geneva protocol of 1922. Johann Schober, Austria's foreign minister, agreed to the proposal but made a spirited defense of Austrian integrity. "I must declare strongly that out the announcement that this agreement was constructed up an exactly equal footing of both nations must be taken seriously; Austria will by no means surrender her economic independence."

The two Germanic states agreed also to go no further with negotiations pending the World Court decision. France had objected to the accord, and saw in it a menace to her safety.

The French memorandum issued yesterday is a summary of that government's view of the proposed Austro-German trade agreement. Opposition to the move is based on three main grounds, as follows:

First, the customs union would compromise the economic independence of Austria and would thus create a permanent political dependence.

Second, it would create serious difficulties over application of the most favored nation clause and lead to denunciation of existing commercial treaties.

Third, presentation by Germany and Austria of the "fait accompli" is objectionable, constituting "negation of essential principles of peace rests."

The memorandum declares the prospect of merger of Austria and Germany into a single economic union faces the nations with the question of whether Germany will not eventually absorb Austria.

Dr. Julius Curtius, German foreign minister, and his staff were busy last night, formulating a reply to the French statement.

Resumption of the discussions of Europe's economic condition by the European commission is expected to bring forth further general reversals upon customs union in general, and this one in particular.

The European body, after a thorough examination of various suggestions for relief, probably will refer the entire question to a subcommittee for study.

The future of the world's disarmament movement will be before the council session.

The general conference for arms limitation has been set for Feb. 2, 1932, but there have been rumors that this long-awaited event might be postponed because of recent international frictions.

The international situation in Europe, it is admitted in league circles, is even less propitious now for disarmament than it was at the time of the January council session. Excitement arising out of the German-Austrian customs union proposal, and the difficulties encountered afresh in Franco-Italian naval negotiations are cited as discouraging factors.

Liquor Control Plan Is Approved By Chamber

Richmond, Va., May 18.—(AP)—A resolution endorsing the proposed "home rule plan" for liquor control, was forwarded yesterday to John J. Raskob, chairman of the national Democratic committee, by the Riverside Democratic Social club.

Included in the resolution is the statement "that the prohibition laws instituted in this country have been given a fair and earnest trial, are hereby declared to be utter failures from the originally entertained hope that millions of good citizens who voted their sentiments thereon, and it is further declared that the desire that hurried and hasty relief be granted and that the laws be repealed."

At The Capital

Tallahassee, May 16.—The Four Bills relating to the City of Sanford were signed by the Governor today and are now law. They relate to the collection of taxes that became delinquent during the years prior to 1928.

Several bills of a general nature were passed by the House today. All of them with an overriding vote.

One provided that the school-ages which have been given by the State to students in the State Schools of Tallahassee and Tallahassee would be abolished, for the term ending July 1, 1931. The appropriation for this has been \$100,000, which is thereby cut.

Another act which passed today, was designed to make the license fee on all professional men \$25, including lawyers, doctors, engineers, etc. It is a bill of Alchiba, a lawyer, would like to have made the fee for lawyers \$100 per year instead of \$25.00.

Mr. Hagan has come to Sanford to meet Sunday with his family. He is expected back Monday morning in time for the session.

A bill providing that a reported delinquent on a license or permit to practice a profession or business shall be liable to arrest and to the payment of a fine of \$100, which could not be paid.

Several parties of legislators left this afternoon for a fishing trip on the Gulf. Others have been here over Sunday, and there is at least one party which is taking a boat trip on the Gulf.

Some attention is always a good time for those who remain to get some of the accumulated work done, which seems to be more and more each week. I was glad to be able to catch up with my letter writing.

Each member with the receipt of a number of legislative proposals, and the hands of one of the members of the House of Representatives, John H. Hagan, who killed in the chamber of his duty some few days ago, and seems to be relaxed after his confinement there.

Unless I am mistaken, we will continue to have important bills next week, and we shall see how they will be handled during the session.

By PETER SCHAAL

OH YEAH?
The Big Show was the scene of a number of sparkling performances and surprising results yesterday as the batters had their day...

In the National, the surprise of the season saw the Reds knock a double-header from the Phillies. The first game ended 10 to 1 for the Redmen, while they took the second by a 7 to 3 score. The Reds made 29 hits in the two games, while their pitchers were working for 2 1/2 hours in the two affairs. Red Lucas had an easy win in the first game as his mates pounded four homers off the mound. Cushing got his first, and Arlett his first homer of the year in that game. . . . Kelp pitched seven innings of the second game for the Reds and was relieved by Simon when the Phillies threatened a drive. Kelp got credit for the win, however. Chuck Klein hit two homers, his seventh and eighth of the year, in the second game, but it wasn't enough. . . . It was the longest winning streak the Reds have had this year, while the Phillies have yet to lose more than two games in a row. In other words, they are due to win today, according to their season record so far.

The Giants lost a fine 10-inning game to the Pirates, 3 to 2. Old Clarence Mitchell lost his first game in the last 16 starts. He had won five straight games this year, which, added to the 10 straight he won at the close of last year, had given him an enviable record. Poor pitching cost him the game in the early innings, for he would have scored a shutout. The winning run came over when, after Grantham had doubled in the 10th, Traynor singled to score him.

The Robins made a fourth inning assault on Bob Smith, scored four runs on Blasonette's homer, Lopez's triple, Frederick's double and two walks, and whipped the Cubs 6 to 4 in the opening game of the season. Phelps was knocked off the mound in the first by the hard-hitting Cubs, but Paa Ridge Day, the hawkeyer, held them off the rest of the way, and it was just too bad. The win put the Robins half a game from sixth place, while the Phillies lost a double-header.

Ed Remmell pitched the Athletics to a 4 to 3 win over the Cleveland Indians who have now lost seven straight games. He allowed nine hits, but they were well scattered, and only two men touched him. It was the sixth straight win for the Black Sox, and the sixth straight game the Indians have lost to their Eastern opponents. Paa Cleveland error added in the scoring, but the Indians could not take advantage of any of their hits at any time, so it was a little how many runs the A's scored.

While the A's were winning, the Yankees lost. George Uhlir, making his first start on the mound this year for the Tigers, allowed only five hits, and shutout the Yankees 5 to 0. Uhlir also aided in the win by scoring on Owen's single after he had doubled off Pancho. Al Bender doubled a few moments later to score Owen, and the two leading runs were over. The Tigers now have won four games to three lost to the Eastern invaders.

The Browns almost had a ball game in their grasp, but an eighth inning rally saw the Senators knock Wally Stewart from the mound, score 5 runs, and give them a 5 to 3 lead. The Senators had special cause for rejoicing over the win because Stewart had beaten them five straight times during the last part of the 1935 season. They pounded him for 18 hits yesterday, Gene Geelan hit a home with two on in the third. The Browns have lost four straight games to the Easterners.

The Red Sox continued their winning ways against the Yankees by beating them 10 to 3 in a 1 1/2 hour game. The Sox scored 10 runs, and gave them a 5 to 3 lead. The Senators had special cause for rejoicing over the win because Stewart had beaten them five straight times during the last part of the 1935 season. They pounded him for 18 hits yesterday, Gene Geelan hit a home with two on in the third. The Browns have lost four straight games to the Easterners.

of their last 10. The Red Sox climbed back into sixth place because of their win too, only half a game back of the Indians.

The leaders to date: Home runs, Klein, Phillies, 8; triples, H. Rice, Cronin, Senators, Bartell, Phillies, Orsatti, Cards, 5; homers, Athletics, 4 each; doubles, Alexander, Tigers, Webb, Red Sox, 12 each; stolen bases, Glassell, White Sox, Johnson, Tigers, 6 each; runs batted in, Cronin, Senators, 29; most shutout games, McBold, Braves, Fitzmaurice, Giants, 2 each; most strike out, one game, Johnson, Yankees, 12; most bases on balls, one game, Morris, Red Sox, Frasier, White Sox, 10 each; most runs, Klein, Phillies, 26; most hits, Cronin, Senators, 45.

Hard-hitting Al Simmons took the Babe's place at the head of the two-man batting race among the 400 sluggers yesterday, and for the seventh straight day, no national League player has managed to enter the charmed circle. The Babe went hitless while Al got two for four. Here's the result:

Player and Club
Simmons, A's 21 81 17 23 497
Ruhk, Yankees 18 55 19 22 400

No changes are noted in the batting race for consecutive game hitting, for all the players who have hit in 10 or more straight games to date, got a hit yesterday and moved one step further. Fothergill, of the White Sox did not play, but his name still remains in second place. Here's how that race stands:

Player and Club Straight Games
Combs, Yankees 15
Fothergill, White Sox 13
Simmons, Athletics 13
Cronin, Senators 12
Owen, Tigers 12

HE BEAT THE GREAT HARRY GRUB FIVE TIMES BUT WAS NEVER GIVEN A SHOT AT THE TITLE!

Sanford Club Ready For Game With Daytona Beach At Local Field Tomorrow

Manager George Deutch's Celebrity Feds, stinging under four straight defeats, swept through one of their most thorough practice sessions at Municipal Field yesterday afternoon and emerged declaring themselves as ready to meet the invasion of the Daytona Beach Islanders who come here for a game tomorrow afternoon at 8:00 o'clock.

The Islanders are tied with Winter Park and DeLand for first place in the loop. On the roster is found the names of some of the fastest semi-pro ball players in this state including Lefty Lane and Olin Huttis, two crack pitchers, Allen Mobley, former Jacksonville City League pitcher, Wally Shannon, who used to lead the Florida State League in batting, and a number of fast college players. They defeated the strong St. Augustine club last Thursday by a 1 to 0 score, and they plan to continue their winning ways against the locals.

Whether they can do it or not is problematical, for Manager Deutch's boys are short ready to rise up and smite down some of the ambitious club. Lefty McLanahan is reported as being ready for mound duty, although it may be that Cal Dennis, score arm and all, will get the call. Buddy Lake, Roy Britt and John Edward Higgins have all clamored for a chance on the mound, but, unless the worst comes to the worst, either McLanahan or Dennis will be on the hill.

The infield will be braced in to what is easily the best of the season to date. Bigger or Deutch will be on first; Bush on second; Higgins at short, and Harrison at third. In the outfield, Wright, Lake, Holly, Collins, Weaver, Miles, Britt or Odham will be in action.

HOW JAPANESE DETECT APPROACHING AIRCRAFT

How Japanese detect approaching aircraft is a reflection on a town the size of Sanford, and with all the baseball talent that is available here, some of it should voluntarily come forward and offer to take a part in putting Sanford on the map in a baseball way. Your attendance is just as vital however, and the players urge that you come out, win or lose. After all what else is there to do on a Sunday afternoon?

Fair Weather And Fast Track Make For Derby Record

LOUISVILLE, May 16. — (AP)—Fair weather, a fast track, and a horse race that may turn out to be a record breaker furnished the talent prospects today for the fifty-seventh running of the Kentucky Derby over the hither's route at Churchill Downs.

More than 12,000 entries are slated to parade to the post shortly after 5 o'clock (Central Standard Time) and wage a battle of speed, courage, and stamina over the mile and quarter mile for American supremacy, the victor's reward of approximately \$50,000 and the roaring acclaim of the crowd.

A field, except onally strong, is dominated by twin eastern favorites, Mrs. Payne Whitney's Twenty Grand and Alberta Bestwick Mate. Either seemed capable of handing up a new mark. The track was dry and fast.

HOLDEN IN SENTENCED

PENSACOLA, May 16.—(AP)—Bill Holden, former manager of the Pensacola entry in the Southeastern Baseball League, was committed to the county jail for 60 days yesterday and was fined \$500 after a hearing in the Federal Court. Holden pleaded guilty to an indictment for violating the prohibition law.

Philip Snowden Will Resign, Says Report

LONDON, May 16.—(AP)—The Daily Express says Philip Snowden is contemplating an early resignation of himself as the minister of finance of the British government.

Churchill's New School Building Will Be Completed About June 1st

WASHINGTON, May 16.—(AP)—President Hoover yesterday appointed Harvey S. Bundy of Boston to be assistant secretary of state. Bundy will succeed William R. Castle, Jr., who was promoted to be under secretary of state to succeed the late Joseph P. Cotton.

Baptists Choose Florida City For Next Convention

(Continued from Page One)
at authority, on behalf of the 4,000,000 members of the convention. With it went "the good friendship of the convention toward all Russian people."

"If it is said by the Soviet government that there is no God," the resolutions said, "our reply is that such a declaration does violence to the self-consciousness of the human mind and heart which abundantly testifies to the human spirit that there is a supreme being."

"All just human law and government must be based on the elemental truth. Human governments have no rights whatever in the matter of conscience. No earthly government has any right to require its citizens or subjects to be religious or to stop them from conviction and activities."

"We hold that the Russian government in its persecution of religion as expressed in the closing of churches, discrimination against ministers of religion, limiting of free speech and freedom of assembly is not only violating the inherent right of humanity but it is hindering its national development and endangering its own safety and solidarity as a nation."

"We appeal to the Soviet government in the name of reason, justice, conscience, humanity and God Almighty, that she fully recognize and cheerfully accord to all her citizens and subjects the indefeasible rights of conscience in all matters of religion."

The first appearance of the prohibition question came yesterday when the executive committee of the Georgia delegation memorialized the convention to sponsor a program for the education of young people as to the evil effects of intemperance and the beneficial effects of temperance.

4 Persons Killed In Anti-Church Riots In Spanish Village

(Continued from Page One)
found owned property in addition to his personal effects at Santar, or San Sebastian and various personal objects, still in the national palace at Madrid, Seville, Aranjuez and Barcelona. The police have been notified.

The government was investigating reports that the former monarch controlled large blocs of stock in the Madrid subway, a telephone company, a linoleum factory in Madrid, as well as holdings in steel and automobile plants.

It is planned to seize and hold all of Alfonso's property in Spain, pending disposition of it by the new national assembly.

The new justice head, Angel Galarza, yesterday began sweeping reforms in the police organization and sent out a call for volunteers. Only large men will be accepted and "strong arm methods" will be employed to a large extent in suppressing future mob attacks.

The cabinet's decree abolishing high commands in the Spanish navy, first interpreted as a colonial effort to remove reform-minded officers, apparently was nullified by an announcement that former Premier Aznar will retain his post as captain-general.

More than 1000 army officers have applied for retirement under full pay under the government's plan to reduce the military force.

Francisco Largo Caballero, minister of labor, said the government is trying to protect the interests of landowners in developing the Agrarian program.

"It is not our plan to distribute the lands of Spain," he declared. "We favor collective households of the large estates by workers, societies who will exploit them in the benefit of the owners and of the residents. Modern machinery will be used."

Bishop Being Sued By Pastor For Slander

DALLAS, Texas, May 16. — (AP)—A suit by the Rev. Rembert G. Smith, Methodist pastor at Sparta, Ga., against Bishop John M. Moore, of Dallas, asking \$25,000 for alleged slander, was on file in Federal court here yesterday.

The suit was based on statements assertedly made by Bishop Moore regarding the Reverend Smith at last year's general conference here. The Rev. Smith had preferred accusations against Bishop Moore; Bishop James Cannon Jr., E. D. Mouson, and Bishop H. M. DuBois, claiming they had been unwarrantedly interested in opposing Alfred E. Smith's candidacy for the Presidency. Statements said to have been made by Bishop Moore and afterwards carried in newspapers criticizing the Rev. Smith's attitude led to filing of the suit.

Court attaches here said the suit was filed Monday and Bishop Moore served Tuesday.

HOOPER APPOINTS

WASHINGTON, May 16. — (AP)—President Hoover yesterday appointed Harvey S. Bundy of Boston to be assistant secretary of state. Bundy will succeed William R. Castle, Jr., who was promoted to be under secretary of state to succeed the late Joseph P. Cotton.

CHIPLEY—New school building will be completed about June 1st.
