U.S. Defends Trieste Plan Of Ministers

Bloc Told Agreement On Free State And Italo-Yugoslav Border Unified Decision

PARIS, Sept. 19, (AP)—The United States today informed the Slavic bloc of nations that the four-power agreement on Trieste and the Italo-Yugoslav frontier was a single unified decision. The American ambassador to Italy, James Dunn, flatly told the Italian Political Commission that the two matters would stand together or not at all.

Dunn spoke during a discussion of the boundaries of the proposed free territory. Slavic delegates want those restricted to the city of Trieste proper, but South Africa proposed that the boundaries be enlarged southward along the Adriatic coast.

The American ambassador stated that when the Foreign Ministers decided to cede all territory east of the French line to Yugoslavia, they also decided upon the creation of an international zone at Trieste. Dunn emphasized that the matter was all one decision, one agreement.

He further informed the commission that the American agreement included the creation of a truly free state of Trieste. He added that the United States agreement to one part of the program was contingent on the acceptance of all parts of the decision.

A Canadian representative, Brooke Claxton, took the commission that his delegation would support the 80th African proposal to enlarge the free zone of Trieste to include Italian communities along the Adriatic coast. Claxton said that Canada took this stand because it felt that the population in the area was predominantly Italian. He also reminded the commission that the area now was Italian and not Yugoslav territory.

Former Member Of Rickenbacker Unit Wins Pilot Wings

Ever since he served as a technician in Eddie Rickenbacker's famous "Hat in the Ring" 64th Aero Squadron during World War I, Edson Galt of Geneva has wanted to solo in a plane. Yesterday he realized that ambition when he made a solo flight in a Piper Cub plane after receiving instruction at the Sanford School of Aviation.

While fighting in France during the first World War, Mr. Galt was injured in a bomb explosion and lost the sight of his right eye. Recently the CAA has eased up tremendously on physical requirements for private and student pilots, and no longer consider the loss of an eye or limb as a handicap for this thrilling sport. Slightly over the half century mark in age, Mr. Galt decided that if the youngsters could fly, so could he, and proceeded to prove it by taking instruction.

Selective Service To Slash Expenses

ST. AUGUSTINE, Sept. 19, (AP)—The headquarters of the State Selective Service System in St. Augustine reported today Brigadier General Vivian Collins, state Selective Service director, has sent letters to all local selective service boards advising them there will be a cut in overall operating expenses.

The cut is approximately 50 percent. Officers say this means a drastic cut in both personnel and operating expenses of local draft boards. The reductions will vary according to local conditions.

Amputee Auto Forms Available Shortly

Application forms for amputee veterans to use specially equipped automobiles at government expense are expected to be available at Veterans Administration control offices within a few days, George S. Anderson, V. A. representative announced today.

Anderson said approximately 50 Florida veterans of World War II are eligible to obtain these automobiles. These veterans who believe they are entitled to this particular benefit, Mr. Anderson declared, should write or telegraph V. A. offices but should wait until the necessary forms are available.

'Ike' Attends Mother's Funeral

ACCOMPANIED BY HIS WIFE, General Dwight D. Eisenhower leaves his boyhood home in Abilene, Kan., shortly before pallbearers followed with the body of his 81-year-old mother. Members of Eisenhower's family follow the general from the house. (International Soundphoto)

Stock Market Takes Sharpest Decline In Years

Trend Was Generally Downward From Start Of Dealings

NEW YORK, Sept. 19, (AP)—Prices in the stock market today suffered another one of their steepest declines for several years. Heavy liquidation put the ticker tape behind as much as seven minutes for the first time since 1940 and leaders tumbled 1 to 8 points to new lows for the past 18 months or longer.

The trend was moderately downward from the start in active dealings.

Transfers were in the neighborhood of 3,000,000 shares, among the largest of the month. Prominent casualties included Norfolk & Western, Santa Fe, Union Pacific, U. S. Steel, Bethlehem, Chrysler, General Motors, U.S. Rubber, Montgomery Ward, Douglas Aircraft, Eastman Kodak, Du Pont, Allied Chemical, Anacosta, Kennecott, American Telephone and Standard Oil of New Jersey.

Resumption of the downfall, market analysts said, was due to persistence of the belief of investors that a bear market was under way, that labor disputes were clouding industry, and political problems both at home and abroad tending to complicate the economic outlook. Bonds fell with stocks.

11-Year-Old Boy Saves 23 Children

STANDAR, Alberta, Sept. 19, (AP)—Twenty-three Canadian schoolchildren and a driver may owe their lives to an 11-year-old boy and his quick thinking. The school bus in which they were riding overturned near Standar, and smoke from the ignition began filling the bus.

CIO Seamen Put On Parity With AF of L

NEW YORK, Sept. 19, (AP)—Members of the CIO National Maritime Union have been placed on a parity with A. F. of L. seamen in an arbitration award announced today by James L. Fly.

The arbitrator said that his decision provides an adequate basis for an immediate resumption of all shipping activities. The award provides salary increases of from \$5.00 to \$10.00 monthly. Fly says that he is receiving all seagoing personnel to return to work immediately. He also will ask all ship operators to reinstate men on strike.

QUAKE IS RECORDED

MIAMI, Sept. 19, (AP)—A Navy official says that a large earthquake has been recorded on instruments at the Navy's seismograph center. The quake was recorded early this morning. The official said that the center of the earthquake is 1,000 kilometers from Miami and possibly was in Chile.

Red Negotiator Leaves Nanking Peace Conclaves

Will Return Only If Chiang Reconcives Committee of Three

SHANGHAI, Sept. 19, (AP)—The Chinese Communist negotiator, Chou En-lai, disclosed today that he had given up participation in the Nanking peace negotiations. Chou declared at his home in Shanghai that he would return to Nanking only if Generalissimo Chiang Kai-shek agreed to reconvene the committee of three, which is made up of General George Marshall and government and communist representatives.

In an exclusive interview with Betty Graham for the Associated Press, Chou described the Nanking negotiations as senseless. He charged that they were designed to camouflage the true civil war situation and black out the truth from both the American and Chinese publics.

Chou further told the veteran AP China correspondent that United States policy in China had resulted in a military situation which had grown into a nationwide civil war.

The communist leader added that his forces would fight on regardless of the amount of help given China by the United States. He also declared that the Communists never would surrender to the government party.

Greek Reds Denounce British Naval Visit

ATHENS, Greece, Sept. 19, (AP)—The Communist newspaper in Athens (Rizospastis) today published the announcement of the visit of a British fleet to Greece with the news: "Provocative Demonstration." Except for the Communists, the Greek press is welcoming the forthcoming naval visit enthusiastically.

Two Famed Divisions To Merge Tomorrow

CAMP CAMPBELL, Ky., Sept. 19, (AP)—A spectacular military ceremony is scheduled to take place tomorrow at Camp Campbell when the famed Fifth Infantry Division will merge with the equally famous Third Division.

As the Fifth swaps its red diamond insignia for the slanting blue and white striped patch of the Third, many Americans recall the glorious chapters both Army units wrote in World Wars I and II. The Fifth fought at St. Mihiel and along the Meuse in 1918. Among its accomplishments as part of the swift striking Third Army in the second world war was a 100-mile spur through France to the Meuse in two months and the crossing of the Rhine.

The Third division can claim the distinction of being the only division to fight the Nazis on every front in North Africa, Sicily, Italy, France and Germany.

Churchill Renews Plea For European Federation Led By Germany, France

Proposed French Constitution Hit By Gen. DeGaulle

Says Adoption Would Place Country In Danger Of Anarchy

PARIS, Sept. 19, (AP)—General Charles DeGaulle spoke out today against the proposed new French constitution. He declared that its adoption would put France in danger of anarchy or dictatorship.

The war time leader of the Free French made this charge in a statement issued to correspondents. He said the new constitution is in reality the same as the one rejected by the French people last May despite certain changes. DeGaulle said the constitution provides an chief of state who really is a chief, and no real organization of the French union.

General DeGaulle resigned last January as interim President of France. He has remained in virtual political retirement since then, but today he indicated he will support candidates in the coming election who agree with him on the constitution issue.

DeGaulle said he hopes the nation will reject the constitution even though that would mean prolonging the temporary government.

Fifteen Ex-G.I.'s Attending Sanford Vocational School

In order to obtain high school credits to enter college, 15 former service men are attending the Sanford Vocational School, according to Mrs. E. C. Maxwell, principal. The school has been accredited by the state to give credit to veterans. This instruction is given by Mrs. Maxwell in person.

At present there are about 12 students in the most applicable class of which Mrs. J. E. Hall is instructor. Subjects taught include Gregg shorthand, typing and commercial English. Mrs. Maxwell instructs in bookkeeping and modern office filing methods.

All But One Miner Accounted For In Coal Mine Blast

MCCOY, Va., Sept. 19, (AP)—An explosion rocked a coal mine in McCoy today. One and one-half hours after the explosion, all but one of the 80 men in the mine had been accounted for. The mine is owned by the Great Valley Anthracite Coal Corporation.

The president of the coal company, R. G. Stevens said that the men came out of the mine before emergency crews arrived with gas masks from the school of mining at Blacksburg.

Two men were badly burned and one was injured in the blast. Stevens said the injured man probably had a broken leg. The fate of the one missing man is not certain but Stevens says it's not known whether he still is in the mine or whether he has not been checked out by mine officials.

Search For Survivors Of Marit Is Halted

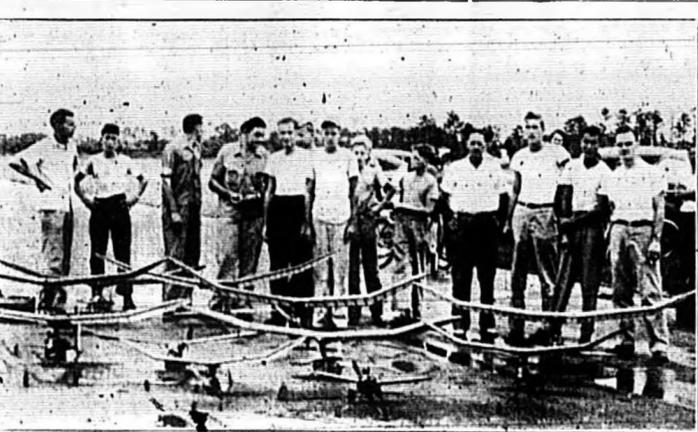

NEW YORK, Sept. 19, (AP)—The Coast Guard is going to call off its search for the 11 men still missing from the sinking Norwegian ship Marit II. Coast Guard planes which have been looking for the missing men 70 miles east of Cape Henry, Va., have been called back. A Coast Guard cutter is continuing the hunt today and if the men are not found by the end of the day, also will give up.

Originally, the shipping company which operated the vessel had reported 18 men missing. The figures was lowered when it was learned that two crew members failed to board the ship. The company said 24 of 25 persons aboard when the Marit wrecked were picked up.

MALE STUDENTS AT F.S.C.W. TALLAHASSEE, Sept. 19, (AP)

Between 500 and 600 male students will enroll for the first quarter classes at the Florida State College for Women in Tallahassee this fall. This estimate is made by officials of the Tallahassee branch of the University of Florida.

Sanford Model Airplane Club

Flights of model airplanes were made Sunday afternoon by the above members of the Sanford Model Airplane Club who are shown exhibiting their entries just before the meet which followed the sailplane exhibitions at the Sanford Municipal Airport before a large gathering of spectators. The tiny gasolene motors on the planes are timed to run 15 seconds. Then the plane glides to its landing. Winners of the meet have not yet been announced.

Jaycees Discuss Plans For Clean Up Drive In City

Plans were discussed for a city-wide clean up campaign in preparation for the forthcoming tourist season at today's Junior Chamber of Commerce luncheon meeting held at the Motors Inn on Semnole Boulevard.

Officials of the organization were instructed to contact the City for approval and to make further arrangements necessary to complete plans for the program. The Jaycees agreed that some sort of a clean-up program should be initiated prior to the arrival of tourists in this area which is expected to occur in October.

The Jaycees today also discussed plans for sponsoring a regatta to be held early next year for the purpose of providing entertainment for the expected tourists as well as the county citizens. President Jack Ratigan said that the board of directors would discuss the matter and appoint a committee to begin making plans for the regatta with the hope of attracting some of the nationally known speedboat racers to the meet, which it was pointed out could be an annual Jaycee affair.

Plans for a Jaycee dance to be held at the Mayfair Inn on Oct. 12 were discussed briefly and President Ratigan was instructed to appoint a committee to aid Joe Moss in making final plans for a weekly boxing card to be sponsored by the Jaycees during the winter.

President Ratigan also informed the group that the board of directors had voted to provide the Semnole High School library with approximately 25 leather magazine covers.

Visitors at today's meeting included Edgar Jensen, Buck Walker, C. H. Lake, Darrell Swan and Gordon Bradley.

Hope Still Held For Lost Belgian Plane

GANDER AIRPORT, Newfoundland, Sept. 19, (AP)—The Canadian press says that the wreckage of a Belgian airplane from-Atlantic plane has been found 22 miles southwest of Gander airport.

NEW YORK, Sept. 19, (AP)—Belgian airline officials are still hopeful that the big DC-4 passenger plane lost on a trans-Atlantic flight managed to land somewhere in Newfoundland or Labrador. There has been no word however, from the plane or its 44 passengers and crewmembers since yesterday morning, when it was over Gander, Newfoundland.

Searching crews and a parachute rescue party were scheduled to resume search for the airliner today. Fog banks and forests prevented identification of wreckage sighted in Newfoundland yesterday—wreckage that may be out of the missing luxury plane. Shut.

Terrorists Said To Have Carried Out Spectacular Tel Aviv Robbery

JERUSALEM, Sept. 19, (AP)—The all-Jewish city of Tel Aviv has again been the scene of a spectacular robbery which police believe was carried out by members of the terrorist underground organization, Irgun Zva Leumi.

A group of five armed men raided the office of polished diamonds, hunted. They held up four employees and escaped with a package of gems worth \$100,000 which had been awaiting export to the United States.

Police believe the bandits were members of an underground organization which is seeking to replenish its funds. The police recalled the underground's announcement yesterday that the underground organization had staged the twin bank robberies last Friday at Jaffa and Tel Aviv because it needed money. The underground also warned that it would conduct further acts of this nature.

Officials in Jerusalem said they have found evidence recently that two underground organizations have been shaking down Jewish merchants with demands for contributions. One police officer said that the latest raid today might have been pulled because the polished diamonds company had refused to give in to the terrorists' demand for money.

Truman, Byrnes Hold Teletype Conference

WASHINGTON, Sept. 19, (AP)—President Truman and Secretary of State James Byrnes held their first conversation today since Secretary of Commerce Wallace took a swipe at United States foreign policy last Thursday.

The conversation was by way of teletype. White House newsmen were given no details. Press Secretary Ross merely said that President and Secretary of State had talked by teletype between Washington and Paris.

Earlier in the day, Ross announced that Mr. Truman did not make a deal with Wallace in getting him to pledge silence for the duration of the Paris Peace Conference.

Industrial Growth In South Emphasized

JACKSONVILLE, Sept. 19, (AP)—Need for increased industrial expansion in the South was emphasized in Jacksonville by Leigh R. Powell, Jr., president of the Seaboard Air Line Railroad, today.

Speaking before members of the Southeast Shippers Advisory Board, Powell called attention to the fact that the eyes of the nation are on the South because of its rapid industrial growth. Powell cited in particular the expansion in the pulp and paper industries and developments in chemicals which have given the South much-needed enterprise.

HOW CAN THEY EAT?

CHICAGO, (AP)—A luncheon club whose members will meet and eat in strict alliance has been organized by a group of businessmen. The name is KYMS. Spelled yesterday—wreckage that may be out of the missing luxury plane. Shut.

Says Retribution For Germany Must End After Nazi Criminals Are Punished

ZURICH, Switzerland, Sept. 19, (AP)—Britain's former Prime Minister, Winston Churchill, today renewed his plea for a United States of Europe, a federation which would be led by France and Germany.

Speaking in Zurich, Switzerland, Churchill said there must be an end to retribution for Germany once the Nazi criminals are punished and the Reich is deprived of the power to make war.

The former British leader referred to a partnership between France and Germany which would develop into a regional organization within the United Nations. He said there is no reason why this should conflict with the world organization.

Churchill's only specific mention of Russia came when he said "Great Britain, the British Commonwealth, the United States, France and the United Nations, Soviet Russia must be the friends and sponsors of the new Europe and must champion its right to live and share."

Churchill emphasized that there can be no revival of Europe without a mutually great France and a spiritually great Germany. Then in a flash of his noted oratory, the former Prime Minister gave this description of wide areas of Europe: "A vast, sprawling mass of uncontrolled, hungry, rapacious and lawless human beings gaze on the ruins of their cities and scan the dark horizon for the approach of some new peril, tyranny, or terror. Among the victims there is a label of woe: among the vanquished a sullen silence of despair."

Continued Churchill: "That is all that the German races have got by tearing each other to pieces and pushing havoc far and wide. Indeed, but for the fact that the great republic across the Atlantic ocean has at length realized that the ruin and calamity of Europe has involved their own fate as well, and has stretched out hands of aid and guidance. But for that, the dark ages would have returned in all their cruelty and savagery."

The storm clouds of only a few years ago, a state of nation which we know will never end, except on the cause of right and freedom," Churchill declared. "But it may well be that in a few years this awful agency of destruction will be widespread and the suffering following its use by several warring nations will not only bring to an end all that we call civilization, but may possibly disintegrate the world itself."

Oct. 15 To Nov. 15 Christmas Package Dates Set By Army

ATLANTA, Ga., Sept. 19, (Special)—Christmas packages for Army personnel overseas may be mailed without request slips between Oct. 15 and Nov. 15, Maj. Gage F. Heinz, postal officer of the Seventh Army announced today.

That gives relatives and friends of the G. I.'s month longer to mail packages to insure their arrival overseas by Christmas Day than was the case during the war, Maj. Heinz stated, due to the great reduction of soldiers in foreign fields since the shooting stopped.

Only one package may be mailed by any one person in any one week during the mailing period specified. The weight limit per package is 70 pounds, and may include length and girth combined.

For Army personnel sent overseas shortly before or subsequent to Nov. 15, packages will be accepted up to Dec. 10, but the sender must present a change of address card from the addressee, received subsequent to Oct. 30 and the packages must be marked "Christmas Parcel." Only one such parcel will be accepted from any one individual.

A change from the war years is noted in the fact that parcels may be insured or registered, but they must be actually packed or wrapped to be acceptable.

No liquor, matches, combustibles, ammunition, revolvers or other firearms may be mailed and no perishables.

The African black porcupine does not use the same method of attack as that employed by his North American cousin. He charges his enemies by running at them backwards.

Lewis Requests Meat Ceilings Be Removed

WASHINGTON, Sept. 19, (AP)—President John L. Lewis of the United Mine Workers union called on the price control board today to remove price controls on meat. Lewis declared that miners in three states are closing down because miners cannot buy meat.

Lewis told the control board that serious unrest is spreading throughout all the mining areas because miners cannot perform their laborious and hazardous work on a diet of cereals and vegetables.

A colored fluid has been developed for use with contact lenses as a replacement for external sun glasses.

Truce In French Politics Broken By Red Party Ranks

By ROBERT WILSON PARIS - France's political honeymoon is rapidly nearing an end. With general elections approaching, the Communist party has come out openly with an attempt to discredit President Georges Bidault's Popular Republican movement as a party secretly subservient to the Catholic Church and "the trusts."

Deputy Waldeck Rochet writes in the magazine that the MRP's program—support of nationalization and other progressive measures—seems to be in contradiction with the reactionary policy of the church, but "in truth it is not" because the MRP only pays lip service to its program.

The magazine then put forward as examples of "how the MRP applies the directives of the church" allegations of MRP "indulgence" toward collaborators; attempts to "limit" democracy through advocacy of a strong president of the republic; a attempt to "maintain state subsidies for parochial schools" and attempt to "torpedo a nationalization measure on behalf of large shareholders."

AS GREEK CITIZENS PREPARED TO vote on the fate of the monarchy in their country, the Greek Government reported that 21 persons had been killed in raids by Communist bands. The slayings occurred in (1) Macedonia; (2) Thessaly, and (3) the Peloponnese. An outlaw gang of 100 attacked a police station near Tripolis. (International)

Rhinestones are so named because they were first made along the Rhine River. Rhinestones are artificial colorless gems of high luster cut to imitate diamonds. There are 138 species of mosquitoes in the United States and each has its own language.

BIBLE VERSE FOR TODAY

A THREAD FROM HIS GARMENTS WOULD BE RANSOM FOR A KINGDOM NOW WE HAVE LEARNED TO APPRECIATE AND LOVE HIM. LET US NOT DISHONOR HIM BY NEGLECTING HIS TEACHINGS.

ON THESE STRANGE NIGHTS

(From The University of Kansas City Review) The nights are strange this autumn. No flashes in the sky. No yellow eyes of sudden light.

FRANK BROOKHOUSE

The truck drivers' strike in New York City has been settled. The people may eat again, by grace of the truck drivers.

We rather like this description of Henry Wallace, "an amiable, confused and harmless political blob."

Secretary Wallace evidently seems to think that the American people are now in favor of isolation.

Obester Bowles, who gained fame as OPA administrator during the war, was defeated in his campaign for Democratic nomination for governor of Connecticut early this week.

Down in Tampa a veteran of four and a half years' service in the United States Army returned to civilian life and bought himself a grocery store.

Senator Mead of New York says our occupation forces in Germany ought to be investigated.

Senator Thomas, who is also a Democrat, says that Senator Mead, who is running for governor of New York, is just talking politics.

It is too bad we do not have a federal law which would compel politicians to label their remarks "politics" when they are just talking for the purpose of gaining votes.

Senator Claude Pepper believes it is no longer either a sin or a crime for a hide-bound Democrat from the South whose granddaddy fought under Lee and Jackson to vote the Republican ticket.

Senator Claude Pepper believes it is no longer either a sin or a crime for a hide-bound Democrat from the South whose granddaddy fought under Lee and Jackson to vote the Republican ticket.

Senator Claude Pepper believes it is no longer either a sin or a crime for a hide-bound Democrat from the South whose granddaddy fought under Lee and Jackson to vote the Republican ticket.

Senator Andrews

Floridians in general and the people of Central Florida in particular are sorry to learn of the death of Senator Charles O. Andrews of Orlando.

Senator Andrews, who was first elected to the United States Senate in 1936, following a long and distinguished career in various state offices, was not the spectacular type of senator who confines his work largely to oratory more likely to make the headlines.

Probably in recognition of his increasing frailties, Senator Andrews did not seek re-election for a third term to the Senate this year, and the way was left open for his old friend, former Governor Holland, to succeed him.

The state is fortunate in having so able a successor to Senator Andrews.

Troubles In Trieste

Trieste is a prize which the United Nations hoped to keep intact for Europe. Yugoslavia, and through her the Russians, wanted Trieste. Italy was standing close, ready to snatch it.

Senator Tom Connally stood up in Paris the other day and asked that Trieste be made a symbol of peace and security, that it be a truly free territory, with benefits available to many nations.

As he spoke, the city was a symbol of anything but peace. Riots, bombings, shooting are everyday fare. The American Military Government, determined in its campaign to keep the area free of either Yugoslav or Italian domination, slaps white paint over pro-Yugoslav signs.

Trieste is not a simple problem. It has a heritage of conflict and a present population made up of violent factions without tolerance for the causes and beliefs of others.

Trieste today is a symbol, above all, of the kind of strife the United Nations must somehow learn to resolve.

Hope For Heart Cases

Heart diseases are afflicting four million Americans and the number is growing. Disturbing as this sounds, it indicates health progress in another way. It is because of the lengthening life span that heart ailments, which ordinarily come in later years, have increased.

This kind of illness is comparatively new in medical history. So far only 17 cents is spent on research for each heart death, while \$6.12 is devoted to study for every death caused by an infectious disease.

Doctors emphasize the need for knowledge and intelligent care in heart weakness. They stress the fact that even a damaged heart will permit a useful and reasonably long life, provided the person afflicted takes proper care of himself.

Inside WASHINGTON

House Military Committee Irked by Senate Probers

WASHINGTON—The House military affairs committee is toying with the idea of paralleling the Senate Mead committee inquiry into the Wyman case.

The House committee headed by Rep. Andrew May (D) of Kentucky, who has been given a bad time in the Mead probe of the Garson munitions combine, is pretty unhappy about having the senators investigate the same question it once looked into.

Also annoying to May's group was the Pearl Harbor investigating committee's recommendation that Wyman be investigated, with no reference to findings made by the House unit.

A dual investigation might bring a wrangle over a Nazi witness, Werner Plack, a pre-Pearl Harbor member of the Nazi Los Angeles consulate, is available in the American zone in Germany.

PRESIDENT TRUMAN'S ANNOUNCEMENT that he will not call the 79th Congress back into special session is interpreted by political observers as emphasizing his decision to play an inactive part in the fall election campaigns.

Apparently Mr. Truman feels that the long-range housing program, bottled up in committee, can wait until the new 80th Congress convenes Jan. 3.

It is believed that realistically the president is convinced he would probably get less cooperation from a "lame-duck" Congress than he received from the 79th before it recessed.

Mr. Truman already has announced that he feels he must remain in Washington to meet any diplomatic emergencies which might arise at the Paris peace conference or the United Nations meeting in New York.

REPORTERS USED TO "CARRYING THE BALL" in news conferences when officials are not talkative ended up by carrying the luggage of Senator Arthur Vandenberg (R) of Michigan in their efforts to get a story from the Michigander.

INFORMED GOVERNMENT SOURCES BELIEVE that material power now will be the big stumbling block to all-out production even when the materials supply increases.

1946 EFFECT OF MOON ON TIDES

Post Office Department Position Puts Its Stamp On Veteran Employee

WASHINGTON, (AP)—It took an act of congress to retire him at 70, but "Ike" Gregg says Uncle Sam can't keep him from going right on working anyway—and feeling 20 years younger to boot.

Isaac Gregg has been for 22 years a member of the publicity bureau of the U. S. Post Office Department, its chief the greater part of that time.

Dapper, wiry, with white hair and a dry humor, "Ike" is a familiar figure around town and has scores of friends in journalistic circles. He was a newspaper man himself once.

Born in Germantown, Pa., he came to Washington during the McKimley administration and started in newspaper work with the Washington bureau of the New York World.

From the press gallery of the Capitol he heard the United States declare war on Spain in 1898 and on Germany in 1917. He covered Congressional hearings into the Titanic disaster, the New York, New Haven and Hartford railroad case, and other big investigations of the day.

He was president of the White House Correspondents' Association during the Coolidge administration. He says the toughest assignment he ever had was to make "Cal" Coolidge talk.

Coolidge was anxious to learn whether Senator Hiram Johnson of California was going to support him in his forthcoming campaign. "Ike" said he believed the Senator

SANFORD FORUM

Editor Sanford Herald: There is an old saying, live and learn. Had some even hinted that we would live to learn some of the things that we are learning those days, some years ago most anyone would have purchased a ticket to Chattanooga for the prophet.

Had someone said we would sit still and let ourselves be told how long to work, how much we can receive, what we must pay for everything we purchase, surely we would have declared they were crazy.

But today here in America, we are accepting a form of government foreign to the constitution which denies the right to com-

DRIVE SAFELY

Did you know what a person in Florida must be capable of doing to obtain a driver's license?

He must be able to read and understand the road signs on the highway.

He must know the rules about driving a car in the State of Florida.

He must be able to see well enough to drive safely.

He must have the skill and experience to operate an automobile so as not to endanger human life or cause damage to property.

He must not have any physical or mental handicaps which would make his driving dangerous.

"Apply the Golden Rule to Your Driving"

dwelt there for a time and times and dividing of time, before the great trouble, known as Jacob's trouble, shall take place, which will last for three and a half years.

Again, I must place the ministry on the spot for failing to go right that they may lead others. The majority of ministers today are trying to keep up with the Jones. Very few will be able to say with Paul, I labored with my own hands. Humility, not dignity, blood, not money is Christ's plan.

I close with another plea to God's people to wake up unless you wish to be classed with the Laodicean Church.

Respectfully, Rev. B. W. Miller, Sanford, Route 2

Miss Constance Thomas Lott Is Wed To Volie Adkins Williams, Jr.

In a beautiful setting Miss Constance Thomas Lott, daughter of Mr. and Mrs. James Watson Lott of Americus, Ga., became the bride of Volie Adkins Williams, Jr., son of Mr. and Mrs. Volie Williams, Sr. of this city on Sept. 5 at 8:00 o'clock at the First Baptist Church. Rev. D. J. Evans performed the impressive ceremony in the presence of a large assemblage of friends and relatives.

The bride wore a gown of white tulle with a high collar and long sleeves that tapered in points over the wrists, with an extremely full skirt that lengthened to form a graceful train. The dress featured a flounce of satin network which formed a berth over the shoulders and extended in panels down the front of the tucked yoke to the waistline when it lengthened to create a peplum. The full length veil of lace purchased in Brussels by her cousin Mrs. Frank Harold was posed over illusion with an illusion face veil and caught with a lace cap, held on each side by clusters of orange blossoms. Her only ornament was a strand of Oriental matched pearls, a gift of the bridegroom, and she carried a bride's bouquet of stephanotis, centered with a white orchid.

The bride's mother was attired in a becoming model of aqua crepe accented by gold nailheads and her flowers were roses and carnations. Mrs. Volie Williams, Sr. chose a gown of royal blue crepe with gold accessories and her flowers were Rubrum lilies and carnations.

After the ceremony a reception was given by the bride's parents at their home on Furlow Street. White gladioli and asters were used with effect in the living room and dining room and roses, asters and gladioli in pastel shades were used in the other entertaining rooms. Mr. Lott met the guests at the door and they were invited into the living room where the receiving line was formed by Mr. and Mrs. Sam Lott and Mrs. T. P. Lovhace. In the receiving line were Mr. Lott, Mr. and Mrs. Volie Williams, Sr. and the bride and groom.

The bridesmaids were Frances Luther, Frances Avlander, Sue Anselmi, Annette Spinning, Henrietta Gunter and Catherine Andrews. They were followed by the ushers, groomsmen Jack Singletary, Mark Jacoby, R. G. Hickson, Cal Coledge, Brady Moss and Fred Moss.

The bridesmaids wore white tulle gowns with fitted bodices and full bouffant skirts and featuring the new low ruffled necklines and double tiered puffed sleeves. They carried arm bouquets of yellow chrysanthemums tied with gold satin ribbons. The matron of honor Mrs. O. E. Post carried alone. Her gown was a replica of the bridesmaid's and she carried an arm bouquet of white chrysanthemums. The maid of honor Miss Jane Langford also entered alone. She was attired in a gown of yellow tulle styled like the bridesmaids and her flowers were similar to the matron of honor's.

The flower girl little Miss Yona Lott was attractively attired in a frock of white tulle styled with a pet ruffled skirt and fitted bodice with a round neck and short net ruffled sleeves. She carried a ruffled Colonial bouquet of pom-pom chrysanthemums. Jim Forrester was the ringbearer. He wore a white suit and carried the ring in the heart of a lily.

The bride, a vision of loveliness in her bridal array of filmy mousseline, illusion and rare old lace entered on the arm of her father, who gave her in marriage. The bridegroom and his best man Ed Lanz of this city awaited them at the altar.

The bride's gown of white mousseline de soie was fashioned with a moulded bodice, square neckline

Personals

Mrs. P. S. Vernay has returned from Little Switzerland, N. C. where she spent two weeks at the Little Switzerland Inn.

Mrs. A. C. Gledhill, Jr. of Macon, Ga. is visiting her parents Mr. and Mrs. W. M. Colley of Osteen and also her sister Mrs. A. T. Ball of this city.

P. R. Bach, Jr., son of Mr. and Mrs. Phillip R. Bach of Jewetts Lane, has been promoted to the rank of Sergeant at the Gordon Military College, Barnesville, Ga. Last year Sgt. Bach was president of his freshman class.

Mr. and Mrs. Maynard Grantham had as their guests over the weekend Mrs. Grantham's sister and brother-in-law, Mr. and Mrs. Malcombe D. Dotson, of Asheville, N. C. and also Mr. and Mrs. Joe W. Waters of Tampa. Mrs. Grantham's mother of Asheville is also visiting her and will be here for some time.

Miss Annie Brachett of St. Petersburg was a recent guest of Mrs. R. L. Garrison enroute from New York where she studied at Teachers College, Columbia University with Lennox Grey's Workshop in "communication arts." Miss Brachett heads the English department in city schools of St. Petersburg.

Pilot Club Enjoys Picnic On "Skylark"

Members of the Pilot Club enjoyed a boat ride aboard F. E. Roumillat's boat, "The Skylark" last night. They met at the boat work at 5:30 P. M. and cruised up Lake Monroe after which a chicken pilau supper was enjoyed. Hostesses for the occasion were Mrs. Al E. Hunt, Mrs. Ruth Scott and Mrs. A. O. Jarrell.

Mrs. Mary Rawlins read a letter from the Orlando Club, inviting the Sanford Club to a joint picnic and meeting to be held at Sandal Springs on Sept. 23. She also announced a concert to be sponsored by the Jacksonville club on Oct. 8, presenting Mae Morgan, rising young baritone and former resident of Jacksonville. The concert will be held in the auditorium of the George Washington Hotel and members of the local club were invited to attend.

Those attending the boat trip were Mrs. H. A. Swanson, Mrs. Z. B. Ratliff, Mrs. Frank R. MacNeill, Mrs. M. L. Raborn, Mrs. B. E. Chapman, Mrs. J. C. Clarke, Mrs. Earle Broome, Mrs. Mary Rawlins, Mrs. W. E. Hollyhead, Mrs. Louisa Neal, Mrs. E. H. Laney and guests, Mrs. Rena H. Jolly of Auburn, Ala. and Mrs. J. L. Strickland of Daytona Beach. Mrs. Jarrell, Mrs. Scott, Mrs. Hunt, Mrs. E. B. Randall, Mrs. Miss Maude Ramsey, Miss Blanche Kennedy and Miss Gussie Hinton.

Penny Pulver And Joe Thomas Honored

Mrs. Joe Thomas and Mrs. Neppie Pulver were hostesses at a surprise birthday party Sept. 9 honoring Joe Thomas and Penny Pulver at their home on Maple Avenue. Those attending were Mr. and Mrs. Ralph Peters, Mr. and Mrs. Alvie Gillyards, Mrs. O. D. Landress, Mrs. D. L. Landress, Mr. and Mrs. Duval Gillyard, Mrs. Neppie Pulver, Mrs. Edna McClelland, Mr. and Mrs. Charles Bridges, Mr. and Mrs. Joe Thomas, Miss Mary Edna Landress, Miss Penny Pulver and Elmer Nolan.

Lake Monroe P. T. A. Opens Fall Meetings

The Lake Monroe P. T. A. held its first meeting of the school year Tuesday evening with E. Soderblom presiding over the session. He called the meeting to order and after the opening song "Onward Christian Soldiers" the following members were nominated to serve: Roy Nichols, treasurer; Mrs. J. C. Walters, secretary.

The following chairman of committees were appointed: Carlos Muse, membership; Mrs. Herbert Behrens, hospitality; Mrs. V. H. Grantham, program; Mrs. S. H. Buchanan, publicity; Mrs. Herbert Behrens, canvas and Mrs. Tamme Meigs, refreshments. Mr. Soderblom made a short talk and welcomed Mr. Nichols as principal of the Lake Monroe school. Mr. Nichols responded and urged members of the P. T. A. to unite all parents, neighbors and friends to join and use the association as a happy get-together for business and entertainment.

Mr. Nichols placed before the school a list of necessary magazines and supplies for teachers and children and playground equipment. The board approved the list. By room count the third and fourth grade room received the prize for the largest attendance of parents. A chicken pilau and pie supper will be given by the P. T. A. on Tuesday evening at 8:00 o'clock at the Lake Monroe lunch room. It was announced at the close of the meeting.

Enjoying one of the delicious Sunday evening buffet suppers at the Country Club is the following party pictured on the club porch; Reading from left to right: Clyde Terwilliger, Jr. club pro, James Ridge, Mrs. James Ridge, Raymond Ridge, Mrs. Raymond Ridge, of Louisville Ky., Mrs. Hugh Wheeler, Mrs. Clyde Terwilliger, Sr. of Coral Gables, Kirby Fite, Camille Batten, Hugh Wheeler, Sr., Johnny Pierce of Daytona Beach, Mary Ann Wheeler, Dr. Clyde Terwilliger, Cecelia Truluck, W. G. Fleming, Mrs. Fleming and Mrs. Roy Reed.

Mrs. Zinzer Honors Mrs. M. Pagenhart

Mrs. A. M. Zinzer honored Mrs. Mammie Pagenhart yesterday afternoon between the hours of 4:00 and 6:00 o'clock with open house at the home of the former 901 Laurel Avenue celebrating Mrs. Pagenhart's 75th birthday. Beautiful arrangements of Madolows and chrysanthemums decorated the rooms opened enroute for the occasion. Mrs. Pagenhart who has been a resident of this city for the past 40 years and an active member of the First Presbyterian Church chose to wear a rose crepe dress with a corsage of blue and white flowers. She makes her home at 402 French Avenue.

The dining room table was covered with a handsome lace cloth and centered with a three tiered birthday cake and surrounded by flowers. Punch and dainty refreshments were served throughout the afternoon.

The guests presented the honoree with many lovely gifts. As a memento of the occasion Mrs. Zinzer presented Mrs. Pagenhart with a lovely bouquet of chrysanthemums.

Approximately 50 guests called during the appointed hours to congratulate the honoree.

Hints To Housewives Weekly From Home Demonstration Specialist, Tallahassee

SWEET POTATO TREATS

By Isabelle S. Thurby Extension Food Economist. Two delicious sweet potato dishes are sweet potatoes and orange homemakers who are not afraid to use them yet will find it worth while to clip these recipes for future reference.

Sweet Potato Salad
Ingredients: 3 medium large sweet potatoes, 2/3 of a cup of salad dressing, 1 teaspoon salt, a few grains of pepper, 2 strips of bacon, 2/3 of a cup of diced celery, 2 pickled, and 5 large black olives.

Directions: Scrub sweet potatoes thoroughly and cook them in salted water until tender. Drain in a colander and let cool. Add extra salt and pepper to salad dressing or mayonnaise. Dice dressing and let marinate for one hour or longer.

Cut bacon in small pieces, fry crisp, and drain on paper towel. Dice celery and pickles and cut olives from pits. Mix all these together lightly with the potatoes. Garnish serving dish with green celery leaves, strips of bacon, and chopped nut meats. Provide additional salad dressing. Recipe serves seven.

Note: Addition of a bit of chopped onions to this salad has made it even better for many folks.

Sweet Potatoes-Oranges
Ingredients: 3 medium sweet potatoes, 1/2 cup of brown sugar, grated rind of one orange, 2 sliced oranges, and 3 tablespoons of butter.

Directions: Cook potatoes until done but still firm. Cool slightly, peel, and cut into 1/4-inch slices. Arrange layer of sliced potatoes in buttered baking dish, season with salt and pepper, dot with butter, and sprinkle with brown sugar and grated orange rind. Add layer of sliced oranges and repeat until all materials are used, having a few orange slices on top. Bake in hot oven about 30 minutes, basting once during baking.

Glee Club Officers Elected For Year

Miss Ollie Reese Whittle, director of the Seminole High Glee Club announced today that Harold Kastner has been elected president of the glee club for this year. Other officers elected by the members of the club include Myra Southard, vice-president; Helen Slaughter, secretary and treasurer; Houston Babcock and Clarence Grantham, business managers; and Peggy Pippin, librarian. The senior glee club is composed of 30 singers and the freshmen club is composed of 20 members. Miss Whittle said she was proud with the officers elected and anticipated a successful year. The first major project will be the Christmas program followed by the operetta, spring concert and Tampa Music Festival. She said among the soloists this year will be Nancy Williams, Melba Frick, Mary Alice Howard, Houston Babcock, Clarence Grantham, Nollie Trapp and Harold Kastner.

Senior High Organizes New Library Staff

A library staff composed of junior and senior class members has been organized by Miss Edna Chittenden, librarian of Seminole High School, with Jean Boteler as president of the group. Other officers include Elsie Glanville, vice-president; Betty Shannon, secretary; Ethel Vining, treasurer; Mary E. Brown, program chairman; Myra Madden, membership chairman. The project of the group is to learn more about library procedures and to aid the school in maintaining a better library. Membership will be limited to 20 and meetings will be held the first and third Thursday in each month. Points will be given the members for serving as officers, on committees, for chapel programs participated in, for duties served at an assigned post, one year. When a member earns 100 points she will be given a pin and for 170 points a guard. Others in the group include Alice Lindquist, Mildred Mathews, Virginia Reeves and Margaret Von Herbold.

time havens in India. The penalty for attempted evasion is three times the amount of the duty. Most persons choose to abandon the goods, sold periodically to swell the Burma government treasury.

Precious metals spun into wire or thread to assist concealment; watches, fountain pens, lighter flints and cloth and other scarce items are found hidden in false bottoms of trunks, secret pockets and elsewhere.

Vitamin-E prevents rancidity in lard, butter, dried milk, and chocolate.

THESE WOMEN

By ADELAIDE KERR AP Newsfeatures Writer. A lot of politicians who are trying to "get out the vote" this year, might learn a thing or two from Mary Price.

She planned a vote-getting campaign in North Carolina, which raised 10,000 names to the books in the six congressional districts and increased extensively the registration in other districts. Miss Price, a 40-year-old, single mother, with 10 years' business experience in the South, in the experience of politics, is a convincing authority on the campaign for an American woman in a man's world. The conference, which is in its 10th year, is a gathering of business men, educators, writers, lawyers and social workers, was founded with the aim of bettering economic conditions in the South, jobs economy, education, health and homes. Part of the aim is to spur the South's citizens into action to be politicians.

Many Southern women are both in and out of the political arena. They are not only active in the campaign but also in the political arena. They are not only active in the campaign but also in the political arena. They are not only active in the campaign but also in the political arena.

First we worked with other organizations. We supplied speakers, material and ideas to the WPA, church groups and women's organizations. The Junior Chamber of Commerce asked how their members could cooperate with us.

Next we organized the housewives who telephoned everyone listed in the telephone book and invited them to vote the South's candidate. And finally we organized the college students. They gave radio programs and skits and went into small towns on Saturdays and put up striking signs saying "This way to the polling place."

Miss Price's present job is very close to her heart. "There is a whopping job to be done in the South and the more we do, the better it will be for South America."

Before Panama seceded from Colombia in 1903 and became an independent republic, it generally was indicated on maps as part of South America.

NCO Club Opened At Orlando Air Base

ORLANDO, Sept. 19. (Special) — Central Florida's non-commissioned officers in the Reserve will now have opportunity to renew old acquaintances and to make new ones at the Orlando Army Air Base. The NCO club at OAAAB has extended an invitation to all ER's with the grade of corporal, or better, to join the club at the base. First Sgt. William Smith, club president, announced today that, although on an Air Force installation, an invitation has been sent to members of all three forces: Ground, Air and Service.

Rain Washes Out Sixth Game of Fed-Senator Series

Game To Be Played Here Tonight; Schantel, Cary Probable Pitchers

By ARTHUR BECKWITH, JR.
Herald Sports Editor

A downpour from Jupiter Pluvius came yesterday afternoon to cause postponement of the sixth game in the final playoff series between the Sanford Celery Feds and the Orlando Senators which was to be played at the Municipal Park.

The game is scheduled to be played here tonight, and in the event that rain causes additional postponement every attempt will be made to set the tilt back from Friday night to Saturday since the Seminole High School Celery Fed football team is scheduled to meet the Eustis Panthers in a gridiron contest at the High School Athletic Field tomorrow evening.

It is also understood that the Orlando High School has a game scheduled for Friday evening in Orlando and that Business Manager John Gantel of the Senators will request that in the event the Feds and Senators meet in the seventh tilt in Orlando tomorrow night that the game be moved up to Saturday or Sunday so there will be no conflicting schedules.

Tonight Manager Levy is expected to send Jim Schantel to the hill to pitch the Celery Feds in an attempt to trim the Senators, and enter the seventh tilt of the series. Left-hander Jodie Howington will probably meet the Senators in the seventh game in Orlando, should the Feds cop tonight's tilt.

Manager Ted Madieski is also rather hard pressed for a mound staff. The little "Darling" of the Senator mound crowd, Scott Cary, will face Schantel on the hill in this evening's contest.

The weather forecast this afternoon looked none too promising. The weatherman said it would be partly cloudy with afternoon showers and thunderstorms today through Friday.

In the event that the weather permits a tilt this evening local officials expect one of the largest crowds on hand for any contest this season in the local park.

George Barr Has Heart Attack At Giant-Cub Game

According to an Associated Press report, National League umpire George Barr was forced to leave the baseball game between the New York Giants and the Chicago Cubs in New York yesterday because of a severe heart attack.

Barr is well known in Sanford and Seminole County since he is the operator of the George Barr Umpires' School. Last Spring Barr held his school in Orlando but this year he plans to move to the former Naval Air Station at Sanford.

The attack struck with such severity that it is unlikely that Barr will be back on the diamond this year.

SPORTS LAUGH

By Associated Press

The beloved old manager of the Philadelphia Athletics, Connie Mack, has many a sparkling memory of his glorious baseball career. Like all of us, Connie has also had some moments he'd like to forget.

For instance the day his Athletics were playing a tight ball game, and at a very crucial point, Mack called in a pinch-hitter. A baseball would break it up. It was a tense moment.

Three times the pinch-hitter swung at high balls and was out. Mack a picture of futility.

When the batter returned to the bench, Connie took one look at him and said, "Listen, if I ever need a hitter again and you are the only man on the bench—don't move."

SPORTS ODDITY

By Associated Press

It's a rare football season if someone fails to distribute a new play to Alonzo Bligh. Usually, the patriarch of the gridiron denies it.

Stagg's Hiltz—College of the Pacific at Stockton, Cal. manages to make things rugged for West Coast opponents. Several times during the course of the football schedule, the Pacific Tigers will present a play that looks brand new. Often it is the ancient and around maneuver with a couple of special Stagg touches to make it appear fresh.

Actually, Stagg first used that play in 1890. He wrote it out in a season.

He dragged it out four years after and it helped his University of Chicago beat Stanford 34 to 6. Stagg team have pulled it off at intervals ever since.

On occasion, Pacific employs Stagg's old P-dinger, a play involving an elaborate and wide tackle. Coast experts complimented Stagg for what they thought was an innovation. Stagg, however, has used the dinger forty years ago. Comments the well-tired dean of football: "There is some advantage to being an old timer. When I dust off an old trick, it

INSIDE SPORTS REPORT

By ARTHUR BECKWITH, JR.

HAYES VS FANS

We noted in the Bob Hayes column this morning in the Orlando Morning Sentinel that he has taken another "hot shot" at the Celery Feds.

Hayes writes: "The reason Dick McLaulin and Tex Coter didn't compete the Orlando-Sanford game at Sanford Monday night, was understood, is because Sanford told league President Ernest Padgett they wouldn't let them on the playing field—and Padgett pulled them from the umpiring assignment."

This statement is unfounded and purely incorrect. There were a number of Sanford fans who sent a telegram to Padgett requesting that Coter not be allowed to compete, umpiring in the series. There were no threats of any kind, and the request did not refer to McLaulin.

The ball club officials made no request of any kind to Padgett about the umpiring situation. The Sanford fans made the request because they thought Padgett would comply with it since he did the same thing in the Fed-St. Augustine series. Bill Steinecke sent a wire to Padgett declaring that Lavelly struck him during a game in Sanford and further degraded one of the games as the worst exhibition of umpiring that he had ever seen. Steinecke demanded that Lavelly not be permitted to umpire again in the Fed-Saint series.

Generally speaking, the Sanford fans are more than satisfied with the work of McLaulin this season. Of course, there will be complaints on an earlier now and then but Sanford fans did not include him in their request.

The baseball club did not enter a complaint at all.

"Furthermore, the fans did not 'demand' Lavelly be requested," Coter be ousted.

And from our own observation of Coter's umpiring ability, he should have been ousted long before the incident happened.

Dodgers' Wendler

A number of Jaycees in Sanford no doubt remember the Wendler, the Brooklyn Dodger trainer who was here in Sanford last Spring.

Floyd Palmer registered a letter the other day from Wendler which stated that everything was going along fine and that he hoped he could visit Sanford during the winter.

Wendler said the Dodgers were all keyed up over their fight for the pennant with the Cards. He hinted that the Dodgers may train on the coast next season, although he explained that he knew very little about that particular situation.

Wendler said the Dodger pitching had been holding up very well. That, wrote Wendler, has so far kept the Dodgers in the thick of the flag race.

Wendler also asked Palmer to convey his best wishes to his many friends in Sanford.

Harding's Reserves

Though Coach Jack Harding could start eight of his Orange Bowl games starting lineup against William & Mary in the Orange Bowl, and could fill other positions with the first string subs of the Orange Bowl football game, chances are that half-dozen newcomers will take over starting berths the night of Sept. 27, and it could be that only Captains Harry Ghaut at fullback, William Frantz at tackle, Marzio DeMarco at noseback, St. J. guard, and Bob Bowman at wingback would be holdover starters.

At end Lou Houck of Lancaster, Pa. who played freshman football here, Don Kennedy of Los Angeles, and Bob Sutter of Phoenix, Arizona are fighting it out with Vic Mell of Savannah, the only veteran flankman with a look up. Morris Klein, Miami's All-American tackle threat, out of the Navy, has taken over at left tackle, with Frantz being shifted to right tackle. De Marco's running mate at guard will be George Carpio of University of Miami, a pro-war star, or Charles Snowden of Miami, cousin of a former Hurricane captain. At center, returning war veterans Harvey James and Hal Schuler, both local boys, appear to have the inside track.

Ernie Haraska of Gardiner, Mass., and Sam Dermigny of Philadelphia, Pa., the returning quarterbacks, are now battling it out with Eddie Rusomberka of Pittsburgh, regular quarterback in 1941 and 1942. Bob Bowman of Miami, veteran wingback, has a tough battle on his hands from freshman Carl Mosie of E. Orange, N. J., while Joe Krull of New Brunswick and Don Jones of Miami, the 1945 tailbacks, are currently running behind Hal Johnston of Los Angeles and Dave Eldredge of Miami, and Al Kinslin of Hazleton, Pa., a brilliant tailback in 1941 and 1942 is due in another week.

Running Wolf

The Wolves have a monopoly on the Gators if names mean anything, for on the University of Florida coaching staff there is, of course, Coach Bear Wolf and then there is Chief Running Wolf. Bear Wolf is pretty well known, but Running Wolf isn't.

Running Wolf is the Indian name for Raymond (Chief) West, full-blooded Cheyenne Indian who is equipment manager and assistant trainer on Bear Wolf's staff.

Born on the Cheyenne-Rapahoe Indian reservation in Oklahoma, West is the son of Lightfoot and

Mauriello For Win

With the speed and efficiency of lightning Champion Joe Louis defeated Tami Mauriello in two minutes and 29 seconds of the first round in their title match in the Madison Square Garden last night.

Louis at 211½ pounds was the heavier of the two men. Mauriello weighing 164 at 194. Brief as it was, Louis was the shag, all the way, having floored the challenger then continued to trim the Bronx boy before 10,000 people.

Mauriello tried to make a fight of it just as they came out at the bell, as he knocked Louis back on his haunches with a fast right to the chin. The champ came back savagely for the kill.

Florida Grid Men

Editors Note: Beginning today series of small sketches will be run of the first squad players of the University of Florida football team in an attempt to acquaint central Floridians with the team. Florida is making a bid for big time football and the team needs the support of every Floridian and central Florida fans can give their moral support even if they cannot attend the games. Today the first string ends of the Gators are presented.)

LEFT ENDS

TOMMY BISHOP, 180 pound six foot former Jacksonville Naval Air Station star and ex-Andrew Jackson, Jacksonville, player currently making competition keen at the left end spot. A fast, aggressive end, he can also take on punting assignments. He is playing his first year for the Gators. He is 22 and married.

KAY JAMISON, 194 pound, six foot, three inch, veteran of the 1942 season whose promise for an end berth. A former Bradenton High School star, Jamison served in the Coast Guard during the war, saw service in the European theatre. He earned five letters in high school, is 22 years old.

JIMMY HYNES, freshman, built from Marianna where he earned four letters in football and is currently adding to the competition for an end berth. He tips the scales at 195, is six feet three inches tall. He is 18 years old.

BROUGHTON, JUNIOR, WILLIAMS, is one of the few experienced members of the 1944 Gator squad. A big six foot three inches tall and 195 pounds, he saw two years of football on Gator eleven in 1941 and '42. A sergeant in the Army, he saw service in the European theatre where he won five battle stars. A former Plant High, Tampa, star he is 23 years old.

JOE CHESSER, former Quincy High school star is another veteran of Gator eleven who saw action on the 1944 and '45 teams. A steady aggressive end, Chesser weighs 190 pounds and is an even six feet. A junior, he is 19 years old.

WARREN TILLER, former Orlando Senior High star, is out for his first year on the Gator eleven. A veteran of the Navy Air Corps, he played some football in the Navy. A steady player he is contributing to competition for a right end berth. He saw service on Okinawa, is 23 years old, and married.

looks new to the young fellows.

Bliff bag hits in a single afternoon of major league baseball! Sounds fantastic, doesn't it? But that's what happened the afternoon of Sept. 1st, 1941 in a double-header between the St. Louis Browns and the Detroit Tigers. Bliff safely hit good for 100 bases were registered by the two teams during the twin bill.

Detroit won both games, by scores of 9 to 5 and 16 to 8.

In the first game, the Tigers collected 18 hits, including four home runs, a double and 10 singles. Big Rudy York hit three of the four round-trippers. St. Louis garnered 13 hits, a homer, a double, and 11 singles.

In the second game, the Browns rattled off twenty hits, two home runs, a triple, four doubles and 13 singles. St. Louis got 12 hits, one of them a double in the eighth. The 25 Detroit hits in the twin bill were good for a total of sixty bases. The 25 St. Louis safeties were good for a total of forty bases.

PIRATES NEED A BOSS

PITTSBURGH, Sept. 19 (AP)—The latest word from Pittsburgh is that the field of candidates for the post of manager of the Pirates has been reduced to three. They are Bill Herman of the Boston Braves, catcher Al Lopez of the Pirates, and Joe McCarthy, former manager of the New York Yankees. McCarthy has admitted that he's in the market for a managerial post.

In the years ahead, the wild ducks and geese of this country are going to face the greatest army of hunters in all our history—sports Afield.

Georgia Tech And Alabama Rate Top Spots In Southeast

AP News Service Sports Editor NEW YORK—It appears that the All-American Football Conference will do all right. The new professional gridiron body has the players. All it needs now are the fans.

Fourteen starters All-American players, chosen by Associated Press sport writers throughout the country, are members of the next circuit where they say the pay is good and the hours short.

Brooklyn, long the forum of the National Football League, has the best representation of recent All-American players. The Dodgers, owned by Bill Vee, vice boss of the Phillies baseball team, has two All-American backs in Glenn Dubs, Tulsa, '42, and Bill Daley, Michigan, '43, who previously starred for Minnesota. The Dodger center of Florida is larger today. Charles Hunsinger, former Jacksonville Naval Air Station star, is out with a leg injury. Doctors also expressed doubt that Jim Robinson, freshman center, will be ready to go against Mississippi. He has a broken leg.

At Vanderbilt, Coach Red Sanders is trying to cover up the loss of his fullback, Ed Curtis. Yesterday, Sanders sent blocking back Jack McDevitt on the rushing line and sent third string center Jim Hunsinger into the blocking line assignment.

The ailing list at the University of Southern California '43, now with the Rockets, and Otto Gramann, Northwestern '43 are back who plays for Coach Paul Brown in Cleveland, Ohio. Incidentally is reported to be the highest paid coach in football at \$25,000 a year. The Rockets are coached by Dick Hanley, formerly of Northwestern.

Chicago also boasts Eloy (Doc) Hirsch of Wisconsin and Michigan, Billy Hillenbrand of Indiana and Wee Willie Wilkin, 260 pound ex-Robkin tackle of Chicago. Hirsch was the star of the recent College All-Star 16-0 victory over the Los Angeles Rams, champions of the rival National League. He snagged two touchdowns before 97,000 fans in Chicago's Soldier Field.

It was the best thing that ever happened to the howl league.

The Buffalo Bills, coached by Red Dawson (Tulane and Minnesota) Hirsch, and the Miami Seahawks, piloted by Jack Meagher (Auburn coach), are devoid of All-American players. However, Stan Kogolowski, Holy Cross back who starred in the Orange Bowl last January, is Miami's big one. Buffalo had one All-American in Paul Governale, Columbia back '42, but since has shifted to the Boston Yanks of the National League. The Bison may take this case to court, it is reported.

The All-American Conference is pinning its hopes for big attendance figures on night football. While the rival National League has scheduled only three floodlight tests, the All-American Conference has scheduled 25. Miami leads the after dark league with seven games while the Chicago Rockets have six listed.

Florida's Ailing List Is Increasing As Hunsinger Is Added

By ASSOCIATED PRESS

The southeastern conference picture is not very clear today and for football injuries.

Georgia Tech and Alabama are looking more like with-holders now, that several casualties are keeping back into their "knock-out" list. But the news is all at Mississippi, Georgia, Florida and Vanderbilt.

At Tuscaloosa, Alabama's Louie Tew scampeted for a 65-yard touchdown just the first time he had a pickup in his hands in two weeks. At the flats of Georgia Tech, quarterback Frank Broyles is working out in sweat clothes. He won't be out as long as was first expected when he injured his shoulder.

In Athens, the University of Georgia is holding its collective breath as Ed Mossley missed practice again because of an attack of asthma. The passing game end will be out for several days.

The ailing list at the University

TRUMAN ASKS WALLACE TO RESIGN

Trieste Plans Upheld By Big Four Nations

Military Commission Sticks With Minister's Decisions On Bulgarian Powers

PARIS, Sept. 20, (AP)—Russia, as well as Britain, France and the United States, remained faithful to Big Four commitments at the Paris Peace Conference today in the voting on the boundaries of the future free state of Trieste.

The Italian Political and Territorial Commission balloted 31 times on various proposals to change the borders of Trieste previously fixed by the Big Four. Russia stood by her commitments, even though it meant voting against proposals by the Slav bloc, which she usually backs. Britain, France and the United States stuck to their commitments, even though that meant voting against Canada, Australia, New Zealand, South Africa, the Netherlands and Brazil. Of the 11 proposed changes, the commission voted down all but one, which it accepted by a 13 to 6 count.

The Military Commission was in session today, and it also stuck to a Big Four agreement. It rejected 10 to 6 a Greek amendment to reduce the naval base at Salonika.

The Foreign Ministers Council also turned down by a 13 to 6 vote a Greek effort to make a further cut in the Bulgarian air force.

Clothing Expert To Hold Tailoring Classes In County

Miss Joyce Bevis, state extension clothing specialist, will be in Seminole County Monday and Tuesday, Sept. 23 and 24 to conduct tailoring classes. Clothing chairman of home demonstration clubs are to be at these classes.

The following clothing chairman will meet at the office of Mrs. Ouida Wilson, county home demonstration agent, at 10:00 A. M. and 2:00 P. M.: Mrs. R. P. Gray of Longwood, Mrs. Lucille Behrens of Lake Monroe, Mrs. Grover LaPelle of Geneva, Mrs. J. P. LaRoch of Elder Springs and Miss Ellaine Kirehoff of Sanford. Lunch will be served at the office.

Reds To Purge Farm, Political Officials

LONDON, Sept. 20, (AP)—The Russian government today ordered a country-wide purge of farm officials and local political leaders accused of plundering farmlands. A Moscow report said agricultural officials guilty of anti-government activity in pilfering property will be prosecuted as common criminals.

The Communist Paper Pravda declares that certain individual economic elements in Russia have seized communal lands for their own profit. Pravda described the purge as a move having a political significance of the first importance.

Bryant Will Address Local V. F. W. Post

L. A. Bryant, head of the Veterans Administration's sub-regional office in Orlando, will be the guest speaker at the meeting Monday night of the Veterans of Foreign Wars at the Legion Hotel in Seminole, Benbow.

Mr. Bryant will discuss on-the-job training of other veterans affairs. Adjutant John L. Sauls will be in charge. The meeting will begin at 7:00 o'clock. A supper will be served at that time.

ROTARY MEETING

The Sanford Rotary Club will entertain the New Smyrna and Deland Rotary Clubs at an inter-city meeting to be held at the Seminole Country Club Monday night at 7:30 o'clock where Fuller Warren of Jacksonville will be the principal speaker.

Haifa Railway Shops Wrecked By Explosion

Officials Declare Jews Are Responsible For Blast In Which Part Of City Is Rocked

JERUSALEM, Sept. 20, (AP)—A drift of explosives today blasted shops and the Palestine government said the explosion was the work of four Jews.

The blast caused widespread property damage. Early dispatches from Haifa said the whole east end of the town was shaken. A two-story office building occupied by the railway company is said to have been demolished.

The government announcement said that the drum of explosives was dropped from a truck into the street at the entrance to the railway shops. Police immediately cleared nearby buildings and moved off the area. The drum exploded after 20 minutes.

Police in Haifa speculated that the blasting was the work of underground resistance fighters. In London, meanwhile, seven Arab League states have refused to consider their rejection of the British-American plan for a federated Palestine. The Arab delegates called on Britain to end all Jewish immigration into the Holy Land immediately.

Florida Fugitive Is Nabbed In New York

NEW YORK, Sept. 20, (AP)—A 23-year-old Florida chain gang fugitive was arrested in New York today for allegedly passing bad checks on hotels and department stores. Detectives identified the youth as Bernard Mendelson, Detroit, Mich., and said he had been serving a 38-year term for jolting out worthless checks in Palm Beach, Miami, and other Florida cities.

Police quoted Mendelson as saying he came to New York after fleeing a chain gang camp at Callahan, Fla. last September by hiding in a swamp.

Work Begins Today On Old City Clock

Workmen from the O. H. B. Clintock Company of Minnesota were busy this morning giving the city clock at First Street and Park Avenue a thorough "face lifting" and "operation."

New cables, secondary which operate the hands, hammers and weights of the clock are being installed, according to T. T. Curb-stall and Vern Speltz, company representatives who are in charge of operations.

The old clock is expected to be in fine working order by Monday and will henceforth be kept in operation by the company. The clock was donated to the city a number of years ago by A. H. Moses.

Forrestal Becomes Dean Of Cabinet

WASHINGTON, Sept. 20, (AP)—Henry A. Wallace's departure from the Commerce Department leaves Secretary of the Navy James V. Forrestal the only Roosevelt-appointed member of the cabinet.

Since President Truman ordered the White House he has made these other changes:

State — James F. Byrnes for Edward R. Stettinius, Jr.
Treasury — Fred M. Vinson for Henry Morgenthau, Jr.
and John W. Snyder for Vincent

HOLLER TO VISIT CANADA

Ray Holler, who will leave tonight aboard an Eastern Air Lines plane for Quebec, Canada, where he will attend the top club meeting of the New York Life Insurance Company of which he is a local representative. He will stop in Boston, New York and Philadelphia upon his return.

U. S. DENIES CHARGES

WASHINGTON, Sept. 20, (AP)—The United States has told Yugoslavia that her charge of improper treatment of Yugoslav officers in the Anglo-American zone of Venezia Giulia are false and exaggerated. At the same time the United States has demanded co-operation from Marshal Tito's government in efforts to halt what are described as terrorist activities of pro-Slav elements in the Anglo-American zone of the disputed region.

Sailplane. Altitude Record Holder

Paul Tuttle, who on Aug. 23, ascended to a record breaking height of 22,700 feet in a two place sailplane is shown grinning in the cockpit of his glider, the "Thunderbolt."

Sanford Baseball Fans In Frenzy Over Final Tilt

Mayor Issues Proclamation Today; Stores Close Early

By JULIAN STENSTROM
Baseball was the chief topic of conversation today on the streets of Sanford and since last night's thrilling 4 to 3 victory over the Orlando Senators to tie up the series three games to three, there have been several important developments since then today.

Meanwhile, Mayor H. James Gutz issued a proclamation today urging as many Sanford fans to attend the game as possible to support Manager Ed Levy's plan in their fight to capture the series and win the right to play the playoff champions of the Georgia-Florida League.

Also this afternoon, officials of the Sanford Merchants Association announced that most of the retail stores in the business district will close tomorrow evening at 6:00 o'clock in order to permit personnel of the firm to reach Orlando by game time.

General Manager John Gansel of the Orlando Senators said this afternoon when contacted by The Sanford Herald that Orlando officials were anticipating a sell out and that it would probably be the greatest crowd in the history of the Florida State League. Some 4,000 to 5,000 fans will probably be on hand for the game.

Meanwhile, in the Georgia-Florida League, Moultrie and Americus are engaged in the final playoff in that loop. The American Philis, league champions, are trailing Moultrie by two games to one. Last night, after dropping two straight to Moultrie, the Philis captured the third series contest by a score of 3 to 1.

An effort was made today by local merchants to sponsor a play-by-play commentary on the game over a public address system but were unable to do so because of the shortage of telephone equipment in Orlando.

Lehman Expects New Record To Be Set During 1946-1947 Season

Six new dealers are heading at the Sanford stock Exchange Market and business is expected to exceed the \$2,500,000 mark achieved last year and may pass the \$3,000,000 mark according to H. J. Lehman, market manager, who returned Tuesday evening from a two-week vacation at Crown Point, Ind.

The new dealers will include Sanford, O'Brien, Truck, Groves, Inc.; Joe Corley Produce Co.; Bales Fruit Co.; Garner Produce Co.; Henry Longwell and John McClelland. In addition, Richard Packard and John Watson, who have been in the service, have returned to re-establish their business.

This is being asked to repair the surface of the paving at the market and there will be an extension of 50 feet of paving to the rear of the main building, and paving will be extended along the railway spur adjoining Third Street. Bills are to be asked for the painting of the newly enlarged market restaurant. It is expected that the new market addition will be completed during the Fall and will be equipped with eye spotting, said Mr. Lehman.

In view of the increased trucking expected this year, Mr. Lehman stressed the need of widening and repaving French Avenue as a farm to market road, over which perhaps four million dollars worth of fruit and produce will roll this year.

Weather conditions permitting, the Patrick Fruit Company at French Avenue and Twelfth Street will be the first of the packing houses in the area to get into operation, and machinery is being readied for operation next week. The Sanford Fruit Company and Market Fruit Company are expected to be in operation on or before Oct. 1, also the Southward Fruit Company. Escarole and beans are expected to (Continued on Page 21)

Jaycees To Sponsor Contest To Select Entries For Orange Bowl Queen

Officials of the Junior Chamber of Commerce announced today that the organization will sponsor a local contest to select several Sanford girls to be entered in a contest to pick Florida's met photographic young lady to be the 1947 Orange Bowl Queen.

Local photographers Raymond Cox, Nichols and Weibull, have been selected to judge the local contest. Individuals and organizations may enter the contest by sending eight by ten glossy print photos to the Junior Chamber of Commerce Photogenic Contest, P. O. Box 1942, this city. Three photos must be submitted, the Jaycees said. One must be a head portrait, another must be a full length photo of the young lady wearing a bathing suit and in the third the contestant must be wearing an evening dress, street dress or sports clothing.

Each contestant, it was revealed, must be unmarried, between the ages of 18 and 25 and must have been a resident of Florida since Jan. 1, 1946.

Name, address and the age of the contestant must be attached to each photograph and also pertinent measurements.

The local judges will choose from among the entries several winners and the Jaycees will forward them to Miami as entries in the state-wide contest. From the photographs the Orange Bowl committee will be able to judge the photogenic qualities of the contestants. The girl will then be interviewed and scored on the basis of her personality, poise, voice, personal appearance, character and background.

The Jaycees said that no United or colored photographs will be accepted and if all requirements are not met, the entry will be disqualified.

Chinese Reds To Make Final Peace Effort

Communists Transfer 300,000 Troops To Kalgan To Prepare For City's Defense

SHANGHAI, Sept. 20, (AP)—A Chinese Communist spokesman declared today the party will make one final effort at peace.

The spokesman, Chen Ching-Kang, said if that effort fails the Chinese Communists will feel justified in publishing the full record of what has gone on at the Nanking negotiations. Chen said the Nanking talks have deteriorated into what he termed "a maneuver to camouflage the current civil war to exterminate the Communists and other Democratic groups within China." Said Chen:

"It becomes increasingly evident that the Kuomintang government is determined to achieve military occupation of many Communist-held cities and railway lines."

In a dispatch from Peiping, Associated Press correspondent Tom Masterson reports the Chinese government is doing just that. His victorious forces are advancing toward Kalgan, the Communist's big military base in Chahar province. Masterson says the government is prepared to launch its offensive against Kalgan from three directions.

According to Chinese newspapers, the Communists have moved 300,000 troops to Kalgan to defend the city.

Lions Ask Traffic Rules In School Areas Be Enforced

The Sanford Lions Club today went on record as advocating that the police rigidly enforce speed limits of 15 miles an hour when passing through school zones, especially on French Avenue at the high school and on Sanford Avenue at the Junior High School. This action followed a report by Harry Robson, chairman of the safety control committee, who urged that safety signs be placed at all school approaches.

The Lions also advocated that no buildings be removed from the Sanford Naval Air Station and appointed J. D. McNeill and Cliff Ables as a committee to contact Chamber of Commerce Manager Edward Hlrgina on the matter. A letter to Ray Stilson, secretary of the Jaycees, approving the routing of trucks onto French Avenue, was approved.

A zone meeting with Lion officials from nearby cities will be held Friday evening at 8:00 o'clock at the Sanford Country Club. It was announced by King Lion Henry Witte. No noon luncheon meeting will be held Friday.

"Tail Twister" Dick Elsherry had a busy day and among those fined for wearing neckties were W. V. Billing, Dr. Harry Gilbey and W. R. Connolly, Herald reporter.

CPHM Waits Returns To United States

CPHM James G. Walts, Jr., son of Mr. and Mrs. J. O. Walts, Sr. of this city, has returned to the United States after a tour of duty in China, it was announced today.

Chief Walts is currently serving at Camp Joseph H. Pendleton, Oceanside, Calif., with the Third Marine Brigade.

A. K. Powers Issued Building Permit

A building permit has been issued at the City Hall to Capt. A. K. Powers, now on military duty in Germany, to erect a dwelling at Rose Court at a cost of \$8,000. Mrs. Onis E. Bryl, mother of Capt. Powers, is directing the details of the building. P. M. Campbell is contractor.

Another recent permit is that issued to Ted Williams to erect a seven room home at estimated cost of \$8,000 on Sanford Avenue between Fourteenth and Fifteenth Streets.

President Reveals No Foreign Policy Change Planned

Fundamental Conflict In Wallace's And Byrnes' Attitude Toward Russia Is Cause Of President's Demand

WASHINGTON—Henry Wallace will make a radio speech at 8:00 o'clock Eastern Daylight Time tonight. Wallace will speak briefly over the Columbia Broadcasting System and possibly other networks.

PARIS—Secretary of State James Byrnes made no comment today on the ouster of Henry Wallace as Secretary of Commerce. An associate of Byrnes was asked whether the Secretary of State was surprised at the news. The associate replied: "Well, yes and no." Other persons close to Byrnes said "he did not look displeased."

(BY ASSOCIATED PRESS)

Senator Pepper declared today that he believed the ouster of Henry Wallace as Secretary of Commerce will have a far-reaching effect upon the country and probably upon the Democratic party. Pepper, an outspoken opponent of the Administration's foreign policy, said he did not wish to comment upon the President's action until he could get the full facts surrounding it and can appreciate the significance, Senator Pepper added, however, the government in respect to our foreign policy—which means "I assume that President Truman's sacking of the members of war or peace—is not intended as an attempt to stifle freedom of speech in his country by members of Congress or by the people generally."

Wallace's Resignation Expected Today

WASHINGTON, Sept. 20, (AP)—The conflict within President Truman's cabinet over American foreign policy exploded today with a roar heard throughout the world. Mr. Truman asked Henry Wallace to resign as Secretary of Commerce. Simultaneously, the President gave a vote of confidence to Secretary of State James Byrnes and declared flatly that no change in American foreign policy is contemplated.

Wallace was asked for his resignation in a telephone conversation with the President this morning. A short time later, Mr. Truman broke the news of the cabinet change in his regular weekly news conference. The President left no doubt as to why the Secretary of Commerce had been asked to resign. In fact, he went into detail to explain that there was a fundamental conflict between the foreign policy views of Wallace and those of the Administration. The Chief Executive said that this conflict could not be permitted to jeopardize our position in relation to other countries.

Then came an expression of complete confidence in Secretary of State Byrnes and the Paris delegation representing the United States. Mr. Truman emphasized that Byrnes consults with him often and that the Secretary of State's moves have had his full endorsement.

A most pointed cleared up by the President was his reference to future statements on foreign policy by members of the executive branch of the government. He asserted that no such statements are to be made which are in conflict with the established foreign policy of the United States. He said that the statements would have to be cleared with the State Department.

The President said that he regretted the breaking of long and pleasant official association with Wallace, but that he was sure Wallace would be happier if he could present his views as a private citizen.

Mr. Truman's request for Wallace's resignation came as what might be called a delayed surprise. When Wallace first made statements in conflict with those of Byrnes, it was expected that he would be asked for his resignation. It later seemed that the matter had been smoothed over by Wallace's promise not to make any more foreign policy statements until after the Paris Peace Conference.

Then, today, came the Truman request for Wallace's resignation—a request which caught the Commerce Secretary's personal staff by surprise. They hadn't heard a word about the ouster until newsmen advised them.

Since cabinet members serve at the pleasure of the Chief Executive, a request for a resignation automatically means that the member is out. Wallace is expected to make a statement on the matter later today.

Wallace disclosed that he had stepped down shortly after President Truman had broken the news of the cabinet shakeup at his news conference. After a telephone conversation with the President, Wallace addressed a letter to him as "Dear Harry" and the letter said:

"As you requested, here is my resignation. I shall continue to fight for peace. I am sure that

Wallace's Resignation Expected Today

Wallace's director of information, Bruce Catton, told newsmen that Wallace will make no campaign speeches this fall. Catton said that so far as he knows Wallace has no immediate plans. Catton did not venture to say just when Wallace will make another "foreign policy" speech.

Most of the congressional comment thus far has been praise for President Truman in making this move. A Democratic representative from Maryland, Lansdale Sasser, summed up the views of others when he said:

"On any topic you have to have teamwork. You can't have the quarterback calling one set of signals and one of the linemen another set."

In Chicago, the Senate Republican leader, Senator Robert Taft of Ohio, said he did not see how the President "could do anything else."

Bitter words were spoken against the President's action by Harold I. Loken, who like Wallace left the cabinet after a disagreement with Mr. Truman. Said Loken: "Wallace comes out of this with more credit than Truman."

Wallace's Resignation Expected Today

Until a successor to Wallace is chosen, the Commerce Department will be in charge of Undersecretary Alfred Schuller, who is now on the west coast. However, Washington observers figure the job will go to OPA Administrator Paul Porter or Undersecretary Schuller.

In New York, the news of the Wallace resignation was followed by a buying spurt on the stock market. After President Truman's announcement, the exchange's high speed ticker fell two minutes behind transactions for nearly half an hour as purchase orders flooded the market. Stocks rallied from \$100 to \$8.00 per share in a recovery from yesterday's lows.

Wallace delivered his speech on foreign policy at New York's Madison Square Garden on Sept. 12.

Wallace declared: "We are reckoning with a force that cannot be handled successfully by a get-tough-with-Russia policy. Getting tough never brought anything real or lasting. The tougher we get, the tougher the Russians will get."

Wallace also said: "We have more business in the political affairs of eastern Europe than Russia has in the political affairs of Latin America, western Europe and the United States."

On the subject of Britain, Wallace had this to say: "The British imperialistic policy in the Near East alone—combined with Russia's retaliation—would lead the United States direct to war unless we have a clearly defined and realistic policy of our own."

Henry Requier discovered reactivity in 1928.
