

# SANFORD DOWNS NATS 4-3 IN OPENER

## Nearly 1,000 Fans Turn Out To See Seminoles Score In Extra Inning

Coming from behind to tie up the game in the ninth inning and snatch victory in the 10th, Sanford's Seminoles won their opening game against Orlando last night before a crowd of nearly 1,000 fans by the score of 4-3.

Sanford looked good in the beginning of the first inning when the leadoff batters Rick Gillespie and Joe Justice each hit a single, but the next three batters went down as Harrier Brad Byram set down. When the Orlando team came up they scored a single run without getting a hit. They were without a hit in the second and third innings as well as in the fourth. In the fifth inning the eighth inning with Jim Booth, going out a fly ball and advancing on a hit by Jim LaValley. Fisher Byram made an error and Booth went on to third and finally scored with a run on a single by LaValley. In the sixth inning the Seminoles came up and scored three runs. In the seventh inning the Seminoles scored again. In the eighth inning the Seminoles scored again. In the ninth inning the Seminoles scored again. In the tenth inning the Seminoles scored again.

## Cost Of Maintaining Runners In Kentucky Derby Is Lot Of Money

By CHARLES MOLONY  
LEXINGTON, Ky., Apr. 18 (AP)—Mr. Plain Citizen puts \$2 over the betting counter on Derby Day and names his choice.

The two bucks on the Kentucky classic are the only "investment" in horse racing he's likely to be thinking about on that May day. It probably seems to him a pretty heavy plunge, too.

But there's nearly ten million times that much invested in Kentucky merely in breeding thoroughbreds alone.

In staking so much on giving Mr. Plain Citizen something to bet on, the bluegrass state has made race horse breeding an industry.

The production line of Kentucky's fine-horse factory stretches across 75,000 rolling acres of 175 thoroughbred farms.

The yearlings it turns out bring Kentucky breeders approximately \$1,500,000 each year from public auctions alone. The approximately 200 stallions and 2,500 mares in this Kentucky industry are worth about \$4,500,000. Kentucky thoroughbred experts credit the state's stallions with an average value of \$10,000 and the mares with an average worth of \$1,000. They value the land alone at \$500 an acre.

These figures, compiled from reports by breeders, do not include further millions invested in the production of show horses and trotters and pacers in Kentucky.

To Secretary Tom Underwood of the Kentucky Racing Commission, the figures are "conservative."

To the \$2 bettor, they "ain't hay."

All the horse farms aren't great estates. Some are as small as 50 acres, while Arthur B. Hancock's famed Claiborne farms in nearby Bourbon county have 1,950 acres.

The Idle Hour farm of Col. E. R. Bradley, whose horses have won the Kentucky Derby four times, has about five stallions and 60 mares on its 1,200 acres near here.

A little figuring shows an average of 200 acres a farm, with about 15 mares on each and only one stallion on many.

It indicates an average land value of nearly \$60,000 for the farms and an average worth of about \$44,000 for improvements.

The average annual outlay of the farms in salaries comes close to \$8,750, and an additional average expenditure of about \$15,500 is made in farm " upkeep."

The average cost to a farm of keeping all its horses for a year figures around \$12,000, while the average cost per horse runs a bit more than \$750. Breeder costs vary widely. One breeder reported that less than a half-dozen mares cost him \$2,300 a year each in upkeep. Several others reported their annual cost per horse in the neighborhood of \$200.

No breeder suggested any way of investing a lone \$2 in the horse industry outside of the betting window.

### Aid Applications Are Investigated By Welfare Body

JACKSONVILLE, Apr. 18 (Special)—Public assistance applications have been investigated by district board staff at the rate of more than 1,000 per month during the past 14 months, according to announcement today of the State Welfare Board.

During all of last year and January and February of this year, 14,491 original investigations were made, it was stated. Of these 12,133 were for old age assistance, 1,181 for aid to dependent children, and 1,192 for aid to the blind.

Original investigations are in addition to periodical reviews and certification for various programs, such as eligibility for surplus commodities and WPA employment.

The large number of investigations for old age assistance, it was explained, indicated that the number of persons seeking this form of assistance continues larger than the number removed from the rolls by death and other causes.

Old age assistance applications filed in July and August of last year are now open for investigation, while investigations for aid to the blind are practically current. Investigations for aid to dependent children have been made only for replacement purposes for more than a year due to the limited funds available in this category.

WPA TO ENLARGE AIRPORT  
JACKSONVILLE, Apr. 18 (AP)—The WPA extended its defense construction program into Columbia county yesterday with authorization of a \$315,574 program of improvements at the Lake City airport by Administrator Roy Schroeder.

WALDO HOME-COMING  
WALDO, Apr. 15 (Special)—The annual Waldo homecoming will be held this year on Sunday, May 4, with a picnic as usual and the election of a queen to rule during the year.

### Seminoles Show More Confidence, Experience In Opener

Opening the season tonight for the local fans, against the team they defeated last night, the Seminoles can be expected to put on a spirited baseball game with life from the first to last inning.

Last night, coming back from Orlando in the bus, the team was pleased. They found that they could play together. Every man was a starter in the game last night but there were several standouts. Rick Gillespie played a roaring good game, both on the field and on base, yielding at teammates for pop and at the opposing pitcher for confusion. Out of six times at bat he hit three, the most hits garnered by any player last night.

Charlie Kirk proved himself to be an old hand behind the plate, not afraid to throw to first base to force the base runner back, even with a man on second. His throws were good and he showed a good arm.

Daugherty pitched steady but all through the first seven innings he was on the wucud, allowing only five hits, but weakened in the eighth and allowed four. Kettles finished his last two innings allowing only two hits and striking out two men.

Booth came through in the eighth with a hit and a run, and batted in a run in the ninth. McEaney collected a hit and batted in a run through a fly ball on right field in the ninth to tie the score.

Skipper Whitlock played a tight game on third base but was put on the spot in almost every try in the plate, though he collected a hit in the fourth. Clarence Pfeil made a hit and scored the winning run when his allowing only two hits and striking out two men.

CATHOLICS END MEET  
KEY WEST, Apr. 18 (AP)—St. Augustine was selected as next year's convention city and Mrs. George H. McEaney of Atlantic Beach was named state president by the Florida Catholic here Thursday.

## Compromise Is Made On Gas Tax Measure

Agreement May Avert Heated Fight Expected In Legislature Over Plan Commissioners, Holland Concur

TALLAHASSEE, Apr. 19 (AP)—Governor Holland and leaders of the State Association of County Commissioners compromised their gasoline tax difficulties today with an agreement that may avert a prospective heated fight in the Legislature.

They jointly announced their combined plans after a conference which ended late last night. The agreement provides, in brief, for:

1. Revision of vetoed 1939 Senate bills 1216 and 1217 to allow contributions to counties for indebtedness incurred on roads turned over to the State up to the end of the current legislative session.
2. Submission to popular vote of a constitutional amendment providing two cents of the gallonage tax on gasoline for the payment of road bonds.
3. Authorization of the State Board of Administration to invest public road bonds in the State Treasury.
4. Limit of six percent in the state bond issue.

## Rotary Speaker

Head Of Southern College To Speak At Rotary Lunch

Dr. Ludd M. Spivey, president of Southern College at Lakeland for the past 16 years, will speak at the regular Rotary luncheon Monday at the Valdez Hotel.

## Perkins Seeks To End Coal Workers Fuss

Prompt Resumption Of Operations Is Asked By Secretary For Defense Needs

WASHINGTON, Apr. 19—(AP)—Secretary of Labor Perkins asked Northern coal operators and the United Mine Workers of America today to agree to an "immediate resumption of mining operations to assure an adequate coal supply for defense and other industries."

## Literature About County To Be Sent By Trade Body

Page Article Tells Of How Celery Industry Was Started

Members of the Chamber of Commerce will be mailed next week a tear sheet of a full page write-up of Seminole County that appeared in the April edition of the Miami Herald, in connection with the annual membership drive that will begin the latter part of April. Edward Higgins, secretary, said today in a letter written by W. F. Therikildson, the spread appeared on the All-Florida page, and contained six pictures, an aerial view of the city, the Big Tree, scene on Lake Okechobee at Altamonte Springs, the monkey island, the "City of Sanford" of the St. Johns River Line, and a scene on the St. Johns River.

## Greek And British Lines Remain Unchanged Despite Nazi Attacks

"It Was So Big," FDR's Mother Tells Halifax

Hundreds Of Germans Shot Down Trying To Climb Mountain-side, Reports Say

Larisa Is Taken By Axis Troops

Fascists Re-Capture Of Port Edda Is Foreseen By Rome

LONDON, Apr. 19—(AP)—Britain, reacting to German reports of an "Axis thrust toward the Greek island of Larisa, has landed strong imperial forces to "open lines of communication" through that country, the scene of the government overthrow 15 days ago.

All reports from the Greco-British front up until noon today indicated the Allied lines were unchanged in the past 12 hours, despite the relentless and violent Nazi pressure.

"We mow them down by the hundreds as they try to climb the steep mountain sides, but as soon as one wave is thrown back another pushes forward," said one military officer.

German losses, he added, "are tremendous, unequalled, I believe, by anything they have suffered in the European war to date."

The German High Command blamed the capture today of Larisa, 40 miles south of Mount Olympus and said the swastika had been raised on the mountain itself, but the British army headquarters in Athens asserted heavy Nazi attacks had failed to penetrate the Greco-British line at any point.

Greece had a cabinet crisis on 16 hands as a result of the expected death of Premier Alexander Korymbos. Reports were that King George II planned the formation of a military government and it was understood the monarch himself had assumed command of the army.

The air war in the west slanted overnight.

England, meanwhile, bolstered wartime production in the first quarter of feminine labor. A conscription million women between 20 and 40 were expected to sign for work in war industries in the first registration.

A shortened, solid British broadcast today announced that:

Mrs. Sara Delano Roosevelt, mother of the President, appears to be telling a fish story while Lord and Lady Halifax look on with breathless interest. They are pictured at a dinner given by the English Speaking Union in honor of Lord Halifax, British ambassador to Washington, at New York's Waldorf-Astoria.

## 2 Fires Caused By Defective Heaters

Damages Are \$500

Two fires caused by defective hot water heaters caused damage amounting to about \$500 in the last two days, when a heater exploded in Kelly's Barber Shop yesterday morning and another one exploded at Parramore's store on Thirteenth Street and French Avenue Thursday. Fire Chief Mack Cleveland said this morning.

Words of the blazes was at Parramore's store which destroyed part of the content of the building and injured the chief declared. The fire started in a hot water heater, exploded, throwing kerosene about. The fire spread to a shed outside destroying some merchandise stored there. J. H. Parramore owner, said this morning.

Little damage was done to the barber shop, but some of the equipment was scorched, Chief Cleveland said. The call came about 7:15 o'clock yesterday morning.

Several runs have been made by the Fire Department for grass fires during the week. One was made Tuesday afternoon to a grass fire on Twenty-fourth Street and Sanford Avenue, but the fire was controlled before any damage was done.

## Death For Sabotage Backed By Council

TALLAHASSEE, Apr. 19—(AP)—The Florida Defense Council yesterday went on record for retaining a maximum sentence of death for sabotage in a bill under consideration by the legislature.

The bill passed the House early last week with the death penalty clause, but the Senate amended it to make the maximum penalty 10 years in prison or \$10,000 fine.

Mr. Gen. Albert S. Blandier, one of the Defense Council's relation chairman, said, "anything less than the death penalty would be of no effect as a deterrent against sabotage."

## Illinois Visitor Leaves For Home

H. T. Logan of Mattoon, Ill., who has spent three months with the Florida State Police, left for his home in Mattoon, Ill., today.

Logan, who was assigned to the position of "Case Utah" in the Florida State Police, was a member of the Illinois State Police and was assigned to the position of "Case Utah" in the Florida State Police.

## Tomatoes Bring \$9

PALMETTO, Apr. 19—(Special)—The first three field crates of Seminole county Spring tomatoes were sold yesterday in the market here for \$9.00.

The tomatoes were grown by J. M. Young, living in the eastern section of the county.

Spring tomatoes 75 percent of the crop.

## Janitor Of Church Confesses To Crime

AKRON, Ohio, Apr. 19—(AP)—Police said today the 58-year-old janitor of the North Hill Methodist Church had confessed to robbing the body of Ruth Zwicker, 24-year-old music teacher, but contended she died accidentally in a scuffle after he had sought a kiss.

Detective Inspector Verne Cross attributed the confession to Albert S. Lukens, father of three grown children. Cross said he would bring a murder charge against the janitor.

Miss Zwicker had been missing since she went to church Saturday to practice the piano.

## Sanford Anglers Land 22 King Fish In Two Day Trip On Gulf Of Mexico

Fishing off Orono, in the Gulf of Mexico, four local anglers and one winter visitor landed about 200 pounds of fish, including 22 king fish of six or seven pounds apiece, I. C. Welch, one of the party said this morning.

Thrill of the trip, lasting only a couple of months, was the hooking of a 200 pound shark with a whole fish for bait. Mr. Welch said "I didn't have him long, he explained, "before he cut the line and got away, but if I had had a wire leader I might have had a good chance of landing him."

Charles Royce, winter visitor from Grand Rapids, Mich., declared he had never seen such a sight in his life, as those big king fish jumping eight or 10 feet into the air. They had gone only about three miles out when they ran into the fish jumping in every direction.

"They were all over the gulf," Mr. Royce said.

The party, composed of F. D. Scott, Carl Williams, W. H. Reitz, Mr. Royce and Mr. Welch, left Sanford Thursday afternoon and drove to Tampa where they spent the night Friday morning they went on to Orono where they boarded the fishing boat. They came back last night.

The catch included black and red grouper as well as the king fish. The largest fish landed was a nine pound king but another fish, the largest one seen on the fish, so the fishermen could not bring them back to take a picture.

Mr. Welch had his movie camera along and took a number of shots during the trip. He tried for shots of the fish jumping but is not sure how they came out since the fish were all 18 or 20 feet from the boat. The film is to be developed and colored and Mr. Welch will show them later.

Usually king fish and grouper are caught on hand lines and a few of the fish caught by that method but most of them were hooked on rod and reel, giving the anglers much more sport. Mr. Welch explained. It was the first king Mr. Royce had ever caught though he has done quite a bit of fishing in Florida waters.

While cruising around the gulf after the fish the party headed south and ran past Honeymoon Island, just off Dunedin. Mr. Royce said he saw a few people on the island but didn't believe they were honeymooners, as the island is only open to them in the summer. He has been coming to Florida for the winter for seven years now and declared he liked it so well he expects to come here to stay permanently sometime.

## Townsend Plan To Be Submitted In Spring, Club Told

Optimism for the passage of the Townsend Plan for recovery was expressed by J. L. Sparling of Orlando, authorized speaker at the national convention of the Townsend Club Thursday night at the Court House.

Mr. Sparling said that "Senator Sheridan Downey of California, who has great prestige in the people, the depression will be the speaker at the Townsend Club next year. The Townsend Plan will create purchasing power, the plan has been worked out on an essentially sound basis. It first would provide a small monthly benefit of less than a month's pay to all who are unemployed. The amount of the benefit would be based on the amount of the worker's previous earnings and would start to decrease gradually as the worker's earnings increase. The plan would be financed by a 2 percent tax on the national production of goods and services."

The Rev. J. A. Logan of Geneva, N. Y., said he had just returned from the national convention of the Townsend Club in New York City. He said the plan would be submitted to Congress in the next session.

## Seminole Glee Club Places In Festival

Seminole High School's Glee Club tied for second place in the Class B mixed Glee Clubs division at the State Music Festival Thursday. It was honored here today.

The Sanford group was runner-up with Sumner High School, Bartow, and Fort Myers High School.

Over 2,000 of the finest voices of the state took part in the festival, which was held at the University of Florida campus.

Grand prizes were awarded to the Sanford group for their vocal solo, "Case Utah" (written by the club) and "The Yellow Bird" by Le Farge. The Glee Club will return tonight.

## 68-Foot Yacht Docks At Pier For Brief Stay

"Sibella," a 68-foot Lawley cruiser, fine enough to satisfy the most critical taste, slipped into a berth at the Sanford Municipal Pier late yesterday afternoon for a brief stay. On board were the owner and his wife, Mr. and Mrs. Albert S. Howell, Captain A. W. Beale, and the crew.

Mr. Howell is a wool manufacturer in Boston, Mass., and said this was his first trip along the St. Johns River.

The luxury cruiser has been at sea on this trip for about three weeks. Captain Beale said. The boat came here from Nassau and Bimini, and will soon return North.

Captain Beale declared that he enjoyed the trip up the St. Johns immensely and declared it was "unusually beautiful." The "Sibella," which cost \$70,000 when new, sleeps six and a crew of four and makes a speed of 16 knots, about 28 miles per hour. The craft is trimmed in mahogany.

## Merchants To Decide Summer Closing Day

Forrest Gatchel, chairman of the merchants committee of the Seminole County Chamber of Commerce, today announced that a meeting will be held at the trade body's office in the City Hall Tuesday afternoon at 2:00 o'clock to decide what day stores will close this summer.

Several cities in Central Florida, including Orlando, have decided to close the stores on Wednesday afternoons during the warm months.

Mr. Gatchel urged all merchants to attend the meeting or send a representative.

A 100-foot tall has been down.

## Tax Collections In Sanford Gain Over Past Year

Amount Received At City Hall Is Over 1940 Figure By 60%

City tax collections showed a 67 percent increase over 1940, the amount received at City Hall is over 1940 figure by 60%.

City tax collections showed a 67 percent increase over 1940, the amount received at City Hall is over 1940 figure by 60%.

## Govorek Stars In Underwear Mystery

CAMP HENDON, Apr. 19—(Special)—The novel Sergeant Joseph Govorek of Sanford, member of the 124th Infantry Service Company, which has St. Augustine as its home station, was ready to crawl under his bed instead of into it Saturday night. And here's why.

The young company sergeant, wearing underwear, was "showing" his "underwear" to a group of officers. In which is necessary to display to an inspecting officer all one's Army issued clothing and equipment. Sgt. Govorek checked up okay except for one pair of "long socks" under his tent buddies were playing tricks on him and his underwear and rashly accused them of "soldering" in a polite Army term for unauthorized borrowing.

The good sergeant felt his tent buddies were playing tricks on him and his underwear and rashly accused them of "soldering" in a polite Army term for unauthorized borrowing.

The good sergeant felt his tent buddies were playing tricks on him and his underwear and rashly accused them of "soldering" in a polite Army term for unauthorized borrowing.

Miss Zwicker had been missing since she went to church Saturday to practice the piano.

## Fragrant Gladioli Is New Achievement

BRADENTON, Apr. 19—(Special)—A gladioli with fragrance has been produced here. Dr. Foreman T. McClean, nationally known horticulturist announced today.

Dr. McClean has experimented for years in an effort to produce such a plant with the Boyce Thompson Institute of Plant Research of Yonkers, N. Y., and has been living here and conducting experiments for the past six months.

The successful plant was made by painstakingly crossing two small African types, possessing fragrance, with the ordinary variety which has a large bloom but no fragrance. Dr. McClean said.

#### BIBLE VERSE FOR TODAY

SUPPLY IS SURE: Trust in the Lord, and do good; so shall thou be fed. Delight thyself also in the Lord, and he shall give thee the desires of thine heart. Psalm 37:3, 4.

#### BLACKOUT

(From Wings)  
Love not the light; it is a perilous thing.  
All India, learn now how friendly is the dark:  
The glittering candle might betray a king,  
And night turn hideous that had shown a spark.  
Pray for the hamlet's safe, unbroken rest,  
Then gather darkness close against your eyes,  
For holy light now wrongs the innocent eyes,  
And the chaste moon turns traitress in the skies.  
The heart has seen, yet knowing, still denies  
The death of conscience that upholds the night;  
Waiting the lightning's number, still it cries:  
These stars were hands, this fiery heart was fire,  
And yours for holy love, the blinded eyes,  
And see the cold, revealing moon look down,  
Then witness darkness.

What they need is a "Good Neighbor" policy in Central Europe.

As he begins to look as if the Turps had decided to await their turn, with customary dignity.

There are going to be a lot of efficient gunners in Germany after the present army is demobilized.

Deanna Durbin, youthful Hollywood movie actress, is going to make her first trip to the Alps next week.

At the rate the Germans are moving, we may need our new hospital far in the future as we can get it built.

The Fort Myers News Press says "Laugh and the world laughs with you. Or you can weep and the world weeps with you."

If we had an army mobilized in a week, we could have a million more men in uniform.

We don't suppose it was entirely a typographical error when a recent news report said that the stockholders of a well known steel corporation are "unhappy."

The April crop report of the Federal Marketing Service shows cotton production at 11,000,000 bales this year as compared with 10,700,000 last year. But what is more important, the price is better.

Dr. Litchfield is quoted as saying that the establishment of a hospital in the town of... will be a most important project.

Sanford, Fla., is off with a... project.

### Foolishly Waiting

Although the British and Greek Allies are making a brave and gallant fight of it, the collapse of Yugoslavia and the failure of Turkey to take a more active stand have left them in an almost hopeless position. About the most that can be expected now is that the British will be as successful in withdrawing their remaining forces from the continent as they were at Dunkirk.

But to say that the Allies have lost the Battle of the Balkans, while that is proving to be a depressing realization to most Americans, does not mean that the campaign should not have been undertaken or that the British situation in the eastern Mediterranean and the Near East is irretrievable, or indeed any worse than it was a few months ago.

The Greek peninsula was generally considered lost to the Allies months ago when the Italians first launched their attack on little Greece. Hardly anyone believed that the gallant Greek fighters could hold out more than a few weeks against the superior forces of the Axis junior partner. That they did surprised the world and raised the hopes of the democracies to the highest point since the war began.

At the same time it is not forgotten that the Italians had advanced almost to Mersa Matruh in North Africa, far beyond the present German position at Sallum, dangerously threatening the important British naval base at Alexandria, before the British counter-attacked and drove them back to Benghazi, and that all this time the British had at their backs an aggressive Italian force in Ethiopia, Eritrea and Somaliland.

Now the Italians have been entirely cleaned out of East Africa. The Germans have been stopped at Sallum and when the British expeditionary force returns to Alexandria from Greece, the British will have a numerical superiority which will enable them to clean out all of North Africa. The Germans will have won nothing with all their stupendous sacrifices in men and material except Greece and the other Balkan nations which were conceded them months ago.

In order to capitalize on their conquests the Germans have yet to penetrate the Near East and reach the Suez Canal for until they have done that they have done nothing. Their really big job lies in crossing the Dardanelles, whipping Turkey, talking Russia out of a fight, passing through French Syria which is still strongly defended and defeating the British in Egypt after stretching their lines of communication by another thousand miles.

This probably is the German plan and it shows how foolish the Turks have been in calmly awaiting their turn at the slaughtering block. If they had promptly come to the aid of their Greek and Serbian allies, the Balkan campaign might have had a different ending. But for that matter, if Greece, Yugoslavia, Rumania, France, Holland, Belgium, Norway, and all the other little nations of Europe had joined the fray against the common enemy the moment Czechoslovakia was invaded, how different the entire course of the war might have been!

### The Rights Of Married Women

Laws to give women equal rights with men will probably be introduced in this session of the Legislature, but whether it will be the women or men who will be benefited thereby is open to dispute. "If the majority of Florida's married women want the right to contract and be liable thereon, let's give it to them," says Tom Smith, real estate editor of the Miami Herald.

"In this state a married woman is the darling of the law and you deal with her at your own peril," he continues. "Only under exceptional circumstances is she responsible for her agreements. Business men, who take the chance of contracting with her, will welcome a change in our present laws which would take away the protection she now enjoys, and make her liable for her debts."

"Those dealing in real estate should be most beware of the dishonest married woman. Perhaps something should be done to curb her. But let's not advise the great majority of respectable married women that they are still in the dark trough of the middle ages with no privileges and with that misstatement leads them into seeking a change which will deprive them of legitimate advantages."

"Under our present laws a married woman, generally speaking, cannot be sued on a contract, but she can proceed in her own name to interpose claim for her personal property levied upon, to prosecute an action concerning her lands, to sue for her separate wages or earnings and to mortgage her property for its benefit. She also can contract in her own name if she is decreed a free dealer or if her husband is insane or has deserted her for six months. The proposed law would permit her to sell, convey, transfer, mortgage, use and pledge her real property without the joinder or consent of her husband—which she now can do if she becomes a free dealer."

"We are for protecting the little woman and giving her what she wants. But there are some husbands in the legislature who may not accept the proposed law in its entirety because it does not abolish dower or any of the incidents thereof. In other words, the stronger or weaker sex (depending on your point of view) cannot sell, convey, transfer, mortgage, use or pledge his real property without the consent of his wife. The lawmakers may take away her right of dower if they give her the right to contract."

"Anyway, if the proposed law is passed and the married woman's disabilities are removed, some husbands will meditate a long time before putting property in their wives' names to secure it against sale for debts."

### THE SANFORD FORUM

Sanford, Florida  
April 18, 1941

Editor, The Sanford Herald  
Sanford, Florida

I hope this recent case will serve as a warning to all persons who think they have the right to poison dogs or other animals just because they may be annoyed by them. I think if these persons were put in the same position as the dog, they would be more sympathetic.

I am sure that you will find many persons who will be glad to help you in your fight against these persons who poison dogs and other animals.

I am sure that you will find many persons who will be glad to help you in your fight against these persons who poison dogs and other animals.

### (NORTH) "AFRICAN GOLF"

### Coast Guard Lives Up To Its Motto, 'Semper Paratus', Always Ready

By JACK STINNETT  
WASHINGTON, Apr. 19—(AP)—If the United States Coast Guard ever gets its share of public recognition, the phrase "The Coast Guard 'De-It'" will become as full of meaning as "Tall it to the Marines."

When ships of warring or captive nations in American ports were taken over by the Coast Guard, the phrase "The Coast Guard 'De-It'" was used to describe the process.

When the neutrality patrol was set up in the Fall of 1939, the Coast Guard got that order, too. It has its own Annapolis at New London, Conn., where officers are produced after four-year courses. And it has trained for the U. S. merchant marine something like 800 licensed and 4,000 unlicensed seamen in the last three years.

And it has trained for the U. S. merchant marine something like 800 licensed and 4,000 unlicensed seamen in the last three years.

### Premier Of Greece Dies At Athens

ATHENS, Apr. 19—(AP)—Alexandros Koris, premier of Greece in the darkest hour of her modern history, died suddenly yesterday after only 80 days as leader of this fighting nation. He was 55 years old.

The government made only the bare announcement of his sudden death and said his funeral would be held Saturday at 11:30 P. M. Cause of death was not disclosed.

It was only last week that Koris succeeded his intimate friend, 70-year-old Premier Metaxas, in a three-week tenure. Metaxas had personally designated Koris as his successor to carry on the war they being waged against Italy alone.

BOMBS, Apr. 19—(AP)—Bombers from the Luftwaffe attacked Athens yesterday, dropping bombs on the city and causing considerable damage.

### General Motors To Cancel 1943 Models

NEW YORK, Apr. 19—(AP)—General Motors Corporation announced yesterday it was discontinuing all plans for new models for 1943 to alleviate the pressure for machine tools and plant needed for defense.

The tooling up for 1943 models, it was explained, is now about done, so that the call upon the machine tool industry would come if the big motor maker were to start work upon models changes for 1943.

This announcement followed by a day disclosure in Washington by Director Kuden of the Office for Production Management that the motor industry had agreed to cut its production 20 percent next year to increase its arms output.

### Hitler Will Spend Birthday At Work

BERLIN, Apr. 19—(AP)—Adolf Hitler will spend his 53rd birthday Sunday as a working day at military headquarters, according to reports from the German press.

This statement from one of his intimates, Franz Gabel, of the Office of Propaganda, was the first time since the outbreak of the Balkan campaign that Hitler was in the field, usually where, of course, was not reported.

New York City's subway police do not carry sticks.

### Convoying Of War Materials Denied

WASHINGTON, Apr. 19—(AP)—The Administration last night denied charges by Senator Tobey, Republican, New Hampshire, that war materials are being conveyed to Europe and declared emphatically that this dangerous step has not been taken or authorized.

Senator Barkley, the Democratic leader, made the denial in the Senate after conferring with Secretary Knox and Admiral Stark, chief of naval operations.

### Editorial Meeting If Scheduled To Begin On Sunday

PENSACOLA, Apr. 19—(Special)—All is in readiness here for the resumption of editorial talks, members of the National Editorial Association, scheduled to arrive by special train next Sunday afternoon.

Qualified as being the first Florida city to receive the National Editorial Association, Pensacola plans to take the editors on a sight-seeing tour and will include a visit to the Naval Air Training Station, Pensacola Beach, and other points of interest. Supper will be provided by the city and the Chamber of Commerce before the party starts for Jacksonville at 2:30 P. M.

All delegates coming by air to Pensacola and from 200 to 250 are expected in this party. Those from the east will join this party at Jacksonville Monday morning, Apr. 22, for the three-day convention.

All Alabama programs had been arranged in Jacksonville with sight-seeing trips, parties and banquets taking up just about every minute between convention sessions. Sight-seeing from Jacksonville during the convention period will take the party to St. Augustine and Marineland one afternoon and to Jacksonville Beach another.

Starting the morning of April 24th 500 or more visiting editors will become guests of the Florida Press Association and he taken on a seven-day tour of the state, including visits to Gainesville, Ocala, Silver Springs, Leesburg, Orlando, and Orlando on the first day.

Leaving Orlando the following morning, the group will be taken to Bok Tower, Cypress Gardens, Vero Beach, and other points of interest. They will be escorted by Commissioner Nathan Mayo, and show the world's largest State Farmer's Market. Travelling through Tampa, the party will spend the night at St. Petersburg.

The third day will take them over the Pinellas peninsula with a stop for lunch at Clearwater and a visit to the Sponge Exchange at Tarpon Springs. Reaching Tampa in the afternoon, they will be guests of the Chamber of Commerce for a tour, and the Tampa Tribune will honor the party with a banquet, floor show and dance at the Tampa Terrace Hotel.

Following the Pinellas Trail, they will visit Sarasota, lunch at St. Marys, and arrive in Miami the evening of Sunday, April 21st. Monday will be spent in Miami with a special program provided by West Publishing and the city. Tuesday supper at the Royal Palm Club dinner at the Miami Biltmore and party at the Ritz-Carlton. Here the party will have a group going to Cuba, and the others continuing the state tour which will carry them to Hollywood Beach and Ft. Lauderdale, then over the new State Highway 28 to Clearwater where they will be guests of the United States Sugar Corporation for a barbecue and special entertainment. That night they will spend at West Palm Beach.

The last day of the tour will include stops at McKee Jungle Gardens, Vero Beach, Cocoa and Daytona Beach, with luncheon, cocktail party and supper provided by the Vero Beach Hotel. They will go on to Jacksonville to catch trains which will carry them to their respective homes.

Florida will gain nationwide publicity as a result of their visit. Already national news agencies have released advance stories to over 5,000 newspapers throughout the nation and representatives of the Associated Press, United Press, and Western Newspaper Union and other agencies will cover the convention and tour while news photographers plan a complete picture coverage.

Admission tickets were mailed last night by the Revolutionary War.

### Clyde Hyster Gets Stay Of Execution

WASHINGTON, Apr. 19—(AP)—Clyde Hyster, of Jacksonville, and James Baker, Jacksonville negro, were granted stays of execution in the Florida State Prison yesterday while Hyster's attorney files a petition for review with the Supreme Court of the United States.

Hyster's stay was granted here by Justice Black until May 1 while Baker's was granted in Tallahassee, by Governor Holt in pending completion of Hyster's appeal.

Hyster's stay would apply until the final disposition of his case.

**ARE YOU  
Seen at  
Your Best  
by TELEPHONE?**

If there something about the tone of your telephone voice—your way of greeting, your manners, the ease with which you are understood—what gives the person you're talking with a glimpse of an alert, attractive personality? Your voice and speech together make up your telephone personality. It's obvious that a pleasant, courteous telephone manner creates a good impression at the other end of the line. Then, too, such little things as answering promptly, speaking directly into the mouthpiece, and replacing the receiver gently when you have finished talking—all do their part in moulding someone's mental image of you. So why not make the most of every opportunity to look your best by telephone?

**Southern Bell Telephone and Telegraph Company**

**FOOD for Thought!**  
And Progress Spotlight Perils of Inefficiency

The average American, living in this land of milk and honey, consumes 4-1/2 ounces of food a week. Uncle Sam tells us 263 ounces is about 18 pounds, it required for normal living.

Efficiency is a word that is used in many ways. It is used to describe a person who does his job well, a machine that works well, or a system that is well organized. In the case of food, efficiency means getting the most out of what you eat.

It is important to eat a balanced diet that provides all the nutrients your body needs. This includes proteins, carbohydrates, fats, vitamins, and minerals. Eating a variety of fruits, vegetables, and whole grains can help you get all these nutrients.

Efficiency in eating also means not wasting food. Plan your meals carefully and eat what you buy. This can help you save money and reduce the amount of food that ends up in the trash can.

So, next time you sit down to eat, think about efficiency. Think about getting the most out of your food and doing it in a way that is good for your health and your wallet.

Social And Personal Activities

MRS. LOURINE BEAL, Society Editor

Social Calendar

MONDAY
The Junior Woman's Club will have a bridge party and business meeting at the club house at 8:30 P. M.

# Sanford Theater News for the Coming Week

DONALD McBRIDE, Elyse Knox and Alan Mowbray headline an outstanding cast in the screaming comedy, "Footlight Fever," to be shown next Tuesday at the Ritz Theater. The picture is a screen from start to finish and furnishes broad comedy, high suspense and slapstick episodes, one after another.

JOAN BLONDELL, Roland Young and Carol Landis are three of the starring players to be seen next Wednesday and Thursday in Hal Roach's "Topper Returns." With Billie Burke, Paisy Kelly, and Eddie "Rochester" Anderson, they contribute many merry twists to the plot of the story.

ELLIOTT, popular Western star, and Luana Walters are featured in "Across the Sierras," action-packed thriller scheduled for showings at the Ritz Theater next Friday and Saturday. Elliott stars as "Wild Bill Hickok" and is supported by a fine Columbia cast.

**PROGRAM FOR WEEK OF APRIL 20th**  
Sunday, Monday — "TOBACCO ROAD" with Charley Grapewin, Marjorie Ransome, Gene Tierney and Elizabeth Patterson. Also, Buster Keaton Comedy, Cartoon and News.  
Tuesday, Bargain Day, Double feature — "VICTORY" with Frederic March and Betty Field. Also — "FOOTLIGHT FEVER" with Alan Mowbray and Donald McBride.  
Wednesday, Thursday — "TOPPER RETURNS" with Joan Blondell, Roland Young and Carol Landis. Also — "CRIME DOESN'T PAY" . . . "YOU THE PEOPLE" and Universal News.  
Friday, Saturday — "ACROSS THE SIERRAS" with Bill Elliott and Luana Walters. Also — "THE LONE WOLF KEEPS A DATE" with Warren William, Frances Robinson and Eric Blaire. Also Cartoon and Serial.  
Midnight Show Saturday 11:30 P. M. April 20th — "THE MONSTER AND THE GIRL" with Ellen Drew, Robert Paige, Paul Lukas and George Zucco.

AT LAST IT'S ON THE SCREEN! The long awaited "TOBACCO ROAD" with Charley Grapewin as "Jester Laster," Marjorie Ransome as "Ester Bessie" and Gene Tierney as "Ellie May" will be shown at the Ritz Theater, tomorrow and Monday. The picture is based on the play of the same name that played 8,098 performances on Broadway!

## THIS WEEK'S CASTS

Notice is hereby given that pursuant to final decree rendered in that certain cause pending in the Circuit Court of Seminole County, Florida, wherein FEDERAL FARM MORTGAGE CORPORATION, Plaintiff, and J. C. HODGES and FLORENCE HODGES, his wife, are defendants, the undersigned as Special Master will, during the legal hours of sale on Monday, the 18th day of May, 1941, offer for sale and sell to the highest and best bidder for cash at the front door of the Court House of Seminole County, Florida, in Sanford, Florida, the following described lot, piece or parcel of land situate in Seminole County, Florida, to-wit:

The North half (NW 1/2) of the Southwest Quarter (SW 1/4) of the Northwest Quarter (NW 1/4) of Section 28, Township 21 N., Range 11 E., 1st Meridian, Florida, which contains 16 acres, more or less, and is subject to the terms of said decree.

Let this notice be published for the plaintiff time required by law in the Sanford Herald, a newspaper of general circulation in said county and State.

# SANFORD WINS; PLAY DELAND TONIGHT

**Locals Score Six In First 3 Innings; Stop Nat's Rally In Finishing Frame**

Bunching seven hits and six runs in the first three innings, the Seminoles took such a healthy lead over Orlando last night, the Nat's never caught up and lost the game 6 to 7.

Tonight the Sanford boys face the DeLand Red Hots in their first formal meeting, though the rival nine has already trounced Sanford twice in pre-season games.

Sanford started their three inning rally in the first when Justice hit a single and stole two bases to come into scoring position as McRaney lined out a single.

In the second inning the boys went wild knocking out three hits for a total of four runs. Booth came up with bases loaded and drove a beautiful double out to right field, scoring all of the runners. Pfeil had already scored in the inning by getting on with a single and coming around to score on an error by Brasinski.

Justice played a beautiful game at second base making three putouts and eight assists, one putout and assist on a double play when he fielded a hard hit ground ball, ran to touch second base and threw down to first to catch the batter.

Pfeil made only one putout during the game but that one play sent him running pellmell after the ball in center for a shoe string catch that had the 700 fans out of their seats.

Hudson struck out four men during the nine innings and allowed four bases on balls but gave up only two earned runs. Four errors by the Sanford men accounted for several of the runs.

Orlando's bid for the game came in the ninth inning when the visitors had climbed up to within three runs of the lead. Ippolito, pinch hitting for Lewis, cracked out a single and made second on a fielder's choice when Boyd grounded to pitcher for a putout at first. Dominguez came up as the third batter and lined out a long single that scored

## Spartan Net Team Is 11th Victim Of Hot Hatters

DELAND, Apr. 19.—(AP)—Tampa University netters became the Spartan tennis team's 11th victim of the season yesterday as the Hatters captured four out of five singles and both doubles matches for a 6 to 1 victory.

Bob Brown, defeated by Jim Cryan, was the only Hatter player losing a match.

Results with Spartan players named first: Billy Davis defeated Waller Senaley, 6-3, 6-1; George Stinson defeated Bob Henry, 7-5, 6-3, 6-4; Bob Brown lost to Jim Cryan, 6-7, 8-6; Harold Smith defeated Dick Slichter, 6-3, 7-5; Stan Rathbun and Purts defeated Slichter and Henry, 7-5, 6-2; Walter and Davis beat Henry and Myers, 8-6, 6-2.

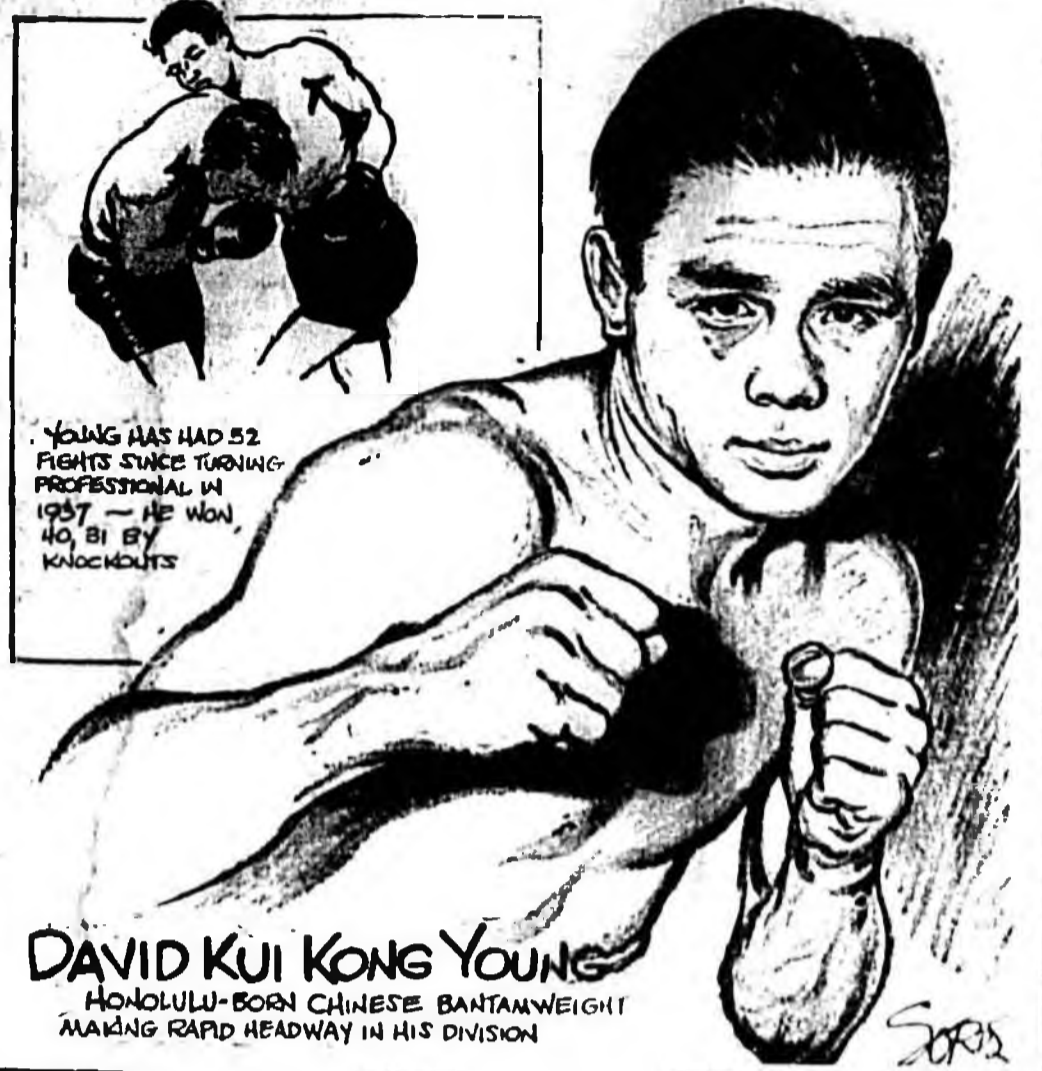

Ippolito allowed him to make second on the throw.

Glik dropped the throw in and Dominguez advanced to third. The next batter up Womack, flied out to right field but the base runner held his leg and scored on the throw in. Only one run behind the Seminoles the Orlando drive sagged as the next batter struck out. Butka collected a single but Lee hit a high one to right field for the third put out and end of the game.

Highlights of the game were the scoring rallies of both teams. Sanford in the second and Orlando in the ninth. La Valley lined out a three base hit in the third inning to drive in Pfeil for a double. Justice poked a three bagger in the second with bases empty. Justice stole two bases, all on one trip around the diamond in the first inning. Both Gillespie and Booth slipped through for a stolen base during the seventh inning.

## Miss Owen And Mrs. McGarry Play Finals

Defender Looks For 4th Straight Win To Set New Record

HOLLYWOOD, Apr. 19.—(AP)—Two capable campaigners, veterans of many a little encounter, will play 36 holes of golf today with the Florida state women's golf championship at stake.

Defending champion Frances Owen of Jacksonville and Mrs. Mark McGarry of St. Petersburg, the modest, scratched out 19 1/2 hole victories Friday to pave the way for their battle.

The 22-year-old Miss Owen will become the only player ever to win the crown four times if she can repeat her victory in the final professional meeting of the title, the tradition that dates back to 1908.

They are returning to the play of the Miss McGarry, the former of these boys, this week to play Miss Owen's hopes to capture a second season.

The 1937 state champion played for the first time in the state tournament at the Hotel Florida in Hollywood.

Miss Owen had a double bogey on the 12th hole, but she pulled through with a 3-putt on the 13th hole to tie Mrs. McGarry.

After consistently out-driving her opponent all day, Mrs. McGarry, on her par for shot on the extra hole.

She hit into a beautiful second hole on the 14th hole, and it was necessary to measure to see who was away.

Mrs. McGarry's ball was about three feet from the cup. Her opponent had barely wide and the hole was in Mrs. McGarry's knicker.

Approved stores, including shoe stores, have increased 25 percent in number and 25 percent in sales since 1935, according to the census.

## Bitsy Grant Topples Riggs In 4-Set Match

Kramer, Of Rollins, Meets Kovacs In Semi-Finals Game

HOUSTON, Tex., Apr. 19.—(AP)—With a magnificent exhibition of steadiness, accuracy and gameness, Bryan (Bitsy) Grant, the diminutive and seasoned giant killer of the amateur tennis ranks, defeated defending champion Bobby Riggs yesterday in a ten-set fought four-set match. The scores were 6-1, 6-3, 6-3.

This afternoon Frank Kovacs of Oakland, meets Jack Kramer of Rollins College in the other semi-final with the victor to qualify for Sunday's match with Grant.

An upset also occurred in doubles as the Rice Institute team of Dick Morris and Jack Johnson won over Eddie Allen, Rollins College, and Bill Tallant, Columbia, 7-5, 6-1 to earn the state title.

The national doubles team of Jack Kramer and Ted Tinetti, teamed up in the semi-final with a 2-6, 6-4 triumph of the team with Brothers, Earl and Bobby, Eugene, Pa., national women's doubles champion and ranked third nationally and Dorothy Bundy ranked fourth advanced into the final. Miss Betty Grant, former Dean of Rice, defeated

new lieutenant, junior grade, in the naval reserve—film actor Douglas Fairbanks, Jr.

## Jones Warns Of Complacency Of U.S. Public

Defense Activity Is 'Better Than Good,' Member Of Cabinet Says At Luncheon

## Official Sees No Place For Delay

Commerce Head Asks That Good Job Be Done For Defense

NEW YORK, Apr. 21.—Secretary of Commerce Jesse H. Jones in a speech prepared for delivery at the annual luncheon of the Associated Press asserted today that although defense activity is "better than good," there is no room for American complacency.

He expressed two warnings: "If the aggressor nations are successful, our generation is apt to see little of tranquility."

"If we are to get ready to defend ourselves, let's be sure we do a good job of it."

At the United States Commerce Department luncheon today, Jones urged that a "good job" be done for defense.

Later in the week public hearings will be held on the report of the National Defense Advisory Commission, North Carolina. Jones hopes to announce that in such a week as this, he will be in the office.

## Practice Makes Beauty Perfect

How do the girls in Phil Spitalny's all-girl orchestra find time to practice when they're touring? Here's one answer, Pretty Julie Drummer, who plays the flute, does a little work while the hair-dresser is busy making her look prettier.

## Branch Of State Legislature Votes Hospital At Lake Mary Is Proposed

## Seminole County Is Passed Over Avon Park, Tampa Sites

John J. Leonard, Seminole county representative to the State Legislature, will introduce a bill in the House regarding a proposed hospital for the State Hospital for the Insane to be built near Lake Mary, Edward Higgins, secretary of the Chamber of Commerce, said today.

"A proposition to build another state hospital in the central part of Florida has been agitated for several years," Mr. Higgins said.

In 1939 the Legislature named a committee to visit and investigate three sites, in Seminole County, at Avon Park and near Tampa, for the hospital branch, Mr. Higgins said, adding that "the report of the committee was much in favor of the Seminole County site over the others offered."

The Chamber of Commerce has furnished Mr. Leonard with a description of a 210-acre tract south of Lake Mary, which was offered in 1939 by Frank Evans of Lake Mary and John Melch of Sanford.

Mr. Evans, who is now in Boston, Mass., telegraphed the Chamber of Commerce and again offered the Lake Mary site for the hospital branch, Mr. Higgins said. Mr. Leonard advised the Chamber of Commerce that he has the support of the 1939 investigating committee in his bill.

## Legislature Votes To Levy Seventh Cent Gasoline Tax

## Senate Has Already Approved Bill For Sixth Time In Row

TALLAHASSEE, Apr. 21.—(AP)—The Legislature for the sixth time today approved a bill to levy a seventh cent gasoline tax as an emergency measure in 1941 and reapproved it as a permanent measure in 1942.

The bill was approved in the Senate in 1937, 1938, 1939, 1940 and 1941.

The seventh cent produces about \$4,000,000 a year. Half the money goes to public schools, and the other half goes into the general treasury.

Revenue from the other six cents is divided equally between the counties for bond retirement and the Road Department for construction and maintenance.

Two major phases of Governor's program are:

1. The Duke of Windsor road program, which includes the construction of a network of roads and the improvement of existing roads.

2. The Duke of Windsor road program, which includes the construction of a network of roads and the improvement of existing roads.

## Congress Urged Price Control To Act Against Over All Farm Union Leaders Products Seen

## Cox Asserts Private Ownership Stands At Mercy Of Bureaucrats In U. S.

WASHINGTON, Apr. 21.—(AP)—Sidney Hillman, associated director of the Office of Production Management, today told a Senate committee he believed "we are going into an era of greater collaboration between management and labor."

Hillman said it was "very unfortunate" that the new labor disputes which had led to work stoppages had attracted public attention while many disputes settled amicably went unnoticed.

WASHINGTON, Apr. 21.—(AP)—Declaring that private ownership in this country "stands at the mercy of government bureaucrats and unionist dictators," Rep. Cox (D-Ga.) urged Congress today to "strike the shackles which have been forced upon the nation's defensive industry."

For some years, Cox asserted, "bureaucratic dreamers" have been promoting in this nation "an insidious revolution" of "planned economy" and "collectivism."

There were indications in Washington that the government might take some further action today in the protracted shut-down in soft coal mining. The United Mine Workers C. I. O. and Northern mine operators rejected Saturday a plea from Secretary Perkins for recognizing the C. I. O. as the bargaining agent in that area. There was speculation that she would refer the situation to the Defense Mobilization Board.

About half of General Motors' widely scattered plants are in Michigan, and the union, as a result of the strike against the Ford Motor Company, Although an agreement in the Ford strike was reached almost a fortnight ago, disturbances have occurred in recent days at the River Rouge plant of the company.

The United Automobile Workers, C. I. O., acting under Michigan law, served notice last week of intention to strike the General Motors plants in that state on Tuesday unless the company agreed to demands which include union shop recognition and a wage increase.

## Cotton And Tobacco Under Pre-War Levels, Says Hutton Exports Will Stay

NOT SPRINGS, Ark., Apr. 21.—(AP)—Deputy Commissioner J. B. Hutton of the National Defense Advisory Commission's agricultural division expressed the belief today price controls over all farm products might be necessary under the lease-lend program.

He predicted cotton and tobacco exports would remain below pre-war levels.

Price controls should be "avoided, if possible," he said, adding that it was not advantageous to have price spirals such as at the end of the last war.

A lengthy conference which was held in the solitude of the Hudson Valley country.

What took place between them at the Roosevelt family home was their secret and one which he had nothing to say, you know," King told reporters.

A number of provocative issues and subjects seemed to be discussed, but there was no indication from the prime minister or the temporary White House whether any of all came in for attention.

Persons familiar with conditions and problems in Canada suggested that King perhaps was not interested in sounding the chief executive on altering a prospective shortage of American dollar exchange through currency stabilization maneuvers or amending the American Neutrality Act to permit a loan.

## Nazi Troops Push Near Athens While British Fall Back

The Nazi Drive In Greece

British forces are repulsing with heavy losses Nazi columns attempting to take strategic Katerine, above Mt. Olympus on the eastern flank of the Allied defense line. Meanwhile, British and Greek forces were desperately fighting to stem the Nazi advance toward Kalabaka, rail center in the center sector, where a break would cut off the right flank. Italians were moving on Janina, threatening the Allied left positions.

## Next Stand Will Be Made In Mountains Guarding Approach To Grecian Capital

## Allied Line Is Said Unbroken

## English Garrison At Tobruk Holds Out Despite Bombings

VICHY, France, Apr. 21.—(AP)—Dispatches from Beirut, Lebanon said today a plane carrying 17-year-old King Peter II of Yugoslavia had reached Jerusalem in a flight over the Mediterranean during which an unidentified member of the Yugoslav cabinet was killed. The plane was attacked in flight, it was reported.

## Adolf Hitler's rampaging Panzer columns were reported less than 150 miles from Athens today, thrusting south along the 60-mile-wide plain of Thessaly in central Greece, as the Allies were acknowledged to have fallen back to a new and shorter defense line.

Apparently the next stand by the Greco-British forces is to be made in the southern mountain barriers guarding the approach to Athens between the Gulf of Corinth, and the Aegean port of Lamia.

Greece's King George II called on his troops to fight "to the very end" and Allied reverses which saw the Nazi blitzkrieg break through the northern mountain defense on the Mount Olympus-Ioannina front and storm down the flat plain of Thessaly toward historic Thermopylae.

London newspapers openly discussed the possibility of a complete withdrawal of the British expeditionary forces from Greece.

Talk centered on the arrival of British troops in Iraq as indicating that the next major stage of the war may be a struggle for the Suez Canal and the rich oil fields of the Middle East.

Athens asserted the new Allied line was holding doggedly under violent pressure, and that nowhere had the Nazis broken through.

Rome said a "big battle to wipe out the Greek army" was raging along the Viosia River at the Greek-Albanian frontier.

In North Africa, the British garrison still held out under mounting tank attacks at the Libyan port of Tobruk. Advance fighting swirled around the Egyptian frontier town of Halum as the British said they were holding.

## World Has Always Had Its Struggles, Rotarians Told

## Building Program At Southern College Described By Spivey

The world today is going to the devil, declared Dr. Ludd M. Spivey, president of Southern College at Lakeland. "It always has but out of the struggles of today will come something better for the world of the future."

Dr. Spivey was the principal speaker today in an international service program at the regular weekly luncheon of the Rotary Club.

Dr. Spivey, who was introduced by Dr. W. P. Huhman, pastor of the Methodist Church, invited the Rotarians to visit Southern College which is conducting an extensive building program under the architectural direction of Frank Lloyd Wright, one of the country's most famous architects.

Some 14 new buildings are contemplated in the program including a chapel, one of the most beautiful in the country, already started, and a library which will be started tomorrow. More than 30 acres of ground are involved in the program. The buildings will be made of coquina rock and much of the work is done by students themselves.

Pointing out that part of the world has always preferred to go to the devil, Dr. Spivey quoted from Jesus: "The way to the devil is so broad that most people will always take it. Jesus was no pessimist," Dr. Spivey added, he was just describing the real nature of things.

But history also shows, Dr. Spivey continued, there is no chance for the whole world to go to the devil. Always a part of it will be preserved. God will save what is needed. For millions of years into the future sons and daughters will continue to be born and to live, some better than others, but they will live. And out of it all will come something better.

"Our business is to continue the struggle. Not to worry about where we are going, but to keep up the fight. We may not know where we are going but we will reach it somehow and it will be a better future," he concluded.

Visitors at today's luncheon included Adam West of Cincinnati, Ohio, L. P. Meyer of Evanston, Ill., William Foster of Myrtle Beach, Arthur F. Peacock and J. E. Lanchild of Winter Garden, C. L. Redding of Quincy, J. C. Chase and A. H. Reppard of Orlando and T. W. Lawton.

## Forest Fires Raging In Six Eastern States

## Two Dead, Scores Of Homes Destroyed, Cities Threatened

Fire, some of which were still out of control at nightfall blackened thousands of acres of woodland in six states yesterday, destroyed scores of homes and caused two deaths and injuries to many.

In forests made tinder-dry by a two weeks' warm spell, 148 fires raged in West Virginia, 43 in New Jersey, and numerous others were reported in New York, Massachusetts, Maryland and Virginia.

One firefighter died in West Virginia, another burned to death or killed by a falling tree, and one man died of a heart attack while defending his home near Lakewood in the Jersey pin belt, where one of the day's worst fires threatened the town's business and main residential sections before it was checked. Lakewood has a population of 8,000.

The town of Walden in West Virginia was still encircled by fire at dusk. Scores of homes and some churches were reported destroyed in Maryland where one fire south of Baltimore swept out of control toward the city.

Twenty-five homes in Lakewood, many of them in the vicinity of Paul Kimball Hospital, a 45-bed institution, were destroyed. The hospital was saved.

Firemen from scores of municipalities, some 60 and 80 miles away, fought the Lakewood blaze and used dynamite to halt it.

Fifteen soldiers stationed at Fort Dix were injured as an army truck taking them to one fire overturned. Three thousand soldiers battled one major and two minor fires on the Fort Dix artillery range.

Fanned by 40-50 miles winds, fires for a time endangered the barracks at Fort Devens, Mass. Several homes were destroyed and many families forced to flee.

Six hundred Fort Devens soldiers joined firefighters at nearby Leominster and then were called back to battle two blazes inside fort property.

Hundreds of acres at Leominster, Rutland, North Andover, Dover Woburn and Wilmington were burned over in the Massachusetts fire.

## Gatchel Takes Part In Choir Services

WEST POINT, N. Y., Apr. 21.—(Special)—Among members of the United States Military Academy's Cadet Chapel choir which took part in services at St. Paul's Chapel, Columbia University, this past weekend was Cadet Forrest J. Gatchel, Jr., of Sanford.

The academy, one of the few institutions of higher learning in the United States at which the entire student body is in attendance at Sunday worship, requires that all cadets attend services as regularly and as punctually as drills and classes. The 185-voice choir, whose spiritual leader is the Rev. M. Fairfield Butt, U. S. A. chaplain, has made several appearances over the radio and in churches away from West Point.

## Rumania Reported In Conflict With Axis

BERN, Switzerland, Apr. 21.—(AP)—The Hungarian radio, Sunday said Premier Antonescu of German-occupied Rumania is in open conflict with the pro-Axis Iron Guard and that he has caused the cessation of several members of the organization because they were carrying arms.

The Iron Guard's radio was reported to have called Antonescu an enemy of the state on Sunday as former prime Carol II was forced into abdication and exile by the Iron Guard last September.

## Manatee Tomato Crop Reduced 40 Percent

BRADENTON, Apr. 21.—(Special)—A decrease of from 40 to 50 percent of the normal crop is expected in the 1941 tomato yield in Manatee county, E. Ayers, county farm agent, said Sunday.

Cold weather in February and March was given as the reason. Demand for the smaller crop is said to be heavy and growers and shippers expect high prices.

## Young Doctors Urged To Serve In England

HYDE PARK, N. Y., Apr. 21.—(AP)—President Roosevelt urged young American doctors last night to volunteer for service in military and civilian hospitals of our British friends.

He said in a statement released at the temporary White House, that the British Red Cross had appealed through the American Red Cross for as many as 1000 young American doctors to help meet "an acute shortage" of physicians in British hospitals.

"As president of the American Red Cross," President Roosevelt said, "I heartily approve this request."

## Miners Strike

LONDON, Apr. 21.—(AP)—Three thousand Durham miners struck at midnight in sympathy with 5000 others who have been out of the mines for two days in the question of a minimum wage for coal cutters.

## 3 Blazes Put Out; Little Damage Done

Three runs were made by the Fire Department during the week-end but damages in all of the cases were negligible, according to a report of the department.

W. L. Holcomb of 1803 Douglas Avenue put in a call to investigate a short circuit in a wire at his home. No damage was done. Another wire shortage occurred at Fourth Street and Palmetto Avenue on one of the lines of the Florida Power and Light Company but no damage was done.

A Kanner called the department to extinguish a blaze under the hood of his automobile when gasoline dripping from the carburetor on to the motor caught fire. Little damage was done to the car, according to the report.

Chief Mack Cleveland left for the convention of the Florida State Firemen's Association in Jacksonville yesterday and is expected to return in a few days.

## Windor Gets Glimpse Of Florida Air Base

PALM BEACH, Apr. 21.—(AP)—The Duke of Windsor got a glimpse of the United States air defense preparations Sunday and his reaction was "simply extraordinary."

He and the duchess broke into a program of business conversations and social activity to make a half-hour inspection of the partly-completed Eighth pursuit group air base at Morrison Field, West Palm Beach, where about 2500 men will be stationed.

"It's marvelous what has been done here in such a short time," the former king of England remarked.

## U. S. Missionary Is Freed In Ethiopia

ADDIS ABABA, Ethiopia, Apr. 15.—(Delayed)—An American missionary from Iowa was freed today after spending months behind bars as a prisoner of the Italians along with a handful of other whites and hundreds of blacks who will have new opportunities to prove their innocence.

The missionary is grey-haired, Goldfeld, Iowa, representative of the United Presbyterian church, who was arrested last June 19 when Italy went to war, and his mission hospital and school were closed. He was freed three weeks later but on Aug. 31, Italians threw him back in jail after finding in his home what he described as "corroded, obsolete parts of a radio receiver."

## Joyce Goodspeed Wins First Place In Legion's Poppy Poster Contest

Joyce Goodspeed, with a score of 98 points, was judged winner of the poppy poster contest sponsored by the American Legion Auxiliary, Mrs. C. F. Proctor, president of the unit, announced today.

Rosabelle Giesinger was given the W. A. Carle, Jr. with 90 points, and Paul Fozard, with 80 points, were second honorable mention. Prizes were awarded Goldfeld, Iowa, representative of the United Presbyterian church, who was arrested last June 19 when Italy went to war, and his mission hospital and school were closed. He was freed three weeks later but on Aug. 31, Italians threw him back in jail after finding in his home what he described as "corroded, obsolete parts of a radio receiver."

## Newsman Arrive For N. E. A. Convention

JACKSONVILLE, Apr. 21.—(AP)—The vanguard of an expected 600 newspaper men moved into Jacksonville last night for the National Editorial Association's three-day annual convention opening today.

One large group of 250 traveling by special train, arriving Sunday at Pensacola for a brief stop, was to reach here Monday morning shortly before the first business session.

## How do the girls in Phil Spitalny's all-girl orchestra find time to practice when they're touring?

How do the girls in Phil Spitalny's all-girl orchestra find time to practice when they're touring? Here's one answer, Pretty Julie Drummer, who plays the flute, does a little work while the hair-dresser is busy making her look prettier.

## Holland Rose Bush, Apple Tree Grafted

Sanford residents were invited today to see an Etiele de Holland rose bush grafted to an apple tree at the home of Mrs. Richard TenEyck, 1945 Washington Ave. Also at Mrs. TenEyck's home is a passion vine which will be in bloom this week.

At the St. Francis Park of Mrs. Henry Wright on First Ave. is a "Christ's Tree" tree in bloom now.

## Sanford Signs Placed In Southern Florida

Three road signs advertising Sanford and Seminole County have been placed in the southern part of the state to attract north-bound tourists to Central Florida.

The signs are located at St. Johns and Ft. Pierce on U. S. 1, and at Ft. Pierce on U. S. 1.

## City News Bits

Over 5000 of Orlando and Miss Mary Harper of Kansas were issued a marriage license at the Court House today.

The municipal commission of the Chamber of Commerce will meet Tuesday afternoon in the City Hall.

Police Department today issued a building permit at the City Hall for a new building at 1000 E. First St. The building is to be a three-story structure.

## LOCAL WEATHER

Forecast for Sanford, Fla., for Monday, April 21, 1941: Partly cloudy with light breeze from the north. High 78, low 62.

Forecast for Tuesday, April 22, 1941: Partly cloudy with light breeze from the north. High 78, low 62.

Forecast for Wednesday, April 23, 1941: Partly cloudy with light breeze from the north. High 78, low 62.
