Weather

Clear to partly cloudy with little chance in temperature through Tuesday, slight chance of light showers lower east coast.

WHICH ONE WILL BE GOVERNOR? Who will win the Democratic candidacy for governor tomorrow, and at the same time, assuredly the governorship—Sen. LeRoy Collins (left) or Acting Governor Charley Johns?

Smathers Says U. S. Was Near Active War Tells Legionnaires America Almost In Shooting Conflict In Indochina

ST. PETERSBURG (AP)—America was near active participation in the war in Indochina just a few weeks ago, Sen. Smathers (D-Fla.) told the American Legion Florida department at its annual convention yesterday.

"When the story is finally written, it will be seen that America actually took the leap but turned back in mid-air only after the intervention of three or four great American patriots," he added. Smathers did not identify these "patriots."

"Since that time, the President has announced that he would not send American troops into Indochina unless he first got permission from Congress," Smathers continued.

"Total war, when it arrives, will be savage, devastating and sudden. We will not have time for long mobilization and training or even for producing."

"Our survival and our victory will depend almost entirely on the force in being not only to ammunition and bombs and guns but in manpower as well."

He called for universal military training, restoring the five billion dollar Air Force budget cut and a faster stockpiling of war material.

Smathers said America should cultivate friends in Latin America where "things are going badly for us now."

He proposed a united front of allies to draw the line which Russia must not cross and called for a "practical attitude" toward American Communists by making it a crime to belong to the party.

Negroes To Petition Boards

ATLANTA (AP)—Negro leaders throughout the South will petition local boards of education to eliminate school segregation immediately in the light of the Supreme Court ruling on segregation.

That strategy was disclosed yesterday after a conference here of leaders of the National Asst. for Advancement of Colored People from 18 states.

Issuing an "Atlanta declaration," the NAACP officials called for integration of all school levels and for the NAACP to petition local boards.

Thurgood Marshall, special legal counsel for the NAACP, and Anna Maria, NAACP secretary, were the chief spokesmen in a news conference after the closed meeting.

Marshall, who represented the organization in the Supreme Court arguments, said there would not be "time for imaginary problems" in ending school segregation. He did not estimate how long it would take, however.

He warned against juggling school districts to evade the court ruling, although he said he recognizes the right of school boards to set up district lines.

The NAACP will take up the subject of segregation in other fields when it meets in Dallas next month, Marshall said.

Marshall made one of the most temperate speeches of recent years on the floor of the United States Senate, denouncing the United States Supreme Court.

Russell said in Washington that he had no comment. In the statement issued here, the NAACP officials noted that "this is a national issue."

Russell said in Washington that he had no comment. In the statement issued here, the NAACP officials noted that "this is a national issue."

Stevens Assumes Full Responsibility Today For McCarthy Counts

NOT ON THE PASSENGER LIST when the liner Roma sailed from Europe for New York were the twins held by Capt. Giuseppe Casarato. They were born at sea to Mrs. Dominica Petrantonio, 29, and were named Giuseppe and Anna Maria. The skipper was godfather at the christening. Mrs. Petrantonio, with her husband and four other children, will make their home with relatives in New York City.

Senator Accuses Secretary Claims Action Is 'Cover Up'

WASHINGTON (AP)—Secretary Stevens assumed full responsibility today for the Army's charges against Sen. McCarthy and, in a sharp exchange with the senator, denied this was a "cover up" for higher officials in the Eisenhower administration.

The Army secretary was back in the witness chair of the resumed McCarthy Army hearing and testified with the senator repeatedly.

McCarthy hammered hard to develop his contention the showing were really "substantive" to White House aides and that they were "swapped" with the senator.

Stevens' voice rising, leaned forward in the witness chair and said "I resent that remark. I tell the truth. I don't think the chairman ought to allow that kind of statement to be made."

McCarthy asserted that Stevens had given "completely contradictory" testimony about the inception of the charges against the senator and his aides.

He asked that the official reporter type up this morning's testimony so he could put out differences from statements Stevens had made earlier in the hearings.

McCarthy was still pounding away at Stevens when the hearing was recessed for lunch.

The secretary acknowledged he had consulted with high administration figures about the Army's investigations subcommittee but insisted the Army alone was responsible for bringing the charges.

"You can't cover up for anyone in the responsibility," McCarthy stressed.

"I'm not trying to cover up," Stevens retorted. "There isn't anybody to cover up."

McCarthy attacked each time McCarthy referred to the Army's charges as "senior charges." The secretary said he didn't make "senior charges" and insisted he always tells the truth.

Ex-Prisoner Sends Note Of Thanks To Local Police

The Sanford police department today received a note from Roy McCarty, a recently released prisoner, thanking it for his stay in "a real nice clean jail."

Based on the police bulletin board at local.

"I wish to extend my thanks to you for my stay in your nice clean jail. It's one of the best I've ever been in, and I've been in them from coast to coast."

The prisoner had been sentenced to 90 days for drunkenness and disturbing the peace. His record of previous offenses is in closely typed pages, according to the police department.

Demo Candidates Are Finishing Campaigns

Collins Goes On Aerial Tour

MIAMI (AP)—LeRoy Collins will make an aerial tour of Florida's three great population centers today for radio and television appearances climaxing a campaign he predicts will win him the governorship by 35,000 votes.

Johns Spending Day In Duval

JACKSONVILLE (AP)—Charley Johns concentrated his last day's campaign for the Florida governorship today on big Duval County, which gave him a good lead in the first primary but still has 22,000 votes that went to the eliminated Brailley Odham.

The acting governor scheduled the whole day for campaigning around Jacksonville, where he will originate a 21-station closing radio speech before going home to near by Starke to vote in the Tuesday election.

At Orlando yesterday for a hand-shaking visit to the Florida State Elks Assn. convention, Johns issued a statement declaring "I am confident that Tuesday the people are going to give me even more support than the overwhelming backing that they gave me in the first primary" when he led his opponent, LeRoy Collins, by 32,000 votes.

He struck back at Collins' campaign road board as being padding up federal road money in his haste to make political hay with the highway construction program.

French Command Claims Victory In Midget Siege

SAIGON, Indochina (AP)—The French High Command claimed victory today in a midget siege battle of the Don River this type at Nam Thia, in northern Viet.

The French-Laotian garrison vanquished an attacking force of about 400 of the Communist-led Vietminh after being harassed for six days by continual mortar, machine gun and light aircraft fire.

A spokesman says one rebel and numbering the defenders 32 were reported to have lost 35 men, while the garrison's casualties were "very light."

Nam Thia lies on an eastern tributary of the Mekong River 100 miles west of Hanoi. The French Union fortress, which was overhauled May 7, is 18 miles south of the frontier of Red China's Yunnan Province and barely 50 miles from the border.

Woman Arrested On Liquor Count

Seminole County sheriff's deputies Saturday night arrested the wife of the Negro proprietor of Willie Bailey's Place located on Southwest Rd. and was charged with selling liquor without proper license. Records show that Bailey's Place has been issued only a beer license.

Deputy M. L. McClelland who said he and Deputy Robert Carroll, have been watching the establishment for some time, stated that they watched Mrs. Bailey pouring drinks for customers, but some instinct must have warned her because as they entered she poured the liquor down a sink.

The deputies arrested the woman who was later released on \$100 bond. According to deputies, there were approximately 15 persons in the place at the time of raid.

C Of C Is Helping In Directory Work

Forrest Breckenridge, manager of the Seminole County Chamber of Commerce, today announced that the chamber was involved in making a compilation for a revision of the directory of Florida industries.

Florida's rapid industrial growth and the establishment of hundreds of new plants and factories during the past two years has necessitated revision of the directory, according to Breckenridge.

This will be the fourth edition of the directory, the last issue being published in 1952. It is expected to contain more than 7,000 listings, prefaced by brief statistical information, according to the manager.

Man Starts Solo Trip Around World

LOS ANGELES (AP)—A boy and later as a quarter master in the Navy during World War II, Ralph Thorvaldson, dreamer of sailing solo around the world.

Today he's on his way on a 26-foot ketch and it may still take a year to make the 12,000-mile voyage.

Thorvaldson, 30, of nearby West Covina, left yesterday. His craft, the "Eloha," carries 200 feet of canvas and a 10-horsepower auxiliary engine. It cruises at about four knots.

Thorvaldson, 30, of nearby West Covina, left yesterday. His craft, the "Eloha," carries 200 feet of canvas and a 10-horsepower auxiliary engine. It cruises at about four knots.

Legion Elects Gainesville Attorney State Commander

ST. PETERSBURG (AP)—The American Legion's Florida department closed its annual convention here yesterday with election of Joe C. Jenkins, Gainesville attorney, state commander and chose Sarasota for the 1955 meeting place.

Other officers are Frank Pitts, Miami, chaplain; Archie T. Starks, judge advocate; and Eddie Humer, Hialeah, sergeant at arms. Joe Paderatz, New Smyrna Beach, Billy Anderson, Coral Gables, Dick Eddy, Mount Dora, and S. P. Deeb, Tallahassee, were elected vice commanders while P. Meade Wilson, Mulberry, was named national executive committee man and Arthur Boring, Plant City, national executive alternate.

Mrs. Thomas Wright, Homosassa, was elected president of the American Legion Auxiliary. City officers elected were Mrs. Stanley Polthier, Miami, historian, and Mrs. Emma Adams, Orlando, chaplain.

Miss Sue Balfanzon is superintendent of nurses at the hospital. Mrs. Mary M. Miesler is manager and Dr. C. Wiley is accountant.

Dates of the Sarasota convention will be announced by the department executive committee.

Strolling In Sanford

Don't forget the special showing at Rollins College tonight of the hit show "Master Roberts" which is being presented for the benefit of Navy Relief. The production will get underway at 8:15 p.m. on the special water set. Tickets will be available at the entrance to the outdoor theater.

A group of 45 high school seniors from the Altamonte, San, high school, together with a number of chaperones, attended morning services yesterday at the First Presbyterian Church.

A Florida State University report received today stated that Clyde H. Walker of Longwood who is currently attending the college as a member of the ROTC has received orders to attend a summer camp at Moody Air Force Base, Ga. The four week camp period is scheduled to begin June 20th. Walker has completed three years of air science, an accredited college course, and will receive indoctrination in flying jet fighters at the base. He will also observe the latest designs in military aircraft.

This coming Thursday's noon luncheon of the Seminole County Junior Chamber of Commerce has been canceled, according to a report in the Jaycee Journal today.

The regular meeting will be combined with the annual installation dinner in held at the Mayfair Inn country club Thursday at 7 p.m.

The senior voice recital of Ruth Archer, scheduled for tonight in (Continued On Page Eight)

Supreme Court Follows Edict With Orders

WASHINGTON (AP)—The Supreme Court today followed up its anti-segregation ruling of last week with orders to admit Negroes to publicly supported colleges, universities, theaters, golf courses and housing projects.

Today's action was final in the case of low-rent housing and a municipal golf course at Houston, Tex., which had been ordered opened to Negroes on a segregated basis.

But the high tribunal left in lower courts—reconsidering in the light of last Monday's historic opinion striking down separate elementary and high schools for Negroes—to make the next positive ruling in the field of education and entertainment.

C Of C Executive Committee Meets

A meeting of the Seminole Chamber of Commerce executive committee was held Friday at which plans and programs for the coming year were discussed, according to Forrest Breckenridge, manager.

A committee, consisting of George Touhy, John Ivey and J. H. Roston, was appointed to study the chamber's by-laws and recommend any revisions it feels are necessary.

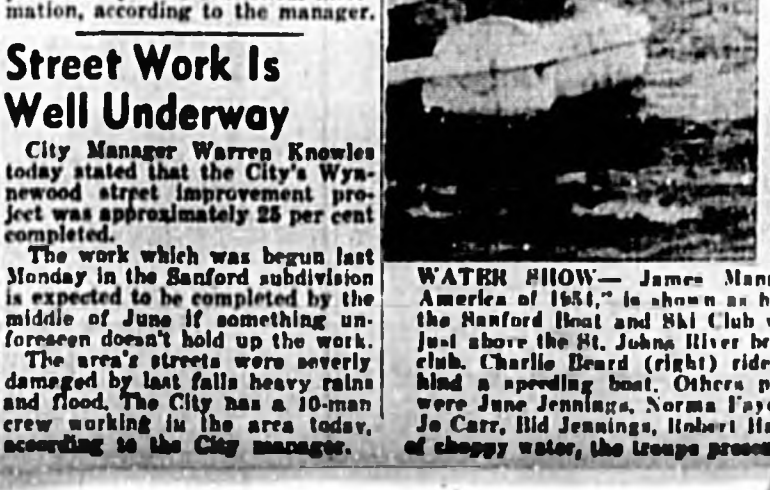

The executive body decided to hold the C of C membership drive in the latter part of October. The group also decided to publish a directory of paid-up members to be distributed to new-comers and persons making inquiries about Seminole County.

Legal Points Stall Action In Case Of Slain Officers

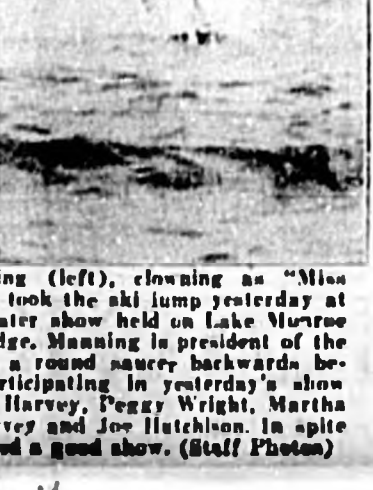

FRANKFURT, Germany (AP)—Legal roadblocks stalled action today in the 1948 slaying of three American Army officers in Germany.

U.S. Chief Prosecutor Thomas Lancelan announced the present evidence was not legally sufficient to ask the extradition of James M. Leech of Lima, Ohio, a former Army captain.

Leech was accused last Friday by Lancelan's deputy of the savage murder of the three officers, Jan. 7, 1948, at Passau, Germany.

Street work is well underway in the Seminole County Chamber of Commerce area. The work which was begun last Monday in the Sanford subdivision is expected to be completed by the middle of June if something unforeseen doesn't hold up the work.

WATER SHOW—James Manning (left), clowning as "Miss America of 1954," is shown as he took the ski jump yesterday at the Sanford Boat and Ski Club water show held on Lake Monroe just above the St. Johns River bridge. Manning is president of the club. Charlie Beard (right) rides a round saucer backwards behind a speeding boat. Others participating in yesterday's show were June Jennings, Norma Fay Harvey, Peggy Wright, Martha Carr, Bill Jennings, Robert Harvey and Joe Hutchison. In spite of choppy water, the troupe presented a good show. (Staff Photos)

Prices At Fernald-Laughton Memorial Hospital Raised

Prices at the Fernald-Laughton Memorial Hospital were raised recently at a meeting of the executive committee of the institution, according to an announcement by Randall Chase, chairman.

"The executive committee of the Fernald-Laughton Memorial Hospital met recently," the announcement said, "and reviewed the operations of the hospital and its finances. In order to meet increased costs, particularly salaries, the board found it absolutely necessary to advance the patient charges, commencing June 1, as follows:

"Each patient in ward, \$8 per day; each patient in semi-private room, \$9 per day; each patient in private room, \$10 per day. Nursery charges—\$2 per day for each baby where all supplies are furnished by the hospital, \$3 per day for each baby where all supplies are furnished by the parents. If the baby is left in the nursery after the mother goes home, the charge is \$5 per day. Admission deposits are raised to \$50, except in cases of minor illnesses, bronchitis, etc. All infants and emergencies excepted. In the event of accidents or emergencies, the hospital has always rendered emergency assistance and will continue to do so during the first 24 hours of the illness.

In event a patient is unable to pay, the case must first be referred to Mrs. Abbie Boyd of the County Health Department and if conditions justify assistance can be arranged through that department.

"The patient load at the hospital has been running heavy. Many cases have had to be sent elsewhere during the past few months. Patients were sent to the Orange Memorial Hospital in Orlando.

"The normal capacity of the hospital is 32 beds. It has run as high as 28 admitted patients. This figure does not include babies. When the new hospital is in operation, beds for which there are no patients will be available. Miss Sue Balfanzon is superintendent of nurses at the hospital. Mrs. Mary M. Miesler is manager and Dr. C. Wiley is accountant.

Driver Arrested After Accident

Sheriff's Deputies Robert Carroll and M. L. McClelland last night arrested Hershel Sullivan of Lake Monroe on charges of reckless driving and leaving the scene of an accident.

The deputies reported that late last night they received a call from the man's mother saying that she thought something might happen to him. A short time later deputies learned that Sullivan had turned his car over twice on Orange Blvd. in Lake Monroe.

The car landed right side up and was driven across the county line by its driver. He was arrested when he returned across the line and is being held in the county jail in view of \$100 bond.

Generally Fair Weather Predicted For Election

Voters who don't turn out to cast ballots in tomorrow's runoff between state Sen. LeRoy Collins and Acting Gov. Charley Johns for the governorship of Florida won't be able to use the weather as an excuse.

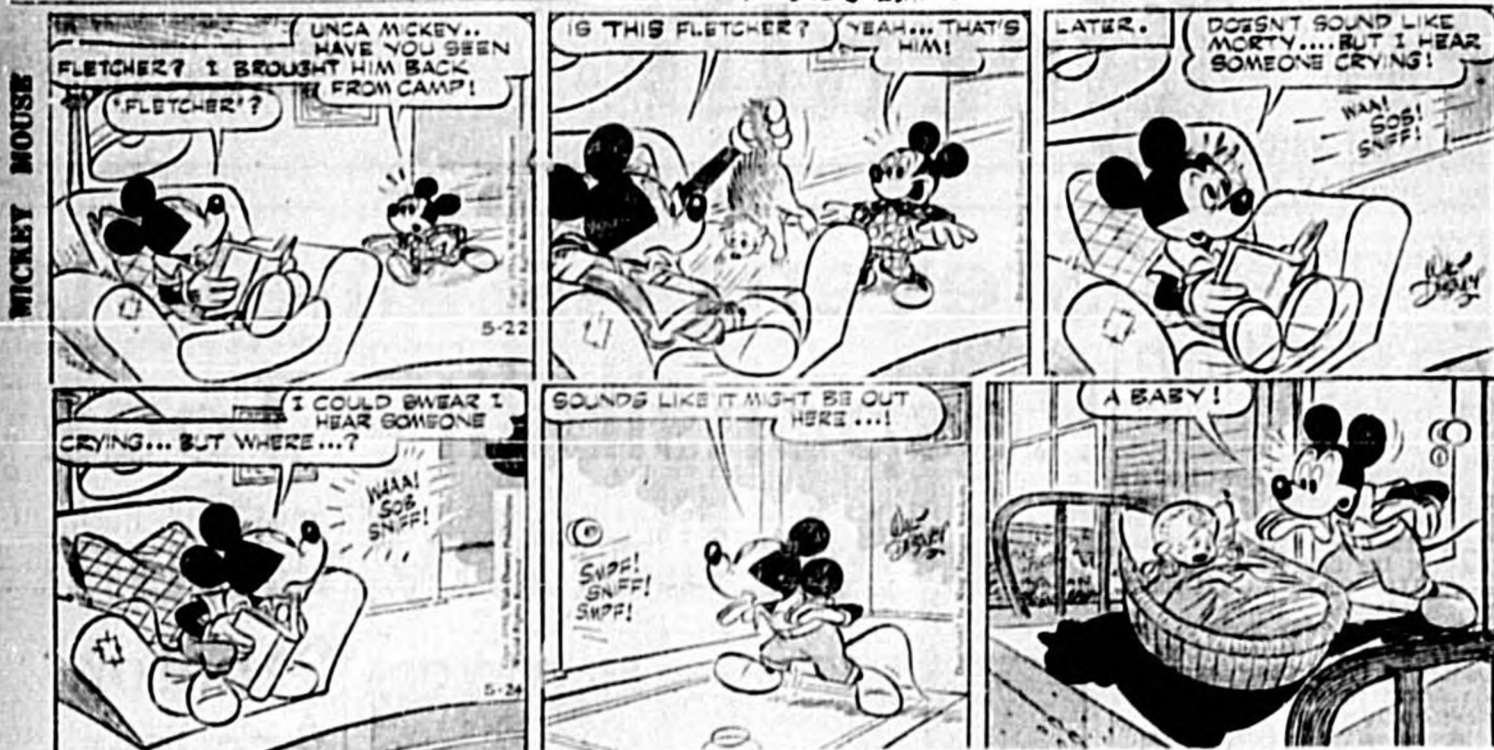

The Miami Weather Bureau said today "it looks like generally fair weather over the state." There could be "a few little light and brief showers" on the lower east coast but they shouldn't keep folks indoors too long.

Poll will open at 7 a.m. and close at 7 p.m. and in most places the ballot is so short it shouldn't take a voter more than a minute to make a check mark or pull a string of machine letter.

The contest for Democratic nomination to serve the two-year unexpired term of the late Gov. Dan McCarthy is the only statewide issue. Eighteen counties have contests for state House of Representatives seats and others have local races on the ballot.

There were predictions that no more than half the 1,197,000 registered Democrats will vote, but both governorship candidates are working to get out more than that—particularly in areas where they are strongest.

There were 620,000 Democratic votes cast in the May 4 first primary. Johns got 38.4 per cent of them, Collins 33.3 per cent and Brailley Odham, who was eliminated, got the rest. (Continued On Page Eight)

Housewife Gets Scare From 'Killer'

SAN FRANCISCO (AP)—A frightened Los Angeles housewife sent police in California's two largest cities hunting Charley the Killer yesterday.

They found their man in a hotel here—but let him go after he admitted he was a killer.

"A man just phoned. He said, 'I'm Charley the Killer, and hung up,'" Ruth Grossman of Los Angeles reported to police there at 4 a.m. yesterday.

The call was traced to the hotel room of Charley Kays of Eureka, Calif., here.

"I was trying to get Ruth Grossman in Beverly Hills and they gave me some other Ruth Grossman," he told Inspector William Stanton. "So I hung up."

"Killer? Oh, yes. In Eureka, everybody calls me 'Charley the Killer.'"

"I run the Eureka Termite Exterminating Co."

THIEF USES CURTAIN ROD
HOLLYWOOD (AP)—A thief shoved a curtain rod through an unlocked window to lift a purse and contents valued at \$250 yesterday from the apartment of actress Leslie Caron. He wasn't caught.

Thompson was pronounced dead from internal injuries shortly after arriving at a Huntington hospital.

Literary Guidepost

By W. G. ROGERS
LONDON AFTER DARK. By Robert Fabian, British Book Centre.

Head of the Vice Squad for some of his 30 years with Scotland Yard, Fabian here in his second book tells about the dusk-to-dawn patrol in the more lurid spots in London's West End. His characters are dope peddlers and their wretched patrons, the prostitutes, pervers, thugs and for a series of chilling chapters, half a dozen murderers.

Despite mystifying and colorful examples of the underground vocabulary, like kaff, lumber, mug, coob, bark and grass, Fabian spells the sordid but interesting story out carefully. He is as careful in his account as Scotland Yard seems to be in its methods. A single thread from a handkerchief, the hat the criminal forgot to take off, the difference of our horsepower in a motor's tax rating, all hanged, or helped hang, a murderer, but many cases were solved, in effect, by sticking to the hunt for a needle in a haystack until it was found.

America will be sorry to learn it comes into the picture on occasion. It is New York, for example, no less than Paris, that provides "blue films," the sex shockers shown in secret back rooms to grubby little men with distorted appetites. There is also a record of "only 19 armed robberies among London's crowded streets and suburbs in 1951. New York exceeds this every day."

Fabian is a master at taking the false glamour out of vice, this isn't romance and adventure to him, it's business, like insurance or real estate. He moralizes, he goes is-it-to you, he talks like your Dutch uncle. He makes the lawbreaker and wrongdoer, a sordid character. The primrose path is all the more exciting to read about when you're walking safely along the straight and narrow.

Consumers Expect Price Stability

What consumers anticipate in the way of future price changes—regardless of whether such anticipations eventually prove right or wrong—has an important influence on their current economic decisions.

It is significant that a recent Federal Reserve Board survey shows that, in early 1951, the largest group of consumers expect

prices to remain steady. As always, a certain number expect prices to fall and others expect prices to rise, but there is not a majority in either direction. This is not too much different from the situation a year ago, but it is vastly different from the pattern in early 1951 when 77 percent of consumers expected prices to rise and early in 1952 when 53 percent expected them to rise.

ACCIDENTALLY KILLED

HAMLIN, W. Va. (AP)—John Delbert Thompson, 68, of nearby Bowles Route, was treating a mule for an open sore yesterday when he animal bolted, throwing him against some rocks and into a creek.

The 200-horsepower Buick Century is the Buick—the hardtop model that's taking America by storm.

Live wire that really looks it.
(One reason why Buick is such a big success this year!)

ITs sports-car lines tell you there's lift and spirit here enough for any man.

Even standing still this glamor car looks alive.

And that look-of-tomorrow styling that's part and parcel of every new Buick—that sweeping panoramic windshield with the dream-car slant—all that says there's action here, and plenty of it.

But just note the name "CENTURY" emblazoned on its rear fender, and you can take it as gospel that this is a performance car of the very first water.

It's the liveliest of the live wires—the highest-voltage Buick in the line.

It is instant on getaway, a joy in cruising, a breeze on hills—and a honey of a friend in the added safety of its plenty reserve power always on hand for sudden needs.

It is, in fact, a 200-horsepower performance car, and priced far below it—the highest-powered car at its price in the land.

With this great-powered good-

looker setting the pace—and with equally impressive SPECIALS, SUPERS and ROADMASTERS adding to the excitement—is it any wonder Buick today is outselling every other car in America except two of the so-called "low-price three"? P

Come in and try one of these gorgeous new Buicks. With the prices we're quoting, you can make the buy of the year this very week.

BUICK Sales are Soaring!

Verdict Reversed

Last year Minot F. (Mickey) Jelke, of New York, was convicted of pandering. The case was so sensational and the details so lurid that the judge who sat on it decided to conduct the trial in public. While the prosecution presented its case. He took that action, he said, to "protect public morals." Recently the conviction was reversed by an appeals court which held that the decision to bar press and public deprived the defendant of the right to a public trial.

The decision means that the state of New York will probably have to try Jelke again. This means more expense and time consumed and this is regrettable. On the other hand the appeals court decision that a fair trial must be a public trial was a wise one.

The original judge acted in good faith in barring the public and in this one instance he might have been right. Had the verdict not been reversed, however, a precedent would have been established which would some day have deprived a citizen of his rights by refusing him a public trial when a public trial was necessary to secure justice.

Freedom is not always a convenient thing or an easy thing to bear. It places weighty responsibilities upon its beneficiaries and sometimes those responsibilities are ignored. But it is too precious a thing to let it slip away because it occasionally takes courage to live with it.

Pact With Pakistan

The position of the free world was strengthened by the conclusion of the mutual defense pact between Pakistan and the

United States. Under terms of the agreement the United States will help to train and equip the army of Pakistan for the role it may some day have to play against Communist aggression.

Pakistan stands at the gateway to the entire East and the area where the position of the free world needs bolstering. Although the Indian government has protested against the idea of giving arms to Pakistan that country has given us assurances that the arms will not be used for aggressive purposes.

The hope of the world in these troubled times seems to lie in collective security, in mutual agreements among powers great and small to help each other to check aggression. The mutual defense pact with Pakistan may contribute greatly to that end.

County Agent's Column

Way Down South In Sanford, Florida

By C. R. DAWSON, BSA, MSA.
COWS — The annual meeting of Florida Dairy Association is May 26-28 at Daytona Beach. Headquarters is Daytona Plaza Hotel.

GRASS — Most important thing we're learning about feeding grass is how to produce more milk and meat per acre. It's our new yardstick for feeding.

RATS — A single rat will eat as much as 50 pounds of grain a year. Rat control is a year-round job.

TREES — Fire is the number one consumer of wood. Forest fires destroy as much wood as our pulp and paper mills use each year. In addition, they kill millions of seedlings and damage top soil.

EQ-53 — The liquid product for moth-proofing wool during laundering, made its debut in stores only a year ago. Its reception by housewives was so hearty that in some places, distribution did not meet demand. Now there are some 80 firms preparing the stuff under various trade names and there is plenty as the spring season for laundering blankets, sweaters and other wool washables.

This stuff is a mixture of the insecticide DDT with chemical carriers and offers a simple way to save woollens from fabric pests.

TRUE OR FALSE — You can lead a fool to chatter but you cannot make him think. But even he knows this: As farming goes, so goes Sanford.

MAN WHO CAME TO DINNER

Public Forum

This column is for Sanford Herald readers to use in expressing their opinions upon any matters of interest to the general public. We solicit your ideas and fair criticisms of any existing conditions, city-wide, state and national; comment, or criticisms of individuals, public officials, groups or organizations, but be temperate, fair and lawful. No personalities. The length of your letter depends upon the importance of what you have to say. All letters will be signed by writer with address, though signature will be withheld from publication upon request. Wherever possible letters should be limited to 200 or 300 words. To the Editor
"I wish to express my thanks and appreciation for the wonderful enthusiasm and energy expressed by all organizations which participated in Sanford's Fifth Armed Day parade.
"My thanks especially goes to the parade committee chairman Joe Fields who went all out in making this year the biggest yet. To Lash LaRue, our cowboy star, who canceled a personal appearance engagement so that he could help us make all the children happy; to all the parade marshals and their assistants who did more than their share; to the colorful bands that turned out; to the military drill teams; to the individuals who worked many hours to turn out the wonderful floats we enjoyed and

Man Battles Machine

NEW YORK (AP)—There is a new kind of class warfare going on in America today.
It is a war between the white collar class and the coin vending machines in the office locker rooms where millions of white collar workers now consume the lunches they carry to work.
In some offices the locker rooms resemble supermarkets, crowded with automatic dispensing gauges that peddle everything from mystery novels to stockings.
The locker room in my firm, however, is making no attempt to run the A & P out of business. We have only 7 of these coin-operated mechanical salesmen, which yield 2 kinds of milk, several flavors of ice cream, 7 brands of cigarettes, 4 varieties of soft drinks, and about 20 kinds of candy bars.

But even these seven machines have turned our nice locker room into an exciting battleground where men and metal monsters grapple in mortal combat.

I have practically given up going to the theater or watching television. When I want to study human nature in the raw, I go to the locker room, where I am sure I can find more soul-searing dramas than in "Uncle Tom's Cabin," more suspense than in "Dragonet," more comedy than a Broadway musical offers.

Who will win—man or machine? This is the crucial issue every time an employe approaches one of the machines with a coin. Nine out of 10 times there is a happy ending. The machine hesitates, grumbles, then reluctantly coughs up the desired merchandise.

The 10th time—maybe the machine doesn't like the feel of the coin or the color of the necktie the employe is wearing—nothing happens. Then anything can happen—from a renewal of the siege of Vicksburg to another Battle of the Bulge.

Usually the engagement ends after a flurry of wild blows and kicks, a series of high-arched human yells and low stubborn mechanical growls, with the employe nursing bruised fists and sore loes—and the machine sneering at the natural superiority it feels toward any white collar worker.

Since the profits from our machines go into an office welfare fund, we have an umpire who settles most of these disputes by returning the lost coin—a trace that really appeases neither the man nor the machine involved.

But in another office locker room I know of—I collect these tidbits of machine vs. folklore—a really interesting dispute arose. An employe claimed he pushed down the button of the vending machine for a bar of plain chocolate. But (he swears) he got instead a chocolate almond bar, which he devotes, and now showing up the firm, he is locked half a worm waving in front of him from a black-

board. When demands he wants to see him he niches back. He

wants to sue the machine. The machine, on the other hand, claims the man is a known liar and a fraud, and insists it will fight the case clear up to the U.S. Supreme Court if necessary. The third party in the dispute, the worm, is in no condition to testify for either side.
It is clear that more and more of these difficult issues will arise in time. In a world where there is already too much ill will, the Nobel Peace Prize certainly ought to go to the first man who can find a way to curb the growing hostility between the white collar class and the locker room automatic vending machines.
Operators using the bark chipping and acid method of turpentine chip their trees once every two weeks. Older methods required weekly chipping.

SRD Auditors Say Little or No Money Left To Match Some 15 Millions in Federal Aid

TALLAHASSEE, May 20 (AP)—State Road Department auditors said today all but \$3,200,000 of the funds available for primary road building this year already have been committed and there is "little or no" money left to match some \$15,000,000 in federal allocations.

Reprint from Times-Union Friday, May 21, 1954

Johns "Action Road Board" Promises

GONE TO THE 4 WINDS

NOW THE TRUTH COMES OUT—LUCKILY BEFORE ELECTION

THE GREATEST POLITICAL HOAX OF THE GOVERNOR'S CAMPAIGN

Is Now a Matter of Record

The answer is simple but tragic:

Practically all primary roads and bridge projects "in the budget" this year and not already covered by bids, let and advertised, are out the window until next year's budget. All promises and boasts of what's "in the budget" for this County and all other counties that are not covered by bids have gone up in smoke.

This wholesale breaking of promises shows the Real Character of the political machine of the Acting Governor, whose slogan is:

"Promise, Promise, Promise,--- whether you can deliver or not."

But the People Won't Be Fooled, That's Why They Are Going to Elect **LEROY COLLINS** Our Governor

Let's Beat the Machine.... Vote May 25th

Cardinals Down Groveland 13-2 For Second Straight Win

Crabtree Hits Home Run, Lake Gets 5 Hits

By TOMMY KUHN
Aided by Bill Crabtree's grand slam home run, the Sanford Cardinals won their third Central Florida baseball game yesterday.

The Cardinals now have a 3-2 record in the league. It was the second straight league game the Cardinals have taken. The game was close until the fifth inning and then the Cardinals finally pulled ahead and won the game 13-2 from the Groveland Mascots.

Sanford pitcher Lloyd Swain was his second win against one loss in the CFL. He defeated Longwood earlier in the season and suffered his only loss against the Sanford Navy Indians. No other can the young left hander pitch, but he can also hit. He has now got eight base hits in 12 times to the plate for an average of .667.

Sanford started its surge early in the first inning, and before the inning ended the Cards had a 2-0 lead. Gene Pennington opened the inning by walking. The next batter struck out. The Buddy Lake singled and Pennington moved to second. George Kells walked and the bases were jammed. Red "Hank" Hires came up to the plate, took a healthy cut at the ball and singled into center field. Two runs crossed the plate and Sanford jumped into the lead. Finally the side was retired.

Groveland soon got down to business. During the next four innings neither team was able to score and the game looked as if it had turned into one of the best pitchers duels in the CFL this year. But the duel only lasted until the sixth inning, when the game broke wide open.

High Carlton was the first batter for Sanford in the top of the sixth. He was walked, and then scored on Pete Schirard's single. The next two batters singled and the bases were loaded. This was it! The scene was set! Bill Crabtree approached the plate and let the first pitch go by. Then he happened! The Groveland batter hit fly with his fast ball. The pitch came straight down the middle. Crabtree swung and lifted the ball over the center fielder's head and into the bushes for a grand slam home run.

Banford combined four hits and scored three more runs in the next two innings. They now lead the Mascots by a score of 11-0. Lloyd Swain saw his chance for a slout out all away from him in the bottom of the eighth inning. The first batter up filed out, and the next one reached second on a double. Another hitter singled and first and third base were occupied. Then Buster Hancock lifted a tremendous triple into deep center field. Two runs scored and the Groveland threat ended.

The Cardinals put together two singles, a sacrifice fly ball, and Fulton Bentley's double to score two more runs in the top of the last inning. The Mascots put two men on base, but they were unable to score them, and the game ended with Sanford winning 13-2.

Central Florida League Round-Up

Pinecastle took an undisputed hold on first place in the Central Florida League yesterday when they handed the Sanford Navy Team its second straight loss. The score was 10-3.

Terriers Down Winter Park 2-0 In Finals

Kell Sold To White Sox

By TOM BRANAGAN
CHICAGO (AP) — In a lavish, uncharacteristic gamble, the Chicago White Sox paid a reported \$100,000 for hard-hitting George Kell and now are ready to acquire another famed slugger, Phil Cavarretta.

Frank Lane, the Sox general manager, got third baseman Kell from the Boston Red Sox for reserve infielder Grady Hatton and cash — so much that Red Sox General Manager A. A. G. Joe Cronin "couldn't turn it down without getting a bit in the opening inning to wrap it up."

Lane didn't announce the amount involved but Manager Paul Richards, when asked if it was \$100,000, said: "I think that's pretty close."

In a further effort to shore up the Sox for a determined pennant drive, Lane appeared on the verge of taking on Cavarretta, the departed Chicago Cubs manager, as a pinch hitter and coach.

Kell has hit over .300 the last seven seasons and Cavarretta has a lifetime .292 batting mark in 19 seasons at first base for the Cubs. With the Sox pitching staff manned by experts — Richards says it's the best in the American League — the strike hitting Committee club needed a player of Kell's batting ability badly. Richards said only Saturday that the club had to find a dependable slugger to slay in the race. Sox pitchers were hurting five and six-hit games and losing.

If Cavarretta is obtained and can regain even a respectable fraction of his old form, another Sox problem would be near solution. Richards hasn't been able to call forth a reliable pinch hitter in clutch situations. He sent pinch hitters to the plate 25 times this season before one of them — pitcher Bob Keegan — produced a hit.

The ex-Cub pilot, relieved during spring training and ordered by Stan Jack, was due in Chicago today for a talk with Lane. They were reported close to an agreement.

Ben Hogan National Golf Day Will Be Observed Here

Don Bartley Continues To Lead FSL Batters With His Average Of .436

For the fourth successive week, and maintaining a substantial lead over his nearest pursuer, Daytona's Don Bartley continues to monopolize the batting top spot of the Florida State League. According to Howe News Bureau statistics, Don, this week, posted a .436 mark, just a 4 point drop from last week. Bartley is still high in total hits with 61, an increase of ten. Bob Husker, Don's teammate, held firm to his top place in runs with 42, and came on fast to snare the total base lead with 78. Allen Meyer, of Jacksonville Beach, still leads the stolen base column with the same total he had last week, 12; while he broke the tie that existed in triples by adding one more to give him hole possession of that department at honor, with 6. Big Ed Levy, Daytona Manager, continues to drive in the runs and now has 45, a league high. Ed, also is second in his 2-base hit total, with 11. Cocoa's Pat Mullin didn't hit a homer during the week but holds his lead in that department of slugging, anyway. Pat has 7 John Blodgett, Deland's top pitcher, added 2 more to now give him an outstanding 0-0 record. John has pitched 8 complete games, and has worked the most innings, 82. Dick Huger, Jacksonville Beach, shows the way in strikeouts with 69.

Sports Roundup

By GAYLE TALBOT
NEW YORK (AP)—Sam Snead will serve his 40th birthday Thursday, and so there comes the realization that time is beginning to run out on the wealthy ex-hillbilly. If he is ever to collar the will of the wisp he has been chasing all these years, the National Open golf championship, it had better be soon.

Soon after 40, as any of the stars of other days will tell you, the legs begin gradually to go and those 36 holes on the final day of the Open become a terrible grind. The wing might be as good as over, but when legs become tired it is difficult to maintain the degree of fierce concentration required to win championships.

Because of this, and because of the spectacular golf he has been shooting lately, it will not be surprising if Snead draws greater individual galleries even than Ben Hogan, the defending champion, in the Open beginning at Baltusrol June 17. Hogan, by the way, will be pushing 42 this time, but the Bantam already has won his four Opens and has proved long since that he comes under none of the recognized rules governing age and physical fitness.

Snead's army of admirers, who long have regarded his swing as the greatest in the world, will be pulling for him to crash through before it is too late. They will regard it as almost a personal tragedy if, once again the balding West Virginian fails to win the biggest prize of them all.

The suggestion has been made, incidentally, that Snead and Hogan be placed in the same threesome for at least the first two rounds so that the crowd may see the two giants in hand-to-hand combat, but it's doubtful that tournament officials will go for the idea. One of them tells us that, while it would be great fun, the resultant gallery would be certain to foul up the course for all the other players.

Ironically enough, during the years that he has been building up his unique record of failure in the Open, Snead has seen it won by five or six players who do not begin to match his over-all list of successes and are, to put it bluntly, less talented. The fact remains, though, that on a certain day when all the chips were on the table, each of them rose to the occasion and wrote his name in the big book.

Gonzales, a youngster from Rankin, Pa., has won 11 of 18 start-ups, losing to Pierre Langlois and Huey Castellani in his two 1954 scraps.

Baski Meets Baker Tonight

NEW YORK (AP)—Joe Baski, back for "just one more chance," kicks off the boxing program tonight at Brooklyn's Eastern Parkway (ABC-TV) against Big Boy Baker, a Pittsburgh giant who also fumbled away his big chances.

When Baski, now 32, came down from the farm at East Nassau, N.Y., around the first of the year he weighed a bulky 261 pounds. After weeks of training and one "tuneup" knockout victory he's down to "about 213."

Baker's bright hopes were dimmed by chronic bad hands. Every time he started to make his move, the hands went back on him. He got around 223 but weighed only 209 when he was stopped by Archie Moore March 9 at Miami Beach.

Sports Selections

By TOMMY KUHN
THE LATEST RUMOR—Have you heard it yet? Somebody has been spreading a yarn around town that if the Jacksonville Sea Birds, a baseball team in the Florida State League in the number one slot, fold up, Sanford will get the franchise. It would be nice if we could get them, but I assure you that the odds are not in our favor.

First let us look at some of the reasons why we probably won't get the franchise. The main reason is that we have not got the money. Do you remember when we had a chance to produce 1000 dollars for the entrance fee in the FSL earlier this year. "What happened?" you say. Well the simple truth was that we just didn't have the money.

Did you read the article in the Orlando paper the other day about the owner of the Jax club saying he would move to Sanford, Palatka, or Leesburg if the people would pay to see the team play? Well, there look back to last year. We had the second largest attendance in the FSL, but we still lost money.

The one dollar entrance fee in this challenging tournament will be divided equally between the USO and the National Golf Fund, Inc., for worthy charities.

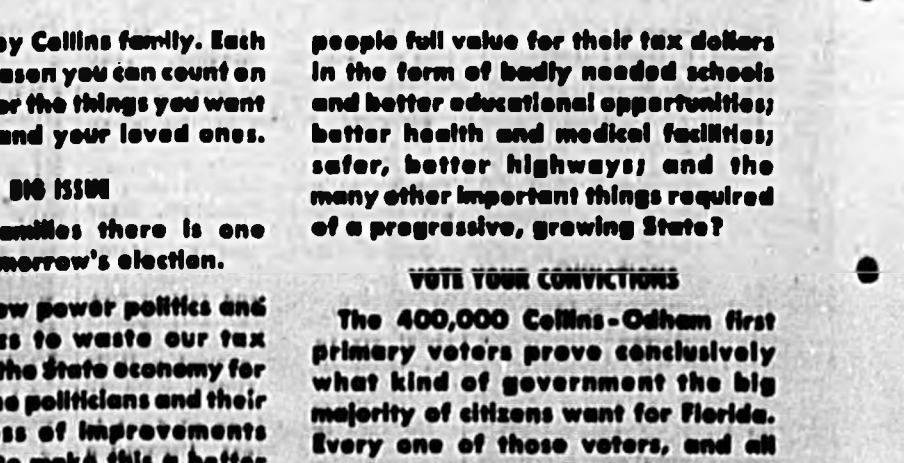

The \$4,000 which USO realized from last year's event is being devoted to the establishment of a new USO Center in Japan for American troops stationed there.

Urging every resident of Sanford who can "hold a golf club" to take part in the National Golf Day competition, Mrs. Oiler stated that "the need for USO service is still unmet in many parts of this country and overseas. While trying to beat Ben Hogan, we can at the same time help the USO serve the young men and women in the armed forces."

Golfers can register in the local Country Club pro shop at any time during the week May 30-June 5.

Chicken salad for a party snack benefits from the addition of almonds and ripe olives. Mix in the almonds just before serving so they'll be crisp.

Five Good Reasons...

Why Your Family's Future is Safer with COLLINS!

Meet the LeRoy Collins family. Each one is a good reason you can count on Collins to fight for the things you want for your home and your loved ones.

THE BIG ISSUE
For Florida families there is one main issue in tomorrow's election.

Are we to allow power politics and machine politics to waste our tax monies and sap the state economy for the benefit of the politicians and their pals, at the loss of improvements vitally needed to make this a better State in which to live and raise our children?

Or are we to have a government of high principle dedicated to giving its people full value for their tax dollars in the form of better schools and better educational opportunities; better health and medical facilities; safer, better highways; and the many other important things required of a progressive, growing State?

THE 400,000 Collins-Olsham first primary voters prove conclusively what kind of government the big majority of citizens want for Florida. Every one of those voters, and all others are urged to join forces and make tomorrow's election a certain victory for the future of Florida. Be sure to vote! It's the most important thing anyone has to do tomorrow!

BEAT MACHINE POLITICS!

Johns

(Continued From Page One)

Johns said Collins "is merely displaying his ignorance of state governmental functions" in the discussion of the federal road money issue.

"Every dollar of federal aid that Florida can secure with matching funds is available to this state for the coming year in our \$100,000,000 road building program," he said.

"We are fully confident that the authenticated statement of W. A. Williams, auditor of the State Road Department, gives us sufficient basis financially speaking to proceed with our \$100,000,000 road program as we have heretofore outlined."

Williams said in a letter to former road Chairman Alfred McKethan that "there will be little or no primary state funds available for matching primary federal funds during the remainder of this year."

Later, he issued a statement emphasizing that federal funds unmatched this year will not be lost but may be used next year if the state can match them.

Johns said in his Orlando statement "I want all the people of Florida to know that the peril to their homestead exemption is real and terrible under the Collins tax commission plan."

"A Tallahassee tax commission would be as far away from the people as the Russian secret police, I do not believe in putting such gigantic taxing powers in the hands of a central Tallahassee bureau. Charley Johns will fight this attempt to take over home rights with all his strength and power."

Collins

(Continued From Page One)

for a final check with campaign leaders around the state, Collins issued a statement declaring "It is clearly apparent that a strong reaction has set in against the acting governor because of his false and desperate campaign tactics in these closing days and hours."

"I confidently predict now that our margin of victory will be 75,000 votes or better."

He said "brazen campaigning by tax-paid state officials" also has reacted strongly against the acting governor. The people don't like this use of their own funds to support a political machine and are determined to put an end to it on election day.

"This feeling is not confined to certain areas. It is the same all over the state. Our position in North Florida is far stronger than in the first primary and our momentum in south Florida has gained more and more strength every day."

Collins addressed a telegram to St. Johns, Volusia, Flagler and Brevard County officials contending their proposed bond financed project for four-lane V. S. Highway 1 is jeopardized by failure of the Johns road board to "live up to commitments for state and federal aid."

He said if he is elected the road board he appoints will "show out" and use for such projects the "12 million dollars in federal aid funds" which the Johns board has "passed up" this year in haste to make a big showing for political purposes.

Negroes

(Continued From Page One)

officials will have certain administrative problems in transferring from a segregated to a non-segregated system," but added: "We will resist the use of any tactics contrived for the sole purpose of delaying desegregation."

Talmadge did not comment afterwards on the NAACP's plan for approaching local school boards. He did say, however: "The people of Georgia will know my views. As long as I'm governor of Georgia there will be no mixed schools. I am not interested in pleasing Communists at home or abroad."

Talmadge said on a CBS program yesterday that the state will not comply with the Supreme Court decision.

"It would take several divisions of troops to police every school building in Georgia and then they wouldn't be able to enforce it," he said.

Another defiant note came from Sea Island, Ga., where Leander Perez of Baton Rouge, La., declared that interracial marriages are the "ultimate objective" of the NAACP.

Perez, national director of the States Rights Committee, appeared with Georgia's Lt. Gov. Marvin Griffin on an MBS program. Both said the South will not accept the decision passively.

Jaycee Officers Will Be Installed

The Junior Chamber of Commerce is scheduled to hold a chicken barbecue at the Mayfair Inn County Club Thursday evening, according to Mrs. H. K. Ring, secretary.

To begin at 7 p. m., the affair will feature the installation of the group's new officers for the year 1954-55.

Charlie Johnson, president-elect of the state organization will attend and take part in the installation ceremonies.

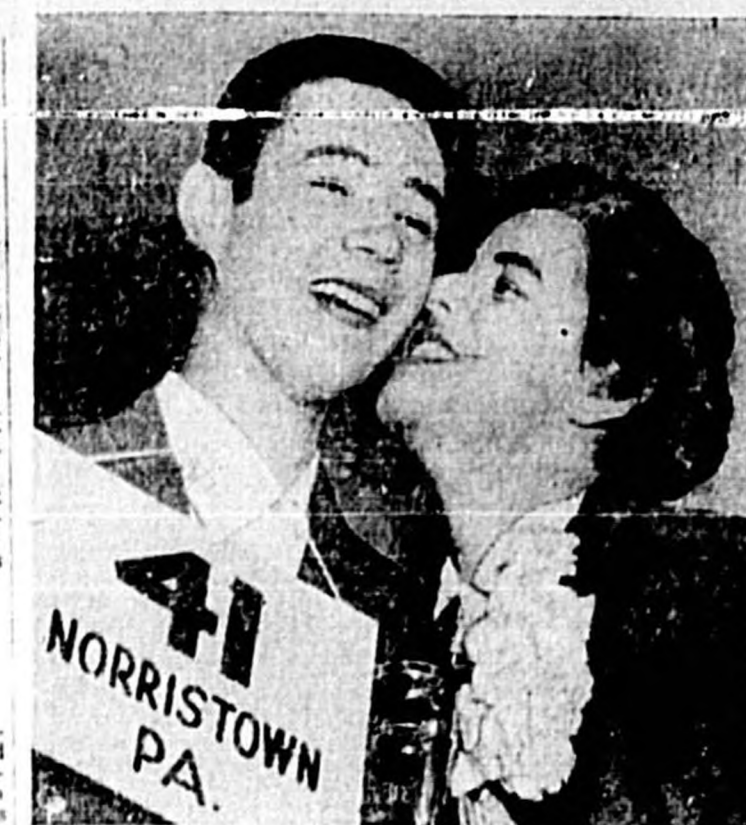

It is not known at the present time if any entertainment is scheduled for the annual affair. Mrs. Ring stated that all reservations must be in by noon tomorrow.

Finish Renovation Of Well Houses

The City water department today reported that repairs and painting at the City's well field located on the Sanford-Orlando Highway, were completed this weekend.

The well houses have been painted with a long-lasting aluminum paint and repairs made where needed, according to City Manager Warren Kjosvies.

The work had been scheduled to be completed last week, but difficulty was found in obtaining the paint. City labor was used in keeping costs at a minimum, it was said.

WILLIAM CASHORE, 14, of Center Square, Pa., is kissed by his mother, Mrs. Joseph T. Cashore after he won the 27th annual national spelling championship in Washington, D. C. The winning word was "uncluttered," which means "boasted." The 15th-grader's advice to would-be champions: "study hard after school and think before you spell." He received \$500 and a week-end in New York. (International)

Rotary Speaker Tells Of Spain

Speaker and guest of honor at today's regular weekly luncheon meeting of the Sanford Rotary Club held in the Yacht Club, was Oliver Eaton, nationally known attorney and ex-mayor of Winter Park.

Eaton reviewed Spain's governmental struggles during the past 30 years, during which the country passed through three separate cycles of rule, monarchy, republic, and dictatorship.

He gave a brief dissertation on the country's economic problems over the same period and compared its present set-up with that of the United States.

Frog Wins \$1,000 For Its Owner

Lucky Lager, with three prodigious leaps totaling 16 feet 10 inches, set a new frog jumping record and won owner Roy Weimer \$1,000 yesterday in the 27th annual contest based on Mark Twain's famous story.

Lucky Lager bettered by 8 inches the mark set in 1941 by Maggie.

In Twain's story "The Celebrated Jumping Frog of Calaveras County," a villain loaded the favorite with buckshot and it never got off the ground.

Use distilled or rain water in your steam iron to prevent rust or lime crust from forming in the water receptacle.

State Tax Commission?

CHARLEY JOHNS Says NO!

Here's how it could work in Seminole County:

A tax expert comes into your county from a central Tallahassee bureau and decides your homestead assessment is not correct.	
Your present assessment	\$5,000.00
Homestead Exemption	5,000.00
Present Taxes	\$0.000.00
NEW ASSESSMENT, SAME HOME BY TALLAHASSEE EXPERT	
TALLAHASSEE EXPERT Homestead Exemption	\$9,500.00
Homestead Exemption	5,000.00
Taxable after revaluation	\$1,500.00

Same Seminole County Millage of 34 mills would cause you to pay in taxes on the same home \$ 153.00

I WILL APPRECIATE YOUR VOTE

Charley E. Johns.

All Florida Needs This
Man of Action

(Paid Pol. Adv.)

GILBERT NATHAN, 7, waits patiently in a San Francisco hospital for doctors to remove the blade of a pair of scissors from his skull. The shears were reportedly thrown by his brother, Johnny, 8, in a squabble over a box of crayons. The sharp point missed vital tissue, and the boy's condition was described as excellent after removal of blade. (International)

Erroneous Road Information Given

The Herald's investigation attempting to locate the person who presented a staff reporter with erroneous information that State Road 46 had been more than half completed.

The story appeared in The Herald Thursday stating that another road running from Oviedo to Five Points was in the same state of completion.

On the following day it was called to the paper's attention that no construction was in evidence on either road. Investigation has proved this to be correct and The Herald is glad to print a correction.

NOTICE TO PROPERTY OWNERS

The 1953 delinquent real estate tax list of the City of Sanford, Florida is posted at the front door of the City Hall and at the Court House in the City of Sanford, Florida, and will remain so posted for a period of four consecutive weeks.

All real estate upon which the 1953 taxes have not been paid, and against which tax certificates have not already been issued will be sold at public auction on the 23rd day of June A. D. 1954, commencing at 10 o'clock A. M. at the front door of the City Hall in the City of Sanford, Florida.

H. N. SAVERL, City Clerk

DID YOU SEE THIS ONE?

In the Sanford Herald
Published Thursday May 20, 1954

Road Resurfacing Is Half Finished

Extensive resurfacing of 10 miles of highway between Oviedo and Five Points, which began several weeks ago, is more than half completed.

Work on the resurfacing of two and one-half miles of State Road 46, west from the Sanford city limits to Monroe Corner is only a few days away from completion, but contractors cannot give definite completion date.

Sportsmen are reminded of the "Family Night" fish fry to be held by the Seminole County Sportsman Association tomorrow evening at 6 o'clock at Mullet Lake Park. The regular monthly meeting planned for tonight will be postponed because of the fry, according to Porter H. Lansing, president.

The local Western Union office, in observance of Memorial Day, Sunday, will be open the following hours on Monday: 8 a. m. until 1 p. m. and 3 p. m. to 9 p. m.

Fourteen members of the Sanford Kiwanis Club made an inter-club visit to the St. Cloud Kiwanis Club last night. Those attending were W. W. Jackson, Douglas Stratton, Edward F. Lane, James Grant, M. R. Strickland, J. C. Davis, Irvin G. Pryor, Willis Feasby, Fred Wilson, Dr. Luther Doss, A. L. Wilson and Mack Cleveland Jr. Charlie Morrison, local Rotarian and honorary Kiwanian, led the group in singing and staged a comical quiz program.

Blimp Stays Aloft More Than Week

KEY WEST, Fla. — A U. S. Navy blimp that stayed aloft for more than a week, setting a new record to break the world's endurance record prepared to land today.

The ZPG-2 airship of the Navy type with 14 men aboard was due to land at the Boca Chica Naval Air Station, nine miles north of Key West, about 2:30 p. m. (EST), after approximately 200 hours in the air.

It was cruising in the Florida Keys early today, in radio communication with the Navy base here, under clear skies with moderate winds prevailing.

Cmdr. Marion H. Eppes of Pinaloa, Ala., is in command, with a crew of 12 Navy men and a civilian observer aboard.

The higher-than-air ship left Lakeland, N. J., Naval Air Station at 7:32 a. m. (EST) Monday, May 17, to carry out a simulated anti-submarine patrol.

It broke the old record of 110.3 hours while cruising over Miami yesterday. Eppes told newsmen by radio that all aboard had eaten and slept well, "but after a week we need baths."

The 24-foot, non-rigid airship covered more than 200 miles on patrol over the Atlantic seaboard, the Caribbean and the Gulf of Mexico. A Navy spokesman said the blimp had been under way at all times and never "just hovered."

"The blimp could wait for a submarine to surface if it took all week," the spokesman added.

The old record of 110.3 hours was set in 1947 by an M-4 type airship, also out of Lakeland.

WILL SPEAK
NEW YORK (AP)—President Eisenhower and Adlai E. Stevenson, his Democratic rival for the presidency in 1952, will help Columbia University celebrate its 200th anniversary starting next week.

Eisenhower, president emeritus of Columbia, and Stevenson will speak June 3.

'Crazy' College Professor Getting Doctor's Degree

DENTON, Tex. — The craziest college professor in the country, man, is getting his doctor's degree.

Crazied is what his students call M. E. (Gene) Hall, meaning he's the greatest.

Hall, who has trouble switching between scholarly conversation and boisterous lingo, runs a real cool jazz music course at North Texas State College here. As far as he knows, it's the only course in the United States that will get you a degree as a bachelor of music in jazz from an accredited college.

By the first week of June, his doctor of education degree should arrive from New York University.

"I'm not going up there to get it because it costs money," he said. "I've got grocery bills and kids in school, you know."

Hall, a big, bespectacled man of 40, has been fighting grocery bills since he got out of school last night, a little less in school.

During the discussion, he played the saxophone in a peacish band. That doesn't mean the band peacified the people. Most of the time he was in a peacish, wondering where was going to play and eat next.

He saved and entered NTWC. When his money ran low he'd go

RUSSIA is offering unlimited amounts of American World War II weapons for sale to Guatemala, according to Col. Husein Sauleh, military equipment purchasing agent for the Central American country, known as the "Black Eagle" during the Ethiopian War, Col. Julian already has obtained arms from Switzerland.

Judge Says Florida Automobile Law Is Not Constitutional

WEST PALM BEACH (AP)—Circuit Judge Joseph S. White says Florida's automobile financial responsibility law is unconstitutional. Judge White yesterday enjoined State Treasurer J. Edwin Latson, administrator of the law, from enforcing an order that Mary Johnson, who was involved in an accident, take out liability insurance and obtain property damage and personal injury releases or lose her driver's license.

His ruling, Judge White said, "The court is not unmindful of the principle that a temporary injunction should not be granted in a case such as this, the validity of a statute is fairly debatable."

"However, there is no doubt in the court mind at this time that the provisions of Chapter 324 (which encompasses the financial responsibility law) are unconstitutional. The question is not fairly debatable."

The law was passed in 1950 and amended in 1951. Attorney William H. Hillman, who represented the Johnson woman, said it had not previously been tested in this court nor in the Florida Supreme Court.

The Johnson woman was involved in an accident last March 14 when an automobile she was driving collided with another which, in turn, struck a bicycle and injured the 12-year-old rider. All are Negroes.

Police Protection Asked By Company

The Southwest Fruit Company, Sanford, yesterday requested City police to keep a watch on the company's building at 1200 French Ave.

The report stated that recently two Negro youths had broken into the truck storage garage and started one of the firm's heavy trucks.

The vehicle ran out of control and smashed into a truck trailer containing approximately \$200 damage, according to the report.

No arrests were made because of the time element between the damage and its being reported to the police.

B. L. Perkins Jr. Named To Group

The City Commission last night appointed B. L. Perkins Jr. of B. L. Perkins & Son, local men's clothing store, to a seat on the City governing authority.

Perkins has been an active officer of the Sanford Merchants' Association for the past year, holding the office of director. He is also a member of the Seminole County Chamber of Commerce and president of the Sanford Rotary Club.

Prisoner Escapes From City Jail

It was learned today from police reports that a prisoner had escaped from the city jail Saturday.

Willie Moore, a trustee at the jail, had been patrolling the outside facilities when he was alerted at 7:30 a. m. Saturday.

Chief Roy Williams, commented that Moore was a model prisoner and had only a short time left to serve on his sentence.

"It's spring and I guess he just couldn't take it," said the chief. He has since been seen in a local tavern and around his home, according to the report.

City Body Awards Contracts

Sanford's City commissioners last night awarded three contracts on the city's sewer and water projects over the protests of John Kader, city commissioner, who felt that there was an irregularity in the lettering of the contracts.

The commissioner objected to the lettering of a \$66,412.21 contract to E. H. Holcomb Jr., Clearwater, for the laying of water pipe by the design plan. Kader stated that another contractor had bid \$222 less for the same job records at the city hall bear out Kader's statement.

Commissioner John Kader, however, pointed out that Holcomb had pledged to do the work in half the time stated by the lower bidder. He commented that the time element would actually save the City money because of increased revenue at an earlier date.

Some further discussion of the contract was held to Holcomb, who stated in his bid that the job would be completed in 60 days.

Contracts were let to the Whitmer Tank Co., Jacksonville, to construct the proposed 300,000-gallon water tank, \$29,845; Peninsula Construction Co., Pinecastle, for a concrete water tank base, \$2,900; and a \$66,412.21 contract to Holcomb to lay four miles of new pipe for water.

Contracts on the City's proposed sewer installations were tabled until the commission's next meeting when the city hopes to be notified whether or not it can extend its present bond issue of \$1,175,000 another \$200,000 without additional security.

This action was made necessary because bills on the work are running higher than expected by the planning engineers and City officials.

The commissioners debated the possibility of reducing parts of the contracts to save money and another possibility advanced by Robert Angus, Jacksonville engineer employed by the City, that contract 2 be held back. However, representatives of the company bidding on contracts 2, 3 and 4 as a unit, said that it would not be feasible to split the contract as it would force the construction cost estimate higher.

No decision was reached by the group and the sewer question was tabled until the next regular meeting. Commr. William Seaton was absent from last night's meeting.

Reports Are Given At Lions Meeting

Today's regular monthly luncheon meeting of the Lions Club was held at the Yacht Club, was given over to reports at the direction of President Volpe Williams.

Henry White, president-elect of the organization, reported to members on the Annual Lions State Convention held in Orlando last week.

He stated that the Sanford group was given special recognition for completing its 25th consecutive year working with local children in Lions baseball leagues. This is the only club in the state to complete that length of time with the league.

White also commented on the local club's activities at the club's annual picnic, which was the best attendance we've ever had at a convention, which was attended by more than 1000 Lions from over the state.

The Seminole High School Band was one of the hits of the convention when it presented its renowned dance music during a parade Monday night at the opening of the convective, according to White.

District four of which Sanford is a member reported on having completed more than 500 separate projects in outstanding activities, according to the report.

Hugh Duncan reported on a district meeting of the newly elected officers of various Lions Clubs in the district, which was held in Port Orange yesterday.

The group voted to sponsor a Sanford club at the New Emerald Beach Seaside Festival to be held next month. The representative has not yet been selected by the group.

There was some discussion on where to hold the club's annual installation party scheduled to be held June 8th, but no decision was made.

Nurse Freed From Fortress Tells Story Of Experience

HANOI, Indochina (AP)—Genevieve de Galard Terrabue declared today that tending French wounded in forty terror-filled nights and days in the fortress of Dien Bien Phu was the "most formidable experience of my life."

"It opened new horizons to me of courage and devotion to duty while French soldiers and officers were so bravely fighting and dying."

Facing a battery of 50 newsmen from nine countries, photographers and American television reporters, the heroic nurse in her first mass interview calmly and simply said:

"I only did my duty."

She asserted the most "dangerous and dramatic moment" of the long, savage battle for the French Union fortress northwestern Indochina's jungles came on the night of March 30-31.

"It was then that the Vietminh hurled over thousands of mortars and heavy artillery projectiles and there were hundreds of French wounded and so many dying."

"It was so dramatic and tragic, for so many of the wounded

General Testifies Special Leaves Asked For Schine

WASHINGTON (AP)—Maj. Gen. Cornelius E. Ryan testified today the McCarthy subcommittee staff requested a special leave from Ft. Dix, N. J., for Pvt. G. David Schine but said he had no knowledge the requests were for any purpose other than subcommittee work.

Ryan, commander of Ft. Dix, gave an account of the leaves with illustrations provided by two Army prepared charts which drew hot blasts from Sen. McCarthy.

McCarthy called the charts "phony and dishonest" and "an attempt to deceive the American people." One of his objections was that the charts depicted in large black squares the days Schine enjoyed pass privileges during his basic training, and in relatively unblemished white squares the "average" soldier's record.

McCarthy tried to get Ryan to agree with him that the charts were "dishonest" but the general refused. "I don't see anything dishonest about them at all," he said. "They reflect the truth and are not misleading or inaccurate."

And, in another exchange, Ryan said he was "anything but out of the Army is dishonest."

In the course of his testimony, Ryan said:

1. He never heard Secretary of the Army Stevens ask Schine to use with him for a photograph and was with Stevens every moment of the time last November when the McCarthy camp contends Stevens did make such a request.

2. There was no "preferential treatment" given Schine at Ft. Dix unless passes to leave camp for McCarthy subcommittee work was to be called preferential treatment.

3. He made available at Ft. Dix a conference room to be used by Schine and the McCarthy staff but the room was used only once.

4. Schine made 250 long distance telephone calls during his eight weeks at Ft. Dix. Ryan said so far as he knew no other private "ever approached this record." But he said there was nothing wrong about a "fair" on charge of a rating Ryan called "very low."

5. Schine, despite his leaves, completed his training course with a "superior" rating but was rated only "fair" on charge of a rating Ryan called "very low."

6. Members of the McCarthy staff called Ryan's headquarters 29 times about Schine during the eight weeks training period.

Final Practices Are Being Held For Play Thursday

Final plans and arrangements will be made today and tomorrow for the Sanford Theater Guild's final play of the season, "Petroleum Fever."

The play will be presented for a three-day run beginning Thursday at 8:15 p. m., according to Mrs. Robert Billmeyer, publicity director of the group.

Leading parts in the comedy will be presented by Ernest Cowley, Seminole High School Band director, Albert Pitts and Beverly Benton.

The story takes place in a snow-bound hunting lodge. This setting poses the problem in securing props, such as parkas, snowshoes, fur hats and animal skins.

If local residents have such items and would consider lending them for the play it would be appreciated if they would call Miss Harriet Smart at 1017.

License Revoked By Commission

The house-to-house salesman's license of A. Blake of Daytona Beach, who has been selling Westinghouse refrigerator defrosters to Sanford residents, was revoked by the City Commission at its meeting last night.

The action was taken because of numerous complaints filed by Sanford business men stating that Blake was selling automatic defrosters for prices ranging from \$13.95 to \$15.

The same defroster is being sold by local appliance dealers for \$15.95, said the city manager.

A hearing will be held May 31 at which time Blake will be permitted to present his side of the case if he wishes, according to the City manager.

City Body Awards Contracts

Sanford's City commissioners last night awarded three contracts on the city's sewer and water projects over the protests of John Kader, city commissioner, who felt that there was an irregularity in the lettering of the contracts.

The commissioner objected to the lettering of a \$66,412.21 contract to E. H. Holcomb Jr., Clearwater, for the laying of water pipe by the design plan. Kader stated that another contractor had bid \$222 less for the same job records at the city hall bear out Kader's statement.

B. L. Perkins Jr. Named To Group

The City Commission last night appointed B. L. Perkins Jr. of B. L. Perkins & Son, local men's clothing store, to a seat on the City governing authority.

Perkins has been an active officer of the Sanford Merchants' Association for the past year, holding the office of director. He is also a member of the Seminole County Chamber of Commerce and president of the Sanford Rotary Club.

Prisoner Escapes From City Jail

It was learned today from police reports that a prisoner had escaped from the city jail Saturday.

Willie Moore, a trustee at the jail, had been patrolling the outside facilities when he was alerted at 7:30 a. m. Saturday.

Chief Roy Williams, commented that Moore was a model prisoner and had only a short time left to serve on his sentence.

"It's spring and I guess he just couldn't take it," said the chief. He has since been seen in a local tavern and around his home, according to the report.
