LONG MARRIAGE ENDS
STUART, Fla. (U)—The 17-year marriage of actress Frances Langford and actor Jon Hall has ended in divorce.

Tuesday. An attorney said the divorce was "amicable" and the property was divided in an agreement signed Friday. They were married in June, 1938, and there were no children.

'DOUGHNUTS' MAY GIVE EDUCATORS SOME ANSWERS

Economy of this design may help alleviate classroom shortage.

By JOHN F. SEMBOWER
Central Press Association
Correspondent

CHICAGO—The little red schoolhouse sinks farther into the limbo of the past in the face of a new "doughnut" design for schools by an architect here, Edo Belli, which is being widely hailed as the answer to the nation's critical shortage of classrooms.

Far from being just a visionary design for a school of tomorrow, the new circular school plan actually will be in operation this September for the first time when the St. Patrick high school at Kankakee, Ill., opens its doors.

Constructed in record time, which also is credited to the ingenious new layout, the new school is being built at a cost of \$438,300 to house 600 students.

Two other new schools reflecting the new shape will be built immediately in this area, the \$750,000 St. Francis high school in suburban Wheaton and a \$213,000 addition to the St. Patrick high school on Chicago's west side.

EXTERIOR WALLS will be virtually entirely of glass, surmounted by black steel roofs and with a circular gymnasium in the center with bleachers for 1,500 surrounding a basketball floor, which the architect promises will be a conventional rectangle, however.

Around the gymnasium is a circular corridor which will open onto classrooms shaped like the cuts from a pie. With the teacher's desk at the point of each amphitheater-shaped room, the acoustics are said to be perfect and the pupils' attentions are focused upon the instructor.

School boards throughout the country struggling with the problems of providing sufficient new classrooms to cope with the overall increase of 23 per cent in the school population last fall and the

estimated million and a half more elementary and kindergarten pupils who are expected to trudge to school this fall for the first time over the total that reported last September, are even more interested in the economies that are said to be inherent in the new design.

THE COSTS for the three schools here are running at 68 cents per cubic foot and \$730 per pupil, compared with prevailing costs in this area for conventional school construction of \$1 a cubic foot and about \$1,000 per pupil for elementary schools and considerably more for high schools.

Many schools throughout the country are going on a "shift basis" this fall, with separate student bodies for morning and afternoon because there are not enough classrooms or teachers available. School authorities estimate that only 30,000 additional classrooms will be available this fall to offset last year's shortage of 270,000 classrooms. With the school population scheduled to skyrocket during the next half century according to every census indication, many educators wonder if they ever will catch up with the facilities needed.

The versatility of the circular school design may provide the answer, some of them believe. Glass doughnuts can be superimposed one upon the other to provide multiple-storied schools, with ramps instead of stairways.

With administrative offices located in small annexes outside the present circles, it is planned that clusters of these schools may be built in the future.

The St. Francis school at Kankakee will have 24 classrooms, four laboratories, special rooms for domestic science, rooms for arts and crafts, a library, cafeteria and gymnasium, all reflecting the ultimate in new school design.

Ladies See Ban Of Certain Ads

LONG BEACH, Calif. (U)—A Women's Christian Temperance Union official predicts that both houses of Congress will hold hearings in January on bills to outlaw alcoholic beverage advertising over radio and television and in interstate commerce.

Miss Elizabeth A. Smart, Washington, D.C., said in a prepared talk today before the National WCTU convention that the hearings have been promised by the House and Senate committees on interstate and foreign commerce. The bills were introduced by Sen. William Langer (R-ND) and Rep. Eugene Siler (R-KY).

DOUBLE SPORT JACKSONVILLE, Fla.

(U)—Mabry Edwards has a new method of catching fish. While water skiing on a lake near Keystone Heights he notices a wriggle in the water such as a fish might make, glances toward it and hit something.

He signaled the man driving the boat to turn and they found a stunned 10-pound black bass which they boated.

CARD OF THANKS

We wish to thank our many friends for the many kindnesses shown during the illness and death of our beloved husband and brother, and for the beautiful floral offerings.

Communist Plot Nipped In Bud By Bright Geography Professor

By Central Press Association
A UNIQUE Communist plot to misinform Asian students about the United States and the rest of the free world has been nipped in the bud—thanks to a bright idea by a university geography professor.

Dr. Shannon McCune, chairman of the department of geography at Colgate university, Hamilton, N. Y., uncovered this latest bit of Red treachery while serving as a visiting professor at the University of Tokyo in Japan in the fall of 1953.

"I found that the Communists were using the economic pinch felt by Japanese students to spread their distorted texts throughout Asian educational institutions," Dr. McCune said.

He explained that a typical Japanese student had to get along on about 4,000 yen a month—the equivalent of \$11 in United States money.

"On the other hand," Dr. McCune continued, "good American textbooks, though much in demand by the students, cost from \$4 to \$5 each—an amount prohibited by their limited budget."

The Communists were quick to take advantage of the situation. They made available, at a cost of about 30 cents, a flood of Soviet history and geography books. The students would rather have had the United States texts, but they couldn't afford them. So they bought the Communist books.

"THE REAL DANGER, of course," Dr. McCune explained, "was the distortion of facts concerning the free world in the Russian histories and geographies. In time these distorted versions would, by playing up to the Communist world and playing down the western world, do much harm to the United States and other democratic countries."

At this point Dr. McCune launched his Books for Asia plan. It was simple but effective. Enlist the aid of fellow teachers and students and round up all the books no longer used or needed in American colleges and universities. Then ship them to Japanese students.

Because Asian students are reluctant to accept charity they would be asked to send a map or a pamphlet or make a token payment of 200 yen (roughly 55 cents) for the books they received.

Dr. McCune then wrote a letter to 50 geography teachers he thought would be interested in his plan. He followed it a few months later with a letter to Japanese students saying books would be sent. From those two letters the plan snowballed.

By the following July, 2,000 books had arrived in Tokyo and 3,000 or more were on the way. The barrier to the Red tide of propaganda received a firm foundation in these early shipments. Sale of Communist texts slacked off.

universities joined in the plan and the Asia foundation established a warehouse in San Francisco where the books could be stored for shipping.

Today the books are flowing so fast their numbers cannot be accurately tabulated. There is also a reverse flow of material from the Asian students back to the donors of the books.

Included among the growing list of colleges and universities cooperating in the plan are the University of Cincinnati, Colorado, George Peabody, Kentucky, Los Angeles City, Los Angeles State, Southern California, North Dakota, Kent State, State Teachers colleges at Moorehead, Minn., Oswego, N. Y., and Trenton, N. J., Oregon State, Syracuse, Southern Methodist, Yale, Ohio Wesleyan, Stanford and Penn colleges.

"Actions of this kind are little things—small threads in a pattern of good will," said Dr. McCune. "The strands are individually weak but collectively strong to unite Asians and Americans in the maintenance of their freedom to search out and use knowledge, freedom which students beyond the limits of the free world, sadly, do not have."

BUSINESSMEN CLOSE SHOP
SEOUL (U)—Some 50 American business firms in Seoul closed shop today in a protest against what they call "exorbitant taxes" levied by the South Korean government.

Government officials denied the taxes are exorbitant. The American Chamber of Commerce in Korea complained one U.S. businessman was refused an exit permit on the ground that he had not paid \$1,100 in taxes. A chamber spokesman had said

JAMES LUMBERSON
(Official Photograph, U. S. Navy)

Navy Man Finds Place Here As Local Citizen

Naval Personnel Youths Featured In Water Ballet

Just because a fellow likes to swim, he found a niche for himself in the hearts of many citizens, when he pitched in to do his share as a local citizen.

James Lumberson, a 19-year-old Navy man, who is assigned to the control tower at the Sanford Naval Auxiliary Air Station, was taking his usual swim in the station's swimming pool when a local swimming enthusiast noticed that he was a Red Cross instructor.

Lumberson was invited to take part in the swimming activities at the Sanford municipal pool. Since then, he has been instructing a group of 15 young people, 12 to 15 years old in the fundamentals of Junior Life Saving. Later, he will teach a group Senior Life Saving.

According to information received here, the young Navy man has held his instructors badge since July of 1953, and so interested in swimming he gives up his nights and days off, all of his free time, to teach youngsters to swim and to take care of themselves as well as others in water.

Lumberson's home is Marysville, Ohio, where he taught swimming and life saving at the local swimming pool, under the direction of the pool's manager, F. W. Galloway.

NAAS Bus Service Begins Tomorrow

Bus service to the Sanford Naval Auxiliary Air Station will begin tomorrow night with three trips each evening from a central Sanford location.

The bus will leave Sanford each evening at 11, 11:30 and at 12 midnight to carry Navy personnel back to the base entrance just off South Sanford Ave.

The Sanford Transit Company will operate the buses to meet the demand for transportation to the station each evening.

Captain Robert W. Jackson, commanding officer of the Sanford Station said that "I am pleased that this transportation problem has been solved so that our people can get back and forth to the station each evening."

According to officials of the Sanford Transit Company, the bus will leave the downtown area from the corner of First and Magnolia.

Green Releases Gas Tax Figures

The seven cent per gallon tax collected by gasoline dealers in Seminole County on their July sales of gasoline, and remitted to the State in August, amounted to \$4,382,286, according to figures just released by Ray E. Green, State Comptroller. This revenue is \$2,422,132 greater than the amount collected in July of last year.

Green reports that sales of gasoline throughout the entire State in July totaled \$5,131,515, upon which the tax was \$4,382,286, as compared with \$2,960,384 in July 1954.

Comptroller Green distributed \$4,382,286 of gasoline tax money to Seminole County last month for bond building purposes and road work.

Children Swarm To Trout Pond

Children came from everywhere yesterday to take part in the sixth annual Jaycee Fishing Rodeo.

As the signal was given for the fishing competition to begin, children from the tiny tot size to the age limit in the rodeo rules, lined Trout Pond to try their hand at catching fish with a "cracker pole."

The number taking part in the Seminole County Junior Chamber of Commerce annual event far exceeded the expectations of the local Jaycee group.

Mothers and Dads accompanied their youngsters and stood with them at the water's edge to watch with eager eyes the fishing ability of their children.

There were enough poles, complete with lines, lead sinker, cork floats and hook to go around even though the Jaycee group only prepared for 600. There was enough bait to take care of the needs of the youngsters.

Jaycees, eager to help out, and to make possible every advantage for every boy or girl to catch a fish, were standing by. "Citizens in the making," lined the banks of Trout Pond for the "go" signal.

Less than a minute after the signal was given, and within fifty feet of the Chairman of the Jaycee Fishing Rodeo Committee, George Edwards, 6-year old youngster who lives at the High School farm, landed a 16-ounce bass, for the first fish caught.

At the weighing station was wildlife officer J. D. Warren to measure the first fish at 11 1/4 inches and to make the weight of 16 ounces official.

Jim Reed, educational officer for the Central Region, Game and Fresh Water Fish Commission, was on hand to take moving pictures of the event. Ben Reeves, area supervisor, Game and Fresh Water Fish Commission, was on (Continued On Page Three)

Sanford Library Face-Lifting Is Almost Completed

The Sanford Library, which has been closed for a short while, has gotten its much needed face lifting.

For the first time in 25 years the entire building has been painted, varnished and scrubbed from floor to ceiling.

The outside trim on the Spanish-style structure has been painted a dazzling white and the entrance, white trimmed in Robin Hood green.

In the reading room and main room the walls are a cool sea-foam green trimmed with the darker Robin Hood color. The upstairs walls are the same color and the stained wood steps and railings are being scrubbed and varnished.

Mrs. Sara King, head librarian, said that she and her two assistants, Mrs. Leon Walker and Mrs. Ridgely Brewerton, had been working "right along with the painters," removing books, dusting and keeping things in order. There will be a gymnasium-finish in all the rooms and a rubber paint is planned to be applied on the front entrance walk.

Mrs. King also stated, "Many new books have been put out and the Library will be opened at 10 a.m. Tuesday Sept. 6. However, the children's room will be closed to the public."

The workers have "really been putting out," she went on. Before the "face lifting" the walls were a dingy white with cracks and mildew stains in the corners. Now a reader may sit in the reading room, painted the new color, and enjoy coolness and better lighting.

Mrs. King also announced, "anyone bringing books back the day the Library opens will not be fined but any day after that will be charged the regular penalty price."

Extensive Damage At Monroe Bridge Caused By Truck

A Great Southern Trucking Company 1954 Mack Truck, loaded with cargo too high to pass the top of the bridge, smashed into the upper structure of the Lake Monroe Bridge this morning about 8:50.

The huge truck was carrying cargo consigned to the Sanford Naval Auxiliary Air Station, including two airplane engines, was damaged extensively. No estimate of damage was released since the engines were in the classified class. Damage to the truck was estimated at \$700.

The cargo, according to Florida Highway Patrolman Carl Williams, weighed in excess of five tons.

One of the airplane engines struck the upper structure of the bridge and bounced back against another steel beam and onto the concrete of the bridge floor.

No estimate has been placed on the damage to the bridge, but with steel, wood, and other portions of the upper structure crushed, it is expected that the estimate will run high.

Traffic across the bridge was tied up approximately 1 1/2 hours, according to Patrolman Williams. No injuries were reported.

Theodore Tyndall, a former Sanford man, now of Jacksonville, is reported as the driver of the truck.

Mrs. S. Williams Dies This Morning

Mrs. Sally Mero Williams died at her home this morning in Crescent City where she had lived for the last three and one-half years.

Born in Halifax County, Va., she was a former Sanford attorney, first president of the Business and Professional Women's Club, former president of the Woman's Bar Assn., of Washington, D. C., and was dean of the Woman's Legal Society for the Eastern Seaboard. She was a resident of Washington, D. C., before moving to Sanford.

Survivors include her mother, Mrs. J. W. Mero of Crescent City; four sisters, Mrs. Mayme Hodgkin, Mrs. J. M. Jackson, both of Crescent City; Mrs. W. A. Salmann, Moline, Ill.; Mrs. Walter H. Bach, Flushing, Long Island, N. Y.; three brothers; Charles E. Mero, Ft. Wayne, Ind.; George A. Mero, Daytona Beach, and several nieces and nephews.

The funeral service and interment will be a private ceremony in Crescent City.

Pinecrest Is Ready For '55-56 Classes

A GROUP OF prize winners at yesterday's sixth Annual Jaycee Fishing Rodeo. The youngster catching the first fish is on the far left. One young fellow, fourth from the left, proudly holds up his catch. (Photo by Jameson)

Modern Rooms Beckon

The new Pinecrest Elementary School on 27th St. is ready to get underway with classes in 10 modern rooms and a staff of ten teachers, according to Mrs. Margaret Reynolds, principal.

Mrs. Reynolds especially pointed to the two buses that will serve Pinecrest, and the children the two buses will pick up, Bus No. 24, driven by Mrs. Edwards, will pick up children from the Ginderville corner on 1st, for grades one through six. Bus No. 25, driven by Mrs. W. D. Bunnagener will pick up children for grades one through 4 beginning at Golden Lake and ending in the school by Silver Lake, Air Base Gate, and on Onore Road.

The Pinecrest principal said that school hours on Tuesday and Wednesday will be 8:30 to 12 for the First Grade, and from 8:30 a. m. to 2 p. m. for the second through sixth grades. "This is made possible by the fact that the afternoon recess will be skipped. The children will put in a full day of study and activities even though the hours are different from other schools," she stated.

Since the lunch room will not be in operation until after the New Year, the school is asking that all children bring packed lunches or go home for the noon meal. Big, roomy picnic tables are being provided in a shaded area for the children to eat their lunches outdoors. The school will serve refrigerated milk for a half pint. This will make the weekly cost of milk the payable each day, each week, or monthly.

A 15-minute per hour non-passing zone will be originated in the vicinity of the school which the Seminole County Sheriff's Office will supervise for traffic safety. A representative of the Sheriff's Office, said Mrs. Reynolds, will be stationed at the intersection of 27th St. and Sanford Ave. to direct and supervise traffic.

The school office, according to Mrs. Reynolds, will be set up in one of the supply rooms until the administrative unit is completed.

The County Supervisory Staff has given help and assistance in providing many of the instructional aids, utility supplies and equipment for the school is received.

Mrs. Reynolds said that the first Parent Teacher Association meeting is scheduled for Thursday evening Sept. 15. An invitation, said Mrs. Reynolds, is issued to all parents of children in the school, to all teachers, and to other interested persons in the community. Those who join the P-T-A at this meeting or before the organizational meeting will constitute the charter members of the group.

The faculty of Pinecrest School is as follows: First Grade: Mrs. Ann French Echols; Mrs. Polly Daniels; Second Grade: Mrs. Margaret Bryan; Mrs. Rosine Carnes; Third Grade: Mrs. Eleanor Bennett; Mrs. Mary Walters; Fourth Grade: Mrs. Mary Barnes; Mrs. Margaret Paul; Fifth Grade: Mr. William Lavender; Sixth Grade: Miss Lucille Campbell; Principal: Mrs. Margaret Reynolds; Secretary: Miss Jane Vance.

Tull Says TV Better Than Class Teaching

"Educational wise, it has been proven that TV is better than classroom instruction," Bob Tull, a TV Director and Producer of WDBO-TV, told the Sanford Kiwanis Club at its noon luncheon meeting yesterday.

Tull explained that, in Pittsburgh, a class to be tested was divided into four groups. One was taught by TV, he said, another by radio, another by instructors, and the fourth by all three methods. "TV far excelled any of the other types of instruction," he claimed.

The WDBO-TV director commented on the fact that he was introduced by Herb Butler, a theatre manager of Sanford. He said, "It is ironic for a theatre manager to introduce and invite a TV director but television has helped the movie industry."

"TV is the number one medium for entertainment for all the family," he said. Tull went on to explain that there are 22 million TV sets in the country . . . 2 1/3 of the family population.

In another field, Tull told the Kiwanis Club that TV has helped sports of all kinds, but the number one sport to profit is wrestling. As far as baseball and football is concerned, he said, these two sports have been brought directly to the ladies.

Turning to the producing of film for TV, Tull explained that 43 per cent of the movie industry in Hollywood is concerned directly with TV.

Tull covered the program calendar of the station he represented when he told the Kiwanis Club that WDBO-TV is primarily a CBS station but also have available and carry NBC, ABC, and Dumont shows. "Our class 'A' time is so occupied," he said. "That we have 16 of the 20 top rated shows on TV."

"The World Series will be carried on WDBO-TV this year," the TV director said. In addition, he explained, we will have pro-football games on Sunday and some of the NCAA football games during the season. "I say some," Tull commented, "because SEC has blacked out football games on TV here." SEC would not grant TV rights, he added, unless all of the tickets to each game were sold. "I can't understand their action," Tull said, "because it has been proven that TV has helped all sports."

Mrs. Ida Johns Dies In Orlando After Long Illness

Mrs. Ida Lee Johns, 38, wife of Theodore Johns, of Lake Monroe, died yesterday morning in an Orlando hospital after a long illness.

Mrs. Johns was born in Sanford, Fla. on Sept. 8, 1916. In Sanford and had lived in Lake Monroe for the past six years. She was a member of the Church of God of Prophecy on 25th St.

Besides her husband, Mrs. Johns is survived by nine children, Mrs. Shirley Hunter, Lake Monroe; Mrs. Yvonne Muse, Lake Monroe; Mrs. Mary Mae Lee, of Sanford; Loren Johns, Larry Johns, Janett Johns, Connie Johns, Patricia Johns, Charles Teddie Johns, all of Lake Monroe; a sister, Mrs. Evelyn Woods, Sanford; three brothers, Rudolph Griffis, Sanford; John H. Griffis, Lake Monroe; and James Griffis, Lake Monroe.

Funeral services will be held tomorrow at 2:30 p. m. at the Church of God of Prophecy on 25th St. The Rev. A. W. Stover and the Rev. Joe Crews will officiate and burial will be in Oak Lawn Memorial Park.

Five Young Men Tell Of Activities At Boys' State

Five young men, representing Sanford civic clubs and organizations at Boy's State from June 15 to 25, gave the Seminole County Junior Chamber of Commerce a run-down of their activities today.

Herbert Ernest Morris, sponsored by the local Jaycees was introduced by George Andrews, Boy's State Committee Chairman for the Jaycees.

Morris said, "I personally want to thank the Jaycees for sending me to Boy's State. I consider it one of the greatest honors ever bestowed on me." In introducing other members of the Boy's State Group he said, "We had an opportunity to learn more of our State, County and City governments."

James Claude Hawkins, sponsored by the Sanford Rotary Club, said, "This was the first year caps were issued to Boy's State members." And he concluded his remarks with, "We learned the responsibilities of Boy's State."

Howard Alford, sponsored by the Lions Club, told of the Monday and Tuesday Boy's State activities. His remarks included, "Jim told you about falling in for breakfast . . . but he didn't tell you about the mile and a half we had to walk that early in the morning to eat."

John Edward Clarke, sponsored by the Elks Club, spoke on the activities of Wednesday and Thursday. He said, "We were assigned topics for impromptu speeches. Imagine talking for three minutes on a subject like heavy carriages with rear view mirrors."

The final speaker in the group was Kenneth Ramsey, sponsored by the Kiwanis Club. Ramsey said, "We had the usual grit for breakfast. And Friday night was the big night with the Governor's Ball."

Library To Open Reference Room

The adult and reference room of the Sanford Public Library will re-open Tuesday, Sept. 6, at 10 a.m. and the children's room will remain closed for the rest of the week, Mrs. Sara King, librarian, announced today.

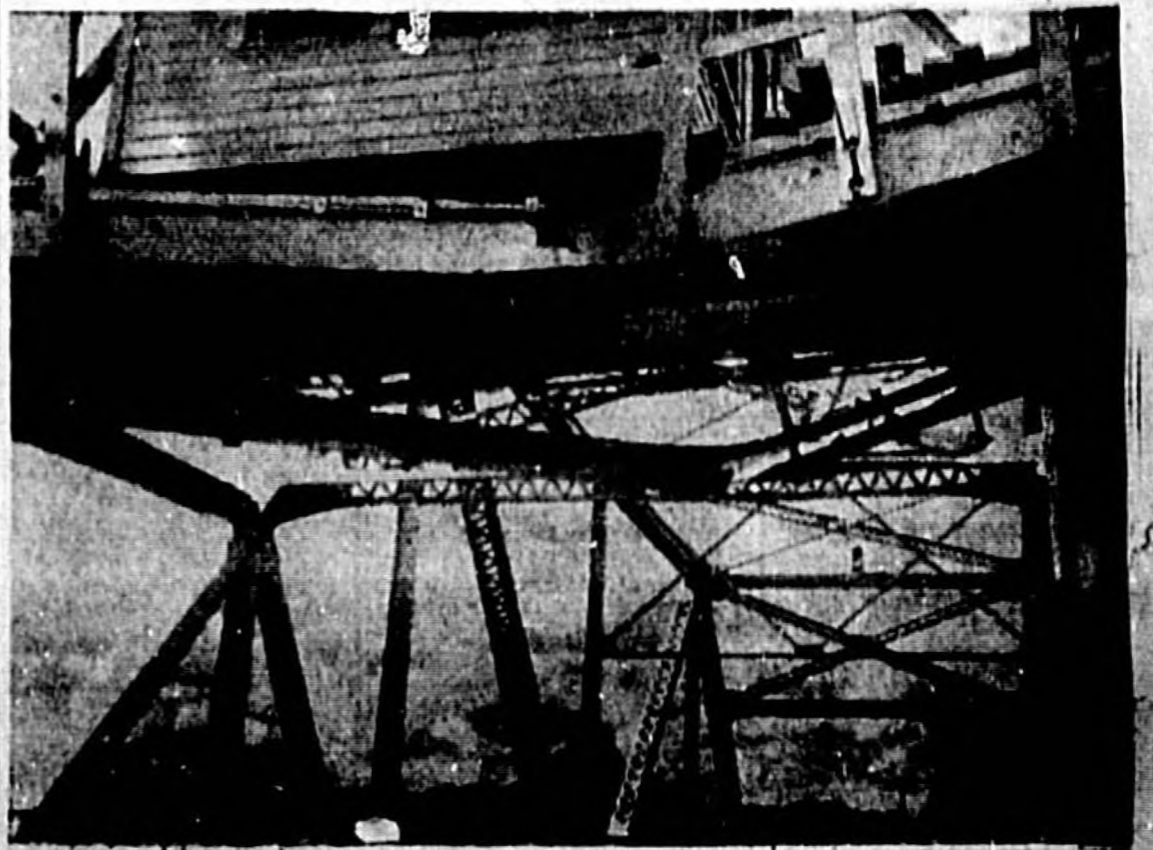

The library has been closed for two weeks while the interior was being painted.

Blood Bank Hours Change Revealed

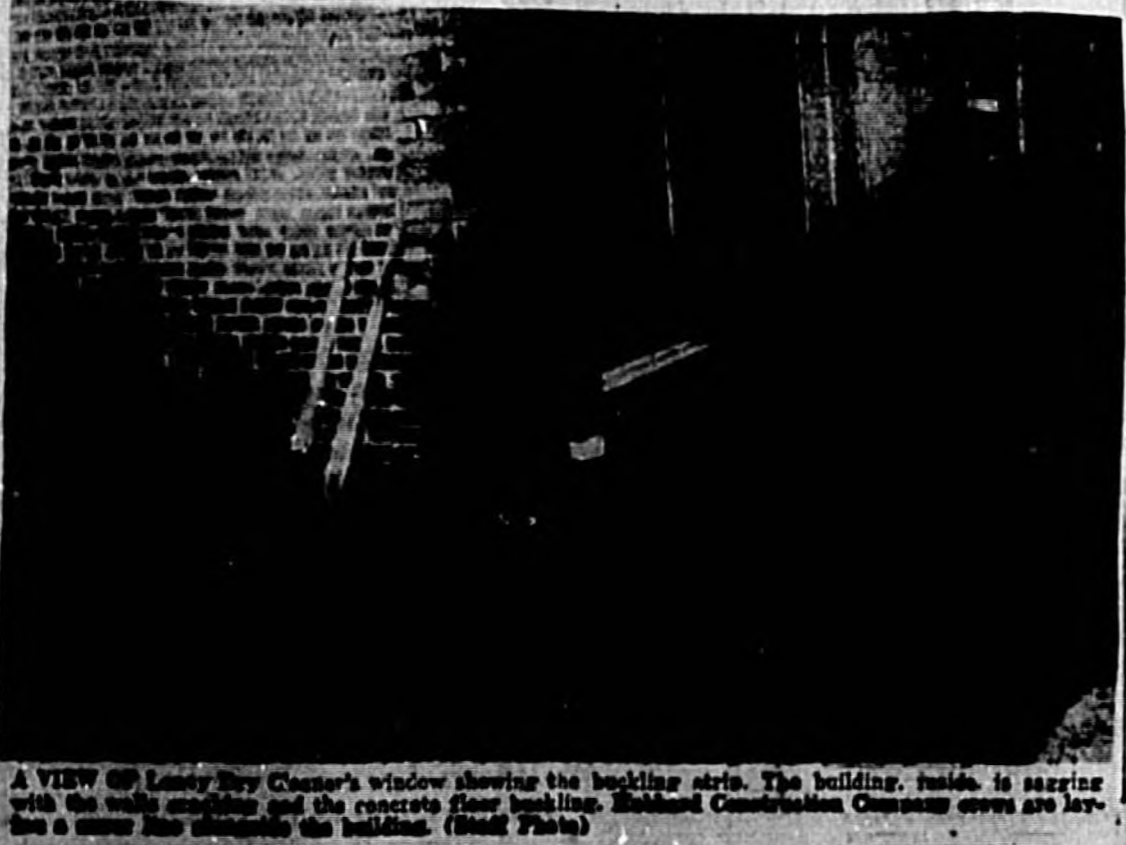

New hours for the operation of the Central Florida Blood Bank in Orlando have been announced.

Mrs. M. M. Rand, secretary-manager of the blood bank said, "In an effort to economize and avoid an increase in charges for the blood service (which has remained the same since 1941) the Blood Bank will not be open for donors on Sunday morning beginning Sunday, Sept. 11.

"Our hours on Saturdays," she said, "will be 8 a. m. to 2 p. m. effective Sept. 10."

THIS PHOTO SHOWS the twisted wreckage of the upper structure of the Lake Monroe Bridge after a heavily loaded truck with cargo too high to clear the bridge tore into the steel and wood. Note the two steel beams, one bent outward and the other inward, caused by the bouncing of the cargo when it fell. (Staff Photo)

A NEW SERVICE FOR SANFORD BOTTLED GAS

\$6.00 PER 100-LB. CYLINDER... SANFORD GAS CO.

George Rockwell Hasn't Lost Touch

SOUTHPORT, Maine, (AP)—The sign says: "Southport Institute of Art—fine, medium and coarse." It's good that George "Doc" Rockwell, retired vaudeville and radio comedian, hasn't lost his touch even in his new sign painting business here. Now 67, but looking much younger, Rockwell first visited nearby Boothbay Harbor 22 years ago when he was a star of George White's Scandals. Not long afterward he acquired a home here which he calls "Slipshod Manor." Rockwell became a lobsterman when he retired. But he hurt his back several years ago and hasn't hauled traps since. Recently he became a sign painter and set up shop in his garage. He does a lot of work for boatbuilders, painting names on their craft—entertaining the ship workers meanwhile with his witty patter. "There's a tendency up here to make kind of a homely philosopher out of me," he said. "One of the summer people was up last week. Asked me if I thought that Maine coast people reflect their geographic surroundings. I told him I knew a fellow who comes out here every day, sits on that big rock and just looks out to sea. You know, if you sit on that big rock long enough, it's bound to make an impression on you." The comedian says "I'm not too sure I left show business. Maybe it left me. It's the craziest business in the world. One day, your name is up in lights. The next day, masadas in the cold cold ground. One day, you're Rock Hudson, the next you're stone broke. That's the way it goes." In his spare time, Rockwell does some writing. His first book, "Joyous Futility," will be published next year. "Basically," the author explained, "this is a book on how I live longer and love it. It combines a little philosophy with humor—a combination that is much too rare." Rockwell says he can work 12

Million Dollar Suit Is Placed Against Sinatra By Studio

NEW YORK (AP)—Frank Sinatra faces a one-million-dollar damage suit by 20th Century Fox Film Corp., which claims he walked out on the shooting of the musical "Carousel." An attorney for the film company said Sinatra had broken his contract and "abandoned" a company of 125 persons who started making the picture last week at Boothbay, Maine. A summons connected with the suit was served on the singer actor yesterday. An attorney for the company, Otto E. Koegel, said Sinatra has 30 days to acknowledge the summons, after which further court action will be taken. The studio announced that Gordon Macrae would replace Sinatra in the movie. Sinatra was not available for comment. The movie company said Sinatra was to be paid \$100,000 for 15 weeks of work on the Rodgers and Hammerstein musical. It said Sinatra walked out on the job, complaining he was being forced to make two films for the salary of one. The company denied this. It said Sinatra's complaint was based on the fact that two sets of wide-angle cameras were being used. It called this a common technique.

Meriden Is Facing Plumbing Problem; Somebody Goofed!

MERIDEN, Conn. (AP)—Meriden has a plumbing problem because somebody 80 or 90 years ago forgot to mark certain pipe on the map of the city water system. As a result, many of the city's 44,000 people didn't have any water at all while others get only a trickle. It has been this way since Tuesday. A construction crew was digging a hole to sink a gasoline station tank. The drill ground into something hard and water gushed out. It was a main water line. City workers rubbed the scene but couldn't get near the broken pipe because of the water. The water has been gushing out ever since. City officials figured it was a minor problem. They shut off a line they thought was running into the main. Nothing happened. Then they shut off another line. Nothing happened again. So somewhere in this city is a lost pipe—a pipe that is feeding water into that broken main. But they can't find it. They went over the water system map several times but the pipe isn't there. It probably is one of the cross over lines, the officials said, and if they find it all they have to do is dig down and shut it off. They said most crossover lines have shutoff valves on them. In the meantime, the city is making arrangements to install a split sleeve on the broken pipe so it can be repaired despite the continuing water pressure.

Actor Stages A Scene At Probe

ACTOR Lou Polan (bottom, left), appearing in a current Broadway hit, is shown just before throwing the House Un-American Activities Committee hearing in New York into an uproar. Shouting at the group, which is checking on Communist infiltration of stage, television and radio, Polan challenged the committee's legal authority. "I will not answer questions," he added. At left is actress Sarah Cunningham Randolph, who involved both the First and Third Amendments. At bottom, right, is Martin Watson, who testified that he went to Russia in 1951 where he staged an adaptation of "Front Page." (International)

Marines Taught About Russian War Machine

Marines are now being taught about the Russian war machine. In a series of lessons designed to acquaint the hard-charging Leathernecks with facts about Soviet military power, the Corps has made information available to Marines through the facilities of the Marine Corps Institute. The lessons include such aspects as the history and development of the military staff and a survey of the USSR. There is no enrollment fee or charge for institute courses and all Marines are encouraged to take advantage of this free educational opportunity. The Institute also offers a wide variety of other subjects ranging from criminal investigation and languages to meteorology and shorthand. Citizen Marine members of organized reserve units are also eligible for free Institute courses. College credits may be awarded Marines who successfully complete many of these courses. Young men who are planning on enlisting in either the regular or reserve component of the Marine Corps and who wish to continue with their education, are urged to contact their local Marine recruiter for additional details. It is possible to earn a high school diploma through the Institute. At present, applicants are being accepted for immediate enlistment in the Marine Corps.

Children Swarm

(Continued From Page 1)
hand to watch the youngsters demonstrate their skill at fishing. Others assisting the Jaycees in making the sixth annual Fishing Rodeo a success were City Commissioner Earl Higginbotham, Tax Collector John Galloway, Deputy Sheriff A. E. Evans, Constable J. Q. "Slim" Galloway and Chamber of Commerce Manager Forrest Breckenridge.

Four City employees were on hand to help take care of the needs of the youngsters. They were James Bedenbaugh, Mr. and Mrs. A. L. Hood, and L. H. Wynn. Two city trucks were also used to transport poles and other necessary equipment.

Bob Kilpatrick headed the Jaycee Fishing Rodeo Committee and yesterday had on hand to assist him with the event, more than a score of Jaycee members. Officers of the Game and Fresh Water Fish Commission had earlier stocked the pond with more than 250 good-sized bream to add to the already well-stocked pond and to provide ample fish for all participants.

On hand yesterday was Jaycee President Tommy Peterson. His comment, "This is the best Jaycee Fishing Rodeo we have ever had."

Kilpatrick was delighted with the attendance at the Jaycee Fishing Rodeo, the behavior of the children, and the overall success of the annual event. He said, "This is an excellent turnout, showing that the boys and girls of this area really appreciate the efforts that are put behind this annual Junior Chamber of Commerce fishing rodeo."

Unusual was the fact that a 10-year old girl from Arabia, visiting her grandmother in DeBary, took part in her first fishing event. Kathleen Cain expressed her delight in being able to visit the rodeo this year.

Prizes awarded were as follows:

First Fish Caught — went to George Edwards, who received a rod and reel contributed by Stanley-Rogers Hardware Company.

Largest Fish Caught — went to Johnny Beawiechia, who received a trophy contributed by St. John's Realty Co.

Youngest child to catch a fish — went to Marie Lee, 4 years old, who received a pair of field glasses contributed by Powell's Office Supply.

Largest Fish Caught — went to Randy Dean, who received two lures contributed by Robson Sporting Goods.

Smallest Fish Caught — went to Tommy Colley who received a fishing line contributed by Good-year Service Store.

Most Fish Caught — went to Jimmy Boston who received a rod contributed by the Sanford Atlantic National Bank and a Reel contributed by Gene's Texaco Service.

Boys Group — 11 to 14 age — 1st prize was a Rod contributed by Florida State Bank and a Reel contributed by Nelson and Company of Oviedo — went to Eugene Brooke. 2nd Prize went to Jimmy Krafchic — an autographed baseball contributed by Florida State Bank.

Boys Group 6 to 10 age — 1st prize went to Larry Singletary who received a Rod contributed by Robson Sporting Goods and a Reel contributed by Hill Implement Company. 2nd prize went to Jimmy Singletary who received a sheath knife contributed by Hill Hardware Company.

In the boys 1 to 5 age group — 1st prize of a sword and shield

Japanese Company Offers Apologies For Fifty Deaths

TOKYO (AP)—Morinaga Milk Co., affiliated with one of Japan's largest food combines, today offered its "humblest apologies" for the 50 deaths reported caused by arsenic in its dried milk product last week.

In a black-bordered, four-column advertisement carried in all Japanese and English-language papers, the company said: "We are filled with a sense of black guilt, particularly on learning that the cause of the disaster was neglect on our part to subject the stabilizer (arsenic) used in the milk to careful chemical analysis. . . . All we can do is to take every possible action by way of indemnification and pray for the souls of the dead. . . ."

Press Says Truman To Snub Dinners

SPRINGFIELD, Ill. (AP)—The Copley Press said today former President Truman has decided to snub two California Democratic fund-raising dinners because he is "sore" at Edwin S. Pauley, former treasurer of the Democratic National Committee.

The Copley Press and the Los Angeles Times in similar stories said Truman is angry because Pauley entertained Vice President Nixon and his wife at a reception recently.

Production Halted At Radio Plants

BALTIMORE (AP)—A strike early today halted production at six Bendix radio plants here where work is mostly classified electronics equipment for the armed forces.

Picketing began at midnight, when the company's one-year contract with the AFL International Assn. of Machinists expired. The union represents about 3,000 employees, but the company said about 3,000 others not on hourly wage scale were also affected.

AMERICAN OIL CO.

In Tuesday's paper it was announced that attorney Fred Wilson appeared before the Board of Sanford City Commissioners representing the Standard Oil Co. The firm that he was representing was the American Oil Co.

contributed by Sweeney's went to Robert Denmark 2nd prize of a periscope contributed by Powell's Office Supply went to Jimmy Thomas.

Only one prize was awarded in the girl's groups. In the 6 to 10 year old group first prize was awarded Carol Muse who received a notebook contributed by McCrory's.

'Friendly Chats' With Red Captors Told By Bumpas

TOKYO (AP)—Air Force Lt. Guy H. Bumpas today said he was forced into "friendly chats" with his Communist captors and finally signed a letter before leaving North Korea more than a week ago.

But he insisted the letter was not a "confession," nor did it contain any references to "fictitious American propaganda," as alleged by Communist propaganda broadcasts, he said.

"I gave them the type of answers I knew wouldn't do any harm—I tell you I gave them nothing that was going to hurt the United States," he said.

"I stuck to beating around the bush."

Bumpas, 23, of Jackson, Miss., and Army Capt. Charles W. Brown of West Louisville, Ky., were shot down over the demilitarized zone in Korea Aug. 17 in an unarmed American training plane. Brown was killed, but Bumpas said he did not know whether by gunfire or in the crash.

Austria Evacuation Is Going Full Swing

VIENNA (AP)—Some Russian soldiers are reported killing themselves or deserting. . . . Long military trains are pulling out through the night to east and west. . . . Austrian girls are hurrying to wed their departing American boy friends.

The evacuation of Austria by the armistice of the Big Four is in full swing.

In the five weeks since Austria finally won her independence July 27, the occupation powers are estimated to have pulled out more than half of their 60,000 soldiers. The French will all be gone by Sept. 10, the British by Sept. 19. Russian operational forces will be out by Oct. 1 and the Americans the same time.

Austrian police report several Soviet soldiers are believed to have committed suicide. Unconfirmed reports say about 10 deserted to the Western armies.

MEANING CHANGED FAYETTEVILLE, N. C.

In French his name means "without worry."

But Raymond A. Sans Souci, 17, of Pawtucket, R. I., had something to worry about today.

He began serving a 10-year prison term for the June 30th robbery of a dancing school operator here.

Let's All Get Out And Support Seminole County Football Teams

Now that baseball is under our belts, as far as Sanford and the Florida State League is concerned, for this year, it is natural that we look forward to another form of recreation.

About three weeks from now, football makes its debut. And all of the sports-minded folk in our area will have an opportunity to see the Seminole High School football team in action.

This year, more than ever before, the local high school needs the support of the football fans, the citizens, and everybody in general who want to see our young people trained to be "good sports."

By that, we mean, that young people should know the real essence of clean sports, healthful sports, and true sportsmanship. Through the fundamentals of sportsmanship our young men and young women are trained to become statesmen of tomorrow.

The coaching staff at Seminole High School, and all of our Seminole County Schools, is the finest that can be gathered together to train young people. These young men, chosen for their background of training young people for the sports world and the world of citizenship, will go to every extreme to instill the spirit of "playing clean" into every pupil that comes before them for instruction. It is this element that makes any football team, baseball team, basketball squad, or track team a GOOD one regardless of the score.

To hold their heads high and say "I've played my best and I've played the best," is all that we can ask of any group of sportsmen.

It behooves all of us, in every nook and cranny of Seminole County, to support the athletic program of our schools.

Danny At Last Sees United States

NEW YORK (U.S.)—For as long as he could remember, 11-year-old Danny Esayan dreamed of seeing America.

Danny, whose grandparents were stateless refugees from Armenia, was born in Shanghai and raised in Hawaii.

His father, Roy, an Associated Press newsman in Honolulu, won his U. S. citizenship a few years ago, and it was hard to tell who was prouder that day, father or son.

This summer Roy came to New York in advance of his assignment at the Moscow A. P. bureau. For Danny this was exciting news: On the way to Russia he would at last get to see the United States.

He did see it. He saw it for three wonderful weeks. And then he died . . . suddenly and unexpectedly . . . at the height of his happiness. Death came to Danny on Aug. 28.

After he buried Danny here in the land of his boyhood dreams, Roy Esayan went to his typewriter and wrote the saddest obituary of his newspaper career:

"This is a tribute to the most wonderful boy in the world, my son. He was unique, as every boy is unique . . . for each is the most wonderful child in the world. The greatest pleasure was his playground and the time Pacific his remaining part. He lived to serve in the world. He was shy but did not shrink-shouldered and sturdy toned."

Danny spent his first couple of days in New York City riding up and down the hotel elevator, making friends with the bellboys, running errands for his mother and baby sister, Catherine.

"He captured the 5-and-10-cent store, the Central Post, the city streets near the hotel. He

The schools, we are sure, solicit your support for their program this year. In turn, how about soliciting your neighbor's support.

It's the training that makes a good team. It's the support the team gets that keeps it a good team.

17-92 Everybody's Job

It's too early yet to get a report on the progress of the Citizens Committee of the Seminole Chamber of Commerce Long Range Highway Planning Committee.

It isn't the report that is so important. Whether or not the interest of every citizen in Seminole County is behind the project is the most important fact right now.

We pointed out the other day that there are more than 30,000 reasons why the Sanford-Orlando Highway (17-92) should be four-laned widened and paved. The reasons we mention are the citizens that live within Seminole County's boundaries.

Should the highway be left as it is to disintegrate and crumble into a mere "get-there-the-best-you-can" road, the progress of the now growing community would cease. Businesses would dry up and blow away. Another highway would practically by-pass the county with not a single person benefiting from the expenditure of thousands upon thousands of dollars.

There's no getting around it that the property on either side of the highway would practically triple in value. We've experienced that just recently.

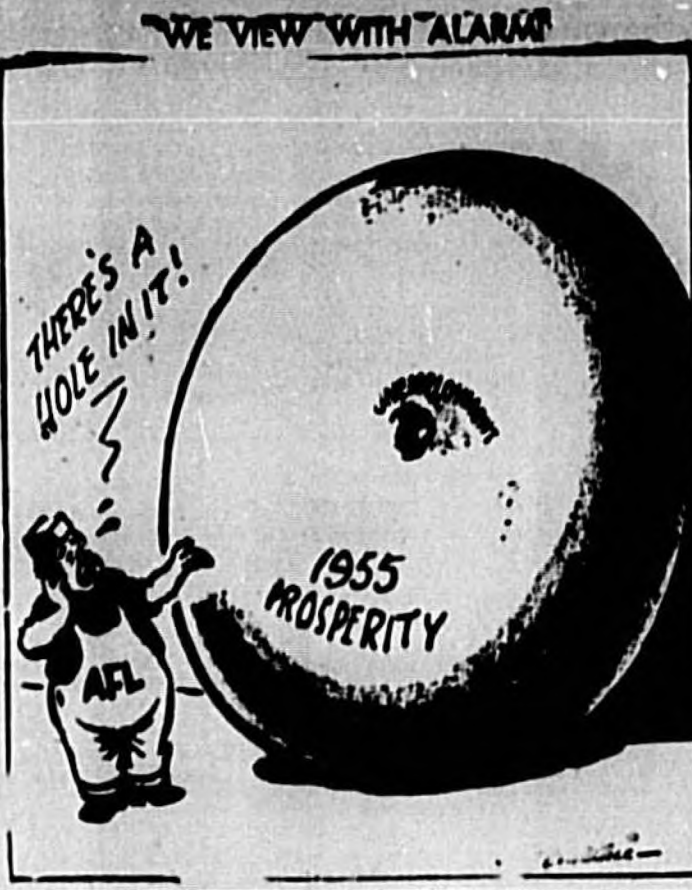

Who stands to profit most from the four-laning of 17-92?

Those who own property and businesses along the highway!

Following that, Seminole County, Sanford, Lake Mary, Longwood, Geneva, Oviedo, Altamonte Springs, Casselberry, Fern Park, Sanlando Springs, will begin to grow to unexpected and unknown size. We've seen Seminole County increase 23 per cent in the past four years. With 17-92 four-laned and paved, the opportunities for growth in this area are unlimited.

Let's not get tired and sit down just because we can't see any dust being stirred up. It's time for action. Action on the part of every citizen along 17-92, every citizen in Sanford, Lake Mary, Longwood, Altamonte Springs, everywhere in Seminole County. The job will be easier and quicker done with everybody helping. To load the burden on one man's shoulders or even upon the shoulders of a small group of men would be wrong.

It's our job to be done, so let's pitch in and help.

JAMES MARLOW

Italian Government Wants Icardi

Associated Press News Analyst
WASHINGTON (U.S.)—In every way except one Aldo Icardi, a former Army lieutenant, was safe from court trial in the death of his commanding officer during World War II in Italy. Now the one has been used.

The Italian government wanted him returned there to face trial for murder. A U. S. court ruled he could not be forced to go. An Italian court tried him—without his being there—and sentenced him to life imprisonment.

It's a sentence he will never have to serve unless he returns to Italy. Icardi, who all along has said he's innocent, seemed safe from trial. But now a federal grand jury has charged him with committing perjury in testimony about the death of his wartime commanding officer, Maj. William Holohan. But, ironically, the government

can't prove he lied on these charges unless it implicates him in Holohan's slaying.

The worst punishment he faces is jail for perjury, not murder. If found guilty he faces a stiff stretch. He was indicted on a total of eight counts. Each carries a maximum penalty of five years.

Holohan, the Defense Department thought for a while, had been lost in action. After the war it began investigating. Finally in 1951 the department gave this account of what had happened:
Maj. Holohan of New York, then 40, Lt. Icardi, then 23, and Sgt. Carl Lo Dolce, then 22, were all members of the Office of Strategic Services.

Icardi, from Pittsburgh, Pa., and Lo Dolce, from Rochester, N. Y., both spoke Italian. The three men were parachuted late in 1944 behind the German lines in northern

YOU'RE TELLING ME!

MARILYN MONROE waiting Russia might be the best thing that's happened. At least we'll find out if they actually are hard to please.

Word from Moscow is that picture of Marilyn in an short-sleeved swimsuit has the European audience.

Marilyn might cheer up Russia a lot. Nobody in all history ever made a whole year look that good.

The Russians could hardly turn down her application. Where did they ever see a form filled out so

satisfactorily?

It has been learned that gold will protect an atomic reactor from its own power. If you can accumulate a little gold, you can make your pile.

Making an atomic reactor immune from itself is a new twist for gold. Usually it just makes people immune.

The teaching his grandson trout fishing in Colorado. He doesn't want him to grow up not knowing which end of the rainbow to be on.

What Are The Causes Of Seasonal Allergies?

By HENRI H. SCHUBERT, M.D.

BY this time of year, if you are a hay fever victim, you are probably sneezing, sniffing and wiping your tear-filled eyes every few minutes. But don't blame yourself to this life of distress for the remainder of the summer. All is not lost. There's a lot you can do to relieve these troublesome symptoms.

The cause goes for the cause than 50,000,000 suffer from hay fever all over the country, many of whom find this the most troublesome season.

Main Cause
Let's see just what is causing all this sneezing and wheezing. If you're a hay fever victim or a seasonal asthmatic, your trouble is probably wind-blown pollen. By far the greatest cause of hay fever and the cause of a major number of asthma attacks is the pollen or rayweed. But there are other offenders, too, such as sage or wormwood, elm, hickory, chenopod-amaranth, English plantain and timothy grass.

Contaminated Air
Most wind-blown pollen plants bloom early in the morning. Although they discharge their pollen at this time, it usually is not in the air in heavy

concentration. Usually, the greatest concentration occurs in the forenoon. After midnight the air is relatively free.

After being discharged from the plant, these little masses of yellow pollen cling to the open pollen sacs until they are dried thoroughly. Then, they are whisked from their perch by the least wind.

Usually, most of them fall to the ground near the plant. The remainder, however, are carried aloft by rising air currents even above the layer of air we breathe. Then, they can be carried great distances before coming to earth to find victims and set them sneezing.

More than 300 cities in North America conduct routine pollen counts, results of which are published in daily newspapers to advise pollen victims of allergy conditions.

QUESTIONS AND ANSWERS
Q. K.: At what age does one sneeze?
Answer: In most instances, one sneezes after the pollen is inhaled. However, in some instances it sneezes well into adult life.

The condition should be treated by a physician.

SAM DAWSON

Industry Has Rip-Snorting Year

NEW YORK (U.S.)—Plain and fancy soothering as to the course of business—and especially of prices—pops up today.

Industry and trade are rounding the stretch of a rip-snorting year. The Calendar says summer has three weeks to run. But most business men think of fall starting with Labor Day.

The modest predictions today concern the prospects of another go-round of inflation in the months ahead—and most (but far from all) seem to think price hikes likely.

The fancier ones try to project the economy over the coming 10 years—and here, too, rising prices are often forecast, but again with notable dissenters.

Higher costs of industrial materials have captured the headlines this summer. Weakening prices of farm products—and lower farm incomes—are political and economic worry spots.

But looking beyond these month-by-month fluctuations, and the fact that commodity prices usually rise at this turn of the season, some think they discern a long-term trend toward more inflation. They foresee a gradual rise in prices of the things the manufacturer

buys and of goods that make up the consumer's cost of living. Long-term guesses on whether the economy is going have been popping up frequently of late. Out today by the Research Institute of America Inc. projects the economy 10 years ahead.

Angry Neighbors Protest As Couple Give Away Baby

NEWTON-LE-WILLOWS, England (U.S.)—A railroad man and his wife who gave their youngest child to an American couple were in seclusion today to escape angry protests from their neighbors.

About 200 neighbors shouted insults outside the Thomas McDonagh home Tuesday night when word spread that McDonagh's wife Lillian, 34, had returned from the United States. She had left 16-month-old daughter Joyce in Holly Hill, S. C., with U. S. Air Force Sgt. George Vinansky and his wife.

When the McDonaghs arrived and saw the demonstrating neighbors, they drove off the country. Earlier at London airport Mrs. McDonagh told reporters:

"My little girl is happy over there. She's got a good home." She said a rumor she had sold the child to the Vinanskys was a "horrible untruth." The Vinanskys she said, had only paid "my air fare to America and my keep while there."

The McDonaghs and the Vinanskys became friends last year when the sergeant was stationed at an air base near here. British authorities refused permission for adoption although McDonagh, a railwayman earning a pound (\$22.40) a week, said the Americans could give the child a much better life.

Mrs. McDonagh flew to the United States with Joyce three weeks ago and it was announced the Vinanskys would be made the child's legal guardians.

Try and Stop Me

By BENNETT CERF

ONE OF THE MOST talked-about events at the Coronation of Queen Elizabeth was the arrival, from darkest Africa, of the amazonian Queen Salote of Tonga. She was almost seven feet tall and her perpetual grin delighted the English. She solidified her popularity when, during a sudden down-pour during the procession, she was the only notable who refused to put down the top of her carriage. She was soaked to the skin in order to wave happily at the crowds.

At a fashionable dinner that night, everybody was talking about Queen Salote. "I wonder who that tiny man was at her side?" speculated one lady. "Kid Conrad, based by the whole conversation, snapped. "That was her hunch."

The waiter, striving desperately for a big tip, assured his customer, "Yes, indeed, at Umberston's Sea Food House, you often find a genuine pearl in our oyster stew." "A likely story," sneered the customer. "I can't even find an oyster." Copyright, 1955, by Bennett Cerf. Distributed by King Features Syndicate.

MISS GAIL BITTING

Parents Announce Engagement Of Gail Bitting, E. Waldheim

Mr. and Mrs. Wilkerson Van Bitting announce today the engagement of their daughter, Gail, to E. Waldheim, son of Mr. and Mrs. Hugo Waldheim of Opelika, Ala.

Miss Bitting attended local schools and is a graduate of Seminole High School of the class of 1933. For two years she attended Florida State University in Tallahassee and was a member of Alpha Delta Pi, social sorority.

Her fiancé was graduated from Opelika High School in 1930 and attended Alabama Polytechnic Institute where he was a member of Sigma Alpha Epsilon social fraternity. At present he is a student at the University of Alabama Dental School in Birmingham, Ala., where he is a member of the Psi Omega professional fraternity.

The wedding will be an event of early winter. Further plans will be announced at a later date.

SUMMER LUNCH

Like fresh peaches with cottage cheese? Here's your salad!
Creamy Peach Salad
Tray of Assorted Rolls
Browned Beverage
CREAMY PEACH SALAD
Ingredient: 4 large fresh peaches, citrus juice, salad greens, 8 ounces creamstyle cottage cheese, 1/2 teaspoon salt, 1 teaspoon prepared mustard, 2 tablespoons red wine vinegar, 8 tablespoons olive oil.
Method: Peel, halve and pit peaches. Dip in citrus juice. Arrange on salad greens. Fill peach cavities with cottage cheese. Beat salt, mustard, vinegar and olive oil together. Serve with salad. Makes 4 servings.
Note: If sour cream is available it may be used on this salad instead of the dressing given. Mix 1/2 cup of the cream with 1/2 cup mayonnaise or mayonnaise-type salad dressing; stir in a dash of paprika.

MALE BEARD REMOVER
Remove beard hair completely with this new hair-removing cream. It is the only hair-removing cream that makes the hair fall out. It is safe to use on the face and neck. It is safe to use on the face and neck. It is safe to use on the face and neck.

Tip For Local Diet Watchers

If pounds are your problem, says Myrtle Wilson, Home Demonstration Agent — either too many or too few, rely on milk as a basic food, nutritionists of the U. S. Department of Agriculture say.

If you're "reducing," count on milk for generous amounts of protein, calcium and other nutrients needed for good health at a very moderate calorie-count. When cutting calories, remember that you can get all the many important nutrients in milk, except fat and vitamin A, from skim milk or buttermilk. The high-quality protein of milk is one of its special assets for "reducers." Research has shown that more protein than usual in the diet benefits the person who is cutting down pounds.

Here are approximate calories in milk and milk products as guides to menus for losing or gaining weight: One measuring cup (1/2 pint) of fresh fluid milk, 165 calories; fresh fluid skim-milk, 85; buttermilk, 85; half-and-half, 330; chocolate flavored milk drink, 185; malted milk beverage, 280; evaporated milk, diluted with equal water, 175. Others: 4 tablespoons (1/2 cup) of nonfat dry milk, 110 calories; 1/2 cup ice cream, 150; 1/2 cup milk sherbet, 120; 1 ounce or 1-inch cube cheddar cheese, 115; 1/2 cup cottage cheese (not creamed), 110.

Personals

Mr. and Mrs. Walter Beal and three children have returned to their home in Odessa, Tex., after spending two weeks with Mr. Beal's mother, Mrs. V. C. Messenger. They spent several days at New Smyrna Beach while here.

Mrs. J. S. Lee and sons, Philip and Wylie and Bobby Jones have returned to their home in Lattimore, N. C., after visiting with Mrs. Lee's mother, Mrs. Lillian Vickery.

Friends of Clifford Proctor Jr., will be glad to learn he is home after being confined to the VA Hospital in Augusta, Ga.

Mr. and Mrs. Theodore J. Judt have returned home after visiting with relatives and friends in New Berlin, Ill., and Aurora, Ill.

Mr. and Mrs. J. U. Perritt and daughters Majorie, Carolyn and Jeanette of Vero Beach were visitors at the home of Mr. and Mrs. A. J. Peterson on W. First St. this past week.

Mrs. L. E. Spencer has returned from Ann Arbor, Mich., where she visited with her son and daughter-in-law, Mr. and Mrs. Jack Spencer and new daughter Deborah Ann.

Any housewife can brighten up breakfast by adding a few special dishes to her collection of breakfast menus. A tasty coffee cake or tempting Danish pastry will make the family want to get up early and hurry to the breakfast table. Try this delightful Golden Nugget Coffee Cake as an inducement to your family.

BIRTHS

A 6 lb. 7 1/2 oz. daughter was born on Aug. 7 to Mr. and Mrs. Jack Spencer in Ann Arbor, Mich. The little lady was named Deborah Ann and is the granddaughter of Mr. and Mrs. L. E. Spencer of Sanford.

The First Baptist Sunday School Worker's Council will begin their meeting at 7 p.m. with a covered dish supper in the Memorial Educational Building.

The First Baptist Prayer Meeting Service will begin at 7:30 p.m. Bring your Bibles.

Gloria McMillan To Give Up Career As Television Star

By JAMES BACON

HOLLYWOOD — Gloria McMillan, the pretty blonde whom television audiences know as Harriet Conklin, the principal's daughter on the Our Miss Brooks show, is giving it all up for a poorer-paying role as a minister's wife.

But Gloria, 22, and a bride of six months, has no regrets about following in the footsteps of Colleen Townsend. Miss Townsend chucked the Our Miss Brooks show, is giving it all up for a poorer-paying role as a minister's wife.

The husband is Gilbert Allen, a graduate of the University of Southern California, who intends to enter San Francisco Theological Seminary for Presbyterian ministers on Sept. 17.

The two met at Beverly Vista Community Church in Beverly Hills where both were interested in youth work. They were married there, too.

"We've both had a good taste of church work and we love it," she added.

A veteran of radio since she was four years old, Gloria believes that her long acting career will be a big help in her husband's work. She also plans to put some of her

Colleen Engebretson Proves That Brains, Beauty, Mix

"I've always wanted to be a second grade school teacher ever since I was in the second grade. I had the nicest teacher in the world and I've always wanted to be like her," said Miss Colleen Engebretson, 18 year old June graduate who will enter the University of Florida at Gainesville this fall.

Colleen, a petite blonde with dancing blue eyes has represented Sanford and its various organizations in many beauty contests besides graduating with honors. Her school average was above 90 for four years and she received four honor letters besides a medal for average and perfect attendance.

The daughter and only child of Mr. and Mrs. Forrest F. Engebretson, Colleen came to Sanford from Brodhead, Wis., in her fourth year of school. She likes to eat "anything" and has no "favorite" food. "I love to dance," she says.

She made quite a name for herself in high school being in the band, as head majorette, Glee Club, on the Sally Staff, Key Club Sweetheart and president of the Tri Hi Y. She was voted one of the six outstanding senior girls and each Saturday morning over WTRR she had a radio program entitled "Children's Classic Hour" started six years ago by Marian Harman Sr. Colleen was also a Girl State Delegate.

She represented the Shrine Club here and won the beauty contest held in Cocoa, being crowned Miss Shrine Bowl. She also represented the Lions Club in the Seaside Fiesta in New Smyrna Beach.

At graduation she was presented the Junior Chamber of Commerce award and the American Legion Award for citizenship, and leadership. Colleen was very active in band work and received a band letter. Also she was given the Danforth Award in leadership which was a book, "I Dare You."

Her hobby is "scrap books." "I must have about 20 of them," she said. "I keep them on everything. I started when I entered high school and now I have one on hand, football games, basketball games, dances and so on." In college she plans to "study, study, and more study". When I graduate I hope to teach elementary age children since I had the most wonderful second grade teacher in the world. I have remembered her and want to be like her.

COLLEEN ENGEBRETSON

high school and now I have one on hand, football games, basketball games, dances and so on." In college she plans to "study, study, and more study". When I graduate I hope to teach elementary age children since I had the most wonderful second grade teacher in the world. I have remembered her and want to be like her.

Recently Colleen was presented \$100 as a Barry Crim Scholarship at a City Commission meeting. She was offered a \$350 scholarship to Shorter College in Rome, Ga., but turned it down. This, by the way, was offered on high grades.

Sometimes brains and beauty do mix, don't they?

Cards End Season With 4-3 Victory

Last Minute Surge Leaves Cocoa Behind

By THE ASSOCIATED PRESS.
The Florida State League season ended on a happy note last night in a wedding at the pitcher's mound in Daytona Beach.

Bob Arendt, who had just pitched his 22nd victory of the season for the Islanders, married Mary Fricks of Daytona Beach.

Daytona Beach had another celebrant—first baseman Dan Keith who had started the season as Sanford manager. Four straight hits lifted his batting average unoffically above .400.

In the final games Daytona Beach beat St. Petersburg 9-0, West Palm Beach beat Gainesville 7-3, Sanford beat Cocoa 4-3 and Orlando beat Lakeland 2-1 in 10 innings.

The league champion Orlando Flyers scored their winning run when Ed Houseknecht tripled and Dave Drapp singled. Howie Trep gave Lakeland only five hits in pitching his 18th victory.

Sanford scored its winning run in the bottom of the ninth with ten out when Red Martello walked with bases loaded. Cocoa pitcher Joe Drach jammed the bases on two walks and a single by Bud Miller.

Stuart Cloos' relief pitching protected an early West Palm Beach lead. He gave only one hit in four innings to the Gainesville 6-men whose biggest spur was on a fresh homer by Norman Hughes. The ball wedged under the fence while

Hughes and two other runners scored.
Attendance was 993 at Daytona Beach, 863 at Gainesville, 768 at Orlando and 337 at Sanford.

Marty Marion Gets Many Extra Miles From Old Veterans

By ED WILKS
The Associated Press
Chicago's old folks pitching staff reclaimed Bob Keegan today and the White Sox shoved off for Cleveland to put their half game lead in the American League to a showdown test against the Indians.

The tall, 24-year-old youngster from Far Rockaway, N.Y., with his second unanimous 10-round decision over Charles in less than a month, had spoiled the Cincinnati boxer's hopes for another crack at the world's heavyweight crown.

In the ring before the TV cameras, Jackson was a dancing, weaving, cocky jack-in-the-box, finally staggering the buffed Charles in the 10th round and hitting him with punches from everywhere.

But in the Cleveland arena's dressing room, Jackson was shy and self-conscious as he walked up to Charles and apologized for beating him.

Charles, just out of the shower, was seated on a stool with a towel around his midsection, talking to reporters. His right eye was swollen nearly shut from the beating he took in the first minute of the bout but he wasn't seriously hurt.

Jackson, without a mark on him, walked up, leaned over the older man, and also whispered his apologies. He straightened up as Charles responded with some advice to a young boxer.

"Take care of yourself and keep trying," Charles said. "You've got a lot of ability that most fellows haven't got. Put your heart in it. Tears well in Jackson's eyes as he listened to Charles, and he broke in with:

"But I don't want to fight."
"Oh, if you don't want to fight, that's a different story," said Charles. "With me it was different. I wanted to fight."
"I fight because there's nothing else I can do," interrupted Jackson and walked away.

Asked if the defeat meant his retirement, Charles told reporters he'd have to think about it for a few days.

Young Jackson Offers Apologies To Ez Charles For Beating Him

CLEVELAND (AP)—Tommy (Hurricane) Jackson, the fantastic young fighter who had just battered Ezard Charles into helplessness, walked up in the 10-year-old ex-champ in the dressing room last night and told him, "That was one fight I hated to win."

The tall, 24-year-old youngster from Far Rockaway, N.Y., with his second unanimous 10-round decision over Charles in less than a month, had spoiled the Cincinnati boxer's hopes for another crack at the world's heavyweight

5 Players To Join Indians In East

CLEVELAND (AP)—Five players from the American Assn. will join the Cleveland Indians when the Tribe begins its last eastern trip next Tuesday.

The Indians' front office announced today that first baseman Joe Altobelli, outfielder Rocco Colavito and second baseman Bobby Young were recalled and the contracts of pitcher Hank Aguirre and second baseman Stan Pavolusi were purchased from the Tribe's Indianapolis farm club.

Two other pitchers, Dick Tomneck and Marlon Murszewski, also have been recalled, but they will not report until 1954 spring training, the Indians said.

Football Squads Launch Practice

From the bluegrass of Kentucky to the bayous of Louisiana, Southeastern Conference football squads thundered out to practice fields today to launch their season.

The early bird hadn't had time to get his worm before the shriek of coaches' whistles commanded the attention of hundreds of young men bent on "making the team."

With season openers just 16 days away (or eight of the 12 SEC teams, two-day drills were ordered immediately in most camps.

Shape of things to come—or go—was shown yesterday at Florida's picture-taking session. Coach Bob Woodruff spotted several players prancing before the camera with a mile too much "muscle" around the waist. Strict diets, and perhaps a few extra laps around the field, were ordered for the bulging boys.

Guards John Barrow and Charles Gill, tackles Buster Hill, Vel Heckman and Larry Wesley and center Law Doss were among the lads who apparently had not had enough exercise pushing themselves away from the table.

Many of the coaches had their squads out yesterday for cameras, which started today, could be devoted to team-improving work.

Woodruff wasn't the only coach who had a word about conditioning after getting a look at his boys.

Said Paul Dietzel, new boss at Louisiana State: "We don't have

U. S. Marines Enlistments Open, Recruiter Declares

Immediate enlistments are now open in the United States Marine Corps.

According to Tsgt Donald R. Groom, local Marine recruiter, there is no delay or long period of waiting for men desiring to enlist in the Corps. Qualified applicants are now being accepted at Marine Corps recruiting station located at Post Office Building, Sanford.

If you're ready to go on active duty and want to leave right away, you can be enlisted immediately and sent to recruit training at Parris Island, S. C. Although applicants previously experienced delay in being accepted, the recruiter pointed out that there is no longer any waiting period. Volunteered now and you're on your way to becoming a Marine, he said.

Currently, men are being accepted for four and six years with liberal bonuses paid upon re-enlistment. Retirement benefits have also increased under the provisions of the new pay raise enacted by Congress. Thus a young man who enlists at age 17 or 18 and serves 20 years can retire at age 37 and draw liberal retirement pay for the rest of his life. There is no payroll deduction made for this pay, the entire cost is borne by the United States Government. Young men who wish to get started on an exciting career with the Marine Corps, and reap future security should apply for immediate enlistment now, the recruiter concluded.

News Of Men In Service

AN AIRBASE IN JAPAN — Major Charles C. Hurt, son of Mr. and Mrs. J. L. Hurt of 1011 Oak Ave., was recently relieved from duty and assignment with Japan's 36th Weather Reconnaissance Squadron and has been transferred to the Zone of Interior for assignment to the 26th Weather Squadron at Barkeley, AFB, Louisiana. Major Hurt's duties with the 36th were those of officer in charge of aerial weather observation section.

The "56th", a unit of the global Air Weather Service, equipped with specially modified W-29 aircraft, flies a daily weather reconnaissance mission over Korea and also flies a weather track along the Russian-held Kuriles, the chain of islands to the northeast of Japan. Weather observations are taken at 100 mile intervals along the flight paths, the data being transmitted by the aircraft radio operator for monitoring in the squadron ground station prior to world-wide dissemination over a broad teletype network.

CLEMENT ATLEE, 72, Labor Party leader and former Prime Minister of Britain, was recovering from the effects of a blood clot on the brain at his country home near London. Mrs. Atlee said that she and her husband were going to leave for a vacation on August 27 in Pembroke, Wales.

Madeline Lee, who has appeared on many top TV and radio programs, invokes four Constitutional amendments as she takes the stand in New York at the House Un-American Committee hearings on possible Red infiltration of the entertainment field. In addition to the routine Fifth and Fourth Amendments, she said the First Amendment barred "illegal search and seizure of my talents" and the Eighth covered "harsh and unusual treatment." Lutheran Church Members Seeking New Locations

A future meeting was set by the congregation of the Lutheran Church of the Redeemer last night to consider new locations for the construction of a church and chapel here.

J. C. Jorgenson, chairman of the church's building committee, submitted addition sites for construction. However, no selection was made until further consideration is given to the area of the city in which the church will be built.

The Rev. Philip Schlessmann, pastor of the congregation, advised the church group that he will be out of the city Tuesday, Wednesday and Thursday of next week attending a Mission Retreat at Camp Little near Gotha. The Rev. Schlessmann also told the congregation at its business meeting that he will conduct the Wallberg League Rally in Orlando on Sunday afternoon, Sept. 11.

Final plans were made for the annual church picnic which will be held Monday at Camp Southward near Sanford. Members of the Kusti congregation and its Sunday School, said Jerry Benkari, superintendent of the local Sunday School of the Lutheran Church, have been invited to join the Sanford church on its picnic. The entire church group will leave the Yacht Club at 10 o'clock on Monday morning.

A meeting of the Men's Club of the local church, set for the 7th Thursday in September at the home of Jerry Benkari, 2418 South Elm Ave.

Final plans were made for the annual church picnic which will be held Monday at Camp Southward near Sanford. Members of the Kusti congregation and its Sunday School, said Jerry Benkari, superintendent of the local Sunday School of the Lutheran Church, have been invited to join the Sanford church on its picnic. The entire church group will leave the Yacht Club at 10 o'clock on Monday morning.

Large Water Main Literally Explodes After Being Hit

Eight feet of a 10-inch water main literally exploded Wednesday afternoon when a bulldozer owned by Cray Construction Company tore into the pipe located in the alleyway between French and Laurel Ave. from Ninth to Tenth St.

City Manager Warren E. Knowles said that the water was actually off at 5:25 p. m. to 7:45 p. m. in order to complete the repairs.

The bulldozer, building a loading ramp for equipment, tore into the pipe as crews were coming in at the completion of the day's work along French Ave.

"It was not so much the repairing of the pipe," City Manager Knowles said, "as it was the getting rid of the water in order to get to the pipe." Knowles explained that it was necessary to use four three-inch pumps and two two-inch pumps to get rid of the water before beginning work on the break.

Water gushed from the break, said Knowles, as high as 30 feet when the break was made.

Drivers License Exams Underway

Examinations for drivers licenses, conducted by representatives of the Florida Highway Patrol, were given today in their new location for the first time.

All examinations, written and oral, required for the issuance of a drivers license, are now being given at the American Legion Hut on Lakewood Blvd.

Necessary writing facilities and space are available at the American Legion Hut, according to local law enforcement officials.

The new 1955-56 Drivers License exams are now on sale at the office of the Seminole County Judge at the county court house. Desks have been set up in the lobby of the county house to accommodate the new exams and increased activity.

Pair Shoes Found At Fishing Pond

There was a lot of excitement at the Jaycee Fishing Pond Wednesday afternoon when a pair of shoes was found.

As a matter of fact, one fisher girl got so excited she left her shoes out at Trout Pond.

The folks at the Jaycee Fishing Pond have the shoes for the young lady if she will call for them.

"I wish I had been 30 years younger," said Eddie Clarke of Cincinnati after he helped "push" Bob Swelker to a win in the "500" at the Indianapolis Speedway.

Clarke, well known in Sanford automobile circles, has been in the automobile racing car business for about 34 years remarked today, as he visited his old haunts around Central Florida, that "I would rather have been driving myself than helping someone else win that famous Memorial Day Race."

Although claiming to be too old to be actively engaged in racing he described this morning two recent races in which he drove. One was at Salem, Ind. where he drove a "sprint car" and then again at Terra Haute, Ind. where he again drove the half-mile car.

Fifty-four-year-old Clarke was one of five mechanics who made up the pit crew for Swelker's 1955 Memorial Day race. He recalled today one of the thrilling moments of the race when Swelker drove in for a four-tire change and 60 gallons of fuel all within 52 seconds. He figures the job was all right for his age, but it didn't make up for the "thrill and satisfaction of coming down the straightaway and getting the checkered flag."

Eddie is an old-time racing car driver who has had more wins, splinters through more fences and experienced more crashes than he can remember, and even more recently has renewed his ability to stay behind the wheel in one of the roughest races of the motor world.

Many of Clarke's friends will be happy to know that he is back in Central Florida to renew old acquaintances and to enjoy some of Central Florida's famous fishing. On a brief vacation trip, Clarke is spending a big portion of his rest here in Sanford.

Union To Decide On Strike Tonite Against Railroad

NEW YORK (AP)—The CIO Transport Workers Union says it will decide today whether to abide by the spirit of the Railway Labor Act and call off a strike set for midnight tonight of 350,000 non-operating employees against the Pennsylvania Railroad.

A strike by the two against the nation's biggest railroad would affect the line's operation in 12 states and the District of Columbia.

In Denver yesterday, President Eisenhower created an emergency fact-finding board to look into the dispute. Under the Railway Labor Act, this move requires postponement of strike action for 30 days.

Ministerial Assn. Resumes Meetings

The Seminole County Ministerial Association held its first fall meeting yesterday at the First Presbyterian Church.

Future meetings, according to action taken at the meeting yesterday, will be held at Seminole High School at 12:30.

Several Committees were appointed to complete surveys carried over from the spring meeting.

The Rev. Davis E. Carniff, President of the ministerial group, adjourned the meeting following a prayer.

POOL'S LAST DAY

Monday will be the last day of operation for the Sanford Municipal Pool for this year. Hours are from 9:30 a. m. — 1 p. m.; 2-6 p. m. 7-9 p. m.

CITY CREWS AND

Workmen were in place today in the ball diamond area of the Sanford Municipal Stadium to reconstruct the 1955 football season. Superintendent J. J. Dunn can be seen at the right supervising the work. (Photo by James G. ...)

Grier, Carrol Buy Cafes Building; Bukurs Open Store

Transactions have been completed in the sale of the Cates building by J. J. Grier and H. H. Grier and B. R. Carroll.

Grier and Carroll, owners of the Sanford Furniture Center, are formulating plans for the modernization of the Cates Bldg. at West First St. and Oak Ave. where they anticipate moving their furniture store in the future. Their business was started approximately four years ago and is now located in the Wilaka Bldg.

The two partners have leased a portion of their new building at 207 West First St. where Peter J. Bukur and his son Peter P. Bukur have opened Bukur's Music Shop. The store has been established downtown to offer a complete line in musical needs in addition to the musical instrument repair shop which has been located in this city for the past seven years.

The second story of the structure offers eight furnished apartments which are rented out.

Larceny Charges Filed On Deloach

Charges of petit larceny were placed yesterday against James A. Deloach of Lake Monroe when warrants for his arrest were served on him by Constable J. Q. "Slim" Galloway.

Sanford Police Department reports reveal that Deloach was charged with taking a sum of money from A. C. Hill in a downtown business establishment.

Constable Galloway, with a warrant for the arrest of Deloach, met the accused man driving toward Lake Monroe.

Galloway said that Deloach will be charged with "driving while intoxicated" following the completion of his petit larceny charges.

Patrolman C. C. Dodson was the investigating officer for the Sanford Police Department.

Californians Brace For Scorching Day

LOS ANGELES (AP)—Southern Californians braced themselves for another scorcher today in the wake of yesterday's record high temperatures which were blamed for four deaths and 58 cases of heat prostration.

The mercury zoomed to 110 degrees in Los Angeles, cracking a 64-year-old mark by one degree. Nearby Tujunga recorded a sizzling 120. And on the normally torrid Mojave Desert it was a comparatively cool 90 to 100.

More heat was forecast today, with a high of 108 expected for downtown Los Angeles.

"BRAVERY MEDAL"

COLUMBUS, Ohio (AP)—Girls from the state's 4-H Clubs staged a style show at the Ohio State Fair yesterday.

The girls modeled dresses of their own creation.

Then out walked David Mitten, 20, of Stone, in a blue wool suit made by his sister Martha, 18.

The awards for dressmaking (or tailoring won't be decided for another day, but David walked away with the bravery medal.

Democrats Prepare For Rally

A Democratic rally will be held here in Sanford Thursday night, Sept. 8, 6:30 p. m., at the Yacht Club.

Mrs. Ralph A. Smith, publicity chairman for the Teas for TV Program said that a covered dish supper will be served with the Seminole County Democratic Committee furnishing the tea for the occasion. "We're interested," Mrs. Smith said, "in getting all loyal Democrats, and anyone who enjoys a real good time, to join with us for this special event."

Space will be limited, Mrs. Smith said, with only enough room to take care of 80 at this special meeting. Reservations should be made early by calling Mrs. R. A. Goodspeed, vice-chairman of the Seminole County Democratic Committee, at telephone No. 633-W.

Each person attending the meeting will be given an opportunity to pin his dollar on what he believes is the donkey's tail, with an award going to the person pinning his dollar nearest the tail, said Mrs. Smith. "Of course," she said, "this is just part of the entertaining program that is being arranged."

Mrs. Roy Tillis, Seminole County chairman of the Teas for TV committee, said that James M. Milligan, State Chairman for the Democratic Committee, has been invited to join with Seminole County Democrats for the event.

Mrs. Tillis also said that all city and county officials have been invited to the rally and added, "all loyal Democrats are expected."

James Lee, of Orlando, is chairman of the Seminole County Democratic Committee.

Additional Deeds Given For 17-92

Deeds for the second tract of land to be contributed for the 17-92 right-of-way were received this morning in the office of John P. Fox, right-of-way agent for Seminole County.

Hubbard Casseberry contributed 830 feet of highway property, 50 feet deep, in a warranty deed to the State of Florida for the right-of-way along 17-92.

In his letter of transmittal which accompanied the deed, Casseberry expressed his delight in contributing the property for the road and paving project.

Highway four-laning, widening. Earlier, Paul Burris contributed a 290 foot strip for use as right-of-way along 17-92.

The two sections of highway frontage are located in the Spring Hammock section known as "Death Valley."

Gov. Patterson Tells Spokesman Of Powerless State

SALEM, Ore. (AP)—Gov. Paul Patterson told a union spokesman yesterday he was powerless to do anything about state-owned vehicles crossing the picket line at Secretary of the Interior McKay's automobile agency here.

Milo Holt, business agent of the Salem Local, AFL International Assn. of Machinists, complained to Patterson about state cars ignoring picket lines at the McKay firm and two other automobile agencies. Machinists went on strike last month at the three places after a breakdown in negotiations for new contracts.

Factory In DeBary? Residents Queried

DEBARY — The Chamber of Commerce has mailed questionnaires to all property owners of DeBary, seeking their reaction to a petition from a Baltimore man wishing to erect a factory in or near this village, providing "it does not create a neighborhood nuisance."

Everett L. Swift, secretary of the Chamber discloses that about 160 replies have been received. "Many of them," Swift states, "are favorable. Some are violently opposed and others say they would prefer it near but not in town."

"Recently a factory in Baltimore was asked as if a factory in DeBary would be desirable inasmuch as the retired residents might want part-time work assembling small parts for his patented articles, one of which is a sprinkler with a built in timer."

"The Board of Directors felt that before making a decision they should consult the people concerned, hence the questionnaire, which also queries names of those who wish to be on the Service list for work of any kind in DeBary. There are a goodly number of names sent in for this list," Swift added.

"When the answers are all in they will give a clear-cut cross section of opinion and from them we can decide just how to deal with the Baltimore factory man," Swift concluded.

DeBary is unique in this era of real-estate partial payment plans in that 90 per cent of the residents are retired professional and business people owning their own homes, mortgage free. Much of the property in DeBary is restricted, some is not and on it will remain until he sees if the townpeople will welcome a factory in their midst.

No Injuries Told In Auto Accident At Ninth, Magnolia

A collision at the intersection of Ninth St. and Magnolia Ave. yesterday, shortly before noon, claimed property damage estimated at \$235 but no injuries were reported.

According to the accident report at the Sanford Police Department, a 1950 Plymouth Sedan traveling south on Magnolia Ave. and a 1950 Ford Sedan traveling west on Ninth St., crashed in the intersection of the two streets.

The Plymouth, driven by Mrs. P. R. Heck, 73-year-old Sanford housewife of 242 Laurel Ave., received a damaged front bumper and guard, estimated at \$75.

The Ford, driven by Annie Floyd McGill, 29-year-old Sanford negro, received damages to the right side of the car estimated at \$160.

According to the investigation conducted by Sanford Police Department Patrolman Arnold Williams, indications and witnesses allege that the Plymouth sedan ran a stop sign, crashing into the Ford sedan which had cleared the intersection.

Campbell-Lossing Meeting Postponed

The regular monthly meeting of the Campbell-Lossing Post, American Legion, here in Sanford, scheduled to be held Monday, Sept. 5, has been postponed due to the holiday.

Post Commander George Maybury, said today that the date for the next meeting will be announced later.

Death Investigated Of Actor-Producer

NEW YORK (AP)—Police today were investigating the death of actor-producer Philip Loeb, found dead last night from what an assistant medical examiner said was apparently an overdose of sleeping pills.

Loeb, 61, was found in his room at the Hotel Talt in the Times Square area. He had registered Wednesday as Fred Lang of Philadelphia.

Three years ago, after he was named in "Red Channels," an anti-Communist publication listing entertainers allegedly involved in Communist-front organizations, Loeb was dropped from The Goldbergs television show. He was Papa Goldberg. He all but vanished from the public eye after that.

DOG MISSING

READING, Pa. (AP)—Miss Pennsylvania of 1955 may be wearing a crown on her pretty face at next week's Miss America Pageant in Atlantic City, N. J. Miss Pam Ulrich said yesterday her mongrel dog Duffy was missing and added, "I'd be much happier during the contest if I knew Duffy was safe at home."

Extra Precautions Should Be Taken As School Opens

Bar Mel Drill Team Will Make Debut In Parade Monday

The Bar Mel Dude Ranch Drill Team will make its first Sanford appearance Monday in the Duke Hosts Parade. Composed of 16 riders all under 16 years of age and coming from all parts of Florida, these boys and girls have been trained under the direction of Miss Mel Viles, co-owner of Bar Mel, assisted by Bill Masterson, and Sonny Sizelove (formerly of Sanford).

Bar Mel will also bring 21 of the horses from her remuda to enter various events staged at the Arena.

The list of riders on the drill team includes Holly Daw, Daytona Beach; Lydia Saltzman, Daytona Beach; Julie Moore, Coral Gables; Rita Stark, Daytona; Elizabeth Stark, Daytona; Marie Moore, Coral Gables; Denny Anderson, Knoxville, Tenn.; Martin Kartmark, Deland; Oscar Loyd, Leesburg; Val McWhorter, Bar Mel, Deland; David McWhorter, Bar Mel, Deland; Charlie Friedman, Sanford; Junior Fuller, Fullerton; Buddy Smith, Fullerton; Jerry Smith, Daytona; Bill Masterson, Daytona; Harold race riding for Bar Mel; Denny Anderson, Sonny Sizelove.

Strait away for Bar Mel Martin Kartmark; musical (tres, Drill Team; bronze riding, Sonny Sizelove; bull riding, Sonny Sizelove; calf roping, Sonny Sizelove; saddle scramble, Denny Anderson; bull doggin, Sonny Sizelove and Clyde Richardson.

Other riders will include ranchers who have been to Bar Mel during the summer June Akus, Nancy Zimmit, Tom Smith, Jane Green, Gerry Hahn, Tom Smith and Susan Kroll.

Buggy driver, Carol Sizelove; buck board, Bill Masterson.

George F. Booth Dies At Gloucester

WORCESTER, Mass. (AP)—George F. Booth, 84, editor and publisher of the Worcester Telegram and Gazette and president of Worcester radio station WEAG, died yesterday at his summer home in Bass River, Gloucester.

He served as a director of The Associated Press from 1911 to 1920 and was a charter member of The AP upon its reorganization in 1907.

He performed many civic duties but never sought political office, saying he believed "it would compromise a newspaperman's independence."

He began his newspaper career while still a schoolboy, working during the summer months.

A native of Hartford, Conn., he came to Worcester in 1899 and bought a partnership in the Evening Gazette.

Daily News States Eisenhower Fires Intelligence Chief

NEW YORK (AP)—The case of a Daily News said today President Eisenhower fired Maj. Gen. Arthur G. Trudeau as Army Intelligence (G-2) chief at the "personal request" of Allen Dulles, head of the Central Intelligence Agency.

In a Washington story by John O'Donnell, the News said Trudeau "actually was removed from his intelligence command by Eisenhower despite the violent, though suppressed, opposition of the Pentagon, from Secretary of Defense Wilson down through the all-powerful Joint Chiefs of Staff and uniformed professionals of Army, Navy and Air."

The newspaper said the President "savored" in his decision to fire Trudeau, 54, but that Allen Dulles' plea was backed up by his brother Secretary of State John Foster Dulles.

CATS, TEETH GONE

DALLAS, Tex. (AP)—An 83-year-old woman told police yesterday someone entered her house and stole her two cats and the false teeth which she had left in a cup.
