

VISUAL NEWS of the WORLD in PICTURE

MORGAN LINER HARD AGROUND IN HURRICANE-SWEPT WATERS

Hard aground of the lower Florida coast with more than 372 people aboard, the Morgan liner Dixie is shown in this close-up made from an airplane as her passengers lined the rails and patiently awaited rescue. After a long delay because of racing seas and fog, rescue vessels began taking off passengers and crew. High waves continued to hamper the task of transferring them from the ill-fated liner by means of lifeboats. The Dixie ran on French Key during the hurricane that killed hundreds in South Florida. (Associated Press Photo)

WHERE FLORIDA HURRICANE SPREAD DEATH AND DEVASTATION

The West Indies hurricane, which is believed to have killed between 400 and 500 people in southern Florida, cut and devastated over the keys to even Miami and Key West. Here is shown one of the worst breaks in the Florida coast, and the overseas highway which connects Key West with the mainland. Scores were killed in this vicinity and many railroads and highways were destroyed. (Associated Press Photo)

No Handed Shultz Appalled By Sight Of Destruction On Keys

By DAVE SHULTZ
Governor of Florida
MIAMI, Sept. 7.—(AP)—I am appalled beyond words at the scenes of horror and destruction in the Florida keys as a result of the West Indies hurricane. The whole scene is so ghastly and so terrible that I feel that I should like to see the bodies of the dead. I am sure that the people of the keys are suffering from the death toll is, but the Red Cross advises me its check shows about 440 persons known dead or missing.

Shultz Appalled By Sight Of Destruction On Keys

MIAMI, Sept. 7.—(AP)—I am appalled beyond words at the scenes of horror and destruction in the Florida keys as a result of the West Indies hurricane. The whole scene is so ghastly and so terrible that I feel that I should like to see the bodies of the dead. I am sure that the people of the keys are suffering from the death toll is, but the Red Cross advises me its check shows about 440 persons known dead or missing.

Nazis Protest Dismissal Of Five Rioters

BERLIN, Sept. 7.—(AP)—The Nazi regime, called the German ambassador at Washington, has been instructed to protest the dismissal of five men arrested in the recent Bremen riot. The ambassador at Washington, has been instructed to protest the dismissal of five men arrested in the recent Bremen riot.

BRINGING IN THE DEAD AFTER HURRICANE

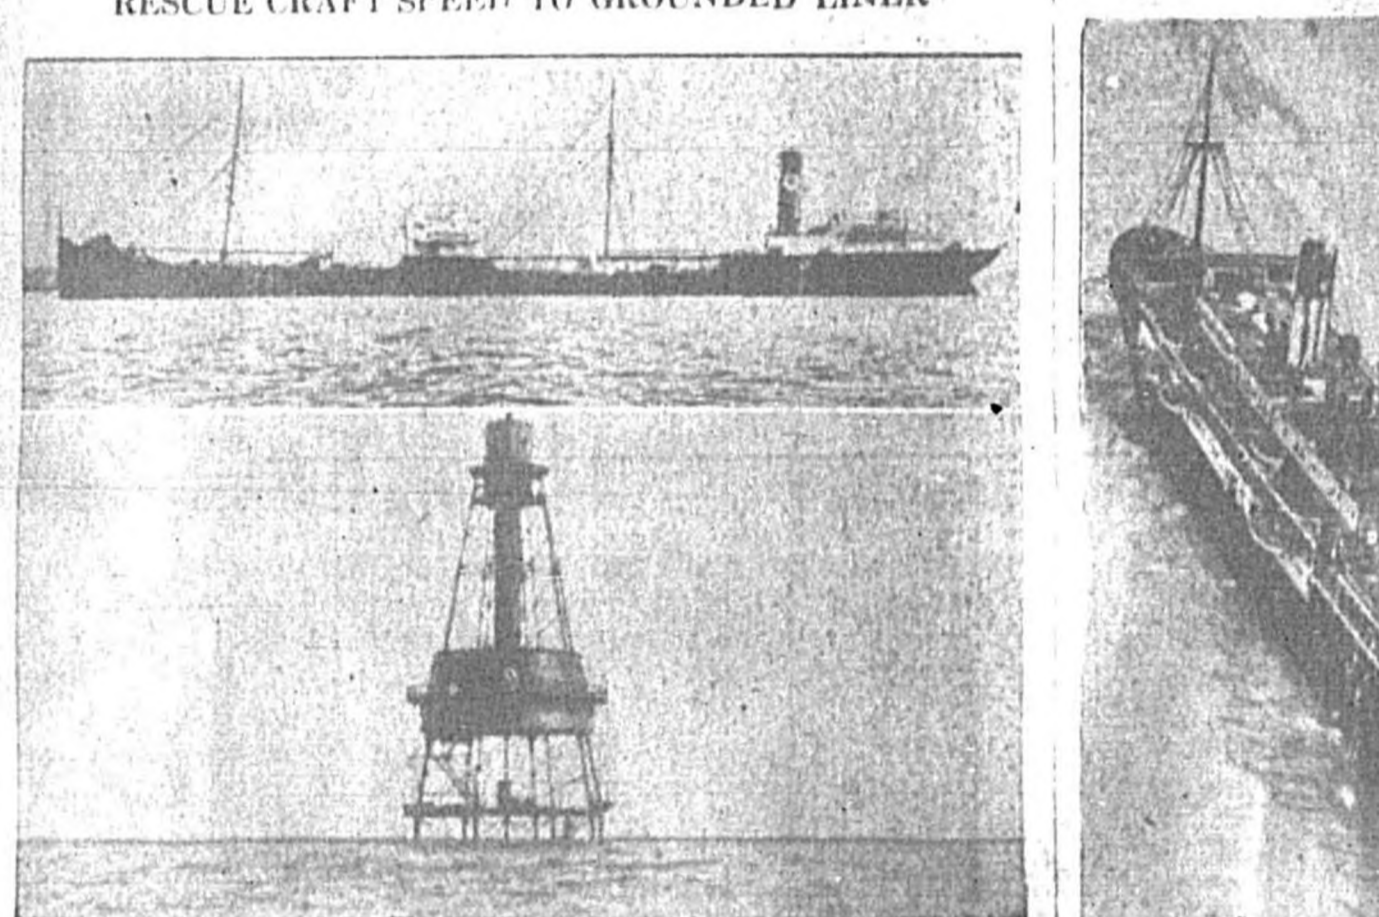

Spending the task of bringing in the bodies of the hundreds killed by the Florida hurricane, workers resorted to the last mode of conveyance available. At the top a group of the dead is shown on a sled drawn by an automobile. These bodies were found near Snake Creek north of Key West. Below are shown bodies being transported by a motor launch from the storm hit in a motor launch. (Associated Press Photo)

Order Given To Burn Dead War Veterans

MIAMI, Sept. 7.—(AP)—Sheriff D. C. Coleman, directing rescue operations in the lower keys, reported to the Red Cross at 9:15 this morning that the burning of the bodies of Monday night's storm victims had started. It was after daylight, he said, before the first bodies were buried. The bodies were buried in a trench dug for the purpose. The bodies were buried in a trench dug for the purpose.

RESCUE CRAFT SPEED TO GROUNDED LINER

Rescue craft speed to grounded liner. The Dixie ran on French Key during the hurricane that killed hundreds in South Florida. (Associated Press Photo)

STORM VICTIMS GET AID—BY FLASHLIGHT

Working about midnight, a woman nurses to an injured victim of the storm. The scene is dimly lit, suggesting it is nighttime or in a dark shelter. (Associated Press Photo)

TANK CAR SAVES 50 MAROONED IN HURRICANE

When the West Indies hurricane struck Upper Matecumbe Key, spreading death and destruction, a tank car saved 50 marooned men by being blown to a safe place. The workers were trapped in the building, but they were saved by the tank car. (Associated Press Photo)

DIXIE'S LINK WITH YOUNG SHIPS

While hurricane winds raged and heavy seas roared, Dixie's link with young ships was maintained. The ship was driven aground by the hurricane, but the crew and passengers were saved. (Associated Press Photo)

Will Call Out Frigate To Prevent Fruit Ship, He Warns

MIAMI, Sept. 7.—(AP)—Stultz said today "exercise executive authority and shall call upon the frigate to prevent the fruit ship from being taken to sea. He said that the frigate is being used to prevent the fruit ship from being taken to sea.

Dr. Luther Resents Criticisms Of New York Judge Who Freed Communists

NEW YORK, Sept. 7.—(AP)—Dr. Luther resents the criticisms of New York Judge who freed communists. He said that the judge's decision was based on the evidence presented in court.

Match Applied To Hot Pile Of Oil-Soaked Bodies Early Today

MIAMI, Sept. 7.—(AP)—A match was applied to a hot pile of oil-soaked bodies early today. The bodies were being burned in a trench dug for the purpose.

Sanford didn't get much of that hurricane, but it got all it wanted. It remains to be seen whether this African war will civilize Ethiopia, or Italy.

President Roosevelt deserves credit for denouncing an investigation of the loss of life among the veterans of the Florida keys. Someones ought to be fired to pay the least.

There were 541 lives lost in automobile accidents last year. There will be five or six hundred killed in such accidents next year. Will you be one of them?

We suppose people would have more faith in Lindbergh's mechanical heart if they didn't believe in technological accomplishment.

We see where Mr. Maholin drove his racing car 301,333 miles in an hour. Evidently he was having an awfully hard time.

The efficiency and dispatch with which the passengers of the ill-fated Dixie were rescued was in marked contrast with the shapeless failure to locate the victims from the Florida keys.

And just before the Dixie went on the rocks, one of her passengers had just sent a telegram that it was a "goodbye" and she wished the "best of luck."

Maybe the economic car built by the engineers when in full and ahead of a hurricane but the first time it rains, these things take the paper. Fairly good news, Fred. It pays to subscribe as well as to advertise.

The hurricane which has killed or five hundred lives in the Florida keys and later those same folks indoors during the week of the week, may have saved more than 500 lives in the Florida keys.

The strategic location of Central Florida town, as far as West Indian hurricanes are concerned, was again demonstrated Wednesday when another one came from the remote southwest, passed to the south of us then to the west of us, and finally to the north of us, moving all the way around us, but never touching us.

We see where the proponents of the cross state canal are insisting that the merit of its construction has been demonstrated as a result of the recent hurricanes which blew the swamps flat on to the coral reefs. In fact, judging from some of the claims of the canalists, we wouldn't be surprised to see them insisting before long that its construction will prevent hurricanes altogether.

Secretary Wallace has coined a new word which may come to have a historic place in the history of the future American. Discussing the possibility of an adverse court decision on the AAA, Secretary Wallace said, "If we are scheduled . . . etc." It should not be necessary for us to explain that the derivative of the word "scheduled" is coined by the Secretary, is to be issued in the name of the New York company whose attack on the constitutionality of the National Recovery Act.

Just A Little "Life-Saver"

It is interesting to find President Roosevelt announcing, after the recent session of Congress, that his reform program is substantially complete. The peak of the depression has passed. Confidence has been restored. We are now on the broad highway to a more abundant life.

Almost at the same moment, however, we find the President's right hand man, General Johnson, telling the Indiana State Bar Association that the NRA must be re-enacted, that the Blue Eagle is the only bird that can save the country from complete destruction.

Yesterday Secretary Morgenthau announced that federal expenditures for July and August, the first two months of the current fiscal year, were \$1,249,000,000 while receipts were only \$577,000,000, representing a deficit of \$672,000,000.

Simultaneously, Senator Thomas, who up to this time has had pretty much his own way with the Administration, announced that a triple-edged drive for inflation will be commenced in Congress as soon as it convenes next winter.

Two other reform measures are also on Senator Thomas' list. One of them, dearest to his heart, is the re-monetization of silver, placing that metal on an equal basis with gold as backing for our currency.

On an entirely different front, the Supreme Court is preparing to meet next month for a session which promises to be the most momentous in its history.

So it appears to me that I have seen a little of the President's "life-saver" in these days of the AAA and the NRA.

Nineteenth Century Manners

We have come a long way in this country from the days when being a Lord's best friend was something to be proud of. This fact is further emphasized by Edwin C. Hill who has recently dug up a book on etiquette.

It may help a lady to know that the words "Will you please come with me to the ball" is a question, not a statement.

The number of the ladies who were invited to the ball was 100. The number of the gentlemen who were invited to the ball was 100.

Gentlemen whom the number of the house reports to dance with these ladies should be ready to accept to his wish and even appear pleased at dancing with a person thus recommended to their notice.

Ladies who dance much should be very careful not to boast before those who dance but little or not at all. They should also, without being perceived, recommend to these less fortunate ladies, gentlemen of their own acquaintance.

In giving the hand for ladies' chairs or any other figures, those dancing should wear a smile and accompany it with a polite inclination of the head, in the manner of a salutation.

Dance with grace and modesty; do not affect to make a parade of your knowledge; refrain from great leaps and ridiculous jumps, which would attract attention of all towards you.

In public balls a gentleman offers his partner refreshments, but she very seldom accepts unless she is very well acquainted with him. In private parties the persons who receive the company send around cake and other refreshments, of which everyone helps themselves.

We should retire incognito, in order not to disturb the master and mistress of the house; and we should make them, during the week, a visit of thanks, at which we may converse of the pleasure of the ball and the good selection of the company.

GREAT NEWS! OCEALA STAR

The approval by President Franklin D. Roosevelt of an initial allotment of federal funds for the construction of the 1,650 Florida ship canal is big news for Ocala and Marion county—the biggest news in their history.

Tuesday, Sept. 3, 1935, marks the beginning of a great advance for this city and county which will extend beyond the completion of the waterway, and make this one of the chief agricultural, commercial and tourist regions in Florida.

Ocala will become a port. A vast part of the water commerce of the world will move, during the years to come, through "The Kingdom of the Sun," which the Tiamoguanans and the Seminoles long ago recognized as one of the richest portions of the peninsula and a land of abundant living.

It has been acknowledged by all that if the canal project becomes a reality it would be because of the interest taken in it by President Roosevelt. To him, therefore, must go most of the credit for this immense engineering project.

Hastling Feds To Meet Indians In Twin Bill

Local Fans Urged To Show Appreciation By Turning Up At Ball Park Tomorrow

By PETER SCHAAI.
Described by Manager Johnny Culbert of Coosa as the "best ball team Sanford has had this season" the Sanford Celeryeds, now playing "on their own" and hoping that the fans of this city will respond to their urgent appeal for assistance, tonight were ready for their double-header here tomorrow with the league-leading Coosa Indians.

The games promise to be hard fought, as was yesterday's play-off game which finally went to the Indians. The first game is slated to start at 2:30 o'clock, with the second affair, of seven-innings, slated to get under way at about 4:15 o'clock.

Indians Beat Feds By 3 To 1 But Only After Tough Fight

Cocoa Extends Win Streak To Nine Straight Friday

Since the ball club of 11 players who played yesterday for the "gate" and has no other means of support except the assistance of one or two of the regular playing teams and transportation for road trips, every effort is being made to attract a large crowd tomorrow.

To that end the players have decided that admission price for both games should be the same as that for one game—40 cents. There are no strings to this offer at all except that a collection may be taken up between games to further boost the virtually empty treasury.

To return for the 40 cents, the players promise the fans an afternoon of fast and exciting baseball, and a taste of such "hot" home cooking given here last Monday afternoon in that 14-inning game which Judge J. G. Harshbarger, at Maitland, regularly attends at local games, said was one of the best games he had ever witnessed.

Since the club has no chance of winning the second half pennant, it no longer is under the strain required of a club making a fight of that type. Therefore, its players are what you might call "loose" on the plate and in the field, more intent on improving their season's batting and fielding averages, and as a result, furnishing the faithful few fans with better baseball.

Yesterday's game was one of the best of the season and it found the Indians having to fight all the way before they were able to score their much-anticipated victory.

After the game, Manager Culbert, who is noted for his reticence, offered the opinion that the present Sanford club is the best he has ever seen in the league, and he will send Bill Strickland against the Feds in both games tomorrow, and that if the Indians can win the first game tomorrow, they will have tied the league record of 10 consecutive victories, established in 1923 by the Deland Reds. If they win both, they will have a new league record.

The Indians of today are virtually at their peak. Realizing that they have the season championship in their grasp, they are playing sensational baseball. Their pitching staff of Jake Baker, Bill Strickland and Spec Kinney is the best in the league while in Line Sibley, Joe Newwood, Tate Smith, Eddie Harrell and Fred Gassner, establish a group of dependable and dangerous hitters.

Lefty Flores and Doc Hardan are slated to work for the Feds tomorrow and fans thus will have an opportunity to see two of the league's outstanding hurlers in action.

Flores, recently purchased by the Baltimore Orioles after having won 18 and lost six games for the Thomasville in the Georgia-Florida League this year, is a young star with great prospects.

Hardan, the only player who was with the club when it started this season, is probably the most popular player in the league, only Bill Lefty being eligible to that title outside of Hardan.

The starting line-up for the Feds is the same as that of the last game. Pete Schraider will pitch. Arthur Wins will be on first, Jimmy Sulph on second, Charlie Johnson on short, Bill Lopez on third, Davis Strickland in left, William McQuinn in center and Art Harden in right.

Tomorrow's game will be the first night game that the Celeryeds will pitch since they started this season. The league's leading pitcher, Spec Kinney, will be in the box for the Feds in the first game, and will be expected to pitch in the second game, also.

The Feds play at Leland on Tuesday and Friday afternoon of next week, and at Deland on Tuesday night of next week.

Local fans who have been calling upon time after time this year to give for the benefit of baseball in Sanford are asked to respond again tomorrow. Two games of head-up baseball are promised for 40 cents, games involving two of the best teams in the league today, one of which may meet the post-season series with the Land in about two weeks.

Show your appreciation of the players' desire to finish the season and save Sanford a black eye in the sight of Florida's sports fans. Attend tomorrow's games. Don't let Sanford be advertised as the state as the city which Daytona Beach today is thought to have the stock of hundreds of Coosa Florida baseball fans. Let us wind up this season behind the local club on the end!

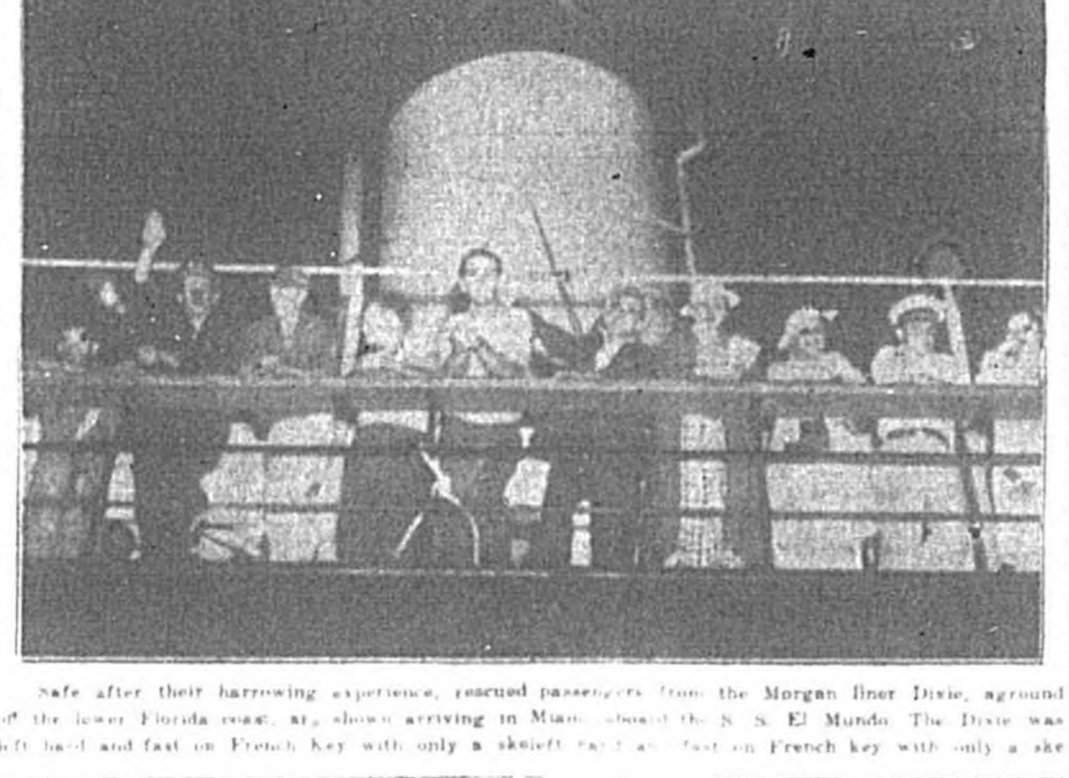

Team	W	L	Pct.
Sanford	10	11	.476
Deland	11	11	.500
Coosa	12	10	.545

MUTE EVIDENCE OF DEADLY STORM'S FURY

In this wrecked automobile, a man, his wife and their two children perished as the terrific West Indian hurricane raged across the Florida keys. The car was lifted bodily and blown far from the overpass highway connecting Miami and Key West. The number of dead on the keys was estimated at 200 to 300 many were World War veterans concentrated in rehabilitation camps for employment in building bridges on the overpass highway. (Associated Press Photo)

DIXIE'S RESCUED PASSENGERS REACH MIAMI

Safe after their harrowing experience, rescued passengers from the Morgan Line Dixie, aground at the lower Florida coast, are shown arriving in Miami aboard the S. S. El Mundo. The Dixie was left high and fast on French Key with only a skeleton crew left on French key with only a few survivors.

Left, William McQuinn in center and Art Harden in right. Tomorrow's game will be the first night game that the Celeryeds will pitch since they started this season. The league's leading pitcher, Spec Kinney, will be in the box for the Feds in the first game, and will be expected to pitch in the second game, also.

Two Dozen New Books On Shelves At Local Library

Two dozen new works of fiction and non-fiction have just been placed on the shelves at Sanford Municipal Library which last week enjoyed its busiest period in two years, it was announced by Mrs. E. J. Moughton, librarian, this morning.

The new books include the following: "Young Benny" by DeLacour; "Deep Dark River" by Hylton; "Curian Strain" by Cullbert; "Time Out of Mind" by Fland; "The Constant Fan" by Corbett; "The Name Game" by Elizabeth; "The Resurrection" by Seltzer; "Lumbering River" by Astin.

Also, "Phantom" by Hylton; "The King of the Range" by Mowery; "White Orchids" by Hill; "Singer in the House" by Fland; "The Out of Mind" by Fland; "It's a Great World" by Loring; "Solomon, My Son" by Hylton; "The Crystal Tomb" by Hylton; "The Case of a Murderer" by King; "Cat Across the Road" by Fland; "Woman's Best Year" by Fland; "Some Psychology" by Kennamer; "Heaven High, Hell Low" by Archibald; "Selected Short Stories" by Sinclair Lewis.

FUNERAL PYRE FOR FLORIDA HURRICANE DISASTER VICTIMS

Flame boxes containing the dead victims of Florida's hurricane, and piled high into the air were burned at the city's expense. The pyre was an exclusive Associated Press picture of the cremation of thirty six World War veterans who died when a rehabilitation camp was destroyed. Cremation was ordered when health officials feared epidemics. (Associated Press Photo)

Storm Tragedy Listed As An "Act Of God"

MIAMI, Sept. 8.—A report in President Roosevelt's last night characterized as "an act of God" the tragic hurricane death toll on the Florida Keys.

Federal delay in efforts to evacuate war veterans trapped in FERA construction camps on the keys cannot be charged to negligence or neglect of those in charge, investigators for the President's Board of Inquiry said.

The report submitted by Aubrey Williams, assistant FERA administrator, under Col. George E. James, assistant administrator, said:

"To our mind the catastrophe must be characterized as an act of God and was by its very nature beyond the power of man or instruments at his disposal.

"Federal delay in efforts to evacuate war veterans trapped in FERA construction camps on the keys cannot be charged to negligence or neglect of those in charge, investigators for the President's Board of Inquiry said.
