## Enemy Subs Sink Sixth Vessel Off Atlantic Coast

22 Members Of Crew Of Tanker Venore Are Unaccounted For, 21 Rescued

Norwegian Vessel Is Fifth Victim

42 Men Are Saved As Boat Goes Under Within 12 Minutes

WASHINGTON, Jan. 26.—(AP)—The Navy Department announced today the 8,016-ton tanker Venore was torpedoed twice and sunk off the Atlantic coast Saturday.

The vessel was the sixth officially reported sunk and the eighth attacked by enemy submarines along the Atlantic seaboard during the past two weeks. Twenty-two members of the crew are unaccounted for and 21 members rescued.

Meanwhile, three torpedoes from an enemy submarine crashed into the Norwegian motor tanker, Varanger, at 3:10 A. M. Sunday morning, sinking the 5,510 gross ton ship within 15 minutes. It was the fifth vessel to be sunk.

The entire crew of 22 was saved, the Fourth Naval District announced at Philadelphia. The survivors were landed at the nearby Townsend's Point coast guard station.

The ship was struck at 3:10 A. M. by a torpedo which exploded in the bow. A second torpedo struck the ship five minutes later, and a third torpedo struck the ship immediately after the second.

The spokesman said that apparently two enemy submarines were engaged in the attack, but declared this report was unconfirmed.

The crew, he said, included two navalized Americans.

All 42 members of the tanker were rescued from two lifeboats by the fishing boat San Geronimo about 20 miles off the New Jersey coast, southeast of New York City.

**J. L. Kader Leaves For Maxwell Field This Week**

John L. Kader, 35 year old son of William Kader, will leave Friday for Maxwell Field in Montgomery, Ala. to receive preliminary training as a "flying cadet" in the United States Army Air Corps.

He enlisted in the air corps last week and following a physical and medical examination he was immediately accepted and notified where he will be stationed.

Kader attended elementary school in Port Myers and was graduated from Sanford High School in the year of 1937. Later he attended the University of Florida for two years and was graduated with a Bachelor's degree.

Over 200,000 acres are employed in the pineapple industry of the United States.

**City News Briefs**

The Commission will hold a public hearing on the proposed new city charter at the City Hall.

## Investigation Report "Touches Off" Demand For Unified Command

WASHINGTON, Jan. 26.—(AP)—The Roberts commission's report touched off Congressional demands Sunday for a unified command of land, sea and air forces, and for punishment of those responsible for the disaster at Pearl Harbor.

There was general praise from the legislators for the thoroughness of the report by the five-man board of inquiry headed by Associate Justice Owen J. Roberts of the Supreme Court.

The report, made public by President Roosevelt last night, said there was "dereliction of duty" on the part of Lieut. Gen. Walter C. Short and Admiral Husband E. Kimmel, the commanders of the two services in the Hawaiian area as the Japanese struck on the morning of Dec. 7. The two officers, the commission said, failed to confer on advice and warnings from Washington that war was imminent and an air raid probable as the opening move.

One result of their lack of collaboration, the board said, was that Short believed the Navy was operating reconnaissance flights far off shore, when it was not, and that Kimmel thought the enemy was operating devices which would detect the approach of planes, when these were actually in service only a few hours each day.

But, while the board pinned major responsibility upon the two officers, it found numerous other contributing factors.

Effective Japanese espionage, which could not be adequately countered under peace time conditions.

Japan's disregard of international law in making the attack before declaring war.

Emphasis in warning messages sent by Washington on sabotage and the possibility of a Japanese attack in the Western Pacific rather than at Pearl Harbor.

However, the blame was placed squarely upon Short and Kimmel, who in the opinion of the board "failed to make suitable dispositions to meet such an attack" and "failed properly to evaluate the seriousness of the situation."

These errors of judgment were the effective causes for the success of the attack.

It noted, too, that a destroyer and an airplane teamed up to sink a small Japanese submarine just outside Pearl Harbor, 43 minutes before the attack. It was reported to the Chief of Staff at the Naval base. No additional alert orders were issued.

**Four More Axis Ships Sink In Mediterranean**

LONDON, Jan. 26.—(AP)—Four more Axis ships have been sunk in the Mediterranean by British submarines, the Admiralty announced today.

The ships were two German freighters, two Italian tankers, a medium-sized transport, and a German submarine.

In Libya fighting a British Cairo Command announced that four German tanks were destroyed and a platoon of German soldiers killed.

The British reported that the German tanks were destroyed in the region of Zoulet Maus, only 70 miles southeast of Benghazi and about 140 miles back from the German advance at El Agheila.

British Imperial and Axis forces, meanwhile, were locked in a great tank battle in the region of the Mediterranean, extending to a point 40 miles east of Agheila, and upon this battle may hinge the fate of British's hard-won advance 300 miles across the desert wastes of Libya.

Meanwhile, weather-hardened Red troops, making the most of the severe winter conditions experienced by continental Europe, were declared to have completed 34 additional populated centers in their great uninterrupted advance.

Russian sources said clean-up operations were in full swing in the area east of a 170-mile line running from the vicinity of Smolensk, northwest of Moscow, to the east of the city.

The Moscow region and that around it, 200 miles south of the capital, have been completely freed of German, these informants said. They added that the Red army, 50 miles north of Moscow, similarly is better equipped.

Incident that 40 percent of the 17 million Americans were physically unfit for active military service because they do not have the necessary fitness.

## First American Soldiers Land In Europe Since War Started

Arrival Of U. S. Army Forces In Northern Ireland Revealed Today By Stimson

Strength Of Units Is Not Disclosed

Allies Account For 33 Japanese Ships In Macassar Strait

WASHINGTON, Jan. 26.—(AP)—The arrival of American Army forces in Northern Ireland was announced today by Secretary of War Stimson. Major General Russell P. Holt is in command, it was announced, but the size of the force and other details were withheld.

Specifically withheld were the designation of units, other details were withheld, strength, the ports of embarkation and the dates of sailing. The force was the first to reach the British Isles since the war started.

## Luzon Fighting Consists Now Of Few Skirmishes

American - Filipino Forces Counter-Attack On Island

WASHINGTON, Jan. 26.—(AP)—Senator Thomas (D-Ill.) told the Senate today the United States forces under General Douglas MacArthur in the Philippines totaled "several" men, when the Japanese began the invasion.

The Japanese since are reported to have landed 200,000 or more troops on Luzon island, when General MacArthur's men were making this valiant stand on the Bataan Peninsula.

WASHINGTON, Jan. 26.—(AP)—Fighting on the Bataan Peninsula on Luzon Island in the Philippines was confined to relatively unimportant skirmishes today on the west coast, and the vicinity of Subic Bay, the War Department reported.

American-Filipino forces previously handled the Japanese a terrific setback in the Philippines, fighting, killing hundreds and capturing large quantities of supplies and equipment in a surprise counter-attack.

This "enormous success," as the War Department's communiqué Sunday happily described it, relieved an immediately perilous situation for the defenders and was a great strategic triumph for Gen. Douglas MacArthur.

The situation prior to the counter-attack was this: For 18 hours the Japanese had been hammering at Gen. MacArthur's last flank anchored on the Chinese Sea side of the Bataan Peninsula. Fresh enemy troops were pouring in to the fray from boats and were infiltrating behind the defenders' lines.

But the way MacArthur, instead of concentrating his forces on the left eventually to be overwhelmed by superior numbers, put his greatest strength on his right—the Manila Bay side of the peninsula—and audaciously attacked.

He also called attention to the thousands of miles of coastline which this country is obligated to defend and declared that the situation in South America is not too good.

## Vocational Defense Training Classes Will Commence Monday

Two Houses Burn To Ground, Others Damaged By Fire

Persons Involved In Wreck Receive Minor Injuries

WASHINGTON, Jan. 26.—(AP)—About 200 men in the Sanford area will begin attending the vocational defense training school on Monday, Alex Johnson, who is in charge of the school, announced today with the release of the daily schedule for each course.

A large part of the necessary equipment has been received here and the remainder is expected to be in by the end of this week, Mr. Johnson revealed, and added that all of the equipment will be set in and ready for use by Monday.

Classes will be held six days a week, including night and day courses, ranging from two to eight hours.

Men from 18 years of age and up are eligible to join the school without charge and to take any specific course they feel they are fitted to learn.

The government, together with the State Department of Education is sponsoring the school, which is located in a warehouse situated without cost by the City, at Sixth Street and French Avenue. The purpose of the school is to provide skilled defense workers for vital jobs in defense industries.

The daily time of the various courses as disclosed by Mr. Johnson follow: Are welding, 3:00 P. M. to 6:00 P. M.; 9:00 P. M. to 11:00 P. M.; and 11:00 P. M. to 7:00 A. M.

Boat building, 8:00 A. M. to 4:30 P. M.; and 7:00 P. M. to 10:00 P. M.

Auto mechanics, 8:00 A. M. to 4:30 P. M.; and 7:00 P. M. to 10:00 P. M.

Alpena, engine service, 6:00 P. M. to 9:00 P. M.; and 9:00 P. M. to 12:00 P. M.

Radio repair, 6:00 P. M. to 9:00 P. M.; and 9:00 P. M. to 12:00 P. M.

Electric welding, 7:00 A. M. and 3:00 P. M.

**Train Fare Increase Is Effective Feb. 10**

WASHINGTON, Jan. 26.—(AP)—The 10 per cent increase in passenger train fares will go into effect Feb. 10.

Officials of the Association of American Railroads, announcing this yesterday, said the date for the Interstate Commerce Commission was agreed upon by railroad traffic managers in conclusion with A. A. R. officials.

Estimated to add \$45,000,000 to railroad revenues on the basis of their 1941 business, the increase will apply to all fares except the 1-1-1-cent-a-mile allowed members of military or naval services traveling on furlough and to certain extra-fare trains.

Tariffs setting the increased rates into effect will be filed with the I. C. C. in the near future.

The basic first-class fare now is 2 cents a mile in all sections of the country, while the basic coach fare is 1 cent a mile in the East and West, and 1.5 cents a mile in the South.

**Local Weather**

Florida—Little change in temperature in the next 24 hours. High temperatures in the south portion tonight.

## Only U. S. Rubber Plantation

On a 150-acre plant introduction station at Miami, Fla., the United States is attempting to make up for the loss of its rubber supply from the Far Pacific.

At the station the government's scientists are experimenting with rubber plants to increase the yield, and have already increased the amount from three to twenty-one pounds from a single tree.

Top, latex, or rubber sap, is collected from eleven-year-old "guinea pig" trees, first to be planted here.

Bottom, an expert grafts a bud into the incision made in a sapling to produce a new variety.

## Defective Steering Wheel Causes Wreck

A defective steering wheel was said to be the cause of an accident Sunday night when William L. Hiers, Jr., lost control of his car, and smashed into a telephone pole and a roadside sign on the Lake Front Boulevard opposite the Legion Hotel, police reported today.

Driving a Plymouth sedan, Mr. Hiers was not injured, according to police and the automobile was only slightly damaged.

Formosa is the oldest colony of Japan and probably the most useful economically.

**Navy Appropriation Bill Is In Congress**

WASHINGTON, Jan. 26.—(AP)—Congress received a \$17,785,445,474 appropriation bill, the largest in the nation's history today, to finance the Navy's war objective of attaining unquestioned supremacy above, below, and on the seas through a gigantic ship and plane building program.

WASHINGTON, Jan. 26.—(AP)—Only a few of the 9,000,000 men who will register for Selective Service on Feb. 1 are likely to be called to the colors soon, officials indicated yesterday.

The bulk of the manpower in the immediate future will come from the 17,500,000 already registered, Selective Service authorities said. The number of men over 26 years of age who will be called to complete this year's 9,000,000 man army will be "a proportionately very small," it was said.

## Social Calendar

### MONDAY

The Y. W. A. of the First Baptist Church will meet at the home of Miss Ruth Strange at 7:30 P. M. All members are urged to attend.

### TUESDAY

The regular meeting of Gladiolus Club, 11 E. S. will not be held because of the illness of so many members.

The U. D. C. under the direction of Mrs. H. J. Holly, will have charge of the morning sewing session for the Red Cross.

Children of the Confederacy will meet at the home of Miss Katherine Spencer at 3:30 P. M.

### WEDNESDAY

Members of the Junior Choir of the First Baptist Church will meet at the church following Prayer Meeting for rehearsals.

### THURSDAY

Members of the Baptist W. M. U., under the direction of Mrs. A. J. Peterson, will sew for the Red Cross in the morning.

The Townsend Club will meet at the Court House for its regular meeting at 7:30 P. M.

**Mission Study Series Held On Wednesdays**

The Young People of the Presbyterian Church will conduct the second in the series of studies on the Foreign Mission Study Book which are being held each Wednesday evening at the regular prayer meeting period, and sponsored by the Women's Auxiliary of the church, under the direction of Mrs. K. W. Fite.

The third and last in the series will be conducted by the Women's Auxiliary on Feb. 4.

**HAPPY BIRTHDAY**  
C. A. Whiddon, Jr.  
Lee Eber Armstrong, Jr.

Metal candlesticks often have felt pasted on the under side of the bases, so be careful not to get that part wet when cleaning and washing them. Hold the sticks by the bases and quickly dip them into sudsy solutions.

## Miss Davis To Choose Scholarship Winner

Miss Margaret Davis, well-known in local music circles, has been appointed chairman for Seminole County in the 1942 Stetson University School of Music scholarship awards. Information concerning the appointment was received here today from Dr. W. E. Duckwitz, director of the Stetson School of Music, and administrator of the awards.

According to Miss Davis, selections for the audition committee in Seminole County will be announced within a few days. Details concerning audition date and location will be reported, she said, as soon as the committee of local judges can be organized.

Open to all boys and girls with a high school education, or who are seniors now, the audition committee will select from the group of expected participants the one young person to be awarded the \$100 scholarship to Stetson. Competition will embrace voice and any instrument, as well as students who plan to enter upon a course in public school music teaching.

The winner, with similar young musicians from other Florida counties, will enroll at the DeLand Institution in the Fall. It was indicated.

**Woman's Club Will Entertain Tourists**

The Civic Department of the Woman's Club is entertaining tomorrow evening with a party for winter visitors in Sanford and Seminole County, and for club members and their guests.

An interesting program has been arranged under the direction of Mrs. James Moughton and an entertaining time is promised all those who attend.

This is an annual affair sponsored by the club for the entertainment of winter visitors, and it is hoped by members of the Civic Department that a large representative group will be in attendance. At the conclusion of the program, refreshments will be served.

Hostesses for the party include Mrs. H. J. Lehman, Mrs. R. J. Holly, Mrs. H. W. Rucker and Mrs. J. W. Hall.

**Philatheans Meet At Meriwether Home**

Members of the Philatelic Club of the Presbyterian Church were entertained at the home of Mrs. Francis Meriwether on Friday evening with Mrs. Graham Hunter and Mrs. Sam Dunn acting as co-hostesses.

Following a routine business session, presided over by Mrs. J. N. Gillon, the remainder of the evening was spent in sewing for the Red Cross, with the exception of the "blackout" period which occurred during the meeting.

The hostesses served refreshments to the following: Mrs. R. A. Cobb, Dr. Elizabeth Tracy, Mrs. T. S. Crawley, Mrs. W. C. Erickson, Mrs. A. C. McReynolds, Mrs. Bob Wallace, Mrs. W. D. Hoffman, Mrs. McCauley, Mrs. P. R. Stephenson, Mrs. W. H. Bach, Mrs. J. E. Munger, Mrs. W. E. Hollyhead, Mrs. E. S. McCall, Mrs. W. A. Lewis, Mrs. W. S. Bramley, Mrs. A. F. Hunt, Mrs. J. O. Andes, Jr., Mrs. Gillon, and Miss Julia Moore of Greenville, S. C.

Creamed asparagus served hot, over salmon or tuna loaf makes an appetizing winter dish well within budget bounds. It is also fortified with plenty of minerals and vitamins.

## Personals

Mr. and Mrs. David Smith of Orlando were the guests yesterday of Mr. and Mrs. L. A. Palmer.

Mr. and Mrs. Sam Kinlaw and son of Orlando were the weekend guests of Mr. and Mrs. E. Kinlaw.

Mrs. R. L. Bowman has returned to her home in Lakeland after spending the weekend here with Mr. Bowman.

Sgt. James Collett arrived Saturday from Ft. Benning, Ga., to spend a few days with his mother, Mrs. Hal Collett.

Miss Irene Richter of Jacksonville has been the guest for several days of her parents, Mr. and Mrs. Henry Richter.

F. J. Richter left last Friday for Maxwell Field in Montgomery, Ala., where he has entered the United States Army Air Corps.

Mr. and Mrs. Tom Brotherson and Mrs. Loretta Brotherson of Mt. Dora were the guests of friends and relatives here yesterday.

Mr. and Mrs. Guy D. Wood, Jr., Miss Dorothy Sanford and Kaylie Housholder formed a party spending the day yesterday at Marineland.

Mr. and Mrs. Hake S. Baker and children, Mary and Johnnie, of Jacksonville were the guests yesterday of Mrs. Lillian Vickery and J. W. Baker.

Mr. and Mrs. E. L. Laney and daughter, Joan, of Jacksonville were the weekend guests of Mr. Laney's parents, Mr. and Mrs. E. H. Laney.

Mr. and Mrs. H. A. Appleby and daughter, Nancy Jean, and their guests, Mr. and Mrs. Walter Appleby, spent yesterday in St. Augustine and Marineland.

Mr. and Mrs. Robert Washburn and Henry Tamm, Jr., of Waycross, Ga., were the weekend guests of Mrs. Washburn's and Mr. Tamm's parents, Mr. and Mrs. H. N. Tamm.

Mr. and Mrs. S. C. Graham had as their dinner guests yesterday, the Misses Nuchle and Katherine of Orlando, Orlando, and Mrs. Charles Leavitt and Sgt. James Collett of Ft. Benning, Ga.

Spencer Bradlock, a student at the University of Florida in Gainesville, was the weekend guest of Miss Betty Lou Fleish at the home of her aunt, Mrs. George Gray.

Mrs. J. C. Mitchell, Mrs. W. L. Morgan, Mrs. A. F. Hunt and Miss Edith Haslem attended the tea which was given by the DeLand Pilot Club yesterday afternoon on the Stetson campus.

Billy Jennings, Billy McCauley, Walter Steele, Cub Master Clyde Ramsey and Scoutmaster Hoffman, W. McCauley attended a cub training course which was held at Camp WeWa on Saturday and Sunday.

Mrs. Charles Palmer arrived home Saturday from Macon, Ga., where she recently underwent an operation in the Middle Georgia Hospital. She was accompanied by her mother, Mrs. V. E. Douglas, who has been with her during her illness.

**Engagement Of Miss Lee Is Announced**

Mr. and Mrs. Charles S. Lee of Oviedo announce the engagement and approaching marriage of their daughter, Dorothy May, to the Rev. John Louis Jones of Pineville.

Miss Lee attended the Oviedo schools and is a graduate of Southern College in Lakeland. She is at present on the teaching staff at High Springs.

The Rev. Jones is a graduate of the School of Theology at Emory University in Atlanta. He is at present pastor of the Conway and Pineville Methodist church.

The wedding will be solemnized early in March.

Diluting a can of condensed soup with milk in place of water makes it better flavored and more nourishing.

## Writer Suggests Games That Can Be Played During Blackout Test

By LUCRECE HUDGINS

WASHINGTON, Jan. 26.—(AP)—There's a story going around about a lady who called up the Air Raid Warden and asked him what her family should do during an air raid. He said to play games, so she called up the game warden and asked what games they should play.

Which sort of funny as it may seem, our friend in England have been devising blackout games for two years. You just have to have something to do when you're bored in and the light is very, very poor. If there is any light at all.

Favorite blackout game has been quiz or ask-me-another. You'll be smart to stock up your quiz books. If your family is the incurably curious kind, they'll get so interested in running down the answer to "Does dry ice burn or freeze when held in the hand?" that they'll pay no attention to the all clear signal.

Such kid stuff as geography (one person names a city and the next player must name a city beginning with the last letter of the last city — and no repetitions), spelling bee, and Ghost, do wonders for the nerves, too.

Here's a novel game that came out of a London bomb shelter last winter: Everyone has a pencil and drawing tablet and must draw a picture according to the directions of a referee. It's all in the dark, you understand.

For instance, the referee says: "Draw a picture of a man with a wooden leg running to meet his wife who is getting off a crowded street car with a bag full of groceries in one arm and a baby in the other." This often leads to hysteria when the lights are turned on.

For the children, prepare guessing games. In a complete blackout have them hold an ear of corn and then guess how many kernels it has. Or let them hold a potato stuck full of toothpicks and guess the number of picks. Use your imagination and you can think up a lot more. Better have prizes, too.

**Eagle Squadron Pilot Tells Of Meeting Most Dangerous Enemy**

(Editor's Note: Pilot Officer Gregory Augustus Daymond, of Van Nuys, Calif., 21 years old, is among the foremost Eagle Squadron pilots fighting with Britain. He received the DFC medal less than two months ago with at least five German planes destroyed to his credit.)

**EAGLE SQUADRON FIGHTER STATION SOMEWHERE IN BRITAIN, Jan. 26, 1942.** He was the toughest German fighter I've ever run up against.

John Flynn, an Eagle pilot from Chicago, and I were on offensive operations when we came over the German's airbase in occupied France. He took off with five of his best men and they came booming after us in Messerschmitts.

We engaged them immediately, fired at several of them, then retreated toward midchannel between France and England because we were outnumbered six to two. One of them took out after me. The other two went for John.

I found myself with two Jerries behind me, two others trying to flank me from either side. My violent maneuvering with propellers pouring from me I managed to escape and positioned myself behind one of them.

We were an inch or two from each other. I looked into his face from thirty feet. He had heavy shaggy eyebrows, a straight firm mouth, and a determined Prussian nose.

I looked at me with cold steady feet off the sea. I got in a few hits from my cannons. The Messerschmitt shuddered violently, jerked over on his back and dove into the sea where he made a giant splash of water.

While this was going on I was attacked by the super-fighter, the wickedest adversary I've ever run up against.

His tracers enveloped me. My glass hood was disintegrated by a blast from one of his cannon shells. He also damaged my radiator. There was literally a hail of lead and steel all around me.

We sparred with each other in a couple of pre-fighters in the ring.

In ten minutes we fought desperately. My ammunition gave out and he was still on my tail. I did everything I knew. I put my Sturfer through every maneuver of which it was capable.

And still he was on my tail. He fought like a madman. All this time I was trying desperately to make the cliffs of Dover. Once I thought I had shaken him off. I leveled out and to my amazement I found me practically being flying in formation side by side.

I looked into his face from thirty feet. He had heavy shaggy eyebrows, a straight firm mouth, and a determined Prussian nose.

## Miss Evelyn Cates, Charles Hamey Wed

The Saint Barnabas Church in Deland was the scene on Saturday afternoon, Jan. 24, at 5:00 o'clock of the marriage of Miss Evelyn Elizabeth Cates, daughter of Mrs. Willa Mae Cates, of Sanford, to Charles Dana Hamey, son of Mr. and Mrs. S. V. Hamey of Coconut Grove, Miami.

The simple ring ceremony was performed by the Rev. Harry I. Taylor, in the presence of only close friends and relatives of the couple.

The bride's only attendant, Miss Jane McClellan, of Lenoir, Tenn., was attired in a Spring blue wool suit and her accessories were in a matching shade of blue. She wore a corsage of yellow roses.

The bride was given in marriage by her uncle, J. H. Lloyd, of Jacksonville. She wore an aquamarine blue dress, designed by her mother. Featuring the new long torso lines, the dress was fitted in at the waist, with three-quarter length sleeves and a full pleated skirt. Her hat was a black poke bonnet style, trimmed with a black veil. She wore a corsage fashioned of sweetheart roses, and her only ornament was a single strand of pearls.

Mrs. Hamey attended the Sanford schools, and is a graduate of Seminole High School in the class of 1917. She later attended Stetson University in Deland, graduating from that institution in 1921, with an A.B. degree in Liberal Arts. She is a member of the Pi Beta Phi social sorority.

Upon her graduation from college, Mrs. Hamey attended Massey's Business School in Jacksonville, and until her marriage was employed by the Federal Reserve Bank in Jacksonville.

The bridegroom attended school in Miami, graduating from Miami High School in 1937. He attended Georgia School of Technology in Atlanta for two years, then transferred to the University of Miami, and later to Stetson University in Deland where he was

graduated in 1941. He became a member of the Phi Kappa Psi fraternity while at Georgia Tech.

Immediately following the wedding ceremony the young couple left for a honeymoon trip to St. Augustine, after which they will make their home in Coconut Beach, where Mr. Hamey is stationed with the United States Coast Guard Service.

We recommend that all persons read the latest issue of Time for a concise and interesting statement concerning the work that women are doing for civil defense, and telling of the important work that is being accomplished by the Red Cross.

The Victory Back committee of the Red Cross, working in conjunction with the Victory Back campaign, headed by Mr. James Moughton, has Mrs. J. A. Lundberg as chairman, assisted by Mrs. J. E. Clark, Mrs. P. P. Perold, Mrs. E. H. Stebbins, Mrs. M. Moore and Mrs. A. I. Peterson.

We resumed this contest to the death. Looking back I don't know I ever got out of it. I could taste in my mouth salty perspiration from my face. Made by mile, jolting, twisting, diving and swimming I made my way toward the English coast. My adversary forced constantly.

Finally I was able to zoom up, right over the cliffs of Dover, with my antagonist still after me.

Then he apparently decided he had better go back. He pulled into a steep climb, turned and streaked toward France.

## RED CROSS NOTES

In Oviedo, four first-aid classes are in progress, two white classes in the schools, one adult class, and one class in the colored schools. These classes are instructed by Mrs. Ella Bell Jones. Several colored teachers of Oviedo are attending the first-aid classes held in Sanford for all teachers.

Dr. H. W. Rucker will start a first aid class in Longwood this week.

The Hospital and Recreation Corps of the Red Cross Chapter include Mrs. J. G. Patterson, chairman; Mrs. Fred R. Wilson, vice chairman; Mrs. Roy Chorpene, secretary; and the following members: Mrs. S. D. Shubler, Sr., Mrs. C. R. Kittley, Mrs. J. L. Ingley, Mrs. Sadie Brouse, Mrs. Fred T. Williams, Mrs. S. Puleston, Mrs. J. I. Hurt, Mrs. John March, Sr., Mrs. Henry Nuchle, Mrs. G. P. Rollins, Mrs. J. H. Coleough, Mrs. C. R. Dawson, Mrs. E. D. Brownelee, Mrs. W. D. Meeds, Mrs. V. H. Grantham, Mrs. George E. Ziemann and Dr. Elizabeth Tracy.

All knitted articles issued before Jan. 1, 1942, must be returned to the Red Cross Office before Wednesday, Jan. 28, so that they may be shipped to England on this date. If knitters are unable to finish articles, please return to the Red Cross room at once so that they may be finished by someone else.

We recommend that all persons read the latest issue of Time for a concise and interesting statement concerning the work that women are doing for civil defense, and telling of the important work that is being accomplished by the Red Cross.

The Victory Back committee of the Red Cross, working in conjunction with the Victory Back campaign, headed by Mr. James Moughton, has Mrs. J. A. Lundberg as chairman, assisted by Mrs. J. E. Clark, Mrs. P. P. Perold, Mrs. E. H. Stebbins, Mrs. M. Moore and Mrs. A. I. Peterson.

## Bob Quinn Hopes To Be Permanent Sanford Visitor

### All Training Camps For Major League Teams Announced

NEW YORK, Jan. 26.—(AP)—Many of the major league clubs have not yet mailed contracts and because of the confusion about night baseball their schedule for 1942 is unfinished, but all are ready to head for training camps within a few weeks.

The conditioning program will be as extensive as in any normal year, lasting as much as eight weeks for some teams, and is expected to bring both the players and the fans up to the opening of the season, Apr. 14, in a state of high expectancy.

Florida, as usual, will shelter most of the clubs of the majors as well as the International League, American Association and some of the other minors.

Four big league teams will train in California and the Brooklyn Dodgers plan to start their training in Cuba again, but will be back in Florida in time to give that State claim to a dozen clubs.

Both the Boston Braves and the St. Louis Browns, who had camps in Texas last year, will move to bases in Florida.

Bob Quinn, president of the Braves, is happy over his setup at Sanford and says he hopes to become a permanent visitor. This means something, since the Braves trained for 17 consecutive years at St. Petersburg before getting a wanderlust that died in Texas last year.

This is the training camp line-up:

American League  
Yankees—St. Petersburg.  
Red Sox—Sarasota.  
Senators—Orlando.  
Athletics—Anaheim, Calif.  
White Sox—Pasadena, Calif.  
Browns—Deland.  
Tigers—Lakeland.  
Dodgers—Clearwater.  
National League  
Dodgers—Havana and Daytona Beach.  
Giants—Miami.  
Braves—Sanford.  
Phillies—Miami Beach.  
Cardinals—St. Petersburg.  
Reds—Tampa.  
Pirates—San Bernardino, Cal.  
Cubs—Avalon, Calif. (Catalina Island).  
The Giants will inaugurate the training season by opening camp at Miami Feb. 16. Mel Ott, their new manager, is due in New York this weekend to work out details with other club officials.  
The Dodgers will set up headquarters in Havana four days later and star there till mid-March, when they will move in at Daytona Beach, where their Montreal farm club also will train.  
Training for most other clubs will start the weekend of Feb. 22.

Yusman Province, through which runs the greater part of the 725-mile Burma Road, is the second largest province of China proper.

North Dakota has a town named Snow and Arkansas has a town named Snowball.

## Numerous Small Colleges Curtail Athletic Program

ATLANTA, Jan. 26.—(AP)—There'll be fewer "warm up" games for the football biggies next fall, and a scarcity of "breathers." War is whittling the list of little fellows in intercollegiate athletics.

More than half the small colleges in the south are curtailing schedules or abandoning sports entirely, an Associated Press survey of 50 schools discloses. Only 45 percent are carrying on with business-as-usual.

Gone from the Sunday football scores will be the names of Mercer, Howard College, Sewanee, Spring Hill and Centenary—all veteran campaigners against big-time foot. Gone also will be Erskine, Louisiana College, Peoria Teachers College and Cumberland, which have joined Stetson, Jacksonville (A.I.A.) Teachers, Loyola of New Orleans and Birmingham-Southern in discontinuing football.

Mercer and Georgia Teachers announced recently their withdrawal from all intercollegiate athletics for the duration.

The seven-member Dixie conference has been cut to four by the action of Mercer, Howard and Spring Hill, leaving only Chattanooga, Millaps, Mississippi College and Southwestern.

The eight-team South Atlantic conference, which undertook to organize a year ago on "a purely amateur" basis, never operated and now lists only five members: Wofford, Presbyterian, Oglethorpe, Rollins and Newberry. Withdrawals were Mercer and Stetson.

## Goodman Tries Mixing Serious And "Hot" Music

By JOHN SELBY

NEW YORK, Jan. 26.—(AP)—Benny Goodman is a pretty direct young man. So when he decided some time ago that popular music and "good" music were too far apart, he set out to do something about it.

He decided to juxtapose them on the programs of "legitimate" symphony orchestras, and let the public be the judge.

He tried it in the summer, at New York's stadium, in Robin Hood Dell at Philadelphia, in the wide-open spaces of Chicago's Grant park. It worked.

Now he is doing the same thing in the regular seasons of the Rochester Philharmonic, the Dayton Philharmonic, the National Symphony in Washington. Rochester loved it—would have taken more.

The plan is as simple as all get out. On the first part of the program Benny plays a standard work for clarinet and orchestra, most likely the Mozart concerto he used a season back with New York's Philharmonic—Symphony. There is a "little more music of standard brand."

Then, after intermission, Benny's band or Benny's sextet takes over and the girls and boys with rolled socks jam the aisles, or in any case would like to. After the applause is all done there is another rush, this time of the "serious" musicians.

They want to see the score. "They don't know it's not all in black and white," suggests Benny.

**URUGUAY ACTS**

MONTEVIDEO, Jan. 26.—(AP)—Uruguay quickly gave effect to her rupture of relations with the Axis Sunday by presenting passports to the Japanese, German and Italian diplomats and at the same time notifying her own representatives in the Axis countries to leave those territories immediately.

It is estimated that every tenth Navajo Indian of New Mexico is a medicine man.

Three former world heavyweight champions, and the present champ, are shown as Gene Tunney and Joe Louis received awards at annual Boxing Writers dinner in New York. Left to right, are Jack Dempsey, Gene Tunney, Joe Louis and Jimmy Braddock. Joe received the Edward J. Neil trophy for services to boxing in 1941 and the Merit Award for '41. Tunney's award was for outstanding work in organizing physical development program in the Navy.

## Rollins' Girl Tennis Star Hopes To Win National Singles Title

WINTER PARK, Jan. 26.—(AP)—Pauline Bets, titian-haired runner-up in the 1941 national women's singles tennis championships, thinks just one change in her game is necessary for her to top the title next summer.

The change: a general improvement.

Pauline, known as Bobbie to her fellow students at Rollins College here, is working overtime to iron out weak points in her repertoire in preparation for the new campaign.

It will be the third title bid for the 22-year-old California lass who created a stir in the 1940 event by blazing through to the semi-finals, where she lost to Mary Hardwick of England. Many experts picked her as the leading contender for the 1941 crown, but little Mrs. Sarah Palfrey Cooke upset Pauline in the finals.

Bobbie started her tennis career nine years ago when her mother decided that tennis was more appropriate for a girl than football and baseball. The sight of Pauline tearing across a vast lot to bring down a crashing tackle was just more than Mama Bets could stand.

She enjoys the social side of college life but is careful not to let it interfere with her tennis—or her studies. She's as proficient with the books as with a tennis racket. Last year she pulled down a straight A average.

Her own idea of her chances for the 1942 championship: "I'm playing much better tennis now than I ever played before—which isn't saying much—and I think I'll win the title. But it's going to be tough."

## People Asked To Be Hospitable To Men In Service

WINTER HAVEN, Jan. 26.—(AP)—Gov. Spessard L. Holland, reminding Floridians that 30,000 of the State's young men are in military service, urged redoubling of efforts to make the thousands of trainees in Florida camps feel at home.

He said Florida should be proud of its part in the national war program, and called attention of the Nation's fruit and vegetable growers, shippers and producers to the State's contribution in production of wholesome foodstuffs.

"All of us should feel an added bit of pride right now in that we have a larger part in winning this war for humanity," he said. "Men everywhere are looking for Americans to stand for decency and opportunity, and it is up to us to do our utmost to see that democracy is triumphant."

Holland was the principal speaker on the Florida Orange Festival's annual Governor's Day program.

Other honorees were members of the State cabinet and delegates to the United Fresh Fruit and Vegetable Association convention, which closed yesterday in Bellair.

"More than 30,000 boys from Florida are serving today under the Stars and Stripes," he told the festival crowd adding that many thousands from other States were in training at Florida camps and bases.

"Let us show them the same hospitality we hope our boys are receiving in other States and in other parts of the world."

The Governor and H. J. Bigelow, Cleveland fruit auctioneer, took turns in auctioning to the produce men and Florida bidders several score boxes of citrus donated by the State's fruit growers. Proceeds of the sale went to a Red Cross fund.

Governor Holland and members of the cabinet planned to attend the festival's annual entertainment at Florida newspapermen tonight. All remarks and skits were to be off the record.

**RACING PAYS OFF**

TALLAHASSEE, Jan. 26.—(AP)—Florida's racing season, only one-third gone, already has produced more than a million dollars in tax revenues for the State's counties and for public welfare work.

**MOBILIZE WOMEN**

WASHINGTON, Jan. 26.—(AP)—Secretary of Labor Perkins said Sunday that by 1943 "it will be necessary for us to mobilize young women for factory workers."

## U. S. Planes Get Two Enemy Bombers, Hit Third In Philippines

Maj.-General Chaney Takes Command Of American Soldiers In United Kingdom

Batan Has Little Ground Fighting

Nippon Battleship Is Reported Sunk In Macassar Strait

(By Associated Press) Two American pursuit planes shot down two Japanese bombers and disabled a third in the Philippine Islands in the past 24 hours. The War Department also reported there "was practically no ground fighting on Batan Peninsula" during that period.

At the same time, the War Department announced Major General James E. Chaney, ranking Army member of the American Military Mission in London, had taken over the command of all United States Army forces in the United Kingdom.

From Batavia, it was reported another heavy Japanese vessel, believed to be a battleship, was added to the toll of the enemy's disastrous effort to run the Straits of Macassar.

A Japanese newspaper reported a Japanese battleship, the Matsuyama Maru, was sunk by a U. S. submarine on Jan. 26. The ship was reported to be carrying 11 Japanese ships, including a battleship, a cruiser, a destroyer, and several transports.

The Japanese battleship was reported to be carrying 11 Japanese ships, including a battleship, a cruiser, a destroyer, and several transports.

An American submarine torpedoed and sank a Japanese battleship in the Macassar Strait Monday night. The ship was reported to be carrying 11 Japanese ships, including a battleship, a cruiser, a destroyer, and several transports.

Northward in the Philippines, a tiny torpedo boat slipped again into Subic Bay, past net and boom defenses and heavy shore batteries, and sank another 5,000-ton enemy vessel, duplicating a similar daring attack of last week.

So fierce was the action and so brilliant the success of American forces, supported by Dutch forces, against the Japanese invasion, that the Japanese Navy communications late Monday said it was "still impossible to estimate total damage inflicted by our combat vessels" but that "the enemy vessels are substantial."

Meanwhile, Army communiques disclosed that a big Japanese tank force had slipped off the island of Jolo, between the Philippines and Borneo, and was now known to have moved.

This and the Macassar action brought the combined total of Japanese ships lost by the United States Navy to 11, including a battleship, a cruiser, a destroyer, and several transports.

At the same time, the War Department announced Major General James E. Chaney, ranking Army member of the American Military Mission in London, had taken over the command of all United States Army forces in the United Kingdom.

### Defenses Bolstered

Lt. Gen. John L. DeWitt is supremely confident as he meets the cameraman. Gen. DeWitt is the commanding general of the Fourth Army and the western defense area, which has been heavily reinforced with more than half a million troops as the Pacific Coast is made impregnable against attack.

### County Teachers' Club Has Monthly Meet In Geneva

Lawton Thanks Members For Helping In Defense Work

Group games were enjoyed by about 95 members of the Seminole Teachers' Club last night at Geneva at the club's regular monthly meeting. T. W. Lawton, superintendent of County schools, presided.

Most of the evening was devoted to games. Mr. Lawton said and a short business session was held. The committee investigating group health and accident insurance reported that while present arrangements were satisfactory, the facts showed that a payment of \$5 yearly by each teacher in a local insurance group would have paid all claims for the year and would have saved over \$1,000 that was paid out under the present insurance arrangement.

However, no action was taken on the report.

Teachers and principals were thanked by Mr. Lawton for the enthusiastic manner in which they responded to every call for national defense duties and also for their aid in the infantile paralysis drive.

It was announced that the club's annual music festival will be staged at the next meeting, April 1. All schools in the county will join in the presentation which will be under the direction of music teachers in the various schools. They are Mrs. Dorothy Sanford, Mrs. E. T. Miller, Mrs. Helen Leinhardt, Mrs. Bertha Houghton and Mrs. E. C. Price.

Mrs. J. N. Thompson, president of the club, presided over the business session.

**EXECUTED**

OSLO, Norway, (From German Broadcasts), Jan. 27.—(AP)—Three Norwegian men who had attempted to reach England to join the Norwegian resistance movement were executed by a military court of "having contributed to the enemy cause."

### Japs Land Near Endau, Malayan East Coast Town

Nipponese Bombers Attack Singapore, Start Small Fires

(By Associated Press) The British today acknowledged another Japanese landing near Endau, on the east Malayan coast 85 miles above Singapore, while Japanese bombers attacked Singapore island starting a few small fires.

Withdrawal of the Imperial defenders from Batu Pahat marked the closest approach of the invasion tide to this hard pressed fortress and naval base.

A communique reporting the loss of the left flank stronghold revealed that an Indian battalion of bearded Sikhs struck furiously at the Japanese above Kluang, 80 miles from Singapore on the Central Malayan railway, and slaughtered 400 of the enemy while suffering only slight losses.

Meanwhile, the Japanese invader has thrown 400,000 men into the grandiose expansion program in the South Pacific. Chinese military leaders reported last night.

They said these forces, of some 16 divisions, roughly were parceled out as follows: Malaya: Five divisions, 125,000 men; Philippines: Six divisions, 150,000 men; Thailand (for action against Burma): Three divisions, 75,000 men; French Indo-China: Two divisions, 50,000 men.

Supporting these troops are some 3,000 first line planes, of which 500 are in Malaya, the Chinese estimated.

### Six Elks Lodges Attend Central Division Meeting

Between 80 and 90 Elks attended the central division meeting of six lodges here Friday. Secretary W. J. Thigpen of the local lodge, stated yesterday.

Among other notable present were Harry Miller of Eustis, M. O. Overstreet of Orlando, C. T. Taylor of Daytona, Peter Guenther of Deland, and Nick Carter. Four men were initiated in three different lodges.

A. S. Peck of the Sanford lodge was presented a scroll for the outstanding lodge work he has done. The scroll was signed by many Elks and members of the Antler lodge, and it was presented by Leo Butler, called ruler of the local lodge. Supper was served to the members present after the meeting.

### Machinery For May Election Set Up

JACKSONVILLE, Jan. 27.—(AP)—The Florida State Democratic Executive Committee today set up machinery for the May primary elections and heard speeches by United States Senator Claude B. Ferguson and Governor Spessard L. Holland calling for unity and sacrifice in the war effort.

An offer of Chairman T. T. Turnbull of Jacksonville to step down from his office as secretary for Justice of the State Supreme Court was rejected. He was asked by the committee to continue in office. He said, however, he would not be a candidate for chairman of the expiration of his term in June.

Senator Ferguson said the party leaders had been planning to meet in Jacksonville, but that the war effort would prevent this. He said that the party would meet in Jacksonville, but that the war effort would prevent this.

**YANKEE SHIPS**

TALLAHASSEE, Jan. 27.—(AP)—The Florida State Department of Public Safety today announced that the price of gas in the state would be increased by one cent per gallon effective Jan. 28.

### British Halt Axis Blow In North Africa

Russians Continue To Gain After Clearing Last German From Moscow Area

(By Associated Press) A Cairo report indicated the British have finally stopped the Axis counter-thrust in Libya, and northeast of Bengasi.

The Russians reported a continued advance into Smolensk province after clearing the last German from the Moscow area. Dispatches from Russia indicated Monday night that the blitzkrieg assault of the Red Army northwest of Moscow is threatening the Nazi stand in the Latvian frontier, and virtually has sealed the doom of the Germans in this upper Volga town of Rzhev, 150 miles northwest of the Soviet capital.

However, Lieut. Gen. Leonid Alexandrovich Gouvorov, who drove the Germans back 24 miles from Rzhev, said that the enemy has by no means been routed and undoubtedly will resume mass tank attacks in the Spring.

"The German army unquestionably is still very powerful," he asserted, "and under no circumstances must we say it has been routed."

In Africa, counter-driving Axis forces have about the British about 150 miles in four days. It was acknowledged yesterday in a drifting battle of tanks which has not yet been fought to a decision but is a growing conflict in the desert.

A German General Erwin Rommel's armored columns already have overrun Zoulet Musu, 40 miles northeast of the Agadabania-Saouda triangle, scene of heavy tank fighting over the weekend.

### Grammar Students Collect \$71.74 In Street Campaign

Students from the Sanford Grammar School who collected First Street Wednesday, Thursday and Friday afternoons and all day Saturday of last week, under the direction of their principal, Earl Smith, collected \$71.74.

Mr. Smith, chairman of the celebration of President Roosevelt's birthday, said this morning.

The children who helped collect free offerings to fight polio were divided into teams and the winning teams received prizes. Nancy Jean Appleby, Cherry Singletary and Mary Helen Fite won the winning team.

Hasel Routh, Emma Jean Methvin and Belle Ward were second in the contest.

Honorable mention was given to the following children by their principal: Rose Ann Williams, Dorothy Meriwether, Marie Prescott, Kay Shoemaker, Norma Jean Thompson, Myra June Madden, Frances Cobb, Shirley Boreland, Frederick Shipper, Bert Sumrell, Dorothy Fortson, Carol Meriwether, Ann Corley, Estell Gracey, Francis Harvey, Marjorie Jones, Francis Paulick, June Wetherington, Albert Clinker, Claude Wetherington, Earl Sparkman, Lila More Laffler, Nita Kirkhoff, Mary Ann Galloway, June Dutton, Phyllis Bach, Betty Rose Hootman, Marjorie Anderson, Marion Niblack, Willie Lee Burch and Myrtle Burch.

Also Elizabeth Reynolds, Judith Jones, Emily Matthews, Herbie Stonstrom, Wade Carner, Roy Parlin, Paul Jones, Junior Burch, McCrany, Barbara Eden, Field, Joe Ann Embrey, Ayle Adams, Jo Ann Spaulding, Vera Darden, Alice Campbell, Eugene Harvey, Douglas Loring, Barbara Chapman, Kathleen Downing, Louise Landquist, Richard McNeil, Bill Johns, Raymond Hall, Daniel Rust, Arthur Fletcher, Barbara Rucker and Emory Melch.

### Big Airline Company Gives Army Planes

WASHINGTON, Jan. 27.—(AP)—The War Department announced today that Transcontinental and Western Air Inc., had turned over to the army its fleet of five Boeing stratobuffers which will be used for training in the high altitude bombing and low level attacks.

The planes are being stripped of instruments and other equipment and will be used for training in the high altitude bombing and low level attacks.

## American Fighters Will Aid In Britain Defense And U. S. Bombers Will Attack Germany

### City Commission Members Pass New Ordinances

Men Act To Protect Automobile Tires; Curtail Gambling

Passing two new ordinances, the City Commission at its regular meeting last night acted to protect automobile tires in the city and voted to curtail the number of pin-ball and other amusement machines here.

A fine of \$200 or 90 days or both was designated as the penalty for anyone stealing or tampering with tires or vehicles.

The ordinance stated, in effect, that any coin-operated game, except phonographs must be licensed for a 90-day period at a cost of \$10. Machines are to be licensed for a specific location and if moved, another license must be purchased. This ordinance becomes effective Feb. 1.

The board was asked by H. J. Johnson if a permit for a license would be granted, and the board stated such a permit would be given. Mr. Johnson, State market manager, revealed that he had been questioned by a local citizen concerning the renting of space at the market for establishing a livery stable.

The Commission accepted a bid from Hill Hardware Company on 1,000 feet of two and one-half inch fire hose, and designated by Fred Wilson was designated by the board to attend a Florida League of Municipalities meeting on Jan. 30 for the purpose of discussing matters pertinent to cities during the present emergency.

### Shipp Is Assistant To Secretary Of Governor Holland

It Lewis Shipp, a former resident of Sanford and employee of the Sanford Herald, has been named assistant secretary to Governor Spessard L. Holland.

Mr. Shipp was connected with The Herald for two years approximately 15 years ago. He was circulation manager for a time and later was made sports editor.

TALLAHASSEE, Jan. 27.—(AP)—R. Lewis Shipp of Crestview yesterday succeeded Victor Caney of Lake Wales as assistant secretary to Governor Spessard L. Holland.

Mr. Shipp engaged in automobile business at Crestview during the past three years. Prior to that he was associated with newspapers in Sanford and Pensacola.

Among other duties, Mr. Shipp will serve as liaison officer between Governor Holland and the State Defense Council. Ralph Davis, former Bartow newspaper man, is the Governor's executive secretary.

### Two State Convicts Escape At Bradenton

BRADENTON, Jan. 27.—(AP)—Two state convicts escaped today a few miles south of Bradenton where they were at work with a crew on a Tamiami trail bridge south of city at large tonight.

The fugitives were listed by officers as Livette Ray, 31, who went up from Hillsborough county to serve two years for rape and 10 years for burglary and W. C. Carner, 25, serving two years from Leon county for an automobile theft.

The two convicts broke and ran as the prisoners were returning to work after lunch.

**Weather**

Florida—Scattered light showers to the north portion and heavy rain in the south portion tonight.

Georgia—Occasional showers and showers in the north portion and heavy rain in the south portion tonight.

### Far Pacific Battlegrounds

In the Philippines (1) Gen. Douglas MacArthur is reported to have stopped all Japanese attacks in fierce fighting on Batan Peninsula. Patrolling the Macassar Straits, (2) between Borneo and Celebes, Dutch bombers continue to blast Jap warships and transports. Japanese troops are reported making attempts to penetrate into British Borneo (3). At Singapore (4), Imperial forces throw full strength into the Malay struggle as the Japanese continue their advance. Superior Jap forces compel British withdrawal east of Moulmein in Burma (5), but Allied forces break a heavy harvest of enemy planes.

Dr. L. H. Dame Appointed New County Health Unit Director

Dr. L. H. Dame, new director of Seminole County Health Unit, and Samuel M. Rogers, recently appointed County Sanitary Engineer, will continue to follow the program begun by Dr. Daniel Cone who organized the local health unit and has been acting as temporary physician until Dr. Dame was named.

Dr. Dame will arrive Monday to take over his duties here. He is at the present time director of a two-county Health Unit located in Sebring. Mr. Rogers of Hollywood was recently graduated from the University of Florida and is replacing E. M. Broadhurst who received an appointment in the United States Corps of Engineers.

Dr. Dame's report to the new director includes a general analysis of the state health among children in the first, third and fifth grades. "Students in Sanford are in favorable physical condition," Dr. Dame said, "which would indicate that the local health authorities have provided efficient health supervision of pupils during the past few years. The major defect I found was enlarged tonsils and a few children were recommended for eye examination. Some children are anemic and hookworm tests have been prescribed for them. Treatment will be given to cases which prove positive."

"All children in nursery schools have been inoculated for diphtheria if they were found positive."

The retiring director disclosed he has planned to establish health units in two other Seminole County towns and he is expected to ask Dr. Dame to continue to follow his plans for their organization.

### OPA Warns Cannerymen Against High Prices

CHICAGO, Jan. 27.—(AP)—The nation's fruit and vegetable canners were warned today that the office of price administration has no occasion for a rise in prices on existing stocks and that any "unwarranted increase" would bring a calling.

Harold R. Rowe, assistant director of the OPA price division, told the national cannery association that expenses of canning the 1941 crop already had been incurred, but that costs in putting up this year's pack would be taken into consideration in any calling we might impose.

"A few of you may be holding back supplies in anticipation of higher prices for the new pack," he said. "This may be natural enough under business as usual but it is not at all in accord with what the public has a right to expect in times such as these."

Curlew, a national Scottish game was introduced in the 16th century from the low countries.

**Weather**

### Statement Made By Churchill In Asking Commons For Confidence Vote

Worst Is Yet To Come In Pacific

Australian Air Force Hits 3 Jap Ships In Rabaul Harbor

LONDON, Jan. 27.—(AP)—The mission of Adolf Hitler's deputy Fuehrer, Rudolf Hess, in his flight to England was to establish contacts with groups who would overthrow the Churchill government so Germany might negotiate a peace.

Churchill also said a combined Pacific War Council had been proposed for London or Washington, and that "Britain and the United States were rushing aid to the defense of Australia and New Zealand."

The Australian air force reported three Japanese ships were bombed and damaged in Japan-occupied Rabaul harbor, New Britain.

Japan hurled more troops against Australia's vast island defense chain Monday night as authorities removed civilians from threatened cities and Prime Minister Curtin warned that "the enemy thunders at our very gates."

Australian militiamen fighting in the hills south of Japanese-occupied Rabaul capital of New Britain Island, were reported to have repulsed 11 Japanese attacks in two days despite their inexperience and numerical inferiority. Japanese forces there were estimated to number at least 10,000.

Australian defense units also apparently were in action on the neighboring island of New Ireland in the Bismark archipelago, 800 miles off the mainland, and on Bougainville in the Solomons group to the east. The Japanese had landed at Kavieng in New Ireland and at Kieta on Bougainville.

Prime Minister Curtin told his people in a nationwide broadcast that negotiations were under way to gain a place for Australia on the Pacific War staff of Gen. Sir Archibald P. Wavell.

From London Prime Minister Churchill last night faced the most serious challenge to his leadership since he took office, because of British reverses in Malaya and the increasing Japanese threat to Australia, but observers did not believe an attempt would be made to unseat him in the 3-day Parliamentary debate expected this week.

### Dade County Board Approves Contract

MIAMI, Jan. 27.—(AP)—A city-county contract paying the way for validation of the proposed \$1,000,000 Dade County charity hospital bond issue, was approved by the county commission Friday after a joint meeting with the city commission.

Terms of the contract were approved by R. P. Mitchell of the New York bond law firm of Maschick & Mitchell.

The city acceptance of the contract terms will be voted on Wednesday when the city commission also will authorize the bond issue, Mayor C. H. Reeder said.

The bonds, based on hospital revenues, will total \$950,000, by \$750,000 worth to be paid immediately. The \$200,000 balance will be a cushion against underbudgeted costs. A federal grant of \$500,000 has been approved for the hospital.

### Sugar Ration May Be 12 Ounces Person

WASHINGTON, Jan. 27.—(AP)—The individual sugar allowance may be as low as 12 ounces a week per person when the rationing begins next month.

Price Administrator Leon Henderson explained the allowance of 50 pounds per year per person which previously had been forever applied to the nation as a whole and failed to take into account meals in restaurants and hotels.

The Declaration of Independence was first published July 4, 1776 in the Philadelphia Evening Post.
