

Market Shipments Continue Strong Despite Cold Snap

JACKSONVILLE, Feb. 27 (Special) — "In spite of the cold and frosts during the past week, fresh vegetables and strawberry shipments continue in good volume from the State Farmers Markets," William L. Wilson, Director of State Markets, stated in his weekend report of State Market activities.

"No frost damage was suffered in the Pompano Market area and harvesting of the beans planted since the December rain deluge in beginning. A heavy movement of beans, peppers, lima beans, eggplants, cucumbers and squash is anticipated for several weeks."

"Plant City State Market strawberry volume totaled 9,714 crates of 30 pints during the past week, returning to growers in excess of \$83,000. Daily prices average ranged from 42c to 47c per pint. About the same volume is expected during the current week."

"In spite of frost and ice during the past 10 days the Blakely State Market has continued daily shipments of berries. The volume continues small, though the quality appears much improved."

"Florida City State Market continues with a heavy volume of tomatoes daily. No frost damage was suffered in this area, in excess of 94,000 bushels moved during the past five day auction at average price of \$2.75 per bushel. Returns to growers amounted to \$276,000. Beans and squash continue to move in good volume at prices from \$3.00 to \$4.25 for Pole Beans \$3.00 to \$3.50 for Tendergreen and \$2.50 to \$3.50 for squash. The potato movement in that section is good."

"Cabbage in bulk and packages continue to move in good volume over the Palatka State Market. Prices, 7c, 8c per 60 pound sacks \$1. per 60 pound crate and \$22.00 per ton.

"Fort Myers Market reports very light volume. A small volume of pepper, eggplant and cucumbers continue to move through this market."

"The Palmetto State Market expects more good than harm from the recent cold snap as the quality and yield of tomatoes appear improved, though the harvesting will probably be delayed a week. Available through the market is a small supply of pepper, eggplant and cabbage."

"The first cucumbers of the Spring deal are anticipated on the Fort Pierce State Market about March 1st, with tomatoes harvesting commencing about the middle of March. Mild weather with scattered showers continues."

"Cold damage to beans is estimated at about 30% of the volume with a 10% damage to corn volume in reported by the Palmetto State Market."

Escaped Leopard

(Continued From Page One) trained dogs, investigated four different reports that the leopard had been seen at widely separated points.

But by the time the searchers arrived in the areas they found no trace of the big spotted cat which leaped from an 18-foot pit and escaped from the Lincoln Park Zoo here Saturday.

An off-duty worker stop a rig not far from the park reported he saw the leopard run across a field. That sent a group of men scurrying to the spot with mountain lion hunting dogs flown here from Colorado. But no leopard.

Another report reached search headquarters saying the animal had been seen near Arcadia, Okla., on U. S. highway 68 some 10 miles northeast of the zoo.

This also proved to be a blind lead. The hunters and their dogs could find no trace of their quarry.

Two other reports that the leopard was seen in the vicinity of Wichee, Okla., 10 miles northeast of here, also turned up nothing but a cold trail.

As a result, U. S. Marine Corps reserves from an Oklahoma City detachment, who have participated in the hunt since it started, returned to the search headquarters on the zoo grounds to await a new lead.

Today's search began, as it did Saturday after the leopard escaped, at the zoo.

At daybreak zoo director Julian Frazier and others searched the pit from which the wild animal fled. But he was not there, either.

He was a veteran of navy service in the first world war. He is survived by his widow, Beatrice Bass Anderson, of Avon Park, who was reported visiting today in Gainesville, Fla., and one daughter.

The body was taken to an Atlanta funeral home.

Schooner Life

(Continued From Page One) coast line. Backed by a steady north wind, they sailed as far as Palatka before anchoring. The leisurely trip between Jacksonville and Sanford took about two and a half days.

Delighted to be in Sanford, they have remained here for the past month. Mrs. Post serves as school teacher to her two sons using the Calvert Correspondence School method. The boys have added much to their knowledge of birds and animals by frequent trips to the nearby Zoo. On Friday they were sent to the barber shop and returned with typical "nautical" haircuts.

Danny and Porky have a habit all to themselves to sleep in, and wouldn't trade it for a bedroom anywhere. At times they enjoy trips to Orlando to visit their grandfather grandmother, Mr. and Mrs. E. D. Gregg.

The Posts plan to leave Sanford about Mar. 1, but not to go north until the weather grows warmer. If it gets chilly, however, they have an open grate stove, and were fortunate in getting plenty of coal before there was any strike to curtail the supply. This summer their itinerary includes a trip to Newfoundland.

Post stated that he had recently talked to government engineers who were here to make a further investigation on the possibility of a St. Johns — Indian River canal. He predicted that should such a canal be dug, a majority of pleasure boats headed for the lower east coast would use the new route, possibly both ways, on account of the beauty of the river.

Four Accidents

(Continued From Page One) sued. State Highway Patrolman R. D. Harrison reported today.

Mrs. Helen Laiter, Alderman, nurse at Fernald-Laughton Memorial Hospital, suffered a broken nose and lacerations Friday night shortly after 11:30 o'clock, when the 1947 Plymouth Sedan which she was driving in order to report for night duty at the hospital was involved in a collision on Geneva Avenue, about half way between the bridge and Park Avenue.

Mrs. Alderman was taken in the Erickson Ambulance to the hospital. According to State Highway Patrolman R. D. Harrison, who investigated the accident, Mrs. Alderman had passed an automobile and ran into the rear of another west bound car, a 1936 Chevrolet driven by Ora Thompson, negro, and containing four passengers, none of whom was reported injured.

Damage to the Plymouth was estimated at \$500, and to the Chevrolet at \$125.

Eltus J. Naughton, Jr., who is associated with the H. James Gut Insurance Agency, narrowly escaped serious injury Saturday night at 11:30 o'clock when the 1940 Plymouth Sedan which he was driving north on the Orlando highway, about nine miles south of Sanford, was hit in the rear by another automobile and knocked end over end into the ditch. He was shaken, and his neck was wrenched, but otherwise was uninjured.

State Highway patrolmen are seeking the identity of the hit-and-run driver who kept right on going after the accident, said Patrolman Harrison. Damage to the Plymouth was estimated at \$350. The other car involved in the accident is believed to have been a blue Buick convertible.

At 2:30 o'clock Sunday morning, Patrolman Harrison investigated an automobile accident that occurred during a heavy fog near the Movieland Drive-In Theater and involved a 1930 Studebaker sedan driven by L. H. McAnulin, truck broker of the Sanford State Farmers Market, and a 1936 Ford driven by James Henry Bell, Negro. Bell was charged with violation of the right of way by crossing the center line and side swiping the Studebaker, damage to which was estimated at \$200. No one was injured.

Bracie C. Creekman of Longwood had several teeth knocked out at 3:00 o'clock Sunday afternoon when his 1934 Ford coupe left the Orlando highway about a mile and a half from Five Points, turned over end over end, bounced in the air and landed right side up in the brush on the side of the road. While in the air, the Ford nicked a tree trunk 15 feet above the ground, said Patrolman Harrison.

Mr. Creekman was taken to his home in Longwood by David E. Carpenter, and was later visited by Patrolman Harrison who estimated a charge against him of driving while intoxicated.

During the week-end, 14 motorists were given tickets by Mr. Harrison for violations of lighting rules, including driving without lights, driving with one head light, or failing to dim lights when another car approached.

Turtle eggs and those of the iguana, a giant lizard are often used for food by South Americans.

British Election

(Continued From Page One) foreign policy. But observers agreed that any political horsemanship would end quickly once practical problems are out of the way.

The Laborites have problems inside their own house, too. Left-wingers were reported rallying for an early trial of strength with the more moderate of the Labor leaders.

The left-wingers want Labor to carry on with militant socialism despite the close election from defeat on Thursday.

The main problem for the Conservatives was the timing of the blow against the Laborites.

But a search of the grounds failed to disclose his hideout. At daybreak zoo director Julian Frazier and others searched the pit from which the wild animal fled. But he was not there, either.

He was a veteran of navy service in the first world war. He is survived by his widow, Beatrice Bass Anderson, of Avon Park, who was reported visiting today in Gainesville, Fla., and one daughter.

The body was taken to an Atlanta funeral home.

Afternoon visitors scattered in panic before the calm animal's advance, but he slinked into the heavy underbrush. Since then he has led hundreds of hunters through two days of weary tramping the countryside for 15 miles to the north and east.

He was spotted three times, but always from a distance, and immediately disappeared again.

Now after a strategy meeting an entirely new and gigantic hunt is on, including the "cat" dog-volunteers of Crockett Morrison, owner of the Cross K Ranch near Dryden, Tex.

At 11:00 A. M. today someone noticed the smoke coming from her home 200 feet back from the highway and told her about it. The house was a total loss, as the dry pine in the two-story structure was quickly ignited.

The Yonke home was located on the highway leading from Geneva to Ovid, and about one mile south of Geneva.

Last year Chief Cleveland sent aid to Geneva when a raging woods fire threatened homes on the shore of Lake Geneva. The town has no fire fighting facilities.

The Sanford firemen had hardly returned to the Station yesterday two hours and 35 minutes later when they were dispatched to the home of John Yonke, 1000 W. Drive, where fire from a defective hot water heater caused slight damage to the floor.

At 8:15 o'clock, yesterday afternoon, some 1000 feet from the street was damaged slightly by fire caused by a defective fuse, said Chief Cleveland.

Florida Citrus

(Continued From Page One) but he died at 10:15.

Anderson went to Florida in 1914 from Pittsburgh, Pa. He was president of the Highlands County farm bureau and the Lake Byrd citrus packing company of Avon Park.

He was vice president and director of the Superior Fertilizer Company in Tampa.

He was a director of the Florida Citrus Canners' Cooperative in Lake Wales, the Avon Citrus Corporation in Avon Park, the Highlands Citrus Cooperative in Jacksonville, the Blue Ribbon Fruit Company of Avon Park, and several civic and benevolent organizations.

Anderson owned several citrus groves, and had been a leader in developing irrigation and cover crops for citrus groves.

He was a veteran of navy service in the first world war.

He is survived by his widow, Beatrice Bass Anderson, of Avon Park, who was reported visiting today in Gainesville, Fla., and one daughter.

The body was taken to an Atlanta funeral home.

PROGRESS M. B. CHURCH HOME MISSION SOCIETY MEETS

The Home Mission Society of Progress Missionary Baptist Church of Midway met at the home of the President, Mrs. Bessie B. Smith, a spiritual prayer service was held in behalf of Mrs. Smith's sister Mrs. Butler who is in a hospital. In addition much to the spiritual consolation of Mrs. Butler and every one left feeling that they had made one other person happy.

SURPRISE PARTY GIVEN IN HONOR OF MRS. BESSIE SMITH

The community in which Mrs. Bessie Smith, Sykes Avenue lives, sponsored by Mrs. Mary Stephens brought joy and happiness to Mrs. Smith when to her surprise a beautifully arranged party was awaiting her at her home on Sykes Avenue.

Mrs. Stephen together with other friends in the community left no stone unturned in making this event a gracious one. The party was largely attended by those of the community and to add to her happiness, many packages of groceries together with a nice sum of money was showered on Mrs. Smith. The home of Mrs. Smith was left very happy and grateful to every one.

Mr. A. B. Conley, Mr. Howard Conley, Mr. Sam Conley of New Jersey, and Mr. Robert Cooper of Belle Glade visited the bed side of their mother, Mrs. McGowan, of County of Midway, who is sick but happy to report that she is improving nicely.

We regret to learn of the continued illness of Mr. Arthur Foster of Midway. Friends are hoping for him a speedy recovery.

Mrs. Luella W. Henry and Mrs. Lela Mae Sims, Melville Avenue, the mother and sister of Mrs. Smith.

Geneva Fire

(Continued From Page One) was working in her garden shortly after 11:00 A. M. when someone noticed the smoke coming from her home 200 feet back from the highway and told her about it. The house was a total loss, as the dry pine in the two-story structure was quickly ignited.

American Ship

(Continued From Page One) American ship have been trading with Mexico infrequently in recent months, officials said. A cargo number has put into Tampico in a container. A Nationalistic plant was responsible, officials assume there will be no other American protest to the Chinese Nationalist government.

Further protest will be the attempt of Shanghai to result in Nationalist pledge to stop trade.

Arthur J. McLaughlin, state director of the Nationalist plant, said the report of the Chinese Nationalist government was that the ship had been seized by the Nationalist government.

Senate Asks Acheson About Hiss Remark

Secretary of State Defends Statement, Tells Of Purge Of Doubtful Employees

WASHINGTON, Feb. 28. — (AP) — Senator McCarthy (R-Wis.) said today that Alger Hiss probably would be back in the state department if the decision were up to a White House aide, David Bennett Lloyd. Lloyd is "case No. 1" of the 81 persons McCarthy wants investigated in connection with his charges that there are or were many communists in the state department.

WASHINGTON, Feb. 23. — (AP) — Secretary of State Acheson told Senators today "I would never knowingly tolerate any disloyal person in the department of state."

Acheson told the Senate Appropriations Committee that he did not and does not condone in any way the offenses charged against Alger Hiss, former state department official.

Hiss was convicted of lying about contacting an admitted Communist courier who said he obtained secret state department papers from Hiss.

Acheson's statement came in the wake of a recent remark he made to newsmen, after Hiss was convicted, that he (the secretary) would not turn his back on Hiss, a long time friend.

Acheson said he felt "compassion" toward Hiss because the latter's life could only be one of "deep tragedy" whether his conviction is upheld or reversed.

The secretary of state said he was not in any way attempting to influence or control the jury.

Rotarians Select Civic Building As Number 1 Project

The promotion and construction of a civic club building in which all the civic clubs in Sanford can hold their meetings was voted the No. 1 project of the Rotary Club for the coming year at the regular luncheon at the yacht club yesterday.

This project received 35 first choice votes and five second choice votes among the Rotarians. It is already being planned by a Rotary committee headed by I. W. Spencer, who reported yesterday that satisfactory progress is being made and that the committee hopes to secure the support of the other civic organizations.

Project No. 2 was the extension of the sewerage system proposed by Sam Martin who recommended that sewers should be provided for Georgetown and Goldsboro as well as certain other areas in the city where they do not exist. This project received 11 votes for third place.

Project No. 3 was the extension of the sewerage system proposed by Sam Martin who recommended that sewers should be provided for Georgetown and Goldsboro as well as certain other areas in the city where they do not exist. This project received 11 votes for third place.

Project No. 4 was the extension of the sewerage system proposed by Sam Martin who recommended that sewers should be provided for Georgetown and Goldsboro as well as certain other areas in the city where they do not exist. This project received 11 votes for third place.

Value Of Ruble Is Raised By Russians

MOSCOW, Feb. 28. — (AP) — The Soviet Union is sweeping price reductions tonight set a new rate for the ruble. Four rubles to the dollar instead of 5.40. The government decreed that the ruble would no longer be defined in dollars. At the same time it revealed the ruble in gold and foreign currencies. The currency reform in the U. S. S. R. came into effect in December, 1947, liquidated the consequences of the second World War in the field of currency circulation and reestablished the full value of the Soviet ruble. The decree said.

Naval Captain Admits Fault In Grounding Of 'MO'

NORFOLK, Va., Feb. 28. — (AP) — Capt. William D. Brown, commanding officer of the battleship Missouri, said today "I and I alone bear the sole responsibility" for her grounding last month.

"As captain of the ship, it was my duty to keep her safe and secure. I didn't do it," the 47 year old officer told a Naval court of inquiry.

This dramatic reversal of Brown's previous defense tactics came as the court opened its 18th day of sessions designed to fix responsibility for the grounding which occurred in Chesapeake Bay, Jan. 17.

When Brown took the stand in his own defense Feb. 18 and Feb. 20 he testified his "team of officers" fell down when he "needed it most" Jan. 17, and he felt "utterly alone" as far as assistance from his team of officers was concerned.

"Today, he stood tall and straight before the court and reading from a prepared statement, he admitted that he was strongly of the opinion that the grounding, despite all of the numerous shortcomings of others which have been revealed in this court room, I could never have prevented had I been in the ship in that water."

The decision to place the ship on the course that took her to ground, Brown said, "was made by me, without the usual concurrence of anyone in the ship."

The range Brown referred to was the secret electronic range outside the main channel which the Missouri was trying to run when she stranded. The apparatus he mentioned were not part of the buoy system marking the range. They were planted in 18 feet of water to chart a channel for small vessels.

Brown said "as concerns my subordinate, whose conduct of duty has been questioned here, I trust that the court will view their performance in the light of day-to-day practice, and not in any sense connected with the (Continued On Page Six)

PROCLAMATION

WHEREAS, the month of March of every year is traditionally chosen by the American National Red Cross as the month in which their Fund Drive is held; and

WHEREAS, the American National Red Cross renders its varied services without regard to the race, creed or country of origin of any person; and

WHEREAS, the fulfillment of its many obligations, this organization has become a force of incalculable value, not only with regard to the material assistance which it renders, but also in selling democracy to Americans; and

WHEREAS, the continued existence of the American National Red Cross is totally dependent upon the financial support which we, as free citizens of a free land, give it;

NOW, THEREFORE, I, ANDREW CARRAWAY, Mayor of the City of Sanford, do hereby proclaim the month of March as AMERICAN NATIONAL RED CROSS MONTH

and urge the citizens of this City to cooperate in carrying out the purposes of this month.

Given under my hand and seal this 28th day of February, 1950, in the City of Sanford, Florida.

ANDREW CARRAWAY, Mayor

Army Plans To Centralize General Staff

Chief Of Staff To Be Central Authority; Air Force Boosts Big Bomber Range

WASHINGTON, Feb. 28. — (AP) — The Army is streamlining its general staff organization to centralize authority in the chief of staff.

Formal announcement of the plan, due to take effect tomorrow is expected today.

The reorganization returns the general staff to its pre-war status. It will have four divisions to handle personnel, intelligence, planning and logistics (transport, quartering and supply of troops).

The new organization virtually abolishes the division of organization and training. Training functions hereafter will be centered in the Army field forces command, with headquarters at Fort Monmouth, Va.

The reorganization also reduces the scope of the special services officer, most of whose duties will be transferred to the adjutant general's office.

General staff divisions are to be reorganized orders to be issued by the chief of staff. For many years the division chiefs have had authority to issue orders of their own.

Army officials told a reporter (Continued On Page Six)

Red Cross Group Launches Annual Drive For Funds

The Seminole County Chapter of the American Red Cross announced the annual drive for funds today by Chairman Volie Williams, Jr. The drive opens Mar. 1 and is scheduled to continue throughout the month.

The headquarters will be located in the old Thorpe Furniture Building, 119 Magnolia Avenue, and Mrs. Joyce Steele Sawyer is secretary.

The Garden Club will solicit the residential area of Sanford, and Mrs. Charles Glan will serve as chairman of this division. B. L. Perkins, Jr. is chairman of the business division and Joe Moss will act as chairman of the industrial division.

Magnus Andrew Carraway has proclaimed the month of March as American Red Cross month, and tomorrow morning, Station WTRH will carry a "kick-off" broadcast for the local drive at 10:46 A. M.

Mr. Williams also announced that the following persons are acting as chairmen for the other cities and towns of Seminole County: Mrs. J. W. Yarborough, Geneva; Mrs. Charles Hiblack, Okechobee; Mrs. Lucille Jacobs, Chuluota; Mrs. John Duda, Slavia; Mrs. Homer Sewell, Altamonte; Mrs. B. E. Dodd, Goldenrod; Mrs. George H. Longwood, Longwood; Mrs. F. Paola and Mr. J. Tilden Byron, Lake Monroe.

Prime Minister Attlee Revamps Cabinet In Effort To Keep Power

LONDON, Feb. 28. — (AP) — Prime Minister Attlee, who won a shaky victory in Britain's national election, has revamped his Labour cabinet. He is expected to announce it within the next 24 hours.

Attlee had an hour's audience with King George VI last night after spending the day forming his new cabinet and conferring with leaders of his Socialist-minded Labour Party.

Just what changes Attlee would make in his cabinet were kept secret. But chief post to be filled was that of colonial secretary, which became vacant because of the defeat of Arthur Creech Jones in his race for re-election to Parliament.

Political observers speculated that Attlee would replace Viscount Alexander of Hillsborough as Minister of Defense.

The changes were expected to be announced before the newly elected Parliament meets tomorrow. Next Monday the King is to outline the government's program in the House of Commons.

With the ruling Labourites whittled down to a majority of only seven seats in the House of Commons, there is much speculation that the program of nationalization of industry and other Socialist measures will be considerably modified to avoid an immediate showdown.

Most political observers speculated that the Labour government will attempt to stay in power at least until the 1950 budget is presented in April.

Reports that Attlee had selected a new cabinet were expected to be announced before the newly elected Parliament meets tomorrow.

Escaped Leopard Returns To Zoo, Is Re-Captured

OKLAHOMA CITY, Feb. 28. — (AP) — Oklahoma City's escaped leopard was captured alive at its pit today — felled by a mirky.

Knockout drops, placed in blinks of large great spotted leopard, felled him as he jumped over the fence to be captured.

Zoo keeper Julian Frazier slipped a noose around the charged animal's neck and held him while he was caged.

Hunter finally drove the bear back to Lincoln Park Zoo, the only home he had known since he was brought here a week ago from the jungles of India.

He had been free since 1 P. M. Saturday when he leaped from a barbed pit, 18 feet deep, and scampered away while onlookers stood frozen with terror.

Steel Plants Slash Output In Coal Crisis

More Than Half Million Workers Idle As Soft Coal Miners Continue Violence

PITTSBURGH, Feb. 28. — (AP) — The soft coal strike hampered production at the national steel mills today with soft coal plants cutting output to a minimum.

The steel mills in the three-day-old strike are expected to produce only about half their normal output today.

Without mentioning any date, Deputy Prime Minister Herbert Morrison told a Labor meeting last night the election may "come some time later than later."

Nearly all press forecasts said new elections would come by June or not later than Fall.

The election will be held in a number of months, but it is not clear when it will be held. It is expected to be held in a number of months, but it is not clear when it will be held.

Top-Ranking Klan Member Is Charged With Gang Slaying

PITTSBURGH, Feb. 28. — (AP) — A top-ranking Klansman was charged today with the slaying of a Negro man in a Pittsburgh slum.

The man, identified as James Earl Ray, was charged with the slaying of a Negro man in a Pittsburgh slum.

C. Ferris Bryant Addresses Clubs On 4 Freedoms

People Of U. S. Advised Not To Stop With Mere Saving

Rep. C. Ferris Bryant of Ohio, who was introduced to a civic club here today by Malcolm MacNeill, a Florida's most outstanding young man spoke at the "Four Freedoms" meeting.

The meeting was sponsored by the Lions Club and was presided over by Cliff Alden, president of the club.

Reading the Four Freedoms announced by President Roosevelt, Mr. Bryant said these freedoms of speech, freedom of religion, freedom from fear and freedom from want.

Freedom of speech, he said, is a wonderful thing and a great thing to have in America. It is a privilege that we should not lose.

Freedom of religion, he said, is a privilege that we should not lose.

Freedom from fear, he said, is a privilege that we should not lose.

Freedom from want, he said, is a privilege that we should not lose.

Mr. Bryant said that the people of this country should not stop with a mere declaration of these freedoms. They should take action to secure them.

He said that the people of this country should not stop with a mere declaration of these freedoms. They should take action to secure them.

Franklin Terrace Is Being Considered For Zoning As R-1

Faced with the fact that the Federal Housing Authority will not grant loans for building of homes in outlying areas while areas adjacent to the main part of the City remain undeveloped, the City Commission last night decided to hold a hearing at 8:00 P. M. March 16, to consider rezoning of Franklin Terrace area to R-1.

The matter was brought to the attention of the Commission by J. A. Whidden, a realtor who has been working for the Housing Authority to this effect, and who pointed out that in Franklin Terrace, which the City is now rezoning from R-1 to R-1 status, owners were unable to get FHA loans because Highland Park, an area nearer to the center of the city and adjacent to Franklin Terrace, is not being developed.

Mr. Whidden presented a petition from 16 of the 21 owners of property in Highland Park asking that the Commission reconsider a (Continued On Page Six)

Admiral Denfeld Leaves Navy Today

BOSTON, Feb. 28. — (AP) — Admiral Denfeld was fired and a band playing waltz music today as Admiral Louis E. Denfeld, former Chief of Naval Operations, left the Boston Naval Base today for the last time as a Navy officer.

The retirement of Admiral Denfeld to the navy will bring to an end a 34-year career of nearly 38 years. The 56-year-old native of Westport, Mass., was commissioned an ensign after his graduation from the U. S. Naval Academy in 1912.

A Marine guard detail and the Navy band stood at attention as Denfeld and Rear Admiral Howland Thibault, First Naval District commandant, left for the ranking admiral's farewell to service.

Denfeld was born in Westport, Mass., and served in the Spanish-American War, World War I and World War II. He was promoted to admiral in 1947.

Phineas Barnum's Fejee Mermaid Is Still In Existence

PHINEAS Barnum's Fejee Mermaid, a sea captain, purchased it in 1832 from a group of Japanese sailors. When it was exhibited in London in the same year, hundreds flocked to view the curio.

According to general belief, the mermaid was the handwork of a tireless Japanese. Barnum himself was aware that certain Japanese artists manufactured a great variety of fabulous animals, and he later admitted his mermaid was "no doubt... a specimen of that curious manufacture."

Outlook Dim For Natural Rubber Market In U. S.

By BRUCE HORRAT, N.Y. Staff Correspondent. NEW YORK (NEA) — Far Eastern growers of natural rubber with the United States would stop making rubber out of petroleum. They're the synthetic industry's real threat to their future.

Hints To Housewives

SOUP SUGGESTIONS. Warm and welcome, especially in cold weather, soup fits into family fare not only at meals but also as an afternoon pick-up or a bedtime nightcap.

wife time and effort, a variety of canned soups, and also some dried soup mixtures, are on grocery shelves. All these soups know, too, that delicious soup may be brewed at home from inexpensive materials, such as dried beans and peas now in such plentiful supply.

need. Soup in school or home lunches for children should be accompanied by a hearty sandwich with protein filling and a crisp salad so that the meal will meet children's needs in protein, calories, vitamins and minerals.
