

## Fashions For Easter Season Shown For WW Club Members

By Maryann Miles  
Colorful fashions designed for the Easter Season were shown through courtesy of Carol's Dress Shop of Longwood Plaza for 49 members and guests of the South Seminole Welcome Wagon Newcomers Club at last Thursday's meeting at the Villa Nova in Winter Park. The meeting opened with cards at 10 a. m. and luncheon, served at 12:30 p. m., was followed by the Fashion Show. Narrator was Mrs. Catherine Wesley. Models were Mrs. Millie Pittman, Mrs. Evelyn Chapman, Mrs. Marie Boardman, Mrs. Hannah Mitchell, Mrs. Margie Mount and Mrs. Jerry Eckard. Door prize was won by Mrs. Nan Peterson. Card prizes went to Mrs. Irene Blanchard, first bridge; Mrs. Frances Cordell, second bridge; Mrs. Lucille Crowell, first canasta and Mrs. Juanita Moore, second canasta.

Guests attending included Mrs. Margie Mount, Mrs. Maxine Leech, Mrs. Hazel Strague, Mrs. Martha Sobotaka, Mrs. Ruth Krebs, Mrs. Betty Miller, Mrs. Jessie Jacobs and Mrs. Freida Moore. Mrs. Bea Maggett was welcomed as a new member. The business session was conducted by the president, Mrs. Sandy LaPoma, who reported that she and Luther Miles represented the club at the recent donors day for Old Glory Community Blood Bank. Three more donors are needed if the club is to maintain its membership in the bank and members were asked to report to Blood Bank headquarters in Orlando if they can make a donation.

For benefit of the many club members who were active participants in the February Heart Fund Drive, Mrs. LaPoma reported that a total of \$4,460.40 had been collected in the DelBary-Seminole area to make this year's campaign the most successful to date.

Invitation from Heart Council president, Edward Simon, was read announcing a meeting for March 31 at the Altamonte Springs Community Club at 8 p. m. when additional reports of interest will be made along with plans for next year's drive. Hostesses for the meeting will be Mrs. Eugene Taylor and Mrs. William Eckard, both of Altamonte.

The club's next executive board meeting will be held at 11:30 a. m., April 13, at the Trade Winds Cafeteria in Casselberry where the next general meeting also is scheduled for 10 a. m., April 23. Program for the day will feature a crazy hat show.

## Taxpayers Get Warning On Deadline

Last date on which taxpayers may pay 1963 taxes without penalty will be March 31, Marjorie Shepard, assistant tax collector, stated today. Failure to pay taxes on or before that date, she said, will result in a minimum penalty of three per cent on real estate taxes and one per cent on personal and intangible taxes. She also pointed out that the tax laws require the additional charge of cost of advertising the property as delinquent.

Attention also was called to the fact that interest, advertising and other collection cost are added to the tax and all become a lien against the property owned by the delinquent taxpayer. It is, therefore, to the advantage of the taxpayers to pay 1963 taxes before April 1 and avoid penalties. All payments by mail must bear postmark not later than March 31 to escape the penalties. The interest rate on delinquent real estate tax begins at 1 1/2 per cent with a minimum of three per cent. On personal and intangible taxes the interest amounts at the rate of one per cent per month.

Tax certificates will be sold at tax sale to be held May 28 on each parcel of real estate on which the 1963 taxes have not been paid. At the same time warrants will be issued against all personal property tax items, which are not paid, directing the levy and sale of the property to satisfy the taxes and cost. Executions will be issued on all intangible tax items not paid. These executions will be filed with the clerk of circuit court and will become a lien against any real estate the taxpayer may own, Mrs. Shepard stated.

## Fern Park Visit Reset By Kelly

By Julia Bartos  
Appearance of Senator Scott Kelly, gubernatorial candidate, scheduled at Old Glory American Legion Post in Fern Park for March 26, today was rescheduled for between 4 and 5 p. m., Monday, April 13. Announcement of the postponement came from campaign headquarters in Orlando. Arrangements for Kelly's appearance at the Legion Home are under direction of Bill Chambers, Seminole County Democratic Committeeman.

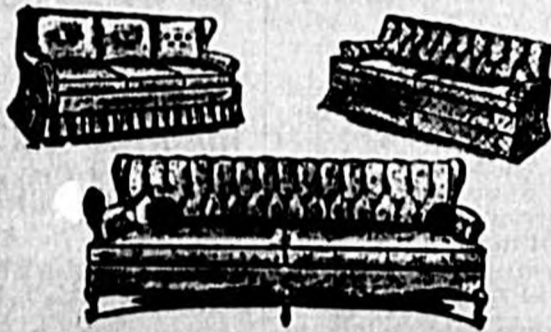

## \$900 Million Aid Cut Otto's Aim

WASHINGTON (UPI)—Foreign aid's arch-foe, Rep. Otto E. Passman, D-La., was reported today to have set his sights on at least a \$900 million cut in President Johnson's \$3.4 billion aid bill. Administration forces claim that such a slash would cut the heart out of the program. But Passman disagrees and he has a lot to say about it in his post as chairman of the House foreign aid appropriations subcommittee.

#### Copter Spotted, Truman Says

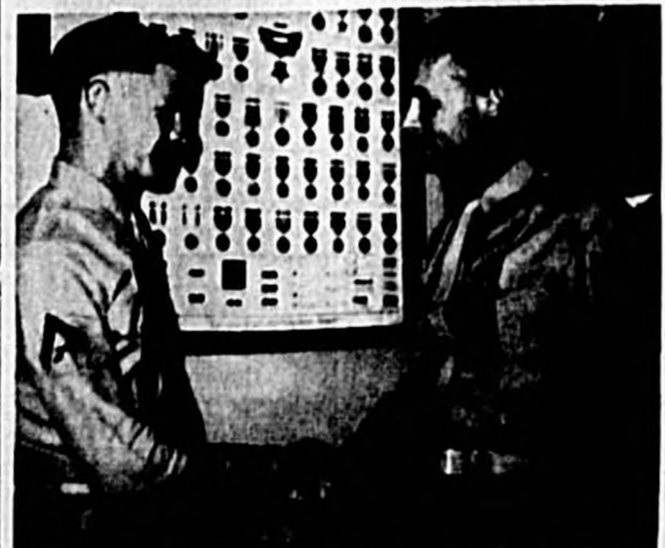

KEY WEST (UPI) — Former President Harry S. Truman said Monday the Cuban helicopter that landed at Key West last Friday did not do so undetected.

Speaking after Sen. George Smathers, (D-Fla.), asked Defense Secretary Robert McNamara to investigate the incident to see why the helicopter was not challenged, Truman said: "It was just a trap. You can't believe every thing you read in the newspapers."

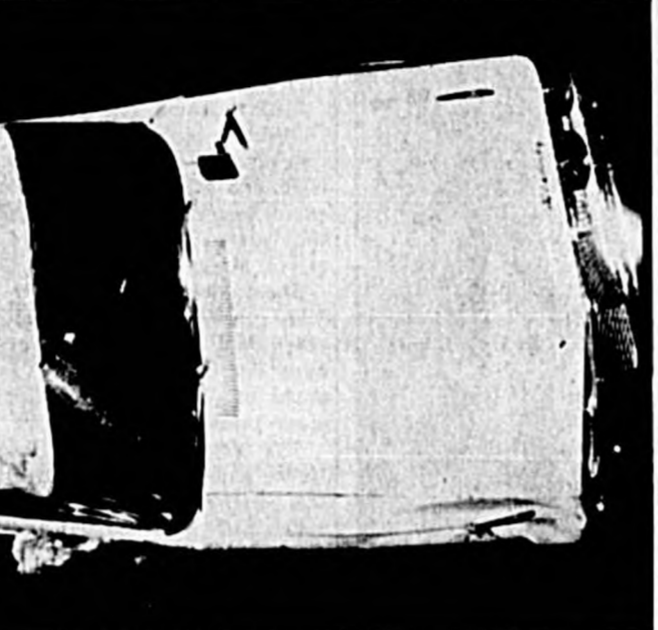

Truman is vacationing in the Florida Keys.

## 3-Hour Service Good Friday Set By Churches

The traditional three-hour service from noon until 3 p.m. presented annually by the Sanford Ministerial Association on Good Friday will be held at First Presbyterian Church.

Ministers will give brief meditations on "The Seven Words From the Cross," each having charge during a 20-minute period. Those attending are asked to enter and leave the church during the singing of hymns.

Participating in the service will be Rev. John T. Adams Jr. of the First Methodist Church, Chaplain Robert L. Deal of Sanford Naval Air Station, Rev. Fred B. Chance of First Baptist Church, Rev. H. M. Wilder of Pinecrest Assembly of God Church, Rev. Edgar W. Smith of First Presbyterian Church and Rev. Paul Hicks of the Nazarene Church. Music will be provided by the organists and choirs of various churches taking part.

## India For Red Proposal On Disarmament

GENEVA (UPI) — India announced its support for a Soviet disarmament proposal today in a move that startled the West.

Disarmament negotiator V. C. Trevedi said his government favors Moscow's "nuclear umbrella" proposal, which calls for the destruction of all nuclear weapons—except a limited number retained for defense by the United States and Russia—as a first step toward disarmament.

The West has rejected this plan, chiefly because the Russians have offered no guarantee of verification of weapons destruction.

## Seminole Road Parley Called Wednesday

A conference is slated Wednesday at 11 a.m. in DeLand with a representative of the State Road Board and County Commission to study road projects in the county.

The discussion is an aftermath to one heard earlier this month when Seminole County was one of several to present comprehensive plans for road work.

County Commission Chairman James P. Avery Jr. made the announcement at the Commission meeting this morning.

The board also approved the Seminole County Zoning Commission to act as a planning board to set up land use rules in the new university community district at the Seminole-Orange County line.

Seminole officials have moved rapidly concerning the university site and were slated to confer later today with Orange County leaders on adequate planning and zoning.

Avery also rapped the state policy of purchasing vehicles for local health officials, noting the county is paying a higher price for the cars under the state-purchase plan.

The vehicle's title is retained by the state, the Commission official stated, even though the cost is borne by the county.

"If the rules prohibit the buying (of vehicles) locally, then we should change the rules," Avery said.

Action was delayed on enforcement of a state political sign and poster law which spells out the rights and limits of a candidate pushing his election drive.

A representative of the Oviedo area received county approval for the latter to prepare a track for area athletes at the Oviedo athletic field.

Denied was a request that a Gospel meeting be permitted on the lawn of the county jail and courthouse.

The county attorney, Harold Johnson, ruled the request was illegal in that public facilities would be used.

Also approved was the acquiring of three roads in the Bear Lake area — Palm Avenue, Overlook Drive and Leota Street—subject to an easement for drainage.

## Conference Set Wednesday In Washington

The Board of Seminole County Commissioners at noon today telegraphed Florida's Congressional delegation urging their complete support of the continued operation of the Sanford Naval Air Station.

Top level conference on proposed expansion of Sanford Naval Air Station is scheduled for Wednesday morning by members of Seminole County Chamber of Commerce's armed forces committee, Navy representatives and Florida Congressional delegates in the office of Sen. Spessard Holland at Washington.

Chamber officials will ask the Navy to renew its appropriation request for \$8.5 million for an extension of the north-south runway and some new buildings.

The Navy, in turn, it is understood, wants assurance that Congress will approve the budget request. Senator Holland, Sen. George Smathers and Rep. A. S. Herlong Jr., who will attend Wednesday's conference, have been quoted as saying they will support the request.

Several weeks ago the Navy withdrew this item from its overall budget request in view of the administration's economy move.

The budget request must be authorized by the House armed services committee and approved by the House appropriations committee before being submitted to the Senate and approved there subsequently were granted.

Vice Adm. John S. Thach, deputy chief of naval operations for air, who was in Sanford last week for the Bombing Derby, will attend the Wednesday conference. His recommendation will bear much weight with the Congress and with Defense Secretary McNamara, who has been spearheading President Johnson's economy move.

The Navy desires to extend the north-south runway from the present 6,000 feet to a little more than 10,000 feet. This would permit the bombers to take off and approach the base over Lake Jesup, eliminating the pattern and noise over the city.

The amendment authorizing the bonds earmarked revenue from the 1.5 per cent utilities tax, amounting to about \$10 million a year, to pay off the debt.

But it did not say anything about using the money in advance of the bond sale. Kynes promised an early ruling, saying the only question in his mind is whether this money has been earmarked solely to fund the bond debt.

Pre-Easter Ladies' Day Coffee Set

The annual Pre-Easter Ladies' Day Coffee Club of the Seminole County Chamber of Commerce will be held at 10 a.m. Thursday in the Chamber building. Wives of members, secretaries, receptionists, cashiers, clerks and other employees have been invited to attend.

Each lady present will receive a box of Chun King products donated by Jeno Paulel, head of the Chun King Company and owner of the Riksha Inn.

Four ladies will be awarded boxes of holiday candies contributed by Faust Drugs, McKeynolds Drugs, Roumillat Anderson's and Touchout's. A. P. Ramsey, florist, and the Sanford Flower Shop have contributed floral gifts and plants have been donated by the A & P Food Stores, Food Fair, Winn-Dixie Stores and Thriftway Super Markets.

Dog Has Own Car HOUSTON (UPI) — Mrs. Ann Pritchett's German Shepherd, "Baron von Kirk," becomes frightened when lightning strikes during a thunderstorm unless he is in a car. So Mrs. Pritchett bought him one—a 3-year-old car with no engine.

## Merger Proposal Fans City Council Embers

City Commissioners almost lit the fuse of an explosive issue Monday night, one which would merge the fire and police departments under a single public safety director.

But they backed off after a prolonged discussion to give the matter further study.

City Manager Warren E. Knowles was asked to check other municipalities, getting their procedures and reactions to the merger.

Commissioners were almost universal in declaring the proposal "explosive."

The matter was brought up by Commissioner M. L. (Sonny) Raborn Jr. when it was learned several firemen are leaving city posts to accept other firefighting jobs which pay more money. Particular mention was made of the Cape Kennedy area.

Fire Chief Mack N. Cleveland Sr. said he had lost two and possibly three men to the

more lucrative jobs and expects to lose a total of "six or seven soon."

He asked that firemen be paid the equivalent of police officers, and recalled the action on the wage adjustment was delayed until a future meeting.

It was then Raborn suggested a study of the merger into a public safety division for the city.

Commissioner Earl Higginbotham said such action would "cause a big explosion of employees." Chief Cleveland labeled the plan "not practical."

Meanwhile, to rebuild the fire department personnel total, Chief Cleveland was authorized to hire replacements as the vacancies occur.

It was generally conceded the city cannot compete with government or private enterprises in meeting the pay schedule established by those groups.

It was also agreed that the city has no control over retaining such men should they wish to leave for higher paying work.

## Jacksonville On Guard Against Further Riots

JACKSONVILLE (UPI) — Dozens of Negro high school students engaged in a bottle and rock throwing melee with police today and overturned and burned one automobile.

JACKSONVILLE (UPI) — Reinforced police units braced for the possibility of new racial violence today in this "Gateway to Florida" city following a bloody night of demonstrations in which whites were beaten, slashed and shot.

A Negro woman was killed by gunfire during the height of Monday night's disturbance in the city's Negro area. Roving gangs of Negroes hurled bricks, bottles and rocks at whites who ventured into the area.

Order was finally restored by police units about 1:30 a. m. EST.

Police arrested 127 persons Monday afternoon and night. Sixty-five of them were convicted of unlawful assembly and disorderly conduct in city court trials that ran until 3 a. m. today.

Police Chief Luther Reynolds canceled days off for the police force and special 45-man emergency unit was on standby alert to move in if new violence flared.

"We have to play it from day to day," Reynolds said. He was in his office before 8 a. m. EST after a few hours sleep.

Hundreds of anxious whites telephoned police headquarters this morning, asking if it were safe to venture out onto the streets. They were told that order had been restored.

Several streets in the Negro section were littered with broken glass, bricks and other debris from the vandalism and violence.

Mac As Well As Can Be Expected

WASHINGTON (UPI) — Gen. Douglas MacArthur's doctors reported today the old soldier is "progressing as well as can be expected" from his second major operation in 18 days.

But his doctors disclosed that in addition to a six-hour operation Monday to halt severe internal bleeding, it became necessary early today to perform a tracheotomy on the 84-year-old war hero. This entails insertion of a tube through an incision in the throat to aid breathing.

A team of doctors headed by the Army's surgeon general examined MacArthur this morning and issued a brief statement saying only that he was progressing as well as could be expected.

But other hospital sources said the general's heart beat and blood pressure were normal—encouraging signs—after anesthesia wore off.

ONLY 9 Days to Register For the Primaries

JETSTREAM adds our compliments to everyone else's — to Detachment 8 for their Bombing Derby win. That huge trophy is one of the most beautiful ever seen, isn't it?

What a wonderful day, Saturday, as thousands and thousands of Navy and civilian citizens of the area mingled together on the Naval Air Station at the Air Show and at the luncheon held by the Junior and Senior Chamber of Commerce.

It was a beautiful, blue-sky day, despite a brisk, sand-laden breeze, and we can't help but feel that the gathering of military and civilian families was a very unique and unusual event.

twisted her ankle. Closer examination and x-rays showed, however, that she had fractured a bone.

Fortunately this happened a couple of weeks ago, and as of Friday morning when we talked to her, she was planning on throwing away her crutches and joining everyone else at the Bombing Derby party Friday night—cast and all.

Fortunately for Bertie, her sister, Mrs. William Bean from Newark, N. J. who had already been planning to visit arrived just in the nick of time to take over the housework and the child-tending chores—mumbling under her breath that Bertie did it on purpose.

But Bertie was planning to take a trip to the Open House and Navy Appreciation Day, Saturday, after which she will return to New Jersey.

Sanford and Seminole County opens its doors and hearts to the Sanford Navy, and in turn, the Navy men and their families reflect the warmth and feel more at home here than any other place in the world.

You could see this glow of well-being in the faces of the crowds of people Saturday, as each had something to give to the other. The Navy men and their families are ready and prepared to defend this nation against all enemies, and the civilians to show that they appreciate this service, and have faith and trust in the strength and readiness of our mighty Navy.

FLYING DOWN from Washington, D. C. for Bombing Derby weekend Friday were a former VAH-5 officer, Lt. E. W. Fools, who was LEO Officer and CDR. William Frye who was Wing Safety Officer here. They were staying over with Cdr. and Mrs. Dave Dearolph.

FROM ST. PETE, Mrs. Rolf Noll's parents, Mr. and Mrs. Harrington are visiting here while Mrs. Noll goes to Jacksonville to pick up her husband. Lt. Noll was former Weather Officer on the Station and has been attending school at UCLA. After a short visit at home he will take in some more classes at Ocala, Virginia, and then go down to Key West for a short tour. Mrs. Noll and the children Janine and Tommy, will join him there this summer.

STATION OFFICERS Wives bridge luncheon held recently at the Bralwood home of Mrs. Clark Crain resulting in Mrs. Rolf Noll's being high point winner, with Mrs. Laurence White taking second. Mrs. Noll was a guest for the day.

Others who made up the three tables included Mrs. Paul Polger, Mrs. David Oimstead, Mrs. Edward Christenson, Mrs. Jay Miller, Mrs. Frank Wolfe, Mrs. William Sharp, Mrs. John Williams, Mrs. Austin Crothers and Mrs. William Bennett.

IT'S A GIRL for August and Lou Stefkovich. Little Stephanie Stefkovich—doesn't that have a charming sound—arrived recently at Seminole Memorial Hospital. CWO Daddy Stefkovich is Control Division Officer on the Station.

This is the fourth child for the couple. Little Stephanie joins sister Linda and brother Mike and Joe.

EXPRESSIONS of sympathy are being sent to Mrs. Ira Jarrell, president of the Chief's Wives Club, whose mother died recently. She lived in Punta Gorda and the Jarrells are down there now.

IN THE ABSENCE of Mrs. Ira Jarrell, vice president Mrs. Walter Armstrong presided at the meeting of the Chief's Wives Club Wednesday.

Chaplain Robert Deal spoke to the wives, explaining the needs of the station nursery and stressing the present plans for re-decoration and asking for their help.

Don't know how many wives are in the club—but a 60 cup coffee maker wasn't enough! Mrs. Darwin Smith presented the group with an 80 cup pot as a gift. This should make for some very fine coffee klatches.

No doubt the new coffee pot will be put to use Saturday when the club holds their Easter Egg hunt at Lake Golden. Cake and lots of coffee are planned for the adults, with Mrs. C. B. Reeves, Mrs. Armstrong, Mrs. Shirley Siglin and Mrs. Joan Wigg on the committee.

Those who are handling details of the children's hunt include Mrs. Darwin Smith, Mrs. Charles William, Mrs. Lucy Pope, Mrs. Marie Casewalk and Mrs. Ira Jarrell.

## Lower Beef Prices Not Passed Along?

WASHINGTON (UPI) — A double-barreled investigation into alleged profiteering in the marketing of meat and poultry today appeared imminent.

The House Agriculture Committee plans to look into charges that retail stores have not been passing along to consumers the benefits of the lowest wholesale beef prices since 1957.

Rep. Alec G. Olson, D-Minn., said investigators already had found evidence of apparent profiteering in a study of Washington's retail meat prices.

The announcement of the House inquiry came as a Senate commerce subcommittee called Federal Trade Commission FTC officials to testify during the second day of hearings on a bill to permit the FTC to examine alleged abuses in marketing of meat and poultry.

Wholesale beef prices dropped sharply last year and are at their lowest point in seven years. The price drop has brought demands from Western cattlemen for tighter import restrictions on beef.

Other congressional news: Aid: Foreign Aid Director David E. Bell took up the fight for President's Johnson's \$2.4 billion foreign aid program, which seems likely to be in for a rough time before the House Foreign Affairs Committee. Lawmakers were talking in terms of a \$600 million slash in the program.

Civil Rights. Senate leaders appeared confident they could score a "one-two" victory in their first major civil rights showdowns and bring the measure to the floor before Easter. Southern senators were reported ready to wind up their first round of their opposition to the House-passed anti-discrimination bill and permit a vote Wednesday on formally calling it up.

Transit: Sen. Harrison A. Williams Jr. said that nine months of political missionary work had generated enough votes for House passage of the \$750 million mass transit bill. The program has been dormant in the House Rules Committee since last June and was given up for lost. Williams said the bill was revived by strong support from President Johnson.

## New Books At Pinecrest

The Pinecrest Elementary School is displaying 410 new library books, including a number of adult fiction and non-fiction titles of interest to grownups as well as junior and senior high school students.

The exhibit is open daily from 9 to 5 and from 7 to 9 at night beginning today. The display closes Thursday at 5 p.m.

Fifty publishers contribute their best books to the collection and the service is supplied without cost.

Covering more than 35 subject classifications at the junior high level and more than 40 at the high school level, the collection is completely organized and curriculum-related.

It presents the new titles of early 1963 in all their wide variety and colorful appeal, from stories of adventure, humor, family life, interesting people and romance to literature, poetry and drama, on to history, problems of democracy, science and man, today's world, and careers and guidance.

Free to teachers, librarians and other school personnel are curriculum-related catalogues, which are fully indexed by subject, author and title.

The exhibit has been supplied by Books on Exhibit, a national promotional operation which neither takes nor fills orders.

MAYOR A. L. WILSON

## Sanford Mayor Man Of Hats

Born for a flight to the Crown Colony Club on Okub Cay Island.

After sightseeing and a visit with friends, Barnes returned Saturday morning and flew them to Nassau.

The day was spent visiting popular sights and the straw market in Nassau after which they returned to Chub Cay where they went deep sea fishing.

The mayor caught several big grouper and a dolphin.

They stayed at the Crown Colony until Monday morning when they flew to Homestead by way of Miami International Airport. After they cleared customs they went to Miami where they were guests of their cousins, Lanky and Lucille Knight, for a steak supper by their pool.

The Wilsons returned to Sanford Tuesday and reported in unison that they "had a wonderful time."

## SSJH Entry Is Winner In Fair

By Jane Casselberry  
Stewart Gibson, ninth grade student at South Seminole Junior High School at Casselberry, won first place in the physical sciences division at the Regional Science Fair held in Mt. Dora last Friday and Saturday.

He received a \$10 cash award for his home built sonar from the Electron Machine Corporation of Umatilla. As one of the top 10 prize winners he will go to Jacksonville April 2-4 to enter his project in the State Science Fair.

Stewart, who recently won a \$25 Savings Bond for the best overall project at the South Seminole Science Fair, is the son of Mr. and Mrs. R. B. Voliva of Altamonte Springs.

Of the 19 entries from SSJH, 12 received special recognition. Patrick Wilson took second place in zoology for his experiment with ants; Mariel Eddy won second in health and medicine for her project on cancer; George Rishell won third in mathematics in computers with his analog computer; Tim Layman won second in earth sciences for his project on water distillation.

Honorable mentions went to Ruth Malone, Betty Johnson, Kathy Barker, Sandra Wharton, Barbara Bryant, Marjorie Purnell and Paris Thermanos.

Other students participating were Carol Sullivan, Allen Sullivan, Gary Redwine, Vicki Doggett, Kathleen Pike, Karen Barker and Melinda Casselberry.

## Candidates Told Of Poster Rules

Candidates for election to public office have been notified of Florida laws regulating political campaign posters and signs.

Violators of the outdoor advertising laws are subject to a fine of \$300 per violation per month. The violation is considered a misdemeanor.

Inside of municipalities state laws provide only that posters and signs shall not be posted or erected within highway rights of way.

Outside of municipalities no poster or sign shall be posted or erected:  
—Until the required individual sign permit fee is paid.

—Without having attached to it a permit tag.

—Upon a highway right of way or within 15 feet of the boundary of such right of way.

—By nailing or affixing to any tree.

—Upon private property without written consent of the property owner.

Political overhead banners may not be erected across any county, state or federal highway either inside or outside of municipalities.

The great horned owl is one of the largest of owls, with a length of about 23 inches.

FIRST WATER SYSTEM in the history of Oviedo went into operation early this month at Mead Manor. Opening the valves were Mayor Lee Gary, right and Ben Ward, president of Oviedo Land Company, developers of the new residential area. Owned by Central Florida Utilities, the new system cost approximately \$33,000 and will supply 90 homes. (Herald Photo)

## Lake Mary UPW Circle Two Has Program And Meeting

By Frances Wester

The March meeting of Circle Two of the UPW of the Community Presbyterian Church of Lake Mary was held at the home of Mrs. Lillian Goodwin, hostess for the month, with Mrs. Kay Sussman, co-hostess.

The Devotional was given by Mrs. Goodwin. She used a poem from the book of Praying Hands entitled, Faith is a Mighty Fortress, followed by repeating the Lord's Prayer.

Mrs. James M. Thompson related the missionaries for the day in the book of Prayer, who were from the Upper Nile region and the Synod of the Atlantic. Prayer was offered for their work and teachings.

A flannel-graph story was presented by Mrs. Sussman

bringing out what a wonderful artist the Bible has proven to be in painting pictures of the Lord by using numbers that later made a clear picture of Christ. Number one was a candle showing that Christ is the "Light of the World." Number two was a loaf of bread showing that Christ is the "Bread of Life." Number three was a cloud showing that Christ is "Eternal Life." Number four was the cross showing that Christ death on the cross is the only way of life.

Mrs. Thompson led in a general discussion of Chapter Two of the study book, *Be What You Are*.

After the program, the meeting was turned over to the circle chairman, Mrs.

Ted Brooklyn. A short business session followed.

The next Association meeting will be held at the home of Mrs. A. E. Crocker on Tuesday night, March 24. The special guest will be Mrs. Earl Harris, a missionary of Africa who now lives in Winter Park. Her message will be, *A View of My Life as a Missionary*.

The next Circle Two meeting will be held on April 21 at the home of Mrs. Ralph Williams with Mrs. Rowland Goble, co-hostess.

There were 17 members present and two visitors, Mrs. Hazel Updegraph and Mrs. Phyllis Bromley. The meeting adjourned with the Friendship Circle and Mizpah benediction.

## Easter Service Scheduled In Lake Mary

By Frances Wester

Churches of Lake Mary will conduct their annual Community Easter Sunrise Service on the shores of Lake Mary in Evansdale starting at 6:14 a.m.

Rev. Ralph K. Taylor of the First Baptist Church will be the speaker and Youth Choirs from both the Baptist and Community Presbyterian Churches will present special music.

All residents of the area, regardless of church affiliation, are invited to attend the service. Ample parking space will be available.

## VFW To Meet

## '64 Chevy II Super Sport with V8 power

...and just the place to enjoy it

Find out for yourself what this Chevy II can really do. If there are hills nearby, let it give them a good going-over. Then see how quickly it gives slow-moving trucks the run-around. With its new extra-cost V8 all you ever have to do is give the accelerator an inch, and this Chevy II Super Sport Coupe will take a mile.

And this great highway performer looks the part. It plays so well, a glance at its all-vinyl interior will tell you that. Those inviting bucket seats are made of ultra-soft foam cushioning. The door-to-door carpeting is so thick you can feel it through your shoes. There's your choice of either the floor-mounted Powerglide or Four-Speed Synchro-Mesh transmission.

Both are optional at extra cost, along with a Positraction rear axle, simulated wire wheel covers, AM-FM radio and a host of other accessories. And for all its new power, Chevy II rides so softly it seems to glide along the highway. That's because it has high-mounted independent coil springs in the front and Mono-Plate single-leaf springs in the rear. Its unitized well-insulated body by Fisher shuts vibrations out and keeps road noise down to a whisper.

With everything Chevy II Super Sport has going for it, it's no surprise your Chevrolet dealer is anxious to show you its price tag. Because that's the only thing about it that isn't super.

# Major Stetson Gift

A new and completely modern building for Florida's oldest business school, Stetson University's School of Business Administration, will be provided by a Florida family that prefers to remain anonymous.

The family has authorized the University to proceed immediately with plans for a building to cost approximately a half million dollars.

The gift will be used to build one of the most up to date business school structures to be found on the campus of any independent college in the Southeast, says Stetson president Ollie Edmunds.

The gift for the business school building is the largest contribution thus far in the University's current campaign to raise \$3 million to match two for one Stetson's Ford Foundation grant of \$1.5 million.

The new Business School building

will symbolize the importance of the dynamic new business programs the university faculty is developing, Edmunds said.

In Florida's new and exciting era of tomorrow, business education must be as up to date as the latest computers. With Stetson's new building facilities, and the high caliber of the business school faculty, the university will be producing a fresh crop of young executives for tomorrow's business leadership.

Stetson will, at the same time, keep the spotlight focused on America's time-tested traditions of free enterprise and individual initiative.

Edmunds pointed out that Stetson was the first institution in Florida to offer business training at the college level. Since 1885, it has operated Florida's only private, non-tax-supported school of business.

# Glue Sniffers

Let us consider for a moment the growing addiction of young America to glue sniffing.

When this latest quirk of human behavior was first turned up, it was naively regarded as just another kookie fable that would soon go away like goldfish swallowing, panty raids and over-stuffing telephone booths with people.

But it hasn't gone away. It has persisted and flourished until today 15 per cent of the nation's police report that it is a serious problem among teen-agers in their communities.

Why would anyone in his right mind want to sniff glue?

For kicks, man — for kicks. Like what else?

Every parent knows that two of the most dangerous words in the English language are "kicks" and "chicken."

Whenever a kid can't find any earthly excuse for doing something he knows is completely silly or dangerous, he does it for "kicks."

And if he's "chicken" he regards himself as socially dead with his peers.

If it isn't sniffing glue, it's drag racing on public roads, hitting the bottle or even trying marijuana. All for "kicks." And to keep from being "chicken."

This strange philosophy is, of course, no invention of the current

teen-age crowd. Today's older set did some pretty goofy things themselves at that age — and still do.

But somewhere along the line somebody has to lower the boom and put a stop to such dangerous nonsense.

A nation of glue sniffers can't stand up against the pressures and challenges of the space age. A glue sniffer is of no practical use when he's "glued." And if he keeps it up, he's practically sure to come permanently unglued.

Manufacturers and retailers of model airplanes and other hobby and do-it-yourself toys which require the use of glue are waging an educational campaign to alert potential sniffers and their parents to the dangers involved.

Many municipalities are passing laws to stop or at least discourage glue sniffing.

It is to be hoped — and no pun is intended — they can make these laws stick.

# Thought For Today

I will lift up mine eyes unto the hills, from whence cometh my help. — Psalm 121:1.

When we are troubled or feel down hearted, we look to Jesus, our Saviour, for help. — Capt. Harry S. Foden, The Salvation Army.

# Helen Fuller Says

# Flaw Could Be Serious

WASHINGTON—The New Hampshire primary election revealed a structural weakness in the Democratic Party organization that could become serious.

The flaw is the underlying split of competition and suspicion that exists between Bobby Kennedy and Lyndon Johnson.

The drive by Bobby Kennedy supporters to write in his name for Vice-President on the New Hampshire preferential ballot was evidence of their belief that President Johnson would not voluntarily choose Bobby as his running

mate for the November race. They were out to force their man on the President. The quick credence which Johnson gave to stories that Bobby had secretly investigated the write-in campaign for himself suggested just as strongly that they did not put it past him.

From the beginning of John Kennedy's tenure in the White House Washington accepted as fact that there was no love lost between the Vice-President and the Attorney General. There were enthusiastic aides around Bobby Kennedy who did not hesitate to talk about how good

a President the younger brother would make after John Kennedy had served his turn. They considered Johnson a barrier to their ambition for Bobby and did not fail to diminish his performance when they could. Those around the Vice-President, who looked forward to winning the Presidential nomination for him in 1968 when John Kennedy would have completed two terms, were also quick in their turn to put Bobby in the shade when possible.

The tragedy of November 22 of course cleaned the minds of both the new President and the Attorney General of such considerations. Robert Kennedy was quick to pledge full support to his brother's successor, in government and in the campaign for election to the Presidency on his own. The President has been the soul of thoughtfulness and understanding in his dealings with the bereaved Attorney General.

The hope at the White House was that the harmony could continue at least until after the election. But what happened in New Hampshire raises doubts.

It seems unlikely that Bobby Kennedy masterminded the New Hampshire write-in. First, he would have done a better job. The performance of the young promoters who put over the write-in for Ambassador Lodge is more in Kennedy's league of past performance. But it does appear that the Attorney General tolerated the intervention of one of his hangers-on who sparked the write-in with assurances to New Hampshire friends that it was Bobby's wish.

Other similar lapses from total loyalty to the concept that a Presidential nominee should be allowed to pick his own runningmate should be anticipated. The conflicting pulls on the new head of the Kennedy family are no doubt strong. John Kennedy turned to politics only after his politically-minded elder brother, Joseph Jr., was shot down in World War II. Now presumably family tradition makes it Bobby's turn to wear the Kennedy colors in political

# Dr. Crane's Worry Clinic

Imitate Dolly! For she not only raised her school marks from "C" to "A," but she taught her parents to be much keener readers of the daily newspaper. No encourage your children to develop "objective" tests of each day's newspaper. You can even offer some cash awards for the winners, to add zest.

CASE 8-420: Dolly B., aged 11, was the auto accident victim who spent several months in a plaster cast.

Because she was an energetic child, full of pep, her mother worried about how to keep her occupied while she lay in bed.

So I suggested several educational hobbies. Now listen to Dolly's mother, for four months have elapsed.

"Dr. Crane," she began, "Dolly is now back in school and fit as a fiddle.

"But I thought you'd like to know that while she used to be only a 'C' student, now she makes straight 'A' grades.

"And it is all because of the extra reading and mental toning she received while in her plaster cast.

"For example, she became fascinated with the idea of counting the different species of birds on the bird feeder outside her bedroom window.

Meanwhile, she read at least one of those 'Classic Comics' each day so she obtained a background of over 100 great novels.

"She also entered 27 different prize contests, usually dealing with merchandise awards by soap or cereal or soft drink firms.

"And she actually won 4 prizes, included among which was a \$10 bill.

"But I believe her greatest enjoyment came from preparing a daily quiz over the contents of our newspaper.

"She followed your suggestion about lifting out at least one quiz item from every page of the newspaper.

"Previously she had paid little attention to the newspaper, for even the comic pages have lost most of their interest to grade school youngsters, so she was a TV fan.

"But now she would prepare a daily quiz and then give it to her daddy and me.

"And we both missed various items in her quiz, much to

her delight. Our failures, too, were evidence that we had not been as careful readers as we should have been.

"For example, Dolly would give us 10 to 20 true-false statements, like these:

"T.F. (1) The main front page headline today was about an earthquake.

"T.F. (2) The weatherman predicted cloudy skies for tomorrow.

"T.F. (3) The first editorial described feather bedding by unions.

"T.F. (4) Dr. Crane's column told how to inform a foster child.

"T.F. (5) The medical column featured gall bladder attacks.

"T.F. (6) Stock market prices dropped today.

"Dr. Crane, she'd go on like that until she had picked something from almost every page.

"Then, as we'd eat dinner in her bedroom to keep her company, she would give us her daily newspaper quiz.

"Well, we were usually lucky to get 15 right out of her 20 true-false items.

"And this pleased her greatly, for she delighted in catching us in error.

# Letters

The Herald welcomes letters from its readers on public affairs. The writer may use a pen name provided the letter also carries the writer's true name and address. Letters of fewer than 250 words will be given preference. Letters addressed to others are acceptable provided they do not deal in personalities. Poetry is not published by The Herald.

Editor, Herald:

Your reporting on the recent declarations and qualifying of political candidates has been fair, impartial and prompt.

How many subscribers noticed that each candidate for each office received the same amount of free publicity when his announcement became news?

This is in the best tradition of democracy, sportsmanship and Americanism. I, for one, appreciate your efforts.

The Black Sea, an inland body of water bounded by the U.S.S.R., Rumania, Bulgaria and Turkey, was supposedly given its name by the Turks who feared its open stormy expanses in water. To the ancients, however, it was known as the "hospitable sea" and the Greeks colonized its shores in 7 B.C.

WASHINGTON — (NEA) —The signs of interest in Richard M. Nixon seem a good deal greater among Republican party professionals than they were two months ago. But he is far from being embraced universally as a possible compromise choice for the 1964 GOP presidential nomination.

A Wyoming leader, while stressing that Sen. Barry Goldwater is still the prime favorite in his state, noted in a telephone interview that Nixon today has "pretty good strength." One poll of modest scale showed the 1960 nominee as Goldwater's only substantial competition.

Minnesota Republicans who reported on Nixon's recent "law business" visit to Minneapolis said he did remarkably well in a state that is presently torn between Goldwater and potential favorite son Walter Judd, former congressman.

On his "lawyer's errand," Nixon managed to squeeze in a round of luncheons and receptions, to give a solid hour to the press, and to attend a "dollar breakfast" at which he was principal speaker. The general response was good.

At a sizeable GOP dinner in Nebraska, a poll among some 500 party people gave Nixon a narrow edge over Goldwater. This is a state where all 16 convention delegates are said to be ready to lunge for Goldwater. The gathering may not have been entirely representative of state sentiment, but the poll nevertheless has caused comment in and beyond Nebraska.

Just a few days ago three South Dakota newspapers did some polling in their own "Goldwater country." They did not measure the senator against other Republicans, but set each GOP prospect against President Johnson.

As he has done in such tests nationally, Nixon showed best. Goldwater ran third, behind Ambassador Henry Cabot Lodge. Johnson led in all cases.

Yet this kind of thing is not turning up everywhere. In many spots, unhappy memories of 1960 continue to plague Nixon.

Says a Rhode Island professional: "We have all the respect in the world for Dick Nixon. . . . But, oh dear, do we have to go through this again?"

Little support for Nixon exists today in Rhode Island, another leader indicates.

In Maine the story is similar: "Nixon isn't in the picture as yet."

Leaders in tiny Delaware echo this response. And professionals in a number of the larger states, with big convention votes and electoral counts, conspicuously fail to make prominent mention of Nixon.

While the pattern is not yet sufficiently filled out to be convincing, the fragmentary evidence suggests that Nixon may be emerging as a real second choice possibility in one big segment of "Goldwater country"—the Mountain and Plains states.

As has been widely noted, Nixon's recently uttered statements on civil rights and other topics appear designed to

wooly Goldwater backers in both the West and the South. (One Colorado man filed an exception to the Nixon indications in the West, saying: "Two-time losers aren't very popular . . . I doubt that he would carry Colorado.")

But those parts of the East where anti-Goldwater sentiments are powerful are the places where the idea of Nixon on a second time is most stoutly resisted—or just not thought of. In these, compromise talk is still vague. Whatever focus it has is on Gov. William Scranton of Pennsylvania.

Should compromise be the order of the day in San Francisco next July, Nixon plainly will be a factor to consider. Just as clearly, he is today a long, long way from the broad party consideration he would need for victory.

# Trivia Is Tricky

WASHINGTON (UPI) — In my suggestion box I found a collection of government press releases dealing with such subjects as golf balls, braided rugs and the 510th birthday of Amerigo Vespucci.

Attached to it was a note that said "why not do a column some days about the trivia that comes across the desk of a Washington reporter?"

I'll tell you why not. Trivia is tricky, that's why not. It's almost impossible to identify trivia with the naked eye.

I estimate that 89.44 per cent of the stuff that crosses my desk looks like trivia on the surface. But if subjected to analysis, it sometimes turns out otherwise.

The other 10.56 per cent has a noteworthy appearance but under examination will often assay out as pure dross.

Furthermore, there is no simple method of detecting trivia. You can't, for instance, test a press release by blitting it or dropping it on the table, as you might a coin.

Only painstaking investigation, such as calling someone on the telephone, will reveal whether a government report is trivia. A case in point is the March 10 issue of the Federal Register.

On page 3207 there appears a notice from the Treasury Department relating to the importation of camel hair from outer Mongolia.

As you may know, U. S. importers are permitted to bring in camel hair from outer Mongolia. Also badger hair, goat hair, horse mane hair, horse tail hair and yak hair. They may not, however, import these products from Red China.

Bearing that in mind, consider this line from the aforementioned notice: "The office of foreign assets control has completed an investigation of the current world practices for marketing of camel hair and is now satisfied that Outer Mongolian camel hair can be reliably differentiated from Communist Chinese camel hair by physical examination."

At first glance you will surely conclude, as I did, that this was a scientific break-

# Shower Honors Bride-Elect

Miss Janice Wynn was honored at a recent miscellaneous bridal shower given by Mrs. C. D. Bass and her daughters, Miss Pat Bass and Mrs. M. G. Orr, of Orlando, at the Bass home, in Citrus Heights.

Following the gift opening, appropriate games were played with prizes awarded to the winners. A color scheme of yellow and white was used in decorations and refreshments.

The refreshment table was covered with a white lace cloth, and the center arrangement was a crystal container filled with white daisies and yellow gladioli. White candles in crystal holders and a "Good Luck Troll" completed the table arrangements.

Punch, a yellow and white decorated cake, chocolate covered Swiss rolls, nuts and mints were served to those present. A crystal service was used for all refreshments.

Invited guests included Meses. Raymond Sandifer, Wilbur Nolan, Gordon Senart, A. D. Laney, Robert Bradbury Sr., Robert Bradbury Jr., B. L. Westbrook, J. W. Kuykendall, C. L. Jenkins, J. W. Stowell, William C. Boyles, T. G. Johnson, J. L. Whitaker, T. G. Frase, W. S. Shirley, John Hodge, R. A.

Colgrove, William Martin, Leon Steinmeyer, J. R. Dunaway and the honoree's mother, Mrs. C. B. Wynn. Also the Misses Kay and Betty Sandifer, Carol Nolan, Susan Laney, Carol Stowell, Ann Steinmeyer, Faye Dunaway and Donita Wynn.

## Mrs. Leo Watson Hostess For SS Dorcas Class

Mrs. Leo Watson entertained the Dorcas Class of the First Baptist Church at her home on Crystal Drive Monday, March 16th.

Mrs. Ray Williams, president, presided at the short business meeting, after which she introduced Mr. Willard Warfield, who gave an interesting devotional.

Refreshments were served by the hostess after the program and the group enjoyed singing their favorite hymns.

Others attending were Mrs. Charles Robinson, Mrs. Tom Hero, Mrs. George Scott, Mrs. W. A. Thomas, Mrs. Carl Moyer, Mrs. Walter Brooks, Mrs. Carl McWhorter, Mrs. J.G. David, Mrs. P.C. Thompson, Mrs. John Walker.

## New Members Welcomed By DeBary Woman's Club

By Mrs. Adam Muller

The DeBary Woman's Club held its regular monthly meeting Friday, March 20, at the Community Center with Mrs. Charles Ulrich presiding. The invocation was led by Augustus C. Summers followed by Mrs. John Drick leading the salute to the flag.

Mrs. Price Goodson introduced two new members, Mrs. Eugene Belwert and Mrs. Donald B. Middleton Jr. A motion was carried that new members joining the club after March 1, would pay only minimum dues until the end of the current year.

The nominating committee was appointed with Mrs. Ewald Michelsen representing the Official Board, assisted by Mrs. Price Goodson and Mrs. Marion Waite. It was also voted to increase the Easter Seals Donations to \$25. Reservations for the annual club luncheon are to be made with Laura Platt Brown. The luncheon will be held at the Mount Vernon Lodge, Maitland, May 21 from noon to 4 p.m., with a card party following.

## Garden Circles

**Dirt Gardener's Circle**

The March meeting of the Dirt Gardeners Circle was held in the auditorium of the Headquarters building. Mrs. C.D. Perry, president, conducted the business meeting. Mrs. William Bristol, Mrs. E. S. McCollum and Mrs. L.E. Leeper served as co-hostesses. Reports from the various committee chairmen were given and a brief horticulture report concluded the program.

A tour of the building was conducted by Mrs. Vernon Conner, who gave a detailed description of the design, architecture and furnishings. Later "Mead Gardens" was

the scene of a delightful picnic luncheon.

Others members attending were the Meses. Doris Cline, W.A. Young, S.C. Dickerson, W.E. Kirchhoff, W.A. Kratzer, Myron Smith, J.R. Wells, E.D. Rinehart, C.W. Baker, W.B. Wray, W.D. Gardner, Clyde Ramsey, Irwin Fleisher, Charles Weaver, George Harden, and Irwin Batten.

## FASHION ORIGINALS

**Azalea Circle**

Azalea Circle, Sanford Garden Club held the regular monthly meeting at the Fred Pope home on Crippin Road last Thursday evening. Mrs. Thomas Russell, chairman, presented Mrs. Auburn Rector, president-elect, who greeted the members cordially.

Jack Russell of Orlando conducted the program in the absence of his wife Katherine, who was unable to attend due to illness. Mr. Russell presented interesting and colorful films made last Christmas in Guatemala, where the Russells vacationed due to their avid interest in tree ferns.

The natural beauty films featured crystal lakes, mountain peaks, and spectacular sunsets. Splendid churches and cathedrals, and quaint side-walk market places were also shown.

For centuries the people of Guatemala have shown great skill in producing superior richly colored tile and in the art of mosaics. Every church is adorned in exquisite brilliantly colored tile mosaics surrounding doorways, columns, towers and turrets.

The circle members expressed genuine gratitude to Mr. Russell, and presented him a get well token gift to deliver to Mrs. Russell.

Miss Elsie Kirchhoff, chairman of "Garden Therapy" assembled materials and members assisted her in making Easter baskets for the Little Red School House.

At the close of the meeting, refreshments were served, with Mrs. Clyde Slinson and Mrs. R. F. Steele acting as co-hostesses with Mrs. Pope.

Other attending were Meses. Dempsey Carnes, J. L. Clark, J. D. Callahan, Porter Lansing, Henry McLaulin Jr., Henry Russell, Thomas Russell and Roy Tillis.

## Sallie Harrison Chapter DAR Assembles

The monthly meeting of Sallie Harrison Chapter Daughters of the American Revolution was held March 13th at the DeBary Mansion. The hostesses serving were Mrs. R. P. Pray, Mrs. C. L. Wildner, Mrs. C. L. Dawson, Mrs. Leon Fellows and Mrs. R. M. Mason.

Mrs. Wildner, regent, opened the meeting with the ritual, American Creed, pledge to the flag, and Mrs. F. E. Roumillat led the singing of the Star Spangled Banner and "Suwanee." The Wekiva Chapter of DeBary were guests and were introduced by the regent.

An interesting article "Passing of the Patriot" written by Dr. Max Rafferty, was read by Mrs. C. E. Butler, National Defense Chairman. Mrs. George Brooks, assistant to the Florida Federation of Arts president, gave a most informative talk on the Mansion and the members enjoyed the tour through the old and interesting building.

Mrs. Wildner and Mrs. Robert Henderson, regent of the Wekiva Chapter served at a beautifully appointed tea table the following: Mrs. Robert N. McGee, Sylvia Burland, Mrs. Ralph M. Leonard, Beatrice J. Tyson, Hazel Padlock, Alice B. Cooper, Hazel W. Myhra, Aileen W. Crumbacher, Marion P. Ackermann, Edith G. Brooks, Mrs. Gordon Cushman of DeBary, Helen C. Hill of Durham, N. ## Program On Designing Presented By Mrs. Ganas At Ixora Meeting

IXORA CIRCLE MEMBERS of the Sanford Garden Club held their regular monthly meeting at the home of Mrs. Douglas Stenstrom. Mrs. John Morgan, left is president, and co-hostesses were Mrs. Taylor Brown, center, and Mrs. Stenstrom.

The Ixora Circle of the Sanford Garden Club met recently at the home of Mrs. Douglas Stenstrom on Douglas Avenue. Co-hostesses for the meeting were Mrs. W. H. Stemper and Mrs. Taylor Brown Sr.

Following a brief social period, during which refreshments were served, the meeting was opened by the president, Mrs. John M. Morgan. Various Board and committee reports were given, and Junior Garden plans were outlined by Mrs. P. J. Crumley.

Mrs. Frank Woodruff, 3rd reported on plans for the Flower Show to be held at the Civic Center, and urged all members to make their entries.

The planting of flowering trees was suggested as a circle project by Mrs. Fred Ganas, who volunteered to locate the type trees available. Mrs. Ganas also presented a program on "Design With Props," in which she discussed and designed four formal arrangements. She emphasized the fact that accessories must always be related to the design in texture and color, or used to tell a story.

## Miss Barbara Jean Heron To Marry Gary Henderson

BARBARA HERON

The engagement of Miss Barbara Jean Heron, 3615 Oakland Drive, Sanford, to Kenneth Gary Henderson, of Kermit, Texas, is being announced. Miss Heron is the daughter of Mrs. Alice G. Heron, Sanford and Bernard J. Heron, of Winter Garden. The groom-elect, is the son of Mr. and Mrs. E. D. Henderson, of Kermit, Texas.

Miss Heron was born in Oakland, Calif., but has lived in Sanford for several years. She is a member of the senior class at Seminole High School and is on the Salina-wood Year Book staff.

Mr. Henderson was born in Roswell, New Mexico. He attended the Kermit, Texas High School and is presently serving in the U. S. Navy and attached to Security Division 7, Fire and Crash, at the Sanford Naval Air Station.

The wedding will be an event of June 12, at 11:30 a.m. at the Church of the Nativity, in Lake Mary.

The caloric expenditure of sitting in the rocking chair is equal to that of light housework or light industrial activity, Dr. C. D. Martz reports in the "Journal" of the Indiana State Medical Association. He estimates 100 to 150 calories an hour are expended by the rocker.

## About Sports

### Thinking Out Loud

BY JULIAN STENSTROM

Come Wednesday morning the sound of wood, horsehide and leather will bounce from wall to wall at Sanford's Memorial Stadium when some 60 of 70 young ball players will begin a five-week period of spring drills in preparation for the 1964 diamond season.

### DeLand Beats Lyman Nine By 3 to 1

Bob Durfee of DeLand High's Bulldogs handuffed Lyman High's Greyhounds Monday night with a one hit performance to post a 3 to 1 decision and paste the second loss of the current season on Coach Jim Payne's side.

Meanwhile Steve Simpkins came up with a five-hit performance for Lyman but the instability of his mates at the plate plus three miscues afield spelled his doom. The "Hounds committed three errors while the Bulldogs played fairly tight baseball, making only one mistake.

However, the errors played a major role in the ball game. DeLand scored in the opening stanza when the Bulldogs coupled a single with an infield error to tally one time.

Lyman bounced back in the top of the third when Marvin Cook walked, went to second on another free pass and crossed the plate when Mike Sterling grounded to short but the throw to first was in the dirt.

The Bulldogs untied the knot in their half of the fifth when a walk, a hit batsman, an infield error and a bloop single to right center produced a pair of markers.

### Spring Work Will Begin Wednesday

By Julian Stenstrom

Approximately 50 young diamond hopefuls—members of the eastern division of the New York Met farm system—will arrive in Sanford tonight and begin spring workouts Wednesday at the Memorial Stadium.

It will mark the return of farm system training to this area, the first since Horace Stoneham and Carl Hubbell moved the San Francisco Giants farm hands from Sanford to their new base in Case Grande, Ariz., several years ago.

Leading the Met aggregation to Sanford was Joe McDonald, a Met official who will serve as camp supervisor. Actual head of the operations here will be the well known Wid Mathews, an administrative assistant to the Met organization.

Mathews will be absent from the camp from time to time but he'll spend the greater part of the training period here in Sanford.

Also arriving tonight with the major contingent of Met hands will be Sheriff Robinson and Ernie White. Robinson, a former major league receiver, will manage the Met's farm club this season at Auburn, an entry in the New York-Pennsylvania League. Robinson last year piloted the Quincy (Illinois) club in the Midwest circuit.

Auburn, by the way, will be out to retain the loop title it won during the 1963 campaign.

While the former St. Louis scout who hurled for the Cardinals back in the early 40's, will manage the Met farm club at Williamsport, a member of the AA Eastern League. This is the only club the Mets own and operate out-right.

The remainder of the New York organization's farm system is handled on the basis of working agreements.

White last year was one of Casey Stengel's coaches with the parent club.

Also scheduled to be in Sanford for the local spring sessions are Walter Miller, a former major league catcher who now serves as a Met scout in the Midwest. In addition to Miller, Lloyd Gearhart, who scouts for the Met system in Ohio and Kentucky, will be here.

The 50 aspirants who arrive tonight form the initial contingent of Met players. About 20 more are expected here within the next few days and some 70 athletes will be put through their paces at the local park.

### Hound Keglars Sweep Match

The Greyhound keglars of Lyman High School swept both ends of inter-scholastic Bowling League match Monday at Medallion Lanes in Maitland from the Oviedo Lions.

Lyman's boys bounced 3,377 pins to 2,077 for Oviedo while the Greyhound girls knocked over 1,738 pins to Oviedo's 1,048.

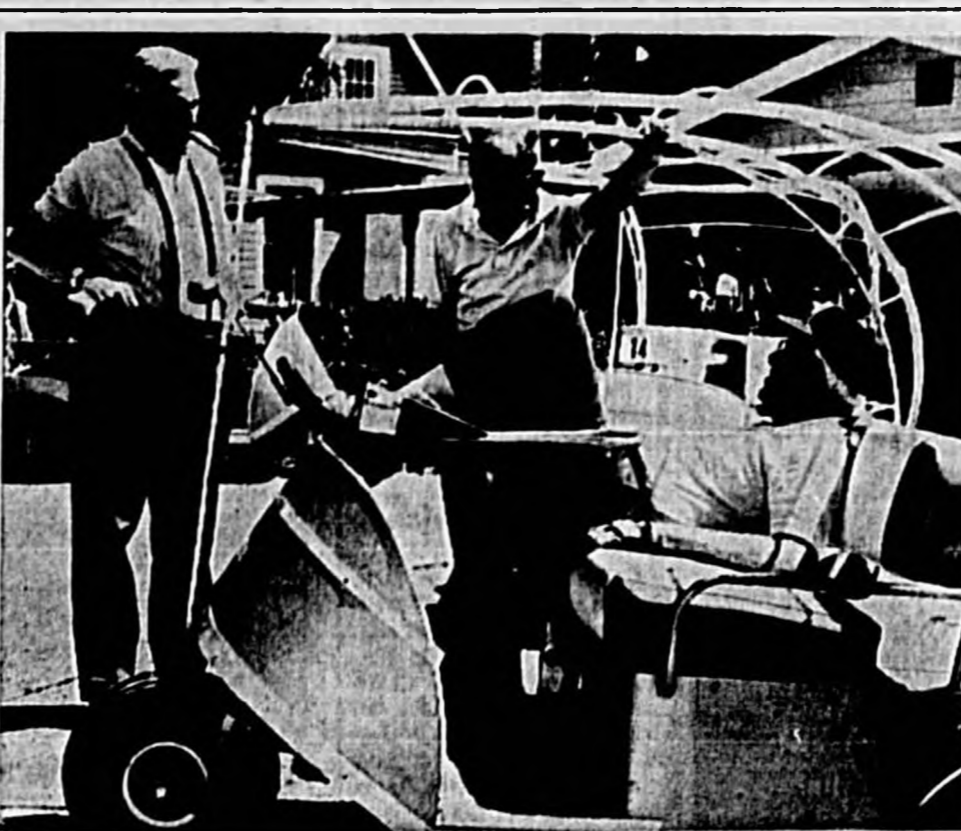

LYMAN BOYS: 744, 838, 744—2,337; Richard Morgan, 403; Woody Lee, 112; Andy Hinely, 94; Jim Jarrard, 408; Steve Brady, 477; Mike Watts, 295.

### Mets Doomed To SOKC Track Entries

ST. PETERSBURG (UPI)—The New York Mets are doomed to finish in the National League cellar again.

Despite the Herculean efforts of amazing Casey Stengel, the Mets' mixture of kids and discards simply does not measure up. And no one knows it better than the 73-year old Stengel.

The Mets manager will promise only one thing—if they lose this year it will be with kids. He's going to keep some of his home players like Frank Thomas and Duke Snider, who are over the hill, but mostly he will go with youngsters.

"If you are gonna lose," Stengel philosophized, "you might as well do it with kids. At least, there is hope they are going to make it some day. You can't improve your ball club playing fellows who the other clubs gave up on."

His big hope for the future is in his pitching. "There we have youth and good looking kids," Stengel claims. "And we are going with three kids this year—win, lose or draw."

They are Ron Locke, Jerry Hinzley and Dick Selma. Hinzley is a 19-year-old right hander the Pittsburgh Pirates tried to hide in the minors last year and has never pitched a game in organized baseball. Locke, a 21-year old left hander, won 18 with Auburn and Selma, a 20-year old righty, won 12 games with Salinas.

As starters, Casey is counting on lefty Al Jackson (19-17), and right handers Carlton Wiley (9-14), Tracy Stallard (6-17), Jay Hook (4-14) and Jack Fisher, a six game winner with the San Francisco Giants last year.

The Mets' No. 1 relief man will be right hander Larry Bearnarth (3-8). Then there's 23-year old southpaw Gorver Powell, who came up late last season and won one game while losing one.

### Jets Sign Turner

NEW YORK (UPI)—In an effort to replace traded Dick Guseman, last year's place kicker, the New York Jets have signed Jim Turner of Utah State as a free agent.

Turner, 23, will be used only on field goal and extra point attempts.

### Skowron's Sale Comes Home To Dodgers 7-3

By Fred Down UPI Sports Writer Say "Frank Howard" and the Los Angeles Dodgers cringe; say "Bill Skowron" and they're likely to cry out in horror.

Howard is the 250-pound right-handed slugger who may quit baseball and leave the Dodgers painfully shy of long-range hitting power. Skowron is exactly the type right-handed slugger the Dodgers need to protect against that possibility.

The catch is that the Dodgers sold Skowron to the Washington Senators last winter for a mere \$25,000—about half of what they will likely give in a good high school prospect.

The Dodgers were made painfully aware of the curious spot they're contrived for themselves Monday when Skowron hit a pair of two-run homers to lead the Senators to a 7-3 victory over them. It was the second straight game in which Skowron's hitting was the difference. On Sunday his two-run

### Clay Fate Hangs On Hearings

HAGERSTOWN, Ind. (UPI)—Testimony at this week's boxing hearings in Washington, D.C., is practically certain to decide whether the World Boxing Association (WBA) will withdraw recognition of Cassius Clay's heavyweight title, Arch Hindman disclosed today.

Hindman of Hagerstown is executive secretary of the WBA and the hub of all its activities.

"In my opinion these Senate sub-committee hearings, starting today, will be the most important in the history of boxing," Hindman said, "not merely because they will dig into the pre-light contract before last month's Clay-Sonny Liston match, but because they may definitely bring about federal control of the sport."

Despite widespread criticism of Clay's crusading for the Black Muslim organization Hindman said, the make-or-buy issue for Cassius will be testimony about the alleged \$50,000 contract with a promoting organization headed by ex-champ Lister.

### Trophies

WESTBURY, N. Y. (UPI)—Roosevelt Raceway will present trophies at the end of its 1964 meeting to the trotter and pacer that turn in the fastest times on each gait.

The awards, the "Adios Prize" and the "Jamin Prize" will be given to the owners or trainers of the winning horses on Sept. 28, the last day of Roosevelt's summer meeting.

### Tribe Bowlers Get Whitewash

The Braves of Boone High School's boys and girls bowling teams whitewashed the Seminole High girls and boys Monday afternoon in an inter-scholastic Bowling League engagement in Orlando. The score was 4 to 0.

Boone's boys racked up 2,609 pins to 2,108 for the Tribe. Seminole's girls posted 1,640 pins but the Boone girls came up with 1,937.

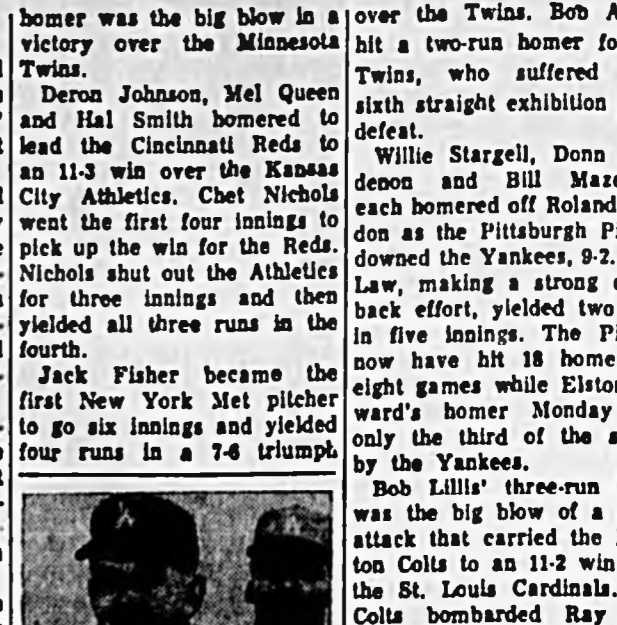

BOONE BOYS—922-840-847—2609; George Sullins, 232-582; Don Brown, 505; Don Putman, 480; Tom Porter, 515; Dave Amiot, 538. SEMINOLE BOYS — 673, 687, 748-3109; Ed Hubbard 439; John Boggs, 191-488; John Smith, 384; Ralph Unger, 415; John Jerrigan, 402.

BOONE GIRLS—647, 688, 622-1937; Karen Diehl, 928-483; Linda Morris, 415; Janet Brown, 425; Diana Waduck, 278; Barbara Sullins, 345. SEMINOLE GIRLS—594, 585, 550-1640; Mary Swigonski, 179-01; Rena McKenzie, 347; LaNette Henning, 299; Diane Powell 293; Karen Duggan 300.

### Bill Wade At Lyman Tonight

Lyman High School all sports banquet, featuring Bill Wade of the Chicago Bears as principal speaker, is scheduled for 7 p.m. today at the school.

Head football coach Dick Copeland said all plans have been completed and a capacity crowd is anticipated.

Bill Skowron, wearing number 14, is shown in a batting stance during a game.

### Castalls Backing Up Dodger Pitching Staff

Back-up pitcher for the Los Angeles Dodgers, Dave Nicholson and Jim Mc-Nertney each hit a two-run homer as the Chicago White Sox broke a three-game losing streak with a 9-2 victory over the Philadelphia Phillies. The win was the third in eight exhibition games for the White Sox.

Allup hit the first pitch of the game for a homer and the Cleveland Indians went on from there to shatter the Chicago Cubs, 6-3. Gary Bell, Don McMahon, Ted Abernathy and Pete Ramos each pitched a shutout inning to hold the lead for the Indians after the fifth inning.

Chuck Hiller, Cap Peterson and Randy Hundley had two hits each as the San Francisco Giants beat the Boston Red Sox, 7-4, for their 13th victory in 15 games. Gaylord Perry went the last five innings for the Giants allowing only four hits and one run.

Warren Spahn allowed only one hit and one run in five innings and Tony Clinegar completed the four-hitter to lead the Milwaukee Braves to a 4-3 decision over the Detroit Tigers. It was the Braves' eighth win in 10 exhibition games.

### SHS Golfers Tie Oak Ridge

Seminole High's golf team, victorious in five of six previous engagements this season, tied Oak Ridge High's linksmen Monday afternoon in a Metro Conference engagement played at Rio Pinar Country Club.

Jeff Williams defeated Wood of Oak Ridge 1-up and Larry Sherwood took a 3 and 2 decision from the Pioneers' Graham. Seminole also captured best ball honors in this foursome.

However, Ray Bradford dropped his match to Holt-sley of Oak Ridge 1-up and the Pioneers' Martin defeated Sanford's Roth Vihlen 3 and 2. Oak Ridge took the best ball in the foursome.

## Larson Speaks For C Of C Division

By Mrs. Adam Muller  
State Treasurer J. Edwin Larson spoke last Friday evening at a special meeting of the Business and Professional Division of the DeBary Chamber of Commerce held at DeBary Manor.

Larson cited the tremendous strides Florida has made in industry, population and education calling particular attention to increased services now available at training centers for retarded children and at TB hospitals. Steps in financial and economic development also were outlined.

Presiding at the meeting was E. A. (Bud) Davis, president of the division who has resigned as president of the main body. Named to take this office is James Sims.

Guests, other than the speaker, were Chuck Weiman, deputy commissioner of Daytona Beach; Dolly H. Kirstler, co-ordinator at Daytona Beach Junior College; Dr. Tobe Bass, deputy insurance commissioner of Winter Park and Mrs. Ivey Strickland, Mrs. Charles Ulrich, Judge Albert D. Williams and Mrs. Beatrice Muller, all of DeBary.

At a recent dinner meeting of the DeBary C of C, life memberships in recognition of outstanding service were presented to Dr. Abraham L. Lincoln, Everett Swift, Rudolph Tidemann and John Byrn.

## Sanford Hosts State Group

By Jane Casselberry  
Sanford played host Friday night to the Third District of the Florida Water and Sewage Works Operators Association at the Civic Center for its annual meeting and election.

New officers include Red Garnsey, of Port Orange, chairman; James Warrington, Gainesville, chairman-elect, and William P. Allman of Orlando, secretary-treasurer.

Jack Simms of Ocala presented the nominating committee report.

Charlie Shreves of Ocala, director of the state association, reported on a proposed revision of the group's by-laws to be voted on in Gainesville at a short course which starts April 19.

Sandwiches and coffee were served to the 25 men prior

to the meeting and they were welcomed by Sid RICHARD Jr., who also invited the group to tour the new Sanford Sewage Treatment Plant after the meeting.

Also representing Sanford were S. M. RICHARD Sr., Chuck Pavlick, and Ralph Parks. Other central Florida utilities represented were Leesburg, Ocala, Orlando, Gainesville, Eau Gallie, Indian Harbour Beach, Orange County Schools, First Florida Utilities, Orlando; Orlando Air Force Base, Eustis and Casselberry.

## Girls Enjoy Cookout

By Jane Casselberry  
Girl Scouts of Troop 338 held a cookout Saturday at the home of their leader, Mrs. Nance Russell, in Fern Park.

After the girls cooked their supper over an open fire they enjoyed making candied apples in Mrs. Russell's kitchen.

Those attending the cookout included Karen Cass, Susie Webber, Ann Higgins, Joan Higgins, Alice Dunnett, Cheryl Waters, Cathy Johnson and Melinda Casselberry.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I wait on tables in a cocktail lounge from three in the afternoon until one o'clock in the morning. I have to wear a very skimpy costume on this job. The hours are rough and so are some of the customers, but the pay is better than I could get anywhere else. Some of the men customers think that just because a girl is wearing a revealing costume she isn't respectable and anything goes. I try hard not to be too chummy with the men, but a sorority waitress doesn't make much in tips. What can I do? Don't tell me to quit working because I am a divorcee with two children, and I need the dough.

CAROL: DEAR CAROL: If you must work, find a job with shorter hours and longer skirts.

DEAR ABBY: Nate and I have been married for 14 years. We have four children and are very happy. Sunday night he got a long-

distance call from Birmingham, N. Y. We don't know anybody there, so naturally it shook me up. Nate was on the phone for half an hour and all he said was, "Uh uh, that's nice," and "Huh uh." When he hung up, he said it was some dizzy dame he knew slightly before we were married. She called him up to tell him she was a free woman now and she wondered if he was still married. I am terribly upset. How did she know his number? Should I worry? Would a girl a man know only "slightly" call him up out of the blue after 14 years?

NERVOUS: DEAR NERVOUS: Yes, a girl a man know only slightly could conceivably call him up out of the blue after 14 (or 24) years. She could have gotten his number from a mutual friend or relative, if you aren't in the book. And don't worry. There are plenty of nuis around.

DEAR ABBY: I don't

have a very big wardrobe, so my sister and I trade and wear each other's clothes. When I am complimented on something I am wearing, and it isn't mine, what should I say?

HONEST: DEAR HONEST: Say, "Thank you." It's not necessary to mention the owner unless you are asked.

CONFIDENTIAL TO ROBERT IN SILVER SPRINGS: In the words of Goethe, "Nothing is worth more than this day." You will never retire yesterday, and tomorrow is still beyond your reach.

while he figures on five club tricks he is not even sure of them. Three no-trump turns out to be a lay down. East and West cash four diamond tricks and, since the Jack of clubs drops, South takes the remainder. Probably one of the defenders will remark how lucky declarer was to have the diamonds break four-four and there is no argument with that premise. On the other hand there was no certainty that a diamond would be opened and without a diamond lead the hand figures to make any time that East does not hold four or five clubs to the Jack.

## Retired Rail Man Visits Old Friends

Houses and railroads play an important part in the life of F. B. Langley, now visiting Sanford and other old friends. Langley is a retired general superintendent of the Atlantic Coast Line Railroad. He now lives in Camp Hill, Ala., which is part of the "houses" phase of his life.

The former railroad executive moved away from Camp Hill at an early age. And 37 years later he built a house within 100 feet of his original home. The other part houses play a role in his life, and Langley tells it with a slight wince.

During his railroading career he was sent to Jacksonville. He ordered a home built. The day it was completed, he moved to Savannah. Mrs. Langley's comments were not recalled by her husband, who visited the Herald office Wednesday afternoon.

Langley manages to return to Sanford each winter and this year he has made the visit, with headquarters at the Valdes Hotel, last two months.

He returned to Camp Hill Monday. Railroading has been the life for Sanford's greatest visiting booster. (He calls Sanford "home" even though his official residence is Camp Hill.)

And he'll talk about railroading, and Sanford, with equal fervor and in that order.

Back in 1915 he was assigned here as train dispatcher, later appointed trainmaster. In 1921 he moved to Lakeland with the title of superintendent

of the Tampa Division of ACL. He went to Ocala in 1925 and later to Jacksonville where he was the ACL's superintendent of transportation. His final stopover was in Savannah in 1942 where he was superintendent of the railroad's northern lines.

All in all Langley has lived in Florida for about 30 years and he really has the sand in his shoes. But you can't discount Camp Hill either. There he has several reasons for staying:

His nephew is a bank president and mayor; a niece is postmistress and a nephew a funeral director.

He and Mrs. Langley leave Monday for Camp Hill. Asked if he'll return next year after his two-month visit this season he quickly said: "Yes. For three months."

## Castro Orders Retrial Of Old Party Member

HAVANA (UPI) — Cuba's Supreme Court scheduled an appeal session Monday on orders of Premier Fidel Castro for the retrial of an old Communist Party member sentenced to die.

Castro ordered the retrial of Marcos Rodriguez Alfonso, 26, after his conviction last week. Castro said he was using his prerogative as premier because there has been "much confusion" in the first trial.

Rodriguez was the first member of the old Cuban Communist party to receive a death sentence in Castro Cuba. He was found guilty of informing on four non-Communist, non-Castroite students who were slain by police after participating in the March 13, 1957, attempt to kill dictator Fulgencio Batista.

(Cuban exiles in Miami said the retrial could be significant as it was bound to reflect the fact that the organized communist apparatus in Cuba remained aloof from Castro's struggle against Batista until late in 1958, just before the triumph of the revolution.)

An armed forces ministry communique Sunday told Cubans for the first time, an army helicopter was hijacked last Thursday and flown to the United States. The two defecting crewmen requested U. S. asylum when they landed at Key West.

## Cancer-Free Smoke Seen By Scientist

PALM BEACH SHORES (UPI) — A cancer scientist says science may develop a chemical protection for cigarette smokers against cancer.

Dr. Charles Huggins, director of the Ben May Cancer Research Laboratory at the University of Chicago, said tobacco smoke causes cancer. He said the cancer-causing property in the smoke is the aromatic hydrocarbon compound, benzo a-pyrene.

He said compounds of the same chemical family might neutralize its cancerous power in body chemistry and thus protect smokers.

Dr. Huggins Sunday addressed the sixth annual seminar for science writers, sponsored by the American Cancer Society.

# Sanford Navy Base Stays With Approval Of Defense Dept. And White House Nod

Seminole County Courthouse is experiencing growing pains and about to "burst at the seams." County Commission voted Tuesday to move the small claims court to the Masonic Building and take over that office in the courthouse as a "Commission office," for private meetings of the Commission and for use by visiting agencies, such as the state auditor.

Chamber of Commerce's Charlie Morrison celebrated his 72nd birthday Tuesday. Says he is the same age as Jack Benny, give or take.

Beware of a week from today, next Wednesday. 'Tis April Fool's Day. (Good golly, that means one-fourth of 1964 is history already.)

Herald reporter Bob Thomas is beginning to learn the "power of the press." He's been harping in his news column that the City Fathers should improve West 13th Street. Approval for this project was granted at Monday night's City Commission meeting. (Memo to Bob: Now pick out some other needed project and "go after" it.)

Although it has been in the public print any number of times that he is running for justice of the peace in District 6, Republican Charles E. Kern wants it known he is not a candidate for constable. (A Herald headline said so when Kern announced — and Kern has demanded a retraction. Now he has it.)

To the many, many inquirers about the future of Sanford Naval Air Station: Seminole County leaders, top Navy officers and our representatives in Congress are bending every effort to obtain the cash to expand the facility — so it appears they are confident it will continue.

Annual pre-Easter Ladies Day Coffee Club will meet at 10 Thursday morning at the Chamber of Commerce.

Demolition of the Palms Hotel and the Woodruff Building continues. Roof nearly off and windows gone from the hotel. Interior walls about gone and part of the roof off the Woodruff Building. (Headline should read: "Larry Ver-shel's Dream Comes True!" Remember all those "Clock" blarbs?)

The local politicians really are pounding the sidewalks. Last night's mail at home brought a letter from one candidate that he would be around "to visit" shortly. Won't do him any good in the primary — we are of the opposite political faith. But, on the other hand, if he survives the primary we'll vote for him in November. That's a promise.

County Commission forwarded a letter of condolence to Mrs. Jacqueline Kennedy at the death of the late President. Commission received a card from Mrs. Kennedy Tuesday.

All Democratic candidates for county offices have been invited to a chicken pilau dinner and will be introduced at 7 p. m. Saturday at the American Legion Hut on Highway 17-92.

Many of our Sanfordites are again looking forward to the Good Friday service, sponsored by the Ministerial Association to be held again this year at First Presbyterian Church. Starting at noon, there will be seven half-hour periods (with five-minute intermissions) on the theme of Christ's seven last words. Special messages, special music, special re-dedication make this a vital part of Holy Week.

The Department of Defense, with the knowledge of the White House, today placed its stamp of approval on continued operation of Sanford Naval Air Station.

Sen. Spessard Holland, in a telephoned message to The Sanford Herald at 12:30 p. m., reported the Navy expressed its desire to continue the base "since no other facility is capable of carrying on the reconnaissance missions" of Heavy Attack Wing One.

The decision was reached this morning during a conference in Senator Holland's Washington office attended by State Sen. Mack N. Cleveland Jr., John Krider and Randall Chase, representing the Seminole County Chamber of Commerce; Adm. John S. Thach, deputy chief of naval operations for air, and other high Navy

officers; Senator Holland and representatives of Sen. George Smathers and Rep. A. S. Herlong Jr.

Senator Holland telephoned The Herald at 10:30 a. m., saying that a "satisfactory answer" had been reached but that the Navy desired to release the information within an hour or so.

It followed that the Navy sought and received approval of the Department of Defense, with the knowledge of the White House. Senator Holland said he was uninformed whether the matter had been brought to the personal attention of President Johnson.

The Navy's news release at 12:30 p. m. today reads as follows: "Navy representatives met today with Senator Holland and representatives of Senator

Smathers and Congressman Herlong to discuss the future use of Sanford Naval Air Station and a recent study whether the functions of SNAS could be consolidated with NAS Cecil Field (at Jacksonville.)

"It has been concluded it would not be feasible to make such a consolidation now. At the present there are no other facilities known to the Navy where SNAS functions could be relocated.

"It is, therefore, planned to continue Sanford Naval Air Station in its present role."

Senator Holland said there is "100 per cent positive support for the continuation of Sanford Naval Air Station as it now functions and as planned for the future."

The Senator added that the next step requested by the Navy will be for him and Senator

Smathers to appear before the Senate appropriations committee in support of the Navy's request for a \$6.5 million appropriation for extension of the north-south runway and some building.

He indicated that with his and Smathers' support expressed to the committee the Navy will renew its appropriation request. The Navy some weeks ago withdrew the request from the House appropriations committee in view of President Johnson's economy move.

Cleveland, Krider and Chase concluded the long distance telephoned report by praising Senator Holland for spearheading the move to set up this morning's conference and indicated it was his "enthusiastic support for SNAS and the proposed runway extension" that aided the Navy in its decision.

He said the license plate—BRA 36—was in memory of the vital statistics of a model he once knew named Maria.

**AND THE WALLS came tumbling down.** The Woodruff Building, at First and Park and some 80 years old, is being demolished to make way for a municipal parking lot. Workmen Tuesday afternoon meant for a portion of the second floor wall to fall IN but something went wrong and it fell OUT, causing a roar, a dust cloud and tearing down a section of the tin marquee. The entire job will take two months. (Herald Photo)

**Wire Pullers Spoil Chicken**  
Chickens valued at \$30 were spoiled when thieves pulled wires from a cooling unit at the Tip Top Supermarket, 1100 West 13th Street, Tuesday night. Police said nothing was stolen.

A thief cut himself when he broke a glass window of a car owned by John Neff, Dallas, Tex., at the Capri Restaurant Tuesday evening. Police found blood on the car. Cigarettes and a flashlight were taken from the glove compartment.

### 3 Charged In Citrus Weight Fraud Case

BARTOW (UPI)—Three men, one a prominent citrus dealer, were charged Tuesday with grand larceny and conspiracy to commit grand larceny.

Released on \$1,000 bond each were Walter A. Smith, 55, president of the Lake Shipp Fruit Co., of Winter Haven; William Hugh Thompson, 38, Winter Haven, and Edward Leonard Cameron, 42, Auburndale.

They are accused of defrauding Universal Food Products, Inc., of Lakeland, by the falsification of records on actual weight of truckloads of oranges delivered to the processing plant.

County Solicitor Gordon MacCalla said the company is estimated to have been short-weighted by 15,000 to 20,000 boxes of oranges this season. Oranges have been bringing between \$5 and \$6 per box.

### Apple Blossoms And Ladybird

WASHINGTON (UPI)—Mrs. Lyndon B. Johnson will attend the Shenandoah Apple Blossom Festival on May 1 at Winchester, Va., the White House announced today.

The Johnsons' 16-year-old daughter Luci will be festival queen and will attend all of the festival ceremonies from April 29 through May 2.

### She's Tops

Mary Swigonski, a junior at Seminole High School, was inadvertently listed as an honor student in a report given by school officials and printed in The Herald Tuesday. Miss Swigonski is, in fact, one of three juniors who achieved a straight "A" average during the marking period.

### EDITORIAL COMMENT

### Welcome Mets!

At Sanford's Municipal Stadium this morning some 60 young baseball players and a host of officials opened Spring training activities for the eastern section of the New York Met farm system.

Sanford is particularly pleased to have the Mets here and to utilize our facilities as they prepare for the summer baseball campaign. We are exceptionally pleased to have Wid Matthews, Joe McDonald, Ernie White, Sheriff Robinson, Walter Millies and Lloyd Gearhart. All of these are former baseball players whose names are more likely to be familiar to more of the "old timers" than perhaps some of younger fans.

The Herald joins with the city and county commissions, the Seminole Chamber of Commerce, the Sanford Chamber of Commerce, the Sanford-Seminole JayCees, a host of other civic organizations and our merchants in welcoming each and every member of the Met organization to Sanford.

We will endeavor to make your training period here memorable, enjoyable and profitable to you during the forthcoming baseball season. In other words, welcome! We're delighted to have you!

### Parcel Post Rate Increase Begins April 1

Postmaster Cecile Heard today reminded residents of Sanford that an effective date of April 1 has been set for a new domestic parcel post rate increase.

The parcel post increase, approved recently by the Interstate Commerce Commission and averaging about 13 per cent, is expected to yield about \$75.4 million annually.

Catalogue rates will be increased approximately 13 per cent and will produce added revenue of about \$2.4 million if 1962 volume is maintained.

The higher rates do not affect air parcel post or international parcel post.

Miss Heard said she has been advised by Postmaster General John A. Gronouski that the decision of the ICC will assist the Post Office Department in carrying out its objective of reducing the drain on the Federal Treasury by \$100 million. The last parcel post increase was on Feb. 1, 1960.

To illustrate the effect of the new rates, the postmaster noted that a six-pound parcel—which is the average weight—for local area delivery will cost 87 cents instead of 32 cents. Other applicable rates may be obtained from local post offices.

### Bryant To Dine With Trumans

KEY WEST (UPI)—Former President Harry S. Truman, his family and Gov. Farris Bryant were scheduled to gather here today for a dinner party tonight.

Bryant was to meet with NAACP officials at Tallahassee early today and then fly here via Miami for the dinner at the home of State Sen. John Spottswood of Key West.

The Trumans, including Mrs. Truman, daughter Margaret, and her husband, Clifton Daniel, and their two children, were to arrive here from Duck Key, their vacation headquarters in the Florida Keys.

### 'State Action' Asked In 3 Florida Towns

TALLAHASSEE (UPI)—Negro leaders called on Gov. Farris Bryant today for "state action" in connection with a breakdown of race relations in Jacksonville, St. Augustine and Ocala.

The governor apparently made it clear he would stay out of such matters unless local law and order breaks down and state assistance is requested by local authorities.

Governor Bryant insisted that his meeting with Field Secretary Robert Saunders of Tampa and other NAACP leaders be closed to newsmen. And he refused to meet with newsmen afterwards to discuss it.

Saunders and the others said the meeting was "cordial," and although the governor made no promises "I got the impression that he would intervene if local law and order breaks down."

The meeting was held principally to discuss plans for an integrated civil rights march on Tallahassee Friday. But the tense situation in Jacksonville, where one woman has

been killed and several persons injured in the past two days, occupied most of the discussion, according to Saunders.

Saunders, who spoke for the group, said the NAACP's only recourse in Jacksonville may be to the courts. He said leaders had under study a possible lawsuit challenging Mayor Haydon Burns' ban on demonstrations.

Discussing Jacksonville, another of the delegation, William Tunstall, Tampa, said "the governor feels the present posture of Jacksonville does not warrant extreme action."

He and Saunders said the governor told them he is in constant touch with Duval Sheriff Dale Carson and has been assured that law and order has not broken down in Jacksonville.

Saunders said when he complained to discuss plans for an integrated civil rights march on Tallahassee Friday. But the tense situation in Jacksonville, where one woman has
