#### Lake Mary Commissioners unopposed

LAKE MARY - No one qualified to run against Lake Mary City Commissioners Al Crump or George Duryea on Friday, meaning that the two commissioners will both serve another term.

"It's a relief," Crump said. "It's a luxury I wasn't expecting to have. I rushed down to the elections office to check on who qualified, and I was so relieved."

Duryea will serve his seventh two-year term, and Crump is entering his sec-ond term. Lake Mary com-missioners are paid \$400 per month.

However, the commission faces at least one change in 2000. Mayor David Mealor, whose term ends in November of 2000, is seeking election to the State House of Representatives.

Commissioner Gary Brender said that he intends to run for mayor. Deputy leyor Thom Greene has 1986. He had previously served as a Lake Mary City

# Duo arrested for child porn

By Joe DeSantis Staff Writer

SANFORD — Investigators from the Seminole County Sheriff's department Friday arrested a Seminole County couple on two charges of lewd and lascivious acts on a child.

The pair will likely face additional charges of capital sexual battery and sexual performances on a child during arraignment this weekend.

Acting on information from a number of juvenile girls, deputies arrested William Eades, 46, and Bonnie Eades, 29, at their apartment located at 2828 Red Lion Square. Investigators also recovered computers, photography equipment

'This is the kind of case where investigators just shake their heads'

including a digital camera, and a video camera after searching the home. At press time the Eadeses were being held without bond at the John F. Polk Correctional Facility.

A number of witnesses, one as young as 10 years old, told investigators that the Eadeses performed sex acts with several underaged girls over the past few months and took pictures of other juveniles being forced to commit acts on each

Arrest records indicate that Bonnie

Eades met several of the juveniles at the Adult High School while taking courses at Seminole Community College. Eades would then invite the victims to her Red Lion Square home.

One witness said William Eades would threaten, and if necessary, slap the juvenile girls if they refused to engage in posing and sexual acts with the pair. They also told police that the Eadeses frequently had sex with their bedroom door open and in the living room while some of the victims were made to watch.

"One young girl called the Sheriff's department and said this was going on," explained Sheriff's department

spokesman Steve Olson. "Investigators interviewed her, then another of her underage friends, and then several more See Porn, Page 6A

### Miles, Vacca face challengers in Longwood City Commission races

LONGWOOD — The qualifying is over, let the campaigning begin. At least in two districts, that is. The election qualifying period ended quietly Pridey afternoon at Longwood city hall. Only two

challengers emerged to face incumbents in the Nov. 2 election, while commissioner Dan

Anderson is unopposed in District 2.
District 1 commissioner Rusty Miles, completing his second term on the board, will face Longwood businessman John Maingot. Meanwhile, incumbent Annamarie Vacca will face a challenge in District 4 from Butch Bundy, who currently serves on the city's Codes Enforcement Board and was a member of Longwood's Charter Review Committee that recommended 13 amendments to the city charter, which will also appear on the fall ballot.

According to City Clerk Geri Zembri, the entire ballot, complete with a total of 21 amendments along with the commission races in the two districts, will now be forwarded to Seminole County's Supervisor of Elections for Certification.

Because he us running unopposed in District 2, Anderson's name will not be on the fall ballot and will automatically be re-elected following public notification through legal newspaper advertising.

## Police may expand service hours at 13th Street community center

Sanford Commission to discuss issue on Monday night

By Bill Komo

SANFORD - Police are considering expanding the operating hours of the four-month old 13th Street community service center.

The center, run by the Sanford Police Department and Seminole County Sheriff's Office, opened

on May 25 in a double-wide modular building at 1211 W. 13th St.

Sanford City Commissioner Velma Williams has consistently sought to expand the operating hours into Friday and Saturday evenings. The center is currently open weekdays from 8:30 a.m. to 4:30 p.m., although it is also available beyond the operating hours if headed.

"I do feel very positive about what they're doing," Williams said. 'The new chief (Brian Tooley) has been very proactive,

upbeat and approachable. It's a step in the right direction, some of the things he's doing."

From Sept. 2 through Sept. 10, there were 11 visitors to the service center, according to police records. Lt. Mitch Tindel of the ford Police Department said that the service center enables police to have greater visibility in

"It's definitely doing everything we hoped and more,"

## Main Street plans Farmers Market in downtown Sanford

SANFORD — A farmer's market is returning to downtown

Sanford. The Tuesday Morning Farmers Market, to be held every Tuesday from 7 a.m. to 1 p.m. in the parking lot behind the Sanford/Seminole County Chamber of Commerce building, will feature fruits, vegeta-

bles and bakery items.

The bazaar is being sponsored by Sanford Main Street, and managed by the Winter Park Farmers Market. About 10 to 15 vendors are expected at this week's farmer's market.

"We're going to have more and more vendors," said Linda Kuhn, executive director of Senford Main Street.

Only items that are grown or edible will be sold in the farmer's market. Kuhn said the goal is to have 40 vendors and future farmer's markets.

"We will have frush produce, fresh lemonade, and specialty coffee vendors," Kuhri said. "This is not a flea market. We're trying to raise the bar in Sanford."

The farmer's market that was once located in Magnolia Square closed in 1996 because of a lack of business. "Magnolia Square was too small," Kuhn said. "We're look-

ing for the community to sup-port this, and lossy it going." Main Street will have the right of first sefusal on items

that would compete with down-town merchants. Celery City Coffee Co. will sell coffee at the farmer's market, and Kuhn is hoping that additional downtown merchants will also sell products.

"This is not to compete with See Market, Page 10A

## Grandparenting - How great God's plan

Every kid ought to have a pair of grandparents. Far too many moms and dads don't love their kids as much as grandparents love their grandchildren.

Being a grandparent means getting a secand chance to love.

As you know, Florida is the capital of grandparenting in America. This is Grandparent Land. Great Grandparent Land, too. There are as many Florida grandparents to squeeze as there are Florida oranges. Most grandparents love hugging their grandchildren and being hugged in return.

We're told that nearly 10 percent of Florida's children live with a grandparent. Grandparents are helping fill an enormous - emotionally and financially - for children with a single parent.

Grandparents usually have more quality time to spend with children than parents do. Many are retired. They don't

..... have 9-to-5 jobs. They live to be with their grandchildren.

By 2005, baby boomers will increase the number of U.S. grandparents to 76 million - an increase of 26 percent from 1992.

A Tampa group known as Family First wants to remind everyone that Sunday (Sept. 12) is Grandparents Day. Be

with grandma and grandpa if you can. Call them. Pray for them. Remember them if they're gone.

My maternal grandparents were Polish immigrants. They settled in New England, later coming to Washington, DC We called them Judja and Babcia. Judja was a furniture maker. I

was with him the night he died in the summer of 1945. He told me I wouldn't remember him. But I do. I remember sitting on his lap. I remember Judga's kind

My paternal grandparents lived on a farm in Indiana. I didn't meet them until after World War II when my dad and I rode on a train from Union Station in Washington to Bedford., Ind. Grandma and Grandpa lived in a small farm house that did not have electricity or a bathroom. Grandpa White carved a wooden toy for me. I had it for years. Grandma and Grandpa came to Washington when I was 10. Grandpa climbed the steps of the Washington Monument. He came down them, too. I was

with him. My wife's maternal grandmother was 99 when she died.

The next day she would have been 100. She told her family and friends she didn't wish to be 100 - that 99 was just fine. She died quietly in her sleep. She lived near Copper Mountain in British Columbia, Canada - an area known for its rolling hills, lumbering and

My wife and I are grandparent wannabes. Our two sons and their wives know how much we want to be grandparents. We call them daily. We remind them that grandparents are made not born. Becoming a grandparent takes time. God planned it that way. He so loves children that he wanted only the best of his servants to become grandparents. How grand His plan.

## An Opportunity for Sanford

Sometimes the best strategy is to work with an "opponent" to accomplish a common goal.

The Society for the Preservation of Fort Mellon Park is continuing to fight against the city's plans to build a 300-room hotel and conference center on the Lake Monroe waterfront park. However, it may be time for the Society to seek a compromise and work with

The administrative hearing held this week in the Seminole County Courthouse demonstrates that the Society needs to form a new strategy.

The Society used laymen in the place of expert testimony to argue that the Department of Community Affairs should not have approved the city's comprehensive land-use plan amendments for the conference center development.

No witnesses called on behalf of the Society were qualified to discuss land-use plan amendments — the only relevant issue in the hearing. Bad move. The city threatened to sue for up to \$50,000 to recoup expenses from the hearing.

The proposed hotel and conference center is not a given. PRA Development still needs to produce a feasibility study, which the city said is due this coming week. The Society also is collecting signatures in an attempt to force another referendum on the park.

However, voters did approve the development in a November election by a 10-point margin. The Society claims the wording of the referendum was misleading.

Perhaps, but the majority of voters in Sanford wish to see economic progress and new jobs, even if the price is a portion of the acenic park. According to a Fishkind report performed for the city, the development will generate 940 jobs, including 450 at the hotel and conference center.

If the feasibility study is positive, the Society may face a hard

The Society can continue to file appeals it cannot win and seek referendums that have already been lost, or it can compromise to preserve the greatest possible beauty in the park after development

This may be a bitter pill for the Society, but failure to work with the city would mean that the Society will be shut out of the deciking process. Compromise is not weakness.

Mayor Larry Dale has said community events traditionally held at the 61-year-old park, such as the Fourth of July fireworks display that drew an estimated 40,000 people this year, will still be held along the waterfront. The Society can play a role in preserving

City plans call for 700 feet of open space in the eastern portion of Fort Mellon Park. It may not be the same Fort Mellon Park that many Sanford residents grew up with, but it is still something to

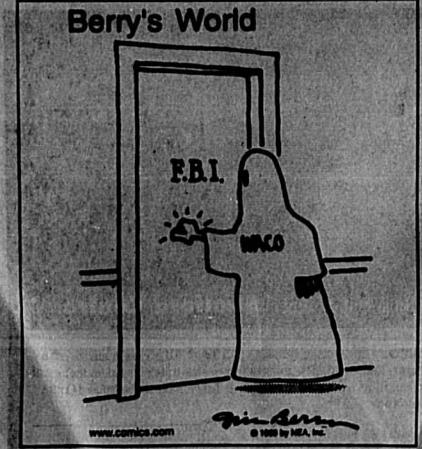

Two ball fields to be semoved from Fort Mellon Park will be replaced by a four-field youth sports complex at Chase Park.

Perhaps the Society can help make the sports complex a joy to

Members of the Society are concerned about how the area's streets will handle increased traffic from the hotel and conference

center. This will present an opportunity to work with city planners when a comprehensive traffic study is performed.

The loss suffered this week in the administrative hearing down't have to be a setback for the Society. Instead, it provides an opportunity to build a better Sanford.

## The Middle East spin cycle

Put simply, the agreement igned by Palestinian leader er Arafat and Israeli Prime Minister Ehud Barak, and witreseed by Egypt's president and America's secretary of state, is a piece of theater designed to mask the true intention of

inue to regard as Palestine. Such an their language, in the rmons of their clery, in their television ews, in classroom retruction aimed at seating a new generson of Jew haters in their hearts. Israel's enemies can Ca likened to a wild mal. The flaw in Vestern thinking has

Iways been that such a beast vill be satisfied with a small viece of meet and will not want he rest. In fact, the animal will ontinue to demand more and hreaten you if you don't give it o him. Finally, when you refuse o give any more, he will orcibly take the rest and then

There is a cycle in the Middle last, of which the scenario in tharm El Sheik last weekend is part. Middle East commenta-or Clarence Wagner Jr. of the riganization Bridges for Peace lescribes it this way: (1) The Lifabs make great peace over-ures that get Israel and the Vest excited; (2) Israel and the Lifabs negotiate an accord that romises certain concessions rom the Arabs in exchange for and given to them by Israel; (3) el gives them land, but the cabe do not reciprocate; (4) the eace process stalls; (5) larget is go back to (1) and begin again, which is where Barak is.

Palestinian negotiators promise minuscule things in exchange for the land that Israel pledges to give them. Who thinks Arafat is more likely to nask the true intention of live up to these promises than previous ones he has consistent ation of all the land they conly broken? Within hours after the signing ceremony, car bombs in Haifa and Tiberias exploded their language. In the

in what appeared to be a terrorist attack gone awry. Three people, apparently the perpetrators, were killed. An Arafat spokesman predictably denied responsibility, but Hamas and the terror-

ism network won't be stopped by ink stains dried upon some line.

While PLO negotiators claim to want peace, they are making preparations for war. Why would a people supposedly desiring peaceful coexistence with Israel be engaged in activities one could properly discern as war-like? This is precisely what the Japanese did to the United States in 1941. They talked peace while preparing to bomb Pearl Harbor.

Under the latest agreement, which affirms the Wye River accord the Clinton administration pressured then-Israeli Prime Minister Benjamin Netanyahu to sign, Israel, in addition to the land installment plan, will also: (1) hand over more than 350 prisoners, many of them involved in violence; (2) open a southern safe-passage route between Gaza and the West Bank, connecting the Palestinian territories; (3) allow

make only token gestures in liv-

ing up to their minimal promises. Once the latest land grab is finished, watch for Arafat to demand more land and, when he doesn't get it, the West will put new pressure on Israel to give it to him. The beast won't be satisfied until he has it all,

including all of Jerusalem.
On May 15, 1965, Egyptian
President Gamal Abdul Nasaer declared: "Our aim is ... the creation of a unified and contiguous Arab region from which Israel will be eliminated."

There is no reason to believe this objective has been abandoned. There (Ital) is (unital) reason to believe that the latest "peace" accord will assist Israel's enemies in reaching it.

Olson said investigators will likely interview several more juveniles who were apparently involved in the activities and additional charges may be filed against the couple.

"Based on what the juveniles told investigators, the Sheriff's department obtained a search warrant," Olson said. "Having children in a house where that kind of activity was going on was of great concern."

Police also found pornographic pictures at the home, but Olson stated at this point in the investigation it did not appear as if the Eadeses were marketing or selling pornographic material.

In an audio taped interview

with authorities, Bonnie Eades indicated that she had grabbed and touch the buttocks and breasts of one of the teenagers and had watched them perform sex acts on each other while William Eades took pictures. "Oviedo to me is somewhat unique," said resident Jeff Young. ""Unfortunately, we're losing some of that uniqueness by allowing subdivision after subdivision."

According to a study perormed by the University of Florida in 1998, there are 21,674 residents living in the city.

Attorney Donald McIntosh, representing Suburban Estates, said his client would discuss selling the property to the city for use as a public park.

"I was dismayed when I found out it would not be developed as a park (by Seminole County)," said Chairman Tom Hagood.

The council directed staff to look into the possibility of purchasing the property and developing it as a public park.

## Lake Mary denies rezoning request

By Bill Kerns Staff Writer

LAKE MARY - The Lake Mary City Commission on Thursday unanimously denied a request to rezone 40 acres of the Timacuan Reserve, preventing plans for a subdivision near Crystal Lake.

Realvest Partners was seeking to develop homes on 28 lots in the Timacuan Reserve. However, the commission denied the real estate broker's request to rezone the property from agricultural to residential.

The requested rezoning would have allowed for lot sizes with a minimum of 10,890 square feet, and up to 2.5 units per acre. The current agricultural zoning allows one unit per

Realvest will now need to reapply for zoning at a lower density. However, Realvest Vice President Stephen Neveleff said he is uncertain whether the brokerage will seek to develop on a lower density.

Several residents who live near Crystal Lake said they were concerned about increased traffic and a disruption to their lifestyle.

"It becomes a safety concern and a quality of life concern," said resident Timecuan resident

# Defense decides district battle

**ALTAMONTE SPRINGS** — In a game that featured a season's worth of offensive pyrotechnics, three key defensive plays made the difference.

Corey Andrade, Lanier Bush and Steve Baggs each contributed a critical play on defense in the final 2 minutes and 14 seconds to help the Lake Brantley Patriots hang on to defeat the visiting Oviedo Lions, 28-21, in an early district showdown at Tom Storey Field.

It was Andrade who ran down Oviedo receiver Steve Asby, tackling him after an 80-yard pass play that moved the Lions from their own 1-yard line to the Patriots' 19.

On the very next play from scrimmage, Bush was able to get a hand on a pass from Lion quarterback Kenny Starling to Nick Tenekedes, who was momentarily wide open in the Lake Brantley end zone.

Baggs sealed the win for the Patriots (2-0,1-0 in the district) when he sacked Starling on a fourth-and-goal play from

the Lake Brantley 5-yard line. "We knew all week long that Oviedo was going to scratch and fight on every play," said Lake Brantley head coach George Clayton. "But our kids met every adversity and really came through. I'm very proud of them."

After taking a 7-0 lead in the first quarter, the Patriots found themselves down 14-7 at halftime as Starling passed for 151 yards and a pair of touchdowns.

Oviedo's first score came on a 71-yard pass from Starling to Tenekedes. A minute before halftime, Asby caught a

35-yard scoring pass from Starling. The Patriots were able to regroup at halftime, which was stretched into a 45minute delay by a short but severe downpour, complete with lightning. Lake Brantley put the extra time to good use, making some changes in its offensive scheme.

"We made some changes in our blocking and our sets at halftime," said Clayton. "We just went back to basics, to playing Lake Brantley football. Our offense did a good job in the second half, See Defense, Page 2B

LAKE MARY - Lake Mary pounded Del and EFF Tridey of rain scaled Don T. Reynolds Stadium, as the Eam defense forced five turnovers and delivered one bone-crunching hit

In an early season match between high school football district rivals, Lake Mary capi-talized on DeLand's mistakes by scoring 17 points following

"I'm real pleased," said Lake Mary head coach Greg Stanton. "Our defense hit them hard, and I meen hard. But, they (DeLand) hept on getting up and coming

Wide receiver Anthony Ballerino set the tone early for the Rams, turning Jason Hadley's screen pass into a 65 yard touchdown midway

through the first quarter, giving Lake Mary a 7-0 lead. "He (Ballerino) made a couple of people miss and broke free," Stanton said. "That's a combinetion we hope will be productive throughout the year (Fladley to Ballerino). They're both juniors, so hopefully we can keep them healthy and eligible for next year."

Ballerino scored following the first of linebacker Chris Baker's two interceptions for Lake Mary. DeLand quarterback Craig

Candeto showed flashes of brilliance, passing for 140 yards and running for 98 yards. But, he was forced to carry the load on offense as DeLand fell behind 17-0 by half-time, and he threw three interceptions while completing 13 of 30 passes.

By contrast, Hadley guided Lake Mary's opportunistic offense by completing 3 of 5 passes for 118 yards. All these completions came in the first half, as Lake Mary concentrated on controlling the clock in the second half.

"Hadley stepped up really well," Stanton said. "Our offersive line stepped up very big.

Quarterbeck Jason Hadley completed consecutive passes of 17 yards to Andy Britt and 36 yards to Mario Pields, highlighting the drive. Tailback Charles Harris capped the drive with an 11 yard touchdown run, the first of his two touchdowns.

Russ Abrams made it a 17-0 ne with the first of his two field goals, a 47 yard kick.

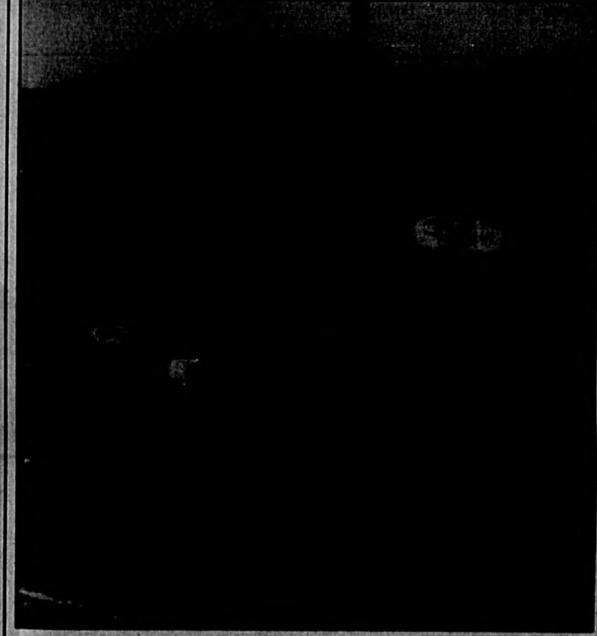

Lake Mary's ten second half points followed fumbles recovered by the Ram defence.

In the third quarter, defensive lineman Mike Pagozalski recovered a fumble by Candeto on the Buildog 16 yard line. Harris capped the short drive with a ree yard touchdown run. Harris led Lake Mary in such-

ing with 10 carries for 50 yards.

### Seminoles out run Greyhounds in lightening-shortened game

By Amy Quenther Herald Correspondent

SANFORD - Seminole High School defeated Lyman High School Friday night in a game of football that quickly became a football that quick game of flood-ball.

Because of the torrential downpour and the uncomfortably close strikes of lightning, the game was called part way into the fourth quarter and the accessiond at 36-14. This was after the game was delayed for 50 minutes in the middle of the second quar-

ter because of lightning.

Seminole started the game with a touchdown on their first with a touchdown on their first possession. The touchdown was scored off a long pass from senior quarterback, Gazzett Goldsmith to junior Andrew Beatty. Strong defense was played by Lymen's Matt Pickelstess, John Hartten and Marshall Smith who were in on the majority of the tackles made by Lymen in the first quarter. The final first quarter score was 6-0. wn on their first

The second quarter was jump-started by jumor Walter Hadley.

Senior Travis Rothstein collected on the extra point. After a Seminole fumble that was recovered by Lyman, Lyman drove the ball down field. However, on third and goal from the 5-year line, the game was delayed because of lightning. After the lightning delay junior Tarry Cross scored on the first play. Rothstein again made the extentions.

DeLand's lone touchdown was academic, as Candeto tossed a 24 yard touchdown to David Glant with just 1:07 left to play.

Dan Swartz was DeLand's leading receiver, with five receptions for 74 yards. For Lake Mary, the game was

a welcome reversal from last week's 27-6 loss to Seminole in which the Ram offense committed three turnovers, and a high snap on a punt also led to a Seminole touchdown.

"I'm real pleased," Stanton said. "It's nice to see us hang on to the ball after last week."

Lake Mary, now 1-1, will host talented Winter Springs next Friday at 7:30 p.m.

"We've got to get better at playing Lake Mary football," Stanton said. "That means running the football and playing tough, bend not break defense."

Winter Springs will face Lake Mary on short rest. The Bears are Mainland today (Saturday) at 4:30 p.m. because First downs

their contest was postponed three plays into the game on account of dangerous lightning near the stadium.

Underdog Franny' brings love and licks as a therapy pooch

SANFORD-There's a sweetness in her eyes

and an ever-present smile on her face.

Her hair is dark blond and soft to the touch. Her large brown eyes suggest the gentleness in her soul. And when she trots her tail-wagging 50 pounds into a room, "Franny" literally steals the show. She also provides a comforting lick and offers up her chin for a good scratch.

Pranny, a certified therapy dog, owned by locals linez and Bob Parsell, spends one day per week visiting the young and old alike who benefit from the physical contact and geritle demeanor of well-occialised

and trained animals. She brings her special fourfooted gift each Thursday to residents of Sunbelt Health Care's Sub-Acute Center in Apopka, often prompting elderly and sick patients to fondly reminisce about their own pets, sperking Alaheimer's petients to remember for-

busy with her therapy work, Franny is usually a regular in the offices of Sanford's Ace Hardware Store, where she

accompanies owners lines and Bob on a daily basis. Not bad for a pooch who was once abandoned and fear-ful of human contact herself.

It was January 1997 when Bob and Inex found a discard-ed, skittish and sick threemonth old puppy on their doorstep. It was obvious Franny had severely infected eyes and was so terrified the Parsells had to drag her inside the garage door and close it in

order to offer help.

"She hid under the car and slept the first day we had her she was so frightened," recalled Bob. Inex managed to get Francy into a crate for the night and left food and water. She evenfor the night and left food and water. She eventually started enting and the next day the

were a different story. The vet said die had the
worst case of entropian he had ever seen and
would eventually need surgery on both eyes to
save her sight—a costly operation and one the
Parcells felt was a reason Francy was discarded. It was at that point that lines and Bob couldn't endure the heartbreak of seeing her suffer or give her up. That's when Pearsty became Prenny Page

## Freeloading college chums unk course on manners

DEAR ABBY: I have a college friend who visits annually with her family. They've been coming in November, but we live in a small town and find it difficult to entertown and find it difficult to enter-tain them in the fall. So last November we suggested that, since there is a campground with a beau-tiful lake nearby, they camp here during the summer. They came this July, but were tired of camping after a two-week vacation, so they asked if they could stay at our

There are six people in my family. My husband is a school-teacher and I am unemployed. My friend has a family of four. Both she and her husband have good jobs, and their annual income must be roughly twice what ours is.

They don't offer to help pay for

groceries, even though we always run out of milk or bread while they're here and they often go to the grocery store with us. We have gone out to eat with them, just so we won't have to buy groceries for them. They always pay for their own meals, but never offer to treat

Last month, my family stayed with my sister for four days. We bought \$50 worth of groceries, treated their family to pizza, bought them a videotape and gave them \$15 in cash. We weren't being gen-erous; we just felt we were being

fair.

Would it be wrong, the next time these friends tell us they are coming, to bill them \$10 per day for meals? We've dropped so many hints we're almost rude, but we feel, after 15 years, it's time they stopped taking advantage of us. We've stopped enjoying their visits and are afraid, now that they've come in the summar, they'll begin come in the summer, they'll begin visiting us twice a year. I'd like to tell them how I feel but have never had the nerve. Am I being petty? USED IN THE NORTHWEST

DEAR USED: Petty? You have been tolerant beyond belief to have allowed these freeloaders to take advantage of you for 15 years. It should be clear to you by now that if you don't put your foot down, they will continue to take advantage

The next time your college chum calls to arrange a visit, tell her that you'll be charging them \$60 a day, to cover the costs of feeding them, and the additional water, electricity

Something tells me that once you stand up for yourself, your problem — and your annual bouseguests — will vanish.

DEAR ABBY: The letters in your column concerning baldness prompt

this letter.

Did you know there is a support group called "Bald-Headed Men of America" that instills pride in being bald? They hold an annual conference every September, and exchange feelings and experiences through group discussions that further the acceptance of being bald. It is their conviction that the best "cure" for baldness is to promote a positive mental attitude - with

PAT BECKER, SCOTTSDALE, ARIZ.

DEAR PAT: Thank you for the "heads up." A positive mental attitude and a sense of humor are seductive qualities, regardless of the state of one's hairilne.

DEAR ABBY: After reading the letters in your column about chil-dren's behavior in restaurants, I had to write.

When my current husband and I when my current nusband and I began dating, we had three toddlers between us. Two were his, one was mine. The youngest, his 1-year-old, ran wild. I was ashamed and embarrassed. The two girls were fine. (His daughter was 3 and mine was 2.) But oh, that son! He threw temper tantrums, insisted on a partemper tantrums, insisted on a par-ticular cup or plate or he wouldn't eat, stood on chairs and benches, etc. He was spoiled rotten, and I and telephone charges you have told my husband so. I also told him assumed during their past it was wrong to allow such behav-

ior. It didn't fase him.

One day we were in a restaurant, and a stranger came to our table and said, "You two have three beautiful children. What a shame that your son's behavior is all I'll remember when we leave.

What an impact that made! My husband began right then and there teaching his son acceptable behav-

Three years ago, on an airplane flight, a flight attendant approached my husband and said, Your three kids are so polite. They say please and thank you. Half the adults on this flight could learn from them!" The kids were 12, 13 and 14 at that time. We were, and still are, so proud. And the son, who is now 15, is a very well-mannered gentleman.

So obviously, children will do what the parent allows. STEPMOM IN TAMPA

DEAR STEPMOM: Absolutely! And that's why it's important for parents to set limits for their children. How else are they going to learn what is acceptable and what is

DEAR ABBY: "Sexless in Seattle" seems totally focused on developing an intimate relationship with the desirable widower, but never a mention of marriage.

For many, many people, mar-riage comes first, then intimacy follows naturally. Perhaps this is the case of morality, not pathological grief. If his first marriage was good, an intimate relationship would seem to be infidelity, adultery or fornication.

The more fitting solution is the marriage ceremony to put closure to the first marriage and end the grieving process

A.V.G. IN FLORIDA

DEAR A.V.G.: I agree that for many people marriage comes first. However, if morality were the issue, the man wouldn't have been making and breaking promises to the woman for nearly a year. Instead, he would have told her plainly — and proudly — that he doesn't condone sex outside of marriage. That's the honorable thing to do, and it would have saved her a lot of pain. a lot of pain.

## Five generations of brides presented at bridal shower honoring Tiffany Gormly

The Magnolia Avenue home of Luticia Lee was the charming setting for a Sunday afternoon pre-nuptial party honoring her niece, Tiffany Gormly. Hostesses for the linen bridal shower were Luticia's daughters, Kathy Dingle and Linda Maliczowski, and her granddaughter, Lee Dotson.

After the bride-to-be opened her lovely gifts, her sister, Heather Gormly, modeled the wedding gown worn by their great grandmother, Eleanor Roberts Gormly, at her wedding in 1922.

Portraits of five generations of newlyweds were on display on the credenza. They include: Charles and Luticia Gormly, married in 1893; Ernest and Eleanor Gormly, married in Doris Dietrich

1922; Charles married in 1975; and Tiffany Gormly and Darrell Canamas, to be married Sept. 18.

Two of Sanford's vivacious nonagenerains got cheated out of what was to be a joint luncheon in celebration of their birthdays. Georgia Chorpening turned 96 on Sept. 6 and Minnie Strickland was 95 on Sept. 3.

The two birthday celebrants were passengers in a car en route to the luncheon when they were rear-ended by another vehicle. Although there were no serious injuries, it was enough to frighten the passengers out of their wits as well as ruining a joyous occasion.

Minnie will never forget her 95th birthday which she spent in the hospital with several broken ribs. Georgia has a few scratches, but both are fine. "We are lucky to be alive," Georgia said. The fact that po-lice charged the driver of the other vehicle helps matters a

little. But who could ever forget

The first lodge home was located at the present site and in 1928 under the leadership of W.W Lewis, exalted ruler, the lodge purchased the school building as a lodge. The new and present lodge was built in 1978 under the leadership of Lockwood Brown. A mortgage burning ceremony was con-ducted in 1981 with Willie Merkerson as exalted ruler. The lodge has grown in the community through the hard work and commitment to the principles of the order, charity, justice and brotherly love, ac-cording to Exalted Ruler Roo-

sevelt Cummings Jr., a faithful, motivating leader who is always pleasant, humble and exhibits love for his brothers and sisters of Elkdom.

The lodge was saluted by the national and state officers of Elkdom as a "great lodge."

A fish fry began the weekend celebration on Aug. 27 with the awards banquet held on Aug. 28 at the lodge. Bro. Albert Fryer was master of ceremo-

nies and music moments were presented by Bro. Earl Minott. Bro. Freddie Hudson sang "The Lord's prayer," and gave the devotion.

Bro. Lorenzo Polk presented the dias and the welcome and occasion were given by Bro. Stewart Baker. Musical selections were presented by Don Brown and Darrell Baker. Bro. Bernard Mitchell intro-

duced the speaker, the Rev. Ricky Scott, pastor of the Mt. Calvary Baptist Church. He spoke on love and reminded the guests to be kind, keep the faith. He said, "Make love your aim. Love is the language every heart speaks, and love is the answer to all that man seeks."

Members honored by the lodge for service are as follows: Fifty years \_ Willie Evarly Evans, Rufus L. McClain and Wesley Wright Jr.

Forty years \_ Willie Brown Jr., Harrison Clark Jr., Henry

F. Gilmore, the Rev. Banjamin Holliday, Reddick Isaac, Theola Miller, Willie Metz Jr.,

and Walter Ware.
Thirty years \_ Leroy Jackson.
James Baskerville and Robert

Bro. Phillip King was named as Member of the Year. As chairman of the house committee, King is seen around the lodge performing duties to make the lodge successfully operated.

The Brothers and Daughters attended Sunday worship service at St. Matthew Baptist Church. Bro. Lorenzo Polk was worship leader for the service. Brothers who helped to make this a spirit-filled service were: Albert Fryer, Freddie Hudson, Robert Gordon, Eddie Jackson. Bennie Alexander, George Myles, Robert Thomas, Bruce Scott, Stewart Baker, Dr. Willie B. Sherman, Bernard Mitchell and Earl E. Minott. The message of the hour was given by Pastor Leonard J. Wilson who spoke on love.

#### Seniors work on project for Safehouse, PTA dishes up ice

While many people were out sunning themselves over the Labor Day weekend, AARP members were out recruiting, AARP had a booth at the Altamonte Mall for the holiday, Lake Mary Senior Coordinator Paulee Stevens was one of about two dozen volunteers who worked the booth for AARP. About 3,000 people visited the booth over the 3day weekend, Paulee said. The top three subjects people asked about were Medicare, retirement and nursing homes. The AARP was also able to sign up a lot of new members.

Despite the excitement of the holiday, it was back to business as usual on Tuesday. The Lake Mary Sentors are always helping out with community projects. Tuesday, the Seniors worked on a project for Safehouse of Seminole

County. They made purple ribbon pins for Safehouse to use in an upcoming awareness project. They have also been working on FALL CLEANING shrugs. Shrugs are sort of like shawls, but with knitted bands that fit over cleaning? Is your garage or the wrist and keep them on. storage shed overflowing The seniors are making the shrugs for Meals on Wheels and for area nursing homes. The shrugs are great for

with limited mobility. Many times, the elderly get a little cold and they need something on their shoulders. A shawl will fall off, which is a problem if you're handicapped or have arthritis, but a shrug won't fall off.

Upcoming projects for the Lake Mary Seniors include making holiday ornaments for Holiday in the Park. If you're interested in finding out more about the Lake Mary Seniors, call Paulee Stevens at 324-3060.

The point of the great cleanup is to take in donations for the band's annual garage sale. The sale is sponsored by the band boosters and scheduled for Dec. 4 and 5. Beginning Oct. 30 and continuing every weekend through November. there will be trailers at the school where donations can be dropped off. For more information, call Kathy Young at 328-9236.

#### PTA STARTS YEAR WITH SOCIAL

Lake Mary Elementary's first PTA meeting of the year was less attended than all had hoped. Despite the promise of ice cream sundaes after the meeting. few people braved the deluge that started 15 minutes before the meeting was to

begin.

With about 20 adults in the audience, PTA President Lisa Aycock started the meeting. After a few welcoming words and a thank you to all the people who braved the bad weather to attend, Lisa turned the meeting over to the treasurer. Most of the decisions the PTA members were asked to vote on Tuesday night had to do with money.

The PTA has had their account with a local bank for quite some time. Recently, they were informed that there would be a charge for every check written and every deposit made. The PTA doesn't write many checks, but during fundraising, they do deposit quite a few checks. And the thing that bothered not only the board, but all the people present, was how the deposit charge was applied. The deposit charge wasn't on a single deposit slip with 10 to 20 checks on it. The

deposit charge was 30 cents on every single check deposited. This was deemed unreasonable by concerned and the PTA members present voted to change banks as soon as

possible. The PTA has a surplus of funds from last year, so PTA members voted Tuesday to give \$5,000 to the school for new computers, planters for the front, of the school, and other items the school needs but doesn't have the budget for.

After the meeting was adjourned, the children who came with their parents raced to the ice cream. They topped their generous portions of vanilla ice cream with M & M's, crushed Oreos, assorted sprinkles, chocolate and caramel syrup, cherries, whipped cream and more. And there were some children who had more topping than ice cream. For many, it was well worth getting a little wet.

in yesterday's deal, five hearts doubled looked to have at least three losers, but it snuck home. As good things still come in twos, here is a four-spade contract that seems to have a loser in each suit.

South was Jose Le Dentu, a former well-known writer and player in France who put out several good quiz books. This deal was included in his "Bridge: 100 Questions, 100 Answers" Gean-Claude Simoen, 1977).

Le Dentu's third bid was strange; it

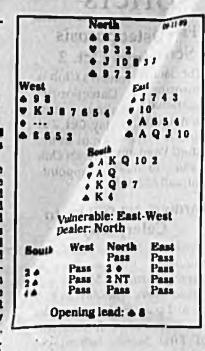

is "normal" to bid three diamonds. However, five diamonds would probably fail in practice, and four spades kept the opponents in the dark.

West led the club eight: two, ace, four. If East had switched to the ace and another diamond, declarer could have got home by unblocking the queen and king. Declarer would cross to dummy with a diamond to finesse for East's spade jack. Then, the heart \_ passant.

club queen. Le Dentu cashed three rounds of trump, getting the bad news. He continued with the diamond king, West discarding a heart and East correctly ducking to kill dummy's fifth diamond. Declarer continued with the diamond queen, the diamond nine to dummy's 10 (East still withholding his ace), and a club ruff in hand. Now Le Dentu exited with the ace and queen of hearts. wouldn't stay little for long. In short order Franny soon began her journey from throwaway puppy, to therapy dog. Inez decided to enroll Franny in formal obedience training to insure she could handle a larger animal. "I wanted to make sure I could feel comfortable with her being around all kinds of people in all kinds of situetions," said Inex. "I'd never formally trained a large dog before so I knew I had a lot to learn, probably, more than Franny."

The Parsell's enrolled Franny into Puppy Kindergarten at Sanford-based Best Paw Forward training school. Franny was a quick study, but because of her initial upbringing had some obstacles to overcome.

"At first she had a great fear of almost everything," recalled inez. "People, movement, sounds, odd things. But you could really see she wanted to

please." Under the guidence of trainer P.J. Lacette and others at Best Paw Forward, Franny underwent a metamorphosis. So did Inex. She contacted the Delta Society, a national therapy dog certification organization in Seattle, Wash. She found out about the rigid standards dog have to pass including concentrated areas of obedience, aptitude, personality and health.

Inex began simultaneously preparing for her Delta exame while Franny continued her academic progress at Best Paw Forward, graduating from Puppy Kindergarten to Puppy Love Plus then Besic ediance, Advanced rediance and Agility. "With his tough introduction

to life we needed the kind of gentle and positive training approach that Best Paw

Forward has to offer," said Inez. "Not only do therapy dogs have to excel in obedience, they have to have the type of personality that is acceptable to unfamiliar sights and sounds like wheel chairs, walkers, canes, and some patients who stagger in their walk or make sudden or jerky movements."

Trainer P.J. Lacette recalls that Franny made tremendous progress enroute to her therapy certification.

"Franny initially didn't care too much to be around people who made quick motions with their hands," said the veteran trainer. But with treats, positive reinforcement, and lots of hugs, she turned into a great student." Lacette said the gentle, positive reinforcement approach used at Best Paw Forward is incorporated into all levels of their training as well as therapy dog train-

She pointed out that many dogs entering the therapy train-ing stages must learn to become desensitized to unusual sights and sounds, and be used to being grabbed and touched a

"We look for dogs that have quick recovery time from sights and sounds that bother them.

We look for dogs that are not too rowdy and that have gentle mouths," said Lacette.

Franny and Inez both passed their Delta exams and continue to work on advanced training at Best Paw Forward, but Thursdays are reserved for their trips to Apopks. Working throug Hospice of the Comforter, an Altamonte Springs-based volunteer organization, Franny and Inez hooked up with Sunbelt Health Care in

Orange County. Corrine Sharpe, recreation director at the Apopka Sub-Acute facility, says when the certified pet partners show up for their weekly visit, "It's wonderful."

"We try very hard to incorporate Franny into our social groups for our patients who struggle with social interaction," she explained. "When Franny visits, many of our patients who are very passive and usually withdrawn just light up. They want to pet her and talk to her and touch her."

Sharpe said Franny really helped turn one former patient around who hardly ever spoke and would rarely establish eye contact with other humans. "When Franny came the elderly patient would raise her head, look that dog straight in the eye, seach her hand out to pet

Franny and make doggie noises. We couldn't believe it. With Franny, the woman was totally responsive."

Parsell said the journey to therapy dog certification was a lot of hard work and a labor of love, and that the rewards are

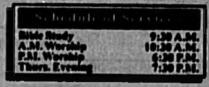

"It's a genuine joy to work with Franny and see the happi-ness she brings to other peo-ple," said Parsell. "It's a gift to be able to share what Franny has to offer."
