

GOOD ROADS ADVOCATES CONVENED AT DAYTONA URGE AN EXTRA SESSION

For Purpose of Enacting Gasoline Tax Law Which is Invalid ON ROAD PROBLEMS

AND MANY FACTS ABOUT ROADS ARE BROUGHT OUT AT MEETING

ORLANDO, April 10.—Governor Cary B. Hardee of Florida was sent a telegram by the South Florida and East Coast Good Roads association in convention assembled at the Casino Burgoyne in Daytona, Saturday, asking that he issue a call for a special session of the Florida State Legislature for the purpose of enacting a gasoline tax law. At the same time the Florida Press Association in annual convention at the Ridgewood sent a similar message urging that immediate action be taken in the matter.

The decision of the Supreme Court of Florida against the one cent a gallon tax on gasoline deprived the State road department of \$600,000 a year, a monthly stipend of \$42,000 which had been counted on in the budget for the year. As a result the program for the year was in danger of working hardships against different parts of the State whose economic welfare depend upon state aid in their building activities. The discussion of the State Aid road building program as outlined lowered in rapid succession and for the coming year, was the outstanding feature of the Daytona meeting which was the first held since the gathering at St. Augustine where Good Roads Boosters decided that the time for combined activities had arrived and that it was vitally necessary to secure aid in order to preserve the roads that had been constructed.

State Road Commissioner Schilling of Miami was present and gave some inside history of the activities of the board. Questions and answers followed in rapid succession, and for a time the road commissioner heard what the convention had to say about new enterprises at this time, and the failure to take care of the roads that had been built. Mr. Schilling explained that one such contract was necessary because "it had been promised," and immediately there was a disposition to dig up promises that had not been fulfilled in the past. This took the form of a resolution which was reported out by the Resolutions committee asking that the State Road committee hold the meeting at Tampa as promised in January. This L. P. Dickey, of Tampa, declared, was having the real intention of the meeting frustrated by holding the Tampa meeting as an adjourned session after the district meeting at Tallahassee when all the disposition of the contracts had been made.

There were about seventy-five of the representative men of the East Coast and South Florida present when S. M. Tatum of Miami, the temporary chairman, called the meeting to order at the Casino Burgoyne, Saturday morning. W. R. Pearman, Jr., secretary of the Sanford Chamber of Commerce, acted as secretary. During the election of the afternoon the temporary officers were made permanent, and Hon. Forrest Lake of Sanford asked to serve as vice-president. Tampa was somewhat incredulous as to how that city and St. Petersburg were included in the invitations, until the explanation was made that much of the travel to those cities enter Florida at Jacksonville and make the trip down the East Coast and across the state.

At the morning session President Tatum appointed on the resolutions committee L. P. Dickey, Herbert Felkel, Frank B. Stoneman, Forrest Lake and Eugene Masters.

At the afternoon session a committee to represent the organization in the negotiations with the State Road department was appointed by the chair, the members of which were as follows: Eugene Masters, St. Augustine; C. L. Vining, Daytona; T. J. Appleyard, Jr., Lakeland; Arthur Shultz, Orlando; William Worrell, Moorehaven; J. J. Parrish, Titusville;

LEVIATHAN IS DOCKED TODAY NEWPORT NEWS

WORK OF REFITTING BIG SHIP WILL REQUIRE TEN MONTHS TO COMPLETE

(By The Associated Press)
NEWPORT NEWS, April 10.—The Leviathan docked at the plant of the Newport News Shipbuilding and Drydock Company this morning for an overhauling and reconitioning. The work will require ten months or a year and means the employment of 800 or more men laid off when battleship building ceased under terms of disarmament.

Navy Strength Cut Reduced to 65,000 Men —254 Vessels Laid Up

Other Big Reductions Made in Navy and Marines.

WASHINGTON, April 10.—(By The Associated Press.)—The 1923 naval bill, carrying out the 5-5-3 ratio was reported Saturday to the House. It carries a total of \$233,222,000, or \$181,000,000 less than appropriated last year. There remains to be appropriated in a separate measure later, however, about \$60,000,000, estimated by the navy department as the cost of cancellation of contracts for ships not completed and ordered scrapped.

Briefly this is what the bill does: Cuts the enlisted personnel from 95,000 to 65,000, plus 2,000 apprentices.

Leaves officer total substantially intact, except for the dropping of 389 reserve officers on active duty.

Authorizes commissions for only 200 of the 535 first class men at Annapolis, to be graduated in June. Lays up 254 vessels "of non-descript character."

Eighteen battleships are allotted the United States under the naval treaty. In rounding out a fleet the bill reduces the number of destroyers in commission from 278 to 193; authorizes 34 submarines all the cruisers and lighter auxiliary craft.

Out of the 67,000 enlisted personnel it provides 50,000 for ships afloat. Provides for the same number of officers in marine corps and 19,500 enlisted men, a reduction of less than 1,000.

This number, the navy advised the committee, will be cut to 17,500 with the withdrawal in the next year of 2,000 marines from Santo Domingo, whom will not re-enlist.

ITALIAN TOWNS WAR OVER QUESTION OF HOST TO RED DELEGATES

(By The Associated Press)
SANTA MARGHERITA, Italy, April 10.—Towns of Margherita and Rapallo are waging a bitter feud regarding which municipality is host to the Soviet delegation to Genoa conference. There is talk of bloodshed and that Genoa conference or League of Nations may be called upon to arbitrate the difficulty.

The Soviet delegates are in a hotel within bounds of Rapallo, but more than two miles from Rappallo station and only two blocks from Santa Margherita station.

(By The Associated Press)
BERLIN, April 10.—Twenty-three French soldiers and one German foreman are now reported killed and ten others injured in an explosion yesterday at Huetten Smelting Works near Gleivitz, Upper Silesia. Tremendous excitement is reported at the scene with the expectation that martial law may be proclaimed.

LOS ANGELES, April 10.—The second trial of Arthur C. Burch for the murder of J. Belton Kennedy, began here today.

(By The Associated Press)
LOS ANGELES, April 10.—The second trial of Arthur C. Burch for the murder of J. Belton Kennedy, began here today.

TROUBLE OVER RECEIVERSHIP STATE BANK OF FELLSMERE —CONFLICT OF AUTHORITY

Comptroller and Circuit Judge Davis Both Have Named Receivers

(By The Associated Press)
PALATKA, April 10.—Assistant Attorney General Gaines left here last night for West Palm Beach in connection with the closing of the State Bank of Fellsmere. Conflict of authority has developed. The Comptroller, under the law, is the only one to name a receiver and he appointed one. Circuit Judge Davis, of West Palm Beach, also appointed one and the examiner in charge of the bank wired the comptroller Saturday that Davis, the appointee, had demanded the keys to the bank. The examiner refused to comply. It is reported the bank was forcibly entered. Gaines arrived at West Palm Beach this morning to ask Judge Davis to vacate order appointing receiver citing lack of jurisdiction. If Davis refuses he will appeal to the Supreme Court for quo warranto.

WEST PALM BEACH, April 10.—Judge Davis said at noon he had not seen Gaines but he had heard he was in town. He said he would not give a final decision on the receivership matter until after further deliberations.

SECOND WEEK OF STRIKE IN COAL FIELDS STARTS TODAY, UNION FRONT IS UNBROKEN

Situation in Non-Union Fields Also Favorable to the Unions

(By The Associated Press)
INDIANAPOLIS, April 10.—The second week of the coal strike got under way today with unions organization still presenting an unbroken front and the situation in the non-union fields becoming more favorable to the union's cause, according to view of situation expressed by President Lewis, of the United Mine Workers.

Mine union members and officers are forbidden to interfere with free competition among men working in the coal industry of West Virginia and tent colonies of strikers in Mingo county will not be maintained after thirty days in temporary injunction issued today by Federal Judge McClintock.

CONFERENCE OPENS TODAY GENOA, ITALY

NATIONS OF FOUR CONTINENTS TO RESTORE NORMAL CONDITIONS

(By The Associated Press)
GENOA, April 10.—The Genoa Economic Conference formally opened this afternoon in the historic palace of St. George by Premier Facta, Italy. Nations of four continents will attempt to restore normal conditions to the world. Representatives of thirty-three states are participating. Richard Washburn Child, United States Ambassador to Italy, took a seat in the section reserved for distinguished visitors. He expected to attend all the open meetings but will not be present at any conferences of committees at which actual important work of conference will be completed.

MYSTERY OF BILLS STILL UNSOLVED BY GOV'T. OFFICIALS

\$10,000 FOUND BY BOATMAN FLOATING IN THE RIVER

(By The Associated Press)
WASHINGTON, April 10.—While still trying to solve the mystery of \$10,000 in \$5 bills turned over to them by boatman who found the money floating in the Potomac river Friday, the Department of Justice agents spent yesterday digging up various places in the vicinity of the bureau of engraving. Whether they had definite clues that the money was stolen from the Bureau nearby could not be learned.

ATTY. GENERAL DAUGHERTY TO DISMISS CASE

(By The Associated Press)
INDIANAPOLIS, April 10.—Attorney General Daugherty arrived from Washington today unannounced, and declared authoritatively that he is considering dismissal of indictments pending in federal court here which some operators declared made it impossible for any wage conference that would end the coal strike.

POLICE BARRACKS WERE ATTACKED THIS MORNING

BESIEGED FORCE AT BROAD- FORD REFUSED TO SURREN- DER. DETAILS LACKING

(By The Associated Press)
LONDON, April 10.—Police barracks at Broadford, County Clare, occupied by official Irish Republican army units, attacked this morning, says a Limerick dispatch. They exchanged fire for considerable time, the besieged force refusing to surrender. Captain William O'Brien, in charge of units in barracks fatally wounded. No other details available.

DUBLIN, April 10.—A statement by the Irish Republican publicity department today says there was a meeting of the Irish Republican army in Dublin yesterday.

MANUFACTURERS CANNOT ENFORCE DEALER CONTRACT

TO HANDLE EXCLUSIVELY COPY- RIGHTED PRO- DUCTS

(By The Associated Press)
WASHINGTON, April 10.—Manufacturers cannot enforce contracts under which dealers had agreed exclusively to handle their copyrighted products, the supreme court today held in a case brought by the Standard Fashion Company against Macrane, Houston & Company of Boston.

FIGHT OVER NAVAL BILL APPROPRIA'N

PRESAGED BY VIGOROUS AT- TACK TODAY FOLLOWING PRESENTATION

(By The Associated Press)
WASHINGTON, April 10.—Fight over the naval appropriation bill was presaged by vigorous attack on being presented in house today following a formal presentation of minority views.

SANFORD CELERY STAMPED BY GOVERNMENT SEAL NOW ---PACK IS STANDARDIZED

FEDERAL COURT ENJOINS UNION IN ORGANIZATION

WORK IN COAL FIELDS OF WEST VIRGINIA, OPERATORS DON'T WANT IT

(By The Associated Press)
CHARLESTON, W. Va., April 10.—Judge McClintock, of federal court, today issued injunction against United Mine Workers to prevent organization work in this state. Action was taken on petition of sixty-three coal operators of Kentucky and West Virginia.

SPORTS

DUVAL WINNER IN HIGH SCHOOL TRACK MEET

GAINESVILLE, April 8.—Duval H. S., with a total of thirty-three points, carried away first honors in the 8th annual state high school track meet held here Saturday when six state records were broken and one equalled by athletes from twenty-six high schools of the state.

Blitch, of Tallahassee, established a new record for the 100 yards when he ran this event in 10 1-5 seconds; Hazeltime, of Miami, ran the mile in four minutes, 55 2-5 seconds, which is 2 3-5 seconds better than the old record. Jones of Duval paced the 220 yard dash in 23 2-5 seconds for a new state record. Vickery, of Gainesville, broke the record of 54 seconds in the 440 yard dash by running this event in 53 4-5 seconds.

There was no outstanding individual star of the meet this year. Hazeltime of Miami, and Jones, of Duval, tied for the medal given to the individual high point scorer of the meet, with a total of 10 points each. Marshall, of Fort Lauderdale, Reed, of Duval, and Vickery, of Gainesville, all scored a total of 9 points each.

Fort Lauderdale High will be presented with the banner by the University of Florida in recognition of the fine sportsmanship and perseverance shown in the last three years when they have finished in second place. This plucky little school lost out last year by the more margin of the delegation contest won by Duval and this year were but five points behind the winners. The summary:

100 yard dash: Blitch, Tallahassee; Marshall, Fort Lauderdale; Reed, Duval; Monetta, Lakeland. Time 10 1-5 seconds (new state record).
1-mile run: Hazeltime, Miami; Carter, Fort Pierce; Stuart, Fort Lauderdale; Vrieze, Duval. Time 4 minutes, 55 2-5 seconds (new state record).
120-yard high hurdles: Jones, Duval; Monroe, Hillsborough; W. Johnson, Monroe; Hillsborough; W. Johnson, Fort Lauderdale; Ditchenmuller, Fort Lauderdale. Time 17 seconds (new state record).
Shot put: Gillispie, Lakeland; Jones, Duval; Brown, Duval; Vickery, Gainesville. Distance 40 feet, 4 3-4 inches.
Pole vault: Baker, Fort Lauderdale; Robb, Fort Pierce; L. Marshall, Tallahassee. Height 10 feet, 4 3-4 inches.
220-yard dash: Reed, Duval; H. Marshall, Fort Lauderdale; Hobbie, Hillsborough; Monetta, Lakeland. Time 23 2-5 seconds (new state record).
Quarter mile: Vickery, Gainesville; Burwell, Fort Lauderdale; Hall, Ocala; McRoberts, Hillsborough. Time 53 4-5 seconds (new state record).
Discus throw: Lowenstein, Duval; Gillispie, Lakeland; Reed, Duval; Shirley, Bradentown. Distance 104 feet (new state record).
220-yard low hurdles: Monroe, of Hillsborough; Nalte, Duval; Jones, Duval; Burwell, Fort Lauderdale. Time 28 seconds (tied state record).
Half mile: Hazeltime, Miami; Vickery, Gainesville; Jordan, Gainesville; Romberger, Orlando. Time 2 minutes 11 2-5 seconds.
High jump: McDowell, Gainesville; Porter, Orlando; Lewis, Duval; Fol-

Each Package Bears the Government Stamp of Quality

PRE-COOLED PKGS.

FIRST TIME IN HISTORY OF CEL- ERY GROWING THAT GOVT. HAS STAMPED CRATES

The Pre-Cooling plant of the Sanford Farmers' Exchange has scored another big hit, which from a publicity standpoint, is of untold value. In addition to sending Sanford celery to the market, washed, pre-cooled, and standardized, each package now bears the stamp U. S.—1, which means that it is government inspected and is of first class quality. This is the first time in the history of the United States Bureau of Markets that this government stamp has ever been put on a package of celery anywhere in the United States, and it is the first time that it has ever been put on any package of Florida produce. Very often in the past shipments have been made to commission houses subject to government inspection at point of destination. Shipments from the pre-cooling plant bearing the government stamp U. S.—1 are being eagerly demanded by northern commission men, inasmuch as they know that produce so stamped finds readier sale than that not stamped.

C. M. Berry, the progressive plant manager of the Exchange, is responsible for this innovation. It was thru his efforts that the Bureau of Markets furnished an inspector who explained the requirements necessary in packing, before this stamp could be placed on each package, and as a result of this instruction it was but a short time before celery leaving the pre-cooling plant was packed to meet the strict requirements of the government.

"Stag Brand," the official trade mark of the Sanford Farmers Exchange, means a standardized pre-cooled package to the shipper. The government stamp U. S.—1 gives the added prestige and the fact that Sanford celery was the first to have this distinction brings more renown to this great industry of Sanford.

Board jump: Davis, Miami; Marshall, Fort Lauderdale and Baker Ft. Lauderdale tied for second, and third, Brumley, Gainesville. Distance 19 feet 8 3-4 inches.
Relay race (class A) won by Duval.
Relay race (class B) won by Tallahassee.

Celery is moving at a rapid rate. And celery money is coming in at a rapid rate.

Have you attended the Chautauqua, and do you intend to attend next year?

Soli's Marimba Band today and tonight will round out a week of pleasure and profit.

Walter Morgan is home for the week end and reports business in his territory as being very good.

"Friendly Enemies" at the Chautauqua tent last night drew a large crowd and was undoubtedly the best play that has ever been witnessed in Sanford.

J. G. Gallimore and several other editors of South Florida, passed thru early this morning for the Daytona meeting. C. E. Howard, of Orlando, was in the crowd.

Do you want to be throttled by the railroads? If not, read the article on the front page and join the Chamber of Commerce, the only organization that can successfully fight this new ruling.

J. Hochreiter, of New York, has arrived in the city to handle the business of Chas. Pape & Co., and his family will arrive next week. They will be here the greater part of the summer and will live at 604 Elm avenue.

Mr. and Mrs. Harry Walsh will leave next week for their home in Detroit where they will spend the summer but will come back to Sanford early in the fall for Mr. and Mrs. Walsh are real Sanford residents and boosters.

The Sanford Furniture Co. is sole agents for the well-known Eddy Refrigerator, and Jack Davison says it's the best on earth. He says the first Eddy refrigerator manufactured 75 years ago is now on exhibition at the company's plant after 30 years constant use, and then goes on to tell another fairy story of an Eddy refrigerator in Texas that is making a liar out of the owner. It seems that the owner lives in the country and formerly got to go to town three times a week to get ice. After installing the Eddy it was necessary for him to make the trip once a week. He had to think up some other story to get to town. All who believe this story can stand on their head and the rest of you can go to—see that refrigerator.

GASOLINE TAX INVALID, STATE WILL LOSE MONEY THAT WENT FOR ROADS

work that have been awarded will remain in effect. A check several days ago, he said, assured him that the department had monies in hand to take care of work already authorized. He plans to make a survey of the situation in the light of the court's decision, and learn just where the department will stand in the way of further projects.

Legal authorities appeared unanimous that there was little likelihood of a refund of monies already collected under the measure. No provision for such an eventuality exists in the fallen law, Attorney General Buford pointed out, and he agreed with other sources that a refund was virtually out of the question.

The law became operative June 10 last. While its operation so far had indicated an annual yield around \$600,000 Comptroller Amos said he believed that the measure would shortly have begun to yield at the rate of \$750,000 a year.

STANDARD OIL MAN DIES AT ST. AUGUSTINE

(By The Associated Press) ST. AUGUSTINE, April 8.—Martin F. Carey, vice president of the Standard Oil Company of New York, died at a local hospital after a stroke of paralysis, March 23.

You mustn't believe all that is written about the wicked movies. So many writers have had scenarios rejected.

Get that good turkey dinner or chicken dinner at the Seminole Cafe tomorrow. Eventually, why not now? 11-1tc

FOR SALE—Johnson bicycle motor, in good shape. If you don't want a motor on a bicycle it would be fine for a canoe or wind-wagon if fitted with an aerial propeller.—W. L. McAlexander, 200 Palmetto Ave. 11-1tp

TRUCK FARMS PROJECT IS LAUNCHED AT AVON PARK WITH 1,000 ACRES

AVON PARK, April 8.—Organization of the Red Hills Farms, Inc., was perfected here recently with a control of about 2,000 acres of trucking land. Within the last two weeks, with the sales campaign not yet started, the company has sold twenty-four of the farms into which the property has been divided. The farms sold ranged from ten to forty acres, and some of the purchasers have already started building. A considerable acreage of strawberries will be tried out on the land in the coming year.

While previously Avon Park had not been considered as a trucking section, the organization of the Red Hills Farms, Inc., is expected to give it prestige in this form of agriculture.

The shipment of citrus fruits from this section is continuing, with the packing houses working full capacity. The total shipments for the season are expected to be about 200,000 boxes, as compared with 125,000 boxes in the previous season. The grapefruit being sold here is bringing prices from \$3.50 to \$4.50 a box.

The Pittsburgh-Florida Fruit Growers' association, which is planting more than 4,000 acres in citrus fruits, has shipped about 60,000 boxes this year from its first unit of plantings, about '00 acres, which came into bearing this year. The association marketed its fruit through its own packing house, which it erected this year.

NEW BASEBALL RULES.

ORLANDO, Fla., April 9.—President Walter W. Rose, of the Florida State League, promulgated two rules yesterday for the guidance of local management of the various clubs of the league.

He is determined to protect the umpires this year by ruling that two police officers must be stationed in the parks at each game within easy hailing distance of the umpires. Rule No. 2 provides that no one not in uniform and actively engaged in the game shall be allowed to lounge on or around the players' bench.

You are bound to get one of our dinners sooner or later if you stay in Sanford. You hear about them every day from satisfied customers. At the Seminole Cafe. 11-1tc

DR. BRITAN PREACHES AT THE BAPTIST CHURCH TOMORROW.

The people of Sanford will be glad to know that Dr. C. M. Brittan will preach at the First Baptist church tomorrow.

Dr. Brittan has been a preacher of note for many years and is well and favorably known throughout the state. The Baptists here are to be congratulated upon having him to supply for them during the time while they are without a regular pastor.

The subject for the morning hour, 11 a. m., will be "The Divine Lever," while the evening topic will be "The Strength of Zion."

The evening hour has been changed from 7:30 to 8 o'clock.

In addition to the sermons by Dr. Brittan the church has prepared a program of song and music under the direction of Miss Simmons, organist, and Mrs. Phillips, choir leader.

SUES CITY FOR \$50,000 FOR HUSBAND'S DEATH

MIAMI, April 8.—Mrs. Clara Marler, widow of R. R. Marler, a city patrolman who was shot and killed several months ago by County Detective Jack Adams during a man hunt, yesterday filed suit for \$50,000 against the city.

Adams, with deputies and policemen, at night had surrounded an estate where a negro was believed to be hiding. Adams saw a clump of bushes move and believing the negro to be concealed there called out. When a form was seen to move, without an answer coming, he fired. Marler stood up and cried to him that he had been hit and fell dead in Adams' arms when the latter reached him.

ENGLISH PILOT DEAD WAS IN AERO CRASH AERIAL EXPRESS PLANES

(By The Associated Press) PARIS, April 8.—E. Duke, pilot of the English plane that crashed yesterday, died today, bringing the deaths to seven from the collision of the two aerial express planes in mid-air.

Uncle Sam shouldn't be unreasonable. He should remember that he took his own time to pay his debt to Lafayette.

We suspect at times that our butcher is descended from some jungle ancestor who used to lie in wait to get his living.

ST. PETE TO FLOAT BOND ISSUE OF \$365,000

(By The Associated Press) ST. PETERSBURG, April 10.—Voters of St. Petersburg on May 16 will decide whether the city shall float a bond issue of \$365,000 for municipal improvements, including construction of an electric power plant at a cost of \$300,000. The plant would be used to generate power for the municipal water plant and the municipal railway system, and later for the street lighting system. It would not serve private corporations or individuals. Of the remaining \$65,000, completion of the original Bayboro commercial harbor project would consume \$50,000, while the balance would be used for extension and enlargement of the sewerage disposal plant. The date for the election was selected at the last meeting of the City Commission. The bonds would bear 5 1-2 per cent interest and would run for a term of 30 years.

Vaudeville Show, Men's Club, April 21st. 6-tfc

SHOULD NOT SPRINKLE LAWNS DURING FIRE

(By The Associated Press) ST. PETERSBURG, April 10.—The city commission here declares citizens should not sprinkle their lawns or use water unnecessarily while a fire is in progress, because the fire department at any time might need every drop available. In order to impress the fact upon the minds of residents an ordinance to that effect has been passed and violators will be fined \$25 and costs for each infraction of the law.

ST. PETE TAKES ADVANTAGE OF SUMMER RATES

(By The Associated Press) ST. PETERSBURG, April 10.—St. Petersburg is probably the first city in the state to take advantage of the recent announcement by the railroads that summer rates to Florida will be granted this season. In order to attract summer visitors, members of the Apartment House Owners' Association have voted to cut the winter rental scale 50 per cent.

RUST MITES CAUSE LOSS OF FIFTY CENTS PER BOX

GAINESVILLE, April 10. — Rust mites cause a loss of fifty cents a box on about half of the Florida citrus fruit crop, according to Professor J. R. Watson entomologist of the Fla. Experiment station here, but the loss may be prevented at slight expense if the young fruit is sprayed with lime sulphur solution. Spraying, Prof. Watson says, should be done as soon as the mites return in appreciable numbers. The mites are very small and can be seen only with the aid of a hand lens and because of this Prof. Watson declares the fruit should be watched closely. The mites are worst on grapefruit in April and on oranges in June. The lime-sulphur solution should not be used when the temperature is above ninety degrees.

GAINESVILLE POLICE IN BIG CITY CLASS

(By The Associated Press) GAINESVILLE, April 10.—Gainesville's police department is now out of the small town class and members of the force will be paid soon salaries instead of fees. The ordinance putting the salary feature into effect will become effective October 1, the beginning of the fiscal year. The City Council at the same meeting fixed the salary of the City Manager at \$3,000 and that of the City Marshal at \$2,100.

Fortunately, however, posterity will have only our epitaphs to judge us by.

You won't go wrong when you buy a Huppmobile. It's the best automobile in the world in its price-class. 6-tfc

ADDITIONAL LOCAL

Mr. and Mrs. A. F. Porter of Loughorne, Pa., who have spent the winter in St. Petersburg, are the guests this week of Mr. and Mrs. J. D. Martin.

Guy McMullin of Jacksonville is among the new arrivals in the city and will have charge of the new ice delivery here for J. L. Hart. As soon as possible they will ave a warehouse on the railroad.

John Bell of Lake Monroe and Walter Hand of the west side announce their candidacy for the position of county commissioners today. John Meisch has already been announced by his friends for the position which makes three for the place, as L. P. Hagan the present commissioner will not run.

R. W. Pearman, Jr., the secretary of the Sanford Chamber of Commerce remained over the week-end for a visit with Daytona friends. Mr. and Mrs. Pearman spent six months at the beach last summer, and their trips to the seashore is something like coming home. Mr. Pearman is the secretary and treasurer of the newly organized South Florida and East Coast Good Roads association, and attended the Good Roads meet at the Casino Burgoyne on Saturday.—Daytona Journal.

OUCH! BACKACHE! RUB LUMBAGO OR STIFFNESS AWAY

RUB PAIN FROM BACK WITH SMALL TRIAL BOTTLE OF OLD "ST. JACOBS OIL"

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!—Adv.

Notice of Application for Tax Deeds Under Section 575 of the General Statutes, Laws of Florida

Notice is hereby given that Charles D. Cary, purchaser of Tax Certificate No. 16, dated the 2nd day of June, A. D. 1919, has filed said certificate in my office and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property in Seminole County, Florida, to-wit: W 1-2 of SE 1-4 of SW 1-4 of SW 1-4 and SW 1-4 of SE 1-4 of SW 1-4 and NW 1-4 of SW 1-4 lying E of W line of Sanford Grant (less 825 ft. N and S by 660 ft. E and W in SE corner and less N. 7 1-2 ch.) Sec. 29, Twp. 19 S, Range 30 E., containing 25 acres. The said land being assessed at the date of the issuance of such certificate in the name of Elizabeth Kissel.

Also: Tax Certificate No. 18, dated the 2nd day of June, A. D. 1919, has filed said certificate in my office and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: All NE 1-4 in Sanford Grant (less beg. 45 lks. W of NE cor. run W to intersection of W line of Sanford Grant, SWly along Grant line 15.60 ch., E 4.68 ch., NEly 17.55 ch. to beg.), Sec. 31, Twp. 19 S., Range 30 E., 116 acres. The said land being assessed at the date of the

issuance of such certificate in the name of Elizabeth Kissel.

Also: Tax Certificate No. 22, dated the 2nd day of June, A. D. 1919, has filed said certificate in my office and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: Beg. NW cor of NE 1-4, Sec. 32, Twp. 19 S., Range 30 E. Run E 12 chs., S 20 ch. to S and L E Ry Wly along same 7 1-2 ch., N 29 deg. W 10.96 ch., W 10 ch., S 11-13 ch., NEly 23 ch., S 14 deg., E 8 ch., S 64 deg., W to pt. 30 ch. W of E line of Sec. and 10 ch. N of S. line of NE 1-4, S 10 ch. W to SW cor. of NW 1-4 of Sec. N to NW cor. of Sec. E to beg. 167 acres. The said land being assessed at the date of the issuance of such certificate in the name of Jacob Kissel.

Unless said certificates shall be redeemed according to law, tax deed will issue thereon on the 15th day of May, A. D. 1922.

Witness my official signature and seal this 10th day of April, A. D. 1922. (SEAL) E. A. DOUGLASS, Clerk Circuit Court, Seminole County, Fla. 4-10-6tdh By: A. M. WEEKS, D. C.

THE BLAZED TRAIL

Workers in the woods frequently find the trail blazed by the axes of those who have gone before. Guided by these marks, they easily find their way.

Advertisements perform a similar duty for you in the important business of spending your money. They point the way to values of which you would never know if they were not there to guide you.

Do you read them? Wise shoppers do. They are the economical buyers—the ones who keep themselves strictly up-to-date on the best opportunities for saving money, or spending it judiciously?, which is one and the same thing.

Read the advertisements in this paper. Read them to know what's what in the shopping district. Read them because they place before your eyes a moving panorama of business progress. Read them to save money—to save steps—to save disappointments. Read them because they blaze your trail to satisfaction in your every-day buying.

Read them regularly. Follow their guidance. IT PAYS

WORK THEY ENJOY

Darkeys in Their Element at Cane-Cutting Time.

Busy Scenes Are Those on the Sugar Plantations When the Harvest Is Being Gathered.

"Wake up, yba niggers, and git yoa breakfast ready! Wake up and git to work!" rings through the streets of the little town still rapt in slumber. Helene Robbins writes in the New Orleans Times-Picayune. Four o'clock and the crier goes slowly on. The black, foggy night lags in flight as if wondering when the brilliant sun will come to frighten it away. Loudly and more insistently the old man cries the alarm, alternating between a sing-song and a more emphatic call. The gradually one seems to know that life bestirs itself behind the closed doors of the cabins. Here a woman, opening the door, stares at the receding back of the crier, there a man's dark head protrudes from the wall, curtains in an open window and calls to a friend in the neighboring house. Smoke curls upward from rows of chimneys. The odor of coffee fills the air. Lights gleam in the curtained doorways, and hoisterous chatter proclaims the workers preparing for the field.

Soon they stream from the cabins, men and women, young and old; huge sun hats cover the dusky heads. The women's skirts, looped up by the strings about the hips, reach only to the knees, the upper excess of cloth forming a bustle effect of ample proportions. Pipes in mouths, dinner buckets in hand and cane-knives slung over shoulders, the colorful procession of workers wends its way, slip-slop, slip-slop, through the streets, into dusty roadways and on to the cane field destination. Children, too, accompany it, to play with the shanty children on the plantation grounds. Or left to themselves at home they grasp their chance of uninterrupted squabble and play with happy hearts.

Now in the fields, the slashing of the tall cane stalks forms an accompaniment for the songs and chatter of the negroes. The overseer as he rides by, stopping his slow-moving horse for a moment to survey the fields of workers, sees bended backs, hears the calls to one another or the now almost breathless songs, and smiles a bit, for he enjoys the cane-cutting harvest as much as they. And truly the negroes enjoy it, that camaraderie especially, and the opportunity to exchange the sawmill jobs at \$2 and \$3 a day for \$1.50 and a full day's work in the field. They cut, as they say, "from kin to kin," from the time when they can see till the time when they can't, and they enjoy it.

But the negroes are not the only ones who enjoy the cane cutting and grinding season. The boys of the neighborhood are in the element. When armed with a stout knife they battle against the huge ever-revolving carrier that hauls the stalks up into the mill and out of their reach. Better and sweeter still is the cane chewed on the fly in the solitary midst of a waving cane field, or "swiped" from loaded freight cars in the early morning, one eye "peeled for the watchman" the other on the lookout against wormy cane. How torturing are the after-hours spent at school for lesson failure or for "teasing the girls" when the other fellows are out in the cane fields or at the mill! And when knives are forfeited for a period, for cutting desks instead of cane, how cruel to them is the punishment! Sugar cane season is indeed a school season of cutting and squirming.

One can imagine, for hours at a time, the scenes taking place in the fields or in the mill, but cares and duties call and the fascinating plantation view must be left for fall house-cleaning, or garden-making, or busyness until the bell calls once again. In the meantime, negroes bend to their task in the fields, the great mouth of the derrick hauls the cane into the carrier, boys and girls chew cane, and life on the plantation, a mild world in itself, goes along in humdrum, everyday fashion.

The Swiss Are Thrifty.
The British seaborner saves the postmaster general from a great deal of the competition which is robbing the Swiss post office of revenue, remarks the "Under the Clock" columnist of the London (England) Daily News. I saw the other day a post card addressed to Geneva by a Swiss business man living near the Austrian border. The card bore Austrian stamps to the value of seven crowns, and had been posted at Feldkirch. A post card from one point to another in Switzerland costs ten centimes, but for ten centimes a Swiss can buy a hundred Austrian "landskronen, with which he could, by posting from the other side of the frontier, send into Switzerland fourteen post cards and have still two crowns in hand.

Fur Bearers Vanish.
The muskrat, formerly held in small esteem, is today recognized as the most important of American fur-bearing animals. Its pelt, having become fashionable, commands an ever-increasing price.

Thereby the pursuit of the little beast has been stimulated, with the result that its numbers nearly everywhere are rapidly diminishing. Trappers in the state of Wisconsin took more than 800,000 muskrats in 1917. In 1918 they took fewer than 300,000, and in 1919 only about 150,000. —Philadelphia Ledger.

EAST SANFORD

It is understood that Rev. T. W. Rancher will be at Moore's Station church to preach hereafter on the 1st Sunday instead of the third as heretofore.

Mrs. Jones and Miss Hoskins Jones were dinner guests of Mr. and Mrs. J. H. McCaslin in town Monday evening of last week.

Mrs. C. A. Palmer was called again to Palatka last week at the death of her father, Mr. Gatling.

Mr. and Mrs. A. Corpany drove to Auburndale last week to visit Mr. and Mrs. Charles Adams and also visited Winter Haven to purchase nursery stock and Lake Gem this week for more young citrus trees.

Fred Townsend arrived here a week ago Saturday from Los Angeles, Cal., to visit the wife and family of his late brother, George Townsend of Mellonville avenue. He was very favorably impressed with the Sanford section, and as he has just recently disposed of his walnut grove in California he may decide to come here to reside. He left the last of last week for his home.

Miss Gladys Deiterick was at home last Sunday for the day from Orlando where she is nursing for Dr. McEwen again.

D. L. and Robert Thrasher have bought 15 acres more land of A. B. Cameron adjoining that which they bought last year of Mr. Cameron.

Mr. and Mrs. W. L. Henley have bought four acres uncleared land on Celery avenue from H. H. Chappell opposite their farms and are having some clearing done and preparing to build a modern home.

Mr. and Mrs. J. W. Corley have moved onto their new place recently purchased and are having clearing and tilling done and expect to build a new home soon.

Mr. and Mrs. Edward J. Ward, Jr., have moved from town to the Corley place that Mr. and Mrs. Bates bought recently. Mr. and Mrs. Bates will come out shortly to reside also. Mr. Ward is Mrs. Bates' son.

Mr. and Mrs. E. J. Cameron have gone to the Cameron ranch at Bostwick to remain for the next three months.

C. E. Corpening and party enjoyed a fishing trip to Econtockhatchie creek last Saturday.

The first snap beans and coco zilla or Italian squash were shipped out of East Sanford last week. Some growers expect to begin pepper picking in about 10 days.

Nick Zernovean killed a big diamond back rattler last Monday and says it was trimmed up with twelve rattlers and a button.

MEMBER THE ASSOCIATED PRESS

Some Sanford girl should win that \$500 prize of the Tampa Times for the prettiest girl in Florida. Sanford has the reputation of having the prettiest girls in the south.

Mary Garden wept when kissed twice on the Pacific coast, says the Times-Union. We don't blame her a bit.—Orlando Reporter-Star.

And they do say that the beauties of the Pacific coast are almost beyond belief. Yes.

It will be up to the representatives of Seminole and all other south Florida counties as to whether we get what is rightfully ours or whether we allow west Florida counties to hog the whole thing as usual. We need strong men in the legislature next time and men who know how to give and take.

Wealthy oil man in Oklahoma who shot the aviation officer for fooling with his wife and pleaded the unwritten law will undoubtedly go free as the coroner's jury could find nothing against him. A few more killings would stop such business altogether and make the name of woman more sacred.

The good roads meeting at Daytona will strengthen the attitude of south Florida in the matter of paying taxes for roads to be built in west Florida through counties that are not progressive enough to have bond issues for their own roads. It will also bring up many matters of interest that the public should know about the road money.

The Daily Herald has almost reached the stage where it will be eight pages every day and this in the summer time or almost on the verge of the summer time. It is up to the business men of Sanford as to whether they want a big daily paper or a small one. The foreign advertisers are taking to the Herald for they know the papers that get them results.

Tomorrow is the day that all of us will march down to the polls and cast our vote for the \$100,000 bond issue for the Osteen bridge and the improvements on the roads already built. Voting for these bonds is merely safeguarding your interests already invested in roads and unless they are repaired now it will cost twice this sum in another twelve months. It is merely good business in this instance and good business is what the tax payers want.

The time has passed when the nine foot roads will solve our road questions. The nine foot road may have been alright a few years ago but they are an abomination now when a car has to keep two wheels off the road all the way to Orlando. The nine foot roads can easily be made into sixteen foot and twenty four foot roads and this should be done everywhere. We are waiting for the road department to put in our share of the road money into some of our roads now but it seems like an endless waiting.

Building the Osteen bridge will interfere with the revenues of the Monroe bridge and you can look for opposition to the bonds in some quarters where the private pocket

FINE ASSORTMENT OF
EASTER CANDIES
DEANE TURNER
Phones 497-494
WELAKA BLOCK

book is being touched. However, if you sift the matter down you will find out why a certain few might oppose the bond issue. But the every day citizen is profiting by the bond issue, he is having a chance to vote for repairing roads that need repairing, he is voting bonds for one time for purposes that he can see before the bonds are voted and the matter is so plain that the bonds will be voted by the biggest majority ever given a bond issue in Seminole county.

THE JOY OF SERVICE.

Railroad men everywhere will be interested in the story of "Ed." Haley, veteran engineer on the New York Central. Just a few days ago Engineer Haley was accorded an ovation all along the main line of the New York Central that would rival that given a president of the United States. At every station hundreds turned out to acclaim the man as a hero. When the famous Empire State express rolled into Buffalo on time to the second, hreaming whistles and waving flags greeted the train and its engineer. High railway officials came to the station to extend felicitations. What was it all about? Edward J. Haley was making his last trip; he had reached the age limit of seventy years and according to the rules of the railway which he had served so long and so faithfully, he had to retire to make room for younger men. Fifty-two years of faithful service in the cab of a railway locomotive is a long time to be engaged in one occupation but in that more than half century Ed. Haley had seen wonders happen in the railway world. "Way back yonder he had stoked the boiler, using wood as fuel. Then came coal and later still, oil fuel. He has lived to see the diminutive four-wheeler give way to the giant machines that annihilate space at the rate of anywhere from 60 to 90 miles an hour. Naturally he has enjoyed an acquaintanceship covering much of the territory between New York and Buffalo; knows thousands of folks by their first name. So Ed. Haley was given an ovation on his final trip; the concluding tribute was a great dinner in Buffalo attended by engineers on the Empire state. Haley's record may well be held up as worthy of emulation. His position has been one not unmixd with hardships and always attended by danger and grave responsibilities. To have performed his task so well is a credit to the fraternity at large.—Lakeland Telegram.

DOUBTFUL IF BRYAN WILL ENTER SENATORIAL RACE

It is now a serious matter of doubt whether W. J. Bryan will seek the junior senatorial toga from Florida. April 5 was the date upon which he was going to announce his decision, but the Great Runner has informed the editor of the Tampa Times that Mrs. Bryan is ill and that he would not think of seeking a political office if his loved one was in such a serious condition as to demand his continuous attention. The primary is drawing nearer, Bryan will have to canvass every section of the state so that the people can get acquainted with him and learn his identity and platform, and the matter of state organization is in a highly imperfect condition. In the meantime we have observed that only five or six newspapers in Florida have taken a definite stand for Bryan, and there are about 150 newspapers large and small, published in the state. We should think the odds are in favor of W. J. Bryan's remaining a humble citizen of Miami.—Orlando Sentinel.

Bryan will not run unless Senator Trammell and his Washington press agent induce him to run in spite of himself. Of all the cases of poor publicity that stuff that is coming out of Washington in behalf of Trammell is the worst and will do more to stimulate antagonism to Trammell than anything that could be done. His friends here have written him about it and it is to be hoped that no more of that slush will be forthcoming. If Bryan or any other man wants to run let him. That old idea of trying to stop people from running for office always acts as a boomerang and nine times out of ten helps the opposition into office. Park Trammell has enough friends in Florida to elect him if he will keep his Washington correspondent quiet and stop talking about Bryan and his eligibility just as though Trammell was afraid of him or afraid of his shadow or some other apparition. The thing for Trammell to do is "fire when he is ready" and let the other fellows severely alone.

TAMPA'S ONLY SALVATION

Again has the iniquitous "fourth section" readjustment of rail rates been endorsed and made official by the Southern Traffic League. Tampa is a member of this League; but as rate expert Hoskins, who represented Tampa at the Atlanta

UNCLE HANK

About as far as some fellers git in th' public eye is to write their names on th' capitol dome in Washington.

meeting told the body, Tampa will take no part in it. Mr. Hoskins says that while all seaports lose by the "readjustment," Tampa, which is at the far end of the line in southern Florida gets the worst of it—gets the highest rates based practically on actual mileage, and without recognition of water competition.

It will be recalled that, in substance this "fourth section" abolished all competitive rates based on water haulage, ostensibly for the purpose of "placing interior points on an equitable basis with seaports." And the interstate commerce commission approved it. The meaning of it is, practically, that Plant City, for instance, being an "inland point," will get its freight all-rail from New York or the West at the same rate that Tampa, a seaport, will be able to get its goods via all-water—the only difference being that instead of lowering the rate all-rail to Plant City to meet the all-water rate to Tampa, the all-water rate to Tampa has been wiped out, and the rate via all-rail to Plant City, plus the mileage to Tampa has been made dominant.

Of course, there's a remedy for this, Mr. Hoskins points it out. He says:

"By moving every pound of freight possible by water instead of by rail. Mr. Hoskins believes the salvation of this port can be reached. In fact, he believes that eventually the carriers will fall over themselves in eagerness to reduce their rates to ports again to meet water competition."

He jests at scars who never felt a wound; says an old proverb. The railroads today are jesting at a water borne commerce, while at the same time they are doing every possible thing to tear down that which has already been built up. Not only have the roads refused to co-operate in through rates and through bills of lading for water and rail shipments; not only have they succeeded in having the interstate commerce commission abolish the principle of water competition; but they have gone so far as to demand of congress that the railroads and the trans-oceanic and other steamship lines be permitted to merge and go under the control and operation of the railroads.

A good course of the medicine recommended by Mr. Hoskins will cure much of this.—Tampa Tribune.

ADVICE OF A MOTHER THAT MIGHT BE OBSERVED TODAY

"Fiddling Bob" Taylor, once beloved governor of Tennessee, was born in the mountains of his native state and reared under the most exacting circumstances of poverty. His father and mother were uneducated, and in order that her son Bob might study "to be a great man" the mother used to take his place behind the plow that he might remain from work to read and learn the secrets necessary to success.

Only a man with the soul and power of expression of Taylor could properly tell the sacrifices which attended the struggle to "amount to something" in the world. His references to his mother are filled with a sentiment that is universal and clothed in words that are unequalled for language.

When "Fiddling Bob" was leaving his mountain home to begin search for fame, after kissing him on the brow his mountain mother wiped away her tears and said "Remember my son, ye air born to die."

That was the only advice she offered; and it was enough. "Fiddling Bob" told how on more than one occasion the memory of that one sentence changed the whole course of his life.

"Remember, my son, ye air born to die."

The advice that mountain mother gave her ambitious son, if observed today by men and women in the high and low walks of life, could be made a great inspiration, because, after all—

"The boast of heraldry, the pomp of power
And that beauty and wealth e'er gave,
Alike await the inevitable hour—
The paths of glory lead but to the grave."

—Jacksonville Metropolis.

THE POLITICAL POT BOILS.

The political pot is commencing to boil and the Herald is glad that our citizens are taking such an active part in politics this year. It is something that every citizen should do if they want the best men to be elected to office. We should not lose any time from our business and make politics the main issue of our young lives but we should take an interest in politics and strive to get the best men into office or the best women as the case may be. We have a right good line on all of our own citizens who will become candidates and we know what they will do and what they are capable of doing if elected. It is just a little friendly rivalry among ourselves and we should not take umbrage at any fancied wrongs of the past, we should not vote against a candidate for personal reasons, we should not hold him up to the light of day for something his relatives may have done, but we should vote for the man and remember always that all of us have our frailties and our foibles and none of us are perfect. If all the voters will carefully weight the abilities of the candidates and then vote for the best man the offices will be filled with the best. Now that the election approaches let every voter study the situation calmly and dispassionately and pass judgment only upon their fitness for office. As usual the Herald does not intend to take any part in local politics. The Herald is the only paper here and it is not fair to take sides against any of our local candidates. The columns are open to friendly discussions as usual and the paid matter will be charged for as usual and the primary will pass into history as usual with but little friction and the best man or woman will win.

TO DARKEN HAIR APPLY SAGE TEA

LOOK YOUNG! BRING BACK ITS NATURAL COLOR, GLOSS AND ATTRACTIVENESS

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly! You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Adv.

VISITOR'S WEEK

This week has been designated as Visitor's Week in the Sanford Grammar School.

All patrons and friends of the school are earnestly requested to visit the different class rooms and become familiar with the methods taught and the work being done.

There will be no general exhibit of pupils' work at the close of school this year, so all parents are especially urged to visit the school this week.

The Eighth grade will have charge of chapel on Friday morning and an interesting program is being prepared.

CLARA MILLEN,

Principal Sanford Grammar School.

PHILLIPS-RAKER

MUSIC AND LITERATURE DEPARTMENT

There will be a short meeting of the Music and Literature department of the Woman's Club Wednesday afternoon after which the following program will be rendered:

- Lucia de Lammermoor.....
- Mrs. W. Morton Thigpen.
- (a) Regnava nel Silenzio
- (b) Quando Rapito ni estasi
- Mrs. Julius Takach
- Sextette—Piano Study for left hand..... Mrs. R. E. Tolar
- Martha (Flotaw), Mrs. R. A. Terhune
- (a) Last Rose of Summer
- (b) Good Night..... Club Chorus

SOCIAL DEPARTMENT

The regular business meeting of the Social Department of the Woman's Club will be tomorrow afternoon at three o'clock. Following the business meeting, the members will be entertained at bridge with Mrs. Fred Williams as hostess. Please phone Mrs. W. T. Langley for reservations for Bridge.

PARKER-PEPPER WEDDING

A social event of the week of special interest in Ashland was the marriage of Mr. Howard Parker and Miss Census Pepper which was solemnized at the residence, of the bride's parents, Prof. and Mrs. J. D. Pepper Sunday afternoon at 3:30 o'clock. It was a quiet home affair and was witnessed by only a few of their friends and relatives. Rev. S. J. Ingram officiated, the beautiful ring ceremony being used.

Mr. Parker is a native of Clay county and attended school several years in Ashland. He also served an apprenticeship in the printer's trade here before going to Florida about a year ago. He is an excellent young man and has rapidly worked his way to the front in Florida where he now holds a splendid position with a printing establishment at Sanford. His bride is one of Ashland's most modest refined and amiable young women and a worthy helpmate of him with whom she has linked her life.

Immediately after the marriage rites were solemnized Mr. and Mrs. Parker, accompanied as far as Alexander City by a party of friends left for their home in the "Land of Flowers." That success and happiness may attend them through life is the wish of their many friends.—The Ashland (Alabama) Progress.

Circle No. 2 of the M. E. church will have an Easter Basket Sale Saturday April 15th at the Union Pharmacy. 12-5c

SENIOR PLAY

The Senior Class of the High School will present "The Hoodoo" on the evenings of April 20th and 31st. This play by W. R. Hale, is a three act comedy with 24 characters and one of the best of the very excellent senior plays that have been enjoyed for so many years by Sanford people. "The Hoodoo" is an Egyptian Scarab given by Prof. Spiggott to Brighton Early as a wedding gift. Under its evil influence Brighton is blackmailed by a former flame; the susceptible Billy Jackson finds himself engaged to three ladies at once, the Professor is accused of bigamy. Dun, the clever burglar, is caught. Matters are straightened out when the scarab is buried. Hemachus, the professor's son and Paradise, the colored cook, are exceptional comedy characters. The prices are the same as always: 35c and 50c. 12-3tp

Mrs. Lois Mayes of the Pensacola Journal, Mrs. Longman of Brooklyn, Frank K. Anderson of the Florida Grower, George Hosmer of the Bradentown Journal and Tom Appleyard, state printer of Tallahassee were in the city Saturday night after attending the meeting of the Florida State Press Association at Daytona and were entertained here by Mr. and Mrs. E. J. Holly.

TRY A DAILY HERALD WANT AD.

GOOD ROADS ADVOCATES CONVENED AT DAYTONA, URGE AN EXTRA SESSION

(Continued from Page One)

Frank Bryan, Fort Lauderdale; L. P. Dickey, Tampa; S. A. Belcher, Miami; Forrest Lake Sanford; J. B. McDonald, West Palm Beach; Richard White, Fort Pierce; S. Harris, St. Petersburg.

An eloquent address of welcome was made at the morning session by S. C. Archibald, president of the Daytona Chamber of Commerce. Mr. Schilling was the first speaker and from the close of his statement as to the building program for the year, the conference hit on all cylinders at once with no skips recorded. Hon. Forrest Lake emphasized that the organization had no criticism of the State Road department. What the men were after was the up-keep of the roads already built on the Florida Seaside Route and the East Coast Dixie Highway. His appeal was for the repair of the roads built and the ceasing for the present of any new road construction. "The first thing of importance is the taking care of what we have," explained Mr. Lake.

"For the past ten years we have helped ourselves," said a South Florida speaker. "We have developed the State to a point where it has gone beyond us, and that same development now demands our attention and resources," he added. The speaker phrased the sentiment that seemed to be held by all present. The East Coast had built all its roads and wished to construct others, but the State aid had gone elsewhere instead of supplementing the prodigious efforts of the builders of the East Coast.

W. A. McWilliams, who was the presiding officer of the Florida State senate, explained just what had happened to the law providing one cent tax on the gallon of gasoline. It seems the bill had been mislaid after passage. It was inadvertently placed in the drawer of the chief clerk and had not been properly certified, and because of that the Supreme court had ruled it null and void, inasmuch as it had been certified by the State authorities after the close of the session. Mr. McWilliams stated that it had not been declared void because of any point raised as to it being an excise tax or a license fee. Mr. McWilliams stated that it would cost the State about \$20,000 to hold a three days session, but it would save \$600,000 for the road building projects of the state.

At the afternoon session the reports of the committees were heard, and a collection taken amounting to \$22.85. The following resolutions were offered and accepted with enthusiasm:

Resolved, That the State Road Department is urged and requested to preserve the roads that have heretofore been constructed on the East Coast and in South Florida before undertaking any new construction of the roads in any other parts of the State.

WHEREAS, The State Road Department at their next meeting in the First Congressional District at a place to be named by the member from that district, and

WHEREAS, Mr. W. W. Clark has named Tampa as the place for that meeting, and

WHEREAS, the present Board has not held a meeting in that district, THEREFORE, be it Resolved that the South Florida and East Coast Good Roads Association in meeting assembled call upon the Chairman of the State Road Department to call the April meeting of the Department in the city of Tampa, prior to any meeting of the Board at any other place.

Passed this 8th day of April, 1922, in regular meeting assembled at Daytona, Florida.

RESOLVED That the Governor of the State of Florida be requested to call as early as possible a special session of the legislature for the purpose of enacting a Gasoline Tax Law, and to provide such other legislation as is necessary to provide funds for the building, repairing and maintaining of roads in the State of Florida.

RESOLVED, That this association extend to State Road Commissioner I. E. Schilling, our thanks for his presence at this meeting and for the information given, and express regrets that other members of the Department were not able to be present at this Conference.

RESOLVED, That a vote of thanks be extended to the Mayor, City Officials and Chamber of Commerce of Daytona: for their hospitality displayed to delegates at this meeting.

A committee on constitution and by-laws was appointed with J. A. Reilly of Ormond as chairman and W. B. Goldenberg and John Z. Pepper of Daytona as other members. In the closing hours of the convention, the one thought expressed and elaborated upon was that the new organization had made an excellent beginning and the forward word was "Follow On." The meeting adjourned to meet at the call of the president.

HIGH SCHOOLS PREPARING FOR FLORIDA AQUATIC MEET AT ROLLINS COLLEGE APRIL 29

Annual Affair Will Attract Big Crowd From All Over State of Florida

High schools in Florida are getting all prepared for the Florida Inter-scholastic Aquatic meet which is to be held at Rollins College April 29th.

This water meet is an annual affair at Rollins but judging from the number of entries now in hands of the athletic director of Rollins this year's meet will be the largest water carnival ever staged in the state for high school competition.

The meet will be held under the rules of the state high school athletic association and the Amateur Athletic Union of the United States of which C. W. Streit, of Birmingham, Ala., is vice-president.

The meet will be held on Lake Virginia being located on the edge of the college campus. Owing to the ideal location of the lake in regard to the rest of the college Rollins has the best natural accommodations for a water meet of any school in the south.

Officials for the meet will be elected and at the present time the following men have been selected to judge the contests. C. W. Streit, Jr., will act as honorary referee, A. A. Doonan of the Atlanta Athletic Club will act as honorary judge of the events; Henry Kart will act as referee; Ralph Doble will act as clerk of the course and Jack Branham as assistant clerk of the course. Roy Symes, scorer; Franklin O. King, starter; S. Kendrick Guernsey, announcer; F. P. Schlieter, captain of the course; Wilbur Flower, H. W. Caldwell and M. J. Duetwyler, as judges. Arthur Lanstreet, H. W. Barnum, Asher Peter as timers and Dr. Rollard Hotard as physician will compose the rest of the officials of the meet.

Cups amounting in excess of \$1,500 have been given by the following people for the winners of the various events in the meet.

Henry Kart, Evans-Rex, Winter Park Land Co., Union State Bank, A. Schultz, Standard Auto Co., F. W. Shepard, Winter Park Auto Co., Dr. Edward Lippincott, Marguerite Kart, Winter Park Business Men's Club, Winter Park Plumbing Co., Ralph Lucius, R. F. Leedy, Roy Symes, Bank of Winter Park, all of Winter Park and Franklin O. King, Lions Club, Superior Nurseries and the Orlando Chamber of Commerce all of Orlando and Greenleaf and Crosby of Jacksonville compose the list of donors to the meet.

Starting with the 50-yard-dash for boys at 9:30 a. m. the program will continue throughout the day.

The following list will embrace the events of the day.

- 50-yard dash for boys.
- 220-yard dash for boys.
- Plunge for distance.
- 100-yard free style for boys.
- 100-yard breast stroke for boys.
- Fancy diving for boys.
- 75-yard dash for boys.
- 440-yard free style for boys.
- 100-yard back stroke for boys.
- Relay for boys (4-man team) 110 yards each.
- 25-yard dash for girls.
- 50-yard dash for girls.
- Plunge for distance.
- 50-yard free style for girls.
- 220-yard free style for girls.
- 50-yard back stroke for girls.
- 100-yard free style for girls.
- Fancy diving.
- 75-yard dash free style for girls.
- Relay for girls (4 girls) 100 yards each.

The diving program will require the following dives for boys: Running Jack knife. Straight dive. The diving program for girls will be: Running dive. Running Jack knife. Straight high dive.

At the present time there are 27 high schools interested in the meet throughout the state and before the lists close it is expected by officials of the meet to have the number swelled to thirty-five.

In the last year's meet the team representing Palm Beach took the honors in the boys events. This team with Edward Roddy as their star easily broke two state records while the other members of the team placed in every other event. The girls team of St. Petersburg won first honors with two stars of their team tying.

This year's meet will be more evenly contested due to the fact that the two winners of last year's meet have lost the majority of their stars and a complete reconstruction of their teams has been necessary.

As records have been equalled or broken in previous meets it is expected that some smashing of marks will be done in case dope runs true to form.

Out of the Mouth of Hell at Vesuvius

Daredevil Cameraman, Defying Death, Badly Gassed in Flight Over Crater of Belching Volcano

NAPLES, Italy., March 22.—Russell Muth, a reckless daredevil photographer of the Fox News Service, was carried into the Municipal Hospital here today badly injured as the result of his picture-taking flight in an airplane over and across the crater of the active volcano of Vesuvius, that has recently been in violent eruption.

The flight was simple until Muth and his pilot were above the mouth of the crater. Here they were struck by storms of superheated smoke and whirlwinds of choking vapors that finally gassed them and left them unconscious above the great volcano and in an uncontrolled airplane that was plunging downward to destruction. A violent blast carried it beyond the crater. The fresh air outside revived them just before the smashup. Muth thought first of his pictures and threw his camera overboard an instant before they struck. Both were unconscious when rescued from the wreckage. But the pictures were intact. The plane was a total wreck.

These pictures show the interior of the crater of Vesuvius itself with closeups of the new cone hurling masses of white-hot lava and rock high into the air from the force of the terrific internal explosions.

The above pictures referred to in the Naples dispatch will be one of the features at the Star Tuesday (tomorrow), also the last chapter of "Mistress of the World," "Saved by Wireless" and a Snub Pollard comedy "The Joy Rider," making up a program that you cannot afford to miss. Let the children see this picture of the crater in eruption, as it's educational.

TALK BONDS AND WORK TO PUT OVER THE COUNTY BOND ISSUE.

The Irish shouldn't try to settle everything at once. Think of the fun to be had fighting about the constitutional amendments.

MONEY SAVED FOR THE TRUCKER AND GROWER

"The old spraying machine is liable to be set aside as a thing no longer needed except for scale insects and whiteflies, so far as injurious insects are concerned."

"But what does this mean?" asks the trucker and grower. "Simply this," says Professor J. R. Watson, entomologist of the Florida Experiment Station; "dusting instead of spraying for the control of insects is rapidly becoming possible, practical and more convenient. Dusting plants and trees for the control of insects is cheaper than spraying. True, more material is necessary in order to dust than to spray, but dusting can be done more cheaply than spraying. In addition, much of the labor necessary in spraying is not necessary in dusting. Practically all insects enemies, except scale insects and whiteflies, can be controlled by dusting."

The foregoing information should be of great interest to the growers and truckers of Florida as well as of other states. Spraying always has been one of the farmer's big and disagreeable problems. Now, that dusting may replace it largely, much of his valuable time and money can be diverted to other phases of his business.

FERRALINE SALES TREMENDUOUS

NOTED EDITOR SUFFERED FOR SEVEN YEARS

The Fame of Ferraline Is Spreading Rapidly

Sufferers Learn of It's Wonderful Merits—They Try It and Become Convinced. Then They Pass on the Joyful News to Others That They Too May Win Health. Hundreds of Testimonials Are in Our Files Which All Tell The Same Story of New Found Health and Increased Vitality.

All Local Drug Stores Handle Ferraline.

If you are nervous and weak; if your meals do not agree with you and cause gas to fill your stomach and put pressure on your heart; if pimples, boils, blackheads and other skin blemishes show that your blood is filled with impurities; if your liver or kidneys are not working properly, resulting in headaches, back, neck-aches, constipation and its attendant evils, then start to use Ferraline immediately. In hundreds of cases, just like yours relief has been quickly and permanently brought by the use of this natural tonic. Its action is wonderful. It is Nature's remedy and goes right into the system, cleanses, purifies and eliminates unhealthy cells and builds new ones. It is absolutely harmless and its only effects are beneficial ones. From the thousands who have used it you will only hear the warmest words of praise. Druggists are reporting huge sales of Ferraline in their stores because Ferraline really does what we say it will. Your druggist has Ferraline in stock. Buy a bottle today.

BEST REPEATER HE EVER HAN- DLED SAYS DRUGGIST

Druggist Sells 12 Gross (1728 Bottles) of FERRALINE in Short Period. Only Wonderful Properties Could Sell a Medicine So Fast.

In a recent letter received by the Ferraline Medicine Company, the owner of Ottman's Drug Store, a thriving Mobile, Ala. company says: "Your salesman strolled into the store and introduced Ferraline. After listening to what he had to say, I decided to try three dozen, classing it along the lines of patent medicines. In three days I ordered a gross and with your line of advertising, it has been one gross after another and up to the present time I have handled twelve gross going some for one kind of medicine. It sold strictly on its merits and I consider it one of the best repeaters I have handled. Hundreds of people have taken from one to a dozen bottles.

Could a medicine sell like this unless it really did bring to those suffering from rheumatism's aches and pains, indigestion's rages and the effects of impure blood and poor functioning kidneys and liver, real and satisfactory relief? No. These large sales prove that Ferraline is what we claim it to be. Nature's one greatest tonic.

Health Almost Ruined By Ravages of Indigestion

Today Is Entirely R ed and Praises Most Highly.

Mr. F. W. Dougherty of the opinion that he would be dead if he had not written to the Ferraline Medicine Company, he says:

"I am sending some people I think by FERRALINE. I was in my stomach. It has done SO MUCH FOR ME. I WOULD RECOMMEND IT TO ANYONE WHO IS SUFFERING FROM INDIGESTION. My health would have been ruined if I had not used FERRALINE. I feel like a new man now."

You do not have to go any farther than your nearest drug store to get Ferraline. This wonderful remedy is for sale everywhere. Just decide right now that you will drop in at your drug store and purchase a bottle of Ferraline. The results will amaze you. Thousands have been benefited by its use. For nervousness, indigestion, rheumatism and disorders of the blood it has no peer. Head aches, neuritis, which are but a few of the hundreds in our file. W. D. Spurlin, Presbyterian of Memphis, Ala., says:

"For a great many years I have been subject to periodic and severe attacks of indigestion and general nervousness. I had decided, in almost absolute despair, to try it, and I am glad to say that it has done for me what nothing else could do. I am now in perfect health and I am glad to say that I have not had a single attack since I began using Ferraline. I feel like a new man now."

Honorable W. W. Centerville, Ala., says: "I desire without hesitation, to commend Ferraline to all those who are overworked in a run-down condition. I have used it for several months and I feel like a new man now."

Mr. Orley M. Ohio, writes: "I am ordering a gross of Ferraline for my business. I cannot keep it on my shelves. My friends try it and they are all cured. I know I have not got your medicine had a ment here it would be every one that buys it back for more. It would advertise itself. I send off whenever I have tried it. I do not want to go without it. I have had it for it has done what nothing else could do for my wife, for I of them."

Remarkable Weight Gain with Ferraline

Mr. W. W. Lauder, of Bibb County, Ga., writes: "I am a two and a half pounder. I have gained 25 pounds since I began using Ferraline. I feel like a new man now."

This is a wonderful remedy more wonderful than that of any other who have written to the Ferraline Medicine Company recounting their experiences with Ferraline. In making his report, Mr. Lauder says: "I desire, without solicitation or heat-

Progressive Counties in Florida are Building New Roads

NEW ROADS COST LARGE SUMS OF MONEY

The More Progressive Counties

Repair and Keep Their New Roads Good

REPAIRS TO ROADS SAVE COUNTIES LARGE SUMS OF MONEY

VOTE YES

To The

\$100,000 Bond Issue

TO--MORROW

It will repair the roads in Seminole County, which, when built cost large sums of money. It will also provide for the construction of a Bridge at Osteen Ferry, and save our citizens, when visiting the Beach, oppressive bridge tolls.

The Success of this issue will mean that Seminole County is in the foremost ranks of the MORE PROGRESSIVE COUNTIES of Florida

Sanford Rotary Club, Sanford Kiwanis Club

Sanford Chamber of Commerce

**VOTE YES TO--MORROW FOR REPAIRS TO ROADS
AND FOR THE OSTEEEN BRIDGE**
